CHURCH UNION BILL APPROVED

Draft Endorsed by Methodist Conference Committee. Next Step Is Discussion by Conference

Toronto, Oct. 3.—The draft of incorporation of the United Church of Canada has been approved by the Church Union Committee of the Methodist General Conference, now in session here. After sessions lasting over portions of three days, the committee has reached a final decision. There was practically no objection to the principle laid down in the draft act. Three or four small amendments dealing with minor points were the only changes suggested.

This action has the effect of bringing the Methodist Church in Canada a step closer to final sanction of the legislative basis of the proposed union between the Presbyterian, Methodist and Congregational churches. The committee, after accepting the bill practically as it stands, now will come to the floor of the Conference for final consideration.

It is significant to note that there was but little opposition to the terms of the bill.

A Contrast. London, Oct. 3.—Canadian Press Cable.—The leisurely progress by which the goal of Church Union in Scotland is being attained with the bolder and speedier measures that are being taken in Canada.

It recognizes the fact that the Scottish negotiations are complicated by state connection, involving delays due to parliamentary procedure and legal problems.

The Herald says the appeal of the Anglican Archbishop of Algoma, Most Rev. G. Thorne, for a union that there is at present between the Anglican Church and the other denominations presents certain difficulties, because the position is not free from the complications of exclusive claims, conscientiously held. In any event, The Herald continues, the Canadian churches have now to make a decision, the effects of which must be felt far beyond Canada.

POLICE SERGEANT GAVE EVIDENCE

Preliminary Hearing Follows Killing of Alberta Constable

Calgary, Oct. 3.—A special dispatch to The Herald from Coleman, Alberta, says: "That is the man," declared Mrs. Steven O. Lawson, pointing to Emilio Piccarillo, who is jointly charged with the murder of her husband, Constable S. O. Lawson, of the Alberta Provincial Police, when the preliminary trial opened here yesterday. Mrs. Lassandra, who had maintained a flippant attitude during the preliminaries, broke down nervous and hung her head while Mrs. Lawson was on the stand.

After the adjournment both prisoners were taken to automobiles through a curious crowd, the woman still hiding her face. They were taken to the Provincial Police office at Frank for the night.

Sergeant's Evidence. The evidence of Sergeant Scott, of the Alberta Provincial Police, was of a startling nature at times. Scott told of a conversation with Piccarillo after the latter's arrest, when Piccarillo, he testified, said to him: "I thought my boy was shot and I did not remember anything after that."

Statements Made. Scott also testified to holding a conversation with Mrs. Lassandra after he had arrested her. He stated that the accused had told him that just before Lawson was shot Piccarillo had told her that his boy was shot and that he was going west to get Lawson. She wanted to go with him, but he objected at first, later assenting. Then Mrs. Lassandra told Scott, the two drove up in front of Lawson's office, called him out and then this conversation is alleged to have taken place: Piccarillo—Where is my boy? Lawson—Where is my boy? Piccarillo—You're going with me to find him. You shot him. Lawson—Well, what about it?

Then Mrs. Lassandra told witness she had fired two shots. Somebody else, whom she did not see, fired two, she said. Later she said that she had fired all the shots. Piccarillo did not fire, she told Scott, for Lawson was holding him.

Mrs. Lassandra volunteered the information that she would be found at Mrs. Gibbeau's house in Blairmore. Scott went there and found a .38 calibre revolver, produced in court.

MEASURES TO END CARRYING OF ARMS

Both Dublin and Ulster Governments Acting. Provision for Death Penalty in Free State

Dominion News Bureau. London, Oct. 3.—There have been no repercussions of the Near Eastern trouble in Ireland, where William Cosgrave, president of the Dail Eireann, is carrying out repressive measures which are far more severe than the British ever attempted. These include secret military courts empowered to inflict the death penalty for carrying arms unlawfully, committing arson and making attacks on state forces.

Ulster is already punishing the offence of carrying arms with flogging. DAIL ADOPTS OATH CLAUSE. Dublin, Oct. 3.—The Irish Free State Parliament to-day passed by a large majority the clause of the new Irish constitution containing the oath of allegiance.

Belfast, Oct. 3.—Republicans made a surprise attack on the national arsenal of Omagh, County Louth, early to-day and a sharp three-hour fight followed. It is reported, but not confirmed, that ten of the republicans were killed and wounded.

Telephone communication with Dundalk has been cut.

TWO MINISTERS TO VISIT CITY

Minister of Trade and Commerce and Secretary of State Coming

Hon. J. A. Robb, Minister of Trade and Commerce, will leave here in three weeks' time for Australia, to negotiate a preferential trade agreement with the Commonwealth Government. Recently a preferential arrangement has been negotiated between Australia and New Zealand, and it is hoped that the new arrangement may be carried out during Mr. Robb's visit to the Antipodes.

The Vancouver Board of Trade is already making plans to entertain Mr. Robb when he reaches here in October 20. To Vancouver Island people there is some interest in the fact that the minister is married to a former resident of Maple Bay. He has been a member of the House since 1908, and was formerly Mayor of Valleyfield, Quebec.

Dauphin, Man., Oct. 3.—Sheriff John Watson, a brother-in-law of Robert Watson, died here last night. He was one of the pioneers of the West, coming from Ont. to Portage la Prairie in 1874.

LOWER INSURANCE RATES IN SAANICH

Portion Protected by Saanich Fire Hall to Benefit

Lower fire insurance rates will prevail in the area of Saanich adjacent to the city boundary which can be served from the fire hall on Carey Road, it is announced by the British Columbia Fire Underwriters' Association.

This area is roughly a portion of the waterworks area embracing the Gorge, Cloverdale and adjacent districts to a point just east of North Quadra Street. The portions of Cedar Hill and Gordon Head served by the 1921 extension of the waterworks will not be affected until a fire hall or similar institution is made to give special protection in case of an outbreak.

The reduction will apply to dwellings and long term risks, the latter being inclusive of schools, churches and similar buildings. The following statement was made to The Times to-day by Douglas A. S. McGregor, district manager for the Association, in explaining the association's proposal:

"The new tariff, issued by this association for rating such risks, shows a reduction of ten cents in the annual basis rate of dwellings with a proportional reduction in the exposure charges, also reductions in the basis and exposure charges for other risks in the long term classification. This is equivalent to a reduction of 20 per cent in the rate on isolated dwellings which are insured for three years, and will result in a considerable saving to residents in the municipality.

"The area in which these new rates will apply has been made as large as possible, but has necessarily been restricted to the district that can be reasonably afforded protection under the existing facilities for fire fighting."

MOST PROMINENT FIGURE IN TURKEY; MUSTAPHA KEMAL

Mudania Is Little Village of Mud Houses. Fishing Boats Lie Alongside Breadtroughs

Mudania, Oct. 3.—Never was there a stranger setting for a conference of world powers than this little village on the southern shore of the Sea of Marmara. Even the presence of the great warships of Britain, France and Italy seems incongruous in the tiny cove belted with rocks and mud which is Mudania's harbor, for their only neighbors are a few scattered fishing boats and nondescript barges.

A few hundred yards from the point selected for the anchorage of the British dreadnought from Duke Lee the gaint skeletons, half-submerged, of two Turkish transports sunk by British submarines during the world war.

Nothing about Mudania is impressive, save the bulk of snowcapped Mount Olympus, rising majestically in the distance. The town is squalid and depressing. There is not a single building of architectural pretensions. The houses are of mud-shaped like huge beetles, and the stores thrust their latticed windows into the narrow crooked streets.

There is no sound of railway or motor truck to disturb. There is no evidence of modern life. Such was the setting to-day of the conference to which the military representatives of the Allied Powers hurried across seventy miles of water from Constantinople.

Opening at 1 p. m. The departure from Galata was fixed for 7 o'clock in the morning, with the arrival here at noon, and the opening of the conference at 1 o'clock. The British delegation included the commander-in-chief, Lieut-General Sir Charles Harington, and Colonel W. H. Gribb and Major T. G. G. Heywood of the General Headquarters Staff. The French and Italian delegations were similarly limited.

Secrecy. Every effort was made to maintain complete secrecy and privacy for the conference and the bay was as effectively barricaded as though the surface of the sea was covered with barbed wire entanglements. For forty-eight hours has been permitted to enter the area around the Gulf of Gemlek without special papers.

CONCERTED ACTION IN THE NEAR EAST

Independent Liberals Condemn Isolated British Action

London, Oct. 3.—The Independent Liberal leaders, Rt. Hon. H. H. Asquith, Viscount Grey, the Marquis of Creve, Viscount Gladstone and Sir D. Maclean, have issued a statement unanimously declaring that isolated British action in the Near East would be politically unwise and militarily unsound, and would constitute a grave danger to the Empire. The statement says there is a real peril that the Government may yet involve the nation single-handed and without cause in a war of unlimited scope.

The statement expresses the opinion that a policy of concerted action to secure the freedom of the Dardanelles straits is the only one that is safe and effective and can command the support of a united people.

SS ARCTIC PARTY MET WITH SUCCESS

Visited Baffin Land and Ellesmere Island. Traces of Coal Found; May Be Gold

Quebec, Oct. 3.—(Canadian Press)—The Canadian Government steamer Arctic, which was fitted up for the expedition, left Quebec on Oct. 15 in command of Captain J. E. Bernier, and the expedition, led by the Arctic's commanding officer, left for Baffin Land and Ellesmere Island. The trip was an unqualified success and we accomplished our mission two months earlier than expected, said Captain Bernier, and James Craig, Chief Surveyor for the Government of Canada. The former said that he had no statement to give out for publication until the details of the expedition were made known officially to the minister of the Interior.

Coal and Gold. One of the members of the crew who kept a diary said the expedition was carried out strictly in accordance with schedule, thanks to the knowledge and nautical experience of Captain Bernier in those snow and ice regions on former occasions. They went to Baffin Land, where the scientists found traces of soft coal, and it is their presumption that on these northern islands there are rich deposits of gold.

At midnight, August 28, the Arctic, which was then at Ellesmere Island and left with the object of going to Pond Inlet to establish there a post in charge of the Mounted Police.

Met Difficulties. "We had difficulty in reaching our objective and failed to go ahead to Admiralty Island and Eclipse Sound and got stuck in Pond Inlet and then made for Albert Harbor, and on September 2 came back to Ellesmere Island and on Wednesday, September 4, left Albert Harbor for Pond Inlet, where we established a post in close vicinity to the Hudson's Bay post in charge of Major G. E. Wilcox and left him with a corporal and five constables of the Mounted Police," said the diary. "Here we landed material and built a post building and left two years' stores."

CONFERENCE IN STRANGE SETTING

Mudania Is Little Village of Mud Houses. Fishing Boats Lie Alongside Breadtroughs

Mudania, Oct. 3.—Never was there a stranger setting for a conference of world powers than this little village on the southern shore of the Sea of Marmara. Even the presence of the great warships of Britain, France and Italy seems incongruous in the tiny cove belted with rocks and mud which is Mudania's harbor, for their only neighbors are a few scattered fishing boats and nondescript barges.

A few hundred yards from the point selected for the anchorage of the British dreadnought from Duke Lee the gaint skeletons, half-submerged, of two Turkish transports sunk by British submarines during the world war.

E. Wilcox and left him with a corporal and five constables of the Mounted Police," said the diary. "Here we landed material and built a post building and left two years' stores."

"We also established a second post in our return of Sergeant Roy at Southpoint Inlet."

"Our return we put in and stopped at Godhaven, Duke Island, Greenland."

Duties of Police. The duties of the Northwest Mounted Police will be to administer the law and keep the Eskimos from Greenland, which is owned by Denmark, from crossing into Canada. The Island of Ellesmere, off Greenland, with a narrow strip of land over which the Eskimo can travel into Canada. Apart from these duties and the topographical survey made by one surveyor under Mr. Craig there was nothing else that the crew was aware of.

TURKS' PLANS BASIS FOR DISCUSSION

But Allies Find They Are Not Acceptable. Reported Decision of Allied Leaders at Straits

London, Oct. 3.—The Turkish Nationalists to-day will lay before the representatives of the Allies at Mudania the terms on which they are willing to agree to a suspension of military movements. Constantinople dispatches say the Kemal proposals, an outline of which has reached the Allied headquarters there, were deemed unacceptable but not negotiable by the Allied High Commissioners, Ambassadors, Generals and Admirals at a council yesterday.

M. Franklin-Bouillon, the French envoy, whose personal conversation with Mustafa Kemal Pasha made the armistice conference possible, expressed the belief that an agreement would be reached.

Thrace. The Turkish proposals are said to include formal guarantees concerning the evacuation of Thrace by the Greek army, occupation of the territory by Allied troops and transfer of the civil administration to Kemal functionsaries.

Predictions by London Papers. Every London newspaper to-day devotes its principal columns to the hurriedly prepared articles that are likely to appear.

It is not yet definitely known how many delegates will attend the conference, but in addition to the Allied and Turkish generals, the conference will include M. Franklin-Bouillon and two Greek military representatives.

Estimates of the probable duration of the meeting differ considerably, some believing it may be over in a few hours and others suggesting it may last several days. Estimates of the probable duration of the meeting differ considerably, some believing it may be over in a few hours and others suggesting it may last several days.

Advice Given by Venizelos. In anti-Greek quarters the activities of former Premier Venizelos in Paris and London continue to be viewed with the greatest suspicion.

The Daily Press says that M. Venizelos has advised the revolutionary Government in Athens to agree in principle to the evacuation of Eastern Thrace but to tell the Allies that Greece will not evacuate the territory until the powers have decided what she shall do as part of the final peace conference.

Danger of Clash. The newspaper says the effect of this plan, if adopted, would be that the Greek army would remain in Thrace for many weeks longer and that the conditions arising from this inevitably would bring war between the British and Turks. It calls upon the British Government and public to put a stop to this "dangerous intrigue."

ATTITUDE OF U.S. OF INTEREST

The report that the United States administration is being pressed to intervene in the Near Eastern situation has attracted general attention. However, none of the papers comment editorially upon it.

PRINCE RUPERT

WAS KILLED

D. Brannen Shot in Woods by Another Hunter

Prince Rupert, Oct. 3.—David Brannen, a well known waterfront man here, was shot dead on Porcher Island yesterday while packing on his shoulders a deer which he had shot. He was proceeding through the bush, when he was mistaken for a deer by another hunter, who fired.

Brannen came to Prince Rupert from Nova Scotia.

U. S. RAILROAD WAGE AGREEMENT

Chicago, Oct. 3.—A new agreement maintaining the old rates of pay and rules and working conditions was signed to-day by representatives of approximately forty-nine railroads and subsidiaries and the Brotherhood of Railroad Trainmen and the Order of Railroad Conductors.

HEADS TURKISH ANGORA MINISTRY; RAUF BEY, PREMIER

Constantinople, Oct. 3.—Twenty-six Turkish irregulars, including one officer, were killed by the Greek forces following the Turks' invasion by the Tchatalja neutral zone yesterday, according to a statement issued by the Greek commander, General Polymenakos.

