FIXLER'S FLOWER GARDENS

We get all excited when we start thinking and writing about our 1931 Tulips. But then, we have a perfect right to feel that way, for were they not beautiful last spring? We will have many new varieties added to our list for this spring. Some that have never been catalogued up to date. Just drive out next spring at tulip time---enjoy them with us---and then if you want to make a planting next fall, pick out the colors while in bloom. In spite of the winter they are growing right now and will be ready next spring to pop out of the ground and bloom for your enjoyment.

Notice! We will give \$4.00 for a 1st prize and \$2.00 for a 2nd prize in tulip bulbs, for the best picture taken of tulips in our field next spring. All pictures must be in our hands by June 1, 1931. Winners will be notified July 1, 1931.

DAHLIAS FOR 1931

In spite of the dry weather last season our Dahlias were a complete success. Altho, we feel if we had not mulched, we would have had a different story to tell. We expect to have quite a few new varieties to add to this list next spring.

If you have any varieties in mind that you are not able to find in this list, please let us quote prices.

Notice! A first prize of \$5.00, and a second prize of \$2.50 will be given in Dahlia bulbs to the ones bringing to our gardens—from bulbs purchased from us—the largest Dahlia Bloom for the season 1931. Contest closes with frost.
