

# Famine Weakening Both The Employed And Idle Russians

### In One Region Acorns Are Regarded As Luxury; Seed Shortage Threatens Partial Repetition of Crop Failure Next Summer.

London, Aug. 23.—Efforts of employed workers in Russia to aid the famine sufferers are hindered by the fact that they themselves are weakened through lack of proper food, says a Moscow dispatch to The Daily Herald. Famine now is paralyzing the strong and weak alike, it adds, and many men for whom employment is available are too weak to do anything requiring physical exertion.

Riga, Aug. 23.—At least a partial repetition next Summer of this season's crop failure in the Volga region now appears inevitable, according to official Bolshevik advices and important dispatches from Moscow. The Russian peasants are said to be doing their utmost to furnish a seed supply for the stricken provinces, but with only a few weeks remaining before the latest possible date for sowing, an extremely small proportion of the seed grain needed has been gathered in Russia and the foreign grain which has been ordered is slow in coming.

Some of the more radical writers in the Moscow newspapers charge that foreign aid is only make-believe and that at the same time France is arming Roumania and Poland for a new attack on Russia.

# SPANISH TROOPS TO MAKE ATTACK

### To Launch Offensive Against Moroccan Tribesmen

Madrid, Aug. 23.—The Spanish offensive against the rebellious Rif tribesmen is expected to begin before the rainy season sets in, according to the latest dispatches from Melilla. It is understood General Gensberger, the Spanish commander-in-chief, has the men and material at his disposal and en route will be sufficient for the present.

12,000 Moors. It is stated that the number of Moors who began the recent attack which resulted so disastrously to the Spaniards was not more than 20,000 men, instead of 30,000 as previously believed. This number is declared to be rapidly decreasing and the tribesmen in the field are now computed to number not more than 12,000. It is expected by officials that even this figure will be further decreased when seed time comes.

Reports unfounded. Reports appearing in some foreign newspapers to the effect that the Rif tribesmen made a violent mass attack on the Spaniards at Shehuana, Spanish Morocco, are characterized as incorrect in a semi-official statement received here from Melilla.

# De Valera's Followers Met Again In Dublin

Dublin, Aug. 23.—The Daileirann today considered the proposed reply of its president and his "Ministry" to the last letter of Premier Lloyd George on the question of an Irish peace settlement, it was announced in an official communiqué issued this evening.

The Daileirann adjourned until Thursday, the statement added, when it will again sit privately.

Dublin, Aug. 23.—Irish "Republican" leaders gathered here to frame the reply to the British Government's offer of dominion status for Ireland divided their activities today between the secret sessions of the Daileirann and a meeting of the executive committee of the Sinn Fein.

# ASHES OF LATE NEW YORKER WERE THROWN FROM PLANE

New York, Aug. 23.—Flying at an altitude of 3,000 feet over Long Island Sound, Charles S. Haight, an American flag containing the ashes of his father, Charles, Haight, and scattered them to the winds. This strange ceremony, which took place Sunday, was viewed from the ground by the widow and two of the children.

# LABOR VOTE SUPPORTS MOORE

Dominion Congress Rejects Watters's Account Amount Involved Was \$1,217; Trip to Europe

Winnipeg, Aug. 23.—(Canadian Press)—The administration of the Trades and Labor Congress of Canada won a decisive vote taken at noon today after three hours of debate on the issue between Tom Moore, president, and J. C. Watters, past president, concerning Mr. Watters's attempt to have the Congress pay a bill of \$1,217 incurred by him in expenses in a trip to Europe in the early part of 1919.

The debate developed vivid personalities in which John Bruce of Toronto and Mr. Watters participated. Mr. Bruce, in speaking briefly said that when Watters left the presidency of the Congress he had remarked that he was poorer than when he returned.

Washington, Aug. 23.—(Canadian Press)—According to a report here from New York as far West as the Rockies will have unusually poor crops this year, owing to the excessive warm waves and drought the past Summer, especially in June and July.

Washington, Aug. 23.—With a number of amendments the Senate bill, which would make \$1,000,000,000 available through the War Finance Corporation for stimulating exportation of agricultural products, was passed yesterday by the House.

# BRITISH FUNDS FOR INVESTMENT IN OIL FIELDS

New York, Aug. 23.—Conditions are now regarded as favorable for British investment in Canadian and United States oil properties, according to T. O. Kinsolving, director of the Northwestern field of the Imperial Oil Company, who has just arrived in New York from London.

# NO WARNING. MADRID, AUG. 23.—Reports that France had sent Spain a note warning her to restrict her offensive operations against Moroccan tribesmen to the Mellilla zone are officially denied here.

# HALIFAX SCENE OF MANOEUVRES Combined Naval, Air and Military Operations

Halifax, Aug. 23.—Flying craft from the Government air station at Eastern Passage took a prominent part in the combined naval, air and military manoeuvres which opened here yesterday.

# WOODEN SHIPS AT SEATTLE NOT SOLD

Seattle, Aug. 23.—Advices received in Seattle today from Washington corrected the dispatch received yesterday which stated that the entire fleet of wooden ships built by the United States Shipping Board during the war had been sold. It developed that 205 and not 235 vessels have been disposed of by the Government and the fleet in Lake Union is not included in the deal just closed.

# HON. T. H. JOHNSON TO ATTEND WORLD LABOR CONFERENCE

Winnipeg, Aug. 23.—Hon. Thomas H. Johnson, Attorney-General of Manitoba, will attend the Third International Labor Conference at Geneva this Winter. It was announced at the Parliament Buildings today. Mr. Johnson will attend as adviser to the four Canadian delegates to the conference.

# Dirigible ZR-2 Prepared For Atlantic Flight

Howden, Eng., Aug. 23.—The dirigible airship ZR-2, purchased from Great Britain by the United States, commenced a trial trip at 7.10 o'clock this morning.

# SIR SAM HUGHES GROWING WEAKER; DOES NOT TALK

Lindsay, Ont., Aug. 23.—Sir Sam Hughes is very low and growing weaker. He suffered a weak spell last night and has not rallied to the same extent as on other occasions.

# ACCOUNTANTS MEET ON COAST

Vancouver, Aug. 23.—All Canadian provinces were well represented when the 19th annual meeting of the Dominion Association of Chartered Accountants opened here this forenoon.

# \$100,000 IN GOLD IN MAN'S BAGGAGE

New York, Aug. 23.—One hundred thousand dollars in gold coin of the United States, found in the baggage of Police Haddock, a wealthy Venezuelan, who arrived here yesterday on the steamship Caracas from Venezuela, was temporarily taken possession of by customs inspectors pending investigation.

# PARALYZED MAN ASKS WIFE BE MADE PAY ALIMONY

Minneapolis, Minn., Aug. 23.—The question whether gaining the vote makes women liable to pay alimony is being considered by Judge Jelley, of the Hennepin County district court, in connection with a suit brought by Benjamin Liss against his wife, Minnie Liss, for support and alimony.

# FEDERAL AID FOR CATTLE MEN IS CONSIDERED

Ottawa, Aug. 23.—Steps for the assistance of Western cattle raisers are still under consideration by the Government. Dr. S. F. Tolmie, Minister of Agriculture, expressed this morning the hope that the situation would be successfully handled.

# Physical Superiority Is With City Children

Montreal, Aug. 23.—The theory that the city-bred child is a physical disadvantage as compared with the country-reared child on account of the fresh air, pure milk and food enjoyed by the people on the land, has received a further jolt from a detailed report which has come in from the child health special train which is now touring the Province of Quebec under the auspices of the Child Welfare Association.

# FURNITURE PLANT IN ONTARIO IS INCREASING OUTPUT

Cornwall, Ont., Aug. 23.—Business is beginning to improve in the furniture line, at least so far as this locality is concerned. The Beach Furniture Company, after working forty hours a week all Summer, has just gone on a new schedule of fifty-five hours a week. The management states that prospects are good, the firm having recently opened warehouses in Western Canada as well as in the United States.

# Dirigible ZR-2 Prepared For Atlantic Flight

Howden, Eng., Aug. 23.—The dirigible airship ZR-2, purchased from Great Britain by the United States, commenced a trial trip at 7.10 o'clock this morning.

# Election Decision To Be Made Known Within Fortnight

### Meighen Will Make Statement on Public Platform, Probably In Ontario; No Indication Given; MacKenzie King to Make Tour In Ontario.

Ottawa, Aug. 23.—(Canadian Press)—Announcement of Premier Meighen's decision regarding an election may be expected shortly, but it will not come in the form of a statement issued from his office here. It will be made on the public platform, probably in Ontario, and in all likelihood within one week, or at the most two weeks.

# KIWANIAN DONATE SCHOLARSHIP HERE

### Aid Victoria College Students; Pledge Support to Institution

Pledging itself to support the institution in every way possible, the Kiwanis Club at its luncheon today decided to donate a scholarship of \$100 yearly to the Victoria Arts College.

# INDUSTRY COUNCIL PLAN IN WINNIPEG

Winnipeg, Aug. 23.—Organization of a joint industrial council, similar to the Whitley Councils of England, may be effected in Winnipeg before the Winter, according to T. A. Stevenson, of the Department of Labor, Ottawa, who is attending the Trades and Labor Congress.

# MINISTER'S OUTLOOK DECLARED TO BE TOO OPTIMISTIC

Montreal, Aug. 23.—Discussing the address of Senator Robertson, Minister of Labor, before the Trades and Labor Congress in Winnipeg, in which the Minister expressed the opinion that unemployment were going to be more serious this Winter than last and that there were signs that the buying strike was approaching its end, prominent business men of this city stated today that they hardly were disposed to confirm the optimism of the Minister.

# PRINCE RUPERT REGISTRY PORT OF NEW STEAMER

Prince Rupert, Aug. 23.—The port of registry of the C. G. M. steamship Canadian Scottish, now nearing completion here, will be Prince Rupert. The Wallace Shipyards, builders of the vessel, have been instructed by the Marine Department to change the name on the steamship from Montreal to Prince Rupert. The vessel will soon be given a trial run.

# Crop Of Prairies Put At 664,526,500 Bushels

Winnipeg, Aug. 23.—(Canadian Press)—The Manitoba Free Press today estimates the wheat yield of the prairie provinces at 248,423,000 bushels in its eighteenth annual crop estimate, the acreage sown being shown as 17,461,000 acres.

# PASSENGERS WERE GIVEN PROTECTION

### Ship Reaches New York With Passengers Imprisoned

New York, Aug. 23.—The steamship Alliance arrived today from Cristobal with three mutinous firemen in irons and twenty-two marines, transferred to the steamship at sea from the battleship Connecticut, on guard because of a rebellious spirit displayed by other firemen.

# CONGRATULATE FACULTY

It is felt that the Board of Selection should have wide discretionary powers and should not be confined to any rules. Your committee further recommends that the club should be a letter of congratulation to the faculty of the college upon their excellent work performed in the last year and that the Kiwanis Club should in the future support the Victoria College in every way possible.

**POPULATION OF BRITAIN GROWS**  
 Figures For England and Wales Show Increase  
 London, Aug. 22.—In the year 1920 the births in England and Wales were over 954,000. It was the largest number of births ever recorded in England and Wales, and the proportion of births to population—the birth rate—was the highest since 1919.  
 In the same year, 1920, the number of deaths was 468,000. It was the smallest number of deaths recorded in England and Wales since 1902, when the population was only about half what it is now. This in the year 1920 the "natural increase" of the population of England and Wales—the excess, that is, of births over deaths—was the largest ever recorded.  
 The rate of deaths of infants in London dropped from the rate figure 194 in the year 1917 to the rate figure seventy-five in the year 1920.  
**Drunkenness.**  
 London, Aug. 22.—Drunkenness increased by over 65 per cent. in England during last year, according to official licensing statistics. The reaction after the war period of sobriety was shown by 95,743 convictions, compared with 57,948 in 1919. There were only 29,075 convictions in 1918.  
 The convictions of women in 1920 were 34 per cent. more than in 1919, and more than double the total of 1918.  
 Some writers, while admitting the figures are startling, attribute the increase in convictions to the continuance of early closing regulations enforced during the war and suggest that "people who are denied reasonable facilities for obtaining liquor have taken in their resentment more than was good for them when they could get it." It is also held that the closing of property-conducted saloons has led to the opening of many bogus clubs and illicit drinking dens.  
 Official health returns for 1920 just issued indicate, on the other hand, that the nation as a whole is distinctly healthier. Tuberculosis figures are the lowest recorded since compulsory notification came into force. The number of deaths from consumption was 33,469.  
**PAIN IN THE LOINS DRIVEN OUT QUICKLY.**  
 That dragging, wearying sort of pain makes life a misery to many people. This pain is due to a passive inflammation of the adjacent tissue. Because every drop rubs in; because it penetrates so deeply. Nerviline gives a wonderful result. More powerful because five times stronger; more penetrating because it strikes through soft tissue; more healing to pain. Nerviline Liniment should be always on hand. Sold everywhere in large 25 cent bottles. (Adv.)

**TWO ESKIMOS HELD FOR TRIAL**  
 Eskimos Executed One of Tribe in Far North  
 Ottawa, Aug. 22.—A summary execution of an Eskimo by strangulation has just been reported to the headquarters here of the Royal Canadian Mounted Police. The victim of the unwritten law was himself a murderer and adjudged by his community in the village of Konghermuta, Prince Albert Sound, on Victoria Island, N. W. T., as dangerous to the community.  
 In the summer of 1919, the report reads, Ahkak murdered Aglutuk. Shortly afterwards Ahkak made a hunting pact with Oshpeshkaka, by which they were to share fortunes, and also share the wife of the former, one Nuttingnik.  
 In March, 1920, Nuttingnik, at home one day while the hunters were out sealing, overheard plans for the immediate dispatch of Ahkak. The Eskimos of Konghermuta, both men and women, took Ahkak shortly afterwards to his hut. Seemingly aware of their intentions, Ahkak told them of a deer skin line outside his place, which would serve their purpose.  
 It was with this line that Ahkak was duly strangled, and two Eskimos, Kasabovi and Amokuk, charged with being chief actors in the drama, were arrested last March by Corporal E. H. Cornelius and Constable J. Borschke of the Royal Canadian Mounted Police. They are held at Herschel Island over the winter and will be brought out for trial next spring.