Constantinople, Oct. 3.—Alexander Zaimis, who was named as the new Greek Premier by the Revolutionary Committee, has declined the appointment because of ill-health, according to Reuter's Athens correspondent.

Committee Governs. At Athens, Oct. 3.—The Revolutionary Committee still continues all-powerful and there are daily evidences of stern martial law, armed patrols slowly marching through the streets.

M. Politis has telegraphed Paris refusing the portfolio of Foreign Minister, but consenting to help the Government abroad.

M. Diomedes, another prominent Venizelist, however, has accepted the Ministry of Finance.

General indications are that the Venizelists are waiting to see how the internal situation develops, preferring to remain outside the Government until the Venizelist party is definitely summoned to power at the national election.

The British, Italian and Belgian diplomatic representatives have signed the vital note at the royal palace, and the Greeks interpret this as the forerunner of actual recognition of George II. The Entente countries are slow to march through the streets.

TURK CAVALRY FALLS BACK SLIGHTLY AS CONFERENCE BEGINS

Force Withdraws From Advanced Positions in the Chanak Area; Military Matters Are Taken Up at Conference at Mudania.

Constantinople, Oct. 3.—(Noon)—The Turkish cavalry has retired from its advance positions in the Chanak area, decreasing the danger of conflict there.

This withdrawal, which is described in messages from the Dardanelles as "slight," is supposed here to be in consequence of word received by the Turks that the Mudania conference was in session. The Turks, however, were said still to be well within the neutral zone.

Constantinople, Oct. 3.—Only military matters will be taken up at the conference of Allied and Turkish Nationalist commanders at Mudania to-day, the political aspects of the situation being disposed of at a later meeting, according to Henri Franklin-Bouillon, whose recent trip to Smyrna, where he conversed with Mustafa Kemal Pasha, was responsible for the summoning of to-day's conference.

Two of the most important questions to be discussed to-day, he said, were the demarcation of a neutral zone on the Asiatic side of the Dardanelles and at Lamlid, and the evacuation of Thrace. He was confident that an agreement would be reached.

Success Anticipated. Such reports are considered likely to appear when the Allies refuse, as it is felt here they will, what is expected to be the first demand of the Kemalists, namely, that the latter be allowed to enter Thrace. It is believed here, however, that if the Allied representatives stand firm on the Paris programme two or three days will see the successful termination of the Mudania meeting and a favorable answer to the joint Allied note from Mustafa Kemal Pasha.

British Attention Turns to Mudania. London, Oct. 3.—If the amount of space given by the press can be regarded as an index of public concern, this country is on the tip-top of expectancy and curiosity concerning the result of the meeting between representatives of the Allies and the Turkish Nationalists at Mudania to-day.

Every London newspaper devotes its principal columns to the subject. In anti-Greek quarters the activities of former Premier Venizelos in Paris and London continue to be viewed with the greatest suspicion.

COURT OF APPEAL GIVES JUDGMENT Several Important Cases Affect Local Interests

Vancouver, Oct. 3.—Several important judgments were handed down by the court of appeal, which convened here this morning. The court comprised Chief Justice Macdonald, Justice Martin, Gallieher, McPhillips and Eberts. Judgments included: Northern Pacific Financial Corporation vs. Jeremy, appeal dismissed. Newlands vs. Bateman appeal allowed, Mr. Justice McPhillips dissenting. District of North Vancouver vs. Carlisle, appeal dismissed, Mr. Justice McPhillips dissenting. Grant vs. Matsubayashi, appeal allowed in part. Clausen vs. Canada Timber and Lands, appeal allowed, Mr. Justice Martin dissenting. Standard Trusts vs. Police, appeal allowed, Justices Martin and Gallieher dissenting. Rex vs. Caslie, appeal allowed, fine reduced to \$100. Rees, Johnson, Rex vs. Reader and Rex vs. Thompson, appeal dismissed, Justices Martin and McPhillips dissenting. B. C. Thoroughbred Association vs. Brighthouse, appeal dismissed, Mr. Justice McPhillips dissenting. Marshall vs. Canadian Pacific Lumber, appeal allowed. Metcalf vs. Harper, appeal dismissed, Mr. Justice McPhillips dissenting. Doane vs. Thomas, appeal allowed, Mr. Justice Gallieher dissenting. Farquharson vs. Canadian Pacific Railway, plaintiff given leave to elect to add the Canadian Bank of Commerce, upon new terms.

In the case of Doane vs. Thomas, this is an appeal from the judgment of Mr. Justice Macdonald in the Supreme Court for \$5,000 damages for injuries alleged to have been sustained by being knocked down by a car owned by defendant.

In Merkeley vs. Raper, Jeremiah E. Merkeley appealed from the judgment of Mr. Justice Gregory, who allowed the plaintiff's action in the Supreme Court for \$5,000 damages for injuries alleged to have been sustained by being knocked down by a car owned by defendant.

The appeal of Rex versus Caslie and Sparks was allowed, with a fine of \$100 being provided for the appellant, Caslie. When heard before the Court of Appeal here on June 28 last the appeal by Angus Caslie and Jerry Sparks, former officials of the G.A., from a police court conviction on charges of selling beer here was allowed in part and reserved on the point of whether a fine instead of the entire annulment of the six months term should be imposed. On further argument submitted Caslie was to-day ordered to pay a fine of \$100, while to-day's dispatches mention no word of Sparks.

ROUNDY WILL AGAIN DEPORT COURTS Frank Police Wins Appeal to Have Share in Will Upheld

In a decision rendered in the Court of Appeal at Vancouver to-day, Frank Police, appellant in the hearing of the Standard Trust versus Police is declared successful in his appeal to have the will of the late Franklin Riah Roundy, where it concerned the appellant, upheld. Under the will Roundy, an elderly miner who died a lingering death, left \$100,000 to be divided among his wife and other property to a value in the neighborhood of some \$50,000. Acting on behalf of a sister of the testator, Mrs. Eleanor Glynn, the will was upset in a Supreme Court action that followed. Police appealed to the higher court from the decision of the Supreme Court and he is to-day declared successful in that appeal. This is taken to assure that Police will be permitted to participate in the will of the late Roundy as a beneficiary. Mr. Justice Martin and Mr. Justice Gallieher would have dismissed the appeal.

INVITE LEAGUE TO MEET IN VERNON Good Roads League Hastens With Agenda

Kamloops, Oct. 3.—In view of the heavy agenda and a desire to complete its convention by noon to-day, the Good Roads League of British Columbia held three busy sessions Monday. Adoption of resolutions comprising the business at the evening session. A resolution urging the Government to complete paving on the Pacific Highway to Blaine at the earliest possible moment also completed action of the league. A Vernon resolution invited the League to hold its 1922 gathering in that city, and was referred to the Union of B. C. Municipalities for action.

JUGO-SLAVS NOW WANT PART RIGHTS HANDICAP TOO HEAVY

Athens, Oct. 3.—Jugo-Slavia has officially informed the revolutionary committee in charge of the Greek Government that there is no truth in the report that she will seek a territorial outlet on the Aegean Sea coast. Pointing out, however, that she would like an economic outlet in this direction, Jugo-Slavia suggests the desirability of Greece assuring her free port rights at Salonica to enable Serbia to ship and receive merchandise by way of the Mediterranean sea.

TWO AND QUARTER IS FIRE LOSS OF PROVINCE Figures for Present Year Higher, Fire Marshal Tells Kiwanians

That British Columbia's share of the fire loss of the Dominion, which was placed at \$45,000,000 in the statement made by Provincial Fire Marshal J. A. Thomas in an instructive address before the Kiwanis Club, assembled at the Dominion Hotel for the regular luncheon to-day. The figure of this loss was preventable, held the speaker, and was due to causes directly or indirectly traceable to carelessness. Messrs. Thomas and James Forman and Chief Vernon Stewart formed a deputation to appear before the club in connection with Fire Prevention Week.

HEAVEN HIS HOME ADDRESS, INSISTS S. KAMENCHIKOV Incident at St. John's Church Results in Court Proceedings

Once again giving the address of Heaven, Simon Kamenchikov was remanded in the city police court to-day for further medical examination. The man was charged that he "did unlawfully and wilfully disturb and disquiet an assemblage of persons met for religious worship by indecent behavior to wit at St. John's Church, on October 1." The accused refused to stand up in the dock when the charge was read, and muttered that he "did not want to be sued in court—but in church."

HOW TWO CITIES CONTRAST IN FRANCHISE PLAN Calgary Has Advantage in No Road Tax for Non-Property Owners

Calgary, which is striving this year to secure a larger number of votes than Victoria at the December elections, in proportion to population, has a decided advantage in its franchise plan. The city of Calgary has no road tax for non-property holders, while Victoria has a tax before giving them the civic franchise. Any non-property-holder who is a British subject of 21 years of age or over, and who has resided in Calgary since December 1 of the year preceding, can register as a voter. If a registered non-property-holder votes at an election, his name is carried forward to the next voters' list, making it unnecessary for him to register again. In Victoria, as in Calgary, property owners, get their names automatically on the voters' list, while non-property-holders who are British subjects of 21 years of age or over, and who have resided in the city since the first of the year, may register as voters after they have paid the \$2 road tax. Having once paid his tax and registered, a citizen has his name left on the list from year to year without any need of re-registration, provided that he pays the road tax each year. While being fully aware of the fact that Calgary requires no tax of its non-property-holding voters, the Victoria-Gyros, who are campaigning in connection with the Victoria-California Civic Interest Contest, feel that their party has a decided advantage in this regard. Citizens are asked to register at the City Hall before October 31.

CHARGES MADE BY VETERANS' PAPER Deputy Postmaster - General Says ex-Soldiers Not Kept Out of Service

Ottawa, Oct. 3.—Charges that under the present Government patronage in civil service appointments is being restored through the flouting of the Civil Service Act, and that returned soldiers are the sufferers, are made in the latest issue of The Veteran, official organ of the G.W.V.A. It is alleged that the soldiers' preference clause in the Civil Service Act is being ignored by the Government, and returned men selected by the Commission and given certificates of appointment are refused their positions. The Veteran points to the Finance Department as the place where the Act is disregarded. It states that there must be fifty postmaster appointments for which certificates of appointment have been issued by the Commission, which have not been transferred by the Department to the men appointed. Dr. Couiter, Deputy Postmaster-General, said he was unaware of the Commission being kept out of the service except where there were no positions vacant for them.

CHICKEN-POX KEEPS VILLA OUT OF FIGHT Philadelpha, Oct. 3.—Phil Caplan, New York, outpointed Joe Jackson of this city in a night bout last night. They are welters weighing about 140 lbs. Battling Murray, Philadelphia, defeated Kid Wolfe, also of this city, in the semi-final round. Wolfe substituted for Pancho Villa, American freeweight champion, who developed chickenpox yesterday and was unable to appear.

CHURCH MEMBERS RAISED \$4,000,000 Methodist General Conference Hears Report on National Campaign

Toronto, Oct. 3.—A. E. Emes reporting to the Methodist General Conference on the national campaign of 1920-40-day, announced that of the \$4,000,000 pledged over \$4,000,000 had already been paid over and he was optimistic that the entire amount would be forthcoming. A committee was named to endeavor to collect the remaining \$900,000. The conference also listened to a report on the conduct of the Methodist Book Room during the past quadriennium which, in spite of the uncertainties of the printing business, was able to show a surplus. The report was read by Rev. Dr. Falls, head of that institution.

SEND REFUGEES TO THE INTERIOR Turks Stop Embarkation at Smyrna

Smyrna, Oct. 3.—Embarkation of the Greek and Armenian refugees from Smyrna has been stopped by the Turks, the time limit set by Mustafa Kemal Pasha having expired. Approximately 300,000 persons have been evacuated, and those remaining will be deported to the interior, whether men, women or children. The Turkish military to-day began a house-to-house search for those liable to deportation.

CHRISTOPHER HAS POOR CHANCE FOR THE GREEK THRONE

Athens, Oct. 3.—(Associated Press)—The Athenians think there is little chance that Prince Christopher, the youngest brother of the deposed King Constantine, will ascend the throne and thus bring an American queen to Greece. Prince Christopher's wife, Princess Anastasia, the former Mrs. William B. Leeds, is not the cause of his failure. It is not that many other members of the dynasty stand behind her husband in point of succession. Prince Christopher has three elder brothers—Prince George, Prince Nicholas and Prince Andrew. Besides, Prince George has a son, who, if the crown should fall upon his father, would be the next in line. Frederick George Quirk, a warden of St. John's Church, was the first to give evidence. Witness said he saw the accused come through the north door into the main hall of the church during Communion service on Sunday morning. The accused was wrapped in a white sheet and completely veiled. He was followed by the warden. When the accused came through the north door into the main hall of the church, he turned about, raised his arms and let the sheet fall completely to the ground. At this juncture the accused was absolutely without restraint, until he was covered up by G. D. Hawkins, J. L. Robertson, and W. D. The accused had deliberately exposed himself to the congregation, alleged witness, and had done something apparently with that intent. It was later ascertained he had addressed in the front vestibule and covered himself with the sheet mentioned. Witness heard the man mumble something at the moment of the exposure, but did not know what it was. A person seated with witness had heard the man say, "Christ is Resurrected," he stated. Later in the outer room where he was interrogated, witness heard the prisoner say he was "the Son of God" and "came from Heaven." When asked where he was before he heard the man mumble something, witness asserted witness. Witness identified the standard with the seven coconuts, orange, figs, dates and white flag which was exhibited in court.

THOS. W. LAWSON DISAPPEARS Boston, Mass., Oct. 3.—Thomas W. Lawson, financier, whose fortunes have suffered the latest fall of a fluctuating career, was missing to-day. Lawson, who was associated with him suggested that the decision to sell his Dreamworld estate to satisfy his debts had hit him rather hard, and thought he had decided to seek solitude for a short time. His health had not been of the best recently.—Herace T. Fogg, one of his trustees, said that he suggested Mr. Lawson was not ill and thought he might have decided to go to Oregon, where his daughter, Mrs. Henry McCall, lives on a ranch.

An Evasive Answer "How long have you been in Victoria?" asked the court of the prisoner. "Only two days," was the answer through an interpreter, who then said: "But you were in this court two weeks ago."

A Boon to the Woman PRICE, \$1.00 WEIGHT, 13 LBS. EXTRA LBS., 8c

Yes, 13 lbs. of clothes washed in many waters and each bundle separately. Returned to you dry and the bed and table linen ironed. PHONE 172

J. BUNTZEN DIED COPELHAGEN First Manager of B. C. Electric Railway Co.

Vancouver, Oct. 3.—Word was received in Vancouver to-day of the death in Copenhagen, Denmark, of John Buntzen, first manager of the B. C. Electric Railway Company. He was the engineer in charge of the installation of the company's first power plants here and in Victoria.

