HINDENBURG TELLS GERMANS TO BE HARD. MAN WAS KILLED BY GAS IN TORONTO. Amsterdam, Sept. 22.—Field-Marshal von Hindenburg, replying to greetings sent to him from a patriotic meeting in Juteborg, said: "The first replies from the enemy camp to the Austrian peace note revealed our enemies' state of mind. In the face of this there can be only one watchword: 'German people be hard.'" Toronto, Sept. 22.—One man is dead and another is in a hospital in a dangerous condition as the result of gas poisoning in a rooming house here yesterday. William R. Gillespie, aged sixty, was found dead, and James Hoskin is still unconscious at the hospital. The police said the gas came from a defective gas heater in Hoskin's room.

BRITISH UNIT IS PRAISED BY CURRIE. Fourth Division Played Splendid Part in Qdeant-Dro-court Battle. British Army Headquarters in France, Sept. 22.—Via London, Sept. 22.—(Canadian Press Dispatch from Reuters).—Lieut.-Gen. Sir Arthur Currie, in a letter to the British Fourth Division, expresses the high admiration of the Canadian Corps for the splendid part played by the Fourth Division during the recent operation. He says: "Your task from the beginning was an exceedingly difficult one. You took over in the middle of the battle and advanced steadily each day over very bad ground against most serious obstacles, finishing up with what must be to you one of the most satisfactory engagements in which you ever have participated. Your success on Monday last was in keeping with the best traditions of the Fourth Division, testified in the most forcible manner to the fine fighting qualities of the troops comprising it. To me it was a special satisfaction to have the Fourth Division associated with an operation in which it that the Canadian First Division received its first instruction in the art of war. Monday's battle was not merely a success; it was a glorious victory." The battle referred to was the attack that succeeded in breaking through the Qdeant-Dro-court switch line.

SIXTY-FOUR SAILORS ARE MISSING SINCE AMERICAN SHIP SUNK. Coruna, Sept. 22.—Three officers and twenty-seven of the crew of the American steamship Buena Ventura have arrived here. The vessel was torpedoed last Monday. Three boats with sixty-four of the crew are missing. The Buena Ventura was proceeding from Buenos Aires, where she had unloaded a cargo of petroleum from Philadelphia. The vessel was of 4,881 gross tons, and belonged to the United States Steel Products Company.

BOLSHEVIKI ATTACK ALLIED NATIONALS. Rioting in Vologda Province; Some Frenchmen and Americans Murdered. Amsterdam, Sept. 22.—The Russian People's Commissary at Vologda, according to the Petrograd correspondent of The Hamburg Nachrichten, has urged on the population of the entire Vologda province the most ruthless persecution of British subjects and French and American citizens. Rioting against Entente nationals has taken place at various places, the correspondent says, and some Frenchmen and Americans are being murdered. Peking, Sept. 22.—News has been received here that the German Kaiser on September 10 issued an order to all Austro-Hungarians and Germans in Russia saying it was their first duty to join the Russian Soviet troops and to oppose Japan and her allies, who threaten to restore the eastern front.

A RECORD VICTORY.

The capture of 25,000 Turks and 260 guns up to Sunday night by General Allenby's army in Palestine foreshadows the destruction of enemy forces in that region.

It will be impossible for Turkey to recover from this disaster before Allenby's victorious army has swept over the whole of Palestine.

A prominent Turkish authority in New York recently declared that the Ottoman army, which numbered 1,250,000 at the commencement of the war, had shrunk to a little more than 400,000.

With the loss of her Seventh and Eighth armies Turkey's problem now is much more serious than one of preserving northern Syria as Ottoman territory.

Allenby's army has gained the most decisive victory yet recorded in this war. Even Sudvor, the masterpiece of the old Serbian Field-Marshal Putnik, was not so complete.

Allenby's army has captured or destroyed practically two entire Turkish armies with all their guns, supplies and transport.

General Allenby's operations in Palestine from first to last have been a succession of strategical classics. His victory against the Beersheba-Gaza line set a standard which, although high in itself, has been improved upon time and again.

IN MACEDONIA ALSO.

While General Allenby's troops are mopping up the Turkish Seventh and Eighth armies in Palestine, the Allies' offensive in Macedonia continues to make such progress as to threaten Bulgaria, Germany's other unhappy Near Eastern ally, with similar disaster.

cation of the Bulgars north of Monastir, the short railway which ran from Pilep to the Vardar at Uskub. Thus, the Serbs and French now are astride the principal communications of the enemy's two wings on his Macedonia front, and a general retreat must follow from the north of Monastir on one side and from the Lake Doiran region on the other.

If the Serbs should reach Veles and Uskub, further up the Vardar, before the Bulgars north of Monastir can do so, they will be squarely between a considerable part of Ferdinand's forces and their home.

STEEL SHIPBUILDING.

The announcement that the Victoria Machinery Depot has been awarded the contracts for the construction of two steel ships of 8,100 tons, confirming a forecast made in The Times several weeks ago, heralds the opening of the steel shipbuilding industry in this city on a large scale.

It is impossible to overestimate the benefits which will accrue to Victoria as the result of this gratifying development. The establishment of the steel shipbuilding industry with its assurance of permanence will give a strong stimulus to the movement for the opening up of the iron resources of Vancouver Island.

"PULL" STILL AT WORK?

During the early stages of the war political prestige and pull interfered with Canada's military organization to a notorious extent. Politicians appointed officers, made promotions, designated military camps and supervised the purchase of supplies.

With this assurance and request in mind we were surprised to note among the list of officers chosen for British Columbia's unit in the expedition for Siberia the name of one who, although he had been in uniform since the commencement of the war, for some reason or other had not seen overseas service.

Commissions in the Siberia expeditionary force should be confined to officers who have seen service overseas and there are sufficient of these in British Columbia to fill the requirements of the British Columbia unit.

First Bethlehem, then Jerusalem, and now Nazareth. Verily, British soldiers are passing over sacred ground.

