Berlin Government Fear Upheaval if Allies Follow Plan

Asks That German or Neutral Court Try German War Criminals—Berlin Doubts Its Ability to Hand Men Over

Berlin, Jan. 28.—Via London, Jan. 29.—Indication of the Government's growing concern over the extradition of Germans accused of war offences was given in the note sent to the Allies today asking revision of clauses of the Treaty of Versailles. The attempted assassination of Matthias Erzberger, Minister of Finance, last Monday, is viewed in official circles as a precursor of what is likely to happen on a larger scale if the Government, yielding to the Allies, should appeal to force in arresting men on the list submitted by the Entente Powers. Editorial and partisan recriminations, provoked by the attack on the Finance Minister, already have reached the white hot stage.

The note to the Allies, which will not be published in Germany, warns the Entente Powers that the German Government can not assume it is able to compel either national or local agencies of the law to lay hands on the men wanted to transfer them to German frontiers. The Associated Press is informed that even responsible officials of the Foreign Office have announced point-blank that they would refuse to execute any work connected with extradition formalities and they threaten to strike or indulge in passive resistance.

A leading official of the Foreign Office expressed doubt to-day that a man could be found in Germany, from an army or navy commander down to a humble village deputy, who would lend himself to the work of executing a warrant for the arrest or detention of fellow-countrymen to be dragged before a foreign tribunal.

At Leipzig. Berlin, Jan. 28.—Via London, Jan. 29.—The Government has addressed an appeal to the Allies to revise the provisions of the peace treaty regarding the extradition of German military, naval and civilian leaders, declaring that the Government cannot guarantee their delivery.

The note suggests that the men wanted be tried by the Supreme Court at Leipzig, which could be amplified to include representatives of the Allies, and would guarantee to investigate all evidence on which Germany's foes based their indictments.

The Governments, says the note, broadly appeals to the common sense of the Allies to recognize the possibility of internal convulsions in Germany if the Government should be driven under pressure to enforce the extradition of the persons desired. It suggests a neutral tribunal for the trial of the accused in the event that the proposal for the use of Germany's highest court is rejected.

WARNING GIVEN BY SIR EDMUND OSLER

President of Dominion Bank Says Extravagance Too Common in Canada

Toronto, Jan. 29.—Sir Edmund Osler, president of the Dominion Bank of Canada, at the annual meeting of the bank, at the invitation of the numerous warnings given that economy must be practiced in this country. "So far these warnings have not had the slightest effect," Sir Edmund continued. "Extravagance is the order of the day, and in my opinion, will continue to be the order of the day until conditions change and hard times come on us."

"Sir Edmund stated that while the past year had been a prosperous one for the banks, the future must cause anxiety to all financial business. The exchange conditions were serious, he said, and in Canada a large amount of money probably would be withdrawn which had been borrowed from England and Scotland by the various mortgage companies and loaned on mortgages in this country.

TWO U. S. AIRMEN MADE A FORCED LANDING IN MEXICO

Brownsville, Texas, Jan. 29.—Lieutenants E. F. Davis and G. E. Grimes, American army aviators who yesterday made a forced landing near Guerrero, Mexico, are not held prisoner by Mexicans and probably will fly back to the United States territory to-day, it was announced to-day at Fort Brown shortly before noon.

Legislative Buildings, Where Lawmakers Once More Take Up Their Duties

Dominion Trust Claimants to Receive \$300,000 Soon

Vancouver, Jan. 29.—(Canadian Press.)—A first dividend of not less than \$300,000, representing about ten per cent. of the claims against the Dominion Trust Company, will be paid in March or April, according to an announcement by J. C. Gwynn, liquidator of the defunct company.

Mr. Gwynn is endeavoring through the Enemy Alien Committee at Ottawa to have every German and Austrian owning property in Canada help pay back the \$240,000 which Alvo von Alvensleben, who prior to the war was a representative of German interests in British Columbia, and who is now held in an internment camp in the United States, secured from the company a few weeks before it collapsed.

CHICAGO THEATRE HAS SMOKING ROOM FOR WOMEN NOW

Chicago, Jan. 29.—A Chicago theatre announced to-day that it had opened a smoking room for women. The manager said the "women drove him to it." He said he found girls were smoking in the washroom, the boudoir and even in the lobby.

BOLSHEVIKI SAY THEY TOOK 5,000

London, Jan. 29.—Russian Soviet cavalry commanded by General Dumenko forced the river in the Manych Valley, in the lower Don region, and captured 5,000 prisoners after a two days' battle, the Red forces then continuing to advance, says a Bolshevik communiqué received here to-day.

SEATTLE-ALASKA AEROPLANE RACE Set For Next May; Sir A. Whitten-Brown Among Entrants

Seattle, Jan. 29.—Plans for the Seattle-to-Alaska aerial derby, to be held this year under the auspices of the Aero Club of the Northwest, call for the start of the race some time in May. A. R. Mann, chairman of the committee arranging the details of the contest, announced here to-day.

COAL MINERS IN REGIONS OF SAXONY GO OUT ON STRIKE

Leipzig, Jan. 28.—Via London, Jan. 29.—The Communist Miners' union has declared a strike in the Luga and Oelsnitz coal mining regions in Saxony because a demand for a six-hour day and a grant of 1,000 marks extra was rejected. Seventy-five per cent of the miners are reported to be striking.

Premier of Hungary Says Assembly to Elect King

Budapest, Jan. 29.—Hungary will be a monarchy and the new King will be chosen immediately after the National Assembly convenes, said Premier Huszar, speaking at a women's gathering yesterday. The first duty of the National Assembly, which will be summoned on February 16, will be to elect a chief of state, said the Premier. "It is clear that Hungary will be a kingdom, but it would be premature to mention the names of those considered for the throne to-day," he stated.

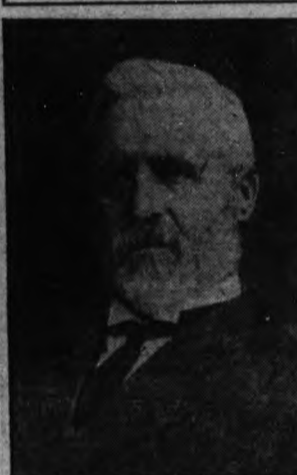

Two U. S. Airmen Made a Forced Landing in Mexico

Brownsville, Texas, Jan. 29.—Lieutenants E. F. Davis and G. E. Grimes, American army aviators who yesterday made a forced landing near Guerrero, Mexico, are not held prisoner by Mexicans and probably will fly back to the United States territory to-day, it was announced to-day at Fort Brown shortly before noon.

TOBACCO SHORTAGE CAUSES DISORDER IN SPANISH CAPITAL

Madrid, Jan. 29.—Disturbances occurred yesterday in streets of Madrid owing to the shortage of tobacco. The police several times were compelled to charge crowds in the Huerto Del Sol, where they had assembled in front of tobacco stores.

SWITZERLAND AND LEAGUE OF NATIONS

Berne, Jan. 28, via London, Jan. 29.—Hope that the special position of Switzerland relative to entering the League of Nations is understood and that requirements of the Federal Council will be met have been increased by a letter received by former President Ador from Premier Millerand of France, who is Acting President of the Peace Conference.

ERZBERGER, WOUNDED BY ASSAILANT, IS MAKING RECOVERY

Berlin, Jan. 29.—An examination of the wound of Matthias Erzberger, Vice-Premier and Minister of Finance, who was shot Monday by Oltwig von Hirschfeld, shows the wound little changed, with no inflammation. There is some swelling, however, and the wound is causing him pain. The patient's temperature is normal, but pulse still continues at 120. In consequence of the setback yesterday he is suffering from exhaustion and requires great care.

MEN GOT OUT OF COAL MINE SAFELY

Marianna, Pa., Jan. 29.—Panic prevailed in the mine of the Union Coal & Coke Company here late last night when the fans suddenly ceased to operate, and in a rush for the air shaft one miner was hurt. Smoke which curled out of the mine caused a widespread report to-day that the workings were on fire and ten men had been trapped.

PALESTINE TO HAVE MERCHANT MARINE

New York, Jan. 29.—The first vessel of Palestine's contemplated merchant marine hoisted the blue and white flag of Zion, and was named Hacholout (Pioneer) at Jaffa recently, the Zionist Organization of America announced here to-day. The vessel is owned and manned by Jews and is the first of a fleet for which the Zionists plan an ultimate appropriation of a large sum. The vessel formerly was a German craft, and was purchased to ply along the Palestine coast, calling at the ports of Beirut, Tyre, Haifa, Jaffa, Gaza and several others in Egypt.

