VICTORIA, B. C., THURSDAY, JUNE 22, 1916

NO. 146

## H. C. BREWSTER SAYS THE LIBERAL PARTY NOT RAILWAY-CONTROLLED; LEADER MAKES REPLY TO CRITICS

Premier Bowser and Conservative Press Inaugurate Campaign of Misrepresentation of Suit Brought to Secure Early Decision of Courts as to Legality of Acts Passed by the Legislature Since March 14

H. C. Brewster, leader of the Liberal party, who returned this morning from Vancouver, following some days spent at his camp on the West Coast in preparation for the season's work, in conversation with a Times representative to-day, discussed the misrepresentation of his suit against Mr. Bowser, which the premier and his press are industriously trying to impose upon the public mind.

Mr. Brewster made it quite plain, as it has been to all but those who are interested in distorting his actions and misinterpreting his motives, that he is not seeking to have anything declared invalid but, on the contrary, is endeavoring to do what the premier refused to take the opportunity of doing, secure from the courts such a declaration of the law as will either settle the constitutionality of the sittings of the legislature after March 14 and the validity of all the legislation passed after that date, or will make it certain that this legislation will have to be validated by enactment at the earliest possible moment. In this latter eventuality it will be necessary that the new legislature to be elected shall be chosen without regard to the special provisions enacted at the late session, in order that it may be legally and constitutionally elected and so be capable of validating the invalid acts of the latter part of the session.

The Liberal leader further made it emphatic that the party is not railway-owned nor railway-controlled, and that, in power, its members will not allow it to be represented by a railway-owned or railway-controlled cabinet.

"There is a political and a party ideal for Liberals," said Mr. Brewster, "which does not permit of any waiver of law and right in exchange for the political support of corporation promoters."

In discussing his action against the premier, Mr. Brewster said:

The Leader's Object.

"My object in appealing to the courts is to set at rest any doubt that may ex-

ist as to the legality of the acts passed since March 14. My object is not to cast doubt on any such legislation, but to have its validity put beyond question. The doubt is not of my creation but was created by the attorney general, when he expressed from his seat in parliament his uncertainty as to the date when the life of the legislature terminated. That uncertainty continuing to exist, and will continue to exist until it is removed once and for all by a decision of the courts. It would be folly to expect that it will not be taken advantage of by every powerful interest adversely affected by recent legislation.

"The doubt is entertained by leading counsel for financial interests and affects a great body of legislation. Prompt steps were necessary if we were to avoid confusion and chaos, and substitute confidence and complete certainty. This I have undertaken to do by bringing the question before the courts. Had the attorney general accepted my suggestion to refer the issue when it first arose to the court of appeal, then in session at Victoria, we would have had its decision at once. He refused, preferring to travel over the province accusing me of seeking to cause delay. Without his assistance such a reference is impossible. The court of appeal is in session at Victoria to-day, but the reference still is refused.

"Through my solicitors I have suggested several alternative ways for procuring an immediate hearing. Instead of accepting any one of my suggestions the premier continues his tour of misrepresentation, parading Brewster's delaying tactics as a solemn menace to the general well-being. Once more I invite him to join in an immediate reference of the questions in dispute. My object is to establish the validity of the challenged legislation, if it is indeed valid, and to provide a speedy remedy if it is not. Will he accept? I venture to assert that he will prefer to seek political capital by accusing me of the delay for which he alone is responsible.

(Continued on page 7.)

## FORMER VICTORIAN, WHO WAS AVIATOR, HELD IN GERMANY

Ottawa, June 22.—The naval department has been advised that Flight Lieutenant Arthur F. N. Cowley, who formerly lived at 944 Fowl Bay road, Victoria, B. C., is a prisoner of war at Gestmet Lager, Mainz, Hesse, Germany. Lieut. Cowley, it is understood, either was brought down within the German lines or was obliged to descend on account of motor trouble.

## TOTAL OF 2,000,000 ARMENIANS KILLED

Paris, June 22.—A total of 2,000,000 Armenians have been massacred by the Young Turks since the beginning of the war, says Henri Darby of the Journal, who has been investigating the atrocities at Erzerum. The sole survivors of the race are 100,000 in Mesopotamia, 150,000 in the western part of Asia Minor, 180,000 in Constantinople and Smyrna and 200,000 who crossed the Caucasus border.

## PRES. WILSON IS OF OPINION WAR WILL NOT FOLLOW CLASH BETWEEN AMERICAN TROOPS AND MEXICANS

Washington, June 22.—No reason for a change in policy toward Mexico is seen by the Washington government in the Mexican accounts of the clash at Carrizal yesterday between American and Carranza troops. Until a report comes from Brig-Gen. Pershing there will be no decision, but President Wilson is said to view the fight as an incident for which subordinate commanders were responsible and not likely to precipitate general hostilities.

Note From Carranza.  
An official communication from the Mexican foreign office, announcing the clash between Mexican and American troops at Carrizal and saying the de facto government found it difficult to understand why the American troops should have been so far away from their base, was delivered to Secretary Lansing to-day by Eliseo Arredondo, the Mexican ambassador-designate.

## AMERICAN AVIATORS ARE SERVING FRANCE

Paris, June 22.—The American aviators in the service of France are unable to reply to the inquiry from the Aero Club of America whether they will return to take service in the American army in the event of war with Mexico. They are prevented by the fact that they have enlisted in the French army for the duration of the war. The only manner in which this subject could be taken up would be by negotiations between the governments of France and the United States.

## THIRTY-TWO LIBERALS IN N. S. LEGISLATURE

Halifax, June 22.—The latest election returns give the standing of the parties in the legislature as 22 to 11, Cape Breton county, which on Wednesday night was announced to have elected three Liberals and one Conservative and yesterday three Conservatives and one Liberal, according to latest returns, resulted as originally announced.

## REINFORCEMENTS SENT

San Antonio, June 22.—Brig-Gen. Pershing reported to Major-Gen. Funston to-day that he had not yet received a report on the fight at Carrizal, but added that on information sent him he had sent out two squadrons of the 11th Cavalry, with instructions to get in touch with the troops of the 10th, the unit engaged yesterday by the Mexicans.

Brig-Gen. Pershing said that all his men had positive orders not to do anything calculated to precipitate a fight with troops of the de facto government. Although not stated in Brig-Gen. Pershing's report, officers at department headquarters draw the inference that Captain Charles T. Boyd was in command of Troop H, the troop believed to have been the one engaged at Carrizal.

## VIOLENT FIGHTING ON VERDUN FRONT

Germans Entered Advanced Trenches Between Fumin Wood and Chenois

## REPULSED BY FRENCH AT DEADMAN'S HILL

Enemy Returned to Attack East of River After Heavy Losses

Paris, June 22.—After violent attacks lasting all night the Germans secured a footing in some of the advanced French trenches between the Fumin Wood and Chenois, east of the Meuse, according to the statement issued this afternoon by the war office.

The Germans attacked in force on both banks of the Meuse after the usual heavy bombardment. An attack on the south slope of Deadman's Hill was checked by grenade detachments, according to the official statement.

On the right bank of the river there were violent engagements west and south of Fort Vaux, during which the Germans gained a footing southeast of the Fumin Wood, but were immediately expelled. Later they returned to the attack, when some advanced trenches were captured.

A German grenade assault north of Hill No. 321 was stopped by the fire of the French.

The text of the statement follows: "On both banks of the Meuse last night was marked by a series of pronounced attacks by the enemy following bombardments of great severity.

Deadman's Hill.  
"On the left bank the Germans attacked our trenches on the slopes of Deadman's Hill. During a spirited engagement with hand grenades our troops were successful in completely repulsing the enemy and in retaining all their positions.

"On the right bank the fighting continued with ferocity in the region west and south of Fort Vaux. Yesterday evening a powerful German attack penetrated a wood southeast of Fumin Wood. We delivered a counter-attack and chased the enemy out. At about midnight a further offensive action was directed against our positions reaching from the Fumin Wood to a point east of Chenois, and was repulsed with sanguinary losses.

In Advanced Trenches.  
"At the Fumin Wood and at Chenois the enemy secured lodgment in some of our advanced trenches between these two positions.

"At about 3 o'clock in the morning an attack with hand grenades against our positions north of Hill No. 321 failed under our fire.

"In the Champagny district artillery fighting was very spirited along the front from Maisons-de-Champagny to Mont Tetu.

"A French air squadron went out in pursuit of a group of enemy aeroplanes which had come forward with the intention of bombarding the villages of the valley of the Meuse. During the pursuit one of the French pilots brought down two German machines.

"During the night of June 21-22 French aeroplanes threw down a number of projectiles on the railroad stations and the tracks at Apremont, Grand Pre, Septauges, Rotagne, and Brucelles, as well as on the barracks in the wood of Consenvoye and the military establishments north of Thionville."

## ALLIED SQUADRONS BEFORE PEIRAEUS

Entente Powers Have No Intention of Allowing Greece to Backslide

Paris, June 22.—An allied fleet has been ordered to cruise before Peiraeus, the port of Athens, according to a Havaas dispatch from Salonica. It is said the fleet eventually will be supported by a landing party.

The fleet, made up of squadrons of the allied nations, will be commanded by Vice-Admiral Moreau.

The dispatch says the action of the landing party "will depend upon events."

Peiraeus, the second largest city of Greece, is five miles southwest of Athens. It is 200 miles south of Salonica, the base of the allied forces in Greece.

A German Report.  
Berlin, June 22.—The Vossische Zeitung says Greece has appealed to Holland, Scandinavia, Spain and Switzerland to help her "in her untenable situation."

## INFORMED ENTENTE MINISTERS GREECE WILL MEET DEMANDS

M. ZAIMIS

## GREECE YIELDS UNCONDITIONALLY TO ALLIES' DEMANDS; ONE OR MORE VENIZELOS MEN AS NEW MINISTERS

Athens, June 22.—Greece has accepted unconditionally the demands made by the entente powers. This decision was communicated to the French legation by M. Zaimis, the former premier, to whom the formation of a new cabinet is reported to have been entrusted.

The new cabinet will be made up on non-political lines, even including one or two adherents of former Premier Venizelos.

The ultimatum of the entente powers was delivered to the Greek government at noon on Wednesday. Late to-night the sound of a heavy

## PTE. TREMAIN KILLED IN VANCOUVER TO-DAY

Member of 11th C. M. R. Run Over by a Shunting Engine

Vancouver, June 22.—Run over by a shunting engine in the yards under the Georgia street viaduct, Pte. F. C. Tremain, 11th C. M. R., was decapitated this morning about 2 o'clock.

Engine No. 6193, driven by Engineer W. J. Carson, was the one that hit Pte. Tremain. The engineer said that he had seen the man too late to avoid him, but had stopped his engine immediately after the accident, and notified the police. After investigation by Detectives Kileen and Dening and Constable Rushton, the remains were removed to the city morgue, Coroner Jeffs was notified this morning, and said that an inquest probably would be held to-morrow forenoon.

Pte. Tremain apparently was about 45 years old, and had served in the South African and the Egyptian wars, and had on his tunic at the time of the accident four medals, two from each war. Letters found in his pockets would indicate that he was a married man with a family in Victoria.

## GERMAN SUBMARINE IN SPANISH PORT

U-35 at Cartagena With Letter From Wilhelm to Alfonso

Madrid, June 22.—A German submarine arrived to-day at Cartagena. The officers disembarked and, it was said, left for Madrid with a confidential letter for King Alfonso.

Madrid, June 22.—The report of the arrival of the German submarine U-35 at Cartagena from Pola, the Austrian naval base on the Adriatic, has been officially confirmed. The submarine is anchored alongside the Spanish cruiser Catalana.

The secretary of the German embassy at Madrid has left for Cartagena to receive an autograph letter from the German kaiser to King Alfonso, supposed to be thanks for a reception given Germans interned in Spain after arrival in this country from the former German colony of Cameroon, West Africa, now held by the British and French.

The section of the press which favors the German side in the war publishes articles to-day eulogizing the German sailors for their naval exploits.

Cartagena is a Spanish port on the Mediterranean about 190 miles north-east of Gibraltar as the crow flies.

## Belgians Pursuing Force of Enemy in German East Africa

Havre, June 22.—Further successes won by the Belgian columns invading German East Africa are announced in a statement issued by the Belgian war office to-day.

The statement follows: "Gen. Tombeur telegraphs that after beating the enemy on June 6 at Kivitawe, our advance guard again caught up with the Germans on June 12 and forced an engagement with them on the road from Kivitawe to Kitaga, east of the river Nkokoma. The enemy was routed and retreated, abandoning his killed on the field. The pursuit continues."

## AMERICAN CAVALRY RODE INTO PITFALL

Mexicans Dug a Trench and Covered It With Brush

El Paso, June 22.—A new version of the engagement at Carrizal yesterday between United States troops and Carranza men was brought here to-day by a Mexican civilian who was in Villa Ahumada early yesterday afternoon and who said he had assisted in dressing the wounds of some of the Mexicans. He said that General Felix Gomez, the slain Carranza leader, had been aware of the approach of the Americans for twelve hours and had sent a number of couriers to their warning them to return to their encampment. When they persisted in their advance, he said, a pitfall several hundred feet in length was dug directly in the trail over which the cavalrymen must ride. This was cleverly concealed with brush.

As the Americans rode unsuspectingly through the sand dunes toward the entrenchment, General Gomez lay concealed some hundred yards away in the mesquite. The horses of the American vanguard plunged into the pitfall, unseating their riders and injuring a number of them.

Then, the Mexican asserted, the Carranzistas lying in ambush raked the American ranks with machine gun fire. The heavy fire forced the Americans to withdraw to reorganize their line and the Mexicans captured 17 soldiers who had been thrown into the pitfall.

He asserted that it was then that Gen. Gomez went forward under a flag of truce and that before the proposed parley had begun, an irresponsible soldier again started the machine gun fire.

A small detachment of cavalrymen charged toward General Gomez and his party, who were in the centre of a field directly between the two commands, their pistol fire killing the Mexican leader.

According to the story, both commands withdrew. The Mexican was unable to estimate the Mexican dead, but said that the American dead numbered 40, his statement agreeing with the Mexican official reports that the American dead numbered 40.

ONE WAS KILLED.  
Virginia, Minn., June 22.—One man was killed and two were wounded in a fight here to-day between special police and I. W. W. strikers who were on their way to picket the Alpena mine of the Oliver Iron Mining Company. More than 50 shots were fired, some of them by a woman armed with a repeating rifle.

TROOPS TO MEXICAN BORDER.  
Washington, June 22.—Orders to the National Guards of Missouri, Kansas and California to be ready to entrain for the Mexican border as soon as possible were dispatched to-day by the war department.

## BRUSILOFF'S FORCES STILL MOVING ON IN LEMBERG DIRECTION

Continuing to Make Progress On Southern Portion of Front; Town of Radautz, Bukovina, Captured; Berlin Admits There Has Been Fighting Along Turia River and West of Kolomea

Petrograd, June 22.—The armies led by Gen. Brusiloff are continuing to advance in their movement against Lemberg, according to an official statement issued this evening. Progress is being made in developing the plan of operations.

The town of Radautz, in Bukovina, 30 miles south of Czernowitz, has been captured.