**SAYS HE'S STILL AS SOUND AS A DOLLAR**  
 Vancouver Man Lost Strength and Energy Every Day; Says He Now Feels Fine  
 "One of the best things about Tanlac in my opinion is that the good it does is not temporary. I say this because Tanlac put me on my feet a year ago, and I am still as sound as a gold dollar and feeling as good as I ever did in my life," said J. E. McConnell, a carpenter who lives at 487 Sixth Avenue, East, Vancouver, B. C.  
 "Up until two years ago I was as healthy a specimen as could be found in a day's journey, but my stomach would not hold me, and from that time on I went down hill at a rapid rate. I found out that when a man's stomach goes wrong everything else goes wrong with him, too. I lost strength and energy every day, and I could not fend over for me up my hammer without my back feeling like it would break in two.  
 "About a year ago I started on Tanlac, and almost in a jiffy it completely knocked out my troubles, gave me a whole of an appetite, put my stomach in first-class shape, and made me gain ten pounds in weight. Not only that but it made me feel fine, and just brimful of life and energy, and I still feel that way."  
 Tanlac is sold in Victoria by Duncan E. Campbell and all other druggists everywhere. (Adv.)

**LIQUOR GUARDED AT RAINY RIVER**  
 Precautions to Prevent Big Lot Entering U. S.  
 Duluth, Aug. 22.—Suspected attempts to smuggle across the Canadian border \$500,000 worth of liquor now stored at Rainy River are being watched constantly by United States customs officials. It has been learned here. The liquor, comprising whisky, brandy and rum, was seized by Government agents at Warroad, Minnesota, returning en route from Saskatchewan to Fort Frances, and ordered to Rainy River for storage.  
 The shipment, said to consist of five cases of beer, whisky, alcohol and brandy, is now at Rainy River and is being guarded by several men. Owners of the liquor, it is said, made no secret of the fact that it was intended for shipment into the United States. In fact, when it was seized by the Canadian authorities, the owners are said to have presented the defence that the consignment was intended for exportation.  
**Boats Inspected.**  
 Every rowboat, launch or lake vessel leaving Rainy River undergoes rigid inspection in order to unearth any attempts which might be made to smuggle small quantities of the liquor.  
 Federal agents and customs officials were warned that shippers were endeavoring to smuggle the liquor across the border in small quantities. The Canadian Government has placed a heavy guard over the customs house here and night.  
**U. S. Precautions.**  
 Every precaution is being taken to keep the liquor from entering this country, according to customs officials at Beaudette. The shipment is said to consist of one car each of alcohol, Scotch whisky, brandy and beer, besides consignments of essences of bourbon used in distilling whisky flavors in alcohol.  
 Canadian shippers state that a mistake in routing the liquor was responsible for its being found in the United States and assert the original routing was intended direct between Saskatchewan and Fort Frances, on the Canadian side.

**NO REDUCTION IN FREIGHT RATES**  
 Montreal, Aug. 22.—There will be no reduction in railway freight rates in the near future, in the opinion of Canadian railway officials here, despite promises to this effect from Ottawa. The rumors of an impending cut in freight rates have been responsible, it is stated, for serious curtailment in purchases and shipments through Canadian factories and commercial houses and it is pointed out in this connection such a reduction rests entirely on the question of a decrease in wages of the railwaymen throughout Canada. While it is true, officials state, that reductions in wages actually have taken place, these are not of a definite nature, in so far as real reductions are subject to retroactive awards and final settlement by boards of arbitration, which involves a possibility of such boards declining to recommend any such wage cuts. It is also pointed out that fifteen days would be required to make such a reduction effective.  
**ARCHDEACON HILL DIED IN TORONTO**  
 Toronto, Aug. 22.—Venerable Archdeacon Arundel Charles Hill, seventy-five, for thirty years rector of Trinity Anglican Church, St. Thomas, died yesterday in a Toronto hospital. He was stricken with paralysis more than a year ago, and was helpless until the end.  
 Archdeacon Hill fought at Ridgeway, while a student at college, and in St. Thomas was long a chaplain of a military regiment. His wife predeceased him.  
**WAGE DISPUTE IN SOUTH AFRICA**  
 London, Aug. 22.—(Canadian Press)—A Reuter cable from Johannesburg, South Africa, says that the National Board of Building Trade Employees, representing all unions concerned in the building industry in South Africa, have replied to the master builders' notice of reductions in wages from September 14 next by instructing all centres to accept notice of a lock-out from that date. The employers' proposed reductions are sixpence an hour in the Transvaal and the Orange Free State and fivepence in the Cape and Natal. Altogether 9,000 men are affected.  
**MINE OWNER IN ALASKA KILLED**  
 Anchorage, Alaska, Aug. 22.—W. B. Bartholf, one of the owners of the Lucky Shot Mine at Willow Creek, died today as the result of having his left leg crushed in the crankshaft of mining machinery. He was thirty-five years old and a pioneer Alaska family.  
**CANDIDATES.**  
 Prince Albert, Sask., Aug. 22.—Hon. George Langley, Minister of Municipal Affairs, and Wm. Charles McKay, Independent, were nominated yesterday for the deferred elections in the Cumberland constituency.  
 Polling is fixed for September 19, but owing to the peculiar geographical nature of the constituency, which is scattered over an area where waterways comprise the chief method of transportation, the result is not expected to be known for several weeks after the polling.

**MEDALS GIVEN FOR LONG SERVICE**  
 Recognition for Household Servants in France  
 French housekeepers, like those of other countries, are complaining that there are no servants to be had these days and that those there are good for very little, and refuse to stay long in the same household, according to an Associated Press Mail dispatch from Paris.  
 Their pessimistic declarations are somewhat controverted by a list of 624 names that appears in the Official Journal of men and women (far more women than men) to whom silver-gilt and silver medals have been awarded by the Ministry of Labor in recognition of their long services in the same household. Thirty years is the minimum time to qualify for one of these medals, which gives the wearer the right to decorate his or her buttonhole with a ribbon, red, white and blue in horizontal stripes.  
 The record holder on this list is Mademoiselle Levasseur, who has been seventy-one years with the same employer. Silver-gilt medals are awarded to forty-four and silver to 580. Typical entries may be quoted, taken at random:  
 Mademoiselle Marie Andrieux, Paris, fifty years with the family Delaporte.  
 M. Michel Joseph Delpove, Paris, fifty-four years with M. Cassel.  
 Madame Colette Geiger, Paris, fifty years with Madame Ray.  
 There are many instances where husband and wife have served together in the same family, as for instance:  
 M. Jean Mosnier, thirty-three years with Madame Escot.  
 Madame Jeanne Mosnier, thirty-four years with Madame Escot.  
**AMERICANS SAY COSTA RICA SHOULD CONTROL AREA**  
 Washington, Aug. 22.—The United States Government has informed the Government of Panama that as friendly mediator between Panama and Costa Rica in the dispute which has arisen, it does not "feel compelled to suggest" that Costa Rica delay longer in taking jurisdiction over territory now held by Panama, and which was adjudged to belong to Costa Rica by the White award. The position of this Government was stated in a note transmitted by Secretary of State Hughes to the Government of Panama, August 15, and made public to-day by the State Department.

**Ingersoll Cream Cheese**  
 THE flavor is mild yet it has a tang that is particularly pleasing and appetizing. It is so delicious it fairly melts on the tongue. It goes further than other cheese.

**NO SCARCITY OF HUSBANDS**  
 Newark, N. J., August 22.—(Canadian Press)—There is no scarcity of husbands, Mrs. Nettie Durham, of 303 Washington Street, has discovered. Tired of keeping a rooming house, Mrs. Durham, who has been a widow for fifteen years, wrote to the Sheriff of Omaha several weeks ago asking him to find her a husband. She received twenty-three proposals of marriage. She overcame the difficulty of making a choice by accepting the man whose proposal she received first. She sent cards of polite refusal to the second and third men heard from, and ignored the other twenty.  
**SIX MONTHS FOR FRAUDING BOARD.**  
 Before District Judge W. H. Mulvena, at Sherbrooke, Que., a soldier settler, Edouard Balthazar, of Sutton, was charged with defrauding the Soldier Settlement Board of farming equipment of the value of \$1,500. In addition to disposing of stock which included fourteen cows and two horses, Balthazar pleaded guilty. In sentencing the accused to six months in jail at hard labor, the judge referred to the bare-faced manner in which the transaction had taken place. He remarked that some of the goods had been disposed of at a merely nominal figure, and denounced the parties who had bought them as being practically as much to blame as the defendant.

**EVERY SHOE CUT TO THE LIMIT AS MOVING DAY DRAWS NEAR**

# at the Theatre

## DOMINION

It is doubtful if Roscoe (Fatty) Arbuckle's admirers ever have seen him in more irresistibly funny comedy than that which has been provided for him by Paramount in "Crazy to Marry," which was shown with excellent results at the Dominion Theatre yesterday. Mr. Arbuckle has injected some of his old time humor into the production, the result being a laugh a minute throughout the development of a humorous plot. Lila Lee heads an unusually large and capable supporting cast.

Lila Lee is leading woman, Lura Anton has another important, feminine role as usual well known character players are represented, including Edwin Stevens, Lillian Leighton, Sidney Bracey, Genevieve Blinn, Clarence Brown, Charles Ogilvie and Lucien Litterfield.

## COLUMBIA

There was the true ring of melodrama in William Fox's production of "A Manhattan Knight" at the Columbia Theatre last evening. George Walsh, the star, and his splendid supporting company, made the most of the interesting characters in the screen version of "The Woman," well known novel. "The Woman," this is one of the best mystery stories of the season.

## VARIETY

One of the triumphs in photodramas in the history of the last ten years was opened last evening at the Variety Theatre yesterday when "The Confession" was unfolded for the approval of the Victoria public. And right here is a good time to say that if there were more film productions of this kind there would be no further need of censor boards throughout the Dominion. It is the clearest, most wonderfully acted, beautifully photographed, and the tenses story that has been seen in many months. The cast contains stars who are known throughout the entire world for their ability in character portrayals, head-

 Royal—"The Golden Snare."

The Gorge Park—Peggy's Pierrots.

ed by the greatest emotional actor of them all Henry B. Walthall, whom we all remember and love for his portrayal of the Little Colonel in "The Birth of a Nation."

The story itself runs the entire gamut of human emotions and carries a moral message in memory long after the last scene has been shown. At first glance one wonders such wonderful men as Cardinals Mercier, Gibbons and O'Connell endorse the picture and recommend it to the public and the religion, but after witnessing the production that question is fully answered and to one's full satisfaction "The Confession" was shown for its introduction to the Canadian public in the St. Denis Theatre in Montreal, where it was necessary to run for sixteen consecutive days; this theatre had a seating capacity of twenty-four hundred, and still it was impossible to accommodate the crowd.

During its stay at the St. Denis Theatre in Montreal, Manager Crow received many letters of commendation for its features and was shown at the Variety Theatre both afternoons and evenings all this week.

## ROYAL VICTORIA

Another triumph of the silent drama is David Hartford's production of "The Golden Snare" which opened an engagement at the Royal Victoria Theatre last night.

Adapted from James Oliver Curwood's fascinating story of the same name, this remarkable photodrama, with a compelling, vital, throbbing plot, is the featured player and mystery and primitiveness of the Far North country amid which the scenes are laid.

Lewis Stone, as a member of the Royal Northwest Mounted selected to bring back "dead or alive" Bram Johnson, long wanted fugitive from justice, is the featured player and gives a wonderful characterization. Wallace Berry plays the hunted Bram Johnson. Ruth Kenick portrays the girl Celia, whom the mystery of the golden snare and the madman of the barrens centres. Others in the cast are Melbourne MacDowell, Wellington Plaxter, Francis MacDonald and Baby Esther Scott.

A beautiful romance is interwoven in this thrilling tale of the snow country. The story will be shown each night in the Arctic, a raging blizzard, Bram Johnson driving his pack of savages and dog-teams across a few of the drifting snows, which will linger long in the memory.

"The Golden Snare," released by Associated First National, is an extraordinary and splendid picture. In addition to a Christie Comedy and a Chester Outing, Miss Belle McEwan, who has received such favorable notices since her first appearance at the above theatre has been engaged for another week and will play with the following songs: "At Dawning," "Wake Up," and "Peggy O'Neill."

## PRINCESS

"The Town Marshal" will be the next play produced by Victoria's talented stock company at the Princess, and it has been as highly recommended to the management as any play they have yet produced.

Mr. Coote will appear in the role of the marshal, a splendid character which is suited to his particular style and type. Miss Page and Miss Lile both have good parts, and Miss Mully and Miss Dooley will have a singing specialty with Miss Page, also one with Mr. Jaxon.

Everyone has good parts and from every angle "The Town Marshal" is equal if not superior to anything seen at the Princess in months.

Wednesday night as usual will be prize night at the Princess, and "grown up" will be wise who send their guesses early. The right guess is worth \$20 this Wednesday night.

### PREPARE FOR SOLDIERS' RE-UNION ON LABOR DAY

Duncan G. W. V. A. Plans Festival Next Month

Duncan, Aug. 22.—There are great preparations going on and great interest is being taken in the Cowichan Soldiers' Re-union planned for Labor Day, September 5, on the Recreation Grounds, Duncan. All kinds of sports, children's races, and boxing for boys under 18 will be arranged, the boxing to be in four classes, up to lbs. 105 lbs., 115 lbs. and 135 lbs. Prizes to the value of over \$100 will be given. A great attraction will be the G. W. V. Band from Victoria. The grand band in the evening is being looked forward to as the first real dance of the season, and bids fair to be a great success. The Women's Auxiliary to the Cowichan G. W. V. A. will provide the supper.

Miss Monteith, of Vancouver, is staying with Mr. and Mrs. A. J. M. Inverarity at Maple Bay.

Mr. George Mutter is building a large boathouse on the beach at Maple Bay for the accommodation of boats and launches during the winter season. This will fill a long felt want.

Fishing at Maple Bay is reported very good just now. Numbers of grilse and salmon are being brought in daily. One boat brought 12 salmon this morning and another got eight.

Clearing of the new golf links at Duncan, progressing rapidly, men being busy cutting out brush and burning over the course.

Lawn Tennis. The South Cowichan Lawn Tennis Club (Handicap) Tournament, made good progress last week and some very keenly contested games were witnessed. The finals, however, which were scheduled for Saturday last, were postponed on account of rain. The matches still to be played are:

Ladies' Singles (Finals)—Mrs. Hicks one vs. Miss M. Waddy one-15-2.

Men's Singles (Finals)—A. E. S. Leggett one vs. G. Stepany one-15-2.

Ladies' Doubles (Finals)—Miss M. Waddy and Miss Beaver one vs. Mrs. Share and Mrs. Hicks one-30-2.

Men's Doubles (Finals)—N. Corfield and F. Kingston one vs. A. E. S. Leggett and Stepany one-15-2.