Legislature Opened This Afternoon With Cheerful Ceremonial

Peace-Time Pomp and Ceremony Revived—His Honor Performs His First Public Function in Presence of Distinguished Gathering

Peace time ceremonial was revived in all its resplendency on the occasion of the opening of the fourth session of the fourteenth Parliament of British Columbia by His Honor Lieutenant-Governor Prior at 3 o'clock this afternoon. In striking contrast to last year's event, when all superfluous formality was eliminated out of respect for the memory of His Royal Highness Prince John, every available seat on the floor of the Legislature itself and in the Speaker's Gallery had been taken long before His Honor entered the chamber, while the public galleries began to present their customary animated appearance fully an hour before. Temporary dislocation of train services on the Mainland had prevented some of the private members from reaching the capital to take part in this afternoon's ceremony, although the attendance of legislators was but few short of the allotted number.

ACCOUNTANTS LOOK INTO COAL PROFITS

British Miners Postpone Action on Demands for One Week

London, Jan. 29.—Compliance with Premier Lloyd George's request that they postpone further action with reference to their recent demands was decided upon by the miners' delegates at a conference here this morning. The delegates had asked that the Government reduce immediately the price of industrial and export coal, proceed with the limitation of the coal owners' profits, the limitation to be retroactive, and taken steps to reduce the price of food and clothing to a reasonable basis, the alternative being a threat by the miners to demand an all-round increase in wages amounting to five shillings daily.

Train Wrecked Near Port Haney But no One Aboard Injured

Vancouver, Jan. 29.—(Canadian Press.)—The Kettle Valley Express of the Canadian Pacific Railway, due here at 11 o'clock last night, but running several hours late, was wrecked fifty miles east of this city at an early hour this morning. Here at 11 o'clock last night, the train, made up of day coaches and sleepers, is reported to have run into a mud slide east of Port Haney station, the locomotive and five of the coaches being thrown off the rails into the ditch.

MEXICAN SILVER

Washington, Jan. 29.—Silver production in Mexico from January to September, 1919, amounted to 46,948,821 ounces, compared with 62,225,344 ounces for the year 1918, according to a report to-day from Mexico City to the Department of Commerce.

Victoria-Vancouver Air Service Now is Planned

Vancouver, Jan. 29.—Captain E. C. Hoy, D. F. C., is applying to the Dominion Government for a subsidy for an aerial mail service between Vancouver and Victoria. Captain Hoy plans to inaugurate a daily service between the two cities and he has interviewed the local members of Parliament to ask their assistance in pressing the case for such a service at Ottawa. It is his intention, should he obtain permission, to provide a service whereby citizens of Vancouver could catch the daily aerial mail from this city with their urgent letters to be brought back to the Victoria aerodrome in time to catch the daily plane carrying this matter making a two-hour stop in Victoria, thereby giving an opportunity for the answers to Vancouver letters to be brought back to the Victoria aerodrome in time to catch the daily plane carrying this matter making a two-hour stop in Victoria.

Immediately following an inspection of the guard of honor posted at the foot of the steps leading to the main entrance to the handsome pile His Honor, accompanied by his private secretary, H. J. S. Muskett, and his aides, Major Selden Humphreys and Captain Carew Martin, entered the chamber and proceeded to the dais to deliver his speech to the assembled ministers and members.

Suitable reference is made in His Honor's speech to the signing and ratification of the Peace Treaty during the interval between the third and fourth sessions of the present Parliament. The visit of His Royal Highness the Prince of Wales and the belief that his tour of the country last Fall will strengthen and maintain the solidarity of the Empire similarly finds fitting expression. A second visit to this Province of their Excellencies the Governor-General and the Duchess of Devonshire since the last session is referred to with satisfaction, as is also the part British Columbia played in the Empire tour of Admiral and Lady Jellicoe.

Harmonizing very neatly with the forecast of legislative fare published in these columns yesterday, His Honor's speech refers to proposed changes in the British Columbia Prohibition Act and foreshadows a programme having for its object the conservation of British Columbia's timber. Irrigation matters, highway classification, the regulation of creameries and dairies, land development, changes to the Workmen's Compensation Act designed to increase the allowances for the widows of deceased workmen, and a number of other important amending bills are specially referred to by His Honor.

Following the usual routine of his speech, the full text of which appears below—His Honor withdrew from the Chamber relegating the control of the business of the House to Mr. Speaker. The constitutional formalities, such as the passing of resolutions in connection with the printing of the votes and proceedings, the appointment of standing committees and so forth, were all proceeded with and as soon as the Attorney-General had introduced the regular lone bill of the opening day—in this case a small Act to correct a section reference to the War Time Expiration Act passed last session—the Premier moved that the House adjourn and stand adjourned until two-thirty on Monday afternoon.

The speech from the Throne read by the Lieutenant-Governor is as follows: Mr. Speaker and Members of the Legislative Assembly: I welcome you to the fourth session of the fourteenth Parliament of the Province of British Columbia. Since last Session the peace negotiations which then were in progress have resulted in the signing of a Treaty of Peace, which I earnestly hope will long be maintained.

During the year last past Canada has been honored by a visit from His Royal Highness the Prince of Wales, who was received most joyfully by the citizens of all classes, and who by the kindness and affability of his conduct, endeared himself to all with whom he came in contact. I feel sure that this visit will strengthen and maintain the solidarity of the Empire, which the late war so amply demonstrated. Since last Session, their Excellencies the Governor-General and the Duchess of Devonshire revisited the Province, and I feel sure that every such visit gratifies the loyal subjects of His Majesty and ensures to the benefit of the people as a whole. The visit of Admiral and Lady Jellicoe, with the officers and crew of the flagship New Zealand, was the source of much gratification, and I sincerely hope that future developments (Continued on page 14)

If Thin and Nervous Try Bitro-Phosphate. While excessive thinness might be attributed to various causes in different individuals, it is a well-known fact that the lack of phosphorus in the human system is a very largely responsible for this condition. It seems to be well established that this delicacy phenomenon may now be met by the use of Bitro-Phosphate, which can be obtained from any good drugist in convenient tablet form.

PRUSSIAN PLAN TO LEAVE EX-KAISER A WEALTHY MAN. Berlin, Jan. 29.—The Berlin Social-Democratic newspaper Vorwaerts expresses indignation at the Prussian proposal to allocate to the former German Kaiser compensation for that part of his private property which was taken over by the state. Part of the former Kaiser's numerous castles and his large agricultural estates in Prussia would remain his personal possessions, likewise all his industrial shares, bonds and mortgages would be bought for 100,000,000 marks, which would be handed to him.

DOMINION
Donald Crisp, who directed Bryant Washburn in "Why Smith Left Home," his Paramount-Artcraft picture to be shown at the Dominion Theatre this week. Mr. Crisp had previously established quite a reputation as an actor, though he has been devoting his efforts during the past few years chief to directing pictures featuring Bryant Washburn. He is an expert in this branch of the profession.

ROYAL VICTORIA
When Victor Hugo's greatest work, Les Miserables, was put out in 1862, he insisted that it should be published simultaneously in London, Paris, Brussels, Leipzig, Milan, Madrid, Pechin, Rotterdam and New York.
He believed so implicitly in Les Miserables that he wanted it read everywhere. He received \$50,000 for the manuscript, but the publisher came very nearly refusing the story because of the publication in so many cities.
The picture version of "Les Miserables," which William Fox has made with William Farnum playing the part of Jean Valjean, will be shown in a hundred times more cities than the book was printed in, and to millions of more persons than read the book. It will be presented again to-night at the Royal Victoria Theatre.

ROMANO
"The Way of a Woman," Norma Talmadge's latest Select Picture, in which she is presented by Joseph M. Schenck, and which was adapted from Eugene Walter's famous stage play, "Nancy Lee," is being shown at the Romano Theatre this week. It is a tale of a young Southern girl, of aristocratic family, who marries a dissolute New Yorker for his money. When she comes to New York, she is embroiled in a series of trials and tribulations out of which she finally emerges to her well-earned happiness. It is Norma Talmadge at her best—surrounded by an exceptionally high class cast in a story that grips the beholder every minute.

PRINCESS
In a number of cases where a well-known playwright has collaborated with a famous actor in the writing of a play the result has been highly successful and "The Strange Adventures of Miss Brown" is no exception. In fact it is looked upon as one of the most screamingly funny farces ever written, a farce in which the action never transcends the bounds of possibility, and in which the characterization is never so caricatured as to savor of burlesque. The play runs easily from the opening of the first act to the last line before the final curtain, and when such accomplished artists as Mr. H. J. Davis, Miss Mabel Hickman, Mrs. F. C. Belby and Mr. R. N. Hincks are cast in the leading parts, the many patrons of the Princess Theatre need no further assurance that this production will be well up to the high standard which has marked all the Princess Dramatic Society's previous productions.
The opening performance is a matinee on Saturday next, commencing at 2.30 p. m., with another performance in the evening of that day and all through the following week, excepting Monday.

