FINE PLATED WARE
It isn't only the amount of silver deposited, but the way it is put on that counts. Our plated goods give such universal satisfaction because we pay for and get expert workmanship at every stage of manufacture, from the making of the blanks (which are of the finest nickel silver) to the final burnishing. It costs us a good deal more than inferior kinds of plate would, but we find it is worth while. It is far more economical for you to pay a fair price for table ware that will last a lifetime, than to buy cheaper ware that will have to be replaced in a few years.
Our three popular patterns:
LOUIS XIV., HELENA AND PURITAN
Make choice Wedding Gifts of 1/2 doz. or doz. Spoons, Forks, etc., in neat silk-lined cases. Our name is stamped on every piece of this ware.

MAPLEINE
A dissolving used the same as lemon or vanilla. By dissolving granulated sugar in water and adding Mapleine, a delicious syrup is made and a syrup better than maple. Mapleine is sold by grocers. If not send 50c for 2 oz. bottle and recipe book. Crescent Mfg. Co., Seattle, Wa.

ACCUSES JUDGE OF PARTIALITY FOR CHURCH UNION
Charge by One of Calhoun's Attorneys Precipitates Wordy Conflict.
Rev. Dr. Lyle Presents Report of Augmentation Committee of Western Section.

San Francisco, Cal., June 8.—The bitter personal feeling between the attorneys for the prosecution and the defence in the Calhoun trial, after smouldering for more than a week, broke out afresh yesterday and engendered a wordy conflict that was halted only upon the repeated threat of Judge Lawlor that he would mete out summary punishment to the contending lawyers if the disgraceful scene was not ended. Attorney Barrett, of the defence, was rebuked by Judge Lawlor for passing an opinion on testimony given in the trial.

Barrett then intimated that the court was unjustly harsh with the counsel for the defence and accorded the prosecution greater rights.
Honey here leaped to his feet. "Such statements as these," he cried, "come only from a man who was identified with the crooked Schmitz administration."
"No," cried Barrett, "but you have been mixed up in more crooked deals than any man in this town."
Both Honey and Barrett were upon their feet, glaring at each other. Judge Lawlor intervened before further exchanges could be made, and demanded that the quarrelling cease under penalty of court punishment.

ALBERTA METHODISTS MEET AT STRATHCONA

Successful Year of the Provincial College is Reported.
Strathcona, Alb., June 9.—That Alberta made the provincial university possible was one of the statements made yesterday by Dr. Riddell in his report to the Methodist conference. He showed that the college had so weakened an interest in and created a demand for higher education, that the government had to either give university powers to Alberta college or found a university itself. The college is now affiliated with Alberta university.
A most successful year in every department was shown, and the announcement was made of a faculty of theology, which is being added this year. The conference joyfully pledged its support and congratulations.
A Methodist paper for the west was the suggestion hailing from Winnipeg, and the conference committee report was accepted, stating that Alberta thinks the time is not yet. The Christian Guardian and its editor, Dr. Freighton, received votes of confidence, but strong opinions were expressed in favor of the request of this conference made last year that a western editor should be appointed.

Hamilton, June 9.—The Presbyterian General Assembly concluded its deliberation on church union yesterday and adopted Principal Patrick's motion. The vote indicated a largely preponderating opinion in favor of the principle of union in the ranks of the clergy and elders in the church.
During the debate Rev. Dr. Sedgwick, of Toronto, and Principal McKay's amendment must have commended itself to many right thinking men. He thought Principal Patrick's ability to beautify and decorate would have equipped him to become a window dresser in a store. Dr. Sedgwick remarked that the joint committee's report was a hopeless mixup, and reminded him of a scene in Wonderland.
Principal Patrick said he hoped they gave one another credit for absolute honesty of purpose. They had abandoned now the belief that God had established only the Presbyterian polity, though they believed in the reformation. They were constrained by conscience to unite with those that believed the same as they did. It seemed that it would be utterly folly after the committee had negotiated with the Methodist and Congregationalists for organic union for the rest of the assembly to turn round and ask them for federation, something they knew the Methodists and Congregationalists did not want. He was a loyal Presbyterian, but he was desirous of doing what was best for the interests of Christianity in Canada.
The vote was then taken. The amendment of Principal McKay was defeated, 154 voting against, and 54 for it. The original motion was next put and carried, only those who had spoken against it during the debate voting against it.
At the afternoon session Rev. A. E. Mitchell, Hamilton, presented the report of the committee on church life and work. The report, with a number of recommendations bearing on it, was adopted.
The moderator, Rev. Dr. Lyle, presented the report of the augmentation committee of the western section. The receipts were \$25,630.81 and expenditures \$48,362.51. During the year 27 congregations became self-supporting. Rev. Dr. Smith presented the report of the eastern section. The income from all sources was \$13,122.86, and the expenditures \$10,000. Both reports were adopted.
Rev. Dr. Mowat at the evening session presented the report of the board on French evangelization, and Rev. A. C. McGillivray, of Toronto, that of the Sunday school committee.

CHILD SENT FROM HUNGARY BY MAIL
Eight-year-old Girl Reaches Her Parents Who Reside in Illinois Town.
Granite City, Ill., June 9.—The liveliest "postage prepaid" package that the local post office has had to handle in all its career, was delivered yesterday, when Lizzie Kika, and eight-year-old Hungarian girl, was delivered to her parents. The girl bore a card tied to her waist on which were post marks of Towocslany, Hungary, and other important stations en route.
When the Big Four mail train came in a crowd of Hungarians was on hand to await delivery of the mail. Word spread of the arrival of the child and soon the little one was surrounded by a demonstrative group from whom, despite their meagre income, the child received a purse of \$12.
Her parents have not seen her since they left Hungary when she was a year old.

STOMACH COMFORT.
When the Stomach Rebels, Headache, Indigestion and Nerve Pain Follows—Mi-o-na Brings Relief.
Just as soon as you are done eating the healthy stomach commences to churn the food around and mixes it thoroughly with the juices of the stomach.
If the food is not churned, it lays heavily on your stomach, turns sour and causes all kinds of distressing symptoms, such as headache, indigestion, stomach pain and dyspepsia. Mi-o-na helps the stomach to properly mix the food.
John S. May, of Isabella street, Belleville, Ont., says: "For over seven months I was in constant agony with a case of nervous dyspepsia and indigestion that medical skill could not relieve. I was weak and had lost much weight through loss of appetite and suffering. My meals would fill me with gas and a feeling of oppression across the stomach and all up the left side, left me in a miserable condition. I was restless at night and as tired and unrefreshed in the morning as on going to bed. A choking sensation in my throat was always constant when lying down, and my heart seemed to flutter and pound as though it were coming out through my side. I was benefited from the first two days' use of Mi-o-na. I began to feel like myself again, my appetite returned and the depressive feeling left me. I can enjoy my meals without the least worry of after suffering. I have gained in weight and can sleep the night through in comfort.
Go to D. E. Campbell, the druggist, and get a 50-cent box of Mi-o-na Tablets. Money back if Mi-o-na does not cure."

LOG DRIVE.
Ten Million Feet Cut On Forks of the Kettle River.
Grand Forks, June 9.—The Yale-Columbia Lumber company's drive of logs is now near this city, the end of the drive at the present time being at Danville, Wash. Considerable timber has been cut during the past season on both forks of the Kettle river, the present drive of the Yale-Columbia company containing some seven million feet, which is being floated down the river to the company's mill at Cascade, some twelve miles east of here, while the Danville Lumber company's cut for the season will total nearly three million feet.
Both of these companies have made their cut this season on the west fork of the river, while on the north fork Robinson & Lequire have cut and now have in Smelter lake, above the Granby smelter at their mill there, over five million feet of timber. This latter company has a five-year contract with the Canadian Pacific railway for all the tie timber they can take out, and which this season so far will amount to about seventy-five thousand ties, although the company will, at the end of the month, put another crew in the bush for the purpose of cutting more ties during the summer months.

LOW GRAIN RATES PREVAIL AT MONTREAL
Steamers Go Out With Water Ballast Rather Than Accept Prices.
Montreal, June 9.—Unusual conditions are now prevailing in the grain export business. Steamers sailing from Montreal are refusing to carry grain at the rates offering, and are going out with water ballast.
This is due to the fact that the passenger boats sailing from New York are carrying grain at the cost of placing it on board and discharging it. The railways have also reduced the charge for haulage between Buffalo and New York by a cent, and the new rate plus the handling charge by New York steamers makes the rate Montreal would have to meet so low that steamship men have come to the conclusion that water ballast is a cheaper freight to carry.
The situation is not expected to last very long, and as a matter of fact there is very little grain now offering for export, most of the movement being back to the West, where it is required for local consumption.

SOCIAL AND PERSONAL

Mr. E. J. Palmer arrived in town yesterday from Chemainus.
Mrs. Calderwood, Foul Bay, is entertaining her friend, Mrs. Abbott.
Mrs. G. V. Lawry, Esquimalt road, has returned to town and is receiving to-day.
Miss Gladys Blakemore has returned to town after an absence of several months.
Miss MacLean of Vancouver, is holidaying in town. She is a guest at the Empress.
The petty officers of the Shearwater have issued invitations for a dance to-morrow evening.
Mrs. James Maitland Dougal, of Duncan, will be the hostess of a tennis tea on Saturday.
Fire Chief Davis expects to be joined on Saturday by his wife and family from Toronto.
Miss Fotheringham, of Sunnyside avenue, will not receive again until the 2nd Thursday in September.

A large circle of friends attended the "At Home" given by Mrs. R. Briskin on Wednesday, 2nd inst, at 196 Kings road.
Miss Jessie McKilligan has returned home from Seattle, where she has been pursuing her vocal studies during the past term.
Mrs. W. Fleet Robertson has issued invitations for a large bridge party on Wednesday, the 16th, at her residence 1721 Rockland avenue.
Judge Calder, of Ashcroft, who has been ill in the Jubilee hospital for some time will soon be able to return to his home in Ashcroft.