Mixed Doubles (Semi-finals)—Mrs. J. R. Green and E. Kingston one vs. Mrs. Share and Mrs. Hicks one-30-2.

Winners to play Mrs. Hicks and N. Corfield one vs. 40.

### METCHOSIN FLOCKS WILL BE IMPROVED

Metchosin, Aug. 22.—A meeting of the Metchosin Farmer's Institute was held on Saturday last to appoint delegates to attend the agricultural conference in Victoria next week. The matter was fully explained to the meeting by the president, C. E. Whitney-Griffiths, and an open discussion took place, excellent suggestions were offered by Mr. Van Der Byl and H. G. Pierce of Metchosin and notes were taken. The committee on the subject meeting of the Metchosin Farmers, it was decided to hold an extra special meeting on Thursday, August 25, at Metchosin Hall, 8.30 P.M. The time when delegates might be appointed and when the decision will be made regarding the part to be taken by Metchosin at the Sooke Fair.

### Duty on Potatoes.

With reference to a resolution sent some time ago by the Farmers' Institute asking that the duty of \$8 per ton be re-imposed on imported potatoes, the following final reply from the commissioner of taxation at Ottawa was received:

"With further reference to your letter of the 16th of April, I may state that potatoes imported from the United States are subject to a customs duty of 20c per bushel."

Stock at Vancouver Fair. C. E. Whitney-Griffiths, who has just returned from a visit to the mainland, made for the specific purpose of securing some purebred sheep, was in Vancouver, where he visited the Vancouver Fair, where he says there was a fine collection of stock, particularly Jersey cattle which were undoubtedly the best ever shown in the province.

The goat breeders association had their finest display of goats and judges from the East stated that no show in Canada could compete with British Columbia. There was a splendid showing of sheep in all classes, the Shropshires in which Mr. Griffiths was particularly interested attracted a great deal of attention.

Five yearlings from the Prince of Wales's ranch were shown in charge of Professor Carlyle from Alberta.

Mr. Griffiths succeeded in purchasing one of the two rams shown, which had carried off the honor at the fair when shown in Alberta and Vancouver. In addition to the ram, four yearling ewes will be sent from Alberta later.

Professor Carlyle stated that the Prince had shipped forty animals from England to stock his farm, these being from the best flock. The Prince is anxious that some of his stock should be left on the coast and Mr. Griffiths states that they feel fortunate in securing the ram mentioned. The ewes and the one ram left, are being kept by Mr. Griffiths and will be shown elsewhere but not in B. C.

### SPARK ON PORCELAIN.

A spark occurs on the outer surface of the porcelain of a spark plug because the surface is oily and has collected an amount of iron and steel dust, creating a shorter path for the current to travel from the plug terminal to the ground.

Father had been cleaning the bedroom windows outside, when little Muriel came in from the garden and said, "Mother, did you hear the ladder fall down just now?"

"No," replied the mother. "Well," said the child, "it fell down, and broke three flower pots. I told daddy you'd be cross."

"O dear!" said mother. "I hope your daddy hasn't hurt himself."

"I don't think he has yet," said little Muriel, "he's still clinging to the window-sill."

(Standard time). It will be remembered that a success the "Old Maids' Convention" proved to be which was given recently but the coming program promises to quite eclipse this for brilliancy.

There will be a certain rouser entitled "The Poisoned Milk," followed by several musical numbers with a large chorus imported and local beauty and grace.

Another farce entitled "The Lunatic Asylum" will be the cause of much merriment. All sketches have been written and produced by a prominent artiste from the London stage Miss Dorothy La Race, now better known as Mrs. Warren H. Stetson who is spending the Summer at Sooke. The entertainment which is given in aid of the Sooke School piano fund will be concluded by a dance.

Many Attended Funeral. Ganges Harbor. The funeral of the late Ernest Henry Stanford, who passed away at the Gulf Islands Hospital on August 19, took place at 2.30 on Sunday afternoon in St. Paul's Church, Ganges. The Rev. George Aitkens conducted the service, assisted by C. Abbott. The hymns sung were "On the Resurrection Morn." "Nearer, My God, to Thee" and "Now the Laborer's Task is O'er," Mrs. Ed. Walter, for the occasion, taking the place of the regular organist. After the service the coffin covered by the Union Jack, was conveyed by motor car to the Anglican Church Cemetery for interment.

### SPRAYED OR UNSPRAYED.

To the Editor:—After reading the article regarding spraying fruit trees on Tuesday, some people might come to the conclusion that spraying is a waste of time and money. Mention is made by my friend Mr. Simpson, that good growth is obtained by trees which were not sprayed. But good growth is also obtained where spraying is done. For instance some plum trees made a growth of 102 inches in one year at the Dominion Experimental Station which had been sprayed every year and ever tree is measured each year and recorded. These figures can be seen in the record book. This growth of 102 inches is 8 feet 6 inches, which is a good deal more vigorous than the shoot which Mr. Simpson took to Mr. White, Provincial Horticulturist, as he states it was as tall as Mr. White, which is probably about five feet 7 inches.

Again, many roses sprayed for spherotheca panassa at the station frequently grow 120 inches in a year or even 124 inches in a year, which is 10 feet 8 inches, so that it is evident spraying is not harmful to the growth. Now, as regards the effect of spraying on fruiting, the following experiment over a 4 year period, illustrates the usefulness of spraying on the logan-blackberry commonly known as the loganberry.

The same plants were subjected to conchytrium fucicola and for the years 1914-1915 and 1917 these bushes were not sprayed, but in the years 1916-1917 they were sprayed with which were in all 5 years pruned to the same height, gave the following results:

1914, not sprayed, yield 7.11; 1915, canes diseased cut out, nil; 1917, not sprayed, yield 21.4; a total for three years, 25.15.

The same plants sprayed in 1914, yield 74.3; 1915 yield 73.11; 1917, yield 43.4; a total for three years, 193.2.

The reason of slightly lower yield in 1918 was because of taking off root cuttings in 1918 to fill plantations for cuttings. This removal of root cutting diminished the crop in 1918 apparently.

Some oils are useful in plant life as we see that miscible oil is recommended for pear thrip, also whale oil soap for other pests, etc. But not all oils are good for plant life as is shown by the following:

During the war four varieties of tulips were imported from Holland for work at Sooke. The tulips were inspected of stock imported, which usually occurs, to note if important stock is in good condition or poor condition. The tulips were found to be affected by mucedo mucedo, one of the peenospora. The Variety Rose d'Amour which consisted of 100 bulbs, were then divided into lots of 25 bulbs and with the following result which occurred next Spring in April and May when tulips are in flower: 25 bulbs soaked in coal oil for 3 hours, 15 bulbs soaked in kerosene for 3 hours, none grew; 25 bulbs covered with motor grease, 60 per cent grew, none flowered; 25 bulbs soaked in formaldehyde, 2 ounces to a gallons of water for 3 hours, 100 per cent grew and were very healthy and produced luxuriant flowers; so much so that many of them were stolen by some defective people, in brain power.

Here we see that anything of an oily nature was detrimental to the bulb, right from time of treatment which was in the Fall, about November. The above figures are all in the record book and can be seen by any person, probably upon application to the superintendent.

H. PRUVEY, Late of Hut Division, Experimental Station, Hollycrest Nursery, Metchosin, August 19, 1921.

### RE UNEMPLOYMENT.

To the Editor:—Another hand is off to the Prairies. The reason why he hasn't gone before is because he has a wife and large family, practically destitute, whom he could not leave behind. These are reasons which he has promised to look after them while he is away.

How many more men would be able to go if they knew their families would be cared for while they are away?

I believe the farmers on the Prairies are unable to advance their hands any farther, they are waiting until they get their certificates after their grain is in the elevators. This case may be one of many similar, hence I ask you to give pub-

BURBERRY COATS ANGUS CAMPBELL & CO. LTD. STORE HOURS—9 a.m. Until 6 p.m. Wednesday Until 1 p.m. PERRIN'S GLOVES

# WHY WAIT?

Autumn is now fairly here, and we would suggest that, in order to obtain a full season's benefit of your Fall coat or costume, that your selection be made now. Styles are definitely settled, and our stocks are sufficiently complete to afford a good choice. The lower price of furs makes it possible to use fur liberally as a trimming for collars, cuffs and patch pockets, thereby adding a soft and an enriching effect to the costume or coat. Prices, too, are down to meet the gradually declining cost of living. The manufacturers' war-time high costs have been reduced to a reasonable figure. Better materials and dyes are being used; consequently better values are being offered. Deliveries are early and prompt. There is nothing to be gained by delaying your Fall purchases this season. Your inspection of our stock is solicited.

SUITS Starting at \$29.75 for a smart navy suit, braid and button trimmed, our prices range upward to \$150.00. There is a good range of prices between these limits, and you can make a selection to suit your taste and your purse. Materials include a navy serge, velour, tricotine, broadcloth and Poiret twill.

COATS Starting at \$20.00 for a specially good value in coats made up in plain cloth and lined throughout with figured sateen, our range includes many styles and prices up to \$165.00. We can confidently state, madam, that your coat is here and at your price. A good, stylish cloth coat, fur trimmed, is being offered at \$45.00. Values are apparent, and we invite your inspection.

A Special Sale of New Dresses We are grouping a special lot of new dresses, handsomely embroidered in colors of navy tricotine and serges; some in straight line effect and others feature the flare skirt. We are making a special price on this group at each \$29.00 Remember, These Are New Season's Dresses

Jersey Silk Underskirts New Umbrellas Very Pretty and Dainty Underskirts of Jersey silk, with accordion pleated frills; in soft shades of Paddy, taupe, Copenhagen, rose, jade, black and navy \$5.90 The New Umbrellas have arrived, and include many novelty shaped handles; in colored silk, shades of navy, red, emerald, taupe and purple. From \$11.75 to \$16.50

CAMPS FOR TOURISTS. To the Editor:—In an issue of The Colonist (not Monday morning) mention was made of some tourists who dared to camp at the Willows race track. This can only be done from within; and if our esteemed native born sons only will paint the city as they have painted their store, only paint it red, not bright, but red enough to get our coat going good. STARTER. Victoria, B.C., Aug. 22, 1921.

HEAD-FIX Sick and Nervous Headaches NEURALGIA and MIGRAINE NO OPATES OR INJURIOUS DRUGS Just what your physician would prescribe to relieve pain. At all druggists 35c PER BOX Vancouver Drug Co., Ltd., Special Agent

Victoria Daily Times, TUESDAY, AUGUST 23, 1921. Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

A DOMINION ELECTION?

Premier Meighen is being deluged with advice on the subject of a Dominion election. His advisers are divided into three groups—those who want an immediate election, those who want a Fall Session devoted to redistribution before dissolution, and those who wish to wait until Spring before going to the country.

There should be no general election before redistribution. It is due Western Canada that it should be represented in the next Parliament on the basis of the census taken this year.

WHAT IT REALLY MEANS. President Harding's call for an armament conference is based upon other considerations besides the desire to remove the provocative agencies of another war.

THE CALL FROM THE PRAIRIES. A correspondent who is taking advantage of the opportunity of obtaining work in the Prairie Provinces, writes that the reason he has not gone before this is that he has had to make arrangements for the sustenance of his family until he has been able to send them money.

OTHER PAPERS' VIEWS

Scorning a one-piece bathing suit, a girl at Alliston, Ontario, was nearly drowned when she became entangled in her bathing skirt. There would not be much sympathy for her out here.

The Hamilton Spectator knows who is going to have the last word at the Washington Disarmament Conference. A woman is to be one of the representatives of the United States.

That Washington conference ought to be popular with Americans who now look longingly towards British Columbia. European diplomats have sent advance word that they expect to be thirsty and must have their usual lubricant in order to solve the troubles of the world.

category. Five thousand men were wanted from British Columbia. The minimum wage is \$4 per day and board; experienced men, those, for instance, who know how to work on the machines receive much more.

HOROSCOPE

Mercury and Uranus are in sinister aspect this day according to astrologers, who warn men and women to be exceedingly cautious in all their dealings.

Mercury is in a place most forbidding to the signers of leases or agreements. While this configuration prevails messages of ill omen are likely to be received by the Government.

Numerous invitations have been sent out. Guests will board one of the Canadian Pacific Princess boats at

St. Mark's Church, Vancouver, Saturday evening when Miss Annie Inge, eldest daughter of Mr. and Mrs. W. P. Inge of 1875 Seventh Avenue West, became the bride of Mr. C. H. Meade, of Victoria. The bride, who was given away by her father, wore a blue traveling suit and a white picture hat and carried a bouquet of pink and white carnations. She was attended by Miss Ethel Hunter, who wore a green crepe de Chine gown and carried a bouquet of carnations. Mr. E. Inge, brother of the bride, acted as best man. Rev. A. H. Sovereign performed the ceremony in the presence of intimate friends. The young couple left for Victoria, where they will make their home.

A quiet wedding was solemnized at St. Mark's Church, Vancouver, Saturday evening when Miss Annie Inge, eldest daughter of Mr. and Mrs. W. P. Inge of 1875 Seventh Avenue West, became the bride of Mr. C. H. Meade, of Victoria. The bride, who was given away by her father, wore a blue traveling suit and a white picture hat and carried a bouquet of pink and white carnations. She was attended by Miss Ethel Hunter, who wore a green crepe de Chine gown and carried a bouquet of carnations. Mr. E. Inge, brother of the bride, acted as best man. Rev. A. H. Sovereign performed the ceremony in the presence of intimate friends. The young couple left for Victoria, where they will make their home.

JUBILEE OF NEWNHAM COLLEGE CELEBRATED

Interesting Ceremonies at the Famous English Women's College

"Superfluous women, indeed!" This phrase, uttered with transcendent scorn, came to the ears of one of the few men who faced an army of women in the lovely grounds of Newnham College, Cambridge, where the jubilee of the college, indeed of woman's higher education, was celebrated. One of the leaders of the movement quoted from a list showing the activity of English women in every part of the Empire and in most businesses and professions.

"Education," she said, "makes women long live as well as useful inside and outside the home circle."

One example is remarkable. Fifty years ago just five women came to Cambridge as undergraduates. Three are living and working to-day. One of them, Mrs. Wright, was among the company of nearly 400 old students representing every single year of the college.

Among the original benefactors in 1871, along with John Stuart Mill, is the name of Arthur James Balfour. He delivered the speech of the day appearing on the platform with his sister, Mrs. Sidwick, Newnham's chief benefactor. He used one phrase that is to serve the October campaign for full degrees for women. Speaking of women's education, he said: "On one side it is nothing but sound argument; on the other nothing but mere prejudice."

