EXECUTIVE ORDER 9244

AMENDING EXECUTIVE ORDER NO. 9054 ENTITLED "ESTABLISHING A WAR SHIPPING ADMINISTRATION IN THE EXECUTIVE OFFICE OF THE PRESIDENT AND DEFINING ITS FUNCTIONS AND DUTIES"

By virtue of the authority vested in me by the Constitution and statutes of the United States, including the First War Powers Act, 1941, approved December 18, 1941, and the Second War Powers Act, 1942, approved March 27, 1942, as President of the United States and Commander in Chief of the Army and Navy, and in order to assure the most effective utilization of the shipping of the United States for the successful prosecution of the war, Executive Order No. 9054 of February 7, 1942,¹ is hereby amended as follows:

1. Section 2 of said Executive Order is hereby amended by adding thereto the following paragraphs:

"(h) Exercise the power, authority and discretion conferred upon the President by Section 902 (e) of the Merchant Marine Act of 1936, as amended.

"(i) With respect to all matters for which the Administrator may be responsible under terms of the Order, exercise in like manner as the United States Maritime Commission, all of the functions, powers and duties with respect to contracts and payments, and the audit of books and records, conferred upon the Commission by Executive Order No. 9001, December 27, 1941,² and Executive Order No. 9127, April 10, 1942,³ and Section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 (Public Law 528, 77th Congress).

"(j) Exercise in like manner as the United States Maritime Commission all the functions, powers, authority and discretion with regard to the acquisition (including requisition) and disposition of

property conferred upon the United States Maritime Commission by the Executive Orders No. 8942,⁴ No. 9138,⁵ and No. 9129,⁶ dated November 19, 1941, April 17, 1942, and April 13, 1942, respectively.

"(k) Exercise in like manner as the United States Maritime Commission all the functions, powers, duties, authority and discretion conferred on the Commission by the Suits in Admiralty Act approved March 9, 1920 (41 Stat. 525, Chapter 95)."

2. Section 2 of said Executive Order is hereby further amended by modifying Paragraph (c) thereof to read as follows:

"(c) Provide insurance and re-insurance pursuant to the Merchant Marine Act, 1920, as amended, Merchant Marine Act, 1936, as amended, and the Act of June 6, 1941 (Public Law 101, 77th Congress)."

3. Section 3 of said Executive Order is hereby amended to read as follows:

"3. The functions, duties and powers conferred by law upon the United States Maritime Commission with respect to the operation, purchase, charter, insurance, repair, maintenance, and requisition of vessels and facilities required for the operation thereof and the issuance of warrants with respect thereto under the Merchant Marine Act, 1936, as amended, the Act of June 6, 1941 (Public Law 101, 77th Congress), the Act of July 14, 1941 (Public Law 173, 77th Congress), the Act of May 2, 1941 (Public Law 46, 77th Congress), the Act of October 16, 1941 (Public Law 274, 77th Congress), as amended, First Supplemental National Defense Appropriation Act, 1942 (Public Law 247, 77th Congress), the First War Powers Act, 1941, the Act of February 6, 1941 (Public Law 5, 77th Congress), Section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 (Public Law 528, 77th Congress), Executive Or-

AUTHORITY: §§ 724.423 to 724.455, inclusive, are issued under 52 Stat. 47, 48, 65, 66, 202; 53 Stat. 1261, 1262; 54 Stat. 393, 728; 55 Stat. 88; 7 U. S. C. 1940 ed. 1301 et seq.

Pursuant to the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938, as amended, public notice is hereby given of Part II of the Marketing Quota Regulations, Burley Tobacco—1942-43 Marketing Year (Tobacco 603 Burley, as issued by the Secretary of Agriculture on November 12, 1941), which regulations shall be in force and effect until rescinded or suspended or amended or superseded by regulations hereafter made under said Act.

GENERAL

§ 724.423 *Definitions.* (a) As used in these regulations and in all instructions, forms and documents in connection therewith, the words and phrases defined in this section shall have the meanings herein assigned to them unless the context or subject matter otherwise requires.

(1) "Act" means the Agricultural Adjustment Act of 1938 and any amendments thereto.

(2) "Committee" means a committee within a county or community established under the Soil Conservation and Domestic Allotment Act. "County Committee", "Local Committee", or "Community Committee" shall have corresponding meanings in the connection in which they are used.

(3) "County office" means the office of the County Agricultural Conservation Association Committee or local committees or employees of such committee according to the sense in which such term is used.

(4) "Dealer" means a person who engages to whatever extent, in the business of acquiring tobacco from producers without regard to whether such person is registered as a dealer with the Bureau of Internal Revenue.

(5) "Farm" means any tract or tracts of land which are considered as a farm

under the provisions of the 1942 Agricultural Conservation Program.

(6) "Field Assistant" means an employee of the Agricultural Adjustment Agency, United States Department of Agriculture, whose duties involve primarily the preparation and handling of auction warehouse and dealer records and reports as they relate to tobacco marketing quotas.

(7) "Floor sweepings" means all tobacco which is dropped on the warehouse floor in the course of the warehouse operations and is picked up by the warehouseman. Any tobacco accumulated in the course of the grading of tobacco for farmers shall not be included as floor sweepings.

(8) "Market" means the first disposition in raw or processed form of tobacco by voluntary or involuntary sale, barter, or exchange, or by gift inter vivos. "Marketing" and "Marketed" shall have corresponding meanings to the term "market."

(9) "Marketing Quota Section" means the Marketing Quota Section, East Central Division, Agricultural Adjustment Agency, United States Department of Agriculture.

(10) "Nonwarehouse sale" means any marketing of tobacco other than a warehouse sale.

(11) "Operator" means the person who is in charge of the supervision and the conduct of the farming operations on the entire farm.

(12) "Person" means an individual, partnership, association, corporation, estate, trust, or any agency of a State or of the Federal Government. The term "person" shall include two or more persons having a joint or common interest.

(13) "Pound" means that amount of tobacco which, if weighed in its unstemmed form and in the condition in which it is usually marketed by producers, would equal one pound standard weight. The weight of redried or prized tobacco shall be increased so as to correspond with the original weight of such tobacco prior to redrying.

(14) "Producer" means a person who, as owner, landlord, tenant, sharecropper, or laborer is entitled to share in the tobacco available for marketing from the farm, or in the proceeds of the marketing, under the provisions of his agreement relating to the production of tobacco.

(15) "Resale" means the disposition by sale, barter, or exchange of tobacco which has been marketed previously.

(16) "Sale day" means the period at the end of which the warehouseman bills to buyers the tobacco so purchased during such period.

(17) "Secretary of Agriculture" means the Secretary or Acting Secretary of Agriculture of the United States.

(18) "State committee or State office" means the group of persons comprising the State Agricultural Conservation Committee appointed by the Secretary of Agriculture to assist within any State in the administration of the Soil Conservation and Domestic Allotment Act or the office of such persons.

(19) "Suspended sale" means any marketing of farm tobacco at a warehouse sale for which a memorandum of

sale is not issued by the end of the particular sale day on which such marketing occurred.

(20) "Tobacco" means Burley tobacco classified in Service and Regulatory Announcement No. 118 of the Bureau of Agricultural Economics of the United States Department of Agriculture as type 31. Any tobacco that has the same characteristics and corresponding qualities, colors and lengths as Burley tobacco shall be considered Burley regardless of any factors of historical or geographical nature which cannot be determined by an examination of the tobacco.

(21) "Tobacco available for marketing" means all tobacco produced on a farm in the calendar year 1942 (and any tobacco produced on the farm prior to the calendar year 1942 and carried over to the 1942-43 marketing year) which is not disposed of by a "Tobacco Carry-over Agreement", by use on the farm, or by storage prior to the issuance of a marketing card for the farm.

(22) "Trucker" means any person who engages in the business of trucking tobacco to market and selling it for producers regardless of whether the tobacco is acquired from producers by the trucker.

(23) "Warehouseman" means a person engaged in the business of holding sales of tobacco at public auction at a warehouse during the tobacco marketing season.

(24) "Warehouse sale" means a marketing by sale at auction through a warehouse in the regular course of business.

§ 724.424 *Instructions and forms.* The Administrator of the Agricultural Conservation and Adjustment Administration shall cause to be prepared and issued such instructions and such forms as may be deemed necessary or expedient for carrying out these regulations.

§ 724.425 *Tobacco subject to marketing quotas.* Any tobacco marketed during the period October 1, 1942, to September 30, 1943, inclusive, and any tobacco produced in the calendar year 1942 and marketed prior to October 1, 1942, shall be subject to the marketing quotas for the 1942-43 marketing year.

FARM MARKETING QUOTAS

§ 724.426 *Amount of farm marketing quota.* The marketing quota for a farm shall be the actual production of tobacco on the farm acreage allotment, as established for the farm in accordance with Part I of the "Marketing Quota Regulations—Burley Tobacco, 1942-43 Marketing Year" (Tobacco 603 Part I). The actual production of the farm acreage allotment shall be the average yield per acre of the entire acreage of tobacco harvested on the farm in 1942 times the farm acreage allotment. The excess tobacco on any farm shall be that quantity of tobacco which is equal to the average yield per acre of the entire acreage of tobacco harvested on the farm in 1942 times the number of acres harvested in excess of the farm acreage allotment.

§ 724.427 *Issuance of marketing card.* A marketing card shall be issued for every farm having tobacco available for marketing. The card shall be issued after information required for its prep-

aration (including measurements of the harvested acreage of tobacco and an estimate of the actual production of tobacco) has been furnished to or obtained by the county office. If the farm operator refuses to furnish or prevents the county office from obtaining such information the card shall show that all of the tobacco available for marketing from the farm is subject to penalty.

(a) *Within Quota Marketing Card (MQ-655 Burley)*. A "Within Quota Marketing Card" authorizing the marketing without penalty of the actual production of tobacco on the farm in the 1942 calendar year and any tobacco carried over from a prior marketing year shall be issued for a farm unless an excess marketing card is required to be issued for the farm in accordance with paragraph (b) of this section.

(b) *Excess Marketing Card (MQ-657 Burley)*. An "Excess Marketing Card" showing the extent to which marketings of tobacco from a farm are subject to penalty shall be issued for a farm under the following conditions:

(1) If the harvested acreage of tobacco in 1942 is in excess of the farm acreage allotment and such excess tobacco is not disposed of in accordance with § 724.428 hereof, or if the operator of the farm also operates another farm on which the harvested acreage of tobacco in 1942 exceeds the farm acreage allotment and such excess is not disposed of in accordance with § 724.428 hereof.

(2) If a within quota marketing card could be issued for the farm but the county committee determines that a zero percent excess marketing card is necessary to protect the interest of the government and to insure proper identification of and accounting for the disposition of tobacco produced on the farm and the proper use of the marketing card issued for the farm.

(3) If there is tobacco available for marketing from the farm but no tobacco acreage allotment was established and such tobacco is not disposed of as provided in § 724.428 hereof.

(4) If information required for preparation of the marketing card is not furnished or the county office is prevented from obtaining the necessary information.

(5) If there is tobacco available for marketing from the farm carried over from a prior marketing year and the harvested acreage in 1942 is not less than the 1942 acreage allotment by an amount equivalent to the acreage of carry-over excess determined as provided in § 724.427, c, hereof.

(6) If a farm operated by a publicly owned experiment station produces tobacco for other than experimental purposes and such tobacco is not disposed of as provided in § 724.428 hereof.

(c) *Extent to which marketings from a farm are subject to penalty*. The extent to which marketings of tobacco from any farm having no carry-over tobacco are subject to penalty shall be that percentage of the tobacco available for marketing from the farm which the acreage of tobacco harvested in excess of the farm acreage allotment for the farm and not

disposed of as provided in § 724.428 of these regulations, is of the acreage of tobacco harvested from the farm. Each marketing card showing a percentage excess of zero also shall show the maximum number of pounds of tobacco which may be marketed therefrom, which shall be the quantity of tobacco estimated by the county committee to be available for marketing from the 1942 crop produced on the farm. For any excess marketing card which shows a percentage of excess of more than zero, the county committee, if it has reason to believe it to be necessary in order to prevent marketing thereunder of tobacco produced on another farm, also shall have shown on the card the maximum number of pounds which may be marketed thereunder, such number of pounds to be determined in the same manner as for a card showing zero percent excess. The maximum number of pounds shown on any excess marketing card shall be increased by the county committee if the committee determines that the quantity of tobacco available for marketing from the 1942 crop produced on the farm is greater than the number of pounds previously estimated by the committee to be available for marketing.

The extent to which marketings of tobacco from any farm having tobacco available for marketing which has been carried over from a prior marketing year are subject to penalty shall be the percentage determined as follows:

(1) Determine the number of "carry-over acres" by dividing the number of pounds of tobacco carried over from the prior year by the normal yield for the farm for that year.

(2) Determine the number of "within quota carry-over acres" by multiplying the "carry-over acres" ((1) above) by the "percent within quota" (i. e., 100 percent minus the percent excess) for the year in which the carry-over tobacco was produced.

(3) Determine the "total acres" of tobacco by adding the "carry-over acres" ((1) above) and the acreage of tobacco harvested in the current year.

(4) Determine the excess acreage by subtracting from the "total acres" ((3) above) the sum of the 1942 allotment and the "within quota carry-over acres" ((2) above).

(5) Determine the percent excess to be shown on the marketing card by dividing the "total acres" into the excess acreage ((4) above).