Mrs. Eyres, Oswego street, is entertaining a number of little folks this afternoon in honor of her daughter Margaret's fourth birthday.
Mr. and Mrs. W. McLaren, of Niagara street, left on the Iroquois this morning for Seattle. They expect to spend a week at the exposition.
Listed among our California visitors who will make an extended stay in town are Mrs. E. Levy of Los Angeles, and Mrs. L. Chapman of Long Beach.

Mrs. J. H. Todd and Mrs. Hibden Gillespie will be the hostesses of a garden party to-morrow afternoon at "The Leasons," St. Charles street.
The many friends of Miss Lillian Mansell will be pleased to hear that she has recovered from her operation in St. Joseph's hospital and is able to be at home.

Sir Richard Musgrave and Captain Chaplain intend leaving this week on the whaler Orion to view whaling operations conducted on the west coast of Vancouver Island.

The marriage of Miss Katherine Olive Erskine, of 796 Kings road, and Mr. John Frederick Summers of "Keddystock," Vernon, B. C., will take place in Victoria on Wednesday, 16th inst.

On the Empress of Britain leaving Liverpool on July 26th, will sail a party of young Victorians, including James Dunsmuir, son of His Honor the Lieutenant-Governor, and three sons of Mr. and Mrs. George Gillespie, who have been attending school abroad.

Mrs. J. B. McCallum (Braeside), 1366 Pandora avenue, will be at home to her friends on Friday, June 11th, a farewell to her mother, Mrs. Yeager, who will be leaving for her home, Hamilton, Ont., about June 24th. Mr. McCallum will not receive again until October.

Mrs. Smith, Government street, will be the hostess of a garden party on the afternoon of Thursday, the 17th, from 3 to 6:30. Afternoon tea, strawberries and cream, and ice cream will be served. The proceeds will be in aid of St. James' church. There will be no admission fee.

"SWEET LAVENDER" HAS TAKEN WELL

Gardiner Company Scored a Decided Success Last Night.

The Edmund Gardiner company opened the fifth week of their engagement at the Victoria theatre last night in "Sweet Lavender," and judging by the presentation last night the quality of the performance may be expected to be even higher than heretofore.

In Mr. Gardiner's company Victoria has by far the best stock company that has ever appeared here. Increased patronage is being given them and with the full opening of the tourist season there should be a much larger attendance than in the past.

The play this week is one which should draw well, as "Sweet Lavender" is one of the greatest favorites among theatregoers. It is a play which none can afford to say that he has not seen, and a pleasure which none should miss if he can help it. It is a beautiful love drama relieved with numerous flashes of delightful comedy. It never palls for a moment, and the interest is never allowed to slacken as the various characters delineated by the master hand of Mr. Pinero develop themselves.

Miss Gilbert takes the title role, Benoit, Southard appearing as Dick Phynell. Added interest is to be found in the fact that Mr. Gardiner is playing, taking the comedy role of Horace Broom, a Boston journalist. Charles Vernon plays Dr. Delaney and the two certainly give plenty of amusement.

SOOTHING OIL CURES THE SKIN.

Tender Skins of Children Soothed by a Milk Liquid Compound.

Have you ever tried a few drops of an oil of wintergreen compound for skin trouble? It seems to be about the only safe and sure cure for eczema, salt rheum, tetter, ringworm and kindred diseases.

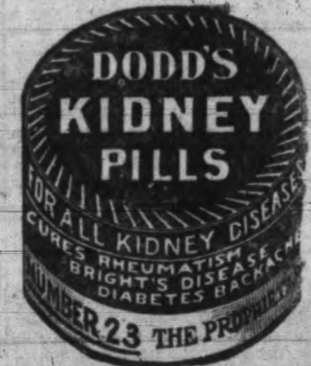

The liquid is so mild that it is used with wonderful soothing effect on the tender skins of infants.

To prove efficacious, the oil of wintergreen must be mixed with thymol and glycerine, as in the Prescription of Dr. D. D. Dennis, the eminent skin specialist. The compound is known as D.D.D. Prescription. Used with D.D.D. Soap it appears to be infallible.

Mrs. William Fox, Chancery street, Brockville, Ont., tells how she cured her little daughter:
"Gladly I give you consent to use any letter I may have sent in praise of your wonderful D.D.D. Prescription. My little daughter's head still remains clear of the horrid scaly disease. Her father and I both notice how much brighter she is and her light hair is simply beautiful, so thick and glossy, after six years of suffering. It seems wonderful that less than four bottles of D. D. D. should have cured her after so much money spent on the X-Ray treatment failed."

For free sample bottle write to the D.D.D. Laboratory, Department V. T., 23 Jordan street, Toronto.

For sale by all druggists.
Arabians have a superstition that the stork has a human heart. When one of these birds brings a house-top they believe the happiness of that household is assured for that year.

PRETTY WEDDING AT ROCKY POINT

Mr. A. Rhode and Miss Ball United in Marriage.

A pretty wedding was solemnized at 2:30 yesterday afternoon at the home of Mr. and Mrs. Charles Ball, of Rocky Point, when their youngest daughter, Miss Eva Sophia, was married to Mr. Albert Rhode, youngest son of the late Joseph Rhode, of Happy Valley.

The bride, who was given away by her father, was becomingly gowned in cream crepe de chine made in princess style, and trimmed with Brussels lace and satin ribbon. She wore a bridal veil and orange blossoms and carried a beautiful bouquet.

She was attended by Miss Margaret Jennings, in a dainty bridesmaid's frock of cream silk tulle, trimmed with white lace and satin ribbon. The groom was supported by his brother, Mr. George Rhode.

The drawing room was beautifully decorated for the occasion with ferns and snowballs, and the ceremony, which was performed by the Rev. D. McKee, of Victoria West, took place beneath a large floral bell composed of snowballs and marguerites.

Mr. and Mrs. Rhodes left on this morning's boat for San Francisco, where the honeymoon will be spent. On their return they will take up their residence at 325 Hillside avenue, Victoria.

The bride travelled in a smartly tailored blue suit with hat to match. A great many handsome and costly presents were received by the young couple.

NEW GRAND THEATRE.

Well Balanced List of Attractions is Offered by Manager Jamieson This Week.

Full of highly dramatic incident and comprising the "something different" that is always at the Grand theatre, the dramatic playlet, "The Price of Power," a one-act drama from the powerful story by H. D. Cottrell, is the attraction put on by Leo Cooper, who has a reputation as a player of Shakespearean roles, and Pasqualina De Voe, an Italian actress of great force and feeling. The story of "as ye sow so shall ye reap," is told in the one act, and leaves a deep impression, as indicated by the recalls and applause last night.

Seymour and Hill are as comical and clever a pair of acrobats as ever made the theatre laugh itself into an uproar. Their sensational feats and original comedy are just great and the act is all the way a prize winner and funny as well as clever from start to finish. They got tremendous applause last night again. Slater Brockman impersonates well, and for a boy has a fine turn. He is bound to get appreciation all the time.

Margaret Neville, however, is the sensation of the week appearing in a demonstration of psychic phenomena that astounds the audience. The usual cabinet tricks are generally close to the public, but in this one a member of the audience is invited to sit with the demonstrator. The cutting of the heads and the playing of musical instruments is remarkable. The exhibition of mental telepathy at the close astounded many in the audience.

"The Artist's Dream," by Mile. Rialta and Louis J. Miltz, is a novelty in the posing line that presents many pretty pictures. Figure posing under colored lights forms part of the performance, and the singing of Mr. Miltz adds much to the success of the turn. "The Sweetest Thing on Earth," sung well by Thomas J. Price, and the new motion pictures are the other numbers on the strong and attractive bill at the Grand this week.

TIMELY RECIPES.

Orange Sponge Cake.—Two large eggs, 4 ounces of flour, 6 ounces of castor sugar, 1 teaspoonful baking powder, 1 orange, rind and juice. Beat the egg and the sugar together for 15 minutes; then add the grated rind and strained juice of orange (previously prepared); now stir in gently the sieved flour and baking powder, turn into greased tin (not with loose bottom), and bake at once in very moderate oven.

Spanish Omelet.—Take one teaspoonful of chopped onion and one tablespoonful of green pepper. Be sure both are chopped fine and cook them until they are a delicate brown. Scald and remove the skins of three tomatoes, cut up, and add to the mixture. Then add a cupful of mushrooms. Cook all for ten minutes, or until the tomatoes are done. Break six eggs in a bowl, beat them well, and season. Mix in about one-half of the tomato, pepper, onion, and mushroom mixture. Put one tablespoonful of butter in a frying pan; let it come to a boil. Put in the egg mixture, and when it begins to set put the rest of the tomato mixture in the centre. Fold it over, and when done turn on to a hot platter. Pour the remainder of the tomato sauce over it and garnish with toasted bread.

Fish, Hawaiian Style.—Clean, wash, and dry a three-pound haddock, and dust with salt and pepper. Pour four tablespoonfuls of olive oil or butter in a shallow baking pan. When hot drop in the fish, brown on both sides, then place in a hot oven and cook slowly for thirty minutes, turning once. While this is cooking, put two good-sized potatoes that have been peeled, half a can of tomatoes, a large onion grated, a clove of garlic mashed, a tablespoonful of ground cloves, and a bay leaf in a saucepan; cook for five minutes, and press through a sieve. Add a level teaspoonful of salt, a dash of cayenne, one sweet chili pepper chopped fine, and a round tablespoonful of butter.

Glaze Nuts.—Put two cups of sugar, one cup of boiling water, and one-eighth teaspoonful of cream tartar in a saucepan, stir, place on stove

SHORT, BUT POINTED

Stevenson, B. C., May 21, 1909.
THE BRACKMAN-KER MILLING CO.
Dear Sirs:—
I have been using Caverhill's Barley Flakes the past few months. They make a breakfast food superior, in my estimation, to any other on the market, and it is my conviction that the demand for them will rapidly grow just as soon as their merits become known.

Yours truly,
JOHN TILTON.

TAXES NOT INCREASED

Oak Bay Tax Rate Remains the Same as Last Year---10 Mills

Despite the fact that a great amount of local improvement was carried out in Oak Bay during the past year, the tax rate in that municipality remains at 10 mills for the coming year.

