### HON. J. A. DAVIDSON DEAD.

Manitoba's Provincial Treasurer Passed Away at His Home at Neepawa.

Neepawa, Man., Nov. 14.—Hon. John A. Davidson, M. P. for Beautiful Plains and provincial treasurer, died this morning at his home at 9.30.

Hon. John A. Davidson was born at Thamesford, Ontario, in 1852. He moved to Manitoba in 1872, and engaged in the milling business and kept a general store. He was first returned to the legislative assembly in 1881, and was re-elected in 1883 and 1892. He was defeated at elections of 1893, 1898, 1900 and 1901. In 1900 he entered the Macdonald administration as provincial treasurer. He accepted the same portfolio in the Roblin administration in October of the same year. In

the general elections of 1903 he was again returned.

### UNRECONCILED.

French Deputies Exchange Two Shots Without Result.

Paris, Nov. 14.—Two members of the Chamber of Deputies, Henry Martine Berthelette, Radical Socialist, and Georges Berthelette, Independent Republican, who engaged in a violent altercation during a discussion of the war budget in the chamber on Thursday, compelling the president of the House to suspend the sitting for a few minutes, fought a duel with pistols in the suburbs of Paris this morning. Two shots were exchanged without any result, and the encounter ended with the principals still unreconciled.

### BRITISH COLUMBIA'S TRIBUTE TO NELSON.

The accompanying picture shows British Columbia's tribute to the memory of Britain's great naval hero, among the profusion of wreaths which adorned the base of the column erected to his memory in the world's capital. In this connection the following explanatory letter was received by Secretary Peirson, of the Victoria branch:

The Navy League, 8 V.  
13 Victoria Street, London, E. W.,  
28th October, 1903.

Dear Sir.—I send you a snapshot of the British Columbia trophy as it appeared on the centre of the south side of the Nelson column. It was given the place of honor, but even from the photograph you will find a difficulty in seeing what it was really like. It was in the shape of a large maple leaf with the four anchors and the rose, shamrock and thistle, and was exceedingly effective until spoiled by the rain.

I am, dear Sir,  
Yours faithfully,  
W. M. CAIUS CRUTCHLEY,  
Secretary.

Joseph Peirson, Esq., Hon. Secy. Navy League, British Columbia Branch.

The Naval and Military Record has an interesting account of the decoration of the monument. It says:

"Long before dawn on the 21st inst., busy hands were engaged in gilding the finishing touches to the Trafalgar Day decoration at the base of the Nelson column, Trafalgar square, London. The whole of the plinth was embedded in laurel, while ropes of variegated leaves connected the column with the four lions, Palms, chrysanthemums and everlasting flowers were imported into the scheme of decoration this year, and these, most effectively arranged at the four corners of the plinth, stood out in bold relief against the massive grey column, while the whole of the lower base was festooned with laurel. It was the endeavor of the Navy League—the body which undertakes the annual decoration of the column—to omit anything from the scheme which might injure the newly-found friendship with our French neighbors, and therefore no national flags were displayed, and as far as possible the spectator was shown that the celebration was in honor of the great admiral, rather than of his last great victory.

"Except perhaps that more palms and

flowers were used, the general scheme of decoration was on much the same lines as that of last year. Round the base of the column at a height of 20 feet or 30 feet from the ground were placed wreaths of evergreens, and from these depended double ropes of laurel, which extended in curves to the corner pilasters, on which rest the figures of Landseer's lions. The upper part of the plinth and other portions of the structure were festooned with laurel, and banks of palms and flowering plants were placed at the lower corners of the plinth and at the base of the column. The Navy League's tribute, was a gigantic wreath of laurel, placed in a central position on the north side of the plinth, with a tablet affixed, bearing the inscription:

"Respect and homage to the memory of the gallant sailors of France and Spain, who fell fighting at Trafalgar, October 21st, 1805." Wreaths of similar size occupied prominent positions on the south-east and west sides. These came from the 3rd London, Malta and Toronto branches of the league. Laurel chaplets sent by the Plymouth, Bristol, Torquay and Bournemouth branches were placed at the corners. The newly-formed branch at Kimberley, South Africa, sent a very pretty anchor-shaped device of white everlasting flowers and Cape silver leaves, inscribed, "A tribute from over the water." The British Columbia branch came an immense autumn-tinted maple leaf bearing an anchor of lieben and the emblems of the rose, shamrock and thistle. The Rottingdean branch, of which Mr. Ruddyard Kipling is president, sent a wreath of laurel and red dahlias, tied with red ribbon, the 4th London

(Belgravia and Marfa) branch a large anchor of laurel and bronze and yellow chrysanthemums, and Windsor and Exton branch an immense chaplet of laurel and white chrysanthemums, the Brighton and Hove branch a wreath of chrysanthemums, and the Cambridge University branch a pretty wreath of yellow chrysanthemums and croton leaves tied with Cambridge blue. From the cadets of the Royal Naval school, Eatham, came a tasteful wreath of red, white and blue flowers, with a card bearing the inscription, "His name shall live for ever because he loved his country."

The approaching arrival here of the King and Queen of Italy, on their way to England. The prisoner, who had been an employee of an analytical laboratory, is 29 years old. He arrived at Cherbourg ten days ago, and was recognized by the Paris police sent to watch over the safety of the Italian sovereigns, as a dangerous anarchist, who had at one time been imprisoned at Troy in connection with an anarchist outrage.

### ROYAL VISIT TO LONDON.

King and Queen of Italy Will Arrive on Tuesday—Arbitration Treaty Likely.

(Associated Press.)  
London, Nov. 14.—King Victor Emmanuel and Queen Helene of Italy, who are to arrive in England on November 17th, will be received with great ceremony at Portsmouth, where the home fleet will be assembled for a naval demonstration. The Prince and Princess of Wales will meet them on board the royal yacht, and will accompany the Italian King and Queen to Windsor, where King Edward and Queen Alexandra will meet them at the railway station. At Windsor Castle special apartments, last occupied by Emperor William in 1890, have been prepared for use of the royal visitors.

### THE CHICAGO STRIKE.

Trouble May Be Ended by Arbitration—Cars Are Moving Under Police Protection.

(Associated Press.)  
Chicago, Nov. 14.—Chicago's street railway strike may be ended to-day by arbitration. Eleven o'clock to-day was the time set by the company to make a reply to the employees' arbitration proposal and General Manager McCulloch said he would be glad at that time to meet a representative of the men.

President Machin, of the Amalgamated Society of Railway Employees, hopes a settlement of the strike by arbitration and a peaceful termination of the strike either through the state board of arbitration or otherwise. E. R. Bliss, the company's attorney, has informed the state board of arbitration that to-day he would have something definite to announce, and this statement further strengthened the feeling that the strike will be ended.

Under practically the same police tactics as those employed yesterday, cars left the yards in the southern outskirts of the city to-day and headed toward the business district. Police were aboard the cars, in patrol wagons and almost cordoning each side of the avenue. A crowd about the seventy-second barn burned and looted the police and carried as the cars moved out, but offered no violence. A hundred policemen, massed at that point kept the crowd at a safe distance.

In 1840 beetroot supplied 4.35 per cent. of the world's sugar. Now nearly sixty-eight pounds in every one hundred pounds of sugar come from beet.

## REBUFF TO THE FREE TRADE PARTY

### SIR M. HICKS-BEACH'S CHANGE OF ATTITUDE

#### Tariff Reform League Will Establish Branches in the Colonies—Henry Norman's Proposal.

(Associated Press.)  
London, Nov. 14.—The acceptance by Sir Michael Hicks-Beach of Premier Balfour's policy is regarded as a distinct rebuff to the free trade party. The Chamberlainite organs point out the weakness of the position under which the former champion of the exchequer, who organized the Free Trade League, supports Mr. Balfour, this support being accorded on the strength of the very Sheffield speech which induced the Duke of Devonshire to leave the cabinet and become president of that league. They count Sir Michael Hicks-Beach's repudiation of Mr. Chamberlain's "unauthorized programme" as of little practical consequence, since it is well-known the Premier is in sympathy with the Chamberlainite campaign.

Undoubtedly the Chamberlain party is making most advantage in propagating the new policy of their leader, leaving unrequited one of the most prominent free trade organs in the north of England.

SIR MICHAEL HICKS-BEACH.

They have now purchased the London Evening Sun, one of the few trade organs in the metropolis.

The Tariff Reform League has constituted a colonial section to assist support and establish colonial branches in all the colonies. An influential committee, including Sir Charles Tupper, has been formed.

### WILL INSECT ROUTE.

Engineer Keefe Will Accompany Directors Over New Line Proposed to Be Built.

The Nicola, Kamloops and Similkameen Coal and Railway Company are holding another meeting here to-day for the purpose of deciding upon some remaining matter relating to the affairs of the organization. Later on a conference will be arranged with Premier McBride and the members of his government with the object in view of making the necessary arrangements between the province and the company.

Early this coming week some of the directors who are here, including Vice-President Geo. A. Beggs and the engineer of the company, C. H. Keefe, will leave on a tour of inspection over the route proposed. They will proceed from Spences Bridge to Nicola, and thence up to Kamloops, over what is intended as the first two branches of the line to be built. They will also, before returning, make a trip through various parts of the Similkameen country which it is proposed to open by the new line of railway.

Mr. Beggs has never been over the proposed route, but Mr. Keefe, the engineer, is well acquainted with it. He has been over the ground, and will be able to render valuable assistance to the directors.

In the selection of an engineer the new company has made a happy choice. Mr. Keefe has had a long experience in connection with British Columbia surveys. He assisted in the preliminary work for the C. P. R. As one of those who made the survey of the Yellow Head pass route, he has formed an intimate acquaintance with the resources and capabilities of the country north of the C. P. R. line. The intention of the new company to penetrate into the adjoining territory by means of the line projected north from Kamloops, along the valley of the North Thompson river, will therefore, it is safe to say, meet with his entire approval.

Mr. Keefe has a very high opinion of the Yellow Head pass as a means of entering British Columbia, and considers that it will undoubtedly be utilized by some railway company.

