

MEMORIAL EXERCISES

PATRIOTIC ORGANIZATIONS, CITY TRUSTEES AND SCHOOLS TO BE REPRESENTED

The Memorial Day parade and program will be held Monday afternoon. The marchers will assemble at one o'clock at the corner of Colorado and Brand boulevard to go from there to Forest Lawn Memorial Park, where the public exercises will be held, beginning at 2 o'clock. All the patriotic organizations of the city will be represented in the line of march.

Order of Parade

- N. P. Banks Post, G. A. R., headed by Commander J. O. Jones.
- Women's Relief Corps, headed by Mrs. Mary Milligan, president.
- Glendale Post of American Legion, headed by Chairman Dru Nicoles.
- Women's Auxillary, American Legion, headed by Mrs. James McBryde, president.
- Sons of Veterans, headed by President Arthur J. Van Wie.
- Daughters of Veterans, headed by Mrs. Lester Jones, president.
- Richard Gridley Chapter, D. A. R., headed by Mrs. J. H. Braly, Regent.
- Following these will be representatives from:
 - Board of Trustees of the city.
 - City churches.
 - Fraternal and civic organizations.
 - Private citizens, who are urged to decorate their automobiles with flags or flowers.

Children of the public schools will be in the parade as usual. They are to assemble at the Cerritos Avenue School at Brand and Cerritos Ave. at 1:15, prepared to join the parade when it reaches that point. They will be in charge of their teachers, E. E. Harwood and Mrs. Fannie T. Stone having general direction.

Program at Cemetery

- The program, as arranged, includes the following numbers:
 - Singing of "America" by all present.
 - Invocation.
 - Vocal Solo—Madame Constance Balfour.
 - G. A. R. Ritual Service.
 - Lincoln's Gettysburg Address—Clarence Ralston.
 - Address—Rev. B. D. Snudden of South Pasadena.
 - Vocal Solo—Madame Constance Balfour.
 - Address—Maj. J. C. Schindler, U. S. A.
 - Flower shower upon symbolic grave.
 - Singing of "Star Spangled Banner" by all.

DODGE SERVICE GARAGE

A. E. Ireland and H. H. Dawson have associated themselves together and opened a Dodge service station and repair garage in the building just completed at 107 West Harvard. Mr. Ireland has had 12 years' experience in auto work and is an expert mechanic in this line. Mr. Dawson is especially skilled in welding and brazing, having had 8 years' experience. The new firm will do all kinds of auto repairing, welding, etc. They have a fine equipment of tools and machines and they will guarantee every job they do. Both are men of family and Glendale citizens. They ask a share of the trade in their lines of business.

JUBILEE MEETING

MISSIONARY SOCIETY CENTRAL AVE. PRESBYTERIAN CHURCH OBSERVES ANNIVERSARY

The Woman's Missionary Society of the Central Avenue Presbyterian Church, Glendale, held its monthly meeting, Thursday, in the church parlors. The meeting was planned by Mrs. Rider, wife of the pastor, and was a Jubilee Meeting, celebrating the Fiftieth Anniversary of the organization of the first "Woman's Presbyterian Board of Foreign Missions," which was organized in Philadelphia.

The beautiful table decorations of white and gold flowers carried out the idea of the Golden Anniversary. Fifty-one sat down to lunch.

Service bands with gilt bars, a bar representing five years of membership in a missionary society, were prepared, and many of the ladies wore bands on their left arms, some having eight or more bars. Mrs. Ballantyne, Mrs. William Scott and Mrs. S. A. Ayers having the greatest number of bars. Mrs. Ballantyne was elected the first secretary of a missionary society which was organized in 1866 in a Methodist Church.

The program of the afternoon con-
(Continued on Page 5)

SOUTHERN ORATORICAL

JOHN T. JENKINS WINS CHAMPIONSHIP FOR GLENDALE HIGH

Another trophy representing a coveted honor has been added to the collection at Glendale Union High and for it the school is indebted to John T. Jenkins, better known as "Jack Jenkins."

Friday night in the auditorium of the Los Angeles Intermediate, formerly the L. A. High on the Hill, were gathered the champions of seven schools. Two of the schools, San Diego and Long Beach High, have an enrollment of 2000 students and the others—Hollywood High, Manual Arts, L. A. High and Pasadena High, are big schools with an attendance of 1500 to 2000 students. Against their combined talent was pitted the champion of Glendale High, a school having an enrollment of but 850. The result showed that there is no magic in numbers, that numerical strength does not signify. Coming as the event did on the eve of a national holiday when there were many competing attractions, the attendance was not large. Glendale's champion was supported by a delegation which included students who have participated in debating and oratorical contests—John Worley, Francis Reed and others, besides a group of Jack's personal friends and relatives, and these were equal to a considerable amount of enthusiastic rooting.

Following is a list of the champions of the schools represented and their subjects:

- Hollywood High—Janet Plow, whose theme was "America's Heritage." Under it she considered the natural resources of the United States and the necessity of conserving them for future generations, deploring the waste of the past.
- Los Angeles High—Joy Peterson, whose subject was "Americanization." The training of foreigners who come to our shores in the principles upon which this government is founded was the main theme of her oration.
- Manual Arts—Julian Holman—theme, "America Must Right Herself." This discussed the problems of reconstruction from profiteering to Bolshevism.
- San Diego High—Virginia Shaw, "Our Duty to the Immigrant." In this oration was pointed out the danger to America from undesirable immigrants who cannot be assimilated, and the duty of America to protect herself against undesirables and to educate foreigners already here in American ideals.
- Long Beach—Virginia Williams, "An Appeal for the Middle Classes."

(Continued on Page 5)

SCHOOL HEARING

GLENDALE REPRESENTED AT CONFERENCE WITH COUNTY SUPERVISORS

Glendale was fairly well represented at the hearing Friday morning before the Board of County Supervisors on the proposition to increase the county tax for elementary schools from 24c to 50c on the \$100 of valuation, and the high school tax from 14c to 35c for each hundred of valuation. Mrs. Arthur C. Brown represented the Board of Trustees of City Schools; C. O. Pulliam the Board of Trustees of the High School District; Mrs. Leon Sonntag the Federation of Parent-Teacher Associations, and there were also present Hartley Shaw, who recently resigned from the High School Board, Principal George U. Moyses of the High School, Richardson D. White, Superintendent of City Schools, and several other teachers.

According to the reports of these delegates practically all the districts in the county were represented, the Los Angeles District sending the largest delegation; and it was estimated that 250 persons were present. All these, with a single exception, were said to have voted aye when an expression was called for in regard to raising the county tax as indicated. All were in apparent agreement from Mark Keppel, County Superintendent of Schools, to the representatives of the most outlying districts, that the relief to meet the present extraordinary conditions should come from the state. Mr. Keppel pointed out that there are many wealthy oil districts in California in which great fortunes have been made, which are contributing little or nothing to the support of education.