If Constantinople was about to point the finger of derision at Sofia over developments in Macedonia it has changed its mind since Saturday night. Bulgaria will have to go some to get rid of as many of her soldiers as prisoners as Turkey has managed to lose in Palestine.

General Allenby's operations in Palestine from first to last have been a succession of strategical classics. His victory against the Beersheba-Gaza line set a standard which, although high in itself, has been improved upon time and again.

General Allenby's communication reports the presence of British cavalry on the plains of Armageddon. This place, called Megiddo by the Turks, is a well-known ancient battleground in the valley overlooked by the range of which Mt. Carmel is the pinnacle.

ANGLO-FRENCH TROOPS PUSHING FORWARD TO ENCIRCLE ST. QUENTIN

(Continued from page 1.)

On the front between Arras and Lens there was a continuation of the advance movement in the region of Gavrelle. Southeast of that village English troops made progress on a front of three-quarters of a mile.

Gains at Several Points. The text of the statement follows: "Successful minor operations were carried out by our troops yesterday and during the night at several points. In the afternoon English troops captured a German strong point in the neighborhood of the Ronsoy-Bony Road, which had held out stubbornly all day, taking eighty prisoners."

Over 100 Captured. "During the night also over 100 prisoners were captured by us in a successful local attack south of Villers-Guislain."

Improved Positions. Field-Marshal Haig reported last night: "The hostile attack northwest of La Bassée reported to-day was not pressed. Our position there is unchanged."

Progress Made. A report from Field-Marshal Haig issued here yesterday afternoon said: "During the night our troops east of Epehy, between Cambrai and St. Quentin, renewed their attack and again made progress, capturing the Lilla farm and other organized points of retreat."

Enemy Repulsed. "Yesterday afternoon enemy troops again attacked at Moeuvres and were repulsed. There also saw troops have improved their positions and have taken a few prisoners."

German Statements. Berlin, Sept. 22.—Via London.—British forces east of Epehy, southwest of Cambrai, yesterday afternoon, fought in sections of the German trenches, says an official statement issued here to-day.

Army group of Crown Prince Rupprecht, West of Fesqueval and south of Havincourt English partial attacks were repulsed, as also were strong enemy thrusts north of the River Scarpe."

LETTERS ANOTHER NAME. To the Editor.—In reference to a proposition to change the name of this island given to it by George Vancouver, the famous navigator, who was born at Kings Lynn, Norfolk, England, I suggest Hathlingso, a romantic red Indian word meaning Bright Sunshine; or, failing that, Victoria Island, containing as it does, the capital city of this province. J. STEWART WEST.

THE BAD BOY NUISANCE. To the Editor.—The petty depredations of bad boys infesting James Bay, reported in your issue of Saturday, is only one of many similar annoyances. The public treat these petty offences much too lightly and the evil will increase unless summarily dealt with by merited punishment. A few good whippings administered at police headquarters would prove more efficient than any number of admonitions. Prosecution for trespass on enclosed property (occupied or vacant) for unlawful purposes is an offence that should be punished summarily and severely as a matter of public protection. SUFFERER. ENEMY ALIENS. To the Editor.—One of the incidents you have reported during the last week has been the formation in Victoria of an Anti-Hun League. From your report it is rather difficult to gather exactly what are the aims and objects of this association, beyond what the name implies—general aversion to the outlaws of humanity. Generalizations, however, do not get us anywhere, and it appears to me that the new organization must, to do any good, develop a definite policy to which its members should stand pledged. As far as one can gather from the press, no developments of such a nature occurred at the meeting in question. The only business seemed to be the adoption of a resolution to prohibit the entry of enemy subjects into Canada for five years after the war. That is all right as far as it goes, but may I suggest that it would be wiser to turn our attention first to the enemy within our gates. Canada has a considerable Hun population already, and, personally, I fail to see that they are entitled to the great consideration which they are being given, when our own people in Germany are getting such savage treatment. May I suggest for the consideration of the new organization which I for one will be proud to join, as soon as I am convinced it means business, the following policy: (a) The pledging of all members of the organization to have no dealings with enemy aliens or purchase enemy goods for at least ten years after the war. (b) The internment of all enemy aliens and their utilization in industries of national importance, at the same wage paid British prisoners of war in Germany. Employers to pay full union wages, balance to be turned over to a fund for the widows and orphans of our soldiers who have fallen. (c) By means of demonstrations, etc., to secure a tax of at least ten per cent. on all enemy property in Canada. (d) Prohibition of land purchase or mineral or timber rights by persons of enemy nationality. PATRIOT.

TWENTY-FIVE YEARS AGO TO-DAY Victoria Times, September 23, 1893. J. McEvoy, of the Dominion Geological Survey, returned from the North this morning on the steamer Danube, and is a guest at the Briard Hotel. The report was current to-day that the E. & N. Railway, in the event of the Albern gold district turning out a second Cariboo, would extend their line from Nanaimo to Comox, and thence across the country to Albern. Architect F. M. Our Special Man-Tailored Suits Are Selling Well

The Demand Increases Daily

NAVY BLUE THE POPULAR SHADE

It's the quality of the Serge that women who know what materials are are so pleased with. They tell us that there is nothing to equal them for quality and value in the city—and they know, too, for some of them have carefully compared the values. Gone the rounds, you know, on purpose to compare and thus make sure of getting the best value to be had. And a wise policy, too, in these days when economy is the watchword.

Not only is the quality of the Serges so good—equal to those sold for several seasons past, but each garment is strictly man-tailored in a specially selected design, appropriate for more than one season's wear. Thus it is true economy to invest in a Suit of this description.

You are invited to come in and inspect them. Our saleswomen will be pleased to show them to you and will also help you in a suitable choice if you so desire.

The lines we strongly recommend are priced at **\$40.00** and **\$48.50**.

We have an exceptional offering at **\$35.00**.

