# WIKIDATA LAB XXVIII

## METADATA APPLICATIONS

This training aims to share resources and capabilities for the integration of Wikidata with other Wikimedia projects and external projects.

In this event, part of the Wikidata Lab series, there will be a presentation and a sequence of practical activities and discussions about the process of creating and contributing with metadata applications on Toolforge.

The event is aimed at training the community of editors of Wikimedia projects. The training coordination will be carried out by the wikimedians Éder Porto and Lucas Werkmeister, in English.

The event will be online. Please, if you are interested in participating in the event, register on the registration page. There is no registration fee. Unlimited places.