### DESERTERS CAUGHT.

Two Bluejackets From H. M. S. Flora Overhauled by Constables.

Among the guests at the police station last night were a couple of bluejackets from H. M. S. Flora, who were landed in durance by Constable Best and Special Constable Stevenson. They had planned to desert, and were making towards one of the boys off Victoria West, where they expected to get hold of a canoe. They were in civilian clothes, but these did not disguise them from the two constables, who took them in charge. They had got as far as Government and Cornmarket streets on their route to the police station, when Constable Best's prisoner broke loose and ran along the street. The constable dashed after him, dropping his maccintosh cape as he ran. The blue-jacket was very careless in the manipulation of his feet, for they became tangled several times, and he fell. This enabled the pursuing constable, who, by the way, was handicapped by his heavy coat and gun belt, to overtake the sailor, who was secured and taken to the lockup with his companion. Both were conveyed this morning to Esquimalt, where they will be dealt with by the authorities.

### RELIEF FUND FOR THE ALLISON FAMILY

#### Generous Response to the Appeal for Aid for the Sufferers—A Worthy Charity.

The Times is pleased to report a ready response made by the newspapers and others for aid to Mr. and Mrs. Allison, of the Paisley Dye Works, who were the victims of such a distressing accident a day or two ago. Those who best know the circumstances understand how worthy they are of assistance. At the time the accident occurred the family were just recovering financially from the reverse which attended the fire of a year previously, and by industry and frugality were laying the foundations of a profitable trade.

The Times feels sure that the public will generously recognize this by a liberal response to its appeal.

Sir William Wallace Society, in forwarding a donation of \$50 to the Times fund, writes as follows:

Victoria, B. C., 14th Nov., 1903.  
To the Editor Victoria Daily Times:  
Dear Sir.—The Sir William Wallace Society were very much pleased to learn from last evening's issue of your paper that you had opened a subscription list for the unfortunate Allison family. Enclosed you will find fifty dollars (\$50.00) from above society, with the hope that your appeal will meet with ready and substantial response. The city of Victoria is always ready to assist deserving cases, and the distressing results of Thursday's sad accident should enlist the sympathies of the public generally.

Yours truly,  
J. R. HACKETT,  
Chief, Sir William Wallace Society, Victoria, B. C.

### PRIEST MISSING.

Friends Fear He Has Been Kidnapped or Killed by Members of the Mafia.

New York, Nov. 14.—Since Rev. Father Joseph Chirigione, pastor of a Catholic church in Williamsbridge, left his home on Thursday night not a trace of him has been found, and his friends and relatives fear he has been kidnapped or murdered by members of the Mafia, who had threatened him with death.

The police are seeking for two mysterious men by pretending to be detectives, enticed the priest from his home.

### RAILWAY WRECK.

Engineer Killed and a Number of the Passengers Injured.

Buffalo, N. Y., Nov. 14.—One person was killed, four severely injured and a number of others were slightly bruised in the wreck of the East Aurora accommodation train on the Western, New York & Pennsylvania railroad, a short distance east of this city, early to-day. The engine and one coach went into the ditch and the second coach was tipped half way over, but remained on its wheels. The engineer, Augustine Alonzo Cole, was buried under his engine and killed.

### CAUGHT IN GALE.

Port Elizabeth, Capt. Colony, Nov. 14.—The British ship Ardamouth, the Italian barque San Antonio, the Norwegian barque Two Brothers, and the Norwegian barque Wayfare have been driven ashore and wrecked in a gale at Algoa Bay. Another vessel, the Lytto, was dismasted at the same time.

## LIBERAL RALLY AT VANCOUVER

### CANDIDATE WILL NOT WITHDRAW FROM FIGHT

#### Capt. Duff Stuart Denounced Govern- ment's Action in the Fernie Recount Affair.

(Special to the Times.)  
Vancouver, Nov. 13.—A rousing Liberal rally was held in the Theatre Royal last night.

Candidate Stuart made a brief speech denouncing the government in connection with the Fernie recount affair, and calling for active work in the present campaign. He dwelt on the proposal to hold a board of trade meeting to influence his resignation, but declared he was in the field to stay.

Hart McHaffz and Jim McGeer spoke briefly, but J. Martin occupied an hour and a half. Referring to the Houston affair Mr. Martin recounted what he remembered of the incident in the House and blamed R. McBride, who invited the explosion on Mr. Houston's part by persistently avoiding the Speaker's call in order, "I can say," said Mr. Martin, "these are men in that House whom the Governor delights to honor, and I would not believe anything they would say on the most trivial matter."

Mr. Martin then referred to the board of trade meeting to discuss a political resolution, in which a statement of the manager of the Canadian Bank of Commerce about provincial finances was mentioned. The Canadian Bank of Commerce was not the only one in the country he insisted, and it was the greatest outrage for the servants of the people as the bank was to assist one political party against another. Had as the government had been, it was not yet at bankruptcy point, and any bank would be glad to get the business of the province.

He charged that the board of trade banquet to the delegates of the Chamber of Commerce was made a theatre for the dissemination of Conservative principles, and the Liberals were lashed out.

In conclusion he argued that the talk about peace and quiet was nonsense. Conservatives had failed to give stable government, and it was how the Liberals' turn. In eight months the only thing the government had done was proposing a bonus for crew killing.

### THE EMPEROR'S ILLNESS.

Operation Was for a Harmless Polypus—Kaiser Able to Speak a Little.

(Associated Press.)  
Berlin, Nov. 14.—The Berlin Clinical Wochenschrift confirms the statement of the doctors that the operation on Emperor William was for a harmless polypus. It is reported from Bonn that Prince Henry of Prussia, in conversation with Burgomaster Sperratus, declared the illness of the Emperor was not at all serious. "Were it so," Prince Henry said, "the Emperor would have revealed the truth to the people."

At a meeting of the Laryngological Society last night Prof. Schmidt was greeted enthusiastically, his name being entered in the program. The president of the society, Prof. Frankel, congratulated Prof. Schmidt on the success of his operation on the Emperor.

Prof. Schmidt, in reply, said the operation was not complicated with any special view to an exact position of the subject. When he put the knife to the Emperor's larynx he found, so far as the operation was concerned, what his high patient was. Sixteen years ago last Sunday, with the then Prince Wilhelm, he went to San Remo and this was probably the reason why he had now been called upon to attend the Emperor. The professor said he was glad that the news had not reached the public before the time was ripe. Two months ago he had seen and examined Emperor William's larynx.

A royal carriage brought Prof. Schmidt to the meeting of the society, and he departed in it.

Irritation Diminished.  
Berlin, Nov. 14.—No bulletin regarding the health of Emperor William was issued to-day, but it is said his wound continues to heal in a normal manner.

The correspondence files of the Associated Press reveal officially that the Emperor has already begun to speak a little, and that the irritation of the vocal organs is diminishing.

### THE PANAMA CANAL.

German Holds It Will Never Be as Important as the Suez Canal.

(Associated Press.)  
Berlin, Nov. 14.—Addressing the Institute of ocean knowledge last night, Dr. George Wegner spoke on the question of a canal from the Pacific to the Atlantic. He said the Panama canal would never become as important as the Suez canal, but that nevertheless it would play a great part in the world's commerce.

### STORE BURNED.

(Associated Press.)  
Stockton, Man., Nov. 14.—C. P. Wood's general store at Treadwell was burned on Thursday last. Nothing was saved. The building and contents were partially insured.

### SITUATION IMPROVING.

Outlook in the Far East Is Reported to Be Brighter.  
(Associated Press.)  
Paris, Nov. 14.—Official advices show distinct improvement in the Russo-Japanese situation. It is understood the recent prolonged intercession was due to the forwarding of reports of the negotiations for the personal inspection of the Czar.

Campbell's 25c Line of Toilet Preparations. Cannot be beaten. Buy them and you will say so, too. Campbell's Prescription Store. COR. FORT AND DOUGLAS STS.

Scores of Orders Are Coming in for Electric Light. If you have not yet installed the necessary wiring, now is the time to do it. B. C. ELECTRIC RAILWAY CO., LD., 35 YATES STREET.

MUST FACE THE PRESENT SITUATION. HON. A. J. BALFOUR ON THE FISCAL QUESTION. Former Chancellor Prepared to Accept Premier's Policy as Laid Down at Sheffield.

Bristol, Nov. 13.—Premier Balfour was the principal speaker at a dinner here to-night in celebration of the anniversary of the birthday of Edward Colston, the philanthropist. He devoted himself principally to the fiscal question, but did not advance any new arguments. Premier Balfour spoke appreciatively of Joseph Chamberlain, who, he said, had given up everything for what he considered the good of the British Empire. He admitted that the tariff, like the navy, might be abused, but he said he could not see why that consideration should debar the government from using either wisely. A new situation, said the Premier, has arisen since the present fiscal policy of the British Empire had been established, and further developments of world conditions were sure to follow. It seemed to him little short of lunacy if they did not only face the present situation, but if they did not prepare themselves for the changes which were foreshadowed.

Sir Michael Hicks-Beach followed the Premier. The appearance of the former chancellor of the exchequer on the same platform with, and in support of Mr. Balfour, although he had declared himself a free trader, created considerable interest and curiosity. Sir Michael explained his attitude by accepting of the true diagnosis Mr. Balfour's belief that the present government had with two or three years of life during which much useful work was possible, and by admitting that great injury had been done to British trade by the protectionist policy of foreign countries. He was prepared, he said, to accept the policy of Mr. Balfour laid down in the Premier's speech at Sheffield. He was opposed to both illegitimate cheapness and illegitimate dearthness through the operation of tariffs and trusts, but he favored the securing and the maintaining of a natural cheapness. Sir Michael thought the government should be armed with the weapons of retaliation. If the choice were between standing on old lines or a genuine change of fiscal policy, he preferred the latter. In conclusion, Sir Michael contended that the question before the Unionist party was not the unauthorized programme which he had steadfastly opposed, but the policy of the Premier, and he thought that they should now patiently await the government's proposals and strive for unity.

