## PROGRAM AND BALL HIGH SCHOOL MUSIC EIGHT PERSONS HURT BY EASTERN STAR SOCIAL SUCCESS

ABOUT 300 PERSONS PRESENT AT ELABORATE AFFAIR IN HONOR MATRONS, PATRONS

A most brilliant affair was the program and ball given at the Masonic Temple last night by the Eastern Star, Order of the Eastern Star, in honor of the matrons and patrons of 1921 of all the chapters in the southern jurisdiction. Close to 300 special guests, members and friends were in attendance.

Mrs. Orma V. Naudain, worthy matron of Glen Eyrle, presided over the short meeting in the lodge rooms, which preceded the program. The visiting matrons and patrons were escorted into the room and were greeted by Mrs. Orma V. Naudain, worthy matron, and W. W. Worley, worthy patron, who introduced them in turn to the members and friends present. As each one was introduced the matrons were given a corsage bouquet of organdie flowers and the patrons were presented with tiny organdie rosebuds by Miss Lois Naudain and Miss Margaret Brown, both in colonial costume. Mrs. Anna T. Barkla, district deputy worthy matron, and M. J. A. Alcorn, past grand treasurer of the state of Colorado, were then introduced.

**Program Is Excellent**

The program which followed included a piano solo by Mrs. John Allen Legge, who rendered most delightfully Rheinhardt's "Impromptu." For an encore number she responded with MacDowell's "Of Bre'r Rabbit." Miss Lois Naudain and Miss Margaret Brown, both in colonial costume, danced a gavotte, accompanied at the piano by Mrs. R. M. Brown. They responded with an encore. Mrs. Naudain then introduced J. J. Lichtig, a former service man, who was gassed while in France and is at Thornycroft recuperating. Mr. Lichtig then gave a group of four most excellent readings, including some of the poetry of Robert Service. Miss Florence Rattray then sang most charmingly a group of two songs.

Mrs. Naudain then called upon Mrs. B. Hubbard, who represented the Matrons and Patrons' association, and F. D. Mills of East Gate chapter, Los Angeles, both of whom most graciously responded with a short talk.

**Grand March Is Held**

Robert M. Grumbling then took charge and directed the guests to the ball room, where the grand march was held, led by B. F. Bourne and Mrs. Clara Alvarez. Music for dancing was furnished by a six-piece orchestra. For those who did not care to dance cards were provided in the lodge room. Decorations in both the ball room and the lodge room

## PUPILS ENTERTAIN CLUB SECTION

MRS. DORA GIBSON'S CLASSES GIVE DEMONSTRATIONS OF METHODS OF TRAINING

Members of the music section of the Tuesday Afternoon club were guests yesterday afternoon of Mrs. Dora Gibson in the music room of the high school. The program, which was arranged by Mrs. Gibson, was given by the various music classes of the high school, followed by a business meeting at which Mrs. C. L. Marlenee was re-elected curator of the section for the coming year.

Mrs. Gibson greeted the members of the section and stated some of the aims in view in arranging the music courses. She told of the girls who have graduated from the school and have made a place for themselves in musical circles. The music study courses of the high school include sight reading, theory of music, harmony, glee club work, voice classes, appreciation, history, applied music, etc. Just as fast as conditions will permit, she stated, the music course will be developed more fully along departmental lines. She stated that next year it was hoped that a teacher would be added to the faculty to take care of band and orchestral music. Mrs. Gibson emphasized the value even of a minor knowledge or ability to play a musical instrument in connection with the amusement of young people.

**Demonstration of Work**

Some of the work of the sight-reading classes in charge of Miss N. Robinson demonstrated the work being done by them. Their study includes the principles of sound and acoustics, national music, notation, scale building. After demonstrating some of these principles the classes sang a group of two songs illustrating them more clearly.

One of the problems given the girls under the direction of Mrs. Gibson is that of setting simple poems to music. Some of the girls of the class played their compositions and others were played by Mrs. Gibson, including the following: "Little Miss Mary," Ethel Burke; Robin Red Breast," Ruth Goldsborough; "Man in the Moon," Leatha Colton; "Dandelion," Claudia Wright; "Little Miss Muffett," James Smith; "Pussy Willows," Ruth Head; "Sing Robin," Selma Carver; "Time to Rise," Margaret Richardson; "A Tragedy," Reba Phillips; "The Miller on the Dee," Lucille Woods; "Swing Song," Bertha Wheeler; "The Goblin," Genevieve Mulligan; "A Farewell," Julia Robinson.

## IN AUTO SMASHUP, FOUR SERIOUSLY

BROADWAY AND VERDUGO ROAD SCENE OF ACCIDENT AS TWO MACHINES MEET

In an automobile smashup at Broadway and Verdugo Road at 10 o'clock this morning, four persons were seriously injured and four others escaped with minor contusions and abrasions. Following are those who figured in the mishap:

Mrs. Walter Quehl, La Crescenta, right hip dislocated and injuries about the head.

Walter Quehl, La Crescenta, two ribs broken and extensive contusions.

C. E. Raymond, driver for Pasadena Furniture company, slightly injured.

A. Giles, Pasadena, seriously injured.

Gus Stelzner, Seattle, Wash., abrasions.

Mrs. Gus Stelzner, contusions.

Edna Stelzner, contusions.

Ralph Stelzner, abrasions.

The Quehls and Stelzners were rushed to the Glendale Sanitarium and Hospital where Dr. H. C. Westphal attended to the injuries of the former. The Stelzners did not need surgical aid.

Raymond and Giles were removed to the Pasadena Hospital where Dr. Breyer was completing an examination of the injuries at noon today.

According to the police report, Stelzner, driving a Dodge car, was motoring to the Quehl home in La Crescenta when his car was struck at Broadway and Verdugo Road by a truck driven by Raymond, an employe of the furniture concern. Both machines were smashed and when the Stelzner car was righted, little

Ralph, aged 5, was found safe with a slight cut on his chin.

Mr. Quehl is an uncle of Mrs. Stelzner.

## Mr. and Mrs. Hoffman Hosts At Card Party

Miss Elta Frederick of Greenville, Pennsylvania, has been the house guest for several days of Mr. and Mrs. Paul A. Hoffman, 327 North Maryland avenue, former college friends. A delightful card party was given in her honor Thursday night. Shasta daisies, coreopsis and ferns were used for decorating, the same color motif being carried out in the tally cards and refreshments.

Guests present included Miss Frederick, Mr. and Mrs. W. A. Mann, Mr. and Mrs. K. E. Gill of Hollywood, Mrs. Mary Sweet and Mrs. McCann of Los Angeles, Miss Stevenson of Burbank, Mr. and Mrs. Bruce Kurtz and Charles Hoffman of Glendale.

Miss Frederick is an accomplished musician, specializing on the pipe organ.

## Given Surprise Upon Wedding Anniversary

Mr. and Mrs. J. J. Graf of 120 West Elk avenue were delightfully surprised last evening when their son-in-law and daughter, Mr. and Mrs. J. T. Hill of 461 West Doran street and Mr. and Mrs. Charles Dudley of 745 North Normandie avenue, Los Angeles, decided to assist them in celebrating their thirty-sixth wedding anniversary. Mr. and Mrs. Graf were married in Cincinnati, Ohio, May 27, 1885, and have been residents of Glendale for the past fifteen years. Music and dancing occupied the greater portion of the evening, at the close of which refreshments of ice-cream a la cantaloupe and cake were served.

