### LAY CORNERSTONE \$500,000 AUTOBUS LINE TO FORCE CUT IN FARES, IS PREDICTED

### OF PRESBYTERIAN CHURCH; SERVICE IS IMPRESSIVE

#### Dr. J. W. Baer Gives Address And Charter Members Are Honor Guests

The cornerstone was laid yesterday afternoon for Glendale's new Presbyterian church.

Dr. John Willis Baer of Pasadena, formerly president of Occidental college, was the speaker of the occasion. He was the speaker eleven years ago at the dedication of the present Presbyterian church.

The cornerstone was laid by Rev. W. E. Edmonds, pastor of the church, who referred to the fact that the cornerstone symbolically was the chief stone of the edifice.

The early history of the church and its development were commented upon with pride by Rev. Edmonds, who called attention to the beauty and magnificence of the congregation's new home.

#### From Local Churches

Fellowships from all the churches of Glendale were extended by Rev. C. A. Cole, pastor of the Christian church, in behalf of the Glendale Ministerial association. He stated that the undertaking of the building of this new church was a challenge to heroism.

The churches of the city symbolize the invisible, which is the most real, according to Rev. Cole. He referred to the importance of churches in the educational, civic and moral welfare of the city.

The outlook for the future was emphasized by W. J. Clendennin of 609 South Western avenue, chairman of the church building committee, who compared conditions twenty-five years ago with those likely to exist twenty-five years from today.

#### Built by Faith

"Faith is the substance of things hoped for," quoted George D. McDill of 1451 East Wilson avenue, executive secretary of the new church building, in a short speech in which he called attention to the fact that the new church is a concrete illustration of things hoped for caused by faith.

Mr. McDill commented upon the conquering faith demonstrated by the congregation in contracting to buy the new church property March 21, 1920, when the treasury was empty. He said that it would be necessary to utilize the Salvation Army version of this Biblical quotation—"Faith is giving your substance to things hoped for."

The interludate Christian Endeavor chorus, which has about fifty members, was led by its superintendent, H. L. Brown of 406 North Maryland avenue, in a number of rousing battle hymns.

The Presbyterian church quartet sang two anthems: "The King of Love My Shepherd Is" by Shelly and "The Heavens Are Telling" from "The Creation," by Hayden. Its members are Mrs. Fannie Marple, Bessie of 114 West Park avenue, contralto and director; Miss Elizabeth Mottern, 211 North Adams street, soprano; J. Malcolmson Huddy, Pasadena, bass, and C. Clifford Riggs, 333 Salem street, baritone.

#### Seats of Honor

Charter members of the church were given seats of honor during the ceremony. Only five of those are now living. William Denman Byram, who makes his home in San Francisco, was unable to be present. The others, who were present, are Mrs. Hulda Miller Byram and her daughter, Mrs. Eva Byram Banke, of 228 North Glendale avenue; Mrs. Alice M. Ayers, 138 North Belmont street; and Mrs. Minnie Ayers, 1121 South Central avenue.

The reception committee consisted of elders, deacons and trustees of the church and their wives. Elders are: W. J. Clendennin, J. J. Lemon, H. L. Howe, J. A. Newton, H. L. Brown, Rex C. Kelley, J. E. Colvin, M. P. Harrison, G. D. McDill, H. M. Stadt, J. Horsch, J. F. Snyder, D. L. Foster, I. P. Isitt, H. H. Schumaker, W. G. Boyd, H. L. Finlay, W. A. Horn.

Deacons are: W. E. McCormick, S. A. Forrester, R. T. Lyons, J. K. Glickerson, F. A. Buck, F. G. Taylor, R. D. King, W. H. Barnes, L. A. Hart and J. B. McAllister, Dr. B. McLaughlin, M. M. Lennox, Dr. A. D. Smith, H. J. Lawrence, G. B. Porter, M. H. Stanley, G. H. Daugherty, H. C. Rettberg and W. C. Harris.

#### Board of Trustees

Trustees are: T. W. Preston, J. M. Pife, W. S. Ferrin, J. E. McClellan, C. E. Boss and A. L. Baly. The invocation was pronounced by Rev. Louis Tinning, assistant pastor of the church.

Ushers were members of the Men's Bible Class of which W. A. Horn of 221 North Louise street is president.

Decorations of palms and ferns were provided under the direction of Mrs. Martin Ball of 432 West Windsor Road, president of the Lydia Bible class.

The ceremony ended with the singing by the congregation of "Blest Be the Tie That Binds." Rev. W. E. Edmonds pronounced the benediction.

#### Large Transportation Deal Is Under Way to Aid Glendale District

Glendale is now in a position to secure lower transportation rates to Los Angeles, according to C. D. Gulick of 1237 South Central avenue, who is now incorporating the Glendale Motor Bus company for \$500,000 with the intention of purchasing the Verdugo Hills Transportation Company.

Mr. Gulick announced that the present fares of the Verdugo Hills transportation company have been recently adjusted by the railroad commission and the bus company is now permitted to charge 15 cent cash fare, one way between the city of Glendale and Los Angeles, Fifth and Los Angeles streets, Union Stage Depot and that the commute fare will not exceed 25 cents, round trip. The service will be put on during the peak hours of the day at six minute intervals and during the lighter hours at twelve minute intervals.

#### Claims Lower Rates

"This arrangement will not only lower the rates between the city of Los Angeles and the city of Glendale," stated Mr. Gulick, "but it will give all residential districts in the city of Glendale transportation facilities at very frequent intervals for 5 cent fares to the business and shopping center of Glendale."

"It is a well known fact that present high rates of fares on the electric lines between the city of Los Angeles and the city of Glendale has worked considerable hardship upon the citizens of Glendale. By installing this bus service there is no question but what the Pacific Electric Company will have to meet the rates of the bus company."

#### Predicts Rate Cut

"In fact we believe they will have to cut the rates below those of the bus company in order to hold or secure any patronage from the citizens of this vicinity."

"Glendale should certainly be proud to announce the fact that this wonderful arrangement has been at last completed so that in the very near future the city of Glendale can secure the most wonderful system of transportation ever installed in a city of this size in the way of local transportation and further be able to reach the city of Los Angeles at as frequent intervals as is promised by the Glendale Motor Bus company."

### FREES POET FROM ARIZONA PRISON

#### Genius Wins Governor and Gets Release; Reported To Be in Pasadena

FLORENCE, Ariz., Jan. 1.—Louis Victor Eytine, author and poet, will see the Tournament of Roses at Pasadena today as the guest of Peter Clarke MacFarland, the author, it was said as he left the Arizona state prison.

Eytine was convicted of murder, and drugging of a consumptive barber, on purely circumstantial evidence. However, his brilliancy was such that he conducted an advertising agency within the prison walls, wrote stories, scenarios and poems, and interested other writers in him with the result that he was pardoned by Governor Tom Campbell.

#### Arranging Funeral of George F. Bixby

LONG BEACH, Jan. 1.—Funeral services are being arranged for George F. Bixby, "father of Long Beach," who died at a local sanitarium Saturday. A native son of California, he graduated from Yale in 1886. He leaves a widow, two daughters, four sons, one sister, one brother and his mother.

#### Uncle John Says--

I'll bet my bottom dollar that 1923 will see Glendale grow as she never has before. Me and Mary was talkin' it over last night and she says everything points to a big year and increased growth and prosperity for our home city. Mary has always been a great woman to look ahead and when she makes a statement like that she knows what she is talkin' about. However, we wish everyone a Happy New Year.

### Most Prosperous Year For Glendale's Loyal Newspaper

The year 1922 has closed with the books of the Evening News showing the most prosperous year in its history. The business-getting power of Glendale's only real daily newspaper has been recognized in a substantial manner by the liberal support given it the past year by advertisers of Glendale. The Glendale News has the distinction of

having a much greater bona fide subscription list than any other paper circulating in Glendale, and its continued increasing advertising patronage, both classified and display, is an unanswerable proof of this statement. The Evening News is 100 per cent loyal to the merchants and business interests of Glendale.

### DEATH FLIRTERS UNDER HAYS' BAN

#### 'Stunt' Men of Movies Are Barred as Result of Fatal Accident

LOS ANGELES, Jan. 1.—The "stunt" men of the movies must look for another job!

As the result of Jean Perkins' death at Riverside the other day when he fell and fatally injured himself while jumping from an airplane to a moving train, has caused Will Hayes, czar of the industry, to speak.

Further employment of "stunt" men whose lives are endangered will result in a fine of \$500 being placed on the offending company. And the man who accepts money to do death-defying stunts before the camera will be forever barred from films!

Maybe Leo Numas, Jim Alamo and the other boys who formerly earned \$200 to \$500 a week doubling for higher salaried stars, are not sore, for now they must turn what natural talent they have to working in "stock" for maybe as much as \$75 a week.

Alamo says he will have to get something better than that or give up his Marmon car. He is considering the real estate business, believing that his nerve would serve him well in that line.

### HUSBAND SLAYER IS UNDER ARREST

#### Mrs. Fanny Hunt, Who Slew Mate, Is Guarded in Oakland Hospital

OAKLAND, Cal., Jan. 1.—Mrs. Fanny Hunt, who shot and killed her husband, Frederick H. Hunt, a retired navy paymaster, and then attempted suicide was placed under technical arrest today by Chief of Police James T. Drew.

Drew said that in the event of Mrs. Hunt's recovery, which surgeons at the emergency hospital say is doubtful, she will be charged with murder. She is under guard of a policeman at the emergency hospital.

### GOVERNOR-ELECT CUTS FRUITCAKE

#### Incoming Official Receives Gift From Plant That May Locate Here

SACRAMENTO, Jan. 1.—Friend William Richardson, governor-elect of California, today will cut the fruit cake presented him at a banquet in Los Angeles recently by the Hazen J. Titus Fruit Cake company.

The Hazen J. Titus company will locate its plant in Glendale, it is reported, and will do much to advertise this city with its product.

### EVENING NEWS IS 36 PAGES TODAY

#### Limited Supply to Mail to Friends; Send in Your Orders Immediately

Top o' the morning to you, folks!

It's New Year's and the Glendale Evening News is starting out with a delivery at 6 a. m. That's going to give the carrier boys an opportunity to see the Tournament of Roses, 'n' everything.

There are thirty-six pages, two sections and pink cover, in this issue, which tells everything about Glendale that an easterner might want to know.

A limited supply of extra copies of this New Year's number may be obtained for mailing.

It is Glendale's representative daily newspaper that truly reflects the growth and prosperity of this city.

#### Bureau Plans Aid To U. S. Taxpayers

WASHINGTON, D. C., Jan. 1.—The international revenue bureau has planned further aid to taxpayers this year to reduce the errors creeping into the millions of income tax returns. Schools of instruction for deputy collectors and attaches of revenue collectors' offices are being held throughout the country. The bureau believes this will reduce the amount of rechecking and delay necessitated by misunderstanding of the forms taxpayers must file.

Forms for preparation of returns soon will be in the hands of collectors throughout the country in an effort to speed the filing of returns, which must be done by March 15.

### FIFTIETH WEDDING ANNIVERSARY ON NEW YEAR'S DAY IS CELEBRATED

#### Mr. and Mrs. Henry Johnston Entertain With Dinner, Hold 'Open House'

New Year's Day 1923 has a particular significance for Mr. and Mrs. Henry Johnston of 111 North Everett for it is the fiftieth anniversary of their marriage that took place January 1, 1873 in Ogles county, Illinois.

To celebrate their golden anniversary Mr. and Mrs. Johnston are entertaining at a 2 o'clock dinner this afternoon a group of relatives and tonight they will hold "open house" from 7 till 10 o'clock.

Mrs. Johnston was Miss Henriette Richardson before her marriage.

#### Come From Illinois

The Johnstons made their home in Chicago and Rockford, Ill., for many years and fifteen years ago they came to Glendale to reside. An interesting feature of today's celebration is the presence of three persons who attended the wedding fifty years ago. They are Mr. Johnston's sister and half brother, Mrs. Hattie M. Johnston and George J. Phelps, and Mrs. Johnston's brother W. C. Richardson.

Recalling that event Mrs. Johnston has a gown made similar to her wedding dress and she is wearing the gold watch and chain Mr. Johnston gave her for a wedding gift.

#### Number of Guests

Among those enjoying today at the Johnston home are Mrs. Johnston's brother W. C. Richardson and wife of Seaside, Ore., Mr. Johnston's nephew and wife, Mr. and Mrs. Arthur W. Johnston of Silverton, Colo.; Mr. Johnston's half brother and wife, Mr. and Mrs. George Phelps of Los Angeles; Mr. Johnston's brother-in-law and sister Mr. and Mrs. W. R. C. Reynolds of Long Beach; Mrs. Johnston's two nieces Mrs. E. U. Emery and Mrs. A. Bryant of Glendale and their husbands; Mr. Johnston's sister and brother Mrs. Hattie M. Johnston and James W. Johnston of Glendale.

### HUGE CROWD GOES TO PASADENA FOR TOURNAMENT OF ROSES PARADE

#### Many Floral Designs From All Over South; Football Game in Afternoon

PASADENA, Jan. 1.—With typical California weather prevailing, the many beautiful floats entered in the thirty-fourth Annual Tournament of Roses here today were being assembled in the early morning hours and promptly at 10:45 o'clock this morning they will move into line and pass the reviewing stands.

It is history repeating itself, the overcast skies promising to give way to sunshine as the day dawns on the famous festival of flowers. Fourteen bands will furnish music for the great parade which will be more than a mile long and take an hour to pass a given point.

#### In Form of Huge "S"

The parade takes the form of a gigantic S this year, starting east at Colorado street and Orange Grove avenue and will traverse Colorado, Fair Oaks, Dayton, Raymond, Holly, Hill and California streets.

All is in readiness for the East vs. West football game at the Tournament Rose Bowl stadium which will accommodate 53,000 fans. The Penn State and U. S. C. teams are both reported in tip-top shape for the afternoon's battle starting at 2:15 p. m., although entrance may be gained by cash customers at 1 o'clock—and it pays to be early.

#### P. E. Special Service

Free parking space, rest rooms, decorations, and dining rooms are in readiness for the event and the Pacific Electric will have special service to handle the crowds beginning at 7 a. m. and continuing all of the day.

The parade pageant moves from Colorado street and South Orange Grove avenue, Pasadena, at 10:45 o'clock in the morning.

Route of the parade is as follows: Colorado and Orange Grove, east on Colorado to Fair Oaks avenue, south on Fair Oaks to Dayton street, east on Dayton to Raymond avenue, north on Raymond avenue to Colorado street, west on Colorado to Fair Oaks avenue, north on Fair Oaks to Holly street, east on Holly to Raymond avenue, south on Raymond avenue to Colorado street, east on Colorado to Hill avenue, and south on Hill avenue to California street to disband at Tournament of Roses stadium.

Glendale, which has been a leader in the civic float section, will be represented this year by a floral peacock, designed by L. W. Chobe, Master Randolph Bennett is to drive the big bird with a rope of simlax. Of course, all Glendale is expected to be there to see the peacock strut.

### CHIEF OF BOARD ISSUES REPORT

#### Ben W. Hooper, Chairman of U. S. Rail Department, Gives Statement

CHICAGO, Jan. 1.—Ben W. Hooper, chairman of the United States railroad labor board, has issued a statement on the work of the labor board since its inception. Mr. Hooper said he has come to two conclusions:

1. The board's decisions have been respected to a degree that is remarkable in view of the great number of decisions and the trying and unsettled period through which the great number of decisions and the trying and unsettled period through which the railroad industry has been passing.

2. The enforceability of the decisions of this board or any tribunal of similar jurisdiction is more desirable for the protection of the rights of the employees than for any other purpose.

From April 15, 1920, to December 15, 1922, the full period of the board's operations, 11,414 disputed questions were referred to it. Of these 9,244 have been disposed of. Of the total number of disputes, 961 did not reach the status of regularly docketed cases.

Mr. Hooper said that on class one roads there have occurred sixty-one cases which the board has formally held that its decisions have been violated.

"There have been no violation of the board's decisions by employees," he said, "unless the shop strike and the Missouri and North Arkansas strike should be so accounted."

#### School for Laborer Being Advocated

MANILA, Jan. 1.—The retiring president of the city of Passay, a suburb of Manila, is starting propaganda to establish a great government or private school where by Juan de la Cruz (the common laborer) may have an opportunity of realizing the beauties of science, sociology, the arts and agriculture through correspondence. He believes that while the government is educating a part of the youth of the islands through the public schools the laborer is being neglected.

#### Picture Is Posed By Betty Boothby

The picture on page one of today's Glendale Evening News was posed by Betty Boothby, daughter of Mr. and Mrs. W. H. Boothby of 348 Lexington Drive, this city. It was taken by Photographer Ralph W. Brown.

### GLENDALE BUILDING RECORD

GLENDALE'S building record for 1922 exceeds the total for 1921 by over a million and a quarter dollars and is over twice as large as the total for 1920. Yearly building totals since 1907 show clearly the growth of Glendale according to H. C. Vandewater, superintendent of the building department. To establish the fact that Glendale is the fastest growing city in America, he has compiled the following table showing the valuation of building activities during the past fifteen years: 1907, \$125,430; 1908, \$219,879; 1909, \$218,658; 1910, \$345,315; 1911, \$416,210; 1912, \$669,556; 1913, \$646,727; 1914, \$464,920; 1915, \$222,705; 1916, \$235,907; 1917, \$287,360; 1918, \$97,193; 1919, \$591,439; 1920, \$3,137,264; 1921, \$5,099,201.

A comparison of building activities during the corresponding months during the past three years is as follows: January—1920, \$155,531; 1921, \$43,783; 1922, \$512,155. February—1920, \$144,715; 1921, \$197,678; 1922, \$421,890. March—1920, \$282,872; 1921, \$473,462; 1922, \$521,265. April—1920, \$125,612; 1921, \$393,418; 1922, \$1,022,699. May—1920, \$101,429; 1921, \$453,095; 1922, \$244,788. June—1920, \$202,471; 1921, \$294,961; 1922, \$355,613. July—1920, \$302,970; 1921, \$262,525; 1922, \$374,850. August—1920, \$517,278; 1921, \$576,545; 1922, \$393,484. September—1920, \$486,767; 1921, \$529,009; 1922, \$556,345. October—1920, \$326,223; 1921, \$716,780; 1922, \$675,435. November—1920, \$333,141; 1921, \$460,961; 1922, \$515,323. December—1920, \$154,746; 1921, \$505,884; 1922, \$487,521.

### C. OF C. WORKING FOR GREATER CITY

Organization Has More Than 1000 Members and Is Steadily Growing

Glendale's slogan, "The Fastest Growing City in America," is oft-times applied to the Glendale Chamber of Commerce...

Several years ago the membership of the Chamber was confined to a collective body of Glendale's public-spirited citizens.

Thus equipped with community support, and spurred on by the achievements effected by the organization during the past twelve months...

The men who were recently elected to guide the Chamber's activities over the ensuing twelve months follow: JESSE E. SMITH, president.

W. EDGAR HEWITT, first vice-president. CHARLES D. LUSBY, second vice-president.

A. R. EASTMAN, treasurer. JAMES M. RHODES, secretary. E. SANDERS, assistant secretary.

LLOYD WILSON and CLARENCE E. KIMLIN, directors-at-large. Young President Jesse E. Smith, who was elected December 2, last, to head the Chamber of Commerce during 1923...

Shortly after assuming office the first duty Mr. Smith performed was to call an election and make a declaration. He told Glendaleans generally at this session that Glendale's growth would be made more certain, and more easy...

That Mr. Smith's address is bearing fruit is evidenced in the fact that the Chamber of Commerce, together with the City Council, recently completed a deal which secures for Glendale the first permanent municipal aero field in southern California.

The new "air port" will be located on a tract of thirty-three acres purchased by the city on San Fernando boulevard. At the present the Chamber of Commerce is completing plans for a convention of all interests engaged in the airplane industry to meet in Glendale the first of the year.

James M. Rhodes and E. P. Sanders, secretary and assistant secretary, respectively, of the Chamber of Commerce, were replaced in their present positions at the election held the first of December.

JESSE E. SMITH, newly elected president of the Glendale Chamber of Commerce and prominent in civic work.

### GOOD FORGOTTEN IS ENVIED ASSET

Rev. Cole Asserts Man Who Can Turn Over New Leaf Is Blessed

"Turning Over a New Leaf" was the subject of the sermon last night at the Central Christian church.

"Blessed is the man who has a good forgetter," remarked Rev. C. A. Cole.

"A little girl at bedtime begged for the story of Daniel in the lion's den."

"I'm afraid," said the mother, "that if I tell you the story, you will be dreaming about lions."

"Oh no," replied the little one, "I will just dream about Daniel and leave the lions out."

"That's it! We should get all the courage and help we can from the past, but let the roaring lion of trouble or failure unfit us or prevent us from giving our whole-hearted attention to the duties of today."

"It's a blessed thing that you and I can forget. In the little old country school house I used to get many life lessons but none better than this: On the old blackboard the teacher would write a copy for us. After awhile she would come along and see where I had made a mistake. My teacher didn't chide or scold but lovingly advised and then took away the old page and brought a new one and said, 'Here take this clean page and try again.'

And with what blessings I would begin again and with what joy for another chance! So tomorrow we begin a new year, we go forth with another chance, a new leaf!

"There are so many sensitive souls, who have to be treated so carefully because they are given to nursing their slights. Folks take greatest care not to hurt their feelings but such care is usually fruitless for, if one is ready to be slighted, it is easy to find an occasion for it. And, having accepted the hurt, it is gone over mentally until the trifle is magnified to or seems an insult."

"Happy the man or woman, who can forget the wrong which it can do only harm to remember and who can forget the bitterness of past trials and failures, keeping in mind only the lessons they have taught."

### RESOLUTIONS ARE NEED OF CHURCH

Dr. Winnard Says We Must Resolve to Take Christ Into Our Plans

"New Year's Resolutions" was the subject of the sermon at the Tropic Presbyterian church yesterday morning.

Dr. Jas. F. Winnard said that the general effect of resolution on effort is to find a way or make one that the end desired may be obtained.

"Very many worthy movements are failures simply because those back of them had not the determination to stay by the job and put it over," he asserted.

"That in a sense is just what resolution enables us to do. There is no place where resolutions are more needed than right in the church. Perhaps every one of us would be benefited and the cause greatly strengthened, if at the beginning of this year we make some good practical resolutions and then stay by them for the twelve months."

"Resolution without effort is nothing. In fact, it is worse than nothing for it merely invites a life of indolence and indifference. The alarm clock unheeded will soon cease to waken the sleeper. Perhaps instead of 'Be it resolved,' it would be better to start our New Year's resolutions with 'Be it enacted.'"

Other suggestions "Just let me suggest a few resolutions that may be helpful to you. Let us resolve to take Christ more and more into our daily plans. In church, in business and in society we need him to direct and guide us in all our duties. Let us do nothing upon which we cannot consistently ask God's blessing. Let us go nowhere that we cannot take the Christ with us and let us say nothing we would not want him to hear us say."

"Let us resolve to be more considerate of our fellows than in the past. To love the Lord with all the heart seems to be no more of a Christian duty than to love our neighbor. If we take Christ's standard for it."

"Let us resolve to give the church its rightful place in all our plans. I am not selfish in this. And do not ask it for my own sake but for your sake and the sake of the ungodly world about us that they may see that we who profess it really have something to back up our faith."

"And last of all, but not least of all, let us resolve to enact all our resolutions and make them show their value in real life."

### International Plan For Wheat Market

SASKATOON, Sask., Jan. 1.—An international wheat marketing scheme is the ultimate aim of the farmers' union which launched its organization campaign in Saskatchewan recently, declared L. C. Brouillette, provincial organizer.

Mr. Brouillette stated that he had letters from Australian and United States farmers urging action in Canada with a view to forming a world wheat-selling scheme.

WILL REMAIN FREE SAN FRANCISCO, Jan. 1.—Mrs. Daisy Canfield Danziger, divorced wife of J. M. Danziger, oil promoter, today denied that she was about to marry Antonio Moreno, film actor, in Los Angeles.

"I'm free now, and I intend to remain that way," she said.

Home merchants make it a point to please you. There is satisfaction in buying in Glendale.

### CITY OPERATES UNDER CHARTER

Council and Manager Are In Charge of Affairs For Municipality

The city of Glendale is operated under a charter which was adopted about a year and a half ago by the voters of the community.

The legislative body consists of a City Council composed of five members elected at large to represent the citizens of Glendale.

Spencer Robinson of 1234 East Windsor road was chosen as chairman at the first session of the City Council and is now known as "The Mayor of the Fastest Growing City in America."

Other members of the City Council are Attorney Dwight W. Stephenson of 327 West Cypress street, Sam A. Davis of 118 West Colorado street, A. H. Lapham of 415 West Broadway and C. E. Kimlin of 219 North Isabel street.

Six Meetings Monthly The Council meets officially six times a month, every Thursday night and on the first and last Monday nights of each month. Although Councilmen give their private time to affairs of the city their only compensation is a \$10 "director's fee," which is due them at the close of each session.

Details of municipal administration are in the hands of City Manager W. H. Lewes of 509 West Maple street, an engineer by profession, who was chosen for this position by the City Council because of his experience in municipal management. Mr. Reeves maintains an office at the city hall and acts as general manager for the city of Glendale.

City Clerk A. J. Van Wie of 216 North Belmont street acts as secretary to the Council and has charge of the official records of the municipality. In his work he co-operates with City Treasurer J. C. Sherer of 717 South Verdugo road and City Auditor H. C. Saulsbury.

The municipal court is presided over by Judge Frank H. Lowe of 310 Patterson avenue who usually holds police court Monday morning for the benefit of weekend traffic violators and Friday morning for the benefit of lawbreakers in general.

The police department is under the direction of Col. J. D. Fraser of 643 North Maryland avenue, a regular army officer, who is endeavoring to make the Glendale police force one of the most efficient of its size in the United States.

Street paving, including both the legal procedure and the actual work, is under the direction of City Engineer Ben F. Dupuy of 722 East Lomita avenue, a professional engineer who has devoted a large part of his life to municipal affairs.

The public service department, which handles all electric light and water used within the city limits, is managed by Peter Diederich of 1524 East Colorado street, who supervises all outside work, and James F. McIntyre of 135 North Cedar street, who acts as commercial agent and has charge of all clerical work.

Building Department The building department is under the management of H. C. Vandewater, 634 North Central avenue, who has the privilege of watching the barometer of Glendale's progress in the record of building permits.

The interior of the city hall was recently rearranged so that the departments might function more efficiently. The police, building, public service departments and the city manager's office are located on the first floor while the second floor is devoted to other city officials and the police court.

A large warehouse is now being constructed in the rear of the city hall. When this is completed, it will house the city engineering department which has been crowded out of the city hall to quarters across the street.

### COCKER & TAYLOR HAVE BIG LIST OF EMPLOYEES

The working staff of the Coker & Taylor Plumbing company is its chief asset, but aside from that, the new building at 209 South Brand boulevard marks the progress of that growing business. The new building is divided into two shops, all manner of plumbing, and heating supplies are kept in stock and about sixty-five men are

kept on the jump installing the plumbing work in the new homes of Glendale people. Coker & Taylor have grown with Glendale and, like the rest of Glendale, are prepared to grow still more.

### ACHIEVEMENTS IN PAST YEAR MANY

Arms Conference Is Biggest Event During 1922 by U. S. Government

WASHINGTON, Jan. 1.—The Washington Arms conference, with its great international pact for limitation of naval armament stands out as the greatest achievement of the United States Government in 1922.

A new year is expected to bring final ratification of all the Washington conference treaties, as this government is confident that France and Italy will not jeopardize all this peace preserving work by failing to approve the pacts.

The conference which adjourned early in February after a session of about three months drew up treaties which called for: A ten year naval holiday in battleship construction. A maximum battleship tonnage of 525,000 tons for the United States and Great Britain, 315,000 tons for Japan and about 170,000 for France and Italy.

The scrapping of the Anglo-Japanese alliance. The scrapping of about seventy battleships.

Restrictions on submarine and gas warfare. The preservation of peace in the Pacific through the Four Power Treaty.

A series of treaties seeking to stabilize China and to make the principle of "The Open Door" a reality in the Far East. At the end of 1922 there is a strong demand in Congress for another armament parity to supplement the work of this year's conference. The House Appropriations committee has inserted a provision in the naval appropriations bill requesting President Harding to call a conference to consider limitations on the construction of aircraft, submarines and smaller auxiliary vessels.

At the same time the Harding administration has come to the conclusion that the United States must intervene in Europe to prevent an economic collapse there and is now seeking the most practical way in which its aid can be extended.

Tariff Legislation In the line of legislation, the enactment of the Fordney-McCumber tariff law, revising as it does all the customs of the government, may be considered the greatest job performed by Congress during the year. The law was passed late in September, after having been under debate for two years. Virtually all tariff duties were raised and the bill is now breaking all records for customs receipts.

Other important legislation included: The act providing for the refunding of the war debt and the creation of the debt refunding commission. Provision for additional credits to the farmers. Creation of a federal fact finding coal commission as a result of the coal strike to investigate the mining industry.

Much minor legislation also was passed, but many of the legislative problems facing Congress at the beginning of the year still remain unsolved. Although a majority in Congress favors a soldier bonus bill, it was blocked by a presidential veto. The senate failed to override the veto. The ship subsidy bill, strongly advocated by the administration still is pending with its fate in doubt.

President Harding has recommended a huge program of legislation which can hardly be touched before the present Congress goes out of office on March 4.

In Supreme Court The most important decision of the year probably was the one defining the rights of organized labor. In a case brought by the Coronado Coal Co. of Arkansas, as the result of strike riots in 1914, in which miners are alleged to have caused great damage in the mines, the court held that labor unions can be sued for damages, and that heads of the unions can be held responsible for any illegal acts of the union members, if the act resulted from orders issued by the leaders. The decision was generally regarded as limiting the activities of strikers and organized labor considered it a blow to its rights.

In other important decisions, the Supreme Court declared unconstitutional the child labor law, upheld the packer control law, knocked out parts of the Grain Future Trading acts, strengthened the prohibition law in several decisions and handed down decisions affecting scores of state laws.

The government has made big strides toward government economy during the year, cutting the federal budget for the next year down to about \$3,900,000,000 under more than \$600,000,000 under appropriations for the current year.

So far virtually no progress has been made in the refunding of the \$11,000,000,000 war debt to the United States. France has been unwilling to enter into any agreement regarding the debt. Great Britain's refunding has been delayed by a change of government at London, but negotiations are expected to open early in 1923.

Other nations are awaiting until the powers refund their obligations. Home merchants make it a point to please you. There is satisfaction in buying in Glendale.

### Wants All Prisons To Support Self

KANSAS CITY, Mo., Jan. 1.—Self-supporting prisons is the hobby of Charles Brandon Booth, president of the Prison Department League and son of Maud Ballington Booth. Under his plan of prison reform the penitentiaries will cease to be a burden to the taxpayers of the states. They will become self-supporting.

He advocates that the state prisons be reorganized along industrial lines, with crafts positions of varying proficiency available, responsible for any illegal acts of the union members, if the act resulted from orders issued by the leaders. The decision was generally regarded as limiting the activities of strikers and organized labor considered it a blow to its rights.

Another feature of Booth's program is the provision for restitution. Loss resulting from the crime, he says, should be compensated for from the earnings of the prisoner, not exceeding \$1 a day, in case of murder the money to go to the dependents of the slain person.

The third provision of the plan is for the wages of the prisoner over and above the amount necessary for his upkeep in prison and a 25 per cent restitution allowance to go to his family.

COAL FAMINE NEAR NEW YORK, Jan. 1.—New York's coal reserve dwindled to a two days' supply as a blizzard howled over the city today. Fuel administration officials estimated the reserve tonnage undelivered to dealers at 61,500 tons. Hundreds of tenements reported only a few days' supply on hand.

APPOINTED CHAIRMAN WASHINGTON, Jan. 1.—B. H. Meyer of Wisconsin was today appointed chairman of the Interstate Commerce Commission for the coming year. Mr. Meyer succeeds Charles C. McCord, who served this year.

### U. S. MAN LOSES CASH IN GERMANY

\$5000 Ohio Man Deposited In the Fatherland Now Amounts to \$17

By C. H. HADDIX, For International News Service. DEFIANCE, Ohio, Jan. 1.—His \$5,000 savings having diminished to \$17 because of the depreciation in Germany of money values, Fred Grueber, formerly of this county, has returned, after spending fifteen years in the Fatherland. He is glad to get back to the United States, even though he has to begin all over again, at the age of sixty-two years.

"I first landed in America in 1888, with thirty-five dollars," said Grueber. Two weeks ago I landed again with thirty-five dollars. But the first thirty-five dollars belonged to me, while the second is what I had left from two hundred dollars borrowed from relatives in this country to pay my transportation."

Twelve Years' Savings After operating a saloon in the village of Okolona, Henry County, for twelve years, Grueber went to Germany with more than \$5,000 savings and placed the money in a bank at interest. The money still is in the bank, but is practically worthless.

The \$200 sent him to return home of Grueber, said, would have purchased 450,000 German marks. But that doesn't mean much, Grueber added, in a country where shoes cost 10,000 marks; butter, 500 marks per pound, and a pound of coffee costs 800 or 900 marks.