Combats are being carried on all along the line from the southern extremity of the front in Bukovina, to a point north of the Pripet marshes.

The fighting is hourly increasing in intensity, heavy bombardments being slackened time and again to permit of infantry charges.

## GERMAN SAVAGERY AT SEA AGAIN SOON

Admiral Koester Says Submarines Will Be Employed With Greatest Violence

Milan, June 22.—Further news confirms the report that Admiral von Koester repeatedly has declared within the last few days that the German submarine war on merchant vessels is about to be resumed with greater violence than ever and that this is connected with affairs in Mexico, where Germany has found a new ally.

The object is to place the United States government in such a position that it not only will not have time to busy itself about the European war, especially the German submarine exploits, but will stop all exportation of arms and ammunition to the entente powers, as with the United States at war with Mexico, it will need all the arms and ammunition it can manufacture at home. This is a long matured scheme of Berlin, which the Germans are confident is bringing a favorable issue.

German Statement.  
Berlin, June 22.—The repulse of heavy attacks by the Russians against General Count von Bothmer's forces north of Przelowka was announced to-day by the war office.

The Russians were pushed farther back on both sides of the Turia river, an affluent of the Pripet, and farther to the south, according to the statement, and attacks on the Teutonic lines in the region west of Kolomea and northwest of Lutak were unsuccessful.

AMERICAN ARRESTED IN JUAREZ; RELEASED  
El Paso, June 22.—An American newspaperman, J. C. Johnson, of Dallas, who came here recently and is attached to one of the local papers, was arrested in Juarez to-day. Brig-Gen. Bell and other officials immediately communicated with the Mexican authorities, requesting his release.

Johnson was released. It was said he had been gathering information of military value.

SIR ROBERT BORDEN GOES TO NEW YORK  
Ottawa, June 22.—Sir Robert Borden leaves to-night for New York and will be absent from the capital until Monday. It is understood his trip is in connection with the appointment of the commission to inquire into the Canadian railway situation.

ARABS ARE IN REBELLION AGAINST RULE OF TURKEY; HAVE CAPTURED MECCA, JIDDAH AND TAIF ALREADY

London, June 22.—Reports have been received here that a serious uprising against the Turks is in progress in Arabia and that the rebels have captured the holy city of Mecca.

The London newspapers declare that the rebellion is certain to have an important bearing on the war, especially as regards the participation of Turkey.

The Post says: "The uprising is due to recent wholesale executions of Mohammedan and Syrian notables and well-known religious leaders, and also to the spread in Arabia of a feeling that the Turks have abdicated their position as the protectors of the Mohammedans and have become the vassals of Germany."

Turkey Shaken.  
The Graphic says: "The revolt is a smashing blow at Turkey and the capture of Mecca is an event which will shake Turkish prestige to its foundations."

A Reuter dispatch from Cairo says the rebels, in addition to taking Mecca, have captured Jiddah, the chief seaport of Arabia, 25 miles west-northwest of Mecca, on the Red Sea, and Taif, 40 miles southeast of Mecca, and have proclaimed the independence of the Arabs from Ottoman rule.

Start of Revolt.  
According to this dispatch, the Grand Sheikh of Mecca, the chief magistrate of the holy city, proclaimed his independence and was supported by the Arab tribes of the west and central parts of the country. He began operations about June 7 and won signal success.

It is said the garrisons of Mecca, Jiddah and Taif surrendered, with the exception of two small forts at Taif, which still are resisting. At Jiddah 45 officers, 1,400 men and six guns were captured. Medina, 245 miles northwest of Mecca, which contains the tomb of Mohammed, is closely besieged and all communications to Hejaz are in the hands of the grand sheik.

Time was when some merchants vied with each other in extravagance of statement in their ads. The wise merchants of today vie with each other in the ACCURACY of their statements about goods and values. Nowadays deliberate misrepresentation in advertising would surely and quickly kill any store indulging in it.

Time Will Alter This.—"How long have they been married?" "Only a few months, I think. Anyhow his wife gets up in the morning to have breakfast with him."

F. L. Haynes means watchmaker and jeweler.

## HUDSON'S BAY CO. AND MAN. TEMPERANCE ACT

Company Taking Proceedings Against Government for Seizing Its Liquor

Winnipeg, June 22.—About \$1,000 worth of liquor, formerly owned by the Hudson's Bay Company and now lying in the vaults of the Winnipeg courthouse and kept under the supervision of officials of the newly-created liquor licence department, will constitute the principal evidence in an important action which will come before the Manitoba courts shortly.

The Hudson's Bay Company doubted the validity of the new Manitoba Temperance Act, which came into force on June 1, in as much as it applied to it. It claimed that just as its rights to trade in furs without interference were protected in the Deed of Surrender of 1870, so also were its rights to trade in liquor protected.

When all bars and liquor stores were closed throughout Manitoba on June 1, the Hudson's Bay store in Winnipeg still exposed its liquor in the retail store and offered it for sale. It informed the attorney-general's department of its attitude and invited action. Prohibition Commissioner McLean immediately seized the stock and had it deposited in the vaults of the court house.

The challenge being accepted by the government, the Hudson's Bay Company has given notice that it will take legal proceedings against the government for seizing the stock, and will thereby obtain a ruling as to its position under the charter. No matter which way the Manitoba courts decide the issue will be carried to the Privy Council.

## FOOD CRISIS IN GERMANY ADMITTED

Hour of Greatest Test at Hand, Says Cologne Gazette

### CROPS ARE SUFFERING THROUGH BAD WEATHER

Reports of Riots Reach Amsterdam Daily; Trouble at Essen

Amsterdam, June 22.—Reports of food troubles in Germany continue to reach here daily. It is stated that there have been serious riots at Essen, where women raided food shops.

Dr. von Batschki, the food dictator, in the course of a tour of inspection, was received by a deputation of workers in Essen and promised to do his utmost, but said there were great difficulties, including the fact that Holland has forbidden the exportation of food.

London, June 22.—An Amsterdam dispatch to the Daily Mail reports: "Violent hailstorms and floods are reported to have done much damage to crops in Hungary."

## ENEMY TRYING TO STOP THE RUSSIANS

Germans, Realizing the Great Danger, Attempting to Create Diversion

Petrograd, June 22.—The official statement issued last night said: "Desperate fighting continues in the region north of Gdymitchel, on the Sty. The village of Gruziatyn changed hands several times. Yesterday afternoon we entered the village and secured 11 officers, 400 men and 6 machine guns, but gusts of German-artillery fire compelled us to evacuate the town again."

"With furious persistence, the Germans operating in the region of Verkhovine, northwest of Kishinev, under cover of heavy artillery fire and light guns, made repeated attacks on the evening of June 20 against our young regiments. Our troops put the Germans to flight, taking a number of machine guns and a number of prisoners belonging to various regiments."

"At 3 o'clock on the morning of June 21, in the region of Rajmiste, on the Stokhol river, northwest of Verkhovine, the enemy attacked in mass formation. The engagement became a hand-to-hand struggle, in which the Germans, unable to sustain our steady pressure, took to flight, leaving in our hands wounded and unwounded prisoners."

"Desperate fighting is in progress in the region of Kiselin and farther south. From the extreme left wing we are still pursuing the enemy and have crossed the Bereth river."

"On the Dvina German artillery violently shelled the region of the Ikskull bridgehead and the northern sector of the Jacobstadt positions."

"On Tuesday night the Germans, after an intense bombardment of our lines south of Smorgon, succeeded in penetrating our trenches, but were dislodged by our artillery and driven back by a counter attack."

"In other sectors in this region all enemy attempts to attack were repulsed either by our fire or by the bayonet."

"Enemy aeroplanes dropped about 40 bombs on the Wileika station."

London, June 22.—Six German divisions, 120,000 men, have been hurried eastward to assist in the effort to check the Russian offensive bearing down upon Lemberg, Geneva dispatches report.

## PHRASES STRUCK OUT BY MAJ.-GEN. HUGHES

Memorandum Regarding Sale of Ammunition Produced Before Davidson Commission

Ottawa, June 22.—When Sir Charles Davidson resumed his inquiry into the sale of a quantity of small arms ammunition from the Quebec arsenal yesterday Major-General Macdonald, quartermaster-general, who had stated previously in evidence that he had no clear recollection of what had passed between himself and Allison after the latter had been sent to him by the minister, was recalled. He reiterated that the conversation had been brief and that he could not remember all that had been said. There was no doubt, however, that when Allison came to him he had been told he would get the ammunition.

General Macdonald said the question of getting an order in council to empower the sale of the ammunition had been discussed by the militia council. The deputy minister had taken the ground that there should be an order in council.

The memorandum regarding the sale was placed on the record by H. H. Dewar, K. C., Liberal counsel. Two phrases had been struck out by Maj.-Gen. Hughes. Counsel thought this significant. One phrase was: "Old condemned ammunition," and the other, "If so by O. C.," meaning that if the ammunition was sold it should be by order in council.

The examination of Maj.-Gen. Macdonald being concluded, R. K. Smith, K. C., of Montreal, stated that he appeared for the two directors of Vickers, Ltd., whose names had been mentioned. He said he understood that the auditor general had in his possession a cable sent by Rt. Hon. Andrew Bonar Law to the Duke of Connaught regarding the purchase of the small arms ammunition. Mr. Fraser, who was present, conferred with the commission in regard to the cable and Sir Charles Davidson said that Mr. Fraser hesitated about putting it in and he was inclined to agree with him.

It was agreed that Mr. Fraser should confer with Government House before the commission resumed in the afternoon as to the desirability of placing the cable in evidence.

Cable Put In.

When the inquiry was resumed in the afternoon, John Fraser, auditor general of Canada, announced that he had received the permission of the governor general's office to put in as evidence the second cable received from Rt. Hon. Andrew Bonar Law in reference to the purchase by the admiralty of a quantity of small arms ammunition. Mr. Fraser then read the cable, which was as follows:

"London, June 16, 1916.

"With reference to my telegram June 3rd, the ammunition forming the subject in an official inquiry under Sir Charles Davidson has been duly received by the admiralty and has been found entirely satisfactory. The manner in which the purchase and payment was carried out for the ammunition boxes, etc., is in accordance with instructions that were issued to the admiralty representative. The special amount opened with the Bank of Montreal at New York is not yet closed, there being a balance which will be accounted for to the admiralty."

(Sgd.) "BONAR LAW."

The commission adjourned until Wednesday next, when it will meet to receive the written arguments of counsel.

## ELK RIVER STILL DROPPING AT FERNIE

Fernie, June 22.—The first train through from Kootenay Landing arrived here at 7:45 last evening. The transfers are being made at Wardrop. The train which was held over here since Monday went to Wardrop and returned, going west at 2 p.m.

The washout of 500 feet of track at Wardrop will be replaced by noon today, when trains can run from the landing through to the prairie. The Fairley creek bridge with the water mains went down yesterday and the city is dependant upon the meagre supply from the Coal creek mains for water.

A meeting of the council and a committee of citizens was held yesterday afternoon when it was decided to swing a cable across the river at the bridge site and put in place a steel water pipe to re-establish the Fairley creek water connection.

## BRITISH GOVT. LOOKS INTO COMPANIES' AFFAIRS

London, June 22.—The Board of Trade has ordered the Hop Extract Company, and the Horst company, whose officials state they are controlled by the D. J. Partello Company, of Chicago, to show cause within four days why they should not be wound up as enemy firms. Other directors in the United States besides Mr. Partello are Lillian Scott Troy and her father, Patrick Troy, of San Francisco.

One of the organizers of both companies was Baron von Horst, a former Englishman, who was interned in England soon after the war began. It is stated that the baron, who has lived in England for years and accepted a German title after leaving the United States, no longer owns any stock in either company.

Phoenix Stout, 2 quarts for 25c.

# We Save You Money

On any article of feminine wear purchased at our store. No matter what day you buy, you will get something for less money than if purchased elsewhere. On Friday and Saturday, however, we try to offer something a little different—something of superior merit, at prices lower than you would expect to pay for garments of a like style and quality.

## LANSDOWNE OPPOSES PLAN FOR IRELAND

He, Long and Other Unionists Against Lloyd George's Scheme

London, June 22.—By F. A. MacKenzie.—Great and final efforts are being made to prevent settlement of the Irish question along Mr. Lloyd George's lines. The Marquis of Lansdowne, whose opposition has been recognized as unshakable from the beginning, has secured the support of Rt. Hon. Walter Hume Long and some other Unionist members of the ministry on the plea that the southern Unionists will be sacrificed if modified home rule be put into effect.

Mr. Lloyd George proposes, according to the Irish Times, that the Dublin parliament shall consist of the present representatives of all the "included" counties in the imperial parliament, plus 26 representatives of the southern Unionists selected by themselves. Even the southern Unionists admit that this is a considerable concession in their favor, but Lord Lansdowne and Mr. Long are not satisfied. One extreme Unionist section still is determined to wreck the scheme. Its views are voiced by the Morning Post, which declares:

"It seems to us that the only course open to the government is to return to a firm and just administration in Ireland under union. A two-party government can refuse to be coerced by the Nationalists into the surrender of safety and of principle. Home Rule is fairly beaten and discredited and impossible."

Against these irreconcilables there is Sir Edward Carson's, Mr. Devlin's and

## SEACONNET ABANDONED AS TOTAL LOSS; AGROUND

London, June 22.—The American steamship Seaconnet, which was run aground on the Scroby sands on Sunday after having been damaged by an exterior explosion, has been abandoned and declared a total loss.

Captain Butcher reported, with other officers of the vessel, to American Consul-General Skinner, who took their affidavits for transmission to the state department.

Both Consul-General Skinner and the British admiralty are making investigations to determine whether a mine or torpedo damaged the vessel.

## Forced to Leave School, Had St. Vitus' Dance

Astonishing Cure of This Nervous Trouble Effected by Use of Dr. Chase's Nerve Food

Here is a case where life-long gratitude will be felt for Dr. Chase's Nerve Food. As a school girl and in later life Dr. Chase's Nerve Food came to the rescue when the nerves gave out. Now a healthy, robust woman happily gives the credit to this great food-cure for restoring her to health and strength.

Miss Edie M. White, 28 Waterloo street, Fredericton, N. B., writes:—"When ten years of age a friend of mine had St. Vitus' Dance and she had to leave school and go under a doctor's care. Instead of benefiting by the treatment she appeared to get worse. Her tonsils and tongue became so swollen that she could scarcely take any nourishment. For two weeks she was this way and then took convulsions and nearly choked to death. She was ordered to the hospital, but soon got worse again. I recommended Dr. Chase's Nerve Food to her and she

used nine boxes, steadily growing better. Three years later a severe fright brought on the nervous trouble again, and she suffered everything a human being could endure. Her mother bought a dozen boxes of the Nerve Food, and with this treatment she was fully restored. I wish you could see her now, a strong, healthy, robust woman with two lovely babies. She still uses the Nerve Food when she feels out of sorts, but has had no return of the old nervous trouble."

For weak, puny, nervous children there is nothing like Dr. Chase's Nerve Food to enrich the blood, restore the starved nerves and start them on the way to health. When they fail to get proper nourishment from the food they eat, this food cure presents the necessary ingredients in condensed and easily assimilated form, and strength and vigor is restored. 50 cents a box, \$ for \$2.50, all dealers, or Edmanston, Bates & Company, Limited, Toronto.

