Memorandum for Record
Subject: Taxation of Koreans

Memorandum of Conference held 29 January 1947, 09:30.

Present: Messrs. Youn, Ken — Chairman of the League of Koreans residing in Japan
Un, Woo Uem — Assistant Chief of the Foreign Affairs Section of the League of Koreans (Interpreter)
Pek, Moo — Assistant Chief of the Foreign Affairs Section of the League of Koreans
Kim, Yong Kuk — Chief, General Affairs Dept, League of Koreans
Lee, Chong Tai — Secretariat, League of Koreans

Mr. W. H. Fielding, Chief, Korean Division, Govt. Sec.
Lt Col, Kasser, Laision O, HQ, USAFIK
Major K. J. Goff, Chief, Liaison O, USAMGIK
Capt. Joseph A. Mertaus, Korean Division, Govt. Sec.

Mr. Fielding asked certain questions of Mr. Un, who in turn interpreted the questions to his committee and gave their comments.

What method of control has the League over its prefectural organizations (branches)?

Each district has its own executive committee. About that committee, there is a Central Executive Committee in Tokyo. This committee meets four times a year in Tokyo.

Do these prefectural executive committees work independently? Do they issue instructions and take action by themselves without consulting the Central Executive Committee in Tokyo?

To a certain extent, although the standing committee in Tokyo has certain powers above those of the local committee. We can call the Central Executive Committee together for special conferences, although its regular meetings are every 90 days.

At these committee meetings held four times a year, you go over what the branches have done and issue general instructions?

Yes, at these meetings we issue general instructions.

Mr. Fielding expressed a desire to meet with the Central Executive Committee as soon as possible as they appear to be the people in authority.

They are not all in Tokyo. The members are selected from members of the prefectures.

Encl 3

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

How many people are in Tokyo who are members of the Central Executive Committee?

There is a total of 139 members, 40 of whom are in Tokyo.

Now Mr. Un, I want you to pass on to the Executive Committee and to the branches what goes on here today.

You are, of course, familiar with the circular which was issued by your Yamaguchi Prefectural Headquarters to the chiefs of the branch committees in December telling these branch committees to tell their members not to pay certain Japanese taxes (citizen taxes).

We have no information about Yamaguchi District Office, but we came here to see Mr. Burness regarding the citizen tax in Japan.

(Note: Mr. Burness is in charge of Operations, Korean Division, Government Section, SCAP).

When did you see Mr. Burness?

About the 15th of December.

Have all prefectural headquarters now been advised that their members must pay the taxes?

Yes, that is correct.

This is one of several of this type of instruction sent out by various headquarters instructing their members to resist Japanese laws which have been approved by Eighth Army Military Government.

We do not think that the prefectural district offices can carry out their own program without our instructions. If such is the case, we send out a letter of instruction.

But they do carry out their own programs, Mr. Un. This circular from your Yamaguchi Branch is an example of it. And as another example, I give you the resistance to a recent order calling for all Koreans in Japan to register. This registry scheme was approved by MG, yet instructions were sent out by the League in the Osaka area to pay no attention to the registry instructions. That is not the way to get what you want. If you feel that any regulations are not fair, then you have full access to Major Goff's office to discuss the matter. We will not tolerate any organization sending out instructions to their people in Japan to resist orders of the MG.

It is natural that we can not make any instructions against the Military Government, but in all cases at the beginning

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

we opposed the Japanese policy to force us to carry out the program.

Mr. Un, we have a dual function here. We are responsible for the Military Government of Japan on the one hand and the occupation of Korea on the other. There are some 560,000 Koreans here in Japan and they should certainly be interested in the welfare of their own country. The United States is committed, as you know, to bring about a free and independent Korea at the earliest possible time and General Hodge and his force is working very hard to accomplish this.

But we Koreans in Japan feel that we are a liberated people and should be treated better by the Japanese.

Korea is a liberated country and people who live in Korea are liberated people. You must remember, though, that your people have chosen to live in this country. It must be to their advantage to live here or they wouldn't stay; therefore, they must abide by the laws of this country. I repeat, if there are any injustices done you here, you have access to Eighth Army Military Government, or Mr. Goff's office.