Dual Capacity. A quaint feature of the garden party which formed part of the celebrations was the wearing by all old students of tickets giving the wearer's name to serve the October campaign for full degrees for women. Speaking of women's education, he said: "On one side it is nothing but sound argument; on the other nothing but mere prejudice."

Since September 1919 the "accredited herd" plan has been partly in operation in the Dominion. The system originated among breeders in the United States who had recognized for a long time the serious roads which tuberculosis had been making in their herds and in 1917 the Federal Government adopted their suggestions. They are the Canada accredited herds, that is, herds which have undergone the three semi-annual tuberculin tests and have been proved disease free. Their distribution among the provinces is significant. British Columbia has 7, Ontario, Manitoba and Saskatchewan 2 each, and Quebec has 4. For the last three months an expenditure at the rate of \$60,000 a month has been made on this head, but it is understood that owing to the general financial stringency, the work cannot be continued at this rate. Dr. G. Hilton, Chief Veterinary Inspector for the Dominion, states that the accredited herd plan is a practical, workable plan, popular with the breeder who is familiar with its uses. He recently stated that it is the intention of the Department of Agriculture to continue every effort possible for the eradication of tuberculosis in farm animals.

REACTION AGAINST PRACTICE OF DANCE PARTNER MONOPOLY

London, Aug. 23.—Reaction is setting in against the present ballroom custom of dancers having one partner for the whole of the evening, and most of next season's novelties will, it is anticipated, be designed to encourage the "chance partner."

Prominent people in the dancing world are talking of lowering the lights in the middle of the dance for about 20 seconds, every dancer being expected to have a new partner when they raise the lights. Those who have not done so will be expected to leave the floor.

Another elaborate scheme that will have a wide following is the purchase of 100 small glass tokens in the shape of tiny pigs, Teddy Bears, "Fumble Up" mascots, and the like, one set being used to divide a dish of pastries and confection offered to the women and the other set for distribution among the men.

Everyone intending to dance is asked to take a helping from the dishes. The man who finds a tiny glass piglet in his pastry will seek as his partner the woman who has acquired a similar mascot, and thus couples are brought together who otherwise might not have met.

Mrs. Graves Addressed Institute.—The regular monthly meeting of the Woodwood and Luxton Women's Institute was held in the Mission Hall, Happy Valley, on Wednesday, August 11. A large number of members were present and enjoyed a very entertaining and instructive address by Mrs. Graves, of Victoria. The subject of the address was play, and the necessity of providing playgrounds for children and supervising them for their results was ably demonstrated by the speaker. A hearty vote of thanks was extended to Mrs. Graves for coming out and addressing the members, after which tea was served.

WHAT'S IN A NAME? Facts About Your Name; Its History, Its Meaning; Whence It Was Derived; Its Significance; Your Lucky Day and Lucky Jewel. By MILDRED MARSHALL. Copyright, 1921, by The Wheel. (Brookline, Mass.)

AURELIA.

Of old and most distinguished Roman ancestry is Aurelia. It means "golden" and comes from the Latin "aurum" and refers to the rich and much-to-be-desired metal. The Aurelian gens, was an old Sabine one, occupying a unique place in early history.

The feminine Aurelia came into vogue through the charming poetic idea of taking the name from the glistening golden spots on the cases of some of the butterfly pupae. It represented chrysalis, and what more exquisite thought than to bestow it upon some lovely Roman maid who should shortly develop into a beautiful butterfly?

Since the Aurelian gens was an old Sabine one, Aurelia was given in baptism as a mark of great honor. The most famous woman to bear the name was Aurelia, the mother of Julius Caesar. It soon became a favorite throughout all Italy and spread into France, thence crossing the Channel into England, where it named many a proud English beauty and received great vogue at the hands of the literary great of the time.

The diamond is Aurelia's talismanic gem. It will bring her wealth and splendid mental attainments; likewise it will protect her from contagion. Sunday is her lucky day and 3 her lucky number.

ACCREDITED HERDS.

Since September 1919 the "accredited herd" plan has been partly in operation in the Dominion. The system originated among breeders in the United States who had recognized for a long time the serious roads which tuberculosis had been making in their herds and in 1917 the Federal Government adopted their suggestions. They are the Canada accredited herds, that is, herds which have undergone the three semi-annual tuberculin tests and have been proved disease free. Their distribution among the provinces is significant. British Columbia has 7, Ontario, Manitoba and Saskatchewan 2 each, and Quebec has 4. For the last three months an expenditure at the rate of \$60,000 a month has been made on this head, but it is understood that owing to the general financial stringency, the work cannot be continued at this rate. Dr. G. Hilton, Chief Veterinary Inspector for the Dominion, states that the accredited herd plan is a practical, workable plan, popular with the breeder who is familiar with its uses. He recently stated that it is the intention of the Department of Agriculture to continue every effort possible for the eradication of tuberculosis in farm animals.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

Grandpa Rabbit Tells A Story.

Young Jack Rabbit came running into the house where he lived all out of breath. "I got away. He didn't catch me this time," he said, sitting down on the floor near Grandpa Rabbit's chair.

"Who was chasing you, Mr. Dog or Mr. Man?" asked Grandpa.

"Oh, it was Mr. Dog," answered Jack. "I went up to the farm to get a bit of lettuce and Mr. Dog was running through the garden taking

Little Jack Rabbit was so interested right here that he forgot and interrupted Grandpa. "Did they catch you?" he asked.

"Well, here I am telling you the story," said Grandpa, "and if those fellows had caught me you never would have heard it."

"No, I was lucky, for nobody came along and back and forth came I went under" it and then all at once one of those dogs caught his foot as he went over and tumbled and when the other dog, some of the best on top of him, and that was my chance, while they were rolling on the ground,

"I ran and hid far under a pile of boards by the roadside until it was safe to go home, and you remember, if ever you are cornered and there is a fence or a wall you can crawl under or through, to just tire out Mr. Dog, for he will have to jump, and jumping back and forth is tiresome."

"Little Jack Rabbit said he would, but he hoped he would never be cornered as Grandpa was and have two dogs after him."

"Daughters of England.—Lodge Primrose held a very enjoyable basket picnic at Sister Oliver's Nottingham Camp, Little Cordova Bay, on Wednesday last. In spite of the rain, a very enjoyable time was spent. Tea and ice cream was served during the afternoon. Some of the members indulged in dancing and others sat round a huge camp fire on the beach, the party breaking up about 10 o'clock.

Women's Independent League.—The Women's Independent Political Association will meet on Friday evening, August 28, at 8 o'clock in the Victoria Club, Campbell Building. All members are requested to make an effort to attend the meeting.

Don't Risk Baby's Health With Cow's Milk

Baby's Food should always be the same, to insure baby growing into a rosy, healthy, sturdy child. This is impossible with dairy milk, which is a mixture from many cows.

Nestle's Food is always the same, and the best nourishment for even the youngest infants. It never varies, and may be obtained the world over. Some mothers think they must remain in the city all Summer because they "could not get the same milk for baby."

With Nestle's Food as baby's diet, mother and baby may enjoy the mountains or seashore together.

Nestle's Food is the perfect substitute for mother's milk and requires only water to prepare.

### SEVEN MEMBERS OF MURDER GANG ARRESTED IN U. S.

New York, Aug. 22.—Four more murders attributed by the police to Italian gang feuds have been solved through information received from St. Fontano, an Italian barber, who has been charged with homicide, according to detectives. Fontano, who was arrested last week, gave information which led to the arrest of six Italians, said by the police to have been concerned in wholesale gang murders throughout the country.

## CELEBRATION OF DOMINION DAY

IN LONDON TOOK FORM OF A BIG BANQUET IN WHICH NOTABLE SPEECHES WERE MADE.

Dominion Day was celebrated in London by the holding of a banquet in Connaught Rooms, at which the Duke of Connaught was present, and the Hon. Sir George H. Perley, High Commissioner for Canada, presided, says the London Telegraph. The banquet was a magnificent affair, the table was elegantly decorated, and the guests were many of official status in the Dominion and others having interest in and association with Canada, including the Marquis of Aberdeen, the Japanese Ambassador, Viscount Burnham, Mr. A. Meighen, K.C., M.P., Prime Minister of Canada; the Hon. C. C. Ballantyne, Minister of Marine and Fisheries and Minister of the Naval Service, Canada; the Right Hon. Sir Louis H. Davies, Chief Justice of Canada; the Hon. J. N. Franconi, Speaker of the Legislative Assembly, Quebec; the Hon. K. O. Guthrie, Minister of Militia and Defence, Canada; His Highness the Maharaja of Kutch; Dr. S. F. Tolmie, Minister of Agriculture, Canada; Mr. E. F. L. Wood, M.P., Parliamentary Under-Secretary of State for the Colonies; Mr. Srinivasa Sastri, one of the representatives of India at the Imperial Conference, and Captain the Hon. Francis Newham, in attendance on the Duke of Connaught. The Duke of Connaught referred to his long official residence in Canada, and prophesied a great future for the Dominion.

M. A. David, Provincial Secretary, Quebec, submitting "The Health of the Dominion," the other members of the Royal Family, said that immediately the "Prince of Wales" reached Quebec during his tour he was given a French name which indicated the real sentiment held towards him by every one in the province—"Le Prince Charmant" (Cheers). In Quebec also they had found a way which was not always open to the minorities of other nations; they had translated into a language to which they were attached by every fibre of their being, "God Save the King"; they sang it in French (Cheers). In Quebec they had preserved in Canada something of their French ideals and by trying to ally in their mentality, love of the land, respect for the flag, admiration for British institutions and a profound respect for the Royal Family. (Cheers).

The Duke of Connaught, who, on rising to respond, was greeted with enthusiastic cheers, thanked M. David most warmly in the name of the Queen, Queen Alexandra and the Prince of Wales for the kind manner in which he had referred to them and for the intensely loyal expressions he had used. His Royal Highness said it was a source of the deepest pleasure to him to find himself once more amongst so many Canadians, many of whose faces were well known to him. He would never forget the five years—two of them very anxious ones—during which he had

the honor of being their Governor-General (Cheers). They all knew his deep attachment to Canada as a nation, as a Dominion and as a loyal part of the great British Empire. He was happy to think that nearly every member of every Canadian member of his family had had the great advantage and pleasure of visiting Canada, and one and all had retained the happiest recollections of the Dominion. It was a great pleasure to welcome the Prime Minister of Canada, who was here on a very important duty, and they hoped very much that when he returned he would be satisfied with the result of the conference of which he was so valuable a member.

As a soldier, said His Royal Highness, he could never forget the splendid services of the Canadian Corps (Cheers) which would live in the memory not only of Canada but of the whole British Empire. After his return from the Dominion he frequently had the pleasure of seeing the Canadian forces in France, and was always filled with pride at their splendid appearance. His old friend and brother soldier, Sir Arthur Currie, whom he was pleased to see present, would be welcomed by every soldier with whom he served during the war (Cheers). "My first active service was seen in Canada," he continued. "It was many years ago, at the time Canada was invaded by the Fenians in 1870. Those were thrilling days. We did not know how

## TROUBLED WITH ITCHY ECZEMA

### In Rash On Face And Limbs. Cuticura Heals.

"I had been troubled with eczema on my face which took the form of a rash. Last it broke out on my limbs and they itched very much, causing me to scratch them until they were bleeding. The rash would often keep me awake at night."

"I tried some remedies, which failed, and then thought I would try Cuticura Soap and Ointment. It was not long till the rash began to disappear, and I used three cakes of Soap and four boxes of Ointment, which healed me." (Signed) W. M. Hymers, Paris, Ont., Sept. 12, 1919.

Cuticura Soap to cleanse, Cuticura Ointment to soothe and heal.

35¢ Soap, 25¢ Ointment, 50¢ Jar. Sold throughout the Dominion. Canadian Depot: Lyman, Limited, St. Paul St., Montreal.

severe an attack we might not have on the frontier, and I always look back with pride on the fact that I was thus able to serve Canada in a small way with my battalion, the 1st Battalion Rifle Brigade. (Cheers).

"It is always interesting to look back on what has taken place. I hope and believe—I have always felt so—that Canada has a great future before it. It has a magnificent country, it has a splendid population—it is not too much, and I am sure that Canadians would sooner see it more numerous. Let me assure you that the more Englishmen see of Canadians—and, I hope, the more more sympathy they feel for one another (Cheers). The constant visits between our two countries is the very best means of knowing what we have in the future than we have in the past. I thank you one and all for the very warm manner in which you have received me just now. It touched me most deeply, and I can assure you that as long as I live it will be my greatest pleasure to do anything I can to help Canada in every possible way." (Cheers).

The Hon. Edward F. L. Wood, Parliamentary Under-Secretary of State for the Colonies, referred in sympathetic terms to the cause of the absence of Mr. Winston Churchill, in whose place he proposed "The Dominion of Canada." Observing that the Dominion of Canada was fully appreciated the significance of the Imperial Conference, he said he wondered whether we were not "too completely" we think it mostly British for the economic paralysis which had fallen upon the world, were, firstly, courageous work and, secondly, that the breadth of vision which enabled one to look from the present to a brighter future. It was thus that Canada had built, both in the matter of commerce and of buildings; their eyes were constantly on what Canada would be rather than upon what Canada was. (Cheers). For centuries, until a few years ago, Europe was the centre of the world gravely. If those were right who asserted that that centre of gravity had shifted to the Pacific, Canada in the future of the world gravely. It was his certain that by blood, by race, by sentiment, by tradition, by common loyalty to our Royal House, they were increasingly mingled and married to one another. (Cheers). For that reason it was necessary to develop and extend the cooperation between all branches of the Anglo-Saxon race, and more particularly between the parts of the British Empire represented at that gathering. It was not mere chance that had raised the history of Britain, and as long as the representatives of the Dominions came to us endowed with singleness of purpose and a vision there was a guarantee of the great future of the British Commonwealth. (Cheers).

### Burden of Responsibility

Mr. A. Meighen, responding, said whenever Great Britain was represented at any conference in Canada by the Duke of Connaught they felt that they were with one they knew and could trust (Cheers). All Canadians treated His Royal Highness with affection—it was a pleasure to see the present Maharaja of Kutch (Cheers) who represented India, the largest in point of accommodation of any part of this great Commonwealth, which was still in the development stage of that self-government which has made the Dominions what they were. He spoke the sentiment of all Canadians when he said their devout hope was that India would travel fast and surely and surely rather than fast upon the path of self-government, and continue to be as dignified a member of the family of the British Commonwealth in the future as she had been in the past (Cheers). He would testify from the experience of Canada that India would not in her march to complete self-government be hampered by the Motherland. The Duke of Connaught had said that the coming together of Canadians and Englishmen had a

## Fishing Is All Rage With Victorians Now

Springs and Cohoes Are Running In Straits and Providing Plenty of Sport; Scores of Boats Are Following Fish All Day Long; Catches Were Good Over Week-End But Were Small Last Night.