**N. S. LIBERALS HOLD THIRTY-TWO SEATS**  
Complete Returns Give Conservatives Only Eleven Seats in Legislature  
Halifax, June 22.—The latest returns show that in the provincial elections held on Tuesday, 32 Liberals and 11 Conservatives were elected, a majority of 21 for the Liberals.  
The additional seats for the government were obtained in Inverness county, where two Liberals were elected instead of one Liberal and one Conservative as was at first reported. Donald MacLennan, the former member, and John C. Bourinot, were elected with majorities of 155 and 71 respectively.

**HINDENBURG NOT IN FIGHT, SAYS GERMAN**  
New York, June 22.—The German dreadnought Hindenburg did not take part, as unofficially reported, in the battle between the British and German fleets off Jutland, according to Charles Hagemeister, a banker of Mexico City, who arrived here yesterday on the steamship Oscar II, from Copenhagen.  
Mr. Hagemeister said that two days after the battle he was in a German port, the name of which he would not reveal, and saw there the Hindenburg riding at anchor without a mark or a scratch on her.  
Flattered—Ethel: Mama seems to like Jack—I wonder why? Fanny: He mistook her for you one night!—Judge.

**ARREDONDO ASKS FOR EXPLANATION**  
Carranza Wants to Know Why American Troop Approached Carrizal  
Washington, June 22.—Eliseo Arredondo, Mexican ambassador-designate, today called on Secretary Lansing and asked for an explanation of the action of American troops in approaching the town of Carrizal.  
Mr. Arredondo also sought an explanation of the reported action of Brig-Gen. Pershing in occupying the towns of Casas Grandes and Nuevo Casas Grandes, saying such an act would be one of open hostility. Official Mexican dispatches were described to Secretary Lansing indicating that the Mexican forces thought the American troops who approached Carrizal intended to take the town.  
Mr. Arredondo afterwards said he had called Secretary Lansing's attention to the distance traversed by the American troops from their base and to what he called "the lack of prudence of the American commander in approaching the Mexican railway."  
He said his reports showed that seventeen soldiers had been captured, but did not give the number of casualties among either the Americans or the Mexicans.  
Secretary Lansing had no official information on which to discuss the Carrizal affair and, according to Mr. Arredondo, also was without knowledge of whether or not any Mexican towns actually had been occupied.

**The Growing Tendency of the Age—**  
A noted English scientist asserts the tendency is toward "neurasthenia, 'nerves,' etc." A remarkable statement!  
No less remarkable is the cause which, he adds, "is not unlikely due to removing from our diet those elements of cereal food which Nature has hid in the husk of the grain, and which man in his ignorance discards."  
The elements to which he refers are the well-known mineral salts of phosphorus, lime, iron, etc., removed in milling flour to make it white, but which physicians know are indispensable to normal, well-balanced nerves, bodies and brains.

**Grape-Nuts**  
—a wonderfully delicious food  
made from whole wheat and malted barley, retains the nutriment of the grains, including their  
**Vital Mineral Elements**  
Grape-Nuts food is easy to digest, highly nourishing, and comes ready to eat from the sealed package, which preserves its oven-crispness and delightful flavor.  
A ration of this splendid food along with the ordinary dietary has put joy in life for thousands.

**MR. SMITH'S CRITICISM.**

Mr. Ralph Smith's criticism of Mr. Brewster's action in the courts, circulated through the medium of the Bowser press, ignores so completely those fundamental principles the former has so vigorously championed in the past, as to move his friends to astonishment. In its effect and by inference it seeks to justify some of the worst aspects of Bowserism from which this province has suffered so long, and being open to construction as an appeal for the continuation of those practices exemplified in the transactions between the government and the Pacific Great Eastern and described by the criminal law as breaches of trust. No public man is immune from criticism, and Mr. Brewster is the last man who would look for it, but in view of all the circumstances attacks upon him in the present instance can have no other result than to throw into sharper outline his consistent, courageous championship of the public interest, the purity of his motives and his determination to end the reign of dishonest administration in British Columbia.

We print to-day a statement by Mr. Brewster, which not only meets the criticism lodged against his action, but throws a heavy burden upon his critics. He shows how imperative it is that there should be an authoritative decision affecting the validity of legislation passed subsequent to March 14 if chaos is to be averted. Mr. Brewster himself has a doubt on the subject. He is in possession of legal opinions confirming that doubt. If the real interests of this province concerned him at all he would accept Mr. Brewster's offer for a joint reference of the subject to the courts. Mr. Smith says that this being a democratic country the matter should be decided by the public in the general election. How can the electors decide an issue of this kind, especially in an election under an act the validity of which is open to question? Suppose no attempt were made to obtain a judicial decision on the subject and after the election it was discovered through one of the many actions that would be launched by private persons that the amended election act, in common with all other measures adopted after March 14, was invalid. The election itself would be nullified and the new House and all that it did would have no standing.

How can Mr. Smith or anybody else claiming to be devoted to the welfare of the people of British Columbia justify the course of the government in regard to the Pacific Great Eastern? The public have been compelled to finance, practically the entire construction to date and in utter defiance of the law—admitted by the Premier himself—nearly \$7,000,000 have been paid to the company beyond what it is entitled to. We are now asked to present the company with an additional \$6,000,000, in fact to complete the line for Foley, Welch & Stewart, one of the wealthiest firms on the continent, who will own it. Was this what the electors of British Columbia voted for four years ago? Are solemn covenants between the people and railway concessionaires binding only upon the people? Are our laws mere "scraps of paper," when it is to the advantage of Mackenzie & Mann or the Pacific Great Eastern to consider them so? Surely Mr. Smith must have been misinformed by the Bowser press! It is hard to believe that the sturdy tribune of democracy of other days can now subscribe to a doctrine which in effect and application is the negation of every principle he has stood for. What of the sinister association of Mr. Bowser as Premier of the province and solicitor for the Pacific Great Eastern? In that iniquitous situation a vital principle is involved, affecting the very security of our rep-

representative system. Is that all right, too, because it facilitates the "early completion of the Pacific Great Eastern" (at the expense of the over-burdened taxpayers)?

We are indebted to our contemporary for the following delightful paragraph in its comment on Mr. Smith's position this morning:

Mr. Smith, who has been regarded as one of the stalwarts of the Liberal party in the province, is brutally candid in his criticism of the action of his chief. He says that the time to take action in securing a decision on the constitutional point at issue was when the legislature was in session, and before any important measures were passed. To the man of average intelligence this would have seemed the proper procedure, so that the point could have been settled without delay and there would have been no danger of the business of the province being plunged in chaos.

Quite so, and why did not Mr. Bowser, a "man of average intelligence," take action at the time as Messrs. Brewster and Macdonald urged him to do? He admitted he had a doubt on the subject, and he alone was competent under the law of the province to obtain the ruling of the highest court. It was his duty to do so. The fact is that his refusal to accept the representations of his opponents was born of his delusion that he was above the law; that, as shown in the Dominion Trust legislation, the Agent-General deal, the concession to Mackenzie & Mann in the matter of the registration fees, the overpayments to the Pacific Great Eastern, the illegal staking of land, the persistent violation of the independence of parliament law by himself and his supporters, he thought he could do as he pleased.

In conclusion we wish to draw attention to a pregnant declaration of policy which appears in Mr. Brewster's statement printed elsewhere in this issue:

"Liberals will not permit the party to be railroad-owned or railroad-controlled, or, if returned to power, to be represented by a railroad-owned or railroad-controlled government. For years British Columbia has been the mitch cow of railroad subsidy promoters, and has assumed a burden of liability more oppressive than is borne by any other province in Canada. To this source may be ascribed very largely the political corruption and administrative evils from which the country is now suffering."

There can be no mistaking the meaning of this declaration. It is the lead the people of this province, confronted with the obligation of paying the crushing interest charges of Mackenzie & Mann and the Pacific Great Eastern, will enthusiastically endorse. No true Liberal or true friend of this province, whether Liberal or Conservative, can refuse to support that policy.

**REVOLT IN ARABIA.**

The news from Turkey to-day is of outstanding importance and significance. The Arab tribes along the Red Sea have revolted and proclaimed their independence of Turkish rule. They have seized Mecca, Jiddah, an important seaport, and Taif, and have invested Medina. The movement appears to be well organized and to have attained such proportions that it is hard to see how Turkey, with all her military resources strained to meet the Russian advance in Asia Minor, and the Russian and British menace in Mesopotamia, can cope with it. Moreover, it is certain to spread along the Red Sea littoral to Sinal, through Syria, where there has been discontent with Ottoman rule for years, across the plains of Arabia to the tribes on the Persian Gulf and along the valley of the Euphrates, to the armies of the Sultan, who only await an opportunity to turn upon their German masters and their dupes, and finally to famine-stricken, proscribed, Prussian-bullied Constantinople itself.

Aside from its effect upon the military situation of Turkey, a great significance attaches to the Arab revolt. These tribes have always maintained, with historical accuracy, that the Arabs were the only pure, unadulterated Mohammedans; that they alone were the true upholders of the faith. The Turks, they declared, were sacrilegious interlopers who by force of arms tore the seat of their religion from the sacred place of its origin and subordinated their faith to the temporal sway and tyrannical impulses of the Sultan at Constantinople. Now that the arm which held the conquering Ottoman sword is becoming nervous, they see an opportunity to strike for their independence and the rehabilitation of their ancient faith in the city of its birth. They have taken Mecca, and they are about to take Medina, the Prophet's birthplace. Thus the Holy War that the Sultan proclaimed has been found to be a double-edged sword, blunt when used against the entente powers; fatally sharp when turned against Turkey herself. In any case whatever may be the impulse behind it a revolution in the Ottoman empire was inevitable, as inevitable as revolutions in the central empires must be. No confederacy held together exclusively by force can endure when the power of the sword becomes weakened by defeat from without.

**THEIR BACKS TO THE WALL.**

The Germans are endeavoring to meet the Russian drive by desperate counter-attacks between the Pripet and the Galician border and at Smorgan, east of Vilna. The Petrograd communication issued last night reported desperate fighting in both sectors, while to-day's Berlin report declares that the Russians have been driven back in the Volhynian region. In the German report, however, there is implied an admission which indicates that the Russians have advanced beyond Lutsk much farther than anything hitherto published has disclosed. It says that the Russians were forced to retire some distance on both sides of the "Turia river, an affluent of the Pripet." Assuming that the German war office correctly states the locality, it is clear that the Russians have progressed fifty miles westward of Lutsk, have crossed the upper reaches of the Stockhod river and are now menacing the Kovel-Vladimir Volynsky-Lemberg railroad, which runs north and south. Kovel is on the Turia river, but apparently the Russians have reached that waterway some miles south of the important railroad junction, and are now due north of Lemberg. They therefore have advanced more than sixty miles in this sector since their campaign opened. Thus they are maintaining a ninety-mile salient in the enemy's front. To meet this the Germans are hammering on the line from the northwest with reinforcements which have arrived on the Brest Litovsk-Kovel railway.

The Germans are drawing upon both the west and Italian fronts for reinforcements required by Austria. Geneva dispatches state that so far 120,000 men have been hurried eastward. These will be insufficient to do more than momentarily stay the Russian advance in certain sectors. If Brusiloff has captured 172,000 enemy officers and men it is clear that reckoning on the most conservative basis the Teuton losses must now be between 300,000 and 400,000, more than half their entire original army group between the Pripet and Bukovina. The Russians are believed to be employing no less than a million men and perhaps a million and a half in this offensive, and as they are abundantly supplied with artillery and munitions they should be able readily to press their advantage. If they are held in Volhynia they will surge forward in Bukovina and southern Galicia and whatever else the Teutons may be able to do they cannot restore the integrity of their front in those districts. The Berlin report to-day speaks of fierce fighting west of Kolomea, which indicates that the Russians there, too, have made greater progress than we had reason to expect. If they are west of Kolomea it is evident that their envelopment operation has reached a point which is mightily disturbing to the Teutonic high command, for the Slav line has begun to curl northward towards the rear of the Austrian central armies, tenaciously sticking to their positions eighty miles east of Lemberg, as Brusiloff no doubt is earnestly hoping they will do. It is too early yet to prophesy the failure of the Austrians to escape the Russian trap, but unless heavy reinforcements are rushed to the eastern front the Teutons will be confronted with the prospect of another Sedan at Lemberg. Notwithstanding the fact that it reports the repulse of the Russians in Galicia and a German advance in Volhynia, the Berlin communication must be less reassuring to readers in Petrograd and Austria than even the Petrograd report can be to them.

Major Morath, the military expert of the Berliner Tageblatt, is engaged in an uphill task in commenting on the eastern situation. The major, who is handicapped in not being allowed to say what he really thinks and knows, not long ago announced that Russia had been reduced to military impotence, and in this he was joined by the other German war commentators with suspicious unanimity. Morath now says that the Russians have shown remarkable recuperative powers and that they must have received large quantities of arms and munitions from the United States and Japan. He also states the belief, which cannot be very heartening to his German readers, that Russia has six million men on the eastern front. He sugars the pill, however, with an expression of confidence that the Muscovites will be held before long the major's views will undergo another change. Austria cannot be saved except at the cost of disaster in the west, and that would be a calamity of calamities to Germany, fraught with consequences more immediate than even a final crushing defeat in the east.

The Kaiser's special agent upon earth of Beelzebub, whose traditions he has upheld to his best ability and whose appearance he has cultivated in his person, must be highly gratified to-day as he contemplates his work in its as yet unfinished state. Our dispatches to-day indicate that there is pending throughout almost the entire world one of the greatest upheavals in history. Arabia is in revolt against Turkish rule, the sacred city of Mecca hav-

ing been captured by rebels, and, according even to German reports, the first symptoms of an uprising against the established order have appeared in the Fatherland. Internal disorders probably even more than external pressure from now on will make the situation more difficult for the All-Highest and his war lords.

Bowser knows in his heart that in a straight fight between the forces which stand for integrity in the administration of public affairs and his government he would not have even the ghost of a chance of success. Consequently his game is to bring into active being strings of so-called "independent" candidates. There will be a common election fund contributed, of course, by the corporations which have benefited so largely and hope to continue to benefit at the expense of the public. We take the opportunity of warning the electorate in time against the snare that is being laid for their feet and in which they should not permit themselves to become entangled.

"Freedom of the streets" appears to be a misnomer in Victoria. If a private party in a private conveyance desires to meet his friends coming in on the boats he is relegated, apparently by authority, to a place a hundred yards or so from the point of disembarkation. All the convenient places on the streets adjacent to the docks are reserved for tallyhoes and hotel conveyances. That may be quite the proper thing. We would not for the world say a word that might affect their business; but surely the rights of the "common people" on the streets should not be entirely subordinated to the interests of a few institutions.

Humiliation upon humiliation now instead of victory after victory. The All-Highest, following his "great triumph over Britain on the North Sea, a victory which was followed by his being elevated to the post of "Emperor of the Atlantic," could not entrust his "ever victorious fleet" to de-

**Sample Models in High-Grade Marquissette and Muslin Dresses, Selling Special at \$10.00 to \$25.00**

Every Dress is a sample model and a high-grade novelty, the very newest for this summer's wear. We receive them direct from the factory by express, and place them on sale at prices fully one-third less than their regular values. There is only one Dress of a kind, and the styles being so quaint and novel we predict a very quick sale. They are just the ideal Dresses for a garden party or for stylish outing wear. ### TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, June 22, 1891.