\$1.50 House Dresses Will Soon Be a Thing of the Past

We Have 50 Models for Sale at This Price To-morrow

Manufacturers say it is impossible to produce Cotton House Dresses to sell at \$1.50. With the high cost of cotton fabrics and the higher percentage of wages being paid it is an impossibility to make them up for this low figure. Hence we must be prepared to pay higher prices with all future deliveries.

We have a rack containing some 50 models in sizes 34 to 40, which we are going to clear to-morrow at **\$1.50** each. In the light of the above facts you will prove it worth while buying in a few to last you for the next season.

Why Do You Continue to Suffer from Catarrhal Colds

Just Breathe "Catarrhoxone"—It is Sure Protection Against Coughs, Bronchitis, Catarrh and Throat Troubles.

No Drugs to Take—Just Breathe the Soothing Healing Vapor of "Catarrhoxone."

There are, to-day but few parts of the world into which Catarrhoxone has not penetrated. From far away Jamaica comes the following letter from Mr. C. S. Burke, of 24 Robert Street, Alton Town:

"I am elated over the results of 'Catarrhoxone.' To be brief will say the treatment has cured me; it has done all that heart could wish. I was never better pleased with anything than with Catarrhoxone; it did its work well. I am satisfied, and will never forget this wonderful remedy. I am grateful for what it has done for me, and with greatest gratitude, remain, etc. (S. C. Burke)."

From Seconde, Gold Coast, West Africa, Mrs. Alvin Roberts writes: "I received a sample of Catarrhoxone through a local merchant that deals in the preparation, and found it has a marvelous effect on nasal Catarrh. I at once bought a dollar outfit and now have pleasure in saying that for the first time in many years I am able to breathe freely through my nose. Had I breathe disappeared, headache over the eyes went away, throat irritation has entirely ceased. Catarrhoxone cured me."

"You can readily cure bad taste in the mouth in the morning, quickly relieve clogged up nostrils, ease an irritated throat, stop a cough, cure sniffles and running eyes—all this is accomplished by breathing the soothing, healing vapor of Catarrhoxone. The dollar outfit contains in addition to two months' medication, an indestructible hard rubber inhaler. Smaller sizes with glass inhalers, 25c, 50c, all druggists and storekeepers or postpaid from The Catarrhoxone Co., Kingston, Ont."

PROGRAMME ARRANGED FOR HON. N. W. ROWELL

Minister Will Be Shown the Port of Victoria: Meeting This Morning

A programme designed to show the Federal Minister that Victoria is on the map as a shipbuilding centre and as an industrial point generally, and is also the possessor of several points of international interest, was drawn up at a meeting convened by the Board of Trade this morning at the Board rooms to discuss the visit to this city of N. W. Rowell, President of the Privy Council.

The chair at this morning's meeting was occupied by Alderman Sangster, and there were present Mayor Todd, representatives of the Canadian Club, the Rotary Club and other organizations.

The Federal Minister is due to arrive here on Friday morning, and it is understood that he will confer with members of the Provincial Cabinet in the morning.

At noon the Minister will attend the Canadian Club luncheon, and starting at half-past two, he will be taken about the city and shown the various points of interest, including the shipyards.

EXCHEQUER COURT SITS IN VICTORIA

OBITUARY RECORD

The death occurred yesterday of Gwendoline May Agnes Bartlett, aged twenty-six years, who was born in Surrey, England. She has been a resident of this city for the past five years, living at 116 Menzies Street.

The death occurred on Friday of Thomas Alfred Warfield Watkins, age thirty-six years, for the past fifteen years a resident of this city. He was born in London, England. The deceased who resided at 459 Connaught Street, leaves to mourn his loss one daughter and a father who lives here, as well as a sister in London, England.

The death occurred at the St. Joseph's Hospital on Saturday night of Foster Thorn, who was brought to this city from Scarf, where, in the employ of G. W. Milligan, he received an injury which necessitated the amputation of a leg. The operation was carried out in the afternoon, however the patient succumbed in the evening.

The case is continuing this afternoon. J. P. Walls and R. C. Lowe are appearing for Coleman and T. M. Miller for the Crown.

LIBRARY WILL SHOW FORMER GERMAN SHIP FLIES JAPANESE FLAG

Will Install Miniature of Fairmilar Local Institution Next Week

Production by the Victoria Public Library, though it takes a less spectacular form than that of the shipyards and the larger industrial plants, is of the highest importance to the community, for it consists in manufacturing the rarest of all products, good citizenship. With the idea of showing the work of the local institution in all lines of practical industry as well as in the realms of education and learning, a very elaborate exhibit will be held at the Home Products Fair, where a miniature of the library will be installed, and where books can be borrowed and papers read.

The primary purpose of the exhibit will be to show the citizens of Victoria that the library affords information on practical matters of all kinds, and to impress this idea in the books in the miniature library at the fair will be for the most part works upon the manufacture of products, examples of which can be seen in other parts of the exhibition. For instance, should anyone wish to learn how paint which is displayed at a stall in one part of the building is made, he will be able to repair to the book on the subject in the library exhibit, and there look through the works on paint. If anyone pines for the delicious butter he used to get in the country let him seek out the books on the various vegetable and fruit cultivators discouraged by the failure of his potato crop and saddened by the sight at the exhibition of his neighbor's enormous vegetable with fine, white, round tubers, the future in the horticultural treatise at the miniature library. And so, in every instance, the books will link up, as it were, with the products displayed in other parts of the fair.

FINLAND AND THE WORLD WAR

It is natural that the events which are happening in Finland should arouse feelings of sympathy and interest among the Finnish people in the minds of the Allies. Here, it is said, is a small nation which in its recent history has been the theatre of a struggle which has well-nigh proved to be a German triumph over its sovereign, and to throw its lot with the power which is trampling on the liberties of other small nationalities. What a monstrous situation!