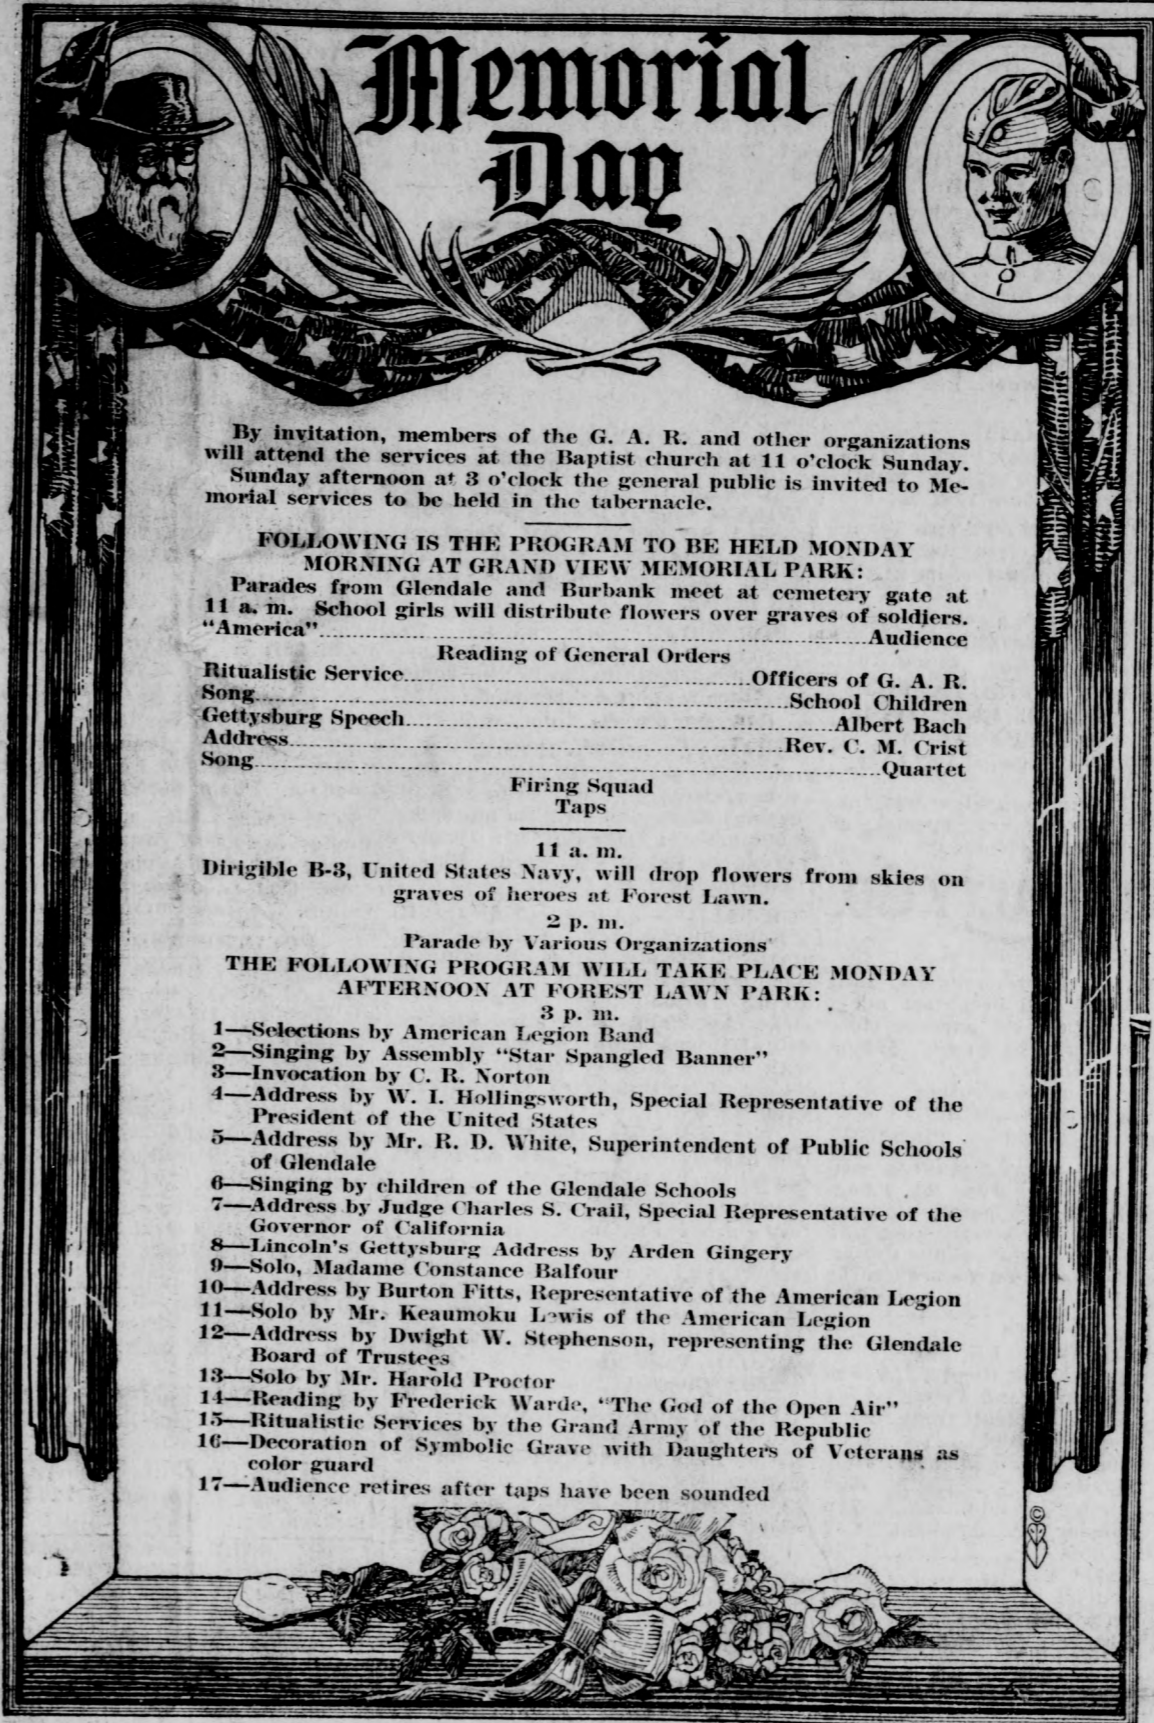

## A. C. DuBarry Secures Residence In Glendale

A. C. DuBarry, who has purchased a home at 411 West Patterson avenue, is enjoying the summer in the United States with his family after a long sojourn in Honduras, Central America, where he is engaged in the manufacturing of fish oil made from sharks and porpoises.

Mr. DuBarry, who recently joined the Elks' Lodge, presented C. L. Booth with a dozen shark's teeth which make excellent souvenirs. A site for a factory where shark and porpoise skins may be cured is being sought by Mr. DuBarry.

**MRS. J. C. MAY ARRIVES**

Mrs. J. C. May, accompanied by her son, Marvin, and daughter, Ella Louise, arrived here from Fresno this morning to join her husband who has re-engaged in contracting business.

## President Harding Sends Personal Message Requesting Wreath Be Placed Upon Symbolic Grave At Forest Lawn In Honor Of Hero Dead

More impressive than usual, Memorial Day this year will be commemorated on both Sunday and Monday. A complete official program of exercises for Glendale and vicinity will be found in another column. At Forest Lawn cemetery arrangements have been made for a dirigible to drop flowers from the skies Monday morning at 11 o'clock on the symbolic grave of the heroes who died in the service of their country. In the afternoon a program will be held there.

Memorial day morning members of the G. A. R., American Legion and National Guard will join in a program with Burbank at Grand View Memorial Park where the graves will be decorated by school children. Superintendent Len C. Davis has perfected arrangements for accommodation of the veterans and their friends.

**Message From President**

The following message has been received by W. I. Hollingsworth of Los Angeles from President Harding at the White House:

"I am more than gratified to comply with request from N. P. Banks Post and associated societies to designate a representative to place a wreath upon the symbolic grave at Forest Lawn Memorial Park in memory of our heroic soldiers and seamen who lie in foreign lands and whose resting place we cannot actually decorate on Memorial Day.

"I wish you would act for me on this important occasion and deposit a wreath as the grateful tribute of the executive to those who made the supreme offering in patriotic defense of the republic.

"I shall not be unmindful of the occasion on that day because I mean to join with all America in an expression of appreciation and gratitude to those who served so bravely for the preservation of American independence and our cherished civilization.

"WARREN G. HARDING."

**Message from Governor**

From the office of the governor of the state of California comes the following message from William D. Stephens, addressed to B. E. Bassford, Forest Lawn Memorial Park Association:

"My Dear Mr. Bassford—I beg to acknowledge your letter of May 17th with invitation to be a part of the program at Forest Lawn Memorial Park, on Memorial Day, May 30. It would indeed be a pleasure and an honor for me to be there at that time but such is

## Memorial Day Message

F. W. GALBRAITH, Jr., National Commander, The American Legion.

"Monday a mighty nation bows its head in memory of the men who have died that the nation might live—men of Bunker Hill, of Gettysburg, of Santiago and of the Argonne.

"The American legion joins the nation in its reverence for the dead; but the nation also claims a deeper kinship for those who gloriously fell in the World War. For these men were our comrades-in-arms, linked to us by the strongest of ties.

"We shall visit every grave on Monday, at home and abroad, and shall speak words of comfort to the dear ones who mourn. But we shall not only give, we shall receive. For, as we stand at their graves our comrades will speak to us. They will remind us of the dangers that beset our beloved land, of the enemies, within and without of the long fight that must be waged. The voice of our comrades comes to us, like a call to arms. "Fight on," it urges us.

absolutely impossible owing to my duties here.

"I shall attend, however, the Memorial exercises here in Sacramento on that day, for ever since my earliest boyhood days I have attended Memorial exercises.

"I am now writing to Hon. Chas. S. Crail, judge of the superior court, Los Angeles, asking him to represent me at your exercises if it is possible for him to do so.

"With kind regards, I am

"Yours very truly,

"WM. D. STEPHENS, Governor."