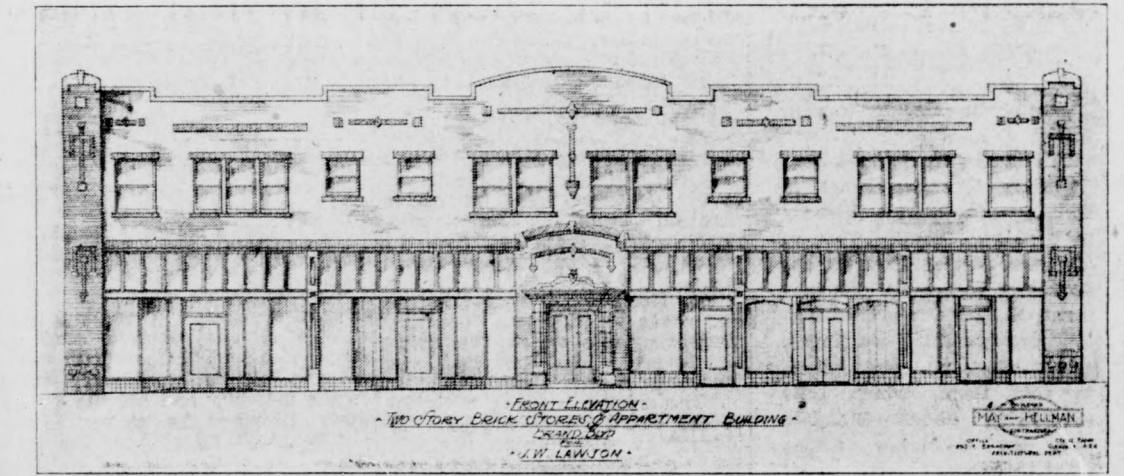

"The German laborer is suffering because he receives only about 90 marks an hour," said Grueber. "Every village and town is printing paper money, and every time the press starts the value of the mark drops."

Lost All Religion "The people have lost all religion, all political faith and are a disorganized mass, incapable of being governed by any party or political regime now. They have no use for the Kaiser and his crowd. They pay little heed to the existing Berlin Government. Few go to church. Sunday is not observed. People work and drink seven days each week, in a constant effort either to get something to eat or to drown their troubles in alcohol. The dollar is the sole object of the people, and the old ideas of culture are forgotten," declared Grueber.

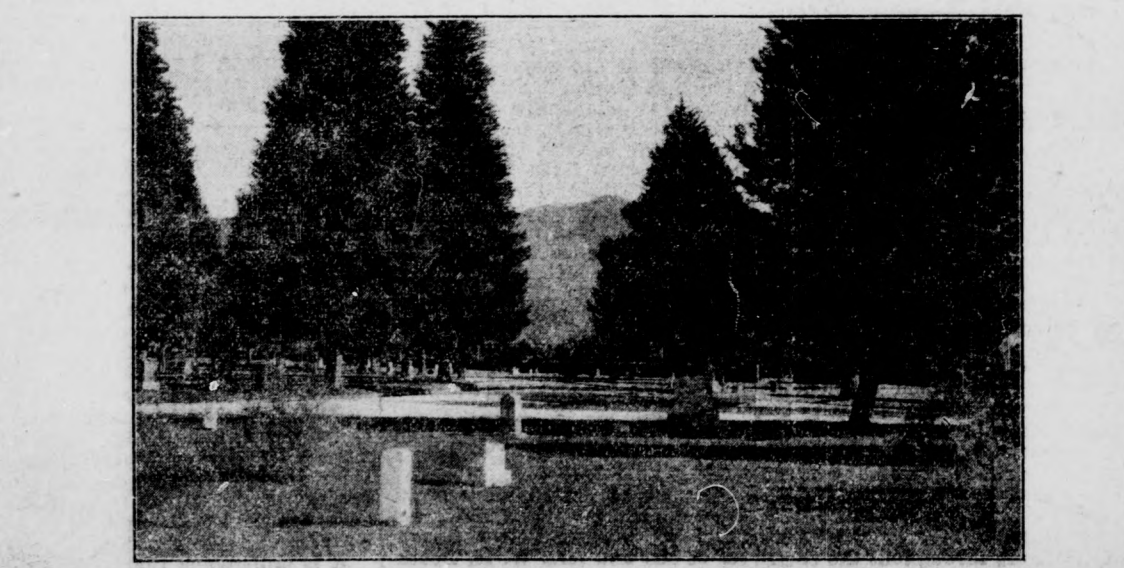

Tales of Germany's post-war prosperity and rapid industrial recovery are mythical, according to Grueber.

AUTOS IN CRASH ALHAMBRA, Jan. 1.—Two automobiles collided here yesterday at Wilson and Commonwealth avenues, both being damaged. The machines were driven by J. A. Spoon of 213 South Chapel street and P. C. Baker, 1014 Dunbar street, Los Angeles.

### STORE AND APARTMENT IS ADDITION TO BRAND

A two story business block was boulevard near Wilson avenue completed early in the fall by J. W. Lawson. The new building and houses four flourishing stores and eight neat apartments.

One of the many views of Grand View Memorial Park

### CONGREGATIONAL CHURCH IS BEING COMPLETED

Using the early California missions as their model, the Congregational folk of Glendale will add another touch of Spanish architecture to the beauties of the city when they complete their new church. The building, now under construction, is of concrete exterior in pure mission design; the interior finished in dark wal-

nut, also carries out the mission idea. Carleton Monroe Winslow, the architect, has so arranged the departments of the church as to enable the auditorium which will seat 600, to be opened into the smaller chapel, thus insuring room for the rapidly growing congregation. The basement is divided into two departments for Sunday school work and is well lighted by means of wide excavations. A special feature of the basement dining room is the stage, designed especially for entertainments and small dramatic productions. Services will be held in the basement throughout January and the dedication and formal opening of the church will take place early in February, according to Rev. C. M. Calderwood, the pastor.

**Glendale Personals**

Mr. and Mrs. T. B. Curtiss, 727 East Palm are entertaining Mr. and Mrs. B. N. Deckhardt at dinner today.

Mr. and Mrs. Z. Y. Compton, 318 West Myrtle street, left Friday for San Diego where they are spending New Year's with friends.

Dr. and Mrs. S. C. Lee of Oxford are the New Year's guests at the home of Mr. and Mrs. M. W. Lee, 624 1/2 South Louise street.

James Gibson, of 1321 North Maryland avenue, is attending the Tournament of Roses' football game between U. of S. C. and Penn. State.

Mr. and Mrs. John W. Garver, of 925 North Brand boulevard, are New Year's day guests of their friends, Mr. and Mrs. Seymour Thompson, of Beverly Hills.

Mr. and Mrs. Normal Hayhurst, of 341 Oak street will be among the spectators at the football game in Pasadena this afternoon, when east will meet west in the Penn. State U. of S. C. event.

Mr. and Mrs. Reeves 1519 South Brand, issued invitations for a small New Year's dinner tonight. Covers will be laid for Mr. and Mrs. George Larkin, Dr. and Mrs. Burnstein, and Mrs. Halter.

Mr. and Mrs. P. A. Girard, 216 Kenwood, the sons, Norman, Leslie, Homer, and daughter, Lorraine and Mrs. Sheras, mother of Mrs. Girard are spending New Year's at Hollywood at the home of Mr. and Mrs. M. Girard.

Mr. and Mrs. J. F. Moody, 320 North Maryland will entertain all of their children and grandchildren at a two o'clock turkey dinner this afternoon. Mrs. A. S. Hill of Santa Ana will be an out of town guest.

Mr. and Mrs. Virgil Burris, 603 West Broadway, entertained at a New Year's watch party Sunday night. The out of town guests were Mr. and Mrs. William Allen Regan, Hazel Ohm, and A. B. Austin of Los Angeles.

Mr. and Mrs. Claude Case, 343 North Maryland avenue, are entertaining at dinner today. Covers are laid for Mr. and Mrs. Ed Case and daughter Grace, Mrs. Allen and son of Tatt and Mr. and Mrs. E. E. Osgood and two sons of this city.

Among those giving New Year's dinners are Miss Mary and Miss Elizabeth Watkins, 112 South Everett street. Mr. and Mrs. Omar Noble of Hollywood, Mr. and Mrs. George Staats and Mr. and Mrs. W. S. Smith of Los Angeles will be the guests.

Mr. and Mrs. H. L. Hock of 222 South Glendale avenue, together with Mr. and Mrs. H. H. Wheeler of East California avenue, are having dinner with their families today at the Sunset Canyon Country club. Both Mr. Hock and Mr. Wheeler are members of the organization.

Mr. and Mrs. James C. Tobias, of 210 East Palmer avenue, are entertaining today their daughter and husband, Mr. and Mrs. A. C. Philpott, formerly of Bucyrus, Ohio, but now residents of Glendale, and also Mr. Tobias's brother-in-law, Mr. L. H. Ross and daughter, Mrs. Miller, of Merced.

Mrs. T. A. Robinson 332 North Maryland avenue are entertaining several old friends at dinner today. The out of town guests will be Robert C. McCauley of Philadelphia, James McGregor of Detroit, Mrs. F. E. Babbitt and Mrs. Harriet Prenter of Toronto, Canada.

Mr. and Mrs. O. E. Von Owen, of 317 West Maple street, are at the "Tournament of Roses" in Pasadena, in the company of W. L. Beals and Mrs. Joseph Bush. They will be joined by Mr. and Mrs. Phane Benedict, of Long Beach and the party will then motor out into the country for a picnic luncheon.

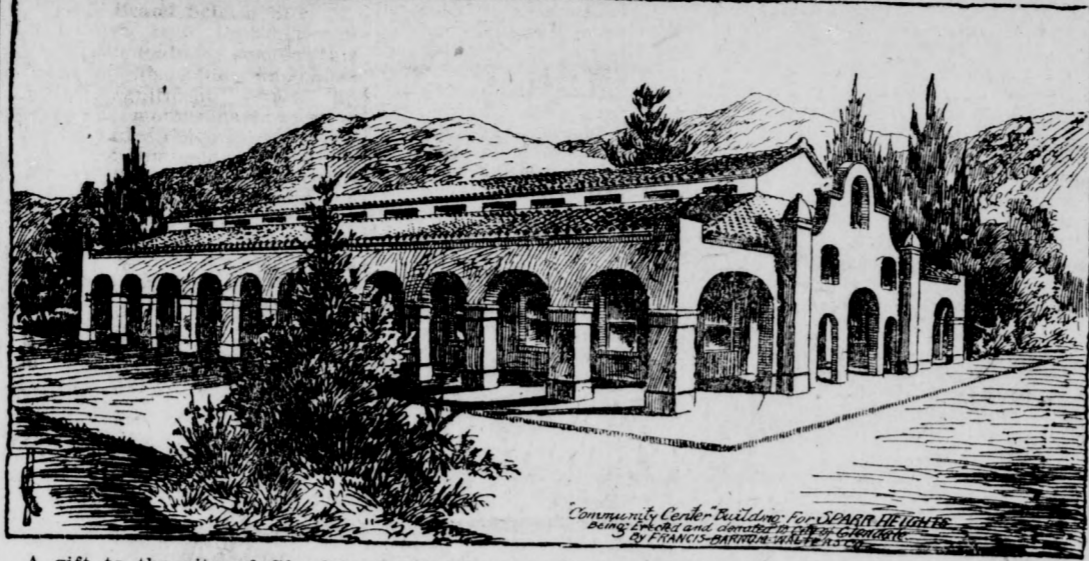

Mr. and Mrs. C. B. Guitard, of 524 Patterson avenue are holding a family reunion in their home today. Among those present will be Mrs. Guitard's brother and three sisters, with their families, Robert Hunter, Mr. and Mrs. C. A. Magnien of Los Angeles, and Mr. and Mrs. E. K. Harris and Miss Virginia Hunter, of Glendale.

Mrs. Pearl G. Curran and her sister Miss Hazel Linkogel, with their mother, Mrs. Jennie Linkogel, of 214 East Chestnut street, are entertaining over the New Year's holiday Mr. and Mrs. Emil N. Linkogel, Miss Goldie Moreland and Max Smith, of Los Angeles. The party are attending the Tournament of Roses in Pasadena.

Mrs. D. L. Sturgess of 507 North Kenwood street has gone to Iowa City, Ia., where she was called by the serious illness of her brother Dr. G. B. Snyder. Mr. and Mrs. Sturgess have been entertaining as holiday guests their daughter Mrs. C. J. Oliver and family of Escondido and their son Harold J. Sturgess and family of Loma Linda.

Mr. and Mrs. R. W. Cleghorn and children, Robert Jr., and Dorothy Allen, of 314 Mira Loma avenue, are entertaining Mr. Cleghorn's mother, Mrs. Elizabeth Cleghorn, of Los Angeles, his sister and family, Mr. and Mrs. C. A. Melcher, of McFarland, Mr. Melcher's mother, Mrs. J. P. Melcher, of Los Angeles, and Mrs. Cleghorn's father and mother, Mr. and Mrs. A. E. Hodgson, of Los Angeles.

**NEW COMMUNITY BUILDING AT SPARR HEIGHTS**

A gift to the city of Glendale from the Francis-Barnum-Walters company is the beautiful community building, now under construction at Sparr Heights. The building includes an auditorium that will accommodate 500 people, equipped with an adequate stage for community plays. Private club rooms, a reception room and kitchen make it a valuable addition to the community social life of Sparr Heights and Glendale in general. The building is to be Mission in design, wide cloistered porches entirely surrounding the main building and adding to the attraction of the pleasant retreat. It will be an ideal spot for community entertainments and social gatherings and fill a long felt need in Glendale where the community spirit has always been the city's chief asset.

**FAIRVIEW TRACT OPENS THIS WEEK**

New Sub-Division Is Twelfth Unit Put on Market by Hamlin & Hepburn

Hamlin & Hepburn of 203 West Broadway, sub-dividers of Fairview, are opening the twelfth unit of this popular sub-division this week.

A little over a year ago, Hamlin & Hepburn took an option on sixty acres of land in one of the most attractive parts of north-west Glendale, on the Pacific Electric car line, and opened their first unit. Up to now they have completely sold out eleven units, over 600 lots and nearly 250 homes have been erected, housing a population at the present time of about 1000 people.

Since they started sub-dividing, other sub-dividers have opened tracts and the whole northwest section of Glendale is teeming with activity. No firm, however, has offered lots at as low a price and on as easy terms as have Hamlin & Hepburn. It has been their idea from the beginning to give an opportunity to worthy people who have heretofore rented their homes, to get started, and build a home of their own. To this end they have permitted temporary homes to be erected on the rear of the lots, if of neat construction and painted.

The natural beauty of this section of the city is well known; located on a beautiful slope with the Verdugo mountains in the background, directly opposite to the golf links of Griffith park, and with fine soil and drainage. L. C. Brand Selected Site. Years ago, L. C. Brand, a pioneer in Glendale, selected this section for his home, and has built a magnificent estate upon against the mountains in a style of architecture that commands attention and reminds one of a castle of the olden times. This beautiful estate situated as it is at the top of the slope on which Fairview is located, contributes largely to the distinctiveness and class of the whole northwest section.

The bringing of a large population to Fairview in so short a time has made for increases in value which have as yet hardly more than begun to be felt. In another year it is predicted all lots in this section will be selling for a far higher price than they are at the present time. With lots close to the four corners of Glendale selling at \$3000, \$5000 and \$7000, lots in Fairview at \$700 and \$800 are, indeed, bargains. Hamlin & Hepburn announce that this will probably be the last unit on which temporary houses will be allowed.

Hamlin & Hepburn purchased the twelfth unit from Mrs. Louise L. Carr, mother of Harry Carr, the well-known writer for the Los Angeles Times. Mrs. Carr had held this property for many years and sold out to Hamlin & Hepburn at a low figure, enabling them to make prices lower than can prevail again in this section. This is the opportunity for forty-two people to secure desirable high-class home-sites on which temporary homes can be erected and they state that it can not be emphasized too strongly that the opportunity to secure one of these lots will not last long.

**Glendale Personals**

The R. W. Cleghorns spent New Year's eve as the guests of their friends Mr. and Mrs. C. A. Parker, of South Pasadena, with a number of other guests who comprise a card club.

Mr. and Mrs. Frank Boynton, of 421 East Windsor road, are the New Year's day guests of Mrs. E. Judson, of Pasadena. Miss Marjorie Judson, whose daughter is Mrs. Boynton's very close friend, is leaving for China early in January, to resume her missionary work. The dinner will, in a way, be a farewell reception to Miss Judson.

Miss Alma Geiger, of 627 North Central avenue, is with a large party of teachers spending the weekend at Mt. Lowe. Among the plans they made for enjoying the holiday is a hike over the high trail from Mt. Lowe to Mt. Wilson. This hike took place today and appetites will be kept for the turkey dinner that will be eaten on the mountain top.

**Social Events**

**At Mountain Home**

Mr. and Mrs. S. S. Beran and their sons, Sidney, Jr., and Douglas, of 1529 East Broadway, will spend the New Year's holidays at their mountain home at Lone Pine, Inyo county. They plan to make the trip by motor, leaving Glendale at dawn on Saturday and arriving at Lone Pine by or shortly after sunset.

With the Berans will go Mr. and Mrs. A. T. Hay and Mr. and Mrs. John Wyse, both couples of Los Angeles. The Hays also own a mountain home at Lone Pine and Mr. Hay has a cattle ranch in a real holiday have been made. The New Year's table will be graced with a barbecued calf from Mr. Hay's ranch, specially selected and prepared by an expert chef.

As the Beran cabin now nestles in eight inches of snow, with signs of more in the stormy northern skies, according to latest reports received, a genuine "back east" New Year's day is assured. Skating, skiing, tobogganing, snowshoeing and other mountain sports will be engaged in.

The Beran cabin is said to offer a superb view of the majestic ranges, being many thousand feet above sea level and within eight miles of Mount Whitney, the highest peak in America.

As a contrast to the skating on ice-bound Lake Diez, the party will enjoy a sail on beautiful, crystal, never-freezing Owens lake.

**Hold House Party**

The E. S. McKee cottage at Hermosa beach was the scene of a colorful house party Friday and Saturday. Miss Mildred McKee, who is a student at the University of California Berkeley, was the hostess and her mother the chaperone.

The affair was in honor of Miss McKee's college chum, Miss Ima Hewton, who came down with her for the holidays. The sisters of the hostess, Misses Rhodora and Martelle McKee, were also present, and the guests included the Misses Esther Besant, Madeline Love, Mildred Ross and Marjorie Gunyan.

The party returned to Glendale yesterday, as the McKee home at 130 West Chestnut street will be the headquarters for a family reunion on New Year's day, in addition to a visit to Pasadena's "Tournament of Roses."

**Old Friends Meet**

Dr. and Mrs. C. A. Shoemaker of Lincoln, Neb., have been spending the Christmas holidays as guests in the home of Dr. M. B. Ketchum, 128 South Everett street. The two families were formerly neighbors and have been friends for more than twenty-five years. On Christmas day Dr. and Mrs. Ketchum had as additional guests for Christmas dinner their daughter and son-in-law, Mr. and Mrs. Maps and Olive and Gordon Maps.

**New Year Dinner**

Mr. and Mrs. W. J. Clendenin are celebrating their recent return to Glendale with a 1 o'clock New Year's day dinner at their home at 600 South Central avenue.

Those enjoying the hospitality of the Clendenin home are Mr. and Mrs. James Wilson and son and daughter, Joseph and Margaret of 220 West Chestnut street, and Mr. and Mrs. V. B. Keers and son and daughter, David and Jessie of 128 South Kenwood street.

**POLICEMAN RELEASED**  
 EL CENTRO, Jan. 1.—D. P. Bates, Fresno policeman, held here on suspicion of assisting a prisoner to escape by taking him into Mexico, was today released from the county jail on orders of District Attorney Simon. The attorney announced he was convinced Bates took the prisoner, David Polln, wanted in Fresno for bigamy, across the international line through ignorance.

**JESUS LOVED ALL DURING HIS LIFE**

Rev. Mullen Says Christ Always Ready to Accept Sins of Others

Rev. H. C. Mullen, pastor of the Pacific avenue Methodist church spoke Sunday morning on "The Crusade of Love."  
 "Jesus," he asserted, "looked upon people through eyes of redemptive love."  
 "He approached people through redemptive purpose. To this He gave himself with perfect and bewildering self-effacement. Toward the multitude His heart was moved with compassion because they were as sheep without a shepherd."  
 "The great multitudes of His day were nobodies. They belonged to the world's rubbish heap; they were castaways—these Christ loved. They had always been the sport and play of tyrants. They had known the heel of the world's oppressors. They bore on their backs the lash marks of remorseless tyrannies, damnable injustices, unpardonable barbarities and brutalities. These Christ loved."  
 "Also, the multitude, with the tiger marks of selfishness on its body, the weariness and languor of heart sickness, and the crush and grind of existence graven on its brow—these Jesus loved. He did not say of them, "Forty millions, mostly fools"; "the rabble, let them eat straw."

Accepted Sins  
 "He took upon himself the sins and infirmities of the multitude. He felt the emotions of the many whose hands were soiled and hard, but whose soul was alive with sublime passion. Christ came not only to show man the way back to God, but to enrich Him with the life of God."

"Christianity is a propaganda of the good news of redemption in Christ, and Christians are its evangelists. Evangelism is Christians about the business of God. Rightly understood, it should permeate all activities, organizations and programs of the church. When the passion and effort to redeem mankind die out of the church, the church will cease to be Christ's church. It may retain its name, vestments, ritual, litany, but its life will have departed, and death will have claimed its soul. The church which feels not the passion of the Savior for the lost is ready for the cemetery."

**HE IS IN AGAIN**  
 LOS ANGELES, Jan. 1.—H. T. "Cattfish" Simpson, negro sponge fisherman and lobster catcher at Catalina Island, today appeared in Judge Shenk's court for his ninety-eighth prosecution for failure to provide for his wife and an uncertain number of children. Simpson has spent a good part of the last five years in jail.

 Closed Today, New Years

# 1923 — and Glendale

Serving in official capacity has been our share in the prosperity the city of Glendale has experienced during the year just closed.

Undoubtedly there is no one who has a keener knowledge of what has taken place than we who have taken intimate parts in solving the many problems pertaining to civic projects.

By virtue of our election by the citizens of Glendale we become their servants, and to them we are answerable when we pass a milestone on the journey of time, and pause to take reckoning of past events.

In the active participation in administrative affairs a division of minds is inevitable, but the members of the Glendale City Council have always striven to eliminate all personalities with a view to arriving at decisions for the betterment of the city and happiness of all its residents.

We have put personal interests and gain second, and have sought by our services to make Glendale a city which will compare favorably with any city of its size in the United States.

As executives of the city in whom you have placed utmost trust and confidence, we greet you in mutual pride of our beautiful city. Our New Year hope is that we may serve you creditably during the coming year, and our wish for every Glendalian for the New Year is the big wish of HAPPINESS.

## Glendale City Council

SPENCER ROBINSON, MAYOR

S. A. DAVIS, C. E. KIMLIN, D. W. STEPHENSON, A. H. LAPHAM.

"GLENDALE--THE FASTEST  
GROWING CITY IN AMERICA"

# BUILDING RECORD FOR YEAR OF 1922 TOTALS \$6,305,971

Final Mark Exceeds That Established In 1921  
by More Than Million and Quarter

GLENDALE may celebrate New Year's day with the assurance that the year passed has been a banner year in the record of its prosperity. Official records at the city hall closed at noon Saturday with \$6,305,971 worth of building permits to the credit of the community. December closes with \$487,521 worth of permits on the books.

According to H. C. Vandewater, superintendent of the municipal building department, there is no refuting the fact that Glendale continues to grow. He points with pride to the fact that most of the permits issued during the past year have been for new homes—the bulwark of the American nation.

The total for the 1922 building activity exceeds the 1921 record of \$5,099,201 by more than a million and a quarter. It is more than twice as large as the total for 1920, which was \$3,137,264, and is almost equal to the totals for the entire twelve years previous to 1919. Permits issued in December include the following:  
Frank R. Thomas, 14 rooms and garage, 316 West Park Ave., \$30,800  
Christian Missionary Al-

# NEW YORK SINS PRESS AGENTED?

### Old Town Not Nearly as Bad As Painted; Vamps Lose Out, Is Claim

NEW YORK, Jan. 1.—New York, pictured for years by stage books and film as the hub of iniquity, vice, immorality and all else that is bad and rotten, has been terribly maligned.

On the contrary, New York doubtless is the most moral city in the world. A young man coming here to make his fortune has as good a chance of becoming sinful and wicked as he would have in a monastery. New York is so utterly moral that it breeds corns on one's sense of decency.

The writer has been exposed to much immorality—great gobs of it—in Akron, Ohio, and Flagstaff, Arizona, than in this metropolis, where ruin and damnation are supposed to be as ubiquitous and tenacious as flypaper.

The only way to be immoral in New York is to be rich. Vice is terribly expensive. It is found only in costly apartments, and it has a retinue of lackeys and three or four cars.

### Vamps Lose Out

True, Broadway has its quota of vamps, but business went back to normalcy all too soon for them. They wander up and down the Rialto and strive, oh, so hard, to appear vivacious! But through the cracked laughter and dimming eyes, groans and glares the question, "When do we eat?"

No sooner than a prosperous-looking hardware salesman from Chicago or a well-fed lawyer from Tallahassee appears and looks in friendly fashion at the wicked woman than a policeman bobs up from nowhere and frowns. And that ends that. Truly, New York has diluted the scarlet woman to a pale pink.

There is no flirting done in parks, on subway trains or bus tops, because the lady with whom a gentleman flirts may have a star pinned under her coat and prove to be a person whose business it is to ensnare mashers.

And the awful cabarets? They are made to close at 1 a. m., and everyone knows that a really good party never gets started until after 1 o'clock.

One of the reasons for all of this surely is that New York is one of the best policed cities on earth. Despite jokes that a policeman never can be found when he's needed, they are plentifully sprinkled about, and most apt to appear if some certain party is trying to "make" some other party.

In these days it's Walla Walla and places like that that are sinful, for, so far as New York is concerned, vice has joined the back-to-the-farm movement.

## Here Are Members of Glendale's City Council, First Under Charter Form Of Government

S. A. Davis

From the feed and fuel business to real estate and now to the City Council is the record of S. A. Davis of 115 West Colorado street, who is 47 years of age. Active and progressive in business endeavors he holds the high esteem of the people in this community. He is highly interested in the development of the different sections of Glendale. He has been a resident of the city for about ten years.

C. E. Kimlin

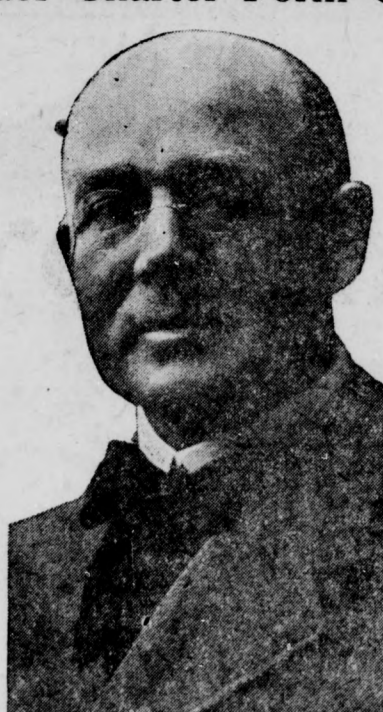

Giving Glendale the experience of a successful business administration in the affairs of the Glendale Sanitarium and Hospital, C. E. Kimlin took up his municipal duties as a member of the first City Council under the charter. He is 41 years of age and resides at 219 North Isabel street, a rapidly developing section of the city. Perhaps no keener person on finances could have been named to the City Council. He has been a resident of the city for about nine years.

D. W. Stephenson

What Dwight Stephenson lacks in years—he being only 29—he has made up in experience while serving as capable president of the board of trustees of last term. Practicing law is his profession in Los Angeles and serving Glendale is his avocation. His home is at 327 West Cypress street. Whenever speeches are to be made Mr. Stephenson is sure to be "among those present" with appropriate words. He takes much interest in the American Legion.

Spencer Robinson

The dean of the Glendale Council is Spencer Robinson with 53 years to his credit. Being a member of the board of trustees and selling real estate kept him busy and when not busy Mr. Robinson is singing. From the splendid vote cast for him—for he headed the list in votes received by the council candidates—he was chosen to act as the city's mayor. His home is at 1234 East Windsor road.

A. H. Lapham

A. H. Lapham is the friend of the boys who fought for the swimming pool. Although 41 years old, he likes to see the kiddies have a good time. During office hours he is employed in the mechanical superintendent's office of the Santa Fe in Los Angeles. Mr. Lapham was appointed to the board of trustees first and his representation of the west side undoubtedly gained for him the winning votes in the municipal election. He resides at 415 West Broadway.

### Defends Man's Right To End Engagement

SYRACUSE, N. Y., Jan. 1.—"Women have claimed and won equality with men before the law. They should grant men the same privilege of breaking the engagement that they have claimed and used."

That is the way Mrs. Margaret Sanger, birth control advocate, answered Marjorie Bowen, famous British novelist, who recently declared that men should be required to keep marriage engagements and women should retain the right, under law, to sue for breach of promise damages.

Mrs. Sanger fired her answering broadside at the British writer, while here to lecture before the women's congress of Syracuse. "It is far better to break before than after marriage," warned Mrs. Sanger. "It is of the utmost importance for both that the man be made in love with the girl. If he learns that he has ceased to care, both are happier if he breaks it off. So far as legal ac-

tion is concerned, I fail to see why the man should not have the same privilege that women frequently exercise. It hurts a woman's vanity—just that—to lose her fiancé. It would hurt her far more to seek divorce.

"Women have claimed and won equality with men before the law. They should grant men the same privilege of breaking the engagement that they have claimed and used."

"Happiness in marriage depends far more on the man's love for the woman than on the woman's love for the man. Unless each step forward in their love-lives is earnestly desired by both the marriage is doomed.

"Marriage should be a consummation of mutual desire. As for forcing a man to marry—that is ridiculous and almost impossible. Marriage calls for the highest mutual love, and love cannot be forced. You can't legislate it into existence."

HUSBAND WANTS ALIMONY  
CHICAGO, Jan. 1.—Emil Baum, who says he was deserted, wants alimony from his wife.

### Bootleg Druggists To Face Campaign

KANSAS CITY, Mo., Jan. 1.—"Never mind, little drug store, don't you cry; you'll be a booze shop bye and bye."

There are 2000 drug stores in Missouri; several score of them are being operated as drug stores to camouflage their bootlegging activities, which is their real business.

So says C. M. Watson, president of the Retail Druggists' association, which has adopted as its slogan: "Run the bootleggers from behind the prescription case."

"These drug stores do not even comply with the law requiring a registered pharmacist to be in charge of their stores at all times," he says.

The association believes that there are many drug stores being operated by former saloon keepers and former bartenders, who feel they are safe if they operate behind a drug sign.

Sale of drugs is a nuisance to these places, the association contends, in announcing a campaign of education on an elaborate scale to acquaint the public with the fact that patronizing such places is dangerous. They are run primarily for retailing "hootch" and are not competent to handle drugs. Patronizing them is a constant danger to the patron, the association says.

"We are not campaigning against bootlegging in general," Watson announces. "We are simply seeking to purge our own business of prohibition violations." To this end the association plans to furnish evidence of liquor violations to the police and to follow up cases in court involving druggists to see that they are not pigeonholed.

Chief efforts will, however, it is stated, be directed toward educating the public to the danger of patronizing stores which ostensibly sell drugs but in reality deal in liquor.

Money spent in Glendale helps to make Glendale a bigger and better city.

Rapa Island Near Paradise for Males  
HONOLULU, T. H., Jan. 1.—Overwhelming numerical superiority of females does not necessarily mean that the men are chased up hill and down dale by the females who outnumber them. There is the island of Rapa, for instance, in the Austral group in the South Pacific, about which some writer of frenzied fiction, in an endeavor to out-O'Brien the redoubtable Frederick himself, wove glittering narratives that made all previous tales of the South Seas evaporate into thin air by comparison.

Now comes the real truth about Rapa from the lips of J. F. G. Stokes, backed up by Mrs. Stokes, who went with her husband on a two-year expedition to the Austral group in the interests of the Bishop Museum of Honolulu. Dr. and Mrs. Stokes have just returned to Honolulu.

### Rapa Island Near Paradise for Males

Rapa is a land of laziness and ease—for the men—says Dr. Stokes. The Rapa male population is, for the most part, too lazy to live, and so there are four women for every man. Does the beautiful Rapa flapper get out her hatchet when she wants a beau and go after him with several others of her age, strength and inclinations? She does not! The women of Rapa are not at all anxious to marry the men of their own race, says Dr. Stokes, as, once they are married, they become little more than slaves. They have no hold on or control over their husbands, who, despite the fact that each man has only one official wife, never forget that each of them has three other possible candidates for the official wife's position. A double standard prevails in Rapa, too, for, if the official wife attempts to enjoy the same privileges that her husband does she is liable to a severe "beating up," to say the least.