(d) *Number of marketing cards and entries and signatures thereon*. One or more marketing cards may be issued for any farm as approved by the county committee. All entries on each marketing card shall be made in accordance with the instructions for issuing the marketing card and the operator's agreement on each marketing card shall be signed by the farm operator or on his behalf by his authorized representative.

§ 724.428 *Disposition of excess tobacco*. The farm operator may elect to give satisfactory proof of disposition of excess tobacco prior to the marketing of any tobacco from the farm by any of the following methods:

(a) By executing a "Tobacco Carry-over Agreement", (Tobacco 628) and delivering, either to the county committee prior to the issuance of the marketing card or to a field assistant at the auction warehouse out of the first proceeds from the marketing of tobacco from the farm, a certified check, cashier's check or post office money order, or by a check drawn by the warehouseman, payable to Commodity Credit Corporation in an amount equal to the estimated actual yield of tobacco from the excess acreage times 85 percent of the parity price of Burley tobacco as of the beginning of the 1942-43 marketing year.

(b) By storage of the excess tobacco, the tobacco so stored to be representative of the entire 1942 crop produced on the farm, and posting of a bond or making of other arrangements approved by the county committee and the chief of the Marketing Quota Section which will guarantee payment of the amount of penalty which will become due upon the marketing of excess tobacco.

(c) By rendering the excess tobacco unmerchantable, the tobacco so rendered unmerchantable to be representative of the entire crop of tobacco produced on the farm in 1942 and the act of rendering the tobacco unmerchantable to be performed only by the farm operator (or his representative) under the supervision of the county committee (or a person designated by the committee).

(d) By payment to the county office by certified check, cashier's check, or money order drawn payable to the Treasurer of the United States of an amount equal to 10 cents per pound times the estimated actual production of the excess acreage of tobacco harvested from the farm. Any additional amount of penalty due after the actual yield for the farm has been determined shall be paid by the operator not later than 20 days after receipt of notice of such additional penalty from the county office. This subsection (d) shall apply only in the event that the acreage harvested in excess of the allotment does not exceed the larger of two-tenths acre or 10 percent of the farm acreage allotment.

§ 724.429 *Report on marketing card*. The operator of each farm on which tobacco is produced in 1942 shall return to the county office each marketing card issued for the farm whenever marketings from the farm are completed and in no event later than thirty days after the close of the tobacco auction markets for the area in which the farm is located. Failure to return the marketing card to the county office within the time specified (after formal notification) shall constitute failure to give proof of disposition of tobacco marketed from the farm in the event that satisfactory proof of such disposition is not furnished otherwise.

§ 724.430 *Additional reports by producers and identification of tobacco*. In addition to any other reports which may be required under these regulations, the operator of each farm or any other person having an interest in the tobacco grown on the farm (even though the har-

vested acreage does not exceed the acreage allotment and even though no allotment was established for the farm) shall, upon written request by the chairman of the State Committee and within ten days after the deposit of such request in the United States mails addressed to such person at his last known address, furnish the Secretary of Agriculture, by sending the same to the Chairman of the State Committee, a written report showing, as to the farm at the time of filing said report (a) the number of acres of tobacco harvested, (b) the total production of tobacco, (c) the amount of tobacco on hand and its location, and (d) as to each lot of tobacco marketed, the name and address of the warehouseman, dealer, or other person to or through whom such tobacco was marketed and the number of pounds marketed, the gross price, and the date of marketing.

§ 724.431 *Rights of producers in marketing card.* Each producer having a share in the tobacco available for marketing from the farm shall be entitled to the use of the marketing card for marketing his proportionate share of the total amount of tobacco available for marketing from the farm: *Provided*, That the burden of any penalty with respect to carry-over tobacco shall be borne by those persons having an interest in such tobacco.

§ 724.432 *Successors in interest.* Any person who succeeds in whole or in part to the share of a producer in the tobacco available for marketing from the farm shall, to the extent of such succession, have the same rights as the producer to the use of the marketing card for the farm.

§ 724.433 *Person authorized to issue cards.* The county committee shall designate one person to sign marketing cards for farms in the county as issuing officer. No marketing card shall be signed by the issuing officer until all other entries required to be made thereon have been made, except that the Operator's Agreement therein may be signed after the issuing officer has signed the card, but prior to the issuance of a memorandum of sale from the card. Only one person shall be designated as issuing officer but such person may, subject to the approval of the county committee, designate not more than three persons to sign his name in issuing marketing cards; provided that each such person shall place his initials immediately beneath the name of the issuing officer as written by him or the card.

§ 724.434 *Invalid cards.* A marketing card shall be invalid under any of the following conditions:

- (a) If it is not issued or delivered in the form and manner prescribed;
- (b) If entries are not made thereon as required;
- (c) If it is lost, destroyed, stolen, or becomes illegible;
- (d) If any erasure has been made;
- (e) If any alteration has been made and not properly initialed; or
- (f) If the amount due Commodity Credit Corporation with respect to a

"Tobacco Carry-over Agreement" is not paid prior to the issuance of any memorandum of sale.

In the event any marketing card becomes invalid (other than by loss, destruction, theft, omission, alteration, or incorrect entry which can be corrected by a field assistant) the farm operator (or the person having the card in his possession) shall return it to the county office at which it was issued.

If any marketing card is lost, destroyed, stolen, or altered, the person having knowledge of such loss, destruction, theft, or alteration shall notify the county office to that effect, and the county office shall immediately notify the Marketing Quota Section.

If any marketing card which was reported as lost, destroyed, stolen, or altered is later received by the county office, the county office shall immediately notify the Marketing Quota Section of the receipt of such card.

After receipt of notice of loss, destruction or theft of any marketing card the county office may issue a duplicate marketing card to replace the lost, destroyed, or stolen card in accordance with instructions issued pursuant to these regulations.

In the event any marketing card was improperly issued, has been altered, or becomes illegible, upon the return of the card to the county office a new marketing card shall be issued immediately, or as soon thereafter as the necessary information is available.

If any entry is not made on a marketing card as required (either through omission or incorrect entry) and the proper entry is made by a field assistant then such card shall become valid. If the field assistant is unable to make the proper entry, he shall return the card to the county office where it shall be retained until such entry is made, or a new marketing card is issued, as provided above.

§ 724.435 *Additional cards and disposition of used cards.* Upon the return to the county office of the marketing card after all the memoranda of sale have been issued therefrom and before the marketing of tobacco from the farm has been completed, a new marketing card of the same kind, bearing the same name, information and identification as the used card shall be issued for the farm. Any marketing card issued to replace another card shall have entered thereon the total sales as shown on the marketing card which is replaced.

§ 724.436 *Report of probable misuse of marketing card.* Any information which causes any field assistant, a member of any local committee, or an employee of the county office to believe that any tobacco which actually was produced on one farm has been or is being marketed under the marketing card issued for another farm shall be reported immediately by such person to the State office and the Marketing Quota Section.

§ 724.437 *No transfers.* There shall be no transfer of marketing quotas (except as provided in Part I of these regulations) and the tobacco marketed under the mar-

keting card issued for a farm shall consist only of tobacco produced on the farm.

MARKETING OF TOBACCO AND PENALTIES

§ 724.438 *Memorandum of sale to identify every marketing.* Each marketing of tobacco from a farm shall be identified by a memorandum of sale issued from the marketing card (MQ-656 Burley or MQ-657 Burley) for the farm but if a memorandum of sale cannot be obtained within four weeks after the date of the marketing of any tobacco at a warehouse sale, such marketing of tobacco shall be subject to penalty and the amount of penalty shall be shown on the memorandum of sale cleared without marketing card (Tobacco 618). The memorandum of sale shall be issued only by a field assistant, with the following exceptions:

(a) A warehouseman, or his authorized representative, who has been authorized on form Tobacco 625, may issue a within quota memorandum of sale to identify a warehouse sale, if a field assistant is not available at the warehouse when the card is presented by the farmer and if no payment to Commodity Credit Corporation under a "Tobacco Carry-over Agreement" is due with respect to the tobacco to be covered by the memorandum. Each memorandum of sale issued by a warehouseman shall be presented promptly by him to the field assistant for verification with the warehouse records.

(b) A representative of the county office may issue memoranda of sale covering sales of tobacco by the producer in small lots by mail order or directly to various individuals other than dealers.

The authorization to issue within quota memoranda of sale under paragraph (a) above may be withdrawn from any warehouseman or dealer upon written notice by the Chief of the Marketing Quota Section.

Each excess memorandum of sale, after issuance by a field assistant, shall be checked by the warehouseman or dealer (or his representative) to determine whether the amount of penalty shown to be due has been correctly computed, and the warehouseman or dealer shall be responsible for the correctness of such computations.

If the quantity of tobacco previously identified by memoranda of sale issued from any within quota marketing card is in excess of the number of pounds assigned to the card, the person issuing the memorandum shall require the farm operator to sign the "Operator's Certificate" on the back of the memorandum and if he is satisfied that such signature is the same as the signature of the farm operator on the marketing card, he may issue the memorandum. If any person other than the operator presents the marketing card, the memorandum of sale shall not be issued unless the "Authorization" on the back of such memorandum has been properly executed and signed by the operator. The person who presents the marketing card may sign on behalf of the farm operator, provided that such person

places his address immediately beneath his signature. Any person authorized to issue a memorandum of sale under either of the above described circumstances who has reason to believe that the tobacco to be covered by the memorandum was not produced on the farm for which the marketing card containing the memorandum was issued, may or may not issue the memorandum as he considers advisable, but in either event he shall immediately make a written report of the circumstances in the case to the Marketing Quota Section.

§ 724.439 *Bill of nonwarehouse sale.* Each marketing of farm tobacco, except a warehouse sale, shall be identified by a Bill of Nonwarehouse Sale (Tobacco 614) completely executed by the buyer and the farm operator, except for the entry of the serial number of the memorandum of sale. The post card copy (Tobacco 614a) shall be mailed by the farm operator not later than the day following the day on which executed. The original of each Bill of Nonwarehouse Sale covering any marketing of tobacco shall be presented to a field assistant for issuance of a memorandum of sale (or a memorandum of sale cleared without marketing card) and for recording in the Dealer's Record Book in case of a purchase by a dealer other than a warehouseman. The original of each such Bill of Nonwarehouse Sale shall be forwarded with the applicable Dealer's Record (Tobacco 615).

§ 724.440 *Marketings free of penalty.* Any tobacco marketed from a farm which is identified by a valid memorandum of sale from the marketing card issued for the farm shall be free of penalty to the extent shown by the memorandum of sale.

§ 724.441 *Marketings subject to penalty and collection of penalties—(a) Farm tobacco.* With respect to tobacco marketed from farms having excess tobacco available for marketing, the penalty shall be paid upon that proportion of each lot of tobacco which the tobacco available for marketing in excess of the farm quota (at the time of issuance of the marketing card) is of the total amount of tobacco available for marketing from the farm. The memorandum of sale issued to identify such marketing of tobacco shall show that portion of such marketing which is subject to penalty, and any portion of such marketing of tobacco which is not shown by the memorandum as being subject to penalty shall be free of penalty.

(b) *Dealer's tobacco.* Any marketing of tobacco by a dealer which such dealer represents to be a resale, but all or any part of which, when added to prior resales by such dealer as shown on the Dealer's Record, is in excess of the total amount of purchases as shown on such Dealer's Record shall be a marketing of tobacco subject to penalty unless and until the dealer furnishes proof acceptable to the Secretary showing that such tobacco is not subject to penalty. Any marketing of tobacco by a dealer which such dealer represents to be a resale of tobacco previously purchased by him but

which, because of the difference in the price at which such tobacco is resold as compared with the price at which he had purchased the tobacco, cannot reasonably be regarded as tobacco previously purchased by him shall be taken to be a marketing of tobacco subject to penalty.

(c) *Tobacco not identified by a valid memorandum.* Any marketing of tobacco which is not identified by a valid memorandum of sale shall be subject to penalty.

(d) *Liability in case of error on memorandum.* The person liable for the payment of the penalty upon any marketing of tobacco shall not be relieved of such liability because of any error which may occur on the memorandum of sale.

§ 724.442 *Persons to pay penalty.* The person to pay the penalty due on any marketing of excess tobacco shall be one of the following as applicable:

(a) *Warehouseman.* If the tobacco is marketed by the producer through a warehouseman the penalty shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the producer.

(b) *Dealer.* If the tobacco is acquired from the producer by a dealer, the penalty shall be paid by the dealer who may deduct an amount equivalent to the penalty from the price paid to the producer.

(c) *Agent.* If the tobacco is marketed by the producer through an agent who is not a warehouseman, the penalty shall be paid by the agent who may deduct an amount equivalent to the penalty from the price paid to the producer.

(d) *Producer on behalf of buyer in case of mail order or direct sales in small lots.* If the tobacco is marketed in small lots by the producer by mail order sales or directly to various individuals other than dealers, the penalty may be paid by the producer of such tobacco on behalf of the various buyers. In such case the buyer of such tobacco shall be relieved of the penalty to the extent that it is paid by the producer.

(e) *Warehouseman and dealer on dealer's tobacco.* Any penalty due upon tobacco subject to penalty under paragraph (b) of § 724.441 shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the dealer, but the dealer shall not be relieved of responsibility for payment of such penalty.

(f) *Producer marketing outside United States.* If the tobacco is marketed by the producer directly to any person outside the United States, the penalty shall be paid by the producer.

§ 724.443 *Rate of penalty.* The penalty shall be ten cents per pound upon the marketing of any tobacco in excess of the marketing quota for the farm on which the tobacco is produced and on the marketing of any other tobacco not identified under these regulations as being free of penalty.