VANCOUVER MAN IS RE-ARRESTED Tony Calabro Held Again Following City Hall Robbery

Vancouver, Oct. 3.—Tony Calabro, proprietor of a taxi stand and the man who rented to Fred Wells the car which was used in Friday's City Hall payroll robbery, was rearrested this morning. Calabro was apprehended by the police immediately after the robbery but was released after having apparently satisfied the authorities that he had played an entirely innocent part in the affair. It has now been reported to the police that Calabro had been seen driving around with Wells in the car on several occasions previous to the robbery. He was arrested by Detectives Imah and Alex and he will be held, it is stated, at headquarters, until it has been definitely determined that he knew nothing of the affair.

MARY PICKFORD'S FOREST FIRES. Duluth, Minn., Oct. 3.—Heavy winds have driven forest fires which broke out yesterday north and west of Duluth out of control and the situation was so serious this afternoon that the combined forestry and military forces were concentrating all efforts on removing settlers and protecting buildings, according to G. M. Gonzett forestry field administration chief.

Political Broadcastings Premier Oliver and his ministers have not decided what they are to do in connection with the Civil Service Commission and the dissatisfaction expressed by the Liberal convention at Nelson with the operations of that commission.

Conservatives of Wards Two and Five last night organized under the new Liberal-Conservative party here to back Mr. Bowser as the re-elected Conservative leader in the Province.

Watson Clarke was elected chairman of Ward Two with A. Gilson, secretary, and these representatives on the central executive; George Penketh, T. Hoop, George Grimsan and Charles North; ward executive, Mrs. Laxton, Mrs. Easler, Mrs. Stephen, Mrs. A. Gilson, Miss F. Gilson, Miss E. Newburn, H. Jackson, P. Gullit, R. C. Gibson, T. Warren A. Cave with seven yet to be added.

William Duck was elected chairman of Ward Five with F. G. Mulliner as secretary and these representatives on the central executive, Mrs. R. Sherman, Mrs. L. Roberts, Dr. Shaw, A. I. Kirkpatrick; ward executive, Mrs. R. Sherman, Miss L. Brown, Mrs. Roberts, Mrs. I. Mowat, Dr. Shaw, W. J. Sherman, B. M. Brown, W. H. Smith, L. Alexander, P. H. Manson, W. H. Lettice, A. G. Sargison, F. C. Elliott, George Petherbridge, R. G. Maxwell, C. W. Ireland, D. M. McLean, A. I. Kirkpatrick, A. F. Stephens, A. G. Brown and J. Meldrum.

Mr. Chamberlain also got information from the Premier on general soil and climate conditions.

Premier Oliver to-day received another expression of thanks from the members of the Montreal Board of Trade party here two weeks ago on their swing around the country.

The "Thanks" came in telegram from W. M. Birks, president, now at Sioux Lookout, Ont.

On behalf of the members of the Montreal Board of Trade, Evans-Candlish party, I beg to again thank you most sincerely for the delightful re-

ACCIDENT ON THE C. P. R.

Loco-Fireman's Dreadful SCALDS

ROBERTSON ST., FORT WILLIAM.

"WHEN the water gauge of my locomotive burst, the left of my face was scalded terribly. Fortunately I make a practice of always carrying a box of Zam-Buk in my pocket, and when I had got over the first shock of the accident I had the balm freely applied to the injuries.

"Though I was suffering fearful agony at the time, Zam-Buk soon eased the pain and took out all fire and smarting, and enabled me to complete my journey.

"Upon reaching home I obtained another box of Zam-Buk and continued the treatment. In a few days the new skin was growing in a wonderful way. I don't know anything else to touch Zam-Buk for dealing with cuts, burns, scalds and other small injuries."

(Signed) GEO. H. DUFFUS, (Fireman C.P.R.)

THE WORLD'S GREAT HERBAL REMEDY!
Zam-Buk, the greatest antiseptic healer known to science, has distinct and positive advantages over all old-style ointments. Zam-Buk is a compact and highly-refined balm composed exclusively of vegetable oils and herbal extracts of our medicinal power. It kills and excludes poisonous germs, whether in the outer or inner tissues. It always smarting pain and fiery irritation almost instantly. It always ensures swift, clean healing with new healthy skin. As a first-aid for cuts, burns, scalds, etc., and for soothing-sul, painful diseases like eczema, salt rheum, ulcers, ringworm, abscesses, poisoned wounds and piles, Zam-Buk has done millions of cures. 50c. box, all drugstores and dealers.

SHIP ESCAPED FROM "DRY" BOAT

Disappeared in New York Harbor; No Liquor Search

New York, Oct. 2.—Boats of the "Dry Navy" last night scuttled along the waterfront touching at docks and piers and searching indentures along the coast nearby for a two-funnelled steamship, name unknown, which early yesterday eluded the former submarine chaser Newberry, now of the prohibition fleet. Ten shots from the one-pounder gun on the Newberry had failed to cut off the escape of the fast steamer, supposedly loaded with liquor.

Out in the Narrows early yesterday, according to Captain Thomas Everts of the Newberry, the watch caught sight of a two-funnelled steamer, making for port. The dry boat signalled that her men were going aboard to inspect the cargo. As the Newberry came alongside a clanging of bells started in the engine room of the steamer and she made off, picking up speed with every turn of the propeller.

At Full Speed. To frighten the fugitive steamer, Captain Everts ordered a shot from the one-pounder on the deck. The boom of the gun to the ship pursued was like the starter's pistol in a race. In a minute or two she was running at full speed. Firing in earnest began, ten shots in all being sent after the mystery

\$280 WAS HAUL OF ROBBERS IN SASKATCHEWAN

Swift Current, Sask., Oct. 2.—Undismayed by their efforts at the offices of the North Star Oil Company and the Moore Coal Company last week, the gang of rogues who have been operating in this city, broke open the safe of the Imperial Oil Company early Sunday morning and secured more than \$280 in cash.

GOVERNOR-GENERAL TO PRESENT FLAGS

Winnipeg, Oct. 2.—The first of a number of interesting ceremonies in which Governor-General Byng will appear when he pays a return visit to Winnipeg Wednesday will be that of presenting the Kings' silk Union Jack to four regiments: Princess Patricia's Canadian Light Infantry, 43rd Battalion, 75th Battalion and 107th Battalion.

SIX PERSONS WERE KILLED AT CROSSING

St. Paul, Minn., Oct. 2.—Six persons were killed last night when an automobile they were riding in was struck by a Chicago, St. Paul, Minneapolis and Omaha Railway train at a crossing here.

FOUR DEATHS IN ALABAMA DISORDERS

Negro Lynched Last Night; Two White Men and Negro Killed

Montgomery, Ala., Oct. 2.—John Brown, a negro fireman, was taken from his home shortly after midnight by a mob and lynched, according to the report of the police. Edward Pearl, a negro, was shot in the hip, and a score of negroes were assaulted during the disturbance. The outbreak of protest among the white citizens followed the capture of Joe Terrell, a negro, charged with the murder of George Wilson, game warden, who was shot Saturday night. While searching for George Glenn, a negro, who was reported to have shot and killed Albert Sanson, a policeman, last Thursday night.

U. S. NEWCASTLE CONSULATE INQUIRY

London, Oct. 2.—The situation arising out of the recent closing of the American consulate at Newcastle-on-Tyne again is agitating the minds of Anglo-American business men with the arrival in London of Nelson P. Johnson, American consular inspector, from Washington. Mr. Johnson will make a thorough review of the case and render a detailed report to Secretary Hughes.

FINE WEATHER AIDS FARMWORK

Prairie Men Completing Threshing; B. C. Apples Marketed

Winnipeg, Oct. 2.—Excellent weather has prevailed throughout the West during the last seven days, and harvesting is nearing completion and still revealing yields of high quality grain, according to the weekly report of the Department of Agriculture of the Canadian Pacific Railway.

Manitoba. It is expected that little threshing will remain undone in Manitoba by the latter part of the week. Seventy-five to eighty-five per cent. of the work is now completed. Yields are keeping up to expectations. Reports from the province indicate that there is only a small percentage of sprouting. Ploughing is already started, with the ground in fine shape.

Saskatchewan. In Saskatchewan threshing is ninety-five per cent. completed, with oats and barley seventy-five per cent. finished. With the exception of a few isolated places, harvesting will be completed this week. There is a tendency among farmers in the province to hold back their grain in order to prevent a slump in prices, according to the report.

Alberta. Favorable weather has been experienced in Alberta during the past week, so that harvesting has progressed under more favorable conditions. The bulk of the crop throughout the province is threshed and the remainder only requires a few days more of the present weather to complete. An outstanding feature of this season's crop is the high grade of wheat produced so far is expected.

British Columbia. Fruit harvesting is progressing in British Columbia. Apples and tomatoes are being marketed in large quantities. Packing houses are to capacity. It is reported that some canneries are closing down on account of shortage of cans.

Why Physicians Recommend Magnesia For Dyspeptics

"Take a little magnesia after meals" is now a favorite dyspeptic prescription among thousands. The reason for this lies in the fact that practically ninety per cent. of all stomach troubles are due to acid which irritates and inflames the delicate mucous membrane lining of the stomach and makes natural digestion impossible. Medicines, drugs and diets all fail simply because they do not remove the acid or neutralize the ordinary meaning of these words, lies in the fact that it neutralizes the acid. Of the many forms of magnesia such as the oxides, carbonates, milks and fluids, the best is undoubtedly Bisulphate Magnesia, a teaspoonful of which in a glass of water, a little hot water, after meals, instantly neutralizes the acid and thus insures painless, natural digestion. Pure Bisulphate Magnesia can be obtained from any reliable drugist and stomach sufferers should give it a trial.

HEALTH MESSAGE TO THE WORLD

Take "Fruit-a-lives" And Make Yourself Well

"Fruit-a-lives" the marvellous medicine made from fruit juices and tonics, is the most beneficial medicinal agent that has ever been given to mankind.

Just as oranges, apples, figs and prunes are nature's own medicine, so "Fruit-a-lives"—made from these fruit juices—but concentrated and intensified—is the greatest Stomach and Liver Medicine, the greatest Kidney and Bladder Medicine—the greatest Blood Purifier—the greatest remedy for Headaches, Constipation, Indigestion, Nervousness and Bad Complexion—in the world.

To be well, take "Fruit-a-lives." 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

SILK SMUGGLED INTO CANADA

Rum Runners' Automobiles Bring Goods from U. S. Toronto and Montreal Headquarters of Traffic

Toronto, Oct. 2.—Silks worth hundreds of thousands of dollars are being smuggled annually into Canada. This is the opinion of an official of the Canadian Manufacturers' Association, in speaking to 'The Star' today.

Silk smuggling has reached so large a scale that many Toronto firms have been driven almost to the wall by the opposition of firms who obtain their silks illegally. The bulk of the new traffic is the result of automobile running to the United States. This highly skilled organization of the whisky smugglers have been utilized to bring back into Canada return cargoes of silks and textiles, said the C. M. A. official.

Toronto and Montreal are the two Canadian headquarters of this smuggling organization, which is driving almost to ruin many of the legitimate importers in Canada. It is stated that in one United States city there is a regular depot for silks and textiles, which are smuggled into Canada.

PLANT REOPENED.

Kingston, Ont., Oct. 2.—The Kingston Locomotive Company, closed for more than a year, reopened yesterday. While only 75 hands are on the job, the number will be rapidly increased.

When a woman goes calling she thinks she is lucky if she finds her friends out. Here is another vital difference between the sexes.

TRUNK HIGHWAYS ARE EXTENDED

Good Roads League Learns of Progress Through Minister of Public Works

Kamloops, Oct. 2.—"In laying out roads we strive to provide highways over which tourists can travel through this Province," said Hon. W. H. Sutherland, Minister of Public Works, on behalf of the Provincial Government, "but we also want to provide roads which will contribute to the prosperity of the citizens of British Columbia."

In addressing the British Columbia Good Roads League here, the "Cascade-Rossland road will be completed in a month, Dr. Sutherland said, making it possible to drive from Princeton or Kamloops to the Alberta boundary, while next year's programme will bring Hazelton into direct road communication with Southern British Columbia. Discussing the missing link between the coast and the interior, Dr. Sutherland said that he intends next week to inspect a proposed route 2,000 feet lower than the route formerly considered from Hope to Princeton and that he hoped to make a definite announcement in the Legislature this fall. Decision on the point would hinge on the Legislature's vote on the disposition of the Pacific Great Eastern Railway, because it had been proposed to use as a highway the railway grade from Squamish to Clinton.

DRIVERS' EXAMINATIONS

The convention adopted a resolution favoring the amendment of the Motor Vehicles Act so that all drivers must pass an examination and supply two photographs, one to be filed with the municipal license office and the other to be carried on the license card of the driver himself. It would constitute a breach of the act not to produce the card at any time demanded by officers. The resolution was urged that amendments be introduced the same as in the New York State aimed to eliminate careless driving, prevent car thefts and help to locate stolen cars. It further demands that pedestrians observe strict regulations as strictly as motorists.

A Victoria resolution demands that the Government devote more attention to the Island main-trunk road upkeep. A West Coast delegate's resolution asked that the promised \$10,000 Government appropriation be all spent this year on the Ucluelet-Long Beach section.

As president of the league, R. H. Gale welcomed the 150 delegates and visitors.

W. J. Bowser, K. C., M. P. P., addressed the convention.

HORSE CARRIAGES SOLD AT AUCTION FOR \$20

Knoxville, Tenn., Oct. 2.—Carriages which once belonged to "Tim" Sullivan, Anthony J. Drexel, Mrs. August Belmont II, and others of America's distinguished and aristocratic citizens—13 of them in all—were auctioned off here Saturday for \$20. They were fitted out in silk, velvet and leather with ivory and nickel fittings, and are said to have cost \$15,000. Several horses sold from \$5 to \$51 each.

The ironed automobiles have made on the lively state business caused the old horse-drawn vehicles to be abandoned.

Wednesday Morning at 98c Per Pair

GREAT AREAS BURNED OVER

Forest Fires in Washington State During Summer Covered 250,000 Acres

Seattle, Oct. 2.—More than a quarter of a million acres of timber lands were burned over by forest fires in this state from April to August, according to a summary made by C. J. Joy, of the Washington Forest Fire Association. July led in the number of fires, 342.

Prohibition of burning of slashings from June 29 to August 20, unless the brush is piled in a clearing, is to be recommended to a state forestry conference here October 11. Another proposed restriction is that camp fires should be built only at spots designated by the state fire wardens.

Of the 744 fires recorded in the state last summer, 71 were blamed on berry-pickers, 70 on ranchers burning brush, 69 on campers, 49 on incendiaries and 485 on miscellaneous causes.

UNITED STATES COTTON ESTIMATE

Washington, Oct. 2.—A reduction of 640,000 bales during September in prospective cotton production this year was shown in the Department of Agriculture's forecast, issued today, placing the crop at 10,135,000 equivalent 500-pound bales. The declines in the condition of the crop from August 25 to September 25 was 7 points, compared with a ten-year average decline of 5.3 points.

