**Minimum Wages for Federal and  
Federally Assisted Construction**

**DEPARTMENT OF LABOR****Employment Standards  
Administration, Wage and Hour  
Division****Minimum Wages for Federal and  
Federally Assisted Construction;  
General Wage Determination  
Decisions**

General wage determination decisions of the Secretary of Labor specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of the character and in the localities specified therein.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's order No. 24-70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of part 1 of subtitle A of title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138) and of Secretary of Labor's Orders 12-71 and 15-71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determination frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions are effective from their date of

publication in the *Federal Register* without limitation as to time and are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision together with any modifications issued subsequent to its publication date shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR, Part 5. The wage rates contained therein shall be the minimum paid under such contract by contractors and subcontractors on the work.

**Modifications and Supersedes  
Decisions to General Wage  
Determination Decisions**

Modifications and supersedes decisions to general wage determination decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since the decisions were issued.

The determinations of prevailing rates and fringe benefits made in the modifications and supersedes decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24-70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of part 1 of subtitle A of title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138) and of Secretary of Labor's orders 13-71 and 15-71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in foregoing general wage determination decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Modifications and supersedes decisions are effective from their date of publication in the *Federal Register* without limitation as to time and are to be used in accordance with the provisions of 29 CFR Parts 1 and 5.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is

encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Office of Government Contract Wage Standards, Division of Government Contract Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rulemaking procedures prescribed in 5 U.S.C. 553 has been set forth in the original General Determination Decision.

**New General Wage Determination  
Decisions**

None.

**Modifications to General Wage  
Determination Decisions**

The numbers of the decisions being modified and their dates of publication in the *Federal Register* are listed with each State.

## Building Construction

Group 1: Helicopter Operator, hoisting material; Truck and Crawler Cranes over 150 ft. boom, excluding job; Traveling Tower Cranes; Group 2: Derrick, Guy or Stiff Leg; Tower Cranes; Overhead Cranes; Hoist Operator - 2 drums or more; All-Terrain Vehicle Cranes (Cherry Picker, etc.); Tractors with boom attachments; Drill Rigs - Rotary or Churn; Locomotive Operators; Hydraulic and Cable-type Backhoes 3/4 yards and over; Truck and Crawler Cranes 150 ft. boom and under, excluding jobs  
Group 3: Mechanic Welder; Hoist Operator 1 drum; Boom Truck Operators; Tractor over 75 HP; Straddle Carrier or Forklift, 3,000 lbs. or over; Concrete Batch Plant Operator; Concrete Batch Mixer or Concrete Pump Operator; Boiler Operator; R/T Tractor Backhoe, 3/8 or 3/4 Yards; Front End Loader Operator over 1½ Yards; Any air compressor operation over 300; Well Points; Power Plant Engineer, Oiler

**POWER EQUIPMENT OPERATORS (Cont'd)**  
Building Construction (Cont'd)

Group 4: Greaser; Forklift under 3,000 lbs.; Self-propelled Scissor Jax; Front End Loader 1½ yards and under; Pickup Sweeper; Piled Compactors; Tractor 75 HP and under; Pickup Sweeper; Pump Operator over 3"; Gunite Operator; Brakeman; Air Compressor 300 and under

**Site Preparation Excavation and Incidental Paving**

Group 1: Cableway Operator; Crane Operator with over 135' boom, all types; Derrick (Guy and Stiff Leg) (power) skids and stationary; Front End Loader, over 10 cu. yds.; Gantry Crane Operator; Helicopter Operator; Mole Operator, including power supply or Tunnel Mucking machine; Power Shovel and/or other equipment with shovel type controls 3½ cu. yds.

Group 2: Concrete Mixer Stationary Plant Operator over 34E; Dredge Operator or Engineer; Dredge Operator (power and engineer); Elevator Grader Operator; Locomotive; Crane Operator; Master Mechanic; Mixer (paving); Concrete Paving Operator, road; Power Shovel and/or other equipment with Shovels, and/or other equipment with shovel type controls up to 3½ cu. yds.; Scraper Tandem; Tandem Pusher; Quad 9 or similar; Tractor Operator (pipeline); Side Boom; Truck Crane Hydrocore Operator, 15 ton and over

Group 3: Dope Machine Operator (pipeline); Drill Rigs, Heavy Duty Rotary or Churn or Cable Drill; Front End Loader Operator, 6 cu. yds. and over; Locomotive, all types; Pipeline wrapping, cleaning, and bending Machine Operator; Power actuated Horizontal Boring Machine, over 6" Operator (pipeline); Pumpcrete Operator; Refrigeration Plant Engineer; Slip Form Operator (power driven) (paving); Tandem Scraper - twin engine, 50 cu. yds. struck and over

Group 4: Asphalt Paving Machine Operator, Asphalt Plant Operator and Console Board Operator; CMI Grading Operator; Crushing Plant Operator (gravel and stone or gravel washing, crushing and screening Plant Operator); Front End Loader Operator, 1 cu. yd. up to 6 cu. yds.; Grader or Motor Patrol, finishing earth work and bituminous; Mechanic or Welder (heavy duty); Rubber-tired Industrial Tractor with Backhoe attachment (water main sanitary sewer and storm sewer, truck line construction); Scraper Operator; Tractor type or rubber tired Dozer, D-6 and over; Trenching Machine Operator, sewer and water (except Ditch Witch or similar, use Oiler rates); Turnapull Operator (or similar type)

