TENRI
A New Shinto

Any one who has been studying with an impartial eye the religious movement in Japan in recent years has doubtless already marvelled at the intense activity and rapid growth of Tenrikyo.

The growth of this religion has been so phenomenal that even the layman is beginning to wonder "just what these people have" that makes their zeal so consuming.

The doctrine of Tenrikyo and divine prophecies were first revealed on earth to Miki Nakayama, the Foundress of this sect of Shintoism, who was born on April 18, 1798, at San-Maiden a few miles from Nara. God revealed Himself to Miki Nakayama in 1837 when she had lived a long and interesting life of self-sacrifice and devotion to others. The divine manifestation was so clear that even her own husband and family bowed down and worshipped her. This event marks the beginning of

THE SANCTUARY OF THE FOUNDRESS

Within this building of great simplicity and dignity made of pure Hinoki wood and covered with bronze is held a Holy Service of Tenrikyo.

THE HINOKISHIN AT JIBA

In 1935 some 18,000 followers of Tnrikyo observed the Hinokishin (Devoted Life of Hly Labour) by preparing the ground for the establishment of school buildings for the faith.

KYO
Movement

Tenrikyo.

Ever since the Foundress received the divine revelation, the doctrine of Tenrikyo has steadily been propagated saving mankind and defying all hardships. Its followers have kept unwavering faith amdist severe persecution. Since the beginning of the 20th century, Tenrikyo has been in a fair way in Manchoukuo where it has more than 100 churches. There are two Tenrikyo villages in Harbin containing 700 followers of the religion who have immigrated from Japan. Their works are progressing satsifactorily under the support of the authorities.
