Your Newspaper

This paper is published for the welfare of our community.

It is your paper, and you own just as much of it as anyone else.

It is not published for profit; those who have volunteered to look after it receive no pay for their services. No one is paid for any work done in regard to Our Town except the concern that prints it and mails it.

The paper is not self-supporting, but it could be if some of those who read it would pay up their old subscriptions and would include the current year's subscription therewith. Then, too, it would be self-supporting if a few more of our local merchants and business men would advertise in a systematic way; for they must bear in mind that every household in Narberth is mailed a copy of this paper, and it is therefore, a cheap and profitable medium of exchange. Our Town is read with great interest by every member of every household in Narberth-it is not thrown into the waste basket immediately upon its receipt.

Short, crisp news items are always desired. Oftentimes you know of something that is of interest. It is your duty to send the item to Our Town, even though it concerns your own household. YOU are the only reporter we have. If there's no news, YOU alone are to blame—you didn't do your little part.

These are the facts concerning Our Paper and Your Paper. Why not begin to-day to think how to make it a livelier little sheet?

It is hoped that the nation-wide appeal for help for the starving Armenians, made last Saturday and Sunday, has been met with a most generous response. While other nations are in almost as bad a plight, their situation is peculiarly distressing, and proportionately, they have suffered more than any of the others, because one-half of their number has been exterminated by the ruthless Turk, who shows no mercy to women and chil-

A contemplation of the awful misery now prevailing throughout the countries involved in the European war, and likely to continue for an indefinite period, should dispose everybody to do the utmost possible in the way of relief. It is hard for us to put ourselves in their place; we cannot imagine our country over-run by invaders, our cities and towns laid waste, and inhabitants driven to the wilderness to escape extermination. But we must remember how easy it is for any country to be drawn into the struggle, and how little we are prepared to make effective resistance at this time. Le us therefore be as generous as possible to those suffering from the loss of kindred, homes and the ordinary necessaries of life, and especially to those who have been drawn into the vortex of war through no fault of their own. Let us remember that it is only by the grace of God that we have thus far been spared these horrors.

A movement is on foot to provide facilities for public worship for colored people doing domestic and other work in Narberth. A number of gentlemen have been working towards this end. Rev. A. Markland Taylor, NARBERTH RESERVES evangelist, has been looka colored ing over the field, and will consult our local pastors as to the possibilities along this line. It has been suggested first of the season in Narberth, the that possibly arrangements could be made with the directors of the Y. M. C. A. to provide a room for a Sunday evening meeting. This would very satisfactorily solve the problem of a meeting place, and would help along a very good work.

The dinner committee, of which Robert Patrick was chairman, established a record in the quality of food and entertainment provided. William A. Mc-Cann, president of the club, acted as toastmaster. Among the speakers was Brigadier General William C. Price. Jr., in command of the Philadelphia troops at the Mexican border, who has the Mexican Border," General Price stated that the sending of the troops to the front was not a political move as has frequently been contended, but was absolutely necessary to preserve the peace along the border line. He also spoke of the precautions taken to protect the health of the soldiers, and declared that not a man was lost by reason of sickness acquired through service contrasting this with the condition of the soldiers in camp at the time of the Spanish-American war. In discussing the question of the necessity of being prepared for emergencies, General Price referred to a new law which it was proposed to pass, making an allowance to privates and officers in the National Guard, such as would reasonably comlieved a law of this kind would have P. Addressing Parcel Post Packages.

Parcel post packages should be addressed plainly. The sender's name should be written inconspicuously on the upper left hand corner of the parcel. The address and return card on a parcel should appear but once, and that in the same relative position as a letter with return card would be prepared for mailing.

HAVE YOUR MAIL ADDRESSED TO YOUR BOX NUMBERS

Patrons of the post office should endeavor to have their mail addressed to their box numbers, as delays are frequently caused in the delivery of letters due to the address being simply given as Narberth, even when street and number is given it is frequently necessary to look up the name in directory before the mail can be cased up, causing extra work as well as necessary delay.

The above is a new department, and in order that it shall be of the largest use to the community the list should contain the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-towns-

or can in any way serve his fellow-towns men.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their name, address, phone number and business or prosession, for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each edditional line. each additional line.