Well, the first step towards attempting to understand a situation is to try to discover how it has arisen. Finland has never been a province of the Russian Empire. In Russia the Tsar ruled as an autocrat; in Finland he reigned as Grand Duke under a constitution. The existence of a territory subject to the Emperor-Grand Duke and energetically claiming rights denied to other Russian subjects had always been a matter of intense annoyance to the bureaucrats who were the real rulers of Russia; and some twenty years ago Nicholas II. began a systematic attempt to deprive the Finlanders of the constitutional guarantees which he had sworn on his accession to maintain inviolate.

Some 90 per cent. of the population of the Grand Duchy are of Finnish blood—the remaining 10 per cent. are of Swedish descent, but Swedes and Finns are not so different in their internal differences might be, were united in opposing the attack made by their powerful neighbor on their constitutional liberties.

As much of our past history it is necessary to recall in order to understand the attitude of the population of Finland when war broke out four years ago—it is also necessary to remember that as part of her policy of "pushing out" all Finnish national sentiment and depriving the Grand Duchy of any power of resistance, Russia had disbanded the Finnish regiments, deprived them of their arms and substituted for military service an annual payment from the Finnish exchequer. The Finlanders are not an easy people to coerce. They are stubborn to the point of obstinacy—tenacious of their rights, bitterly resentful of any attempt to take those rights from them. The whole population, with negligible exceptions, was anti-Russian. In one section anti-Russians developed into pro-Germans. A small number of young Finlanders, estimated at from fifteen hundred to two thousand—mostly students who had been educated in Germany—enlisted in the German army for service on the Eastern front. Others, like General Baron Mannerheim, fought in the Russian armies. On all questions but one Finland was a house divided against itself; there were pro-Allies and pro-Germans—there were no pro-Russians.

Then came the deposition of the Tsar and the subsequent establishment of the Bolshevik Government in Russia, with its cry of the self-determination of peoples. The Finlanders set up a Government, and claimed for the Bolsheviks recognition of their right to be their own masters in their own country. The right was conceded; Finland was declared a free and independent republic, and the de facto Government sought for recognition from the European Powers and from the Government of the United States. Germany and the Central Powers hastened to give the recognition demanded; the three Scandinavian states took no time in complying with the request. France cordially recognized the advent of Finland as a free and independent republic. In London the members of the mission were received with the utmost courtesy, but recognition was withheld. It is still withheld. Washington also has withheld recognition.

Meanwhile events in Finland were moving rapidly. The Bolshevik poison had spread; the Finnish "Reds" rose against the provisional government, and were joined by the Russian regiments stationed in Finland. Then began a reign of terror in which thousands of peaceful, law-abiding citizens lost their lives. Rifles, ammunition, guns were freely furnished by the Russian Bolsheviks to the anarchical population without arms or ammunition or the means of obtaining them, were at the mercy of the Reds.

The provisional Government escaped to Vasa and organized the White Guards, which General Baron Mannerheim assumed command. Germans Restore Order.—On the 6th of February the Finnish Government applied to Sweden for assistance. Afraid of being drawn into the European maelstrom the Swedish Government refused not only to give the assistance asked for, but even to allow the purchase of arms and ammunition in Sweden. On the 22nd of the same month, in its extremity, the Finnish Government invited the assistance of Germany to restore order.

Kiddie's Clothes How to Make Them Wear Longer There is stringent need of it, as every mother can testify, in these days of mounting prices. Well—did it ever occur to you that harsh, common soaps, and the ordinary rub and scrub of the wash board, break down more clothes than are ever actually worn out in use? Its so. We've studied the question. That's why Sunlight Soap purest and best of soaps, was first evolved, years ago—to wash clothes gently but thoroughly, without rubbing the special "Sunlight" way. Doubly—trebly useful—now, in war time, when the clothes must last longer. It's easy to do the washing yourself with Sunlight. LEYER BROTHERS LIMITED TORONTO

Semi-ready Tailored Clothes

We have anticipated the well-dressed man's idea of ideal fashion in these Semi-ready clothes.

Perfect tailoring and a discriminate taste in cloth selection—with every suit fitted to the try-on stage.

The price is as right as the style—but the appeal is to the man who wants day-to-day satisfaction in what he chooses after he has seen the style and the cloth.

That is the Semi-ready policy—the label in the pocket is based on cost of cloth.

"SCOTTY" IN FRANCE AND WILLARD AT HOME

U. S. A. Military Paper Draws
Picture of Two Fighting Men

New York, Sept. 21.—There will be no championship boxing matches while America is engaged in the task of whipping the Boche. This is not unless the principals should box for charity or else the enterprise be undertaken by some crack-brained promoter.

The ever-increasing spirit of resentment against the actions of such pugilists as Fred Fulton; his recent conqueror, Jack Dempsey, and the present holder of the world's heavyweight title, Jess Willard, already has spread among the soldiers fighting with the forces of civilization in France. The following article appears in *The Stars and Stripes*, the official newspaper of the American Expeditionary Forces, published in France:

"Here are two pictures of fighting men:

The first picture carries a group of three men—Jack Dempsey, aged twenty-three, standing over the prostrate form of Fred Fulton, aged twenty-eight, the conqueror looking on beyond the massive form of Jess Willard, aged thirty-three, sulking in his tent until a bigger purse is offered.

"They are all fighting men." At least that is the trademark they have proudly gripped.

The second picture has a lone country. It is a picture of Scotty, aged sixteen, lying dead across his beloved sho-sho, with a bullet through his brain and out beyond him, thirty German heads who had fallen before his fire.

"We read where there were thousands who acclaimed Dempsey's victory." There were no thousands to acclaim Scotty's fall, for his place was out in a French forest, where the thousands around him were too busy fighting themselves to speak through any voice save the rifles.

