Title 3—The President

EXECUTIVE ORDER 11839

Amending the Civil Service Rules To Except Certain Positions in Regional Offices From the Career Service

The program to decentralize Federal policy and decision making and to involve local governments and other interested parties in Federal, State, and local policy and program development requires a capability for deep involvement in the development and advocacy of Administration proposals and policies, and support of their controversial aspects, on the part of certain senior regional officials.

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution of the United States and Sections 3301 and 3302 of Title 5 of the United States Code, and as President of the United States of America, it is hereby ordered as follows:

SECTION 1. Civil Service Rule VI is amended by adding the following Section:

"SECTION 6.8. *Specified Exceptions.* Positions in the Department of the Interior whose incumbents serve as the principal representative of the Secretary in their respective regions shall be listed in Schedule C for grades not exceeding grade GS-15 of the General Schedule, and shall be designated Noncareer Executive Assignments for positions graded higher than GS-15. Incumbents of these positions who are, on February 15, 1975, in the competitive service shall not be affected by the foregoing provisions of this Section."

SEC. 2. Civil Service Rule IX is amended by adding the following:

"SEC. 9.11. *Specified Noncareer Executive Assignments.* The regional director, regional administrator, or the Secretary's principal regional representative positions in the Departments of Health, Education, and Welfare, Housing and Urban Development, Transportation and Labor, and those positions in the Environmental Protection Agency shall be designated Noncareer Executive Assignments; and, the Limited Executive Assignments of any incumbents of these positions on February 15, 1975, are converted to Noncareer Executive Assignments. Incumbents of these positions serving in Career Executive Assignments on February 15, 1975, shall not be affected by the foregoing provisions of this Section."

EXECUTIVE ORDER 11840

Waiver of Certain Provisions of Law and Limitations of Authority

The American Revolution Bicentennial Board has requested that the American Revolution Bicentennial Administration be authorized to perform, without regard to certain provisions of law or limitations of authority, the functions authorized under the act to establish the American Revolution Bicentennial Administration (Public Law 93-179; 87 Stat. 697, hereinafter referred to as the act). I have determined that it would be in furtherance of the purposes of the act to provide such authorization.

NOW, THEREFORE, by virtue of the authority vested in me by section 11 of the act, and as President of the United States of America, it is hereby ordered as follows:

Section 1. The American Revolution Bicentennial Administration is authorized to perform the functions authorized by the act without regard to the following specified provisions of law and limitations of authority:

- (a) section 638(a) of title 31 of the United States Code to the extent that it pertains to hiring passenger motor vehicles.
- (b) section 13 of title 41 of the United States Code.
- (c) section 501 of title 44 of the United States Code.
- (d) Any provision of law or limitation of authority to the extent that such provision or limitation would limit or prohibit:
 - (1) selection of, and award of contracts to, a State or local government agency or non-profit organization on a sole-source basis;
 - (2) expenditure of not to exceed \$10,000 annually of funds received pursuant to contracts under section 2(f) of the act for official receptions and representation; and
 - (3) expenditure of appropriated funds for transportation and subsistence of volunteers.

SEC. 2. It is directed that each specific use of the waivers of statutes and limitations of authority authorized by the foregoing provisions of this order shall be made only with the advice of the General Counsel of the Administration, and only when determined in writing by the Administrator (or in his absence by the Deputy Administrator) that such use is specifically in furtherance of the purposes of the act and in the public interest.

**OFFICE OF MANAGEMENT AND
BUDGET**

1975 RESCISSIONS AND DEFERRALS

Cumulative Report

FEBRUARY 1975.

This report is submitted in fulfillment of the requirements of section 1014 of the Congressional Budget and Impoundment Control Act of 1974 (Pub. L. 93-344). Section 1014 provides for a monthly report listing all budget authority for the current fiscal year with respect to which, as of the first day of such month, a special message has been transmitted to the Congress. This February report includes those deferrals and rescissions in the eight special messages sent by the President to the Congress in September, October, November, December, and January.

Rescissions. Five proposed rescissions, totaling \$131,481,000 in budget authority, have been effected by Pub. L. 93-529 signed December 21, 1974. In addition, \$455,635,000 in budget authority proposed for rescission for Rural Electrification Administration loans but not included in Pub. L. 93-529 has been made available for obligation. Another \$85,000,000 proposed for rescission under the Agricultural Conservation Program (REAP) and not included in Pub. L. 93-529 lapsed on December 31, 1974. These items are shown in the report together with the remaining proposed rescission which total—as of February 1, 1975—\$1,782,805,000.

Deferrals. Attachment B identifies, by agency and account, all deferred funds reported. As of February 1, of the 152

deferrals submitted to the Congress, 30 had been revised by supplementary reports. When supplementary reports have revised previous reports, the amount initially reported has been placed in brackets and zeroed out in the column labeled "Adjustments." Unlike proposed rescissions of budget authority, funds reported as deferred (section 1013 of the act) are often planned to be made available for obligation, in whole or in part, during the course of the fiscal year. As of February 1, 4 of these deferrals had been made available in whole for obligation. These releases as well as the partial releases are detailed in Attachment B which shows, for each deferral, the amount of deferred funds made available by the Office of Management and Budget and other Federal agencies in the current year, the date the funds were made available, and the balance of funds being deferred as of the first of the month for which the report is submitted. The total of all budget authority deferrals currently before the Congress, as amended by subsequent releases or lapses of funds, is \$20,362,089,000. In addition to this amount of deferred budget authority, another \$10,000,000 in outlays have been deferred under the Department of the Interior's Land and Water Conservation Fund.

Actions concluded before July 12, 1974. Some of the actions reported in the special messages are not, in the opinion of the Attorney General, subject to Congressional ratification or disapproval under the Impoundment Control Act since they were concluded before it became effective on July 12, 1974. These items, marked by asterisks, are included

in the report to provide more complete information on the status of withheld funds.

Actions by Congress on rescissions and deferrals. The report formats provide for showing the effect of congressional action and inaction on both deferrals and proposed rescissions. As of February 1, 1975, no congressional action on deferrals had been concluded. Public Law 93-529, signed December 21, 1974, rescinded \$131,481,000 of budget authority proposed for rescission in the first two special messages. Details of these approved rescissions are shown in Attachment A under columns entitled "Amount Rescinded by Congress" and "Date Rescission Act Signed." The proposed rescission of \$455,635,000 for Rural Electrification Administration Loans was not included in Pub. L. 93-529 and was made available for obligation on December 11, 1974.

Information from the special messages. The eight special messages containing information on each of the rescissions and deferrals covered by the cumulative report are contained in the **FEDERAL REGISTERS** of:

- Monday, September 23 (Vol. 39, No. 185, Part III),
- Tuesday, October 8 (Vol. 39, No. 196, Part V),
- Tuesday, November 5 (Vol. 39, No. 214, Part III),
- Tuesday, November 19 (Vol. 39, No. 224, Part III),
- Thursday, December 5 (Vol. 39, No. 235, Part IV),
- Wednesday, January 8 (Vol. 40, No. 5, Part IV), and

an invaluable reference tool

1974-75 Edition

This official guidebook provides useful information about U.S. Government agencies, including:

- Major programs and functions
- Listings of key officials
- Organization charts for many agencies

Most agency descriptions include a "Sources of Information" section that gives addresses and telephone numbers for obtaining specifics on employment, government contracts, environmental programs, small business opportunities, publications, speakers and films available to civic and educational groups, and other topics of public interest.

This handbook is a "must" for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.
