# Your Opportunity To Save Money On Your Seeds

You now have the opportunity to buy seeds, bulbs and shrubs for your own needs at the same reasonable prices which for many years were only available to those families having children in the schools.

So extensive has been the school garden work over the entire United States, that we are known in many more than a million American homes, where our goods have been used.

If you have children of school age in your home or if you have been in school during the past twenty-two years, you are probably familiar with the high quality of our guaranteed Penny-Packet Seeds.

**Now you can buy direct** Two years ago, in a small way, we made this offer to individuals like yourself, because of repeated requests from ex-pupils and teachers who had gone into homes of their own and wished to continue to buy our goods. To our surprise, the offer was accepted by so many of those who received the first catalogs that it was a success from the first day. One thing is necessary to continue this offer. It is that every order should be for at least \$1.50 worth of goods. If you do not need that much, you can easily get a friend to join with you so you can make an order for not less than \$1.50.

**Our Guarantee** The entire educational movement in gardening has been successful and this offer to grown folks, too, largely because of Mr. Templin's long experience as a seedsman and nurseryman. His desire to place seeds, bulbs and shrubs of the highest possible quality within the reach of any pocketbook has given us a nation-wide reputation. We do not hesitate to refer you to any teacher, principal or superintendent in the United States as to the quality of our goods or the way we treat our customers. You probably know that Mr. Templin started in business for himself in 1876 and today at the age of 74 is still the active head of this big business. Wherever seeds are produced, we are known as a house which demands the very best for our customers. So we do not hesitate to guarantee you satisfaction or to refund the exact amount of money you paid us for any item which is not satisfactory.

**Prices Include Delivery** There are no extras to figure when you buy from us because all prices include delivery to your mail box. This includes delivered prices on vegetable seeds in quantity packages, which, by the way, are only offered on page two of the order blank in the middle of this catalog. Such seeds are usually priced so you would pay postage or express extra. Our prices include delivery.

**No Middleman's Profit** No one ever gets one cent of commission, profit or any premium on any orders you send to us. This means that we sell our goods for the sake of gardens and not for the sake of premiums. And it enables us to keep our prices within the reach of everybody. It is one reason, too, why we receive as many as 7,500 individual orders each day in the busy spring season.

**About Delivery** Seeds ordered will be delivered regardless of cold weather. Perishable bulbs and plants will be held here until danger of freezing has passed and then delivered in good time for planting.

**FREE!**

If your Bulb and Shrub order amounts to \$2.00 or more, we will give you free, one Ostrich Plume Hardy Fern Root. See page 19 for description. These are perfectly hardy and very desirable.

Floyd Bradley at the Microphone

## Ever Tune In?

Have you ever tuned in on WHK, Cleveland, in March, April or October and picked up an opening statement something like this—"Good Afternoon everybody, this is Floyd Bradley, of the Templin-Bradley Co., nation-wide seedsmen and nurserymen, just starting another of his daily garden talks"?

These spring and fall daily garden talks have come to be a regular part of my daily work. So far as I know, I am about the only business man in Cleveland, (or anywhere else, for that

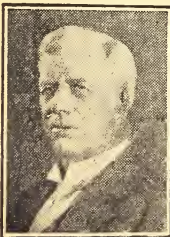

matter), who has broadcasting equipment in his private office, so that he can talk directly with his customers. Two years ago, when I began these talks, I used to go downtown to the studio, but finally they became so frequent that WHK installed remote control apparatus so I could do the job right in my own office.

All my talks are based upon requests for information which come by mail and over the counter from our customers, so we know they cover points of general interest in gardening and beautification of the home grounds. Try to pick me up at 12:35 any week-day during March and April, meet me and join the Templin-Bradley Radio Garden Club. No dues, no fees. Just ten minutes with me each noon, that's all.

**How to Order** It is easy and convenient to order from this catalog. In the middle of the book a four page order blank is bound in. The first two pages are for seeds, only. The third and fourth pages are for goods from our nursery department, bulbs, shrubs, roots, vines, roses and fruits. When you are ready to make up your order, take the order blank pages firmly in one hand, let the rest of the book fall open. Then take hold of the hanging pages with the other hand and by giving a quick, straight downward pull, the order blank pages will come out without tearing or spoiling them. You will find everything listed in the catalog is printed out in full on the order blank. Now it is simple to make up our order by filling in the quantities needed and the prices. You can pay by check or money order. If you must pay with cash, be sure to register your letter.

Radish, Scarlet Globe

**17 Spinach Victoria or Bloomsdale** Spinach is one of the most healthful of vegetables. Every gardener should have some. Victoria is a splendid variety with thick crumpled, tender leaves. Pkt. 150 seeds 1c.

## Grow Some Tomatoes

**18 Tomato New Stone.** Many tomatoes have been introduced but Stone is till a favorite. Fruit ripens in mid-summer, good sized, bright scarlet, smooth with tender juicy flesh. Fine for salads or cooking. Pkt. 75 seeds 1c.

Watermelon, Halbert's Honey

**19 Turnip Purple Top White Globe.** Large, heavy, globe shaped with fine grained sweet flesh. Best for home and market. For first crop sow seed in early spring, for late crop start more seed in July. Pkt. 500 seeds 1c.

## Everybody Likes Watermelon

**20 Watermelon Halbert's Honey.** A medium, large, dark green oblong melon that ripens early enough for northern gardens. You will surely like the crisp sparkling flesh, sweet as honey. Pkt. 25 seeds 1c.

**3** Cents per Packet

# Vegetable Seeds

**3** Cents per Packet

The following are all splendid varieties desirable in every garden, but conditions do not permit us to include them in the one cent packet list. At 3c each they are extremely good values.

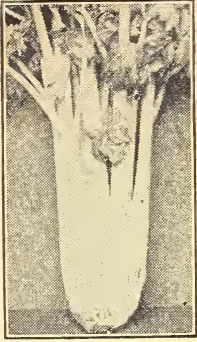

## Popular Green and Wax Pod Beans

**21 Bush Bean** Stringless Green Pod. Early, very productive and absolutely stringless. One of the best known and most satisfactory varieties. Pods round, fleshy and slightly curved. Pkt. 30 or more seeds 3c.

**22 Bush Bean** Golden Wax Pod. Most popular of all yellow Wax Pod Beans. Very early and productive. Broad, flat, thick fleshy stringless pods. Pkt. 30 or more seeds 3c.

**23 Carrot** Oxheart or Guerande. A popular variety with short thick roots, well adapted for growing on hard or shallow soils, because they pull easily. Good table quality. Pkt. 500 seeds 3c.

**24 Celery** Giant Pascal. A standard Fall and Winter variety. Stalks short, thick and broad, rich buttery flavor. Many people think Pascal the best celery grown. Pkt. 200 seeds 3c.

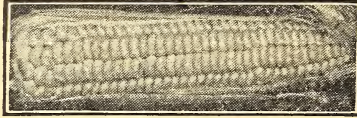

Celery, Giant Pascal

Bean, Golden Wax

## Sweet and Pop Corn

**25 Sweet Corn** Early Cory. The earliest real sweet corn in existence. Large, broad, tender grains. Ears 7 to 8 inches long. Usually two large ears on each stalk. Pkt. 40 or more seeds 3c.

Sweet Corn, Golden Bantam

**26 Sweet Corn** Golden Bantam. Medium early. The sweetest, most popular sweet corn in existence. Everybody knows it and most people ask for Golden Bantam when they want a real treat. Our seed of Bantam is northern grown, insuring an early good crop. Pkt. 40 or more seeds 3c.

Muskmelon, Early Osage

**27 Pop Corn** Improved White Rice. The best known variety and the heaviest yielder. Every boy should plant a patch. The kernels pop out very large and white. Pkt. 50 or more seeds 3c.

Tomato, Earliana

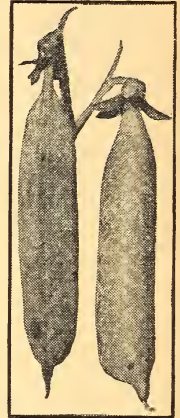

## The Best Head Lettuce

**28 Lettuce** Big Boston. A fine big, crisp, cabbage heading lettuce. Sure, to please you. Largely grown for market, and just as satisfactory for the home garden. Pkt. 200 seeds 3c.