PANTAGES
The offering of Eldridge, Barlow and Eldridge on the Pantages bill of vaudeville for the current week is labeled a rural comedy. At least they succeed in getting "atmosphere" into the turn such as makes a strong appeal with most of the audience. The story revolves around a certain rural grocery storekeeper, town constable, fire marshal, postmaster type of individual, with whom a sophisticated city girl flirts in a casual sort of way at the store. Into this study is projected the very vivid personality of a country school mistress. There is comedy, patter, a song or two, and some good old-fashioned dancing in the act, as well as a touch of the violin. There are possibilities for excellent entertainment in such a combination and it will generally be conceded that the opportunities are well developed.

Mrs. Hall Gets Hints—

We will quote Mrs. Hall's letter: "When your biscuits and pies are ready for the oven brush them over with Pacific Milk as it comes from the can."
"The crust will be a beautiful golden brown and more tender."
Mrs. Hall has given us several uses for Pacific Milk and we pass them on to other cooks.
She has given a suggestion for whipping it for apple pie. We will try and give this later.

BORDEN PROBABLY NEARING ENGLAND
Ottawa, Jan. 29.—There is a strong rumor current here that Sir Robert Borden, who was supposed to have left H. M. S. New Zealand, Admiral Jellicoe's flagship, at Trinidad, had proceeded to England with the Admiral, who was recalled from his trip to South Africa when his ship reached that point.
The rumor seems to have been founded on a remark of Lady Borden, who intimated that the next news from the Minister probably would be from England.

MUST HAVE IT.

The resolution adopted at the meeting which was held yesterday to consider the attitude of the Board of Governors of the University of British Columbia regarding the proposal to restore the two-year affiliated course in the Victoria High School was wholly justified.

Our readers, no doubt, will recall the history of this matter, since The Times has been a consistent champion of the proposal involved in it.

Then the two-year course was cut out and the local High School was left with the one-year course. This change was strongly criticized here at the time.

Finally, following considerable agitation from Victoria, the B. C. University authorities agreed, after a conference with the Victoria School Trustees, to restore the two-year affiliated course to the Victoria High School.

Pressed for action, however, President Klink of the other day reported to the Board of Governors of the University that the revival of the two-year affiliated course in the Victoria High School would involve a cost of \$94,000—an absurd estimate in the light of experience, and one which exposes the President to the suspicion that he is painting the picture in needlessly discouraging colors.

PUBLIC HEALTH LABORATORY.

Any move to safeguard the public health of the community is always a step in the right direction and Dr. MacLean's announcement to the effect that the Government will establish a public health laboratory will be warmly welcomed throughout the Province.

COUNCIL AGAINST PUBLICITY BEFORE MOVES ARE MADE.

"Smart Lawyer Could Upset All That Is Passed," Alderman Says

It looks as if matters that are to be brought up before the City Council are not to be given to the public until after they have come up, and perhaps have been finally passed on.

the dual clinics to be established should add materially to the disease fighting equipment already in existence.

AERIAL SERVICES.

It is to be hoped that the Dominion Government will realize that British Columbia should get first and early consideration in the matter of its allocation of aeroplanes.

MR. BARNES GOES.

With the retirement of the Rt. Hon. George Nicol Barnes from the Coalition Cabinet Great Britain is appreciably nearer to a general election and a return to the party system in some form or other.

James Ramsay MacDonald, one of Great Britain's leading labor pacifists, has been refused a passport to Russia whither he desired to go as a delegate from the International Socialist Congress at Bern.

Three thousand tons of potash from Germany have reached the United States. Well, it looks as if Vancouver Island's alleged deposit will not be supplying the world for a couple of weeks, at any rate.

Commander Rafael Rossetti, the heroic Italian naval officer who torpedoed the Austrian dreadnought Viribus Unitis, invites all his naval colleagues to follow his example and become railway engine drivers.

Hon. Dr. MacLean and the Provincial Health authorities are to be commended for the steps they are taking to deal with the venereal disease evil. This is one of the grim facts of modern civilization, covering behind smug convention and a false conception of modesty and propriety, has refused to face, with consequences of incalculable harm to itself.

Saskatchewan's agricultural production last year was valued at \$371,000,000. With such a meal ticket as that our sister Province should not worry very much about the high cost of living.

Although 1920 opened rather inauspiciously as far as the labor market is concerned the prospects are that in point of construction it will be a good year, in fact an exceptional year.

The manifesto issued by prominent British Labor Leaders, including J. R. Clynes and J. H. Thomas, urging immediate peace with Soviet Russia is unduly significant in view of the fact that Messrs. Clynes and Thomas are the most moderate and conservative among the British labor chiefs.

APPRECIATE EFFORT OF Y.M.C.A. WORKERS

Military Service Department Has Received Many Tributes

As a rule people or organizations rendering service, whether voluntary or employed, hear complaints regarding any unsatisfactory features, and few if any compliments on those that are successful. However, sometimes credit is given for satisfactory service. The Y. M. C. A. military service department has been receiving a number of unsolicited complimentary letters of thanks from men representing the large bodies of soldiers at various points who have been receiving assistance in different ways from the Y. M. C. A.

Local Recognition.
In Victoria, the Y. M. C. A. representative J. W. Smith has been a busy man and his efforts were acknowledged by Major General R. G. E. Leckie, late G. O. C., M. D., No. 11, who after relating to various services Mr. Smith had been rendering said: "The good work you have done is greatly appreciated and on behalf of the military authorities I wish to thank you."
Not the least appreciative is Kollang Yih, Chinese Consul, Vancouver, who wrote "On behalf of 3,500 members of the Chinese Labor Corps who were recipients of the generous Christmas gifts from your department, I beg to thank you for all your kindness. This good will and fellowship on your part will certainly, I can assure you, be remembered long after they reach their homeland."
Supt. Howes of the Agricultural School for soldiers at Point Grey, wrote thanking the secretary: "For your consideration and help in furnishing amusement and entertainment for our students—I can assure you they appreciate the consideration shown them by the Y. M. C. A. They especially appreciate the concerts arranged by the Y. M. C. A., the use of the piano, gramophone, baseball outfit, footballs, also reading matter and writing material."

Recognition at Edmonton.
For instance, when the Strathcona Military Hospital, Edmonton, was turned over to the S. C. R., Lt. Col. Harwood of the C. A. M. G., O.C. of the hospital, wrote Dr. Sheldon, the chairman of the Edmonton Military Committee, Y. M. C. A., asking him to convey to the committee "our sincere thanks and gratitude for the many kindnesses that have been extended to the wounded soldiers of this hospital," and Capt. Thompson, the Q. M., on the same occasion, wrote in part: "No effort has been spared on the part of your committee to do everything possible to make the monotony of hospital life for the returned soldier as pleasant as possible, and every credit is due you and your committee, and especially to the secretaries, Capt. Geric and Mr. King-Ching and Capt. Duncan, for their untiring efforts in providing concerts, garden parties and socials. The secretaries have also been of great assistance in helping the men individually to solve the many problems they have to face when again entering civil life."
After this hospital was taken over by the S. C. R. the Y. M. C. A. continued its programme. After the Christmas celebration, the authorities wrote the Y. M. C. A. in part as follows: "Will you kindly convey to the members of your association the great appreciation of the patients of the Strathcona Hospital and Convalescent Home for the splendid efforts made in their behalf by your associations. The gifts and good cheer with which they were treated this Christmas went a long way to alleviate their sufferings and raise their spirits." The letter closed with expressions of thanks and hopes that the service will be continued.

HOSPITAL FINANCES SHOWN BY FIGURES

Mayor Clears Up Question of City's Share in Upkeep of Indigents

In order to clear up what he considers a misconception which has arisen in the public mind over Jubilee Hospital finances, Mayor Porter today authorized the publication of figures which have been compiled by Dr. Price, City Health Officer.
In the first place, His Worship states that the City paid for the maintenance of indigent patients at the Hospital last year at the rate of \$3.68 a day per indigent. The amount thus expended on 108 indigents amounted to \$15,000. This sum has been paid in full.
In a report recently received by the City Council from the secretary of the Hospital Board it was stated that the average cost of maintaining indigents last year was \$3.11 a day. This, the Mayor states, is not correct and apparently takes into consideration the cost of maintaining patients from places outside the city.
In the Isolation Hospital, which the city itself maintains, 139 residents of the city and seventy-nine residents of outside districts were treated during the year, with a total of 218 days. The cost of maintaining the hospital was \$12,839.01. The city collected \$4176.12 in fees from patients, however, so that the actual outlay was \$8662.89. The average cost of maintaining indigents at the Isolation Hospital was \$5.84.
To these expenses must be added the cost of maintaining the Aged Men's Home in which there were thirty-five inmates, and the maintenance of sixteen inmates at the Aged Women's Home.