**Here Are Parade Details**

The details of the parade to be held Monday, May 30, have been completed as far as possible. The parade will form on Brand boulevard, west side, with the front resting on Colorado boulevard, and will move promptly at 2:00 p. m., march-

ing south on Brand boulevard to the Forest Lawn Memorial park, where the G. A. R. will conduct their exercises.

Here is the way the parade will be formed:

- Detail from Glendale Police Department.
- Color Bearer, N. P. Banks Post, G. A. R.

**Facts About Local Post**

For the information of those unacquainted with the local post of the Grand Army of the Republic, the following statistical facts are presented at this time:

N. P. Banks Post was organized September 17, 1894, with twenty-two members. At present there are only five of the original charter members belonging to the post whose names are T. D. Kanouse, first commander of the post; S. A. Ayers, W. B. Pratt, R. N. Taylor and Thomas Gillette. The roster, revised to March 1, 1921, contains the names of 110 comrades.

The total number who joined the post since September 17, 1894, is 210. The total number who passed away since the organization is sixty-seven. The total number deceased since last Memorial Day is six and those lost by transfer, removal and other causes is forty-three.

There are twenty-two past post commanders who are eligible to a seat in the department encampment.

Following is a list of comrades who hold office during the present year: Commander, A. W. Scudder; senior vice commander, S. Houdyshell; junior vice commander, T. C. Fuller; O. D., R. N. Taylor; O. G., W. H. Kortz; surgeon, A. H. Guernsey; chaplain, C. R. Norton; Q. M., T. A. Robinson; adjutant, T. B. Barrett; Serg. major, William Collins; Q. M., S. George W. Sanford; patriotic instructor, C. R. Norton; color bearer, Thomas Gillette; post bugler, Robert M. Searles.

## TWO ASSOCIATIONS WILL NOT MERGE, DECISION MADE

MEMBERS OF CIVIC BODIES IN SESSION; TALK OVER PLANS FOR NEW DEVELOPMENT

Despite the inclement weather the municipal building at Brand boulevard and Los Feliz road was practically filled Friday night by members of the Glendale Avenue Improvement association and members of the South Glendale association.

Attorney Harry C. Levy is president of both organizations, and attempted to hold a joint meeting of the two bodies. Due to a misunderstanding, however, friction developed.

It seems that at the last meeting of the "South Glendale" association a vote was taken to affiliate with the "Glendale Avenue Improvement" association, a fact not known to all present at last night's meeting.

As a result at least an hour and a half was consumed in trying to decide if it was a Glendale Avenue Improvement association meeting or a South Glendale association meeting. The longer discussed the more confused did their minds become and the points never reached a solution satisfactorily to all.

**They Are Good Natured**

But throughout their remarks the various speakers were good natured as a rule and endeavored to avoid antagonism.

G. B. Woodbury endeavored to "spread oil on the troubled waters," and all speakers, while intensely in earnest, were gentlemanly, refraining from cutting personalities.

C. L. Peckham made it plain that he was ready and anxious to get to work, but preferred that his efforts be expended on South Glendale as a whole and not exclusively on Glendale Avenue improvements. He said that the south section, being the "gateway" can be made to eclipse in beauty every other section of the city.

Mrs. Elias emphasized the necessity for quick action to secure the widening of Los Feliz road to fifty-five feet, from San Fernando road to Glendale avenue. It was stated that the Pacific Electric, in a recent tabulation of the traffic on Los Feliz road crossing Brand boulevard found it was not less than 7,000 vehicles on Sundays. The street should therefore be widened to accommodate the fast increasing traffic.

**Take Part in Discussion**

Those taking an active part in the discussion were chairman Levy, G. B. Woodbury, C. L. Peckham, Roy Street, J. N. McGillis, Mrs. Mabel Ticht, Mrs. Elias, Mr. Chandler and others.

J. N. McGillis said that each organization had a definite and specific work of its own to do, and while similar in nature varied in interest, and that it was evident the assimilation of the two was impracticable, therefore the only solution to the

## Edith Winifred Roach, H. H. Cooper To Wed

Harry H. Cooper, camera man at the Astra Studio and son of Mrs. Wm. T. Wallace of 832 South Maryland avenue, will be married Tuesday morning at 11 o'clock to Miss Edith Winifred Roach of Denver, Colorado, Rev. Father O'Neill officiating.

The bride-elect will be attended by Mrs. Edith Carrere and Mrs. Landers Stevens, as matrons of honor. Charles Carrere will assist as best man and Jack Stevens and George Stevens will be the ushers.

Mrs. Dorothea Vogel will sing a solo, Mrs. Thomas Smith presiding at the organ.

Pink baby roses and carnations will be used as floral decorations at the church. Following the wedding a reception will be held at the home of Mrs. Wallace.

The young couple will make their home at 911 Melrose avenue.

## Evening News Will Not Issue Monday

The Evening News will not be issued next Monday, Memorial day.

Following its custom, established years ago, the paper will not be issued, thus affording all of the employes an opportunity to participate in the Memorial day ceremonies.

There are six holidays observed yearly by The Evening News, these being Christmas, New Year's, Fourth of July, Labor day, Thanksgiving, and Memorial day. Therefore, do not look for your copy of The Evening News next Monday.

Cronkrite and the hostess, Mrs. King. After the quilting was completed refreshments were served.

**'KATIE'S' FRIEND AT C. E. CONVENTION CONFERENCE**

**COMMITTEE MEETING INVITES SCRIBE AND HE GOES TO LISTEN AND EAT**

Glendale, May 28, 1921.  
Dear Katie: Last night I went to church!

Now, no doubt, at this unusual piece of news, you will flounce onto the sofa in a fainting fit, but you know Katie, since I been a reporter I have to go to all the important events. And here is how it came about:

The reception committee of the Glendale C. E. convention committee invited the young people of all the churches to come to their party at the banquet hall of the First Methodist church.

And, Katie, I got a separate invitation, but honest to goodness, I don't know who sent it to me. It was some nice-hearted person I guess that knows as how a reporter's young life ain't all ice cream and limousines anyway.

So at 8 o'clock sharp I was on hand at the church and I was surprised at the big crowd of young folks that was there. A awful pleasant lady come up to me with a facial sunburst that was fatal to the glooms and she asked me who am I and I told her and I tried to act dignified, but I guess I didn't look the part.

**Hears Suspicious Giggle**

I told her I had come to the banquet with a invitation and an appetite and then I heard a lot of assorted giggles behind me and there was a bunch of fair maidens looking at me.

Well, then the pleasant lady introduced me to 'em in a wholesale fashion and I began to feel as lonesome as a traffic cop at a fire. And my temperature went to 109 amidst so many of the fair sex at once. I felt like I was all bound up in lace, satin and hair ribbons.

Well, then, everybody circled around in a ring and games was played for quite a while and I joined right in and had a dickens of a good time.

Finally a lady blew a whistle for silence and she told everybody to sit down for the entertainment.

Well, then, Mr. Howard L. Brown got up and tried to make those noisy young people be real still for a minute, cause he said he was going to drop a pin and everybody must be able to hear it hit the floor.

Katie, Mr. Brown could of flung a couplin' pin on the floor and nobody would of heard it. Then everybody sung the Glendale convention songs and one of 'em was "Keep Rolling Along" and believe me, Katie, there was some pep to it. The song made a big hit and in a few minutes everybody knew it by heart and could sing it backwards.

**Postoffice Collapses**

Then a lot of young people got on the stage and begun to build something that looked like a chicken coop and girls and boys was pounding and hammerin' away and in about ten minutes they had builded a little house out of slats and then stuck a sign on it which said "Postoffice." Then another bunch of young people rushed in and there was such a demand for mail that the whole postoffice collapsed and it hailed and reigned generally. I hope when we get our new postoffice in Glendale (if we get one) that they don't hire a lot of girls with tack hammers to build it, Katie.

Well, next a lady sang a song and she got a lot of applause and there was other entertainments too many to mention.

Mr. Brown made a very interesting speech and told us all about the big times that is to be had when the convention comes to Glendale in June.

Everybody seemed surprised and pleased when he said that there would be about 400 young people at this here convention and for which 4000 badges was bein' ordered.

I guess that will make the people of Glendale sit up and take notice, ain't so, Katie.

A dainty lunch was served then and there was feasting and jollity which everybody enjoyed.

All of the committee was awful pleasant and jolly all through the evening, and I decided as how their convention is goin' to be a wonderful success. Here's hopin' it is.

Conventionally yours,  
E. C. HALE.

**J. K. Todd's Auto Shop Satisfying Customers**

Dents in the fenders? Holes in the tops? If there are, J. K. Todd's auto shop at 130 South Glendale avenue is equipped for tailoring new tops, metal bumping and durable painting which will make the old car look like new.

Mr. Todd has expert artisans associated with him in the work and he states that every job they have turned out is satisfying to the customer.

Marcus Loew says we shall soon be wearing dress suits to the movies. Not until somebody invents a chewed gum that won't stick to pants.

