Trade List of Flower Seeds.

Choicest strains and strictly new crop.

TO HAVE

"THE BEST FLOWER SEEDS IN AMERICA"

is, and has been our aim and ambition for years, and judging by the great increase in our sales of Flower Seeds to the Trade and to Florists, as well as to retail buyers, and knowing the quality we supply, we can safely say—there are none better. Our knowledge of the Flower Seed business has been gained by practical labor among the plants in the fields, by frequent trips of inspection through the European and American seed farms and by the study of the demands of the trade.

Our list contains *all the best novelties* that we know to be worthy of cultivation and that are improvements on the older kinds or entirely new varieties, as well as *all the standard sorts*. The quality of our seeds is *the very best*, and our prices are reasonable.

Quantities of ¼ lbs. and over, are charged at the pound rates, (¼ lbs. at the ounce rate) ¼ ozs. at the ounce rate, but only when the price per ounce is 60c. or over and if not otherwise quoted. We do not sell half ounces where the price per ounce is 15c. or under.