**29 Lettuce** Cos, Romaine or Celery. Entirely distinct. Forms large oblong heads, that blanch white and tender. Extra fine. Pkt. 200 seeds 3c.

## Try the Osage Melon

**30 Muskmelon** Osage The Queen of Melons, medium large, nearly round, dark green, deeply ribbed. Flesh very thick, rich orange salmon, sweet and melting. Pkt. 40 or more seeds 3c.

Pea, Little Marvel

## An Excellent Onion

**31 Onion** Large Red Wethersfield. A popular variety for winter markets. An excellent keeper. Will quickly grow to marketable size from seed. The skin is deep purplish red, the flesh white sometimes tinged pink. Pkt. 200 seeds 3c.

## Grow Some Peas

**32 Pea** Early Alaska or Earliest of All. The hardiest variety for early planting. Peas smooth, bluish-green, of good quality. The vines grow 2-2 1/2 ft. tall, and they bear better if given some support. Pkt. 50 or more seeds 3c.

**33 Pea** Early Marvel. Very desirable new early, dwarf wrinkled pea. Height, 12 to 15 inches. Very productive, and the peas are very sweet. Vines need no support. Pkt. 40 or more seeds 3c.

## Do you like Pumpkin Pies?

**34 Pumpkin** Small Sugar Pie. Universally known as the best for pies. By all means reserve a space for a few pumpkins. Pkt. 15 seeds 3c.

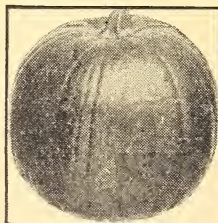

**38 Squash** Early Summer Crook-neck. The best known early bush squash, and a splendid cooking variety. Pkt. 20 seeds 3c.

## Two Tasty Radishes

**35 Radish** White Tip Scarlet Gem, or Sparkler. Early and attractive. Round, bright scarlet, with distinct white tip. Pkt. 150 seeds 3c.

**36 Radish** Early Long Scarlet. Medium early, long smooth bright scarlet. Ready to eat soon after the round varieties. Pkt. 150 seeds 3c.

Pumpkin, Sugar Pie

**39 Tomato** Spark's Earliana. An extra early tomato, by some said to be the earliest to ripen good fruit. Medium in size and of good quality. Often plants will give you many baskets of fruit. Our seed is extra select. Pkt. 100 seeds 3c.

**40 Turnip** Purple Top Strap Leaf. The roots develop a trifle quicker than the deeper globe varieties. For first crop sow seed in early Spring, then some more seed in July for late crop. Pkt. 500 seeds 3c.

**5 Cents per Packet**

# Vegetable Seeds

**5 Cents per Packet**

Many of the following are comparatively new and high priced varieties that we are fortunate in being able to offer you at 5c per packet. They are certainly well worth your trial.

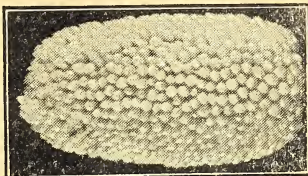

Cabbage

**41 Lima Bean** **New Wonder Bush.** A dwarf variety that yields large quantities of good big pods full of delicious beans. The best bush lima bean. One ounce pkg. 5c.

**42 Pole Bean** **Kentucky Wonder or Homestead.** The most useful and satisfactory of all green pod pole beans. Very productive, bearing fine large pods for a long season. One ounce pkg. 5c.

**43 Cabbage** **Copenhagen Market.** The earliest of the large, solid, round head varieties. Rapidly gaining in popularity. Only a few days later than Wakefield. Heads weigh 8 to 10 lbs. Pkt. 500 seeds 5c.

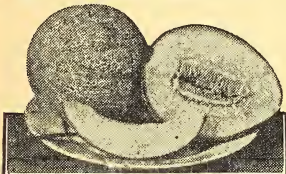

**44 Cabbage** **Danish Ballhead.** For quality no other late cabbage equals it. A sure header. Very solid, heavy and fine grained. Always brings the highest market price. One of the best keepers. Pkt. 500 seeds 5c.

Popcorn, Hulless

**45 Cauliflower** **Snowball.** We offer a very high grade strain of Snowball, the best Cauliflower grown, in packets of sufficient size for the home garden. No better stock can be purchased. Pkt. 150 seeds 5c.

**46 Carrot** **Red Giant.** A new French variety that is making thousands of friends because of the great size and yet tender fine grained quality of the roots. A prize winner with orange-red flesh. Pkt. 500 seeds 5c.

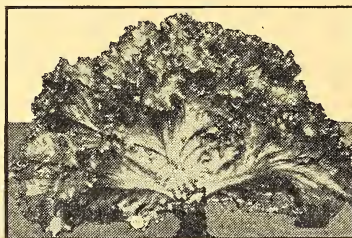

Muskmelon, Golden Hearts  
A Delicious Melon

**51 Muskmelon** **Golden Hearts.** A melon to make your mouth water. Of medium size, slightly ribbed, very heavy because of thick flesh, and small seed cavity. Rich golden-salmon flesh of delicious quality. Often there will be as many as twelve melons to the vine. Try a packet this season. Pkt. 50 seeds 5c.

**52 Onion** **Prizetaker.** One of the largest onions grown. The skin is straw colored and flesh white, crisp and tender. A very handsome variety. Pkt. 500 seeds 5c.

**53 Pepper** **Ruby or Royal King.** Most popular large, smooth, red variety for mangoes. Of mild flavor. Excellent for stuffing or for salads. Cultural directions on packet. Pkt. 200 seeds 5c.

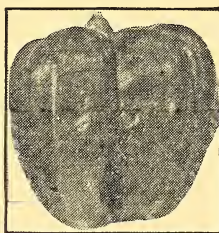

Lettuce, Grand Rapids

**49 Cucumber** **Long Green.** Uniformly long and smooth, deep green in color. A universal favorite for home use. Fruit 12 to 15 inches long, flesh solid and crisp with few seeds. Pkt. 75 seeds 5c.

**50 Lettuce** **Extra Early Grand Rapids.** This is the variety so extensively grown in greenhouses for supplying the winter and early spring market, but it is not generally known that it is an extra good early garden variety. The most attractive leaf lettuce for garnishing, etc., because of the bright green extremely curled leaves. Pkt. 1000 seeds 5c.

**47 Popcorn** **Japanese Hulless or Tom Thumb.** Here is "the best to eat" pop corn, it pops out so tender and melting. Of dwarf sturdy growth yet a heavy yielder of ears. Ounce package 5c.

**48 Sweet Corn** **Golden Giant.** This will give you more edible corn than any other yellow variety. Larger than Golden Bantam yet only a few days later and very sweet. Quite new but already selling in large quantities. Ounce package 5c.

Pepper, Royal King

### Three Kinds You Should Try

**54 Egg Plant** **New York Spineless.** Fruit large, smooth, glossy, rich purple, and of excellent quality. Cultural instructions on each packet. Have you ever tried Egg Plant fried in egg and cracker crumbs? It's fine. Pkt. 200 seeds 5c.

**55 Endive** Highly prized by many for Fall and early Winter use. Sow first crop in very early Spring, then again in July. Blanch heads by tying up the outer leaves. Pkt. 1000 seeds 5c.

**56 Kohl Rabi** **Early White Vienna.** "Turnip-Rooted Cabbage." Forms a large edible bulb above the ground. Sow seed early like cabbage over the open ground. Buds develop quickly and are delicious cooked like turnips. Gather before they are hard. Pkt. 500 seeds 5c.

**57 Radish** **Winter varieties.** A mixture of Round and Long Black Spanish, Rose Winter, and White Celestial, all splendid winter varieties. Pkt. 250 seeds 5c.

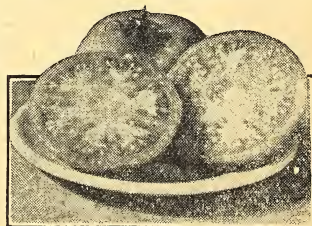

**58 Squash** **Improved Hubbard.** The standard winter squash. It keeps well and flesh is very thick and nutritious. You will like it for baked Squash and Squash pies are tempting. Flesh is rich orange color. Pkt. 20 to 25 seeds 5c.