No matter where you go these days you are confronted with some highly enthusiastic gent who wants to tell you a fish story. It's impossible to prevent it. The season has arrived and the fisherman with a good story is as irrefragable as the flies in the Summer time.

It seems that everyone has an idea that he should go one better than the chap who opens the conversation about a fishing expedition. Mac bumps into Smith on the street and tells him that he was out and got twenty-four, and Smith turns right around and says he made it an even twenty-five. Someone else says that he landed a forty-pounder and his neighbor immediately comes back with one that broke the scales which were guaranteed to weigh anything up to fifty pounds.

It's a great life though. The fishing season stimulates the imagination and causes men to vary from the straight and narrow paths of truthfulness. That's all part of the season anyway.

During the last week the salmon have been running fairly well in the Straits and from early morning until the sun sinks behind the Sooke Hills the waters off Dallas Road are dotted with boats trolling for the wily Springs.

Yesterday a report was received that a large school of Cohoes had passed Race Rocks, but despite this the fishing last evening was not very good, very few catches of any size being reported. Over the weekend, however, most boats were successful in getting a good load. One man who ventured out in a canoe came back with 90 pounds of fish, while another landed twenty-three beauties.

Good fishing is expected to-day, to-morrow and Thursday as the tides will be right. The Cohoes are expected to be running from the Ledge to Trial Island in large schools and the catches should be very heavy.

## Allen and Taylor Lose in Big Match

Seattle Boys Who Won P.N.W. Tennis Title Here Defeated in Boston Meet

Boston, Aug. 22.—The National lawn tennis doubles championship tournament, contested by teams, held in "sectionals" with a high standing, was begun on the grass courts of the Longwood Cricket Club at Chestnut Hill yesterday without important upsets.

The American doubles combination in the Davis Cup challenge play, R. Norris Williams II, and Watson M. Washburn, continued their success by defeating in straight sets the Leland Stanford University team, composed of Phillip Neer and James Davies, 6-2, 7-5, 6-1. Great interest was also shown in the reappearance as partners of W. T. Tilden II, world singles champion, playing in competition for the first time in a month, and Vincent Richards, his youthful conqueror of several weeks ago. They teamed effectively after a separation of two years to win in straight sets from the southern doubles tilts, B. M. Grant and C. Y. Smith, 6-1, 6-2, 6-1.

Allen and Taylor Beaten.

The Kinsey brothers, Robert and Howard, Southern California champions, again displayed their abilities as doubles experts, and advanced over Marshall Allen and William Taylor, the Pacific Northwest title holders, 6-2, 6-4, 7-5.

W. M. Johnston and Willis E. Davis, combining as fellow Californians, gained a place in the third round by defeating Irving C. Wright and H. E. Guild, local players, who with them had drawn byes for the first round play. It was a straight set victory, 6-2, 6-1, 6-1.

## WEILER BROS. BEAT SOOKE BALL TEAM

Weiler Bros., were the victors in a baseball game against a nine from Sooke Harbor, on Sunday afternoon, the score being 6 to 2. Jack Curtis pitched a good ball of ball for the winners and was given good support. Akerman, the opposing pitcher, also pitched very good ball, but was not given the support he deserved.

**FIVE C'S NOT PLAYING**

The match between Spencer's and the Five C's in the Wednesday League scheduled to be played to-morrow, has been postponed owing to the fact that David Spencer's, of Vancouver, are coming over to give their Victoria conferees an all-day game at the Jubilee grounds. Five C's Wednesday members please note.

## INJURED BALL PLAYER ABLE TO REJOIN TEAM

Cleveland, Aug. 22.—Johnny Walker, first baseman of the Philadelphia Athletics, who was injured by being hit on the head by a batted ball during a game at Cincinnati, is able to leave the hospital. He probably will join his team the latter part of this week.

**FAILED TO CROSS ENGLISH CHANNEL**

London, Aug. 23.—Mrs. Arthur Hamilton failed in an attempt to swim the English Channel. She reports having left Cape Griz Nez, on the French side of the Channel, near Calais, at 11 o'clock Saturday morning, and to have got within three miles of Deal, on the English coast, Sunday morning, where she was compelled to abandon the swim. She says she was in the water 24 hours.

## INSTRUCTION GIVEN ON FOOTBALL RULES

Jack Russell, B.C. Delegate to D. F. A. Annual Meeting, Makes His Report

Footballers Gathered Here During Week-end to Transact Important Business

Several important matters relative to football in this province were considered at a special meeting of the council of the British Columbia Football Association held in the G. W. V. A. rooms here on Saturday.

Jack Russell, B. C. member of the Dominion Football Association made a comprehensive report of the annual general meeting of the D. F. A. which he attended in Toronto.

The most notable changes in the constitution are national registration and transfers. The Dominion Football Association will supply all registration forms to provincial associations. The form will be in four parts, one for the club, one for league, one for provincial association and one for Dominion Football Association. Provincial secretaries will handle all forms and mail them to the Dominion secretary. The following is the new arrangement as to transfers.

A player who has signed the official registration form of the Dominion Football Association and has been duly registered with the secretary of the provincial association for the current season shall not be allowed to transfer his services to any other club unless he first has applied for and been granted permission to transfer by a two-thirds majority vote of a regular or special meeting of the club for which he is already registered. Such permission shall be in writing, duly signed by the secretary and president of the club. Executive committee and when placed in the hands of the secretary of the provincial association shall entitle the player to be transferred to any valid club in the same provincial association at the balance of the current season.

**Granting of Transfers.**

Transfers shall be granted as follows: "One transfer under the jurisdiction of the local or district association; one transfer as between two separate local or district associations; one transfer as between two provincial associations, except in the event of a player who having been registered in the local or district association, returns to his original place of residence, he shall be allowed to finish the current season as a player under his first registration."

Every player registered for the current season, if he is entitled to his transfer at any time up to and including the date set by the association and his transfer cannot be withheld unless in the case of insubordination, or if he is unwilling to sign a separate form of agreement to the association. Notice of transfer shall be immediately sent to the club, the district association, the provincial association and the secretary of the Dominion Football Association. The Dominion Football Association shall supply transfer forms free of charge to the provincial associations. No transfers will be permitted for Contingent Cup purposes after July 1 of each year.

All new and amended rules will become effective on January 1 except in the case of transfer law, which becomes operative immediately and in the case of British Columbia, where new rules will take effect after May 1 of each year.

**Ladysmith Congratulated.**

It was agreed that a letter be sent to the Ladysmith Club complimenting them on their splendid display in the Connaught cup games, and a similar one to Jim Wilson for his fine display and sportmanlike bearing on the field during the international match with Scotland at Montreal.

Clubs and associations are requested to note that application fees are now due and should be sent to the secretary, G. K. Morton, Vancouver, without delay.

The next meeting of the council will be held at Nanaimo on the third Saturday of September.

A special general meeting of the association will be held on September 10 at the Hotel Vancouver, Vancouver when matters on the revision of the constitution, adjourned from last meeting, and other business will be transacted.

## ITALIAN SWIMMER MAKES NEW TIME ACROSS GULF OF GENOA IN BAD SEA

Genoa, Aug. 23.—Antonio Sachner swam the Gulf of Genoa today, a distance of 3.11 miles in 1 hour 31 minutes 20 seconds. This constitutes a new record for the swim. The sea was running heavily at the time of Sachner's feat.

**Club Has Lost Money.**

The Victoria ball club has lost money this year and the whole loss, which runs into the thousands, has been accepted by President Rithet. Following the poor attendances here Mr. Rithet was on the verge of throwing down his hand but at the conference this morning he agreed to carry on until the schedule expires.

The officials of the club are hoping that the fans will turn out in large numbers at the two final series here and help the finances of the club. Victoria is billed to meet Vancouver here this week and will play Tacoma next week.

**Hours of Games.**

Secretary Hardie announced this morning that the first game of the Victoria-Vancouver series will be played to-morrow evening at 6.30 o'clock. On Thursday and Friday the games will be staged at the same hour, but on Saturday, when a double-header is called, the first game will be at 2.30 o'clock and the second at 6.30 o'clock.

Vancouver and Victoria are bound to provide some interesting games, according to the reports received by Killefer from veteran players who have seen them.

Bob Wallace, the right-handed pitcher, who is with the Victoria club in the Pacific International League, is going to win a number of games for the Angels next year.

Tony Rego, who tickles the ukulele when he is not catching, is another youngster who will make his mark in baseball. He is catching for Victoria.

Cliff Blankenship, who used to catch for Washington and who managed the Salt Lake and Victoria clubs, is the author of the statements, Blankenship was the Christopher Columbus of Walter Johnson.

"Lefty" Douglas, who is with Gus Gleichmann's Edmonton club in the Western Canadian League, has done some good work.

"Red" Andrews, infielder, with Regina, and "First Baseman Annie", who was farmed to the Calgary club in the Western Canadian League are the other two players who have been recalled.

If the Angels are in the pennant race the last month of the season the clubs will not get much of a chance to show what they can do. Otherwise Killefer will use them as much as possible, he wants to develop some new timber for his baseball machine next year.

## REGO AND WALLACE TO JOIN ANGELS

Los Angeles Club Orders Victoria Ball Players to Report September 5

Los Angeles, Aug. 23.—Wade Killefer has sent out the call yesterday for his "million-dollar rookies" to join his team Sept. 5.

The Los Angeles club has strings on five youngsters and several of them have a big chance to enter stardom, according to the reports received by Killefer from veteran players who have seen them.

Bob Wallace, the right-handed pitcher, who is with the Victoria club in the Pacific International League, is going to win a number of games for the Angels next year.

Tony Rego, who tickles the ukulele when he is not catching, is another youngster who will make his mark in baseball. He is catching for Victoria.

Cliff Blankenship, who used to catch for Washington and who managed the Salt Lake and Victoria clubs, is the author of the statements, Blankenship was the Christopher Columbus of Walter Johnson.

"Lefty" Douglas, who is with Gus Gleichmann's Edmonton club in the Western Canadian League, has done some good work.

"Red" Andrews, infielder, with Regina, and "First Baseman Annie", who was farmed to the Calgary club in the Western Canadian League are the other two players who have been recalled.

If the Angels are in the pennant race the last month of the season the clubs will not get much of a chance to show what they can do. Otherwise Killefer will use them as much as possible, he wants to develop some new timber for his baseball machine next year.

## Victoria Ball Team Will Finish Season

### President Jack Rithet Agreed at Conference This Morning to Carry Team Until September 5; Club Has Lost Much Money and Officials Hope to See Big Crowds Out For Games at Stadium This Week.

The Victoria professional baseball team will carry on until the end of the Pacific International League season, which is September 5.

This announcement was made this morning by A. D. Hardie, secretary of the local club, after a lengthy conference, participated in by President Jack Rithet, manager Elmer Hansen and Leo Hartnett, secretary of the P. I. League.

Over the week-end it was a question whether the local club would continue in the league under the direction of the present officials or would be turned over to the league.

The situation caused quite a stir in Tacoma, the headquarters of the end of the Pacific International League season, which is September 5.

## INDIANS SLIPPED YANKEES COME UP

Boston Scored Win Over the American League Leaders; New York Beat Browns

Pittsburgh Continued to Win, But Giants Dropped Bad One to St. Louis

Cleveland, O., Aug. 23.—Boston bunched hits off Moran and Busby in the third and ninth innings yesterday and defeated Cleveland in the first game of the series by 6 to 5. Cleveland's wildness gave Cleveland a run in the first inning and a batting bee by the Indians produced three more runs in the fifth. Cleveland pulled in their half of the ninth but Womble was thrown out at the plate when he tried to score the tying run.

At Cleveland—R. H. E. Boston..... 9 0 0 Cleveland..... 5 12 1 Batteries—Jones and Ruel; Morton, Bagby and O'Neill.

St. Louis, Mo., Aug. 23.—The Yankees staged a batting rally in the sixth inning of yesterday's game and won, 10 to 2, breaking even with St. Louis in the series. In the sixth inning thirteen New York players batted, Meusel driving in two runs with a home run and another tally later in the same inning with a single.

At St. Louis—R. H. E. New York..... 11 10 0 St. Louis..... 2 7 4 Batteries—Mays and Schang; Kopp, Palmero and Severid.

At Detroit—R. H. E. Philadelphia..... 8 16 2 Detroit..... 10 5 3 Batteries—Napier, Keefe and Perkins, Myatt; Hollinge, Parks, Middleton and Bassler.

At Chicago—R. H. E. Washington..... 4 11 2 Chicago..... 5 12 0 Batteries—Acosta, Schacht, Courtman and Schott; Wienke, McWeeny and Schalk.

**National League.**

New York, Aug. 23.—Excellent pitching by Feltus and home runs by McHenry and Hornsby enabled St. Louis to defeat New York yesterday 6 to 0. Feltus allowed the Giants three hits. McHenry's drive was made in the first inning with two on base and Hornsby's in the fifth with one on.

At New York—R. H. E. St. Louis..... 6 3 1 New York..... 0 3 0 Batteries—Feltus and Ainsmith; Shea, Ryan and Snyder.

Boston, Aug. 23.—Pittsburgh hit McQuillan and Scott hard in the early innings and defeated Boston 10 to 8, although Boston drove Hamilton and Zinn out of the box. The score was 9 to 6 in favor of the league leaders in the sixth. Score:

Pittsburgh..... 10 15 3 Boston..... 8 13 3 Batteries—Hamilton, Carlson and Schmidt; McQuillan, Scott, Braiton, Zinn, Morgan, Cooney and O'Neill.

At Brooklyn—R. H. E. Cincinnati..... 7 10 1 Brooklyn..... 5 10 4 Batteries—Lugue and Hargrave; Cadore, Miljus and Krueger.

At Philadelphia—R. H. E. Chicago..... 1 8 1 Philadelphia..... 2 2 2 Batteries—Fonder and O'Farrell; Winters and Peters, Henline.

## WILL BE FINE EVENT

Special Races for Beaver Lake Camp Boys and for Beginners

Boys, how about a year's membership in the Y. M. C. A.? That is the prize for the winner of the Beaver Lake event which is listed on the programme of the Y. M. C. A. gala which is to be held at the Elks' swimming pool at the Gorge, Saturday next at 3 o'clock. The boys from the Beaver Lake camp have secured two events on the programme, one for "preps" and one for juniors. A one-year membership is the first prize in both races. These events care for desires of boys who have camped at least one week at the Beaver Lake camp. A large number of entries have been handed in already, and it is hoped that more will be received.