ANNUNZIO AGAIN IN LIMELIGHT

AT THE HEAD OF BAND OF ARDITTI OCCUPIES TOWNS IN JUGO SLAVIA

(Special Service to Glendale Evening News)

PARIS, May 29.—Gabriel D'Annunzio, leader of the band of Arditti has occupied the towns of Kazelaj and Sussak, according to a dispatch to "Le Journal" today. The Jugo Slav government has notified the Italian government that the poet's invasion of Jugo Slavia territory will be resisted—"by force," the dispatch added.

POLITICAL PRISONERS

PRESIDENT WILSON ORDERS RELEASE OF MRS. KATE R. O'HARE FROM MISSOURI PRISON

(Special Service to Glendale Evening News)

WASHINGTON, May 29.—President Wilson today ordered the immediate release from prison of Mrs. Kate Richards O'Hare, one of a group of so-called "political prisoners." The release of Mrs. O'Hare, Eugene V. Debs, Rose Pastor Stokes and others has been demanded by the Socialist Party Convention and Citizens' Committee in petitions to the White House. The socialist petition was given Secretary Tumulty two weeks ago.

Mrs. O'Hare was convicted of the violation of the Espionage Act as was Debs and the others. She has been in the Jefferson City, Missouri, prison since April, 1918.

CIVIL WAR IMMINENT

TROOPS CALLED OUT AND DRASTIC MEASURES TAKEN TO COPE WITH IRISH DISORDERS

(Special Service to Glendale Evening News)

LONDON, May 29.—British military officials today took steps to meet the critical situation in Ireland following advices that soldier barracks at Killmallock had been destroyed and two constables burned to death. The barracks were set afire by a band of 100 men.

Premier Lloyd George presided at a cabinet conference last night at which it was understood drastic action to cope with Irish disorders was decided upon.

Flying columns of cavalry have been sent to Killmallock, a motorcycle corps has also been organized and was expected to proceed to the district immediately. Four 18-pounder guns, a quantity of rifle ammunition, grenades, petrol and barbed wire were landed at Kingstown last night. Army lorries have also been rushed to Dublin.

Marching orders have been issued to troops at Aldershot and other points in England and these forces were expected to start for Londonderry today.

SOLDIER BONUS BILL

(Special Service to Glendale Evening News)

WASHINGTON, May 29.—Soldier bonus advocates in the House today failed on the first test vote to obtain the two-thirds majority necessary to pass the Fordney Bill under suspension of the rules.

POST AND CORPS

LARGE ATTENDANCE AND FINE PROGRAM MARKS ALL-DAY MEETING

Covers were laid for about 125 at the dinner served at the all-day meeting of the N. P. Banks Post and Corps Friday and following a delicious repast the two bodies enjoyed one of the most interesting programs that has ever been presented in G. A. R. Hall according to reports of members present.

"Abraham Lincoln," the wonderful play written by John Drinkwater, the English playwright, which has been running for a year or more continuously on the London stage, was read by Mrs. E. H. Willisford of this city, Mrs. C. L. Peckham furnishing an appropriate piano accompaniment.

Abraham Lincoln means more, perhaps, to veterans of the Civil War than to any other group in this country, dear as is the memory of the most beloved American, and their appreciation of this play and their sense of indebtedness to Mrs. Willisford for bringing it to them, was too deep for expression. At the conclusion of the reading Dr. Willisford dismissed the company with an appropriate benediction.

Many distinguished visitors were present from other Posts and Corps, including Department Corps President Mrs. French of Los Angeles, Department Secretary Mrs. Hartwell of the same city, Past Department Commander Martin, Comrade Hull, who has recently moved from Los Angeles to Glendale, and Mrs. Hull.

WEATHER FORECAST: Fair tonight and Sunday.

PRETTY HOME PARTY

MR. AND MRS. CHARLES HUTCHINSON ENTERTAIN FRIENDS OF THEIR SON PAUL

A very pretty social affair and a jolly one took place at the home of Mr. and Mrs. Charles Hutchinson on North Orange street Friday evening when they entertained for their son Paul. No formal program of entertainments had been planned, but arrangements had been made for games if the young people desired to entertain themselves in that way. The choice was for dancing, however, and for that there was ample space as the dining and living room had been cleared of furniture, the porch canvassed and furnished with chairs and couches, and tables placed for punch in the den. A phonograph furnished very satisfactory music and the boys and girls spent a happy evening, the guests being: Misses Helen Thompson, Doris Parker, Bettie Fell, Bettie Warner, Evelyn Gregg, Evelyn Appel, Virginia Huntley, Eleanor Sawyer, Louise Hollenbeck, Dorothy Carmack and Dorothy Peart, Messrs. Fred Thompson, Sam Thompson, Waldo Cowan, Robert McCourt, Robert White, Lowry Truitt, Waldo Yard, Wilford Cline, Floyd Carmack, David Folz, and Paul Hutchinson. Following the dance program, orange ice and cake were served by the hostess.

NO PAPER PUBLISHED MONDAY, MAY 31

Monday, May 31st, observed as Decoration Day, being one of the six holidays observed by the Evening News, there will be no paper issued on that day.

Y. M. C. A. BANQUET

GROUPS OF BOYS AND THEIR LEADERS SHOW HOW WORK IS DONE

Fully 200 boys and men of Glendale and Burbank gathered in the basement of the First M. E. Church last evening to first partake of a fine banquet prepared for them by the ladies of the church and then to engage for an hour or more in demonstrations of the work that is being done by the groups and their leaders. The dinner served was most excellent, consisting of beans cooked with bacon, spaghetti, bread and butter, salad, pudding and hot chocolate. There was an innovation in serving which should be adopted at all such affairs, as it saves in time and also in labor for the ladies providing the feast. This was the marching in single file by the men and boys past the serving windows of the kitchen to get the plates heaped with the good things to eat and carrying them to their places at the tables.

After the dinner was disposed of District Secretary Williamson announced that brief demonstrations of the work done by the various clubs would be put on the stage for all to see. Mr. Williamson prefaced this announcement with the statement that the work was commenced in Glendale and Burbank five months ago and now there are 201 boys enrolled in 13 clubs and doing work along educational, athletic and religious lines. First, the Tropico P. X. Club of younger boys gave an abbreviated sample session, then the Triangle Club of High School boys staged a meeting, which was addressed by
(Continued on page 5)

GLENDALE 9, CITRUS 4

A RAGGED FIELDING GAME WON BY THE HOME TEAM

Glendale defeated Citrus Union High in a baseball game yesterday afternoon by five runs. It was featured with ragged fielding on both sides and brilliant base running by the visitors, they stealing 6 bases in the first four innings. One of their men stole first and second in quick succession and then came home on a wild throw. Another of their men stole third quite easily, also. Our boys were slow on the bases, but outbatted their opponents largely. Dan Campbell pitched 5 1/2 innings for Glendale and did fine work. By a combination of errors there were three men on bases after a run had been forced in on four balls, and only one man was out. Fred Jenkins went in the box at this time and the side was retired without another run being made. Lefty Herman pulled off one of his usual tricks that of striking out the first time at bat and putting the ball over the fence the next time up. Johnnie Kane, ex-Vernon player, umpired the game with absolute fairness.