I. O. D. E. Members Criticize Proposed War Memorial Educational Proposals

Say Money Should Be Expended in Educating Soldiers' Dependents in Preference to Establishment of Fellowships—Provincial Meeting Yesterday

Discussion which at times grew somewhat warm was waged over the proposed nation-wide I.O.D.E. War Memorial scheme at the general meeting of the Provincial Chapter, I.O.D.E., held in the Arts and Crafts Club yesterday afternoon. There was a considerable division of opinion as to the manner in which the \$500,000 aimed at should be expended, a number of Victoria and Vancouver members expressing in no uncertain manner their opinions that the children of fallen and disabled soldiers should be the chief beneficiaries under the proposed educational scheme in preference to the plan for the establishment of traveling fellowships and lecture courses.

After two hours had been spent in consideration of the subject, the discussion culminated in the passing of a resolution, proposed by Mrs. Major and Mrs. Nanaimo, to the effect that the campaign be launched in British Columbia, but that any money raised be held in the provincial treasury until the return from the East of Mrs. Boyle, the regent, when she would be able to throw more light on the scheme.

Vancouver Members Present.
Mrs. R. C. Boyle, the regent of the Provincial Chapter, was in the chair. Among the officers and councillors of the Provincial Chapter, in addition to the president, who attended the meeting, were the honorary vice-president, Mrs. Henry Croft; the treasurer, Mrs. Pennock; secretary, Mrs. Bayfield; Mrs. Boynton, organizing secretary, all of Vancouver; the educational secretary, Mrs. Neroutsos; Mrs. Major and Madame Gaveau, of New Westminster; Mrs. Martindale, regent of the Victoria Municipal Chapter; Mrs. David Miller, secretary; Mrs. Hassell, Mrs. W. H. Benson, Mrs. Curtis Sampson, Mrs. Dennis Cox and Mrs. Schofield.

SOUNDS CLARION CALL TO WOMEN FOR PUBLIC WORK

Mrs. Boyle in bringing the War Memorial scheme before the notice of the meeting appealed to the members to support the scheme commending the establishment of the educational memorial as a gift of thanksgiving, contributions to which should be lovingly spirit as marked efforts of the Daughters throughout the war. The sum of \$50,000 had been set aside for the National Chapter, a goal for which every individual member should strive.

Widows' Children.
Mrs. A. N. Mouat, educational secretary of the Lady Douglas Chapter, asked what proposal was being made to take their place as members of the National Chapter, a goal for which every individual member should strive.

It seems to me that never had the I.O.D.E. a greater opportunity or a greater work ahead of them. Now that women have the vote and are expected to take their place as members of parliament, school trustees and aldermen, the I.O.D.E. must formulate a policy along these lines: Every Municipal Chapter should put up a candidate for civic government and for school trustees, a woman whose ability and single-mindedness has been proved in her I.O.D.E. work. In every city in this province where there is an I.O.D.E. chapter one of its members should be a school trustee, and regents of chapters should impress upon their members at all elections their place as members of the civic government.

Her appeal to the members to shoulder the civic responsibilities followed her excellent report of the work accomplished by the Order along educational lines in the province. To date some sixty historical pictures and fifteen libraries have been placed in B.C. schools. The travelling gallery of historical pictures has also been doing splendid service, having been shown at places throughout the entire province.

Complaint Re "Echoes"
Mrs. J. W. Martindale reported for Echoes, stating that as no complaints had been received, it could be taken for granted that everything was satisfactory. There were now over 200 subscribers in British Columbia. On the conclusion of Mrs. Martindale's report, a Victoria member voiced the opinion that the British Columbia chapters, particularly those of Victoria, did not receive their fair allocation of space in Echoes, calling attention to the fact that in a recent issue while some twelve or fourteen Vancouver chapters were given space, only one Victoria report and that of the formation of a chapter many months old, had been allotted to this city.

"J" UNIT CHAPTER AT CRAIGDARROCH

Outstanding Success Marked Splendid Concert Last Night at Hospital

That the efforts of "J" Unit Chapter, I. O. D. E., to relieve the tedium of convalescence is genuinely appreciated by the soldier-patients of the city was again shown last night when a merry party of the chapter members and their friends received a rousing welcome at Craigdarroch Hospital. About thirty members were in the initial party which reached the hospital at 7.30, but this number was gradually increased during the evening as individual members drifted in, until the well-wishers numbered about seventy and accommodation in the main reception rooms was severely taxed.

large list of options as he had presented for the initial stage of the Affiliated College, and that although courses in Biology, Geology, and Zoology are the mainstays, the expected attendance at the first session would make it extremely unlikely that these subjects would be taken by a large number of students to justify the great additional expense."

Adopt Kinlock Report. Later, Mr. Paul recalled, the Board of Governors of the B. C. University had decided to reject his report and to accept that framed by President Kinlock, who insisted upon a \$94,000 expenditure. The Board of Governors, Mr. Paul informed, took the ground that the Paul report was contrary to the resolutions adopted by the Senate, although Mr. Paul himself was of the opinion that the committee which prepared the resolutions!

"It was intended by the committee that the President should act simply as a check if too many courses were offered," Mr. Paul explained. "President Kinlock, however, took the stand that courses should be offered, with a corresponding reduction in the number of University authorities, who, of course, have determined upon a programme so elaborate as to be out of the question."

Mr. Paul stated that, when Mr. Kinlock visited the city on the question he had suggested, that the matter of optional courses should be all-ported by Kinlock at that time had outlined the course he now insisted upon Mr. Paul would have declared the proposition, then and there. However, the President preferred to examine the facilities of the High School before deciding on the optional courses. Later the same day Mr. Paul the \$94,000 estimate which the School Board cannot consider.

Put Us Out of Business. "We have now received a notification from the University," Mr. Paul remarked, "that practically puts us out of business as the possible and goes. I would like to put on record, however, my gratitude for the courtesy extended to me by the Minister of Education and the Department of Education."

"It would seem that President Kinlock's thought on this matter was, 'let us discourage these Victoria people from starting a university save spending large sums of money and appointing many professors—though I presume they are carrying on work of some kind—but it is an institution which does not attract people to send students there. Evidence of this is the fact that students of Victoria are attending universities in many parts of the continent instead of attending their own B. C. University. Under present conditions it does not seem to me that the Government is going to establish a university in proper shape, and the present condition of the university is such as to attract students from any place outside Vancouver. It is therefore a perfectly reasonable proposition to ask the Provincial Legislature to amend the University Act to allow Victoria to affiliate with McGill University as the B. C. University won't let us have such affiliation at a reasonable cost. It is a position to carry on the old McGill course."

Envy of Whole Country. "We have ample accommodation for the proposed course. This city was the envy of the whole country when it enjoyed the McGill affiliation when the standard of the students was magnificent." Joshua Kingham supported Mr. Beckwith and asserted that when the question of the affiliation of the B. C. University was first discussed it was generally understood that the city would have to bear a little extra expense for the privilege. Only Extra Year. Trustee Mrs. Andrew pointed out that at present the University is a Senior Matriculation course at the High School, success in which entitled a student to enter the second year in the university. If, therefore, the cost was asking only for an extra year to be added to the course. "As a member of the University Senate, who was present at the time when the affiliation was decided, I am glad to state that the resolution then presented certainly gives the right to the Senate to include in the course which the course was established," said Rev. Dr. Clay, "but no one in the senate, no, not a single member, understood that the establishment of the two-year course would involve anything like \$94,000 in expenditure. This estimate was a very great surprise to me. The British Columbia Government was simply for the privilege to carry on two years of university work at the High School here, and I am convinced that Victoria was willing to pay any reasonable additional expense on account of the establishment of the course. But no city in Canada would be willing to put up \$94,000 for this purpose. I may say that Mr. Paul's estimate of some \$20,000 is an excess of anything I had thought of."

Dr. Clay's Opinion. "It was a compromise estimate to meet the University estimate half way," Mr. Paul explained. Dr. Clay declared, "that this estimate of \$94,000 is put up to us with the determination of killing the whole thing." "The Province must be asked to provide the money toward the establishment of a college course in affiliation with any university outside the province, but he thought that it was possible permission might be granted to allow such affiliation. "We have not only a waiting chance of getting what we want from the Province, but we have a fighting chance," declared Trustee Beckwith. "The Province is over in Vancouver on this university and has not yet established a university which attracts students from other parts of the Province, and I don't think that the Government would claim that real university facilities exist in Vancouver. I don't know what the academic work of the university is, but the students are scattered all over the city. If the Government can spend \$400,000 in ten days, they can give an excellent chance of getting our desires granted, I think. I can't see why the people of British Columbia should be asked to send their children to outside universities when they are paying \$400,000 out for purposes of higher education. "Extraordinary Thing. "The action on the part of the Board of Governors is a very grave disappointment," Ex-Trustee George Jay observed. "It is a most extraordinary thing that the University authorities should decide that the cost of maintaining two years of work here in this city should cost as

VICTORIA TO URGE CABINET TO BRING COLLEGE "TO TIME"

Ask Government to Force University to Grant Arts Course Here

OR TO ALLOW OUTSIDE COLLEGE AFFILIATION

Declare Authorities Deliberately Prevented City Getting Old Privileges

Victoria is determined to re-establish a two-year college course at the local High School, and if the British Columbia University persists in refusing to allow such a course at a reasonable cost, then Victoria will endeavor to secure affiliation with some other university outside the Province.