In a letter to Miss Milner, sister of Lord Alfred Milner, Lord High Commissioner to South Africa, Joseph Chamberlain contends that the argument that political corruption results from a protective policy is absurd. Mr. Chamberlain says: "Germany is free from corruption, while in the United States there is a good deal of corruption, which is caused by the presence of Irish political organizations. So far as the government of the United States is concerned, nothing of the kind has ever been suggested to me, and the general purity of the administration has been increased of late years under the protective system. The creation of trusts is also entirely independent of protection. We have already seen such institutions as, for instance, the Coats combination and the Alkali trust. The system is likely to increase with the growing tendency to cheapen products by combinations with larger outputs."

At a meeting of the Mackenzie Liberal Club, Toronto, a resolution was adopted to the effect that Canada should refuse to enter into any further tariff negotiations with Great Britain until there had been an apology for the course Lord Alverstone had taken in connection with the Ashland award. The resolution also urged that Newfoundland should be offered generous terms to join the Dominion, and that Canada should purchase Greenland from Denmark.

MARCHING ON ISTHMUS. President of Colombia Tells of the Movement of Troops. Guayaquil, Nov. 13.—General Plaza, president of Ecuador, has called to President Marroquin, of Colombia, sympathizing with him in the recent events on the isthmus of Panama. President Marroquin has replied, thanking General Plaza, and adding that Generals Reyes, Caballeros, Ospina and Holguin are marching to Panama with a large army to subdue the isthmus.

Washington, Nov. 13.—In the President's message on Panama, he said that the canal was demanded by the interests of this nation and by those of the civilized world. "The events of the last few years," he said, "warrant us in now saying, not only that the canal shall not be constructed by any foreign government, but that it is not to be constructed by any private company. It must, therefore, be dug by the government of the United States."

The statement of the Bank of Montreal for the half year ended October 31, 1903, shows that the profits, after deducting the charges of management and making full provisions for all bad and doubtful debts, are \$917,150.31. Profits received on new stock amounted to \$116,024.

It Must Come. As inevitable as the changing seasons of the year is the change which comes to every woman. And just as one anticipates the changes of other seasons it is wise to anticipate this change of season and prepare for it. In this way the discomforts and disorders suffered by many women at the period of change can be avoided or overcome.

WHO CANNOT BE CURED. Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Protrusion of the Uterus, or Falling of the Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

HISTORIC EVENT TO BE CELEBRATED

ANNIVERSARY OF THE CHURCH DEDICATION

Interesting Services Will Be Held in the First Presbyterian Church Tomorrow—Forty Years Ago.

Forty years ago to-morrow "The First Presbyterian Church" of this city was formally dedicated for public service. It is very fitting that the congregation should celebrate the 40th anniversary of that event.

Eighteen months ago this church observed the 40th anniversary of the organization of the congregation, the gathering together of the scattered elements of Presbyterianism that came here from "the land of the hill and the heather." Many employees of the Hudson's Bay Co., which established a trading post at the inner harbor in 1843, were Presbyterians, and were for nearly twenty years on the shores of the great Pacific without a minister of the Gospel to conduct Divine service, according to the simple but impressive form of the church of their fathers.

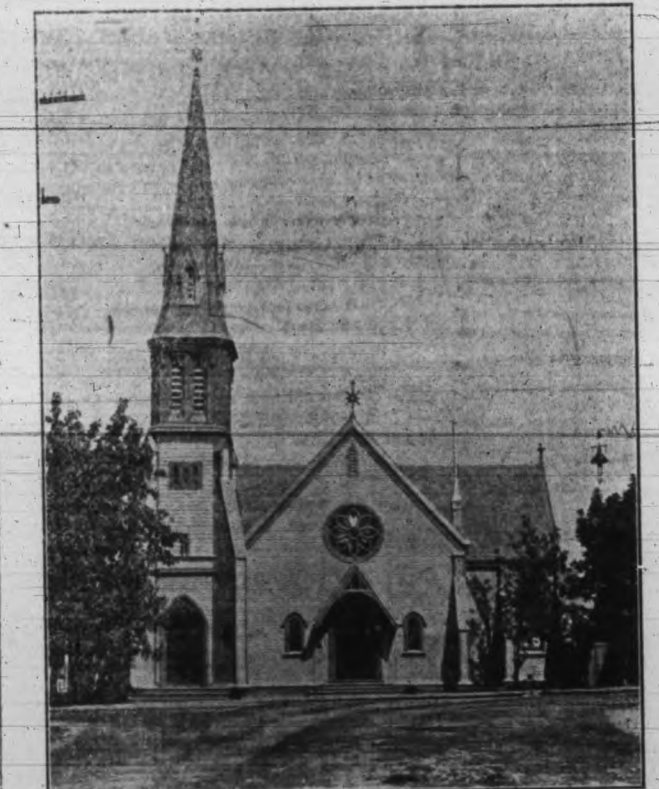

In 1876 Rev. Dr. Reid came from England and became pastor, and by his zeal, energy, perseverance and socialness he soon built up the congregation. The doctor is still in the city, and does considerable work for the Reformed Episcopal church, which he is very popular. Dr. Reid was succeeded by Rev. Daniel Gamba whose pastorate was not very long. He in turn was followed by Rev. Donald Fraser, M. A., who was sent here from the neighborhood of Toronto by the home mission committee of the Presbyterian church in Canada. He was a man of more than ordinary pulpit power and executive ability. During the time he was minister of the congregation the church building was remodelled and enlarged at a cost of about \$10,000, and made one of the neatest churches in the city. Rev. Mr. Fraser, after a short illness, died in 1891, and in the following year the congregation extended a call to the present pastor, Rev. Dr. Campbell. Under his efficient, judicious administration, extending so far over a period of twelve years, the church

REV. DR. CAMPBELL.

has made substantial progress. He has labored most assiduously in the field with which he has been identified so long, and its continued prosperity is a tribute to the faithful performance of the important duties devolving upon him. During this year nearly \$3,000 were expended in improving the outside of the building, and in modern leaded glass windows, which greatly beautify the edifice.

In response to an invitation from the Presbyterians of the city, the members of the General Assembly, after the conclusion of the meeting in Vancouver, visited Victoria on the 18th of June, of whom many remained to be present at the reopening of First church on the following Sabbath. Rev. Dr. Fletcher, moderator of the General Assembly, presided and offered the dedicatory prayer. Rev. A. Gandler, of Toronto, morning, and Rev. R. Laird, of Brockville, an able sermon in the evening, both to large and appreciative congregations.

FIRST PRESBYTERIAN CHURCH.

of Blanchard and Pandora streets for \$1,000, on which the present church was erected. The corner stone was laid by Chief Justice Cameron in March, 1863, to whom a silver trowel was presented with the inscription: "To the Honorable Chief Justice Cameron, on his laying the corner stone of the First Presbyterian church of V. I." On the 15th November of the same year, just 40 years ago, the church was opened for public worship by the missionary in charge, assisted by Revs. Messrs. Evans and Jamieson.

On Monday evening the ladies gave a social in honor of the distinguished visitors, at which the moderator again presided in his genial and happy manner. The occasion was exceedingly enjoyable, for all were in the best spirits, and the speeches of the visiting brethren were sparkling with humor, and overflowing with wit and wisdom. The hearts of the members of the Assembly from the East must have been thrilled as they realized that they stood in the church which was the pioneer of Presbyterianism west of the Rockies, the first church built west of Winnipeg, a territory now having hundreds and hundreds of churches.

FINE ART EXHIBITION. Masterpieces of Sculpture to Be Shown Here Shortly.

One of the most interesting and instructive art exhibitions ever held in Victoria will be the masterpieces of sculpture which will be shown in the city hall commencing November 23rd, and continuing throughout the week. This will be a decidedly new attraction, an opportunity which the lovers of art—and there are many in the city—will be glad to improve if they will enjoy the privilege of seeing a large collection of most excellent reproductions of the works of master sculptors of ancient, mediæval and modern times.

The collection is the most complete in Canada, including plaster casts, figures, bas-relief and prints, and cannot fail to have a large educational influence on all who take the advantage of visiting and studying the exhibit, for one can there follow the growth of art from Egyptian times of 4,000 years ago to the accomplishments of the present age. The display of Greek art will be especially fine, to mind the heroes and heroines of old mythology. From this school will be shown casts of such famous statuary as the Winged Victory, The Venus de Milo, The Venus de Medici, The Apollo Belvidere and The Sappho Victory. In the Renaissance school will be found casts of Luca Della Robbia's Madonna and Child, The Singing Cherubs, panels from The Fountain of Innocence, by Joao Gouzon, Nymphs and Dolphin, by Clodion, and The Winged Mercury. The modern school will be illustrated by casts of such gems as The Musical Cherubs, Night and Day, by Thorwaldson, Bary's Animals, casts of Napoleon and Churb's Heads, after Reynolds, together with busts of many prominent musicians, poets, etc.

Lewis Waller & Company on Friday night gave a performance of Sydney Grundy's adaptation of "A Marriage of Convenience" in the beautiful ballroom at Sandringham Palace, before King Edward and Queen Alexandra, the Prince and Princess of Wales and a large party of invited guests.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Two men boarded a railway train as it was ascending a grade between Petersburg and Nylstrom, Transvaal Colony, covered the guard, looted the treasure car and made their escape. The robbers. It was reported, seized \$50,000 which was consigned to the Standard Bank of Pretoria.

Concentrated Energy. As every one knows, energy is derived from the food consumed, digested and absorbed into the system.

It does not follow, however, that the amount of energy generated is in proportion to the amount of food consumed, but it certainly does depend on the amount of suitable food properly digested and actually absorbed.

If the food is concentrated and easily assimilated the amount of energy produced will be proportionately large. It is just because Ferrol is a highly concentrated food almost ready for instant absorption that such marvellous results in the way of increase of weight and renewed energy have followed its use.

Ferrol is pleasant to take, easy to digest, and contains more real nourishment in a dessertspoonful than is usually derived from an ordinary meal.