Mr. Fred Hussey, government agent for Yale district, who has been promoted to the position of superintendent of police, with headquarters at Victoria, was given a farewell dinner by his friends, and presented with a substantial token of their esteem and appreciation of his services. The token was in the shape of a valuable solitaire diamond ring.

The Indians of Comox are steadily becoming more civilized. At a pot-latch held on Friday last, attended by many Indians, there was a big dance and theatrical performance. The stage was a rudely improvised structure in the open air, with curtains and screens in imitation of the genuine article.

One of the old wooden pipes which used to supply the city with Spring Ridge water was unearthed to-day on Johnson street. The pipe was in good condition.

Delhi Cafe, Yates St., is reopened by A. Belanger, late, Vernon Cafe.

Pastry Flour, 35c. 10-lb. Sack, Grant's Grocery, corner Blanshard and Pandora Sts.

A Good One—Bower's Crackproof hose is made of pure rubber and the best fibre. It won't crack nor kink. It will pay you to buy it at 22c. per foot. Sold in any length. Other brands, 10c. and 15c. foot. R. A. Brown & Co., 1302 Douglas St.

For Regal Shoes and repair work that is "Regal," call at Modern Shoe Repair Co., corner Yates and Government. Agents for Nevils.

Every dollar that you give—Helps a soldier's wife to live! Patriotic Aid Society, 640 Fort St.

Spray Your Roses.—Tin atomizers with tank attachment, 65c. and \$1.00; Brass, \$1.25; Heavy Brass Sprayer, \$1.50 and \$3.50. R. A. Brown & Co., 1302 Douglas St.

"Squirrel" Brand Peanut Butter, at all grocers.

Phoenix Stout, 2 quarts for 25c.

Say! Brown—That Nusurface Polish is the best we ever used on our cars. It cleans and polishes them at one operation. 90c. qt. at R. A. Brown & Co.'s. Made in Victoria.

Maccabee Whist Drive.—Baxter Review, No. 8, will hold a whist drive on Monday evening at 8 o'clock in the Foresters hall. Prizes will be awarded and refreshments served. All Maccabees and friends are invited.

Picnic Cancelled.—Owing to the death of the Right Rev. Bishop Scriber, the picnic arranged by St. John's branch of the Women's Auxiliary has been cancelled.

Canadian Order of Foresters Meet.—The regular meeting of the C. O. F. will meet to-morrow evening at 8 o'clock at the Orange hall, Yates street. All members requested to attend.

Anniversary Services.—There will be a special anniversary service at the Shelburne Street hall on Sunday next at 2.30 o'clock. There will be singing and reciting by the scholars, and Rev. M. Habershon will give an address.

Yukoners Invited.—The Veterans' Club of British Columbia invites Lieut. Hulme, the N. C. O.'s and men of the Yukon Company, C. E. F., to make use of its rooms on Langley street, in the Camosun building, during their stay in British Columbia. It is a feature of the Veterans' Club of British Columbia, in common with its affiliated sister clubs in London and throughout the empire, to extend its hospitality to all men wearing the King's uniform.

Lecture on Christian Science.—Writing in the Cosmopolitan several years ago, Arthur Brisbane said: "Mrs. Eddy's thought has spread all around this world," and the universal interest in Christian Science corroborates his statement. Clarence W. Chadwick, C. E. F., of Omaha, Neb., member of the board of trusteeship of the First Church of Christ, Scientist, in Boston, Mass., will give a free lecture on Christian Science in the Pantages theatre, Sunday afternoon at 2.45. The public is cordially invited. There will be no collection.

A Free Pair of Shoes awaits the owner of ticket No. 4314. Please call at Modern Shoe Repair Co., corner Yates and Government.

Detectives Fail to Find the Joinks.—After a search they decided the joinks were invisible. Why? Paped by a civilized native, Savage. Phone 3107-L.

### RUSSIAN VIOLINIST

GREGOR CHERNIAVSKY

Who is to play at the First Baptist church, Dominion theatre, on Sunday evening, is a brother of the three Cherniavskys who were heard here several times last month in trio. Prof. Gregor Cherniavsky, who was for several years assistant violin teacher to Leopold Auer at Petrograd, fought with the Russian army against the Austrians in Galicia for many months early in the war, until he was wounded and received permission to come to this country after he was able to leave the hospital. Prof. Cherniavsky has not yet been heard in Victoria, and great interest is being taken in his appearance on Sunday evening.

Meets on Friday.—The Women's Auxiliary of the S. P. C. A. will meet at 4 p. m. on Friday at the Y. W. C. A., not at 2.30 as is customary.

Soloist at Lecture.—Miss Green, of Winnipeg, will be the soloist to-night at the lecture to be given by Major Fringle, the returned soldier who is to speak to-night at a free public lecture at St. Andrew's Presbyterian church. Jesse Longfield will preside at the organ.

Musical Success.—Word has been received from the Victoria College of Music, London, England, that Miss Violet Martin, a pupil of Miss Bailey, Esquimalt, has passed in pianoforte playing, primary grade, with honors, securing 83 points out of 100. A. Longfield, F. V. C. M., the local representative, conducted the examination.

Raid on Tai Loy Society Rooms.—The police magistrate dismissed the charges this morning brought against six Chinamen as alleged keepers of a gaming house, following the raid on the premises of the Tai Loy Society, Pan Tan alley, last Saturday. The charges against 43 men found in the premises were accordingly withdrawn.

To Support Women's Franchise.—At the meeting of the Trades and Labor Council last evening a delegation from the Women's Political Equality League was received with regard to the assistance of organized workers in obtaining the franchise for women. Delegates Fox, Day and Roman were appointed to assist the women's organization.

Tea at Seashore.—Instead of the usual Thursday service at the Esquimalt Methodist church, the congregation will take tea by the seashore at the foot of Lamson street, meeting at 6 p. m. After supper reading will be given around the fire on the beach. To-morrow evening the bicycle club of the Camera Club will run out to the new observatory.

The key to beauty's heart—"A box of Liggett's Chocolates." "Your sweet-heart's choice." Sold exclusively by all Retail Drug Stores. D. E. Campbell.

British Campaigners' Association.—All members of the British Campaigners' Association are requested to attend the funeral of Charles Frederick Moore, which takes place to-morrow morning. They are asked to parade at the B. C. Funeral Parlors at 10.30. The funeral will be of a semi-military character, the bearer party and bugler being furnished, by permission of Lt.-Col. Bruce Fowler, from the 13th Battalion. Medals are to be worn on the lapel of the coat.

Gone to India.—In the report of the presidential address by Mrs. A. E. Crandall at the second annual meeting of the Baptist Women's Missionary Society, read on Monday afternoon before that body, it was incorrectly stated that reference had been made to the death of Miss Robinson. Miss Robinson, the president, in her annual address said: "and gone out to India to take the place of Miss Corning, one of the missionaries in that field, who had died during the year. Allusion was also made to the regretted passing of Mr. Davis, another missionary who gave his life working among the lepers."

### WARD FOUR LIBERALS

General Meeting of Members to Be Held This Evening in Arcade Building Rooms.

Members of Ward Four Liberal Association are called together for a general meeting this evening at 8 o'clock in the Arcade building rooms, Broad and View streets.

Every member of the association and all electors of the ward who desire to affiliate with the association are invited to this meeting, at which business of importance is to be transacted. Arrangements will be made for the work necessary in preparation for the coming election campaign.

Any elector living in Ward Four who wishes to join the association and assist in the work of the campaign is cordially invited to attend the meeting.

### STUDENTS' RECITAL

Attractive Programme Given Last Evening by Young Artists.

A students' recital took place last evening at Fletcher's music store, Government street, a very attractive programme being given by a number of talented young artists. The following were the items:

Sonata Op. 31, No. 2, First Movement  
Miss Moore  
Beethoven  
Ira Dilworth

Polonaise Op. 40, No. 1  
Chopin  
Miss Grace Clayton

Vocal—Carmen  
Gotsa  
Miss Moore

Morris Dance  
Ed. German  
Miss Grace Louise Hall

Impromptu Op. 36  
Chopin  
Miss Gladys Hewlings, L. A. B.

Rhapsody Op. 79, No. 2  
Brahms  
Miss Mary Shields, L. A. B.

Vocal—Hear Me, Ye Winds and Waves (Scipio)  
Handel  
Miss Gladys Cameron

Andante Spianato Op. 2  
Chopin  
Ira Dilworth

Yalse in C Sharp Minor  
Chopin  
Miss Grace Clayton

Vocal Duet—Barcarolle  
Denza  
The Misses Moore

En Courant (Runnings)  
Godard  
Miss Mary Shields, L. A. B.

Sonata Op. 31—Adagio  
Beethoven  
Miss Gladys Hewlings, L. A. B.

Vocal—My Dear Soul  
Henderson  
Miss Dulcie Moore

Etude  
Chopin  
Miss Gladys Hewlings and Miss Mary Shields were two successful Victoria musical students for the licentiate degree in connection with the Associated Board of the Royal Academy and the Royal College of Music of London, Eng., under the tuition of G. Jennings Burnett.

### TAKES ADJOURNMENT

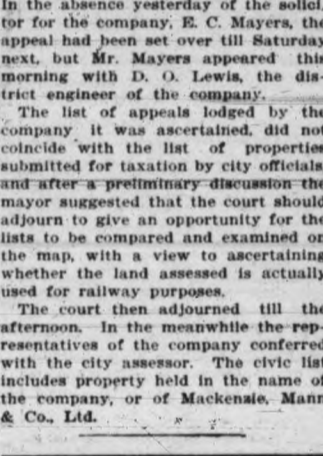

Civic Court of Revision Refers to Officials the Question of C. N. P. Railway Lands.

Unexpected, the Canadian Northern Pacific Railway cases came up before the court of revision this morning. In the absence yesterday of the solicitor for the company, E. C. Mayers, the appeal had been set over till Saturday next, but Mr. Mayers appeared this morning with D. O. Lewis, the district engineer of the company.

The list of appeals lodged by the company it was ascertained, did not coincide with the list of properties submitted for taxation by city officials, and after a preliminary discussion the mayor suggested that the court should adjourn to give an opportunity for the lists to be compared and examined on the map, with a view to ascertaining whether the land assessed is actually used for railway purposes.

The court then adjourned till the afternoon. In the meanwhile the representatives of the company conferred with the city assessor. The civic list includes property held in the name of the company, or of Mackenzie, Mann & Co., Ltd.

### COMING TO VICTORIA

REV. CHARLES CROUCHER

Who will commence his ministry in the Congregational church, Victoria, on Sunday, July 9, Rev. Mr. Croucher was for a number of years pastor of the Northernhay Gate church, Exeter, England, and was founder of the "People's Sunday Afternoon" Society of that city. He has held important pastorates in Bristol and Birmingham, England, and his latest charge was in Forest, Ont., where he has done splendid work.

Concert and Social.—A concert and social will be held at the First Unitarian church, corner Fernwood road and Figgard street, on Friday evening, beginning at 8 o'clock. A good programme of vocal and instrumental music and readings has been arranged. A short lecture will be given by the pastor, Rev. W. G. Latham, on the "Life of William Gladstone." Refreshments will be served.

### "Hearing Is Believing"

### NAVIGABLE WATERS PROTECTION ACT

R. S. C. CHAP. 115.

The Corporation of the City of Victoria hereby give notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works, at Ottawa, and in the office of the District Registrar of the Land Registry District of Victoria, at Victoria, B. C., a description of the site and the plans of a proposed bridge to be built across Rock Bay, being a portion of Victoria Harbor, between the foot of Store street and the foot of Bridge street.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Corporation of the City of Victoria will, under Section 1 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans and for leave to construct the said bridge.

Dated at Victoria this 15th day of June, 1916.

(Sgd.) W. J. DOWLER, City Clerk.

To the educated ad-reader, QUALITY OF GOODS is of first importance—price concessions secondary.

**AT THE THEATRES**

**VIOLET MERSEREAU AT VARIETY**

The feature attraction at the Variety theatre for the last half of the week, commencing to-night, is "Autumn," a gripping Red Feather photoplay of the Canadian Northwest. Seldom have reviewers been so unanimous in the praise of a picture as they have been in the case of this feature photoplay with the dainty star, Violet Mersereau, Lieut. Percy Richards, "The Man in White," as her leading man, and Clara Beyers and Paul Panzer in important roles. The story was written and produced by G. A. C. Lund. This is the first picture in which Lieut. Percy Richards, whose health fad of dressing all the year round in white flannel trousers, white silk shirt open at the throat, low white shoes and no hat, has caused him to be one of the most remarkable figures of the ever changing pageant on the New York streets, has ever appeared.

All the reviewers have commented on the unusual interest of the story. It is long and complicated, but admirably clear, and full of startling incidents to vary the charming love story.

**ROYAL VICTORIA.**

As an example of the lengths to which motion picture producers will go nowadays to secure absolute realism in every effect used in a screen drama, the case of the William Fox visualization of D'Enfer's drama, "The Two Orphans," which is the attraction at the Royal Victoria again to-day and for the balance of the week, may be cited. The scene in the splendid gardens of Bel Air, the property of the wicked Marquis de Presles who abducts Henriette, one of "The Two Orphans," embraces a midnight banquet at which wild revelry reigns. Herbert Brenon, the producer, decided that the customary staid banquet, consisting of a glass dish of bananas, a ditto of apples and several empty bottles, wouldn't do. He wanted the real thing. Expense was no object so George Andres, the maitre-de-hotel of Rector's, was summoned and ordered to serve a regular banquet for two hundred guests. The banquet cost exactly \$15 a plate, without the champagne, which was also the real thing and disappeared before the appetite of 200 "extra" with really remarkable swiftness.

Included on the same programme is a very interesting film of the Dardanelles expedition. These pictures were taken for Ashmead Bartlett and show the difficulties the allies had to contend with on the Gallipoli Peninsula.

**WEATHER BULLETIN.**

TAKE NOTICE that application will be made to the Board of Licensing Commissioners of the City of Victoria, at their next sitting to be held at the City of Victoria, for a transfer of the hotel liquor license to sell spirituous and fermented liquors held by Herbert Albert Rudge and sold by me, as hallif for Lorenzo Joseph Quagliotti, under a landlord's distress for rent, in and upon the premises known as the "Pandora Hotel," situated on the corner of Pandora avenue and Blanshard street, in the City of Victoria, to William Quagliotti, of the City of Victoria.  
Dated this 19th day of June, A. D. 1916, at the City of Victoria, B. C.

J. H. KELLEY,  
Hallif.

## BANTAM RECRUITS COMING TO VICTORIA

Thirty Men Who Enlisted at Calgary and Edmonton on Way to Coast

Last night thirty recruits, enlisted at Edmonton and Calgary for the 143rd Battalion, C. E. F., left the latter city en route to Victoria to join the Bantam Hantams. Nineteen were enlisted in Edmonton, where Lieuts. Campbell and Colgate are in charge of the recruiting work for the local battalion, and eleven were attested by Lieut. J. A. Greenhill, who is at Calgary. The drafts from Alberta have been delayed owing to the blocks on the railroads, due to wash-outs, and are now coming via the Crow's Nest and Kettle valley lines. Another draft, which started shortly before this party, has been delayed as a result of the block on the railroad.