These facts became clear when a meeting of the Victoria School Board and representatives of various public bodies yesterday afternoon decided to ask the Provincial Government to intervene to relieve the deadlock at present existing between the city and the University, and to bring the latter "to time" if the University is not thus compelled to grant affiliation on satisfactory terms, then the Government will be asked to allow affiliation with McGill or some other University.

General Indignation. Decision to ask for Government intervention was reached after the utmost indignation had been expressed on all sides at the action of the University authorities in making the cost of establishing a two-year course here so great as to be out of the question.

Men, Men! Try It To-night—Feel Fine To-morrow

Simple Way to Get "Pepp" To Be Put Right On Your Feet

When a man has lost ambition to "dig in" and stay at things—when he complains of headache, fullness in the right side, pains in the shoulder blade—it's purely a case of "Liver." These symptoms invariably indicate a clogged, inactive liver. The body can't get rid of its wastes, and the whole system is half paralyzed. Dr. Hamilton's Pills stimulate the liver into activity in one night. Being a mild vegetable laxative they produce results in a few hours. The bilious headache and constipation are cured, spirits rise, complexion clears, animation returns. Nothing in the calendar so efficient for that tired, lazy feeling as Dr. Hamilton's Pills. tion: after the meeting generally agreed that the University authorities, having failed to block the establishment of the course otherwise, had deliberately effected the same result by making the cost prohibitive, and after the Provincial Institution had been strongly censured for robbing the city of the privileges it enjoyed before the University came into existence.

The Resolution. A delegation consisting of the School Board and representatives of leading organizations and the Victoria members of the Legislature will wait upon the Cabinet immediately in accordance with the following resolution, carried unanimously: "Resolved, that a committee be appointed to inquire how the Government and ask that the Public School Act or the University Act be amended so as to compel the University of British Columbia to grant affiliation to the Victoria High School on similar terms to those recently enjoyed with McGill University; or, failing that, so as to permit the Victoria High School to obtain secure affiliation with McGill or some other Canadian university in respect of first and second year arts."

Discussion centred largely about a report prepared by Municipal Inspector E. E. Paul, who pointed to the splendid work formerly carried on in the city before the British Columbia University came into existence. He remarked that the B. C. University had taken away from the city the advantageous affiliation it had enjoyed with McGill University, and refused to grant similar privileges.

"The citizens of Victoria," he reported, "while they have always been disposed to give loyal support to the Victoria High School, were naturally disappointed at losing the privilege of affiliation with McGill University, which they enjoyed under the McGill University College. "They felt that excellent work had been done by the Victoria College, whose pupils had always taken high places in the honors lists of the Montreal institution, and that the intellectual life of Victoria would be seriously affected by the loss of affiliation with McGill University. He pointed out that the B. C. University had taken away from the city the advantageous affiliation it had enjoyed with McGill University, and refused to grant similar privileges.

"The expense of residing in Vancouver would not be appreciably smaller than would be incurred by proceeding to an Eastern University. The small number of our students now attending at the B. C. institution, and the considerable number enrolled in extra-Provincial Universities, has demonstrated that the establishment of the University at Vancouver, followed by the loss of affiliation with McGill, has inflicted serious hardships on Victoria students ambitious to continue their academic studies. "Strong efforts were therefore made to induce the Board of Governors of the University to grant Victoria the privileges of affiliation which had been lost in consequence of the breaking off the McGill connection, and after many interviews with that body by a committee of the Board of School Trustees, of which Mr. Paul was chairman, the Board of Governors decided to report in favor of the contents of the Victoria committee. However, the School Board were notified some days afterwards that the Board of Governors had unanimously rejected the application for affiliation.

Views Differ. Mr. Paul went on to recall that negotiations reopened last year had decided the Senate of the University to grant affiliation. The following resolution, passed by the Senate, he emphasized, was to govern the character of the course to be offered in Victoria: "The affiliated college shall offer courses in the subjects obligatory in the first two years in Arts, such other optional subjects as are necessary to allow students to take complete courses in those years, and any further optional subjects that from time to time may be found desirable; and that the approval of the President of the University shall be necessary before any such optional course is offered."

"President Kinlock's estimate," Mr. Paul stated, "of the cost of instruction not only in the obligatory subjects prescribed for the first two years in Arts, but also in all the optional courses offered in the calendar for those classes, instruction which would require, in his judgment, fourteen teachers. He also makes provision for an administrative office, a general office, an office for every two instructors (7 offices), a Biological Laboratory, and a Geological Laboratory, besides lavatories. Other requirements, according to the President, are extra equipment for the Physical and Chemical Laboratories, and books for the Library. The cost of all this, in President Kinlock's estimate, would be a little in excess of \$94,000.

ject which he had in mind would embody the proposal. Determined to Win. Ex-Trustee Clarence B. Deaville stated that the Rotary Club, which he represented, wanted the two-year arts course here and was determined that the city should secure it. At the same time he agreed that everything possible should be done to secure affiliation with the B. C. University before affiliation with other universities was sought.

Dr. Clay pointed out that the matter had not been finally disposed of by the University authorities, as the Board of Governors had decided to forward the \$94,000 estimate to the Senate for approval. "Mr. Paul pointed out, however, that the Senate would not meet again for some time, and immediate action on the matter was absolutely essential if the course was going to be established this year.

Privileges Denied. "The decision with regard to the \$94,000 estimate," declared Trustee Mrs. Spafford, "is clear evidence that the Board of Governors does not propose to let us have the privilege of university work in this city. There is no other way that its action can be interpreted. We have a very strong case to put before the Government when we take into consideration the fact that the people of this Province spend \$400,000 on the University, and yet have not the privileges here which we used to have before that University was established. "Dr. Ryan, representing the Women's Canadian Club and the Women's University Club, pointed out that the Provincial authorities had taken away from Victoria the privilege of affiliation with McGill—a privilege which it did not give the city. "We don't want any special privileges," she averred. "We only want to keep that which we be-

fore the B. C. University was established until we can get something better. I am told that twenty-five per cent. of those who attend public schools of this city go into the High School, while in other parts of the Province from ten to fifteen per cent. do. Why should not this larger proportion be barred from education by the University? In any case, suppose the students take only the two-year course here and go no further. They are richer by two years of college training, and the Province is richer by the added education of her growing citizens."

After some further discussion Mr. Beckwith's resolution, quoted in the foregoing, was carried unanimously, and the following were appointed to interview the Government along the lines determined. All members of the School Board; Mr. Kingham, on behalf of the Board of Trade; Clarence B. Deaville, for the Rotary Club; J. B. Clearidge, the Kiwanis Club; Geo. Jay; Dr. Ryan; for the Women's Canadian Club and the Women's University Club; Mrs. Graves, the Women's Council; Mrs. McNaughton and Municipal Inspector E. E. Paul.

In addition, the Victoria members of the Legislature will be requested to be present at the conference with the Government.

Medicines Used by Monks

It is claimed that monks of ancient days knew of more than three hundred species of medicinal plants used in general for medicines by these religious orders. While centuries have passed with all the advances made in medical science, many of our most successful remedies are to-day made from the roots and herbs of the field, like that once-facinated remedy, "Lodine." Pinkham's Vegetable Compound, which for more than forty years has been relieving the women from some of the worst forms of female illness, is now considered the standard remedy.

**CONSIDERS RUSH
TO PREMIER JUSTIFIED**

**Mining Man Here From Hyder
Has Been Engaged in
Assay Work**

Arriving from Hyder, Alaska, P. A. Jenns was at the Dominion Hotel on Monday. He left Vancouver last Spring to open an assay office in Hyder. He was also called on to assay sample ores from the Premier Mine, the Bush holdings, the Big Missouri, the famous '49 property and others coming from any parts of the Salmon River ore district.

The now famous Premier, says Mr. Jenns, is an unusually rich strike and his work in assaying ores from other properties, has convinced him that all the excitement, rush and investments that have visited the district, are justified. The Premier, he relates, has tunneled to a large and rich lead and is installing machinery as fast as it arrives at Hyder.

The Bush and the Big Missouri are working and the '49 with which he was connected, is doing extensive development work. The surface indications on several of the properties, he declared, are better than those of the Premier ever were. The ore to which the Premier people have tunneled assays 400 to 500 ounces of silver per ton.

The '49 property is owned by Sam J. Silverman of New York, who formerly made his headquarters at Victoria, and through this source, Mr. Jenns states, that he has become connected with others from New York in mining properties in the Salmon River district. He expects to complete his arrangements in a month and return to the field to look after these interests.