We agree with you and are trying to cooperate with Major Goff who is looking after the Koreans here.

As long as these things happen, you will have to tighten up your control of these branches, and they are happening. You need better control over these organizations. How many members do you have?

More than 550,000.

Well, if you undertake responsibility for an organization that large, you must also undertake to control its activities. Otherwise, you have no reason for existence. Have you any questions on that?

We, as the standing committee members, recognize the point brought out, but an organization which can not conquar all members can not help the individuals. The Korean League started after the Liberation. We lack talent in organizing. But we are overcoming this obstacle and can now help individuals and cooperate more fully with the Military Government.

In an organization that large, we realize that you can't control the actions of the individual members. You can set up the organization to control your official branches. You can also control the publications you put out.

We believe that we can control our individual branches.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

I want you to talk to your executive committee here in Tokyo and have them put out definite instructions to the branches explaining their obligations to Eighth Army Military Government in Japan and Korea. America has a large force of people in Korea with the ultimate purpose of making Korea independent. It is to every Koreans advantage to see that mission accomplished. We can get a lot of help from a group as large as yours, but we are determined that no organization, Korean or Japanese, will interfere with the MG.

We thank you for your kind advice to Koreans. We try to make Korea better. Koreans are trying to be good citizens and good countrymen. We try to have a good government.

I am sure you are trying to do all you can, but I think you can do more with respect to these branches. There is no excuse for these instructions going out from your own branches. You must understand what we are trying to do here and in Korea and take steps within your own organization to keep these things from happening.

Let us get a clear understanding of what we have decided:

1. Eighth Army and SCAP are responsible for the military occupation in Japan. There are laws here that we think are reasonable, otherwise they would not be approved by the Military Government. Being reasonable, they must be obeyed.

2. If there are injustices among the members of your organization you have a way to appeal them. SCAP will take action to investigate and correct any of these injustices.

3. If you have an organization that has such a wide membership as this, you must have the machinery to control the organization, otherwise you have no right to exist. SCAP will look to your organization, whether it is your committee or the Executive Committee in Tokyo, to control all of your branches.

Please repeat to me those points to be sure all of you have a clear understanding of them.

(Mr. Un repeated each point from notes taken by the Chairman of the League.)

Do you have any other questions?

No.

Again I want to stress that this is a United States Military Government of an enemy country and we will tolerate no interference of any kind in carrying it out. Remember, you have a good country over there in Korea and people like you are needed over there to help put Korea back on its feet.

Meeting adjourned at 10:35.

GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS, APO 500, 27 August 1946.

To: Commanding General, Eighth Army, APO 343

1. Reference is made to the following:

a. Memorandum for the Imperial Japanese Government, file AG 015 (19 Feb 46) LS, (SCAPIN-756), dated 19 February 1946, subject: "Exercise of Criminal Jurisdiction."

b. Memorandum for the Imperial Japanese Government, file AG 015 (19 Feb 46) LS, (SCAPIN-757), dated 19 February 1946, subject: "Review of Sentences Imposed upon Koreans and Certain Other Nationals"

c. Memorandum for the Imperial Japanese Government, file AG 370.05 (7 May 46) GC, (SCAPIN-927), dated 7 May 1946, subject: "Repatriation", as amended.

d. Letter from the Supreme Commander for the Allied Powers, file AG 014.33 (8 Aug 46) GC, dated 8 August 1946, subject: "Repatriation to and from Korea".

2. The Repatriation Program provides sufficient shipping to discharge the obligation of the Supreme Commander for the Allied Powers to repatriate all Koreans formerly resident in Southern Korea in Japan, on a purely voluntary basis, by 15 November 1946. The enforced repatriation of Koreans, even though they have previously expressed a desire to be repatriated, is undesirable since the political repercussion resulting from such a program could be seized upon by dissident elements and might cause irreparable harm to the successful accomplishment of missions assigned to the Supreme Commander for the Allied Powers and the Commanding General, United States Army Forces in Korea.

3. As indicated in reference paragraph 1 a above, Korean nationals in Japan are subject to Japanese Law. Koreans who voluntarily continue to reside in Japan or who do not accept repatriation under the existing repatriation program are considered as retaining their Japanese Nationality, pending such time as a duly established Korean Government accords recognition to each individual concerned as a Korean national.

