School of Dramatic Art

Last Thursday afternoon Mrs. Sydney Yard gave the first of a series of readings before an appreciative audience. The lady read Galsworthy's "Bit o' Love," and brought out with fine interpretation the pathos, tragedy and final spiritual triumph of the story.

The reading was followed by two songs by Miss Eunice T. Gray—"O love that wilt not let me go," by Flazington Harker, and Cadman's "I hear a thrush at eve."

The afternoon closed with a social half hour, with tea and a view of the beautiful Carmel sunset from the wide windows of the studio.

The subject of this afternoon's Music History class is "The First Great Composers."

Mrs. Yard spent Tuesday with her class in Palo Alto, on the evening previous having read before her circle at Redwood City.

Board of Trustees De-fers Appointments

The regular monthly meeting of the Carmel-by-the-Sea trustees, held last Tuesday evening, was somewhat of a disappointment to those who had hoped that the offices of city attorney, city recorder and city marshal would be filled. During the day reports were circulated that these appointments would be made, but the trustees decided to lay the matter over.

A communication from Geo. S. Gould, county assessor, was read, requesting information as to the boundaries of the new municipality.

A letter from District Attorney W. E. Norris conveyed the cheerful information that there was no money in the Carmel road fund, and furthermore, that the fund had been overdrawn.

Following a discussion relative to fire protection, Trustees Johnson and Taylor were appointed a committee to interview the officials of the water company, and to gather other data.

Trustees Fraser and Beardsley are a committee to obtain information and prices on books for the use of officials.

Ordinance No. Two, defining rules for conducting the proceedings of the board was passed and ordered published in the Pine Cone.

The secretary was instructed to advertise for bids for the publication of ordinances, orders, proceedings, delinquent tax list, notices, etc., for one year.

To J. W. Hand, who gave the use of his office for the initial meeting of the board, the trustees tendered a vote of thanks.

A number of communications from sixth class city officers, giving details as to salaries, methods of obtaining funds, taxes, etc. were read and placed on file.

A Love Affair Minus A Scandal

Reproduction in the Literary Digest of the works of poets, embryo and those who have arrived, is considered in the nature of a recognition of merit.

J. Robinson Jeffers, who, with his wife, has spent much time in Carmel, recently published a volume of his verse, and the journal above-named prints the following selection:

HE HAS FALLEN IN LOVE WITH THE MOUNTAINS

He has fallen in love with the mountains,

How should he not be blest?

Him the high canon-fountains

Feed with coolness and rest;

And the eerie dawns with peace.

Remote, steel-gray, and scornful

The peaks; above them glides

Dawn, and purples the morful

Pines on the canon sides;

Day, and the ferny fountains

Are full and crystal dim;

And he who has loved the mountains,

How should they not love him?

White be the fair young maiden,

And comely, without stain,

Her lover sorrow-laden

Will look for her in vain.

Uphelped; for she is human.

She will quietly pass by,

Like every other woman

Who has lived under the sky.

Good be the friend, and grateful

For kindnesses of old,

Yet will his eyes turn hateful,

Yet his heart's love burn cold.

Build house-walls of cut-clover;

Lean on a fennel-staff;

Put faith in friend or lover,

And hear the high Fates laugh.

Then to the far hill-ridges

Lift up your eyes, and slake

Your thirst among the sedges

That lock a mountain lake.

Your changed fates bewail not;

Is mortal guile new-proved?

But the mountains move not, fail not,

Never in vain beloved.

Truly "It is More Blessed to Give Than to Receive"

Try it. The Pine Cone office, as heretofore, will be the assembling and distributing center for those in Carmel who desire to donate articles of wearing apparel, food, toys and money for the needy.

"The poor we have always with us." In Carmel and vicinity there are a number of worthy poor and unfortunate. To make the way of these a little easier, a little happier, at this approaching Christmas season, is the duty of all of us who have enjoyed even limited prosperity and comfort.

The response to this appeal last year was very liberal. Make it larger this time.