Oak Bay is the place to buy property. We are selling lots in the Saratoga Subdivision, in one of the choicest portions of this municipality, five minutes from car and beach, close to Recreation Park and flanked by a sewer, for \$350, \$375, \$400, \$425 and \$450 per lot, quarter cash and the balance in six, twelve and eighteen months.

Property surrounding this subdivision is selling for from \$500 to \$750 per lot. There is nothing in Oak Bay to touch the Saratoga Subdivision for value.

INDIAN ACQUITTED.

Suspect in Kamloops Murder Case Given His Liberty.

Kamloops, June 8.—The preliminary hearing of the information laid against Stanislaus Chualna, charged with the murder of the Indian Michelle Lecamp, whose body was recently found in Kamloops lake, took place before Justice of the Peace J. D. Lauder. At the conclusion of the hearing the prisoner was released.

Mary Lindley, one of the witnesses, gave evidence entirely at variance with her evidence at the inquest. She admitted that her former evidence, given on oath, was false. The presiding magistrate passed some very severe strictures on the false and worthless evidence of this woman, expressing the opinion that proceedings should be taken against her for perjury.

No evidence was given for the defence. After the addresses of the chief constable and the prisoner's counsel, the information was dismissed.

In England and Wales 65,306 women are entitled to vote for county councils and for councillors in municipal boroughs.

POLICE SEARCH

FOR MISSING MEN

Mysterious Disappearance of Two Germans From Cluny.

There is a mystery at Cluny which the mounted police are endeavoring to solve. The utter disappearance of Karl Sergum and his brother, two Germans, who have settled in that district, has aroused considerable excitement, and the police are now endeavoring to cast light upon the mystery, says the Calgary Herald.

There was a young German who took land in the irrigated district about five miles north of Cluny. He proceeded to make a home, and to erect buildings and improvements. He was unmarried, but some months ago his brother, from Gogmagog, direct, came to live with him. Sergum was a good worker, and a hustler in his way. He took out a contract with the irrigation company to break 600 acres near Cluny and he then bought ploughs, an engine, and the accessories necessary to run the outfit. This contract was taken two months ago, and the two brothers were going to do the work.

Karl Sergum, who was paid about \$500 in cash on the outfit and the other payments are not yet due. He was not apparently pushed for money as he did not claim any of the money due him for breaking on the contract with the irrigation company.

The two brothers went to the land they were to break, and got busy at once. They broke steadily, and soon had a good showing. They camped in a tent right on the land and lost no time. A few weeks ago F. W. Cranford, inspector of the development department of the C. P. I. C. C., was down there and there was about 150 or 160 acres broken then. The people living nearest to the land on which the two young Germans were working state that since the early part of May the young men have done no work. The engine, ploughs and other articles of the ploughing outfit stand in the field, the tent is still standing with things left in it as though the inmates had just gone out for a few moments. But absolutely nothing has been seen of either young man since about three weeks ago.

Sergeant Macleod, of the R. N. W. M. P., stationed at Gleichen, is conducting the investigation into the disappearance of the two men.

THE KAISER TO HIS ARMY.

Appeal for Greater Initiative on the Part of Officers.

The British War Office has issued a translation of the German Emperor's orders for the training of his army. In an introductory note, the Kaiser says: "The latitude allowed for the performance of duties in the field is intended to give scope for original thought and initiative on the part of commanders. Superior officers are forbidden to issue orders restricting this latitude."

A perusal of the book indicates that these words introduce an era in which the hard and fast machine-like rules of the German army will be relaxed in order that officers of brain and power may develop without restraint. The initiative of the men is also to be developed.

It is shown how important it is to educate the soldier to think and to act for himself. His self-reliance and sense of honor will then, it is maintained, induce him to do his duty even when he is no longer under the eye of his commanding officer. The book continues:—

"Resolute action is of first importance in war. Every individual, from the highest commander to the youngest soldier, must always remember that supreme inaction and neglect of opportunities will entail severe censure that an error in conception of the choice of means.

"Every soldier, from the youngest upwards, must put his whole heart and soul into his work. This, and this alone, enables a body of men to work together to the best advantage.

"The personal bearing of the officer is of the greatest consequence to the troops, for his subordinates will follow the example set by coolness and resolution in the face of the enemy. It is not sufficient to give an order, nor even to give the right order; the manner in which the order is given has a great

effect upon the man. The officer's bearing and example inspire confidence that ever firm support of discipline in danger and need, and rouse the troops to the performance of heroic deeds.

"Unflinching solicitude for the welfare of his men is the duty and the privilege of the officer. Commanders of every grade must do their utmost to ensure that their subordinates take a pleasure in the performance of their duty; this offers the best guarantee of success."

AN ACTRESS' SMILE.

One Hundred and Fifty Guineas Damages for a Taxi-Cab Accident.

Miss Mabel Ash, who understudied Miss Ellaline Terris in the "Gay Gordons," was awarded 150 guineas damages in the King's Bench division, London, in her action against a motor cab company. As the result of a taxi-cab, in which she was being driven, colliding with a post at the entrance of Chayre Court, Chelsea, it was alleged that she was thrown against the glass screen and seriously cut and bruised.

Dr. Morgan Richards said in evidence that he thought the scar on the plaintiff's forehead would never disappear. In his

SUCCESS OF RADIUM IN CANCER TREATMENT

Paris Physician's Statement—Wider Usefulness for Curative Agent.

"These statements appear to conduct us to the belief that radium may be tried as a means of relieving to a certain extent visceral cancers."

The statements were made by Dr. Louis Wickham, of Paris, at a meeting of the dermatological section of the Royal Medical Society, says the London Chronicle. A distinguished audience of medical men applauded his lecture, and amongst the listeners was Captain Hayward Pinch, the newly-appointed medical director of the London Radium Institute.

Although good work in the utilization of radium as a cure for disease has been done in London, more has been accomplished in Paris, because

changed by the treatment that it was difficult to recognize him as the same person. The skin had healed, and, at the same time, the general health of the patient had improved, and there had been no relapse.

This was one of the illustrations of the destructive action of radium, but Dr. Wickham's lecture was more concerned with what he called its elective action, and he stated that the morbid growths which could be modified or deviated in this way were: Eczema, tubercles, lesions and cancers.

He explained the different power of penetration of the tissues of the body of the three radium emanations—the alpha, beta, and gamma rays, and showed how, by means of a screen, the rays could be filtered through as required. Eczema, although it was such an irritable disease, could be treated even in a baby by means of a powerful apparatus, and the duration of the treatment need not last more than one or two months repeated every third or fourth day.

Dr. Wickham showed some photographs illustrating the effect of elective action of radium on deep cancers. One, in which a cure had been effected, was a malignant cancer which had destroyed a portion of the skin on the sufferer's face, to such an extent that the nostril had been severed from the cheek.

In another case the treatment adopted was what the lecturer called "cross fire," the apparatus being placed on both sides of the diseased part. After five months' treatment there were, as the second photograph showed, still some infected glands, but obvious improvement had set in.

EXAMINE YOUR TONGUE, IS IT COATED?

Call the doctor—what does he do first? Examines your tongue. If it's pale, flabby-looking and coated, he knows the activity of your stomach is lowered.

Your overworked stomach is on strike. It refuses to secrete pepsin enough to act upon the food. Refuses also to secrete acid enough to enable the pepsin secretion to do its work.

What's the result—dyspepsia, headache, sick all over.

How do you expect to be well, to look well, to sleep well, if your system is imbalanced? Better patch up the weak spot. Give to the stomach the assistance it requires—or in other words try Dr. Hamilton's Pills which cure more weak stomachs than any other medicines you know of.

Dr. Hamilton's Pills put the kind of life into a weak stomach that enables it to digest and assimilate all kinds of food.

No medicine could do more than Dr. Hamilton's Pills did for Wm. Martin, a well-known lumberman of Parry Sound, Ont., who says: "I consider that Dr. Hamilton's Pills make the best all round medicine. My stomach got disordered and all kinds of complications set in. My blood grew thin, my color got pale and I had the worst kind of headaches. The food I ate all disagreed with me and I was constantly bilious and suffering from acute dyspepsia. A wonderful change took place when I used Dr. Hamilton's Pills; they gave me appetite and strong digestion. I had no more bad dreams, no sick stomach or headache. I was in fact like a new man and will always recommend and use Dr. Hamilton's Pills."

It's the people who feel half-sick—sort of tired and depressed, for those who have any ailment of the stomach, kidneys or liver that Dr. Hamilton's Pills are sure to benefit at once. Try them, 25c per box at all dealers, and insist on having only Dr. Hamilton's Pills of Mandrake and Butternut. In yellow boxes only.

A NERVE LEAP.

A remarkable instantaneous photograph is published in the June World Magazine showing a man in the act of leaping a fifty-foot chasm—the only method of reaching the "Stand Rock" in the Wisconsin Dells. A large sandstone slab, it was probably created by a process of erosion extending over thousands of years, and is representative of many similar instances of nature's wonderful sculpture to be found in this country. It is to be assumed that this venture—some leap across the eight feet of space from ledge to slab forms an interesting addition to the enjoyment experienced by tourists in the beautiful Wisconsin Dells, otherwise it would have seemed impossible for someone

opinion unpleasant developments might ensue.

Marshall Hall, K. C.—Yes, and people have died of gangrene by scratching their legs with their big toe-nails. (Laughter.) Do you ask the jury to believe that this charming young lady's scar is going to develop into gangrene?

The witness repeated that unpleasant developments were possible at some future date.

Dr. Macgregor, a consulting surgeon, corroborated in regard to Miss Ash's injuries. She was now much more excitable than formerly, and complained of headaches. "I have known her four years as a patient," he said, "and, without disparaging her present looks, she is considerably well, she has not improved in her general appearance."

Marshall Hall—There is no attachment of the face when she smiles as the result of the scar on her cheek?—No.

Miss Ash was seen to smile at this question, and Mr. Hall promptly added that he did not mean that "no attachment resulted from her smile."

SUICIDE ON BEING SENTENCED.

James Kenyon, aged thirty-two who has been sentenced to eighteen months' imprisonment at Preston, Eng., for attempted robbery, strangled himself with a bell-pull on removal to

of the greater facilities for research. Dr. Wickham, in the course of his lecture, made one other statement even more remarkable than that quoted above.