**POWER**

The primary source of all wealth, national, corporate, or individual, is the producing power of man. This producing power is subject to one of two great hazards—death or old age—either of which is fatal to that power. Death may meet its victim any time; old age, with its disabling sureness, is almost as effective as death, approaching so stealthily that it nearly always finds its victim unprepared.

The right form of life insurance not only covers the death hazard but also indemnifies against the loss of earning power caused by age. THERE IS NO SUBSTITUTE.

**TWO ASSOCIATIONS WILL NOT MERGE, DECISION MADE**

**MEMBERS OF CIVIC BODIES IN SESSION; TALK OVER PLANS FOR NEW DEVELOPMENT**

(Continued from Page 1.)

problem was for each association to undertake its own work and push it to completion, not antagonizing the other, but each wishing the other God-speed.

This view was accepted by all present and Mr. Peckham called a meeting for Friday night, June 3, of the South Glendale association, while President Levy announced he would soon call a meeting of the Glendale Avenue Improvement association.

Dwight W. Stephenson, president of the board of city trustees, was present in the early part of the meeting and was invited to express his views on the Forest Lawn cemetery ordinance, recently introduced, but later rejected by the board of city trustees, after a vigorous protest on the part of the south side citizens.

**Stephenson's Statement**

Mr. Stephenson said, in part: "I was extremely hurt at the attitude of some of my lifelong friends and neighbors in thinking I would injure any portion of the city, and more especially my own home section. I have never been interested in a cemetery nor have I ever represented one professionally. Whenever matters in which my friends are interested come under consideration by the board I always disqualify myself and will continue to do so as long as I remain one of its number."

"Years ago I was originally opposed to the cemetery being located where it is and did my bit before the Los Angeles city council to prevent it. While I am your representative on the board of trustees I intend to reflect the will of the public, even though my personal judgment be at variance, and I shall certainly be guided by the wishes of the public in matters of interest to them."

"When the board found you did not want the ordinance passed it was killed and is now a dead issue."

Mr. Stephenson made it clear he was not present as a "candidate" for re-election, but in his capacity as chairman of the board of trustees. His detailed explanation of his official acts as relating to the cemetery ordinance seemed to satisfy most of those present and he was applauded.

Mr. Street said the cemetery owners have had for a long time, and still have at the present moment, "designs" on the land adjoining the Cerritos avenue school between Glendale avenue and Brand boulevard, and that "we must be ever on the alert to prevent them from acquiring it."

**New Rex Garage Now Prepared For Business**

Boasting of the largest brick storage garage in Glendale, the new Rex garage has opened for business at 603 East Colorado street, near Louise. G. L. McNaught, a resident of Springfield, Ill., is the owner of the property and B. F. McNaught is the manager. In the automotive repair shop will be found A. G. Parks and W. R. Graham, experienced mechanics. A tow car will be available for service at all times.

**Rev. J. S. O'Neill To Take Part In Services**

The Rev. Father J. S. O'Neill will participate in Memorial Day services at Calvary cemetery in Los Angeles at 10 o'clock, Monday morning. The Rt. Rev. Bishop J. J. Cantwell will be present and the celebrant will be the Rev. John J. Gallagher; the sermon will be by the Rev. Francis J. Conaty. Music will be furnished by the choir of the Holy Family church of South Pasadena.

**NEW CAMP IS BEING ORGANIZED HERE BY WOODMEN**

**PETITION FOR CHARTER NOW SIGNED; NEXT MEETING TO BE HELD ON JUNE 10**

Enthusiasm ran high last night when the Neighbors of the Modern Woodmen held their preliminary meeting for the organization of a new camp of the society in Glendale. The assemblage took place in the Odd Fellows' hall, was exceptionally well attended and the new camp will be started on a solid foundation with many who have been members of the society for a number of years in eastern cities, and a large number of the new members taken from the younger ranks here, which makes a valuable addition to Glendale's fraternal life.

Quite a number of new applications were written at this meeting, and the uniformed team of Foresters from camp No. 7242 at Pasadena gave an exhibition drill which was greatly enjoyed.

**Organization in June**

The organization of the new camp will take place Friday, June 10, in the I. O. O. F. hall, the Boosters' Association of Southern California with the team from Pasadena camp will have charge of the initiatory work.

The Modern Woodmen, too well known to need any introduction to the general public, is thirty-eight years old, and has a membership of more than 1,000,000 members.

District Deputy A. P. Martin who has charge of the organization of this camp was one of the instigators and promoters of the Woodmen Sanitarium at Colorado Springs for the free cure of its members who became afflicted with tubercular trouble.

Anyone interested, or desiring to join this new camp can get full information by writing to District Deputy A. P. Martin at Pasadena, or to Attorney Henry Molz, 363 Lexington drive, Glendale.

# BOXING BOUTS FOR LEGION RESULT IN TRIPLE SUCCESS

SHOW FINANCIAL, SOCIAL AND SPORTING SUCCESS; NEXT ONE SET FOR JUNE 24

With more than two score of Glendale society women present, last night's boxing show at the American Legion clubrooms proved a financial, social and sporting success. In the principal bout of the evening, Ralph Myers won a decision from Walter Dodge in an uneven match in which the little fellow's sheer pluck kept Dodge dodging swift uppercuts. Possible from the standpoint of skill, the scrap was a draw and had it gone many rounds there is no question but what the big boy would have weathered the storm better than Myers. However, the latter earned the decision.

In the opening bout, George Myers, brother of Ralph, won a decision over "Doc" Wright who gave about as much as he took. Myers showed training and his left hook made telling marks.

**Here Is Big Storm**  
Wild Bill Farmer and Young Sibley provided the real honest-to-goodness scrap of the evening and the mauling those boys gave each other winded Sibley in the third round, thus giving the decision to Farmer. He, too, was a little dizzy from over-exertion, having used his left paw for haymaking swings. Farmer seemingly loves a fight, but he should protect his face more or his beauty may be ruined.

An exhibition bout between Jack Brooks of U. C. and Willie Hunefeld of the Los Angeles Athletic club failed to excite anyone and outside of their professional antics their showing was poor. Incidentally, they were the only "imported" fighters and likely won't be brought here again.

**Willing to Battle**  
Another real fight was provided by Young Kendig of Burbank and Kid Essex of Glendale, the former winning a decision. Essex was willing, but outweighed and less experienced. Kendig hits so hard sometimes that his opponents feel like falling asleep.

For some unknown reason, all of the boys who had the northwest corner won. Spencer Robinson wanted to take that corner in a match against H. P. Courtney, but the latter insisted Robinson train to his weight.

Curly O'Connell was the third man in the ring and referees very satisfactorily. Joe Griffin acted as announcer and told a funny story while W. B. Kelly served as a finance committee in collecting a dollar each from the men enthusiasts, not to mention several dollars from those who wished to advertise. Mr. Kelly, E. W. Evans and G. H. A. Cowan acted as judges.

**Next Show June 24**  
It was announced that the next boxing show will be staged June 24. Burton Fitts, state commander of the American Legion, will address the local post next Friday night. A dance to be given by the Burbank Athletic club next Wednesday night at Nicholson's garage in that city also was announced. Funds are being raised for the equipping of a ball team in the San Fernando Valley league.

## Box Social Given By Legion Full Of Hits—Even for Eunice

By EUNICE.  
The box sociable held at the American Legionnaires' hall last night proved perfectly delightful from the way in which each other hit themselves. You see it was something like a prize fight without the purses, but I lost mine and don't know which fellow got it.

It was somewhat cool when we ladies first arrived, but the gentlemen present arose to the occasion and lit their cigars and cigarettes which soon made us very comfortable. The first thing I noticed was someone getting ready to water the horses, with a bucket in each hand and a sponge under each arm.

"He's the second," said the gentleman on my left.

"He's the first," I replied, for no one else had been in the what they call the ring, although it is only on square roped off from the crowd.

"Well, wait and see," said the gentleman, who knew it was useless to argue with a lady.

Joseph Griffin told us that this show was to be very gentle, that the fighters wouldn't do anything that wasn't nice and protect their good names. He stood inside of the ring, but didn't look like a fighter.

Somebody opened the door and two boys came running in, and oh—they were dressed only in the lower half of their BVD's. They got into the ring with another fellow, Mr. C. O'Connell. It was all very interesting, but I got so excited I forgot to make any more notes. About ten fellows fought and several others spoke.

All I can say is that I like box sociables and hope they have more of them. Next time I will notice how they are described by the sporting editors and make my story more interesting.

## It's Now Open Season For Politicians; They Contribute When Told

When Young Kendig, a Burbank boxer bested his opponent, one of the visiting enthusiasts spoke right out in meeting at the American Legion entertainment last night: "Everybody from Burbank stand up."

"I p came a dozen, but W. B. Kelly was equal to the situation."

"That ought to be worth something."