SORE THROAT

BASKET OF ROSES SENT MINISTER

Beginning of Postal C. O. D. Service Is Marked

Ottawa, Oct. 2.—Some years ago, when the parcel post was established under Hon. L. P. Pelletier as Postmaster-General, the first parcel was a basket of flowers sent to Mr. Pelletier with the good wishes of postal officials. Yesterday the new C. O. D. postal service was opened and at yesterday afternoon's sitting of the conference of Dominion postal officials it was proposed that the occasion might fittingly be marked by sending to Hon. Charles Murphy, Postmaster-General, a basket of roses.

MILDRED HARRIS FILES PETITION IN BANKRUPTCY

Los Angeles, Oct. 2.—Mildred Harris, motion picture actress and former wife of Charlie Chaplin, filed a petition in bankruptcy here yesterday in which her liabilities were listed as \$30,000 and assets as \$1,500, which the petition declares was the value of wearing apparel and said to be exempt.

Miss Harris executed the petition at Duluth, Minn., where she was filling a vaudeville engagement, and it was forwarded here for filing. Two long illnesses and lack of employment for many months was what brought about her present financial condition, according to word received here from Miss Harris. She claimed that after settling with her lawyers she had but \$5,000 left of the money which Chaplin gave her.

EVIDENCE OF GOOD FAITH.

While there is no general retirement by the Turks from the neutral zone on the Dardanelles a dispatch from Constantinople declares that Kemal cavalry outposts have withdrawn to positions in the rear of those occupied during the week end.

It goes without saying that the Angora Government does not expect to avoid war through the acceptance of all the terms upon which it would be willing to suspend military movements.

The conference will appreciate the position in which Nationalist Turkey stands at the present time. It will take into consideration the important fact that Greece set out on a military venture in an attempt to add to what she never earned through her general attitude in the early days of the war.

A DISTINGUISHED VISITOR.

Since it has become more of a policy than a fashion for industrialists and parliamentarians to visit Canada to obtain first-hand information about this Dominion many notable personages have passed this way.

Like his distinguished father before him Mr. Chamberlain has combined an exceedingly busy commercial life with public service in the House of Commons. As Director of National Service and a member of that highly important committee entrusted with the control of the liquor traffic during the war he created a record and reputation for himself of which he may be justly proud.

REGISTER NOW.

Through the energy and enterprise displayed by the Gyro Club of this city last year's municipal voters' list contained more names in the household section than ever before in its history.

It is not necessary for us to explain the desirability of a much fuller use of the franchise than has marked municipal elections in the past.

erty classification or in consideration of the payment of the two-dollar road tax, represents the essence of our democratic system of government and should not be treated lightly.

Out of consideration for the staff at the City Hall all eligible persons are requested to attend to their registration as early in this month as possible.

VISIBLE AND INVISIBLE.

There is no possibility of a factional quarrel between the veteran minus a limb and the veteran who is suffering from an "invisible" disability.

The handicaps under which the amputation case and the man with a recurring disability are compelled to get along are not difficult to understand.

A SUDDEN CONVERSION.

Newspaper readers in the United States were treated to an interesting—if somewhat clumsy diversion in editorial policy during the early part of last week.

NOTE AND COMMENT

Whether the administration of the Provincial Civil Service under present conditions is satisfactory to the Government or its supporters is not as important as the consideration of whether it is satisfactory or not to the general public, whose service it is.

REGISTER NOW.

Through the energy and enterprise displayed by the Gyro Club of this city last year's municipal voters' list contained more names in the household section than ever before in its history.

REGISTER NOW.

It is not necessary for us to explain the desirability of a much fuller use of the franchise than has marked municipal elections in the past.

averted by the sound judgment and sane action of naval and military commanders.

H. H. Stevens, M. P., for Bur-

ward, who recently distinguished himself by trying to unhorse Mr. Bowser as Tory leader in this Province and lost his own mount in the process, criticizes the Dominion Government for not at once committing Canada to some course of action concerning the Near East situation.

GULF OF MEXICO TO CANADA AIR FLIGHT PLANNED

Washington, Oct. 2.—A non-stop flight of 1,100 miles from the Gulf coast to the Canadian border will be attempted about October 3 by Lieut. Leland E. Andrews, of the army air service. It was announced today at the War Department.

URGE LEAGUE BE SUPPORTED

Borden and Rowell Address Methodist Mass Meetings in Toronto

Toronto, Oct. 2.—At two mass meetings here last night held under the auspices of the Methodist General Conference, two great audiences heard appeals to the Christian forces of Canada to get behind the League of Nations by creating a public opinion in this country that would zealously support the League.

HIGH SCHOOL PRIZES GIVEN

Duncan.—The annual prize distribution of the Duncan High School took place on Saturday evening at St. John's Hall. A short musical program was given as follows: Mandolin solo, William Trenholm; piano solo, Ida Lamont; violin solo, Iva Cassidy; Duet, Maud and Anna Kier.

NOTE AND COMMENT

Whether the administration of the Provincial Civil Service under present conditions is satisfactory to the Government or its supporters is not as important as the consideration of whether it is satisfactory or not to the general public, whose service it is.

DOOR-WAS CAUSE OF BOY'S DEATH

Los Angeles, Oct. 2.—James Thomas, fourteen, a pupil at the Inglewood High School, trying to prevent a door with a glass panel from slamming, accidentally thrust his hand through the panel and a silver of glass pierced his heart.

DEFENDS STATEMENT ON DRUG TRAFFIC

Magistrate Emily Murphy's Allegations Challenged by Vancouver Police Chief. Toronto, Oct. 3.—Magistrate Emily Murphy (Janet Cavendish) of Edmonton, Alta., when interviewed here Saturday concerning the dispatch which Chief of Police James Anderson, Vancouver, has alleged to have contradicted her statements concerning the operations of the drug ring in Vancouver and in which he stated that in 20 years the illicit drug traffic was never less, replied that the returns of the Federal Government for Opium and Drug Act have totalled \$58, and that the Vancouver Daily papers have stated there will be marked increases for 1922.

WOMEN'S CLUB TO ELECT EXECUTIVE

Annual General Meeting at the Empress Ballroom Tomorrow. Officers for the ensuing year will be elected at the annual meeting of the Women's Canadian Club to be held in the Empress Hotel ballroom tomorrow afternoon at 2 p.m.

LOADING THEM

The new settlement worker was obtaining data as to the character and habits of the residents in the negro section of the town to which she had been assigned. Aunt Mandy had been assigned as hostess to the fine-looking man who was to be the first of the happy couple.

MAGIC BAKING POWDER. CANADIAN MADE. CANADA'S PERFECT BAKING POWDER. We recommend the use of Magic Baking Powder because we know that its ingredients are of the highest quality.

IF WINTER COMES INSTALMENT NUMBER 66. BY A. S. M. HUTCHINSON. Copyrighted—Published by arrangement with British & Colonial Press, Ltd.

Old Mrs. Perch was very broken and very querulous. She blamed Sabre and she blamed Effie that Freddie had gone to the war. She said they had learned with him to send him off. "Freddie I could have managed," she used to say.

Do You Tire Too Quickly? If the slightest effort tires you out, your blood is impoverished—your body is lacking in Iron and Manganese for enriching the blood—in Phosphorus for Brain and Nerves—in Calcium, Sodium, and Potassium Phosphates that are essential for Bone and Tissue-Building. WIGARN'S supplies these nourishing elements in a scientific form most readily absorbed into the system.

CONCERT AT GORDON HEAD

The Gordon Head hall was filled to capacity on Friday evening when the Standard-Sentinel Mission Band gave their first winter concert. A large number of people had taken the journey out from the city for the entertainment. Reeve Watson was chairman, James Sherwood Dobbs gave as his first song "The Blind Ploughman," which was rendered with spirit and feeling.

LOADING THEM

The new settlement worker was obtaining data as to the character and habits of the residents in the negro section of the town to which she had been assigned. Aunt Mandy had been assigned as hostess to the fine-looking man who was to be the first of the happy couple.

Cuticura Beautifies Your Complexion. The daily use of the Soap cleanses and purifies the pores of the skin, thus preventing blackheads and pimples. The Ointment soothes and heals any irritation or roughness.

H. G. WELLS FAMOUS OUTLINE OF HISTORY The Romance of Mother Earth

TO-DAY'S INSTALMENT—20 A New Setting for the Human Nature

It was about 12,000 or fewer years ago that, with the advent of forests and a great change of the fauna, the long prevalence of the hunting life in Europe drew to its end.

Sea or the British Isles, but now the Scandinavian peninsula and perhaps Great Russia were becoming possible regions for human occupation.

the glyptodon and many other extinct creatures still flourishing. The glyptodon was a monstrous South American armadillo, and a human skeleton has been found by Roth buried beneath its huge tortoise-like shell.

Reindeer Age (Aurignacian) Engravings & Carvings. On reindeer antler. Mammoth on wall. Head of a woman, carved in ivory. Painted pebbles (Aurignacian). Stone statuettes.

These Azilian people have left behind them a multitude of pebbles, roughly daubed with markings of an unknown purport.

We will not deal here with the other various pebbles of the scanty traces in the world during the close of the New Palaeolithic period.

The map of the world was assuming something like its present outline, the landscape and the flora and fauna were taking on their existing characteristics.

There were still lions in the Balkan peninsula, and they remained there until about 1,000 or 1,200 B.C.

end of the Pleistocene, the same relaxation of the climate that permitted the retreat of reindeer hunters into Russia and Siberia, at the Neolithic tribes advanced, may have allowed them to wander across the land that is now cut by Bering Strait, and so reach the American continent.

It seems the fundamental object of segregation, advanced by Mr. Kim Yow, "was to give the Chinese special training in the English language."

CLAIMS SAANICH MUST PUT BY-LAW

Alderman Todd suggested that Saanich should be asked to submit the by-law three months after being requested to do so by the City Council, but Alderman Andros took strenuous objection to this.

last night's meeting of the City Council. Alderman Todd suggested that Saanich should be asked to submit the by-law three months after being requested to do so by the City Council, but Alderman Andros took strenuous objection to this.

tion soon Saanich might be spared expense if the by-law were submitted at the same time. Alderman Todd took the stand that if the by-law were put now it would not carry.

"How Does She Do It? That's What I Want To Know." She follows the same recipes I do, the same kind of flour, butter, eggs and flavoring and yet her cakes have a delightful something about them that I can't get. What's the reason? The secret, madam, is—DR. PIERCE'S BAKING POWDER

CONGRATULATE DR. MCCOY. The Victoria Ministerial Association met yesterday for the first regular monthly meeting in Spencer's Tea Rooms.

RALLY FUNCTION TO OPEN WINTER SEASON

An opening rally been fixed for all junior school boys belonging to the Y. M. C. A. will be held at the association building on Friday evening, commencing at 6 o'clock.

CHINESE MEET SCHOOL BOARD OVER IMPASSE

Additional Coaching of Backward Pupils Is Plea, in Effect

Board Promises to Consider; Admits School Empty

At a special meeting of the School Board held last night the trustees received a delegation of representative Chinese on the school impasse.

Possible Way Out. The delegation spoke with authority over the careers of some 250 Chinese children, and came forward with alternative proposals for the board to consider.

Discussed in Committee. A discussion lasting an hour followed but was declared in committee by a retroactive motion of one of the members present.

Chinese Attitude Reasonable. "Those of us who are not Chinese on this delegation," explained the Rev. Robert Connell in opening the conference, "are in sympathy with the Chinese."

Would "Funden Breach". It seems the fundamental object of segregation, advanced by Mr. Kim Yow, "was to give the Chinese special training in the English language."

Would Prove Failure. Mr. Hastings went on to suggest that the four-year-old Chinese school made Chinese pupils too old for their classes when they were permitted to attend the general public schools.

No Congestion as Claimed. The plea of the board that the action was due to increasing number of Chinese this year was not borne out by the facts, he continued, holding that the Chinese had been attending school this year there could not be congestion as claimed.

Claim Reasons "Racial". The Chinese felt that they were in this country on sufferance, urged Mr. Hastings in conclusion, and that the representatives of foreign governments on racial reasons and not educational as announced.

Chinese Fully Alive. The delegation pointed out that there were 150 Chinese children now attending three missionary schools in this city.

MENTEN SHAVING CREAM

Produces a lather which does not dry on the face. Eliminates after-shaving smart.

The MENNEN COMPANY MONTREAL, CANADA.

The Proposals. The proposals, in effect, were as follows: 1. The establishment of a kindergarten school for children of all ages.

Chinese Fully Alive. The delegation pointed out that there were 150 Chinese children now attending three missionary schools in this city.

Chinese Fully Alive. The delegation pointed out that there were 150 Chinese children now attending three missionary schools in this city.

Chinese Fully Alive. The delegation pointed out that there were 150 Chinese children now attending three missionary schools in this city.

Chinese Fully Alive. The delegation pointed out that there were 150 Chinese children now attending three missionary schools in this city.

ASKS COUNCIL FOR EXHIBITION GRANT

No Horse Racing, So Money Needed, Says Sangster

Falling in its endeavor to hold horse racing under the pari-mutuel system at the recent Fall Fair at the Willows, the British Columbia Agricultural Society applied to the City Council last night for the grant of \$5,000 which it had prepared to forego had racing been allowed.

The takings were one-third of what they were in 1921, Secretary George Sangster stated in his letter, and other revenues were in proportion.

Alderman Woodward at once moved that the request be granted, and the amount was provided for in the estimates, but Alderman Dewar suggested that the matter be referred to the Finance Committee.

PLANS FOR WINTER WORK OF BATTALION. Active Programme for Canadian Scottish Regiment. On Thursday evening at 8 o'clock the First Battalion (16th Bat. C.E.F.) of the Canadian Scottish will open the Winter session.

The programme which the battalion hopes to carry through during the forthcoming months will, perhaps come as a surprise to many, for it indicates what a variety of interests can be provided for members of the active militia.

The Weekly Routine. Each duty week of the session (work) commences with a miniature range practice, gymnasium and baths on Mondays from 8 to 10 p.m., the opening evening being on October 16.

ACHILLES DUE IN DECEMBER Capt. G. A. Flynn Will Command Holt Turbiner as Far as Hongkong On her first voyage to Victoria and North Pacific ports the big turbiner Achilles, of the Blue Funnel Line, is expected to reach this port December 28 from the Orient. As previously announced in these columns the Achilles is scheduled to sail from Hongkong December 5. The Achilles will be commanded by Capt. George A. Flynn during her voyage from Liverpool to Hongkong. Capt. Flynn is the commander who, in command of the liner Tyndarous, during the war, took his command safely into a South African port when she was in a sinking condition after striking a mine. He was decorated by the British Government for his heroic work. The Achilles will replace the steamship Ixion in the trans-Pacific trade. The vessel has a cargo capacity of 19,360 tons measurement. She will sail on her first outward voyage from this port January 18.