"I am of opinion," he said, "that, from the therapeutic standpoint, radium has a much higher mission and a far greater sphere of usefulness before it. Its value and utility consist in its specific action in regard to special diseases; that is to say its elective action, the radiations having a special action on some diseased cells, which is perfectly different from its action on normal cells.

"The radiations, in fact, are able to cure some diseased portions without further irritating or inflaming them if the doses are rightly administered. In other words, certain diseased cells can be modified and deviated from their morbid process and transformed towards recovery."

By means of a remarkable series of parallel photographs, Dr. Wickham showed how external cancerous growths had been removed by the destructive action of radium. One was a case of a man with cancer of large dimensions on the temple. The treatment was rather prolonged, lasting over a year, but, as the second photograph showed, the man had been so

LE ROI TWO SHAFT TO BE DEEPEINED

Will Be Sunk to 1,200-foot Level at Cost of \$18,000.

In order to develop the downward continuation of the Le Roi ledge, which extends into Annie territory, and also to get at the other ledges on Le Roi Two property it has been determined to deepen the present shaft from the 900-foot to 1,200-foot level. This shaft will enable the Le Roi Two to tap, by means of crosscuts, the Le Roi ledge on the 1,200-foot level where it dips from the Black Bear ground into the Annie mineral claim, says the Rossland Miner. Below the 1,200-foot level it belongs to the Le Roi Two. The dimensions of the continuation of the shaft will be the same as those of the present shaft, sixteen by six feet. This task will take about eight months' time and will cost about \$60 a foot, or a total of \$18,000.

As there has been considerable diamond drilling downwards from the 900-foot level it is known that there are important ore bodies below that level, and so it is certain that the deepening of the shaft will lead to important results in the way of increased ore production.

Work on the I. X. L. continues. A new and narrow ledge was recently found on the surface, is being drilled on, and it is yielding considerable high-grade ore. It is thought this ledge will widen out considerably after it is further exploited.

The O. K. is being operated by the lessees with fairly satisfactory results.

In the South Belt the work of sinking the shaft on the Hattie Brown is making good headway, and with the progress of the work the probabilities of the making of a mine increase. On the Richmond the shaft is also being deepened, and the indications are of a promising character. Work on the Mayflower is making fair progress, and, within a reasonable time, there will be a carload of ore ready for the smelter. The lessees of the Blue Bird are getting out considerable ore of a high grade which is being placed on the dump preparatory to making a shipment.

GIFT TO MCGILL

Sir William Macdonald Presents Property Adjoining the University.

Montreal, June 7.—The property adjoining McGill university sold for the creation of a palatial hotel was bought for the university yesterday by Sir William Macdonald for a quarter of a million dollars. Hon. Lionel Guest, of the hotel syndicate, says they relinquished the property at cost price because of sympathy for Sir William Macdonald's great benefactions to McGill.

What Other People Think

BEACON HILL PUBLIC PARK - HISTORICAL

To the Editor: Her Majesty the Queen in the 14th year of her reign (January 18th, 1849), granted the Hudson's Bay Company a lease of Vancouver Island for colonization purposes. A short time afterwards the Hudson's Bay Company set aside Beacon Hill and its surroundings for a public park.

When the Hudson's Bay Company lease expired, and at the settlement of accounts between Her Majesty's government and the Hudson's Bay Company, the island reverted to Her Majesty's government, save and except the portions of land that had been sold and Beacon Hill park.

Her Majesty's government then made over the island to the local government, particular mention being made of Beacon Hill park, set aside for a health and pleasure resort by the Hudson's Bay Company. The provincial government became custodians of the park, and made some improvements therein and thereon at the public expense. The provincial government, I think, managed the park until 1876, at the public expense.

In 1876 the legislature passed the Public Parks Act and an amendment thereto. These acts are of paramount importance, they relating to the appointment and duties of trustees. In 1877 the Government Gazette of August 23rd announces the appointment of W. J. McDonald, crown senator, and J. W. Douglas (son of James Douglas) under the Public Parks Act, 1876, "trustees of the public park or pleasure ground, Victoria, known as Beacon Hill."

Mark! On the 21st day of February, 1882, the governor in council conveyed to the city of Victoria a portion of the crown lands, viz., Beacon Hill park, "in trust for recreation and pleasure ground." "And whereas we have agreed to grant the said hereditaments and premises to the corporation, the lands hereby granted shall be maintained and preserved by the said corporation and successors forever for the recreation and enjoyment of the public under the provisions of the Public Parks Act, 1876, and the Public Parks Amendment Act, 1876; provided always that nothing herein contained shall be construed as purporting to derogate from the powers of the lieutenant-governor in Council under aforesaid acts."

The conveyance is signed by order, by T. B. Humphreys, and the seal in the margin is underwritten by G. A. Walkem, attorney-general, February 20th, 1882. At this time the lieutenant-governor was the Hon. Clement Francis Cornwall.

The public park has thus descended from the H. B. C. next from the Imperial to the provincial government, the latter transferring it, in trust, to the corporation, for a pleasure ground for the enjoyment and recreation of the public forever.

Alas! How soon the corporation, the

trustees of the park, went astray! During the year 1884, A.D., Mr. Walter, who still resides in Victoria, went, with friends, for a stroll to Beacon Hill park. They found some men cutting trees therein and making ready for the foundations of buildings for an agricultural show. Being patriotic citizens, Mr. Walter determined, through Mr. Anderson, to bring a complaint before the court. He applied for an injunction before Chief Justice Begbie. This very important case every citizen should read. The report thereof will be found on page 107 of the "British Columbia Reports of Cases," reported under the authority of the Law Society of British Columbia by F. A. E. Irving, now one of the judges. Theodore Davie appeared for the plaintiff; Pollard for the corporation, Mett for the officers of the Agricultural Association. The attorney-general, who was in his place, sanctioned the use of his name with the proviso that he would not interfere at present. The chief justice said:

"The wrong alleged in the present case is that an agricultural association is threatening to build, and indeed has already commenced to build, a permanent brick building to be called the 'Agricultural Hall,' and a house for the reception of immigrants (although the latter is at present abandoned) upon a part, viz., 20 acres, of Beacon Hill park. These 20 acres are proposed to be bestowed upon the association by the defendants, the corporation of Victoria, to whom the park has been conveyed for the purpose of a park or pleasure ground.

"The association is purely voluntary, i.e., it has no charter or any corporate existence.

"The first thing that strikes me is that an inarticulate body can neither acquire nor hold land. The corporation do not profess to be erecting these buildings themselves, or to have any control of, anything to do with the plans, except that they have undertaken to hand over to the association this enormous slice, 20 acres, of Beacon Hill park. And the next thing is pretty clear, that the corporation has no power whatever to convey away one inch of the park which has been granted to them on express trusts. The matter is regulated by two acts of parliament (the Parks Board Act, 1876, and the Parks Board Amendment Act, 1876).

Here follows what the corporation may do according to these acts: "Now the prominent words repeated four times over in the five or six clauses are that the land is to be a park or pleasure ground, and that it is held by the trustees for the recreation and enjoyment of the public. The word use is introduced at the end of section 1, 1876, but this does not at all vary the matter. The park is to be used for recreation and enjoyment, and therefore I think in no other manner; not for general purposes or profit or utility, however great the prospect may be. A trustee cannot go beyond his expressed trust, at least cannot do anything inconsistent with it."

The chief justice cites a case, "The Attorney-General versus the Corporation of Sunderland," where the judges appear to differ in opinion about building, whether they should be institu-

tions for intellectual, learning, physical, educational or ocular demonstrations, etc.

"I am asked what purposes or what buildings the corporation may lawfully encourage or erect. It is not necessary to decide this, and so I cannot give any binding opinion, but I should say all open-air sports might be encouraged, and of proper erections and buildings ancillary to such sports. For instance, a public gymnasium, either in the open air, football, cricket, baseball might have separately prepared scenes of action where it is found with such accessories as the corporation might sanction. In affording reasonable encouragement to such sports and pastimes, and even in raising money by rates for the purpose, the corporation would be acting clearly according to the express letter of their trust. Or what would probably be more economical and equally effective, the corporation may sanction or license any such works to be done by public-spirited individuals at their own expense, on such terms as may be agreed upon. But in giving such sanction it is always to be remembered that the corporation cannot convey any title to the land except subject to the trusts.

"Injunction granted. It will until the hearing restrain the corporation, their grantees, licensees or agents from alienating any portion of Beacon Hill park and from appropriating any portion of the said park for the erection of buildings proposed by the Agricultural Association, or of any erection or building not needed for or incidental to the maintenance or use of Beacon Hill park or pleasure ground."

The chief justice opined that all buildings erected in the park should be built by the corporation for the use of the public at the public cost or expense, in fact, that everything in the park should be for the enjoyment of the public, paid for by them. If by private public-spirited individuals, still for the public and not for themselves or profit.

From the above it is quite plain that the bowling green and club-house belong to the public, and therefore that the claimants, the Bowling Green Co., should at once be ousted and the public resume possession of their property. The Bowling Green Co. have no lawful right to be there at all. The public are the Bowling Green Co.

Please observe that the agricultural buildings might have been erected on and 20 acres stolen from, the public park had it not been for the patriotic action of Mr. Walter and friends. Many thanks for the voluntary and kind support afforded me by the Pioneer Society, for auld lang syne.

J. S. HELMCKEN.
P.S.—After a few days I will, if allowed by Mr. Editor, trouble him and the readers (if any) with a few observations on the re-club-house, bowling green and company.

J. S. H.
Victoria, B. C., June 4th, 1909.

AN UNPLEASANT EXPERIENCE.

To the Editor: You may insert the following, if you will, as the actual experience of a friend of mine, to which

we would like to call public attention, without personal notoriety:

There is so much to enthuse alike all patriotic citizens in the proud boast of our fair city to the unique excellence of its scenic nature as also for the tourist welcomed to our shores.