§ 724.444 *Penalty for false identification or failure to account for disposition of tobacco.* If any producer falsely identifies or fails to account for disposition of any tobacco, an amount of tobacco

equal to the normal yield of the number of acres harvested in 1942 in excess of the farm acreage allotment shall be deemed to have been marketed in excess of the marketing quota for the farm and the penalty in respect thereof shall be paid and remitted by the producer.

§ 724.445 *Payment of penalty.* Penalties upon the marketing of tobacco shall become due at the time of the marketing and shall be paid by remitting the amount thereof to the applicable field office as shown in the Marketing Quota Instructions, Tobacco 622, not later than the end of the calendar week following the week in which the memorandum of sale was issued, or, in the event a memorandum is not issued, not later than four weeks after the date upon which the tobacco was sold. A draft, money order, or check, payable to the order of the Treasurer of the United States may be used to pay any penalty, but any such draft, or check shall be received subject to payment at par.

§ 724.446 *Application for return of penalty.* Any producer of tobacco and any other person who bore the burden of the payment of any penalty collected may file an application for return of the amount of such penalty which is in excess of that amount equal to ten cents per pound upon the number of pounds marketed in excess of the farm marketing quota. Any application for return of any penalty shall be filed on form Tobacco 624, "Application for Return of Penalty."

An application for the return of penalty filed by any producer of tobacco on a farm on which the tobacco available for marketing is in excess of the farm marketing quota shall not be approved unless (1) the marketing of tobacco from the farm has been completed and (2) disposition of all unmarketed excess tobacco has been made under the supervision of the county committee (or its representative) and has been approved by the county committee.

Return of penalty collected upon marketings of tobacco from any farm on which the tobacco available for marketing is in excess of the farm marketing quota shall be made only upon the basis of tobacco produced on the farm and, if the county committee has good cause to believe that any of the unmarketed excess tobacco as reported for the farm by the farm operator was not actually produced thereon, the application for such farm shall not be approved with respect to that tobacco which the committee has good cause to believe was not produced on the farm. The county committee shall approve an Application for Return of Penalty only for that number of pounds of unmarketed excess tobacco which the committee determines is representative of the entire amount of tobacco available for marketing from the farm in the 1942-43 marketing year, taking into account the value of the unmarketed excess tobacco (which is disposed of) as appraised by the county committee (or its representative) and the value of tobacco marketed from the farm.

RECORDS AND REPORTS

§ 724.447 *Warehouseman's records and reports—(a) Record of marketings.*

Each warehouseman shall keep such records as will enable him to furnish to the Secretary of Agriculture a report of the following information with respect to each sale or resale of tobacco made at his warehouse:

- (1) The name of the seller (and, in the case of a sale for a producer, the name of the operator of the farm on which the tobacco was produced);
- (2) The name of the purchaser;
- (3) The date of sale;
- (4) The number of pounds sold;
- (5) The sale price; and
- (6) The amount of any penalty and the amount of any deduction on account of penalty from the price paid the producer (or a dealer).

All purchases and resales for the warehouse leaf account shall be so identified in the records and a separate account shall be maintained with respect to the amount of floor sweepings picked up and the disposition of such floor sweepings. The quantity of floor sweepings, including bundles, leaves and scrap, picked up by the warehouse after each sale shall be reported in the space provided on the Auction Warehouse Report (Tobacco 616). Any warehouseman who grades tobacco for farmers shall maintain a separate account showing the approximate amount of grading house scrap obtained from the tobacco graded from each farm. In the case of resales for dealers the name of the dealer making each resale shall be shown on the warehouse records so that the individual lots of tobacco sold by the dealer can be identified.

(b) *Identification of sale on check register.* The serial number of the memorandum of sale issued to identify each marketing of tobacco from the farm or the number of the warehouse bill(s) covering each such marketing shall be recorded on the check register or check stub for the check written with respect to such sale of tobacco.

(c) *Memorandum of sale record and bill of nonwarehouse sale record.* A record in the form of a valid memorandum of sale (or a memorandum of sale cleared without marketing card) shall be obtained by every warehouseman to cover each marketing of tobacco from a farm through the warehouse, and if a warehouseman buys tobacco directly from a farmer (other than at a warehouse auction sale as defined in these regulations) such warehouseman shall obtain a valid memorandum of sale to cover each such purchase of tobacco, together with properly executed Bill of Nonwarehouse Sale (Tobacco 614). Any warehouseman who obtains possession of any grading house scrap in the course of grading tobacco from any farm shall obtain a memorandum of sale to cover the amount of such scrap tobacco from such farm.

(d) *Suspended sale record.* Any warehouse bills for covering farm tobacco which memoranda of sale have not been issued at the end of the sale day shall be presented to a field assistant who shall stamp such bills "suspended", write thereon the serial number of the suspended sale, and record the bills on the Register of Suspended Sales (Tobacco 612): *Provided*, That if a field assistant

is not available, the warehouseman may stamp such bills "suspended" and deliver them to a field assistant as soon as one is available.

(e) *Warehouse entries on dealers' records.* Each warehouseman shall enter on such Dealer's Record (Tobacco 615) the total of purchases and resales made by such dealer during each sale day at the warehouse. If any tobacco resold by the dealer is tobacco bought by him from a crop produced prior to 1942 the entry on the Dealer's Record shall clearly show such fact.

(f) *Daily report of warehouse business and report of penalties.* Each warehouseman shall make reports on form Tobacco 616, Auction Warehouse Report, and on form Tobacco 617, Report of Penalties, showing the information required on the respective reports. Form Tobacco 616 shall be prepared for each sale day and all reports for the sale days occurring during any week shall be forwarded to the Marketing Quota Section not later than the end of the next following calendar week. Form Tobacco 617 shall be prepared for each week and the report for each week shall be forwarded, together with remittances of the penalties due, as shown thereon, to the Marketing Quota Section not later than the end of the next following calendar week.

(g) *Summary of warehouse accounts.* Each warehouseman shall assist field assistants to prepare summaries of the warehouse account by making available all records kept and reports made by the warehouse as required by these regulations.

(h) *Additional records and reports.* In addition to the records and reports provided above, each warehouseman shall keep such additional records and make such additional reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary in order to enforce these regulations.

§ 724.448 *Dealer's records and reports.* Each dealer, except as provided in § 724.449 below, shall keep the records and make the reports as provided by this section.

(a) *Report of dealer's name, address and registration number.* Each dealer shall properly execute and the field assistant shall detach and forward to the Marketing Quota Section the page "Receipt for Dealer's Record" contained in form Tobacco 615, "Dealer's Record" which is issued to the dealer.

(b) *Record and report of purchases and resales.* Each dealer shall keep a record and make reports on form Tobacco 615, "Dealer's Record", showing all purchases and resales of tobacco made by the dealer and, in the event of resale of tobacco bought from a crop produced prior to 1942, the fact that such tobacco was bought by him and carried over from a crop produced prior to 1942.

(c) *Report of penalties.* Each dealer shall make a report on form Tobacco 617 showing the information with respect to all purchases subject to penalty made by him during each calendar week. The penalties listed on each such report shall be remitted with the report.

(d) *Memorandum of sale record and bill of nonwarehouse sale record.* For each lot of tobacco purchased from a farmer each dealer shall obtain a record in the form of a valid memorandum of sale issued by a field assistant. No memorandum of sale shall be issued unless:

(1) The farm operator or his authorized agent has signed the "Authorization" on the back of the memorandum; and

(2) Unless a properly executed Bill of Nonwarehouse Sale (Tobacco 614) is presented covering such sale.

(e) *Additional records.* Each dealer shall keep such records, in addition to the foregoing, as may be necessary to enable him to furnish the following information with respect to each lot of tobacco purchased or sold by him.

(1) The name of the seller (and in the case of a purchase from a producer, the name of the operator of the farm on which the tobacco was produced);

(2) The name of the purchaser;

(3) The date of the transaction;

(4) The number of pounds and the gross sale price; and

(5) In the event of resale of tobacco bought by him and carried over from a crop produced prior to 1942, the fact that such tobacco was so bought and carried over.

All reports shall be forwarded to the Marketing Quota Section not later than the end of the week following the calendar week covered by the reports.

§ 724.449 *Dealers exempt from regular records and reports.* Any dealer who does not purchase or otherwise acquire tobacco except at a warehouse sale and who does not resell, in the form in which tobacco ordinarily is sold by farmers, more than ten percent of the tobacco purchased by him, shall not be subject to the provisions of § 724.448 of these regulations; but each such dealer shall make such reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary to enforce these regulations.

§ 724.450 *Records and reports of truckers, redryers, etc.* Every person engaged in the business of trucking tobacco for producers shall keep such records as will enable him to furnish the Secretary of Agriculture a report with respect to each lot of tobacco received by him showing the following information:

(a) The name and address of the farm operator;

(b) The date of the receipt of the tobacco; and

(c) The number of pounds received and the place to which it was delivered.

Every person engaged in the business of redrying, prizing, or stemming tobacco for producers shall keep such records as will enable him to furnish the Secretary of Agriculture a report showing the information provided above for truckers and in addition the purpose for which the tobacco was received, the amount of advance made by him on the tobacco, and the disposition of the tobacco. Each such person shall make such reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may

find necessary to enforce these regulations.

§ 724.451 *Separate records and reports from persons engaged in more than one business.* Any person who is required to keep any record or make any report as a warehouseman, dealer, processor, or as a person engaged in the business of redrying, prizing, or stemming tobacco for producers, and who is engaged in more than one such business, shall keep such records as will enable him to make separate reports for each such business in which he is engaged, to the same extent for each such business as if he were engaged in no other business, except that a warehouseman shall not be required to keep a record and make reports on form Tobacco 615, "Dealer's Record", if the transactions which would be recorded and reported on such forms are recorded on the records kept by the warehouse in its regular course of business and reported as required on form Tobacco 616.

§ 724.452 *Failure to keep record or make report.* Any warehouseman, processor, or common carrier of tobacco, or person engaged in the business of purchasing tobacco from producers, or person engaged in the business of redrying, prizing or stemming tobacco for producers, who fails to make any report or keep any record as required under these regulations, or who makes any false report or record, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$500; and any tobacco warehouseman or dealer who fails to remedy such violation by making a complete and accurate report or keeping a complete and accurate record as required under these regulations within fifteen days after notice to him of such violation shall be subject to an additional fine of \$100 for each ten thousand pounds of tobacco, or fraction thereof, bought or sold by him after the date of such violation; *Provided*, That such fine shall not exceed \$5,000; and notice of such violation shall be served upon the tobacco warehouseman or dealer by mailing the same to him by registered mail or by posting the same at an established place of business operated by him, or both. Notice of any violation by a tobacco warehouseman or dealer shall be given by the Chief of the Marketing Quota Section.

§ 724.453 *Examination of records and reports.* For the purpose of ascertaining the correctness of any report made or record kept, or of obtaining information required to be furnished in any report, but not so furnished, any warehouseman, dealer, processor, common carrier or person engaged in the business of redrying, prizing or stemming tobacco for producers shall make available for examination, upon written request by the Chief of the Marketing Quota Section such books, papers, records, accounts correspondence, contracts, documents and memoranda as he has reason to believe are relevant and are within the control of such person.

§ 724.454 *Length of time records and reports to be kept.* Records required to be kept and copies of the reports re-

quired to be made by any person under these regulations for the 1942-43 marketing year shall be kept by him until September 30, 1944, and for such longer period of time as may be requested in writing by the Chief of the Marketing Quota Section.

§ 724.455 *Information confidential.* All data reported to or acquired by the Secretary of Agriculture pursuant to the provisions of these regulations shall be kept confidential by all officers and employees of the Department of Agriculture and only such data so reported or acquired as the Secretary of Agriculture deems relevant shall be disclosed by them and then only in a suit or administrative hearing under Title III of the Act.

Done at Washington, D. C., this 15th day of September 1942. Witness my hand and the seal of the Department of Agriculture.

Acting Secretary of Agriculture.

PART 721—CORN

MARKETING QUOTAS—1942

By the Secretary of Agriculture of the United States of America a Proclamation.

Whereas the Agricultural Adjustment Act of 1938, as amended, provides:

Sec. 322. (a) Whenever in any calendar year the Secretary determines from available statistics of the Department, including the August production estimate officially published by the Division of Crop and Livestock Estimates of the Bureau of Agricultural Economics of the Department, that the total supply of corn as of October 1 will exceed the normal supply thereof by more than 10 per centum, marketing quotas shall be in effect in the commercial corn-producing area for the crop of corn grown in such area in such calendar year, and shall remain in effect until terminated in accordance with the provisions of this title.

(b) The Secretary shall determine, on the basis of the estimated average yield of corn in such area for such crop, the acreage in such area which the Secretary determines would make available for the marketing year beginning October 1 a supply of corn (together with the estimated production of corn in the United States outside such area) equal to the normal supply. The percentage which the number of acres of the acreage allotment under Section 328 shall be proclaimed by the Secretary. Such percentage is referred to herein as the "marketing percentage."

(c) The Secretary shall proclaim his determinations of facts under subsection (a) and his determination of the marketing percentage under subsection (b) not later than August 15. (52 Stat. 49, 7 U.S.C. 1322);

And whereas Public Resolution No. 34 (H. J. Res. 342, 76th Congress, First Session), approved July 26, 1939, provides:

* * * that notwithstanding the provisions of section 322 of the Agricultural Adjustment Act of 1938, as amended, the determinations under subsection (c) may be proclaimed at any time prior to September 15, * * *. (53 Stat. 1125, 7 U.S.C. Supp. V, 1322a);

And whereas the Agricultural Adjustment Act of 1938, as amended, contains

in section 301 (b) thereof, the following definitions of terms here pertinent:

"Marketing year" means, in the case of the following commodities, the period beginning on the first and ending with the second date specified below:

Corn, October 1—September 30

"Total supply" of corn * * * for any marketing year shall be the carry-over of the commodity for such marketing year plus the-estimated production of the commodity in the United States during the calendar year in which such marketing year begins.