Commences Suit.
William Holden, of Vancouver, has brought an action against F. C. Porter and Rose Belle Porter asking for a declaration that he is the rightful owner of an undivided half interest in the Anaconda Group of mineral claims in the Nicola Mining Division. The names of the different claims composing the group are as follows: Ruby, Garnet, Black Diamond, Anaconda, Rose, Lilly, Mayflower and Blossom. In the alternative Mr. Holden asks for his money to be returned.

Pioneer Miner Passes.
After an illness of about four years' duration, J. T. Hillis, one of the best known mining men who ever operated in the Coast districts of British Columbia, is dead at his Vancouver residence.

"Jim" Hillis, as he was everywhere known, first came to this province from Montana in 1900. At that time, he was associated with the late Howard C. Walters in mining operations, and together they became interested in the Britannia claims on Howe Sound. The preliminary development of this property was conducted by Messrs. Walters and Hillis, and despite many discouragements they persevered till the original work on the old Jane Basin had progressed to the point where the claims had been proved. New York capital was then interested, and with unlimited money development on a large scale came rapidly.

Mr. Hillis later turned his attention to the opening of several properties in Northern British Columbia and Alaska with the late W. J. Van Wyck. Finally they secured their energies in 1905 on a group of claims at Hidden Creek, Goose Bay, Observatory Inlet. The work they performed there stands forth to-day in the immense development and equipment of the Granby Company at Anxox.

**FOR DIRECT ACTION
AGAINST MAJORITY**

**Mayor Unable to Quell Pande-
monium When Ald. Todd
Declares Independence**

Alderman Todd told Mayor Porter and the aldermen last night that he did not consider himself bound by any action the majority of the Council takes.

Especially so, he declared, if the aldermen against his advice put any clauses into the private bills of which he does not approve. Even if every other alderman were against him he would go right over to the Parliament Buildings and fight it out before the Private Bills Committee.

"Do I understand Alderman Todd to say that if this Council passes anything he doesn't agree with he is going over to the Legislature to oppose it?" asked Alderman Patrick.

"You've got my idea exactly," replied Alderman Todd. "If all the Council except myself are agreed on something that I don't think right I am going over to the Private Bills Committee to fight it."

Jitney men with their wives and families, who packed the Council chamber, greeted this with a tremendous outburst of applause and cheering. Mayor Porter tried to silence them, but they consented to stop only when they felt they had made enough noise.

Aldermen were much surprised by the demonstrative outbreak and after it calmed down they did not seem to know how to start going again.

"We had enough of this sort of thing last year," said Alderman Patrick, appealing to the Mayor against riotous outbreaks in the Council chamber. "It is a nice state of affairs if I can't get up and ask an alderman a civil question without pandemonium being let loose."

Trial Settled Out of Court.—In the Supreme Court yesterday when the trial of Maxam vs. Martin was called counsel informed Mr. Justice Gregory that a satisfactory settlement had been reached by the disputing parties. The trial was immediately concluded. The plaintiff, Maxam, petitioned for conveyance of certain lots in this city.

Free Yourself of Rupture Without Pain, Operation or Loss of Time

FOR the benefit of our readers we take pleasure in publishing the Brooks offer to save all who are ruptured from wearing painful makeshift trusses that do not cure.

The Brooks Appliance Company gladly sends its remarkable patented Appliance ON TRIAL to prove that it holds the rupture back, keeps it in place, prevents it coming down or slipping out and finally assists Nature to heal up the rupture

No man or woman ever can look and feel his or her best while suffering the torment, pain and discomfort of rupture.

Every day that you suffer from rupture—every hour of truss torture that you endure—after you read this page is your own fault.

For many years we have been telling you that no makeshift truss will ever help you. We have told you about the harm ill-fitting trusses are doing. We have told you that the only truly comfortable, sanitary and scientific device for holding rupture is the Brooks Rupture Appliance.

Now we offer to prove it to you, entirely at our risk. We will send you a Brooks Rupture Appliance on trial. If you really want to be rid of your rupture fill out the coupon below and mail it to-day.

Instead of wearing a steel spring or inflexible harness, try the velvet-soft Brooks Appliance.

Instead of the old hard or stuffed pad use the soft rubber automatic air-cushion of a Brooks Appliance.

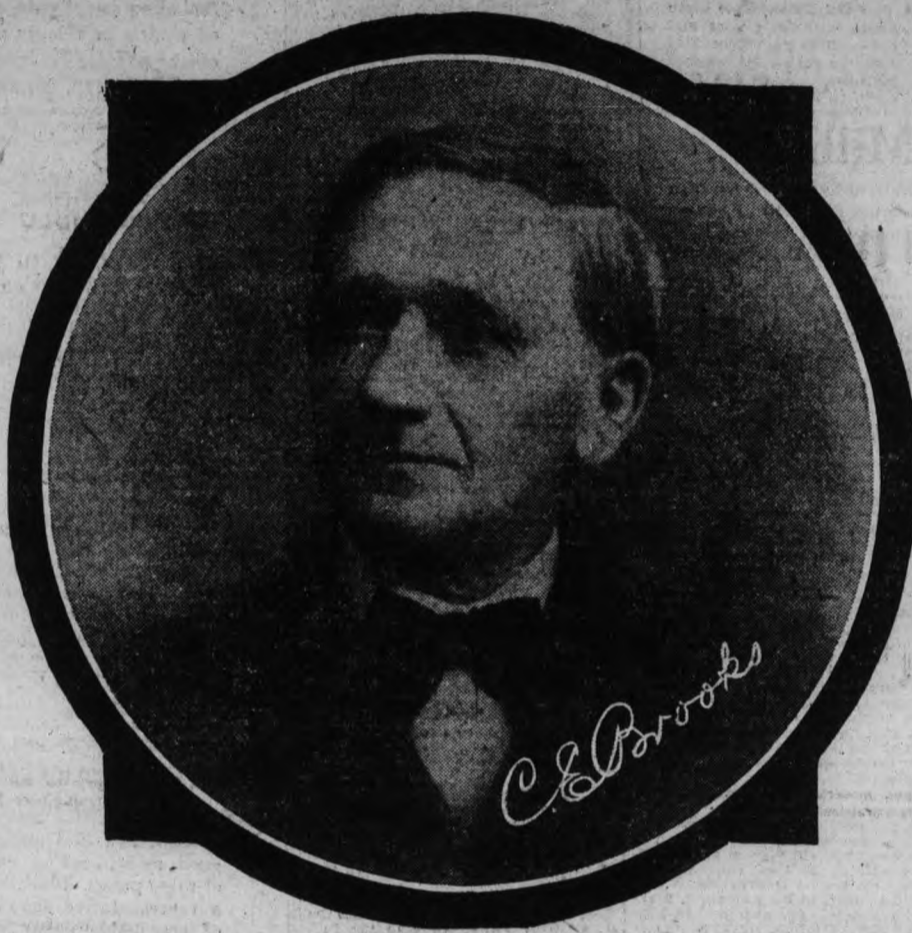

The Brooks Appliance clings to you without force and you are hardly conscious of its presence. But above all else, it **HOLDS** always.

Within an hour after you receive the Brooks Appliance, if you take advantage of this remarkable trial offer, you will throw away your truss forever.

Over 685,000 People Have Accepted This Offer—Why Not You?

Doesn't that prove that the Brooks Appliance is not an experiment but a positive success—that it does all we claim for it? Among these 685,000 men, women and children there must be hundreds whose condition was identical with yours. Can you afford not to investigate and satisfy yourself when it costs you nothing to prove what the Brooks Appliance will do for you?

This wonderful device is a triumph of scientific and mechanical genius, the out-

Mr. C. E. Brooks, Inventor of the Appliance. Mr. Brooks cured himself of rupture over 30 years ago and patented the Appliance from his personal experience. If ruptured, write TO-DAY to the Brooks Appliance Company, Marshall, Michigan.

come of more than 30 years experience and the results accomplished by its use are little short of miraculous.

Many hundreds of physicians and surgeons recommend the Brooks Appliance and condemn makeshift trusses as more harmful and dangerous than any other method of retaining and treating rupture. Thousands of people have written us testifying to the amazing results they have secured from this great invention. Many of these people live right in your vicinity and we will be glad to send you copies of their thankful letters if you will ask for them when you write.

Men, Women and Children Find the Brooks Appliance Equally Effective

No matter if your rupture is old and severe or only recently developed, no matter if you are young or old, you should not fail to profit by this *No-Risk Trial Offer*.

No other rupture support, truss, lock, device, pad or plaster is offered to the public under so broad a guarantee of satisfaction.

If for any reason whatever you do not wish to keep the Brooks Appliance after you try it, send it back. You don't have to give any reason. You are to be the sole judge. There will be no argument, no dispute or misunderstanding.

Ten Reasons Why You Should Accept This Offer

1. It is absolutely the only Appliance embodying the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike ordinary so-called pads, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands do not give the unpleasant sensation of wearing a harness.
7. Nothing to get foul; it can be washed without any injury.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All materials are the very best that money can buy, making it a durable and safe Appliance to wear.
10. Our reputation is so thoroughly established and our prices so reasonable, our terms so fair, that you should not hesitate to send the free coupon to-day.