**59 Tomato** **Ponderosa.** Sometimes called "beef steak" tomato because of the very thick luscious flesh and freedom from seeds. The largest and heaviest tomato grown and one of the best to eat. Packet 200 or more seeds 5c.

**60 Watermelon** **Irish Gray.** Wouldn't you like to be in Master Robert Crockett's place enjoying a slice of delicious Irish Gray Watermelon? It is a distinct new variety. Skin solid gray in color, flesh bright red of finest quality. Packet 35 seeds 5c.

Watermelon, Irish Gray

Tomato, Ponderosa

# New and Special Vegetable Seeds

We earnestly recommend that you plant some of the following very fine varieties. New things add pleasure and profit to your garden.

**61 Sure Crop Wax Beans** Ideal for the gardener in every way, earliness, yield, appearance and quality. The big tender pods fill up a basket in no time, and when served you will find them delicious and tender. The pods are oval,  $5\frac{1}{2}$  to  $6\frac{1}{2}$  inches long and slightly curved.  $\frac{1}{4}$  lb. pkg. 20c.

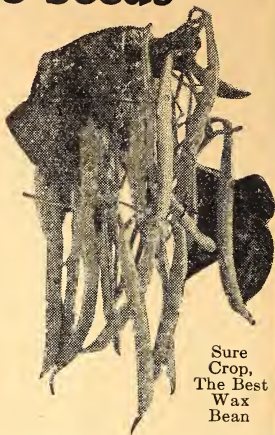

**62 Yard Long Pole Bean** An interesting novelty, 18 inches to 2 ft. long, slim, round pods. A curiosity that always attracts attention and the table quality is good also. Try them. Pkt. 10c.

Early Wonder, A Fine Beet

**63 Early Wonder Beet** The roots are nicely shaped, smooth and rich deep red color. Better yet, they grow quickly so are tender and fine quality. It is a pleasure to grow such nice beets in your garden. Gardeners consider this the best early beet. Pkt. 10c.

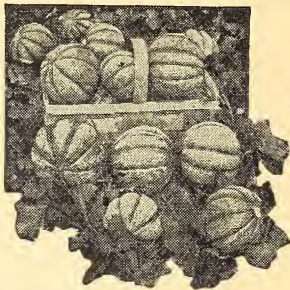

**64 Early Fortune Cucumber** Medium length, handsome dark green, well shaped with thick white flesh and small seed cavity. A great improvement over White Spine, retaining its dark green color so long after picking. Pkt. 10c.

Sure Crop, The Best Wax Bean

## 65 Mayflower Sweet Corn

Wouldn't you like to have Sweet Corn to eat before any of your neighbors? You can if you plant Mayflower, the earliest of all true Sweet Corns. The ears are surprisingly large for an extra early, averaging about 7 inches long with ten rows of tender, sweet kernels.  $\frac{1}{4}$  lb. pkg. 18c.

Muskmelon, Champlain Earliest, Best, Most Prolific

## 67 Golden Champlain Melon

Without question the earliest yellow fleshed melon in the market today. Records have been made of its being ready to eat 57 days after the seed was planted. Its vigorous growth, productiveness, hardness and good quality have been proved. The flesh is golden yellow, deep and so temptingly sweet. In shape nearly round—medium size and heavily netted. Pkt. 15c.

## 66 Tomato Salad Pepper

This new pepper is so mild and so thick meated as to be almost like a tomato to eat raw or to slice for salads. And it looks like a tomato being round, smooth and bright scarlet red. Pkt. 15c.

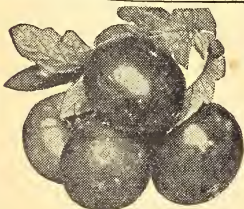

## 68 Early Spanish Peanuts

Wouldn't you like to try your luck growing Peanuts? This variety can be grown in the North if planted on sandy soil. Nuts are medium size and sweet. Pkt. 10c.

**69 Peter Pan Pea** The largest podded early dwarf-pea outdoing other dwarfs in total yield, size of pod and quality. Vines sturdy, 15 inches tall carrying numerous handsome dark green broad pods. Be sure to plant Peter Pan.  $\frac{1}{4}$  lb. 18c.

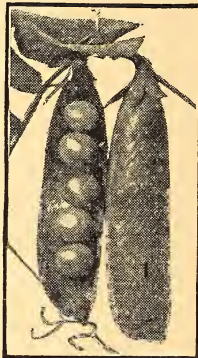

**70 Saxa Radish** The earliest variety. Ready for the table in an almost impossibly short time, sometimes in 20 days from seed. The roots are bright scarlet round as a marble, smooth with very little tap root and a small top. Fresh, crisp and juicy. Pkt. 10c.

**71 King of Denmark Spinach** Will give you big cuttings of delicious, tender leaves for two weeks after other varieties have gone to seed. Leaves broad, heavy, crumpled and dark green. Pkt. 8c.

Burbank Tomato

**72 Table Queen Squash** We doubt if you have ever tasted as good a Squash. The fruit is medium small, acorn shaped with hard green shell. Ripens in fall, keeps like Hubbard. Splendid for pies or baking. Pkt. 10c.

Peter Pan Peas

**73 Burbank Tomato** The earliest tomato grown. To beat your neighbors with ripe tomatoes plant some Burbanks this year. Everything that can be desired in a home garden tomato, attractive bright fruits, medium size and smooth. Pkt. 12c.

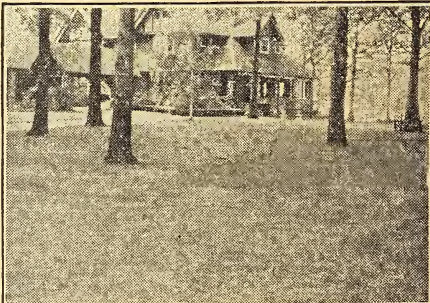

**74 Temley Everbearer Tomato** The name was suggested by a customer who found that the plants bore practically all summer—giving an early, a medium and a late crop. The fruit is bright scarlet, smooth medium size and of dandy quality. Can you imagine a nicer home garden variety? Pkt. 15c.

## Sow The Best Lawn Seed

**190 Quick Growth Mixture** Makes a good lawn quickly. Lb. 40c. 5 lbs. \$1.90.

**191 Shady Nook** Best for shade. Pkt. 15c; lb. 60c; 5 lbs. \$2.75.

**192 Pure White Clover**  $\frac{1}{4}$  lb. 20c; lb. 70c.

**Include Watch-Em-Grow Plant Food In Your Order**

Stocks

Painted Daisy

**131 Verbenas** **Mammoth Flowering Mixed.** Very free-flowering annuals of low spreading growth, forming a carpet of bright colors when in bloom. Begin to bloom in July, and continue until killed by frost. Pkt. 150 seeds 5c.

**132 Giant Zinnia** The popular Zinnia or "Youth and Old Age" has been greatly improved in recent years. The Giant types are marvels in size, form and color, and though not as large as the Dahlia Flowered type they make wonderful garden display or cut flower bouquets. Pkt. 100 seeds 5c.

## Three Popular Climbing Vines

**133 Hyacinth Bean** Rapid-climbing vine, with showy spikes of flowers, not unlike small hyacinths. Mixed colors. Foliage makes good shade. Pkt. 25 seeds 5c.

**134 Japanese Morning Glory** **Ipomea.** Rapid climber. Very large, showy single flowers in most beautiful colors. Effective as a screen. Pkt. 50 seeds 5c.

**135 Ornamental Gourds** A very interesting mixture of small varieties for children's playthings. By all means plant a packet of these for the children. Pkt. 5c.

## Perennials for Your Hardy Garden

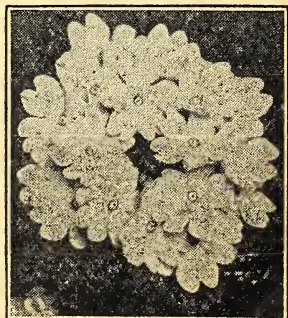

**136 Canterbury Bell** or **Campanula.** Well-known garden favorites. Large bell-shaped flowers in shades of blue, pink and white. Plants 2 feet tall. Pkt. 300 seeds 5c.