"Normal supply," in the case of corn * * * shall be a normal year's domestic consumption and exports of the commodity, plus 7 per centum in the case of corn, * * * of a normal year's domestic consumption and exports, as an allowance for a normal carry-over.

"Reserve supply level," in the case of corn, shall be a normal year's domestic consumption and exports of corn, plus 10 per centum of a normal year's domestic consumption and exports, to insure a supply adequate to meet domestic consumption and export needs in years of drought, flood, or other adverse conditions, as well as in years of plenty. (52 Stat. 38, 7 U.S.C. 1301);

And whereas said act further provides:

Sec. 304. The powers conferred under this Act shall not be used to discourage the production of supplies of foods and fibers sufficient to maintain normal domestic human consumption as determined by the Secretary from the records of domestic human consumption in the years 1920 to 1929, inclusive, taking into consideration increased population, quantities of any commodity that were forced into domestic consumption by decline in exports during such period, current trends in domestic consumption and exports of particular commodities, and the quantities of substitutes available for domestic consumption within any general class of food commodities. In carrying out the purposes of this Act it shall be the duty of the Secretary to give due regard to the maintenance of a continuous and stable supply of agricultural commodities from domestic production adequate to meet consumer demand at prices fair to both producers and consumers. (52 Stat. 45, 7 U.S.C. 1304);

And whereas said Act provides in section 301 (c), that the latest available statistics of the Federal Government shall be used by the Secretary of Agriculture in making the determinations required to be made by the Secretary under said Act (52 Stat. 38, 7 U.S.C. 1301);

And whereas said Act further provides:

Sec. 371(b). If the Secretary has reason to believe that, because of a national emergency or because of a material increase in export demand, any national marketing quota for corn, wheat, cotton, rice or tobacco should be increased or terminated, he shall cause an immediate investigation to be made to determine whether the increase or termination is necessary in order to effectuate the declared policy of this Act or to meet such emergency or increase in export demand. If, on the basis of such investigation, the Secretary finds that such increase or termination is necessary, he shall immediately proclaim such finding (and if he finds an increase is necessary, the amount of the increase found by him to be necessary) and thereupon such quota shall be increased, or shall terminate, as the case may be.

And whereas, by proclamation, dated September 18, 1941, issued by Claude R. Wickard, Secretary of Agriculture, pursuant to section 327 of said Act, the com-

mercial corn-producing area for the calendar year 1942 was ascertained and proclaimed;

And whereas, by proclamation, dated March 3, 1942 issued by Claude R. Wickard, Secretary of Agriculture, pursuant to section 322 of said Act, the acreage allotment of corn for the commercial corn-producing area for the calendar year 1942 was ascertained and proclaimed to be 41,338,000 acres.

Now, therefore, be it known that I, Claude R. Wickard, Secretary of Agriculture of the United States of America, acting under and pursuant to, and by virtue of, the authority vested in me by the Act of Congress, known as the Agricultural Adjustment Act of 1938, as amended, upon the basis of the latest available statistics of the Federal Government, do hereby determine and proclaim, under section 322 of said Act, as amended by said Public Resolution No. 34, approved July 26, 1939;

§ 721.305 *Determinations relating to corn marketing quotas for 1942.* (a) That the total supply of corn for the marketing year commencing October 1, 1942 is 3,516,000,000 bushels.

(b) That the normal supply of corn for the marketing year commencing October 1, 1942, is 3,149,000,000 bushels.

(c) That the reserve supply level of corn for the marketing year commencing October 1, 1942, is 3,237,000,000 bushels.

(d) That the marketing quota level of corn for the marketing year commencing October 1, 1942, is 3,464,000,000 bushels.

(e) That the total supply of corn, as of October 1, 1942, will exceed the normal supply thereof by more than 10 per centum. However, in view of the existing national emergency and the provisions of section 371 (b) of said Act, marketing quotas will not be in effect with respect to the 1942 crop of corn.

Done at Washington, D. C. this 16th day of September 1942.

Witness my hand and the seal of the Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

TITLE 10—ARMY: WAR DEPARTMENT
Chapter I—Aid of Civil Authorities and Public Relations

PART 11—ASSISTANCE TO RELATIVES AND OTHERS IN CONNECTION WITH DECEASED PERSONNEL

NOTIFICATION TO NEAREST RELATIVE IN CASE OF EMERGENCY

Section 11.1 (a) and (b) is hereby amended to read as follows:

§ 11.1 *Notification to nearest relative or other person designated to be notified in case of emergency.* (a) In cases of deaths occurring within the continental limits of the United States, the immediate commander will send notification of death by commercial telegraph to the nearest relative or other person design-

No. 184—2

nated to be notified in case of emergency. Such notification will include the fact, date, place, and cause of death, and will, when early shipment of the remains is practicable, request the person notified to reply by telegraph whether it is desired to have the remains shipped home, and if such shipment is desired, to designate the destination and the name of the person to whom the remains are to be consigned. For shipment of remains, see § 93.6.¹ In the cases of deaths within the continental limits of the United States, referred to in paragraph 3b, AR 600-550,² the officer making the report to The Adjutant General will also notify by commercial telegraph the nearest relative or other person designated to be notified in case of emergency. Under no circumstances will the notification include a statement relative to line of duty or misconduct.

(b) In cases of deaths occurring outside the continental limits of the United States, upon receipt of the report of death, The Adjutant General will, except as provided in paragraph (c) of this section, notify the nearest relative, or other persons designated to be notified in case of emergency, of the fact of death, and in all cases of civilian employees will report the facts to the Secretary of War. Chapter X—Areas Restricted for National Defense Purposes

[Public Proclamation No. 2]

PART 105—ESTABLISHMENT OF MILITARY AREAS

PROHIBITED AND RESTRICTED ZONES: EASTERN MILITARY AREAS

Headquarters, Eastern Defense Command and First Army, Governors Island, New York

SEPTEMBER 7, 1942.

To: The people within the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia, part of the State of Florida, and the District of Columbia.

Whereas The Eastern Military Area was prescribed by Public Proclamation No. 1,¹ this Headquarters, dated May 16, 1942; and

Whereas the present situation requires as a military necessity the promulgation of additional restrictions and the designation of certain Prohibited and Restricted Zones within the Eastern Military Area under authority contained in Executive Order of the President of the United States, No. 9066, dated February 19, 1942;

Now, therefore, I, Hugh A. Drum, Lieutenant General, U. S. Army, by virtue of the authority vested in me by the President of the United States and by the Secretary of War and my powers and prerogatives as Commanding General of the Eastern Defense Command and First Army, charged with the defense of the Eastern Seaboard, do hereby declare and proclaim that:

§ 105.2 *Additional restrictions; Prohibited and Restricted Zones designated: Eastern Military Area.* (a) All persons entering or remaining in any zone or any part of the Eastern Military Area are enjoined to refrain from acts of hostility, from giving information, aid, or comfort to the enemies of the United States; from interfering, by word or deed, with the military effort of the United States, or the processes thereof; and to comply strictly with the restrictions and orders which are herein or may hereafter be issued by the Commanding General, Eastern Defense Command and First Army.

(b) By Proclamations of the President of December 7th and 8th, 1941, the Attorney General of the United States is charged with the duty of executing the regulations prescribed by the President regarding the conduct of alien enemies in the continental United States. He is specifically directed to cause the apprehension of such alien enemies as in his judgment are subject to apprehension. In the execution of his responsibility under the Proclamations of the President previously referred to, he has promulgated certain rules and regulations. Nothing contained herein shall be construed as limiting or modifying the duty and responsibility of the Department of Justice under the said Proclamations insofar as the enforcement of laws and

¹ 7 F.R. 6754.

regulations for the conduct and control of alien enemies is concerned.

(c) The duty and responsibility of the Federal Bureau of Investigation with respect to the investigation of alleged acts of espionage and sabotage are not to be construed as limited or modified in any respect by the terms of this Proclamation.

(d) Within the Eastern Military Area, control will be maintained primarily by a system of zones, designated A-Zones, or Prohibited Zones, and B-Zones, or Restricted Zones. Zones include forts, camps, arsenals, airports, landing fields, aircraft stations, electric and other power plants, hydroelectric dams, government naval vessels, navy yards, piers, docks, drydocks, factories, foundries, plants, workshops, storage yards or warehouses for the manufacture of munitions or implements of war or anything of any kind, nature or description for the use of the Army, the Navy, or any country allied or associated with the United States or in any wise connected with the successful prosecution of war by the United States, canals, wharfs, piers, docks, or drydocks used by ships or vessels, warehouses, sheds, elevators, railroad terminals, depots, or yards, or other terminals, storage or transfer facilities, radio, telephone, telegraph, or other signal communication facilities, highways and transportation facilities, railway and railroad facilities and equipment, public utilities and appurtenances, natural oil and gas wells, coal and other mines and equipment, strips of coastline or water front, military, naval or civil installations, commercial or defense facilities, and other places the protection of which is deemed essential to the national defense, and any designated area surrounding any such place or places.

(e) Within the Eastern Military Area, there are hereby designated Prohibited Zones A-1 to A-905, inclusive. The location and extent of Zones A-1 to A-231, inclusive, are more particularly described and defined in Exhibit No. 1, hereto attached, and as shown on the map hereto attached marked Exhibit No. 2. The location and extent of Zones A-232 to A-905, inclusive, shall be described and defined by the posting of appropriate signs at the entrances to and exits from such zones, along the outside boundaries thereof, and at such other places therein as shall give full and complete notice of the area included. The restrictions governing the right of any person to enter, remain in, or leave said Zones, including Zones A-232 to A-905, inclusive, are hereinafter prescribed in paragraph (i) (4), (5), (6), and (7). Additional Prohibited Zones will be designated in subsequent Proclamations.

(f) Within the Eastern Military Area, there are hereby designated Restricted Zones B-1 to B-69, inclusive. The location and extent of such zones are more particularly described and defined in Exhibit No. 3, hereto attached, and as shown on the maps hereto attached marked Exhibits 4 to 21. The restrictions applicable to Restricted Zones B-1 and B-4 to B-69, inclusive, are hereinafter prescribed in paragraph (i) (8), (9), (10), (11) and (12). The restrictions

applicable to Restricted Zone B-2 are hereinafter prescribed in paragraph (i) (5), (9), (12) and (13); and those applicable to Restricted Zone B-3 are hereinafter prescribed in paragraph (i) (9), (12) and (13). Additional Restricted Zones will be designated in subsequent Proclamations.

(g) Any person who violates any restriction or order issued or adopted by the Commanding General, Eastern Defense Command and First Army, pursuant to the authority cited in the preamble of this Proclamation, applicable to the whole or any part of the Eastern Military Area, including any zone thereof, is subject to the penalties provided by Public Law No. 503 of the 77th Congress approved March 21, 1942, entitled, "An Act to provide a penalty for violation of restrictions or orders with respect to persons entering, remaining in, leaving, or committing any act in military areas or zones". In addition, if two or more persons conspire to violate Public Law 503 and one or more do any act to effect the object of such conspiracy, each of the parties will be subject to the penalties provided by Title 18, Section 88, United States Code.

In the case of an alien enemy, such person will, in addition, be subject to immediate apprehension and internment.

(h) Prosecution of offenses under Public Law 503, as well as all internment proceedings, are to be conducted by the several United States Attorneys for the several Federal judicial districts in the Eastern Military Area and such other representatives of the Department of Justice as the Attorney General may, from time to time, designate pursuant to the procedure, rules and regulations of the Attorney General.

(i) The right of any person to enter, remain in, or leave the Eastern Military Area, or any part or zone thereof, shall be subject to the following restrictions, effective from the date of this Proclamation, which said restrictions are hereby promulgated. These restrictions are in addition to those promulgated in Public Proclamation No. 1, this Headquarters, dated May 16, 1942, and additional restrictions will be promulgated as may be necessary.

(1) Any person whose presence in the Eastern Military Area, or any part or Zone thereof, is deemed dangerous to the national defense by the Commanding General, Eastern Defense Command and First Army, will be ordered excluded from the Military Area, or such part or Zone thereof, by the Commanding General, Eastern Defense Command and First Army. No person who has been ordered excluded from the Eastern Military Area, or any part or Zone thereof, by the Commanding General, Eastern Defense Command and First Army, in accordance with the provisions of this paragraph, shall enter or remain in the Military Area or in such part or Zone thereof.

(2) All civilian flying shall be in accordance with the provisions of War Department Circular, March 11, 1942, entitled "National Policy of Air Defense, Regulations and General Flight Rules"; with such regulations as have been or may be promulgated in accordance there-

with by the Civil Aeronautics Administration, by the War Department, or by the Navy Department; and with such restrictions or orders as have been or may be issued by this Headquarters.

(3) No person shall make any false statement with respect to his citizenship or country of origin nor shall any person make any false statement orally or in writing in connection with the administration of the Eastern Military Area.

(4) All persons are prohibited from entering, remaining in or leaving any Prohibited or A-Zone, or any part or portion thereof, except by special individual permit issued in accordance with instructions of the Commanding General of the appropriate Service Command, Services of Supply. Applications for permits will be made at the post, camp or station, or civilian manufacturing plant or other installation concerned.

