# **TO OUR CUSTOMERS**

#### THIS IS A CATALOGUE OF DEPENDABLE THINGS

We do not sacrifice quality for price. You cannot get something for nothing. Our rapidly growing trade is with the class of people who are willing to pay a reasonable price for merchandise of quality. We do business on this principle—one good plant that grows and blooms is worth half a dozen that are grown so crowded and weak that they never make a good plant, no matter how you pet and fuss with them.

matter how you pet and fuss with them. Our list is not as large as some, but you will find that we have discarded the varieties that are not suitable here and list only those we know will prove satisfactory to you.

#### SERVICE

Service means quality of goods plus the ability to care for your orders in such a manner that you will come again—Our ever-increasing trade shows that we have both and we are giving them to our customers.

Any order that does not prove satisfactory in every way we are ready and glad to make right—if proper claim is made within a reasonable time after time of shipment.

**Errors.** If goods received are not as expected compare with order, read Catalogue carefully, and if we are in the wrong, write us at once. Every just complaint will have immediate attention.

**Remit** by bank draft, express order, postoffice order or registered letter.

To Responsible Parties goods will be sent on approval.

**Plants by Express.** Have your plants, shrubs, etc., sent by express when you can possibly do so. Under the new ruling they go at special rates in Iowa, making the cost very reasonable. We guarantee safe arrival of all goods by express.

**NOTICE.** Plants by Mail. Add 10c per dollar on all orders for plants to go by mail. Prices given in this catalogue are not prepaid. Postage or express is to be paid by purchaser. All large plants must be sent by express.

#### POINTS ON THE CULTURE OF FLOWERS

Treatment of Plants Received by Mail. If plants are wilted immerse them in water, without removing the packing material and allow them to remain for half an hour. Then unpack and set in small pots in rich fibrous loam, shade from the sun and sprinkle foliage every day being careful not to overwater the roots until the plants begin to grow, after which they may be shifted to larger pots if necessary.

Soil in Which to Pot Plant. The best soil for most plants is composed of two-thirds good garden soil, and one-third well-rotted manure, well mixed up together. If not naturally sandy, it is well to add some sharp sand.

Watering. Whenever the plants are dry, water so that the earth will be saturated, and no more. No water should be allowed to remain in the saucers under the pots except in the case of aquatic plants. Soft-wooded plants require much more water than hard-wooded ones.

**Drainage** is of the utmost importance. Every large pot should have at least an inch of broken pot, shredded moss or charcoal in the bottom.

**Syringing.** All plants are benefitted by liberal spraying two or three time a week on the under side of the leaf.

Air. Ventilate well every day when air above freezing point can be admitted. Do not allow cold air to blow directly against plants.

Insects. One of the most disgusting of these is the Scale which attacks the Ferns, Palms, Ivies, etc., lodging on the stem and under side of leaf. There is no remedy but scraping off and destroying. A severe scrubbing with an old tooth brush and soap will remove the scale. Mealy bugs lodge in the axils of the leaves and are easily removed by using an old tooth brush. Red spider shows itself in a brown died condition of the leaves and is an indication of too dry an atmosphere. Sponge, sprinkle or wash the leaves often and thoroughly. The Green Fly or Aphis, is best destroyed by tobacco smoke, if the smoke can be confined about the plants; otherwise a tobacco tea, made by steeping one of water, can be used. Dip the plants in the liquid, or sprinkle them thoroughly with it; or moisten the plants with water and sprinkle tobacco dust over them, letting it remain until the usual watering washes off.

Worms in the Soil. Lime water will usually expel them without injury to the plant, one part lime to twenty parts of water, and when clear, give one or two waterings.

Mildew. A whitish or moldy appearance of the leaves. It is caused by a sudden change in the atmosphere from great heat to cold, or by a draft from open windows or door. At first appearance dust them with sulphur.

#### PRICE OF INSECTICIDES

Tobacco Dust. 20c per pound. Tobacco Whale Oil Soap. 20c per ½-lb pkg. Nicotine Paper. 8c per sheet, 4 sheets for 25c. Nicotine Extract. 60c per ½ pint bottle.

If by mail add 5c per lb.

### **CUT FLOWERS**

In design work and loose cut flowers we are better than ever prepared to care for your wants. With 55,000 feet of glass devoted to flowers, our excellent facilities for storing and shipping, we are sure that you cannot do as well elsewhere. We carry on hand the largest stock of seasonable cut flowers in Central Iowa, even in the largest cities few firms carry the stock that we do. Fre-quently persons are undecided what to order and at such times you may leave the selection to us, stating what you wish to use them for and the price you wish to pay.

WHEN TO ORDER. Give us as much time as possible. Do not be afraid to order even a week or two ahead. You are sure of getting just what you want. Where an order is not sent in until the last thing, we sometimes have to substitute either in kind or color of flower wanted.

HOW TO ORDER. All customers will please notice that orders for early morning shipment must be in the night before. Our postoffice closes at 7 p. m. If you are not sure that your order will reach us before that time, it is safer to wire us. Telephone messages can be sent after 8 p. m. at considerable reduction. It is always best to telephone or telegraph your order when time is limited, as you are then sure of reaching us on time. Don't trust the mails; trains are often late and we often do not receive orders on time.

SUNDAY MAIL. If your order is sent by mail for Monday shipment, be sure and affix a spe-cial delivery stamp if letter is liable to reach here on Sunday, as we do not receive all our Sun-day mail until Monday morning. FLOWERS BY EXPRESS. All cut flowers, designs ,etc., packed to carry long distance safely,

All cut flowers, designs ,etc., packed to carry long distance safely, either winter or summer.

either winter or summer. **FLOWERS BY MAIL.** On request we often send small boxes of loose cut-flowers by mail, as a rule they reach their destination all right, especially carnations, but much prefer sending by express, as flowers carry better and cheaper. If orders are to go out by mail, add 20c postage which includes special delivery stamp. **TERMS AND CONDITIONS.** Cut flowers are strictly cash, and payment must be made im-mediately on receipt of flowers. We seldom send C. O. D. It often embarrasses those who buy,

and it is a needless expense.

and it is a needless expense. **COMPLAINTS** to be allowed should be made immediately on receipt of flowers. **RESPONSIBILITY.** While we exercise the greatest care to have all flowers reach their des-tination on time, and will not ship unless we are reasonably sure they will reach you on time, we positively will not be responsible for delays in trains, wrecks, or express agents' negligence. Should your flowers reach you too late, accept them under protest, do the best you can with them. If for a funeral, lay them on the grave, we will share the loss with you and take care of any

claim against express company. OUR SHIPPING FACILITIES. The fact that the great harvester companies have their gen-eral agencies in this city is in itself a sufficient guarantee that there are none better in Northern Iowa.