The score was as follows:
Glendale 9
Citrus 4

Summary
Hits, Glendale 6, Citrus 8; struck out, Campbell 8, Jenkins 3, Wilhite 7; 2-base hits, Herman.

SCHOOLBOY BURGLAR

VERNON PAUL OF SOUTH ORANGE CONFESSES TO MANY THEFTS

Vernon Paul, of 233 South Orange, was arrested Saturday night of last week, on West Elk avenue, between Brand and Central avenue. He had no shoes on and explained to Officer Stanley that he was out exercising. He refused to stop at first when commanded to, but when the officer fired in the air, the boy changed his mind and submitted to arrest. At first he denied most emphatically that he had ever stolen anything, but when confronted with positive evidence of his guilt he finally made and signed a confession to the effect that he had broken into Le Clare's confectionery and soft drink parlor at Colorado and Brand, also C. M. Anderson's violin shop on South Brand, taking goods from both; that he had stolen bicycles, tennis rackets, compasses and knives, all of which were recovered and are now in charge of police headquarters. This morning Judge Lowe announced that he would commit Vernon to Juvenile Hall in Los Angeles to await a hearing later.

TO DEVELOP RANCH

CHAS. M. RETTS AND WILL MARPLE TO GO TO HERMOSILLO, MEX., ACREAGE

Chas. M. Retts and Will Marple expect to go to Hermosillo, Mexico, in about two weeks, to develop their 3500-acre ranch in that vicinity. It lies to the west of Hermosillo, which is in the state of Sinaloa, which was the one to start the recent revolution, which led to the deposition and death of President Venustiano Carranza, and is about eight miles from the Gulf of California. It is raw land, only awaiting irrigation and cultivation to yield bountifully of grain and fruits. There is plenty of water beneath the service and driven wells furnish an abundance of water for all purposes.

Mr. Retts says he is personally acquainted with De la Huerta, the new provisional president of Mexico, and he regards him as an ideal man for president. He was educated in this country and realizes that his country should cultivate peaceful and reciprocal relations with the United States. Mr. Retts said he told him at one time that it was vitally necessary for Mexico's development and prosperity that foreign capital, particularly that from the United States, be given opportunity to invest in Mexican industries and acreage.

BOY SCOUT HIKE

Boys in Troop No. 4 under Scout Master Blanford left Friday afternoon for quite an extensive hike. Their itinerary would take them by auto to the mouth of Paeocima Canyon. Leaving the machines there they planned to hike to the head of the canyon and ascend Mount Gleason, which is a little higher than Mount Wilson or about 6600 feet. The return trip is expected to bring them back via Big Tujunga and Sunland in time to participate in the Memorial Parade Monday afternoon. Whether this program will be carried out will depend upon the endurance of the Scouts, who will be carefully watched by Mr. Blanford.

PRESBYTERIAN INTERMEDIATES HONORED

A party was given last evening by Miss Elizabeth Edmonds at the manse, 121 South Cedar, in honor of the Intermediate C. E. Society of the Presbyterian Church. The evening was spent in games, and refreshments were served at the close. Those present were Misses Margaret West, Helen Hesse, Louise Hoyt, Isabel Spear, Inez Harrison, Martha Eilers, Mabel Prendeville, Phyllis Baker, Hope Ireland, Eleanor Foster, Margaret Fife, Jesse Gaskin, Mary Simpson, Elizabeth Edmonds, Annie Fuelscher and Helen Engle; Edgar Butler, George Stanley, John Simpson, Stephen Fairchild, Edward Smith, Sherman Ireland, Kenneth Wilde and Paul Edmonds. Howard Brown, superintendent of the Intermediates, and Fred Hoffman, president of the Young People's Society, were present, also.

CERRITOS ASSEMBLIES

PATRIOTIC MEMORIAL EXERCISES AND TRY-OUT OF CLASS REPRESENTATIVES

Two assemblies were held at the Cerritos Avenue School Friday. The first took place in the morning, at which time there was a try-out to select the two essayists who are to represent the Eighth Grade Class of that school in the graduation exercises which are to take place June 18th. There were eighteen competing essayists and acting as judges were Mrs. Curtis, Mrs. Gray and Miss Clara Midealf. Glen Roberts, whose subject is "The Part Our Navy Played in the War," was chosen as one of the two, and Gladys Martin as the second one. Her subject is "Why I Think Herbert Hoover Is the Best Man for President."

In the afternoon a memorial assembly was held which was addressed by Mr. Williamson, secretary of the local Y. M. C. A. who was in the Argonne a year ago, by Mrs. E. B. Moore, representing the Woman's Relief Corps, Past Commander Clark and Comrade Robert Taylor of the N. P. Banks Post, G. A. R.

Following the assembly the boys did not wait to play any games but hiked for the river to get a swim and cool off.

Some of the platform makers are wondering if a wet plank will warp.

YOSEMITE ECONOMY RUN

On Saturday, May 8th, about 5:30 o'clock, if you had been at the gas checking station just outside Camp Curry in the Yosemite you would have seen automobile history in the making. It was the close of the fourth annual Los Angeles-Yosemite Economy Run and the last cars were checking in. Dust-covered drivers, keen-eyed observers and business-like A. A. A. officials made up a

tense and dramatic picture.

Here was a race that was not necessarily to go to the swift and every eye was watching the refilling of gas tanks that were to tell the stock of success or failure.

All cars had started with full tanks and had taken on additional gas at the Fresno control before starting that morning. The sum of the two less the gas in the tank, made the score.

There was a spontaneous sigh of

relief whenever the gas frothed and sparkled to the top, for a "long fill" put one out of the running and the man who arrived with a tank nearly empty was just "plumb out of luck"—that is, with one exception.

The exception, a man who seemed more like a boy, was Henry Amon, driving the Overland touring car entry.

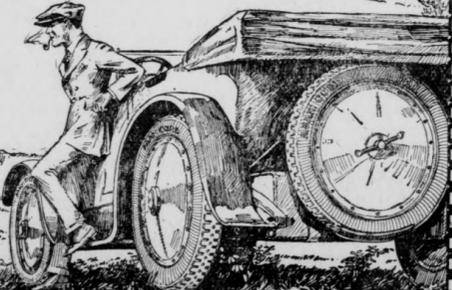

That morning at Fresno he had astonished the officials at the tanks by asking for only two gallons.

AJAX CORD

SURELY your car deserves the best in tire equipment. Ajax Cord Tires are built to outwear, to outlast, and to give your car that snappy "well-shod" look. They are dignified, durable and dependable. Note that Cleated Tread. *It holds.* See those Double Shoulders of Strength.

Use Ajax Cords—and know real tire satisfaction.

EXPANSION

The present quarters of the Maxwell Agency at 217 North Brand Boulevard are inadequate to properly represent

Maxwell Popularity and Maxwell Growth

For this reason we expect to move about the middle of June to the new building almost opposite our present office.