(5) No person not in the armed forces of the United States entering or remaining in any part or portion of any Prohibited Zone or of Restricted Zone B-2 shall have in his possession without authorization by competent military authority any of the following:

- (i) Firearms.
- (ii) Weapons or implements of war or component parts thereof.
- (iii) Ammunitions.
- (iv) Bombs.
- (v) Explosives or material used in the manufacture of explosives.
- (vi) Short wave radio receiving sets. For the purpose of this Proclamation, a short wave radio receiving set is any apparatus designed to be used or capable of being used for the purpose of receiving signals, messages or communications of any nature whatsoever, which signals, messages or communications are transmitted by means of amplitude modulation radio waves of a frequency of 1750 kilocycles, or greater, or of a frequency of 540 kilocycles, or less.
- (vii) Radio transmitting sets. For the purpose of this Proclamation, a radio transmitting set is any apparatus designed to be used or capable of being used for the sending or transmitting of radio signals, communications or messages of any kind or nature whatsoever.

- (viii) Signal devices.
- (ix) Codes or ciphers.
- (x) Cameras.
- (xi) Books, magazines, documents or papers in which there is any invisible writing or (other than those distributed and readily available to the general public) in which there are photographs, sketches, pictures, drawings, maps or graphical or written descriptions of any military or naval post, camp, station or installation, or any part thereof, or of any equipment, arms, ammunition, implements of war, devices, or other similar things used or intended to be used in the combat equipment of the land, naval, or air forces of the United States or those of the United Nations.

(xii) Binoculars, telescopes, field-glasses, or similar instruments in the nature of visual aids.

(6) Notwithstanding the provisions of paragraph (i) (4) and (5), railways, waterways or Federal, state, county or municipal highways included within, passing

through, or contiguous to any Prohibited Zone shall continue open for normal traffic and the normal operations of common carriers, except that all restrictions heretofore promulgated by competent authority are hereby adopted and except as such continuance of normal traffic and operations may be specifically restricted hereafter by competent military authority.

(7) On highways, railways or waterways where normal traffic and operation of common carriers are permitted, no person, vehicle, train or watercraft shall stop, loiter, park or anchor in any Prohibited Zone unless so authorized by competent authority or unless the person or persons involved are fully accredited under the established restrictions to enter and remain in such Zone.

(8) (i) Within any of the Restricted Zones B-1 and B-4 to B-69, inclusive, no person not in the armed forces of the United States engaged in the performance of official duties shall enter upon or be found in the area seaward of a line 100 yards inland from the line of mean high tide during the period between sunset and sunrise. Whenever such area is paralleled by a public road, railroad or boardwalk and such public road, railroad or boardwalk is less than 100 yards inland from the line of mean high tide, the prohibitions in this restriction shall extend only to the area seaward of such public road, railroad or boardwalk.

(ii) Exceptions to the above restrictions will be made in the cases of:

(a) Personnel of Federal, State and Municipal law enforcement agencies in the performance of their official duties.

(b) Persons or classes of persons specifically designated by Sector Commanders for their respective Sectors.

(c) Personnel of utilities (railroads, electric companies, gas companies, transit companies, etc.) in the performance of their duties.

(d) Personnel of emergency agencies (fire, police, hospital, doctors, etc.) and necessary vehicles thereof, in the performance of their duties.

(e) In cases where residences, hotels, dancehalls, piers, or other public or private buildings lie within or project into the area defined above, said buildings, and roads and walks leading therefrom landward, shall not be considered to be within the area, but egress from said buildings seawards shall not be made during the hours of darkness as defined above.

(9) Any person entering upon or found within any of the Restricted Zones B-1 to B-69, inclusive, shall, whenever called upon by any member of an enforcement agency, identify himself and otherwise explain his presence and activity therein. In all cases, the burden will be on the individual questioned satisfactorily to establish his identity and explain his presence and activity in the Zone.

(10) No person not in the armed forces or a member of an enforcement agency engaged in the performance of his official duties shall use or operate at restricted Zones B-1 and B-4 to B-69, in-

clusive, any camera, any binocular, field glass, or similar instrument in the nature of visual aid, or any signal device or instrument in the nature of a signal device.

(11) No person not in the armed forces or a member of an enforcement agency engaged in the performance of his official duties shall enter upon or leave any of the Restricted Zones B-1 and B-4 to B-69, inclusive, by water, except from places customarily used for such purposes.

(12) (i) No person not in the armed forces or a member of an enforcement agency engaged in the performance of his official duties shall park or loiter in any part of any Restricted Zone which is posted with a prohibition against such parking or loitering unless such person shall have secured permission from competent military authority.

(ii) Exceptions to this restriction will be made in the case of such persons as are defined and described by subdivisions (a), (b), (c) and (d) of subparagraph (8) (ii) above.

(13) In Restricted Zones B-2 and B-3, all persons shall obey such instructions concerning control of traffic within the Zones as may be promulgated by authority of the Commanding General of the appropriate Service Command, Services of Supply.

(j) (1) The Commanding Officers of military posts, camps and stations are charged with the immediate enforcement of restriction applicable thereto. The responsible officials of civilian manufacturing plants or other installations are, in accordance with existing regulations pertaining thereto, charged with the immediate enforcement of restrictions applicable to the Prohibited Zones within which their respective plants or installations are located. The Commanding Generals, First, Second, Third and Fourth Service Commands, Services of Supply and the Military District of Washington, are charged with the supervision of the enforcement of restrictions, by Commanding Officers of military posts, camps and stations, and by responsible officials of civilian manufacturing plants or other installations included within Prohibited Zones located within their respective jurisdictions not operated under Naval control. The Commandants of the respective Naval Districts are charged with the supervision of the enforcement of restrictions by Commandants of Naval Stations in such stations and by responsible officials of civilian manufacturing plants or other installations operated under Naval control.

(2) Service Command Commanders are charged with responsibility for the enforcement of restrictions applicable to Restricted Zones B-1 to B-69, inclusive, and such other Restricted Zones as may hereafter be designated by this Headquarters. In the execution of this responsibility, it is specifically requested that Federal, state, municipal and local law enforcement and other agencies any time or place within any of the Restricted Zones within the Eastern Military Area assist

when requested by Service Command Commanders. In accordance with specific instructions issued by the Commanding General, Eastern Defense Command and First Army, Sector Commanders will assist Service Command Commanders in the enforcement of restrictions applicable to Restricted Zones B-1 and B-4 to B-69, inclusive.

(k) The provisions of Paragraph 2 of Public Proclamation No. 1, this Headquarters, dated May 16, 1942, prescribing the functional subdivisions of the Eastern Military Area for purposes of enforcement of restrictions and orders, are amended to include also the Military District of Washington with Headquarters at Washington, D. C. The provisions of Paragraph 3 of that Proclamation, relating to control of artificial lighting along the coast, are amended to provide that the Commanding General of the Military District of Washington is designated as authority to promulgate and enforce, within his jurisdiction, the necessary restrictions and orders for control of artificial lighting. The term "Commanding General of the appropriate Service Command, Services of Supply" in this or other Proclamations will be construed to include the Commanding General of the Military District of Washington when appropriate.

(l) Corps Areas and Corps Area Commanders having been redesignated by the War Department as Service Commands, Services of Supply, and Commanding Generals, Service Commands, Services of Supply, respectively, Public Proclamation No. 1, this Headquarters, dated May 16, 1942, is amended by substituting throughout the term "Service Commands, Services of Supply" for the term "Corps Areas" and the term "Commanding Generals, Service Commands, Services of Supply" for the term "Corps Area Commanders".

(m) A copy of this Proclamation shall be displayed for public inspection at every Selective Service Local Board; at every post office; at every court house; and at every town hall within the Eastern Military Area. Additional proclamations, announcements and restrictions will be issued from this Headquarters as occasion demands. Copies of such additional proclamations, announcements and restrictions will be available for inspection at every Selective Service Local Board; at every post office; at every court house; and at every town hall within the Eastern Military Area. It shall be the duty of every person found within the Eastern Military Area to familiarize himself with the terms of every proclamation, announcement or restriction issued by this Headquarters.

offering for sale, sale, and distribution in commerce as "commerce" is defined in the Federal Trade Commission Act, of "printed stationery" for use in making records of sales and other business transactions, including sales books, continuous forms consisting of multiple sets of business forms for use in billing machines, typewriters, or other office equipment, and autographic register stationery consisting of multiple sets of business forms for use in autographic or credit registers and other business recording machines for making handwritten or machine records of various business transactions, or other stationery for similar uses, do forthwith cease and desist from entering into, continuing, cooperating in, or carrying out, any common course of action, agreement, understanding, combination, or conspiracy between and among any two or more of said respondents, or between any one or more of said respondents and others not parties hereto, to do or perform any of the following acts or practices:

(1) Establishing, fixing, or maintaining prices, terms, or conditions of sale for "printed stationery," or adhering to, or promising to adhere to, the prices, terms, and conditions of sale so fixed;

(2) Holding or participating in any meeting, discussion, or exchange of information among themselves or under the auspices of respondent Association, respondent O. L. Moore, or any other medium or agency concerning proposed or future prices, terms, or conditions of sale or concerning bids and prices in advance of the submittal of bids or price quotations to purchasing officials, awarding authorities of the Federal Government or other Governmental units, or to any buyer of "printed stationery";

(3) Arriving at the amount of any bid or price quotations to be submitted to purchasing officials of the Federal Government, to awarding authorities of other Governmental units or subdivisions, or to any buyer of "printed stationery" through agreement, understanding, or collusion with other bidders;

(4) Exchanging distributing, or relaying among manufacturing respondents, information as to bids submitted or to be submitted to purchasing officials of the Federal Government or to awarding authorities of other Governmental units or subdivisions, or to any buyer of "printed stationery," or submitting bids which are not bona fide, to such officials, agencies, or purchasers, for the purpose, or with the effect, of protecting or favoring any one or more of the manufacturing respondents or of eliminating competitive bidding;

(5) Exchanging or circulating among respondent members or through respondent Association or any other medium or central agency, lists of "recognized" jobbers or dealers in "printed stationery," to protect or favor any one or more of such jobbers or dealers or restrict the sale of "printed stationery" to jobbers and dealers so listed;

(6) Coercing, inducing, or persuading, by espionage, refusal to sell, or other means, or so attempting to coerce, induce, or persuade, jobbers or subjobbers of "printed stationery" to adhere to or

maintain the prices, terms, or conditions of sale as fixed by any of the manufacturing respondents and their jobbers or subjobbers;

(7) Giving special or valuable inducements in price, or otherwise, to purchasers of "printed stationery" not customers of the respondents herein, while at the same time denying or withholding such inducements or valuable consideration from customers of the respondents, for the purpose, or with the effect, of diverting trade to any of the respondents from other manufacturers or sellers of "printed stationery";

(8) Holding out or permitting any printing stationery concern to be held out and advertised as an independent business when, in fact, such concern is owned, operated, or controlled by any of the respondents;

(9) Allocating or dividing among themselves or anyone, any given lot or piece of business or the business of any given purchaser of "printed stationery," which allocation or division has the tendency or effect of fixing prices or otherwise restricting, restraining, or eliminating competition in the sale and distribution of "printed stationery";

(10) Entering into, continuing, or carrying out any licensing or cross-licensing arrangements in connection with claims of any of the manufacturing respondents under patents, for the purpose, or with the tendency or effect, of upholding or maintaining prices, terms, or conditions of sale of "printed stationery";

(11) Exchanging, distributing, or relaying among manufacturing respondents or any of them, or through respondent Association, respondent O. L. Moore, or through any other medium or central agency, price lists or other information showing current or future prices, terms, or conditions of sale, or information showing current or future prices, terms, or conditions of sale of any particular respondent, or bid or price quotations submitted or to be submitted on any prospective piece of business;

(12) Exchanging, distributing, or relaying among manufacturing respondents or any of them, or through respondent Association, respondent O. L. Moore, or any other medium or central agency, information concerning prices charged particular customers or information concerning volume of production, sales, or shipments of "printed stationery" where the identity of the manufacturer, seller, or purchaser can be determined through such information, and which has the capacity or tendency of aiding in securing compliance with announced prices, terms, or conditions of sale;

(13) Formulating, establishing, putting into operation, continuing, or using in any way, any "open price plan" or "reporting plan" which has the tendency or effect of depriving the public of any benefit of competition in price between and among the manufacturing respondents, or between any of them and any other manufacturer or seller of "printed stationery";

(14) Authorizing or permitting the examination of the books and other records

of the manufacturing respondents by any agent of the respondents or any of them, to permit or make possible a collective or cooperative consideration, through any common agent of the respondents, of the prices at which any given manufacturing respondent has made sales, is currently making sales, or expects to make sales, and a comparison of the sales with the price quotations previously announced by such manufacturing respondents;

(15) Formulating or putting into operation any other practice or plan which has the purpose, or the tendency or effect, of fixing prices for "printed stationery" or otherwise restricting, restraining, or eliminating competition in the sale and distribution of such products;

(16) Employing or utilizing respondent O. L. Moore or respondent Association or any other medium or central agency as an instrument, vehicle, or aid in performing or doing any of the acts and practices prohibited by this order.

It is further ordered That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1308]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT No. 8

ORDER GRANTING RELIEF, ETC.

