CADET ADMINISTRATION

MAJOR GEORGE A. BOSCH
Commandant of Cadets

The names and faces, the duties and scenes we see from day to day, are commonplace now. But in the years to come, as new events take their place in the foreground of our activity and time dims the memories of the past, this volume will bring many pleasant recollections . . . For the humor of today will ripen with the years, and the troubles that beset us now will be humorous trivials tomorrow.