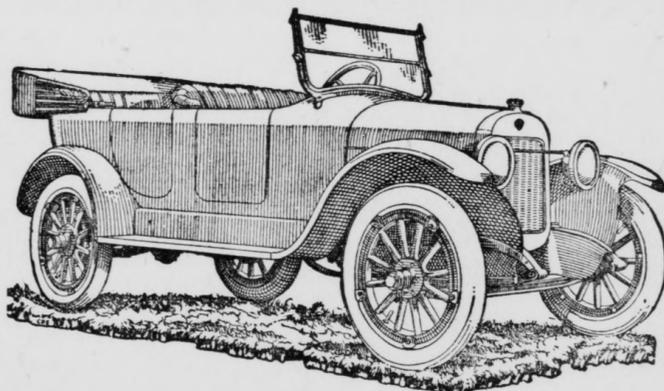

The ever-increasing number of Maxwell owners and Maxwell friends and our desire to represent this popular car as it deserves has been the incentive that prompted this move.

We invite you to "make yourself at home" in our new quarters

B. G. SUTHERLAND

217 N. Brand Blvd.

Glendale 254-W

Now, everyone knew the capacity of the Overland tank was ten gallons and this must mean that Amon was either bluffing and out of it, or had a supreme knowledge of what his car would do and knew confidently that he could finish the trip on twelve gallons or less.

It takes youngsters to win races and later that evening with three big trophy cups in his arms he told me that he was mighty pleased but that he was neither surprised nor excited for it was all part of a plan and he had done just exactly as he planned to do.

"You see," said Amon, "the road was charted, we had studied it first hand and knew every grade and turn. Then we knew what the car would do and put the two together."

Sounds simple doesn't it, but did you ever try to pilot an automobile over 355 miles of varying road, covering every possible driving condition, with a hundred miles of tortuous mountain driving, and all on a little more than ten gallons of gasoline? That is what Henry Amon did and I marveled at it, for just at this time with the acute gasoline shortage there must be an economy lesson in it even for the every day driver.

"Is it a stock car?" I asked by way of preliminary. His answer was short and to the point: "I've got \$500.00 of my own money for any part that's not," he said, and there was no mistaking his earnestness.

"Do you believe that any other man could get such mileage from it," I continued, for I was thinking of gasoline saving and how much it would mean in helping out the present situation.

The New Model 34 1920 VELIE

We ask you to see the new Velie and try it; let us demonstrate to you.

Then we will ask you where you can buy for the same price a car so sturdy, so powerful, so dependable, so good-looking, so roomy and yet so light as this. We leave it to your judgment.

"There is no reason why they couldn't," he said. "If people would only learn to know their cars and to keep them in shape and treat them as any fine piece of machinery should be treated." Later on, I talked to Fred Costa, who had piloted an Overland Sedan winner in Class Two, with a score of 127.8 gallons to his credit. He seemed to feel the same confidence and, like Amon, was not surprised at winning—he, too, was working on predetermined schedule and felt it all a part of the plan to win!

MAXWELL EXPANSION

AGENCY WILL MOVE INTO FINE NEW BUILDING SOON

B. G. Sutherland, agent in Glendale for Maxwell motor cars, has outgrown his present quarters at 217 North Brand and will move into the fine new garage building now in course of erection by Mattison B. Jones, at 230 North Brand. This will give him plenty of room, with everything about the building convenient and modern. The Maxwell has been sold in Glendale for several years and has proved a very popular car. There is only one objection to it, Mr. Sutherland says, and that is not an uncommon one nowadays—the car is so popular he cannot get them near fast enough to supply the demand, even with the largely increased manufacturing facilities.

He expects to move to the new building about June 15th.

GOODYEAR AERO PROGRAM

As a part of the program of the Goodyear Tire & Rubber Company of California in aeronautics, a dirigible hangar will be constructed immediately at Litchfield, Arizona, in the Salt River Valley, where the cotton plantations of the Southwest Cotton Company, a Goodyear subsidiary, are located.

A Blimp hangar has already been erected on the Goodyear balloon field at Los Angeles and at the completion of the Litchfield hangar, the

Studebaker

Popularity

is based on

Studebaker

Performance

Studebaker popularity is not a passing fad. It is enduring because it is built on a solid foundation, viz: the grace and beauty of the car and its mechanical excellence.

A Studebaker attracts attention and admiration on the road always. Its long graceful body and its beautiful lines are so pleasing that this car is often compared with much higher priced cars to the advantage of the Studebaker.

The grace of the Studebaker, however, is not its only strong point; in fact the beauty of the car is the least of its appeal to the man who owns one.

The Studebaker comes so near to being mechanically perfect; its performance and endurance have never failed on any count claimed by the manufacturers and distributors.

That is what makes the Studebaker popular.

PERFORMANCE COUNTS

The Studebaker Pleasure Car
The Moreland Truck

company will have terminal facilities for a blimp line between Los Angeles and Litchfield, which is near Phoenix.

It is expected that a line will be established soon operating between these two points with an intermediate landing station near Blythe, California. The hangar already erected in Los Angeles and the one to be started in Arizona will house the Pony Blimp type of dirigible. A ship of this type was shown at the Acro Show at San Francisco and is now in Los Angeles for its initiatory flights.

With the purchase by The Goodyear Tire & Rubber Company of Akron, Ohio, from the United States government of a large French dirigible, built by Chalis-Mendon of Paris, during the war, announcement is made by A. F. Osterloh, vice-president and general manager of the California Goodyear, that a daily airship service will be established between Akron, Ohio, and Detroit, Michigan, a distance of approximate-

ly one hundred fifty miles.

This will be the first dirigible passenger line established in America and will be inaugurated immediately upon the arrival of the French dirigible at Akron. The ship was built originally for the United States Navy, but is now en route from Paris to Akron to begin its service in this country. The big bag is 260 feet long and has a capacity of 320,000 cubic feet of gas. It will have accommodations for thirty passengers and will make a speed of 55 miles per hour.

Novelist Ibanez says that General Obregon is an excellent table companion. That is a somewhat doubtful compliment. It may not augur well for Mexico.

The former kaiser is reported to be writing a history of the war. He should be able accurately to describe how it feels to start a war that he could not finish.

FORD LITERATURE IN TEN LANGUAGES

The Ford catalogue and manual have already been printed in ten different languages; French, Spanish, Portuguese, Russian, Polish, Italian, German, Danish, Hungarian and English. Others, including Chinese, are now being considered.

At the present time there are three separate Ford factories, thirty-six in U. S. assembling plants, ten Canadian branches and the following foreign branches and assembling plants: Bordeaux, France; Buenos Aires, Argentine; Cadiz, Spain; Copenhagen, Denmark; Paris, France; Sao Paulo, Brazil, and Melbourne, Australia. Of a total of fifty-eight branches and assembling plants, forty-three are directly connected with the Highland Park Plant.

Those countries wherein Ford Branches have not yet been established are represented by distributors.

Personals

Mrs. Charles Hutchinson is entertaining at dinner this evening and for the night, Miss Dorothy Freese, of Los Angeles.