Duty on distilled spirits in the United States during the past year amounted to \$50,000,000.

Money spent in Glendale helps to make Glendale a bigger and better city.

## ANNOUNCEMENT BY WATER CO.

### W. M. Mills, Secretary, Tells of New System to Be Followed

The attention of all stockholders, consumers and other persons having business with the Crescenta Mutual Water company is called to a change of office address, effective January 1, 1923, states W. M. Mills, secretary of the company, who has heretofore transacted its business from the offices at 119 East Broadway, Glendale. On and after the first of the new year this business will be transacted for the company by the Montrose State bank, corner of Honolulu and Montrose avenues, Montrose.

"There are a number of reasons for this new arrangement," explains Mr. Mills. "In the first place, the rapid growth of the district and consequent expansion of the company's business have made it necessary to bring the office and the superintendent's forces in closer contact than can be done with an office in Glendale. Moreover, it is felt that the new location will be more convenient for a large majority of the patrons of the company."

### Bank Issues Bills

In addition, Mr. Mills explains that his own expanding personal activities have forced him to take this step, in which the directors of the company have concurred by a unanimous vote. On and after January 2, therefore, all bills will be issued by and payable to the Montrose State bank, and all applications for pipe line extensions, orders for meters, subscriptions to stock and similar matters, should be made at the bank.

"It should be borne in mind," adds Mr. Mills, "that the Montrose State bank will act only as a bookkeeping and collection agency for the company, and will in no way be active in its management or responsible for the actions of directors, officers or employees. Any complaints as to services, bills, leaks, etc., should, therefore, be made in person to Superintendent E. L. Rider, at the pumping plant on Glenwood street, just south of Honolulu avenue, or in writing to Mr. Rider, in care of the bank. Blanks for this purpose will be provided at the bank."

"All mail for the company, it is particularly emphasized, should be directed exactly as follows—Crescenta Mutual Water Co., care of Montrose State Bank, Route 4, Box 24-A, Glendale, Calif.

Community spirit is increased when you do your buying in Glendale.

Extends to everyone who has contributed to the prosperity of the company, its most hearty thanks and bespeaks for him or her a most wonderful abundance of happiness and prosperity for the new year.

And to those who desire real service during the coming year in that most vital of investments—home selection—we extend an invitation to call and get acquainted.

# HAPPY NEW YEAR

## PRIDE OF POSSESSION

### *Is the Driving Force Toward Home Ownership*

Why envy your neighbor for the home he toiled and paid for? Go do likewise and others will envy you.

Owning a home makes a man a better citizen, more vitally interested in the community in which he lives. He knows that its future is his own, that its progress is his, too. When he owns his home he knows that he owns a part of the city's wealth, and his prosperity and that of his city are inseparable.

Statistics show that unless you are among the favored few who have learned the lessons of thrift—that at 65 you will be dependent upon others for support. If you are well along in life and are not one of

the favored few, the least you can do is to see that your children are taught to be thrifty. Most of us mean well, but keep putting off saving until we earn more. Without the guiding hand of thrift, the more we earn the more we spend. We do not mean, however, that you should be a tightwad—or that you should make every penny special. Simply be careful where and what you buy, and save wherever possible.

Come in and let us give you "unusual service." Unusual because we give direct personal attention to our clients instead of having this or that salesman take care of your needs.

## GREETINGS

Once more we pass another milestone in the history of the world—once more another year of progress in Glendale—and once more we stand on the threshold of another year.

To you, our friends and patrons, we extend the greetings of the season.

### JUNK MEN'S PLOT IS INVESTIGATED

#### Charges Made That Dealers Conspired to Cheat the Government

By W. H. ATKINS  
 WASHINGTON, Jan. 1.—Charges that junk dealers in a number of cities had conspired to cheat the government, in buying war supplies at auction sales, will be laid before grand juries as basis for indictments, it was learned at the department of justice today.

The charges relate to purchases of different classes of materials left over after the war, and sold piecemeal in auction sales over the past two years. The supplies are usually offered to the highest bidder.

Irregularities in the buying of copper provide one chapter of what officials describe as a "scandal." Large stocks of surplus copper have been parcelled out in various sales to a comparatively small number of junk dealers. Copper thus offered, has been bought up quickly, but at far below a fair market price, according to investigators.

### FILE COMPLAINT AGAINST FIGHTER

#### Apartment House Owner Says Farral Drenched Party With Water

LOS ANGELES, Jan. 1.—Alleged to have playfully drenched the members of a wedding party with water from a fire hose, Monte Farral, trainer and sparring partner for Jack Dempsey, heavyweight boxing champion, was named today in a complaint charging him with disturbing the peace.

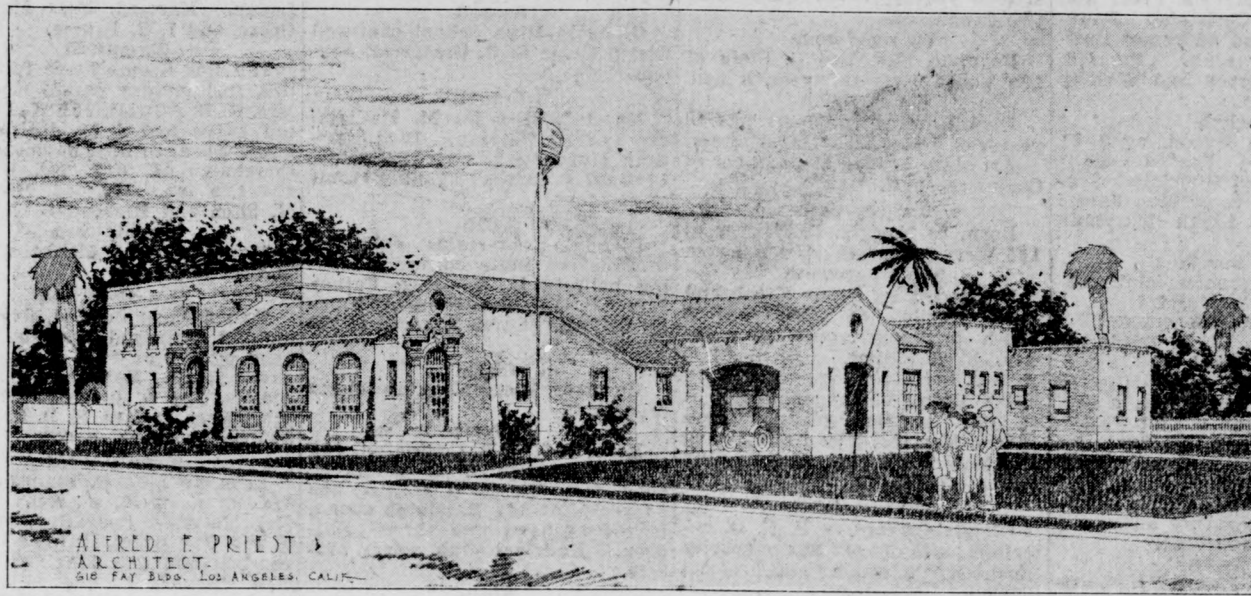

The Castle-Towers apartment house in West Fourth street was the scene of the comedy that now promises to become a serious matter, according to the complaint.

Dragging the hose behind him it is charged that the trainer liberally sprayed the merry-makers and furnishings of the house with water. The apartment house owner remonstrated and the issuing of the complaint followed.

### Master Builders Are Rebuilding France

AMIENS, France, Jan. 1.—There are more master builders than workmen to do the building in the devastated regions. Workmen are scarce, although 80 and 100 francs a day are offered to carpenters and masons.

## TUESDAY AFTERNOON'S CLUB HOME NOW NEARS COMPLETION

Surrounding a typical early Californian "patio," where flowers will bloom and the fountain play throughout the year, the wings of the new Tuesday Afternoon club house are being reared following the well-loved Spanish-California design. The building is nearing completion.

White stucco walls and mission tiled roof will enclose an auditorium that will seat 800 people. A banquet room and kitchens will occupy another wing; the tea room, palm room and keeper's

apartment are other features of this very modern and very attractive addition to the club houses of Southern California that have a nationwide reputation for their beauty. Within the building the dark mission woodwork and tiled walls will be relieved by elaborate stenciling varying in design.

### French Glass Mill Has Pre-War Output

PARIS, France, Jan. 1.—At the outbreak of the World War France possessed six factories engaged in the manufacture of mirror glass, five of them in the war zone. Of the five glass works the one at Poussois, although heavily damaged, was the only establishment which escaped total destruction.

It is reported to the department of commerce by the commercial attache in Paris that this factory, with its three ovens in operation, has almost attained its pre-war output. A thoroughly modern factory is under construction at Compiègne, near Paris. Reconstruction work at Clercy is progressing rapidly.

Competent authorities state that within a year or two France will have regained her former importance in this industry.

Home merchants make it a point to please you. There is satisfaction in buying in Glendale.

### Four Brothers Are Named Bootleggers

NEW YORK, Jan. 1.—Four of the socially prominent La Montague brothers were indicted by the federal grand jury here and today faced prison terms as "bootleggers."

Rene Bavegne la Montague, a famous polo star, was alleged by federal investigators to be the head of a liquor ring that furnished illicit beverages to exclusive clubs throughout New York.

All the Montague brothers were officials of the Emancipation Distillery company.

Further indictments are in sight, it is alleged by United States Attorney Hayward.

The highways of the United States total more miles, 2,500,000, than nearly all the rest of the world put together.

Members of the police department of Rio de Janeiro, Brazil, are being supplied with motorcycles.

### ORGANIZATION OF WOMEN STRONG

#### Tuesday Afternoon Club Is Great Body; P.-T. A. Here Does Good Work

January of 1923 marks the twenty-fifth birthday of the Tuesday Afternoon club, Glendale's largest organization of women. It was on January 9, 1898 at a birthday party given by Mrs. Philip Parker that eleven women were inspired to form the informal organization that has developed into one of the strongest units of the California Federation of Women's clubs.

At present the club claims over 500 members, all of whom share in the pride of the club's new home under construction at the northeast corner of Central avenue and Lexington drive.

**Club Incorporated**

The club was incorporated in 1908 and the members gather for regular meetings every second and fourth Tuesday except during the summer months July, August and September. Activities of the club are further augmented by the existence of nine sections for cultural pursuits and these and the talented programs at the regular club meetings are of great enjoyment to the members.

Administration of the club's affairs is in the hands of a corps of officers headed by Mrs. Daniel Campbell. Her immediate assistants are Mrs. A. H. Montgomery, first vice president; Mrs. C. W. Houston, second vice president; Mrs. John C. Dunn, recording secretary; Mrs. Frank Ayars, corresponding secretary; Mrs. M. E. Plasterer. A board of directors and chairmen and members of various committees are all loyal in supporting Mrs. Campbell in the duties of her office.

**P.-T. A. Federation**

Thirteen city schools are represented in Glendale's Parent-Teacher Association Federation. This organization of the parents and teachers of Glendale has happily united the schools and homes and through its successful organization and accomplishments has won wide recognition for the city.

The Glendale Parent-Teacher Association was organized in 1910 and Dr. Jessie A. Russell was the first president, serving from 1910 to 1913. At that time the organization included Glendale schools and those of neighboring communities.

Mrs. E. B. Moore is at present president of the P. T. A. Federation and she is ably assisted in the conduct of affairs by other Federation officers and by the officers of the thirteen individual school associations.

**Temperance Union**

The Glendale W. C. T. U. was organized in 1904 and has 160 active members at the present time. It meets at the homes of various members at 2 o'clock in the afternoon of the first, third and fifth Fridays of each month.

Officers in force at the present time include Mrs. Ruby J. Smart, president; Mrs. Edith Dockeray, vice-president; Mrs. C. W. Bacon, corresponding secretary; Mrs. R. W. Mottern, recording secretary; Mrs. Sarah Thomas, treasurer.

**Soviets to Establish Transport Service**

NEW YORK, Jan. 1.—Soviet Russia plans the re-establishment of passenger and freight service from ports on the Baltic to the United States, it was learned today.

It is believed that Charles Reehl, attorney for the soviet government, has been in touch with the Washington authorities to sound their attitude on admission of immigrants from soviet territory.

The Russian volunteer fleet may be restored under the new plans. Shipment of passengers and freight will be made at English ports until Russia acquires more ships suitable for the transatlantic voyage.

### Try Sliced Onion

To keep the windshield clear in rainy weather try rubbing a sliced onion over the glass, using an up and down stroke. Be sure to coat the entire surface of the glass with the juice of the onion.

A neglected battery cannot be restored to its original life.

## A THOUGHT FOR THE NEW YEAR

### "He Profits Most Who Serves Best"

HERE has never been a truer maxim than this: "He profits most who serves best."

Let us look at the facts as reflected by contemporary history. Out of a hundred track laborers we find one of them rising to the superintendency of a railroad.

In a large mercantile establishment one clerk becomes successively a department head and, finally, a partner in the business.

In a bank a youthful messenger, devoted to his ideals, and with his eye on bigger things ahead, moves along with surprising rapidity—and one day we see him meeting customers and transacting with them matters of moment.

Most great men have come up from the ranks in their particular line.

Does the track laborer, the clerk, the messenger, the factory worker, the machinist and the carpenter, who gets along, have any natural advantage over those around him? Decidedly not. The world clamors for men of initiative and action and service. The secret lies more in perseverance and service than in talent or genius. Men who serve don't have to hunt better jobs—the jobs hunt them. It matters not how humble your position, if you render human service and work, success awaits you just around the corner.

Any way you take it—whether for the mere satisfaction of good citizenship, or for material gain—"He profits most who serves best."

**Thirtieth**  
Cornerstone laid for Presbyterian church.

**REALETY FIRM TO INCREASE STAFF**  
**J. F. Stanford Reorganizes Sales Force; Names a New Manager**

The increasing demand for homes that can be purchased on the Stanford easy-payment plan has compelled J. F. Stanford to make some changes in his office organization. M. J. Bicknell, of Los Angeles, who has been in the real estate and oil business for the past twelve years, has been engaged as sales manager in charge of the Glendale office at 112 1/2 South Brand boulevard. The sales force will be increased to cover sales, exchanges, loans and insurance.

Mr. Stanford has been building and selling since 1910, but the added demand for homes built and sold under his original plan has so increased that he will now give his entire time and attention to the building end of the business. He has several buildings under construction in Glendale, Burbank, Alhambra, Los Angeles, and is beginning work on one in Pasadena.

**Agricultural Boom Waits Normal Prices**

CHICAGO, Jan. 1.—Readjustment of prices to meet present conditions will solve the agricultural problem of the world, James R. Howard, former president of the American Farm Bureau federation, declared in an address before the American Economic association here.

"It is a question of pre-war prices being paid for after-war products," he said. "The price of the farmer's product must be judged by the exchange ratio of his corn and his rye and his oats. It cannot be fixed in dollars and cents."

Glendale merchants merit your patronage. Do your buying in Glendale.

**Bootleg Dizzy, Man Takes Baby Buggy**

PHILADELPHIA, Jan. 1.—Henry Clynne, a fisherman, drank too deep of bootleg potatoes and found that his tottering legs wouldn't go straight any more. So he wheeled a baby carriage, child and all to help him steer a straight course. Half a mile away a policeman took a second look at Henry and pinched him quickly. A few seconds later a frantic mother arrived and tried to scratch out Henry's eyes. The policeman saved him.

# COMMENT THAT'S ALL

Lots To Be Happy For License Is Protection News—What Is It? Highway Development  
—By Gil A. Cowan—

**HAPPY NEW YEAR, folks!** It is one gladsome day—the history of The Glendale Evening News to break forth the first day of 1923 with an unusually comprehensive newspaper regarding the fastest growing city of its class in America—a community that nearly rang the bell for seven cool millions of dollars in building; and a representative amount of display advertising which well tells the commercial growth here.

Sure, and we have a whole lot to be happy for, folks. Just adopt a smug today and let it grow each day and see what an optimistic, prosperous year it will be—1923.

At last the unexpected has happened. Several hundred real estate "dealers" in Southern California—and Glendale has its quota—will be refused licenses by the state real estate commissioner because they have not places of doing business or do not operate as such with a sign to show they are in the profession.

In other words, the curbstone broker must go. The "friend" who shaves your face, or the "lady" who makes your dress and sells you property on the sly, although duly licensed, will have to have cards printed. So will see "A. Razor Wielder, Hair-cutting and Sheep Shorn, Real Estate and Shampoos," or something equally as interesting in the way of signs.

It is said that the majority of complaints made to the real estate commissioner are a result of the activities of the "man without an office" who leaves the buyer to straighten out the tangled skeins resulting sooner or later from improper transfer, indefinite contracts, etc.

Therefore, if you are a licensed real estate dealer, hang out your shingle and advertise! Let the world know where you're at!

Somebody asks: What is news and when is enough?  
That's a good puzzle to figure out on the next vacation, for news is judged according to the intelligence of the editor as representing the intelligence of his community which is expressed in their desire to read any particular brand of news.

Several authorities have said that when a dog bites a man, it is an expected fact; but when a man bites a dog, that is news! Alright, but what are you going to do with the items of interest locally. Are the reporters going to be forced to have the soup spilled on the most costly frock at every dinner party, or every visitor to the home town pictured as an antarctic explorer?

Truthfully, it may be said that the correct chronology of events, just as they happen, is news, but they should be written either briefly or sufficiently interesting to invite the attention of the largest number of readers possible.

There are too many writers nowadays who receive their education in small towns and cannot get away from what a more metropolitan editor calls the "terrible details," but at that too many details are better than none at all.

So give us the news, folks, details and all, and let the trained newspapermen use their judgment in whipping it into shape.

A half million dollars will be spent on the roads of Baja, Calif., by the present administration of Mexico, according to a news note accredited to Governor Jose Y. Lugo, who sits on the lid of some of the greatest displays of fireworks, verbal and otherwise, ever seen at Mexico.

This is an interesting note for the people of Southern California because the development of that fertile territory to the south of the United States border has resulted in Calexico becoming one of the leading ports of entry.

And that means a better business for this district, both in the matter of revenue, commercial enterprises and development. Indeed, Southern California can look forward to the day when Mexico will provide the greatest of its great back country, with cheap raw materials for manufacture here in competition with other world trade centers.

Really, New Year's gets around the calendar so easily that we have to sharpen our wits not to write 1923 in spite of the fact we know it is 1923.

This is the original "skidoo" year of the century, if you will pardon reference to antiquated slang, and America is getting away to a good start.

In this age of speed, discovery, invention, revelation, etc., we should expect something wonderful during the next 364 days.

See what you can do to make this a bigger, better world in which to live.

# CAPITAL TO HAVE QUIET NEW YEAR

President Will Spend Day With Wife; Customary Reception Is Off

WASHINGTON, Jan. 1.—The advent of the New Year will be observed quietly at the White House this year.

Contrary to previous custom there will be no New Year's reception at the executive mansion. The ceremony, which in the past has drawn thousands to grasp the hand of the president and his wife is to be omitted.

President Harding plans to lay aside entirely the cares and worries of his office and spend the day quietly with Mrs. Harding, truly thankful for her miraculous recovery from the illness which began last September and for a while threatened to end in death. No formalities have been planned for the day. As on Thanksgiving and Christmas, the president and Mrs. Harding will sit together downstairs, probably receiving a very few close friends.

The New Year finds Mrs. Harding still very weak, but steadily and surely returning to at least a substantial semblance of her former health. She will soon be able to walk about the house, and possibly within another month she may be able to resume some of her duties as the first lady of the land.

On this, the first day of the New Year, may we join hearts and hands in thanksgiving for the beauties of Glendale, our home city. We are entering another year of history and may it hold treasures of health, happiness and prosperity for you all, is our sincerest New Year's wish.

#### LIMOUSINE AMBULANCE SERVICE

# On Jan. 1, 1923

It is in the Green Verdugo Hills, Sheltering the city of Glendale to the north that the romantic history of this wondrous valley is perpetuated. This great natural monument of beauty has furnished the inspiring background for the progress of the years past and the foundation for predictions of great things in the years to come.

It was the Indian foot that left the first print on the trails leading across the mesas to the hills and then came the padres and the dons; and finally the vanguard of today, the pioneers traveling in ox-drawn wagons.

Today the Green Verdugo Hills are as green as in those years gone by, the distances of valley as alluring and the surrounding country still some of the choicest in the Golden State.

Whether it be in the early morning hours when the haze of dawn still veils the hills; at noon day when all living things are enjoying the heat of the shining sun; or as the lengthening shadows bring the close of the day; the beauty still remains and one cannot journey along the hills to the north without being inspired with thankfulness for the blessings of nature and life.

For many years we have catered to the transportation needs of the people of Glendale and other foothill communities and it is the friends we have made in this service we greet today.

We greet them, and also the newcomers to Glendale who have as yet undiscovered the wealth of scenic beauty in the distant hills.

On this, the first day of the New Year, may we join hearts and hands in thanksgiving for the beauties of Glendale, our home city. We are entering another year of history and may it hold treasures of health, happiness and prosperity for you all, is our sincerest New Year's wish.

2nd Anniversary and Clearance

**KENTS' CLIMB TO SUCCESS IS FAST**

Company Started in Building Business Here Twelve Years Ago

It was twelve years ago that Charles W. Kent and his son R. L. Kent established a building construction and architectural company, and today this same company is one of the prominent units of Glendale's business life, reflecting in its increased activity the miraculous growth of the city.

Today the Kent company is housed at 130 South Brand boulevard, and it is in this same block that it has been located since 1910.

The activities of the company include building construction, architecture, and development and promotion.

One of the biggest interests of the Kent company has been Glendale Gardens located between Glendale and Burbank on San Fernando road. This section was extensively developed and has been practically all sold off.

The company has also developed an entire business block in San Fernando and this property has been almost all sold off, much of it being purchased by E. C. Pendroy, Jesse Smith and other Glendale and San Fernando investors.

**Started New District**  
It was Mr. Kent who took the first step in establishing an industrial district on the west side of Glendale. There he located the distributing plant of the Standard Oil company, the International Chemical company, manufacturing ink and by-products, and is now establishing the Glendale Engineering company.

In further developing this project Mr. Kent recently secured a ninety-nine year lease on approximately a quarter of a mile of railroad frontage on the west side of San Fernando road, and it is his plan to extend Colorado street through and across this property to provide a short cut to Griffith park.

During the coming year a number of large and small industries will be located in this newly developed district.

In the past year the Kent company has constructed seventeen individual business locations of their own, most of them on Brand boulevard, Maryland avenue or San Fernando road.

**HEIRESS' PARENTS FAVORS POOR MAN**

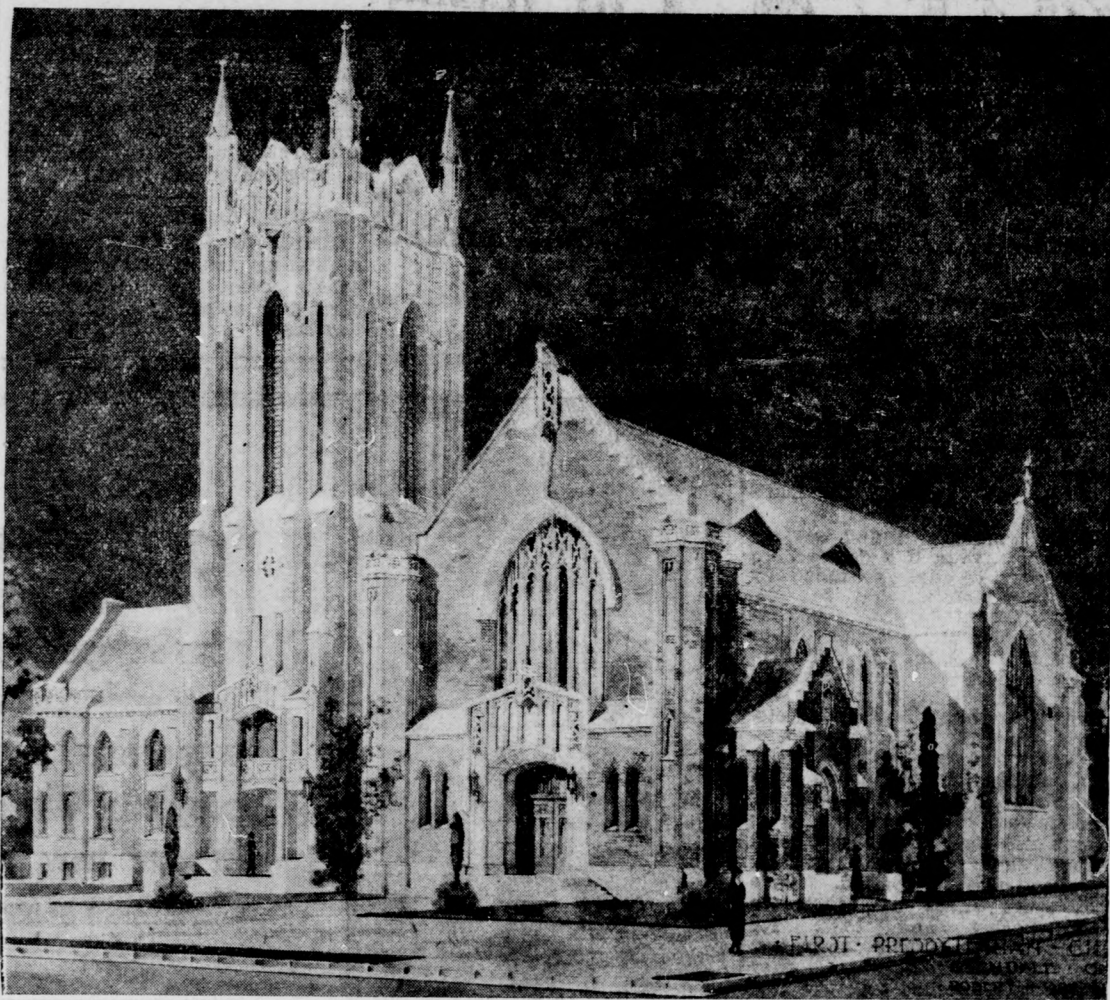

Delora Angell, Worth Only Thirty-eight Millions, to Marry Newspaperman

LOS ANGELES, Jan. 1.—Not a ripple has marred the romance of Delora Angell, heiress to \$38,000,000, and her fiance, Lester Norris, a Chicago newspaper artist, according to her father, R. F. Angell, who, with Mrs. Angell and his daughter, has come to Los Angeles for the winter.

When Miss Angell announced her engagement to the young newspaper man some months ago, fashionable Chicago gasped. All of which, according to Mr. Angell, both he and Mrs. Angell are unconcerned over, and are heartily in favor of the match. The wedding will take place in the near future, it was reported.

The News ads produce results.

**PRESBYTERIAN CHURCH TO BE MOST IMPOSING**

A Gothic tower rising to the commanding height of 132 feet is to herald the Presbyterian church, now under construction on the northwest corner of Maryland and Harvard. Approximately \$300,000 will be invested in the magnificent house of God when the interior furnishings, art glass windows and chimes are installed.

The building excavation covers a space of 140x145 feet and will be separated by the tower into an auditorium, to seat 1400, and the Bible school and pastors' study. The basement will contain banquet rooms, kitchens, furnace rooms and the countless other additions that make a modern Sunday school plant.

Robert H. Orr of Los Angeles designed the structure, which will be finished in brick and art stone. The pipe organ, rebuilt, and added to, and the lighted chimes will be brought from the old church and installed when the congregation changes its place of worship from the old to the new. The Presbyterians hope to double their 1100 membership within a year from the date they enter their new quarters.

**FAVORS FILMS OF FATTY ARBUCKLE**

Dr. George C. Richmond to Speak Before Club in Comedian's Behalf

LOS ANGELES, Jan. 1.—Publicity championing the cause of Roscoe "Fatty" Arbuckle, in his fight to return to the films, Dr. George Chambers Richmond will address a local club next Thursday at noon.

According to Dr. Richmond, Will Hays, chief of the motion picture world, will be on hand to hear the champion of the comedian address the club on "Was Will Hays justified in reinstating Arbuckle?"

**Richardson Names Clerical Secretary**

SACRAMENTO, Jan. 1.—Governor-elect Richardson has appointed Mrs. Louise E. Bootes as his clerical secretary. Mrs. Bootes was Richardson's stenographer in the state service for six years, and previous to that was associated with him in newspaper work.

A plan is being considered in Detroit, Mich., which will enable that city to test the mentality of prospective automobile drivers.

**LEADERS IN BUILDING**

FOLLOWING are the cities which issued building permits for November, 1922, in excess of \$1,000,000, reporting to the American Contractor, supplement by the Pacific coast cities not heretofore reported by Southwest Builder and Contractor:

|   | Nov., 1922   | Nov., 1921   |
|---|--------------|--------------|
| New York City   | \$52,918,255 | \$43,016,543 |

**SERVICE STATION WILL BE OPENED CLOTHIER THANKS HIS 1922 TRADE**

L. P. Drake Will Establish Plant on Colorado Street January 5  
Ed. Nisle Builds Up Big Business During Past Seven Months

Former patrons of L. P. Drake, at the Maryland Storage garage, will be glad to hear the announcement that he is opening a service station January 5 at Colorado and Adams streets.

Mr. Drake has named his new place of business the "Colorado Boulevard Service Station." He is inviting old friends and new Glendaleans to pay him a visit.

He will handle gas, oil, accessories and will have his station equipped with a grease rack.

**First Auto 'Crash'**  
The first automobile "crash" on record occurred in 1896, when Jonathan West of Rochester, N. Y., riding in a car, collided with a wagon owned by a laundry company.

Ed Nisle, clothier, of 135 1/2 South Brand boulevard, is just one of Glendale's merchants taking the opportunity today to express his appreciation for the success of the past year by wishing his patrons and friends "Happy New Year!"

Mr. Nisle has only been in business in Glendale since last March but he is giving a full year's measure in his greeting today.

In closing the year he has just conducted his first annual sale and Glendale people will be interested in his announcement that he is to continue the sale through this week.

Heaters, toilet-cases and smoking sets are among the equipment of the modern type of inclosed car.

**For the New Year**

The lure of the open road is never more alluring to Californians than at the holiday season when they are drawn away from work-a-day things and yield to hours of idle happiness with family and friends motoring over the highways to mountains or sea shore.

For Christmas and New Year, 1923, we have been enticed forth by a broad pathway of sunshine, and we have found mountain and mesa, valley and sand dune breathing of the charm of early spring.

Ours is the gospel of the great out-of-doors, where the sermons of nature sound a bit clearer and one finds the hand of the infinite in every leaf and stone.

It is traveling the Golden State's highways to places of peace and beauty that brings surcease from the problems of life and in our service to Glendale people this is one of the goals toward which we are striving.

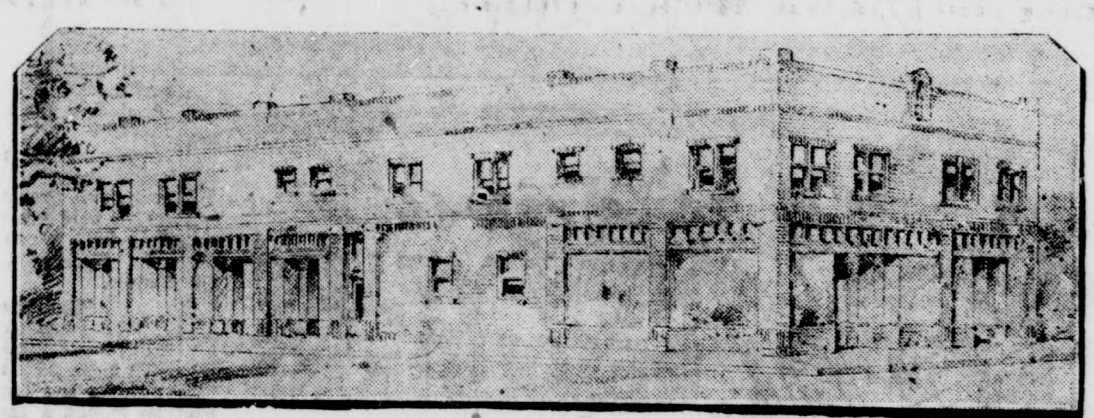

We join with you in the enjoyment of the beauty of today. As we stand happy in the blessings of the past year our sincerest wish for our patrons and friends is that every day of happiness and blessing of 1922 may find a double reflection in the 365 days of the New Year.

## Side Talks by Ruth Cameron

**MANY WAYS**  
 "The old order changeth, yielding place to new; And God fulfills Himself in many ways. Least one good custom should corrupt the world."  
 —Tennyson.

I have a friend who bitterly regrets growing older. When anything, such as anniversary day like the present, brings the passing of the years to her mind she often quotes that first line: "The old order changeth yielding place to new."

**Life Can't Stand Still**  
 She quotes it in a mournful tone. I do not think it was meant to be mournful. I think the rest of the passage (which she never quotes) shows that. We wish at times that our lives could move along without changes or breaks, but that is not the way of life. "God fulfills Himself in many ways."

All of which is by way of prelude to wishing you the wish that belongs to this day:  
**Happy New Year to You!**  
 "God fulfills Himself in many ways." Do not be afraid of the New Year, you who have a tendency to dread change and fear the new. It will be different from the old even as one star differs from another. But if it takes away some things from you it will bring other things into your life.