4. The responsibility for suppressing unlawful activities of any Koreans so engaged properly rests with the Japanese law enforcement agencies.

BASIC: Ltr, Hq 25th Inf Div, APO 25, 10 July 1946, subject: "Disorders Caused by Koreans", to GHQ, SCAP.

5. It is believed that the undesirable situation can be corrected by more active supervision of the Japanese civil police force, to the end that the enforcement of the Japanese law is applied to Koreans refusing repatriation in the same manner as it is applied to Japanese nationals.

6. In reference paragraph 2 b, 2nd Indorsement, the League of Koreans Residing in Japan, Youth Organization for the Reconstruction of Korea, and New Korea Establishment League have been under investigation for subversive activities since 15 June 1946, Specific instances of undesirable activities engaged in by these organizations should be promptly reported to local Counter Intelligence Corps units.

Serial No. 5086

SUBJECT: Korean Situation in Northern Kyushu.

TO : Commanding Officer, Kyushu Military Government Region, APO 929.

1. The Mayors of Moji, Kokura, Tobata, Yawata, and Wakamatsu recently requested a meeting with the Commanding General, 24th Division, which was granted, and held on 211030 September 1946. The Commanding Officer of Kokura Military Government Detachment, and Governor Noda of Fukuoka Ken, were present.

2. The following is a summary of the problems and conditions presented by this group:

a. There are approximately 15,000 Koreans in the area of Moji, Kokura, Yawata, Tobata, and Wakamatsu. Out of this group those that have families or other responsibilities give little trouble, but the rest, which comprise a large number are continually breaking the law.

b. The Mayors stated that the living habits of the Koreans are unsanitary, and that the Korean population groups constitute a definite and considerable health hazard.

c. The Mayors also stated that despite repeated lectures and warnings issued by the Japanese authorities to these Koreans, the group in question persist in continuing to disregard the authorities and do nothing to try to become responsible members of their respective communities.

d. The 5 Mayors believe that the best solution to the situation is to repatriate the offending Koreans back to Korea as they are apprehended. The committee requested the authority to take this action.

e. The Mayors also requested that the Commanding General, 24th Division, forward the results of this meeting to higher Headquarters.

3. In view of the requests made in Par 2 (d & e) the Commanding General 24th Infantry Division suggested that I furnish you a copy of what transpired at the meeting since this is a function of the Military Government. It is further recommended that you furnish a copy or prepare a letter informing the next higher command of what took place at this meeting.

THE IMPERIAL JAPANESE GOVERNMENT

TO : KYUSHU MILITARY GOVERNMENT REGION HEADQUARTERS AND HEADQUARTERS DETACHMENT

FROM : Kyushu Central Liaison Office, Fukuoka, Kyushu

SUBJECT: REPATRIATION OF KOREANS ILLEGALLY ENTERED INTO JAPAN

KCLO NO. 58 3 September 1946

The Kyushu Central Liaison Office submits a petition to the Kyushu Military Government Region Headquarters and Headquarters Detachment and wishes to state that the number of Koreans illegally entered into Japan and concentrated at KARIO and URAGASHIRA districts in Nagasaki Ken for repatriation has increased tremendously of late and reached to fourteen thousand five hundred and two (14,502) as of August 18, 1946.

In view of the fact that current occurrences in succession of cholera epidemics among those Koreans will necessarily delay their departure from districts above mentioned for an uncertain period, Nagasaki Ken found it extremely difficult to continue provisions supply and police protection and guard for those Koreans of such a fairly large number and to take adequate epidemic prevention measures.

Under the circumstances, it is earnestly desired that the United States Occupation Army Authorities concerned, will, through Your good offices, kindly take necessary measures (1) to expedite repatriation, (2) to reinforce the Japanese Police Force, at present below of the normal standard of efficiency, with as many United States Military Police as possible and assign them guards on board repatriation ships and (3) to suspend to forward to Nagasaki Ken for detention Korean Stowaways from other Kens until such a time when repatriation made a progress and the number of those already detained at Nagsaki Ken be decreased to a certain extent.