And all of the Burbank people tossed a dollar or less into the ring.

Then the city trustees who are running for re-election, Dwight Stephenson, president of the board; Spencer Robinson and A. H. Lapham were asked to stand. So was Guy Maxwell, candidate for city clerk. They all contributed five crisp berries as did Dr. Fay Stone, Dave Bisno and Mr. Kelley. Several others gave a dollar each for advertising.

"There is one more in the audience, I think we would like to hear from," said Kelly. "His name is Mr. Mike Berman, our famous tailor."

Berman arose, dug for his pocket-book as Kelly said: "How much is this worth to you?" "Five dollars," was the whisper.

## Party Of Motorists On Journey To San Diego

A jolly party of Glendale motorists, including Mr. and Mrs. F. J. Rogers of 411 South Central avenue, R. M. McGee of 123 South Isabel street and Mr. McGee's daughter, Mrs. Harry H. Powers of 707 North Isabel street, left this morning on a four days' pleasure trip to San Diego and other cities in that vicinity. While in San Diego they will be the guests of Dr. C. W. Brown, who is an old-time friend of Mr. McGee.

Upon returning next Tuesday Mr. McGee, who is one of Glendale's business men and is also a candidate for city councilman, will begin in earnest his campaign for that office.

## Maternity Department Is Officially Praised

The maternity department of the Glendale Sanitarium and Hospital has won hearty appreciation and commendation from those who have enjoyed its benefits and from many visitors who have inspected the entire establishment. C. E. Kimlin, business manager of the Sanitarium and Hospital, is in receipt of a communication from Margaret Sirch, agent for the State Board of Charities and Corrections, who recently inspected the establishment in which she says:

"The State Board of Charities and Corrections desires to compliment you on the establishment of your modern, well-equipped, maternity department, which our agents inspected yesterday."

## 'Mad Marriage' Today Only, Glendale Theatre

"The Mad marriage" is the superb feature film offered at the Glendale theatre today only. It is a play which women will enjoy. In conjunction there will be the usual features including a clever comedy and Madame Clement's special number on the great pipe organ.

A holiday offering that should fill the Glendale theatre will be featured by the Selznick super-feature, "The Highest Law," with Ralph Ince in the role of Abraham Lincoln. It carries a vital lesson in humanity and is advertised as a Memorial day special. The latest Pathe News and Monty Banks "In and Out" complete the program.

Manager William A. Howe invites the members of the G. A. R., Woman's Relief Corps, and widows of the Civil War veterans, to be present Monday evening as his guests. He also announces the return of "Black Beauty" June 6 and 7 inasmuch as many failed to see this great photodrama due to the inclement weather of last week.

Madame Clement has arranged a Memorial day musical program for tomorrow evening's organ concert.

## Sycamore Canyon Folk Favor Annexation Plan

A highly interesting meeting of the residents of Sycamore Canyon was held at the McNutt ranch home last night. Practically everyone in the canyon was present. The purpose of the meeting was to discuss the question of annexation to Glendale, for which an election is to be held next Tuesday.

By special request City Manager T. W. Watson came to the meeting and explained fully the water and electrical problems of Glendale and gave much valuable information. The whole matter was thrashed out thoroughly and Mr. Watson was given a hearty vote of thanks. Most of those present were in favor of progressive and forward moving.

### FIVE COURSE DINNER

Dr. and Mrs. R. E. Chase of 239 North Orange street entertained recently at a five-course dinner party in honor of the birthday anniversary of Mrs. Charles H. Temple. Guests present included Mr. and Mrs. Charles H. Temple and son and daughter, Charles and Marjorie, Mr. and Mrs. C. E. Parish of Los Angeles and Dr. and Mrs. R. E. Chase, the host and hostess.

### ENTERTAINS AT LUNCHEON

Mrs. Dwight W. Stephenson of 327 West Cypress street entertained at luncheon Wednesday, Mrs. H. M. Ingraham and Miss Clara Milim of Glendale, Mrs. Clarence Edwards, Miss Dorothy Savage, Mrs. Doyle Cox and Mrs. John Wilson of Los Angeles. Table decorations and nut baskets and place cards were carried out in a color scheme of pink. A social afternoon followed the luncheon.

### LIL WITH BLOOD POISON

Mrs. Nellie C. Wright of Sioux Falls, South Dakota, who has been spending some time with her sister-in-law, Mrs. P. B. Hammond, 508 North Isabel street, left very suddenly for her home Tuesday evening in answer to a telegram stating that her son, Walter, was very ill with blood poisoning and not expected to live—in a color scheme of pink. A social afternoon followed the luncheon. She was in love with Glendale.

ing included exercises written from hearing and harmonized for four voices, exercises written from hearing and harmonized on the accent, keyboard harmony from dictation. The second year classes' work includes modulation by common tone. This was illustrated by Freeda Potts, Mary Florence Pate, Flora Kenny and Beryl Hatch. Modulation by common chord to nearest related keys was demonstrated by Mrs. Johnson. Constance Domsjar demonstrated transposition and Eleanor Sawyer, melody harmonized at the keyboard. The following compositions written by the girls of the class were played by them: (1) Waltz, Freeda Potts; (2) Spanish Dance, Mrs. Johnson; (3) Canzonetta, Eleanor Sawyer; (4) Margarita, Constance Domsjar; (5) A Singing Brook, Flora Kenny; (6) Memories of Harmony, Mary Florence Pate.

#### Refreshments Are Served

Following the program Mrs. Gibson invited the members of the music section to adjourn to the model bungalow rooms on the second floor of the music building where tea and wafers were served by the girls of the music classes. Mrs. Charles L. Marlenee, curator, graciously thanked Mrs. Gibson for the delightful and accepted the invitation.

A short business meeting followed, at which time Mrs. Charles L. Marlenee was unanimously re-elected curator of the section for the coming year and Mrs. Thaxter was re-elected secretary. A motion was also passed that the curator appoint an assistant curator. It was decided that instead of a picnic the section would hold a banquet at the White Inn Monday, June 13.

The report of the treasurer showed the section as having a membership of 45, and a balance in the treasury of \$14.50, which amount was voted to be kept for use of the section.

Mrs. Marlenee urged the members of the music section to attend the final program of music week, which will be given by the Glendale Music club June 6 in the auditorium of the First Methodist Episcopal church, after which the meeting adjourned.

### THOMAS EDISON HAS NOTHING ON EVENING NEWS SCRIBE IN FRAMING THEM UP

Glendale, May 28, 1921.

Dear Katie: Well, Katie, I suppose you have been settin' up nights in solitary confinement and yawnin' yourself to death tryin' to figure out them 14 questions which the boss said I had to answer by today. I suppose you have been worrying cause you didn't think I could answer 'em.

Well, it didn't kill me anyway, cause here I am to tell you about it. So, this morning I went to The News office with that list of questions to hand 'em in.

I walked up to the boss with a firm and steady step like a man on his way to be shot at sunrise.

Well, I give him the list and then I stood in silent awe and just whistled a little to keep my nerve while he looked at my answer.

Here is the questions and answers, Katie:

**Here They Are, Folks**

1. Q—What excuse does an electrician offer when he makes a mistake?

A—He blames it on "induction," because nobody knows what that means.

2. Q—Who was it that said it pays to keep chickens?

A—I couldn't find out; somebody lied, I guess.

3. Q—Can you form a sensible sentence of only eight words, using every letter in the alphabet?

A—Pack my box with five dozen liquor jugs.

4. Q—Can you form a disagreeable sentence, using less than twenty words?

A—Thirty days in jail.

5. Q—Can you use the word "that" in a sensible sentence, five times consecutively?

A—It was that that that that that that referred to. Go into "high" on the first and fourth.

**Ain't It the Truth?**

6. Q—What breaks up more homes than divorces?

A—The furniture movers.

7. Q—Why does it pay to advertise?

A—Because it shows the public who, what and why you are and what, why and when you want to buy, sell or trade.

8. Q—Who will be the five persons elected for the city council at the coming election in Glendale?

A—Ask Tom Edison. He knows everything.

9. —How does it happen that so many people in Glendale can own automobiles?

A—I'll give it up.

10. Q—What president of the United States was once compelled to enter the White House in disguise?

A—Abraham Lincoln, in 1861.

11. Q—In what month does the Fourth of July occur in Australia?

A—On Fourth of July, of course.

12. Q—In what one year since 1793 was there no pennies coined in the United States?

A—In 1815.

13. Q—9x4x0x2x6 equals what?

A—The answer is equivalent to a hole in a fried cake. Nothing.