It is safe to say the same feeling obtains in this country. Followers of

VICTORIA NORTHWEST WORLD

THREE SOCCER GAMES PLAYED ON SATURDAY

PACE IS TOO HOT FOR VETERANS' PLAYERS

Fragments Win at James Is- land; Garrison and Yarrows Play Drawn Game

Four of the clubs engaged in the league competition played in friendly games on Saturday, the last Saturday friendly games before the opening of the league competition.

The Siberian force men training at the Willows also made their initial entry into the football world, but as the large number of men who will be training here before proceeding to the new theatre of war are not yet at the camp, they were unable to put much of an exhibition on the field.

Yarrows and Garrison clashed in a no scoring game on the Work Point field, and the shipyard men are showing the improvement that comes with practice. The combination of both teams was far better than shown in their previous fixtures, and they are now in fair shape for the league games.

Both elements have won a reputation for speedy work, and Dunn, Belt and Ord, defending the Yarrows' net spoiled many a pretty piece of work on the part of the Garrison before they could put the finishing touch to their efforts. Rose, in the centre forward position, was only supported by his line, and the men from the shipyards look like making a better bid for league honors than they did in their first game, although they created a favorable impression on that occasion. Although the game was fairly even, the home players did a little more attacking. The teams were as follows:

Yarrows—Dunn; Bell and Ord; Parker, Thackeray and O'Connell; Robinson, Fulton, Roe, Baker and McLroy.

Garrison—Jellman; Connors and Pigott; McKay, Bestard and Meeher; Gibson, Robbins, Lloyd, Jellman and Turner.

Referee—J. Willacy.

Fragments Win Easily.

James Island did not make a very good showing in the first of the season, when they entertained and went under to the Fragments by five goals to nothing, although the big score against them is not a criticism of the city, few they made a good showing against the soldiers who have been practicing hard this season. Some clever individual play was shown by the island men, and they made many onslaughts on the visitors' goal, but for especially clever work by Bruce, would have put a different aspect on the game. Both sides worked hard throughout the game, and the narrow field was a big factor in the game's fate. Both Bruce, between the sticks for the Fragments, and Bond in the same position for the island men, showed up well, although the visitors found the net five times, one of which, however, was from a penalty. After the first fifteen minutes of play and Townsend opened the scoring with a penalty goal, given for hands, the home players proceeded to pile goals against the soldiers who have been practicing hard this season. Some clever individual play was shown by the island men, and they made many onslaughts on the visitors' goal, but for especially clever work by Bruce, would have put a different aspect on the game.

Coughlans Beat Victoria La- crosse Team by Score of Ten to Two

"All the Veterans' aspirations to world's championship honors were smashed on Saturday when they met Coughlans, the holders of the title, before a large crowd at Royal Athletic Park, and went under by a score of ten to two.

Although the home players made a good showing in the opening stages of the game, it was soon evident that the superior training, and the clever teamwork of the Vancouver players was too much for them, but it was interesting to see so far as exhibition of the game from a well-balanced team of skilful exponents of stickhandling was concerned.

The Victoria fans have not seen such a fit, capable team of lacrosse players as the Mainland men on a lacrosse field for several years, and gave a rousing reception to the Coughlans. They set a good pace which they were able to keep up to the last minute of the game, and more than justified their claim to the world's amateur championship title. The Veterans made a hard fight in the first quarter, although they never looked dangerous, but their few appearances on the field compared with those their opponents had made this season did not give them the same confidence and understanding, although some of them showed that they can still handle the stick with their old-time pep.

Amidst the hearty applause of the home fans the Veterans opened the scoring with a shot by Hancock, and the Mainland players quickly followed it by registering a couple of points within a few minutes, and continued to increase their lead in the remaining three-quarters of the game. Clegg, Mason and Taylor defended stubbornly for the Veterans, but the odds were too much for them. McInnes, White and Baker also played a good game. Davis, the Coughlans' star, was busy in goal. McGregor, Shillingford and Caldwell were the star players of their team.

BIG RECEPTION FOR LADIES' BALL TEAM

Heartily Cheered as They Ap- pear on Diamond in Game With Returned Officers

Making their first appearance on the baseball diamond, the Victoria ladies' team triumphed on Saturday over the returned officer patients of Irving House Hospital, amid the cheers of a large number of spectators, by a score of 16 runs to 1 in a five innings game.

As a sporting novelty, it was proclaimed by the crowd one of the best events ever put on in Victoria. Neither the ladies or the officers gave an exhibition of baseball that would provide much interest to real fans, but the fun was furious from the time the ladies made the entrance to the field, attired in costume worn by lady basketball players.

On the more strenuous positions, B. Grubb, billed as Pearl White, and Irving Blythe, starred as Daisy Walton, helped the ladies, and cleverly disguised delivered the crowd for some time, in a manner, and lost her pretty blonde wig as a result of her energy.

Several of the ladies showed some ability as hitters, and Miss Grace made a home run during the game off Joe North, who helped the officers' team to lose the game.

Mrs. J. Kennedy, as captain of the ladies, coached her players skillfully through the several good catches. The ladies' team made such a hit with the crowd that already requests have been made that they make further appearances on the diamond before it is too late in the season. The returned soldiers are so desirous of playing them in a game for the Recreation Club funds. The ladies were represented by Mrs. S. Clarke, Mrs. J. Kennedy, Miss Daisy Walton, Miss Pearl White, Miss E. Kennedy, Miss E. Grant, Miss D. Christopher, Mrs. W. H. Davies and Miss Phyllis Smith. The officers' team was composed of Lieuts. McKenzie, Gowat, McKennie, Antik, Atkinson, Southern, Neil, Shoutz and Neil, Capt. McKenzie and Joe North.

READY FOR BUSINESS.

"Newy" Lalonde, probably the greatest exponent of hockey and lacrosse combined during the last decade, is ready for business. But the famous Canadian athlete is not talking about sports on this occasion. He has obtained an interest in the sales department of a well-known Montreal store and will commence work this week, according to reports.

EASTERN CHAMPIONSHIP.