Another event which should draw a large number of entries is the beginners' race. All boys who have learned to swim since June last are entitled to enter. That the competition will be keen is assured by the fact that the Rotary Club and the Y. M. C. A. have been teaching boys and girls to swim at the various beaches all summer. A large number of boys have also learned to swim at the Beaver Lake camp and a team is sure to be sent from there.

The diving contest has been kept going by training for the past three weeks and some spectacular work from the spring-board will be displayed.

The Colonist relay team is in keen training and a fine set of lads has been picked to enter this race against The Times team which is sure to give a good race also.

An advantage in securing the Elks' Swimming Club as the scene for this gala is the fact that those in attendance will be able to watch the close of The Times long distance swim which is attracting a large number of local swimmers besides entries from the Mainland.

**PACIFIC COAST LEAGUE STANDING.**

## BOWLERS ENJOYING AN AFTERNOON'S MATCH AT ONLY GREEN IN THIS CITY; WANT ANOTHER SIMILAR GREEN

The bowlers in the foreground are deciding the winning bowl in a close game at Beacon Hill. One of the players is shown measuring the respective bowls with a steel tape. The game has taken a great hold here, and the accommodation has proven altogether too inadequate this summer. The hope is entertained by members of the club that additional greens will be provided in this city. The membership of the Victoria Lawn Bowling Club is now 90 and it is impossible for all the players to appear on the green at one time.

## Wanderers Crowned Coast Cricket Kings

Defeated Olds In Deciding Match of Pacific Coast Tournament; Wanderers Passed Visitors' Total With But Five Wickets Down; Match Was Played In Drizzle; Winners Are Heartily Congratulated.

Through the splendid work of the Wanderers the Pacific Coast cricket championship is to remain in Victoria for the next year. In a very spirited match at the Jubilee Grounds yesterday the Wanderers disposed of the notorious Olds, from Vancouver. Despite the drizzling rain and the greasy nature of the pitch, the eleven gave their best to secure a decision.

The Olds were not favored with the luck which was their lot on Saturday last. In their match with Victoria, when hopelessly beaten the rain squall swept over the playing field and the match was postponed. In a new match on Sunday the Olds played steadily and defeated Victoria, advancing to the finals to take a smack at the Wanderers.

**Credit Due Wanderers.**

Much credit is due to the Wanderers for their wonderful showing throughout the tournament and especially in the concluding match yesterday. The team, a combination of the Congos and Olds under the leadership of Hubert Lethaby, of the Victoria Club, played consistent cricket and threatened to go through the tournament without a loss, when they were suddenly humbled by the lowly Army and Navy eleven. This threw them into a triple tie with the Olds and Victoria.

The Olds, who went in to bat first yesterday, did not show any exceptional form and the side was all out for 191. Nelson, Grant, Ivamy and Honiball were the leading batsmen, each passing the thirty mark, but five of the side went out for ten and under, never being under five.

The Wanderers did not start any too well, Lethaby being caught off by Biart's bowling before he had scored and Meakin was retired with only two runs to his credit. Walton, however, rallied his side and made a 40. E. W. Ismay returned a similar score. H. A. Ismay with 51, was the high scorer of the match and with his partner, Wells, hit freely for some time. Wells hit up 20 in short order, his score including a six, four fours and two threes.

**Win By Five Wickets.**

The Wanderers passed the Olds' total with Wells and Ismay still hitting well. The innings was declared with but five wickets down. Owing to the wet condition of the ball the bowlers were at a disadvantage and no good analyses were recorded. The score follows:

**Vancouver Olds.**

H. Hudson, b Jordan	2
H. R. Nelson, at Pite, b Wells	27
S. L. Ward, c Pite, b Welch	13
G. C. Grant, c and b Tucker	38
F. J. Peers, c Ismay, b Wells	4
R. Leigh, c Pite, b Tucker	8
A. Lamb, b Wells, b Tucker	5
W. Ivamy, b Jordan	35
W. E. Honiball, b Welch	35
E. F. Biart, b Welch	2
C. J. Higgworth, not out	11
Extras	11
Total	191

### Wanderers.

H. Lethaby, c Grant, b Biart	6
G. H. Walton, b Leigh	49

Memorial Avenue—A meeting of the Memorial Avenue committee of the Chamber of Commerce was called this afternoon. Dr. Standler is chairman of the committee which is now discussing the final arrangements for the planting of the trees along the boulevard this fall.

NEWS IN BRIEF
A Serious Charge.—Frank Saunders, on a remand in the City Police Court on a serious charge, was brought before Magistrate Alexis Martin this afternoon to answer to the charge.

Case Remanded.—The case of William Moore, charged with being drunk in a public place and who was allowed out on bail of \$100, was remanded by Magistrate Martin to be tried tomorrow, when the case was called in the City Police Court this morning.

On Foreign Trade.—The Chamber of Commerce committee on foreign trade, of which R. W. Mayhew is the chairman, was called together this afternoon for a discussion of various matters affecting the interests of Victoria manufacturers.

Exhibition at Tillikum.—The Saanich School Board last night granted permission to the Ward Seven Cottage Gardeners' Association to use the Tillikum School basement for their annual show on September 14.

Church Decoration.—As part of a redecoration scheme, the interior walls of the Presbyterian Church have been tastefully tinted. Valuable suggestions submitted by Architect S. Maclure were acted upon with pleasing effect.

Contracts Awarded.—The Saanich School Board last night awarded the contracts for the carrying of school children to the following: G. Miles, Cordova Bay to Cedar Hill, \$100 a month; L. Sturgees, Cadboro Bay to Cedar Hill, \$100 for two vehicles, or \$90 for one; J. Bull, Elk Lake to Royal Oak, \$55 or Elk Lake to North Dairy, \$68, Board's optional.

G. A. U. V. Executive.—The regular fortnightly meeting of the executive committee of the Grand Army of United Veterans was held last night in the club-rooms, with Comrade J. Mackenzie, the president, in the chair. About fifteen members were present. Amalgamation proposals were considered, and it was decided to endorse any steps that might be taken towards bringing all ex-service men together.

Reports Hold-Up.—E. E. Logan, at one time village police chief in Pennsylvania, returned to the police at an early hour yesterday morning in the vicinity of the Phoenix Brewery he had been held up at the point of a revolver by two men and relieved of \$5 and a packet of tobacco. The police are working on the case, Mr. Logan having given a pretty good description of the hold-up.

Committed For Trial.—Mike Semionoff, the Russian charged with burning the residence of Dr. B. J. Semionoff, 675 Roderick Street, Sunday morning August 14, was committed for trial yesterday by Magistrate Alexis Martin. Several witnesses gave evidence of accused having made serious threats against Mr. Drayman. Another witness told of meeting accused in a field near Drayman's house after the fire when, it was testified, accused asked witness if Drayman's house was burned down. Accused was indignant at being arrested and when asked if he had anything to say, claimed that he had been treated in a shameful manner.

various returns called for in connection with Federal Government taxes. The wide experience which Major Young has had should give the new firm in a position to give valuable service along these lines.

Healing Meeting.—At the New Thought Temple, 935 Pandora Avenue, on Wednesday at 8 p. m., Dr. Butler will give a healing talk with demonstrations and treatments. All requests for treatments either personal or absent will be given. The public is cordially invited.

Liquor Case Heard.—The case against John Ferguson, who is charged with selling liquor in a rooming house on Johnson Street was continued in the City Police Court this morning before Magistrate Alexis Martin, and was adjourned until this afternoon.

Premier Meets Another Pattullo.—When George Pattullo, the newest writer of the Saturday Evening Post, walked into the Prime Minister's office at the Parliament Buildings today, Premier Oliver did not need to be told who it was. He looked so much like his brother, the Hon. T. D. Pattullo, Minister of Lands, now in Europe. L. B. Pattullo, K.C., another brother, who has been touring the island in the Pattullo party, accompanied his brother to the Parliament Buildings.

BLAST A SUCCESS: NO MORE DELAY IN BRIDGE BUILDING
Rock on Harbor Bottom Near Bridge Site Cleared Away
Blasting carried out on the Inner Harbor bottom near the bridge site late yesterday will make possible uninterrupted progress with the construction of the new Johnson Street Bridge, City Engineer F. M. Preston announced to-day.

A big blast which was fired near the bridge site shortly after five o'clock yesterday afternoon cleared away practically all rock which the Dominion Department of Public Works wishes to remove. Further blasting will be done at a considerable distance from the bridge, but there will be no danger of these explosions cracking the bridge piers, Mr. Preston stated this morning.

NAVAL BRIGADES ENJOYED OUTING
Week's Camp at Burrard Inlet Gave Boys Some Splendid Training
The Victoria members of the Boys' Naval Brigade who attended the Summer camp at Belcarra, on the North Arm of Burrard Inlet, last week, are back home, and are greatly pleased with the excellent outing.

The routine was as follows: 8:30 a. m. reveille; 7, physical training; 7:30, bathing and sick parade; 8, cooks to the galley; 9, divisions and prayers, followed by general instruction; 12 noon, cooks to the galley; 2, instructional routine; 4, evening quarters; 5:30, supper.

At the session of the Amalgamated Postal Workers' Convention here this morning, reports were received from the provincial vice-presidents.

A wire was received from President F. Jackson, of the Railway Mail Clerks' Association, extending fraternal greetings, and wishes conveying the hope that the deliberations of the Postal Workers would prove of great benefit to the members, and a step towards a greater postal organization of Dominion-wide character.

The Regina Leader recently carried the following dispatch from Vancouver: "Victoria and the rest of Vancouver Island, have decided to struggle along as best they can under the handicap of being part and parcel of the Province of British Columbia, and the proposed establishment of a separate province has come to a nice quiet finish. Alderman A. E. Todd, of Victoria, who put his time, talents, and purse at the disposal of the secessionists, soon at last decided that the time is not ripe for the change, and he so far modified his views that he will now be satisfied with the calling of a convention, to discuss the causes responsible for the failure of Vancouver Island to realize the progress to which it was entitled by natural advantages."

City Solicitor H. S. Pringle has received a certified copy of an order which, passed by the Board of Railway Commissioners, clears up all legal difficulties connected with the city's rights to the new Johnson Street bridge land.

581 Johnson, 4 Doors Below Government. Phone 735.

OUTLINES WHAT WILL BE ASKED AT CONVENTION
Preliminary Programme Prepared for Good Roads League Meeting
The gradual extension of the highway along the shore line beyond Jordan River—ultimately to link up Victoria with the rich resources of the Port Renfrew district; extension of hard surface paving of the Island Highway—also by gradual, annual, extensions; and other extensions on the West Coast which will make the famous Long Beach accessible to tourists from Alberni and points on the coast; and other extensions of the water supply intake; a big quartz vein was disclosed on this claim by the rock slide and consequent washout on the creek that occurred some months ago and caused so much inconvenience to Fairview property owners. The partners plan to make a thorough examination of the vein and have assays made of the ore.

NEWS AND NOTES OF THE MINES
Daily Varden.
Speculation is rife as to the possibility of the Dolly Varden mine changing hands on account of the recent visits of experts to the property, says The Prince Rupert News. It is reported that shipping will cease this week and the railroad will be closed again. All ore taken out this Summer has been done by the creditors of the Taylor Mining Co. under the name of the North Trust Co.

SAYS "COMIC OPERA" SEPARATION SCHEME HAS ENDED QUIETLY
The Regina Leader recently carried the following dispatch from Vancouver: "Victoria and the rest of Vancouver Island, have decided to struggle along as best they can under the handicap of being part and parcel of the Province of British Columbia, and the proposed establishment of a separate province has come to a nice quiet finish. Alderman A. E. Todd, of Victoria, who put his time, talents, and purse at the disposal of the secessionists, soon at last decided that the time is not ripe for the change, and he so far modified his views that he will now be satisfied with the calling of a convention, to discuss the causes responsible for the failure of Vancouver Island to realize the progress to which it was entitled by natural advantages."

GET CROWN GRANT OF BRIDGE LAND
City Solicitor H. S. Pringle has received a certified copy of an order which, passed by the Board of Railway Commissioners, clears up all legal difficulties connected with the city's rights to the new Johnson Street bridge land.

Pay Your Telephone Bill Early in the Month and Save Yourself Delay
Subscribers are urged to pay their telephone accounts as soon after receipt as conveniently possible, thus avoiding vexatious delay at Cashier's wicket, occasioned by waiting until last day of discount.
At the request of subscribers, we have arranged to open deposit accounts against which may be charged the monthly telephone account, the balance on hand being shown each month on the bill. Making this deposit will save the time of calling to pay the account.

 occurred when E. L. Anderson, secretary of the B. C. G. G. Club, of the Regina, Ontario, found A. A. Wier, the Regina player, at the top of his game, and took his exit by an adverse count of four and three. Notwithstanding these set-backs, Wier is still strongly represented, and is expected to furnish the winner.  
 Marcus Greer, of Grandmeur, champion of Quebec, played brilliant golf for the best card turned in his career, but he was defeated by his opponent who failed to give him a hat tip, being exceptionally fine. His opponent, D. I. McKenzie, is a twin brother to Miss Ada McKenzie, Canada's best woman player.  
 Frank Thompson, Miss Wengert's friend, his brother Bill's defeat, and carried Miss Wengert's colors through easily in his match with Alex. Johnston, Winnipeg.  
 Matt Thompson, of Johnston, the third of the famous family entered in the tournament, found the veteran D. J. Graham, of Winnipeg, a tough opponent, and won the match on the 19th hole.  
**English Star Defaults.**  
 One of the English players entered survived the initial ordeal, Ben Moran, of Woodcote Park, winning four and three, from George Wilson, Winnipeg. The other entrant, C. H. Pitman, of Sidcup, who, holidaying in this city, was stricken with typhoid, consequently defaulted. Pitman is the well-known England and Blackheath Rugby player.  
 The United States entries did fairly well, three going into the second round. Dr. Houston Seattle; Weatherby, Minneapolis; and Elmer Whyte, Duluth.  
**GEN. COCKBURN DIED.**  
 London, Aug. 22 - (Canadian Press Cable). - General Henry Alexander Cockburn, of Midlothian, a veteran of the Indian Mutiny and numerous frontier wars, died yesterday at the age of 90.