At all Druggists. Free samples from THE FERROL CO., Limited, Toronto.

are made from the purest Para gum, they are made to fit the very latest styles in leather footwear from the heavy walking shoes to the latest Cuban or dainty French heel. Canadian Rubbers are made expressly to stand the severe Canadian climate.

THEY FIT LIKE GLOVES

### REGIMENTAL ORDER.

Fifth Regiment Will Furnish Guard of Honor for Opening of House on 26th Inst.

Lt.-Col. Hall, commanding the Fifth Regiment, has issued the following order:

The following District Order is published for information:

District Order No. 6.

"Victoria, B. C., Nov. 10th, 1903.

"The guard of honor to His Honor the Lieutenant-Governor of British Columbia on the occasion of the opening of the provincial legislature on the 26th inst., will be furnished by the 5th Regiment C. A.

"The parade will be in review order and of the strength laid down in R. & O., 1888, part 1, para. 209.

"The guard will be drawn up at the legislative building at 3 o'clock p. m., and will receive His Honor with a royal salute, which will be repeated as His Honor leaves the building at the close of the ceremonies.

"Pay list in triplicate will be furnished to this office on completion of this duty.

(Signed) J. G. HOLMES, Col.

"D. O. C. 11."

In pursuance of above order the non-commissioned officers and men of the regiment will parade on Thursday afternoon, the 26th inst., at 2.15 o'clock, for the purpose of forming a guard of honor to His Honor the Lieutenant-Governor on the occasion of the opening of the legislative assembly. Capt. W. A. Langley will command the guard, and Lieuts. Patton and Angus will act as subalterns. Band will attend. Dress, review order. Capt. Newbury will make the necessary arrangements for the payment of the guard on its return to the drill hall.

The following man has been re-engaged for three years further service: No. 28, Gr. Arthur B. Stewart, Nov. 11th.

The following having been granted their discharges are struck off the strength of the regiment: No. 139, Co. Sgt.-Major H. W. Lindsay, Oct. 28th; No. 136, Gr. F. J. Schroeder, Oct. 28th; No. 94, Gr. F. M. Davis, Nov. 11th.

All N. C. O.'s of the regiment will attend the lecture to the regimental school on the 10th and 18th inst.

The following N. C. O.'s are detailed to assist the Sgt.-Major, Lieut. B. Lorimer, No. 6 Co. Acting Corp. S. Porter, No. 6 Co.

Sgt. Cavin will be in charge of the gallery practice on Friday, Nov. 20th, and will be assisted by 44-45-46-47-48-49-50-51-52-53-54-55-56-57-58-59-60-61-62-63-64-65-66-67-68-69-70-71-72-73-74-75-76-77-78-79-80-81-82-83-84-85-86-87-88-89-90-91-92-93-94-95-96-97-98-99-100.

The other commanding has been pleased to approve of the following promotion in No. 4 Company: To be acting sergeant, Corp. D. G. Ware, vice Co. Sgt.-Major Lindsay, discharged.

By order,

(Signed) D. B. MCCONNAN, Capt., Adjutant.

### SMUGGLED JAPS.

Thirty From Victoria and Vancouver Captured by United States Immigration Officers.

"Thirty Japanese laborers smuggled in to this country from British Columbia were arrested by United States immigration officers upon the arrival of the Great Northern's coast line train at 11.15 o'clock yesterday morning. In proof of the charge that they were smuggled into the country the government is already in possession of a mass of evidence, including a flat admission of some of the men themselves, that they had surreptitiously entered the country.

"The Japanese were landed on the beach at Muklito from a one-masted lead-colored nameless sloop at 4 o'clock yesterday morning. They were taken there from Stevenson, twelve miles below Vancouver, the voyage consuming four days and nights. But from all that can be learned concerning the movements of the craft, she did her navigating principally at night, tying up in some sheltered cove during daylight. Only two men—Japanese, one named Takahashi—manned her. They returned in the boat as soon as the Japanese who had paid \$3 per head passage money were safely landed.

"At least two-thirds of the crowd, arrested were landed at Victoria and Vancouver from the Orient this year. It was very apparent from their answers, evasive as many of them were, that they left their native country with the full and avowed intention of bringing up in the United States. The contraband Asiatics were dispatched last night to the government immigration detention station at Port Townsend, and will be held there pending instructions from Washington as to their disposition."

### WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Nov. 14—5 a. m.—The storm area is centered on the Washington coast, the barometer falling at Tatum to 29.16 inches, and a heavy sea prevailing at the mouth of the Columbia river; snow is falling at Spokane, and fresh snow has fallen on the island hills. In the Northwest the high pressure maintains its position in the Territories; scattering falls of snow have occurred, and the weather is colder, with temperatures below the zero point.

Forecasts.

For 26 hours ending 5 p. m. Sunday, Victoria and vicinity—Moderate or fresh winds, unsettled and cold, with rain or sleet.

Lower Mainland—Light or moderate winds, cloudy and cold, with rain or sleet.

Reports.

Victoria—Barometer, 29.25; temperature, 40; minimum, 38; wind, 3 miles N. E.; rain, .31; weather, cloudy.

New Westminster—Barometer, 29.26; temperature, 39; minimum, 34; wind, 8 miles S. E.; rain, .24; weather, cloudy.

Kamloops—Barometer, 29.42; temperature, 36; minimum, 26; wind, calm; snow, trace; weather, cloudy.

Barkerville—Barometer, 29.66; temperature, 6; minimum, 6; wind, calm; weather, clear.

San Francisco—Barometer, 29.92; temperature, 62; minimum, 58; wind, 24 miles S. E.; rain, .06; weather, cloudy.

Edmonton—Barometer, 30.14; temperature, 14; minimum, 2 below; wind, calm; weather, cloudy.

The Hon. Rupert Guinness telegraphs the Associated Press from Valencia, France, in response to an enquiry as to whether he intends challenging for the America cup: "There is no truth in the statement."

President Ross, of the Dominion Coal Company, announces the appointment of Austin King, of Philadelphia as general superintendent of the company.

## Scenes from Canadian History.

But a very short time has gone by since the two ships of the last scene ascended the St. Lawrence; but already at a certain point on the brink of the river a pile of wooden buildings has arisen. Within a moat, a wall surmounted by a loop-holed gallery for musketry surrounds the first few buildings of a city famous in our annals.

Answer to last week's Scene from Canadian History.—Champlain before Quebec, 1608.

**CORRECT ANSWERS TO LAST WEEK'S PUZZLE.**

Those who sent in correct answers this week include Pearl Roper (South Park) and Edith Malfavers (Victoria West). Several have given the visit of Champlain and Pontgrave in 1603 as the correct solution.

**Words of Appreciation.**

An up Island teacher writes: The children of the school were very disappointed not getting the paper on Saturday. They take great interest in the picture puzzles of Canadian History.

I have found these pictures of great use in teaching, and will say that I can greatly recommend them to all teachers. The pictures not only tend to fasten the facts in the minds of those children who have learnt Canadian History, but aid greatly in teaching the subject to young children of the junior classes, who cannot read very well.

The pupils here have taken greater interest in Canadian History since they have seen these pictures than ever before.

I greatly commend your good work.

the favor of a paper on some subject agreeable to yourself to be read at the coming meeting of the association. At your convenience, kindly give us your subject, that we may have it properly on the programme. With kindest regards, I am,

Very truly yours,

GEO. H. LAMBERSON, Secretary N. W. F. G. Association.

**DR. AGNEW'S CURE FOR THE HEART** acts directly and quickly, stimulates the heart's action, stops most acute pain, dispels all signs of weakness, fluttering, sinking, smothering, or palpitation. Sold by Jackson & Co. and Hall & Co.—11.

## Make Your Kidneys Well and Strong With Dr. Pettigill's Kidney-Wort Tablets

**NO-ALCOHOL, HANDY TO CARRY, PLEASANT TO TAKE.**

If you have backaches and headaches, if your water deposits a sediment that resembles brick dust, frequent calls to urinate and dizzy spells during the day, be assured your kidneys are not filtering your blood, and you are being slowly but surely poisoned to death. Make your kidneys well with Dr. Pettigill's Kidney-Wort Tablets. Guaranteed by all Druggists. 50 cents a bottle or six bottles for \$2.50.

The United States House committee on ways and means has authorized a favorable report on the bill making effective the Cuban reciprocity treaty by a vote of 14 to 2.

## The Maple Leaf Label

# COWAN'S COCOA PERFECTION

It is absolutely pure and most nutritious. It costs less than half a cent per cup.

**THE COWAN CO., Ltd, Toronto**

## Pandora Range Hot-air Flues. Oven.

If the hot air flues in a range are not properly constructed, much of the heat from the fire-box will be wasted up the chimney, and the oven will not bake uniformly.

Flues in the "Pandora" range have been given special attention, and are so constructed that all the heat travels around the oven twice and passes directly under all the pot holes before escaping up the chimney.

Result is the oven bakes uniformly at top, bottom and sides, and with very little fuel.

Every feature in the Pandora has been given the same careful attention as the flues and all combine to make a perfect working and economical range.

Sold by all enterprising dealers. Booklet free.

# McClary's

London, Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B.

**CLARKE AND PEARSON, AGENTS.**

## A Book and Six Bottles Dr. Shoop's Restorative On Trial to the Sick.

The cure is absolutely nothing to you if my Restorative fails. I simply ask you to learn by actual trial what this remedy can and will do. I want people to know what I know about this prescription. There can be no safer, no more certain way to convince the sick than to say "Take Dr. Shoop's Restorative a month on trial." And that is just what I will do if you write me I know absolutely that it will help you if you will use it. I know you will willingly bear the cost—\$5.50—if it succeeds. I know this, because for five years I have made this offer everywhere.

Thousands have written for my book—have accepted my offer—and only one out of each 40 has said, "it did not help me." Just think of it. My past records show that 39 were helped where 40 tried the Restorative. I am proud of that record. I failed with one in 40—but there was no expense to that sick one.