Peterboro, Ont., Sept. 22.—Hillcrest, winners of The Daily Star Baseball trophy and senior amateur champions of Toronto, defeated Riversides, champions of Peterboro in the first home and home games in the Eastern group of the play for the championship here Saturday. The score was Hillcrest 5, Riversides, 1.

WILL DISCUSS SUNDAY SCHOOL ATHLETICS

Sunday School athletics will be discussed this evening at a meeting of the Sunday School Athletic Association, which is to be held at the Y. M. C. A. at 8 o'clock. A representative of every Sunday school is asked to be present at the meeting, as many interesting matters are to be brought among them the question of forming a basketball league. It is anticipated that a good basketball league that would give an opportunity for junior players could be arranged, as there are many among the younger people who are enthusiasts in the game. Several Sunday schools have made a request that the league be organized, and if enough interest is shown, it is anticipated that officers will be elected at this evening's meeting, and entries invited.

DOMINION PRESIDENT ASKED TO COME HERE

Anti-Secession Team Striving to Hold "Former-G. W. V. A." Together

Following a discussion with the Provincial and Vancouver officials of the Great War Veterans' Association on Saturday night, H. W. Hart and R. G. Duggan, members of the local branch, returned to the city yesterday afternoon. The conference dealt with the situation which has arisen in connection with the proposal to separate the Vancouver Island associations from the provincial body, and the allegation that such a procedure is unconstitutional.

It is understood that following Saturday night's deliberation a telegram was sent to Lieut.-Col. Furney, Dominion President of the Great War Veterans' Association, suggesting to him that he should come to British Columbia at the earliest possible moment in an endeavor to make his influence felt on the local organization.

Col. Furney was on the point of commencing a Dominion-wide tour, and in view of the circumstances now surrounding the Victoria branch of the Association, none the less the stand taken by Messrs. Hart and Duggan, it has been suggested to him that if he will make this city his first point of call, that what is regarded as a serious step might be avoided.

He will be asked to point out to the local body the serious effect on the public and the reaction on the men still fighting in France that will follow if the secessionists finally endorse the minutes of the Duncan convention.

FIFTY HOMESITE LOTS GO TO RETURNED MEN

Free of Charge in South Vancouver, Announces Mr. Pattullo

The Hon. T. D. Pattullo, Minister of Lands, announces this morning that the Provincial Government has practically completed all the necessary arrangements with Commissioner Gillespie for the immediate purchase of some fifty lots in the municipality of South Vancouver for free gift as homesites for returned soldiers.

The municipality is in a position to deliver immediate title to the lots in question, while the Minister himself visited them personally last week, and stated that their situation is excellently adapted for the making of first-class homesites. It is the intention to give these lots to returned soldiers absolutely free of charge and subject only to reasonable occupation duty.

Mr. Pattullo states that as there are already streets, water, light and school accommodation, etc., the returned man will get the immediate benefit of his homelike settlement without cost to himself, and with the minimum of cost to the province as a whole. Although the price of the lots has not yet been fixed, it is expected that they will cost the province somewhere in the region of \$125 each.

"I should like to say that J. W. Weart, member for South Vancouver, and G. C. McGee, member for Richmond," observed Mr. Pattullo this morning, "have been active in making representations leading to the placing of uncultivated lands in South Vancouver within the reach of returned soldiers. And I believe that the method the Government is now adopting readily lends itself to the purpose intended."

DR. GILBERT always recommends the saving of teeth that can be successfully corrected.

In most cases a person with a troublesome tooth will rush off to the dentist to have the tooth extracted, without a minute's delay, regardless of the fact that in nine cases out of ten teeth could be saved.

In this office we always advise a patient when teeth can be saved, as we consider it nothing short of folly to extract teeth that could with a little filling or treatment by our Gold Crowning be restored to a safe, useful, presentable and 'ache-free' condition.

If your teeth need attention come to the office where the greatest possible care and skill are used—where charges are modest and where you may 'Pay a little at a time.'

The Fire Wardens are recommending to the City Council that the decision be left in the hands of the public to be decided by vote.

The Zionists Movement. Before this war that land was closed to the Jews as the fruitless efforts of the Zionists abundantly testify—the Turk, recently aided by the Kaiser shut them out. ROYAL VICTORIA

For the sake of art Marguerite Clark tumbled into the murky waters of the Mississippi River for the scene in "Uncle Tom's Cabin," in which little Eva is rescued from death by Uncle Tom. Frank Losee plays the role in the Paramount picture which will be shown at the Royal Victoria all this week, and as he brought the tiny star safely to the shore she gasped: "That's the nastiest tasting water I ever drank!"

The scene was photographed near the mouth of the river opposite New Orleans, and notwithstanding that Mr. Losee is an expert swimmer, Director J. Seattle Dawley had some anxious moments until Miss Clark was safe on land again. The incident results in the purchase of Tom by Mr. St. Clare, the father of Eva, who gives the old slave a good home.

The trip down the Mississippi River was made on the steamboat "America," which was chartered by the Famous Players-Lasky Corporation for use in this picture. The boat plays an important part in "Uncle Tom's Cabin," for in addition to being the scene of the meeting between Little Eva and Tom, it figures in the "underground railway" by which slaves were helped to escape to free states and Canada.

Capt. Cooley, master of the steamboat, takes part in the picture, he making a rugged and picturesque figure, reminiscent of the stormy adventures he has experienced in days gone by. He has endeavored to retain as far as possible the atmosphere of the period, his crew and Director Dawley was delighted with the remarkable types who appear in the picture.

which is to be displayed at the Variety Theatre, commencing to-day, will acclaim it one of the finest pictures in which he has as yet been seen. In this production Mr. Hart discards the chaps of the frontiersman and is seen as a typical skipper of a sealing schooner on the Alaskan coast.