14. Q—If it takes you one hour to walk 4 miles, how long will it take to run back?

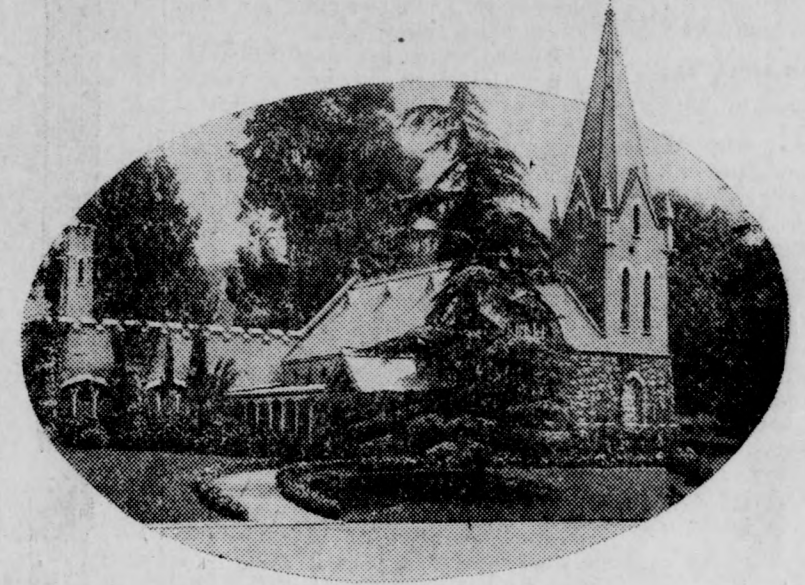

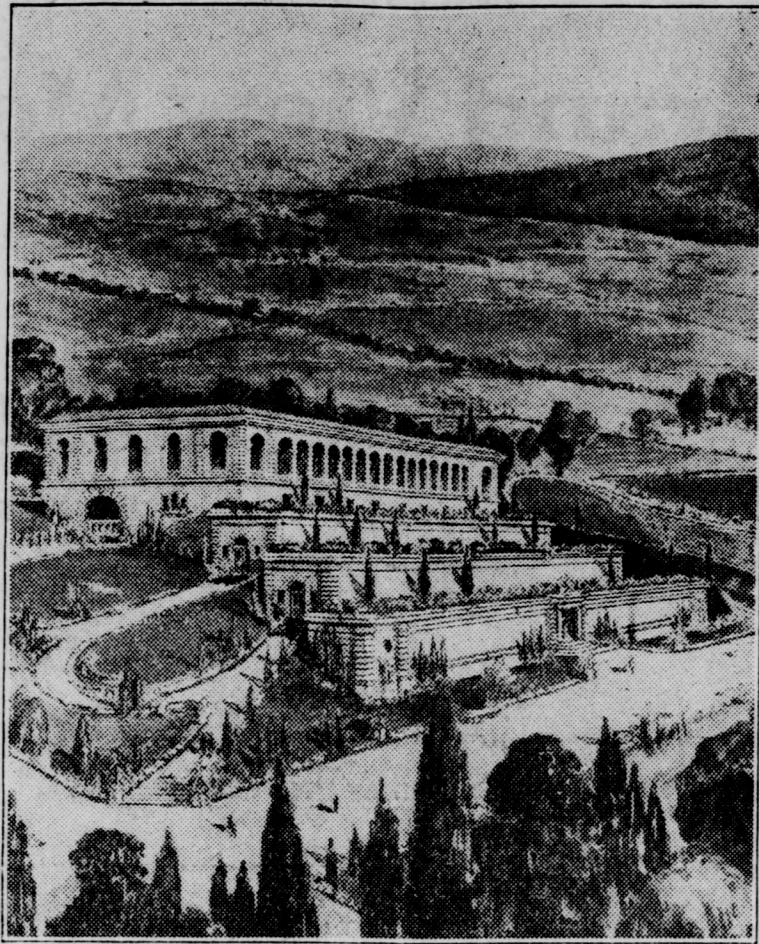

A—Whatever you estimate, it was less than that.

Well, Katie, I come out better than Germany did anyway.

**Allowed One Day Off**

The boss seemed to be satisfied, too, cause he said I could have Monday off, as a holiday, and then I says couldn't I have Tuesday off in place of Monday, cause Monday was a holiday anyway. Well, I won't write what he said, Katie, but I'll be on the job again Tuesday A. M. as is usual. Eternally yours,

E. C. HALE.

### Monte Vista Kitchen Soon to Be Ready

It is anticipated that all details in connection with finishing the kitchen of Monte Vista lodge for undernourished children of Los Angeles county will be completed next Sunday, with the exception of having the kitchen utensils.

Mrs. R. W. Meeker, chairman of the Glendale ladies who are looking after this work, has secured a wood stove, woodstone for the sinks and tables will be in place by that time and the linoleum for the floor has been ordered.

O. G. Thompson and E. E. McQuivy are planning on going up next Sunday and finishing any of the little details which have been left over.

## AUTOMOBILE SECTION

Glendale Evening News, May 28, 1921

### AUTO ABSOLUTE ESSENTIAL PART OF MODERN LIFE

The very decided boom in the motor car industry is a healthy sign of the return to "Normalcy" as President Harding would say. Dependent upon a constant sales demand the motor car factories were very hard hit a year ago at the time that business in general took a slump. Since that time there has been a gradual growth in the demand for cars which has resulted in renewed signs of activity among the manufacturers, many of whom are now approaching normal production once more. Henry Ford's great plants in the vicinity of Detroit are once more turning out his justly celebrated runabouts in vast quantities and various other plants are likewise returning to their normal production. When folks begin buying automobiles in normal quantities it is a very good sign that the days of hoarding money, like the days of throwing it away, have come to an end. The motor car is an absolutely essential part of modern life and firms which refuse to purchase motor cars when they need them, like the firms which refuse to advertise when business is bad, are simply hindering the return of prosperity.

### Bar Gambling Games From National Parks

It is a peculiar thing but true that most of the "jay-walking" on the city streets is not done by the "jays" from the country after whom this method of crossing the streets was named but by the 100 per cent city folks who dash across in the middle of the block to avoid the congestion caused by the "jays" at the corners. This is not to be construed as a recommendation of this dangerous practice of galloping across the thoroughfares half way between the intersections. It is merely a comment on the peculiar fact that the folks after whom the practice was named scarcely, if ever, merit the very doubtful honor.

### Connecting Link Will Help Many Motorists

Under the provisions of an act, Assembly Bill 482, introduced by Assemblyman W. F. Beal of Imperial county, the legislature appropriated the sum of \$350,000 in addition to sums provided for in the third state bond issue for the completion of the highway from San Bernardino to Yuma. This highway will, when completed, constitute a connecting link between all southern California points and eastern and southern points by way of the Bankhead National highway. The highway from Mecca to Blythe is also a vital connecting link on another trans-continental highway. This highway was insufficiently provided for in the third state bond issue and relief is to be had by virtue of a bill, Assembly Bill 948, introduced by Assemblyman Chester Kline of Riverside county and which was favorably acted upon by both branches of the legislature. This road will receive an additional appropriation of \$150,000. Both bills were sponsored by the Automobile Club of Southern California, and their passage materially aided by the club's efforts.

These two highways, because they are parts of main arteries of motor travel connecting southern California with the east and south, are of inestimable value to all of southern California, from the San Joaquin valley and San Luis Obispo to San Diego and Imperial Valley. Additional improved state highways practically insure the speedy development and settlement of regions heretofore only sparsely populated. The completion of the two roads above mentioned will make southern California points more accessible to motorists coming from the east and will continue to divert to southern California a large proportion of motor travel which would otherwise enter the state through other gateways.

The passage of these road appropriations by both branches of the state legislature, however, does not assure the motoring public that the same will become law. The next step in the procedure, however, is that the governor should be convinced by those who have the greatest possible use for the highways, that the bills are necessary and that the state will profit greatly if these road appropriations are approved by him. It is to be presumed, in view of Governor Stephens' many utterances in favor of good roads, that he will sign these bills when they come before him.

## MANY BILLS TAKING MONEY FROM CAR OWNER KILLED

### AUTOMOBILE INDUSTRY GUARDS POCKETBOOKS OF OWNERS AGAINST 'BAD' LAWS

The only bill which passed the legislature at the last session which in any way changes the motor vehicle laws of the state is the Rominger bill, which has just been signed by Governor Stephens. The motor vehicle act of 1919 which proved acceptable through two years' application was otherwise unchanged.

The Rominger bill provides a change for the channel base of tires on trucks, which amendment protects the roads and makes it easier to operate hauling equipment without running afoul of the law, a thing that happened, now and then, before this law was passed.

When the legislature convened last January there were over sixty odd bills all aimed at the automotive industry and the pocketbook of the motor car owner. One of the bills, by Senator Eden of Santa Ana, proposed a 10 per cent tax on every automobile tire sold in the state. This would have added a huge burden to the tire buyers and the tire dealers. When the King tax bill was passed Senator Eden withdrew his measure, realizing that the matter of taxes for the state government had been settled.