The platoon of the Hantams, accompanied by the already famous band of the battalion, which is engaged on a recruiting tour in the Fraser valley, has been attracting considerable attention throughout its trip. A number of parades were held in New Westminster. The British Columbian of that city yesterday said: "The recruiting platoon of the 143rd Battalion under Lieuts. Peck, Lineham and De Wolf, paraded last evening at 7 o'clock, and to-day again at noon, to give the citizens a chance to see what a smart-body of men they are, even

### IS IN HOSPITAL

PIONEER W. J. CAVIN

Who was wounded on June 7, is at present in No. 23 general hospital at Etapals, France. Pioneer Cavin, who is a native son, being born in Victoria 25 years ago. He joined the 48th Battalion in February, 1915, left for England June 15, and after arriving there was transferred into the 3rd Canadian Pioneers. He crossed to France in April.

### KILLED IN ACTION

PIONEER T. ROWE

Sam Greenhalgh received a letter last week reporting that Pioneer Rowe was well-known in this city, being employed as fireman on the steamer Prince John before enlisting, and previous to that on the Dominion government survey boat. He enlisted with the company of the 43rd, which was recruited at Prince Rupert and left Victoria with that battalion, being transferred to the 3rd Canadian Pioneers after reaching England. Pioneer Rowe was born at Newcastle-On-Tyne, where his parents still live. He spent six years in Victoria and was a veteran of the South African war. He received a decoration for service in that campaign.

although they lack an inch or two in height to qualify for the ordinary battalion. This evening, the band, which is said to be a first class musical organization and which has just been equipped with a new set of silver instruments, will play off the 131st Battalion on its way to Vernon.  
"To-morrow the Bantams will go by train to Chilliwack, where they will give a concert in the evening; on Thursday they will travel by train from Chilliwack to Abbotsford; on Friday they will march from Abbotsford to Cloverdale, and on Saturday from Cloverdale to New Westminster.  
"Although the valley has been practically cleaned out of fit young men of regulation height, there are still probably a few men who could not get into any other than the Bantam Battalion, and if so, it is anticipated, this route march will get them."

Strawberry Social—A strawberry social will be held in the lecture room of St. Columba church, 516 1/2 Bay, to-morrow evening at 8 o'clock. A good programme has been arranged, and strawberries and cream will be served afterwards.

West Saanich Women's Institute—A strawberry and cream social tea will be given at the residence of Mrs. A. Petch, Marchant road, Sluggets, on Tuesday afternoon, June 27. The proceeds will be devoted to the Serbian relief fund. Members and friends are cordially invited. The admission fee will be fifteen cents.

## RECRUITS WANTED FOR THE FUSILIERS

Call is Issued for Men; Drill Held Twice Every Week

The 88th Regiment Victoria Fusiliers at the commencement of the war was performing its duties, as prescribed by the Canadian Militia Act—its particular duty being to drill twice a week in the evenings.

The active militia cannot be called on for overseas service, its purpose being essentially the protection of Canada.

When war commenced a great proportion of the then 88th volunteered for overseas service, and transferred from the 88th regiment to overseas battalions, and e. g., the 16th, 30th and the 48th.

As men transferred for overseas the gaps were filled up in the 88th regiment with new recruits, and after supplying about two thousand men for various overseas battalions, the regiment was asked to be allowed to form one overseas battalion exclusively from its own strength.

This privilege was granted, and as a special favor the battalion was permitted to take the same number as the regiment.

One effect of this, which had not been foreseen, was that though the 88th battalion and the 88th regiment had entirely separate entities, a certain confusion arose, and they came to

### NATIVE SON KILLED

PIONEER ARTHUR J. GUEST

Who is reported to have been killed on June 14, who was 21 years of age, was born in Victoria, and enlisted with the 1st Canadian Pioneers last September, going to the front in the latter part of February. His wife and young son, Albert, reside at Lyle street. Esquimalt. Pioneer Guest's father, Capt. Quartermaster F. Guest, is with the 36th Reserve at Shorncliffe, and a brother, Fred Guest, is with the training battalion at the same camp. His mother resides at 487 Fraser street.

be wrongly regarded as the same thing.

The unfortunate result was that the 8th regiment of active militia practically ceased to exist.

This was not realized, or at all events was overlooked, until the 88th battalion left for the front.

It is now urgently desired to reorganize and recruit are wanted.

There are a large number of men of all ages in Victoria quite capable of bearing arms.

These ought not to be so indolent or selfish as to grudge giving up two nights a week in the service of Canada.

It is the least they can do, and a great deal less than those who are protecting them at the front.

If in peace times the active militia is looked upon as necessary to protect Canada against invasion, surely in war time, with millions of our enemies just across the borders, it obviously becomes a hundredfold more necessary than ever.

### Dangerous Throat Troubles Prevented by Nerviline

It Ends Misery of Colds Quickly  
Don't wait till night.  
Get after your cold now—this very minute, before it grows dangerous you should apply old-time "Nerviline."  
Rub your chest and throat, rub them thoroughly with Nerviline. Relief will be immediate.

Nerviline will save you from lying awake to-night, coughing, choking and suffering from congestion in the chest and acute pain in the throat.

Nerviline will break up that dull neuralgic headache—will kill the cold and chill at its very beginning—will save you from perhaps a serious illness.

To take away hoarseness, to break up a grippy cold, to cure a sore throat or bad cold in the chest, you can use nothing so speedy and effective as Nerviline. For forty years it has been the most largely used family remedy in the Dominion. Time has proved its merit, so can you by keeping handy on the shelf the large 50c. family size bottle; small trial size 25c., sold by any dealer anywhere.

Silver Spring Lager, \$1.50 per doz. quarts

## H. C. BREWSTER SAYS THE LIBERAL PARTY NOT RAILWAY CONTROLLED

(Continued from page 1.)

### Situation Must Be Met.

"The plea that, even if invalid, the legislation can be validated next session is, of course, absurd. The next legislature must be elected under the new Elections Act passed since March 14, and if that act is invalid any legislature elected under it will be a nullity. Its members can have no more power than the man in the street. They can validate nothing. It is equally absurd to say that the matter is one for the polls, not for the courts. If the Elections Act special amendments are invalid, so are the polls. We are face to face with embarrassing conditions which must be seriously dealt with."

Our political opponents are intentionally omitting any mention of the vital facts affecting the public interest contained in the other branch of the action which I have instituted. These were made public over my own signature some time ago, and it will not be out of place to repeat some of them here:

(1)—Contrary to law, the entire \$25,000,000 share capital of the P. G. E. Railway has been handed over to the promoters without cash payment.

(2)—Contrary to law, the entire proceeds (\$18,000,000) of the securities guaranteed by the government has been paid over to the P. G. E. Railway Company, although the line is not nearly completed.

(3)—Contrary to law, the promoters of the P. G. E. Railway Company have been permitted to award the contract for construction to one of their number, without competition, and at exorbitant prices, which have caused a loss of several million dollars to the province.

(4)—Contrary to law, or at any rate to good morals, the attorney general has continued to be a member of the legal firm acting as solicitors for the P. G. E. Railway.

The Liberal party has for its fundamental doctrine the protection of the public interest. My only reason for being the leader of the party is the belief on the part of its members that I can be absolutely relied upon to abide by that fundamental doctrine.

"There is a political ideal and a party ideal for Liberals, and it does not permit of any waiver of law and right in exchange for the political support of corporation promoters.

Not Railway-Owned.  
"Liberals will not permit the party to be railroad-owned or railroad-controlled, or, if returned to power, to be represented by a railroad-owned or railroad-controlled government. For years British Columbia has been the milch cow of railroad subsidy promoters, and has assumed a burden of liability more oppressive than is borne by any other province in Canada. To

this source may be ascribed very largely the political corruption and administrative evils from which the country is now suffering.

"From my seat in the legislature I did everything in my power to free the province from the burden of debt which she has been forced to assume through the illegal acts of the attorney general as a member of the McBride government and as premier in the present administration. On May 12 I brought the facts before the legislature by a resolution calling on the attorney general to prosecute all persons concerned in this maladministration of provincial funds. The members of the opposition supported the resolution, which was defeated by a vote of 30 to 4. On May 19 I moved for a royal commission to investigate the same facts, and the motion was defeated by a straight party vote.

"Immediately afterward I laid the situation before the lieutenant governor asking for his interference on the ground that he had been deceived by his ministers, who, in the order in council, stated that their action had been taken in accordance with the provisions of the P. G. E. subsidy legislation, whereas it was in direct contradiction of those provisions. My petition to the lieutenant governor elicited no favorable response. All these steps were necessarily taken without consultation with the Liberal party at large, but all and singly they received, I believe, the vigorous support of every Liberal in British Columbia.

Attorney General Would Not Act.  
"Having been foiled in my efforts on the floor of the legislature by the attorney general and his subservient majority, and failing to procure the intervention of the lieutenant governor on behalf of the province, I was forced either to allow the attorney general to ignore the laws of the province and plunder the treasury at will, or to resort to the courts of justice in a last effort to prevent an expenditure of the public moneys which the attorney general himself admitted to be illegal. My action was but a culmination of a series of acts which had received the warm approval of the whole Liberal party. It involved no change of principle, no deviation from the course which had been unanimously approved by the Liberal party, and, I have reason to believe, by every thoughtful elector without regard to party.

"If we are sincere in our desire to insist on government within the law, and in our protest against the expenditure of public moneys without the warrant of honesty and legality, we will not be justified in giving up the fight so long as any means remain of compelling compliance with the law and enforcing good government. To yield at the dictation of a partisan majority would be weakness itself.

"I desire the adherence and invite the support of every elector who believes in the honest interpretation and fulfillment of every law passed for the protection of the public interest. As a matter of conscience, as a matter of loyalty to the principles of the Liberal party, I can deal with the conditions which have arisen on this basis and on no other."

## EXAMINATIONS ARE ENGAGING ATTENTION

Entrance and High School Tests Next Week; Victoria Teachers on Service

Examinations loom up largely in the public schools now, for those pupils who are not preparing for the entrance examinations next week are having their tests now from the individual teachers. The number of candidates taking the entrance examination into the High School for the first three days of next week will be about the same as twelve months ago, thus probably indicating a similar percentage of candidates passing to require admission to the High School as occurred in 1915.

Concurrently with the entrance examination, the High School examination commences on Monday, and proceeds throughout the week. The examiners for the latter examination have already been gazetted, and they have left for their destinations, the Victoria examiners going to the mainland yesterday.

It is understood the Victoria board will meet to-morrow week for the purpose of making appointments to the staff, and arranging for vacancies. The most important position to be filled in the principalship of the High School, for which applications are invited.

Among the members of the staff who have volunteered for active service in the last year are Verner L. Plant and J. A. Macdonald, of the High School staff; Arthur T. Hunkin and William H. Wilson (George Jay); G. H. Bevan-Pritchard (North Ward); W. J. Wilby (Boys' Central); Principal T. W. Hall (Burnside); Walter Brown, and Flight Lieut. Broadner (manual training department); Elmley L. Yeo (Boys' Central), is resigning at the end of term. Alex. Martin, a janitor at the North Ward school, is also on active service.

LECTURING TO-NIGHT

Major the Rev. John Pringle, Speaking at St. Andrew's Church on 'War.'

Major the Rev. John Pringle, a recently returned chaplain who spent nearly a year with the Canadian troops in France and Flanders, is to give a free public lecture to-night at the St. Andrew's Presbyterian church. His subject, "Phases of the Battle Front," should prove of the greatest interest here, as it proved everywhere else that Major Pringle has spoken in the course of his tour through the Dominion. Capt. the Rev. Dr. Campbell will preside as chairman at this evening's proceedings, and a big audience is looked for.

# TO THE ELECTORS OF BRITISH COLUMBIA

## READ THIS CLAUSE OF THE B. C. PROHIBITION ACT:

Sec. 57, Par. 2.—Nothing in this Act shall be construed to interfere

(a) With the right of any person to import from without the province liquor for bona fide use in his private dwelling house.

## WHAT DOES THIS CLAUSE MEAN?

IT MEANS THAT ANY PERSON may order from any point outside the province ANY QUANTITY of liquor he may desire, to be delivered to his private dwelling.

IT MEANS that such orders may be placed without any restriction as to the quantity of liquor ordered or the frequency with which such orders may be repeated.

IT MEANS that just as much money for liquor—probably more—will be sent outside the province, as Prohibitionists claim is now being spent within British Columbia. BUT—mark this—the money will be spent outside the province—B. C. still finds the money but loses its present benefit from manufacture brokerage, taxes, rentals, wages, insurance, etc., etc.

## IS THIS PROHIBITION? IS THIS A SQUARE DEAL FOR B. C.?

Local Improvement Taxes

Are the dread of property owners, but the purchaser of this property NEED NOT WORRY as the 1st of May approaches.

N. Y. K. TO INAUGURATE ITS PANAMA SERVICE

Possibility That Vessels May Touch at North Pacific Ports on Outbound Trips

When the Japanese liner Tamba Maru left Yokohama, the Nippon Yusen Kaisha was considering the immediate inauguration of a new Panama service.

When the N. Y. K. first made investigations regarding the new route, it found the question of joining the shipping conference at New York a difficult one.

It was intimated aboard the Tamba Maru that the vessels of the Panama service, on the outward voyages from Japan, may carry freight destined for the Atlantic seaboard by the trans-continental railways via North Pacific ports.

REPORTS ARRIVAL ON SATURDAY NIGHT

O. S. K. LINER CANADA MARU

URGENT LOCATION OF LIGHTHOUSE CHANGED

Mariners Petition Government to Place Aid at S. W. Corner of Ballenas Island

A matter that is now receiving the consideration of the department of marine is the location of the new lighthouse to be erected on Ballenas Island.

The present lighthouse, located on a high elevation in the middle of the island, was so built for the benefit of mariners using the channel on either side of the island, but this has not been altogether satisfactory.

With the announcement that the department proposed to install a more powerful light the shipping masters got busy and a petition has been forwarded to Ottawa recommending that the location of the lighthouse be changed to the northwest corner of the island.

It is understood that the matter is now receiving the department's consideration. Coastal navigators plying in these particular waters are almost unanimous in the contention that the northwest corner of the island is the most desirable location for the lighthouse, and the government's decision, if favorable, will be highly appreciated by all concerned.

SHIPPING INTELLIGENCE

Portland, Ore., June 21.—Departed: Str Photina (Br.), for United Kingdom; Str Victoria, for Seattle, via Tacoma; Str Tacoma, for Seattle, via Tacoma.

Nanaimo, B. C., June 21.—Arrived: Str Nanaimo, from Liverpool, via ports; Str Nanaimo, from Seattle, via Victoria.

Seattle, June 21.—Arrived: Str Tamba Maru, from Yokohama, via Vancouver; Str El Lobo, from Lobitos, via Vancouver.

Seattle, June 21.—Arrived: Str Tamba Maru, from Yokohama, via Vancouver; Str El Lobo, from Lobitos, via Vancouver.