**It Takes away Old Friends**  
 If it takes away old friends it will bring new. Has a year ever passed in your life that it did not bring you some new contact? If

## Practical Housekeeping by Florence Austin Chase

**THE COUNCIL TABLE**  
 Question—Can you tell me whether or not fine pottery, porcelain and china is made from the same sort of clay as common brick used for building purposes?  
 Answer—Yes, broadly speaking, but the finer, very pure forms, particularly kaolin, are used for the manufacture of fine porcelain and china.

Question—I am told that the reason I use so much gas is that the burners of my range are too low. They have not been changed since the range was purchased, at which time I was assured that the range was the best of its kind. How near the bottom of the cooking vessel do you think the burners should be?  
 Answer—The distance between the top of the burner and the bottom of the cooking vessel should be such that only the extreme tips of the outer cone of the flames touch the vessel. This distance should never be less than one and one-quarter inches. If the distance be less, the flame is chilled by contact with the vessel and arrested combustion results. A great many of the gas ranges adjusted for the burning of natural gas had the burners adjusted too low to be efficient. However, I am sure even the manufacturers of ranges understand now the importance of having the

top burners adjusted so that the top comes to within one and one-quarter inches. A good plumber can make the necessary changes on your range to make it efficient.  
 Question—Can you give me the recipe for apple strudel? A Danish maid I once had made it and my family liked it, so much I am most anxious to obtain it.  
 Answer—I do not know if the recipe I have is the one you want, but it came to me from a little woman who delights in making all of the dishes having foreign-sounding names. Here it is:  
**Apple Strudel**—Sift two cups flour into a bowl; make a hole in the center of the flour; pour in one-half cup warm water, one-half cup butter two whole eggs, two yolks extra and one-eighth teaspoon salt. Stir it slowly into a soft dough. Cover and keep it in a warm place until you have panned half a peck of apples; cut or shave them very fine. Now cover your kitchen table with a clean cloth, sift flour all over it and roll out the dough as thin as possible. Then use your hands, placing them under the rolled dough, and stretch it gently, very gently so as not to tear it, walking all around the table as you do this to get it even and as thin as tissue paper. Pour three or

## Diet and Health by Lulu Hunt Peters, MD.

**THE NEW YEAR**  
 Happy New Year, dear followers! Have you made your resolutions for the new year yet? Of course you have. You probably made them yesterday. Did you write them down? If you did not, do so. It helps.

Ain't it a grand and glorious feeling, the new year resolution resolving? The person who does not get a glow with the inspiration of the new year I count as ready to be planted, so his mortal body can be resolved to its native elements. Then he can be reabsorbed from the soil and blossom forth in flower or fruit and in this way serve.

Today we all turn over a new leaf in the book of our lives. It is a beautiful and appropriate symbolism, the comparing of our lives to a book. You remember it is taken from the Book of Revelations in the Bible. "And I saw the dead, the great and the small, standing before the throne; and books were opened; and another book was opened, which is the book of life; and the dead were judged out of the things which were written in the books, according to their works."

The last year did you make so many blots, so many mistakes on the page, that you fear they will show through the new page of this year? So did we all! So did we all! If you felt that you were the only one who had made mistakes and had gotten in wrong, you might feel justified in a great deal of self-pity and rebellion. But, when you realize that you are not the only one, that fate hands out a good share of buffeting to everyone for mistakes they have made, then you can be more philosophical about it.  
 So let's put these mistakes be-

four tablespoons salted butter over the dough, mix the apples with two cups brown sugar, one-half teaspoon cinnamon, one cup seeded raisins and one-half cup citron, cut fine. Turn apple mixture in center of dough, spreading it evenly. Take hold the tablecloth with both hands at the corners, lift it and begin to roll the strudel. After it is rolled, place it in a buttered pan, put dots of butter on top and bake in a moderate oven thirty minutes. Remove from oven, pour one cup of cream over it and return to finish baking, or about fifteen minutes.

**Question**—In making plain custard, how many eggs should be allowed to each quart of milk?  
**Answer**—The rule is to allow "one egg for each cup of milk" and, since there are four cups in a quart, four eggs should be allowed for the quart. And may I add a word about the sweetening of custards? When preparing custards for children, use just enough sugar to make the dish palatable, two tablespoons of sugar to one cup of custard. For adults, the amount of sugar used may be in accordance with personal preference.

## BEAUTY CHATS

**FLAT HEeled SHOES**  
 Most doctors will tell young mothers, mothers-to-be I mean, not to wear high heeled shoes. For one reason, it makes it harder to balance the body, and at this time there's a curious unbalancing anyway. The weight, or centre of weight, seems to change, it's easier to fall, the ankles turn more readily, stairs often cause dizziness.

Most women will find out for themselves, even if a doctor does not happen to advise it, that they are more comfortable in low broad heeled shoes. Vanily, which makes most women do a lot of foolish things at this time and which always has prompted the wearing of high heels, will cause many to go on wearing elevated heels. But it's a great mistake. Even if one must economize it's foolish! Indeed, aside from questions of health and comfort, it's cheaper to save one's good shoes and wear loose, low-heeled "house shoes" for the last few months of this period. Save old sport shoes too, these are low heeled and built for comfort. The older they are, the better, for then they will have stretched and the feet need extra room now.

Indeed, many young mothers will be distressed to find how their feet spread and swell at this time. Sometimes the ankles swell out to extraordinary proportions. But this is due to pressure on certain nerves and muscles, and is not serious. In any case a doctor should be seen once a month. He will tell you that after the child comes, all these unusual things will disappear. And the feet which grow to very large will have come back to normal shape and will be better for the rest they have had—and high heels may be worn again as soon as the mother is up and about once more.

**H. G. L.**—Can't you go away for a short visit, even for a week or two? Often these curious spells of depression are only a nervous reaction against seeing the same people, and the same objects, for too many months or years. You assure me that you are in good form physically and that mentally you have nothing but should depress you do. I eliminate the two great causes of so-called feminine "temperament." I object to that word anyway. Men who never looked deep into the causes of things have too long dismissed feminine moods as "temperament" without troubling to find out what lay be-

hind them—the explanation is so easy that way!  
 Jenny—I'll mail you both cold cream formulas if you'll send me a letter with a s. a. s. e. One is for treating wrinkles and very dry skin, the other is only a cleansing cream, but a very superior sort.  
**Tomorrow—Answered Letters.**  
 All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

### CREDIT MEN OF CITY ARE UNITED

Glendale Merchants Form Organization; Reliable Ratings on File

The Glendale Credit Association, 150 South Brand boulevard, unites the merchants of the community in another bond of common interest.

As secretary of this organization, Frank H. Pilling of 415 Fischer street, has active charge of its work. Mr. Pilling has spent twenty years of his life in credit adjustments and was selected for this position because of his qualifications for this work and his priceless experience. Before coming to Glendale he was in charge of a credit bureau at Everett, Washington.

Although the local association has only been in existence thirteen months, or since December 1, 1921, about 9000 accurate and reliable credit ratings are on file already. These are being added to at the rate of about fifty a day. "Every person who comes to Glendale should come in and make a financial statement," remarked Mr. Pilling. "This would save a good deal of embarrassment in many cases."

**Steadily Growing**  
The membership of the organization at the present time consists of about a hundred merchants, but this number is increasing constantly. Eventually it is expected that every business or professional man in the San Fernando valley will be a member.

Glendale 2272 is the magic telephone number which determines whether or not a stranger may have credit. Less than three minutes is required to ascertain whether or not applicant for credit has a suitable rating.

Credit losses to members of the association are very low, according to Mr. Pilling. He stated, however, that it was difficult to estimate the exact saving in dollars and cents which this organization means to the merchants of Glendale. Shoppers are encouraged to pay cash and persons receiving credit are stimulated to make prompt settlement of their bills.

**Meets Every Monday**  
The Glendale Credit Association meets every Monday noon for luncheon in the banquet room of the Chamber of Commerce. At this time matters of common interest are discussed informally and policies are formulated.

Closing hours and holidays are under the jurisdiction of a special standing committee consisting of Daniel Kelly, Jr., Seymour Smith, and A. H. Dibbern.

The Glendale Credit Association co-operates with the Chamber of Commerce and other civic organizations in promoting the welfare of Glendale. Practically every one of its members is also a mem-

### HUGE NAVY BILL PASSES SENATE

House Provision for Arms Conference Contained in The Measure

WASHINGTON, Jan. 1.—With the house provision asking President Harding to call another arms conference to consider limitation of smaller sea warcraft, the \$325,000,000 navy appropriations bill was passed by the senate without a record vote.

### Pendroy's Store, Modern Building, Credit to City

Representing the investment of a quarter of a million dollars, Pendroy's, a three-story, modern steel frame building on the northeast corner of Brand and Harvard, stands first, among the business blocks of Glendale. Built by John G. Huntley and W. E. Evans for

the Pendroy Dry Goods company, the assessed value of the property and stock stands at the quarter million mark.

Aside from the actual architectural beauty of the building, designed by Alfred F. Priest and built by the Roy L. Kent com-

### SIXTEEN MILLIONS IN STATE TREASURY

Year Ends With Large Number of Pennies, and Lots Of Checks, Currency

SACRAMENTO, Jan. 1.—The year 1922 ends with \$15,933,945.93 in the state treasury, according to announcement today. This total sum includes the following amounts: Silver, \$2,568.19; nickels and pennies, \$39.86; federal reserve checks from banks, \$4,001,459.97; currency, \$329,687; certificates of deposit, \$11,614,209.

### TYPEWRITER MAN WINNING SUCCESS

H. C. Schumacher, Royal And Corona Agent, Builds Up Big Trade

"Service with a Smile" would be a fitting motto for H. C. Schumacher to adopt for the Glendale Typewriter shop he conducts at 109 South Brand boulevard.

Mr. Schumacher has been in business in Glendale since last November and during that time he has made a wide acquaintance as agent for the Royal and Corona typewriters, and for selling, repairing and repairing other makes of machines and handling a full line of typewriter supplies.

That Mr. Schumacher gives a service that pleases and is satisfactory is seen in his success.

### QUANTITY OF WATER PIPE

ALMOST 39 miles of water pipe were laid during 1922 according to Peter Deiderich, superintendent of the distribution of water and electricity for the public service department of the city of Glendale.

The value of this pipe was \$304,451.70. This sum was divided as follows: \$150,715.50 for 115,935 feet of four-inch pipe; \$43,219.20 for 27,012 feet of six-inch pipe; \$46,000.90 for 24,211 feet of eight-inch pipe; \$3345 for 1338 feet of ten-inch pipe, and \$12,254.30 for 3953 feet of twelve-inch pipe.

Exclusive of eight-inch joints, which occupied 30,573 feet and cost \$48,916.80, the total number of feet of pipe laid was 203,022 or 38.6 miles.

### Mouse Cause of City in Darkness

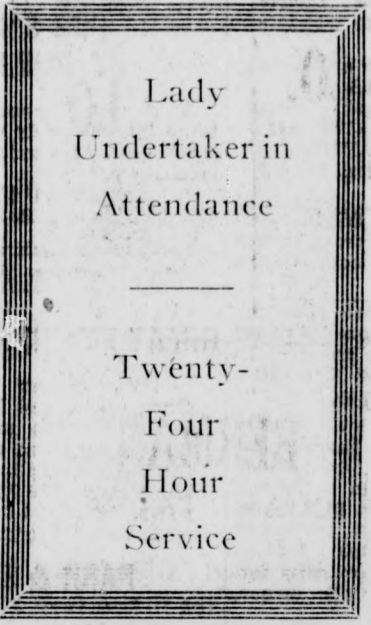

SHERBYVILLE, Ky., Jan. 1.—Engineers investigating the cause of a short circuit in the Shelbyville power house, which resulted in the city being without electric lights and without water for twenty-four hours, found the body of a mouse which had come into contact with a high voltage wire. Current passing through the body of the animal caused a short circuit which bared a power line in two, resulting in the shutdown of the plant. Current from the power house is used to pump water for the town.

### Mystery of 'Ship Haunted' Solved

NEW YORK, Jan. 1.—The steamship America of the United States lines had a large list of passengers from Bremen. A stowaway who played on a piccolo in the steerage, while hidden from the ship's crew, caused the report to go about that the ship was haunted. It was thought that Otto Schmidt, who died while working as a coal passer, while the ship was at sea, was haunting the America, but the discovery of four stowaways, including the one with the piccolo, set the report at rest.

Passenger automobiles are considered a luxury in Japan.

## TRADE GROWING, REPORT SHOWS

### Department of Commerce Tells of Conditions Throughout Nation

WASHINGTON, D. C., Jan. 1.—Stock-taking of the Nation's domestic business for the past year gives "a feeling of satisfaction" as to the progress made, the Department of Commerce declared in an end-of-the-year statement and, it added, "there are no serious obstacles in sight which should hinder further advance" in the early new year.

Optimism, born of the accomplishments of the past months, which many officials of the government regarded as a remarkable strengthening of the economic fabric, is evident throughout the statistics and details of the statement, which noted that the production of manufactured commodities averaged 50 per cent larger than in 1921. The farmer received approximately 17 per cent more for his products than in 1921 and the total volume of agricultural products was worth a much greater sum than was that of a year ago.

"The unsettled conditions in foreign countries, particularly in Europe, however," the statement continued, "are still depressing our trade, and, to some extent, have no doubt kept the prices of agricultural products below the level of other commodities. But with the past two months this latter condition has been relieved to some extent."

#### Exports Decrease

The review said that the American exports had dropped 16 per cent as compared with last year, but the comparison was on a basis of eleven months, and, in addition, represented a "long climb from a poor start," according to officials. Imports to September 22, when the new tariff law was effective, were slightly above last year, and indications are, it was said, unofficially, that the year's total may exceed last year's imports by a small margin.

The total volume of building, ordinarily a measure of the country's business health, was 52 per cent larger in the first eleven months of this year than in the same period last year, and the prediction was made that the full year's record will exceed that of 1919. The 1922 contracts for eleven months also represented a much greater expenditure of money than for the full year of 1921, it was said.

There was a genuine swell in the volume of general trade, according to the summary, which mentioned a 6 per cent greater sale by mail order houses, and a 13 per cent increase in business by chain stores as indicative of the business tide, declines appearing only in isolated lines.

#### Labor Shortage Reported

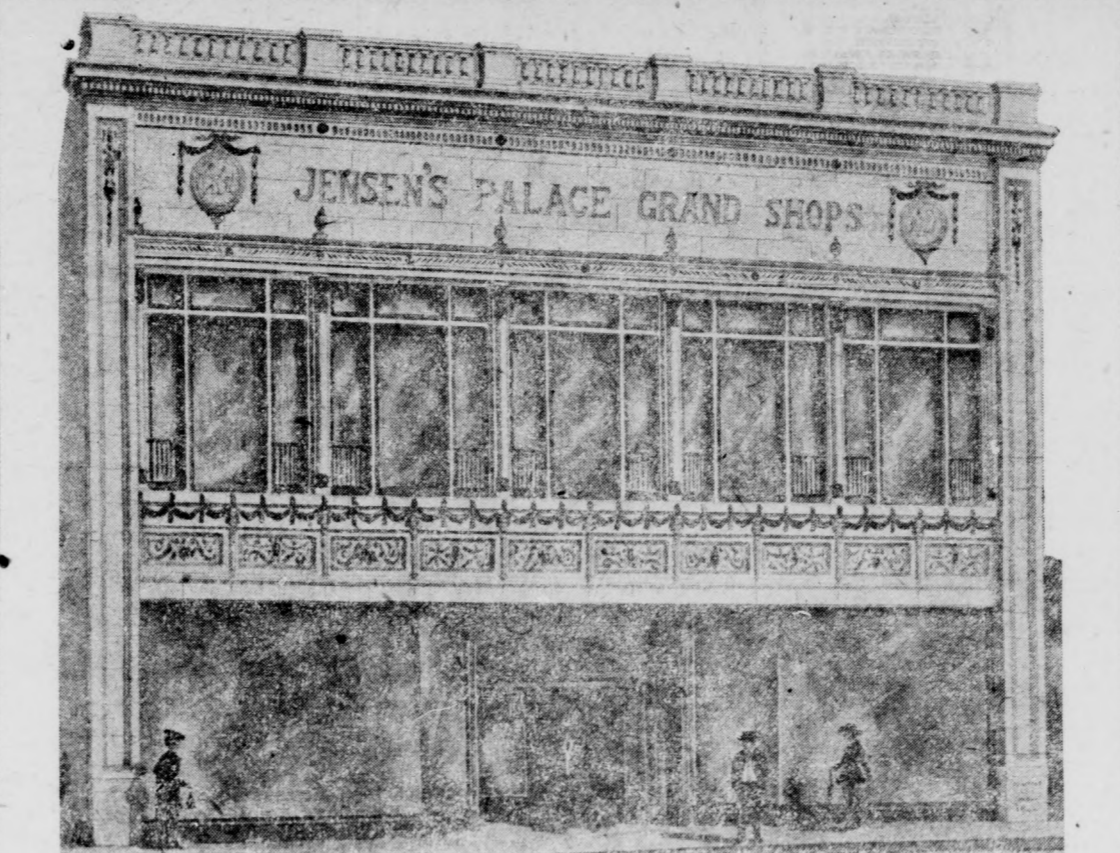

Increases in production with the reduction of immigration were said to have taken care of the unemployment situation and labor shortages were reported in many localities, although this condition was not general. It was added, however, that work appeared to be waiting for most laborers who sought it.

The year's progress was reported to have changed a huge surplus of freight cars into a shortage. One of the chief benefits derived by the farmer through the economic changes of the twelve months was the increase in his purchasing power, according to the review, which called attention to a decline of 10 per cent in wholesale and five per cent in retail prices, while the agricultural products were averaging 17 per cent more than in the preceding year.

The only declines of outstanding importance, were 7 per cent in bituminous coal and 47 per cent in anthracite, both of which were due to the strike. The final estimates of the wheat crop showed it to have been about 41,000,000 bushels, or 5 per cent greater than last year. Savings bank deposits increased uniformly throughout the country, according to the survey, and increases over 1921 also were reported in the 1922 life insurance business.

Advertising in newspapers was 6 per cent less on the basis of eleven months than for the same period last year, but there was an increase, the summary showed, in the advertising in magazines. Postal receipts were 9 per cent greater for the first eleven months than for the same period in 1921.

## JENSEN'S PALACE GRAND SHOPS ARE ARTISTIC

With an elaborate French Renaissance facade, Jensen's Palace Grand Shops, will stand out among many beautiful buildings for its artistic color and design.

The first and second floors of this very attractive structure will be devoted to specialty shops. The 53x159 foot basement, finished in a fantastic Egyptian design will house a first class bowling alley.

The new building, standing just north of the T. D. & L. Theatre, is just being completed. E. B. Matthews of Los Angeles is the architect and it is owned by Henry C. Jensen.

The new building, standing just north of the T. D. & L. Theatre, is just being completed. E. B. Matthews of Los Angeles is the architect and it is owned by Henry C. Jensen.

## LOAN COMPANIES 'OFFER WAY OUT'

### Building Associations in U. S. Outnumber All National Banks

It is the hope of every self-respecting person to at some time in life, become comfortably situated financially, so that their declining years may be spent in ease. That is an ambitious hope and is sometimes realized. More often, however, such a hope is not fulfilled for the reason that investments which were thought, at first, to be gilt-edged had proven to be of little or no value. In other cases the lack of success is due to disinclination or inability to save.

Only a few people are either fortunate or unfortunate enough to be permitted to start in life without being obliged to plan their own future. Most of us have to lay our own financial foundation, and that must be built through thrift and economy, and with savings, safely and profitably invested.

To all such, whatever their position or station in life may be, the investment certificates offered by building and loan associations afford one of the best, if not the best, form of investment that can be obtained. In every kind of investment there are two things that are, not only of interest, but of very vital importance—security and earnings. Building and loan certificates have both of these attributes. They are absolutely secure for the reason that all of the assets of the associations, except a small working cash balance, are loaned on unincumbered real estate, or in other words, on American homes—the best security in the world, thus combining the two most essential requirements sought in a desirable security. In addition to these, they also have one quality that is of more than passing value. They are liquid. That is, they are readily convertible into cash, if it should be found necessary.

Other securities, when cash is sought to be realized on them, must be negotiated through a broker or trader, for a commission which is often unreasonably excessive. Not so with the building and loan certificates. When it is desired to convert them into cash they are presented to the association issuing them and they are paid as par. This feature alone is of great value, but it is not always recognized until the time comes for cashing in.

Suited to All Since building and loan certificates can be had in either full paid or pass book form, they are suited to the needs of all

## Absent-Minded Man Forgets Trousers

NEW YORK, Jan. 1.—A patrolman glanced into a Seventh avenue doorway and saw a man who was fully dressed except for one necessary article of attire—his trousers.

The policeman gave the man his raincoat and took him to the station house, charging him with vagrancy. There he said he was James Allen, 65, of West One Hundred Seventeenth street.

His daughter, Mrs. Mary McGuire, later told police her father is very absent minded and strayed out without knowing he was only partly clad.

### The Glendale

In "Sure Fire Flint," with Johnny Hines touching off the powder, the Glendale Theatre surely has an explosion of merit for its New Year's day patrons.

If you were reading the scenario of this riotous feature comedy, this is what you would get: Opening shot—Flint born on the 4th of July. Title: "Give him air!" Yells and kicks. Action right from the start. "The country went wild the day Flint was born." Exterior: Big parade, frenzied crowds, arms waving, wild excitement. The story gains momentum: night life, taxis, riotous gags, spasms of laughter, the one woman in all the world, difficulties, entanglements, villainy, dashing rescues—but, above all, pep, snap, punch. That's "Sure Fire Flint," a sure winner.

### The T. D. & L.

"Omar the Tentmaker," with Guy Bates Post in the gorgeous, alluring role of Omar, seer of Oriental, mysterious, poetic Persia, is the feature at the T. D. & L. Theatre today. Breathing a spell of enchantment, exquisite, of love magnificent, of romance superb, it is one of the outstanding films of the year and a most suitable production to exhibit at this theatre on New Year's day.

The picture proves several things conclusively. First and foremost, it proclaims Post as one of America's leading dramatic actors; it establishes Richard Walton Tully, who produced the film, as a screen producer to be counted among the leaders; and, finally, it proves that a fascinating story is not limited to time or place. A picture of sweeping, dramatic force and great beauty.

## Rob Express Train; Secure Dozen Eggs

MIDDLETOWN, N. Y., Jan. 1.—A dozen eggs was the only loot taken by three men who robbed a southbound Ontario & Western express train near Ewenstraw, according to railroad detectives. Parcels containing valuables were ripped open, the detectives said, but the thieves discarded everything but the eggs. Strictly fresh eggs are \$1 a dozen at retail in this vicinity.

## Safety First Plan For Beach Bathing

SYDNEY, Australia, Jan. 1.—If you leave yourself open to attack by a man-eating shark while bathing at the Coogee beach you will be fined for your indiscretion. This is the "safety-first" policy forced upon bathers here by the authorities, who will not permit surfers to venture out too far. For the best advertising results use Glendale Evening News Ads.

# Greetings

ONCE more we pass another milestone in the history of the world! Once more another year of progress in civilization! And once more we stand on the threshold of another year!

What 1923 will bring forth none of us can foretell. Such vision is not within our province. But every indication points to the fact that the work of reconstruction will proceed—go onward with a determination, known only to America.

We face the next 365 days with an optimism that is certain to bring us to the coveted goal—an optimism that will eventually make America a better and happier nation.

Let us remember that our goal can only be reached through co-operation, a unity of purpose and a feeling of brotherly love.

To you—our friends—we extend the greetings of the season!

"A Home Concern That Grows With Glendale"

# Glendale's Advancement, Steady, Genuine and Record-Making, Is Just Beginning!

THE BEGINNING of the year 1923 finds the city of Glendale in a process of advancement almost unprecedented in the history of municipalities. Factory and mining towns have grown up almost overnight, it is true, but for a "City of Homes," a city where every form of art and culture is represented, where the social life is on the highest plane, to make such progress is truly marvelous.

Ten years ago Glendale's population was less than 3000. Today, as nearly as can be estimated from public service records, the city has approximately 40,000 inhabitants. Real estate development experts and builders saw Glendale's future. Tract after tract has been opened, homes have sprung up and have been occupied as if by magic. Where, a year ago, there were miles and miles of vacant lots, now can be found block after block solidly built up in homes.

Home seekers have been attracted in large numbers by the sightly location of Glendale, its healthful altitude, its temperate summer and winter climate, its clean, moral atmosphere, and the general air of prosperity prevalent here.

The spirit of civic loyalty that is abroad in Glendale is a matter of pride to her citizens and it is remarkable when it is considered that Glendale is a suburban city with many of its people employed in Los Angeles and that hundreds of her citizens are recent comers here.

This civic pride and co-operation is one of the big factors in the continued development and advancement of Glendale. As stated above, Glendale had less than 3000 population ten years ago. It was then only a scattered village. The name "Glendale" could not be found on the maps, for it had no postoffice and no steam railroad. The business section, now almost solidly built up from Lexington to Colorado, and from Central to Glendale avenue, was then a series of vacant lots with an occasional business block or residence to vary the monotony of the landscape. Her homes were few and widely scattered.

Today Glendale is a metropolis. It is on the map. It has a postoffice and is a stopping point on the Southern Pacific railroad. Glendale's mercantile center, containing many buildings of beautiful and distinctive design, is a matter of pride to every resident of the city. Much has been accomplished in Glendale in the past few years, but the city has not reached its highest point of development by any means.

Glendale's advancement, though rapid, has been steady and genuine. There has been no mushroom growth or boom, but an honest development that is bound to continue.

Glendale has always boasted of fine schools, and the year 1923 will find us living up to our reputation in this respect, for our school program for the coming year provides for the immediate erection of a half million dollar high school building.

Glendale churches, of nearly every denomination, have modern buildings, several dedicated the past year and others to be completed in 1923. All fraternal, philanthropic and civic organizations that are found in large cities and exist for the good of the community, are represented here. The Glendale Evening News is glad to have participated in the phenomenal advancement of our city, and, standing at the threshold of the new year, this paper promises its continued support to every movement that is for the good of the community. The News is proud to look back over the years and see so many things that we hoped for and worked for, now accomplished. And we look forward to seeing greater things accomplished in Glendale in the year 1923. The News grew up with Glendale, and we are proud that our faith in the city was justified. Civic loyalty and cooperation have helped to bring us to the enviable position we occupy as a city and these same virtues will continue to carry us forward in the year to come.

Citizens and property owners have learned that it is to their interest to spend their money in Glendale where it will benefit them in improvements and increased realty values. Merchants realize that Glendale is no longer a village and that Glendale people are entitled to and will have the best in merchandise and service. This cooperation that brought to Glendale the greatest holiday trade in the history of the city, continued through the year 1923, will be one of the greatest factors in keeping Glendale moving forward. Let us adopt as a New Year's slogan, "Glendale for Glendalians," and our city will progress at a rate we have not yet dreamed of. The Glendale Evening News anticipates the coming year with pleasure. With thanks for favors and courtesies granted us the past year, we enter 1923 with a determination to keep The Glendale Evening News growing larger and better, doing our part to help Glendale advance. We promise you that in 1923, as in the past, the News shall stand for Glendale and Glendalians, that our aim shall be to truly represent our city. May happiness and prosperity come to you individually, and may all the good things we anticipate for Glendale come to pass in the year 1923, is the wish of The Glendale Evening News.

SECOND SECTION

## THE GLENDALE EVENING NEWS

PAGES 1 TO 16

GLENDALE, LOS ANGELES COUNTY, CALIFORNIA, MONDAY, JANUARY 1, 1923 VOL. XVIII, No. 100

SURROUNDINGS FOR BIG INSTITUTION MOST PEACEFUL

### BEAUTIFUL NEW GLENDALE SANITARIUM AND HOSPITAL; CONSTRUCTION WORK IS NOW UNDER WAY

ORGANIZATIONS OF CITY GREAT AID IN UPBUILDING

Twenty-eight Acre Tract Is Ideal Location for Large Health Concern

The grandeur of a California hilltop is claimed by the Glendale Sanitarium and Hospital as the charm of the location for their new sanitarium building between Wilson avenue and Sycamore canyon road, west of Verdugo road. It is indeed a place of peaceful beauty, predicting for the sanitarium an even wider service and success than in past years.

Surrounded by oak and walnut trees on the highest point of its missionary work in the search for "Health and Happiness" that on Wilson avenue and Sycamore is the first right of mankind. The canyon road the new Glendale new building is designed by A. F. Priest; it will be 415 feet in length, contain 128 private rooms, two floors devoted to baths and treatment rooms and a complete X-ray and electrical equipment.

The cost of the splendid structure will be about \$500,000; it is to be of class A construction, steel, brick and concrete, and steam-heated throughout. The Glendale Sanitarium is owned and conducted by the Seventh Day Adventists and has done much to further the growth of Glendale and attract to the city good citizens. It has a reputation that extends beyond the limits of the state of California, and, in its new location, with all the necessary natural elements to combat disease, it expects to become an institution without an equal in the west.

Glendale Has Number of Lodges and Clubs That Are Civic Asset

Numerous lodges and clubs, fraternal and social, mark Glendale as a well organized city of active workers. Believing that the beginning of the New Year is a good time to bring before the public brief resume of some of these organizations that are doing such good work, The Glendale Evening News takes this opportunity to publish the following outstanding list:

### COUNTY FACTS, FIGURES

GLENDALE has taken part in making weddings surpass divorces in Los Angeles county during the past year. That the god of love is in the lead is shown in the figures: marriages 12,831 and divorces 5371 in Los Angeles county. These facts, together with other interesting information, is contained in the recent report made of county affairs. One prominent feature of the report deals with definite facts in regard to the proposed new county jail. The jail is to cost \$3,500,000 instead of \$2,000,000 as first reported. Executive offices connected with the police department of the county government will be housed in the new jail. The report shows further that there is \$26,401,804.84 on hand in the county treasury. This is nearly twice as much as was on hand a year ago. Other information contained in the report is: Almost 250,000 more documents have been handled by the county auditor's office than last year; warrants amounting to \$50,373,587, including county warrants for \$18,487,285, and school warrants totaling \$31,885,302 were issued by the county in the past year. Interest on the county's money amounts to \$250,000 annually. There were assessments on more than 1,000,000 parcels of property, 89,005 new improvements and 92,479 personal property receipts issued for the collection of taxes on unsecured personal property valued at \$107,367,836. In realty affairs the assessments totaled 383,822 and there were 61,337 delinquents. Records at the district attorney's office show that of the 60,000 who visited the office, only 15 per cent had sufficient cause for filing criminal complaints. More than \$1,000,000 worth of contracts were prepared by the county counsel's office and school bonds amounted to \$8,803,500. There were 945 people served by the public defender's office and in 87 jury trials in which the public defender appeared there were 21 verdicts of not guilty. More than 11,000 applied for legal advice and in excess of 7000 were helped. The sheriff handled 6210 prisoners during the year and of these 363 were successfully taken to San Quentin.

### K. K. K. IS CALLED 'CRAZY' IN FRANCE

Paris Press Says Order Will Find No Welcome on European Soil. PARIS, Jan. 1.—The American Ku Klux Klan will have a difficult time gaining a foothold in France, according to Parisian newspapers today. Advice from New York had quoted Imperial "Gent" Clark as saying a movement was on foot to extend the organization all over the world and that he soon would open headquarters in London. "The American Ku Klux Klan will not find any welcome in continental Europe," said the Echo de Paris. "It is an organization of such character as not to be wanted on this side of the Atlantic." Called "Crazy Puritans" "It is an organization of crazy puritans," said L'Intransigent. "They are responsible for assassination, burnings and destruction of churches filled with religious treasures. It is a mysterious society, working in the dark, committing crimes for which the perpetrators are never punished." European newspapers of late have been filled with dispatches from the United States detailing the activities of the Ku Klux Klan.

### RIDES ON TRAIN FOR FIRST TIME

Woman, 71, Likes Thrill; Anxious Now to Ride on Street Car. ALAMEDA, Cal., Jan. 1.—Thrilled by the excitement of her first railroad ride, taken at the age of 71, Mrs. Mary Allen Braden, of Quincy, Plumas county, Cal., today sought further excitement by riding on a street car and a ferryboat. But an airplane—never. Nearly seventy-one years ago Mrs. Braden came across the continent in an ox cart. Her father was a gold miner. She has lived her entire life at Quincy until persuaded to take her first train ride to visit relatives here. Mrs. Braden does not approve of flappers, bobbed hair, rolled socks and short skirts.