Here is the girl's own story. "For two years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped me until I tried buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL helped me INSTANTLY." Opportunity Still Knocks

Less than two years ago two young Italians purchased a farm on the Carson River, a few miles from Carson City, going into debt just \$20,000 for the place.

Last season they raised hay and grain and were able, by peddling vegetables and being very careful, to meet the first payment on the place. This year they put all the available ground in potatoes, and the yield has been so good and the prices so high that when their present crop is sold they will be able to pay the balance due on the farm. Their crop this year will net them over \$20,000.

They had the nerve and were willing to work. And while they were doing that, how many smart young men were loafing and wondering why there was no chance in this wide world for them to make a living or do something for themselves. —Carson Weekly.

Value of Learning Spanish.

America's greatest market opening is in Latin-American countries. Knowledge of Spanish is indispensable to those who would participate in this trade. At least they must hire men who know Spanish. Knowledge of Spanish will get a man a job if he is otherwise qualified; which is more than can be said of the other languages taught in the public schools. Yet Spanish is taught very little in the public schools of this country. Apparently that is because of the notion which seems to afflict too many pedagogues, that the schools must never do anything that the schools of our grandfathers didn't do.

A Business Asset.

The Monterey banks recognize the value of advertising. Both the Bank of Monterey and the First National Bank making regular yearly appropriations for this purpose, and these banks are recognized as two of the strongest and most conservative financial institutions in California. These banks know that it pays to advertise, and that it pays to support a newspaper that is a news medium for Carmel and a worthy representative of this section wherever it goes.

Proper advertising will also pay in every line of business, provided a merchant will give it a little time and attention, and endeavor to back up his printed statements with good goods, fair prices and proper service. If he does not give any thought to his advertising, and makes no attempt to back up his publicity, the cost of his space is largely wasted.

ORDINANCE NO. TWO.

AN ORDINANCE ESTABLISHING RULES FOR CONDUCTING THE PROCEEDINGS OF THE BOARD OF TRUSTEES OF THE CITY OF CARMEL-BY-THE-SEA, AND PROVIDING FOR THE PUNISHMENT OF ANY MEMBER OR ANY PERSON FOR DISORDERLY BEHAVIOR AT ANY MEETING OF SAID BOARD, ALSO FOR COMPELLING THE ATTENDANCE OF THE ABSENT MEMBERS.

The Board of Trustees of the City of Carmel-by-the-Sea do ordain as follows:

Section 1. At the beginning of each term the President of the Board of Trustees shall appoint the following Committees to consist of one member each who shall be known as Commissioners.

1. Commissioner of Streets, sidewalks and Parks.
2. Commissioner of Health and Safety.
3. Commissioner of Light and Water.
4. Commissioner of Fire and Police.

The President of the Board shall be the Commissioner of Finance.

Section 2. All business brought before the Board shall be referred to the appropriate commissioner for his investigation, report and recommendation in reference thereto, before any action shall be taken thereon by the Board as a whole, except the business in question be of special urgency or of such nature that it may be disposed of immediately. Upon a four-fifths vote of the Board any Commissioner may be required to report his recommendations in writing.

Section 3. Ordinances may be given their first reading upon their introduction by reading the title only. Second reading shall be in full unless dispensed with by unanimous vote, and the third reading upon final passage of the ordinance may be by title only unless a full reading is again requested by a majority of the members.

Section 4. The minutes of the Board of Trustees or journal of their proceedings required to be kept by the Clerk shall be neatly typewritten in a special looseleaf journal book, with each of the different kinds of business transacted set off in paragraphs with proper sub-heads.

Until a substantial fire-proof vault has been provided for keeping the

public records, the Clerk shall keep the original copies of all ordinances and wherever possible, copies of all other official records, in a fire-proof safe deposit box or boxes which he is hereby authorized to lease for that purpose.

Section 5. The Commissioners of Finance, Streets, Sidewalks and Parks and Water and Light, shall constitute the auditing committee who shall examine and approve all bills in writing before the same may be paid.