Seattle, June 21.—Arrived: Str Tamba Maru, from Yokohama, via Vancouver; Str El Lobo, from Lobitos, via Vancouver.

Seattle, June 21.—Arrived: Str Tamba Maru, from Yokohama, via Vancouver; Str El Lobo, from Lobitos, via Vancouver.

BOUND FOR ORIENT

Liner Talthybius Sails Outward Tomorrow With Capacity Cargo

Bound for ports in the Far East, the Blue Funnel liner Talthybius will arrive in port from Seattle about 7 a. m. to-morrow to take aboard Chinese passengers and mails.

Capt. F. W. Cullum, master of the liner, last night entertained a number of friends at dinner aboard the liner at Seattle. Among the guests was Capt. Walter Yarwood, master of the Blue Funnel liner Teucer.

ENA FOR NADEN HARBOR. The C. P. R. steamer Princess Ena is due at Ladysmith to-morrow from Skagway. After coaling she will come to Victoria to load for Naden Harbor.

COAST SHIPPING IS AGAIN AT STANDSTILL

Union Longshoremen Resumed Strike To-day at North Pacific Ports

Portland, Ore., June 22.—All longshoremen who had returned to work here under a temporary agreement between the union and the shipowners, went on strike again at 7 a. m. to-day.

This action was taken on orders from San Francisco, where the temporary working agreement was declared at an end last night. The river boatmen who walked out on June 1, with the longshoremen, are still on strike and fined forces again to-day with the longshoremen.

At San Francisco. San Francisco, June 22.—Union longshoremen resumed their strike on June 1 here to-day and work of loading and unloading vessels came to another standstill, save in two cases where the union men made permanent agreements with individual steamship companies at the beginning of the strike.

Situation in Seattle. Seattle, June 22.—The longshoremen employed on all piers of the Puget Sound Waterfront Employers' Union struck at noon.

Work was continued on a few vessels and a few piers not owned or controlled by the Waterfront Employers' Union, but it is estimated that 90 per cent of the waterfront is tied up.

Men Idle at Tacoma. Tacoma, June 22.—On advice from San Francisco this morning the Tacoma union of longshoremen announced the resumption of the strike on the Tacoma waterfront at noon to-day.

Will Enforce Law. The attention of yacht, launch and boat owners and others is called to the important matter of flying the proper ensign on their vessels.

GET BUILDING PERMIT. Cameron-Genoa Shipbuilders' Ltd., to Erect Buildings on Songhees Site.

The city council, in special session yesterday afternoon, decided to allow the construction of three buildings in connection with the Cameron-Genoa Shipbuilders, Ltd., on the old reserve, which do not comply with the by-laws but which are similar to those under construction for the department of marine and fisheries further south.

The services of J. H. Price, manager of the St. Helens Shipbuilding Co., of St. Helens, Ore., have been secured to supervise the construction of the vessels which the Cameron-Genoa concern proposes to build on the Songhees reserve. The company is definitely committed to the building of three ships, which will be of the five-masted, bald-headed-rig type.

RECORD CONSTRUCTION WORK. Toronto, June 22.—The Grand Trunk Railway has done some remarkably fast construction work in connection with the extension of its lines into Camp Borden, the new military training ground near Allandale, Simcoe county.

Within a few hours of the purchase by the government of the 29,000 acres of plateau land which comprises the camp, the Grand Trunk had its engineers on the spot, and they were followed immediately by a large force of steam shovels and track-laying equipment. As the result of rapid track-laying, it has been possible to take in to the camp by rail thousands of tons of materials of all descriptions.

The Grand Trunk has already constructed over nine miles of tracks into and within the camp, while they are building a large, permanent station 430 feet long by 39 feet deep to take care of the great passenger traffic which will develop when the 40,000 troops to be trained at the camp arrive.

The Grand Trunk station is within a few yards of the camp headquarters and nearby are side tracks and 'Y's' capable of handling freight and supply trains.

SEES COUNTRY IN "SEA-GOING" MOTOR

Chief Engineer of Steamer Barrister Turns Explorer When Ashore

Plenty of diversion is afforded Chief Engineer Zacharias, of the Harrison Direct Line steamer Barrister, during his visits to various ports of the globe.

This knight of the engine room is the proud possessor of a "sea-going" motor, with side-car attachment, and whenever the Barrister happens to remain in port for 24 hours or a more lengthy period, Mr. Zacharias applies to the authorities for permission to sling his motor-cycle and car ashore, which is invariably granted, and with one of his brother officers alongside he straightaway sets out on trips of exploration.

Motoring is the pet hobby of the Barrister's chief engineer. But for the fact that an automobile would be too bulky to stow aboard when the ship is fully laden with cargo, it is probable that the engineer would invest in a larger machine, for he is an enthusiast over this popular pastime. The machine packed around to all quarters of the globe by Mr. Zacharias is a "Sunbeam," a well-known British make. With this machine he has covered thousands of miles of territory in strange lands and over all sorts and conditions of roads.

In this manner Mr. Zacharias has the opportunity of seeing something of the surroundings of the ports the Barrister touches at during her travels, and he never misses an opportunity to explore. While the Barrister was at San Pedro, she was delayed eleven days by the strike, and what her chief engineer does not know about the roads and scenic points of the Southern California city, doubtless isn't worth knowing.

During the stay of the Barrister at this port the chief roamed over the splendid island highways, and after piloting his craft over the Malahat he is convinced that there is nothing to compare with this scenic drive. Whenever the Barrister touches at a port Mr. Zacharias collects all the literature he can concerning the place and promptly maps out a course for the country.

Washington, June 22.—Brig-General Pershing's interpretation of the fight between Carranza troops and American cavalry near Carrizal yesterday, expected momentarily to-day, probably will determine largely whether the incident will precipitate immediate war.

If his report should declare that the American soldiers were attacked in an apparent attempt to enforce General Carranza's demand that the United States troop movements be only northward, the border, it is considered probable the clash will be accepted by President Wilson as an act of war.

Reports from Mexican sources telling of the clash, but not disclosing the American casualties, were accepted by officials as fairly authentic, although none would believe that the Americans made the first attack. Pending report of Major-General Funston's report, President Wilson considered the situation serious. He was equally anxious to receive from Mexico City some indication of Carranza's attitude toward the American note sent on Tuesday.

If the fight represents the answer to the note, there is little doubt that President Wilson will recommend that congress declare war against Mexico. The incident yesterday renewed efforts of the war department to prepare the National Guard for immediate service at the border. It was said some units already mobilized might be ordered to entrain not later than to-morrow.

GERMANS REPULSED IN FT. VAUX REGION. Paris, June 22.—The official report issued last night said: "On the left bank of the Meuse a German attack against the new trenches taken by us on June 15 on the slopes south of Deadman's Hill was completely arrested by our fire."

"On the right bank, after a violent bombardment with big shells which lasted all day in the region of Hill 320, the Chaplart wood and Fumin-le-Chenois, the Germans attacked our positions west and south of Fort Vaux. Our curtains of fire and the fire from our machine guns twice broke the assaults of the enemy, who suffered heavy losses."

"Aviation—On the night of June 21-22 one of our bombing squadrons dropped 210 shells on the station at Arncliffe, and 276 on the military establishments and Metz station."

Mr. Brown had not a very good opinion of landladies in general until the other day, when he happened to see his bestowing a kindness on the cat. Of course he reasoned that anyone who would be kind to dumb animals would be kind to human creatures, and he hastened to commend her actions. "I'm glad to see that you give all the scraps to the cat, Mrs. Miggs."

"Oh, yes, sir," she replied. "Wot I says, Mr. Brown, is be kind to the cats, and you'll find it saves yer 'arf the washin-up."

GREATER EFFORTS IN STATES TO PREPARE

Incident at Carrizal Has Spurred on American War Department. Washington, June 22.—Brig-General Pershing's interpretation of the fight between Carranza troops and American cavalry near Carrizal yesterday, expected momentarily to-day, probably will determine largely whether the incident will precipitate immediate war.

If his report should declare that the American soldiers were attacked in an apparent attempt to enforce General Carranza's demand that the United States troop movements be only northward, the border, it is considered probable the clash will be accepted by President Wilson as an act of war.

Reports from Mexican sources telling of the clash, but not disclosing the American casualties, were accepted by officials as fairly authentic, although none would believe that the Americans made the first attack. Pending report of Major-General Funston's report, President Wilson considered the situation serious. He was equally anxious to receive from Mexico City some indication of Carranza's attitude toward the American note sent on Tuesday.

If the fight represents the answer to the note, there is little doubt that President Wilson will recommend that congress declare war against Mexico. The incident yesterday renewed efforts of the war department to prepare the National Guard for immediate service at the border. HIGH PRICES paid for gentlemen's clothing. ADVERTISE IN THE TIMES

STANDS BY COURSE

Council Will Not Act on Warwick Document Till After Next Monday. A brief discussion, having for its object a modification of the policy adopted for the Warwick affidavit at the last council meeting, occurred yesterday at a special session. The council had resolved to have copies of the original document made for each alderman, but the copies had not been issued, and it was understood to be the intention to obtain an opinion of the Mayor as to whether the reading of the affidavit in council was of itself actionable. The majority of the council, however, declined to proceed further without their copies, and no action was taken. Alderman Bell referred to the possibility of playing with fire, and he pointed to the danger of damaging statements about citizens being made without being backed up to the hilt. Some members of the council favored going into secret session to consider the matter, but a motion to adjourn was carried, terminating the meeting. AUTOMOBILES FOR HIRE. JETNEY CARS—People wishing to hire Jetney cars by the hour or for short trips should telephone Jetney Association Garage, number 2381. S. JOYCE—Auto for hire, day or night. IF YOU WANT A FARM, large or small, see Dunfords, 311 Union Bank. ADVERTISE IN THE TIMES

BAPTISTS IN SESSION

DISCUSS MISSIONS TO PRINCIPAL WILLIS. Home Work Must Be Supported, Says C. R. Sayer; Social Service Report Read. Retiring Head of High School Remembered by Board and Staff. Three important addresses were given last evening at the session of the convention of Baptist Churches of British Columbia. H. C. Brewster, who was unable to get down in time to preclude at the meeting owing to a delay in the west coast boat, sent a telegram saying that he would be glad to act as chairman this evening. The ministers who spoke were Rev. J. W. Litch and Rev. John Craig, of Coquanda, India. Mr. Litch spoke on "The Motive of Mission Work," and delivered a stirring appeal for assistance in the furthering of the mission work in India and South America particularly, where mediocrity and superstition still hung over the people. There had been a considerable improvement, however, in the conditions in these countries, although the giant task was being carried forward by a relatively small number of missionaries. The interest taken by the churches in the redemption and enlightenment of the natives of these countries, however, was responsible for a noticeable advance. An address on foreign missions by Rev. John Craig was of considerable interest to home workers in the interest of foreign missions, as the returned missionary told a great deal about the working of the Baptist High School in India, the general progress being made in all mission fields; the outlook, etc. The missionaries were handicapped by the reduction in their allowances, which amounted to 20 per cent. "Our Home at Work" was a subject which C. R. Sayer, general secretary of the Baptist Union in Canada, treated ably. Mr. Sayer recommended the most economical way of evangelizing the world, viz., by having the church at home do her duty in preaching the gospel of Jesus Christ to the immigrants, seeing that the children of the big cities hear the message. If the small home missions were not supported, the work of the church would fall, progress would cease. Another interesting part of the evening proceedings was the presentation of a life membership in the Baptist convention to William Marchant, of Victoria, who had been active in Baptist work in the city for more than a quarter of a century. The honor was given for "distinguished service" in coupling with the highest type of ideal a never failing good humor. Afternoon Work. The biggest feature in the afternoon proceedings was the report of the Social Service Committee read by Rev. W. Stevenson. This was optimistic in character, and referred to the very active interest which was being shown in social service movements through the whole of British Columbia, and particularly in the larger cities. Many workers had at last borne fruit in the passing by the legislature of the prohibition bill. A tribute in this connection was paid to the W. C. T. U., which pioneered the reform and worked with unabating interest in spite of the very disheartening outlook with which they had been faced for years. Everyone should work hard to secure the successful passing of the measure, the bill still having to come before the electors. Another point brought out in the report had to do with the appointment of a lady worker in connection with the social service work. Churches of every denomination contributed amounting to about \$30 a month for this purpose, and already very satisfactory results had been experienced from the institution. "But vice conditions still prevail in many of our larger towns and cities," said the report. "There is still room for earnest effort along social service lines in all our centres of population. Whilst the police administration is conscientious in doing thorough and places in the province where there is only too good reason to believe that the administration is lax and where social service workers are patiently waiting the opportunity for insisting upon improvement." Ministers Eligible. Reference was made to the welcome amendment to the Elections Act, whereby ministers of religion were made eligible for election to the legislature. The Baptist convention had lent the force of its persuasions to those of other religious bodies in having this amendment passed. The report read by Mr. Stevenson was adopted, the secretary to the motion to this effect being Rev. A. W. McLeod. Mr. Marchant read the report of the Aged Ministers' Fund, and showing that at the present time in British Columbia only two churches were giving the fund any assistance. All churches are called on to help by a resolution which was passed at the convention yesterday afternoon following the discussion on the report. "The Church and Standards of Public Morality" was the subject of an address by Rev. G. R. Welch, who was far from optimistic as to the condition of things either in the home or in the state. The church must throw itself with renewed vigor into the fight. Inquisitive Party (on train)—"You'll likely be gwan ta' Elie? Noncommissioned officer—No! Inquisitive party—Then you'll be gwan ta' Pitten-ween? Noncommissioned officer—No! Inquisitive party—Then you'll shair ta' he gwan ta' Craik? Noncommissioned officer—No! Inquisitive party—Dae ye think I care a dom whaur ye're gawn?—Punch. H. B. "Imperial" Lager Beer, quarts, 12.00 per dozen.