I cannot cure cancer. No medicine can. There must be some failures. Dr. Shoop's Restorative will do the utmost that medicine can—it is my greatest achievement after thirty years in hospitals and at bed-sides. I have found, at last, a way to cure even obstinate, deep-seated diseases.

I treat—with Dr. Shoop's Restorative—the inside nerves. Here lies the secret to my success. It is my discovery. My Restorative is the only prescription that reaches these nerves. Without this inside nerve treatment, I could not offer "a month's treatment at my risk." No other known remedy would stand the test.

In thousands of homes it is now constantly kept as a safeguard. Off days will come to us all, but a few doses will set things right again.

## How to Secure Trial Treatment

Send no money. Simply ask for the book you need. A postal will do, or sign the coupon. Then I will arrange with a druggist near you, so that you can secure six bottles of Dr. Shoop's Restorative to make the test. Send me no money. You go to your druggist, remember. Use the Restorative a full month—then decide. If it succeeds the cost to you is \$5.50; if it fails I will have the druggist bill the cost to me. Could anything be more fair?

To delay, means to forget. Write now, while you have it in mind. This is important.

DR. SHOOP'S RESTORATIVE.

### At the Doctor's Risk

Dr. Shoop, Box 18, Racine, Wisconsin.

Send me book No. — and tell me where I can secure six bottles Dr. Shoop's Restorative on 30 days' trial.

**LAST NIGHT'S CONCERT.**

An Excellent Programme Given by Alexandra College of Music and Art.

The concert last evening given by the Alexandra College of Music and Art was a very enjoyable one. Those outside of the pupils of the college acquitted themselves excellently, and added very materially to the programme. The pupils of the college again reflected the highest credit upon the training given by the institution.

A new feature was introduced in having present three of the orchestra from the Chinese theatre. The music rendered was novel compared with that of the remainder of the programme, and afforded excellent opportunities to compare the characteristics of the Oriental musical art with that of modern countries.

At the conclusion of the programme refreshments were served.

AN HONEST OPINION.

John Houston, M. P., is evidently "nursing his wrath to keep it warm." At stated intervals he snorts forth his opinion of Richard McBride, M. P., and leader of the first Conservative government of British Columbia.

RAILROAD MEN GET SURE RELIEF

THEY USE DODD'S KIDNEY PILLS FOR THE TROUBLES BROUGHT ON BY THEIR WORK. They Profit by the Experience and Advice of Mr. Lew Duke, of the Duke House, St. Thomas—Dodd's Kidney Pills Cured Him.

A BAND OF PATRIOTS.

While our local contemporary is taking special delight in the contest in Vancouver and is in a state of joyful effervescence at the glorious victory it anticipates for its dear political friend, Hon. Richard McBride, it is rather envious that the Conservatives in the Terminal City are bringing pressure to bear from every quarter to induce the Liberals to withdraw their candidate.

couner-News-Advertiser pleads in tremendous tones that now is a good time to declare a truce and give the Premier a chance. We thought when McBride declared for party lines he invited a fight to a finish.

The present government, even if it elects its Attorney-General in Vancouver, will not be strong enough, either in the Legislature, or in the measure necessary for the regeneration of British Columbia.

The cotton growers of Georgia are threatened with competition from the colonies of Germany as well as from those of Great Britain.

Either Premier Balfour's former chief lieutenant has become convinced that they were over-hasty in deserting him or they have concluded that Chamberlain is a winner and that it would be well to get under his banner as unobtrusively as possible.

A few weeks ago the Vancouver News-Advertiser was firmly of the opinion that several general elections would be necessary to evolve stable government in British Columbia.

Manufactured from the highest grade of Malt and Hops. Bottled at the Brewery, for sale at all leading Clubs, Restaurants and Saloons.

Fountain Syringes

How many mothers there are to-day who are anxiously watching their little ones, fearing that they haven't sufficient strength to battle with the diseases of this life. If mothers only knew the value of "FERROL" (The Iron-Oil Food), they would cease worrying and build the little ones up by giving them "FERROL," which is as easily assimilated as cream, and children like it.

CYPUS H. BOWES, CHEMIST.

VERY ASSURING. They were returning home and the glimmer of the elopement had somewhat worn off. "Marry in haste and repent at leisure," said Jack, just the least bit worried.

## City News in Brief.

Go to Senate saloon for oyster cocktails.

The meeting for next to-morrow in the Y. M. C. A. auditorium at 4 p.m. will be addressed by Rev. H. B. Blyth.

A meeting of the directors of the Provincial Royal Jubilee hospital will be held at the hospital at 8 p.m. on Tuesday next.

The Salvation Army meeting will be held at the usual time this evening, and all day Sunday. To-morrow evening Mr. Ritchie will speak, his subject being "Where and What Do You Sow?"

The statement in yesterday's Times that A. S. Kinsman and Graham may become candidates for Mayor in the approaching municipal elections was erroneous. It should have read that they would probably offer themselves for aldermanic honors.

The Halifax Recorder, in publishing the list of the bequests left by Mrs. DeWolf, mentions that of \$250 which is given to the Girls' Home at Port Simpson. The money is donated to the Women's Auxiliary Society in connection with the Brunswick Street Methodist church, of Port Simpson. The estate of Mrs. DeWolf was valued at \$300,000.

The stationary engineers met last evening in Labor hall. It was unanimously decided that an association be formed. C. W. Ross was elected temporary president and A. Atkins secretary. The next meeting will be held on the 19th. J. D. McNeven, M. P., was present last evening, and gave an address upon trades unionism. The organizer of the American Federation of Labor, T. H. Lewis, was also present on behalf of the association, which he represented.

## IT'S WHAT IT LEADS TO

That makes Catarrh such a dreaded disease. If you have Catarrh taint, dropping in the throat, if you hawk and spit and have a stuffed up feeling in your nostrils you should use fragrant healing Catarrhose as once and get cured. Thousands have been saved from Catarrh and completely cured by Catarrhose, so there is no reason why you shouldn't stamp out your Catarrh also. Catarrhose will really cure you and prevent the disease from returning. It's very pleasant, but balsamic medicated vapor—no nauseous drugs. Absolute cure guaranteed to users of Catarrhose; if can't fall, try it. Complete outfit \$1.00, sample size 25c.

The quiet but pretty wedding was solemnized on Wednesday morning at the Church of Our Lady of the Holy Rosary, of Mr. Frank Matlaw, of this city, and Miss Annie Louise Robbins, of Victoria, says the Vancouver News-Advertiser. The ceremony was performed by Rev. Father Le Chesne, in the presence of a few immediate friends of the happy couple. The bride was becomingly gowned in a handsome dark blue travelling costume, with a white picture hat, and was attended by her sister, Miss Alice Robbins, also of the Capital City. Mr. John A. ... of Kamloops, supported the groom. Mr. and Mrs. Matlaw will take up their residence in this city, and have a host of friends who wish them every happiness. Mr. Matlaw is night clerk at the Metropolitan hotel, and formerly was employed in the same capacity at the Commercial hotel. He has resided in Vancouver for a number of years.

The Companions of the Forest will hold a social dance in Sir Wm. Wallace hall on Thursday evening, November 19th. A good time is promised all those who attend. Mrs. K. Davis will supply the music. Refreshments will also be served.

It is rumored that in the event of Mayor McCandless declining to stand for re-election at the end of the year, that H. Dallas Helmcken, K. C., will be a candidate for the honor. One who is close to Mr. Helmcken stated last night that he would in all probability seek election.

# NOT IF IT COST TEN DOLLARS

a bottle would I be without. Polson's Nervine, writes J. A. Ruth, a farmer living near Trenton, Ont. Nervine is the best household liniment I know. We use it for stomach troubles, indigestion, headache and summer complaint. I know of nothing better to take in hot water to break up a cold, or to rub on for rheumatism or neuralgia. Every farmer should keep a few bottles of Nervine, handy and have smaller doctor bills. Large bottles 25c. at druggists.

An examination of the Dominion government insurance reports shows that The Mutual Life of Canada stands today at the head of all life companies doing business in Canada in the net amount in force gained over all its competitors during the past five years. It pays to insure in The Mutual Life of Canada. H. L. Drury, provincial manager, 34-Broad street.

The following are those who have consented to assist at the Scotch social, under the auspices of the Junior Christian Endeavor Society, in the First Presbyterian church hall, next Tuesday evening: Mrs. W. Green, of the Alexandra College of Music, Mrs. A. G. McCandless, Mrs. Currie, Misses Lawson, Pottinger and A. D. Cameron, and Messrs. Brown, Kinnear, W. Allen, J. Longfield and J. McKenzie. With a programme of such interest a large attendance may be expected.

In future the company officers of the Fifth Regiment will report the absentees from parade. The commanding officer has decided that a record of those who do not appear on the regular parades shall be kept. If a member of the company cannot attend he must obtain leave of absence from his company officer. Should he be at the last moment he is unable to present himself he must explain the circumstances to his company officer the next day, so that the defaulting list handed in may be correct.

Harry Jones, alias Harry Williams, alias Fred. Boyd, for whom the police have been looking ever since the arrest of George Van Horst, the boy hold-up who, at the sight of a gun, with the assistance of Jones, on the night of July 28th, relieved J. E. Johnson, proprietor of the Leschi Park hotel, of his money, and on the night of August 2nd held up and robbed T. S. Libby in his home on James street, was brought into police headquarters yesterday and looked to Detectives Byrnes, Adams and Lane, says the Seattle Post-Intelligencer. He was the companion of Van Horst in both jobs, and after being identified during the afternoon by Mr. Lipp, and by the landlady of the St. Louis hotel, on Main street, where he roomed with Van Horst, admitted his identity and to the detectives confessed that he is the man they have been looking for.

Court Northern Light, A. O. F., at their last meeting received applications for membership and initiated three candidates into the order. The entertainment committee reported having arranged a series of entertainments for the winter season, the first at the next meeting being in the form of a Gunpowder Plot social. The delegates attending the late convention of Columbia district made their report, showing the progress of the order in British Columbia and the proposition adopted for the further organization of new courts in the province. The convention appointed a committee to draft out for approval at the next session a scheme for old age pensions, which will be in the form of superannuation for members after reaching the age of sixty-five years. At the next court meeting the matter of holding the annual Christmas tree entertainment will be discussed.