### Flowers for the House the Season Through

You enjoy having flowers in the home and having them on the table when you have a few friends in; why not have them oftener? Part of the year you cannot grow them, but we make it easy for you to have them whenever you like, at a small cost. Our \$1 and \$2 boxes of cut flowers sent prepaid anywhere is always suitable whatever the occasion.

#### A BIRTHDAY

Have you a friend you would love to remember, then say it with flowers the most beautiful of remembrances. Our assorted boxes, \$2.00 and up, are very ap-propriate\_say when they should propriate—say when they should reach destination. For the home, for a party, for a birthday, or for a sick friend.

Just mail us your card and with the address of the person who is to receive it, and we will do the rest. We know you will be pleased.

#### VERY IMPORTANT

How to Keep Your Cut Flowers All design work. Leave in the boxes and set in a cool cellar un-

boxes and set in a cool cellar un-til ready to use. Loose Flowers. Remove from boxes at once, clip the ends of stems and put them in water and set in cellar, using deep vase with plenty of water at bottom, and see that the stems are down in the water. By securing loose flowers early and keeping them 12 to 24 hours before using, you double the value of the flowers. double the value of the flowers.

**Butterfly Roses** 

Assorted Boxes of loose cut flowers and greens, suitable for any occasion, at \$1, \$2, \$3, \$5 and \$10. Try one of our \$1 boxes for your sick friends. It will surprise and please them, and nothing will cheer them more. Sent prepaid anywhere for \$1 and upward.

### HOLIDAYS

Owing to the extraordinary demand, it is sometimes impossible to give you exactly the kind of flowers ordered. We do our best, but our customers will find we can give better values in mixed boxes of our own selection, \$2, \$3, \$5, \$10.

#### DECORATION DAY

One of the hardest days of the year to supply the demand. If the weather is hot and damp, it is a time of poor quality and high prices. We shall endeavor to bill all stock at most reasonable prices, according to quality. Prices from May 28th to June 1st will be about as follows:

May 28th to June 1st will be about as follows: Carnations, assorted colors only and our se-lection, \$1.50 and \$2.00 per dozen; Roses, \$1.00, \$4.00 per dozen; Mrs. Russell and Columbia, \$3.00 and \$4.00 per dozen, extra long, \$6.00 per dozen; Jasmines, 60 cents per dozen, \$4.00 per 100; Gladiolus, \$3.00 and \$4.00 per dozen; Lilles, \$4.00 per dozen. Count of lilies includes buds.

#### MOTHER'S DAY

Usually observed in all churches the second Sunday in May. Wear a flower for mother's sake, a white one for the mother that is dead that is dead, and a colored one for the one who is living.

one who is living. **Carnations.** Assorted colors only, and our selection of color, \$2.00 per dozen. Extra fancy, \$3.00 per dozen. **Roses.** \$1.50, \$, \$3, \$4 per dozen. Short stemmed roses, assorted colors. \$1.50 doz. **Special Notice.** All carnation orders for Mother's Day are taken by us with the distinct understanding that part Roses may be substituted for carnations if necessary. necessary.

### FLORIST TELEGRAPH DELIVERY We are members of Florist Telegraph Delivery Association of America Flowers Delivered to Any Part of the World

We have a representative in, or near every city, town or hamlet, who will fill and deliver anywhere any order, on short notice through our co-operate telegraph system.

Caladium Esculentum

On all small orders to go by mail add 10% for postage.

### GLADIOLI—The Most Popular Summering Flowering Bulb

You are sure of fine flowers if you plant Gladiolus, the most attractive of all summer flowering bulbs. They need only a little culture to keep the weeds down, will grow in any good soil and with ordinary rainfall seldom fail to flower.

The best time to plant is about the first of May, but they may be planted by the 20th of April in the Central States. A succession of bloom may be had from July to October by making planting ten days apart.

# **CHRYSANTHEMUMS**

The Chrysanthemum is, without doubt, the queen of autumn flowers. Their large blossoms of every character and form attract the attention of all who are interested in flowers. They are the most popular flower. We are continually adding new varieties to our large stock, and offer the cream of the best standard sorts of fine, well-grown plants. Compare our list with any specialist.

Those wishing large quantities to grow for shows should write us, stating the quantity desired, and we will make you special prices and guarantee you satisfaction.

**Feeding.** After September 1st, all plants should be fed about once a week, alternating with weak manure water (at the rate of one pail of manure to barrel of water) and am-monia water (at the rate of a tablespoonful of ammonia to pail of water). After buds com-mence to open, feed but little, and that very weak weak.

WHEN TO PLANT. Any time after the ground can be worked.

SOIL. Dig the ground deep. Put in quanti-ties of manure as the Chrysanthemum is a gross feeder.

DISBUDDING AND STOPPING. When your plant is 6 to 8 inches high, cut back to a height

#### STANDARD CHRYSANTHEMUMS Earliest Varieties

A Bed of Cannas Bordered With Coleus

### CANNAS (The Best)

No bedding plant equal to the Cannas; are easily grown, and attain large size in ordinary soil. Plant in good, rich garden soil, about the end of May, when all danger of frost is past. Water sparingly for first two weeks after planting. Set the plants 18 inches apart each way, and where more than one kind is used, be careful to set the dwarf growing varieties at outside of bed. Should be taken up in the fall when the tops are killed by the frost, and stored away in a dark, cool place. Our stock is very large, numbers many thousands, and all true to name, each variety being the best of its kind. There is nothing more beautiful than a bed

There is nothing more beautiful than a bed of Cannas, with their gorgeous flowers of all colors, which are produced above their rich, glossy foliage. No park or landscape planting is complete without several beds of these indispensable plants. Aside from the fact of its magnificent foliage display, it is exceedingly valuable on account of the great clusters of

#### WHITE VARIETY

PRICE LIST OF CANNAS-Standard Varieties.

Notice: This price is for started plants growotice: This price is for started plants grow-ing in pots ready May 10th. Purchasers se-lection, small plants, 15 cents each. 12 for \$1.50, 25 for \$2.25. Our selection—small plants, 12 for \$1.00; 25 for \$2.00; 50 for \$4.00. Purchaser's selection second size, 25 cents each, 12 for \$2.50, 25 for \$4.75.

#### ENGLISH DAISY

Beautiful little border plants, which bloom through the summer when planted in a shady situation.

Double Pink and Double White. 5 cents each, 50 cents per dozen.

Daisy Marguerite. See Marguerite.

#### DRACAENA INDIVISA

Beautiful window and greenhouse plants, thriving in a warm, dry room. Should have their thriving in a warm, dry room. Should have their leaves sponged off once or twice a week. For general decorative purposes, this is one of the best plants we know. It is of graceful habit, and an exceedingly rapid grower and is not af-fected by the sunshine, drought or storm. It forms a palm-like tree and does equally well either indoors or in the open ground; is espe-cially suited for center of vases, baskets and window boxes. Small size, 25 cents; larger size, 50 cents and 75 cents each.