MAKE PRESENTATIONS

TO PRINCIPAL WILLIS. As Principal Willis had to leave yesterday to conduct one of the High School examinations on the mainland, and thus it was his last day as principal of the Victoria High School, opportunity was taken to present him with a gold watch on behalf of the staff and pupils, and an address from the board expressing appreciation of his services and congratulating him on joining the university faculty. Walton Gilbert, president of the matriculation class, presented the watch, and Inspector E. B. Paul, former principal of the High School, read the latter address. Several members of the board were present, and the principal speech was made by Frank Andrews, senior member of the staff. In the course of his remarks Mr. Andrews said: "The harmony and goodwill which prevails among teachers and students throughout the school, under your kind and judicious leadership, has brought the institution up to its present high state of proficiency, a proficiency that is fully shown whenever our students come into competition with those of other institutions throughout the Dominion, where they usually stand in the very front rank. "You are going to a higher sphere of labor, to a work which no doubt will prove more congenial and where you opportunities for usefulness will be greater perhaps than here. The field of labor into which you are going is a magnificent one, a field that is wide and productive. Your new position will give you an opportunity of impressing your personality upon the lives and characters of many of the young men and young women who at an early day must become prominent in many lines of activity in this young and growing province. The success which has attended your labors here justifies us in predicting even greater success for you in your new and wider field of labor. In taking up these new duties be assured that you take with you the best wishes of all the teachers and pupils of the Victoria High School, who unite in wishing for you and the happiness and prosperity." Principal Willis made a sympathetic reply in acknowledging the various felicitations. WRIT SET ASIDE. No Cause of Action Found by Judge in Case of Brown v. Menzies Bay Timber Company. In a motion for the setting aside of the writ in an intended action, Guy S. Brown v. Menzies Bay Timber Company, Limited, Mr. Justice Murphy has found that the intended plaintiff has no right of action and he has set the writ aside. In giving judgment on the point his lordship says: "I have carefully read the affidavit in support of the writ. All the alleged wrongs therein set forth are wrongs against various companies. The intended plaintiff is, or was, a shareholder in some of these companies, and the alleged damage to him is that as a result of such wrongs his shares have become worthless. I can find no right of action in the affidavit vested in the intended plaintiff. All the facts set up show causes of action only in some of the companies named. The intended plaintiff admittedly does not seek to recover for any such wrongs—in fact could not, as he does not allege the control of the intended defendants, or some of them, from taking action themselves. "He says, if I understood counsel, that whilst the various wrongs set out in the affidavit give rights of action to some of the companies, they also make out a case of conspiracy for the plaintiff individually. Study of the affidavit fails to convince me of this. The facts alleged may show a conspiracy, but if so, such conspiracy is against the companies, not against the plaintiff. There is no direct damage to him. His losses result from the wrongs alleged to have been done to the companies in which he is a shareholder. "Whilst the essential elements of an action of conspiracy are apparently still open to discussion, no case has been cited to me, and I know of none where plaintiff was held to recover unless he could show damage suffered by himself directly. In the absence of any such authority, and in view of the decisions in my opinion the writ must be set aside." E. C. Mayers acted for the plaintiff and H. B. Robertson for the defendant company. HOW APPENDICITIS CAN BE PREVENTED. Victoria people should know that a few doses of simple buckhorn bark glysterine, etc., mixed in Adler-Lika offers relieve or prevent appendicitis. This simple mixture removes such surprising matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or stomach trouble. Adler-Lika has east and most thorough action of anything we ever sold. Hall & Co., Drugists, 702 Yates St. Dark, dark was the night; but not so dark as the intentions of the burghlarious intruder in the suburban domicile. Having got that out of the way, let us proceed with the story. The burglar searched the bedroom with movements so stealthy that he failed to rouse the snorer in the bed. But—ill get some satisfaction out of this. So he set the alarm clock on the mantelpiece for 3.30 a.m. and softly stole away.

CARD OF THANKS.—Mr. and Mrs. Thomas Palmer and family desire to convey their heartfelt thanks to their many friends for comforting messages and sympathy extended to them, and the numerous letters of condolence received during these days of bitter sorrow at the loss of a loving and devoted son and brother.

POLITICAL NOTES

There is much speculation as to who the four Conservative candidates in the city will be. As not one of the three Conservative members left at dissolution will run again, there will have to be four new men for the general election, and there is a good deal of difficulty in getting four.

So far as is known to-day the only member who is certain is Reginald Hayward, the president of the Victoria Conservative Association. The number of men who would like to have the nomination is large, but many of them would have no hope of winning under any circumstances, and therefore would not be chosen, while under the conditions as they are to-day it is recognized that great care will have to be exercised in order to get men who can make a good run.

Some of those who are being mentioned as possible candidates are W. C. Morsey, R. W. Perry, A. C. Fitzmaurice, B. J. Perry, George Okell, William Blakemore and A. C. Burdick. As one of the candidates is likely to be appointed minister of finance before the election comes on, there is considerable wirepulling among leading Conservative candidates who think they would make cabinet material.

Prince Rupert papers to hand with accounts of the Conservative convention in Athol at which W. X. Macdonald, head blacksmith of the Granby Consolidated, was selected as a candidate, being the additional information that Dr. H. E. Young, former member for Athol, and now secretary of the provincial board of health, was present at the convention and took part in it.

The Vancouver Sun says: "If the saloon interests do not see the mark in the line in the interests of Premier Bowser, what kind of a royal commission on the question of compensation will be appointed—if Hon. Mr. Bowser is returned to power?—That is a gentle hint that Henry B. Thomson, Conservative whip in the administration, is dropping among hotel keepers in every town the premier and his barnstorming party visit."

Mr. Justice Murphy—What were the Hindus using the place for? As a dairy farm.

Mr. Robertson, the witness stated that the buildings were put up at the cost of the Hindus, one by those last living there and the others by men there before that. First the Hindus were monthly tenants and at the time of the late fire the place was leased for a year at \$15 a month.

ANNIVERSARY SERVICES

Salvation Army Will Commemorate the Arrival Here Twenty-Nine Years Ago Next Week.

Next week will be celebrated the twenty-ninth anniversary of the Salvation Army's arrival in Victoria. Special services are to be held on July 2 and 3, when nearly 30 officers will visit the city from Vancouver, New Westminster, Nanaimo, Coombs, Kamloops and other parts of the province.

MORE VICTORIANS AMONG WOUNDED

Names of Local Soldiers Appear in the Latest Casualty Lists

Casualty lists published to-day give the names of the following who have been wounded: Lieut. G. E. Gibson, Victoria; Sergt. F. A. Heather, 2385 Todd road, Willows; Pte. A. Fairclough, 102 South Turner street, and Pte. Claude Geernaert, 1315 Fernwood road.

DAMAGES SOUGHT FOR BURNING OF STABLES

Result of Action of City Health Authorities to Get Rid of Uncleanly Hindu Dairy.

This morning Mr. Justice Murphy began the hearing in the supreme court of the action which arose out of the burning down of stables and dwellings occupied by Hindus as a dairy farm on Maplewood avenue, about a mile outside the city boundary.

The owner of the property, James L. McCann, is suing the corporation of Saanich, Dr. S. A. K. White, provincial veterinary inspector in charge of the inspection of dairies; John B. Howes, sanitary inspector and inspector of dairies of the city; and Chief Little, of the Saanich police force. There is sought to be recovered \$12,500 special damages and \$10,000 general damages for the destruction of the buildings, which were condemned as insanitary owing to the state in which they were kept by the Hindu cow-keepers, and were burned down on March 24.

F. A. McDiarmid is acting for the plaintiff, H. B. Robertson for the municipality, H. G. S. Heisterman for Dr. White, F. J. Stacpole, K.C., for Inspector Howes, and D. S. Tait for Chief Little.

Mr. McCann described his ten-acre property and the six buildings on it, consisting of three dwellings and three stables. These were all burned down on March 23 or 24. He received no notice of intention to destroy them, but the day before Mr. Howes called on him and informed him that the Hindus living there were keeping the place in an insanitary condition and would have to get off. He promised to see that the Hindus kept the place clean.

Mr. Justice Murphy—What were the Hindus using the place for? As a dairy farm.

Capt. Douglas Corsan, Army Medical Corps, who has been staying in Victoria some time, has received a message from the military authorities announcing that his son, Pte. Kenneth Corsan, who was wounded in the fighting in the salient southwest of Ypres recently, has died of his wounds. Pte. Corsan was well known here and at Fernie. He was educated at the University school, 1907-9, and was a lieutenant there in the cadets and played rugby. He left Fernie with the 16th Battalion with the rank of lieutenant, but on reaching England he gave up his commission to join the ranks of the 7th Battalion and get to the front.

PERSONAL

The wedding of Mr. Ronald Allan Heater, of this city, and Miss Myrtle Lee Phillips, of Lilldale, Tenn., was solemnized at St. John's church on June 20, Rev. F. A. P. Chadwick officiating. The bride was attended by Mrs. Victor King and the bridegroom by Mr. King. After the ceremony the bride party proceeded to the home of the newly-wedded couple at 143 Grant street, where a dainty dinner was served. A number of relatives and intimate friends were present to extend good wishes.

case would be considered by the authorities. Later that day she called Reeve McGregor up and he stated that the matter was then out of his hands. There was no intimation given that there was any intention of doing more than remove the Hindus.

The witness said there were 18 trees totally destroyed and four damaged. The value of them was a sentimental one, and under no considerations would they have parted with them.

Mr. McDiarmid was reading Mr. Howes' evidence on examination for discovery when the court rose for luncheon. In this the city inspector stated that he did not know the Saanich authorities were intending to burn the whole of the buildings when he went out to the premises with Dr. White. He would have been satisfied with the destruction of one building which had been used for isolation, and the bedding and other things left about the houses, as well as the removal of the cattle from the place.

Mrs. M. Fairclough, of 102 South Turner street, received the following telegram yesterday: "Sincerely regret to inform you that Arthur Herbert Fairclough, infantry, officially reported admitted to No. 3 general hospital, Boulogne, June 12, wound head and arm, slight." Pte. Fairclough was born in Lancashire, England, 23 years ago and has been in Victoria for the past eight years, being employed at the Empress hotel before enlisting. He joined the 8th in September, 1914, and later transferred to the 48th. After arriving in England was transferred into the 10th, being in the trenches with this battalion for nine months, when he was wounded. He has three brothers, Richard, Edward and Benjamin, with old country battalions, and Matthew with the 88th. Another brother, W. R. Fairclough, and two sisters live with his mother at 102 South Turner.

Mrs. Osmond Geernaert, of 1315 Fernwood road, received a telegram yesterday reporting that her son, Pte. Claude Geernaert, of the R. C. R. had been wounded in the right leg on June 3 and is in No. 2 general hospital, Camiers, France. Pte. Geernaert, who is 20 years of age, was born in Colchester, Essex, England, and came to Canada eight years ago. He arrived here three years ago, being employed as a printer. He enlisted with the R. C. R. and went with that battalion to Bermuda and then to England. He had been in the trenches since November. His father, Osmond Geernaert, is sergeant-tailor with the 3rd Canadian Pioneers. Three brothers have joined the colors, Louis, who is with the 48th; Oswald with the R. C. R. at Halifax, waiting to go to the front; and Douglas, who went away with the first Canadian contingent and has been missing since May, 1915.

Pte. A. N. Clarke, 2nd C. M. R., whose name was mentioned among the missing in Monday's casualty list, has rejoined his battalion. The following telegram from Ottawa was received yesterday by his wife, who resides at 2554 Victor street: "Cable received to-day states that Pte. A. N. Clarke, Mounted Rifles, previously reported missing, now returned to regimental duty, June 12, after suffering from shell shock."

Capt. Douglas Corsan, Army Medical Corps, who has been staying in Victoria some time, has received a message from the military authorities announcing that his son, Pte. Kenneth Corsan, who was wounded in the fighting in the salient southwest of Ypres recently, has died of his wounds. Pte. Corsan was well known here and at Fernie. He was educated at the University school, 1907-9, and was a lieutenant there in the cadets and played rugby. He left Fernie with the 16th Battalion with the rank of lieutenant, but on reaching England he gave up his commission to join the ranks of the 7th Battalion and get to the front.

The bride was attended by Mrs. Victor King and the bridegroom by Mr. King. After the ceremony the bride party proceeded to the home of the newly-wedded couple at 143 Grant street, where a dainty dinner was served. A number of relatives and intimate friends were present to extend good wishes.

The wedding of Mr. Ronald Allan Heater, of this city, and Miss Myrtle Lee Phillips, of Lilldale, Tenn., was solemnized at St. John's church on June 20, Rev. F. A. P. Chadwick officiating. The bride was attended by Mrs. Victor King and the bridegroom by Mr. King. After the ceremony the bride party proceeded to the home of the newly-wedded couple at 143 Grant street, where a dainty dinner was served. A number of relatives and intimate friends were present to extend good wishes.

JUNE WEDDING

WITNESSED BY MANY

Miss Dorothy McTavish and Mr. Edwin Heddle Married at Reformed Church

A charming June wedding was that celebrated yesterday afternoon at 2 o'clock at the Reformed Episcopal church, when Dorothy Olivia McTavish, daughter of Mrs. G. A. McTavish, of 312 Heywood avenue, and granddaughter of the Hon. J. S. Helmecken, was united in marriage to Mr. Edwin Heddle, son of Mr. Malcolm Heddle, of Kirkwall, Orkney Islands, who is connected with the San Francisco branch of the Canadian Bank of Commerce. A De R. Owen, rector of the Church of Our Lord, performed the rite, there being a big congregation of the old friends and relatives of the principals, despite the fact that no invitations had been sent out. The church had previously been beautifully decorated with peonies, fern and marguerites by friends of the bride, Mrs. David C. Hughes, her sister, Mrs. Dunceva McTavish, Miss L. Wilson, and cousins of the bride and the Young Ladies' Auxiliary of the church.

Very youthful and girlish the bride looked as she passed up the aisle of the church accompanied by her brother, Mr. John A. McTavish, who gave her away, and her three bridesmaids. Her dress of white crepe de Chine was made with long-sleeved bodice of Georgette crepe with deep collar of Irish point lace and a let-in vest of crystal bugle embroidery. The full skirt, double-flounced, had a short train, and a full court-train embroidered at one corner with crystal and sprigged with orange blossom fell from the shoulders. The veil of white tulle, hemmed with pearls, was made with a Juliet cap and wreath of orange blossoms, a sprig of the same traditional flower being worn at the belt. Her bouquet was exceptionally pretty, being of bride's roses and orchids gracefully arranged as a long spray which reached to the hem of her skirt. Her only ornament was the pearl and diamond pendant and chain which were the gift of the bridegroom.

The three bridesmaids all wore pretty white frocks and white picture hats. Miss Bertha Morley having a girle to match her bouquet of yellow iris, Miss Edith Helmecken a pink girle to match her bouquet of pink sweet peas, and Miss Denise Harris a mauve girle and sweet peas of the same color. The best man was Mr. Gordon Heddle, of Vancouver, a cousin of the bridegroom, and the ushers were Messrs. F. E. Bras, Almsley Helmecken and Donald Douglas.

The choir was present, and as the bridal party entered the church the familiar hymn, "The Voice That Breath'd O'er Eden," was sung. Mr. Giles, the organist, played the Mendelssohn Wedding March as the newly-married pair left the church, previously, while the register was being signed in the vestry. Mrs. Helmecken, Miss Harris and Mrs. Davemport singing as a trio. "Lift Thine Eyes."

The bride's mother was present, very handsomely dressed in black satin with black sequin hat and coat, and among the special guests were Mrs. Higgins, an aunt of the bride, who looked well in pale grey crepe with hat to match, and Mrs. Fuller, of New York, another aunt, and her daughter.

At the home of the bride's mother, Heywood avenue, a reception was held afterwards. Mr. and Mrs. Heddle standing under a pendant basket of pink peonies hung in the east window of the drawing-room while they received the congratulations and good wishes of their friends. Peonies were the principal flower used in the decorations of this room, and in the dining-room white roses and carnations, the latter being used entirely in the decoration of the table in the centre of which stood the big wedding cake.

Late in the afternoon, amid showers of rice and confetti, the happy pair drove away to Brentwood, where a short honeymoon is being spent prior to the departure for their new home at San Francisco. The bride wore a smart little tailored costume of navy blue with toque of blue straw. Tomorrow afternoon Mr. and Mrs. Heddle will return to town, and will sail by the 4:30 boat for Seattle en route for California.