Whilst, however, too much can never be said for the grandeur of our natural advantages, for the assiduous care of lawn and boulevard, and indeed for the general cleanliness of our principal streets, there is one fearful snare continually working adversely to the actual well-being of the community. The system, or perhaps even lack of system, in vogue here for the removal of garbage, is vile, to say the least. The open, unblushing way in which refuse, too filthy and disease-breeding for our own houses and gardens, is allowed to parade the streets, dropping their loathsome leakage as they go, scattering their abominations broadcast, is surely a menace to public health and a libel on our boasted civilization.

A friend of mine was going along the street one day recently, as one of those licensed loads of garbage passed by and a gust of wind scattered part of the contents in all directions. Condemnation is not severe enough for such a possibility in this day and age. Meanwhile, what is our health and sanitation department doing? Is not the occurrence of one such case enough to move them to immediate action? It would be had this befallen the wife or daughter of an alderman. But how about the victims this summer? Let us not be indifferent; such an embarrassing and unpleasant incident as here noted may be the unhappy lot of our best-loved visitor this very summer.

AGGRIEVED LADY.

Victoria, May 27th, 1908.

PROMISES OF RAILWAY OFFICIALS.

To the Editor: The latest corporation to get into the limelight and furnish daily spools to the reporters is the Canadian Northern Railway Company. Pretty nearly everybody connected with the road has given an interview to the papers about the intentions of the company reaching the coast. And the public have devoured the news without any further relish and have asked to be supplied with more. And yet how deceptive, uncertain and playful are the words of the average railroad official. Turn to the files of the Times issued in the summer of 1907, nearly two years ago. What do we find? Speaking of railroad building on this island, Mr. R. Marpole said to a Times reporter:

"The Alberni railway extension is to be commenced at once and the terminus is to be at New Alberni. . . . Gangs of men are to be sent up at once to commence the work of clearing for the railroad. It will take some time to get the roadbed cleared," said Mr. Marpole, "but the work will be pushed ahead as fast as possible."

Now, there you are. A level-headed, responsible official states that the first railroad work on neglected Vancouver Island, the first for a quarter of a century, will be "pushed ahead as fast as possible," and should you enquire today what has been done you would ascertain that our great railroad corporation has been struggling with 20 miles of easy construction for two years, and that the said 20 miles is still a long way from being completed. And this information carries with it what is the matter of really serious import to all, namely, that the development of Vancouver Island heralded far and wide by the railroad company and

ourselves is in truth at a dead standstill.

WINNIPEG.

ARE YOU WEAK AFTER SICKNESS?

Later On it Will Be Harder to Get Strong Than To-day—What Are You Doing to Get Well?

A case in point is well exemplified by the following letter from Mrs. V. J. Wilder, wife of a well known citizen of Pittsford, who writes: "I had a nervous disorder that completely prostrated me. I couldn't sleep, and would lay and toss about all night, arising in the morning more tired than ever, head heavy, eyes dull, and every bone and muscle aching. I tried to get along without calling in a doctor, but was finally driven to it. He treated me for some time, but with no perceptible improvement in my health. Some one recommended Ferronose. The change it effected in my system was noticeable almost instantly. I gradually took on flesh. The 'all-gone' feeling left me. In less than six weeks I was fully recovered, from what looked to me like an everlasting sickness. I will always recommend Ferronose, feeling with sincerity that it is an honest, powerful, health-giving tonic."

Try Ferronose to-day!

The nourishment and vital energy it supplies is wonderful.

Ferronose makes you feel better at once, it's good for men, for women, for children—just the thing for everybody seeking better health. Sold by all dealers, 50c per box, or six boxes for \$2.50.

SYNOPSIS OF CANADIAN WEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section (100 acres, more or less) of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intended homesteader.
DUTIES—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 50 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.
In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$50 per acre. Duties—Must reside six months in each of six years from date of homestead entry including the time required to earn homestead patent and cultivate fifty acres extra.
A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$100 per acre. Purchased homesteads may be acquired on any available lands on either side of ship and east of the Calgary and Edmonton Railway and the west line of Range 28, and west of the Alford, Medicine and South Railway lines. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$50.
SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.
COAL—Coal mining rights may be leased for twenty years. Price \$100 per acre. Not more than 500 acres can be leased to one applicant.
QUARTZ—A person eighteen years of age and over having made a discovery may locate a claim of one acre by 100 feet square. At least \$100 must be expended on the claim each year, or paid to the Mining Recorder. Royalty 10 per cent. Extended of paid and other requirements complied with the claim may be purchased at \$100 per acre.
PLACER MINING CLAIMS generally, 100 feet square. Entry fee, \$50.
DREDGING—Two lots of five miles each of a river may be issued to one applicant for a term of 20 years. Rental, \$10 a mile per annum. Royalty 10 per cent. after the output exceeds \$10,000.

How to Buy Prince Rupert Lots

Thousands want Prince Rupert lots, but very few can personally inspect the townsite.
Fortunes will be made out of Prince Rupert property, but the prices will fall only to those who buy wisely.
There ARE only two WISE ways to buy:
(1) After PERSONAL INSPECTION of the property.
(2) Through RELIABLE REPRESENTATIVES who know the ground.
In anticipation of this sale we have resided in Prince Rupert since June, 1908. We have examined every foot of the property and have charted it topographically. We know exactly where the rock is, where the deposits are, where the good business sites and desirable residential sections are located.
We are acting for a number of shrewd investors.
WE WILL ACT FOR YOU
We will furnish expert advice on specific location.
Says the Monetary Times: "The buyers must look to their own interests. Every investor who buys Prince Rupert lots at Vancouver without having seen the goods is making a more or less blind speculation."
Mr. Eugene D. White and Mr. W. C. Dibble, of the White Companies, may be found at Hotel Vancouver, at the place of sale from May 23rd to 25th inclusive. In the interim may be reached by correspondence at Prince Rupert.

MAY WHEAT OPENS AT RECORD FIGURES

High Prices in Chicago Pits Assist to Hold Market Steady.
(Times Leased Wire.)
Chicago, June 9.—Wheat opened lower for all options and closed 1/4 off for July, 1/2 cent for September and unchanged for the December.
May wheat opened for the coming season even more spry and energetic than during recent seasons. During the day the market for May opened at \$1.11, went to the high mark at \$1.11 1/2 and closed within a fraction of that price asked.
The opening of the May option at the record price for first quotations during recent seasons was about all that kept other deliveries from showing a good sized decline in prices.
There was a weaker feeling in the Liverpool pit at today's opening with foreigners inclined to sell. The start was 1/4 lower than yesterday, and the close was unchanged to 1/4 higher.

SUGAR SUIT SETTLED

Pennsylvania Company Will Receive Large Sum From the Trust.
New York, June 8.—The suit brought by the Pennsylvania Sugar Company against the American Sugar Refining Company, charging the maintenance of a monopoly, was dismissed to-day upon the consent of both parties.
The suit was settled out of court, the report being made that the American Sugar Refining Company is to pay the Pennsylvania company \$2,000,000 in cash and cancel a loan of \$1,250,000, in addition to surrendering securities valued at \$7,000,000.

SHOW AT NANAIMO.
Nanaimo, June 8.—The agricultural society, recently reorganized here, met last night to make arrangements for the show which will be held under the auspices of the society this fall. It is the intention hereafter to carry them on in a more pretentious manner. During the last three years a great many people have arrived in the district to engage in agriculture.
With the mines working steadily, as they have been of late, there is a buoyant spirit abroad in the city, especially as the miners have been employed none too steadily during the winter and spring months.
Domingo Centeno and Count Arseno, a former minister fought a fierce duel with swords at Lisbon. The cause of the dispute was political. Centeno is a friend of Dr. Jose Alperin, chief of the Progressive Dissidents. Centeno finally ran his sword through his opponent's thigh and the encounter came to an end.

WEATHER BULLETIN.

Daily Report furnished by the Victoria Meteorological Department.
Victoria—Barometer, 30.13; temperature, 65; minimum, 46; wind, 2 miles S.W.; weather, cloudy.
New Westminster—Barometer, 30.14; temperature, 66; minimum, 46; wind, calm; weather, clear.
Forecasts.
For 24 hours ending 5 p.m. Thursday.
Victoria and vicinity—Moderate to fresh southerly winds, generally fair and warm to-day and Tuesday.
Lower Mainland—Light to moderate winds, generally fair and warm to-day and Thursday.
Reports.
Victoria, June 8—5 a.m.—The barometer remains high over this province, and fine warm weather is general. The temperature rose above 90 in Kootenay yesterday and 70 in Cariboo. The weather has been fair and cool in the prairie provinces and will be warm, here to-day.
Barkerville—Barometer, 30.14; temperature, 49; minimum, 40; wind, calm; weather, clear.
San Francisco—Barometer, 30.02; temperature, 48; minimum, 48; wind, 4 miles S.W.; weather, cloudy.
Edmonton—Barometer, 30.30; temperature, 46; minimum, 44; wind, 4 miles S.W.; weather, clear.
Capt Peter C. Hains, Jr., who is serving a sentence of not less than seven nor more than 20 years for killing William E. Annis, has been assigned as accountant in the tin shops of Sing Sing prison. Albert Patrick, serving a life sentence for the murder of William Marsh Rice, has been transferred to the clothing industry.

NORTHERN CROWN BANK

Dividend Notice, No. 5.

Notice is hereby given that a dividend of two and one-half per cent. upon the paid up capital stock of this institution has been declared for the half year ending 30th June, 1909, being at the rate of five per cent. per annum, and that same will be payable at its banking house in this city, and at all of its branches, on and after the second day of July next to shareholders of record as of the 15th day of June.
By order of the Board.
R. CAMPBELL,
General Manager.
Winnipeg, 27th May, 1909.

NEW SYSTEM FOR OLYMPIC JUDGING

International Jury Will Make Awards at 1912 Sports.
The most important act of the International Council of the Olympian games, that has been in session in Berlin, was the recommendation of the principle of an international jury to decide the events in future Olympiads. The council took under consideration the unfortunate controversies that arose in London in 1908, and finally decided that it was wiser to introduce an international system of judging rather than leave this to the sole control of the country where the games take place. The council, it is explained, did not act in a spirit of criticism of anything that happened in London. Its opinion was that the contests could be conducted with greater good-will if they were under international control.
The Swedish committee has invited the participants in the games of 1912, which are to be held in Stockholm, to reside in Sweden during the period of training, should they desire to do so.