Dracaena Terminillis. Broad ribbon-like leaves, of richest shades and colors, enjoys heat and sun, suitable for vases, baskets and boxes. 50 cents and \$1 each.

#### FORGET-ME-NOT (Mysotis)

These quaint, neat, low-growing plants love cool, moist soil, and, like pansies, bloom most freely in fall and early spring, producing star-like, light blue flowers. 10 cents each, 75 cents like, light per dozen.

#### FEVERFEW

One of our finest bedding and vase plants, giving an abundance of double white flowers, one inch across. 10 cents, 20 cents and 30 cents each; \$1, \$2, \$3 and \$5 per dozen, according to size.

#### FICUS ELASTICA (India Rubber Plant)

This has become a general favorite as a house plant because the large shining green leaves endure the dry air of a living room as well or better than any other part. \$1 each; \$1.50 each, \$2.00 each.

#### FUCHSIA (Single)

Speciosa. Very early bloomer. Tube and petals light rose. Charming. Corolla pink; sepals purple. Early

and free. Black Prince. Sepals bright carmine, corolla

light rose. harming. Corolla pink; sepals purple. Early Charming.

#### FUCHSIA (Double)

Jupiter. Sepals rich scarlet, corolla rich royal purple. Mrs. E. G. Hill. Corolla clear white, strong

grower. Price 15 cents each; 4 for 50c; larger size, 25 cents each,

**HELIOTROPE** 

Universal favorites on account of their de-iightful fragrance. They flower equally well as bedding plants in summer or pot plants in winter.

L. D. Opale. Lilac, with white eye. The Queen. Dwarf habit; flower royal purple, with distinct white center. Snow Wreath. The nearest approach to snow

white we have in the Heliotrope. Price of Heliotropes: Small plants, .15 cents

each, 4 for 50 cents; larger plants, 25 cents each.

#### THE CARDINAL CLIMBER NEW TENDER CLIMBER

We consider this the most brilliant annual climber ever sent out. Very strong grower, beautiful fern-like foliage literally covered with a blaze of fiery cardinal red flowers, from mid-summer till frost. Flowers are  $1\frac{1}{2}$  inches in diameter and borne in clusters of 5 to 7 flowers. Like a warm, sunny situation and good soil. 25 cents each, 5 for \$1.00.

#### CYPHERUS ALTERNIFOLIUM

#### (UMBRELLA PLANT)

A pretty, unique and striking object of very easy culture, growing and thriving under almost positive neglect. Being an aquatic, it is at home in the aquarium, but succeeds equally well as an ordinary pot plant if an abundance of water is given. Next to palms, the plant deservedly takes rank among the most useful foliage plants for inside culture. 25 cents and 50 cents each.

#### CYCLAMEN

Giant Flowered. Most beautiful and decorative of all pot plants, for winter and spring blooming. Foliage broad, massive and graceful, of dark green, beautifully variegated with silver and rose. The immense, fairy-like flowers are carried on long stems and produced in profusion for several months; quite fragrant. We have a fine stock, first size, separate colors, suitable for next winter's bloom at 25 cents and 50 cents each. Large size in fall, \$1, \$1.50, \$2.00 and \$3.00 each.

Plant in the open ground as soon as the ground can be worked in the spring. If wanted to flower during the summer and fall, as soon as the flower shoots appears, tie to small stakes; if wanted for winter blooming, the flower shoots should be pinched off until about the middle of August; by that time they will have made very strong, bushy plants. Take up and pot before September first and keep shaded and close for a few days, when they will be ready for removal to the conservatory or window, where they are to flower.

Our list of varieties are the best.

#### STANDARD VARIETIES

Enchantress. A splendid light pink, deepening toward center; far superior to any light pink. Aviator. Medium size, intense bright scarlet, very prolific bloomer.

Matchless. Fringed white. Dwarf, sturdy grower, very fragrant.

Cyclamen

### CARNATIONS

Nebraska. Largest size, clear dark scarlet. Good grower and bloomer.

Laddle. Of excellent size. Clear glistening pink. 15 cents each.

Mrs. C. W. Ward. Dark clear pink. Fine.

Bed of Coleus (See page 13)

## A SELECT LIST OF BEST DAHLIAS (Priced Separate)

The Dahlia is now taking first place among au-tumn-flowering plants; this is largely due to the splendid new sorts that are being brought out in the Cactus and Decorative class. There is noththe Cactus and Decorative class. There is noth-ing that can equal them in range of color and abundance of bloom. Any good, rich garden soil, not too wet, will grow good Dahlias. Show and Decorative types are the smoother petals. Cactus are the curled and twisted petals as shown in the cut.

Plant Dahlias in open ground, about the first of May, if the weather is favorable. If the ground is at all cold and wet defer planting until later date. With us, the started plants have proved as good as the tubers. In fact, they come into bloom more quickly than the tuber and are cheaper.

Always stake your Dahlias as soon as they are tall enough, using a good stout stake at least 4 feet high. In the fall, after hard frost, cut the tops off within 3 inches from the ground, take up and store in a cool cellar free from frost.

SPECIAL OFFER ON DAHLIAS. We have a fine lot of best named varieties that did not bloom early enough last year to true up. We offer them in assortment divided clumps—7 for \$1.00. They will give you satisfaction, as they are not only very cheap, but they are valuable sorts.

Ethel Wolfrum. Center white, outer petals rose, very free. 30 cents.

reak of Day Cactus. Clear sulphur yellow, changing white. 25 cents. Break

Lyndhurst. Brilliant cardinal red. 25 cents.

Princess Victoria. Primrose yellow, very early flowering. Large size 25c. Dreers White. Best shown white, 30c. Easton. Brilliant Turkish red. 20 cents.

Jack Rose. Brillian large size, 20 cents. Brilliant crimson, red.

- Oregon Beauty. Rich oriental red, shaded gold and garnet, 25c.
- Sylvia. Pleasing shade of mauve pink. 25 cents.
- Amber Queens. Pompone or miniature, rich amber shaded Apricot, 20 cents each.
- Catherine. Princess yellow pompone, 20 cents.
- Twentieth Century. Single pink shad-ed, white and crimson, 25 cents each.

On all small orders for plants that go by mail add 10% for postage.

**Boston** Fern

### **GERANIUMS**

A Bed of Flowering Geraniums Bordered With Mad. Salleroi.

Mad. Sallerol. **18 Geraniums from 4-inch Pots and 24 Gera-niums Mad. Sallerol, for \$5.50 by express.** In ordering state variety wanted. They should be all one variety for effect. The Geranium is the most popular plant for bedding purposes, and deservedly so, as they continue to bloom profusely in the hot summer months when other plants are scorched by sun and dry weather. The new double varieties bloom as freely as the single and make as fine bedders, being more durable.