The discussion for the Problem Club in the Y. M. C. A. to-morrow at 3 p.m. will be, "How can a young man best spend his spare hours?"

There will be a meeting of the Y. M. C. A. Debating Society this evening. The subject for discussion will be: "Resolved, that the franchise be extended to include women." A large attendance is desired, and a pleasant evening is promised all who attend.

# THE MASTER MECHANICS PURE TAR SOAP

heals and softens the skin, while promptly cleansing it of grease, oil, rust, etc. Invaluable for mechanics, farmers, sportsmen. Free sample on receipt of 2c. for postage. Albert Toilet Soap Co., Mfrs., Montreal.

This evening at the Fifth Regiment band promenade concert at the drill hall, Herbert Taylor will sing "The Curfew," by Monk-Gould, and Piusatti's "Redoubt Love Song." The selections to be rendered by the band consist of standard, characteristic and popular music from the works of the best composers.

This morning a Rugby match was played at the Caledonia grounds between a combined team of Victoria High and Collegiate schools, and the Vancouver High school fifteen. The result was an easy victory for the local team by a score of 13 points to nil. Tries were secured by Fawcett, Morley and Sarzison.

# Cured of Asthma.

THE REMARKABLE EXPERIENCE OF A NOVA SCOTIA MAN.

He Had Suffered for Years and Often Had to Sit Night After Night at an Open Window Gasping for Breath.

Mr. Thomas Johnson is well known in the vicinity of Hensford, N.S. He has taught school in Lunenburg county for more than thirteen years, and his reputation as a teacher is deservedly high. It is known that Mr. Johnson has been a severe sufferer from asthma, and as he has found a cure for the trouble, a reporter thought the facts of his case would prove interesting to similar sufferers. "One evening," said Mr. Johnson, "while fighting my pipe I inhaled the sulphur from the match. The fumes appeared to penetrate every portion of my lungs, and nearly strangled me. It was more than an hour before I recovered from the effects of this mishap, and I believe that that was the starting point of the trouble that has made my life so frequently miserable since. At all events a few days later I had my first attack of asthma. Following this the attacks became more and more frequent, sometimes continuing for a week or more at a time. When these attacks came on I dare not lie down, and many a long, cold night I have passed at an open window gasping for breath. I was treated by two of the best doctors in the country, but derived no benefit. Then I began trying the remedies advertised as a cure for this trouble, but with no better results. I was continually growing worse and life was becoming a burden. About a year ago my wife was using Dr. Williams' Pink Pills, and was deriving so much benefit from them that one day she said to me, 'Why don't you try these pills, they might do you good, and they certainly can't do you harm?' To please my wife I began taking the pills, but only occasionally at first, but inside of a few weeks I felt that I was improving in many ways. Then I began to use the pills in earnest, and soon found that breathing was becoming easier, the spasms came less frequently, and I could go about out of doors without danger of bringing the trouble on us was formerly the case. I took twelve boxes of Dr. Williams' Pink Pills in all, and after the improvement began every box added to it until all signs of the trouble had disappeared, and I have not since had any recurrence of it. Dr. Williams' Pink Pills have saved me from a life of misery, and I am glad to make this public acknowledgment."

The above strong evidence proves that Dr. Williams' Pink Pills are not an ordinary medicine and that they cure when other medicines fail. Every pill makes new, rich, red blood, and thus enables the system to resist the invasions of disease and works a cure. Only the genuine pills can do this, however, and the purchaser should see that the full name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around every box. Sold by all medicine dealers or sent post paid at 50 cents a box or six boxes for \$2.50, by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

EAT WHAT YOU LIKE—Give the digestive organs some work to do. These functions need exercise as much as any part of the human anatomy, but if they're delicate, give them the aid that Dr. Von Stan's Pineapple Tablets afford and you can eat anything that's wholesome and palatable—60 in a box, 35 cents. Sold by Jackson & Co. and Hall & Co.—S.

# Good Figure, Rosy Complexion

ARE COVETED BY ALL SENSIBLE WOMEN, FOR HEALTH AND BEAUTY USE

**Ferrozone.**

If you are thin, run down, have blue, transparent skin, you need Ferrozone. When the nerves are weak and the tears-ready to flow, it is a sure sign you need it badly. Nothing on earth makes blood so vitalizing, nothing puts on flesh, makes hard muscle, and renovates weakened systems like Ferrozone.

Why not restore your beauty and keep back signs of old age? It is easily done with Ferrozone. Suffer no more from nervousness and weakness; use Ferrozone instead. Let Ferrozone help you to get more out of life. It is an easy and quick road to health, a splendid remedy for all womanly disorders.

Mrs. E. C. Rayeroff, of Sunnyside, says: "I owe a great deal to Ferrozone which improved my health very much. Before using Ferrozone I was weak and listless and had no color in my cheeks. After taking a few boxes I felt better, and by continuing Ferrozone I gained eight pounds in weight. My complexion is clear and my appetite good. I can recommend Ferrozone very highly. It is a splendid tonic."

Don't fail to test Ferrozone, which druggists sell the world over. Price 50c per box, or six boxes for \$2.50. By mail from The Ferrozone Company, Kingston, Ont. Get a supply of Ferrozone to-day—it assures health.

# GAINED WEIGHT AND STRENGTH

Winnipeg Man's Experience With Dadd's Dyspepsia Tablets—They Digest the Food, and the Different Parts of the Body. Get the Nourishment They Require.

Mr. H. Bailey, of 256 Patrick street, Winnipeg, Man., has been using Dadd's Dyspepsia Tablets, and his experience should be of interest and benefit to all those suffering from stomach troubles.

"I speak with pleasure I speak of the great benefit I have received from the use of Dadd's Dyspepsia Tablets. I have been taking them for the last few months, during which time I have gained in weight eight pounds.

"Before I began to use Dadd's Dyspepsia Tablets no matter what I ate I never seemed to gain much strength or put on much flesh. But with using the Tablets I think my food was properly digested and gave me flesh and strength."

Mr. Bailey figured the matter out exactly right. If the food is not properly digested the different parts of the body do not get the nourishment they require. They become starved and weak. Dadd's Dyspepsia Tablets digest the food and make the body strong and hearty.

PERSONAL

C. H. Dickie, of Duncan, is in the city. He is highly gratified with the conditions at the Richard III. mine, Mount Sicker, B.C. which he and others at Duncan are interested. They are now drifting on the 400-foot level. Should their expectations be realized the management will have a magnificent body of ore for stopping purposes. When the body is encountered on this level they will have forty feet of ore above them.

Ralph Smith, M. P., of Nanaimo, has been in the city for two days. He was here on business as one of the trustees of the B. C. Permanent Loan and Investment Company. Mr. Smith will leave to-day for his home.

Miss Maudie Underhill, the popular elocutionist, goes to Vancouver next week to give a recital. This will be Miss Underhill's third recital in Vancouver, where she is a favorite entertainer.

D. McPherson, of Dunedin, New Zealand, and Geo. McAuliffe, of Stratford, Pa., are paying the city a business visit. They are making their headquarters at the Vernon.

William K. Leighton, an insurance and financial agent of Nanaimo, arrived in the city by yesterday's train and is a guest at the New England.

J. D. McNeven, M. P., will be in Vancouver on Monday evening and will address a gathering in the interests of Capt. J. Duff Stuart.

Geo. E. Ellis, of Winnipeg; Fred. Alexander, of Seattle; and C. D. Rand, of Vancouver, are in the city. They are at the Driland.

Premier McBride crossed over to Vancouver last evening in order to take a part in the political campaign.

Ed. Thomas, advance agent for Herman's gathering, is in the city, and is among the guests at the Driland hotel.

Henry Croft and Captain Chaplin returned yesterday after a business trip to Cariboo.

Father—in choosing a wife, one should never judge by appearances. Son—That's right. Often the prettiest girls have the least money!

Concord Grapes, SATURDAY ONLY 40c PER BASKET MOWAT & WALLACE,

THE LEADING GROCERS.

was the only person available and would have to act.

TWO MATCHES.

There are two matches being played this afternoon. At Beacon Hill a league game is taking place between the Garrison and Y. M. C. A. eleven. A friendly game is being contested at the Canton grounds, Esquimalt, by the Victoria and H. M. S. Flora teams.

THE FIRST BABY.

What joy there is in the home when the first baby comes, and yet to the young and inexperienced mother who has to care for it there is no other period of her life so trying. In the little ill that are certain to come the inexperienced mother scarcely knows what to do. To the young mother-to all mothers-Baby's Own Tablets are a real blessing.

BASKETBALL.

Next Friday an exhibition match will be played between two ladies' teams-the Victorias and Capitols. The game will take place in the Y. M. C. A. annex hall, Pandora street, at 7 o'clock. The contest will be thrown up the ball at the referee's whistle.

ANNUAL MEETING.

The annual meeting of the provincial league will be held to-night for the purpose of receiving delegates and discussing a schedule of games. N. G. Saunders is in the chair as Vancouver's representative at this meeting.

HUGGY FOOTBALL.

Last night about 65 Vancouver players were present from the Victoria, Esquimalt, and Nanaimo teams. The game was played at the Victoria grounds, commencing at 8 o'clock, this afternoon, and the two latter teams were defeated by the Victoria Central and Victoria High schools at 4 o'clock and 3 o'clock respectively. This afternoon a similar game will be played between Victoria and the United Service. The game commenced at 3 o'clock. Alexis Martin is acting as referee.

THE KENNEL.

YANCOUBER'S SPRING SHOW. The special business before Thursday night's meeting of the Vancouver Kennel Club was to arrange the spring circuit of dog shows. It was decided to hold the Vancouver show at the Victoria grounds, commencing at 2 o'clock, this afternoon, and the two latter teams were defeated by the Victoria Central and Victoria High schools at 4 o'clock and 3 o'clock respectively. This afternoon a similar game will be played between Victoria and the United Service. The game commenced at 3 o'clock. Alexis Martin is acting as referee.

