EARTHQUAKE IN CALIFORNIA.

SAVANNAH, Feb. 12, 12½ P. M.—The steamship *Black Warrior*, from New York via Havana, has arrived at the bar.

The *Black Warrior* connected at Havana with the *Granada*, from Aspinwall, and brings dates to the 20th from California.

David C. Broderick and Wm. M. Gwin have been elected as U. S. Senators. The first named for the longest period.

Both of the Senators elect were passengers in the *George Law*, direct for New York.

Political excitement ran high in San Francisco, consequent upon the supposed disregard of pledges made by Gwin to Broderick relative to appointments. It was anticipated that there would be an interesting excuse made at Washington.

Trade was very dull in San Francisco. In the mining districts they have had an abundance of rain, and the returns have been very satisfactory.

A severe shock from an earthquake was felt in the Southern part of the State, and a number of buildings was destroyed by it.

The shock was felt in San Francisco, but not severely.