Removed for Convenience of Sale Messrs. Roberts & Mellor Duly instructed by the owners, will sell by Public Auction, at their rooms, 733 Port Street, Thursday at 1.30 p.m. prompt, a vast assemblage of Household Furniture and Effects Being the contents of Two Residences, and including in part: Oriental Coral Corner Lounges and Cushions, Grass Tables and Chairs, Rockers, Bamboo Tables and Chairs, Bookshelves, Ornaments, Clocks, Curtains, Field and Game Glasses, Wilton Axminster, Brussels, Tien Sein and Other Rugs, Extension Dining Tables, Set of 5 Dinners, Buffet, Dinner and Tea Ware, Oak Secrete, Occasional Table, Couch, Flute, old Violin, English Whatnot, Hall Stand, Hall and Stair Carpet, Plated Goods, Jardiniere and Stands, Lamps, Gongs and Beater, Singer Drophead Sewing Machine, a 44 Winchester Sporting Rifle, Ross Rifle, a 22 Rifle, Fishing Rods, Tennis Racquets, Game Board, Single and Double Beds, Mattresses, Child's Cot, 3 Bed Lounges, 10 Bureaus, Washstands, Toilet Ware, Chests of Drawers, Bedroom Chairs, Wool Carpets, Occasional Tables, Lamps, 4 Dress Buses, Carpet Sweeper, Children's Chairs, Kitchen Tables and Chairs, Meat Safe, Cooking Utensils, Crockery and Glassware, Patent Cooker, Hammock, Scales, Baby Buggy, Paper Cutter, a new Palatua 250 Egg Incubator and Brooder, Irish Linen, Table Cloths, Pillows, Quilts, a large quantity of nearly new Cocoa Matting, Carpenter and Garden Tools, and Other Goods too numerous to mention. News from the Ocean Lanes

ALTERED PLANS WILL TAKE LINER ON TO VANCOUVER Captain E. Beetham Arrived Here To-day and Will Board Australia Outside The Empress of Australia, returning from sea with engine trouble, is expected to arrive off here this evening en route to Vancouver. The previous decision of the C.P.S.S. to bring the vessel to this port and land her passengers here has been cancelled, arrangements having since been made to take the ship on from quarantine to Vancouver. It was announced by Canadian Pacific officials both here and at Vancouver yesterday morning that the Empress of Australia was en route to Victoria and would disembark her saloon and second class passengers at this port. Arrangements were made for the accommodation of the saloon passengers at the Empress Hotel following the ship's arrival from sea. Later it was decided to order the liner to Vancouver and all prior arrangements were cancelled.

HOLLAND AMERICAN M. S. DINTELDVK

Capt. Beetham Here He dropped his anchor off Hastings Mills and proceeded ashore to arrange a berth, informing the mill management he had been instructed to load at the mills for Fiji and Australia. The miller knew nothing about it and he has been forced to cable his owners to learn what they wish him to do and where. The Lottie Bennett came here from San Francisco, having been ordered to the port by the San Francisco agents of the owners, Burns, Phillips & Co. Canada, which is scheduled to sail for Australia, will sail Thursday for Victoria. The 350 Chinese in the Australia's Asiatic steamer will also be accommodated on the Empress of Australia. The remainder of the first class passengers, it is said, will remain at Vancouver until the departure outward of the Empress of Australia on her return voyage to the Far East October 19.

SKIPPER WAS IN QUANDARY Captain Bauer, of Schooner Lottie Bennett, Found No Berth at Vancouver Vancouver, Oct. 3.—Arriving in Vancouver harbor, in command of the American schooner Lottie Bennett, Captain Bauer endeavored to learn why he came here. He reported that he was in command of the Empress of Australia's Asiatic steamer, which is scheduled to sail for Australia, and was instructed to load at the mills for Fiji and Australia. The miller knew nothing about it and he has been forced to cable his owners to learn what they wish him to do and where.

VESEL MOVEMENTS Victoria, Oct. 2.—Arrived: City of Durham, from Europe via San Francisco for Vancouver. Sailed: Steel Navigator from Vancouver for New York and Montreal from Glasgow. San Francisco, Oct. 2.—Arrived: Robert Luckenbach, Everett; Williams, Seattle; Everett; Makenna, Hilo; Eagle, Baltimore. Sailed: Alaskan, Oatland.

GLAMORGANSHIRE OUT. The Royal Mail steamship Glamorganshire passed out at 3 o'clock this morning from Vancouver for Port Townsend en route to Puget Sound to complete loading for Europe. The Los Angeles order came from the Los Angeles Shipbuilding & Drydock Company and calls for the installation of the Todd system on the new steel steamship Elabeta. The Seattle yard employs a substantial force of workers in manufacturing the Todd system and new orders will help stabilize its payroll. The work of installing the equipment on the Glamorganshire will begin in Seattle this week and will require a number of weeks for completion. The installation on the Glamorganshire and the Elabeta will be made in a month. The yard recently equipped the Admiral Liner Dorothy Alexander with the Todd system, the Dorothy getting a battery of twelve boilers to reach Westport in less than a month. The yard recently equipped the Admiral Liner Dorothy Alexander with the Todd system, the Dorothy getting a battery of twelve boilers to reach Westport in less than a month. The yard recently equipped the Admiral Liner Dorothy Alexander with the Todd system, the Dorothy getting a battery of twelve boilers to reach Westport in less than a month.

HAWAII PART TO-MORROW The Osaka Shosen Kaisha liner Hawaii Maru, Capt. T. Suruga, is expected to reach Victoria at 6 o'clock to-morrow evening in time to secure pratique before sundown. The Japanese liner has 19 steerage passengers for Victoria and 6 cabin and 24 steerage for Seattle. Her freight is light.

ARBITRATION BOARD FOR BOAT ENGINEERS Vancouver, Oct. 3.—The request of the Canadian Pacific Railway for a resumption of negotiations between its representatives and those of the engineers and dock officers of the Canadian Pacific lake and river fleet in British Columbia was agreed to by the Canadian Navigators' Federation, the Marine Engineers' Union, No. 15, and the Dock Officers' Association, renewed negotiations, and the Dominion Department of Labor, at a second request of the men's representatives, has awarded a board of arbitration. The C.P.R. representative has not been selected. John Pyfe, a marine engineer, and a former employee on C.P.R. steamers, is the choice of the men. Arbitration proceedings will be started shortly. The men are seeking a general revision of wages and conditions.

M'KINLEY INBOUND FROM THE ORIENT The Admiral Liner President McKinley, due here from the Orient on October 10, has 182 passengers all told. Her cargo includes 3,140 bales of raw silk and 1,225 bags of mail. Among the passengers to sail by the McKinley on her next voyage will be Kermit Roosevelt, son of Theodore Roosevelt, who is taking his family with him to the Orient.

Fine Motorship Due Here This Week-End

San Francisco, Oct. 2.—The United States Circuit Court of Appeals here, yesterday sustained a judgment for \$297,784 awarded in the Lower Court against the Nebelun Steamship Company for the loss of the Norwegian barque Aggie while it was being towed from San Francisco to Panama in 1915 by the company's steamer, Edgar H. Vance. The Aggie cut loose from her tow line to avoid shipwreck and went aground on Talcott Shoal in the Santa Barbara Channel. The barque and its cargo of grain and beans were a total loss. The Court held that the company and the steamer's captain, R. B. Seike, were guilty of negligence in towing the Aggie out of San Francisco Bay when the worst storm in 42 years was blowing. The Aggie was owned by the Aktieselskabet, a Norwegian corporation. Figures compiled by the marine department of the Chamber of Commerce show that last month arrivals and departures for this port greatly exceeded the inward and outward movement of vessels for the corresponding period of 1921. A total of 76 more arrivals were recorded for last month compared to the same month last year and ninety more vessels departed. Increased tonnage and express service maintained in the ever-increasing Panama Canal trade is held largely responsible for the heavy tonnage movement incoming and outgoing. The total steam tonnage for last month arriving here aggregated 933,860 and the outgoing totaled 1,027,512. The sail tonnage was 40,592, and 5,367 tons William B. Hamilton has received from the commissioner of navigation the letter of the law regarding the loading of inflammable on vessels sailing from this port both coastwise and offshore. Such vessels are required to take on all general cargo booked and shall leave the dock immediately after taking on inflammable cargoes, such as gasoline, kerosene and other like articles. On her last outward run from New York to Cherbourg the Cunard liner Aquitania maintained a speed of 25 knots per hour for the entire distance of 3,201 miles. The total time for the passage was five days, 19 hours and 18 minutes. This ship's average speed is 23 knots.

NIGHT SCHOOLS

Classes Are Commenced for Winter Term: Some Announcements

A most successful start was made last evening at the Victoria night schools for the winter term.

Director W. H. Binns reports that most of the classes are satisfactorily filled, and considerable enthusiasm shown by the students.

Some announcements in connection with the classes are made as follows:

The class in advanced woodwork at the Technical School (Boys' Central grounds) will meet on Tuesdays and Thursdays at 7:30, under Capt. G. M. Breadner.

Cookery class will meet in the Domestic Science Centre at Central School. All students should meet their teacher, Miss Wright, on Wednesday at the above place, and not at the High School.

The class in Steam Engines will meet on Wednesday at the High School. A model of a steam engine has been provided for this class.

WOOD

Rockland Park W. C. T. U.—The Rockland Park W. C. T. U. held its monthly meeting yesterday afternoon at the home of Mrs. Eilers, with the president, Mrs. Hall, in the chair. Mrs. A. Slow, the secretary, read a very interesting report of the Provincial W. C. T. U. convention. Mrs. Mitchell gave an interesting talk on temperance.

Tubercular Veterans.—The Tubercular Veterans' Association held its regular meeting last night in the C. W. Y. A. rooms on Easton street. Mr. E. N. Coles, the president in the chair. The minutes of the convention of the Dominion Tubercular Veterans' Association, which took place recently at Hamilton, Ontario, were read, and considered. Several new members were received. The next meeting will be held on October 16.

Saseenoa Wants Water.—Wishing to obtain a water supply partly from Stoney Creek and partly from the Sooke main line, the Franco-Canadian Company which had out the townsite of Saseenoa, asks the City Council to permit the taking of water, for which it agrees to pay a royalty of one cent per thousand gallons taken from Stoney Creek and three cents from the Sooke water main. It also agrees to pay the Sooke Harbor Water Company two cents per thousand gallons. The company is ready to lay the necessary pipes in the townsite. Victoria cannot enter into an agreement with the Saseenoa people without the consent of the Sooke Harbor Water Company. The Water Commissioner and City Solicitor will report on the application.

NEWS IN BRIEF

Unique Club.—The Unique Club will hold a card party at the home of Mrs. Fanthrop, Rock Bay Avenue, tomorrow evening.

King's Daughters.—The regular monthly meeting of the ministering circle of the King's Daughters will take place tomorrow at 3 p. m. in the rest room.

City Fence Viewers.—Alderman Woodward, W. W. Northcott and J. G. Brown were named as the city's fence viewers at last night's meeting of the City Council.

China Island Mission.—The China Island Mission will meet at 8 o'clock to-night at the Y.M.C.A. Rev. and Mrs. Dickie, missionaries from China, will address the meeting.

St. Barnabas Harvest Festival.—St. Barnabas Church Harvest Festival will be held on Wednesday next. The Rev. W. Carroll, of St. Luke's, Cedar Hill, will be the special preacher at a festival evensong at 8 p. m.

Hollywood Mission.—The ladies of Hollywood Presbyterian Mission, Wildwood Avenue, will hold a sale of home-cooked, candy and useful articles tomorrow afternoon. Tea will be served from 3 to 6.

Dr. Hadwen's Portrait.—A fine enlargement made by Will Griffiths from a portrait of Dr. Walter Hadwen, may be seen in the window of H. Smith & Co.'s Art Store in Fort Street. Dr. Hadwen will lecture in Victoria next Friday.

Ladies' Guild for Sailors.—The Ladies' Guild for Sailors will hold its usual monthly meeting at the Connaught Seaman's Institute at 2:45 on Tuesday, October 3, immediately before the silver card show. It is hoped all members will attend.

Objects to Tax Increase.—Mrs. G. Marshall, in a letter to the City Council read at last night's meeting, objected to the increase in the taxes on her property from \$18 to \$47. The Council has no power to deal with 1822 taxes, and the matter was referred to the City Assessor.

Spring Dance at Marigold.—The first of a series of dances at Marigold Hall will be held on Friday, October 6, from 9 p. m. till 1 a. m. A five-piece orchestra will be in attendance, and good refreshments. An interurban car leaves the city at 8:30 p. m., returning from Marigold at 1 a. m.

Decrees Tax on Dogs.—The City Council learned last night that the Victoria and Vancouver Island Dog Breeders' Association was strenuously opposed to the increase in the tax on dogs from \$2 to \$4. "Move it and bleed," said Alderman Todd, and the Council promptly adopted this course.

Guild of Health.—Canon Bliss, of Holy Trinity Church, Seattle, will address the members of the Guild of Health on Wednesday evening, at 8 o'clock, in the Cathedral schoolroom. The secretary of the Guild will be at the headquarters, 1124 Richardson Street, on Wednesday morning, from 10:30 to 12:30, to meet those requiring help, or to give information to any interested in the work.

Improvements Discussed.—Improvements in next year's show, better classifications, increased prize money, a class for novices and milking competitions both for children and adults were topics of discussion at the Goat Breeders' Association meeting at the Y. M. C. A. last night. A hearty vote of thanks was extended to ex-Alderman George Sangster, who assisted greatly in making the goat show a success.

Photographic Association.—Practical demonstration of portraiture and artificial light was held at last night's meeting of the Victoria Photographic Society, at the home of A. H. Huxtable, Mr. Huxtable's president. Short talks were given on the lighting effects, models being used for the purpose of illustration. Developing and printing was also a feature of the evening. Mrs. Huxtable concluded the evening with delightful refreshments, and an enjoyable and entertaining evening was spent.

Officers Elected.—The election of officers for the Fall and Winter season took place at the Christ Church Cathedral for the Anglican Young People's Association last night. Regular meetings will be held on the first, third and fifth Monday evenings of each month. The officers were elected as follows: Dana Thompson, president; Claude Connon, vice-president; Phyllis Gates, secretary; H. V. Littler, treasurer. The executive committee will consist of the officers, together with Miss Joyce Burrell, Miss Violet Josephs and Mr. E. Lane.

Object to Oil Station.—Several aldermen last night objected to granting the application of the Union Oil Corporation for the privilege of erecting a gasoline station at the southeast corner of Government and Belleville Streets. On the suggestion of Alderman Woodward, the matter was referred to the Fire Chief and City Engineer for report. Aldermen

Patrick and Gillespie thought that this was one corner that certainly should not be used for an oil station, as it would spoil the scenic effect of the city's gateway. "We will soon be a regular gas town," commented the Mayor.

Special I. O. D. E. Meeting.—An important meeting of members of Primary Chapters and Municipal Chapter, I. O. D. E., has been called for tomorrow afternoon at 2 o'clock, at headquarters, Jones Building, to consider matters dealing with the proposed Autumn carnival.

Won Prizes.—Mrs. C. Wilson, of Arcadia Street, announces that the holders of the following tickets were the winners in the recent contest conducted by her: First prize, No. 10, beaded bags, R. Roe; second prize, No. 35, Mrs. G. Johnston; third prize, No. 18, necklace, J. H. Booth.