MANITOBA MEET.

Announcement has been received that the championship meet of the Manitoba Amateur Athletic Association will be held in Brandon on July 1st. This is the first time that the meet has been held outside of Winnipeg, and the Wheat City enthusiasts are endeavoring to make it the banner athletic event in the history of the M. A. A. A.
Besides the regular athletic programme there will be military events. Special holiday rates on all railroads will prevail. David Marshall, Y. M. C. A. Brandon, is the secretary of the meet committee.

THE RING.

Galveston, Tex., June 8.—As a result of the prize fight in Austin in which Victor Lyons was so badly beaten by George Kepp that he died from his injuries, pugilism seems to be doomed in Texas. Governor Campbell announced to-day that he will call a special session of the legislature to pass laws to prevent further boxing in Texas.
An earthquake, officially estimated as 4,000 miles distance, possibly in either the vicinity of northern Chili or the Aleutian islands, was recorded at the weather bureau at Washington, D. C. on Tuesday. The shock was well defined and of moderate intensity and lasted for over an hour.

INDIAN RESERVES OF BRITISH COLUMBIA

(Continued from page 1.)

of these lands transfers that land absolutely to us." This is the position in which the land stands to-day, and of course as long as that situation continues this government is absolutely debarred, as a business proposition, from undertaking to deal with any other reserve in the province of British Columbia. However, there have been negotiations between the two governments looking to a decision by the highest authority as to the respective rights of the Indians and the province in these lands. This government has agreed or suggested that the British Columbia government should join issue with us and have this question tried and finally settled. The Dominion government recognizes that it is not to the advantage of the Dominion that these fertile valleys in British Columbia should be held in the hands of people who do not use them. At the same time, as guardian of the Indians, it is not for us to undertake to displace them nor is it for us to trespass in any way on the rights of British Columbia. So we hope that with the concurrence of the province we will have it tried before the courts; the Dominion will have

to act for the Indians, not in any spirit of hostility to British Columbia, but merely in discharging the responsibility placed on us to guard the interests of the Indians. The matter will be tried in due time, and when a decision has been rendered it will be possible to deal with the reserves in a more businesslike way than in the past.

Futile Legal Proceedings.
The suggestion by the Dominion authorities of a reference to the courts was fruitful of considerable correspondence. The attorney-general of the province wanted the "stated" case referred to the British Columbia Full Court, the opinion of but one court in Canada, and to the Privy Council. His reasons for presenting the case to the Full Court in the first instance were, principally, that the matter was of local concern, and the documents easier of access at Victoria than at Ottawa. This, of course, would have avoided the Supreme Court of Canada, it being possible under the practice to take the opinion of but one court in Canada, and the minister of justice, quite properly, would not agree to any method of procedure which would deprive the governments of the Dominion and the province of the benefit of the decision of the Supreme Court of Canada, which is the superior tribunal. The attitude of the minister of justice was logically the proper one. There were two courts from which there could be an appeal to the Privy Council—the Supreme Court of Canada and the Full Court of Brit-

ish Columbia. There could not be an appeal from the Full Court of British Columbia to the Supreme Court of Canada, so that the point was to select one of the two tribunals. The Supreme Court of Canada is a superior and, presumably, stronger court than the Full Court of British Columbia, and the minister of justice would not be justified in ignoring it.

The upshot of the negotiations was quite characteristic of Mr. Bowser. On August 14th he wrote to the minister of justice informing him of the intention of the British Columbia government to present a set of questions for the decision of the Full Court some time in November, and suggesting that the Dominion government instruct its counsel to be ready for the argument. This suggestion was not adopted, the minister of justice adhering to his original decision.

The matter came up for argument on November 15th, before Chief Justice Hunter and Justices Irving, Morrison and Clement, and the questions presented were:

1. What is the nature and extent of the title to be taken and held by the Dominion of Canada in the land agreed to be conveyed to said Dominion under the provisions of Clause 13 of the Terms of Union, approved by the Imperial order in council, dated the 15th day of May, 1871?

2. Will the grant of said lands, if made by the Dominion, with the assent of such provisions, vest the fee of said lands in the grantee free from any trust in favor of the province of British Columbia?

3. Would the lease of said lands, if made by the Dominion government without the consent of the province, be valid, or, in the alternative, or if such lease is valid would the lessor's title be determined under the conveyance set out in the questions hereunder?

4. Does the B. N. A. act confer upon the Dominion of Canada any, and if so, what title or interest in the public lands reserved for the Indians in the province of British Columbia?

5. What is the nature and extent of the title or interest of the Dominion on any lands reserved for Indians which are situated within the boundaries of the railway belt of British Columbia; that is to say, the lands described and referred to under Section 2, Chapter 14, in the British Columbia Statutes of 1884, and under Clause 11 of said Terms of Union?

6. In case a tribe of Indians becomes extinct, or surrenders, or abandons their interest in, or ceases for any reason to occupy lands reserved for Indians, within the province, what then are the respective rights or title of the province of British Columbia in the lands previously appropriated by the province to the use of such extinct tribe, or in any land surrendered, abandoned or ceasing to be occupied by the Indians aforesaid?

7. In such event are any, and if so, what grants or conveyances are necessary to place the ultimate fee of such surrendered, abandoned or unoccupied lands as aforesaid in the original owner thereof?

8. Having regard to the terms of the order in council approved by the lieutenant-governor of British Columbia on the 6th day of January, 1876, a copy of

which, with the correspondence relating to it, is hereto attached, what steps should be taken by the government of the Dominion of Canada, where there is a material decrease in the numbers of an Indian tribe occupying an Indian reserve, from the standard set up in said correspondence, and, in such event, are any, and if so, what grants or conveyances are necessary in order to reinvest the title of such surplus lands in the province of British Columbia?

The court did not welcome the reference with open arms, and pointed out to Mr. E. V. Bodwell, who appeared for the provincial government, the uselessness of proceeding with a long argument which could not result in a decision binding on anyone.

Full Court's Opinion.
The report in the News-Advertiser, Vancouver, of these proceedings is interesting. It follows:

The chief justice wanted to know what they had before them to consider. The court could not waste its time over conundrums and abstract and academic discussions. They must have something concrete.

Mr. Bodwell: "The terms of the union and the constitution of the province is before your lordship."

The chief justice said that local considerations might attach to every Indian reserve in the province and how were they to deal with them?

Mr. Bodwell: "All you are expected to do is to express an opinion on the construction of the statute."

"But in this condition," said the chief justice, "you might as well expect us to express an opinion as to what the weather will be to-morrow. We can not give a decision that will lead to anything. The Dominion government is not represented here, and our decision would not be held binding on it."

Mr. Bodwell repeated that all they expected was a decision from the court as to the meaning of the Terms of Union in the sections dealing with Indian lands.

The Chief Justice: "I feel that you have a right to come here and so into a long and learned argument, but it will lead to nothing. It could not bind either me or the Dominion government, and would be wasting the time of the court. I can only appeal to you as a leading member of the bar in this province, whether our time should be wasted in this way."

Mr. Bodwell: "I have no opinion. I am simply asked to press for a judgment on this question. I have no other instructions and can take no other responsibility."

Mr. Justice Clement: "It seems to me that your proper court of appeal is the Privy Council, which is not bound by the legislation of this country."

"Apparently I am not going to have a very good time if I get before your lordships," remarked Mr. Bodwell with a laugh.

The chief justice wished to know how this matter got among the appeals anyhow. It had not been before any other judge.

Mr. Bodwell said it had been referred to the court and set down on the list. "It is immaterial to me what your lordships' judgment may be. I must sim-

What the woman who has visited the Christie Factory says to her friends—

"I NEVER realized all that the 'Christie' brand on biscuits meant until I went through the big factory in Toronto.

"The cleanliness of the whole place amazed me. I don't mean that it is clean as judged by factory standards, but clean according to any standard.

"We women control the purse-strings when it comes to buying biscuits, and it's no wonder Christie, Brown & Co. are glad to have us inspect their factory. To my mind it is the

strongest advertisement they could have. "You'd be surprised to see the staff that is kept busy, day in and day out all the year round—cleaning, cleaning, cleaning.

"The windows, floors, walls, ceilings, machinery, etc.—all speak volumes for the sanitary conditions under which Christie's Biscuits are made.

"It's a picture to see the 'Christie Girls'—over three hundred of them—in spotless white. Each girl is supplied with two complete uniforms a week from the firm's private laundry.

"At every turn I found fresh

evidence of the unusual care which is taken to preserve absolute cleanliness.

"It was explained to me how every ounce of raw material is tested, and how, at each step throughout the process of mixing, baking and packing, the Christie quality is jealously guarded.

"I am convinced that if every woman in Canada could visit the Christie factory as I did, they would not think of using any but Christie's Biscuits in future."

The best Grocers everywhere in Canada have Christie's Biscuits. Sold in bulk, by the pound, or in moisture and dust-proof packages.

Christie, Brown & Co., Limited

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT. Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I consulted to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Dr. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got The New Method Dispenser. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in machine shop before treatment, now I am earning \$35 and never lose a day. I wish all sufferers knew of your valuable treatment."

HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most prevalent and most serious diseases. They sap the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It only suppresses the symptoms—our NEW METHOD cures all blood diseases.

YOUNG OR MIDDLE AGED MEN.—Imprudent acts or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically, and vitally you are not the man you used to be or should be. Will you heed the danger signals?

READER: Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Books Free—"The Golden Monitor," (Illustrated) on Diseases of Men.

WEST COAST IS FULLY ALIVE TO CHANCES

Secretary of Development League Finds Great Interest in the Work.

That Vancouver Island has trees which run 300,000 feet, board measurement, to the acre is one of the facts brought back by Ernest McGaffey, secretary of the Vancouver Island Development League, from a trip along the West Coast. Mr. McGaffey also found the people of Clayoquot, Ucluel and Alberni enthusiastic in regard to the development of their districts. There are numerous inquiries being made by seekers for land, and while Mr. McGaffey was at Ucluel there were there two young men from Switzerland looking for opportunities for settlement.