### GROWTH OF GLENDALE

THE GROWTH of Glendale is well illustrated in statistics concerning the installation of light and water meters, according to James F. McIntyre, commercial agent of the public service department. "These statistics show a good steady growth for the past two years," he remarked recently. The growth has not been spasmodic at any time, but it has been a good, healthy, regular growth. The light meters may seem to take a spurt ahead some months, but that is due to the completion of apartment houses or bungalow courts where each tenant has his own light meter, but only one water meter. Electric light meters in local service number over 9231, while over 7537 water meters serve Glendale homes. Statistics on file at the public service department compare installation of water meters for the year 1922, month by month, with 1921, as follows: January—1921, 68; 1922, 78. February—1921, 62; 1922, 106. March—1921, 85; 1922, 113. April—1921, 134; 1922, 106. May—1921, 101; 1922, 134. June—1921, 92; 1922, 119. July—1921, 93; 1922, 97. August—1921, 124; 1922, 105. September—1921, 194; 1922, 101. October—1921, 145; 1922, 103. November—1921, 138; 1922, 135. December—1921, 106; 1922, 111. The installation of light meters for the corresponding months during this year and last may be compared as follows: January—1921, 155; 1922, 198. February—1921, 109; 1922, 254. March—1921, 109; 1922, 214. April—1921, 124; 1922, 139. May—1921, 131; 1922, 226. June—1921, 112; 1922, 177. July—1921, 150; 1922, 134. August—1921, 141; 1922, 147. September—1921, 204; 1922, 231. October—1921, 180; 1922, 224. November—1921, 145; 1922, 228. December—1921, 180; 1922, 183.

### Wolf Is Killed on Street in Chicago

CHICAGO, Jan. 1.—A wolf which has been annoying South Chicago homes for several days, was killed by A. A. Brandt, a taxidermist, in a vacant lot near his shop. Brandt is entitled to a \$25 bounty under an old state law.

### Damage Suit Filed Against Ole Hanson

SEATTLE, Wash., Jan. 1.—Ole Hanson, Los Angeles real estate dealer, and former mayor of Seattle, has returned here to defend himself in Superior court against real estate damage suits, Eastern Washington ranchers who invested in Bremerton navy yard property through Joseph Rheinstrom, now serving a five-year term at Leavenworth, are pressing damage suits totaling \$20,000 against Rheinstrom and Hanson on claims that the property was misrepresented.

### Woman's Pitching Control Cost \$2500

AKRON, Ohio, Jan. 1.—Half a dozen sweet potatoes, a husky right arm, good aim and perfect control cost Mrs. Rebecca Sarison, grocery keeper at 432 Wooster avenue, the sum of \$2500. A jury in common pleas court returned a verdict for that amount against her and in favor of Mrs. Ethel Olden, 417 Wooster avenue, who claimed Mrs. Sarison used her for a target. Mrs. Olden claimed Mrs. Sarison bombarded her with sweet potatoes from a nearby barrel, on September 10, 1921. One potato, Mrs. Olden charged, struck her on the right ear causing a fracture of the "right parietal bone the 'fronto' parietal suture about one inch from the sagittal plane." Mrs. Sarison in her petition said she did no such thing and that the potatoes only hit Mrs. Olden in the chest.

### England Prepares For War With Turks

LONDON, Jan. 1.—Neath the placid surface of routine in Downing street preparations for war with Turkey were being made today. England believes that the Muslim will fight. But the deciding cards are held by France. France, declare the diplomats, could erase the danger of a new embargo by coming staunchly to the support of Great Britain in the Mosul oil field squabble. France, however, petulantly bears in mind that her claims to the Ruhr district were in no way supported by Britain. Reparations from Germany and war with Turkey are matters closely allied, according to the view here. The coming reparations conference of allied ministers may result in a wider split between England and France or in unity. In the one case war would result, it is asserted. And in the other case peace.

### Syracuse University Submits Novel Data

SYRACUSE, N. Y., Jan. 1.—Who are the better students, sorority or non-sorority girls? Official figures at Syracuse university refute the claims that sorority membership and the attendant social life play havoc with scholarship, a charge that educators repeatedly hurl. Syracuse counts with sorority affiliations have an average of 79.2, while that of non-sorority students is 78.5.

### Canada's Export of Flour Shows Gain

MEDICINE HAT, Alberta, Jan. 1.—Considerable export flour business is now being done by local milling companies. Over 1000 tons of flour were recently shipped by rail to New York, while several tons were shipped to China and Japan via Vancouver. Great Britain also received large shipments of flour from here via Vancouver and the Panama Canal.

### HOME FOR AGED

PASADENA, Jan. 1.—Work is to start at once on the erection here of a home for aged people at a cost of several hundred thousand dollars. The proposed home is to be built on a ten-acre tract on Santa Anita avenue, north of Lamanda park.

### ENFORCE CURFEW LAW

TILTONVILLE, Ohio, Jan. 1.—Council has passed a curfew ordinance which provides that youngsters who are not off the streets by 8:30 p. m., may be fined from \$1 to \$10.

### Blue Blooded Collie Dog in \$20,000 Suit

SAN ANTONIO, Tex., Jan. 1.—Now comes Seedy Surpass, blue-blooded collie dog, complaining he has been libeled in the amount of \$20,800. He petitions the court that E. Sam Tatum, secretary of the San Antonio Kennel club, be required to pay Eugene M. Hays, his owner and next best friend, that amount for making slanderous statements regarding the award of a certain prize ribbon to him in a recent kennel club show.

### GERMAN BURIAL FUND

BERLIN, Jan. 1.—Public funeral funds were being used here today following reports of Burgomaster Wedderkopf of Freilith that thousands of families are too poor to bury their dead.

### EPIDEMIC WARNING

CAMBRIDGE, Mass., Jan. 1.—Infantile paralysis may again rise to epidemic form during the coming year, according to a warning sounded today at the convention of the American Association for the Advancement of Science.

MASONIC TEMPLE — 232 South Grand Boulevard.—The various Glendale lodges in Masonry were centered at the above address in 1914, when the Temple was erected. Previous to that, the meeting place had been in rooms over the old Glendale Bank, on Brand boulevard, in the building that formerly occupied that site. At the present time there are eight Masonic organizations in Glendale, with a combined membership of over 1000. The largest lodge is the Blue, with 425 members, meets every Tuesday night. Another Blue lodge to be called "U. D.," is in process of organization. Chapter R. A. M., with 225 members, meets every Thursday night. The Com-mandery, Knights Templar, with 135 members, meets every Monday night. The Eastern Star, a women's auxiliary, with 225 members, meets the second and fourth Friday nights. The White Shrine, another women's auxiliary, with 100 members, meets the first and third Friday nights. De Molay, a boys' lodge, with 60 members, meets the first and third Tuesday nights. And finally, there is a Shrine club, which has its own being and is connected with Masonry only in that its members are thirty-second degree men. As officers for the coming year have not in all cases been elected. (Continued on Page 14)

# ADVANCE SALE--12<sup>th</sup> UNIT

# FAIRVIEW

**LOTS 50 x 156 — \$710 up**

*\$50 Cash and \$15 Per Month.*

## IN GLENDALE'S FASTEST GROWING SECTION

Having sold 11 Units, we are now taking advance reservations in the 12th Unit, the best piece of property we have had. Located between Glenwood Road and Kenneth Road, which will both soon be paved boulevards. This is the last piece of property we expect to have on which temporary homes can be erected.

The wonderful success of our sub-division, FAIRVIEW, has attracted widespread attention. Since we opened the first unit, a little over a year ago, we have marketed over 600 lots, and almost 250 homes are already erected. This means a population of around a thousand people, where, a year ago, there were barley fields and growing crops.

The coming of this population has already resulted in remarkable increases in values. People who bought lots from us a year ago at \$500 have since sold at \$800, and the opportunities in the next year for making a substantial profit will be greater than in the past year.

There is no section of Glendale that is a more desirable location than this beautiful slope, backing up to the Verdugo mountains, and facing towards San Fernando Boulevard, a main artery of travel towards San Francisco, and directly fronting on the Pacific Electric car line, with three stops on the property; an unsurpassed view, fine soil and excellent drainage.

There is no other sub-division in the City of Glendale where lots can be purchased on the easy terms that they can be purchased in FAIRVIEW. A \$50 investment puts you in possession of the property. Contracts are issued direct from the Title Guarantee & Trust Co., and monthly payments made to them; race restrictions and reasonable building restrictions; temporary homes are permitted on the rear of the lots until better ones can be built, if of neat construction, and painted. Prices include water, gas and electricity and temporary street work.

The remarkable influx of population to FAIRVIEW has undoubtedly been partially due to the fact that temporary homes are permitted, enabling any one, with a small investment, to start a home at once, save rent and at the same time get the benefit of increases in values. We regret to say, however, that this is probably the last tract of land that we, or anybody else in this section, will have on the market where temporary homes can be erected.

Do not miss the opportunity to get a desirable high-class homesite on the remarkably low terms and conditions which we are offering in the 12th Unit. In 1914 you could have purchased lots in the Valley View Tract for \$750, which are now selling for \$2500, and we anticipate that in a much shorter time the lots we are now offering will be worth as much money.

Don't pay rent, start your own home. There are only 42 lots in our 12th Unit, and we anticipate that it will be completely sold out in a few weeks. Don't delay; come today and let us show you this wonderful property.

### NEW LOAN FIRM TO BENEFIT CITY

Building Association Will Help Glendale People Erect Homes

One of the newest firms in Glendale that promises much for the city is the Golden State Building & Loan Association, the object of which is to encourage thrift, frugality and saving. It will help renters to become home owners by making loans to buy or build homes, the loan to be paid off in small monthly payments like rent over a period of ten years, or paid off quickly if so desired.

California, leading in many other industries, is behind a good many eastern states in building and loan associations; yet this is the greatest field for them. Many eastern cities have hundreds of these associations: Philadelphia is said to have over 100. In some localities they have community building and loan neighborhood building and loan associations. In Massachusetts there are many cities with one-half and three-fourths of the population interested in them; they are called cooperative banks in that state.

**Offers Good Investment**  
Building and loan associations afford a safe and convenient form of saving and investment whether the investor has large or small sums to deposit, on which the highest rate of dividends compatible with safety are paid. C. N. Elder, manager of the Golden State Building & Loan Association with headquarters at 104 East Broadway, is predicting the best of success with this enterprise in Glendale.

### Episcopal Rector Weds in Portland

PORTLAND, Ore., Jan. 1.—The Rev. Fred L. Gratiot, rector of the Church of Our Saviour of Chicago, and Miss Hester Dannemann of this city were married here. The wedding followed a courtship which had its inception at the Episcopal general convention here last summer. The bride is a former student at Newcomb college, a branch of Tulane university in New Orleans. The couple will return to Chicago January 19.

**HONOR MEMORY**  
CINCINNATI, Jan. 1.—In tribute to Miss Melaine Schulte, who taught here for many years, the Avondale Mothers' club has announced plans for establishing a

### MONARCH BUILDING IS A CREDIT TO GLENDALE

A solidly substantial store and office building just completed stands on the south-east corner of Brand boulevard and Harvard street and is known as the Monarch building. It is finished with red ruffle brick and terra cotta without and the nineteen well lighted offices on the second floor have finishings of hardwood and southern gum. The building covers a 75x107 foot space and was opened formally just before the Christmas season. The four stores on the first floor have beautifully arranged display windows that enticed the Christmas shoppers with their gaily decked holiday goods.

### Accused Doctor Is Offered Bail Money

BASTROP, La., Jan. 1.—Friends of Dr. B. M. McKoin, former mayor of Mer Rouge, have guaranteed to insure his bail in any sum that might be desired. International News Service was informed today by Travis Oliver, president of the Monroe Central Savings Bank and Trust company. Whether this financial backing is furnished by the Ku Klux Klan could not be ascertained. "Reliable parties have offered their support and there will be no limit to the funds we shall offer," said Oliver, through whose bank the offer of bail for Dr. McKoin was telegraphed to Baltimore, where the former mayor is under arrest on a murder charge.

### Brolaski Undergoes Cancer Operation

TACOMA, Wash., Jan. 1.—Harry Brolaski, San Francisco broker and former Republican national committeeman, sentenced to two years in McNeil island penitentiary on a charge of violating the Volstead act, was operated on for cancer at the Tacoma general hospital December 18, according to hospital reports today. He is said to be slowly recovering, but will have to take radium treatment for several months.

\$5000 scholarship in the Teachers' college, University of Cincinnati.

### Vernon Decides to Retain Jake May

LOS ANGELES, Jan. 1.—Acting on the advice of Manager Bill Essick, Ed R. Maier, owner of the Vernon club, today called off negotiations whereby Pitcher Jake May was to have been sent to the New York Americans. The Vernon management decided to end all prospects of the deal that would send the coast league's classiest southpaw pitcher to the Yankees when it was learned that the New York club had no suitable players to send to the Vernon club in a trade.

According to Essick the Yankees have no players, aside from their regulars, who are good enough to figure in a deal for May.

May has signed his Vernon contract for 1923 and is satisfied to remain on the coast another year, it is said. He will be in a Vernon uniform unless some major league club comes through with an attractive offer.

### Escaped Convict Is Killed by Guards

CHICAGO, Jan. 1.—Jack Spock, an escaped convict, was shot and killed, his "pal," Richard Preston, who also had fled the Joliet honor farm, was wounded in a desperate battle with a squad of detectives who surrounded a west side rooming house in which the convicts were hiding.

### Henks Harris Gang Started to Prison

VENTURA, Jan. 1.—Members of the Henks Harris bandit gang, who held up and robbed the Bank of Piru of \$6000 in cash and \$1000 in money orders a month ago, were today on their way to San Quentin prison to begin sentences of from one year to life each.

While sentence was being imposed by Superior Judge Rogers, Deputy Sheriffs Allen and Sweesy of Los Angeles were returning to the Bank of Piru \$2000 in cash and \$1000 in money orders, part of the loot, which was found in the room of Harris when he was arrested.

### Yeggmen Open Safe With Huge Cleaver

LOS ANGELES, Jan. 1.—Expert yeggmen, using a rope, a putty knife and a butcher's cleaver as their only tools, entered the Sam Seelig grocery store in South Grand avenue and escaped with \$250 which they took from the safe.

According to the police the expert safe men opened the safe with a butcher's cleaver. After getting the money out they went to the rear door using the same cleaver to remove the lock from the door.

Community spirit is increased when you do your buying in Glendale.

### OREGON TO SEEK AID FROM STATES

Wants U. S. Supreme Court Ruling Upon Clayton Anti-Trust Act

PORTLAND, Ore., Jan. 1.—Public service commissions in every state in the union will be asked by Oregon to aid in securing a United States supreme court ruling on the Clayton anti-trust act as it relates to telephone and telegraph companies.

The Oregon commission, undertaking for the fourth time since 1917, a state wide regulation of telephone rates, maintains that the Pacific Telephone & Telegraph Company, a subsidiary of the American Telephone & Telegraph Company, is a common carrier and subject to section ten of the Clayton act.

Application of this section will solve the difficulty in reducing rate base costs, the commission avers. The telephone company holds it is not a common carrier. Pamphlets have been sent to all public service commissions. When answers are received the Oregon commission will memorialize the department of justice for action on the disputed point.

### Syrians Scared Out Of Southern City

MARIETTA, Ga., Jan. 1.—Following the dynamiting a few days ago of the home of Mike Deraney, Syrian, the entire Syrian colony here, numbering ten families of substantially prosperous merchants, today signed a notice that all persons of their nationality in Marietta will leave within sixty days.

Attempts will be made to dispose of all property within that time, the notice said, but if they are not successful, the exodus will begin anyway.

### Three Firemen Hurt Fighting Big Blaze

JACKSONVILLE, Ill., Jan. 1.—One half the buildings on the south side of the public square were razed early today by a fire which caused damage estimated at \$200,000. Three firemen were injured, one seriously, by explosion to the fire fighters' danger. Shells exploding in the armory of the Jacksonville Howitzer company of the Illinois national guard added to the fire fighter's danger.

But as they gazed down upon the features of the sleepers the eyes of one of the tramps narrowed to two ugly slits while those of his companion went wide in incredulity and surprise.

"Do you know dem guys?" asked the first, and without waiting for a reply he went on: "Dem is de guys dat beat us up back dere de udder side o' K. C. Do youse get 'em?"

"Sure?" asked the other. "Sure, I'd know dem in a 'coun'n. Le's hand 'em a couple an' beat it," and he stooped to pick up a large stone that lay near at hand.

"Cut it!" whispered the second tramp. "Youse don't know dem guys at all. They may be de guys dat beats us up; but dat wiggler dere is more dan dat. He's wuffed in Chi, an' dere's half a 'cou on 'im."

"Who put youse jerry to all that?" inquired the first tramp, skeptically.

"I was in de still wit 'im—he croaked some ratty. He's a lifer. On de way to de pen he pushes dis dick off'n de rattler an' makes his get-away. Dat peter-boy weeets'at Quincy slips me an earful about him. Here's were we draws down de five hundred if we're caged?"

"Whaddaya mean, caged?"

"Why we leaves 'em alone an' goes to de nex' farm an' calls up K. C. an' tips off de dicks, see?"

"Youse don't tink we'll get any o' dat five hun, do youse, wit de dicks'n on it?"

The other scratched his head.

"No," he said, rather dubiously, after a moment's deep thought; "dey don't nobody get nothin' dat de dicks see first; but we'll get even 'wid dese bitches, anyway."

"Maybe dey'll pass us a couple bucks," said the other hopefully. "Dey'd orter do dat much."

Detective Sergeant Flannagan of Headquarters Chicago, slouched in a chair in the private office of the chief of detectives of Kansas City, Mo. Sergeant Flannagan was sore. He would have said as much himself. He had been sent west to identify a suspect whom the Kansas City authorities had arrested; but had been unable to do so, and had been preparing to

TODAY—William G. Cayce, Los Angeles correspondent, writes of the new Wright prohibition enforcement act in California and its probable effects on bootlegging now the law is certified by the secretary of state and has become effective.

TOMORROW—H. C. Hamilton, Atlanta correspondent, speculates on the fate of one of Atlanta's "youngest city executives," who will soon be relegated to the rear ranks because of the inevitable operation of political processes.

By WILLIAM G. CAYCE  
For International News Service.  
LOS ANGELES, Jan. 1.—Prices of bootleg liquor in southern California have advanced by leaps and bounds since the passing of the Wright enforcement bill at the last election, according to the best available quotations. Bootleggers are said to be raising the prices of illicit booze on the strength of the passing of the Wright bill, which permits any officer of the law, even to a lowly constable or policeman, to enter a residence and search the house for liquor on a mere suspicion, has boosted the quotations.

And then the two turned and disappeared down the stairway that led to the underground restaurant. Sergeant Flannagan saw Byrne's companion turn and look back just as Flannagan stepped from the doorway to cross the street after them.

That was the last Sergeant Flannagan had seen either of Billy Byrne or his companion. The trail had ceased at the open window of the washroom at the rear of the restaurant, and search as he would he had been unable to pick up the trail again.

No one in Kansas City had seen two men that night answering the descriptions Flannagan had been able to give—at least no one whom Flannagan could unearth.

Finally he had been forced to take the Kansas City chief into his confidence, and already a dozen men were scouring such sections of Kansas City in which it seemed most likely an escaped murderer would choose to hide.

Flannagan had been out himself for a while; but now he was in to learn what progress, if any, had been made. He had just learned that three suspects had been arrested and was waiting to have them paraded before him.

(To Be Continued)

"Happy New Year! Happy New Year!" called Nurse Jane Fuzzy Wuzzy up the stairs to Uncle Wiggily, who was still in bed.

"Eh? What's that? Did some one pull your ear?" cried the bunny gentleman, jumping out of bed. That's too bad. Pulled your ear, did they? Well, they'll be nibbling my ears next. I guess I'd better go back to bed."

"No! No! I didn't say any one pulled my EAR!" laughed Nurse Jane. "I was wishing you a HAPPY NEW YEAR! It's the first day of the new year. Didn't you hear the bells ringing and the whistles blowing last night?"

"Oh, so I did," answered Uncle Wiggily, as he looked in the glass at his pink nose to make sure it hadn't fallen off in the night. "The bells and whistles kept me awake," he said, "and when I fell asleep again I must have forgotten about the New Year."

"Well, you had better hurry down to your breakfast," went on Nurse Jane. "You said you were going to make New Year's calls today."

"So I am!—So I am!" cried the bunny gentleman in his jolly voice. "I am going to call on all of my friends and wish them a Happy New Year. I must hurry! I must hurry!"

And he was in such a hurry that he slid down the banister railing, landing with a flop on the floor at the foot of the stairs. Nurse Jane quickly put the breakfast carrot pan cakes on the table and then Uncle Wiggily went calling.

It was a fine day, though cold, and there was snow on the ground. Also there was snow on the trees. And as Uncle Wiggily was hopping along under one tree a lot of snow fell on him, knocking off and breaking his glasses.

"Never mind," said the bunny uncle to himself. "I can call on my friends without my glasses."

Picking up the broken bits, Uncle Wiggily put them in his pocket.

"Dr. Possum will mend them for me," he said.

Along and along hopped the bunny gentleman, until he saw a hole in the side of a hill.

"I guess Buddy and Brighteyes, the guinea pigs, live there," said Uncle Wiggily. "I can't see very well without my glasses, but I think that's where they live. I'll make a New Year's call on them."

So Uncle Wiggily hopped bravely and boldly in the hole at the side of the hill, and he called:

"Happy New Year! Happy New Year!"

But the worst of it was Buddy and Brighteyes didn't live there at all. The hole was the den of the Fox! And Uncle Wiggily went right in, not seeing well without his glasses.

"Who is wishing me Happy New Year?" growled the Fox.

"I am!" answered Uncle Wiggily.

Then the bunny drew nearer and knew what a mistake he had made. Uncle Wiggily saw the Fox, but the Fox was so surprised at seeing Uncle Wiggily walk boldly into the den that the Fox said to himself: "This rabbit is playing a trick on me. He has a lot of police dogs outside or he would never come in here! I'll nibble him nor bite him. He just wants to get me arrested." So the Fox politely said, "Happy New Year to you, Uncle Wiggily!"

Then the rabbit hopped out as fast as he could go.

"My! That was a lucky escape!" he said. But the Fox wouldn't have nibbled him, for the Fox thought Uncle Wiggily had the police dogs, you see. Then the bunny hopped along over the snow, and soon he saw another hole.

"Ah! Sammie and Susie Little-tail must live here," he said. "I'll New Year's call on them."

In went the bunny, joyously shouting: "Happy New Year!"

But this was the den of the Woolzie Wolf, whom Uncle Wiggily couldn't see on account of having broken his glasses.

My! That was a lucky escape!" he said.

## APPARATUS AND DEVICES

By RALPH BROWN, RADIO ENGINEER

### AUDIO AND RADIO FREQUENCY

A newcomer into radio experimenting ranks is often perplexed by the two terms called audio frequency and radio frequency. The necessity of making a distinction in the frequencies in radio is very important. It is generally known that vibrations of over 20,000 per second are inaudible to the human ear. The radio transmitters, depending on their design, emit vibrations always running into tens, or even hundreds of thousands, and are known as radio frequencies. In the reception of these waves it is necessary to reduce them to within the range of audibility of our ears. Therefore, an arbitrary division has been made by radio engineers and designers to differentiate between the two frequencies. All frequencies above 10,000 are alluded to as radio frequencies and all below 10,000 as audio frequencies. It must also be remembered

whenever the question of frequency is met with in the study of radio that radio frequency is that used in transmission and that it must ultimately, by various methods, be reduced to audio frequency in order that the telephones receivers commonly used for the reception of signals may function. This is analogous to the transmission of power over great distances by wire. It is generally carried at a high voltage over the greater distance, and, by means of step down transformers, converted to a voltage of 110 volts, ordinarily used in our household scheme.

By means of detectors, either crystal or tube, which are really rectifiers, we convert radio frequencies to audio frequencies. These detectors lop off, as it were, one-half of the cycle, permitting only a flow in one direction, the other alternation being almost eliminated.

## RADIO EXPLAINED

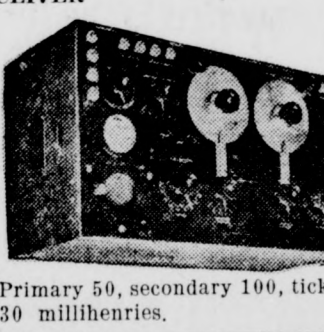

BY LIEUT. JOHN R. IRWIN  
INSTRUCTOR U. S. AIR SERVICE

### RADIO RECEIVER

The IP-501 receiver shown in the accompanying illustration is a compact unit containing the radio frequency and detecting circuits in a single case.

Normal wave length range—300 to 7,500 meters. This receiver is equipped with six binding posts, normally short-circuited for 300 to 7,500 meter reception, to which loading coils may be attached for the reception of wave lengths up to 21,000 meters. The proper loading coils are—

Primary 50, secondary 100, tickler 30 millihenries.

**Two U. S. Officers Freed by Mexicans**

SAN DIEGO, Jan. 1.—United States Customs Officer F. A. Marley and Deputy Sheriff Frank Stein of San Diego, who were arrested late Thursday night by Mexican soldiers and held until noon the next day in the Cuartel, are back on American soil.

The Americans refused to discuss the affair with newspapermen and their superior officers declare they are at a loss to know the real cause of the arrests.

## S. F. MEN WILL FINANCE 'FATTY'

Gavin McNab to Be Attorney for New Film Company; No Details

SAN FRANCISCO, Jan. 1.—Announcement was made here today by Gavin McNab, attorney who defended Roscoe "Fatty" Arbuckle in his three trials here which resulted in his acquittal on a manslaughter charge, that a group of San Franciscans will finance the comedian's "come-back" to films. McNab will act as attorney for the new company which is in the process of incorporation. He declined to disclose the identity of Arbuckle's new backers until plans are completed.

McNab declared, however, that he had assured them that they could count upon him to prosecute in any part of the United States any person who shall commit any illegal act against Arbuckle's pictures when shown.

When the ban of Will Hays was first lifted it was announced Joseph Schenck would re-employ Arbuckle. A recent long conference with McNab resulted in today's announcement.

**Two Explorers Secure Some Rare Relics**

DENVER, Jan. 1.—After eight-months spent in Alaska and Siberia, A. M. Bailey has returned to Denver with what is said to be one of the greatest collections of birds and mammals of the frozen north ever gathered.

The collection will be arranged for exhibition at the Denver Museum of Natural History.

Fifteen hundred birds and 150 mammals, among them some very rare specimens, were brought back by Bailey.

The expedition, headed by Bailey and including R. W. Hendel, a white trader, and an Eskimo, covered 750 miles by dog-sled over the barren wastes of the white north and crossed Bering Straits, through mountainous icebergs to Siberia.

Walrus, seals, caribou, deer and birds of all varieties known to the northland were secured by Bailey; and, according to J. D. Figgins, curator of the Denver Museum, the display is the most complete in existence.

"Instead of large displays of African animal life, such as most museums have, we will specialize in the natural history of far northern America," Figgins said, "and will have on exhibition the largest collection of its kind in the United States."

**PULCHRITUDE NOW PASSE IN FRANCE**

French Artists Delight in Grazing on Grotesque Negro Wenches

By FRANK E. MASON  
For International News Service.

PARIS, Jan. 1.—The traditionally beautiful queens of the artists' models have been de-throned; Paris painters and sculptors have staged a revolution which has banished beauty to the kitchen and scrubbing pail, and has raised a shrine to ugliness. Today a pretty girl doesn't stand a chance; the long-haired painters, in their Tam o' Shanter and velvet coats, pass with unseeing eyes, intent on the never-ending quest for new ugliness.

"Ah, but have you seen by new model, Suzanne? A charm for ugliness—beautifully ugly!" I overheard a speculator ask at the next table in La Rotunda, the art center of the world. "Such big red hands, such a beautifully ugly nose—ah, a dream!"

Ugliness Has Style

"Beautiful women are all beautiful in nearly the same way, but every ugly woman has her individual style of ugliness," the sculptor later explained to me. "An ugly model gives a chance for strength, for individuality, for character. A beautiful woman? Poo! That's the kind of art for calendars and magazine covers."

"Artists' horror of beautiful women is becoming absolutely morbid," declares the art critic of Le Temps. "The purity and harmony of form, the spiritual face, the softness and elegance of lines—these things have become blemishes in the eyes of the artist. Ugliness gives the artist the wildest chances for expression. But in the last few years this fierce search for new ugliness has become alarming."

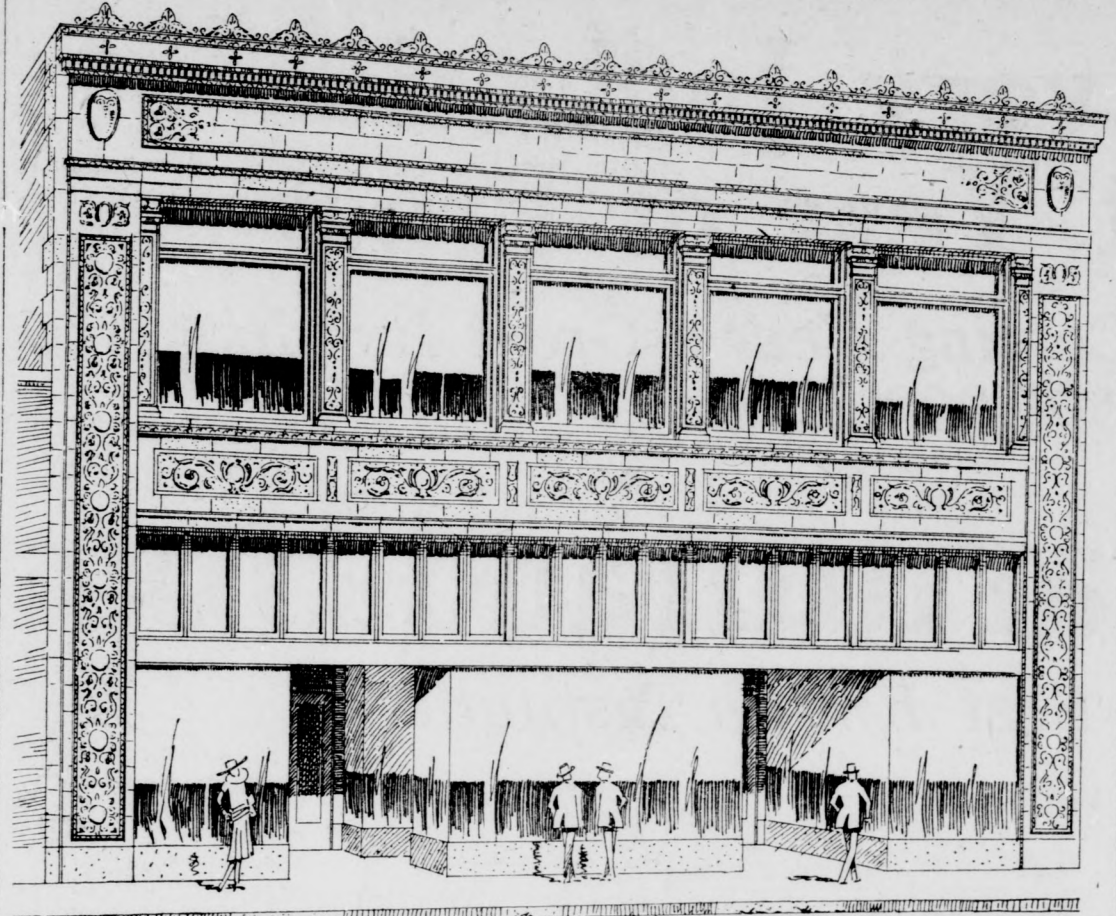

"The artists' attitude that beauty is insipid has another side. They are unconsciously striving to rehabilitate the ugly woman. Love itself is not based on beauty alone, far from it! Through the centuries Cupid has been distributing apples to Helen. This is childish and really does not correspond to nature. Love is more complicated than a simple appreciation of beauty."

Beauty Has Drawbacks

"Stendhal declares that extremely beautiful women can never be so well loved as their less lovely sisters. For, when our imaginations can add nothing to idealize a woman the imagination ceases to function, and the fullest love is not realized."

But there is yet another consideration, declares Le Temps. What will be the effect on our youth who go to the galleries and see paintings and statues of deformed and uncouth nudes? "The

**E. U. EMERY AND H. S. WEBB BUSINESS BLOCK**

The foundation is now being laid for another splendid new store building in the early Italian Renaissance design. The E. U. Emery and H. S. Webb building, which will be occupied by H. S. Webb & Company, will stand on North Brand boulevard near Wilson avenue, between the new

**HUNT STOLEN MONKEY**  
CINCINNATI, O., Jan. 1.—The police of Dayton, Ohio, are convinced that there is "monkey business" going on in Cincinnati. They telegraphed to the local authorities recently to be on the lookout for a monkey who should recognize himself by the name of "Jocko" and who had been stolen from his owner in the Gem City.

argument that charming, voluptuous statuary is harmful to the morals of adolescents loses its power when these stone nudes can arouse only disgust in the minds of our school children."

The most sought-after model in the Latin quarter is a Moroccan negress—a very ordinary-looking negress, of about 30 years of age. Pictures of her, with her lithe, dark body surmounted by a "halo" of kinky black hair, have made several young artists relatively famous. Now the sculptors and painters starve to pay for a few hours' pose. She has become a star—of ugliness!

**Vienna Police Nab Crooks With Movies**

VIENNA, Jan. 1.—Vienna police are experimenting with picture films to detect crime.