Fractured Finger in Fall.—While traversing Head Street yesterday afternoon J. Gard, an employee of the Hudson Bay Company, fell, and sustained injuries which culminated in the fracture of the bones of the middle finger in the left hand. Dr. Miller attended.

Old Country Club.—The Old Country Club at their weekly meeting decided to hold a debating class during the Fall, and the honorary secretary, Mrs. Harry Pollard, will be glad to hear from citizens who are interested in various school and local questions fit for discussion, religious and political topics being barred. The club's whist drive will take place to-night.

Free Lectures.—Mr. Bruce MacLellan, of New York, author of "Prosperity Through Thought Force" and "The Law of Success," two books that have been read very extensively in this continent, will lecture at the New Thought Temple, 935 Pandora Avenue, on Wednesday and Thursday evenings. These lectures will be interesting and helpful and the public is cordially invited.

Authors' Club Meeting.—At a well attended meeting of the Canadian Authors' Association held last evening it was decided that all future meetings should be held at the Victoria Club, Campbell Building, and a committee has been appointed which will arrange a winter programme for these meetings. A half hour discussion of some favorite novel will be included at each meeting. Captain Gordon Smith presided.

Not Adopting Towns.—In answer to the request from the Franco-Great Britain Association that Victoria should adopt one of the devastated towns in France and assist in their rehabilitation, the City Council last night decided to hand the proposal over to the local French societies. "We are trying to adopt Saanich, Oak Bay and Esquimalt," remarked Alderman Hayward.

Harvey Acting Mayor.—Alderman John Harvey will be acting Mayor last Victoria during the absence of Mayor Marchant, who, with Aldermen Dewar and Perry, Comptroller Raymer and City Solicitor Pringle, left for Kamloops last night to attend the convention of the Good Roads League of British Columbia and the Union of British Columbia Municipalities.

Will Move Clock.—When Mitchell & Duncan, Ltd., the well-known local jewelers, move into their new premises in the Arcade Building, corner of Government and View

BRIDGE OPENING CEREMONY HELD

Vehicle and Foot Passenger Portion Now in Use

The vehicular and foot passenger section of the new Johnson Street Bridge was declared open yesterday afternoon by Mayor Marchant, and the first passenger train of the Esquimalt and Nanaimo Railway used the new bascule when the up-island regular train crossed over the bridge at 5:40 o'clock.

His Worship broke a bottle of champagne on the concrete counter-balance, and in a few appropriate words declared the bridge open for traffic. Until the railway section is built the railway tracks will be used on the completed portion, but when the railway bascule is ready the rails will be taken up and the present bridge will be used solely for vehicular and foot passenger traffic.

The railway section will be completed in the Spring, the steel having already been fabricated. Another concrete pier will be added to the foundations when the old Johnson Street structure is removed, and a certain amount of dredging will have to be done by the Government.

The railway section and the foot and passenger and vehicular sections will work separately, but the railway portion will be much smaller than the present bascule. One man will control the two sections, both of which operate electrically.

City Engineer F. M. Preston was highly complimented on the success of the bridge which he has supervised building. There was a large crowd of interested on-lookers, and Mayor Marchant, Aldermen Woodward, Perry, Hayward and ex-Alderman Sangster were present.

An imposing celebration will be held in the Spring, when the whole bridge is completed, after the old structure is out of the way.

St. Jude's Guild.—St. Jude's Social Guild will hold its meeting at the church on Thursday evening at 8 o'clock. A cordial invitation is extended to all members and friends to be present. Refreshments will be served. A five hundred party will be held at the home of the president, Mrs. F. W. Hall, corner of George and Colquhoun roads, on Wednesday, October 11, at 8 p. m. Tickets may be had from any of the members.

Rockland Park W. C. T. U.—Members of the Rockland Park W. C. T. U. met for the monthly meeting yesterday at the home of Mrs. Eilers, with the president, Mrs. Hall, in the chair. The secretary, Mrs. A. Snow, gave an interesting report of the Provincial W. C. T. U. convention held recently in Charlottetown and Mrs. Mitchell gave an interesting temperance talk. At the close of the business refreshments were served by the hostess.

Will Present Picture.—At the meeting of the Agnes Deans Cameron Chapter, I. O. D. E. held last evening it was decided to present a picture of Jack Cornwall, V. C., to the South Park School probably on Armistice Day. The regular Mrs. L. Hardie, and Mrs. Russell, who presided at the opening exercises at the school, the former being invited to present the pupils with their diplomas. The chapter decided to take part in the forthcoming autumn carnival. Several articles have been promised for the case of the soldier-farmer, commended by the Municipal Chapter.

Will Attend Convention.—Though it was decided that the meeting would be sent to the Trustees' Convention at Penticon shortly, the City School Board last night made no choice, leaving the matter in the hands of the chairman, Trustee George Jay. Trustee Mrs. Bertha Andrews asked to be recorded as against the policy of attending the convention. The cost of from \$50 to \$75 was too great at this time, urged Mrs. Andrews. If the City Council could send several delegates to the convention at Kamloops, held the majority board of the school board could afford to send one representative. It was so decided.

Mass Missionary Meeting.—Tomorrow at 8 o'clock in the First Presbyterian Church a mass missionary meeting will be held at which Miss Kilpatrick, the regular weekly missionary who is on her way to China, and Miss Nellie Elliott, Y. W. C. A. secretary in Hongkong, will be the speakers. Mr. Morris Thomas will sing "Fear Ye The Lord—O Israel" (Dudley Buck). The various Presbyterian churches in the city have waived the regular weekly prayer meetings to unite in this special meeting and a large attendance is expected. Miss Kilpatrick is an unusually gifted speaker and has addressed student bodies throughout Canada.

Girls' Corner Club.—The club will re-open after the Summer vacation on Thursday, October 5. It is hoped that all members will be present. Any girls who have not yet visited the club will find it very sociable. A hot supper will be served at 8:15 p. m. in the club rooms, Liberal Hall, Government Street. Rev. Smith Paterson has promised to be present, and will address the girls after which there will be an hour for singing and social intercourse to renew old acquaintances and talk over plans for the winter's work. These meetings are held weekly and are especially for girls who are working in the city or are away from home.

Local Talent at Art Gallery.—Inaugurating the third month of its existence the New Gallery of Fine Arts, 825 East Street, is enriched this week with a fine display of local talent in the works of Miss C. M. Legg, now residing in Victoria. Miss Legg won the bronze and silver medals of the 1922 Royal Academy with two very fine and striking portraits which now adorn the new gallery walls, N9187, a portrait of the artist's sister, the long sweeping lines and the clasped hands show great repose and masterly handling of the sitter, and the bronze in blue draperies. Another local artist, Mr. J. Spears, shows considerable artistic promise in a number of works, his most successful being the evening "Smoked Out" and two nocturnes.

New Building Plans.—The last of a series of parish council meetings held to-night in Christ Church Cathedral schoolroom at eight o'clock for the purpose of considering plans for the proposed new synod hall and parish building, and arrangements for the mission to be

conducted by Rev. Cyril Bickersteth, of Mirfield, England, from December 2 to 19. A number of helpful suggestions were made in the course of the discussions at the two conferences held yesterday, the afternoon gathering being largely attended by representatives of the Wood's Auxiliary and the Parish Guild, and the evening meeting by young people. To-night's conference is for men and women. The Dean, Very Rev. C. S. Quinnton, will preside.

TO SPEAK TO PROSPECTORS ON GEOLOGICAL WORK

Dr. Victor Dolmage, of the Geological Survey of Canada, who arrived in the city yesterday, has again this Summer been engaged on exploratory work in British Columbia.

He has agreed to address the Vancouver Island Prospectors' Association tomorrow at 8 o'clock in the Islands Arts and Crafts Club room at 202-3 Union Bank Building.

Contracts Mailed to Hockey Players

Lester Patrick Returns From Trip to East and Gets Ready For Opening of Season; Victoria Line-Up May Have New Faces; St. Pats Will Perform Here On December 1; Prairie Fans Are Greatly Interested In Inter-League Series.

Lester Patrick, manager of the Aristocrats, returned home over the week-end, after spending a month visiting the prairie and eastern hockey centres, scouting for new material and completing the arrangements for the visit of the St. Patricks, world's hockey champions, to the coast in December.

BURKE BEATS FULTON

New Orleans, Oct. 3.—Martin Burke, New Orleans, was awarded the decision over Fred Fulton, of Rochester, Minn., at the end of a 15-round here last night. Fulton weighed 211 and Burke 177.

"MATTY" WILL HAVE THE SEAT OF HONOR AT WORLD'S SERIES

New York, Oct. 3.—"Big Six," victorious in the battle for life, is coming back to the scene of his greatest diamond triumphs. Idol of New York fandom for more than a decade and here of one of the greatest world's series triumphs in history, Christy Mathewson will return to witness the battles between the Yankees and Giants.

YANKEES' SHORTSTOP SETS RECORD FOR CONTINUOUS PLAY

New York, Oct. 3.—Everett Scott, brilliant shortstop, who will take the field with the Yankees to-morrow in the first game of the world's series, finished the 1922 American League season within fourteen games of his goal—playing 1,000 consecutive major league contests.

How the Yankees and Giants Shape Up in Batting Strength

New York, Oct. 3.—In offensive strength there is little to choose between the possible contenders in the 1922 World Series, as they appear grouped upon paper, and only with the aid of the eyes that decide the some player shall hit when a hit is most needed or that another shall fail when failure is most costly can a preference be made.

WEDNESDAY SOCCER LEAGUE WILL OPEN

After a false start the Wednesday Football League will get underway to-morrow afternoon when the Hudson's Bay and Garrison will meet at Work Point. The kick-off will be at 2:45 o'clock.

The Hicks Will Be There As Well as the Wise Ones

New York, Oct. 3.—A fast freight train stopped in Newark, N.J., at dusk yesterday, and from one of its doors jumped a lengthy, sunburned youth known down in a far, hot corner of Texas as "Long Jim" Baker, star burster of a semi-professional team, named after a grocer for advertising purposes.

MORAN'S SUSPENSION COVERS TWO GAMES

Calgary, Oct. 3.—The suspension of Amby Moran, Regina defense player, has been limited to the first two games of hockey this season in the Western Canada League schedule. This decision has been reached by E. L. Richardson, president of the league, who to-day notified Wesley Champ, manager of the Regina Capitals.

NEW YORK MERMAIDS SAIL FOR BERMUDA

New York, Oct. 3.—An all-star group of American mermaids, holders of a large proportion of the world's aquatic records for women, will sail to-morrow for Bermuda to participate in a swimming tournament to be held next Saturday.

EDMONTON RUGGERS OBTAIN GUARANTEE

Alberta Team Will Come to Coast Next Month For Games in Vancouver and Victoria. Vancouver, Oct. 3.—Edmonton ruggerers have been successful in raising the \$1,000 guarantee which they wished to have before undertaking the visit to the Coast this fall, according to a wire received by Secretary B. C. Cooper, of the Vancouver Rugby Union.

Regina Defence Player Who Struck Referee Poulin Is Set Down

Calgary, Oct. 3.—The suspension of Amby Moran, Regina defense player, has been limited to the first two games of hockey this season in the Western Canada League schedule. This decision has been reached by E. L. Richardson, president of the league, who to-day notified Wesley Champ, manager of the Regina Capitals.

MAYFLOWER WITHDRAWS

Boston, Mass., Oct. 3.—The Mayflower Association owner of the schooner Mayflower debarred by the Canadian trustees of the International Fishermen's Trophy as a contender in this year's cup series, to be raced off Gloucester this month, yesterday formally withdrew the Mayflower's entry for the international event but asked the right to have her compete in the elimination trials.

GREB APPLIES FOR RE-INSTATEMENT

New York, Oct. 3.—Harry Greb of Pittsburgh, American champion, has applied to the New York State Athletic Commission for reinstatement. Greb was suspended for failure to accept a challenge to box Dave Rosenberg, of Brooklyn, for the middle-weight championship.

THISTLES TO MEET

A meeting of all members of the Thistles Football Club and their supporters will be held to-morrow evening at 8 o'clock in the Veterans' of France clubrooms. A large attendance is looked for.

HOPPE AFTER TITLE

New York, Oct. 3.—Willie Hoppe, former world's champion billiard player, will attempt to recover his title as 18-3 ballline champion in the international tournament here next month. Hoppe's formal entry, the first to be made for the tournament, was forwarded yesterday.

FOOTBALL! Club secretaries and others are invited to inspect our new display of football clothing. Regulation Footballs from \$6.75. Stockings, Men's from \$1.00; Boys' from .65c. Pants, white or navy, from \$1.00.

BOWLERS FINISH THEIR BEST YEAR

Beacon Hill Green Closed; Two Greens Next Season; Thrilling Wind-up Games. After one of the most successful seasons in its history the Victoria Lawn Bowling Club has closed its green at Beacon Hill for the Winter. The past Summer and early Fall witnessed many exciting and enjoyable games, and it was once again demonstrated that the lone green is not adequate to accommodate the many bowlers who wish to play the game.

STEVE BRYNJOLFSON SHOOT'S GREAT GOLF

Young Caddy Turned in Card of 77 and Easily Won Caddy Competition. Steve Brynjolfson with a gross score of 77 won the caddies' competition held by the Victoria Golf Club at Oak Bay yesterday afternoon. Steve was the scratch man and his card made some of the star golfers scratch their heads and start figuring that perhaps Steve might become another Gene Sarazen. The competition was over eighteen holes under handicap.

FOUR SCHOONERS TO SEEK N.S. LAURELS

Halifax, Oct. 3.—Four schooners instead of five will battle for the Nova Scotia fishing fleet championship of Halifax next Saturday and Monday, the Alea having decided to withdraw.

WEDNESDAY SOCCER LEAGUE WILL OPEN

After a false start the Wednesday Football League will get underway to-morrow afternoon when the Hudson's Bay and Garrison will meet at Work Point. The kick-off will be at 2:45 o'clock.

LADIES' SWIMMING Y.M.C.A. POOL

Commencing October 4th, under management of V. A. S. C. Phone Y. M. C. A. or 1716R

at the Capitol Theatre

CAPITOL

Living for several weeks in the ruins of an old Capitol, was the interesting experience of George Melford's company during the filming of his new Paramount production, "Burning Sands," now playing at the Capitol Theatre.

However, instead of going to Cairo, Egypt, where the original mission moulders, the company went to Oxnard, Calif., under the supervision of Rudolph Byck, technical director. Mr. Byck laid out his plans so that the old mission, while appearing ruinous enough for any archaeologist, was still substantial enough, and so arranged that it could serve as living quarters for the greater part of the troupe.