**Would Tax Gasoline**  
Two bills were introduced to tax gasoline. One by Assemblyman Ream and the other by Senator Sample. They called for large assessments on all motor vehicles and these funds were to be used by the highway commission for repairing and widening the trunk highways of the state. These bills would have added a burden to the motorists of the state. The highway commission was believed to have more money available than they could use in several years, so influence was brought to bear to kill the bills. There was much discussion on these two measures however, before they died.

Three bills were introduced making it necessary for automobile dealers and other lines of business to record all lease contract sales. That is, any man who bought an automobile of a bureau by paying a small amount down and then the rest on monthly payments, would be obliged to make this fact known to the world by recording it. These bills were killed in committee when it was shown that it would limit the good things of life to those able to pay cash for them, because no one wants his neighbor to know that the piano is not paid for.

**More Expense Proposed**  
A bill was introduced forcing every automobile owner to take out an indemnity bond so that in case of accident the person injured could collect from the insurance company. This would have forced the automobile owner to undergo added expense. This bill was withdrawn by the author when he was shown that it would cost a great deal of money and that the automobile owner was already burdened in enough ways.

Several bills were introduced which would have taxed motor buses on their carrying capacity far above the rate they are now paying, practically putting motor bus transportation companies out of business. All were dropped at various times except one, the Shearer bill, which provides a tax of 2 per cent on gross income in lieu of all other taxes.

One of the freaks introduced provided for the equipment on all cars and trucks not equipped with mechanical starting devices, of a device to prevent "kick backs," etc. This would have eliminated all truck transportation, because so far as is known there is no device which will do this work.

**Fake Advertising Doomed**  
False advertising will be a thing of the past. Senator Scott's bill makes it unlawful to advertise anything that is "second" quality without making that clearly known in the advertising copy. This makes a state law of an ordinance now in force in the principal cities.

Another good bill that was passed prevents "joy riding" with other people's motor cars. It declares that it is unlawful to drive a rent car further than agreed on before renting it and makes it a crime to set the speedometer back with intent to defraud.

All attempts to pass a new motor vehicle act to supersede that of 1919 failed. The old act stands, with the changes in tires noted above.

In November, 1920, a conference of all parties on the motor vehicle laws of the state was held at the call of Charles Chenu, superintendent of the Motor Vehicle Department. An effort was made to draw up a bill that would better the present act.

Representatives of the automobile clubs and the California Automobile Trade association agreed on a bill that was equitable. When the battle waxed hot at Sacramento many disagreements arose among the representatives of the northern and southern automobile clubs, and the result was that the present Motor Vehicle act stands unchanged except for truck tire sizes.

# The Superior Worth of The Nash Six Finds General Acceptance

It is apparent today how generally the Nash Six is accepted as an outstanding value among motor cars. It has acquired leadership. Nash owners have learned to know the Nash Six as a car of uncommon goodness. They recommend it to other buyers who find in the Nash Six all of the qualities which make for satisfied ownership and at a cost which convinces them that it is by far the best value in its field.

Your judgment, we are sure, will incline to theirs. You will find the Nash Six has more POWER than cars costing \$100 to \$300 more and that its beauty of design and finish and riding comfort can be approximated only in cars very much higher in price.

### One Hour In Jail To Death Are Sentences

BERLIN—Communists convicted of participating in the recent rioting in central Germany received sentences ranging from one hour in jail for disturbing the peace to death for murder. One man was convicted of murder and sentenced to death and the trial proceeding on other counts as required by German law, he was further sentenced to twenty years' imprisonment for manslaughter, to ten years for robbery, six hours in jail for disturbing the peace, and was deprived of the rights of citizenship "for the remainder of his life."

### Patriotic Addresses Are Well Received

## WIFE OF PRESIDENT SENDS TROWEL ON TREE MISSION

RECORD WILL BE KEPT FOR FUTURE HISTORY; EXPECT IT TO VISIT IN STATE

WASHINGTON, D. C.—At the tomb of William McKinley, at Canton, Ohio, was the first place outside of Washington where the trowel used by Mrs. Warren C. Harding, in planting the Ohio tree was again put to work at tree planting. Mrs. Harding planted the Ohio tree on the American Forestry association's miniature Road of Remembrance, lined with trees from the states.

The trowel was sent by Charles Lathrop Pack, president of the association, to Mrs. William D. Caldwell, president, and Mrs. Harry A. March, corresponding secretary of the Lincoln Highway Memorial association of Stark county, who made the first request for it. Another of the many requests for the trowel has come from Mrs. J. F. Weimann, state president of the United States Daughters of 1812 for Arkansas.

Letter Is Sent  
 Mrs. Harding, who hopes the trowel will plant many trees, sent the following letter to Mrs. Caldwell: "The White House, Washington.

"My Dear Mrs. Caldwell:—The American Forestry association has just informed me of the request of your association for the little trowel I used to plant the Ohio tree on its miniature Road of Remembrance.

"This, of course, is particularly pleasing to me especially since the trowel will be used in planting trees in honor of William McKinley.

"If the little trowel will inspire more tree planting, I shall indeed be deeply gratified and I hope that it travels far in that good work.

"Wishing your plans all success,  
 Sincerely yours,  
 Florence Kling Harding."

For its long journeys about the country the trowel has been placed in a walnut box and marked as follows: "This trowel first used by Mrs. Warren C. Harding, April 30, 1921, American Forestry Association."

Record to Be Kept  
 A book upon which each organization is to record the date of any memorial tree planting at which the trowel is used is inside the cover. The trowel is then to be returned to the association's headquarters in Washington.

Another trowel used here at the same time is marked with the name of Mrs. Medill McCormick, wife of the senator from Illinois, will be used in the same way, particularly in the state of Illinois, where much planting of memorial trees is planned for this fall.

The Roads of Remembrance idea is being pushed everywhere. Mrs. William W. Richardson, Virginia librarian of the Daughters of the American Revolution of Hampton, Va., is completing plans for a Road of Remembrance into Yorktown.

Three-Cornered Plan  
 At Chippewa Falls and Eau Claire in Wisconsin, the Chambers of Commerce are well along on a memorial highway plan connecting the two cities. Centering at Elgin, Ill., a three-cornered plan has been put under way for planting ten thousand trees along the Lincoln highway by the Chambers of Commerce of various towns, the association says.

From California come reports of a statewide roadside tree planting campaign and many of the towns have registered their trees. Luther Burbank planted the first memorial trees along one road. At Laporte, Ind., the Hamon Gray post of the American legion will plant 3000 trees.

"Opportunity for memorial highways and a great educational campaign on tree values are found in Roads of Remembrance," said Chas. Lathrop Pack, president of the association.

## Trace Breakfast Spats To Red Wall Paper

CAMP CURRY, Yosemite Valley, Calif., May 28.—Many a breakfast quarrel is traceable to red wall paper. Miss Oriella Rexford, color psychologist of Los Angeles told the 900 women attending the convention of the California State Federation of Women's clubs in session here today.

"Breakfast quarrels often are the result of red dining rooms," Miss Rexford said. "Red is the color for anemic persons to wear, but it will enrage and make sick a full blooded person."

She was discussing the effect of various colors when used in dress or in home decoration.

"Children should be given freedom in the selection of their colors," she explained.

"They know instinctively what colors they should wear.

"Certain colors make people emotional, for they are warm colors. These include orange, red, pink and yellow. Blue, black, white and green are cold colors."

## Want Driver? Help Is Given By Organization

That a search for honest employes by motorists should be aided by the Automobile Club of Southern California and that the employment of honest individuals would cut down the number of accident and automobile thefts in this part of the state is the contention of scores of automobile owners who are making their wishes known to club officials.

It seems that several autoists have lost cars because of dishonesty on the part of chauffeurs employed without creditable reference.

According to many letters received at club headquarters a large per cent of local motoring accidents are due to the carelessness of employes rather than to the owners of cars themselves.

It is pointed out that thousands of dollars worth of property is entrusted to an employe by a motorist when he engages him.

Are you sure, Mr. Motorist, that your property is in reliable hands? Is the burden of the majority of communications being received by automobile club representatives? It is desired that some method be adopted by the club whereby chauffeurs and auto owners can get together on a common ground of understanding and honesty.

For some months the Automobile Club maintained a bureau in connection with its touring bureaus for the purpose of aiding motorists in finding reliable drivers and in aiding drivers in finding reliable motorists. But the applications filed by apparently honest young men desiring positions as chauffeurs so greatly outnumbered those of apparently honest motorists desiring chauffeurs that the bureau became more or less inactive from too much one-sided patronage.

Now, according to club officials, the club is in possession through its county offices as well as its Los Angeles headquarters of a large number of names and addresses of ex-soldiers and others who desire jobs as drivers or mechanics, with practically no applications from auto owners who wish to employ them.

Club officials state that they are now willing to do all in their power to adjust the balance so that a fair deal may be had by all, without running an employment bureau.