Leaving here on the Tees Mr. McGaffey went as far as Clayoquot, where he was the guest of the president of the local branch of the league, Dr. M. Raynor, addressing a meeting of the branch of the settlers of the district while there. The halibut fisheries in the vicinity are prospering.

perous, the Indians taking as much as 21,000 pounds in one day with their primitive methods. From there Mr. McGaffey proceeded to the head of Tofino Inlet, and walked along the beaches of Long Bay and Wreck Bay, and by Indian trails to Ucluel, accompanied by H. Hillier, president of the branch of the league there. A very successful meeting was held there. The season at Long Bay Mr. McGaffey considers will become one of the greatest bathing beaches on the continent and a world-renowned summer resort.

The trip to Alberni was made in Mr. Hillier's launch. End of it Mr. McGaffey speaks with enthusiasm. The salt through the islands and up the Alberni Canal he describes as wonderfully beautiful. Meetings were held at both Alberni, which the secretary of the league says will ultimately form one city of great importance. Mr. McGaffey drove to Nanaimo by stage and came down by train. Railway construction on the Alberni extension of the B. N. C. is progressing rapidly and the cement piers for the bridge over French creek are being now put in.

Madame Bourin, the residuary legatee under the will of A. C. Chanchard, who died in Paris last week, received property valued at from \$3,000,000 to \$5,000,000. She announced to-day the gift of \$500,000 to the poor of Paris and \$200,000 to establish a pension fund for employees of M. Chanchard's store.

Isn't it time to be through with the Rent Collector?

RICH STRIKES MADE IN SHEEP CREEK
Showings on Number of Claims Improve as Development Proceeds.

C. E. Bennett and Thomas Gallon have returned to Nelson after a trip to Sheep Creek and gave a representative of the Daily News some interesting particulars of the latest strikes in the mines of this camp. The last week has proved unusually prolific in finds of high value ore in the mines located in the great gold country near Salmo. The vein at the 60 feet depth of the Golden Belle, from which large samples have shown assays of \$125.40 per ton has now reached a width of two feet six inches and is looking more promising than ever. The development of the property is proceeding as rapidly as possible under the conditions and it is anticipated that the time will not be long before the Golden Belle appears in the list of regular shippers.
On the 200 feet level of the Mother Lode a rich vein from two to three feet in width was reached a few days ago and an 18-inch streak of high grade ore was struck on the Kootenay Belle.
The Golden Fawn is under option for \$50,000 to John McMartin. From this property, which is one of the most promising on the creek, a large sample, about two by one foot in size, has been sent to the Seattle assayers. The exhibit is stated to be a splendid one and should serve to open the eyes of mining visitors to the possibilities of the possibilities and richness of the Sheep Creek and to the openings there for the lucrative investment of capital.

NELSON'S TRAMWAY.
Franchise and Equipment Will Be Taken Over By the City.

The City of Nelson will now issue debentures for \$10,000, the sale of which at once has already been arranged for by the present executive of the Nelson Electric Tramway company. By the annual payment for 20 years of \$500 interest and about \$200 towards sinking fund the city will become the owner of the company's franchise beyond as well as within the city limits, of the remains of the equipment at the old Tramway company's station and car barn, both of which were destroyed by fire within a few hours of each other in April, 1908. The city will also acquire the sites of both structures.
The property owners have not committed the city by their vote to restoration and operation of the tramway service, nor to any particular disposition of the newly acquired property. The city is now in a position to consider the whole question.
Peppermint is usually prepared from ginger sweetened with sugar, and flavored with the essential oils of peppermint.

NOISE DISTURBS SCHOOL CHILDREN
Proposal to Remove Building From Vicinity of Crusher at Phoenix.

The present location of Phoenix public school is so close to one of the ore crushers of the Granby mines that the noise from the crusher has greatly interfered with the work of the teachers, says the Phoenix Pioneer. The increased attendance of pupils has also made the enlargement of the building a matter of immediate necessity.
In response to communications with the government regarding the removal of the school building to a more suitable location in the city, Inspector of Nelson represented the educational department at a joint meeting of the city council and school board, O. B. Smith, superintendent of the company, was present to represent the company.
The condition requiring the removal of the school building, together with the plans for enlargement and probable cost, were dealt with in detail.
Mr. Smith, for the Granby company, offered to give three lots on Victoria Avenue for the location of the school and grounds. The school board considered this offer a highly satisfactory one. The total estimated cost for removal and enlarging of the school will be some \$5,000.
Inspector Deane was furnished with several views showing the proximity of present school to the crusher and other details of the proposed change and will lay the matter before the educational department.

BISHOP McDONALD WILL VISIT COMOX
(Special Correspondence.)
Comox, June 8.—Rev. Father Mestens has returned from Victoria. He states that Mgr. McDonald, bishop of Victoria, is expected here about the end of the month. Mgr. McDonald has contributed \$50 towards the new church at Cumberland, expressing keen interest in the work.
D. G. S. Quadra called here on Wednesday on the way south. She has placed a bivy on Grassy Point to replace the beacon which carried away last winter. A light will shortly be placed on Goose spit.
Mr. Fechner, proprietor of the Riverside hotel, Courtney, has plans for erecting a new hall for dances and other entertainments.

SKIN ERUPTIONS AND PIMPLES
Disappear Under a Treatment With Dr. Williams' Pink Pills.

There can be health and vigor only when the blood is rich and red. There are thousands of young men just approaching manhood who meet the rich red blood that only Dr. Williams' Pink Pills can make. They have no energy; tire out at the least exertion, and who feel by the time they have done their day's work, as though the day was a week long. In some cases there is a further sign of danger in the pimples and disfiguring eruptions which break out on the face. These are certain signs that blood is out of order, and that a complete breakdown may result. In this emergency Dr. Williams' Pink Pills is the medicine those young men should take. These pills actually make rich, red blood. They clear the skin of pimples and eruptions and bring health, strength and energy.
Here is the experience of Adolphus Rolland, of St. Jerome, Que., who is a young man of 19 years of age, who says: "For more than a year I suffered from general weakness, and I gradually grew so weak that I was forced to abandon my work as a clerk. My appetite failed me. I had occasional violent headaches and I began to suffer from indigestion. I was failing so rapidly that I began to fear that consumption was fastening itself upon me. Our family doctor treated me but I did not gain under his care. I was in a very discouraged state when a friend from Montreal came to see me. He strongly advised me to try Dr. Williams' Pink Pills. I did so and inside of three weeks I began to feel better, my appetite began to improve and I seemed to have a feeling of new courage. I continued the pills till I had taken ten boxes and I am now enjoying the best health I ever had. My cure surprised many of my friends who began to regard me as incurable, and I strongly advise other young men who are weak to follow my example and give Dr. Williams' Pink Pills a fair trial." Bad blood is the cause of all common diseases like anaemia, headaches, neuralgia, rheumatism, sciatica, indigestion, all nervous troubles, general weakness and the special ailments that only women folk know. Dr. Williams' Pink Pills are the one cure, because they go right to the root of the trouble in the blood. They change the bad blood into good blood, and thus bring health, strength and energy. You can get these pills from any medicine dealer, or by mail at \$50 a box, or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

RIFLE SHOOTING.
Okanagan Association Meet. Visited by Staff Sergt. Richardson.

The Okanagan Rifle Association closed Saturday after a successful meet with respect to number of entries. The weather conditions were almost good shooting. Rain, dust and thunderstorms delayed the matches and only a portion of the full programme could be shot off.
G. G. Christy, of Summerland, won the championship and silver medal. The Victorian, Staff Sergt. Richardson, was second, winning the bronze medal. Richardson also won the Duncan Ross cup at 200, 300 and 500 yards.
The first, second, fourth and sixth men in the grand aggregate used Ross rifles of mark III. issue. Richardson left Vernon for Montreal.
He lectured to a full house here at the city hall Saturday evening on rifle shooting, and received a hearty vote of thanks at the conclusion. Capt. Brown, of Revelstoke was in the chair.

NOISE DISTURBS SCHOOL CHILDREN
Proposal to Remove Building From Vicinity of Crusher at Phoenix.

The present location of Phoenix public school is so close to one of the ore crushers of the Granby mines that the noise from the crusher has greatly interfered with the work of the teachers, says the Phoenix Pioneer. The increased attendance of pupils has also made the enlargement of the building a matter of immediate necessity.
In response to communications with the government regarding the removal of the school building to a more suitable location in the city, Inspector of Nelson represented the educational department at a joint meeting of the city council and school board, O. B. Smith, superintendent of the company, was present to represent the company.
The condition requiring the removal of the school building, together with the plans for enlargement and probable cost, were dealt with in detail.
Mr. Smith, for the Granby company, offered to give three lots on Victoria Avenue for the location of the school and grounds. The school board considered this offer a highly satisfactory one. The total estimated cost for removal and enlarging of the school will be some \$5,000.
Inspector Deane was furnished with several views showing the proximity of present school to the crusher and other details of the proposed change and will lay the matter before the educational department.

BISHOP McDONALD WILL VISIT COMOX
(Special Correspondence.)
Comox, June 8.—Rev. Father Mestens has returned from Victoria. He states that Mgr. McDonald, bishop of Victoria, is expected here about the end of the month. Mgr. McDonald has contributed \$50 towards the new church at Cumberland, expressing keen interest in the work.
D. G. S. Quadra called here on Wednesday on the way south. She has placed a bivy on Grassy Point to replace the beacon which carried away last winter. A light will shortly be placed on Goose spit.
Mr. Fechner, proprietor of the Riverside hotel, Courtney, has plans for erecting a new hall for dances and other entertainments.

SKIN ERUPTIONS AND PIMPLES
Disappear Under a Treatment With Dr. Williams' Pink Pills.