**VANCOUVER RACING.**  
 Vancouver, Aug. 22. - Brighouse racing results here yesterday.  
 First race, Hamilton claiming purse \$600, for 3-year-olds and upward: 5 1/2 furlongs - 1, Fumcraft, \$8.90; 2, \$2.45; 3, Valentine Lady, \$4.25; 2, \$2.45; 3, \$2.45. Time not given.  
 Second race, Blue Bonnets claiming purse \$500, for 4-year-olds and upward: 5 1/2 furlongs - 1, Colonel, \$17.65; 2, Roanoke Goose, \$7.95; 3, Mannechen, \$3.55. Time, 1:10-3-5.  
 Third race, Belmont Park claiming purse \$600, for 3-year-olds and upward: 5 1/2 furlongs - 1, Neg, \$35.55; 2, \$17.65; 3, \$11.45. Time, 1:10-3-5.  
 Fourth race, Woodbine Park purse \$600, for 3-year-olds and upward: 5 1/2 furlongs - 1, Balfour, \$19.45; 2, \$7.55; 3, Balfour, \$9.40; 3, Miss April Pool, \$3.45.  
 Fifth race, Saratoga purse \$600, for 4-year-olds and upward: 5 furlongs - 1, Gen. Roberts, \$14.80; 2, \$5.25; 3, Gimokin, \$2.40; 2, \$2.95; 3, \$2.10. Time, 1:02-1-8.  
 Sixth race, Tiajuna claiming purse \$400, 4-year-olds and upward: 1 1/2 miles - 1, Gen. Roberts, \$14.80; 2, \$5.25; 3, Pierrot, \$3.20; 2, \$3.20; 3, \$3.20. Time, 1:51-2-5.  
 Seventh race, Kenilworth claiming purse \$600, for 4-year-olds and upward: 1 mile and 70 yards - 1, Tom Lassie, \$12.40; 2, \$4.90; 3, Plunger, \$2.10; 3, Camilla Muller, \$5.10. Time, 1:50-2-5.  
 Thomas was not a prime favorite with his rich uncle. In vain did he try to impress him but the old man was not easily impressed.  
 One evening the young man went to his uncle's home for a call, and in the course of conversation asked: "Uncle, don't you think it would be rather foolish of me to marry a girl who was intellectually my inferior?"  
 "Worse than foolish, Thomas," was the reply. "Worse than foolish - impossible." Exchange.

**Uniting the Moslem World Against the West - Russian Policy in the East**  
 By Arthur Hanson in The Manchester Guardian.  
 As far as the East was concerned, after the sudden relaxation of Russian pressure, the central fact of the Russian Revolution was that it raised the whole question of foreign dependencies, not as it was raised during the war, when both sides professed principles to apply to enemy nations only, but by proclaiming a principle to apply to all nations. Russia herself setting the example - a principle which kindly-minded men of all creeds and colors have long been clamoring for. The principle laid down was that regardless of the superior strength of certain nations, regardless of their economic interests, each nation, however small, however weak, had an absolute inalienable right to dispose of itself as it should think fit.  
 As the Communists put it, the whole system of colonies, of spheres of influence in which some foreign nation was politely but firmly master of the house, of protectorates in which nations were forcibly protected from the dangers of their protectors, of mandates given by anybody except by the people whose affairs the mandates concerned" was called in question, not by a professor in his study, not by a group of unpractical philanthropists in a club, but by a nation through the megaphone of a revolution which stirred the whole of civilization nearly as profoundly as the trumpets of the Israelites seven times blown stirred the walls of Jericho.  
 The phenomenon had occurred before and, though the megaphone of those days was less efficient and the effect produced was on a smaller scale, it was always of the same character. The French Revolution in its early stages made a renunciation of conquest. And in Belfast, on July 14, 1781, a public meeting of volunteers and other inhabitants passed a resolution that "We do congratulate the Christian world that there is in it one great nation which has renounced all ideas of conquest and has published the first glorious manifesto of humanity, of union, and of peace." The French Revolution was of course fought into taking a different attitude, but the mere words of its beginning were an encouragement to those who founded the "United Irishman" and to some degree made possible the rebellion of 1798. To-day the Nationalist East looks towards Moscow precisely as the rebellious Irish looked towards Paris in 1791. The Emir of Afghanistan, writing to Lenin, in a letter to be printed in a later article, uses expressions similar to those of the men of Belfast. The Turkey that is ruled from Ankara (the only Turkish city still in Turkish hands) is the Emir of Bokhara, and Tibet have their respective recognized ambassadors, ministers, or envoys in Moscow, while Europe is still palling into extremes. The East, as the Afghan Emir puts it, looks upon Lenin temporarily as the humane defender of civilization, while Allah preserve him.  
 That, of course, is not a permanent state of affairs. It is worth while to remember that the Russian Revolution began with the renunciation of conquest it ended with Napoleon's grand tour of Europe. And we claim principles to apply to enemy nations only, but by proclaiming a principle to apply to all nations. Russia herself setting the example - a principle which kindly-minded men of all creeds and colors have long been clamoring for. The principle laid down was that regardless of the superior strength of certain nations, regardless of their economic interests, each nation, however small, however weak, had an absolute inalienable right to dispose of itself as it should think fit.  
 As the Communists put it, the whole system of colonies, of spheres of influence in which some foreign nation was politely but firmly master of the house, of protectorates in which nations were forcibly protected from the dangers of their protectors, of mandates given by anybody except by the people whose affairs the mandates concerned" was called in question, not by a professor in his study, not by a group of unpractical philanthropists in a club, but by a nation through the megaphone of a revolution which stirred the whole of civilization nearly as profoundly as the trumpets of the Israelites seven times blown stirred the walls of Jericho.  
 The phenomenon had occurred before and, though the megaphone of those days was less efficient and the effect produced was on a smaller scale, it was always of the same character. The French Revolution in its early stages made a renunciation of conquest. And in Belfast, on July 14, 1781, a public meeting of volunteers and other inhabitants passed a resolution that "We do congratulate the Christian world that there is in it one great nation which has renounced all ideas of conquest and has published the first glorious manifesto of humanity, of union, and of peace." The French Revolution was of course fought into taking a different attitude, but the mere words of its beginning were an encouragement to those who founded the "United Irishman" and to some degree made possible the rebellion of 1798. To-day the Nationalist East looks towards Moscow precisely as the rebellious Irish looked towards Paris in 1791.

**COMMUNIST IDEOLOGY.** They will do their best to retain, as Napoleon retained, as much of the Revolution's mental baggage as can be classed as munitions of war.  
 Part of the mental baggage to be retained by the heirs of the Revolution will be precisely this attitude of renunciation of economic interests in the East. Even should there be the completest counter-revolution, it will be a long time before any Russian is capable of having economic interests of that kind. Why, then, continue to renounce them? Renunciation of the ordinary motives of a nation's foreign affairs has given Russia an advantageous position in Eastern diplomacy which no Russian government is likely to sacrifice for economic reasons in the near future. Political reasons, however, may take the place of economic in weakening that position. Russia may desire to renounce all kinds of material gain, but if Communism and Russian friendship continue to be closely bound up together, their own desires to revolt against other people, this internal contradiction in Russian policy, which must at last lead to some radical change in their own relations, is already visible in Russian dealings with Turkey, at present her most important ally. It lent an atmosphere of mistrust to dealings with her on the part of Persia. It showed itself in such small things as the refusal of the Afghans to allow the Russian Mission to hang the red flag of the Republic outside their house in Kabul at the very time when official relations on a larger matter were of the most cordial kind. It overthrew, not on Communist lines, but with Communist help, of the old more or less despotic governments of Bokhara and Khiva, increased the vague fear already felt. The revolution with its first words made the Eastern ally of Russia; and that same revolution is already well on its way to create new disagreement between Russia and the East. To put it briefly, the policies of the Soviet Government and of the Third International are already in contradiction, and in some cases are in a fair way to nullify each other.

**PEACE SUNDAY**  
**SET FOR AUGUST 28**  
Churches Asked to Mark It as  
Peace Memorial Day

The churches of the province are being requested by the historical committee of the International Peace Memorial Association to observe August 28 as a Peace Memorial Sunday.

have that, under God, the structure of civilization mainly rests. Only in the teachings of the Master of all men, shall we find the ultimate brotherhood of man.

The ministers of the churches, therefore, are earnestly requested to call the serious and grateful attention of their congregations and Sunday Schools on the last Sunday in August to the immense value of the Peace Portal dedication on the boundary line on Sept. 4, and to ask the sympathy and help of your people in the whole matter, so that we may enter fully into the spirit of the occasion and thus assist in ushering in the glad day of universal peace amongst the peoples of the earth.

**WEATHER CHANGES  
AFFECT FRUIT CROP**

The sour cherry crop of Vancouver Island is practically over, the report of the Department of Agriculture, announces to-day. Five cars were shipped from Victoria and the price realized was good.

Loganberries are still hanging on and the rain will be of considerable benefit to them.

Potatoes are not looking in good condition owing to the continued

drouth, which preceded the rain of the last couple of days.

Yellow transparent and Duchesse apples are being harvested at present.

Apples in general are not doing well owing to the drouth, but may move forward now with more moisture available.

The rain in the dry spell is a disadvantage to the harvesting of grain as there is a great deal cut and in the field at present.

**PTARMIGAN MINES  
PUT UNDER BOND**

Valuable West-Coast Properties to Come Under Consolidated, it is Believed

The Ptarmigan copper mines, on the West Coast of Vancouver Island, which came into prominence in 1912, when the Ede of the High bought it and started to work it on a large scale and brought out a large number of English miners, has been bonded for three months. It is believed that the option has been taken by the Consolidated Smelting & Mining Company, which has been busy lately picking up copper properties in other parts of the Province.

The Ptarmigan is at Big Interior Mountain at the head of Beadwell River and is reached through Clayoquot. It joins the Big Interior property which is on the eastern slope looking down to Central Lake and which was bought by the Ede of the High in 1912. The Big Interior was located by Joe Drinkwater in 1899 and examinations are said to have proved it to be a surprisingly satisfactory property.

Just before the war the Earl of Denbigh bought the aerial tramway from the Tye company. When war broke out, however, all the Englishmen threw down their tools and deserted the mine and went to the front. The property was left deserted.

**MARK CAM-SHAFT GEAR.**

If it becomes necessary to remove a cam-shaft gear it must be marked so that it may be replaced correctly. Mark on tooth on the crank-shaft gear and the two adjacent teeth on the cam-shaft gear. A chalk mark is good, but a prick punch makes a mark that will not rub out. When the gear is replaced it must be set exactly according to the marks.

An Acknowledgment—The Times acknowledges to Young's Studio the excellent Bowlers picture on the sport page of this issue.

**CANCELLATION OF RESERVE.**

Notice is hereby given that the reserve against the acquisition of Coal under the "Coal and Petroleum Act," established by notice dated 11th of February, 1920, and published in the British Columbia Gazette on the 13th of February, 1920, is cancelled, except in so far as the same relates to the following areas:

- All of the lands lying within the boundaries of the drainage areas of the Skeena River above and including Duti Creek, the East Fork of the Nass River, the Little Klappan River, and the Skeena River, above and including Kluasjets and Indian Creeks.
- All that portion of Vancouver Island lying easterly of the following described boundaries: Commencing at a point on the West Coast of the Island at the mouth of Muir Creek, thence following the western boundary of the Esquimalt and Nanaimo Railway Belt to the south-easterly corner of the Strathcona District, thence following the south boundary of the said reserve to its south-west corner, thence north following the "E" boundary of the said reserve to its north-west corner, thence west along the south boundary of Sayward and Rupert Districts to the western boundary of the watershed of Nimpkish River, thence northwesterly along the westerly boundary of the watershed of said Nimpkish River, Nimpkish Lake and Kechik River to the south boundary of Township 2, Rupert District, thence west along the south boundaries of Townships 3, 4 and 10 to Marble Bay, thence northwesterly along the centre of Marble Bay and the West Arm of Quatsino Sound to the mouth of Spruce Creek, thence along Spruce Creek to the east boundary of Township 27, Rupert District, thence north along the east boundary of said Township 27 to the northeast corner thereof, thence west along the north boundaries of Townships 28, 29 and 30 to the Pacific Ocean, including all the forebore and lands covered by water adjacent to the East Coast of Vancouver Island, together with all islands lying between the Mainland of the Province south of the 49th parallel of north latitude and Vancouver Island, and all of the lands within the boundaries of the Districts of Otter, Metlakatla, Metlakatla, Kootenai, Victoria, Lake and North and South Shanh-shooke and Highland.

The cancellation of this reserve shall not take effect and staking for coal shall not be lawful until notice of such cancellation is published for sixty (60) days in the British Columbia Gazette and in a newspaper published or circulating in each of the Land Registration Districts of the Province of B. C.

This notice shall in no wise effect the reserve against the acquisition of coal, petroleum and natural gas in the Peace River District, established by notice in the British Columbia Gazette on the 27th of March, 1919, which reserve is still in full force and effect.

**Financial News**  
WHOLESALE PRICES SHOW VARIATIONS  
TO-DAY'S EXCHANGE  
(Burdick Bros., Limited.)  
New York sterling \$3.67.

**STOCKS CONTINUE  
LOWER TO-DAY**

Wholesale row to-day showed numerous variations in which the vegetable market took a prominent place. This is well illustrated by the decline in cucumbers, carrots, beets and turnips, which have all fallen considerably. Turnips, which were selling at \$1.50 and \$1.25, are now being picked up by the retailer at 50c, while beets that were at \$1.00 are also going at 50c. Twenty-five cents is the drop which marked the change in carrots and turnips. The only incline on this market was secured by green peas, which advanced from eight cents to ten cents.

Dairy products claimed four changes to-day, all of which noted an advance in price. Special Creamery Grade 1 Creamery, and Grade 2 Creamery have all jumped a cent, while B. C. Cheese registered a one cent advance.

New arrivals of grapes are on the market. Three different prices are marked down for the three different brands, which are selling at \$4.50, \$4.25, and \$3.50. California grapes are on the decline, and are being picked up at the wholesale house for \$6.25 and \$7.25. Lemons also show an encouraging change, having dropped \$4 and now going at \$8. Cantaloupes have dropped in price in spite of the fact that this fruit is in great demand on the market. Local apples are becoming popular on the market; especially in the Okanagan district. The wholesale quotations for to-day are as follows:

**TO-DAY'S TRADING IN  
WINNIPEG MARKETS**

Winnipeg, Aug. 23.—The local futures market was not very active to-day with the price steadily advanced and the trade watching condition. Prices were higher to-day and October topped at 139c, November at 140c, and December at 141c. The close was 1 1/2 to 2 cents higher.