Section 6. The following shall constitute the order of business to be followed in conducting the regular meetings of the Board.

ORDER OF BUSINESS.

1. Roll call.
2. Minutes of the previous meeting.
3. Receiving written communications.
4. Receiving oral communications.
5. Report of special committees.
6. Report of Commissioners.
7. Unfinished business.
9. New business.
10. Adjournment.

Any citizen may arise and address the Board on any business specially concerning them or effecting their interests, but preference will be given to those who have first presented matters in the form of a written communication or who have personally notified the President of the Board of Trustees of their desire to speak.

The members of the Board shall remain seated while participating in discussions and at all times during any meeting; they shall address their remarks to the President and other members of the board and not to the citizens who may happen to be in attendance.

The regular order of business may be suspended by a majority vote for the accommodation of non-residents who may have business before the Board, or for any other purpose.

Section 7. Any member or other person using profane, vulgar, loud or boisterous language at any meeting, or otherwise interrupting the proceedings, who refuse to be seated or kept quiet when ordered so to do by the President or President pro tem. of the Board, shall be guilty of a misdemeanor, punishable by a fine not to exceed Twenty five Dollars or by imprisonment not exceeding ten days. It shall be the duty of the Marshal, upon order of the presiding officer, to eject any such member or person from the boardroom.

Section 8. In case a quorum should not be present at any meeting and important business remains to be transacted or disposed of, any two members of the board may cause a written notice to be served personally upon the other members directing their immediate attendance, whereupon the members receiving such written notice shall be required to attend immediately except in case of sickness or death in their immediate family, otherwise they shall be liable to a fine, penalty or forfeiture to the city in the sum of Twenty five Dollars, recoverable by a civil action in the Recorder's Court.

Section 9. Any member of the Board of Trustees who refuses to attend four consecutive meetings, when neither sick or absent from the city at the time said meetings were held, shall be deemed to have forfeited his title to the office of trustee, and the remaining members or a majority thereof may cause an action to be brought in the Superior Court to have his office declared vacant.

Section 10. The proceedings of the board shall be governed under "Robert's Rules of Order" on all matters pertaining to parliamentary law, but no ordinance, resolution, proceeding or other action of the board, shall be invalidated or the legality thereof otherwise effected by the failure or omission to observe or follow said rules.

Section 11. All notices of special meetings must be delivered personally to the members of the Board of Trustees in the time, form and manner provided by law.

(Signed) A. P. FRASER,

President of the Board of Trustees.

I, the undersigned, Clerk of the City of Carmel-by-the-Sea and ex-officio clerk of the Board of Trustees of said City hereby certify that the foregoing ordinance is a true and correct copy of Ordinance No. Two of said City which was introduced at a regular meeting of said board, held on December 5th, 1916, and was passed on December 5th, 1916, by the following vote:

Noes, None.

I further certify that said ordinance was thereupon signed by A. P. Fraser, the President of the Board of Trustees of said City, and was published once in the Carmel Pine Cone, a newspaper of general circulation published in said City.

A correspondent sends us the following clipping, with the suggestion that "The Pine Cone should increase its size:"

Paper soaked in water makes one of the best and cheapest fuels that can be obtained, according to scientists. By a simple and easy process, which anyone can undertake, an accumulation of old papers, whether wrapping paper, newspaper or bags, can be converted into fuel for stoves, fireplace or furnace.

All that is necessary to do is to pile the papers into a tub until it is one-third full and then fill the tub to the brim with water.

Let the papers soak thoroughly in the tub for two or three days. If they show an inclination to float, weight them down with a stone until they are completely covered by the water.

After they have been thoroughly soaked, they are to be taken out and pressed into balls about the size of one's two fists, and then allowed to dry in the sun.

The water has made the papers so soft and pulpy that it is easy to form a perfectly compact ball. These balls will dry if they are left in the sun long enough until they become as hard as wood, and will burn with a glow like that of carbon briquettes.