Monroe is a savage man whose reputation for cruelty extends far and wide. He meets a beautiful young woman in strange circumstances one night and takes her and her dissipated brother to Alaska. He learns to love her with passionate fervor and when she goes to Balsam City and falls into the hands of a notorious trafficker in women, Monroe follows and saves her in one of the most impressive situations ever disclosed in any motion picture.

Monroe is the centre of many highly interesting scenes of this powerful story. How he wins this girl's love by his bravery, after he had slain the man who sought to dishonor her, is told in scenes that are vibrant with thrill and heart appeal. Mr. Hart directed this photoplay under the supervision of Mr. Tins and his support is highly capable. His leading woman is Katherine MacDonald, one of the most charming of screen actresses.

DOMINION

Dorothy Dalton, one of the most popular of the screen stars, will be seen at the Dominion Theatre commencing to-day, in her latest production "The Kaiser's Shadow." The story is one of thrilling mystery and tense dramatic situations, showing undertakings of the United States intelligence department to oust the Kaiser's spies. There is, of course, a charming love story in the picture as well, which is unfolded as a four-fold romance. The production is filled with energy and fascinating action and presents charming Dorothy Dalton in one of her most alluring roles.

VARIETY

There is little doubt that the popular verdict on William S. Hart's splendid new photoplay, "Shark Monroe,"

chosen and especially the leading juvenile. It is a picture that will give dream-freedom to a good many young people and they will thank the picture with affection.

Harold Lockwood's qualities are well enough known and in the other juvenile part is Martha Mansfield. "Broadway Bill" is what his name indicates till the girl throws him off and he decides to make a man of himself. The girl's father owns a lumber camp in the north woods and sends Bill to find why his bird's-eye maple isn't making money. The foreman is tough and he has a big Swede as his right bower and a sneaky little wood thief as a left bower. "Accidents happen" in the woods and a few are scheduled to come to Bill. This part of the story, set in the real woods, hip-deep in snow, is fine. Bill wins out and has a physical encounter with the boss, not realistic at all, knocks him out, and he is elected foreman.

Bill has conquered gin so far; but he finds the cook's whisky bottle wrapped in a newspaper. By chance he reads in this that the girl is engaged to his rival, and then he would have fallen if a friend had not come in. The girl's father, with the girl and the family, now appears. The girl goes to meet Bill. He is about to embrace her; but tells her he now has no right, as there is another. She thinks he refers to another woman. Small brother gets lost in the woods. Bill rescues him, is nearly dead, and lies on the couch. The girl keeps embracing him, oh, so lovingly.

ROMANO

Fannie Ward and a noted cast in the dramatic feature of the age, "The Yellow Ticket," adapted for the screen by Pathe from the famous A. H. Woods stage success of the same name, will be seen at the Romano Theatre, commencing to-day.

"The Yellow Ticket" is a scathing denunciation of Russian secret police methods used in persecuting the Jews and the story deals with the way in which they take advantage of their position in dealing with beautiful and defenceless girls of that race. The stage version swept New York and Chicago by storm. "The Yellow Ticket" abounds with dramatic thrills and the story has been endorsed by the opinion of the public was eloquently expressed by the throngs that eagerly sought tickets for the play during its long runs in New York and Chicago. It ran for four hundred days in the former city and three hundred in the latter.

The Pathe version surpasses the stage presentation in intensity and picturesqueness, because of the wider scope made possible by the camera. Headed by the noted screen actress, Fannie Ward, the all-star cast includes such famous actors as Milton Sills, Warner Oland, Armand Kalisz, J. H. Gilmour, Leon Barry, Helene Chadwick, Nicholas Dunaev and others.

REVUE IN AID OF BLUE CROSS TO-NIGHT

Big Programme of Variety at Pantages; To-night "Naval Night"

In an endeavor to raise funds for the benefit of the dumb animals who are daily risking their lives at the front, the Blue Cross Society has arranged a grand variety revue at Pantages Theatre to-night and to-morrow (Tuesday) evening. Those who attend the performances will therefore have the dual satisfaction of seeing a first-class entertainment and at the same time helping a very worthy cause.

To-night will be known as grand naval night, and the orchestral band of the Naval Volunteers will play naval airs during the intervals, while the Navy will be officially represented. Tuesday night will be grand military night, with the 5th Regiment Band in attendance, and with the military branch of the service represented.

The same programme will be given both nights, and will open with illustrated songs by Sgt. Matheson, of the Siberian forces, and will close with a wonderful tableau arranged by Commander Guy. Between these two items will be a medley of music and mirth. A comedy sketch will be put on also.

The great English success, "Over the Top," will be presented by Tom Dooly and a chorus of girls. Miss Roma Johnson, the eleven-year-old wonder, will sing and dance her way into the hearts of the public, while George Menclaws and Jack Dobbie will furnish mirth-provoking items.

The Naval Spectacle.

The naval spectacle opens with the stage practically clear of any scenery, with the exception of a raised platform with two French soldiers on guard upholding the title "over there." As the curtain rises they sound off the bugle call "Over There." An armed guard of the Royal Naval Canadian Volunteers springs from the wings. They "present arms," and the band strikes up "Rule Britannia." A procession comes from the wings in which Britannia followed by her children Canada and Australia with Belgium in their charge and two standard-bearers with the Union Jack take part. They pass round the stage and ascend the platform. The guard "orders arms," "Over There" is played and all the houses join in chorus.

A similar proceeding takes place as each of the Allies marching in to their national airs join Britannia "Over There," till all are grouped around.

The whole performance acted in by juveniles with the exception of the guard, it should prove of great interest to Victoria.

Commander Guy is responsible for the staging, assisted by Miss Bernice Ruddle, taking part of Belgium. Miss Mary Forrester will bear the tribute of Britannia and the following: British ladies will be the Allies: France, Enid Ruddle; Canada, Agnes Guy; Australia, Nell Parker, Violet Ovendon; America, Vera Cousins; Japan, Doris McMorran; Italy, Dorothy Clayton; Portugal, Lenore Cousins.