When a murderous assault was committed recently on an elderly woman about 10 o'clock in the morning the police had a film report of the crime and its circumstances displayed that same night in all Vienna "movies." The public were invited to help clear up the crime.

Detailed graphic descriptions of the suspected perpetrators, who had escaped, were given. Within 24 hours the assailants were caught, upon information furnished by persons who had seen the "movies."

**FIGHT ON SPEEDERS**  
SAN DIEGO, Jan. 1.—Mayor Bacon today named a public safety committee to check reckless auto drivers.

**Girl Who Desired Freedom Disowned**

BOSTON, Jan. 1.—Parents of Emily Drago, who disappeared from her home recently, have disowned her, saying they would not receive her even if she wished to come back. Following her sudden departure she sent a telegram to her parents giving her "lack of freedom at home" as reason for leaving.

**MAKE KLAN CHARGES**  
CHICAGO, Jan. 1.—Charges that one entire shift of a certain city fire engine company is composed of members of the Ku Klux Klan were being probed today by the city council.

**BURNED GIRL MAY DIE**  
TAFT, Jan. 1.—Myrtle Bozarth, aged 7, burned when her clothing caught fire in the home of her parents, Mr. and Mrs. L. P. Bozarth of South Taft, may die, it was feared today.

**ZAHAROFF IS BIG POWER IN EUROPE**

Report Says 'Mystery Man' Retains Influence, But Losing Wealth

By DAVID M. CHURCH  
For International News Service.

LONDON, Jan. 1.—Sir Basil Zaharoff, the "Mystery Man of Europe," who is credited with having been the richest man in Europe and the power behind innumerable international deals and diplomatic barbers, is reported to have suffered severe financial losses.

Sir Basil's financial losses since the war are rumored to have been as high as \$60,000,000, a considerable blow even for a Zaharoff.

The "Mystery Man of Europe" came into prominence during the recent Greek debate, when it was reported that he was coming to London to confer with Lloyd George. London newspapers immediately opened a campaign against Sir Basil, charging that he was partly responsible for Great Britain lending moral aid to the Greek adventurers in the near east.

Losses Huge Sum

When the war broke out it was reported Sir Basil was worth nearly \$100,000,000; now it is said that his fortune has shrunk to \$40,000,000, and he continues to incur heavy losses in the shipping industry.

During the war Sir Basil acquired heavy shipbuilding interests, and it was reported that this unknown Greek, who has moved with mystery in high European circles for many years, was taking upon himself the task of repopulating the seas, which had been devastated by submarines. The sudden end of the war and an overproduction of ships cost "the mystery man" heavily.

There are also reports that millions of Zaharoff francs were lost at Monte Carlo. It is understood that he obtained control of the Casino at Monte Carlo during the season of 1918-19—a season when most of the world was busy in making peace and recouping war losses. Since 1918-19 Monte Carlo has not been a paying venture.

Banks Share Depression

Banks which Sir Basil is interested in have had to share the world financial depression. The flames of Smyrna licked up more of Zaharoff's money, it is reported.

Though he may have lost very heavily Sir Basil Zaharoff is still a wealthy man, a power in Europe, who puts about his kitchen making wonderful salad dressings and then meets diplomats secretly and makes agreements that must shape the course of the world.

You can buy it in Glendale.

**Vicar Blames Rich For Divorce Evil**

LONDON, Jan. 1.—It is not the "poor workingman" who wants divorce made easier, but the "crowd of over-dressed, over-fed and under-worked men and women who have too much time on their hands and not enough honest employment to keep them morally clean," in the opinion of an irate Bristol vicar who aired his views in a recent letter to the Sunday Express.

The vicar protested strongly against making divorce easier, contending that the reform should come in "the period before marriage when the choice is made." Once a choice has been made and vows taken, the minister contends, the contracting parties should not "sneak."

Those who would make it easier to sever the bonds of matrimony, the vicar asserts, are reverting to "the morals of the

**Tidal Waves Grand Hawaiian Spectacle**

HONOLULU, Jan. 1.—Tidal waves in most parts of the world are cataclysms. In the Hawaiian Islands, however, they are regarded as spectacles of surpassing sublimity—stage pieces of a nature simultaneously to be feared and admired.

Almost at the same time that the disastrous quake and resultant tidal wave were wreaking havoc in Chile a similar performance, without the tragic aftermath, was being staged in the Pacific, some 6,000 miles to the northeast, on the island of Hawaii, at Hilo, the second largest city in the Hawaiian island group.

The nine tidal waves which swept over part of Hilo within three hours of each other were so accommodating as to give most of the inhabitants plenty of time to get to elevated positions to enjoy the spectacles. Further, the waves washed ashore immense quantities of fish, which the island children risked a wetting to collect. Hawaiian children, native and island-born whites, are almost amphibious, so that a mere tidal wave or so that did no damage beyond smashing a fleet of filmy sampans and inundating Coconut island, a small piece of land in Hilo Bay, could not be expected to hamper their activities in garnering a lucrative fish harvest.

**Russia's Red Army Reduces, Is Claim**

MOSCOW, Jan. 1.—"Disarm to help peace onward," was the direct appeal issued to all the nations of the world in a manifesto from M. Kalinin, chairman of the newly elected executive committee of the all-Russian congress. He said Russia's red army would soon be down to 600,000 men.

to get to elevated positions to enjoy the spectacles. Further, the waves washed ashore immense quantities of fish, which the island children risked a wetting to collect. Hawaiian children, native and island-born whites, are almost amphibious, so that a mere tidal wave or so that did no damage beyond smashing a fleet of filmy sampans and inundating Coconut island, a small piece of land in Hilo Bay, could not be expected to hamper their activities in garnering a lucrative fish harvest.

Never Was There a More OPPORTUNE TIME to INVEST in South Glendale Business Property Than Now, at the Beginning of 1923

The growth of this section the past year has been marked by the establishment of a new Community Market, Bank, Theatre, and other stores. Property values have doubled the past year and will continue to increase.

We offer some exceptional building lots for immediate sale near the new theatre. See us for particulars.

**ON NEW YEAR'S DAY**

A springtime holiday season has been the crowning blessing of 1922 for Californians. No day in June could be more fair than those of the past two weeks.

The sunshine of God's great western playground has flooded our hearts and blended with the holiday spirit into the inspiration of wishes of happiness for those both near and far.

Health, homes, happiness and prosperity in California are our paramount blessings and when all are enjoyed in the city of Glendale the gift is supreme.

For Glendale claims a choice location in that western land of sunshine and flowers that lured the pioneers across the plains in '49.

The passing years have held many treasures in store for the thriving

little community near the rolling Verdugo Hills and today Glendale is synonymous with civic progress and pride, moral and spiritual development, scenic beauty, educational advancement and thrift.

Near the heart of this modern growing city the Harrower Laboratory was established and has experienced progress and success. Cooperation and interest from our patrons and friends have been ours in over measure and on this New Year's Day we share with you in the pride of our city.

May the joys and successes of the coming year be no less than 365 for each one of us and when we stand at the year's end of 1923 may we look back on happiness untold. This is the wish of the Harrower Laboratories for the people of Glendale for the New Year.

**HAPPINESS**  
May you be richly blest with it  
Getting all the very best of it  
Friends, prosperity and all the rest of it.

**The Harrower Laboratory**

*One of the Marked Evidences of the Coming Year's Great Building Activity Will Be the Erection of the New \$500,000 Home of*

## The Glendale Sanitarium and Hospital

*Glendale's Largest and Best Known Institution*

The Glendale Sanitarium, in addition to bringing thousands of strangers to Glendale each year, advertises the city extensively by means of its advertising literature sent to every part of the globe.

ARCHITECT A. F. PRIEST'S DRAWING OF \$500,000 SANITARIUM TO BE CONSTRUCTED ON FINE SITE BETWEEN WILSON AVENUE AND SYCAMORE CANYON ROAD

The Glendale Sanitarium and Hospital has never turned away a patient on account of age, sex or color for financial reasons.

Its patients are numbered from every state in the Union, as well as many foreign countries.

### Every Man, Woman and Child Should Have the Opportunity of Enjoying Perfect Health --- As Health Is the Greatest of All Blessings

"Health and Happiness" have always been the key words to the Glendale Sanitarium's success and the inspiring new site between Wilson avenue and Sycamore Canyon road, east of Verdugo road, and the expertly planned and modernly equipped new building will but augment that success.

The new building is to be located on a tract of twenty-eight acres of land. Oak, walnut and various kinds of fruit trees are already thriving on the property and will furnish attractive surroundings for the Sanitarium. The building is to be located on the highest part of the acreage, a winding road arched by native oak trees leads up to it.

According to plans, the building will be 415 feet long, three stories high on the wings and four stories in the center. There will be 128 private rooms each with private lavatory and toilet and several with private baths.

Through the main entrance on the first floor one will enter a large lobby and directly back of that will be located a large parlor and dining room.

Back of the main building will be two smaller buildings, each two stories. One building will be for treatments and the other for medical use. In the treatment building there will be one floor devoted to baths and

treatment equipment for men and the other floor to baths and treatment equipment for women patients.

On the first floor of the medical building will be doctors' offices and upstairs x-ray and electrical apparatus. Both buildings will be connected to the main hall of the large building.

In the Sanitarium building proper there will be three elevators, two for passenger service and one for freight.

The Sanitarium will be of Class A construction, with steel, brick and concrete used. The building is to be steam heated.

### A Large Corps of Efficient Nurses and Attendants Carefully Serve Patients

The nurses at the Glendale Sanitarium and Hospital are of the highest type that you will find anywhere. They are carefully chosen from Christian homes and have seriously chosen nursing as their life-work. Having a large and capable staff, every patient is assured of painstaking attention.

**THE GLENDALE SANITARIUM AND HOSPITAL IS ONE OF THE LARGEST INSTITUTIONS OF ITS KIND ON THE PACIFIC COAST—**

In having an institution of the magnitude and character of the Glendale Sanitarium and Hospital located here—Glendale not only gains the advantages derived from its large payroll and money expended here for supplies—but Glendale citizens are offered a Sanitarium and Hospital service that is afforded comparatively few communities in the United States.

### A Large and Well Equipped Sanitarium and General Hospital For the Convenience of Both Surgical and Medical Patients. Curative Methods Are Employed According to the Latest Principles of Physiological Therapeutics

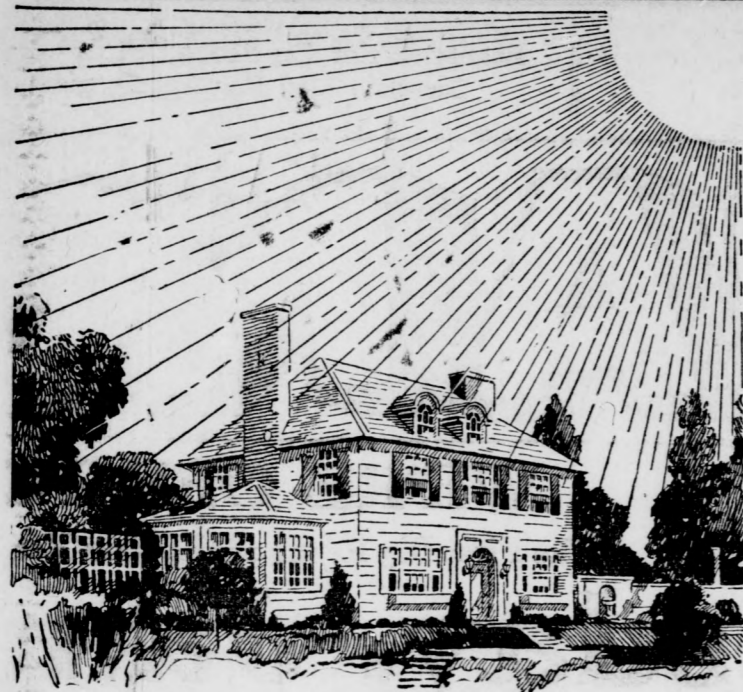

The efficient methods of treating the sick, combined with a scientific knowledge of the preparation and combinations of foods used in a vegetarian, or so-called non-flesh dietary, gives the patient a well-balanced course of treatment. The purpose of this work is to help nature restore health and put one in possession of knowledge that will help them know how to live to maintain health, for it is easier to lose than to regain.

**GLENDALE SANITARIUM Uses SAME SYSTEM of TREATMENTS That Have Proved BENEFICIAL at the Famous BATTLE CREEK (Mich.) Sanitarium**

This system of treatments consist of diet, exercise and massage, electric light baths, salt giows, hot applications and packs, hot and cold sprays, galvanic and sinusoidal electricity. The laboratories are equipped with fine X-Ray machines, with the latest stereoscopic improvements. Here the research work is also extensively carried on.

An Interior View of Corridor of Our Modern Hospital Building

**Will your paint withstand next summer's sun and heat?**

IT'S time to start thinking about this year's coat of paint. The sun will soon be getting in its work. Is your property protected against those blistering, burning rays? Or will rot and decay be able to creep through the blisters, cracks and bare spots?

Come to us for Patton's Sun-Proof Paint. It seals the surface with a hardy, long-wearing film that resists the most vicious attacks of the elements. It is exceedingly elastic—expands and contracts as the weather dictates. No cracking, blistering, peeling or flaking off. Wears wonderfully well and covers an unusually large surface per gallon.

We have it in all sizes of cans for your use. Also paints, varnishes and enamels for any work you want to do. Tell us about your job and we'll supply the proper paint.

**NEW GLENDALE AVENUE INTERMEDIATE SCHOOL, CALIFORNIA DESIGN**

Designed by Alfred F. Priest, the new Glendale Avenue Intermediate school is typically Californian in design and equally Californian in its splendid equipment. The architecture is Italian Renaissance, the brown rug brick relieved by the terra cotta entrance and the Spanish tile roof. Designed to furnish 100 per cent of good lighting and ventilation for the 300 children it accommodates, it is also a thing of much beauty and is one of the show spots of South Glendale. The school is surrounded by a number of fine old trees that were well along in years before Glendale began to grow; these add much to the beauty of the building and are of much practical use to the children on warm days. The structure, which covers an area of 150x70 feet, is so spaced as to allow for numerous additions which are one of the most important parts of a Glendale school. The first unit to be added will be an auditorium to seat 650 people, with an eighteen-foot stage. The new intermediate school has seven classrooms and fine manual training and home economics equipment. It is already crowded almost to its capacity, according to Norman R. Whytock, the principal.

**CHINA'S EMPEROR WON BY OCULIST**

Rockefeller Foundation in China Gets \$1000 Out Of Appreciation

PEKING, Jan. 1.—Rockefeller was made \$1000 richer by a check given by the boy Emperor toward the development of an eye hospital in connection with the "Foundation's" work in China. The donation came in gratitude for services rendered by an oculist attached to the Union Medical College in Peking, which is a part of the Rockefeller Foundation. The doctor was the first of his kind to visit the Forbidden City, and the Imperial Court had to pass a special edict so that he might be permitted access. His coming was bitterly opposed by the older Manchus and especially by the court eunuchs. No Emperor had ever before worn glasses, and it seemed flying in the face of Heaven to use them. Moreover, no one of the dynasty had ever been subject to the indignities of a foreign doctor.

**Tradition Overruled**  
In the palace fresh complications arose. It is against the law for a doctor to touch or even look at his imperial patient. To obviate this another law had to be passed. These matters were carried out with great solemnity, for the Manchu Court operates with the same ceremony practiced in the days when more than half of Asia was under its power.

An examination revealed that the Son of Heaven was nearsighted, besides having an astigmatism. Lenses were accordingly prescribed, ordered and worn, to the great relief of the patient. Shortly afterward the emperor heard that his old tutor was dying, and, in spite of the protests of the eunuchs, who are radically opposed to his leaving the palace, he insisted on paying a last visit.

**Now "Divine Healer"**  
He also took the precaution to bring with him a foreign doctor, in this case a German. The trip in this case was without incident. The last rites had already been administered, and the sick man was clothed for his "journey to Heaven," and the coffin had been brought into the room.

But the foreign doctor, at the emperor's request, made an examination and decided that there was still hope for recovery. Proper treatment was prescribed, and the old man recovered. Unfortunately the miracle is not credited to the doctor, but to the emperor's visit. His majesty is now reported to be possessed of magic healing qualities.

**New Metal Serves Uses of Platinum**

CHICAGO, Jan. 1.—What he declares to be a substitute for platinum, which can be sold at half the price of gold, has been discovered by Dr. Clarence W. Balke, of Highland Park, Illinois. Dr. Balke is an expert in metalurgy and for months has been working on the new metal. The metal, Dr. Balke claims, has great acid-resisting properties, and takes a brilliant polish. It has been named "tantalum."

Here are some of the uses to which "tantalum" can be put, according to Dr. Balke. As a substitute for platinum, points for magnetos used on automobiles, airplane and motorcycle engines. For wireless apparatus. For converting alternating into direct current, enabling automobile owners to take the current from their house wires for recharging batteries. For dental work. For jewelry.

**Bride, Groom Fall Out; Return License**

STUBENVILLE, Ohio, Jan. 29.—"We had fight." This terse explanation was made by Tony Gizzi when he returned, unused, the marriage license issued in the Jefferson County Probate Court here October 23 last to Tony Gizzi and Nellie Montperry of Dillonvale.

**WOMEN WITHOUT COUNTRY ABROAD**

Nationality of Americans Wed to Foreigners Is Tea Room Topic

By DAVID M. CHURCH  
For International News Service.  
LONDON, Jan. 1.—"The Women Without a Country" is the theme of a doleful song that is heard all over London these days whenever American women gather to sip tea and chatter. Since the passage of the United States law, giving American women the right to retain their American citizenship even though they marry a foreigner, there has been great discussion here as to choice of citizenship.

London is full of American women who became British subjects when they married British men. Now they don't know whether they have dual nationality, American nationality in America and British nationality in Great Britain.

Lady Astor may sail for home and vote in America and then return to England to take up her seat in the House of Commons, according to one interpretation of this new American law, which hasn't been received with reciprocal recognition from Great Britain.

**"What Am I?"**  
"Can anybody tell me what I am?" cries out Crystal Eastman, sister of Max Eastman, a woman who is well known throughout the United States.

"Years and years ago I started life as an American citizen, and I have lived in America all my life," she explains. "But in 1915, by marrying an Englishman, I became willy-nilly a British subject."

"When I left New York I carried a British passport. On September 22, however, while I was on the high seas, President Harding signed the equal citizenship bill, which gives an American woman the right to retain her citizenship, no matter who she marries. And I became an American once more! So far so good. I have enjoyed being a British subject, but I cannot deny that I was happy to be taken back into Uncle Sam's family once more."

"Now again all is confusion. So long as I stayed at sea on an American ship I knew what I was. But at the end of ten days I was put off at Tilbury Docks—I stood on the soil of a country which has not recognized this new right of married women, where the wife of a British subject is, no matter where she was born. So am I not once more a faithful subject of King George?"

**How to Register?**  
"All sorts of questions arise: Shall I register as an alien or trust to luck that I am what my passport says I am? When I get ready to go back shall I go to the British Home Office or to the American consul? Will both offices refuse me a passport? Or shall I get two passports, one to get out on and one to get in on?"  
"On the whole, I think I shall let the lawyers worry over this problem of dual citizenship. I am busy enough rejoicing at the genuine feminist achievement involved."

It is small wonder that when American women meet in London they ask, "What are you today—British or American?" Attorney-General Daugherty ought to speak up and stop this discussion.

**New Scenic Highway Over Western Route**

RENO, Jan. 1.—A location survey for the proposed new highway from Summit to the head of Donner Lake has just been completed by the California Highway Commission. The present route will be shortened half a mile, and the grade will be reduced to 7 per cent. In addition to affording a more scenic route, the new road will be open, it is estimated, 45 days longer in the spring, owing to southern exposure.

**Hawaii After Funds For Ex-Service Men**

HONOLULU, Jan. 1.—Federal appropriation of \$30,000 for vocational education in Hawaii may be obtained through an organized attempt on the part of civic bodies here, according to a report of F. A. Clowes, industrial supervisor of Hawaii's schools, to the board of education. The sum is allowed the territory by the Smith-Hughes Vocational Education act, if the sum is matched by the territory. This could be obtained without question, Clowes says, if a petition were made for it, by 1926. The Honolulu Chamber of Commerce, the Rotary club, the American Legion and several other civic bodies already have passed resolutions calling for action.

USE NEWS WANT ADS FOR RESULTS.

**California Lake to Have Gold Extracted**

RENO, Jan. 1.—Both scientists and prospectors long have known that the waters of beautiful Mono Lake, California, in the high Sierras, contain gold in solution. Many attempts have been made to abstract the precious metal. H. C. Parker, professor of metallurgy at Columbia university for a number of years, in Reno on a brief visit, has just come from the lake, where he has been several months conducting experiments of extracting the fine gold by a patent process which he is satisfied can be carried out on an extensive scale. Professor Parker has been in consultation with mining men in Reno and finds they are much interested in his process.

## EMPLOYMENT IN STATE INCREASES

Statistics Show Increase of Eighteen Per Cent Since November, Last Year

SAN FRANCISCO, Jan. 1.—Employment in the state as a whole has increased 18 per cent since November, 1921, while Oakland makes the best showing of any municipality with a 36 per cent increase, it was reported today by Walter G. Mathewson, director of the United States employment service for the state of California.

The percentage of increase for Los Angeles in the year was 13.7, while San Francisco showed a 4.9 per cent increase.

Regarding Los Angeles, the report said: "The 103 firms reporting for Los Angeles show 2606 more workers than for November 30, 1921. For the two month period from September 30 to November 30, the same firms show an increase of 577 workers."

## Credits to Germany Proposed in Senate

WASHINGTON, D. C., Jan. 1.—Extension of \$1,000,000,000 in credits to Germany for the purchase of foodstuffs and raw materials in this country under the direction of the secretary of the treasury was proposed in a bill introduced in the senate by Senator Bursum, Republican, of New Mexico, a member of the "farm bloc."

## C. & S. CAFETERIA OCCUPIES FINE NEW HOME

The C. and S. Cafeteria has been a popular place to eat for some years and when the owner, J. T. Stewart erected the fine new building that now houses the cafeteria and eight double apartments, he received the hearty congratulations of the entire business district. The new building, situated at 222 North Brand boulevard was designed by Charleston and Brainard; a dozen other Glendale firms assisted in its erection and the little cafeteria that made its reputation for "home cooking" some years ago is now enlarged to accommodate more than 160 people. The best materials on the market were used in constructing the building. The facade is finished with enameled tile and art stone; the cafeteria is cool and clean in truth and effect with sand finished grey blue stenciled walls, and enameled tables and chairs. First class equipment in the kitchen facilitates quick service and the C. and S. looks forward to a rosy future in its new and attractive home.

### FORD BUYS TIMBER

DETROIT, Jan. 1.—Henry Ford has bought 30,000 acres of timber land and a mill in northern Michigan, it has been reported here.

Community spirit is increased when you do your buying in Glendale.

## JAPANESE TAKE UP JAZZ STEPS

Does Not Take Little Brown People Long to Accept Latest Dances

TOKIO, Jan. 1.—The long-sabred and arrogantly inquisitive Japanese policemen have another perplexing problem to solve. In Tokio it is causing more trouble than the comical chase of the elusive "dangerous thought," the signboard of Socialism and Bolshevism.

Their difficulty comes from the rapid spread of the jazz germ about the capital city. So popular is the smugle dance, the shimmy, the camel walk and all the rest of them that Western dance halls are opening in all sections of the city. For the most part the shimmy is not yet danced. The police now have under consideration a set of laws to enable them to control the situation. If the plan goes through there will be a limit as to how close the man can hold his partner; bars will be ejected from all dance halls, the dancers will have to stop at 10 o'clock in the evening, and dance halls will be so arranged that a person on the street cannot see flitting forms through the windows. No, Tokio is not in favor of the blue laws, but the coming of any new diversion of the West causes immediate alarm and fear over the morality of Japan.

Western dancing was adopted long ago by well-to-do people, particularly young married couples who have lived abroad and who mingle freely with foreigners here, but the present epidemic is confined to what might be called the middle class. The men are mostly clerks, actors, young Government officials, newspapermen and musicians. The women are mostly girls just out of school, with nothing to do, and actresses. Most frequently a group forms a club, and each member pays a monthly membership fee. An outsider, foreigner or Japanese, visiting the club may gain all the benefits for a fifty-cent one-night membership card.

You can buy it in Glendale.

## MOSCOW BEGINS FIGHT ON GRAFT

Passengers Held Up for 'Tips' by Rail Workers Throughout Nation

MOSCOW, Jan. 1.—The grafters in Moscow are scared. Fourteen were arrested the other day, and recently the number was 211. Among them were eighty porters, sixty police, thirty-eight passengers, besides waiters, servants and ten higher-ups, conductors, assistant station masters, controllers and inspectors. Passengers, after giving information, were at once released.

Dzerinsky is the head of the commission for fighting the graft in transport. This name alone inspires fear, as Dzerinsky was the head of the former extraordinary commission, the dreaded Cheka, which was charged with crushing opposition from the beginning of the soviet regime.

### Wholesale Graft

The graft in transport has assumed such proportions that it is impossible to ignore it. You may be traveling "tipushka"—that is, with several persons in a freight car, with all your baggage under your eye where you can watch it, but unless you pay graft your car will be side-tracked for a day, for two days, for a week or maybe a month. And when you have paid it in a few days your car will be side-tracked again. You may be going with a group of friends, in a special (freight) car to Petrograd and back for your vacation, but you will never reach Petrograd unless you take along some butter or some sugar or some flour for the trainmen.

I saw an American on the Moscow Express recover his berth by means of a club, but this is un-Russian. The Russian method is to submit, or pay a larger graft. Graft in the placing of baggage has been a gold mine. Every ounce of baggage in Russia is charged for, and only 150 pounds is allowed on one ticket. According to the letter of the law, hand baggage is very limited. With the great impulse to trade now taking place in Russia the temptation to graft in baggage is tremendous.

Graft in transport is only a fraction of the graft in Russia. There are housing contracts, the holding up of material and payments—all fruitful sources of graft. And there is an enormous amount of just plain, ordinary stealing.

### Graft Is "Old Game"

Graft is no new thing in Russia. The old regime was well described as "tyranny, tempered by bribery." Zinovieff recently said that much of the graft was without bad motives. Literally, much of it was to feed the children; for, as Tomsky, the labor leader, said, in addressing his men this week: "The conditions of food and supply have been so miserable that, were statistics to be relied upon, all you workers should have died two years ago." But, he added, "you are still alive." And many of them have openly said they lived only by what they could make "on the side." But conditions are much better now. Hence the drive on graft.

The grafters are scared. There is no friendly haven to which to flee, and if there were the conditions of transport are such that unless you are traveling under government auspices, it takes a week, two weeks, often a month to get a ticket, to say nothing of a passport.

The mobilization against graft is certainly on. Some say that a month in jail, with only half a pound of bread a day, will cure the worst. Others speak of long prison terms. Firing squads are frequently mentioned. Conditions have assumed proportions of a national peril. Foreign wars and civil wars, cholera, typhus and famine—Russia has survived them all. Thoughtful men are asking: Can she outlive graft?

ACTRESS 'COMES BACK' NEW YORK, Jan. 1.—Mollie Fuller, blind actress, is to stage a "comeback" at a Brooklyn theatre today.

You can buy it in Glendale.

## GIRL HAS RIGHT TO VANITY, CLAIM

Lady Tree, Widow of Noted Actor, Gives Her Views on 'Great Question'

LONDON, Jan. 1.—How vain may a girl be? That is the question that Lady Tree, widow of the famous actor, is trying to answer.

"A little vanity," she said, "is a dangerous thing to be without. The question is, where pride in one's appearance—for I confine myself to that—begins and whether an overwhelming belief in it may carry one.

"To look her best," continues Lady Tree, "to be at her best, to make the most of such gifts of beauty as she may possess, is the duty of every woman, and we will not accuse her of vanity, in its bad sense, if she does her utmost to carry out this duty.

"Vanity, when it is ugly, is often the falling of those who have the least claim to consider themselves worth looking at. It is rarely that real beauty loves to see itself reflected; while certain silly girls who are endowed with mere prettiness—more prettiness than sense—are never tired of looking in their mirrors.

"This is the day, I fear, of another type of the silly, rather pretty girl. She grew up during the war and elbows her way through the world with her mouth pursed up for whistling, her gait adjusted for jazzing, her walk an imitation of a mannequin, her artificial silk knees and bare arms defying the elements.

"I should not call this girl vain. She cannot be vain, or she would not be like that. Hence we are driven to the conclusion that too little and not too great vanity is the fault of the young people of the hour.

"The crammed-on hat, the slouch, the stoop, the ungloved hands, the skimpy skirt, the epidemic of brazenly "bandy" ankles—these cannot be the outcome of vanity; these must surely be the result of a decision, I will be as ugly as I can!"

"Nor do I call those vain who do their making-up in public. Surely it should be called the 'unvanity bag' out of which, in restaurants, street cars, etc., at dances and dinners and balls, at theatres and tennis tournaments, an otherwise charming lady will whip out her mirror, her powder-puff and her lip-salve—such blatant assurance that the process will not disquiet and dismay the onlooker must spring from the very opposite of vanity.

## Where Prices Are Right

## BOLEN-BOWLER CO.

EDWARD HENNES, Sales Manager

We desire to extend to our clients and friends our very best wishes for a Happy and Prosperous New Year, and at the same time to remind them that the surest way to acquire prosperity and success is to wisely and judiciously purchase desirable Glendale real estate. During the past year we have been privileged to advise and guide many investors in the purchase of homes and properties bought for income and have a constantly increasing list of clients.

We offer for sale only properties we believe are worth the prices asked, and we aim to sell to clients who are bound to make a profit. The following are some of our exceptional offerings at this time:

### Eight-Room Home Sacrifice

Extra large two-story home in perfect condition on 75-ft. corner lot, only one block off Broadway, right in line for big business. Lot alone worth \$5000 now. Large basement and garage. \$100 per month income by renting rooms, in addition to home for owner. For quick sale \$7500, half cash. Worth \$10,000 right now.

### Furnished 5-Room Home With Two Lots—\$5750

Think of it! Well furnished 5-room home with two good lots including new \$100 gas range, located on one of the best streets in N. W. Glendale. Large garage, some fruit. Only \$1850 cash balance easy—less than rent. This will not last.

### \$6250—\$1500 Cash

Buy beautiful and artistic large new 6-room bungalow located in very exclusive and restricted N. W. section. Has large and cozy living room, real fireplace, expensive fixtures and shades. Spanish

archway between living and dining rooms, beautiful buffet with mirror, nice hallway, two fine bedrooms, large closets, hardwood floors throughout; ideal bathroom and linen closet. Ladies, take notice! The classic kitchen and breakfast nook you ever saw. Automatic water heater. Extra large screen porch with room for ice box and electric washer. Fine garage. Balance payable \$55 per month.

### Something Worth While

\$6500, with a down payment of \$2500, buys this attractive 6-room home, three nice bedrooms, located on beautiful street only 1 1/2 blocks off Brand boulevard. Convenient built-in features, fireplace, etc. Good lawn, flowers and shrubbery. Price much below value. After first payment balance like rent.

### Exceptional Home and Income Bargain

Seventy-five feet on Orange Grove avenue in fine location with unusually well built two-apartment building, beautiful hardwood floors; also dandy small five-room house at present occupied by owner. Rental value \$160 per month. Price \$11,000, with only \$3000 cash. The income from this property

### Fine Home Close In

Splendid residence, of six fine large rooms on Lomita avenue, one block from Brand, at the exceptional low price for quick sale, of \$8000. Half cash. Worth at least \$2000 more NOW.

### Milford, East of Central

Splendid nearly new 6-room home in this unexcelled location. Beautiful clear oak floors, nice fixtures, splendid decorations, and everything first-class. The lot alone in this location is worth \$4500, and the buildings cost to erect less than two years ago, more than \$5000. Owing to owner's requirements this beautiful property can be bought for \$7900, with \$1500 down.

### \$110 Per Month Income—22 Per Cent on Investment.

Attractive new 8-room double bungalow, very desirable location in the heart of Glendale, containing the latest and best features and fixtures, including all hardwood floors, mantels, buffets, etc., and large

double garage. Price only \$7500, with \$4500 cash. Balance three year mortgage. You can't beat this investment—it's a life income.

### Business Property Investments

Lot on North Central between Broadway and Lexington, only \$250. Nothing priced as low in this section. Excellent for apartments or home, and in the most exclusive section. Offered for short time only.

One hundred ft. frontage on North Brand, close to Doran, at the exceptional price of \$125 per ft. Nothing like it for the money. Ideal for stores, apartments or bungalow court. Half cash will handle. The owner expects to advance the price shortly after the first of the year. Act now! For other desirable properties of all classes, vacant and improved, call on us for particulars, or phone us and we will call on you. If you have desirable properties for sale at reasonable prices, we can find you buyers. Tell us what you have.

### Exchanges

We frequently have desirable properties for exchange and can often effect a transaction of this kind to the mutual benefit of both parties. Please tell us what you have and what you want.