Mr. and Mrs. Roy King and family of 214 North Belmont street left Friday afternoon for Santa Monica beach where they will spend the week-end.

Mrs. O. L. Kilborn of 217 West Lomita avenue went to Monrovia this morning to meet her son-in-law and daughter, Mr. and Mrs. O. A. Creighton, who arrived there from Phoenix, Arizona, to spend the summer.

Dr. and Mrs. Rand are the proud grandparents of a seven-pound girl, born at 8:00 a. m. May 28, 1920, at their home. The mother of the baby is their daughter, Mrs. James O'Conner. Mr. O'Conner is with the Balloon School at Ross Field, Arcadia. The baby's name is Nora Geraldine.

H. D. Garwood of 437 Pioneer Drive is in Calexico, looking after shipments of cantaloupes to the East and to California cities for a Los Angeles commission house. He is field manager for the company. The crop is immense this year, he writes home. The only drawback to a successful season is the lack of cars to make the shipments.

Melvin Miller and wife, who drove out to Glendale from Denver, Colo., a few months ago, Mr. Miller entering the employ of the Haines Panoramie View Company, of 212 West Lomita avenue, started on their return to Denver early in the week, by auto, Mr. Miller intending to push the work for his employers on the way and to establish a regular agency in Denver.

J. H. Lampert and wife gave a party at their home in Burbank Friday evening as a surprise for their daughter, Miss Gladys. The rooms were decorated with yellow flowers, and varied refreshments were served. Those attending from Glendale were Misses Birdie and Lillian Shropshire, Dorothy Hunt, Marjorie Morris and Mildred Carmichael, Mrs. D. W. Hunt, Mr. and Mrs. Glen Straight and Messrs. Ford, Albert Sullivan and Garfield Jones.

Mr. and Mrs. R. W. Gammon are moving Monday to Van Nuys where they have purchased an acre of ground on which they expect to build in the near future. Until their new home is ready they will be guests in the home of Mr. Gammon's brother, who resides in Van Nuys and with whom Mrs. Gammon lived while her husband was in service during the war. The Gammons have been living in Glendale for the past nine years and have sold their home at 1843 Gardena to D. F. Guthridge, who expects to take possession of it next Monday.

BALL GAME WITH SAN DIEGO TUESDAY

The High School baseball team and many of their admirers and rooters will go to San Diego tomorrow afternoon, in picnic busses and trucks, for Tuesday's game. Fifteen players will be taken. They go so early in order to have time to get accustomed to the San Diego grounds.

BANQUET POSTPONED

The monthly get-together banquet of the Greater Glendale Development Association has been postponed from Tuesday evening, June 1st, to Tuesday evening, June 8th, at the White Inn.

MUSICAL TREAT

Mrs. A. S. Chase of Riverdale Drive had the very great pleasure and honor Friday evening of accompanying her cousin, W. Francis Gates, musical critic of Los Angeles, to a reception tendered by the Zoellner Quartette to the two distinguished artists soon to be heard in concert in Los Angeles, the violinists, Gabriel Ysaye and Mischa Elma. It took place at the home of the hosts on Windsor boulevard. The Zoellner Quartette is composed of a father, two sons and a daughter, and they have but just returned from a concert tour of Eastern cities. About sixty guests were present and after informal sociability the hosts and guests of honor entertained the company with a wonderful musical program which Mrs. Chase declares will always stand out as a red letter event in her memory.

HIGH SCHOOL CADETS IN CAMP

At the state rifle range, up in Sycamore Canyon, about 60 High School cadets are now encamped and it is thought there will be 100 of them by this evening. They are from various High Schools in Southern California, the majority of them from Los Angeles county, and are in charge of Sergeant McDowell, an army officer, who is teaching them camping out methods and giving them strenuous rifle practice and marching experience. Camp will be broken up on Sunday afternoon. The boys will receive valuable training in this camp, as they do their own cooking and look after their own equipment. The state finances the meet.

LOVE

The idea of not mixing sentiment with business is entirely erroneous. As the boy says, "they ain't no sich thing." The foundation of all endeavor—of all business, is love of home, of family and of self.

The love of a man for a woman, is the basis of a large part of all life insurance. When I find a man taking no interest in our business he is usually a man whose home life is not happy or whose ideals of thrift and foresight are far awry.

Love of God, of wife, of children, of country are the elements which enter into all business relations.

The institution of life insurance is one of the greatest bulwarks in defense of all of these.

W. B. KIRK

Specialist in "Provident" Endowment and Income Insurance
(For 12 Years a Resident of Glendale)

SOUTHERN ORATORICAL

(Continued from Page 1)
This speaker argued that the great middle class is the bone and sinew of America and that it is now between the upper and nether millstone of the rich profiteer and the tyranny of labor. She declared it must organize to protect itself and the institutions of which it is the bulwark.

Pasadena High—Francis Henshaw, "Co-operation."
Glendale High—John T. Jenkins, "Herbert Hoover."

As usual, there were three judges of thought and composition and these were the heads of the English departments of Pomona, Occidental and University of California, Southern Branch. Judges of delivery were Attorney Lake of Los Angeles, Miss Hubbard, head of a Los Angeles School of Expression, and the third a substitute who was unable to be present. This substitute, Mr. Dunlap, was a member of the staff of the L. A. night schools.

The judges did not agree either in thought and composition or in delivery markings. In thought and composition Jenkins was given first place, second place and fourth place. This gave him fifteen points and the lead over all contestants. He therefore won the gold medal. The silver cup offered by the University of California, which was won for Glendale by Clarence Ralston two years ago and lost last year to Pasadena, comes again to Glendale High and will have Jack Jenkins' name inscribed upon it. When it has been won three times by any school it becomes the permanent possession of that school.

In thought and composition Jack was tied with Long Beach, but in delivery he distanced all competitors. The final contest in which Jenkins is expected to figure will be with the holder of the championship of Northern California. When and where that event will take place has not been announced.

LESTER MYER—IN MEMORIAM

Two years ago May 31st, Lester Myer, of Glendale, fell to his death while piloting an aeroplane in France. He had been doing scout duty for some weeks and had been sent 40 miles away from camp on some official duty. On his return his plane fell, from some cause never learned, and he was instantly killed. His body was buried at Isongen, France, but is to be brought home very soon and will then be interred in Forest Lawn. His parents now live at 208 East Chestnut. Lester was the eldest of four children and was 22 years of age. During the solemn ceremonies in Forest Lawn next Monday Lester Myer will be remembered as one who gave his life in humanity's cause. And as the sweet flowers fall silently from the big airship overhead, his comrades will see in fancy their soft descent on that lonely grave in far-off France.

Y. M. C. A. BANQUET

(Continued from Page 1)
Prof. Howe, who spoke on the "Value of an Education," he explaining that an education was not putting something into the pupil, but drawing out of him by approved methods what God has implanted within him; and, further, that to gain an education, one must pay the price in hard work and diligent application.

The Pacific Avenue School's P. X. Club was then put through some interesting athletic stunts by Elwood Ingledue, after which a campfire scene was shown on the darkened stage, where the boys, gathered around a supposed bonfire, were addressed by Secretary Williamson and County Secretary R. P. Anderson.