## Denial Is Issued By Auto Club Official

That the claimed success of the two automobile clubs of the state in defeating the gasoline tax and other measures designed to subtract from the pocket of the motorists of the state an additional \$11,000,000 during the next two years has aroused a spirit of resentment on the part of some of the state authorities, is evidenced by reports reaching the Automobile Club of Southern California.

In a statement issued by Field Secretary Carl E. McStay, the following interesting information is elicited.

"That an effort is being made by certain officials connected with the State Highway commission to show that both the Automobile Club of Southern California and the California State Automobile association were directly responsible for an effort to increase the weight limits on motor trucks before the recent session of the legislature.

"Our reply to the charges made is that both organizations are flatly of record in a communication addressed to Governor Stephens under date of March 17, 1921, during the consideration of the proposed legislation, asking the governor to use his very great influence with the State Highway commission to induce that body to incorporate in their proposed legislation a maximum load limit weight of 22,000 pounds, which is 8,000 pounds less than provided for in the present law."

Mr. McStay further points out that at no time did any representative of either organization have the authority, nor did our representatives agree to any change in the recommendation made to Governor Stephens.

## Temporary Injunction Against Marine Unions

SAN FRANCISCO, May 28.—A temporary injunction against the five maritime unions involved in the shipping strike was granted by the United States shipping board late yesterday through Harold H. Ebeby, director of operations on the Pacific coast.

Following the filing of the restraining order yesterday by Frank M. Silva, United States district attorney, Judge W. C. Van Fleet of the United States District court, set the case for trial June 1. The defendants will show why a permanent injunction should not be granted.

The unions are mentioned as defendants in the restraining order, but at headquarters of the five unions no comment has been made other than a determination to fight the case next Wednesday. All heads of the unions have been served with copies of the complaint.

There are two classes of road hogs, according to J. E. Weeks, president of the Keystone Automobile club, in Philadelphia, "the fellow who does not care about the fellow behind him, and the fellow who does not know that someone is trying to pass."

CHICAGO—A practical joker, attempting to frighten wedding guests, turned in a false fire alarm. Captain Patrick J. Deasey was killed and three other firemen were badly injured when, in answering the call, their truck was hit by an auto.

## BELGIUM IS MAKING SPEEDY PROGRESS TO PROSPERITY

DEVASTATED AREAS ARE BEING RECONSTRUCTED AND PEOPLE SHOW GREAT INDUSTRY

By AUSTIN WEST  
United Press Staff Correspondent  
BRUSSELS—Belgium is proving as triumphant in the arts of peace as she was in the arts of war.

From all quarters reports are being received testifying to the almost incredible progress made since the armistice in the reconstruction of devastated areas, restarting of industries and the revival of trade that war stagnated.

Before 1914 there were 140,099 inhabitants in the districts now partially destroyed and 123,225 in the totally destroyed area. In 1919, 127,404 persons had returned to the first, and 57,612 persons to the second district. In 1920 there were 135,739 persons in the first and 96,568 in the second. Now over the whole area there are only 30,000 fewer inhabitants than before the war.

Figures Are Quoted  
In 1914 there were 66,450 agricultural dwellings. At the time of the armistice 16,602 had been partly destroyed, 36,955 completely destroyed and only 10,983 left intact. In 1920, 27,178 dwellings were registered as definitely reconstructed, 18,903 in the course of reconstruction, and 12,628 huts or temporary dwellings had been erected.

Agricultural figures show that in 1914 there were 126,715 hectares of land under cultivation; in 1919, 46,300 hectares were put back into civilization, and in 1920, 51,475 hectares. The work of restoration has therefore now only 28,936 hectares to restore, and 97,779 are in a condition to be cultivated. As the reconstruction services are able to put into order about 6,000 per month, it will only be a few months before the whole of the agricultural restoration will be complete.

Overseas Enterprise  
The country is now taking considerable interest in overseas enterprise, and the growing shipping, in conjunction with the increasing Congo prosperity, adds to this interest and keeps it well alive. It is reported that the government will shortly issue a Colonial loan for 500,000,000 francs in connection with important public works to be carried out in the Congo.

Not all of Belgium's industries are prosperous. Like other European countries she is feeling the pinch of the abnormal economic situation. There is a continuance in the drop of iron and glass prices. Glass makers are apprehensive, reporting that current prices are below the cost of production. But taking Belgium's industries as a whole, she is enjoying far more prosperity than most of her European neighbors.

As much money is spent annually in the United States for tires as is spent for the maintenance and construction of roads.

### England Rejoices Over U. S. Disarmament Call

LONDON, May 28.—Great Britain rejoices over the action of the United States senate in empowering the president to call a disarmament conference of the powers, according to Britain's highest naval authority, Lord Lee, first lord of the admiralty.

Lord Lee was believed to have struck the keynote of Britain's reaction to the senate's passage of the disarmament resolution when he spoke last night at the Japan society's dinner to the crown prince of Japan.

Speaking directly at the impassive prince, Hirohito, Lord Lee declared that Japan, too, has recognized the universal cry for limitation of armaments. Japan has shown her courage, he said, by quickly agreeing to reduce her sea strength if the other powers agree to a program.

ONE JUDGE GRANTS Motorists Saved Large Sums By Bills' Defeat

138 DIVORCES IN SIXTY SECONDS

LONDON COURTS SWAMPED AS RESULT OF WAR ROMANCES RESULTING IN FAILURE

By ALFRED J. WEST United Press Staff Correspondent LONDON—America has so long been regarded as the home of quick and easy divorce, that it has come as a distinct shock to staid Britishers to learn that the divorce courts in London are churning out decrees at the rate of one every seven and a half minutes of working time.

Further, there is a waiting list of some 2,000 persons seeking divorces, when the judges have time to spare. The British divorce court is part of the High Court of Justice, headquartered in London, and "The Probate, Divorce and Admiralty Division," as it is called, is run by Sir Henry Duke, president of the division, and two high court judges. One of these is always required for admiralty or probate (wills) cases, so that hitherto there has hardly ever been more than two courts working at the same time.

Dies Trying To Save Life Of Her Daughter

ST. LOUIS—In an effort to save her infant daughter, Mrs. Joseph Burdell of Granite City, Ill., was crushed to death by an elevator in an office building here.

The baby, Margaret, nine months old, fell from her mother's arms and slipped through a space between the elevator car and the shaft. She fell to the bottom of the pit, twenty feet below and suffered a fractured skull.

Mrs. Burdell reached for the baby and as the infant fell through the space, was crushed. She died en route to a hospital.

The baby has a slight chance of recovery, it was said.

Death Valley Routes Are Completely Signed

Death Valley and its surrounding desert is at last made safe for travelers!

Auto club crews which have been engaged in the heavy task of erecting metal guide signs in the almost trackless wastes of the valley have returned home with the news that the work is done.

Motorists need no longer fear the threats uttered by the valley to swallow them up if they are lost or to hide the water from them if they are thirsty.

All water holes and wells have been so marked that they can be found in day or night without any trouble. The club has erected signs made of metal so that they cannot be used for fire-wood by travelers.

More than a year's time has been consumed in charting, making the signs and erecting them in order that the Colorado desert might lose its terrors for travelers.

The latest production in motor busses has body construction similar to that of a trolley car, has electric lights and push buttons, leather upholstery and a safety door. It seats twenty-seven persons.

Crap-shooting, "stud" and other chancy games are to be barred absolutely from Uncle Sam's public playgrounds in California this summer.

Gambling of all kinds, even to nickel-matching is to be taboo in Yosemite and other national parks of the state, according to word received from government officials by the Automobile Club of Southern California.

Never again will the lonesome white chip call to its mate in the shadow of the stately redwoods.

Never again will the beetling brow of El Capitan wrinkle at the cries of a father seeking shoes for his baby, for the bones shall not rattle in either Sequoia, General Grant or Yosemite domains. The only rattling that will be done there will be the thunderclaps around the mountain peaks.

Sad news is also transmitted by the Auto Club to owners of pet animals and pet cats in particular. No animal pet shall be a visitor to any of Uncle Sam's garden spots.

Tabby, however, can now pass through the national parks if in a cage, but no pet cat may remain overnight in the park. People who live in Yosemite or other national playgrounds may own cats for catching rats, however, if they get a permit from Uncle Sam.

Last year no pet animals could even pass through the parks. Now they may pass through, but they must pass through quickly.

Other things prohibited in Yosemite this summer, for instance, are trucks of more than three tons in weight, except on the El Portal road or on the floor of the valley.

Motorists who have planned to take Fido or Tabby on a pleasant vacation outing which was to include any of the big preserves in the state must now make other arrangements, says the government.

War Veterans' Widows And W. R. C. Invited

Thomas Barrett, adjutant of the N. P. Banks Post, Grand Army of the Republic, states that all Civil War widows and W. R. C. members are included in the invitation graciously extended by Wm. A. Howe, manager of the Glendale Theatre, to be his guests at the evening performance on Monday next.