The cast includes Wanda Hawley, Milton Sills, Jacqueline Logan and Robert Cain, who are featured, and

ROYAL, To-day

Presents

The Storm

A Stupendous Screen Version of the Sensational Stage Success, Featuring

House Peters

VIRGINIA VALLI,
MATT MOORE and
JOSEF SWICKARD

A rough log cabin hidden away in the Canadian mountains, almost buried under a sea of snow that stretched for miles and miles, in the cabin a beautiful girl and two men, not a chance in the world for their escape for four months. Surely a situation bordering on the primitive, and one replete with interesting possibilities. This plot was written the greatest stage success of history—"The Storm"—which shattered all records in New York City, and is now duplicating that success on the screen. It is one of the most powerful and human pictures that we have shown.

ROYAL VICTORIA

Setting a new pace for the screen in realism and down right thrills in the same manner the original production did upon the legitimate stage. "The Storm" opened its local engagement at the Royal Victoria Theatre last night to an enthusiastic and appreciative audience. In many respects this Universal presentation surpasses the stage version, notably in the storm and fire scenes where miles of exteriors offered a greater opportunity to Director Reginald Barker than were at the disposal of George Broadhurst.

Adapted from the play which packed New York theatres for months, the screen version follows Langdon McCormick's script faithfully. House Peters plays the part of Burr, the primitive frontiersman, in a manner that reaches new heights of screen-artistry. Virginia Valli, as the French-Canadian girl, who causes Burr and his English lawyer friend—interpreted by Matt Moore—to break a fast friendship, does the finest work of her career.

A column or more of commendation could be written about the storm and fire scenes in this production. Imagine two men, deadly enemies, on all sides a roaring furnace, a flaming death trap. Could any more vital test be put upon the acting of each man, to show which was the real man, and which was the coward. So realistic is the scene that one can almost feel the sizzling heat of the flames as they pass—leaving the flames driving forward relentlessly. The brown black trees become pillars of fire. Giant pines fall with a crash, then the flames pass—leaving an aftermath which will take Mother Earth ages to restore.

Matt Moore's interpretation of the English lawyer is an admirable foil to the simple honesty and courageousness of House Peters' character. On screen version one ceases to be surprised at the remarkable attendance records the show hung up in New York and other large cities where it appeared.

In addition to the three principal players, great credit is due Josef Swickard, Frank Lanning and George Swickard, for their work in the chief supporting roles.

THE PLAYHOUSE

To-morrow night Mr. Reginald N. Hicks will present for the first time in Victoria that wonderful Revue that made such a tremendous hit in London during and after the war, "The Bing Boys." The Revue is made up of two hours, filling the second half of the bill, and is a production brimful of the most delightful musical and dancing numbers ever seen here. Mr. Hicks has chosen an all star cast for this playhouse show. No. 5, with Mr. Ernie Fitch and himself playing the "Bing Boys," and Miss Eva Hart as the leading lady. The revue is made up of a number following rapidly at the heels of another, all connected up with clever dialogue and with no waits at all. Included in the performance are two special dances by that popular little artist, Miss Roberta Balcom, and also one by Mr. Dave Dumbleton, Victoria's best male exponent of the terpsichorean art. All in all, the show will be one of the brightest yet staged at this popular theatre and is sure to please. The box office is now open, and there has already been a large demand for seats.

TIFF FEARED A TIFF.

When Mrs. Tiff fights with another woman she doesn't allow husband to speak to the enemy. This mandate has caused Tiff to be short when greeting any woman. For it is difficult to keep tab on his wife's foes.

And he figures to be on the safe side. Naturally, this attitude has gained him the reputation of being rabid to the fair sex. However, the women claim During the Winter Mrs. Tiff spent in the East, He was a changed man! N.L.W.

To Sing at Joint Recital at Capitol Theatre

GIDEON HICKS

Mr. Hicks, the popular baritone, is to sing at the joint recital with Mrs. Gertrude Hummel Green at the Capitol Theatre on Thursday evening of this week, arranged by the Ladies' Musical Club. Among other beautiful numbers Mr. Hicks will sing, by special request, "It Is Enough" (Elijah), the Credo aria from "Otello" and numbers by composers of the old and modern schools. It is interesting to note that three compositions by J. Douglas Macey, the local composer, will be included in the programme, one song and two piano numbers. The big demand for seat reservations indicates that there will be a "full house" for this interesting recital.

A New Charm

Came to millions in this way

Millions of people have gained new charm through whiter, prettier teeth. You see them everywhere. The reason lies in a new cleaning method. Careful people of some fifty nations are using it today.

Test this method if you do not know it. People all about you have proved its importance. See what it means to you.

Combats the film

One purpose is to combat film on teeth—that viscous film you feel. It clings to teeth, enters crevices and stays. It absorbs stains, making the teeth look dingy. Then it forms cloudy coats. Tartar is based on film.

Film also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

No ordinary tooth paste effectively combats film. So, under

old methods, these troubles constantly increased, and beautiful teeth were seen less often than today.

Two ways found

To meet this situation, dental science searched for ways to fight film, and two ways were found. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective. Then a new-type tooth paste was created, based on modern research. The name is Pepsodent. These two great film combatants are embodied in it. Then dentists the world over began to advise its use.

Other factors

But Pepsodent brings other effects which old ways did not bring. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

Free
One 10-Day Tube
Send the Coupon

It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids.

Thus it gives manifold power to Nature's great tooth-protecting agents. And everywhere this means to people a new dental era.

Watch the man

Men who smoke find that tobacco particularly stains that film. Such men see conspicuous results. But most people's teeth, of every age, are clouded more or less.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

That test will give you new ideas of what clean teeth mean. You will want your family to always have them, we believe. Cut out the coupon now.

Army and Navy Veterans Hold Session

Delegates from the Victoria division of the Army and Navy Veterans Association returned this week from South Vancouver, where they have been attending the annual convention there. The election of officers was held, and discussion of the pensions for widows was a feature of the gathering. Major Crehan, Dominion president, introduced the subject.

A special committee was appointed to discuss the matter of mother's pensions with the Workmen's Compensation Board. Commencing last season in debt, the financial statement for this year was very encouraging. A good size balance in the bank was announced. The convention was followed by a banquet given by the South Vancouver body, with a speaker in the evening. It was decided that the next convention would go to New Westminster. Delegates from all over the Province, including Victoria, Vancouver, Cloverdale, New Westminster, South Vancouver and Burnaby attended the convention, which was a big success.

The election of officers is as follows: Major E. E. Ward, president; vice-president, R. Wilkinson, of South Vancouver; second vice-president, A. A. Fagg, of Victoria, while H. C. L. Hopper was re-elected chaplain of the association.

T. Jones, of Victoria, was appointed director to the Dominion Command from British Columbia.

FIRE PREVENTION WEEK

OCTOBER 2 TO 8.

Warning to Household.

A clean house seldom burns. Rubbish and dirt, especially in cellars, under stairs, in attics and other out-of-the-way places, are the worst enemies of the Fire Preventionist as well as of those interested in sanitary conditions.

Fall has begun to rival Spring in the number and success of local clean-up-and-maint-up campaigns. The health authorities insist upon the removal of decaying vegetation and the Summer debris and all minds are turned towards putting things in order for the Winter. Fall is the most necessary time to clean up, paint up and repair—and to make buildings safe against the ravages of storm and fire.

The Victoria and District Insurance Association in co-operation with the National Fire Protection Association of Canada are trying to urge on the citizens of our beautiful city to make a united effort to reduce the fire hazard.

FAVOR REMOVAL OF LUMBER TARIFF

Impost on American Lumber Would Create Like Duty Across Line

In a resolution adopted by the directors of the Chamber of Commerce yesterday the removal of the tariff on American lumber coming into this country is urged. The action followed an explanation by J. O. Cameron, who stated B. C.'s best lumber market was in the United States. Canadian lumber was admitted free, but if the American lumber were to be taxed at the border it would lead to a like impost being raised against Canada, he stated. This would be a loss to the B. C. mill, he held. The resolution carried through the Associated Boards of Trade and other bodies will be asked to support the removal of the lumber tariff.

The text of the resolution follows: "Whereas the United States has recently enacted a new tariff law, by the general terms of which all lumber, whether rough or dressed, is admitted free, and

"Whereas there is a clause in the said tariff law which provides that the President shall ask Congress which impose tariff duties on lumber being imported thereto, to admit shipments from the United States free, and on the failure of any such country to comply with such request, the power is given to the President to at once impose a duty on shipments of lumber from such country, identical with those imposed by that country on like specifications, and

"Whereas, by the laws of Canada, a tariff duty of 25 per cent ad valorem is imposed on all lumber imported, if further manufactured than planned on one side, and

"Whereas, manufacturers of lumber in British Columbia have for several years past, and are now, making large shipments of lumber to United States buyers, and the markets so established for British Columbia lumber are more extensive than to any other country, and if the 25 per cent retaliatory duty were imposed on Canadian lumber, it would result in great injury to the lumber business of this Province, and

"Whereas, no substantial benefit accrues to anyone whatsoever by maintaining the duty of 25 per cent ad valorem on lumber when planned more than one side, and also an extra sales tax, and the same should be removed at once to prevent the possibility of the United States imposing a similar duty on lumber being shipped from Canada to the United States, provided this removal of the duty should be limited to lumber which is planned on four sides or tongued-and-grooved, to conform with the United States act, and

"Therefore, be it resolved, that this

Chamber of Commerce do hereby declare that it would be to the best interests of the Province of British Columbia to have the duty and the extra sales tax now imposed on lumber imports into the country, when planned on more than one side, removed, and

"Be it further resolved that this resolution be forwarded to the Minister of Finance, Minister of Trade and Commerce, Minister of Customs, Minister of Public Works and the Prime Minister at Ottawa."

FINE MODEL YACHT

The above picture of a model yacht is that of one which was exhibited at the Fall Fair by Walter Norman, of 236 Hickley Avenue. He constructed this model in his spare time.

He won a first prize (non-mechanic) at the Provincial Exhibition with this model. Insert is a picture of Walter Norman.

Reduce Your Fat Without Dieting

Years ago the formula for fat reduction was "diet"—"exercise." To-day it is "Marmola Prescription Tablets." Friends tell friends—these friends tell others. They eat substantial food, live as they like and still reduce steadily and easily without going through long sieges of tiresome exercise and starvation diet. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a case, or if you prefer you can order direct from the Marmola Co., 4612 Woodward Ave., Detroit, Mich.

Emmanuel Baptist W. M. S.—Under the auspices of the Emmanuel Baptist Women's Missionary Society, a silver tea will be held at the home of Mrs. H. P. Thorpe, 404 Oswego St., on Wednesday, Oct. 4, from 3 p.m. to 6 p.m. A musical programme has been arranged, and a large attendance is anticipated.

FORUM COMMENCES MEMBERSHIP DRIVE

Thirty New Members Enrolled; Educational Session Held

A membership drive has been commenced at the Metropolitan Church by the Young Peoples' Forum, and the campaign has been productive of good results. Thirty new members were enrolled at last night's meeting, and more are expected to join next week. A reception night will be held each month, and it is hoped that all those who are interested in the Forum work will join.

An entertaining and educational meeting was held last night when Manitoba was the subject of much discussion. Papers were arranged by the various members and some important data was gathered by them, which proved of great interest to those assembled. Rev. Mr. Baker was in charge of the gathering in the absence of Dr. Sipprell.

The early history of the province was dealt with by Miss Taylor, while Mr. Wild gave some interesting information on its national wealth. The people of the province were dealt with by S. Hopkins. Miss M. Hillary read a paper giving some facts about Manitoba's industries, while the Government of the province was taken up and handled remarkably well by E. Andrews. The climate of the country was described from direct sources. Mr. Bull, who has lived in Manitoba for twenty years, related some interesting reminiscences.

Miss Mary McFadden entertained the meeting during the intermission with a recitation, which won admiration from all, while concluding the evening's programme Mr. E. Wilderspin rendered a vocal solo. Mrs. Wilderspin was the accompanist. Miss Garbutt, deaconess, was in charge of the devotional period.

WHAT THE CLUBS ARE DOING

Vancouver Gyros.

At the second annual banquet of the Vancouver Gyro Club, held at the Elysium Hotel Friday, the formal installation of officers for the ensuing year took place, and many musical turns featured the evening. Gyro Sid Miller took over the office of president, succeeding Gyro Rowe Holland. The other officers were Charles Garrett, first vice-president; Phil Whitehead, second vice-president; Harold Leckie, secretary; Jimmie Small, treasurer; Rev. A. H. Sovereign, Fred Brown, George Barons and Charlie Anstie, directors.

Kiwanis Social Dance.

The Kiwanis Social Dance will be held during the month of October, at the Alexandra Club on Oct. 18. A five-hundred tournament will be conducted.

ANGLICAN DEANERY MEETING IN SIDNEY

Times Correspondence.

Sidney—The meeting of the Anglican Clergy of the Southern Deanery of the Diocese of Columbia, will be held here to-morrow. At 10 o'clock there will be a corporate Communion at St. Andrew's Church, and afterwards the business of the Deanery will be discussed. It will be the first

Deanery meeting to be held in Sidney. The harvest thanksgiving services were held in the Anglican Churches in this district on Sunday. The churches were very prettily decorated, and the services were well attended. The Rev. T. M. Hughes officiated at all the services. The tug SS. Chehalis, Captain McPhee, put in here on Monday morning from Seattle to take on fuel, on her way to fetch a boom from Lady-smith for Vancouver.

60,000 YOUNG AMERICANS DIE

Each Year—From Old Age Diseases—Due Largely to Faulty Food

PROFESSOR McCOLLUM, of Johns Hopkins University, says these old age deaths, from diseases of the heart, blood vessels, kidneys, brain, digestive organs etc., have doubled in thirty years, and that younger persons are every year being attacked. McCollum also says 10% of all deaths are due to tuberculosis, and "this condition is largely due to faulty food."

Conditions are identical in Canada and all civilized countries where the same foolish food habits prevail.

The food mistakes of civilization and therefore of us Canadians—of me and mine of you and yours—are too much "denatured," "deficiency," "excess acid," white flour, refined cereals, meats, and sweets; too little whole grain cereals, milk, eggs, leafy vegetables and fruits, the immortal natural food of the human race.

McCollum has demonstrated that a combination of whole grains is even superior to one whole grain—because bet-

ter, balanced. Roman Meal is the only combination of whole grains cereal known. It supplies the deficiencies of white flour, other cereals, meats and sweets. It was designed by a food scientist for that purpose. For this reason it nourishes better than meat, relieves most forms of indigestion and positively relieves all forms of constipation.

Because of its Flaxin, Roman Meal contains more bone making salts and protein than even milk, thus it is the best possible food for your child and for the nursing and expectant mother.

Buy Roman Meal at Grocers and try this Delicious Recipe to-day

ROMAN MEAL BROSE-O

1 cup Cold Steaming Hot Stir 1 rounded cup Roman Meal into 4 cups boiling, salted water. Boil slowly for 10 minutes. Set in a cool place to jelly, or in ice chest. Serve cold with milk or cream and sugar, honey, preserves or jelly or bananas or berries, etc. (If hot foods are preferred, reheat in double boiler after it has jellied by standing over night.)

