ARCHIE PARKER'S NEW PART-NER IN QUALITY GROCERY RECENTLY FROM NORTHWEST

Louis G. Scharnikow has bought the half interest of C. K. Valiton in the Quality Grocery and he and Archie Parker will continue the business on present lines. Mr. Valiton will return to Deer Lodge, Montana, whence he came, having heavy business interests there. Mr. Scharnikow is also from Deer Lodge, where he and a partner formerly conducted a grocery store with between \$30,-000 and \$40,000 sales a month. He is glad to make this business connection in Glendale and will bring his wife and little girl here to live as soon as he can find a place to rent. They are now in San Diego, where they have been visiting for some time. Mr. Scharnikow says he and his partner sold their business in Deer Lodge, Montana, to representatives of the Non-Partisan League, which has cut such a figure in the Dakotas the past few years. They are running it as a co-operative store, he says, and already disexperienced men to conduct a busi-

An address of welcome to delegates representing every trading country on the face of the earth was delivered by Captain Robert Dollar, head of the Robert Dollar Company of San Francisco, who is chairman of the Pacific Coast Committee of the Council.

"It remained for the European war to bring the United States swiftly and almost unconsciously to the point of being really a foreign-trade nation," James A. Farrell said today, in his opening address. "In a period of five years, more or less, the United States achieved an industrial and financial position such as Great Britain needed more than one hundred years of carefully fostered and well Fred Hoffman, President of the directed development to attain," he said.

The speaker reviewed the country's industrial growth since 1860. The war made us a 'creditor' nation," said Farrell. "It brought us to the stage of being really a foreign trading nation in two waysfirst, by greatly stimulating the expansion of our industrial capacity and second by inducing during the period of our participation such Ingles sang a solo and the meeting an energy of production and such a frugality in consumption as has resulted in savings that made possible loans of from ten to twelve The Endeavorers enjoyed participatbillions of dollars to Europe as well as the repayment of several billions of capital previously borrowed from Europe."

Farrell predicted that the United States will face such an urgency for foreign trade as we have never before experienced.

Elm Ave., Long Beach, Calif.

One of the biggest musical events of Chautauqua week comes on the fourth day in the appearance of the Royal Welsh Lady Singers and their distinguished conductress, Madame Hughes-Thomas, in two concerts.

Shortly before leaving for their American tour, the Royal Welsh Lady Singers sang for the King and Queen in Windsor Castle. They were allowed but twenty minutes, but they remained an hour and a half, their majesties making frequent requests for the rendition of their favorite numbers. Upon the occasion of the King's visit at Cardiff, Wales, his Imperial Majesty, King George said: "Well, you Welsh people have beautiful voices. I have enjoyed your singing immensely. I must congratulate you, Madame Thomas, and your singers, on your excellent performance."

NEWS OF THE VARIOUS GLEN-DALE GROUPS AND CLUBS

Friday afternoon members of the Mr. and Mrs. Charles Glover of Red Triangle Club of the local Y. M. rustle firewood preparing for the evening meal. All voted that they never had a meal taste so good and by the time supper was over and the grub packed away it was getting dark and time for the evening camp fire service. This service was in charge of Mr. Williamson and by the way the boys entered into the spirit of the meeting they must have enjoyed it and profited as well.

After a good night's sleep out under the stars the sun was greeted the next morning by a bunch of boys eager for a day of joy. Some of the boys took to fishing in the river for trout while the main party took a wonderful hike up the mountains with many interesting experiences. The boys all reached home late Saturday afternoon and will count the days until the next trip, which will be up the San Gabriel. Here are some of the boys who went: Paul Bettis, Theo. Haig, John Lovell, Gordon Kingsley, Paul Hoover, Paul Tyrrell, Geo. Tyrrell, Chas. Conklin, Robt. Conklin, Walter Shaw. Leaders' Conference

The Leaders' Club of the Y. M. C. Group Leaders gathered at the Christian Church Sunday afternoon for the regular monthly meeting to study methods of working with boys. The interesting feature of the meeting was a practical demonstration of teaching a boys' group by County Secretary R. P. Anderson. The men were supposed to act the part of boys and as they were grouped about the table, Mr. Anderson, using one of the regular boys' books taught the lesson just as he would to a bunch of boys, explaining his method as he did so.

This demonstration was followed by the presentation of the topic, "How Can I Make the Bible Real to Boys," by J. Allen Adams.

Monday evening the Pacific Avenue PX Club held their regular weekly meeting down by the Los Angeles River and baked weiners around the camp fire. This was a most successful meeting and Mr. Fansett, the leader, presented the lesson to the boys as they were seated around the fire. There were 20 boys present and a group of youngsters with more "pep" would be hard

The zoological garden is practically nothing. During the war the finest collection of animals were killed, owing to the scarcity of food. All over the city you see exquisite bronze statues.

Tonight we are invited to attend the 25th anniversary of the Flemish Opera-the Crown Prince will be there also. It will be very interesting to me, Cousin Brahm being one of the Directors.

All of the homes here are stone and brick, business people often living over their places of business. Nearly all the homes are four and five stories, no elevators, so we get plenty of exercise.

Another thing we notice over here only the wealthy people have automobiles and I also include 'Fords." It seems so funny to us, in America everyone at least can have a Ford and here the wealthier people also have them.

One thing impressed me very forcibly in Holland, also in Belgium, are the curtains. You see the most exquisite lace curtains, I could gaze for hours at the many, many beautiful lace designs. Very beautiful lace shops are all over the city.

She talked considerably about color balance and exhibited some very fine designs for interior decoration. She also described the "Persimmon Room," designed by Miss Klauber for the San Diego Exposition and the fame she had won for the creation of such a masterpiece in the psychology of color.

In connection with what she had to say about elimination she told of Nazimova's experience in renting a home filled with art treasures from the old world which she obtained permission to store in a warehouse, the furnishings removed equaling two vanloads for which she substituted two yellow bowls filled with violets, and the owners of the house who visited her declared their home had never been so lovely. Goodyear Leadershipand Tires for the Smaller Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for the smaller cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3-, 30x31/2-, and 31 x 4-inch sizes.

Last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.