# QUIET GIRLS ARE BEST WIFE TYPES

## Most Males Ask 'Is She as Kind as Fair?' Says Actor's Widow

By LUTHER A. HUSTON  
By International News Service.  
LONDON, Jan. 1.—What sort of a wife do men want? Is the bobbed-haired, pert, cigarette-smoking "flapper" of today the ideal of the masculine suitor or is it the desire of the modern male to mate with a woman in whom sweetness, gentleness, dignity and graciousness are the predominant qualities?

Take it from Lady Maude Tree, widow of Sir Beerbohm Tree, the noted actor, it is the girl with the "ornament of a neat and quiet spirit" who wins from her "more blatant" sister in the matrimonial race.

"Most men choose their wives because they are head over ears in love, and they do not care what she is if only she is she," Lady Tree asserted. "It is something beyond eyebrows and elbows and eccentricities which makes a man decide that such a one shall be his one alone, shall be the partner of his joys. She, be she what she may, is his heart's desire, and he won't be happy until he gets her."

Charms Challenged  
"But man in a more reasonable mood will not be carried away by mere bright eyes and charms brilliant. He will ask: 'Is she as kind as she is fair?' He will ask if she has the instincts of orderliness, of the attribute that is next to godliness, of good temper, good sense and good nature. Has she the low voice, that 'excellent thing in women,' the kiss that is like the kiss of wild roses, the glance that is that of waters stilled at even?"

"In the girlhood of today there is on the surface so much that is pert, that is loud-voiced, familiar, irrelevant, uncouth and ungracious, that were one to issue a warning to young men, 'Beware of what these seem!' there would scarcely be any marriages made."

"But if the young women of today—good and sweet young women—would realize that men do notice, do love the ornament of a neat and quiet spirit, perhaps some of the more blatant would alter their ways."

Girls who smoke cigarettes and drink "Manhattans and Martinis" Lady Tree believes, are not approved by marrying men. The men tolerate it, but they do not like it.

Sweetness Preferred  
"Let us imagine the ideal good consort," Lady Tree continued. "She is sweet and 20. She is her father's friend and her mother's right hand. She can pray and she can play. She can sew and she can darn. She reads without being a bookworm; she thinks without being a recluse. She is eager in mind and tranquil in behavior."

"Whatever she does, whatever she wears, whatever she speaks she will be gracious, graceful and appropriate. Though a girl she will have dignity and courage."

"I shall be accused of describing perfection—the unattainable. Far from it. I declare that there are thousands of such unmarried girls waiting to be asked to be wives. I have pictured the ordinary, the 'not impossible' She."

## Battleship Iowa to Join Twilight Fleet

PHILADELPHIA, Jan. 1.—The battleship Iowa, veteran of the Spanish-American War, recently passed down the Delaware from the local navy yard on its way to Hampton Roads, there to be put in final shape for its last voyage to join the twilight fleet of the American Navy—those obsolete battleships which have ended their existence as targets for the guns of their comrades afloat.

The Iowa enjoys the unique distinction of being the only wireless-controlled warship in the world, and has demonstrated its ability to manoeuvre under orders sent by radio from a control ship miles away.

Heretofore the Navy has bombarded stationary ships anchored as targets, but in February, off Panama, the Iowa will provide a moving objective to test the gun pointers' skill. In her decks are patches over places where she was hit by dummy bombs of cement hurled from airplanes some time ago in experiments off the Delaware Capes.

Whether the old warship will only last a few minutes under the fire of the Navy's superdreadnoughts or will stand the rending smash of the monster shells for a longer period remains to be seen. As planned, there will be intervals between salvos to permit observations of the damage wrought for use in future designing of the Government's battleships.

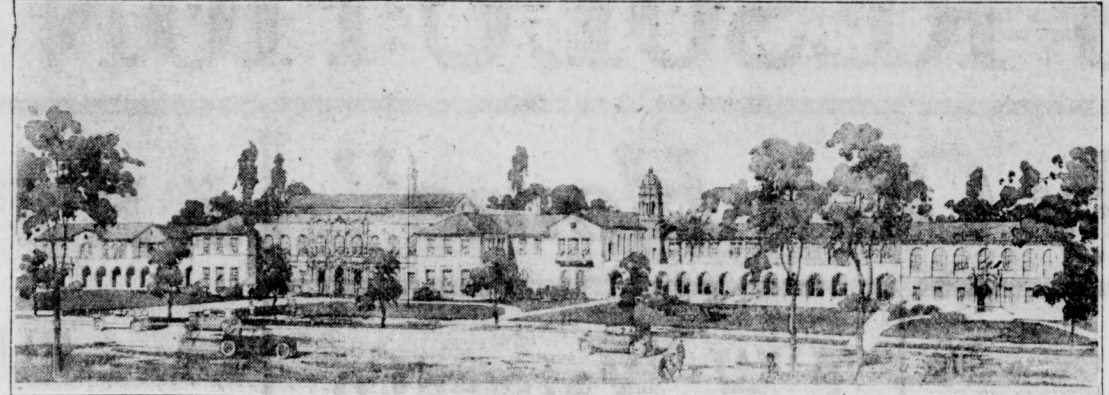

The passing of the old ship brings many regrets among naval reservists here who served aboard her during the World War.

## Dry Sleuth Carries Evidence in Mouth

CORTLAND, N. Y., Jan. 1.—A private detective employed by Cortland county to get evidence against Thomas Riley, local "mine host," believed to be violating the Mullan-Gage dry law, will have to tell how he carried away the evidence in his mouth when the case is moved for trial in county court here.

The county authorities say the alleged liquor was later poured into a bottle and preserved as evidence against Riley. Prohibition enforcement knows no similar case, it is said.

# NEW HIGH SCHOOL BUILDINGS TO BE ERECTED

Glendale cannot but be proud of the proposed new High school buildings that combine the beauty of old Spain with the practical dignity of a California school.

John C. Austin of Pasadena, assisted by George Lindsey, are the architects of the new group of buildings which will be constructed of reinforced concrete, finished

mission style with rough plaster and a mission tile roof. The main buildings will surround a court that will be the picturesque feature of the school plant. Here the even line of the buildings will be broken by a Spanish tower, which will add its romance to the arched arcades connecting the various buildings.

Classrooms for 2500 students and an auditorium accommodating 2000 will complete the first unit of this school. The buildings will cover a space about 500 feet in length and 150 feet deep. The site of the new high school is at Broadway and Verdugo Road. It is estimated that the building will cost \$600,000 and the equipment about \$75,000.

## HIGH COURT GETS LIPSTICK PUZZLE

### Arkansas School Girl Will Fight for Right to Use Cosmetics

KNOBEL Ark., Jan. 1.—The famous "lipstick" case of Miss Pearl Pugsley against the Knobel public school board of directors is due to come up for argument shortly in the Arkansas Supreme Court.

Pearl had violated the board's order against the use of cosmetics and she was told to either go wash her "artificial complexion" or go home. She went home.

The board explained that its order banning face powder, short skirts and peek-a-boo waists in school was made because "we found it tended to distract the attention, especially of the boys, in school."

Miss Pugsley, however, said she believed in women's rights to use anything on their faces that would make them "look better" and brought suit to force the school board to set aside the rule, that she must return to school and bring her powder-puff back with her.

Judge Gives Ruling  
Judge W. W. Bandy, in the Clay County Circuit Court, held the rule was unreasonable and unjust, that "boys and girls alike might wear it without injury to anyone," but did not grant the mandamus, on the ground that the testimony did not show the school board had ever sanctioned the action of Professor N. E. Hicks, school superintendent, in expelling Miss Pugsley.

The case was appealed to the Supreme court and the school board has now adopted a strategic programme.

First, the board recently abandoned the two years' high school course in vogue at the school for more than three years. "Lack of proper library and laboratory equipment" is given as the cause for this action. Miss Pugsley was in her first year of high school when expelled, and even should she win the mandamus she could not return to school since the higher grades have been abandoned.

Second, the board's petition in the Supreme Court states the rule banning use of cosmetics has not been re-adopted and is not now in force.

Girl Attends School  
Miss Pugsley, the "Joan d-Arc" of the lipstick war, is now at tending school at Corning, six miles north of here, where, she says, she is "determined to complete her education."

"It wasn't a desire to create trouble when the suit was brought," she explained. "I merely felt that my toes were being trampled on, so to speak, and the Irish blood in me began to boil. I'm going to fight the case to a finish in an effort to uphold the women's rights to use all reasonable means to look their best at all times."

On his deathbed, my father wanted me to carry the case to the courts, and I'm going to do just what I think he would have wanted me to do."

Miss Pugsley says she has received a "half ton of letters" from thousands of admirers all over the country, who are asking her to continue the fight she is waging.

## Tries to Blow Up His Mother-in-Law

PARIS, Jan. 1.—Nobody loves a mother-in-law.

Monsieur Thomas, a Parisian, who has mother-in-law troubles all his own, thought his star of hope had dawned when he began reading about the frequent explosions of stoves burning anthracite coal.

Bright and early one morning he descended to the kitchen and poured a bag of gunpowder into the range before the good old lady had a chance to start the fire for morning coffee. But unfortunately M. Thomas' knowledge of chemistry is very limited. The loose powder produced nothing more than a few hisses and a spluttering blue flame, which aroused the suspicions of mother-in-law.

She immediately set about tracing his hand in the affair, and her son-in-law found himself summoned before the police, where he is now under arrest for his practical joke. His wife is heaping more coals upon his head by using the powder incident as grounds for divorce.

• You can buy it in Glendale.

## Valuation of Horses Gradually Dropping

WATERLOO, N. Y., Jan. 1.—The days of Old Dobbin are past. The gasoline motor is replacing him so fast, both on the farm and in the city, that he brings less than one-half of his valuation of two years ago, regardless of how strong and sound he may be.

An analysis made of recent auction and private sales in Western New York shows that horses have brought an average of but \$50 each, while two years ago the figures were from \$150 to \$200.

The News ads produce results.

## Model Savings Plan After War Stamps

COLUMBUS, Ohio, Jan. 1.—A local bank has adopted a savings system similar to that used by the federal government in its war-saving campaigns. Patrons of the bank may buy for \$82 a certificate that will be redeemed in five years at \$100. Payment of \$820 may be made for a certificate that will be worth \$1,000 in five years.

SUE FOR HILL ESTATE  
ST. PAUL, Minn., Jan. 1.—Louis Hill, chairman of the Great Northern railway, is being sued for the estate of James J. Hill by other heirs.

The News ads produce results.

# ENGLAND'S LABOR TROUBLE SERIOUS

## Government Making Drastic Attempt to Deal With Idle Workers

LONDON, Jan. 1.—The British government is making a drastic attempt to deal with the situation caused by the existence of 1,300,000 unemployed in Britain. It aims at putting in operation works which, while giving employment and good wages to vast numbers of unemployed, will ultimately prove of remunerative value to the country.

Among the adopted proposals are the making of the new arterial roads throughout the country, in particular one from Manchester to Liverpool, which will employ 20,000 men for many months.

Loans are to be made to towns throughout the country to assist in putting into operation public works of local utility and improvement.

A new system of land drainage is to be put in force in various places which will employ 20,000 men for twenty weeks.

New afforestation will employ 6,000 workers for five months, and 5,000,000 pounds will be immediately expended on the improvement of the great railroads. Powerful electric power stations are to be set up throughout the country.

Finally, a guarantee of 50,000,000 pounds will be given to merchants, corporations and banks to speed up the foreign trade of the country.

**H**OME Ownership is the best insurance against sickness, adversity and old age that man has yet devised. It gives him the sense of security and the reality of shelter when these dangers menace. But it does infinitely more than that. It gives him years of comfort and happiness before the sky becomes overclouded. In it the wife of his bosom and the children of their love live and pass golden hours. To it he goes when his day's labors are over with the knowledge that it is his. Business may belong to someone else, but his home is HIS—his and his loved ones.

Are you thus insured? Have you such a sure shelter as this ready when the storms of life beat upon you? If you have an income sufficient to pay rent you can own your home—either buy it, or, preferably, build it. And make it all you would have it to be, with flowers and a few fruit trees and welcome shade and fitted with every convenience which makes life worth living.

If you have a lot somewhere, the rest is so easy that it needn't trouble you. If you haven't, you should get busy at once and provide a place where YOUR OWN HOME can stand in the not far distant future.

### 5 Reasons Why You Should Install

### THIS Concrete Cesspool

1. Our blocks are circular and will make a complete and compact circle. Therefore, a Cesspool built of our circular blocks cannot cave in.
2. Seepage is obtained through five uniform holes in each block, and not by spacing the blocks. Therefore, our circular blocks allow for all the seepage that the earth around them will absorb, without weakening the walls of the Cesspool.
3. Our Circular Blocks are made of concrete and are properly cured. Therefore, they will outlast anything else that has, heretofore, been used for this particular purpose.
4. Our Circular Blocks are of uniform size, standard quality, and must be used for Cesspools only, when perforated. Therefore, only one grade material can be used.
5. Last, but not least, IT DOES NOT COST ANY MORE.

REAL ESTATE BROKER

Real Estate In All Departments

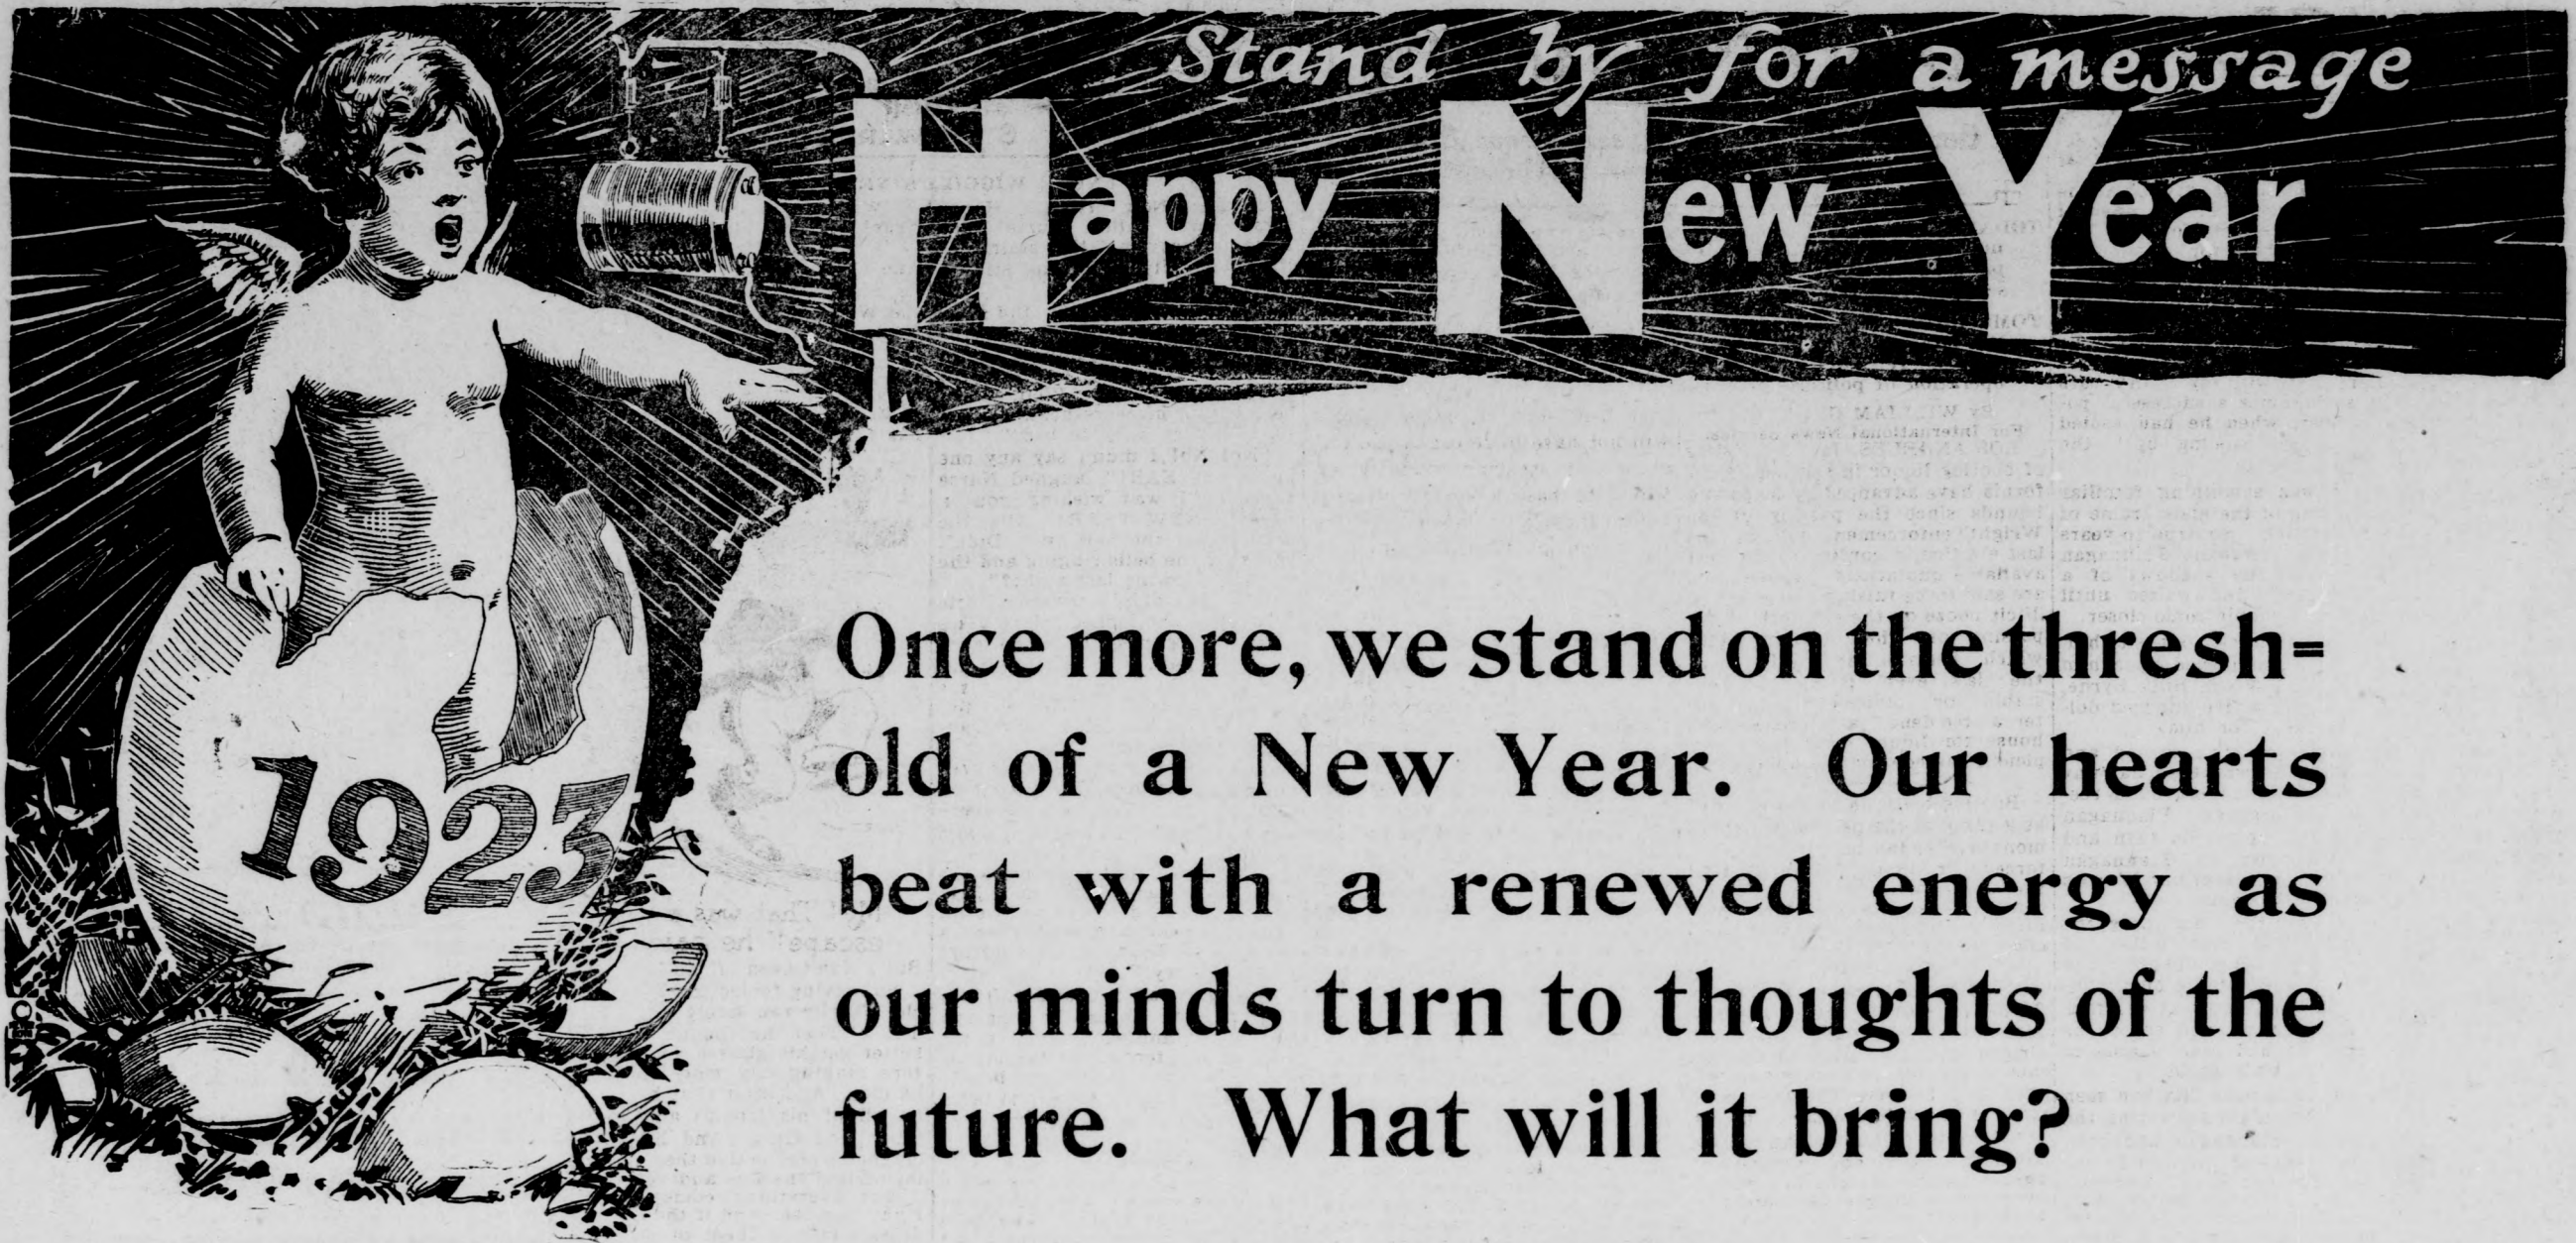

Our experience during a number of years enables us to give the public authentic information regarding values and possibilities in and near Glendale.

We have specially priced until Jan. 10th the following property which we consider has a profit for the buyer:

- 5 acres, \$15,000—\$5000 cash, easy terms on balance, and we guarantee a profit of at least \$7,500 within nine months.
- Big corner lot, 78x179—\$2100, \$700 cash. Inside lot, 90x135—\$3500, easy terms. Inside lot, 96x120—\$2800, 1/2 cash.
- Inside lot, 50x140, few steps from Brand, close to business center—\$3200, some cash, \$15 a month.
- Big 5-room house, cobblestone porch, built-in features, big fireplace, sleeping porch, Italian garden in the rear; everything to make up a real gentleman's home—\$7000, terms.
- 5-Room Modern Bungalow, hardwood floors throughout, built-in features, very nice and everything that a woman loves—\$6300, \$800 cash. 1/2 block from Brand, 3 blocks from Colorado, big lot, nut trees.

E. G. WARREN, 300 1/2 South Brand Boulevard

Once more, we stand on the threshold of a New Year. Our hearts beat with a renewed energy as our minds turn to thoughts of the future. What will it bring?

We think. We reason. We weigh well the facts that surround us. And, we come to but one conclusion. That is, that the New Year spells naught but an unprecedented era of Prosperity for our Community and its citizens. And we hope that Fate will wave its magic wand of Health, Happiness and Peace over each individual personally.

As for our business relations with you, we know that they will be as cordial in the future as they have been in the past.

In all the category of things that affect human life and endeavor, perhaps the most guiding factor is Influence. It far exceeds heredity and sometimes even self-determination.

Whether one wills or not, the life and actions of an individual, and even still more the career of a business institution, exerts an influence that is inescapable.

To the conscientious mind this fact brings a definite responsibility, and in the case of a great financial institution the responsibility is great indeed. The influence exerted affects not only the patrons with whom it comes in direct contact, but it extends to agriculture, industry, education, and even religion.

And virtue  ward. There is a satisfaction in witnessing the accomplishment of ideals fought for in business and community life.

And with all  and without reservation, we stand definitely committed to the furthest extent of our ability to the development of Glendale, the Fastest Growing City in America.

AGAIN WE WISH YOU HEALTH, HAPPINESS, PEACE AND PROSPERITY

# ORGANIZATIONS OF GLENDALE HELP IN ALL CIVIC AFFAIRS

### Lodges and Clubs Prove Their Worth In Various Ways Throughout the Year

(Continued from Page 1)  
stated and reports are not in, no complete lists are available at this time.

**KNIGHTS OF PYTHIAS**—K. P. Hall, Park and Brand—The Glendale lodge, No. 331, of the Knights of Pythias, has met in its hall at the above address since 1916, at which time the two separate local lodges then existing were consolidated. The lodge now has 250 active members. Meetings are held at the hall every Tuesday night.

Officers for 1923, recently elected, and to be installed at the meeting on January 2, are the following: B. E. Metzger, chancellor; Robert Edwards, vice-chancellor; C. E. Rehburg, prelate; Sam Brown, master-at-arms; Henry Long, master-at-arms; Frank Peters, keeper of records and seals; James Smith, master of finance; R. Wright, master of exchequer; C. E. George, inner guard; Harold Nicholson, outer guard; C. E. Valentine, trustee.

Pythian Sisters, the woman's auxiliary to the local K. P. lodge, numbers 60 members and meets at the lodge rooms the nights of the first and third Fridays. Officers for 1923, recently elected, and to be installed at the meeting on January 19, are the following: Mrs. Pauline Doose, sitting past chief; Mrs. Rozella Jolliffe, most excellent chief; Mrs. Mabel King, excellent senior; Mrs. Melissa Dickson, excellent junior; Mrs. Laura Chrisman, manager; Mrs. Blanche Willett, mistress of finance; Mrs. Viola Peters, records and correspondence; Mrs. Margaret Higgar, protector; Mrs. Elsa St. Clair, guardian; Mrs. Lucy Wilbur, installing officer; and Mrs. Elizabeth Haynes, musician.

**KNIGHTS OF COLUMBUS**—K. C. Hall, 230 East Lomita Avenue—The Glendale council, No. 1220, of the Knights of Columbus, moved into its fine new hall at the above address this week. Previous to this, rooms in the Knights of Pythias hall were used. At the present time the K. of C. has a membership of 250. Its meetings are held on the first and third Wednesdays of each month, at 8 o'clock at night, from now on at the above address.

The council has no auxiliary at the present time but plans are under way for the establishment of one within sixty days.

Officers for 1923 are the following: Harry Girard, grand knight; Michael Gannon, deputy grand knight; Edward Albrity, chancellor; Edward Brahm, advocate; Otto Wolfram, warden; Herman Psenner, inside guard; Randolph Doll, outside guard; E. L. McMahon, treasurer; F. H. Hensman, financial secretary; E. T. Leary, recording secretary;

Peter L. Ferry, Jesse Chappius and Frank Leslie, trustee.

**ODD FELLOWS LODGE**—201-A West Broadway—The Glendale lodge No. 338, of the International Order of Odd Fellows moved into its rooms at the above address in February, 1922. Their rooms had previously been located 111-A East Broadway. The lodge now has an active membership of 100. Meetings are held every Thursday night.

Elective officers for 1923, recently installed, are the following: Frank Sullivan, noble grand; Daniel Hall, vice-grand; Alfred Baines, corresponding secretary; Elmer Brown, financial secretary; Carl Schwitters, treasurer. The appointive officers for 1923 have not yet been selected.

Carnation Rebekah lodge, the women's auxiliary to the local I. O. O. F., numbers 115 members at the present time and meets at the lodge rooms every first and third Tuesday night. The officers for 1923 are: Mrs. Loretta Schwitters, noble grand; Mrs. Evelyn Hall, vice-grand; Mrs. James McBryde, recording secretary; Mrs. Mabel Goodfellow, financial secretary; Mrs. Winnie Hartley, treasurer.

**MODERN WOODMEN OF AMERICA**—K. P. Hall, Park and Brand—The Glendale camp No. 12886 Modern Woodmen of America numbers an active membership of 110 at the present time. Meetings are held at the above address on the nights of the second and fourth Fridays of each month.

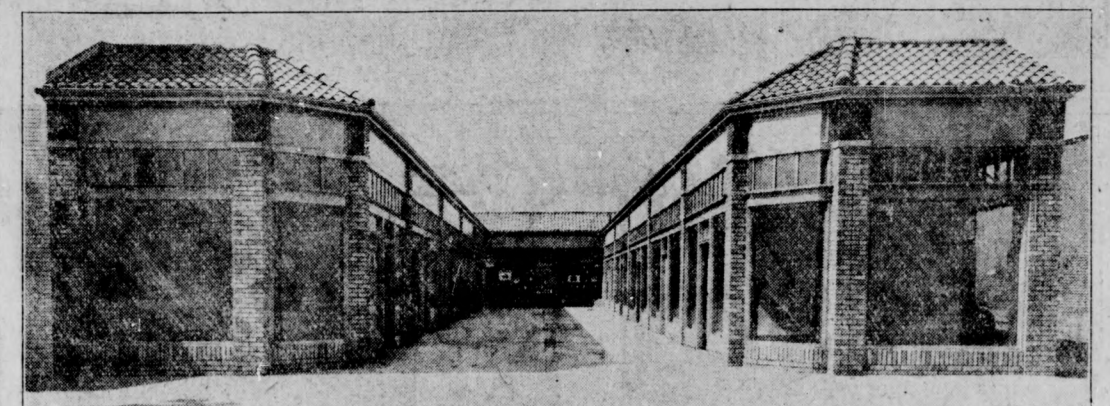

Officers for 1923, recently elected, are to be installed early in January, are the following: Dr. Bion S. Warner, consul; Carol L. Hare, past consul; Marvin A. Bunting, adviser; Charles A. Bunting, banker; L. F. Lakock, escort; A. P. Muske, waterman; William Griffin, James E. Howes and David C. Carney, trustees. The Royal Neighbors of America, the women's auxiliary to the Modern Woodmen, was organized in August of 1921 and has a membership of 63 at the present time. Meetings are held the nights of the first and third Thursdays of each month, at the K. P. hall.

The officers for 1923 number among them the following: Mrs. H. L. Hoek, oracle; Mrs. Ida Leach, vice-oracle; and Mrs. Blanche Gemmill, recorder.

**FEDERATED BROTHERHOOD**—This organization is composed entirely of laymen and is a group composed of members and officers of ten Protestant churches of Glendale valley united for the purpose of exerting a combined effort to achieve higher moral and civic standards in the city. The motto of the Federation is "A clean city, kept clean." Membership is over 2000.

The following churches comprise this organization: First Baptist, Central Christian, Con-

# PEOPLE ARE ATTRACTED TO NEW COURT SHOPS

Twelve new business firms have been housed in the attractive court shops designed by Roy L. Kent and built by H. S. Webb at 211 East Broadway. The red-brick, tile-roofed building is divided into neat little shops, each with a large display window. There is a broad promenade down the center, making the court an ideal spot for the small shopkeeper. Glendale firms who as-

sisted in the construction of the court shops are Bentley-Schoenman company, Fox-Woodsum company, Glendale Plumbing company, and the Glendale Mill company.

**REGREGATIONAL, FIRST M. E. Casa Verdugo M. E., Central avenue M. E., Pacific avenue M. E., M. E. South, Glendale Presbyterian, Tropic Presbyterian.**

The officers are—G. D. McMill, president; R. F. Kitterman, first vice-president; James H. Garnsey, second vice-president; William D. Kirk, secretary; George P. Daugherty, treasurer.

The executive committee of the Federation comprises the five officers of each church, plus two representatives at large from each, a total body of seventy men.

Meeting dates are the first and third Tuesdays of each month, the place being one or another of the centrally located churches of the organization, the time 8 o'clock at night.

**AMERICAN LEGION, 610-A East Broadway—Glendale Post No. 127, of the American Legion, meets at its own hall, the above address, every Friday night. The post was organized in August of 1919 and has a membership of 250 at the present time. It is an organization prominent in the civic life of the city, fighting for reforms and sponsoring many worthy movements, carrying on-ward into American national life the magnificent spirit it exhibited before the world "Over There."**

Officers for 1923, recently elected, are the following: Chalmers Day, commander; Mitchell Frug, first vice-commander; Donald Packer, second vice-commander; Attorney W. C. Anspach, adjutant; Henry Prussing, treasurer; Frank Secret, sergeant-at-arms; Rev. C. M. Calderwood, historian; Emil O. Kiefer, Attorney Eugene Wix and Robert C. Plume, trustees.