Add ROMAN MEAL to Your Daily Diet.

ROMAN MEAL is the only balanced combination of whole grains—wheat, rye, Flaxin, and comminuted bran. It is a delicious family food, to be used as porridge, or baked into anything half and half with flour. By using Roman Meal in some way every day, with plenty of milk and some leafy vegetables (preferably uncooked) you provide your body—and the bodies of your children—with every element necessary to sturdy health and long life, and correct the "deficiencies" of modern "excess acid" and "deficiency" foods. Roman Meal aids digestion, positively relieves constipation.

With one exception the most economical cereal sold.

ROMAN MEAL COMPANY, TORONTO.

ELECTRIC SPARK BLAMED FOR FATAL MINE EXPLOSION

Wilkinson Reports on Causes of Accident at Cumberland Coal Mine

Sloan Puts Through Orders to Safeguard Against Repetition

A flash or open sparking caused by an arc in the electric trailing cable at the socket connecting with the main electric circuit, was the cause of the explosion in No. 4 Coal Mine, of the Canadian Collieries (Dunsmuir), Ltd., at Cumberland, which resulted in the death of two Canadians, one Russian, six Japanese and nine Chinese.

This is the finding of the special investigation conducted by George Wilkinson, former chief inspector of mines for British Columbia, under the orders of the Hon. William Sloan, Minister of Mines.

Mr. Wilkinson makes six recommendations to decrease the risk from electricity in mines. These recommendations were before Mr. Sloan yesterday and he at once had them incorporated in orders-in-council and passed as part of the Coal Mines Regulation Act, in effect from yesterday.

These are the recommendations:

1. No terminals of main feed lines shall be located nearer any coal face than 50 feet.

2. When blasting is being done the current shall not be switched on again until blasting is finished and the places are examined and pronounced safe, and the cables have been examined and found free from any damage which may cause defects.

3. All permanent electrical installations and transforming stations underground shall be made fireproof.

4. All switches and terminal connections shall be protected and enclosed so as to prevent accidental contact by persons and danger from arcs or short circuits, fire or water, and where they may be risk of igniting gas, coal dust or other inflammable material all parts shall be so protected as to prevent open sparking.

5. All cables used underground shall be covered with insulating material, and where high pressure voltage is in use, properly armored cables of standard thickness shall be used.

6. All trailing cables shall be of properly armored construction whatever voltage is used.

Confidence is expressed that these rules will give additional margin of safety. Rules 1, 2 and 3, it is asserted, should be put in force at once; as for Rules 4, 5 and 6, it probably will require three months to secure and install the armored cables and other material required to make them effective.

Fire Boss Erred

"It was a small explosion to take such a heavy toll, and it was a combination of circumstances which made it so," Mr. Wilkinson says in his report. "Occurring on a longwall face it naturally brought a number of men in the path of the flame in a short distance. Owing to mistakes these men being engaged working in the face and the seam not being very high there was no way of escaping. It is the opinion of the writer that if the current had been cut off the cable while the shot was being fired there would have been no explosion, and it was an error of judgment on the part of the fire boss in not having this done when the terminals of the feed cables were in such close proximity to the shot."

"It would have been better if the terminals of the main feed line had not been located so close to the face and fixed flameproof terminal boxes had been used. The writer suggests that it would not have been possible for an arc to be created if the above named terminal boxes had been used, because if the blow had been of sufficient force to draw the bare end of the connecting cable clear of the insulated material it may still have created an arc, but the chances of doing so would have been less."

"It is questionable, owing to the amount of gas being given off and the peculiar conditions existing, if it would be wise to continue the use of electric mining machines in this section. At present there are no specific regulations governing the use of electric power in mines of British Columbia, this power having been used only to a limited extent. No doubt the use of this power will be increased in the future when further electric regulations take place in the Province. Electric power is used extensively in the United States and Great Britain in and about coal mines."

Safety Precautions Taken

"These electric coal cutting machines were installed by the Canadian Collieries (Dunsmuir) Ltd., nearly seven years ago, and the recent accident is the first recorded. While approved by the United States Bureau of Mines, the standard of safety must be judged by the weakest link. The weakest link, in my opinion, is in cables and connection, in close proximity to the working face."

Mr. Wilkinson states that it is deplorable that this accident should occur after the efforts of the Mines Department, and the management to safeguard operations. He continues: "Edison electric safety lamps are used throughout with the exception of a few flame safety lamps for testing purposes. No blasting on the coal was permitted in this section, and most of the brushing was done without blasting, it being only resorted to in places where the rock was so hard it could not be lifted without it. Only permitted explosives were used."

"It is hard for the higher officials and the inspectors to watch every detail in a mine of this size. The terminals of the main lines are being moved from time to time, and this detail comes more under the control of the under officials. There were plenty of electricians employed to carry out the work, and also a sufficient number of certified officials employed to supervise all work. In addition to the large staff of regular officials, there is employed a safety engineer who holds a first class certificate of competency. He constantly patrols the works inside and out, checking up and pointing out any defect he may notice that may cause accidents."

With reference to the condition of

the mine as to gas Mr. Wilkinson quotes the daily reports of firebosses from August 23 to 29, the inspectors' reports for the months of June, July and August and the gas committee's reports for the same three months. From these reports, he observes, it is plain that considerable gas is being made in this section of the mine. This is chiefly due to the roof breaking through to a small seam of coal about a foot thick which overlies the one being worked about 15 feet. The firebosses' reports show that explosive gas has been found in small quantities in No. 3 level and other places in that vicinity and that a 3/8-in. gas cap was found along the roof line, but that it was less as the lamp was lowered and probably did not exceed 1/4-inch from No. 3 level to the end of the wall. No explosive gas or gas caps have been reported below No. 3 level. According to the length of flame caps and their relation to percentage, as shown in a pamphlet issued by the Department of Mines, the above mentioned caps of gas are equivalent to 1.08 per cent. to 2.08 per cent. of fire-damp. The low explosive limit is 5.5 per cent. The withdrawal point as set by the Coal Mines Regulation Act is 2.5 per cent., it being calculated to give a margin of 3 per cent. But the margin in the case in question appears to have been greater, being the difference between 2.08 per cent. and the lower explosive limit of 5.5 per cent.

Really a Burning

Commenting on the evidence Mr. Wilkinson asserts that the outbreak may better be termed a burning of gas than an explosion. He says "it would appear as though the methane had been ordering on the lower explosive limits. The passage of flame had been up the longwall face with the air current. The shot-lighter, who was standing 30 feet below from where he was firing the shot was only slightly burned. E. McAdam, who was working in No. 1 level, about 700 feet up the face, did not see any flames, so the total distance involved does not exceed 750 feet along the longwall face."

Small quantities of explosive gas had been found in several places on the return side of No. 1 slant for some time prior to the explosion, he goes on to say. Taylor, the fireboss, who acted as shot-lighter, reported the day previous to the accident that he found a small quantity of explosive gas in No. 3 counter and level and 1 and 2 places off No. 3 slant. J. H. Vaughan reported on the morning of the occurrence a small quantity of explosive gas in No. 3 level and 1 and 2 stalls off inside slant, No. 3 level. Thus it will be seen that small quantities of gas had been found in the four places immediately adjoining that which is assumed was the point of ignition just prior to the explosion. This being so it is thought safe to presume that the crevices higher up which were inaccessible for examination also contained methane. The distance traveled by the flame was not great and it could not after passing the places of the disturbed area, showing that there was lack of explosive material.

Mr. Wilkinson is of the opinion that the point of ignition was the cavity in the roof near the face of No. 1 slant. "This," he states, "yielded sufficient flame by being fed with gas from the crevices to No. 3 counter where a quantity of explosive gas was known to exist. This explosive gas was connected up with the various crevices and cavities in the roof, the ignition took place such that it would be created which would draw the methane from the crevices, feeding the flames until this point was passed, after which it would die out."

Shot Not To Blame

Commenting on the cause of ignition it is stated that the main three-phase circuit was carried up No. 1 slant, No. 4 level to a point approximately 16 feet from the coal face and about 4 feet from the end of the brushing. The top cable was about 17 feet below the roof line and the bottom of the cavity and the lower cable was about three feet above the top of the brushing. He speaks again of the breaking of the wire by flying rock following the firing of a shot and asserts that there must have been considerable flame from the arc so created. The break occurred only about 2 feet from the cavity. There were only two possible sources of ignition: one the arc of the electric circuit and the other flame from the explosive in the shot. The shot was a good one, he says, and the chances that any flame resulted were very remote. It was some 3 feet from the cavity, while the junction point of the trailing cable was only about 2 feet distant.

Mr. Wilkinson adds: "From conditions as seen after the explosion I have to conclude that actual ignition must have been from flame or sparking from the electric wires."

References made to the evidence of the fireboss at the inquest to the effect that he had carefully examined the place before firing the shot and found no gas and also that he had examined the cavity in the roof with similar results. Mr. Wilkinson comments that this is, if possible, he says, that this was done and that there was a change between the time of examination and the firing of the shot. However, assuming that the cavity was clear, so far as could be ascertained from the fireboss, there was no doubt gas above this line in the crevices.

Ventilation Good

Dealing with the ventilation it is stated that on June 28 there was 22,000 cubic feet permitted for the use of 62 men and 8 mules; on July 25, 20,000 cubic feet permitted; and August 11, 25,000 cubic feet for the same number of men and mules. "The amount passing is nearly three times that required by the Coal Mines Regulation Act under normal conditions, according to Inspector Jackson's reports. Since the installation of a booster fan, electrically driven, for augmenting the ventilation, the quantity passing in this district has been increased some 6,000 cubic feet per minute."

Officials of the Canadian Collieries are said to have been faced with un-

Abbey's EFFERVESCENT SALT IN THE MORNING

usual difficulties in the ventilation of the mine, which is of large extent, having been operated for 20 years or more. Large extraction of pillar areas in the earlier days of operation, without any thought for the future, has resulted in problems for solution by the present day management. Thomas Graham, the Superintendent, and his staff have made many improvements in the past few years. Among these are: "the building of permanent stoppings with a granite finish in cement practically throughout the mine on main airways. The installation of a second fan of the Sirocco double inlet reversible type, with a rated capacity of 200,000 cubic feet per minute against a 6-inch water gauge. The construction of a new separate return airway through the old works practically the whole length of the slope."

MAYOR ASSERTS RATES TOO HIGH

Fights for Lower Minimum Water Charge; Rates Up

Mayor Marchant, at the Council meeting last evening, put up a strenuous fight in favor of a lower minimum water charge for small houses. The city's flat rate minimum is \$1.50, and this His Worship considers far too high. He compared it with Vancouver's rate of \$1.01 and various other cities where the minimum is lower. He particularly emphasized the case of the small house of three or four rooms, in which he asserted water rates were being paid where the water was never used. The minimum should not be more than \$1.25, he said.

Alderman Patrick disapproved of classification according to the number of rooms. He thought that a minimum of \$1. for 400-cubic feet would be fair to all.

Rate Is Increased

The discussion arose out of the recommendation of the Public Works committee advocating an immediate increase of two cents per cubic foot of water used, over the minimum of 600 cubic feet, for which the basic charge is \$1.50. The Council agreed that the increase should be made.

The increase will add \$1,600 to the city's revenue for the balance of this year and \$10,000 per annum, according to the Water Commissioner's estimates. The recommendation was made by the committee of which Alderman R. A. C. Dewar is chairman. The City Engineer was asked to suggest ways of increasing revenue from the departments under his charge. He states, might be from garbage collection. He thinks if the fee for dumping onto the city's garbage scow were increased ten cents another \$40 per month could be collected.

Building Inspector Barf suggests that laundries might be included in the tax increase after investigation, and that creameries and motor car washing plants might contribute \$3 a year. He thought plumbers' deposits could be increased from \$20 to \$50.

NEW SHINGLE MILL PLANNED

Standard Shingle Company Lodges Application

The application of the Standard Shingle Company to erect a shingle mill on Hereward Road was granted by the City Council last night.

In recommending the application, Fire Chief Stewart explained that the mill would be operated electrically, the waste would be hauled away and used for other useful purposes, and there would be no burning of waste or accumulation of waste material on the site.

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Suffers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

You cannot make a Silk Purse out of a Sow's Ear

THE old saying—"You cannot make a Silk Purse out of a Sow's Ear" is particularly true in the oil business. There are two things that stand out in considering the quality of gasoline or lubricating oil—the raw material (crude oil) and its manufacture. You cannot make high grade oil products out of inferior crude oil any more than you can make high quality flour out of low quality wheat. That is a fundamental fact that no amount of technical talk will change.

The Imperial Oil Refinery on Burrard Inlet in British Columbia secures its crude oil supply from its oil fields in Peru, South America. This is one of the highest grade crude oils obtainable in the world. It is brought to British Columbia by our own large fleet of steamships. The advantage in having a supply of such high grade crude on which to operate our British Columbia Refinery cannot be over-estimated. It puts us in a position to manufacture oil products superior to any other offered in British Columbia.

For instance: Polarine Motor Oils manufactured in British Columbia from Peruvian crude—in spite of other oil fields much closer at hand—supplies our Canadian trade as far east as the Atlantic Ocean.

Favored with a wonderful grade of crude oil as raw material, Imperial Oil Limited, has seen to it that everything that science and money can do has been put into our complete refinery on Burrard Inlet. It has cost well over two million dollars. This refinery covers an area of eighty-three acres; but, on account of its location extending back beyond the brow of the hill, it cannot be seen from Burrard Inlet and is therefore, not as well known to the ordinary citizen of British Columbia as it would otherwise be. We welcome visitors to this refinery and they will be shown around with pleasure. The size of this refinery with its intricate and complicated layout of stills, equipment and tankage, necessary to turn crude oil into a finished product will be a distinct surprise to the average man.

There are many different classes of refineries; some of them are comparatively simple and cheaply constructed, but a complete up-to-date refinery that takes advantage of every refining process known to science costs into the millions. Without having any technical knowledge regarding petroleum refineries, you can rest assured that gasoline such as Imperial Premier—turned out in a complete modern refinery, is a different article from that turned out by refinery where it only goes through the rudimentary processes.

Imperial Premier Gasoline is the highest grade of Gasoline sold on the Pacific Coast to-day. It is made from the highest grade of crude oil obtainable—manufactured in a complete, modern refinery, by skilled and contented Canadian workmen. It is the quickest starting and most powerful gasoline sold in British Columbia, and what is more important for motorists to remember—It is still the "MORE MILES PER GALLON" Gasoline, because, although it has added considerably to the cost of manufacture, we have not secured quick-starting qualities at a sacrifice in mileage by common, short-cut methods, such as making a fifty-fifty mixture of heavy gasoline from cheap crude with aeroplane, or other light, volatile gasoline.

When you ask for Imperial Premier Gasoline, Imperial Polarine Motor Oils, Imperial Royalite Coal Oil, Imperial Distillate, you get the best products obtainable and not only that, but you have the satisfaction of knowing that eighty cents out every dollar you spend remains right here in the hands of British Columbia citizens.