**137 Forget-Me-Not** **Myosotis.** Delicate blue. Very popular flower for early spring bloom and very fragrant. Culture same as for Pansies. 300 seeds 5c.

**138 Hollyhocks** **Large flowering single.** We also include some doubles and semi-doubles in this mixture. A fine strain in many colors. Pkt. 60 seeds 5c.

**139 Sweet May Pinks** **Clove or Scotch Pinks.** Every garden should contain a few clumps of these old favorites which live so long, each season increasing in beauty. Have a spicy fragrance. 200 seeds 5c.

**140 Perennial Mixture** A mixture of many kinds of perennials that grow well in the ordinary garden. This surely is a bargain packet. Large pkt. 5c.

# New and Special Flower Seeds

For this page we have selected a few of the most desirable new and higher priced varieties, believing that many will be glad of the opportunity to try them.

**141 Aster, Heart of France** Why is this beauty considered the finest deep red Aster? Because the coloring is so rich. Deep ruby red, glowing and alive, handsome in natural or artificial light. It will be your favorite also. Pkt. 10c.

**142 Aster, American Beauty** Very beautiful. The true American Beauty rose color. Large perfectly double flowers. Plants large with long stems. Pkt. 10c.

Double Crested Cosmos

**143 Extra Quality Mixed Asters** A splendid mixture of all types and colors of Asters, early, medium and late. It will give you a beautiful Aster Collection at the price of one packet. A delightful surprise is in store for you if you try them. Pkt. 10c.

**144 Double Crested Cosmos** This new type of Cosmos is unique and exceedingly pretty. The flowers are of large size with double centers and an outer row of broad petals. 60 to 70% should be double. For early bloom start seed inside. Pkt. 15c.

**145 Chinese Woolflower** Grows 2 to 3 feet high, each branch bearing a large ball of brilliant color, red, pink or yellow, with the texture of silken wool. These blooms can be cut and dried for winter decoration. Sure to please you. Pkt. 10c.

## 146 Lavender Daisy

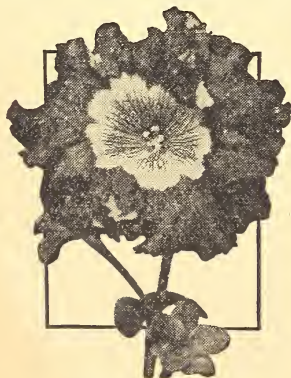

(Arctotis.) One of the loveliest of daisies, the flower white, softly overlaid with pale lavender. The central disk is bright steel blue. Blooms from midsummer to late fall. Plants 2 ft. high and flowers  $2\frac{1}{2}$  to  $2\frac{1}{2}$  inches across. Pkt. 10c.

## Two Fine Petunias

**149 Rosy Morn** Compact bushy plants, flowers medium size. Produces in the greatest abundance throughout the entire summer. Color a most pleasing clear pink with large pure white throat. Rosy Morn is the most popular petunia for bedding because of its bright cheery color. Pkt. 10c.

**150 Giants of California** When you see these flowers you will be amazed at their remarkable size and beautiful frilled petals. Flowers often 4 to 5 inches across. The colors are remarkable, of almost every conceivable shade. Pkt. 15c.

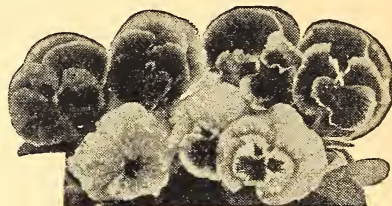

**151 Giant Exhibition Pansies** When you see a bed of these wonderful pansies in bloom we dare say you will think each individual flower prettier than its neighbor. The variation in coloring is remarkable, and you will find all the rich shades imaginable. We fully believe this strain equal to any pansies grown in the world. They are true giants in size. Comprised of the best German, French, Danish and American strains. Pkt. 15c.

Grow Exhibition Pansies Like These

**152 New Snapdragon** Antirrhinum Maximum. The old types are indeed pretty but this new race is really magnificent in size of stalks, flower spikes and color shades. The mixture will contain pure whites, canary, yellow, orange, rose pinks, copper red, crimson, burnt orange, pastels and the rich autumn shades. Every color will please you and every packet of seed you buy will be long remembered. Pkt. 15c.

**153 Butterfly Spencer Sweet Peas** A mixture of choice named varieties of Giant, Ruffled, Orchid-flowering type. The Spencer type is now the most popular, because of the wonderfully large flowers, and beautifully frilled or ruffled petals. Directions for growing sweet peas are printed on every packet. Plant them early while soil is still cool. Pkt. 10c.

**154 Dahlia Flowered Zinnias** This new race of Zinnias puts that good old fashioned flower on an entirely new plane. Many new colors have been obtained and the size and form of the flowers wonderfully improved. Even under ordinary conditions you will have flowers  $3\frac{1}{2}$  to 5 inches across—almost as big as Dahlias. Mixed colors. Pkt. 15c.

American Beauty

## Two Splendid Perennials

**147 Shasta Daisy** Burbanks. Large, single pure white, daisy-like flowers, 3 in. across. Perfectly hardy everywhere. Plants 18 to 24 inches tall, blooming freely all summer. Easily grown, as you would other perennials. If started very early inside they sometimes bloom the first summer. Pkt. 16c.

## 148 Delphinium, Gold Medal Hybrids

This strain embraces the finest collection of Hybrid Delphiniums the world affords. The shades range from pale lavender to deep indigo blue, a glorious mixture. To be grown like other perennials. Pkt. 20c.

**Read This** Use Pen and Ink. Sign your name and address plainly. Enter quantities wanted and total prices in blanks for each variety. Carefully add values of all goods ordered on each page and enter all in opposite blanks. Send order for bulbs, roots, etc., with your seed order. Seeds will be sent at once, but bulbs will be held until weather will be safe for shipping.

**Bulbs and Shrubs** are different from seeds. Seeds are not injured by ordinary cold weather, so we send your seeds to you just as soon as your order arrives. But Bulbs and Shrubs are tender when exposed to severe weather, so we hold your bulb and shrub order here until as near planting time as possible.

**Dormant Not Dead** Every item on pages 3 and 4 will be dormant when you receive them. They lose their leaves and "sleep" over winter like the Maple and Elm trees do.

**Give Them Time** Remember, after planting, you must give everything time to get started to grow. If it should be a warm or "early" spring, things will show signs of life much sooner than if we have a wet or "late" spring. So please be patient with your garden when it is making its start.

## Items of Special Merit

### New Chinese Regal Lily

**3560** (*L. Myriophyllum*.) This beautiful, new lily comes from Northwestern China which is a guarantee of its hardiness. Bailey's Cyclopedia of Horticulture says of it: "One of the most beautiful of all known lilies." The exquisite blending of tints and colors forming a charming contrast with the rich, deep green foliage. Highly recommended for general culture.

The large trumpet-shaped fragrant flowers are pure transparent white, with a distinct rich canary-yellow throat and orange stamens. The buds and outside of petals are delicate pink, which is often reflected through the petals. Height 2 to 4 feet; mature bulbs producing 5 to 10 flowers in June and July. Last summer, in Mr. Templin's garden, one bulb produced thirteen flowers at one time. This is unusual, but indicates the wonderful flowering quality of this splendid variety.

**Strong 2 yr. blooming bulbs never before sold at these low Prices. 25c; 5 for \$1.00**

Chinese Regal Lily

### Tuberous Rooted Begonia Bulbs

Unquestionably the most beautiful and satisfactory of all summer-flowering bulbous plants. Ease of culture, size and abundance of flowers and wonderful range of exquisite color, blooming continually from June to November. They delight in partial shade. Unsurpassed for porch or window beds.

**Outdoor Planting** Tuberous Begonias succeed best if planted in beds in the open ground, but will not stand exposure to full hot sunshine and wind throughout the entire day. They will do nicely on the east side of the house, where they are protected from the afternoon sun and wind but should be watered freely during dry weather. Mr. Templin grows them very successfully in front of a north porch where they receive no sunshine between 9 A. M. and 4 P. M. They are the attraction of the neighborhood. Many people stop and ask "What are these beautiful flowers?"