Our list of flowering Geraniums will be found very large and complete. We have taken great care in selecting the different varieties showing distinct characteristics of their own.

#### HOW TO HAVE A GOOD BED OF GERANIUMS

Plant in medium soil, not too much sand or manure. See that they are in a bright, sunny place. After they once become established do not over-water as this will have a tendency to make them go to leaf growth; when weather becomes very hot a light mulch is beneficial. Always keep soil around plants stirred to a

depth of at least one inch. Keep plants free from all old flowers and leaves and if any of the plants become ungainly, pinch off ends of long shoots.

For massing in beds and for window boxes and vases, no varieties excel B. Poitevine, S. A. Nutt, Abbie Schafer, Coun-tess, A. Richard, T. H. Trego, Madame Chevalier, Mrs. Hill, Telegraph and Jean Viaud in the respective colors.

The respective colors. SPECIAL NOTICE—Have your Geraniums shipped by ex-press—it takes a long time for them to get over malling.

#### SCENTED GERANIUMS

Exceedingly useful on ac-count of their fragrant fol-iage and largely used in bas-kets and bouquets. Also used for making up toilet waters, fragrant jars, etc.

Variegated Leaf. Sweet scent-

- ed. 20 cents each. Skeleton Leaf Rose. 25 cents. Large Green Leaf. Sweet scented. 15c and 25c each. Dale Park Beauty. Flowers
- similar to a Pansy Gera-nium. Deep lilac color; fo-liage fragrant. 25 cents each.

#### BORDER GERANIUM

Madam Salleroi. Leaves from 1 to 2 inches in diameter; plant is quite dwarf, grow-ing in dense, round masses quite rapidly. Leaves green with marging of pure white: with margins of pure white; valuable for baskets, vases and for second rows in bed-ding designs, 10 cents each 25 cents for 3; \$1 for 12; \$6 for 100.

#### VARIEGATED SILVER LEAF VARIETIES

Madame Pollock. Green disc, bronze zone, edged silver, 30

cents. **Thought.** Variegated Нарру green bronze white foliage; bright red flowers. 30 cents

each. S. A. Nutt. Broad, stocky growth, Variegated.

beautiful deep green leaves, each marked wi a broad pure snow white band. Flowers dou-ble, bright red, large, extra-filled-out-blooms, rising from the white colored foliage, very handsome. Not suitable for outdoor planting. 35 cents each.

## ROSES

Plant in sunny location, in deep dug, well en-riched soil. After plants are set out keep soil stirred; do not plant in hole in sod and expect them to bloom. Cultivate same as any garden vegetable and you will be repaid for your work and trouble.

and trouble. **Culture for Winter Bloom.** Keep in a room with temperature 60 to 65 degrees with all the sunlight possible. Sprinkle under side of foliage every morning if sun is shining. Do not sprin-kle on cold, dark days unless the atmosphere of the room is very dry. As soon as the bud is matured, cut the stem down to within three or four inches of the main stalk. Use rotted cow four inches of the main stalk. Use rotted cow manure in soil. A little weak manure water at the roots once a week is very beneficial if the plant is growing strong.

Insects and Diseases. Greenfly is easily sub-Insects and Diseases. Greenfly is easily sub-dued by dusting the leaves with powdered to-bacco. The rose--slug is quickly killed by dust-ing the insect or the whole plant—with road dust on a sunny day. Mildew, which affects the leaves in the early spring and fall, is due to the variable temperature. For this dust pow-dered sulphur on the leaves. Roses must be springed thoroughly every sunny day. In the morning is preferable.

Roses by Mail. Unpack immediately. Do not expose roots, but place at once in a shallow dish of tepid water Toward evening carefully

Cobea Scanduens. A grand climbing plant for porches; purple or white cup-shaped flower, 25 cents each.

neraria. Large flowering plants. February, March, April delivery only, 50 cents and 75 Cineraria. cents each.

cents each. Impatiens Sultani. 10 cents each, \$1 per dozen; large, 20 cents each. Madeira Vine. 5 cents each. 50 cents per dozen. Stevia. Beautiful sprays of small white flow-ers; blooms in the fall 10 cents each, 3 for 25 cents. Large plants in fall, 50 cents. Pilea. (Artillery Plant) 10 and 20 cents each.

### AQUARIUM PLANTS

Comba. (Aquaria Moss) 10 cents each. Cyperus Alternifolius (Umbrella Plant). 15 cents 25 cents and 50 cents each.

#### SEEDING SUITABLE FOR BEDDING

We annually grow a large quantity of seed-ling for our own use. Nearly all this stock is not grown and especially suited for immediate effect.

effect. Asters. Finest assortment of kinds and colors. 50 cents per dozen; \$3.50 per 100. Canary Bird Flower. 10 cents each. Candy Tuft. White. 50 cents per dozen. Mignonette. 50 cents per dozen. Petunia, Giant California. \$1 and \$2 per dozen. Browalia. Blue. \$1.00 per dozen. Ricinus (Castor Oil Beans). 25 cents each, 5 for \$100 Large size 35 cents each \$ for \$1

for \$1.00. Large size, 35 cents each, 3 for \$1.

dish of tepid water Toward evening carefully plant in a good mellow soil, thoroughly firming the moist earth around the plant. Shade from the mid-day sun just after planting. If you can possibly avoid it do not have your plants sent by mail—the small amount of express you will have to pay will be more than made up on the extra value of plants we will send you. **Roses by Express.** They are usually packed with all or part of the earth adhering to each plant. They invariably arrive in good order. If the balls of earth are dry hold carefully in a pail of water for a moment, then firm the earth carefully around the balls. Never plant a rose when dry at roots; always soak before you put in the ground, then firm the soil thoroughly around them and water again. them and water again.

Pink Baby Rambler. Clear rosy pink, equal in

- growth to the red. growth to the red. Rambler. Plant vigorous, foliage Red Baby Rambler. Plant vigorous, for dark and glossy. Flowers rich crimson.
- Jessie. An ideal Rose, possessing bright green foliage exempt from mildew, with a bushy branching growth; bright cherry crimson.

Baby Tausendschoen. Similar to the climbing variety, its charm lays in the variable color-ing, changing from white to shades of pink. Price of Baby Ramblers; small plants, 25 cents each; large size, 50 cents each; extra large specimeus, \$1.50 and \$2.00 each.

### HARDY HYBRID PERPETUAL ROSES

These are considered the most valuable of all the Roses. Their large flowers are very fragrant and of all colors known to the Rose. For permanent beds in northern and middle states, nothing can surpass them. We have listed only the varieties that are best and most hardy, and know they will give satisfaction to our customers.

Knowing that there is a greater loss of Hardy Roses than any other dormant plant, it shall be the three the supply our customers with the very best plants possible, guaranteeing them to be in good condition when they leave our hands. We offer this year pot grown plants only in Hybrid Perpetual. Too much loss with dormant stock.