Your kind consideration and help on this matter shall be highly appreciated by this office.

SUBJECT: Korean Stowaways in Japan

TO : Commanding General, I Corps, APO 301
Attn: Military Government Officer

1. Mr. Cho Rin Sik, Head of the Kyushu Headquarters of New Korea Establishment League, who is known to this headquarters, made a report as to his findings concerning the causes for the illegal entry of Koreans into Japan.

2. A request for a written report on this matter was made and the report as Inclosure 1 is submitted hereto for your information.

3. From investigations made by this headquarters it appears that most of the illegal entry of Koreans to Japan is based upon economic factor rather than a desire to live in Japan proper.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

A REPORT ON STOWAWAYS

Right along with the Korean stowaways to Japan which show remarkable increase in number, much confusion and consternation are experienced. The conditions of the stowaway camp at Uragashira, Minami-kazezaki, Nagasaki Prefecture are as follows:

There are 2,000 stowaways as of 30 July and out of this number 1,440 are segregated due to cholera.

On 9 August the number detained reached 4,000 with a daily increase of about 100 on an average. There is not much difference in the number of stowaways and those repatriated to Korea. There is no telling as to when the evacuation of Koreans from Japan will be completed.

The Causes and Purposes of Stowaways

1. These stowaways are all former residents of Japan, and 80% of the entire stowaways come to Japan on account of hard living and for the procuration of daily food.

a. Most of them have been repatriated from Japan with real estate, property or savings and deposits in Japan. They left Japan, under this condition, for Korea with about ¥1,000 in cash. However, on their arrival at Korea, they found that they were out of money and domestic daily necessities, and what is more, they had to pay up to ¥1,000 for half a bushel of rice. This means they could not live a month with the money they had brought with them. Although there are some organizations which had been found with a view to help those repatriates, their existence is just nominal and formal. The Korean Government is so short of income that its employees' salaries are not paid (most of the time). There are no jobs for them even though they look for such. For those who want to be agrarians, there is no lot,—even if they have some lots and paddy-fields, they do not have enough food or money to last a year. This being the condition, they ultimately come to Japan with a view to turning their real estate, savings, etc. into cash to live.

b. At the time of their repatriation from Japan, the amount of Bank of Japan notes they carried with them reaches some billion, but those notes are not usable in Korea.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

2. There are some who stowaway to Japan under impelling circumstances which is about 10% of the entire stowaways.

a. An example of this is: Prior to their repatriation to Korea, a husband, parent or a son first repatriated, leaving the family in Japan, in order to prepare family repatriation en bloc. So the "harbingers" naturally wish to return to Japan after preparation is done or if they find that living in Korea is impossible.

3. There are those who come to Japan to buy goods. This is about 10% of the entire stowaways. Some of them had sold their home-goods, clothing and raised cash with which to pay fees for stowawaying. It is supposed that each paid about ¥1,000 per caput for their passage. Owing to the fact that the Korean Police and their vigilance over the stowaways are very strict, it takes quite a long time in obtaining their passage. This is followed by undernourishment, because during their wait for passage, they must spend mealless days. This is the reason why some of them are found with bad health when they are caught here in Japan. Among those stowaways are found children, women and entire members of families.

It is hoped and considered essentially important, therefore, to return those "internees", and at the same time, prevention of future stowaways must be done. The present heat may cause total death of those who are placed in camps.

SUBJECT: Special Report on Riot of Koreans Held for Repatriation at Kashii Detention Camp

TO : Commanding Officer, Kyushu Military Government Region, Hq & Hq Det.

1. Due to the ever increasing number of Koreans being smuggled into Fukuoka Ken, it has been necessary to set up a detention camp at Kashii in which to hold them pending their repatriation to Korea. Among this group of Koreans, there have been several cases of cholera and it has been necessary to have this entire area under quarantine.

2. At 1545, 12 August 1946, this office received a call from the Provost Marshal, 24th Div Artillery, reporting that approximately 450 Koreans had left the detention camp at Kashii and were staging a demonstration along the highway and refused to return to the camp, demanding to speak to a representative of Military Government.