**The Bulbs Keep for Years** The bulbs increase in size each year and will keep over winter in the cellar as easily as potatoes. With each order will be sent printed instructions for growing and taking care of the bulbs. The flowers are from two to five inches across; colors pure white, yellow salmon, orange, pink, rose, red, crimson, etc. We sold more than 50,000 last year at 25 to 40c each.

### 4108 Double Pink Flowering Almond

Very attractive and desirable extra early flowering shrubs 3 to 4 feet in height. The branches completely covered with pretty double pink flowers in early spring before the leaves appear. Always attracts attention when in bloom and well worthy a place on your home grounds. This shrub usually sells at 65c to 75c each. **Our Price 2 yr. plants 18 to 24 inches 45c, 3 for \$1.25.**

### 4107 Bechtel's Double Flowering Crab

This is not a shrub but a small tree. Perfectly hardy everywhere, succeeding well in all soils and climates. It would be difficult to describe its wonderful beauty when in bloom, the branches bending with a profusion of delicate pink, deliciously fragrant, perfectly double flowers, like clusters of small fragrant roses. The only sweet scented double flowering crab. The usual price is 75c to \$1.00 or more each. **Our Price 2 year, 18 to 24 inches, only 50c each, 3 for \$1.35.**

### New Everblooming Double Mock Orange, Virginalis

A magnificent new variety that is sure to become popular. The flowers are large, usually semi-double, very fragrant and a wonderfully profuse bloomer. In our nursery rows, it blooms more or less all summer. Decidedly the best variety of Mock Orange. **Price, 4027, 12 to 18 inches 30c., 4177, two to three ft. 50c.**

Japanese Iris

### Japanese Iris Kaempferi

Finest of all the Iris family. The flowers are of immense size, from 6 to 8 inches in diameter and of the most beautiful delicate shades. Are perfectly hardy and will flower in profusion during June or July.

### A Wonderful Bargain Offer

The usual price of named varieties is 25c to 50c each. We have succeeded in growing a large stock from imported seed, saved from choicest named varieties. ## Superfine Mixed Gladiolus Bulbs

To those who want a choice assortment of Gladioli at a nominal expense and do not care for the named varieties, we recommend our Superfine Mixture, which we sell by the hundred thousands. This mixture is made up from the above and many other varieties which we grow under name. A combined mixture that we do not hesitate to recommend. More than half of the Gladioli we sold last year were of this Superfine Mixture.

**3539 Large Size** In size from 1 1/8 to 1 1/2 inch and up in diameter, every bulb guaranteed to produce a fine large spike of flowers this year. 12 for 45c., 50 for \$1.50, 100 for \$2.75, 1000 for \$22.50.

**3540 Medium Size** Size about 3/4 to 1 1/8 inch in diameter. Healthy young bulbs, every one guaranteed to produce a nice spike, but not quite as large as the first size. 12 for 30c., 50 for \$1.00, 100 for \$1.75, 1000 \$15.00.

Last year we sold 247,000 medium size No. 3540 and not a single complaint

# \$60,000.00 GLADIOLI SENSATION

### The Work of a Specialist

To produce gladioli of startlingly new forms, colors and sizes, a grower in northern Indiana spent many years. His success was remarkable. In crossing varieties, he became almost a wizard. His name, Kunderd, became known wherever gladioli were grown.

### An Unusual Hobby

A wealthy Cleveland manufacturer became interested and when he bought Mr. Kunderd's entire salable stock of bulbs for \$60,000.00 several years ago, he created a sensation. This was the largest sale of gladiolus bulbs ever made but, more interesting, he wanted them as a hobby. He transferred the bulbs to his estate near Cleveland and has grown them there ever since. Last fall, we learned that he had had his fun out of this hobby and was ready to sell the entire stock of more than 100 varieties and more than one quarter million bulbs.

### They Looked Good

We spent a great deal of time last fall, investigating the stock, looking at it from every angle—its desirability to our customers—the health of the bulbs—the care with which they had been grown and finally we decided to buy them for you.

### We Bought These Bulbs For You

Many of these varieties sold for \$1.00 to \$5.00 per bulb and every variety is of unusual merit. We purchased the entire stock at a price so low that we can make an offer you cannot afford to overlook. It has been a job to take on this big stock in addition to our regular stock of more than a million bulbs, so we offer them only in assortments and not in named varieties this year. Be sure to plant at least one collection.

## Quality Dahlia Roots

All through the late summer and fall, until frost kills the foliage, dahlias bloom heavily. You can cut flowers nearly every day if you have but a few plants growing in the yard. All the big city florists buy these flowers and if you have many of them, you can earn extra money by selling the flowers to the florists.

Our own stock of dahlias is a delight to every visitor at our nursery. By careful selection of the different classes, Decorative, Peony, Cactus, Pompon, Show and others, and by growing very large quantities, we are able to offer them to you in these collections at much less than the regular price, if you bought them separately. They increase each year and these dahlias, if bought singly would cost you from twenty to fifty cents each.

Decorative Dahlia

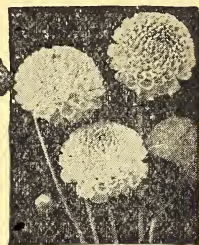

Cactus Dahlia

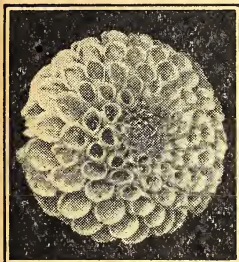

**3330 Combination A.** Contains one root each of cactus, decorative, show and pompon types, not labeled. 4 postpaid for only 50c.

**3331 Combination B.** Contains two distinct colors of each of six types, cactus, peony, decorative, show, pompon and single. Not labeled. 12 postpaid for only \$1.40.

**3332 Combination C.** A general mixture of several colors and many types of Dahlias. We sold many thousand of these last spring and the commendation of customers speaks louder than anything we could say about them. You will like the assortment and the very reasonable price. 12 roots, postpaid, for only \$1.00.

Pompon Dahlia

Show or Ball Dahlia

## An Unusual Value

**3333 New Giant Dahlia Combination D.** This combination is new this year and it contains one root each of four giant types, one Cactus, one Peony-flowered and two Decorative. No two colors will be alike and we believe you cannot find a better combination of large flowering types than this at the special low price here offered. With proper soil and cultivation, you should produce flowers six to eight inches across, 4 roots, postpaid, for only 75c. Three sets \$2.00.

## Large Flowering Cannas

For beds on the lawn, where a tropical effect is desired, we know of no plant so satisfactory. They keep the yard and lawn ablaze with color. There are a hundred or more varieties in cultivation. We have selected just a few of the best and most distinct types and colors. We handle them only in dormant roots, which may be easily started in a box in a warm room, or in a hot bed. All have green foliage except number 3061 which is bronze.

### Most Popular Cannas

Following 6 Cannas are generally considered the best

**3072 The President** "Fiery Cross" The most sensational, largest flowering red canna to date. The immense rounded flowers 6 to 7 inches across in mammoth clusters on upright stalk, are of the most intense penetrating fiery-scarlet. Great borders of this variety surrounding the Capitol at Washington last season attracted much attention. Each 25c, doz. \$2.00, 100 for \$12.00.

**3052 City of Portland** A grand new Canna. Magnificent heads of perfectly formed flowers. Color, rosy, salmon-pink. The best pink to date. 4 ft. Each 20c, 12 for \$2.00.

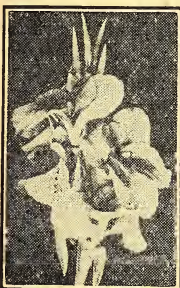

**3061 King Humbert** This wonderful Canna is the attraction wherever grown. Dark bronze foliage and immense, bright orange-scarlet flowers. Height 4 feet. Each 15c, 12 for \$1.50.

**3054 Apricot** In color, it is a buff-yellow base, overspread with salmon-pink and this gives a mass effect of a rich apricot. The foliage is green and the plants develop to about 4 feet. Each 20c, 12 for \$2.00.