The latter next, with stereopticon slides, showed many views of the Pine Flats camp site owned by the Y. M. C. A., consisting of 9 acres surrounding a beautiful lake, all 6000 feet above sea level and ringed around with mountains from 2000 to 3000 feet higher. Views of trails and resorts in the vicinity were shown, also, and described by Mr. Anderson.

After the taking of names of the boys wishing to attend the summer camps, one opening June 28th and the other July 2d, the meeting adjourned.

JUBILEE MEETING

(Continued from Page 1)
sisted of a retrospect of fifty years, by Mrs. Rider, and numerous short talks by ladies who had belonged to a society for a long time. Mrs. William Scott told of the organization of a missionary society forty-four years ago, of which she was a charter member.

Mrs. Stewart, wife of a former pastor of the church in Tropic, organized the missionary society in that church. Several ladies are living in Glendale now who were charter members, Mrs. Ayers, Mrs. Hobbs, Mrs. Logan and Mrs. Marsh.

A forecast of the coming fifty years was presented by several little boys and girls, each carrying a candle, and singing "Jesus Bids Us Shine."
Mrs. Richardson and Mrs. Wilcox sang a beautiful duet.
A brief report of the meeting of the Occidental Board, held last month in San Francisco, was given by Mrs. David Black, who was a delegate to that meeting, the forty-seventh annual meeting of the Woman's Occidental Board of Foreign Missions of the Presbyterian Church.

Prejudiced Against the Laundry?

Many women are prejudiced against a large laundry. They believe the washing can't be done well unless it is done under their personal supervision. They make themselves slaves to wash-day. We have overcome this prejudice in a good many cases among the progressive-spirited women of Glendale who know that this is an age of specialization. We can overcome this prejudice on your part.

Will You Give Us the Chance?

THE UNIVERSAL CAR

Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary service, and why it is more profitable to patronize the Authorized Ford Dealer. The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them, and he uses only genuine parts because he knows the imitation parts aren't dependable and don't wear.

He has a thoroughly equipped up-to-the-minute garage with tools that enable his Ford Mechanics to efficiently and properly make any repairs—from a minor adjustment to a complete overhaul. And when the work is finished, his bill represents the reasonable, standard Ford prices.

Now, we are Authorized Ford Dealers—a part of the great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equipped to render prompt, careful Ford service. Drive in or 'phone and we'll come after your car.

BUY SIX FORDS

CHORUS GIRLS MOTOR TO BEACH CLAD IN OVERALLS

Oh, Boy! Swat the high cost of living. Knock it down and walk on it. Don't let him get up. That's the cry today, and with overalls replacing the neat and natty business suit and light weight cars taking the place of heavy gaseaters, motorists of California are doing their bit.

The latest stunt in handing old H. C. L. a kick, has been pulled by ladies of the Burbank Theater Chorus. As the show business takes up most of their time, they have little opportunity to play. "It's so hot in the city, during the summer time," said one of the girls, "that we felt we just had to get down to the beach occasionally for a breath of fresh air and a refreshing dip in the surf. Trolley cars are always crowded, and we didn't want to use them, so we all clubbed together and got six perfectly good Ford touring cars. With these, we make a daily trip to the beach, take our swim and then quickly back to the theater in time for the afternoon show.

"There was only one thing that ever marred our pleasure. Sometimes it was necessary to change a tire or adjust some portion of the motor. We are all good mechanics, and we don't mind that but it takes time to change into overalls to do the job.

"Now we have a scheme that saves all time and trouble. Some of the bathing suits that took prizes at the Venice Carnival, cost as high as one thousand dollars, that is some high cost of bathing, but we have reduced that. Our bathing suits are the very latest. They are overall bathing costumes. We put them on at the theater, get our cars, run down to the beach, get our swim, then back to the theater.

"If on the trip any repairs are necessary, we have our overalls on, and there is no time lost in changing costumes. We think that we are doing our bit to help reduce the high cost of living."

THE PRESENT HIGHWAY CRISIS

Cost of materials and construction work have combined to put into jeopardy the state highways voted for by Los Angeles county on July 1, 1919. The people are confronted by a condition not a theory. The State Highway Commission announces that the Forty Million Dollars voted for on that date will only construct Twenty-five Million Dollars worth of the highways pledged to the various counties. Five-eighths of the highway planned and promised can be

built if construction continues at present, and three-eighths will have to be either abandoned or left for some future bond issue. The Automobile Club of Southern California and the California State Automobile Association in their recent conference with Governor Stephens laid the matter before the Chief Executive and asked for a halt on state highway work, asserting that the interests of the people of the state would be best served by adopting such a course.

The specific recommendations of-

ferred by these two organizations provided for the completion of construction work already under way, or for contracts signed, for the filling in of the small gaps in the trunk line roads, over bridge approaches or fills, and for the building of three of the sections to complete the trunk line roads. These were as follows: The 10-mile gap in Tejon Pass, known as Grapevine section; 11 miles of road between Woodland and

Announcing the arrival of the—

TULSA

"Conqueror of the World's Worst Roads"

The new TULSA represents a whole chain of individual manufacturing parts plants, whose combined size and strength is not to be compared with any one automobile factory. Each maker to his chosen specialty—concentrating capital, brains, experience and efficiency on one individual automobile part—has produced a masterpiece in that particular part.

With rare judgment and engineering ability the TULSA makers have combined these parts into a car that has astounded the industry in performance and value. Every important part in the TULSA is identical with that in some car costing \$2000 or more. Such a combination of well known and respected features is rarely seen in a single car—certainly not in cars priced so modestly as the new TULSA. Check off feature after feature—the TULSA is a car anyone would be proud to drive on any boulevard in America.

THE PRESENT HIGHWAY CRISIS

(Continued from Page 6)
Blacks, on the west side of the Sacramento River, and the 14.5 mile

stretch on the Coast route in northern Santa Barbara county in Zaca Canyon, which will complete and connect the two great trunk line roads of the state from San Diego

to Red Bluff, approximately four-fifths of the entire mileage north and south through the state.

It was also recommended that maintenance work on the roads al-

ready built be carried on to preserve those roads, but that there be curtailment of overhead expense by decreasing the state highway forces as rapidly as the above program would permit.

Illinois, Kansas, and other states have stopped state highway building for the same reason obtaining here, to-wit, the high cost of materials and labor. California should not hesitate "to face the music," and call a halt immediately on highway building. Some counties—possibly each county in the state—is bound to lose some of the highways which were promised to it, if construction continues at this time. The automobile clubs put themselves on record as advocating the shutting down of the work, with the exceptions noted.

The Forty Million Dollars were voted to build the present system of state roads and the additional 1500 miles of road enumerated in the Johnson Act. According to the State Highway Commission, which is the highest authority, this cannot be done under the present circumstances. Whose ox is to be gored? Who must be the sufferers? The two automobile organizations went before the people in the July campaign and pledged themselves that all of the roads named in the bond issue would be built. They cannot stand by and see a debasing of highway currency, which offers five-eighths of fulfillment on a solemn undertaking of eight-eighths performance.