Cash buyers were not numerous, those that were in the market were bidding 47, 48 and 49 over the October for the three top grades.

The future market for coarse grains showed a little change to-day, with wheat showing a decline. Oats were 1/2 cent higher; barley 1/2 cent higher to unchanged; flax 1/2 cent lower to unchanged, and rye 1/2 cent higher.

Cash oats and barley showed a less demand and were accordingly fractionally lower. A fair demand existed for flax from both Canadian and American millers. The offering continues light.

Inspections totaled 557 cars of all grains, which will cover contracts for the month of September.

**GRAINS SHOW  
FIRMNESS AT CLOSE**

(By Burdick Brothers, Ltd.)

Chicago, Aug. 23.—The market here acted in a very unusual manner to-day, there were three periods of alternate weakness and strength. Towards the close, however, short covering was suggested by reports of some crop damage and final quotations were the high for the day.

UTILIZE TIMES WANT ADS

**Follow the Financiers**

You must be impressed by the quality of Daily Newspaper Advertising being used by Canadian Banks, Trust Companies, Life, Fire, Accident and Guarantee Assurance Companies, and by Mortgage, Loan and Debenture Corporations.

This is the result of the Daily Newspaper Advertising of the Victory Loans.

Financial men received a lesson then that they have been quick to profit by.

What is true of the effect of financial advertising is equally true of the results from advertising services or commodities.

Wisely directed Daily Newspaper Advertising is irresistible.

Issued by Canadian Daily Newspapers Association  
Head Office, Toronto

**Your Best Investment**

Life Insurance offers the best form for saving money. It is an investment for small sums, and affords "protection" for many times the annual deposit or premium. It is the only method of combining savings and protection.

It is also the sure way of leaving an estate. Fifty per cent. of all estates at death consist of life insurance—many persons are unable to leave anything else to their families.

For these reasons the people of Canada are buying twice as much life insurance in these days of retrenchment as they did even two years ago.

Life Insurance is your best investment.

**Life Insurance Service**  
"CONSERVE THE HOME AND STABILIZE THE NATION"

**Builders Hardware HARDWARE FOR HOME BUILDERS**

It is the natural desire of every home builder to put the very best material he can afford into his home. Hardware holds an important place in home building—every thoughtful man, or woman, for that matter, realizes that dependable locks, latches, catches, hinges, etc., add life to a building—that they eliminate repair bills and add beauty, comfort and convenience. It certainly pays to put good hardware into a home and you'll find the most desirable kinds here, at the fairest of prices. Builders will also profit by seeing our big stock.

**DRAKE HARDWARE CO. LTD.**

2213 Oak Bay Ave. 1418 Douglas St.

Quality maintains economy. No matter how much you pay "per gallon" for other lubricating oils, you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oils.

**IMPERIAL Polarine MOTOR OILS**

**Your Smallest Expense**

THE cost of properly lubricating your car with Imperial Polarine Motor Oils is your smallest operating expense and, yet, the exclusive use of Imperial Polarine Motor Oils will just about cut in half your greatest expense, depreciation, as well as most of your other operating expenses.

Poor lubricants are not cheap at any price. The very best lubricant you can buy for your car is really the only one you can afford to use. Good lubricants give you the most lubrication for your dollar.

Imperial Polarine Motor Oils are recognized everywhere as standard of uniform high quality. There is a grade scientifically formulated to meet the lubrication needs of every moving part in every motor vehicle. For economy sake, standardize on Imperial Polarine Motor Oils.

See our Chart of Recommendations for the correct grade of Imperial Polarine Motor Oils for your car, at your dealers. Or write to 56 Church Street, Toronto, for our interesting book, "Automotive Lubrication."

**IMPERIAL OIL LIMITED**

Branches in all Cities

**WE GIVE IMPERIAL Polarine CRANK-CASE SERVICE**

**For a Clean Efficient Motor**

You cannot lubricate your car properly unless your crank-case is thoroughly cleaned every thousand miles or less. The sign on the left distinguishes dealers who are prepared to give prompt and expert crank-case cleaning service. These dealers will flush out your crank-case with Imperial Flushing Oil, a cleansing agent especially made for this work. Turn in at the Blue Crank-Case Service sign-to-day.

THE NEWSPAPER enters the home and has a more intimate appeal to all members of the family than any other reading matter.

**TRUSTEES HAVE NO POWER TO REDUCE SALARIES PAID**

Cannot Cut Pay of Teachers Refusing to Sign New Contracts

"It is our view therefore that the contract continues, subject to the right to terminate it as provided for in section 116B" (of the Schools Act) was the summary with which H. B. Robertson closed an exhaustive review of the impasse between the Saanich School Board and its teaching staff, submitted to the Trustees at a special session held last night at Royal Oak.

The legal opinion declared that the letter the Saanich Board sent its teachers, demanding the signature of contracts, with the alternative to signature placed at a reduction of salary to \$820, was not in any way a notice of dismissal.

"A. Condonation."

That continuation of negotiations, after the teachers had made their strike threat in March, had been in fact a condonation was also noted by Mr. Robertson.

Chairman Holloway suggested that, if the Board had power to reduce salaries, it should have authority to lower them. This, trustees were informed that a raise was made by consent of all parties, and should a reduction be agreed to by teachers, it would be legal, but not enforceable under other circumstances. The Board was told its only recourse was discharge in the manner provided by the Schools Act, by one month's notice at the end of a term, and subsequent re-hiring.

"Find Contract Exists."

The Board then without comment passed the following resolution: "That the teachers who have declined to sign contracts be individually notified that the Board, having consulted solicitors, has been advised that there is an existing contract between the Board and each teacher at the present rate of salary, on a yearly hiring, terminable by either side by the giving of thirty days notice prior to the end of each term."

Trustee Hull remarked, "It looks to me as though we will have to begin all over again next January."

"Contract Was Sole Aim."

In discussion it was stated that no member of the Board had wished to reduce salaries, this remark provoking a chorus of "No, No," around the Board. What was wanted was to establish a contract with each teacher, which the Board now found to exist and be effective to next June. Chairman Holloway remarked, "An alternative to firing the whole staff, this proposal of reducing to \$820 yearly all those refusing signatures was made, and we all thought it a very fine idea indeed."

**STOPPED HER HEADACHES**

Years of Suffering Ended By "Fruit-a-tives"

112 Hazen St., St. John, N. B.

"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-tives,' made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything consulted doctors but nothing seemed to help me until I tried 'Fruit-a-tives.'"

After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since."

**TOLMIE PRINCIPAL CONGRATULATES SAANICH BOARD**

Frankly Glad No Longer Required to Recommend Promotees

Principal J. O'Neill, of Tolmie School, last night waited on the Saanich School Board and expressed his satisfaction with the success attending the efforts of the Board to abolish promotion to the High School by recommendation of the Principal. "This course takes a great and not desired responsibility off the shoulders of the Principals," he said.

Mr. O'Neill commented upon the school curriculum and its effect on promotions, citing the fact that during the school year ending experiment one class had but one reading lesson per week last year, "and consequently cannot quickly attain the meaning of a paragraph." He claimed that success in High School examinations depends vitally on the work done in the primary classes.

The Board listened with close attention while Mr. O'Neill gave an expert's opinion on educational methods, asking him many leading questions. Special interest was shown when Mr. O'Neill declared children to be helped too much in the schools of today, that they are not kept keyed up to the top notch of endeavoring experiment and expect to have a steady helper in the teacher.

Chairman Holloway agreed "those are my own opinions." Speaking of working lessons and the new system of the Summer course for teachers, Mr. O'Neill declared himself hopeful, but said, "I am not sure because ninety per cent. of the teachers do not know it themselves."

**WOULD TALK TO MONTREAL IN THREE HOURS**

Victorians Will Welcome Telephone Delegates Thursday

In addition to the visitors from the Dominion Accountants' Association meeting here on Thursday, Victoria will receive a delegation from another convention now sitting in Vancouver, that of the Canadian Telephone Companies.

They will reach the city Thursday by road by Nanaimo, N. G. Fitzpatrick, general superintendent of traffic for the B. C. Telephone Company, is chairman.

Among those present at the convention are: W. H. Winters, Montreal; F. Daggar, Toronto; W. R. Adams, Montreal; O. J. Fraser, St. John; W. R. Pearce, St. John; W. A. Dyer, Winnipeg; C. G. Hunt, Winnipeg; J. H. Winfield, Halifax; R. B. Baxter, Edmonton; J. T. Baker, Edmonton; R. Young, Winnipeg; J. Barne, Halifax; W. A. Winfield, Halifax; N. M. Laab, Montreal; F. G. Donnelly, Montreal; J. W. Delaney, Winnipeg; P. A. Bolander, Winnipeg; J. Miles, Montreal; E. Jones, Regina, and J. E. Lowry, Winnipeg.

George H. Halse, vice-president of the B. C. Telephone Company, said he was welcome at Vancouver, urged some system of inter-provincial telephone communication, an "all-Canada" telephone across Canada.

Public Utility.

Referring to the fact that his company was passing into the public utility stage the speaker said that telephone companies had never had more advantages and difficulties to face than at present. There was the one big question of whether it should be automatic or manual service in the future and something had to be done in that direction soon. He paid a tribute to efficiency of the Railway Commission in its relationship with the B. C. Telephone Company, and said that the feeling between the public and the telephone companies to-day was a thousand times better than it was ten years ago. The best asset the company had on its books, he declared, was the goodwill of the people, and goodwill could only be retained by good service. Speaking of labor conditions, Mr. Halse stated that he was not one of those who favored a cut in wages. "I am not particularly in favor of a reduction of wages," he said, "but I'm in favor of men giving better value for the wages they receive. We have tried in our company to get efficiency and our experience has been very satisfactory under the high wages. We never had a better class of employees or greater efficiency."

J. H. Winfield, general manager of the Maritime Telegraph and Telephone Company, said he saw close relations growing year by year between the East and West of Canada. Complete union could be hastened by an extension of the telephone. It took about 120 hours for two persons living at opposite ends of the Dominion to get into conversation with each other if railways had to be depended on, and he pointed out that this could be reduced to two or three hours if the long-distance telephone were available.

**ISLAND FASCINATES GEORGE PATTULLO**

"Fighting Sons of Guns" He Called Canadians in Battle

George Pattullo, staff star of the Saturday Evening Post with a salary over the five figure mark, learned yesterday how much he looks like his brother, the Hon. T. D. Pattullo, Minister of Lands.

Mr. Pattullo is on a holiday in British Columbia. He was hailed as the Minister, who is now on a trip to England, Norway, Sweden, France, Italy and Egypt.

Mr. Pattullo wondered why people on Vancouver Island do not make more use of their scenery. Coming through Cameron Lake, despite the rain he had the cover of the car put down so he could see the big trees.

"Tourist Business Safe."

"There is only one spot in the United States where business is good," said Mr. Pattullo. "In some places there is depression, in some it is only a lull. The only good place is California, which is being saved by the tourist business."

Mr. Pattullo, whose home is in Dallas, Texas, said that he is not doing himself with writing articles. His only ambition now is fiction.

"Fiction Ambition Only."

"It is a relief not to be writing articles," he said. "I commenced when Pershing went down to help clear up the Mexican mess and have been at it more or less ever since. My personal desire is to write fiction although it is much more difficult. In my younger days I made it a point to produce two fiction stories a month, but my battling average is declining."

Mr. Pattullo "covered" some features of the war and wrote the great war story on the Canadians, entitled "Fighting Sons of Guns of the Air" also brought him notice.

Germany Coming Back.

Lately he has been busy on a moving picture contract at Hollywood, California. For half of last year he was in Europe.

"Germany is recovering faster than the other nations," he said. "It is one of the ironies of fate, but it is the old story that the man who works succeeds. It was the same after the Franco-Prussian War. Germany thought that she had imposed a crushing indemnity on France and organized the Peace Arch on a orgy of extravagance. France worked, and Germany found that her beaten rival was making greater progress than she."

A second brother, J. B. Pattullo, K. C., of Vancouver, and Dr. Barrelet, of Victoria, accompanied Mr. Pattullo and his wife on their motor holiday on the Island.

**PEACE ARCH OPENING AROUSES INTEREST ALL OVER AMERICA**

That the forthcoming Peace Arch celebration at Blaine is attracting attention all over the continent has been amply demonstrated during the last few days by letters which have been received by Samuel Hill, who organized the Peace Arch plan. Yesterday Mr. Hill received the following letter written from Williams College, Williamstown, Mass., by Deacon Hill.

"Dear Mr. Hill—It would have given me great pleasure to come to Seattle and join in the ceremonies for the erection of the Peace Portal. My time in America will, however, be too short to permit me to travel to the Pacific Coast. Pray, express to your friends my regret and my hearty sympathy with the admirable plan of commemorating a hundred years of peace by erecting this monument. May the peace it commemorates be eternal. Faithfully yours, (Signed) 'JAMES BRUCE.'"

**The WEATHER**

Daily Bulletin Published by the Meteorological Department

Victoria, Aug. 23—5 a. m.—The barometer is slowly rising and fair weather is being reported from all parts. Rain has fallen from the Coast to the Okanagan and showers have occurred in Northern Alberta and Saskatchewan.

**Guard Your Baby Against Summer's Danger**

We have no desire to magnify the dangers of hot weather, but past summers have proved, only too sadly, that they do exist.

Every summer Glaxo safeguards the health, nay, the lives of an ever-increasing multitude of babies, for Glaxo, the Super-Milk, germ-free, uncontaminated, unaffected by hot or thundery weather, protected against flies and dust, is Baby's best insurance against "summer complaint."

For example, in the last great epidemic of summer diarrhoea in England, a doctor, recounting his experiences with Glaxo, tells in "The Practitioner" how the Park Hospital for Children at Lewisham escaped the plague. He writes:—"With regard to how the 800-odd children under their care fared during the epidemic, 450 (Glaxo). By this means they succeeded to a great extent in dodging the epidemic which was surging around them."

Be warned and see that your child gets Glaxo—the milk that is safe, so safe that one doctor wrote in a report to the British Local Government Board, "We have never seen a case of severe diarrhoea in a Glaxo-fed Baby." Insure Baby against summer diarrhoea by feeding him at the breast or upon

Send 50 cents for the 136-page Glaxo Baby Book

For 50 cents we will send you the 136-page Glaxo Baby Book and a Glaxo Weight Chart. In addition we will send to Expectant Mothers who state the month Baby is expected, our booklet "Before Baby Comes" and a Special Recipe Book. If you do not think the Glaxo Baby Book alone worth more than 50 cents, we will multiply refund your money. Write today to our Agents below.