**3053 Crimson Bedder** Height 3 1/2 feet. Green foliage. Compact habit. Large trusses of intense crimson flowers. One of the best. Largely used for bedding. Each 15c, 12 for \$1.25.

**3055 Canary Bird** This is a distinctive canary-yellow and when Mr. Templin visited our grower in North Carolina, he was impressed with the snowy appearance. This is our first season with this variety. Foliage green 4 feet tall. Each 25c, 12 for \$2.00; 100, \$12.00.

**3091 Set of Six Best Cannas for 90c.**

City of Portland

King Humbert

## Caladium

**Elephant's Ear, Caladium** One of the most effective tropical-like plants in cultivation for bordering Canna beds, or for planting singly or in masses on the lawn. Largely used in parks where their decorative value is appreciated. For best results, plant where they can be watered freely.

3601 First size bulbs 20c each, 3 for 55c, 12 for \$2.00.

## Double Tuberose

**3620 Excelsior Dwarf Pearl.** No flower is more fragrant than the Tuberosa. It is of very easy culture, producing tall spikes of fragrant, white flowers in August and September.

Extra large first size bulbs 2 for 15c, 6 for 40c, 12 for 75c.

## Beautiful Chinese Peonies

Have you ever thought how beautiful a row of Peonies would look along the side of your lot, or how nice it would be to have a clump of the four colors in the corner of your school yard? Peonies bloom early, say along about Decoration Day and there is no other flower as popular as peonies for school commencement exercises.

Peonies are hardy as an oak tree and they are first of all the hardy herbaceous plants for size and beauty, as well as ease of culture. They form large clumps, as they grow older. A millionaire can have nothing finer and anybody can afford them for they are so inexpensive. Of the hundreds of named varieties at high prices, there are none that will please you more than these, we offer in separate colors at nominal prices. We want every customer to plant at least one set.

- 3921 Double Pure White**, Each 30c; 3 for 80c.
- 3922 Double Flesh Pink**, Each 35c; 3 for 95c.

Burbanks Shasta Daisy

### 3664 Burbank's Shasta Daisy

An improved type of Hardy Chrysanthemum Maximum, having immense single glistening pure white flowers 3 to 4 inches across, on tall stems. A fine cut flower and very showy in the garden. Hardy and of easy culture. Each 15c, 3 for 40c, doz. \$1.40.

### 3551 Lily of the Valley

Universally admired for their dainty little pure white bell shaped flowers and exquisite fragrance. Easily grown, perfectly hardy everywhere, preferring a moist shady location. If the bed is given a liberal top-dressing of well-decayed manure in fall or early spring, it will show the effect by increased size, number and vigor of the flowers. 3 for 15c, 12 for 45c, 50 for \$1.50, 100 for \$2.75.

**3652 Hardy Aster** Michaelmas Daisy. Very showy, late flowering plants, blooming freely in September and October when other flowers are scarce. Sold only in sets of three colors, as follows; Pure white, pink and lavender. The set of 3 for only 40c.

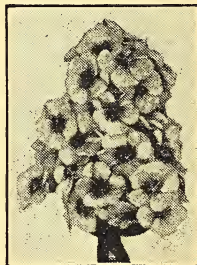

**3660 Hardy Baby's Breath** Gypsophila. Immense panicles of pure white fine gauze-like flowers in July and August. Indispensable for bouquets with other flowers. If cut when first open and hung in a dark closet to dry, they are very useful for winter bouquets with Helichrysum and other straw flowers. Price 20c, 3 for 50c.

Lily of the Valley

### 3790 Yucca Filamentosa

Tropical-like plant; long narrow evergreen leaves and immense tall spikes of creamy-white, bell-shaped flowers. One of the most stately plants for the lawn, always attracts attention. 2 year roots 20c, 3 for 50c.

Hardy Phlox

## Hardy Perennial Phlox

One of our most useful hardy flowers for summer decoration. Once planted, they require very little care, increasing in size and beauty each year. Should be divided every four or five years. They bloom from early July to last of September. We have selected the following as the most desirable varieties.

- 3932 Bridesmaid** Beautiful large trusses of pure white with distinct large carmine eye, one of the best. Each 20c.
- 3934 Eclairer** Bright deep purplish-crimson with lighter halo, quite distinct and attractive. Each 20c.
- 3935 Mrs. Charles Dorr** New, tall strong grower with large pyramidal panicles. Color distinct, blue mauve. Each 25c.
- 3940 Pink Beauty** A fine new French variety. Medium height with immense panicles. Color clear peach-blossom pink. Each 25c.
- 3941 Set of 4 above varieties not separately labeled for 75c.**

Christmas or Dagger Fern

## Hardy Native Ferns

These beautiful hardy Ferns have been collected for us in the mountains, woods and fields of Northern Vermont, by our experts. You have some shady nooks or corners where they will do well, haven't you?

- 3816 Ostrich Plume Fern** (*Oenoclea*). As graceful as a palm and very easy to grow. The beautiful fronds grow 2 to 3 feet high and 6 to 8 inches across. Best for backgrounds. Each 25c, 6 for \$1.00, 12 for \$1.75.
- 3817 Evergreen Woods Fern** (*Aspidium Marginale*) Its large green fronds have a bluish tinge and are very durable. Cut fronds keep a long time. One of the best for massing. Each 15c, 6 for 75c, 12 for \$1.25.

**3818 Hayscented or Gossamer Fern** (*Dicksonia*) Does well in sunshine or shade, forming beautiful masses 15 to 18 inches high. Each 15c, 6 for 75c, 12 for \$1.25.

**3819 Christmas or Dagger Fern** (*Polystichum*) Fronds being largely used by city florists. Easy to grow and popular. Each 15c, 6 for 75c, 12 for \$1.25.

**3825 Set of four varieties not labeled 50c. 3 sets only \$1.25.**

# Hardy Flowering Shrubs

Every home should be surrounded by a carefully selected assortment of hardy shrubs, so a continual succession of flowers may be had throughout the season. Once established, they require little attention, increasing in size and effectiveness each year. The stock we offer is strong, one year, field grown, well rooted, dormant plants 12 to 18 inches high, cut back, ready for planting.

Double Althea

**Double Althea** *Rose of Sharon.* Attractive hardy shrubs or forming symmetrical small trees; also grown as flowering hedges. Large showy double flowers. July to October. 3951 Double white, each 20c. 3952 Double red, each 20c. 3954 the two for 35c.

**Japanese Barberry** A very desirable dwarf growing shrub for bordering clumps of large shrubs. Fragrant yellow flowers, followed by red berries. Very largely used for ornamental hedges. We sold 60,000 plants last year. 3960 Extra strong 1 yr. 12 to 15 inches, well branched, 15c each; 12 for \$1.00. For Hedge Plants, see opposite page.

**3963 Butterfly Bush** *Buddleia or Summer Lilac.* One of the most desirable summer flowering shrubs, beginning to bloom in July, it continues until cut by severe frost. The flowers are of a pleasing shade of violet-mauve. Succeeds everywhere and blooms freely the first season. In the North it dies down to the ground in winter, forming a new bush each year 5 to 6 ft. high. Each 30c, 3 for 75c.

Buddleia

## Hydrangea *Paniculata Grandiflora.*

Grows three to four feet high and is very bushy and compact. Blooms in July at a time when few other shrubs are in flower, the flowers remain until destroyed by frost. The flowers are pure white, changing to pink and are borne in immense clusters.

4000 Strong 1 yr. plants each 25c, 3 for 65c. 12 for \$2.00.

4150 Extra strong 2 year each 40c, 12 for \$4.00.

Bush Honeysuckle

**3999 Hills of Snow** *Hydrangea Arborescens.* The foliage is almost hidden by beautiful immense pure snow-white blooms in June and July. A month earlier than *Hydrangea Paniculata*. Sometimes called the Snowball Hydrangea. One of the most desirable shrubs growing absolutely hardy everywhere and succeeds in partial shade. Strong 1 yr. plants 12 to 18 inches. Only 25c, 3 for 65c. 12 for \$2.25.

