Dear Sir:-

I have had in my possession for the past twenty years a United States Copier Cent, coined in the year 1783.

The letters, figures &c (of which this somewhat a likeness) are perfectly plain.

I believe there is a premium paid for coins of this date, and if you will advise me of their valuation and place me in correspondence with a likely purchaser, I will be obliged

Yours very respectfully  
J. G. Proctor