ASSOCIATION FOOTBALL.

THE INTERMEDIATE CUP. To the Sporting Editor-I was somewhat surprised at the tone of your issue of the 11th inst. in your article on the Intermediate Association Football League. It is true that the trophy played for by the intermediate is a challenge cup and that Victoria West has held it for two years, but the league has not officially requested that we hand over the trophy. The Victoria West football club is quite willing to do so at any time, if it is in order.

A MEMBER V. W. A. A.

In this communication the Victoria West club acknowledges that the trophy is a challenge cup and that Victoria West has held it for two years. When the cup was put up for competition it was upon condition that it was to be held by the club before receiving the property of any association. In 1902 Victoria West won the trophy, and it passed into the possession of that club. The rules of the association had been carried out the cup would have been placed in the hands of the executive at the expiration of a year's time. It is not necessary that the trophy should be 'officially requested' to hand over the cup. Victoria West violated the rules of the Association League in having kept a cup won only for one year, for two seasons, and, further, in not having placed the trophy in the hands of the executive this season immediately upon learning there was to be an intermediate league contest. As for W. A. Leimer having been selected to act as referee, the latter gentleman states he was in no way responsible for this. When the secretary of the association, Sergt. Wood, approached him in this regard, he protested, but was told he

Cook's Cotton Root Compound.

Ladies' Favorite. Is the only safe, reliable, and effective regulator on which woman can depend. In the hour and half time of need it prepares in two degrees of strength. No. 1 and No. 2. No. 1 - For ordinary cases is by far the best dollar medicine known. No. 2 - For special cases 10 degrees stronger - three dollars per box. Ladies - ask your druggist for Cook's Cotton Root Compound. Take one or two pills, mixtures and lotions are dangerous. No. 1 and No. 2 are sold and recommended by all druggists in the Dominion of Canada. Mailed to any address on receipt of price and four-cent postage stamps. The Cook Company, Windsor, Ont. No. 1 and 2 are sold in all Victoria drug stores.

VANCOUVER NOTES.

The Chinamen captured in the recent gambling raid were each fined \$20 and costs in the police court on Thursday. Colonel Dudley's faithful domestic, who innocently wandered into the gambling joint in search of a man, was allowed out on suspended sentence, with a warning not to go into such places.

W. T. Dalton, the architect, has gone to Revelstoke in connection with the new building of the Imperial Bank. The contractor is making good progress, the roof having just been placed on. The building is a two-story one, and will cost about \$20,000.

The death occurred on Thursday morning at his residence on Westminster avenue, of James Ravey. The deceased, who was 61 years of age, was an old-timer, and came here about the time of the fire. He was a native of England, but had resided in Toronto for some years before coming West. He leaves two sons, one of whom is now in Dawson, and a daughter to mourn his loss.

A report on the Hospital Saturday effort of the Ladies' Auxiliary of Vancouver General Hospital was presented at a meeting on Thursday. The general collections amounted to \$602.00; drill hall entertainment, \$200; additional donations, \$27.10-\$1,119.70. Several further donations are expected.

While responding to a call on Friday the Nurse Dame hospital ambulance struck and knocked down Major Porteous on one of the streets of Montreal. The ambulance stopped, picked up its victim and removed him to the hospital, where he died an hour later. Major Porteous was one of the oldest employees of the customs house, and was for 33 years an officer of the Prince of Wales's Rifles.

A PLEASANT DUTY.-When I know anything worthy of recommendation, I consider it my duty to tell it, says Rev. Jas. Murdoch, of Hamburg, Pa. 'Dr. Agnew's Catarrhal Powder has cured me of Catarrh of five years' standing. It is certainly magical in its effect. The first application benefited me in five minutes. 50 cts.' Sold by Jackson & Co. and Hall & Co.

FOR HAWAII, SAMOA, NEW ZEALAND AND AUSTRALIA. S.S. SONOMA, for Auckland and Sydney, 2 p. m., Thursday, Nov. 19. S.S. MARIPOSA, for Tahiti, Dec. 1, 11 a. m. S.S. ALAMEDA, sails for Honolulu, Saturday, November 28, 11 a. m. J. D. SPRECKLES & BROS. CO., Agents, San Francisco. R. P. RITHEE & CO., LTD., Victoria.

TO THE EDITOR.-A few words with you and your people on international matters which have recently attracted attention on both sides of the line and I am done sharply of Yankee practice, your editorials, too, of recent date prompt a few words on the other side of the question.

What is commerce of the present day, what law, international or otherwise, have we that lays down any line of conduct? What, in short, prevents full exploitation of an industrial system subscribed to by all nations in the competitive struggle? Do, or be did, and do it best, is the watchword and keynote of success. With full knowledge of the rules and an even better knowledge of the correct form, John Bull is a competent competitor.

Let us take local matters, something nearer home and more to the point. Here you have an undeveloped province, rich in raw materials, many of which we do not possess. What have we done to develop confidence in development by local means? Where are your capitalists of industry, your home-made manufacturers, in the city and whole cry, 'foreign capital'.

When we enter (not by joint high commission) and practically have no influence, and we ask for more to make up good weight, who is to blame? It is Helms and others come here with little more than the price of a champagne supper and have close upon ten million dollars' worth of your valuable resources thrust upon them as a momentary investment. From the crown for twenty years, until they attain a tenfold value, who is to blame? This is but one instance of a 'rich country, a good people, but, oh how sadly deficient. Rub it into the statesmen of Great Britain and the detestable Yankee, but don't say a word about the fellow who claims a monopoly of wisdom and criticism.

After all, what is a few feet of boundary line-one way or the other, when the boundary gate is left open and national resources made international property? Little wonder that your province is overburdened with debt, and heavy direct taxation on legitimate industry and energy the only means of paying the piper. Where were the left of the seal and fishing industry in the past, and where will they be in the future in such transactions when we ask for all that's left? What do you mean, 'nationally left' out of this fertile province? Who owns your gold and silver mines, lead and copper propositions, coal and oil fields, pulp, timber and agricultural lands, water powers, iron and fluxing materials, etc., etc.? What taxation do we pay on these vast holdings? Whose fault, gentlemen? Whose wisdom and statesmanship, not the fellow in Great Britain this time. He simply defined a boundary, you see. He inside the border. We are here, one year, however. There are two good things left, and if wanted cheaply you would, I know, give them to us, but we don't want to be too broken and so we will ask the price of the seal and fishing industry at the best-bid-auction, and by raising bids on the resources you have already given us we will have the price. No need, gentlemen, of annexation. You have annexed yourselves. So good-bye. -SAM.

MELBIDE'S GRATITUDE.

To the Editor.-The appointment of Mr. W. H. Cochrane to the police magistracy of Grand Forks has called forth righteous indignation from many honest citizens, while Liberals regard it as a reward for partisanship during the recent election in this riding. Mr. Cochrane, until three months ago, resided at Phoenix. His coming here so recently and taking the magistrical plum from the side of other Conservative lawyers who had so long and so loyally stood by their party is not very acceptable to them. One of these gentlemen, Mr. Fred. Elliott, one of the best men in the province, has written me that he was promised the position, and that assurance from Mr. Melbide he cancelled arrangements which he had made to take up a practice elsewhere. No wonder that Mr. Elliott heard of Mr. Cochrane's appointment that he pulled up stakes and left the province, but not before he had given his friends to understand that Melbide was all that was to be condemned. Now the question so much asked here is why did the government select a newcomer for the office? It cannot be denied that some at least of the old hands were not only eligible for the position, but were clearly entitled to have one of their number appointed. Mr. Cochrane's services to the party is of the negative kind, so far as can be seen. There were the circumstances of the appointment will not, it is believed, outlive the Melbide government. There is nothing to recommend, but much to condemn, the manner.

INQUIRER. Grand Forks, 10th Nov., 1903.

"I'M STRONG ONCE MORE"

Dr. McLaughlin's Electric Belt, With Its Free Electric Suspensory for Weak Men, Has Restored His Lost Strength.

MR. F. B. MOFFET of Palmerston, Ont., used one of my Belts. Read what he says:

One year ago I purchased one of your best Belts, and have never regretted it. For over five years I have suffered with rheumatism. When I wrote to you I had very little faith of ever getting cured. I had just worn the belt two weeks when I got relief, and thank you for the complete cure it has given me. I can highly recommend your Belt, also your system of doing business. I got my money's worth.

The above is only a sample of thousands of letters that I have on file in my office. Many of them had given up hope of ever getting cured until they came upon Dr. McLaughlin's Electric Belt. Now they are full of life, overflowing with joyous spirits, and "care to the winds." Pains are gone, weakness is gone and full vigor is in every action.

My success is not limited to any particular trouble. Any organ of the body, any part that lacks the necessary vitality to perform its natural function, can be restored by my method. It gives strength, it makes the blood rich and red and warm, it vitalizes the nerves, it puts life and vim into the brain and muscles.

Every man and woman who comes into my office gets a practical illustration of my method of cure and goes away convinced that the claims I have made for it are true. After seeing original letters from the cured (letters which I am permitted to exhibit), their doubts are expelled, and they know that my Electric Belt makes strong men out of weak men, gives buoyancy and vim to the brain and muscles.

Any creditor unable to attend meeting should send proxy. JOSEPH PIERSON, J. P., 38 Douglas Street.

We Paid \$100,000

For Ligozone—Yet We Give You a 50c. Bottle Free.

This company, after testing Ligozone for two years in the most difficult germ diseases, paid \$100,000 for the American rights. That is by far the highest price ever paid for similar rights on any scientific discovery. We publish this fact to show you the value of Ligozone. The most worthless product may have great claims made about it; but men don't pay a price like that save for a discovery of remarkable worth to humanity.

Kills Inside Germs. Ligozone alone kills germs in the body without killing the tissues, too. It is so certain that we publish on every bottle an offer of \$1.00 for a disease germ that it cannot kill. Ligozone destroys at once, and forever the cause of any germ disease.