Another vital factor to this question is the labor situation. The farm products estimate for 1920 is \$697,924,140. At present there is at least a one-third shortage of labor to handle this crop. A one-third loss would mean \$232,641,380. Besides this there will be a less acreage crop next year and less agricultural products and consumers will have to pay millions of dollars more for a lessened and higher-priced farm production. There is a tremendous shortage of cars as well as labor now. More labor would enable more products to be handled by motor trucks and trailers, and more freight cars would be available by releasing them from hauling road

Like An Extra Emergency Brake

—The Miller Tread That Is Geared-to-the-Road

MILLER UNIFORM TIRES are the only tires with the famous tread that is Geared-to-the Road. These many caterpillar feet engage the ground like cogs. They give positive traction—full power ahead—and safety. And for a sudden stop they fortify the brakes because they mesh with the road.

Uniform Miller Tires mean mileage certainty. That's because all are built to a championship standard by uniform workmanship. So all are long-distance runners.

WHITE SUPPLY STATION
Wm. H. Hooper, Prop.
222 E. Broadway Glendale 596

material to moving farm crops, as recently recommended by the Interstate Commerce Commission.

What will the people of this county say to any possible curtailment or abandonment of any of the roads they voted for in the State Highway Bond Campaign. The Automobile Club of Southern California and the California State Automobile Association believe in a full stop of state highway road work at this time until the money voted will build the roads promised. Other states have taken this view of the problem and solved it along these lines. California cannot afford to do less.

The known facts now make the carrying out of the bond issue as voted on July 1, 1919, an impossibility under present conditions. No county can afford to lose any of the roads promised it. The Automobile Organizations in bringing this question to the attention of the Chief Executive of the state are acting on behalf of each and every county in the state and each and every citizen of those respective counties.

SCHOOL HEARING

(Continued from Page 1)
 tion because there are few children in those districts; and the beneficiaries who have made their money in oil live in Los Angeles or some other desirable residence city, send their children to the public schools and escape the property tax they should be paying for the support of schools. The same is true of many wealthy residence districts like Beverly Hills where children are few in number.

Later in the hearing Richardson D. White declared the child is not educated for his town or his district but for the state and the nation—for citizenship wherever destiny may take him, and the state should assume the chief responsibility by levying an equitable tax on all property within its boundaries. His declaration was applauded and public sentiment was evidently with him.

It was made clear, however, that no relief can be secured from the state at present and as Mr. Keppel pointed out, the only resource is an increase of county taxes. He voiced the opinion that the high schools could get along with an increase to 23c, and a willingness to compromise at that figure was indicated.

The President of the Los Angeles Board of Education said he and his colleagues had not been concerning themselves so much about the outside schools as about their own needs but from the figures presented it was evident help was needed there, too.

Mrs. Dorsey, Superintendent of Los Angeles Schools, said unless they could have prompt assurance of more money to enable them to increase salaries, 3,000 teachers would be lost to Los Angeles. It is the custom to re-employ them in June, she said. The teachers cannot wait on uncertainty if they have other offers and the Board can make no contracts until it knows what its available funds will be.

Mr. Weaver, Chairman of the Citizens' Committee, spoke of the rapid growth in population of Los Angeles, which, he said, now holds ninth place in the cities of the United States. The matter of adequate compensation for its teachers, he declared, must be attended to and attended to quickly.

A representative of the Los Angeles Realty Board and of the Los Angeles Chamber of Commerce read resolutions passed by those two bodies favoring an adjustment of teachers' salaries. Said he: "We will stand for anything except the lowering of the standard of public education. We will permit them to stop road improvement, or flood control or anything else that will not lead to the deterioration of our schools which are the salvation of our country. Our teachers should not be forced to unionize."

The supervisors indicated that they were in sympathy with the movement to increase the salaries of teachers, but declared they had to give an accounting for all the funds that passed through their hands and must have facts and figures rather than generalities to work on. They therefore asked for a budget from each school center which would state the cost of the schools during the past year, the number of teachers that have been employed and that will be needed another year, also the estimated cost of maintenance. These budgets should indicate the salaries they desire to pay the teachers the coming year. On receipt of the budgets as a basis of operations, the supervisors said they would be in a position to levy a tax to meet the estimated school needs of the county.

Spokesmen for some of the districts represented that they must have an answer by June 7th in order to advise their teachers what to expect; but it was considered hardly probable the supervisors could return an answer by that date although they promised immediate action on receipt of the budgets.

In giving her impressions of the meeting Mrs. Arthur C. Brown, of the Board of Trustees of Glendale City Schools, said the attitude of the supervisors seemed to her entirely fair and reasonable.

In scanning the primary returns we observe that "favorite sons" seem to have misinterpreted their favor somewhat.

Being an ex-president in Mexico is again shown to be an extra hazardous occupation.

Sunday Services at the Churches

CONGREGATIONAL CHURCH

Central and Wilson Avenues. Dr. E. H. Willisford, Minister. 9:45 a. m. Sunday School. Memorial Day services morning and evening. 11 a. m., "The Message of the Monuments." 6:30 p. m. Young People's meeting. 7:45 p. m. Introductory program of music and readings. The following pupils of Mrs. Nanno Woods will appear: "Two Little Eyes," Charles Rives; "Which Kind Are You?" Noel Dean; "In Flanders Fields," Virginia Rowley; "My Grandma," Paul Nicholson; "Our Own Red, White and Blue," Lois Whitman; "The Worstest Word," Fredric Barker; "Grandmother's Garden," Charlotte Marble; "I'm Thankful," Susie Smith; "If and Perhaps," Guilla Smith; "The Joy of Being Alive," Ruth Whitaker; "America For Me," Jacqueline McDonald; Brief address, "Lest We Forget," Dr. Willisford.

FIRST METHODIST CHURCH

Corner Wilson and Kenwood. Rev. Clyde Monroe Crist, D. D., Pastor. Sunday School (graded) at 9:30. A great membership contest is on! The "automobile race" from San Francisco to New York will bring results. At 11 o'clock the pastor will preach the Memorial Day sermon. Special honored guests will be members of the G. A. R., the W. R. C., the American Legion and kindred organizations. The evening service begins at 6:15. A Memorial Day program given by the young people will be of great interest. A presentation of the "Honor Roll" and the folding away of the service flag will be a feature. At 7:45 o'clock a patriotic concert will be given by the great vested choir, Miss Isabelle Isgrig directing and Mrs. H. W. Randle at the organ. The following is the program: Morning—Anthem, "To Thee Our God We Fly" (Mauder); Solo, "Recessional" (De Koven), Mr. Clarke; Male Chorus, "Tenting On the Old Camp Ground," Evening—Orchestra, Patriotic; Solo, selected, Mr. Charles Miller; Processional, 383; Anthem, "Hail Stars and Stripes" (DeReef); Solo, "The Service Flag" (St. Clair), Mrs. A. Will Peart; Male Quartet, "Land of Mine" (McDermid); Whistling Solo, "Keep the Home Fires Burning," Miss Isgrig; Solo, "Ring Out Sweet Bells of Peace," Margaret Lusby; Quartet, "Christ in Flanders" (W. Stevens); Chorus, "Let Us Have Peace" (Ball).

CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist, corner Maryland and California avenues. Service Sunday at 11 a. m. The lesson sermon is from the Christian Science Quarterly Bible Lessons. Subject, Sunday, May 30, "Ancient and Modern Necromancy; Alias Mesmerism and Hypnotism, Denounced." Sunday School at 9:30 a. m. Wednesday evening testimony meeting at 8. Reading room, 135 South Brand Blvd., open daily except Sunday and holidays from 12 to 5 p. m. Also every Tuesday, Thursday and Saturday evening from 7 until 9.

LUTHERAN CHURCH

A special Memorial Day address will be delivered by Dr. Funk at 11 a. m. on Decoration Day. The subject, "Our Honored Dead," will be of special interest to the veterans of the Civil war and to all those who have had a part in winning the great world conflict. Appropriate decorations and special music are being arranged for the occasion. Bible School at 9:30 a. m. Young People's meeting at 6:45 p. m. You are cordially invited to attend.

FIRST BAPTIST CHURCH

Corner of Wilson and Louise. Ernest E. Ford, Pastor. Sunday School at 9:30. Roy L. Kent, Superintendent. Classes for all ages. Public worship at 11 a. m. Welcome to all old soldiers and their friends. Theme of the sermon will be, "Our Substitute." Patriotic music will be sung. The evening service will commence at 7 o'clock with a special song service by the Young People, followed by an illustrated trip to China, and far inland, conducted by Miss Beulah Bassett, who has spent many years on the field. Come and join the excursion. Monthly business and covenant meeting on Wednesday evening commencing at 7:45. Reception of new members, and other important matters of business to be attended to. Large attendance desired.

PRESBYTERIAN CHURCH

Broadway and Cedar. Rev. W. E. Edmonds, Minister. "Cowards in Battle" subject of morning sermon. (A Memorial Day Meditation.) 11 o'clock. Evening service, 7:30. Live Questions. No. 2, "What of Mormonism?" The pastor will preach both morning and evening. Mr. Howard L. Brown will also speak on Sunday evening. Sunday School at 9:30 a. m. Christian Endeavor Societies—Young People, 6:30; Intermediate, 6; Junior, 3 p. m. Prayer meeting Wednesday evening, 7:30. Subject, "Men Who Prayed." Read Ex. 4:10-17.

CHRISTIAN CHURCH

Rev. F. M. Rogers of Los Angeles will preach at the morning hour, bringing an important message regarding the new School of Christianity. The pastor will preach at night on "A Wicked Monarch and His Reform." Special music at each service.

CHRISTIAN AND MISSIONARY ALLIANCE

Meetings every Tuesday, 7:30 p. m. Gospel Tabernacle, 310 E. Chestnut street, corner of Louise. Full Gospel—Jesus Christ—Saviour, Sanctifier, Healer and Coming King.

CATHOLIC CHURCH

Mass at 8 and 10:30. Sunday School at 9 a. m. Sermon in English at 10:30 service. Doors open for all. REV. JAMES S. O'NEILL, Pastor.

VIGILANTES'LL GET YOU IF YOU DON'T WATCH OUT

The wholesome influence of an unseen force working in a good cause was clearly shown during the first month's operations of the Vigilante Committee of Los Angeles when there were, according to the police records, by actual count sixty less traffic accidents than in the preceding month. The record was so thoroughly a vindication of the vigilante idea that at a meeting of Automobile Club officials and Mayor Snyder it was decided to make the organization permanent.

An average of fifty reports a day are being turned in to the police department by these volunteer officers who are working to cut down the toll of traffic accidents in Los Angeles, and these are being followed up as rapidly as possible by the department with letters to the offenders warning them of their transgression and threatening arrest if they are found to be habitual law-breakers.

There are now 390 members of the Vigilante Committee, numbering among them all classes of business men. These volunteers are outfitted with cards upon which they write down the license number of motorists whom they see cutting corners, passing standing street cars and in other ways breaking the law. These cards are turned in to Captain Butler every day and become a part of the police records. It stands to reason that anyone arrested for a traffic violation and found to have a number of cards against him will have a pretty severe sentence pronounced.

So far the reports indicate that the favorite offense of the Los Angeles variety of law-breaker is that of passing standing street cars which are about to take on or drop passengers. Something over half of all the reports turned in during April accused motorists of this offense. The second most frequent offense was found to be that of cutting corners, and this seems particularly to be the joy and pleasure of youngsters driving delivery wagons, although many drivers of private cars have been caught in the act as well. Third in the list comes "reckless driving," which may be construed to cover pretty nearly all the crimes on the calendar, and a large percent of the offenses thus described consisted of cutting in without sufficient room, dashing madly over crossings and genuine, all-around wild driving.

In order that there may be no misunderstanding of the law on these questions, the Legal Department of the Automobile Club of Southern California has prepared a brief but comprehensive explanation of the law regarding each of these offenses so that there need be no reason for lack of knowledge of the law. The confusion between the city ordinance and the state law has undoubtedly been responsible for a great deal of misunderstanding, but the average driver, who has in mind the safety of others as well as of himself, doesn't need any law at all to know when not to pass a street car.

At all events, the work of the Vigilantes during the first months of their existence has been so extremely satisfactory to all concerned that the organization is to continue permanently in effect, and if the work goes along as successfully in the future the toll of accidents in which motor cars figure should be appreciably cut down.—Touring Topics.

PRUSSIANISM STILL A GERMAN PROBLEM

By CARL D. GROAT
 (United Press Staff Correspondent)
 BERLIN, April 30.—Germany is passing through the throes of a belated housecleaning as regards Prussian militarism.

That is to say, she is trying to rid herself of this scourge but is finding, for one reason and another, that the old-style, iron faced, insolent, monocled Prussian militarist is hard to down.

He has done much to damn Germany before the world. At present he is doing much to damn Germany further, and, if he succeeds, to disrupt her business and her future.

The people—as a whole—don't want him back. They proved that when they rose up as one man during the Kapp coup and said, "Out with the reactionaries and the militarists."

But, the Prussian militarist didn't heed that warning. On the other hand, he saw how simple it was to make a coup with a handful of daring soldiers. Since then the genus, Prussian officer, with some exceptions has been busying his head over how to overthrow the government and hang to his military job.

The principal thing with the average Prussian officer—again with the exception of some who are republican-minded—is to hold his job, and if possible, re-establish the "good old days" when everybody kow-towed, clicked their heels, and made way for the almighty militarist.

The situation as regards militarism in Germany runs thus: After defeat of the German army,

NEW THOUGHT CENTER

Masonic Temple, Sunday, May 30. Lecture by Dr. Frank Riley at 11 a. m. Subject, "The Word of Power." Sunday school at 9:45. All welcome. Advertisements

This Space for