Memorandum opinion and order granting further relief in the matter of the petition of District Board No. 8, for the provisions in the schedule of effective minimum prices for District No. 8 For All Shipments Except Truck, permitting the absorption of the C. & O. Railroad switching charge applicable on shipments from Freight Origin Group No. 63 to the C. C. & O. Railroad for off-line railroad locomotive fuel.

This proceeding was originally instituted upon a petition filed with the Bituminous Coal Division by the Bituminous Coal Producers Board for District No. 8, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, in behalf of Caudill-Ward Coal Company, a code member producer in District No. 8. Petitioner proposed, sought, and, on May 8, 1942, 7 F.R. 3469, was granted an addition to the special prices established by the Schedule of Effective Minimum Prices for District No. 8 (High Volatile section IV), for All Shipments Except Truck, in § 328.13 (c) (2) (iii) (b) as follows:

Mines in Freight Origin Group No. 63 (C. & O. only), may deduct \$6.93 per car switching charge on coal sold for off-line railroad locomotive fuel to the CC&O Railroad.

On August 31, 1942, District Board No. 8 filed a motion for further consideration and for further relief requesting that the Acting Director issue an order effecting a modification of his order of May 8, 1942, to the effect that the provisions added by such Order to High Volatile section IV, § 328.13 (c) (2) (iii) (b) in the Schedule of Effective Minimum Prices for District No. 8 for All Shipments Except Truck to read as follows:

Mines in Freight Origin Group No. 63 (C&O only) may deduct \$7.35 per car switching charge on coal sold for off-line railroad locomotive fuel to the CC&O Railroad.

At the time the original petition was filed in Docket No. A-1308 tariff schedules as of that date required the payment by mines in Freight Origin Group No. 63 (C&O only), and particularly Federal Mine (Mine Index No. 202) of Caudill-Ward Coal Company, of a switching charge of \$6.93 per car on shipments of off-line railway locomotive fuel produced at such mines from the C&O Railway tracks to the CC&O Railroad tracks at Elkhorn City, Kentucky, for use by the CC&O Railroad. The Acting Director, by an Order of May 8, 1942, 7 F.R. 3469, found that mines in Freight Origin Group No. 63 (C&O only), should be permitted to deduct such switching charge on coals sold for off-line railroad locomotive fuel to the CC&O Railroad under the standards of the Bituminous Coal Act in order to preserve fair competition with other producers shipping coals for locomotive fuel use to that railroad.

Shortly before the hearing of March 17, 1942, Agent W. S. Curlett published a tariff designated as I. C. C. No. A-742 (Tariff of Increased Rates and Charges No. X-148), and Supplement No. 10 thereto, which, in effect, increased the switching rate of \$6.93 per car of coals shipped from mines in Freight Origin Group No. 63 (C&O only), for off-line railroad locomotive fuel to the CC&O Railroad, to \$7.35 per car. Such increase in the switching charges, of which petitioner had no knowledge until recently, became effective March 18, 1942, and is still in effect.

Since March 18, 1942, mines in Freight Origin Group No. 63 (C&O only), and particularly Federal Mine of Caudill-Ward Coal Company, have been permitted to adjust the minimum f. o. b. mine prices upon shipments of off-line railroad locomotive fuel to the CC&O Railroad by deducting only \$6.93 per car therefrom, whereas the actual deduction required to place the producer of such coals upon a fair competitive basis with the producers of comparable coals delivered to the CC&O Railroad from mines located on the tracks of that railroad in the vicinity of Elkhorn City, Kentucky, has been and is now \$7.35.

On the basis of the foregoing, it is apparent that the relief should be granted in order to effectuate the purposes of section 4 II (a) and 4 II (b) of the Act and to comply in all respects with the standards thereof.

Now, therefore, it is ordered, That effective fifteen (15) days from the date

of this Order the amendment effected in § 328.13 (c) (2) (iii) (b) (*Special prices—Railway locomotive fuel—For off-line railways—Adjustments to off-line railway locomotive fuel prices*) in the Schedule of Effective Minimum Prices for District No. 8, High Volatile section IV, for All Shipments Except Truck by the Order of May 8, 1942, herein, be and the same hereby is deleted and in lieu thereof the following amendment to the said Schedule is adopted:

Mines in Freight Origin Group No. 63 (C&O only) may deduct \$7.35 per car switching charge on coals sold for off-line railroad locomotive fuel to the CC&O Railroad.

Dated: September 16, 1942.

PART 328—MINIMUM PRICE SCHEDULE,
DISTRICT NO. 8

ORDER CORRECTING TYPOGRAPHICAL ERRORS

Order correcting typographical errors in order of July 31, 1942 in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8.

An Order Granting Temporary Relief and Conditionally Providing for Final Relief was issued in the above-entitled matter on July 31, 1942, 7 F.R. 6245.

Although the original order was correct, in the process of duplication the price classifications of "B" and "C" in Size Groups 24 and 25 for the coals of the Garco No. 2 Mine (Mine Index No. 5649) of Garmeada Coal Company for shipment to destinations other than Great Lakes were inadvertently changed to "D" and "B", respectively, in Supplement R-I annexed to and made part of the order. The correct classifications are "B" and "C".

Accordingly, § 328.11 (*Alphabetical list of code members*) is corrected by inserting in Supplement R-I set forth and made a part of Order issued in the above-entitled matter on July 31, 1942, price classifications "B" and "C", respectively, in Size Groups 24 and 25 for the coals of the Garco No. 2 Mine (Mine Index No. 5649) of Garmeada Coal Company for shipment to destinations other than Great Lakes.

PART 1049—INCANDESCENT, FLUORESCENT
AND OTHER ELECTRIC DISCHARGE LAMPS

[Supplementary General Limitation Order
L-28-a]

Part 1049, Incandescent and Fluorescent Lamps, is hereby amended to read Part 1049, Incandescent, Fluorescent, and Other Electric Discharge Lamps.

§ 1049.2 *Supplementary General Limitation Order L-28-a—(a) Definitions.* For the purposes of this order:

(1) "Incandescent lamp" means any hermetically-sealed lamp or bulb, designed primarily to produce light, which makes use of a metal or carbon filament or metal wire, strip, foil or compound as the source of light.

(2) "Fluorescent lamp" means any hermetically-sealed electric discharge lamp or tube (other than a cold-cathode tube) in which the radiant energy from the electric discharge is converted by suitable phosphor coatings into visible wave lengths.

(3) "Glow discharge lamp" means any hermetically-sealed electric discharge lamp or tube (other than a fluorescent lamp) containing gases or vapors and designed to operate at impressed voltages of less than one thousand volts to produce visible light.

(4) "Manufacturer" means any person who produces or assembles any incandescent, fluorescent or glow discharge lamp or part therefor, or who coats, etches or otherwise marks any such lamps for use by any other person.

(b) *General restrictions.* (1) On and after November 1, 1942, no manufacturer shall (i) produce or assemble any incandescent, fluorescent or glow discharge lamp except lamps which conform to the specifications contained in Schedule A, attached to this Order, or coat, etch or otherwise mark any incandescent, fluorescent or glow discharge lamp which does not conform to the specifications contained in Schedule A after such coating, etching or marking is completed; (ii) produce any part (including a filament) for incandescent, fluorescent or glow discharge lamps which part cannot be used in a lamp conforming to the specifications contained in Schedule A; or (iii) coat, etch or otherwise mark on any incandescent, fluorescent or glow discharge lamp or part therefor any trade mark or identification of any person other than himself or another manufacturer.

(2) During the period from September 27, 1942, to October 31, 1942, inclusive, no manufacturer shall (i) produce any filament for incandescent lamps which filament cannot be used in a lamp conforming to the specifications contained in Schedule A; or (ii) produce or accept delivery of any part (other than a filament) for incandescent, fluorescent or

glow discharge lamps which part cannot be used in a lamp conforming to the specifications contained in Schedule A, if such production or acceptance of delivery will leave any such part in his inventory on November 1, 1942, in the light of his expected production and delivery schedules.

(3) On and after September 27, 1942, no manufacturer shall produce or accept delivery of any phosphor coatings containing beryllium or cadmium for fluorescent lamps except with the specific authorization of the Director General for Operations granted pursuant to this Order.

(4) None of the restrictions contained in this paragraph (b) shall apply to the production, assembly or marking of:

(i) Any incandescent, fluorescent or glow discharge lamp, or any part for such lamps, in fulfillment of any specific contract or purchase order for delivery of incandescent, fluorescent or glow discharge lamps to or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration, or to the government of any country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act): *Provided, That:*

(a) A manufacturer receiving any such contract or purchase order shall file, with the War Production Board, on or before the fifteenth day of each calendar month, copies of all such contracts or orders received by him during the preceding calendar month, showing the quantity and type of lamps ordered and the proposed use of such lamps; and

(b) Each such contract or purchase order contains or is accompanied by a written certification in the following form, signed by the appropriate procuring officer:

This is to certify that no lamps which-----
 ----- (name of manufacturer) has
 stated that it is permitted to produce under
 the provisions of Schedule A of Limitation
 Order L-28-a are suitable for the service
 for which the lamps specified in this order
 are being purchased.

 Title

(ii) Any incandescent lamp, or part for such lamp, designed for use in diagnostic or surgical instruments and equipment as included in the definition of "Health Supplies" contained in Preference Rating Order P-29, as amended September 30, 1941.

(c) *Applicability of other orders.* Nothing contained in this order shall be deemed to relax in any way the restrictions contained in General Limitation Order L-28. In so far as any other order heretofore or hereafter issued by the Di-

No. 184—3

rector of Priorities, the Director of Industry Operations or the Director General for Operations shall limit the use of any material in the manufacture of incandescent, fluorescent or glow discharge lamps to a greater extent than the restrictions imposed by this order, the provisions of such other order shall govern unless otherwise specified therein.

(d) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(e) *Appeals.* Any person affected by this order who considers that it works an exceptional or unreasonable hardship upon him may apply for relief by forwarding a letter addressed to the War Production Board, Ref: L-28-a, setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(f) *Records.* All persons affected by this order shall keep and preserve, for not less than two years, accurate and complete records concerning inventories, production and sales.

(g) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(h) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(j) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Washington, D. C., Ref: L-28-a.

Issued this 17th day of September, 1942.

AMORY HOUGHTON,
 Director General for Operations.

SCHEDULE A TO LIMITATION ORDER L-28-a

General explanations

Except to fill orders expressly excepted by Limitation Order L-28-a, a manufacturer, on and after November 1, 1942, may produce only those incandescent, fluorescent, and glow discharge lamps listed on this schedule. Manufacturers under this schedule are permitted to produce any of the lamps listed on this schedule subject to the specific instructions below.

The terms and abbreviations used in this schedule are those standard manufacturers' terms on file with the United States Department of Commerce, National Bureau of Standards, except as otherwise mentioned herein.

Specific instructions

No manufacturer may produce lamps described on a single line of this schedule which differ in respect to the following specifications:

- (a) Design life.
- (b) Light center length.
- (c) Over-all length.
- (d) Filament construction.

The following comments refer to the headings of the columns in this schedule:

Volts: When more than one figure appears in this column, separated by commas, as "115, 120, 125", a manufacturer may produce lamps capable of use on each of the voltages listed. When a range of volts appear, such as "3-125", only one type of lamp may be produced by a manufacturer, and it must be capable of satisfactory operation within the whole range of voltages specified. When more than one figure appears in this column, separated by a diagonal, thus "1.88/2", the lamp must contain at least two filaments, each of which will operate at one of the specified voltages.

Watts: When the letter "A" appears as a suffix in this column, it refers to ampere ratings rather than to watts. When the letters "C. P." appear in this column, the rating given is in candle power rather than in watts. When more than one figure appears in this column, separated by one or more diagonals, thus "30/6", the lamp must contain two or more filaments which, separately or together, will operate at all the specified wattages, candle powers or amperes.

Base: A manufacturer may produce incandescent lamps for export having any of the following special bases, provided that such lamps conform in all other respects to this Schedule:

- Single contact medium bayonet (No. 1202)
- Double contact medium bayonet (No. 810)
- Export medium screw (No. 1844), and
- Export mogul screw (No. 1823).

In all other cases a manufacturer may use only one type of base for lamps appearing on a single line of this Schedule,

except that when a bayonet candelabra base is specified, a manufacturer may use single contact or double contact bases or both.

Description: A manufacturer may produce lamps described on a single line of this Schedule with each of the finishes specified in this column. A manufacturer may not use more than one kind of any finish specified for lamps described on a single line of this Schedule, except that where "diffusing" is listed, he may use a clear glass bulb also. Where no finish is specified, a clear glass bulb must be used.

"Diffusing" means having a translucent bulb which is substantially white when illuminated.

"Blackout Lamp" means a lamp having a lumen output of less than 1 Lumen per Watt, with an opaque coating of more than 50% of the external or internal glass surface.

The following is an explanation of some of the abbreviations which appear in this column:

DY—Clear Daylight and Diffusing Daylight,

DF—Diffusing - Side Reflector and Clear-Side Reflector,

NS—Clear Silvered Neck and Diffusing Silvered Neck,

SB—Clear Silvered Bowl and Diffusing Silvered Bowl,

WP—Clear White Bowl.

Chapter XI—Office of Price Administration

PART 1312—LUMBER AND LUMBER PRODUCTS
[Amendment 2 to Maximum Price Regulation 186¹]

WESTERN WOODEN AGRICULTURAL CONTAINERS

A statement of the considerations involved in the issuance of this amendment has been filed with the Division of the Federal Register.* In § 1377.114 (a) Table 1, item 3 is amended; in § 1377.114 (f) Table 6 is amended; and a new § 1377.116 is added, as set forth below.