#### HOW TO PLANT-VERY IMPORTANT

When planting, care should be taken to set plants deeply, planting them at least two inches below first point or branches and pounding the soil firmly around the roots. Don't crowd the roots, but dig a good, large hole, spreading out the roots; work the soil around the roots and pack firm as you fill the hole. When about two-thirds full of soil, give thorough watering, then when water soaks away, fill up the hole and firm the soil with your boot. Never for an instant expose the roots to the hot sun. If weather is very warm, protect the dormant tops with straw, sacking or other protecting material, until the tops swell, gradually accustoming them to the light and air. By carefully observing above you will have no trouble to make your dormant plants thrive, where by careless planting and after-care, one-half will die.

Winter Protection for Rose Plants. This may be done with material most convenient at hand, such as leaves, straw, light manure, street sweepings, pine and cedar boughs, etc. Large Rose bushes will stand several degrees of frost and the covering should not be put on until winter has set in.

How to Make Reses Bloom. In the axil of each leaf is a latent bud. Should the long, strong shoots or branches be placed and kept in a horizontal position, each latent bud will produce many flowers. Cut wooden hooks and peg the long, straight shoots firmly to the ground. These branches will not only flower, early and late, but will make robust wood, which can be treated in the same manner the following spring. Monthly and Hybrid Roses can thus be made to bloom continuously.

When to order. Place your order early. Don't wait until late and expect especially se-lected stock, unless you buy pot-grown plants.

Suckers. Always remove any suckers that come up at side of plants—they are from the root graft of the rose, and they will not bloom and only rob the vitality of the plant.

- Coquete des Alps. White, tinged with carmine. Very fine, free bloomer.
- Frau Karl Druschki. One of the finest pure white roses. Makes splendid buds and im-mense white flowers, 4 to 5 inches across.
- General Jacqueminot. Rich, velvety, crimson, changing to scarlet crimson. Very fragrant.
- Magna Charta. Extra large, full flowers; very double, clear rose, blushed with carmine.
- Mme. Plantier. Grows in a very fine, bush form and produces flowers in great abundance in June. Pure white.
- Mrs. John Laing. Beautiful soft pink, delicious fragrance; of exquisite shape; very large and double.
- Paul Neyron. Large, deep shining pink. It is a good, strong grower.
- Prince Camille de Rohan. Rich, dark velvety crimson, passing to maroon, shaded black.
- Ulrich Brunner. It is of a rich, glowing crim-son scarlet color. Free, continuous bloomer.

#### PRICE OF HARDY ROSES

Two year old pot grown on own roots. April and May delivery. 80 cents each; \$9.00 per dozen

One year old, own root plants, pot grown, April, May and June delivery, 30 cents each, \$3.00 per dozen.

Magna Charta

#### **ROSA RUGOSA**

The lovely Ramanas or Rugosa Roses are sturdy bushes, 3 to 5 feet in height, and are covered with glossy green foliage and clusters of beautiful single flowers, which emit a fine odor. They bloom continuously and are covered

- Alba. White. Rubra. Red. C. F. Meyer. Clear, silvery rose; large and fra-grant. Price 75 cents each.

#### HARDY YELLOW ROSES

Perstan Yellow. Perfectly hardy. Flowers dou-ble, full and deep golden yellow in color; fin-est hardy yellow rose. Strong two-year-old plants, 80 cents.

#### MOSS ROSES

A class of Roses which are much admired. The beauty of the flowers consist in the deli-cate mossy covering which surrounds the bud. Blanche Morea. Pure white, sometimes shaded

with rosy blush. Salet. Light rosy pink; extra free bloomer. Crimson Globe. Dark crimson; best in its class. 75 cents each.

## HARDY CLIMBING ROSES

This class of Roses is much esteemed for training over arbors, porches, fences and other objects. They blossom profusely, the wealth of flowers almost covering the branches. Very little in the way of pruning is necessary, and the plants are perfectly hardy.

**Dorothy Perkins** 

- **Dorothy Perkins.** The best of all, strong, vigorous growth. Flowers are borne in clusters, of a beautiful shell pink, full double, and of a large size for a cluster Rose.
- White Dorothy Perkins. A seedling of Dorothy Perkins having every desirable attribute of its parents and bearing magnificent clusters of gleaming white flowers.
- Crimson Rambler. Everybody knows this Rose now, because none can help remembering it if ever a good plant in bloom meets the eye. Magnificent and hardy everywhere.
- Flower of Fairfield. Perpetual flowering Crimson rambler. Its flowers, which are produced in profusion, are of a fine, crimson color. The growth is vigorous, flowering freely.

- Baltimore Belle. Your yard is not complete without this grand Rose. Will grow 15 feet in one year, and be covered with clusters of large double flowers of a pale blush color.
- Prairie Queen. A favorite everywhere. If you want a Rose for your porch, this is the one. Bright red, changing as flower opens to deep pink.
- **Tausandschon.** Means, "Thousand Beauties," and is a very appropriate name for this great novelty. The color runs from delicate rose through shades of bright rose and carmine with white, yellow and other tints.

#### PRICE OF CLIMBING ROSES

Small plan's from pots, 25 cents each, 4 for \$1.00; two-year-old outdoor grown, 60 cents each.... 6 for \$3.25.

For special collections of Hardy Climbing Roses see page 38, Collections G and H.

Ophelia Rose (See Page 25)

#### SANSEVIERA ZEYLANCA

The leaves grow to a length of 3 to 4 feet and are beautifully striped crosswise, with broad white variegation on a dark green ground. Price of strong, healthy growing plants, 20 cents each, \$1 for 6; large size, 50 cents each.

#### VINCA

This great window-box and hanging-basket plant increases in popularity each year. Major Variegata. A beautiful variegated trail-

Major Variegata. A beautiful variegated trailing plant. Leaves glossy green, broadly margined with creamy white; flowers blue, 15 and 25 cents each. \$1.50, \$2.50 per dozen.
Extra large, 40 cents each, \$4.00 per dozen.
Green Variety. Similar to the variegated, but leaves beautiful dark green. 10 and 20 cents each. \$1.00 and \$2.00 per dozen.

### VIOLETS

The Violet is so well and favorably known that an extended description of its characteris-

Princess of Wales. Large single flowers of true blue. Strong, stiff stems; fine for cut-ting; intensely fragrant. 15 cents each.

#### SWAINSONIA ALBA

Spikes of pure white flowers from 4 to 6 inches long in greatest abundance the entire year. Resemble small pea. Last well when cut. 15 cents each, 50 cents for 4.

#### SMILAX

There is no climbing plant in cultivation for whiter use that surpasses this in the graceful beauty of its foliage. It is indispensable for cut flower work and its hard texture enables it to be kept without wilting for several days after being cut. Of no use outside in summer, 10 cents each; large size 20 cents each.