Both the bride and bridegroom have many friends here, the former being particularly well known. The presents received are too many to enumerate, but the following are some of the special gifts from organizations with which the bride has been connected in some way during her residence in Victoria: Cameo drop, from the teachers of the Sunday school of the Church of Our Lord; silver sugar dish, from the Ladies' committee of the Protestant Orphanage; gold thimble, from the Young Ladies' Auxiliary of the Reformed church, of which she was president; gold brooch set with pearls and turquoise, from the Ladies' Auxiliary; silver vase, from the girls' class of the Reformed Episcopal church; silver basket with crest of the order inscribed on the handle, from the Lady Douglas Chapter, L. O. D. E.

FIREMEN CONSTRUCT

THEIR OWN TANK

Concrete Receptacle for Engine Tests is Constructed in Market Yard

Many people passing along Fisgard street in the last few days must have wondered what the party of firemen from headquarters were doing in constructing, near the city scales in the market yard, a substantial concrete waterproof tank.

The object is to test the fire engines of the department, and avoid the complaints caused when tests have hitherto been carried out, by the distribution of sparks, etc., in the neighborhood. This tank has capacity of 1,500 gallons, and can be filled from the hydrant adjacent. As the maximum capacity of any engine used is about 750 gallons per minute, it will be seen that the tank, which is now finished, is equal to any emergency.

The engines from the branch departments will be brought here for testing as required. Since the Maury report the engine service has been materially strengthened, and the conditions therein complained of have been largely remedied.

The firemen have made a workmanlike job of the tanks, and good concrete work has been done upon it. It will fill a want long felt in the department.

Chief Davis is still without the drill tower, which he has requested on several occasions, but which has been struck out of the estimates. The matter has been raised again by complaints of the men training on existing buildings, the agents objecting that certain inconveniences arise therefrom. The reason probably why the council has declined the proposal hitherto has been the expense of a brick building, which is recommended by the building inspector on account of the structure being in the A fire limits, although the chief says a wooden building, properly sheathed, would be ample for all present purposes on which to train the men.

BOARD OF TRADE IS

OUT FOR MEMBERS

Committee Decides to Inaugurate Active Campaign; Change in Entrance Fee

For the purpose of carrying out plans to increase the membership of the board of trade, the membership committee held a meeting this morning and went through a long list of names of former members who have resigned or gone away, and of those who were suggested as likely new members. To the surprise of the members of the committee the name of Mayor Stewart appeared on the list of likely members. Astonishment was expressed by some that the mayor was not already a member, and one of the committee was selected to interview him and bring him into the fold. When the reading of the list was completed each member had the names of the men whom he is to solicit during the next seven days. All are to be asked to become members, or to renew their memberships.

The secretary announced that to meet the present conditions and to swell the membership roll it had been decided that the entrance fee of \$10 is to be abandoned for the present and new members joining the board will become full members on payment of \$12, being one year's dues. The former plan was to charge \$10, and \$3 for the first quarter's dues, the remaining three quarterly dues being payable in three monthly instalments of \$3. Under the new plan the first payment will be \$10 less than the old one and will carry the membership a full year.

There is to be another meeting of this committee next Thursday, when the members who attended this morning and took away the lists of prospective members will report the success of their canvass. This morning the names of five members who had sent in their resignations were read and the reasons for resigning given. One considered the board of trade dead, the secretary said, and others had resigned from lack of interest or financial reasons. Each of these men are to be seen and requested to withdraw their resignations.

On the list of prospective members there were men of every class of profession and business in Victoria. Some had been members and had lost interest, some are at the war and others are enlisted and expect soon to go. In the cases of the latter class nothing could be done, it was thought, but in regard to the others it was determined that all should be solicited to take an interest in the affairs of the board. The campaign for members will be carried along actively, because the admission of members takes place once each quarter. It is desired to get in as many new and as many of the old members by the next quarterly meeting as possible. The next quarterly meeting will be on the second Friday in July.

Grand Lodge A. F. and A. M.—The annual communication of the grand lodge of British Columbia, A. F. and A. M., opened in Vancouver today under the presidency of M. Wor. W. C. Dittmars. On account of the washouts on the C. P. R. line tying up traffic, few interior delegates have arrived. Several prominent Masons from Victoria are in attendance.

FAMILY DOCTOR'S

GOOD ADVICE

To Go On Taking "Fruit-a-tives" Because They Did Her Good

Rochon, P. Q., Jan. 14th, 1915. "I suffered for many years with terrible indigestion and constipation. I had frequent dizzy spells and became greatly run down. A neighbor advised me to try 'Fruit-a-tives.' I did so and to the surprise of my doctor, I began to improve, and he advised me to go on with 'Fruit-a-tives.'"

I consider that I owe my life to 'Fruit-a-tives' and I want to say to those who suffer from indigestion, constipation or headaches—try 'Fruit-a-tives' and you will get well." CO-RINE GAUDREAU.

50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

PIONEER RESIDENT

DIES AT RIPE AGE

Elmer Thomas Had Filled Various Roles During Half Century Here

The death is announced at his residence at Colquitz of a well-known pioneer of this district, in the person of Elmer Thomas, aged 75 years, who for a generation had been employed as senior outside guard at the provincial jail.

Mr. Thomas was a native of Cheshwater, Cornwall, and at the age of 25 came out to Vancouver Island. In the first few years of his life here he was a coachman in the service of Governor Seymour, during the time between the confederation of the two colonies, and the governor's death in June, 1869. He also acted in a similar capacity for Rear-Admiral the Hon. George Fowler Hastings, C. B., who was on this station in the Zealous, one of the earlier wooden built iron clads, in the late sixties. Admiral Hastings left the Pacific station in November, 1869.

Later he engaged in the hotel business, and was licensee of the Coach and Horses, Esquimalt. During Supt. Sheppard's regime at the city police station he served two years in the force.

He commenced his long association with the provincial jail staff at Topaz avenue about 27 years ago, and remained there till the removal to Wilkinson road a year and a half ago. Since that time he has resided near his work, being pensioned last fall. His health had been failing for some time, particularly since February last. He is survived by his widow, two sons, Noel Elmer Thomas and John Thomas, three daughters, Mrs. R. W. Wilkinson, of 945 Niagara street, Mrs. W. L. Kelly, of Spokane, and another daughter resident in California. There is also a stepson, William Slater. The funeral will take place at 2:30 p. m. on Saturday from the B. C. funeral parlors.

A SLASHING CASE

Accused is Sent Down for Four Months, and is Apparently Grateful.

A man from St. Lucia, B.W.I., named Charles Wright, was sentenced to four months imprisonment in city police court today for cutting a man, Patrick Carty, in two places with a razor. He had been several times before convicted in Vancouver, chiefly for vagrancy. When sentenced he politely added: "Thank you very much, your honor." Dr. Sinclair, who had medically treated Carty since the cutting case, said he was cut in two places, and would be in hospital for another ten days. Wright had been arrested in Nanaimo. He did not deny the assault, but said he was provoked to it by the conduct of Carty.

Loe Lee Yik was remanded till Saturday morning, charged with an assault. Substantial bail was demanded by the city prosecutor, who said he was not satisfied with \$400 taken from the accused on search. Bonds will be required. Joseph Katz, on a charge of larceny of a small sum of money, is before the magistrate this afternoon. A number of Indians were fined for drunkenness.

Phoenix Stout, 2 quarts for 25c.

"The kind that is not greasy." You will find it is just what you have been looking for, as it gives new life to the hair, making it beautifully soft and glossy, and is also very beneficial to the scalp. At All Drug Stores C. C. CRAIG CO. Winnipeg, Distributors for Western Canada.

CLOSING OUT SALE

Newitt's Stock of Men's Clothing and Furnishings

Bought at a low rate on the Dollar, and will be cleared out in seven days with the Bankrupt Stock of Men's and Boys' Clothing from the D. Hunter store of Vancouver, B. C.

Dated June 14, 1916.  
HECTOR S. COWPER, C. M. C.

### RETURNED SOLDIERS

## HOLD SOCIAL EVENT

Speeches, Songs and Dancing to Celebrate Completion of Club Formation

The Returned Soldiers' Association held a very successful social last night in the Belmont block. There were about one hundred soldiers and their friends present. The evening was spent with speech and song, and the last part of the time in dancing. The whole arrangements were in the hands of the association committee, assisted by a number of ladies, who provided refreshments.

The proceedings were opened by the president of the association, A. Tait, who told of the formation of the association and of results that had been attained since its organization for the benefit of those men who had come back from the war. The organization of the association had been completed, and it is now established in club rooms in the Belmont building. The board room, which was large enough for dancing, had been lent by the owners of the building.

Mr. Tait explained that the club was to be a meeting place for the soldiers, where they could discuss matters of their personal welfare, and look after the interests of their members and of those who are yet to come back. When they arrived there would be a place for them to go socially. As a club they could have weight in petitioning the government in their own interests, when such a step is required. Mr. Tait thanked all those who had been instrumental in helping towards the formation of the club and had made donations, either of furniture or funds.

Mrs. Jenkins briefly spoke of the work being undertaken in the interests of the returned soldiers, and congratulated them on their advancement. It was announced that several offers from societies had been made to give concerts and other kinds of entertainments, the funds to be in aid of the association.

A presentation was made by the association to Pte. S. C. Ricketts, whose marriage took place recently. The members presented him with a champagne dish. Pte. Ricketts suitably responded. He went to the front with the 16th Battalion.

### RECRUITING PLANS

Drafts to Be Enlisted Instead of Battalions, According to Latest Reports.

While there is no definite order from headquarters on the matter, it is believed, in military circles here that there will be no further battalions given mobilization authority in Victoria, except perhaps the 50th Gordon Highlanders, and possibly not in British Columbia, for months to come. There is, it is understood, to be a change of plans in recruiting, which will continue in the form of drafts for those battalions that have gone overseas.

Instead of raising new battalions men who are enlisted will be sent to England in small detachments to reinforce regiments that already have been on the fighting line. Such is the understanding that prevails. This is considered a quicker and less expensive way of getting men to active service.

The 50th Gordons were promised mobilization orders as soon as the 11th C. M. R. were sent away, but later an order came to the effect that only one battalion would be allowed to recruit in this province. The Seaforth Highlanders are recruiting at Vancouver, and until this is filled it is believed the 50th will not get authority to mobilize.

### WILL REJOIN BATTALION.

Lieut. H. A. Tomlin-Jones leaves on Saturday for England to rejoin his battalion, the Durham Light Infantry. He was invalided home in October, 1915, having sustained injuries at the time of a Zeppelin raid.

### LOCAL OFFICER PAYS

## VISIT TO GRAND FLEET

Saw Sir John Jellicoe and Captain Halsey, Who Was Here With H. M. S. New Zealand

A well known local officer who left here shortly after the outbreak of the war, writes to his wife from Sir John Jellicoe's temporary home in Ross-shire of a visit he paid to the grand fleet a short time before he wrote.

The writer was on a week's leave from his brigade, "somewhere in Flanders," and through the admiralty he had the opportunity of visiting the fleet. He spent two days on the Iron Duke, Admiral Jellicoe's flagship, where he found that Captain Lionel Halsey, who was here with the New Zealand a couple of years ago, was commodore and captain of the fleet.

Captain Halsey had many warm memories of his reception here, and has painted this island in such glowing colors that he has interested many naval officers, including Sir John Jellicoe, in its charms as a place of residence.

Among other vessels seen by the officer were the Neptune, which was the flagship before the Iron Duke, and the Erin, one of the later battleships. On the latter he met an old school-fellow, Victor Stanley, the second brother of Lord Derby, who married Miss Annie Pooley.

The officer speaks highly of the welcome he received and of the delightful home life of the Jellicoes, three of whose young daughters he saw. Lady Jellicoe has taken Tarbat House, which belongs to the Countess of Cromarty, for a year while her husband is with his fleet in the North Sea.

### CAMP AT SIDNEY.

The island camp at Sidney will be ready by Monday, according to announcement at Work Point headquarters. The 103rd, the 143rd and the 231st, the latter from Vancouver, will go under canvas. Probably the Yukoners, who arrived Tuesday night, will join them. Tents have been received and the engineering corps engaged in constructing the camp with the aid of a detachment of the 103rd, is well advanced in the work.

### FROM HERSCHEL ISLAND.

In the Yukon contingent of 150 men are Ptes. Annett and Keddy, who were at Herschel Island when they heard men were wanted to go to war. They traveled over the snow and ice to enlist at Dawson. They were engaged prospecting at the time, and sold their outfit to the Stefansson expedition.

H. B. "Imperial" Lager Beer, quarts, 8 for 50c.

### WARD TWO LIBERALS

## ENDORSE CANDIDATES

Members of Association Get Ready for General Election and Appoint Committees

There was a general meeting of the Ward Two Liberal Association last evening in the Arcade Building rooms, when a number of members met under the chairmanship of the president of the ward, Robert Dinsdale.

The work to be done in preparation for the coming election was talked over, and committees were struck to take it up and get busy on whatever there is to be done in the way of canvassing and checking up the voters' list.

John Hart and Henry C. Hall were present, and addressed the meeting on political issues. Aid. Bell was unable to be present, and sent word of regret.

The following resolution was passed unanimously by the association: "Resolved, that the Liberals of Ward Two express their confidence in the leader of the party, H. G. Brewster, whose efforts in the cause of honest government and whose work for the up-building of British Columbia have commended themselves to all right-thinking electors and citizens; their high appreciation of the work done by himself and by M. A. Macdonald during the late session of the legislature; and their opinion that more than ever in this province there is need for a man of his integrity and business ability at the head of affairs."

"Further resolved, that this association pledges itself to actively support the candidature of Mr. Brewster and his associates on the city ticket—Aid. George Bell, John Hart and Henry C. Hall—in the coming elections, recognizing that in them the electors can safely trust to assist in giving the province the sound and progressive administration of its business that it so much needs."

The doctor told him he needed carbohydrates, protoids and, above all, something nitrogenous. The doctor mentioned a long list of foods for him to eat. He staggered out and wobbled into a Penn avenue restaurant. "How about beefsteak?" he asked the waiter. "Is that nitrogenous?" The waiter didn't know. "Are fried potatoes rich in carbohydrates or not?" The waiter couldn't say. "Well, I'll fix it," declared the poor man in despair. "Bring me a large plate of hash."—Pittsburg Post.

### NOTICE.

SAANICH TAX SALE.  
NOTICE is hereby given that I shall commence on July 1, 1916, to advertise for sale all properties upon which the taxes for the year 1916 remain unpaid, after which date properties may only be withheld from sale by the payment of all taxes in arrears, together with interest and tax sale costs.  
R. F. SEWELL, Collector for the Corporation of the District of Saanich.

## What Leading Prohibitionists Think of the B. C. Prohibition Act

JONATHAN ROGERS, Empress Hotel, Victoria, B. C., Vancouver, B. C., May 26, 1916.

Prohibition Bill as printed is not satisfactory to many of Prohibitionists, and we protest most emphatically against arbitrary method of keeping terms secret until last hours of session, in direct violation of promise that ample opportunity would be given to consider terms of same. Furthermore, we protest against having anything to do with question of compensation or extending limit of closing hours beyond 7 p. m. The Premier's promise is being violated in every respect, and we call on you to fulfill your duty and protect interests of Prohibition party.