§ 1377.114 *Appendix A: Maximum prices for western wooden agricultural containers.* (a) * * *

TABLE 1—SHOOK

* * * * *

3. Where freight rates are over \$0.97 use basic price plus freight from Klamath Falls, Oregon, or Weed, California, whichever is lower figured on basis of 1800 lbs. per 1000 feet.

* * * * *

(f) The maximum charges that may be made for warehousing and delivery within the western area are as follows:

TABLE 6—WAREHOUSING, DELIVERY, AND EXPORT CHARGES

(1) Where shipment is made from a warehouse in a quantity of 30,000 pounds or more at one time: Add \$1.00 per thousand feet.

(2) Where shipment is of a quantity less than 30,000 pounds:

(a) Add, for vegetable containers \$1.00, other containers \$2.00, per thousand feet as a warehousing charge, whether shipment is from a mill, warehouse, distribution agency, co-operative, wholesale, retail, or other establishment, and

(b) Add \$2.00 per thousand feet for delivery, except where purchaser takes delivery at the mill, warehouse, distribution agency, co-operative, wholesale, retail or other establishment.

(3) The additions in (1) and (2) of this table also apply to car bracing and car strips.

(4) For unitized stock: substitute 5¢ per one hundred units for the \$1.00 and 10¢ per 100 units for the \$2.00 charges in (1) and (2) of this table.

(5) For delivering framed stock: Add \$4.00 per thousand feet, or actual cost, whichever is lower.

(6) Exports: Where export quality and a dryness of 16% or less is specified, add \$5.00 per thousand feet.

§ 1377.116 *Colorado excepted from Maximum Price Regulation No. 186 in certain respects.* (a) On and after September 22, 1942, and until such time as this section is revoked or amended, this Maximum Price Regulation No. 186 shall be superseded by the General Maximum Price Regulation to the extent and in the manner set forth in paragraphs (b), (c) and (d) of this section.

(b) Section 1377.114 (d), (e) and (f) shall not apply where the services rendered in connection with assembly, extras, warehousing and delivery take place within the State of Colorado, but the maximum prices, including delivered

prices, set forth in § 1377.114 (a), (b) and (c) shall continue to apply to containers and shook produced in the western area and shipped into the State of Colorado.

(c) None of the provisions of Maximum Price Regulation No. 186 shall apply to the sale or delivery of shook or containers, or to any charge in connection therewith, in any case where all the shook in a given order was manufactured in the State of Colorado.

(d) Where a single order of shook or containers delivered in the State of Colorado consists in part of shook produced in Colorado and in part of shook produced in another state in the western area, the seller shall not charge more for that part produced in Colorado than is proper under the General Maximum Price Regulation, nor shall he charge more for that portion produced elsewhere within the western area than is proper under paragraphs (a), (b) and (c) of § 1377.114 of this Maximum Price Regulation No. 186. The seller shall indicate on his invoice the charge made for both of the foregoing classes of shook, and shall preserve records thereof as provided in § 1377.106.

[Amendment 22 to Supplementary Regulation 14¹ to General Maximum Price Regulation²]

FLUID MILK AND CREAM IN ALBUQUERQUE, NEW MEXICO

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Section 1499.73, paragraph (a) (1), is amended as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.*

(a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided:

(1) *Fluid milk and cream*—(i) *Maximum prices for fluid milk sold at retail in specified localities.* The maximum price of fluid milk sold and delivered at retail, in the localities set forth below, shall be the seller's maximum price as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation, or the applicable adjusted maximum price specified in the schedule set forth below, whichever is higher; *Provided*, That where the adjusted maximum price is expressed as "plus" a specified amount, the amount specified is to be added to the seller's maximum price as determined under said § 1499.2.

	Approved...	Out of store or to the home.....	Pint.....	Paper.....	Plus ½.

¹ Where the adjusted maximum price is a unit figure containing a fraction of a cent, the seller at wholesale must multiply such fractional per unit figure by the number of units in each order. The seller at retail, however, will adjust unit figures containing a fraction of a cent to the next highest half cent; for example, a maximum price of 12½ cents for one unit would be adjusted to 13 cents for one unit, 25 cents for two units, etc.

(ii) *Maximum prices for fluid milk sold at wholesale in specified localities.* The maximum price of fluid milk sold and delivered at wholesale, in the localities set forth below, shall be the seller's maximum price as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation, or the applicable adjusted maximum price specified in the schedule set forth below, whichever is higher; *Provided*, That where the ad-

justed maximum price is expressed as "plus" a specified amount, the amount specified is to be added to the seller's maximum price as determined under said § 1499.2.

sold to a producer of this or similar material, there shall be no maximum price applicable to such sale.

(2) If sold to any other authorized buyer:

(i) The maximum price f. o. b. the present location of the material shall be the delivered cost, including all transportation charges, that the seller would be permitted to incur for the material if purchased from his original supplier under the presently applicable maximum price regulation. If the quantity sold is smaller than the quantity originally purchased, "the delivered cost that the seller would be permitted to incur" shall be determined in reference to the quantity originally purchased instead of the quantity sold. If the seller cannot identify the quantity originally purchased, the quantity last purchased shall be considered as the quantity originally purchased.

(ii) If the maximum price cannot be determined under subparagraph (2) (i) of this paragraph (a), the maximum price f. o. b. the present location of the material shall be the actual delivered cost of the material to the seller.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1611]

BENNETT AND BRASSART COAL CO.

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of the Bennett and Brassart Coal Co., code member in District No. 15 for a reduc-

tion in the effective minimum price for ½" x 0 slack coals produced from the B & B Mine, Mine Index No. 1387, in District No. 15.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 19, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, at 536 Dwight Building, 1004 Baltimore Avenue, Kansas City, Missouri.

It is further ordered, That Charles O. Fowler or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 14, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of the Bennett and Brassart Coal Co., a code member in District No. 15, for a reduction, from \$1.35 per ton to 70 cents per ton, for ½" x 0 slack coals produced from the B & B Mine, Mine Index No. 1387, in District No. 15 for shipment by truck to all market areas.

Dated: September 16, 1942.

[Docket Nos. A-1559, A-1559 Part II]
DISTRICT BOARD 15
ORDER GRANTING RELIEF, ETC.

In the matter of the petition of District Board No. 15 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 15. In the matter of the petition of District Board No. 15 for the establishment of price classifications and minimum prices for the coals of the Moss & Hill No. 2 Mine and the Floyd Mine.

Memorandum Opinion and Order severing Docket No. A-1559 Part II from Docket No. A-1559 and granting temporary relief in Docket No. A-1559 Part II. The original petition in the above-entitled matter filed with this Division on July 28, 1942, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, prays for the establishment of temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 15.

As indicated in a separate order entered in Docket No. A-1559, a reasonable showing of necessity has been made for the granting of the relief prayed for by

the petitioner, except with respect to the establishment of permanent price classifications and minimum prices for the coals of the Moss & Hill No. 2 Mine (Mine Index No. 1627) of code member Moss & Hill (E. M. Moss) and the Floyd Mine (Mine Index No. 1623) of code member Floyd Rouse in Production Group 3 in District No. 15.

It appears that the coals of the Moss & Hill #2 Mine, located in Putnam County, Missouri, and the Floyd Mine, located in Adair County, Missouri, possess marketing factors and qualities similar to those of other coals heretofore classified and priced and presently being produced in those respective counties and that the minimum prices for the coals of the above-named mines, in the respective size groups, should correspond with those in effect for other coals produced in the same county for shipment by truck into all market areas. The coals produced in Adair County, Missouri, and previously priced for shipment by truck, are presently subject to the temporary minimum prices set forth in the Order entered October 29, 1940, granting temporary relief in Docket No. A-58. An anal-

ogous situation prevails as between the coals of the Moss & Hill #2 Mine and the previously priced coals produced from other mines in Putnam County, Missouri. The latter coals, for shipment by truck, are presently subject to the temporary minimum prices set forth in the Order entered December 7, 1940, in Docket No. A-179.

Pending final determination of the issues in Docket Nos. A-58, and A-179, a petition was filed in Docket No. A-492, wherein it was requested that the minimum prices made effective temporarily in Docket No. A-179 for the Putnam County coals be made permanent. Docket Nos. A-58, A-179 and A-492 were thereafter consolidated, but, in accordance with a request and stipulation filed therein by all the parties thereto, there has been no change in the above-mentioned Orders granting temporary relief and no permanent order has been entered in any of the above-numbered dockets.

In view of the foregoing, it is deemed advisable at this time to establish only temporarily the proposed price classifications and minimum prices for the coals of the Moss & Hill #2 Mine and the Floyd

Mine and that their permanent classification and prices should await final determination of the related issues raised in Docket Nos. A-58, A-179 and A-492.

Now, therefore, it is ordered, That the portion of Docket No. A-1559 relating to the coals of the Moss & Hill #2 Mine (Mine Index No. 1627) of code member Moss & Hill and the Floyd Mine (Mine Index No. 1623) of code member Floyd Rouse be, and it hereby is, severed from the remainder of that docket and designated as Docket No. A-1559, Part II.

It is further ordered, That pending final disposition of Docket No. A-1559, Part II, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 15 For Truck Shipments is supplemented to include the price classifications and minimum prices set forth below for the coals of the Moss & Hill #2 Mine (Mine Index No. 1627) operated by code member Moss & Hill and the Floyd Mine (Mine Index No. 1623) operated by code member Floyd Rouse for shipment by truck to all market areas:

JOHN P. PRUSHNOK

ORDER OF CONSOLIDATION AND ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petitions of John P. Prushnok, for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 1.

Original petitions, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

District Board 1 having petitioned for leave to intervene in Docket No. A-1538; and

An informal conference having been held in Docket No. A-1538, at which petitioner and District Board 1 were present; and

A Statement re Original Petition—Docket No. A-1538 having been filed on August 27, 1942, and a similar Statement in Docket No. 1589 having been filed on September 4, 1942, indicating that a question has arisen as to whether petitioner is the producer of the coals involved; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth rather than in the manner in which relief was requested; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That the above-entitled matters are herein consolidated.

It is further ordered, That pending final disposition of the above-entitled matter temporary relief be, and the same hereby is, granted as follows: Commencing forthwith the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck is supplemented to include the price classifications and minimum prices in the Schedule marked "Supplement R" annexed hereto and made a part hereof.¹

No code acceptances or necessary information having been filed for certain other mines for which petitioner re-

¹ Not filed with the Division of the Federal Register.

quests the establishment of price classifications and minimum prices, no relief is accorded to these mines.

Nothing contained herein shall be deemed to constitute an opinion with regard to the question whether or not John P. Prushnok is the operator of any of the mines for which price classifications and minimum prices are established or for which price classifications and minimum prices were requested.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of the Bituminous Coal Act of 1937 and the rules of the Division be held on October 9, 1942, at 10:00 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 2, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of John P. Prushnok for the establishment of permanent price classifications and minimum prices for the coals of certain mines in District No. 1 which are represented to be leased and operated by the said John P. Prushnok, and for the establishment of minimum prices for truck shipment for said mines.

Notice is hereby given that applications to stay, terminate, or modify the

temporary relief herein granted may be filed pursuant to the Rules and Regulations Governing Practices and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated September 16, 1942.

W. W. COFFEY

ORDER REVOKING AND CANCELLING
REGISTRATION OF DISTRIBUTOR

This proceeding having been instituted by the Bituminous Coal Division, pursuant to the Bituminous Coal Act of 1937 and § 304.14 of the Rules and Regulations for the Registration of Distributors, in order to investigate and determine whether W. W. Coffey, a registered distributor (Registration No. 1685), Lynchburg, Virginia, has violated certain provisions of the Act, the Marketing Rules and Regulations Incidental to the Sale and Distribution of Coal, the Rules and Regulations for the Registration of Distributors, and the Agreement by Registered Distributor;

A Notice of and Order for Hearing having been issued and respondent having filed an answer;

Pursuant to the Notice of and Order for Hearing, a hearing in this matter having been held before Travis Williams, a duly designated Examiner of the Division, at a hearing room thereof in Lynchburg, Virginia, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard, and at which respondent appeared;

The Examiner having filed his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendation in this matter on June 1, 1942, in which it was recommended that the proceeding in this matter be dismissed;

The undersigned having made Findings of Fact herein and having rendered an Opinion, filed herewith, rejecting the recommendations of the Examiner;

Now, therefore, it is ordered, That the registration of W. W. Coffey, as a registered distributor (Registration No. 1685) be and it hereby is revoked; that the respondent shall not, until the elapse of at least six months from the date of this order, petition the Division for registration as a registered distributor; that any application for registration subsequently filed by respondent shall be accompanied by an affidavit verifying that during the period respondent's registration as a registered distributor was revoked, respondent neither directly nor indirectly transacted business as a registered distributor nor received nor was promised any discount which distributors are entitled to receive by virtue of registration; and that satisfactory proof of the facts as set forth

in such affidavit be a further condition to registration of respondent as a registered distributor.

HAL MASSEY

NOTICE OF AND ORDER FOR HEARING

A complaint dated July 1, 1942, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been duly filed on July 1, 1942, by Bituminous Coal Producers Board for District No. 8 complainant, with the Bituminous Coal Division (the "Division"), alleging wilful violation by Hal Massey (the "Code Member"), of the Bituminous Coal Code (the "Code"), or rules and regulations thereunder:

It is ordered, That a hearing in respect to the subject matter of such complaint be held on October 24, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at Room 214, Post Office Building, Knoxville, Tennessee.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine

witnesses, to take evidence, and to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said Code Member and to all other parties herein and to all persons and entities having an interest in this proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Act, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the Code Member; and that failure to file an answer within such period, unless otherwise ordered, shall be deemed to be an admission of the allegations of the complaint herein and a consent to the entry of an appropriate order on the basis of the facts alleged.