**3699 Hardy Hibiscus** *Mallow Marvel.* The most valuable acquisition introduced in recent years. Forms large plants or clumps 5 to 6 ft. high and 3 to 4 ft. across, blooming profusely from July to late fall. Immense single flowers 6 to 8 inches across, in the most beautiful colors. Strong blooming plants, each 15c, 4 for 50c.

**4026 Mock Orange** *Coronarius (Philadelphus)* It seldom or never fails to bloom. The fragrant and beautiful waxy-white flowers appear in great profusion in June. In shape and fragrance they resemble orange blossoms. Each 20c, 3 for 50c.

**4027 Mock Orange, Virginalis** A splendid new variety, sure to become popular. For description see page 15.

## Four Popular Spireas

**4070 Spirea Anthony Waterer** A very desirable dwarf, perpetual blooming shrub, forming neat bushes two feet high with large flat sprays of rosy-crimson flowers from June to September. Each 20c, 3 for 50c, 12 for \$2.00.

Hardy Hibiscus

**4075 Golden Leaved (Opulifolia)** Fine for contrast effect. The young foliage is bright golden yellow, of strong vigorous habit. Strong plants 20c, 3 for 50c.

**4076 Thunbergii** Dense, fluffy, fine foliage and a mass of small snow white flowers. The earliest Spirea to bloom. Dwarf compact habit. Each 20c, 3 for 50c.

**4071 Spirea Van Houttei** One of the most beautiful and graceful ornamental shrubs in the entire collection. Very largely used in all landscape work. Will fit in anywhere where graceful effect is desired. We sold 45,000 plants last year. Beautify your home grounds with this splendid shrub. Special Price Each 15c, 6 for 75c, 12 for \$1.40, 25 for \$2.75, 50 for \$5.25, 100 for \$10.00.

**4077 Set of 4 above Spireas for only 65c.**

Spirea Van Houttei

**3968 Calycanthus** *Sweet Shrub.* 5-6 ft. A universal favorite for a hundred years. Also called "Allspice" or "Spicebush" as the bark is quite fragrant. Blooms intermittently all summer, delightfully fragrant chocolate-brown flowers. 1 year only, 12-18 inches, each 25c.

**3975 Deutzia** *Pride of Rochester.* Showy Japanese shrubs. Their clean foliage, upright growth, free flowering nature, renders them especially valuable. Double blush white flowers in clusters along the branches in July. Each 20c, 3 for 50c.

**3985 Forsythia Intermedia** *Golden Bells.* 8-10 ft. The earliest to bloom and most desirable of all the Forsythias. The first shrub to bloom in Spring, lightening up the garden with a glistening mass of golden yellow flowers. Here in Cleveland, they are seen in great abundance at our wealthy homes. Strong 1 year 20c, 3 for 50c, doz. \$1.75.

Mock Orange

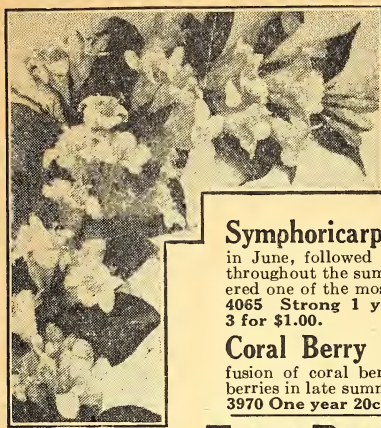

## Bush Honeysuckle

Rapid growing, desirable shrubs, foliage very deep glossy green. Grows well in partial shade.

**3995 Rosea** Pretty pink flowers in early spring, followed by bright red berries. Each 20c.

**3993 Bella Albida** Similar to *Rosea* except the flowers which are pure white. Each 20c. 3997 Set of 2 for 35c.

**3967 Clethra** *Sweet Pepper Bush.* Handsome little shrub. Fragrant white flowers in Aug. and Sept. Very fine. Each 30c, 2 for 50c.

Weigela

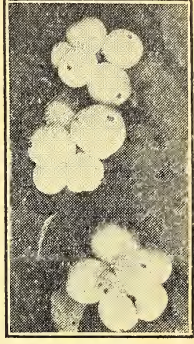

## Old Fashioned Snowball

**4062 Viburnum or Guelder Rose** One of the favorites of old time gardens. Grows into a magnificent large bush with upright branches, handsome foliage and an abundance of large snow-white balls, just in time to help you out on Decoration Day. Usually scarce but fortunately, we have a nice stock of young heavily rooted plants 12 to 15 inches at 30c each, 3 for 75c.

## Snowberry

**Symphoricarpos** 3-4 ft. Neat shrubs of slender, graceful medium growth, having pretty small pink flowers in June, followed by large clusters of wax-like snow white berries throughout the summer, autumn and early winter. By many considered one of the most beautiful decorative shrubs.  
**4065 Strong 1 year size 20c, 3 for 50c. 4215 Two year 40c, 3 for \$1.00.**

**Coral Berry Indian Currant.** Similar to Snowberry in habit of growth. Its beauty lies in the wonderful profusion of coral berries. The branches becoming veritable ropes of berries in late summer and early winter.  
**3970 One year 20c, 3 for 50c. 4120 Two year 40c, 3 for \$1.00.**

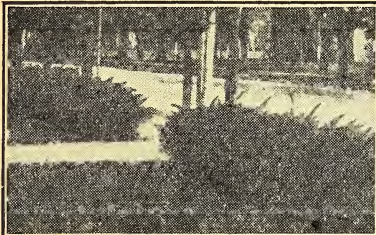

Snowberry

## Two Best Weigelas

**4090 Hendersonii Rosea** Most popular of all; tall growing, vigorous with deep pink flowers in the greatest profusion during June and July, very largely used in landscape work. **Strong plants 20c, 3 for 50c.**

**4091 Weigela Rosea Nana Variegata** Leaves broadly margined creamy white; flowers pink. Dwarf; one of the most useful and choice variegated leaved shrubs. **Each 20c, 3 for 50c.**

## Hardy Ornamental Hedge Plants

Barberry Hedge

Ornamental hedges are fast replacing the old wood and iron fences for boundary lines. They add much to the appearance of the home, increasing in beauty from year to year.

## Japanese Barberry

(*Berberis Thunbergii*) We consider this the best hedge plant in existence. Beautiful throughout the year; its bright red berries make it even more attractive in the winter than the summer. Its compact growth and thorny branches make a defense hedge that after five years' growth will turn cattle. As an untrimmed hedge, it requires no attention except an occasional cutting of a few straggling branches.  
**Special Price 3960 Strong 1 yr. branched \$6.00 per 100. 4110 2 year transplanted, many branches \$10.00 per 100.**

## New Dwarf Privet

**4035 Lodense** An outstanding new development in Privet. Very dwarf habit, closely resembling the English Boxwood. Should be planted closer together than other varieties. Valuable where a neat dwarf hedge is desired.

**1 year, well branched, 25 for \$2.50, 50 for \$4.50, 100 for \$8.00.**

## Hardy California Privet

**Ibodium** A valuable new Privet. A hybrid of Ibota and California Privets, combining the best qualities of both. Its foliage is lustrous, similar to the favorite California but much more branching and a stronger grower. Claimed to be hardy in Northern Michigan.

**4036 1 year 12 to 14 in. \$7.00 per 100. 4186 Heavy branched 2 yr. 18 to 24 in. \$12.00 per 100.**

Privet

## Beautiful Hardy Flowering Hedge

**3956 Althea "Rose of Sharon."** These free flowering hardy shrubs make wonderfully attractive hedges when in bloom and should be more extensively grown. Fine for division fence between city lots or between the lawn and vegetable garden. They can be kept trimmed to any desired height. A hedge of these in bloom from July to October with several colors of flowers is a wonderful sight. **Price, 12 to 18 inches, 25 for \$2.00, 50 for \$3.75, 100 for \$7.00.**

Clematis, Paniculata

## Hardy Climbing Vines

Nothing adds more to the attractiveness of any home than a few well-selected hardy vines. For porches, arbors, and indispensable for hiding unsightly places.