3. The undersigned officer requested the Provost Marshall to send sufficient troops to the area to force the Koreans back into the camp area and also notified the chief of the Fukuoka Ken police to dispatch additional police to the area. Upon arrival at the detention camp, I found that the Provost Marshal and his troops had the situation under control and that all Koreans were back in the detention camp and that the police were holding five Koreans that had been selected by the Koreans as their spokesmen.

4. The complaints of the Koreans are entirely without foundation, and it is the opinion of this office that the riot was instigated by members of the local Korean league.

5. Plans have been made to ship the entire group including the five spokesmen to Horic Repatriation Center near Sasebo on 14 August 1946.

Subject : Illegal Actions Committed by Korean Groups.

To : Commanding Officer, Kyushu Regional Military Government Hq & Hq Detachment, APO 929.

1. In compliance with your TWX dated 21 June 1946, the following information is submitted relative to illegal actions committed by Koreans nationals and groups disregarding the occupation forces' orders or the Japanese laws since 1 March 1946.

2. The following report is a report submitted by the Chief of Police of the Oita-ken Government.

a. Illegal confinement offense: Kin Sho Kai, a Korean now detained in Nagasu Police Station as thief, had long been a patron of Mitsuyo Zaimae, a waitress employed by Kiyomi Abe (a keeper of brothel at No.4447-5, Nagasu, Nagasu-cho, Usa-gun) and he visited that place several times to see her. Misunderstanding the fact mentioned above and under the pretext that Kiyomi Abe instigated Kin Sho Kai to commit stealing to get money for his pleasure, Kiyoichi Hasegawa, Chief of Culture Dept. of Koreans League, ordered 3 Korean guardmen on 14 March 1946 to take Abe with them to League's Office in Yanagigaura-cho for questioning. After little dispute in that office, they dared to knock Abe down on the floor in several times and demanded him persistently to go with them to Nakatsu Branch Office. As Abe flatly refused their demand, they tied Abe's hands up on his back to restrain his freedom and again offered violence on Abe's body. They took Abe with them to Nakatsu Branch Office by motor-car and confined him illegally in the office.

They were already sent to Public Procurators Office under the charge of illegal confinement offense and now on trial.

b. Unlawful interference with an execution of official duties: While 2 policemen were taking 2 Koreans with them to Hida Police Station by auto-tricycle under a suspect of offense against Food Control Law on 5th April 1946, Ri Ki Shu, a chief of committee of Korean Youth Union Kyushu Hq, called them to stop car and asked, "Why are you taking those Koreans with you?" Moreover, he dared to menace and force those policemen to accompany with him to his office and he refused to deliver those Korean suspects to policemen puffed up with a force of 10 odd Korean members just gathered in the office at that time declaring violently that they will dispose of this case by their will. As it is, we dispatched other policemen to the spot to take those Korean suspects back to us but our demand was flatly refused by Ri Ki Shu who dared

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

even to interfere with the execution of official duties. Officer in charge for economic affairs tried again to pursuade him that their action is unreasonable and illegal only to be deeply disappointed with his flat refusal. At last measure to evade friction, police officer made necessary questioning in the presence of those Koreans and reported the particulars to the occupation forces concerned. Under the dictation of occupation forces, those Koreans presented us a written oath that they will never repeat such an illegal action in the future and the case came to an end.

1. Submitted herewith is a report covering activities of organized Korean Associations as per your TWX 21011301 for the period 1 March 1946 to 25 June 1946.

2. With reference to resistances and disturbances committed by Korean Associations against the occupation forces as well as against the directives of occupation forces carried out through the Japanese government, outwardly they have committed neither resistances nor disturbances during the above period.

3. In accordance with directives that all Koreans who had registered as desirous of returning home, complying with command #37005, dated 9 April 1946, GHQ, that they shall be repatriated not later than 30 Sept. 1946, the Japanese government has been effecting their repatriation. Nevertheless, Korean associations are giving trouble towards the plan of repatriation by saying that since it is not a compulsory order, they do not need to comply therewith even though they were served notice to return home from Japan.