Notice is also hereby given that if it shall be determined that the Code Member has wilfully committed any one or more of the violations alleged in the complaint, an order may be entered either revoking the membership of the Code Member in the Code and the Code Member's right to an exemption from the taxes imposed by § 3520 (b) (1) of the Internal Revenue Code, or directing the Code Member to cease and desist from violating the Code and regulations made thereunder.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Notice is also hereby given that any application, pursuant to § 301.132 of the Rules of Practice and Procedure before the Division for the disposition of this proceeding without formal hearing, must be filed not later than fifteen (15) days after receipt by the Code Member of the complaint herein.

The matter concerned herewith is in regard to the complaint filed by said complainant alleging that Hal Massey, a Code Member of Calloway, Kentucky, whose code membership became effective January 26, 1938, operating Mine Index No. 1532, located in Bell County, Kentucky, District No. 8, violated the Act, the Code

and the rules and regulations thereunder by:

(1) Selling during the period April 20, 1941 to April 28, 1941, both dates inclusive, to the Kentucky Home Coal Company of Pineville, Kentucky, approximately 285 tons of 1½" slack coal produced at the above-designated mine at a price of \$1.25 per net ton f. o. b. the mine for truck shipment, and during the period April 12, 1941 to April 22, 1941, both dates inclusive, to Isaac Slusher of Hulen, Kentucky, approximately 222.95 tons of 1½" slack coal produced at the above-designated mine at prices of 80¢ and 90¢ per net ton f. o. b. the mine for truck shipment, whereas the effective minimum price for said coal was \$1.80 per net ton f. o. b. the mine as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipment, resulting in violation of section 4 II (e) of the Act and Part II (e) of the Code; and

(2) Selling during the period April 20, 1941 to April 28, 1941, both dates inclusive, to the Kentucky Home Coal Company of Pineville, Kentucky, approximately 285 tons of 1½" slack coal produced at the above-designated mine for shipment by rail, and during the period April 12, 1941 to April 22, 1941, both dates inclusive, to Isaac Slusher of Hulen, Kentucky, approximately 222.95 tons of 1½" slack coal produced at the above-designated mine for shipment by rail, whereas prices, temporary or final, had not been established by the Division for said coal for rail shipment, resulting in violation of the Order in General Docket No. 19 dated October 9, 1940.

ORLAND IRRIGATION PROJECT

PUBLIC NOTICE OF ANNUAL WATER RENTAL CHARGES

AUGUST 28, 1942.

(1) Announcement is hereby made that, pending the cancellation of water rights on lands now delinquent in the payment of charges due the United States and the transfer of said water rights to other lands in private ownership that can be served from the constructed canal system, or minor extensions, on the Orland project, California, water will be furnished during the irrigation season of 1943 and thereafter until further notice, upon approved applications for temporary water service for the irrigation of such other lands, upon a water rental basis, at the following rates and terms.

(2) The minimum water rental charge for the lands to be irrigated under the provisions of this public notice shall be one dollar and sixty cents (\$1.60) per irrigable acre, which charge will permit the delivery of not to exceed three acre-feet of water per acre. Additional water will be furnished at the rate of forty cents (\$0.40) per acre-foot. The minimum charge defined above will be due and payable at the time that application for temporary water service is executed and no water will be delivered until the minimum charge has been paid in full. Charges for additional water at the rates above specified must be paid in advance of the delivery of additional water and no advance payment shall be accepted in sums of less than \$10.00 which would permit the delivery of 25 acre-feet at the rate specified.

(3) All charges for water rental service are to be paid to the Bureau of Reclamation, Orland, California. (Act of June 17, 1902, 32 Stat., 388, as amended or supplemented.)

INDIAN METALS COMPANY

ORDER DETERMINING MAXIMUM PRICE

Under date of July 30, 1942, Indian Metals Company, Lordsburg, New Mexico, applied to the Office of Price Administration for the determination of a maximum price at which it might sell its acid grade fluorspar from its plant at Lordsburg, New Mexico. The specifications of its product are a minimum of 98% calcium fluoride, and a maximum of 1% silica. Under the provisions of § 1376.1 (a) (3) of Maximum Price Regulation No. 126, the Office of Price Administration will determine the maximum price at which fluorspar of a particular grade may be sold by a producer when the conditions named in that Section exist. Due consideration has been given to that application, and an opinion in support of this Order No. 9 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under authority vested in the Price Administrator by the Emergency Price Control Act of 1942, it is hereby ordered:

¹ 7 F. R. 3189.

(a) Under the provisions of § 1376.1 (a) (3) of Maximum Price Regulation No. 126, issued April 28, 1942, the price of \$27.16 per ton f. o. b. Lordsburg, New Mexico, for acid grade fluorspar, the specifications of which are a minimum of 98% calcium fluoride, and a maximum of 1% silica, is determined to be a price in line with the level of maximum prices established by § 1376.1 of said Maximum Price Regulation for sales made by the Indian Metals Company, Lordsburg, New Mexico, and the maximum price at which said company may sell or deliver said grade of fluorspar.

(b) On or before October 15, 1942, and on or before the 15th day of each month thereafter, Indian Metals Company shall file with the Office of Price Administration, Washington, D. C., a detailed profit and loss statement covering operations in the preceding calendar month, and copies of all invoices for fluorspar sold during the same period.

(c) This Order No. 9 may be revoked or amended by the Price Administrator at any time.

(d) This Order No. 9 shall become effective September 17, 1942.

Issued this 16th day of September 1942.

producer when the conditions named in that section exist. Due consideration has been given to that application, and an opinion in support of this Order No. 8 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under authority vested in the Price Administrator by the Emergency Price Control Act of 1942, it is hereby ordered, That:

(a) Under the provisions of § 1376.1 (a) (3) of Maximum Price Regulation No. 126, issued April 28, 1942, the price of \$27.16 per ton f. o. b. Los Lunas, New Mexico, for acid grade fluorspar, the specifications of which are a minimum of 98% calcium fluoride, and a maximum of 1% silica, is determined to be a price in line with the level of maximum prices established by § 1376.1 of said Maximum Price Regulation for sales made by Navajo Fluorspar Mines, Indiana, Pennsylvania, and the maximum price at which said company may sell or deliver said grade of fluorspar.

(b) On or before October 15, 1942, and on or before the 15th day of each month thereafter, Navajo Fluorspar Mines shall file with the Office of Price Administration, Washington, D. C., a detailed profit and loss statement covering operations in the preceding calendar month, and copies of all invoices for fluorspar sold during the same period.

(c) This Order No. 8 may be revoked or amended by the Price Administrator at any time.

(d) This Order No. 8 shall become effective September 17, 1942.

Issued this 16th day of September 1942.

[Order 16 Under Supplementary Regulation 1¹—General Maximum Price Regulation]

TRIANGLE SALES CORP.

DISAPPROVAL OF REGISTRATION

An opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

The following corporation applied for registration and approval of the Office of Price Administration in order that its sales and deliveries might be excepted from the provisions of the General Maximum Price Regulation pursuant to § 1499.26 (b) (1) of Supplementary Regulation No. 1: Triangle Sales Corp., 11 Market Street, Lynn, Massachusetts.

Due consideration has been given to the application for registration and approval of Triangle Sales Corp. and it has been found that said corporation does not meet the requirements of § 1499.26 (b) (1) of Supplementary Regulation No. 1. Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 it is hereby ordered:

(a) That the said application for registration and approval of Triangle Sales Corp., 11 Market Street, Lynn, Massachusetts, be, and the same is, denied and disapproved.

(b) This Order No. 16 shall become effective September 18, 1942.

Issued this 17th day of September 1942.

order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania.

All interested persons are referred to said declarations or applications, which are on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Androscoggin Mills, Bates Manufacturing Company, The Edwards Manufacturing Company, Hill Manufacturing Company, and York Manufacturing Company, all non-utility subsidiary companies of New England Public Service Company, a registered holding company, each proposes to issue promissory notes from time to time to The First National Bank of Boston or other banks or trust companies for the purpose of evidencing borrowings to obtain working capital. The maximum principal amount of notes to be outstanding at any one time is \$500,000 in the case of Androscoggin Mills, The Edwards Manufacturing Company, Hill Manufacturing Company and York Manufacturing Company and a maximum amount of not to exceed \$1,000,000 in the case of Bates Manufacturing Company, which maximum amount in the case of Bates Manufacturing is inclusive of promissory notes in the aggregate principal amount of \$825,000 issued and outstanding as of August 8, 1942 and held by said The First National Bank of Boston.

It is stated that it is proposed that these promissory notes in the case of each Company shall be short-term, issued when the Company needs additional current funds, and be paid or renewed, as the case may be, at the end of the term, the result being in each case a revolving issue of notes with the aggregate amount outstanding at any one time fluctuating according to the credit requirements of the particular Company but exceeding at no time the aggregate amount herein proposed to be issued by each Company.

COMMUNITY POWER AND LIGHT CO., ET AL.
ORDER EXTENDING TIME IN WHICH TO COMPLY WITH PREVIOUS ORDER

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 14th day of September 1942.

In the matter of Community Power and Light Company, the Kansas Utilities Company, et al., The United Light and Power Company, Continental Gas & Electric Corporation, and Eastern Kansas Utilities, Inc., et al. (Public Utility Holding Company Act of 1935).

The Commission having heretofore on the 16th day of July 1942, entered an order approving application Number 9 filed by Continental Gas & Electric Corporation and Eastern Kansas Utilities, Inc., permitting the acquisition by Eastern Kansas Utilities, Inc., of the assets of The Kansas Utilities Company, the issuance and sale by Eastern Kansas Utilities, Inc., of \$990,000 principal amount of its First Mortgage Bonds to The Northwestern Mutual Life Insurance Company, and the issuance of 12,500 shares of the common stock of Eastern Kansas Utilities, Inc., to Continental Gas & Electric Corporation; and

Continental Gas & Electric Corporation and Eastern Kansas Utilities, Inc., having filed an application on September 9, 1942, requesting that the sixty day

period prescribed by Rule U-24 in which to comply with said order of July 16, 1942, be extended for an additional period of sixty days from September 14, 1942; and

The sale of assets by The Kansas Utilities Company being involved in the Plan of Integration and Simplification of Community Power and Light Company and its subsidiary companies, which it is represented, cannot be consummated within the period of sixty days following the entry of the order dated July 16, 1942; and

The Commission having considered the matter, and deeming it appropriate in the public interest and in the interest of investors and consumers to grant said extension of time;

It is hereby ordered, That the time for the consummation of the transactions authorized by our order of July 16, 1942, be, and the same is hereby extended an additional sixty days from September 14, 1942.

UNITED LIGHT AND POWER CO., ET AL.
ORDER GRANTING EXTENSION OF TIME FOR COMPLIANCE, ETC.

In the matter of the United Light and Power Company, The United Light and Railways Company, American Light & Traction Company, Continental Gas & Electric Corporation, Iowa - Nebraska Light and Power Company, respondents; The United Light and Power Company and its subsidiary companies; respondents, and The United Light and Power Company, applicant. (Public Utility Holding Company Act of 1935).

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 14th day of September, 1942.

The Commission having heretofore on the 17th day of July 1942, entered an order approving Application Number 10 filed by The United Light and Power Company, The United Light and Railways Company and Continental Gas & Electric Corporation permitting Continental Gas & Electric Corporation to sell all of its interest, consisting of capital stock, notes and open account indebtedness in Panhandle Power and Light Company, Cimarron Utilities Company and Guymon Gas Company, to Community Power and Light Company, a non-affiliated registered holding company; and

The United Light and Power Company, The United Light and Railways Company and Continental Gas & Electric Corporation having filed an application on September 9, 1942, requesting that the previous order of July 17, 1942, be amended to the extent necessary to permit Continental Gas & Electric Corporation to sell its aforesaid interest in Panhandle Power and Light Company, Cimarron Utilities

Company and Guymon Gas Company to The Kansas Utilities Company, a subsidiary of Community Power and Light Company, as assignee of the contract between Continental Gas & Electric Corporation and Community Power and Light Company for the sale of such interest; and

Said applicants having also requested an additional period of sixty days from September 15, 1942 in which to comply with said order of July 17, 1942, and with such order as the Commission may enter amending said order; and

The application stating that the change in the proposed purchaser of Continental Gas & Electric Corporation's interest in the aforesaid companies is necessary to the consummation of Com-

munity Power and Light Company's Plan of Integration and Simplification now pending before the Commission, and that applicants have found it impossible to carry out their proposals within the period of sixty days following the entry of the order dated July 17, 1942; and

The Commission having considered such requests and representations, and finding that the same is not unreasonable and that the granting of such requests would not be detrimental to the public interest or the interest of investors or consumers;

It is ordered, That said order of July 17, 1942, be, and it is hereby amended in the following respects:

The sentence beginning at line 11 of page 9 is amended to read:

Cimarron Utilities Company and Guymon Gas Company, to The Kansas Utilities Company, as assignee of the contract between Continental Gas & Electric Corporation and Community Power and Light Company, for a consideration of \$7,250,000 cash, subject to certain adjustments; and * * *

It is further ordered, That applicants be, and they are hereby granted an additional sixty days from September 15, 1942, in which to complete compliance with Commission's order of July 17, 1942, and this order amending said order.

By the Commission.