SALVIAS

The Salvias now rank with the geranium in importance as a bedding plant. These French varieties are especially valuable on account of their dwarf and compact habit, and coming into bloom in mid July. Clara Bedeman. Tall, upright grower; spikes

grow erect.

Fireball. Dwarf, compact habit, very free flow-ering. Flowers brilliant scarlet. ering.

FRICE OF SALVIAS: First size, 10 cents each, \$1.00 per dozen, \$6.00 per 100. Second size, 15 cents each, \$1.50 per dozen, \$10.00 per 100; third size, 25 cents each, \$2.00 per dozen; \$16.00 per 100.

#### VERBENA

The Verbena is one of the prettiest and most popular of the flowering plants suitable for forming beds on the lawn. It commences to flower and spread from the first day the plants are set until late in the autumn, every day be-coming better and more handsome. We have a plandid steelt this recent colour are white blue splendid stock this year. Colors are white, blue, purple, pink, rosy crimson, red maroon, striped scarlet, dark red, etc. 75c per dozen. Large size, \$1.00 per dozen.

HARDY PLANTS, SHRUBS, VINES, ETC. (Ready for shipment April 15 to May 1. Send us your orders as early as possible. Nothing is more beautiful on the lawn or in flower garden. Our stock is very large and fine and we feel sure that they will give our customers satisfaction in every way. Every variety that we list, we consider perfectly hardy here—even in exposed situations. There is nothing which so quickly and for so little cost adds to the beauty and cheerfulness of the surroundings as an assortment of hardy shrubs.

#### BUCKTHORN

Two to three feet. 40c each. \$4.00 per dozen. ALMOND

Very early flowering. Blooms very double and about one inch across. Double White and Double Pink. 85c each.

CALCANTHUS Florida. (Flowering Shrub.) A very desirable shrub with chocolate-colored flowers of de-

shrub with chocolate-colored flowers of de-licious fragrance in June. 40c each. CHIONANTHUS VIRGINICA (Fringe Tree) A tree-like shrub, almost hidden in the spring by a thick mist of fragrant, drooping lavender flowers, very ornamental. 75c each. FORSYTHIA (Golden Bell) Early spring flowering; the flowers are yel-low, drooping and appear before the leaves. 40c each.

each.

BARBERRY, THUMBERGI Where a low, dwarf, deciduous hedge is want-ed, nothing equals this beautiful Barberry. It is of spreading habit, growing extremely thick from the base, and requires but little pruning to keep it in shape. The leaves are small light green, and toward fall assume rich, brilliant colors, the fruit or berries becoming scarlet. (NOTE—This is not the variety that causes rust on grain.) Absolutely hardy in all parts of the country. 12 to 15 inches, \$1.50 per dozen, \$10.00 per 100; 15 to 18 inches, bushy, 35c each, \$3.50 per dozen, \$25 per 100. LONICERA (Bush Honeysuckle)

(Bush Honeysuckle) Morrowii. A neat shrub of sym-metrical growth. Red flower-

ing, 40c each; white flowering, 50 cents each. RIBES

#### (Flowering Currant.)

The old fashioned, large grow-

- ring, flowering variety. Grows 6 to 8 feet high. 40c each. RHUS (Sumac) Glabro Iaciniata. (Cut leaved Sumac.) Of a striking appear-ance; the leaves are deeply cut, resembling ferns, the color of which is dark green, changing to a rich red in autumn.
- 60 cents each. Fern Leaf. 12 to 18 inches, 30c each, \$3.00 per dozen. SABUCUS (Elder)
- Aurea. Leaves are bright yel-low, giving best effect when planted with other shrubs; blossoms resemble common elder and appear in July. Very hardy. 40c each. SYMPHORICARPOS (Snowberry)

Racemosus.

Vulgaris.

**SYMPHORICARPOS** (Snowberry) acemosus. A well known shrub with small pink flowers and large white berries that hang on the plant throughout part of the winter. 10c each. ulgaris. (Red-Fruited.) A shrub of very pretty habit. Foliage, flowers and fruit small; fruit red; hangs all winter. 40c each.

#### CORNUS (Dogwood)

- Siberia. Red-branched. Tree-like shrub, with white flowers in June, followed by red berries. 40c each.
- Cornus Varigata. One of the best of variegated ornamental shrubs, should be planted in clumps for shrubbery to be seen at its best. 40c each.

#### DEUTZIA

One of the most popular shrubs; blooms in

Gracillis. Perfectly hardy; a profuse bloomer; delicate, small white flowers. 50c each. **Pride of Rochester**. Double, white, in spikes 50 inches loss. inches long. 50c each.

HIGH BUSH CRANBERRY

Virburnum Sterilis. Very effective in large clusters of shrubbery, 30c each. \$3.00 per dozen.

#### VIRBURNUM STERILIS (Snowball)

The old, well-known snowball; hardy everywhere. 75c.

#### SPIREA

where. 75c.
SPIREA
All the Spireas bloom with riotous extrava-gance which makes them quite striking. Their individual style, color and habits of growth dif-fer so markedly, that a collection of varieties will insure bloom the entire season and still evade the monotony of repetition.
Van Hauti. The most showy of all Spireas and one of the best flowering shrubs in cultiva-tion. The plant is a rather tall, upright grower, with long, slender branches that droop gracefully with their weight of foliage and flowers. Flowers pure white in great elusters and whorls forming cylindrical plumes two feet long. Few shrubs present a more charming appearance. Blooms freely when very small. 12 to 18 inches, \$1.50 per dozen, \$10.00 per 100; 18 to 24 inches, 25 cents each, \$2.50 per dozen; \$18 per 100; 24 to 30 inches, bushy, 40 cents each, \$4.00 per dozen, \$30.00 per 100; extra large, 75 cents each, \$7.50 per dozen; \$66 per 100.
Billardi. Pink flowers, in bloom nearly all sum-

Pink flowers, in bloom nearly all sum-Billardi.

Fine for planting in masses. 30c each, mer.

- mer. Fine for planting in masses. 30c each, \$3.00 per dozen.
  Golden Leaved Aurea. Foliage golden tinted, very effective massed or among other shrubs. Flowers are white. 40c each.
  Antony Waterer. A bright crimson. It is also dwarf and dense in growth. When scarcely 12 inches high it begins blooming and thereafter is seldom out of flower. Grows 3 feet high and wide, and will be covered with flower heads 6 inches across. It is also perfectly hardy and will stand the most severe winter with slight protection. Small size, 30 cents each, \$3.00 per dozen; large size, 50c each.
  Thumbergi. Forms a dense feathery bush; foliage in autumn changing to bright red and orange. Flowers pure white, borne in feathery masses in June. 40c each.
  Douglasii. Tall upright growth, parrow oblong
- Douglasii. Tall upright growth, narrow oblong leaves. Spiked of deep rose color, flowers in uly. 35 cents.