BRIEF LOCALS
Many Building Licenses.—Fifty-two building licenses were issued in Oak Bay during 1919, representing building improvements valued at \$127,055, according to Municipal Engineer Fowler's report. The cost per yard of street maintenance in the municipality for the last four years was as follows: 1916, \$4.03; 1917, \$4.03; 1918, \$4.03; 1919, \$4.03.
Community Club Social.—The Young People's Community Club of St. Columba Church, Oak Bay, held their monthly social on Tuesday evening. A very enjoyable time was spent, games being indulged in during the evening. Refreshments were served by the ladies of the social committee. A short musical programme then followed, ending at 10.30. The Y.P.C.C. meets every Tuesday evening at 8 p.m. in the parlor of St. Columba Church. All young people are heartily welcome.

Camp's History.
During the evening the history of the Y. M. C. A. Gorge Camp was related. In 1905 a few members of the Association decided to pitch their tents on a site opposite the Electric Park. Year after year these campers continued to settle on this site and gradually their numbers increased until in the summer of 1914 and 1915 thirty members enjoyed the open-air life. Owing to most of the members going overseas, the camp during the past few years was maintained by the younger member of the Association.
About 90 per cent. of the old campers enlisted for active service and eight paid the supreme sacrifice. Their names were given a place of honor in the programmes published for the banquet, and were as follows: Arthur G. MacNeil, C. G. Wright, George W. Elliott, Fletcher F. Elliott, Rollie M. Jones, William J. Cook, Frank Halford and Vernon Kidd.
Just before the gathering broke up last evening the happy party gathered around a miniature camp-fire with the moon peaking in through one of the windows and enjoyed an interesting sing-song.

COUNCIL DECIDES ON BRIDGE PLANS
Preparation of plans for the Johnson Street bridge to start at once. The City Council decided last night, Aldermen held a special meeting to deal with the bridge so that there would be no delay in getting it started. It took them fifteen minutes to put the whole thing through.
Recommendations of City Engineer Preston were approved and the Strauss type of bascule adopted. This will be designed by a patented bascule firm. All the rest of the designing will be done here under the city engineer. Experts will likely be taken on at once to start this work.
B. B. Motley of Montreal, chief C.P.R. bridge engineer, telegraphed last night that such an arrangement would be satisfactory to his company. A. F. Proctor, engineer of the Provincial Government, also approved of the plans.
Along with the decision to proceed with this type of bridge, Alderman Todd had coupled the suggestion to place of steel wherever possible so that local labor and industry will be given an advantage.

Approved by All Parties.
Alderman Todd moved the adoption of the engineer's bridge recommendations and introduced and had passed a resolution that each step of the work in connection with the Strauss bascule be subject to the approval and inspection of the engineers of the B.C. Government, the city and the railway companies. Alderman Sangster seconded the adoption of the engineer's recommendations.
The engineer's recommendations were: "The type of bascule may be set on the street and then one of the patented bascule bridge companies employed to design this work and to prepare the necessary drawings and specifications which will be handed to this department, and tenders called upon them, together with the rest of the work, i.e., the approach spans and substructure, which will be designed by the city engineer's department."
The latter will undoubtedly be the

Roy Rickey's First Counter in Overtime Fray Puts Mets on Top

But Aristocrats Have Chance to Climb to Top Again Friday When They Entertain the New League Leaders

Roy Rickey, the young Seattle defence with the complexion of a lady, was slow in getting started in the scoring column, but when he did get started he did so in a way that will make the Seattle fans forget any deficiencies.

The Vancouver boys have been the only ones to hand Walker's hand a defeat on their own ice, and consequently the Seattle men were particularly anxious to prove to their supporters that they could do it and they had to go hard right through to the overtime play to stop Cook's men from taking the game, and the position the Met's now hold.

Aristocrats Chance Friday. The Victoria aggregation extend congratulations to the Metropolitan squad and would not have had the game go any other way. Theirs, however, is similar to a left-handed compliment. Had the Mets not handed it to the Canadian puck-chasers, Eddie Outman's gang would have had a chance of climbing back to the top again when they clash with Seattle Friday night at the Arena.

Even Battle Sura. There is one great certainty and that is that another of those even, clean, speedy tussles which have featured the frays with the Metropolitan will be staged Friday night.

Mount Clemens, Mich., Jan. 29.—Ideal weather, and fast track drew a big crowd for the second day's card of the Clintonview Park ice trots yesterday. The Canadian contingent, which dropped a big roll on Romalia Tuesday afternoon when that horse refused to stay on the track, retrieved their fortunes yesterday by plunging into another Montreal horse uncovered by Nat Ray, the Toronto reinsman.

LIL' ARTHUR IS AFTER CHAMPIONSHIP

The Big Negro Writes He Will Report to U. S. and Then Fight Dempsey

Chicago, Jan. 28.—Jack Johnson, former heavyweight champion pugilist of the world, plans to return to the United States at once to face charges pending against him in Chicago, according to a letter shown the Associated Press yesterday by Johnson.

To Secure Bondsman. The letter shown by Johnson was written by him to Charles F. Clyne, United States district-attorney in Chicago. It said Johnson would go to New York by way of Havana, arranging with the American Embassy here for federal agents from Mr. Clyne's office to meet him in New York.

His Old Fighting Weight. Johnson asserted yesterday that he weighed 213 pounds, but would go into training immediately after reaching the United States and would be able to easily make his old fighting weight.

Johnson was tried in Chicago early in 1913 on charges of having violated the Mann white slave law and being convicted, was sentenced to one year's imprisonment in the federal penitentiary at Leavenworth, Kansas.

No Communication. Chicago, Jan. 29.—Charles F. Clyne, federal district-attorney, who prosecuted Jack Johnson, then heavyweight champion to-day said he had received no communication from the negro since he left Chicago.

ISLAND ATHLETIC CLUB IN SESSION. An adjournment to the early part of next week was made necessary at the annual meeting of the Victoria and Island Athletic Association last night until several suggested changes in the constitution have been made.

WILDE TO-NIGHT IN NO DECISION BOUT. Milwaukee, Wis., Jan. 29.—Jimmy Wilde, British flyweight champion, will make his third bid for title honors in this country to-night, when he meets Mike Ertle, a St. Paul bantamweight, in a scheduled 10-round, no decision bout.

BILLIARD SURPRISE. Chicago, Jan. 28.—A surprise was sprung in the National Amateur Three-cushion Billiard championship last night when W. H. Huey, of Chicago, 59 to 47 in 70 innings.

CALGARY BONSPIEL OVER. Calgary, Alta., Jan. 28.—Visiting curlers who have been here for nine days participating in the provincial bonspiel are en route to their homes, as the big curling carnival terminated this afternoon.

BEAT THE HINDU. Spokane, Wash., Jan. 28.—Walt Evans, Tennessee, claimant of the Southern middleweight wrestling championship, won from Basants Singh, Sacramento, here to-night, two falls out of three.

NO "SHAKE UP" IN CASCARETS

You'll Not Be Sick, Upset and Sorry Next Day if You Take "Cascarets" for Liver and Bowels

Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh Pills. Feel bulky? Be efficient! Don't stay sick, bilious, headachy, constipated.

ROCKSIDE Poultry Store

J. RYLANDS, Prop. 640 YATES ST. Warehouse 5688. SPECIAL FOR WEEK-END RABBITS, 2 1/2 to 3 Lbs., each 30c

There's been a rush on ROCKSIDE RABBITS, but more can still be found. (Jos had to kill them off, for they burrowed up his ground).

And people say they never knew hulled RABBIT was so nice. Ask Rotarians what they think of ROCKSIDE rabbit pie.

Yes, RABBITS are indeed a boom—when sold at such low price—And people say they never knew hulled RABBIT was so nice.

Now here's a little conundrum which some of you might solve. If in too much hard thinking it will not your brain involve.

Why will a nice young Rabbit, from RYLANDS' YATES STREET STORE, Go further than SEATTLE CHICKEN, and be worth far more?

However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected.

Elimination of distillate means that motor boat owners, particularly the operators of the innumerable mosquito and fishing craft along the British Columbia coast, are wondering what they will do now that the sale of distillate is to be discontinued.

TO DEVELOP PLANS FOR NEW BUSINESS MEXICO MARIAGES POSITION BY RADIO

E. G. McMicken, of Admiral Line, Will Sail on Liner President for South.

O. S. K. Liner Cannot Make Port From the Orient Before Sunday Night

On this trip he will inquire into the possibilities of increasing the Mexican and Central American service established by the Admiral Line recently, and will also commence the laying of plans for the trans-Pacific passenger service now anticipated as an immediate future possible extension of service.

The company has already arranged for the sending of George J. McCarthy to the Orient to commence laying the foundation for the establishment of passenger agencies across the Pacific.