The woman's unit of the American Legion was organized in March of 1920 and has at the present time 100 members. It meets at the Legion hall the first Monday night and third Monday afternoon of every month.

The 1923 officers, recently elected, will be installed on the night of January 8, the January 1 meeting being postponed to the later date because of the holidays. The list of new officers is the following: Mrs. Margaret Kaeding, president; Mrs. L. T. Rowley,

**SPANISH WAR VETERANS, K. P. Hall, Park and Brand—The Glendale camp of the Spanish War Veterans was established in June, 1922, and has a membership of sixty-eight at the present time. The camp as yet has no hall of its own but meets at the above address, on the first and third Wednesdays of each month.**

Officers for 1923 recently elected, are the following: Dr. William C. Mabry, commander and surgeon; L. D. Pike, senior vice-commander; Cameron Thom, junior vice-commander; Col. J. D. Fraser, chaplain; Herbert Gray, officer of the day; Jack Satow, officer of the guard; Samuel Warren, adjutant; Alexander Schmitt, quartermaster; John Clark, historian; Harry Girard, musician; Capt. G. L. Rollins, patriotic instructor; Frank E. Peters, sergeant major; G. T. Harness, quartermaster sergeant; George L. Murphy and Forrest E. Hill, color guards; Capt. William B. Kelly and Capt. William A. Loving, trustees.

**DAUGHTERS OF THE AMERICAN REVOLUTION**—Richard Gridley Chapter—The Glendale chapter of the historic D. A. R. was organized in November of 1913, with a charter membership of 22. The membership is 45 at the present time. The meetings take place on the afternoons of the first Thursday of each month. There is no set meeting place, the homes of the various members providing accommodations.

Officers for 1923 are the following: Mrs. John Hyde Bray, regent; Mrs. C. W. Houston, first vice-regent; Miss Ida Myers, second vice-regent; Mrs. Mabel F. Jeker, financial secretary; Mrs. H. A. Strong, treasurer; Mrs. S. H. Butterfield, of Burbank, historian; Mrs. Gertrude Folansbee, chaplain; Mrs. J. A. Crawford, recording secretary.

**AMERICAN RED CROSS**—The Glendale chapter of the American Red Cross was founded in April of 1917, and at the present time has 2431 members. Its humanitarian ideals are well known and it has done some fine work locally. The organization has but one regular meeting, and that is the annual assembly called the middle of each October. Executive meetings, when they come, are at the call of the chairman and usually occur in the afternoon, at the Chamber of Commerce hall.

The officers at the present time are Mrs. H. E. Bartlett, chairman; Mrs. W. W. Worley, vice-chairman; Mrs. John Robert White, Jr., secretary; and Miss Neva Veysey, treasurer.

**ROTARY CLUB**—The Glendale chapter of the Rotary club meets at luncheon every Thursday, in the Chamber of Commerce hall. It is composed of 34 active local business men, representing that number of diverse occupations. Its motto is "He profits most who serves best" and its aim is to eliminate misunderstanding between citizen and citizen, town and town, state and state, nation and nation—thus working for a better world.

The officers of the club are the following: Roy L. Kent, president; George Karr, vice-president; J. Herbert Smith, secretary; R. E. Olin, assistant secretary; William Howe, treasurer. The board of directors includes Valentine Holister, Charles Cooper and Harry Webb.

**EXCHANGE CLUB**—The Glendale chapter of the Exchange club numbers at the present time 38 active members. The meetings take place Thursday night of each week, at the offices of one of each other of the members. The purpose of the club is to back local civic enterprises it deems worthy, and to help make Glendale a

## Grand View Memorial Park

"The American Legion Cemetery"

### Built for Eternity

When we buy a lot for our loved ones, let it not be for present duty alone. Let it be such work as our descendant will do when those stones will be held sacred because our loved ones are buried there, and that men will say as they look upon them: "See! This our Father and Mother for us!"—John Ruskin.

These words of the celebrated author express the sublime purpose of the builders of "BEAUTIFUL GRAND VIEW."

To establish a "Cemetery Beautiful," whose records and inscriptions will perpetuate history and family tradition of present and future generations.

## GRAND VIEW MEMORIAL PARK

Glendale's Only Modern, Perpetual Care Burial Park

There is no cemetery in Southern California so ideally located, so gloriously wooded, so tenderly cared for or more dear to the hearts of the people of this valley than beautiful Grand View Memorial Park.

Terms made to suit the convenience of purchasers of lots.

Here you will find every service and consideration which should merit your investigation in lieu of those trying times when such facilities as we offer are so necessary. Our private car is at your service without charge when you wish to visit the grounds.

## The World Over

By FRANKLIN B. MORSE.  
PACIFIC SPORTS SERVICE

That basketball is gaining popularity by leaps and bounds was evidenced in 1922 by the enormous crowds attending all classes of league, intercollegiate and national competition. Up to some years ago interest in the game among the public was limited but last year more than thirteen thousand people attended the national A. A. U. championship at Kansas City and the gate receipts amounted to more than \$12,000. It was not only in national competition that public interest held, it was also noticeable in small league attendances and in intercollegiate competition. Princeton won the intercollegiate competition and in the game played between California and Stanford universities at Oakland, Calif., more than ten thousand people attended a basketball game on the Coast.

Two Pacific Coast teams entered the National events at Kansas City, the Los Angeles A. C. and the Sacramento Legion team. Both teams however were eliminated before the final. The final game was between the Kansas City Athletic team, the 1921 champions and the Campbell Lowell team of Kansas City. The latter team was the surprise of the year and defeated the holding champions for the title 42 to 23. In the Pacific Association of the A. A. U. series the Olympic club of San Francisco was supreme. It defeated all opponents of the club teams and lost only to the strong Stanford University team and the University of Nevada team.

In the Southern Pacific Association eight teams were entered in the championship and the Los Angeles A. C. last year's champion tied for the honors with the Perry Semon team. On the play of the latter team won. Seattle had a most successful year and in the City Basketball League the University of Wash-

### Two Football Stars Killed in Accident

WOODBURY, N. J., Jan. 1.—Alexander Wray, center of the University of Pennsylvania football team of 1918, and Lewis Brunner, another former Pennsylvania star, were killed Friday at North Woodbury when a motor car in which they were riding was struck by an electric train of the West Jersey and Seashore railroad.

Miss Catherine Johnson, 18, of Philadelphia, and Miss Elizabeth Price, 18, of Washington, D. C., narrowly escaped death through the heroism of the two athletes who sacrificed their own lives to open the rear doors of the car to enable the girls to jump out.

Miss Johnson was partly out of the car when the train struck it and was clear of the wreckage. Wray and Brunner were still alive when picked up by passing automobiles, but died fifteen minutes later in the Underwood hospital here. Both had fractured skulls. The entire party were in evening dress when the tragedy occurred, being on their way to the Woodbury country club to a dinner.

Both Brunner and Wray were well-known in the field of intercollegiate athletics, the former having achieved distinction during the past two seasons as a backfield man at La Fayette college during the last two seasons. He was prominently mentioned for all-American honors during this season and last, and in 1922 led all the eastern players in number of points scored. Wray was not so well known in athletics, but came of a prominent Philadelphia family, residing in the Chestnut Hill section.

### Famous Mare Will Show at Tia Juana

SAN DIEGO, Calif., Jan. 1.—Carabosse, the famous mare belonging to the Prince of Wales, will probably be started in the New Year's handicap at Tia Juana. Unless heavily weighted, Carabosse, imported from England, and which beat all sorts of equine stars on the Canada tracks last summer, will likely be installed favorite in the rich mile and a sixteenth event.

The mare will also be sent after the \$30,000 Cotforth handicap, her trainer announced. The first "Baby" race of the year will be run today, for fillies which will enter the 2-year-old class on that day.

### Herzog Wants Name Free of Suspicion

BALTIMORE, Md., January 1. Charles E. Knapp, famous baseball legal adviser to Jack Dunn, once elected president of the International league, and for years a figure in the fight against the draft, was today engaged by Buck Herzog to clear any suspicion around his name in connection with the Rube Benton case.

Herzog was involved in the original Benton scandal, being accused jointly with Hal Chase, of having offered Rube a sum of money to throw a game to the Cubs in 1920.

## SPORTS CHATTER

By BILL UNMACK  
PACIFIC SPORTS SERVICE

Two things stand out prominently in the track and field history of 1922, first the great achievements of the University of California team, and secondly, the fact that no standard event records were broken by American athletes.

The University of California won the I. C. A. A. A. championship in 1921, and repeated again this year. Prior to going east the team won the Pacific association district title of the A. A. U. and after the I. C. A. A. A. meet went to Chicago and won the honors of the National Collegiate association. Jack Merchant of California easily qualified as one of the greatest athletes of the country and besides being the big point winner in the "1" four A meet in the same meet he broke the national intercollegiate hammer throw record.

The period from 1912 to 1914 was unquestionably the greatest series of years of record-breaking that has ever been known in this country. Record after record fell and many of them standard events. This year not a solitary regular standard American or world mark was broken by an American athlete, and probably the only world mark broken is credited to the Norwegian, A. Hoff, of Norway, who raised the pole vault mark from 13 ft. 5 inches, held by Foss of Chicago, to 13 feet 6 inches.

In the matter of metric distances these events are very seldom run in this country and European athletes have produced several of these distances this year. The most notable achievement in this respect is the work of Paavo Nurmi of Finland, who has consistently broken record after record, ranging from 1500 meters up to 5000 meters. Nurmi is without doubt the greatest distance runner Europe has produced since the days of the great French star, Jean Bouin, who was killed in the war, and Hannes Kolehmainen.

One of the outstanding features of the work of American athletes was the winning of the National A. A. U. one-mile championship by Joe Ray of Chicago in five years straight. Ray has been national mile champion, and a year prior to his first entrance in the mile he won the national five-mile title, giving him six straight years as a champion, one of the best successions of performance ever recorded in this country.

On the other hand the failure of Charlie Paddock to compete in national championships was a sad disappointment to sports followers all over the world and particularly in this country. Paddock's sprint championships were defeated by an extraordinary criticism was heaped on the champion for his refusal to go east and defend his titles. The rejection of various freak records made by Paddock by the A. A. U. records committee was another factor of importance. The legislative branch of the A. A. U. refused to pass on the various records and the matter has not yet been adjusted on a protest from the Southern Pacific branch of the A. A. U.

In the matter of legislation the year 1922 will go down in track history as an important year. First of all the organization of the new National Amateur Athletic Federation is one of the most important forward steps in the government and widening the scope of competition and bringing more men into active participation. On top of this the A. A. U. has after many many years at last come to the realization that women must be recognized in sports. The A. A. U. has at last adopted legislation which permits women's competition and in future all sports—exclusive of swimming, which has been recognized several years ago—now entered into by men, are legalized for women. Undoubtedly track and field will be the principal sport which women will adopt in the future and already a self-governing body for women has been organized as a branch of the A. A. U. proper. This body will be national in scope and will control women's sports.

The American Olympic committee has been broadened in its scope with the result that many

### NEAR EAST MEET IS DEADLOCKED

Conference Comes to End Until Wednesday; Big Chiefs in Parley

LAUSANNE, Jan. 1.—With the deadlock still unbroken, the near east peace conference has come to a stop. Adjournment was taken until next Wednesday. Lord Curzon is going to Paris to confer with Premier Bonar Law and Premier Poincare upon German reparations. George Tchitcherine, head of the Russian delegation, issued a memorandum proposing a special international conference to deal with the question of minority populations in all countries.

Track and field work on the Pacific coast was again up to its high standards as in the past. Neither California nor Stanford competed in the Pacific Coast conference, due to these teams competing at the same time in eastern meets. The University of Washington stands as the Pacific coast collegiate champion team and its athletes made a remarkably good showing not only in the conference meet, but in dual meets throughout the year.

There was no regular Pacific coast A. A. U. title meet during the year. The nearest approach to this was a meet held at Sacramento in which all coast sections were invited to compete, but the eventual entrants were all from California, and the meet was won by the Los Angeles A. C. G. Harrison Thomason of Los Angeles, but representing Princeton, won the national all-round championship for the second year in succession.

Pacific coast standard records are new for the most part on a plane with National and world records, many of the coast marks being either National or world figures. As was the case with national records no Pacific coast marks of standard distances were broken. This, however, does not hold good with the collegiate records of the coast and in the annual Pacific coast conference several of the conference marks were smashed for this particular meet. This was the only meet of the year in which standard marks for a specified organization were in any degree broken.

### Pancho Villa Wins Over Terry Martin

NEW YORK, Jan. 1.—Pancho Villa, American flyweight champion, conceded height and weight to Terry Martin, the Providence bantam, and carried off the major portion of rounds in a fast 15-round bout at Madison Square garden Friday night. The official verdict, however, giving the decision to the Filipino, was hooted in some sections of the crowd.

Villa scored the only knock-down with a left hook to the jaw in the second round, but Martin came to his feet immediately. In spite of this Martin held a slight lead at the end of the fifth round, but found Villa's pace too fast in the last ten.

### Fast 'Draw' Saves Federal Man's Life

TACOMA, Wash., Jan. 1.—Quickly drawing a gun, F. A. Hazeltine, federal prohibition director for the state of Washington, warded off attack by two men armed with axes late yesterday in a local soft drink parlor suspected of dispensing hard liquor. Martin Stepanak, the proprietor, was arrested shortly after the two men had fled.

KERN HOSPITAL DEAL LET BAKERSFIELD, Jan. 1.—According to reports the contract has been let for the erection of new county hospital building at Bakersfield. The cost is said to be about a half million dollars.

## SUMMER WHITE HOUSE PROPOSED SEES PROSPERITY IN U. S. THIS YEAR

Baltimore Attorney Will Large Sum With Which To Purchase Site

WASHINGTON, D. C., Jan. 1.—A dream long cherished by all presidents of the United States—for a summer White House removed from the terrific heat of Washington summers—may at last be realized without cost to the government, it appeared today.

The will of J. Wilson Leakin, wealthy Baltimore attorney, filed for probate, disclosed a bequest to the United States of America of \$200,000, to be spent in the purchase of a site and erection of a "summer White House."

NEW RIVERSIDE BRIDGE RIVERSIDE, Jan. 1.—New bids are being received by the board of supervisors for the construction of a wooden trestle bridge over the Coachella storm water channel on Jackson street, in Indio.

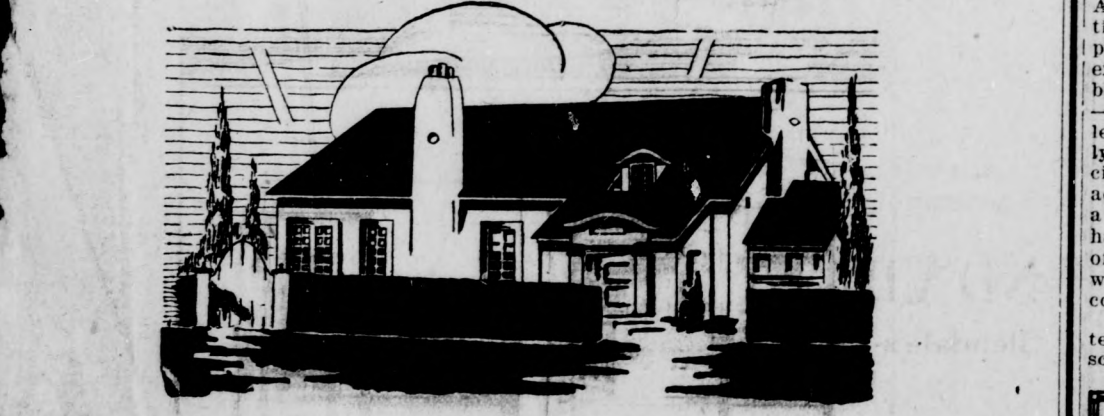

Edward Morris, President of Big Packing Concern, Issues Statement

CHICAGO, Jan. 1.—"Business prospects for 1923 are most favorable—they are much better than for several years," Edward Morris, president of Morris & Company, packers, asserted in a statement issued today. He pointed out these two factors: First—The improved buying power of the farmer. Second—The lack of unemployment.

"Everybody should have faith in 1923," he said. "I believe it will be a year of improved prosperity."

BOGUS PEER GEMS GONE ROME, Jan. 1.—An Englishman posing as Lord Charlemagne, has disappeared and with him have gone jewels worth \$20,000, which were sent to his hotel room for his wife to inspect.

## The Sport Crucible

By Davis J. Walsh  
International News Service Sports Editor

NEW YORK, Jan. 1.—Back stairs gossip concerning the status of Rube Benton will be brought to a head, according to several baseball magnates, as soon as Judge Landis goes through with his announced intention of reopening the case of the former Giant left-hander. It is entirely possible, they declare, that another baseball scandal, slightly less malodorous than the 1919 world series expose and the black-listing of Phil Douglas will be the result. There is more behind the Benton case than the mere inference that he is an undesirable and some of the real facts may come to light when Landis institutes his investigation. As matters stand, the entire national league, with the exception of Garry Herrmann, who is trying to buy the pitcher from St. Paul, is opposed to Benton's return to the major leagues and there is every reason to believe that the worthy magnates feel they have something on the left hander. Just what this knowledge may be, beyond the fact that Benton is said to have informed John A. Heyder that he won \$1,000 in the 1919 world's series and later testified before the Chicago grand jury that he won \$20 and no more, has not been made known. Your National leaguer will give forth plenty of innuendoes, but when it comes to a definite statement and the use of his name thereto, he is so coy that he makes the fiction milk maid look like a brazen hussey.

# FILES REPORT ON DISPOSAL PLANT

### Engineer L. D. Fish Tells of City's Experimental System In Canyon

"The activated sludge system is becoming a standard for a number of our leading cities throughout the country," asserts Engineer L. D. Fish in his report on Glendale's experimental disposal plant.

"Houston, Texas, completed its aeration tank in 1917 and was the first municipality to use an aeration system in the United States. Milwaukee has made an appropriation of \$20,000,000 for the construction of activated sludge disposal on the unit system. Chicago's plants undoubtedly will be all on the unit system.

"New York City has for years disposed of its sewage by dilution but is now experiencing considerable trouble from this method and is taking up the activated sludge system."

"The Verdugo Woodlands sewer plant, which is located on the south bank of the wash about a block west of Glendale avenue, according to Mr. Fish, will not be noticeable on account of offensive odors.

#### Just Small Noise

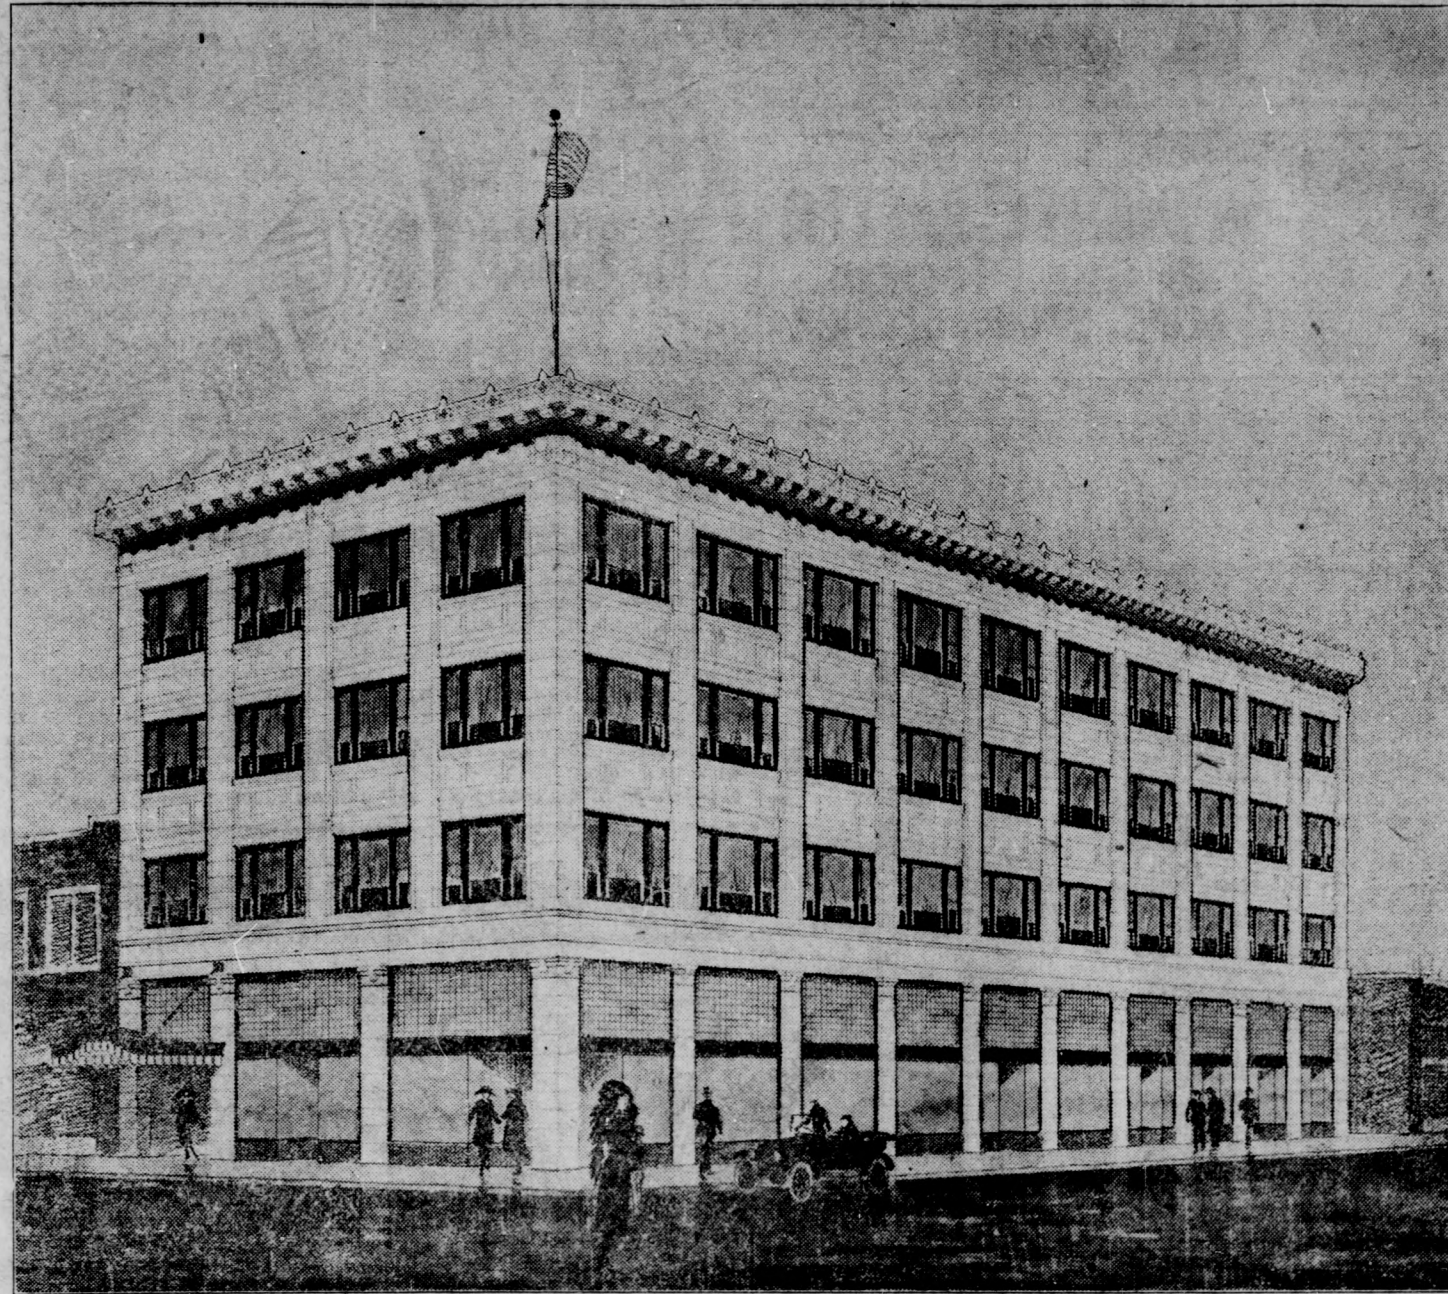

"Except for the small amount of noise created by the air compressors," he remarked, "one would never know that the plant was in the community.

"Sewage contains millions and millions of bacteria. Most of them are not only harmless but of genuine importance in the economy of nature through the scavenging work they accomplish. In an average city sewer, sewage contains some 320 billions of bacteria to each person connected with the system. The exact number is not of importance as it probably varies tremendously.

Some idea of bacteria, and their size can be gathered from the fact that they do not belong to the animal kingdom, as is generally imagined, but are of the vegetable kingdom and are one ten-thousandth to one twenty-five-thousandth of an inch in size.

"Tame microbes" devour the sewage and accomplish its disposal according to Mr. Fish, who states that anyone interested in the subject of sewage should not neglect to visit this plant.

# FIRST FOUR-STORY BUILDING BLOCK IN THE CITY OF GLENDALE

J. W. Lawson and A. F. Priest are the architects and J. W. Lawson will superintend the erection of the first four-story business block in Glendale. The structure, which will be finished with architectural terra cotta, will stand at the southwest corner of Brand and Wilson avenue, and is already in the course of construction. When complete it will include a basement, main and mezzanine floors, which are already leased by H. S. Kress for a period of fifteen years; the second, third and fourth floors will have sixty-five outside office rooms, mahogany finished. The lobby and main staircase will be of marble and the corridors will have tile floors with marble wainscoting. The buildings will be equipped with elevators and a complete steam heating plant.

### Wilson Is Pleased By Senate's Action

WASHINGTON, Jan. 1.—Woodrow Wilson sent a letter to Vice President Calvin Coolidge, saying he had been given "genuine pleasure" by the senate's action in passing a resolution on his 68th birthday, commemorating his return to health.

### Harding Names New Fuel Distributer

WASHINGTON, D. C., Jan. 1.—President Harding today appointed Francis R. Wadleigh, of Pennsylvania, as federal fuel distributor to succeed Conrad E. Spens, whose resignation takes effect tonight. Wadleigh has been assistant to Spens.

### Girl Reproached by Mother Seeks Death

OAKLAND, Cal., Jan. 1.—Reproached by her mother for going to a late party, pretty 17-year-old Ruth Preston slammed the door of her room and attempted suicide by shooting herself. The bullet lodged in her stomach. Physicians believe she will recover.

### Preacher Accused of Being Bootlegger

DES MOINES, Iowa, Jan. 1.—Wilfred Robb, whose mid-west fame is based on his cleverness as a preacher, a sheriff and a hangman, was accused by the state today of a fourth violation—bootlegging. He was arrested charged with selling \$30,000 worth of liquor he seized in Polk county.

### PARIS STUDENTS ARE NOT SO GAY

Bohemian Life Gives Way As Parisians Work to Earn Bread Money

By ALICE LANGELEIER  
For International News Service.  
PARIS, Jan. 1.—Bohemian life is not as gay as in olden days. Students must work and not play in these hard times. The rising cost of living has moved Monsieur Andre Claude, president of the Students' association, to urge that the state provide a loan fund to tide over deserving students.

In order to continue their studies many students are undergoing semi-starvation. The delightful hours in the cafes, "flaneries" in the Luxembourg gardens and nocturnal promenades along the famous "Boul' Miché" are things of the past. "Time is money in the Latin quarter as well as in New York, and when students are poor they must work for their bread and butter when school hours are over.

Before the war a student could live comfortably on about \$30 a month. Today one must count upon \$75 at least. Lodgings, food, clothing, books and university fees are the most necessary items of expense.

Average Expenditures

The average student's expenditures read something like this:

|   |          |
|---|----------|
| Lodging, 10 mo. at \$13   | \$130.00 |
| Laundry, 10 mo. at \$2  | 20.00    |
| Early morning breakfast \$1.50 per mo.                          | 15.00    |
| Lunch or dinner in university restaurant, without wine, 60c day | 180.00   |
| Car fares   | 15.00    |
| Costumes  | 50.00    |
| Overcoat  | 30.00    |
| Shoes and repairing   | 15.00    |
| Linen   | 20.00    |
| Hat   | 4.00     |
| University fees   | 25.00    |
| Books   | 25.00    |
| Stamps and incidentals  | 10.00    |
| Association fees  | 2.50     |
|   | \$541.50 |

This total of \$541.50 does not include any "extras," such as doctor bills, railroad fares in holiday time, theatre tickets, tobacco, etc. which are likely to be counted in every budget.

What is most needed is part time work for the students such as is to be found in American university towns. Certain employment, such as clerking in offices, assisting lawyers, overseeing children, etc., is not incompatible with their studies. "La Liberté" and several enterprising french newspapers have opened a special employment bureau to this end. But many educators are of the opinion of Georges Lefevre, who writes in L'Excelsior: "This combination of work and study causes the student to lose too much time and energy; his period of study must be lengthened by one or two years to make up for the time lost in working outside and he misses much beneficial recreation." He finds more satisfactory the scheme of a loan fund provided by the state, such loans to be repaid with nominal interest after a period of five years. "Let Mimi and Rudolphe study hard while they study, and then work afterwards to pay up," he concluded.

# Bentley-Schoeneman Lumber Co.

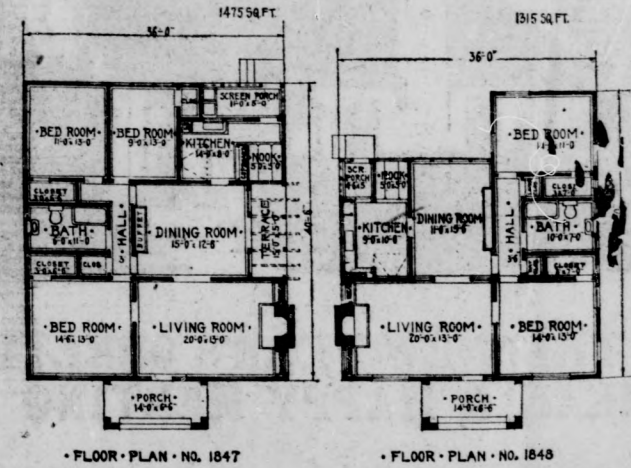

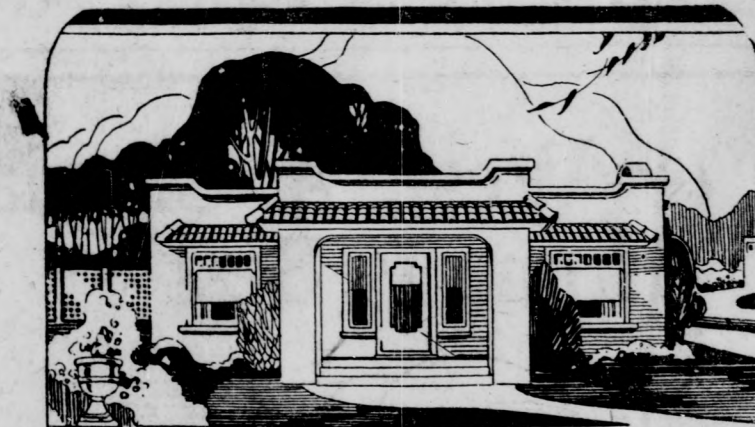

We wish all our many friends and Customers

## A HAPPY AND PROSPEROUS NEW YEAR

At our plant and store you will find everything the best

- HIGH GRADE LUMBER
- COMPLETE MILL AND DRY KILN, (all your Interior Finish is run under our personal supervision).
- SASH AND DOORS GIVEN PROMPT ATTENTION.
- HARDWOOD FLOORS LAID AND FINISHED.
- ROOFING DEPARTMENT, WHERE THE BEST LONG LIFE ROOFS ARE PUT ON.
- PROMPT DELIVERY OF ALL MATERIALS WITH OUR OWN TRUCKS
- FREE BUILDING INFORMATION and plans in our Up-to-Date Service Department. Start the New Year right with a visit to our yard.

# Do You Own Your Own Home?

1315 NORTH PACIFIC AVENUE

LEARN OF THE SIMPLE AND EASY WAY OF ACQUIRING YOUR OWN HOME THROUGH

## WESTERN MUTUAL FINANCE COMPANY

### The Method

by which this is accomplished is through loan contracts of the WESTERN MUTUAL FINANCE COMPANY.

Suppose you wished to secure a \$5,000.00 home; \$30.00 per month invested in loan contracts of the Western Mutual Finance Company will, when the loan is made, afford sufficient cash to pay down over half the cost of the home. The balance can be handled through a straight second mortgage which subsequently can be lifted with additional contracts.

This is a safe and sure way of acquiring a home on an easy monthly payment plan at a minimum interest cost.

### On the Basis of a \$1000 Loan

acquired through our Loan Contracts the maximum interest you would pay over a period of 8 years and 4 months would be \$188.70. This cost applied to the amount on which you are paying interest amounts to 5 1/2 per cent on annual unpaid balances. You cannot afford to miss this opportunity. Call or write for further information.