Hydrangea Paniculata Grandiflora

**DOUBLE FRENCH LILACS** 

- Chas. X. A strong, rapid-growing variety with large, shining leaves; trusses large, of reddish purple. 75 cents each.
- Josikaea. Dark lilac-colored flowers; blooms in June. 75 cents each.
- Madame Lemoine. Double, pure white; borne in large clusters. 75 cents each.
- Michael Bushner. Beautiful deep purple. 75 cents each.
- Assorted French Lilac. We have a quantity of best variety, which names have been lost. Are just the thing for a hedge. Price 50c each, \$5.00 per dozen.

LILAC

- Old-fashioned purple varieties, 35c each. Old-fashioned white varieties, 35c each. SYRINGA OR MOCK ORANGE
- Coronarius. Beautiful free-flowering shrubs, bearing large panicles of pure white, fragrant bowers; very strong growers. 40 cents each.
- Lemoine. Dwarf, sturdy, creamy white, fragrant flowers. 50c each.

HYDRANGEAS

**LIDKANGEAS** 

Paniculata Grandiflora. Tens of thousands of these notable summer and autumn-flowering shrubs have been sold the past few years and the demand is still good. They are absolutely hardy, grown in any soil, and bloom the same year they are set out. They flower abundantly, bearing immense panicles of bloom, white at first, and turning to rose in autumn. To make a fine specimen. the soil should be as carefully prepared as for any shrubs. Annual shortening of the branches tends to increase the size of the

erect growth,

flowers. 12 to 18 inches, 40 each, \$4.00 per doz.; 18 to 24 inches, 60c each, \$6.00 per doz.; 24 to 30 inches, 75c each, \$7.50 per doz.; extra large and heavy, \$1.00 each, \$10.00 per doz.

- Hydrangea. Tree Form. Branched like a little tree, very ornamental, 3 to 5 feet high, \$1.50 each.
- New Hydrangea Snowball. This magnificent hardy American shrub is the very finest addition to this class of plants found in many a year. The blooms are of large size, of pure snow white color, and the

foliage is finely finished lacking the coarseness found in Paniculata. One of its most valuable characteristics is its coming into bloom just after the passing of all the early shrubs, while its long season of bloom, from early June thru August, renders it doubly valuable to every owner of a garden; perfectly hardy, standing 20 degrees below zero. The form of the panicle is much like that of Hydrandea Hortensis. 35 cents each, 3 for \$1.00, large two-yearold plants, 75 cents each.

#### WEIGELIAS

Candida. White flowering variety, flowers throughout the summer. 50 cents each.

- Eva Rathke. Brilliant crimson, flowering throughout the summer. 50 cents.
- Rosea. Rose colored flowers, in June and July. 45 cents each.
- Varigatata. Leaves beautiful, margined pure white. Flowers pink. 50 cents each.

Hydrangea Snowball

### HARDY CLIMBING PLANTS

If you have a vine covered fence of Woodbine, Bittersweet, Honeysuckle, or other vine try a Trumpet Vine at each post or regular intervals. The effect is very striking and attractive.

### **Clematis** Paniculata

#### CLEMATIS

They are perfectly hardy and of rapid growth, attaining a height of 15 feet and bloom-ing the greater part of the summer and fall. The effect produced by a well-grown plant when in bloom is grand. SPECIAL NOTICE. On account of the brittle-

ness of the bark on the Clematis, it cracks very easily and many people believe the plant to be We wish to say also, that we **examine all** plants carefully before shipping to see that they are in good condition and if they die after being planted, as must sometimes happens, we do not agree to replace them.

#### CLEMATIS, SMALL FLOWERING CLEMATIS PANICULATA

Paniculata. One of the very best vines to grow near the house, as they are free from insects, and remain neat looking thruout the whole summer. It will grow against any outbuild-ing, trellis, over any place, up a pole, pillar or stump The flowers are of medium size, pure white, borne in immense sheets, and of a delicate and penetrating fragrance, appear-ing late in September, at a season when few other vines are in bloom. The extreme ra-pidity of growth, the showy foliage, beautiful and fragrant flowers, the hardihood, serve to make this one of the very choicest of recent productions. We have a very large stock of pot-grown plants. Small 3-inch pot plants, 35 cents each. 3 for \$1.00; two-year-old, 75 cents each. near the house, as they are free from insects, cents each.

#### CLEMATIS, LARGE-FLOWERING VARIETIES

Ville de Lyon. Magnificent brilliant crimson.

- Henrii. Large size, single, pure white. Jackmanii. The finest of all. We offer this year pot grown plants only. They are not as large as field grown but are sure to grow. 75c each.

#### AKEBIA

Quinata. A beautiful hardy climbing vine. It often grows 15 feet in a year and produces throughout the season large clusters of fragrant flowers, re-sembling Forget-me-nots. Two-year-old, strenge playtic flow coch. strong plants, 60c each.

#### ARISTOLCHIA SIPHO

Dutchman's Pipe. Brownish flowers re-sembling a miniature pine; splendid for archways or verandas. Extra strong, by express, \$1.20 each.

#### APIOS

Tuberosa. Clusters of rich, deep purple flowers, which have a strong violet fragrance. 10 cents each.

#### BIGNONIA

(Trumpet Vine) Radicans. (Trumpet Creeper.) Flowers are large, orange scarlet. Very useful for covering undesirable places, as it is a strong grower and very hardy. 35 cents each

#### CINNAMON VINE

A fine, hardy climber. Flowers of a cin-namon fragrance. Therefore called "Cin-namon Vine." 15 cents each.

### LONICERA

#### (Honeysuckle)

- (Honcysuckle) Hallianna. (Hall's Honeysuckle.) Color white, changing to yellow; very fra-grant. Blooms from June to November. Ponica. (Scarlet Trumpet.) Strong, rapid grower. Blooms very freely the entire season. Bright red trumpet-shaped flowers.

Flava. (Vellow Sweet.) Bright yellow and or-ange; fine for porches and pillars. Price of Honeysuckles; strong, outdoor-grown

plants, 50 cents each.

#### CELASTRUS SCANDENS

#### (Bittersweet)

Handsome, glossy foliage and large clusters of beautiful orange crimson fruits retained all winter. Its graceful sprays of berries make charming winter decorations, two-year-olds, 50c each.

#### LYCIUM

(Chinese Matrimony Vine.) Chinese. A vigorbe used anywhere that a vine is needed for training to trellis, fence or wall. Small pur-ple flowers and are followed by brilliant scar-let berries. 40 cents each.

#### WISTARIA

This is one of the most popular hardy vines, growing very rapidly, climbing to a height of 50 feet or more. When in bloom it is truly magnificent. It flowers in early spring in long, drooping racemes resembling in size and shape a bunch of grapes a bunch of grapes.