BERNARD ABANDONS ARCTIC EXPEDITION

Veteran Navigator Gives Up Attempt to Negotiate Northwest Passage

Seattle, Jan. 29.—After one of the most desperate efforts in Arctic annals to make the Northwest Passage, sailing from west to east, Capt. Joe Bernard, veteran navigator, trader and explorer of the Far North, is reported to have abandoned the expedition for the present.

He is owner and master of the ten-ton schooner Teddy Bear, which was built in Sechart in 1908.

BAD COLD LEFT HIM WITH BRONCHITIS

However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected.

Bronchitis is one of the most common affections of a neglected cold, and neglected bronchitis the most general cause of consumption.

Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucous, and stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated part, and thus prevents it becoming chronic.

Mr. R. P. Sundblad, Francis, Sask., writes:—"I had a very bad cold which left me with bronchitis. I tried several cough remedies and pills of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."

Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price, 15c and 30c. Manufactured by The T. Milburn Co., Limited, Toronto, Ont.

ASHORE IN SNOWSTORM

Norfolk, Va., Jan. 29.—Going ashore in a gale and snowstorm, the four-masted schooner "Momi" T. to-night was a total wreck and fast going to pieces just south of Curruck Inlet on the North Carolina coast.

The crew and one woman on board the vessel were rescued by the coast-guard.

TENDER GUMS—A WARNING

Beware of gum tenderness that warns of Piorrhia. Four out of five people over forty have Piorrhia—many under forty also.

Forhan's positively prevents Piorrhia, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

AGGRESSIVENESS IS CHURCH'S NEED. Dean Quainton and Seattle Bishop Address Anglican Provincial Synod. Vancouver, Jan. 29.—That the old-time complacency and self-satisfied air which the church had for so long been encumbered must, go, and in its stead be placed a spirit of aggressiveness in order that the teachings of Christianity should be upheld, was the prevailing note in two stirring addresses delivered by Dean Quainton of Victoria, and Bishop Cator, of Seattle, attending the Provincial Synod of the Church of England at a banquet given to the visiting delegates at the Hotel Vancouver last night.

Bolshevism Subject of Debate.—There promises to be a large attendance at the Crystal Theatre on Saturday night to hear the debate on "Bolshevism" between J. B. Clearhite and W. E. Peirce, of the Federated Labor Party. Recently Mr. Peirce announced from a public platform that he was a Bolshevik under certain conditions. Through the press Mr. Clearhite took issue with Mr. Peirce and challenged him to a debate on this subject, which Mr. Peirce readily accepted. Much interest is being taken in the debate.

CITY BOND DEALS APPROVE COUNCIL WITH NEW CHARGES

Secret Manipulations in Finance Committee Alleged by Alderman Andros

Charges that "what goes on in the Finance Committee would bring the blush of shame to any man's face," made by Alderman Andros at Monday's City Council meeting, brought demands at last night's meeting of the Council from Alderman Sargent, Finance Chairman, that Alderman Andros retract his remarks.

"I want him to take back his blush of shame statement," cried Alderman Sargent. "It is slanderous and libelous and affects everybody on this committee."

This appeal met with a flat refusal from Alderman Andros, who rose and made further charges about secret bond manipulations that are carried on in the Finance Committee.

Other Aldermen rushed to the support of their finance chairman. Alderman Johns asserted that Alderman Sargent was worth "one thousand men such as Alderman Andros."

Makes New Charges.
 New charges brought up last night by Alderman Andros were:

1. A \$50,000 bond trading deal was "railroaded" through the Finance Committee last Monday without members of the committee being given a chance to discuss the matter.
2. General Clark, who carried out the bond transaction passed up and down the hall outside the committee room until he was called in and then the deal was put through while he was there, so that members could not express their opinions freely.
3. These bond transactions are being put through to give certain firms the opportunity of making commissions.
4. Certain firms "have the inside track of the Finance Committee, while there are other firms in the city that should be given a chance, firms which also pay the same licences."
5. "These bond transactions are not the only things that are going on in the Finance Committee."

Mailed by "Youth."
 Defending the bond deals Alderman Sargent told how his committee had made \$73,000 for the city's sinking fund. During the last five months \$48,000 had been made on various small bond transactions. On one transaction last November, the city benefited by \$25,000 more than it would have, if the transaction had not taken place.

"It is a common thing for Alderman Andros to pull out before the finance committee was through. He left the committee early last Monday and a youth put it over him when he said the city would save \$3,000 by buying bonds at 99 cents, said Alderman Sargent.

Not Only Finance Wigard.
 "While Alderman Sargent, as chairman of the finance committee may be a wizard of finance, I happen to have spent twenty-six years in finance, sixteen years of which I was a manager of the Bank of Toronto," said Alderman Andros. "I should consider it impertinent for instance, to criticize Alderman Dinsdale about building a brick wall, or Alderman Dewar about driving a street car."

"I consider I am just as well situated as any member of the city council to criticize the finance committee."

Pitchforked Into Office.
 Turning to Alderman Sargent, Alderman Andros declared, "I am far better fitted than you are."

"That's the trouble," replied Alderman Sargent.

"You were only pitchforked into the chairmanship of the Finance Committee because of the inability of Alderman Cameron to take the position," Alderman Andros went on.

Only Melon for Brokers.
 These bonds we are going to exchange bear 5 1/2 per cent interest and are not taxable. The ones we are taking are subject to tax. The city must consider what these bonds would be worth if we had to realize on them.

"I do not believe in this trading of bonds. Why should we throw \$300 to \$400 into a broker firm as commission when we could save that to the City of Victoria."

"In my opinion the proper way would be to sell the 1922 bonds bearing 5 1/2 per cent and non-taxable, at the best obtainable figure, probably around par or better and then by 1934 bonds to the same extent. By this means we would make for the city any profit accruing to the transaction and the citizens and taxpayers would have an opportunity to invest their savings on 5 1/2 per cent non-taxable bonds."

"Railroading" Bond Deals.
 "Some of the members of the Finance Committee never knew such a transaction as this was contemplated. We met and then saw someone walking up and down the hall outside. Suddenly this man slides into the room and the transaction is passed.

"It was not even discussed. I take exception to the way the transaction was railroaded through.

"It is usual for members of the Finance Committee to have opportunity for discussion before a transaction is passed. How could we pass intelligently on a \$50,000 transaction while General Clark, was standing there?"

By Experience.
 "I leave it to any of you whether I had a fair chance to discuss the matter."

"You had all the chance you wanted to have," Alderman Sangster broke in.

"I had only the chance you wanted me to have," replied Alderman Andros.

"I never signed the report of the Finance Committee and I was never offered it to sign. By my education and experience I have more right than any man in this Council to deal finance matters."

Other Deals Planned.
 "This is not the only thing that is going on in the Finance Committee. I was told by a respectable financial

institution that a marvellous scheme was now being worked up which we are going to buy hundreds of thousands of dollars of bonds in London.

"The citizens of Victoria should be given a chance to buy these 1922 bonds of ours which are non-taxable and bear 5 1/2 per cent and would be appreciated by the investing public. The bonds we are taking cost 99 cents and we are losing at least three-quarters of one per cent."

"These are things that make people wonder. Certain firms have apparently the inside track of what is going on. Why should the Dominion Securities Corporation have any preference when there are other

firms in the city that should be given a chance and which are paying licences to do business?"

Should Be Satisfied.
 "As far as retracting my statements I will say this:
 "I don't think what goes on in the Finance Committee would make the chairman blush, nor do I think anything would make him blush. This would satisfy him if he is not satisfied he can take whatever steps he sees fit."

"What is the use of being on a finance committee if bond transactions involving \$50,000 are railroaded through? I do resent being asked to

decide on matters involving such large amounts without having an opportunity to give the matters proper consideration."

Thousand Times Better.
 "I have sat on that finance committee for three years and Alderman Andros had the chance as all others to express his views," said Alderman Johns. "And there has been no railroad."

"Alderman Andros was given the opportunity to express himself, and he did express himself when General Clark had left. If I have any intelligence at all there is a great deal of difference in the ability of the two men to fill the position. Alderman

Sargent can fill it one thousand times better?"

Wealthy and Careless.
 "The question was discussed and Alderman Andros did not vote against it," said Alderman Sangster. "If any blush of shame could be brought to anyone it should be brought to your face."

Alderman Sargent said that Alderman Andros must be so wealthy that he has become careless about small amounts like \$20,000 of the city's money as in referring to the bond deal he could not distinguish between \$50,000 and \$30,000.

Untrue Statements.
 "Alderman Andros says what is

absolutely untrue when he says things are railroaded through the Finance Committee," went on Alderman Sargent.

"The members of the Council know what went on and are quite satisfied and do not need any explanation," said Mayor Porter.

"I did not see any tendency on the part of the chairman to railroad anything through," said Alderman Patrick. "We hear every week about this man who was a manager of a bank and about this twenty-six years, but no one knows where he had all this experience"