Liquid Oxygen. Ligozone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Paul, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple

form into the blood that no germ could live in any membrane or tissue. Ligozone does that. Oxygen is Nature's greatest tonic—the very source of vitality. Its effects are exhilarating—purifying, vitalizing. Nothing else in the world is so good for you. But germs are vegetative, and they cannot exist on the very life of an animal—is deadly to vegetable matter.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

My disease is: I have never tried Ligozone or Powley's Liquid Oxygen, but if you will supply me a 50c. bottle free I will take it.

CUT OUT THIS COUPON For this offer may not appear again. Fill out the blank and mail it to The Liquid Oxygen Co., 221-223 Kinzie St., Chicago.

My disease is: I have never tried Ligozone or Powley's Liquid Oxygen, but if you will supply me a 50c. bottle free I will take it.

Ligozone—our trademark name—now appears on every bottle of genuine liquid oxygen.

My disease is: I have never tried Ligozone or Powley's Liquid Oxygen, but if you will supply me a 50c. bottle free I will take it.

Conner. Sabbath school and Bible class at 2.30. Seventh League and prayer meeting on Wednesday and Thursday evenings respectively. Strangers always welcome.

TEACHERS' INSTITUTE. An Interesting Meeting Was Held Yesterday—Programme of Business. The Victoria Teachers' Institute meeting yesterday passed off successfully with about 50 teachers present, including a number from the rural districts. The interest was strong throughout. The principal business was the receipt of the report of a committee appointed at the last meeting to consider the formation of a Vancouver Island Teachers' Institute. Miss Cameron presented the report of the committee as follows: "Your committee recommends that this Institute send out to all Vancouver Island teachers a notice to the effect that a caucus of Vancouver Island teachers will be held during one of the sessions of the B. C. Provincial Institute, next August, for the purpose of discussing the advisability of either forming an Island union, or of effecting a coalition between Island and Lower Mainland teachers. The Education Department assures us that the department would offer no opposition to such a caucus of Vancouver Island teachers."

Mr. Gillis, in moving the adoption of the report, pointed out a few of the benefits to be derived from a united coast institute. He was heartily in favor of the resolution. Mr. Paul suggested that the Vancouver teachers also be invited to convene at that time. Messrs. A. B. MacNeill, J. M. Campbell, L. Tait and J. A. Cotes spoke briefly in favor of the union with the Lower Mainland Institute. The report was adopted unanimously.

Miss C. Anderson read an excellent paper on junior arithmetic, which was highly commended by all. Its suggestions were numerous, practical and full of interest to teachers. Senior grade arithmetic was dealt with by Mr. Tait in his usual practical and lucid style. Factors, multiples, fractions and decimals came under consideration. The interest in this paper was evinced by the lively discussion which followed, participated in by Mr. Paul, M. A., A. R. McNeill and a number of others.

In washing woodens and flannels, Lever's Dry Soap (a powder) will be found very satisfactory.

Wethey's Mince Meat. You know what a difference there is in apples. Some have such a rich, pleasant flavor, others have little or no taste to them. Apples are an important item in the making of mince meat. That is why we are so particular about the apples that go into Wethey's Mince Meat. They are sound apples, full of flavor, carefully peeled and cored. To this apple goodness is added the richness of the clean delicious raisins of Valencia. The best the world produces is none too good for Wethey's Mince Meat.

Plumbing and Sewer Connections. Sanitary Plumbing and Sewerage. Which will do credit to your homes, call on the undersigned for a tender. A. SHERET, 102 FORT ST. TEL. 629.

Windsor Grocery Company GOVERNMENT ST. OPPOSITE POST OFFICE.

LOW RATES AFFECT WORK ON VESSELS

POSITION OF COLUMBIA AND ABBY PALMER

Aorangi Got Away for Southern Pacific - Nelson Picked Up But Lost in Storm.

Just how fast the big tramp steamer is superseding the sailing ship in the commerce of the world is a matter which might call for a great many statistics to prove, but there is no doubting the fact that the evolution is taking place. A fertile commentary on the subject is to be found in a couple of sailing vessels now lying in Esquimalt harbor. The Abby Palmer, it is true, has not long been in port, but there is a possibility that she may be here for a considerable time. The other vessel referred to is the Columbia. The circumstances surrounding the unfortunate incident are familiar to the general reading public. They were both damaged on the coast, and came here for repairs. The Columbia has been in port well nigh a year, and yet not a stroke of work has been done aboard, although she is considered a fine able ship, capable of carrying one of the largest cargoes ever handled by a sailing vessel entering this port. But the difficulty with her, apart from the settlement of the claims for salvage which have long since been arranged, and the question which now confronts the owners of the Abby Palmer is this: Rates on freight have dropped to such an unprecedented extent, with no apparent prospect of an advance, that owners have to seriously consider the expenses involved in rebuilding a vessel for service. This has been a stumbling block to the owners of the Columbia, and is now under advisement in the case of the owners of the other craft. Steamers are in a great measure held responsible for the depreciation in rates. They have been handling a great deal of the British Columbia trade, which was formerly controlled by sailing ships, and they are prepared to carry such large quantities of cargo and at such low figures that a sailing vessel has little show for competition.

A survey was held on the Abby Palmer a day or so ago, and she was found to have been badly damaged. The fore and main masts are gone, together with the rigging that was attached, and in addition to the damages to the upper works considerable injury was sustained by the hull. Tenders for her repairs will probably be invited at all the principal points on the coast, although this course has not yet been definitely decided on. The more serious of estimates for the work required, however, does not necessarily mean that the contract must at once be undertaken, for in the case of the Columbia tenders were called for a couple of times.

The Vancouver Province says: "Application was made before the Hon. Mr. Justice Martin, sitting as local judge in admiralty, on behalf of the British steamship Vermont, for the examination of her captain and officers de bene esse, in the admiralty action Vermont vs. Abby Palmer."

OUTGOING PASSENGERS. Passengers leaving on-bound for Nanaimo, Suva, Brisbane and Sydney on R. M. S. Aorangi last evening, were: Miss Neistenstein, Capt. F. Neistenstein and wife, Miss Hay, T. H. Hay, E. B. Birch, W. M. Astley, R. Clough, W. R. Mitchell, J. M. Small, Dr. Melkiojaho, A. McPherson, W. A. Simmonds and wife, D. McPherson, A. Funderlick, A. J. Paul and wife, Miss Donker, Mrs. Walton and child, J. Lamsager, Mr. Alley, Mr. Kingsborough, Mr. Conner, Miss Patterson, Miss T. T. Tall, Mrs. Weisger, Mr. Consell, Mrs. Consell, Mr. Townsend, P. Barber, Dr. Hyatt and wife.

NELSON IN TOW. "After having the waterlogged steamer Charles Nelson, No. 24, hours, Captain Peterson, of the steamer Aurelia, was compelled to abandon his tow in order to save his own vessel from destruction," says the San Francisco Examiner. "The Aurelia took the Charles Nelson in tow on last Saturday morning, and though the sea was running high and his heavily laden vessel was driving into the teeth of the gale, Captain Peterson hung to the Charles Nelson in the hope of landing the rich prize safely in the harbor. All of Saturday night the staunch little steamer lugged into the sea and crawled down the coast. On Sunday morning the wind and sea increased in violence, and the Aurelia completely buried herself in the pounding waves. At noon on Sunday the wind was coming from the south with hurricane force, and in order to save his vessel from sharing the

W. A. SMITH. -So enthusiastic has been the reception accorded the Times colored comic supplement by the children, that the edition has had to be increased by three copies this week. One gentleman purchases half-a-dozen copies every Saturday evening and mails them to young friends of his on the Mainland, while others have subscribed for the Times in order that their juvenile friends may have the supplement on Saturday, together with Canadian historical puzzles. By means of these two both entertainment and instruction are provided.

Don't Become An Object OF AVERSION AND PITY. CURE YOUR COLD AND CATARRH, PURIFY YOUR BREATH AND STOP THE OFFENSIVE DISCHARGE. Rev. Dr. Boehrer, of Buffalo, says: "My wife and I were both troubled with distressing Catarrh, but we have enjoyed freedom from this aggravating malady since the day we first used Dr. Agnew's Catarrhal Powder. Its action was instantaneous, giving the most grateful relief within ten minutes after first application. Use Dr. Agnew's Liver Pills. 40 Doses 10 Cents."

MAIL CONTRACT. A Wellington, New Zealand, dispatch says: "The House of Representatives has adopted resolutions, renewing for three years the mail service with San Francisco, and also authorizing the government to subsidize a fortnightly and tri-weekly service between Vancouver and New Zealand. The subsidy will be \$100,000 a year, provided the trip from Vancouver is made in eighteen days."

MARINE NOTES. The new steamer Princess Beatrice went out again yesterday afternoon for another trial run when her machinery was further tested. Against wind and tide she ran at the rate of 12.3 knots an hour, and with the wind and tide she made 13.5 knots—a mean speed of 12.9 knots an hour.

H. M. S. Amphion, which left Esquimalt en route home from the Pacific some time ago, is doing good service at the isthmus just now. She is at Panama, but will leave for Buenaventura on Tuesday.

D. G. S. Quenda arrived to-day at noon from a trip to Cape Beale, made for the purpose of investigating the feasibility of placing a fog alarm at that station.

Steamer Queen is due from San Francisco this evening. The Uniflight will leave for the Golden Gate to-morrow evening.

H. M. S. Grafton only returned as far as the Horns last evening, returning to sea again this morning.

Steamer City of Seattle will call here to-morrow on her way to Alaska.

MRS. J. Valliant Had Nervous Prostration and Neuralgia of the Heart Mrs. J. Valliant, Cache Bay, Ont., tells of her wonderful cure as follows: "For a great length of time I suffered very much from nervous prostration and neuralgia of the heart, and was unable to get regular sleep and rest. I used your great medicine Paine's Celery Compound with most wonderful results. I am happy to say that my condition of health is now good, my sleep is sweet and natural, and the pains and nervous fears that troubled me are banished."

PAIN'S Celery Compound Cured Her.