Magnifica. Pale blue, 50 cents each.

Simensis Alba. Pure white, sometimes tinted light blue. 75 cents each.

Japan or Boston Ivy (Ampelopsis Veitchii.)

#### THE JAPAN OR BOSTON IVY

- (Ampelopsis Veltchii.) The grandest hardy climbing vine in existence for covering houses, churches, schools, etc. Its glossy ivy leaves overlap each other and its long, deli-cate young shoots stretch up the walls with free and rapid growth. The tendrils at nearly every point cling firmly to the smoothest sur-face of rock or wood. The glossy leaves assume in the autumn the most beautiful tints of scarlet and crimson. The handsomest vine of scarlet for growth on brick walls. One-year out-door grown, 40 cents each, 6 for \$2. Two-year-old pot grown, 60c each, \$6.00 per dozen.
- Ampelopsis Quinquefolla. (American Ivy, Wood-bine. Virginia. Creeper, etc.) Deeply cut leaves which turn to a beautiful crimson in fall; fine for covering trees, rocky slopes, walls, etc. Two-year, 30 cents, each, 4 for \$1.
- Ampelopsis Englemanni. Similar to above but with smaller, denser foliage. Will cling to with smaller, denser foliage. stone or brick. 40 cents each.

### HARDY PERENNIAL PLANTS

#### Those that die to the ground every year.

No money you can invest will give you such pleasure and permanent returns as that you invest in Hardy Plants. Once planted they stay, growing in beauty every year. Our stock of these is large and complete and covers such a wide range of variety that you can select what will give you a complete succession of flowers the entire summer and fall. The small size are mostly potgrown. The large size, one year, field grown.

Perfectly hardy perennial blooming for sev-eral months in this climate; flowers are large and graceful, averaging about 4 inches in diamwhiteness on a single strong, wiry stem. Small plants, 10 cents each, 25 cents for 3; large clumps, 25 cents each.

## HARDY PHLOX

No plants give better satisfaction to amateurs than the Hardy Phlox. They thrive in any ordinary rich soil. The ease with which they are cultivated, their entire hardiness, and the beautiful coloring, make them particularly valuable for garden planting. The wide range of colors, from pure white through all the shades of pink to deep crimson, give you a range of colors not found in any other hardy plant.

Hardy Phlox

PEONIES

#### Once Planted They Will Last a Lifetime

**Planting.** An important point to observe is not to plant too deeply. The roots should be placed so that the crowns (or eyes) are covered with two or three inches of soil. Planting too deep is often the cause of shy blooming. Plant with the southwest or wast exposure

Plant with the southwest or west exposure.

Plant as early as possible in the spring, as they sprout very quickly. If order is received too late for planting we will hold that part of order and deliver early in the fall. Our list contains the very best and most dependable varieties. See page 36.

#### SPECIAL OFFER

Three Peonies all different, strong roots for \$1.00. Or three-year-old clumps for \$2.00. 12 all different, part named varieties, strong roots for \$6.00. This collection is made up of some of the finest varieties that names have been lost and is a bargain for one who wishes to plant a row in the garden—by express at purchaser's expense. Strictly our selection varieties.

(For names and varieties see page 36)

Widar. Reddish violet white center.

Rheinlander. Very large salmon pink.

**Prof. Virchow.** Bright carmine overlaid orange scarlet.

Albion. Pure white faint red eye.

Bachante. Rose with crimson eye.

Bridesmaid. Tall white crimson center.

Coquelot. Scarlet, deep eyes.

Champ Elyse. Bright rosy magenta.

- Ecloise. Tall rosy magenta lighter center.
- F. Passy. Light mauve pink white center.
- La Vague. Mauve, red eye.
- Laus Abema. Very large pure white dwarf habit.

Mrs. P. Lingaird. Very fine early white. Rynstrom. Paul Neyron, pink.

Small plants, 15c each, 4 for 50c, 8 for \$1.00; 1 year-old plants, 30c each, 4 for \$1.00.

#### SPECIAL OFFER

### HARDY PERENNIAL PLANTS-Those That Die to the Ground Every Year.

We have Perennials in large assortment (See Catalog.) All one-year-old plants, growing in 4-inch pots-can be set out all spring and summer and will give immediate effect. Special offer-12 assorted for \$2.75; 25 for \$4.50; 50 for \$8.50.

### SURPRISE COLLECTION OF BEDDING PLANTS

**READY AFTER JUNE 1.** Every year we have a surplus of some special varieties of bedding plants, such as Roses, Cannas, Geraniums, etc. Those who have a bed they wish to fill late in the season will find this collection of exceedingly liberal value. Orders booked at any time and filled in rotation in June, \$1 for 18; \$2.50 for 50; \$4.50 for 100, our selection of varieties.

#### A BED OF COLEUS

For the lawn, for every purpose of mass planting Coleus are popular, effective and cheap.

**Prices of Coleus.** 10 cents each. 4 for 25 cents; 12 for 65 cents. Our selection, 5 cents each. 50 cents per dozen; \$3.50 per hundred. After June 10, \$2.50 per 100.

#### SPECIAL NOTICE

All orders to go by mail must have post-age added to catalog price of plants. 10 cents for each \$1.00 or less.

## SPIREA VAN HOUTI

Van Houti. The most showy of all Spireas and one of the best shrubs in flowering cultivation. The plant is a rather tall, upright grower, with long, slender branches that droop gracefully with their weight of foliage and flowers. Flowers pure white in great clusters and whorls forming cylindrical plumes two feet long. Few shrubs present a more charming appearance. For prices see page 28.

Improve your grounds. See the beautiful effect by planting a few shrubs and flowers. We will be very glad to aid you in your selection. Send a plot of your grounds.

#### SHRUBS

For mass planting nothing takes the place of shrubs. We carry in stock large quantities of all the best standard varieties for this locality. Description and prices will be found under their respective heads.

#### GOLD FISH AND BIRDS

We carry large quantities of these at our store at 204 Main street. Prices of same will be given on application. When in the city call and see them.

# **Bancroft's Money Saving Collection of Popular Plants**

These collections are put up for those who want good small plants, yet do not feel able to pay the higher prices charged for those named in catalogs. We sell many thousands money saving col-lections yearly, to satisfied customers. Try them. We know you will be more than pleased. All orders for our Surprise Collections will be acknowledged and entered on our books as re-ceived. We usually commence to send out the Collections of Tender Plants about May 1st, and Hardy Plants the latter part of April. We cannot promise to send them out before these dates. We cannot permit any change in the composition of these collections or in the time of delivery. Always order by letter. Always order by letter.

All ways order by letter. All collections are strictly our selection of varieties. Combine your orders, having them shipped by express, and you will be more than pleased with the splendid value you receive. The cost is so small and the extra value of the plants will more than compensate you for the small amount of express charge YOU will have to pay.