4. The four reasons listed below are their means of inducing repatriates to remain in Japan:

a. The Korean Association is collecting a fund from Koreans for relief.
b. Even if the repatriates return home, no jobs would be available, and besides, public welfare is in much disorder.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

c. The amount of money which a repatriate can take with him is too small for living expenses in Korea since the amount of money allowed is ¥1,000.
d. The restriction on baggage is such that they cannot take their household goods.

This league was organized to accelerate the founding of the Korean state and was established at Hinode-machi, Moji, Kyushu. On the 12 of June 1946.

c. Korean Construction League (Chosen Rensetsu Domei).

Preparations are being made for establishing Kyushu Headquarters in Fukuoka City.

3. Illegal activities of Koreans residing in Fukuoka Prefecture as reported by the police are:

a. 16 March, prior to the registration of all Korean residents (Census of Koreans residing Japan) a Korean by the name of Ken Sei-go and 11 members of the Korean Residents League, Sone Branch in Kokura City, declared it was their duty to take the census of Koreans. They assaulted Tasen Kanetani, a naturalized Korean residing in Jono, Kokura City, whom they had considered non-cooperative with the League.

The Kokura Police investigated the matter and warned the League members that such misconduct will not be tolerated.

b. During the period beginning 17 March through 22 May, the Moji Harbor Police seized 21 sailing vessels which were operated by Koreans who were engaged in illicit import and exports. (black marketing) While investigations were being made by the police under the directions of the Occupation Forces, several demands were made to the Chief of Police by the Korean Residents League, Moji Branch, backed by the staff members of the Osaka, Shizuoka and other branches of the League. These demands were as follows:

(1) Abandonment of all control over Korean vessels and Korean activities.

(2) The release of the seized vessel and black-market goods to the Koreans.

(3) Advance notification to the League of any incidents involving Koreans before they are taken up with the Occupation Forces.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

The Chief of Police refused the demands and as a precaution put special guards on the seized vessels. After questioning the Koreans involved he turned them over to the local Prosecutor.

c. On 10 April, Mr. Miyamoto, the head of the Neighborhood Association of Orio in Onga County, was robbed of green vegetables from his garden by Koreans. Being suspicious of Tohara Saiken and 3 other Koreans, who are members of the Onga branch of the League, he questioned them whereupon they forced him to their office and assaulted him causing injuries which required five days medical treatment.

The Orio Police arrested the four Koreans who were released after a strict warning.

d. On 13 April, TeiKeigo and another member of the Onga branch of the League, intervened in a quarrel between a Japanese and a Korean at the Arate R. R. Station in Onga County. The quarrel was caused by the Korean forcing the Japanese, Mr. Akio Shirakawa, and another off the train after assaulting them.

The Orio Police arrested and released them after giving them a warning.

e. On 21 May, Gen Ryukou, and five other members of the Moji branch of the League, together with four members of the Chinese Residents' Association, forced their way into the home of Dr. Ichijo, a Japanese physician of Maruyama-machi, Moji City. They claimed Dr. Ichijo had hidden food-stuff in his home. The allegation turned out to be entirely false.

Being informed of the incident, the Moji Police immediately contacted the local Occupation Forces. With the assistance of the M. P's, the Koreans were arrested and turned over to the local Prosecutor.

f. A Korean rally was held at the Nishi Grammar School in Joji City, on 27 May. By request a representative of the Moji Police was present at the gathering. He gave a detailed account of the policy of the Government concerning the repatriation of Resident Koreans and on a planned railroad transportation system whereupon Ken Seiritsu, the vice chairman of the Kokura branch of the League, made the remarks in his speech that Resident Koreans need not return to Korea until September 1946, even though the Japanese Government imposed a repatriation quota on Koreans.

The Moji Police are keeping surveilance on the outcome.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

g. On 23 June, the Saitozaki Police of the sub-station of the Hakozaki Police Department in Fukuoka City, were about to investigate the incident in which two Japanese were attacked and injured by eight Koreans, where Kyoji, head of the League and 30 members proceeded to the sub-station and demanded the immediate release of the arrested Koreans. After a refusal by the police, the Koreans threatened the lives of all the Japanese policemen in the sub-station.

The Hakozaki police, immediately contacted the Military Police who dispatched 20 M. P's and arrested eight Koreans. The case is now under investigation.