There can be health and vigor only when the blood is rich and red. There are thousands of young men just approaching manhood who meet the rich red blood that only Dr. Williams' Pink Pills can make. They have no energy; tire out at the least exertion, and who feel by the time they have done their day's work, as though the day was a week long. In some cases there is a further sign of danger in the pimples and disfiguring eruptions which break out on the face. These are certain signs that blood is out of order, and that a complete breakdown may result. In this emergency Dr. Williams' Pink Pills is the medicine those young men should take. These pills actually make rich, red blood. They clear the skin of pimples and eruptions and bring health, strength and energy.
Here is the experience of Adolphus Rolland, of St. Jerome, Que., who is a young man of 19 years of age, who says: "For more than a year I suffered from general weakness, and I gradually grew so weak that I was forced to abandon my work as a clerk. My appetite failed me. I had occasional violent headaches and I began to suffer from indigestion. I was failing so rapidly that I began to fear that consumption was fastening itself upon me. Our family doctor treated me but I did not gain under his care. I was in a very discouraged state when a friend from Montreal came to see me. He strongly advised me to try Dr. Williams' Pink Pills. I did so and inside of three weeks I began to feel better, my appetite began to improve and I seemed to have a feeling of new courage. I continued the pills till I had taken ten boxes and I am now enjoying the best health I ever had. My cure surprised many of my friends who began to regard me as incurable, and I strongly advise other young men who are weak to follow my example and give Dr. Williams' Pink Pills a fair trial." Bad blood is the cause of all common diseases like anaemia, headaches, neuralgia, rheumatism, sciatica, indigestion, all nervous troubles, general weakness and the special ailments that only women folk know. Dr. Williams' Pink Pills are the one cure, because they go right to the root of the trouble in the blood. They change the bad blood into good blood, and thus bring health, strength and energy. You can get these pills from any medicine dealer, or by mail at \$50 a box, or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

WEDDED TO-DAY IN ST. JOHN'S CHURCH

Mr. A. W. Ward and Miss Sav-
age Joined in Mar-
riage.

A very pretty church wedding was solemnized at 2.30 this afternoon in St. John's church, which was handsomely decorated for the occasion by the bride's girl friends, with a profusion of the season's blossoms. The contracting parties were Mr. Albert W. Ward, youngest son of Mrs. Hawton, corner Cook and Pandora streets, and Miss Grace Savage, only daughter of Mrs. P. W. Savage, View street. The Rev. Percival Jenks officiated, and Mr. Burnett presided at the organ.

The bride, who was given away by her oldest brother, Mr. W. Savage, was most becomingly gowned in white albatross cloth, made with tucked yoke of net, having wide pointed bertha of silk embroidered net outlined with narrow bands of white satin ribbon. It was finished with heavy silk tassels and was very effective. The skirt was made with pannelled front and trimmed with two wide bands of white satin ribbon. It was finished with heavy silk tassels and was very effective. The bride wore a large lace doyley, and carried a large sheaf bouquet of pink carnations.

The bride's little nieces, Jeanie and Dorothy Savage, daughters of Mr. and Mrs. William Savage, made a quaint little pair of flower girls, dressed in dainty princess frocks of white embroidered lawn with pink sashes, and wreaths of pink carnations in their hair. They carried wicker baskets of wild roses and pink marguerites.

The groom was supported by his friend, Mr. Albert Boorman.

The bride and groom received the congratulatory of their friends beneath a canopy of red roses and snowballs in the drawing room of the bride's mother, 1102 View street.

The table for the wedding supper, at which only a few of the immediate relations will be present, is very prettily arranged with marguerites and white carnations. The handsome wedding cake occupies the position of honor in the centre, being placed on a large lace doyley, at the four corners of which are small cut glass bowls of white carnations. Other small vases of carnations are used with good effect, and two tall vases filled with marguerites are placed at either end of the long table.

This evening a reception will be held from 8 to 10. The bride's going away suit is a smartly tailored top grey cloth, with a very pretty pink tub turban, trimmed with pink satin ribbon, small pink roses and forget-me-nots. The honeymoon will be spent in the Sound cities, and on their return Mr. and Mrs. Ward will reside on Johnson street, near Cook.

A great many very handsome and costly presents have been received by the young couple, showing the esteem in which they are held.

VICTORIAN'S SUCCESS.
H. W. Northcott Selected as Y. M. C. A. Secretary at Ithaca.

H. W. Northcott, formerly secretary of the Y. M. C. A. here, is making steady progress in his chosen line of work. He is to take charge of the Association at Ithaca, N. Y. The following reference is made to him by the Ithaca Daily Journal:

H. W. Northcott, of Springfield, Massachusetts, has been appointed general secretary of the Y. M. C. A. at Ithaca, to fill the vacancy created by the resignation of C. A. Richdale.

Mr. Northcott has been in the city for the past two days and was interviewed by the directors and trustees of the local association. He made an exhaustive study of the local situation, and decided to accept a call from the directors to become secretary.

He is 32 years old and has had five years' experience as an association man. He entered the work as general secretary on the Pacific coast, where he served two years as local secretary. He then decided to attend the Springfield Training School to better fit himself for his life-work.

Mr. Northcott will graduate with the present class about June 10th. He will come to Ithaca to take up his new duties during the summer. He comes highly recommended by the state committee.

Mr. Richdale, who has made numerous friends in this city during his incumbency, leaves next month to attend the National Conference of Secretaries at Omaha. He has had a number of tempting offers in a much larger field, his efficiency having been recognized in a number of states.

He says, however, he has not yet decided where he will locate, but will make an effort to secure a place in the east. He expects to leave in August, about which time the new secretary will take charge.

Stylish Cribs

WE HAVE a splendid showing of metal cribs at popular prices. These are new arrivals and if you are one of the mothers who have been awaiting the arrival of these furniture pieces we suggest that you come in and see these splendid values.

Special features distinguish these cribs—special drop sides, superior non-rustable springs, etc. They come from the largest metal bed factory in the world and bear the same marks of superiority that characterize their beds.

Pleased to have you come in and see the range, at from each—
\$9.00 TO \$14.50

SPLENDID OFFERINGS IN CUT GLASS

WE HAVE just received a special purchase of Cut Glass made by our Mr. Otto Weiler when in the East this Spring. We are able to offer you some very attractive glass at easy prices.

Here's an excellent opportunity to purchase a beautiful wedding gift for some June bride and save on the buying.

Patterns are attractive and the cutting deep—superior glass that any bride would be proud to own. There aren't many so an early visit is desirable.

Water Bottles, at each \$4.00
Vases, at each \$3.00 and \$6.50
Bowls, at each \$6.00
Tumblers, at, per dozen \$12.00

Camp Furniture

"GOLD MEDAL" camp furniture is unique in that it is unusually strong and light and folds more compactly than any other camp furniture on the market. It is guaranteed to bear certain stated weights—guaranteed the very strongest folding camp furniture made.

For the camper it is the ideal style. Being so light and folding so compactly makes it easy to "pack" from camp to camp. Let us show you the offerings in stools, reclining chairs, camp beds, tables, washstands, baths, etc.

Folding Camp Stools 60c
Reclining Chairs \$1.50
Folding Chairs \$1.00
Folding Camp Beds \$3.00
Folding Arm Chairs \$2.25
Folding Tables \$4.50

See These Charming New Ideas in Souvenir Spoons

NOTHING so nice as these souvenir spoons has ever been shown in the city. New and attractive designs are shown and in many finishes. It is not possible to describe them properly here, but don't confuse them with the ordinary variety of souvenir spoons. Come in and have a look at them. Splendid to send to some bride-to-be—quite a fad to collect a set. Prices range at, each, \$2.50, \$2.00, \$1.50 and.....
\$1.25

Totem Pole Souvenir Spoons
These spoons are very attractive and are distinctly new. The handle represents an Indian Totem Pole, while the bowl shows Parliament Buildings, boats, etc. Priced at, each.....

ADMINISTERED CORRECTION.
Proprietor of Turkish Baths Made
Example of Boys.

Bjornfelt Bergstrom, proprietor of the Turkish baths of Fort street, was charged in the police court this morning with an assault on Thomas Forrester, aged 13, and Alexander Forrester, aged 11. He was fined \$3.

The plaintiffs said defendant had chased them up the street on Sunday afternoon while they were proceeding home from Sunday school and slapped their faces and pulled their ears.

Defendant admitted the assault, and said his door bell had been ringing repeatedly for the last five weeks. When answered there was no one at the door. The boys denied having rung the bell, but admitted they had stood a moment to look into the establishment. Defendant said his bell had stopped ringing since he had taken the boys in hand. He also said that instead of coming into court the parent should have been glad he had given the boys a lesson and taught them better manners.

The magistrate advised the parent to talk to the lads and instruct them to walk home demurely from Sunday school and not stop to look into the defendant's premises, and told defendant in future to take the names of the lads and complain to their parents, whose duty it would be to see that correction was applied.

PANTAGES THEATRE.
Vaudeville Show This Week is All
That Could Be Desired.

Highly entertaining and at the same time causing one to hold one's breath lest an accident occur, the McDonald trio of sensational cyclists keeps the onlookers spell-bound during their time on the Pantages stage this week. The very amusing little comedy play, "A Jack and a Queen," in which Miss Blake, the most beautiful woman in vaudeville, and Mr. Gladish, one of vaudeville's best vocalists, are appearing and making a "big stir" among the theatre goers who seek high class entertainment. The Australian duo in clever character songs and dances, Charles Sanders, singing comedian, and the regular attractions are pleasing "big crowds" nightly.

SHIPPING BEES.
E. F. Robinson is Sending Hives to Okanagan Country.

E. F. Robinson, of the Shawnigan Lake bee farm, has returned from Vancouver after looking after the shipment of 15 hives of Italian bees going to the Okanagan. The fruit growers of that section of the province are anxious to have bees introduced as a means of pollinating the blossoms.

The industry is being introduced as supplementary to the fruit growing business therefore.

SHIP CHANDLERS. Phone 41. 1214 WHARF ST.

The funeral of the infant child of Mr. and Mrs. Robert Sluggett, of Saanich, took place this afternoon at 3 o'clock from the family residence. Rev. Mr. Letta conducted the services. Interment took place in Shady Creek cemetery.

A fire call took the brigade yesterday to the residence owned by W. E. Newton and occupied by Mrs. W. C. Kirkbride on Rockland avenue, where a roof fire caused by a spark from the kitchen chimney was quickly extinguished. Mrs. Kirkbride donated a sum of money to the brigade for the promptness with which the call was answered. The damage done was about \$15. The chief of the fire department has now received about \$40 in contributions from those whose property has been saved by promptness of the brigade.