**POWER EQUIPMENT OPERATORS (Cont'd)**  
Site Preparation Excavation and Incidental Paving (Cont'd)

Group 5: Concrete Distributor and Spreader Operator, Finishing Machine Longitudinal Float Operator; Ft. Machine Operator and Spray Operator, Concrete Mixer Operator on job site 165' or over, Paving Breaker or Tamper Machine Operator including Machine with power shovel attachment (power driven), power actuated Jack Operator, Power Plant Engineer 10 K.W.H. and over (when an Engineer is in charge of crushing or blacktop plant with the operation of these plants no power plant engineer shall be required); Push Tractor, self-propelled Traveling Soil Cement Stabilizer, Truck Mechanic

Group 6: Concrete Saw Operator (multiple blade) (power operated); Distributor Operator; Fine Grade Machine; Roller, steel and self-propelled rubber, on hot mix asphalt paving; Sheepsfoot Raker with Dozer attachment tractor type or rubber tired Dozer under D-6 HP Group 7: Brakeman or Switchman; Concrete Batch Plant Operator (cement, rock and sand); Electronic, Concrete Mixer Operator on job site under 165'; Crane Truck Oilier; Grader Operator (Motor patrol) (hauling road); Gravel Screening Plant Operator (portable unit, crushing or washing); Greaser (truck or tractor); Gunite Operator, gunite Hoist Engineer; Launcherman (Tankerman or Pilot license); Pick-up Sweeper, 1 yd. and over Hopper capacity; Shouldering Sand Chip Spreader; Flakerty or similar; Sheepsfoot Roller or Compactor (self-propelled)

Group 8: Boom Truck Operator, Crawler type and/or Steiger or similar tractor pulling compaction or creating equipment, Farm type rubber tired tractor with Backhoe attachment, off-road self-propelled rubber, on either hot mix asphalt paving, self-propelled Vibrating Packer Operator, pad type 35 HP and over

Group 9: Concrete Batch Operator (cement, rock and sand) (manual); Form French Digger (power); Front end Loader Operator, up to 1 cu. yd.; Hyster Carrier or Forklift; Leverman; Oilier (power Shovel); Crane, Dragline; Pugmill Operator; Pugmill Broom

Group 10: Conveyor Operator; Curb Machine Operator (manual); Dredge Dock, hand; Farm Tractors, rubber-tired for compacting and creating; Front End Loader (Farm type rubber tired tractor); Paint Machine Stripping Operator; Sump Chipper Operator; Tie Tamper and Ballast Machine Operator

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR, 5.5 (a) (1) (iii))

## POWER EQUIPMENT OPERATORS (Cont'd)

STATE: Texas

DECISION NUMBER: TX80-4076

Supersedes Decision No. TX80-4004, dated January 4, 1980, in 45 FR 138.

**DESCRIPTION OF WORK:** Building Projects (does not include single family homes & apartments up to and including 4 stories).  
 (Use current heavy and highway general wage determination for Paving and Utilities Incidental to Building construction).

**Group 1:** Heavy Duty Mechanic; Blade Grade, self-propelled;  
 Bull Clam; Back Filler; Derrick - power operated, all types;  
 Draglines; Push Cat; Bulldozer and all types of Cat Tractors;  
 Cableway; Backhoe; Shovel; Crane-power operated, all types;  
 Elevating Grader, self-propelled; Hoist - motor driven, two drums or more; Mix Mobile; Winch Truck; Locomotive Crane; Mixer, 14 cu. ft. or more; Paving Mixer; All sizes; Pile-drivers; Scraper - heavy type, over 3 cu.yds.; Trench Machine, all sizes; Gradeall; High-lift; Foundation Boring Machines; Gasoline or diesel driven welding machines - 7 to 12 machines; Pumpcrete Machine; Drill Operator - Water Well; DW10 Euclid; Tournapulls; Asphalt Plants; Crushing Machines and Batch Plants; Scoopmobiles; Forklift Operator; Elevator when used to haul men or material on construction work; Well Point System and operation of similar dewatering devices

**Group 2:** Air Compressor; Blade Grade - towed; Flex Plane; Form Grader; Mixer, less than 14 cu. ft.; Pump, Pulsometer; Truck Crane Driver; Gasoline or diesel driven welding machines, 3 to 6 machines; Hoist - single drum; Scraper, 3 cu. yds. or less; Conveyors - power operated

**Group 3:** Fireman**Group 4:** Oiler

GROUP 4	9.97	*40				
	8.75	*40				
	8.64	*40				

## POWER EQUIPMENT OPERATORS CLASSIFICATION DEFINITIONS

GROUP 1 - Heavy duty mechanics; blade grader - self-propelled; bulldozer; backfiller; derrick; power operated (all types); all types of cat tractors; cable-way; back hoe; crane, power operated (all types); elevating grader; self-propelled; hoist, motor driven, two drums or more; mix mobile; high-lifts & loaders, over 1/2 cu. yd. capacity; winch truck; locomotive; mixer, 14 cu. ft. or over; paving mixer (all sizes); scraper; trenching machine (all sizes); gradall; foundation boring machine; scarpomobile; shovel; power operated; pumpcrete welding machine; clam shell; operator; rock crusher, operated on job points, including installations

GROUP 2 - Blade grader, towed; flex plane; form grader; mixer, less than 14 cu. ft.; pulsometer; truck crane driver & oiler, combination man, gasoline or diesel driven welding machine, 3 to 6 hoists, single drum; pump, 2½ in. or larger, pneumatic, roller; high-lifts & loader, 1/3 cu. yd. or less; forklift, 1500 lbs. capacity or less; air compressors, anytime there are two or more attachments operating on a 125 cu. ft. compressor, a light equipment operator shall be employed. One 125 cu. ft., air compressor and one welding machine requires no operator. One 125 cu. ft. compressor and two welding machines or any 2 air compressors equivalent to a 125 cu. ft. air compressor requires a light equipment operator

GROUP 3 - Fireman

GROUP 4 - Oiler