PREMIER OLIVER MET NORTH VANCOUVER MEN

Guest at Board of Trade Dinner on Saturday Evening Last

As the guest of the Board of Trade of North Vancouver on Saturday night last, Premier Oliver was called upon for some observations on the subject of the Pacific Great Eastern Railway Company.

Lack of funds in the treasury was the reason he gave the people of the district for his inability to promise that the construction of the line between Whytecliffe and Squamish would be undertaken for some time to come.

Mr. Oliver went into the details of the present situation associated with the system and spoke hopefully of the possibilities offered by a further expansion of the line.

In a hearty vote of thanks to the Premier for his clear explanation of the business connected with the railway, the mover dropped the suggestion that while Mr. Oliver had not given them much hope of expansion in their immediate future he had likewise refrained from making any promise.

During this morning Frank Gloim, member-elect for the city of Victoria, was in conference with the Premier discussing problems affecting the land settlement question and its relation to returned soldiers.

Of Forest Fire Situation Already Had on Account of Dryness.

So long as the prevailing breezes do not become translated into winds of furious velocity the forest fire situation in British Columbia and more especially on Vancouver Island will remain dangerous, but not especially menacing.

Reports reaching the Department from the Vernon district speak of six new fires, with the situation regarded as fairly safe.

Local showers at Prince Rupert removed the immediate hazard, and the condition is regarded as perfectly safe.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

YEAR'S EXHIBIT WILL SURPASS PAST FAIRS

Entries Closed on Saturday for Cowichan Show Commencing Thursday

Entries for the Cowichan Jubilee Exhibition closed on Saturday, and judging from the number of entries in all of the classes this year's exhibit will surpass all former ones.

Several new features have been added this year, among them the Better Babies Contest (to be held in the Cowichan District), the district exhibit, Indian exhibit, health exhibit, trade exhibit and attractive programmes for both Friday and Saturday evenings.

Additional accommodation has been made for the poultry, cattle and pigs, there being very large entries in all of these divisions.

The exhibition will open on Thursday when the judging of all classes except live stock, dogs and the baby contest will take place on Thursday evening, the Honorary Vice-Presidents of the Society will be the guests of honor at a dinner given by the Directors at the Regal Hotel. The formal opening of the exhibition will take place on Friday, September 27th, at 2 p. m., by the Hon. E. D. Barrow, Minister of Agriculture, and addresses will be given by the Hon. John Oliver, Hon. John Hart, J. C. McIntosh, M. P., and Dr. S. F. Tolmie, M. P. The McCleave Equestrian Troupe, which gives a performance Friday evening promises to be a most attractive feature, and reserved seats for this event are being booked rapidly. On Saturday by kind permission of Lieut.-Col. Angus and officers, the 5th C. G. A. Band will be in attendance playing selections during the afternoon, and for the dance in the evening.

Through the Department of Agriculture the services of Mr. Campbell have been secured, and demonstrations of war cookery and canning will be given by him on Friday and Saturday.

The Red Cross will serve a cafeteria lunch, afternoon tea and refreshments in the evening on both Friday and Saturday in the building. Afternoon tea will also be served in the I. O. O. F. Hall by them on Saturday.

The following will act as judges:
Horses—Heavy, George Shannon, Cloverley; Light, Dr. S. F. Tolmie.
Cattle—Fete Moore, Colony Farm, and Prof. Lionel Stevenson of the Experimental Farm, Saanich.
Sheep, goats, pigs—G. C. Hay, Kamloops.
Poultry—H. E. Upton, Department of Agriculture.
Field and garden produce—M. S. Middleton and E. Hogan, of Department of Agriculture, and Prof. L. Stevenson.
Dairy produce—T. A. F. Wanko, Department of Agriculture.
Flowers—F. B. Pemberton.
Educational—J. A. Kyle.
Dogs—F. L. Wolfenden.
Babies—Dr. Arthur G. Price.

Especially fine should be the district exhibit, as the rivalry in this division is most keen. Much interest is being displayed in the baby contest, several coming from outside points to dispute the honors.

COTTAGE GARDENERS WILL HELP WIN WAR

F. A. Pauline, M. P., Speaks on Food Problems at Ward Two Exhibition

Praise for cottage gardeners who are doing their share at home in helping win the war by increased production was given by F. A. Pauline, M.P., in opening the second annual exhibition of the Cottage Gardeners' Society of Ward Two, Saanich, on Saturday afternoon. Three hundred entries were received and a creditable array of garden products were staged from which the judges were to make their awards.

"The grain harvest in Canada is not as great as it was hoped it would be," said Mr. Pauline in his address, "and in view of this fact it is particularly satisfactory to know that this deficiency has been counter-balanced as far as possible by the extra cultivation of ordinary gardens." In many parts of Europe, he continued, there would be great distress during the coming winter, and Canada as a result of the extra attention she has paid to extracting the full produce from the land, might be able to help the Allies in their food problems.

Referring to the many men that had gone from the district to serve the country, he said that he believed the end of the war was in sight more clearly than at any other stage of the conflict. When the struggle had ceased it would be a great satisfaction to those who had been unable to share in the fighting to know that they had been able to supply the men in the firing line with the food and comforts they needed.

Dr. S. F. Tolmie, M.P., and Professor Stevenson also spoke in praise of cottage gardening, and the exhibits at the show.

There were many visitors to the show, and the Girl Allies provided refreshments. An auction of vegetables donated by exhibitors took place in the evening, the proceeds going to the Red Cross Society. The judges' awards were as follows:

The winners in the various classes were:
Collection of Roses—1, Mrs. Preece; 2, Miss M. N. Rudd; 3, Mr. Tapscott.

Sometimes you have to go a long way back to get at the origin of even a local squabble in Ireland, remarks a chief secretary, inquired into the cause of a faction riot in Cork and was told "Oh, it was something to do with the affair of the Two Earls in the time of Queen Elizabeth."