**4251 Ampelopsis Veitchii (Japan or Boston Ivy)** Popular hardy climbing vine that clings to and completely covers any brick or stone wall. **1 year plants. Each 20c, 3 for 50c. 4301 Strong 2 year 35c, 3 for \$1.00.**

**4252 Dutchman's Pipe (Aristolochia)** A vigorous, rapid growing vine with large dense foliage. **Strong vines, 25c, 3 for 65c, doz. \$3.00.**

**4260 Clematis (Paniculata)** Sweet-scented Japanese Clematis. Completely covered in Sept. with snow-white fragrant flowers. **20c, 3 for 50c.**

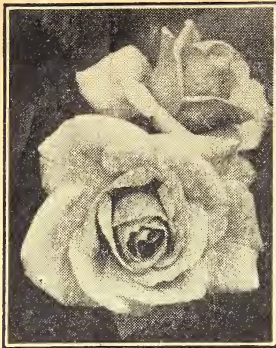

**4261 Clematis Jackmanii** Extra large velvety purple flowers 4 to 5 inches across. Blooms continually from July to frost. **Strong Blooming size plants 50c.**

**4270 Honeysuckle (Hall's Japan)** Very rapid climber. Ever green foliage, creamy-white fragrant flowers June to August. **20c, 3 for 50c.**

**4267 Chinese Wisteria** Vigorous hardy climbing vines for pergolas, porches, trellises, etc. Drooping clusters of fragrant light-blue flowers. **Strong 1 yr. plants, 25c., 3 for 60c.**

# Everblooming Hybrid Tea Roses

Large Two-Year, Field Grown Plants

Kaiserin Augusta Victoria

The great value of this class of roses is in their everblooming habit, producing their beautiful fragrant buds and roses continually from June to October. They are not absolutely hardy in the north, but with proper protection will winter over nicely, and will amply repay you for the extra labor required. The best plan in planting Hybrid Tea Roses is in prepared beds, three or four feet wide. Prepare the soil to a depth of two feet, and plant 15 to 18 inches apart. Cultural instructions sent you with each order.

**4351 Gruss an Teplitz** As a bedding Rose this is one of the finest. The color is brightest scarlet, shading to deep, rich velvety crimson. It is very fragrant. The freest grower and the most profuse of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the young growth being a bronze-plum color. A queen among scarlet bedders. Will produce more flowers throughout the year than any other rose. **75c each, 3 for \$2.00.**

**4352 Kaiserin Augusta Victoria** This splendid Rose should be in every collection. In color it is a soft pearly-white, tinted with just enough lemon in the center to relieve the white, remarkably fragrant, beautifully formed flowers on long, graceful stems: a strong, healthy grower. **75c each, 3 for \$2.00.**

**4353 Madame Caroline Testout** One of the most popular roses in its class and undoubtedly one of the best for outdoor culture. Should be in every garden. Immense, large, clear pink flowers, full and double, beautiful buds. Very hardy, blooms very freely, almost always in bloom. **75c each, 3 for \$2.00.**

**4390 Set of above 3 Roses for only \$2.00**

Our roses are all grown here in northern Ohio on the most excellent rose soil in America and we believe they will give you satisfaction.

## A New Set of Pot Grown Hybrid Tea Roses

They bloom continually all summer. Will winter over if properly protected. These are grown in the greenhouse for you in 2 1/4 inch pots and will be 6 to 8 inches tall. Fine assortment for little money.

**Alex. H. Gray.** Deep, lemon yellow.  
**Clothilde Soupert.** French-white deepening to rosy-blush center.  
**Helen Gould.** Warm, rosy-crimson.

**Mlle. Franzisca Kruger.** Deep, coppery-yellow. A fine outdoor rose.  
**Red Radiance.** Fiery-scarlet. Full-cupped petals and large flowers.

**Wm. R. Smith.** Creamy-white with shadings of pink. Nice foliage.  
**White Maman Cochet.** A snowy-white, tinged with pale blush. A wonder.

**4395 Sold only in Full Sets. The Seven for \$1.00**

## Four of the Best Hardy Hybrid Perpetual Roses

These are the beautiful "June Roses" so universally popular. They are the largest and richest in coloring of all roses, and perfectly hardy. We have selected only four varieties that are generally considered the best.

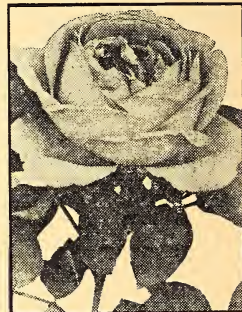

**4401 Frau Karl Druschki** (Everblooming White American Beauty). This is undoubtedly one of the grandest hardy pure white Roses ever introduced. Makes splendid buds and immense flowers 4 to 5 inches across. Each **60c, 3 for \$1.50, doz. \$5.50.**

**4402 George Arends** (Pink Druschki.) A magnificent new rose, closely resembling the popular Druschki in character and free blooming habit. Producing an abundance of satiny rose-pink flowers from June to October. One of the most popular roses grown. Each **65c, 3 for \$1.75, doz. \$6.00.**

**4403 General Jacqueminot** A rich, velvety crimson, changing to a scarlet crimson. The best known of all hybrid perpetuals, and is without rival in fragrance and richness of color. Each **50c, 3 for \$1.25, doz. \$4.75.**

**4404 Paul Neyron** The largest Rose in cultivation, sometimes called the Peony Rose, Color bright, fresh cerise red. Flowers are very double and full. delightfully fragrant. Each **60c, 3 for \$1.50, doz. \$5.50.**

**4440 The Four Best Hardy Hybrid Perpetual Roses.**  
Each plant carefully Labeled, for only **\$2.00**

Hybrid Perpetual Roses

**4501 Baby Rambler** An Everblooming Hardy Cluster Rose. Entirely distinct from all other roses. Neat, dwarf, compact habit, in bloom from June until frost. Pretty little perfectly double flowers in large clusters. A brilliant crimson. Retains its glossy foliage all summer. Grows about 18 inches high. Each **35c, 3 for \$1.00, doz. \$3.50.**

## Beautiful Hardy Climbing Roses

Strong Dormant Field Grown Blooming Size Plants

**4473 Paul's Scarlet** This new Pillar rose has a color which does not fade out as do many roses after the first day or two. The coloring is so different from any other climbing rose that in a rose garden containing many varieties, you would be able to pick out Paul's Scarlet, once having seen it. The flowers are large for a climber, double, grow in large clusters and continue in bloom after many other varieties have disappeared. A vivid scarlet, with slightly crimson shading. **Extra Heavy 3 year size, only 50c.**

**4460 Dorothy Perkins** The original "Perkins" Rose, and the most popular pink climbing rose to date. A vigorous, rapid climber with glossy green foliage and clusters of clear shell-pink double flowers. Each **30c.**

**4461 Excelsa** **Crimson Perkins.** Brilliant crimson, double flowers in immense clusters. Better in every respect than the popular Crimson Rambler, Glossy green foliage, not subject to mildew. Each **30c.**

**4462 White Dorothy** A magnificent pure white climbing Rose, identically like Dorothy Perkins, except in color. Each **30c.**

**4490 Set of 3 Perkins Climbing Roses, 75c**

Perkins Rose

# Ready and Able to Serve You!

Mr. Templin, in a corner of our beautiful trial grounds in Fairview Village. This annual outdoor testing of flowers and vegetables is very carefully done and the results recorded each summer. This permits us to be certain about the results which our customers can expect from our seeds. It is open to visitors and the thousands who have been there, enjoyed it.

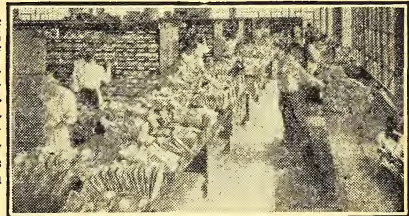

This room in our nursery order filling department, where shrubs, plants, roses, vines, etc., are graded and labeled, wrapped and prepared for shipment to you. You may have noticed that all our labels are plainly printed to make it easy for you to identify any with which you may not be familiar. This is just one little point of better service

U. S. Postal clerks, right in our own building cancel stamps and route packages direct to trains.

Four to five tons of parcel post packages of seeds, bulbs, shrubs and catalogs are started on their journey each day during our busy season. This helps us give you prompt service

A corner in our seed order filling department handling 7,500 orders a day in our busy spring season.

## Proof of Quality and Proof of Service

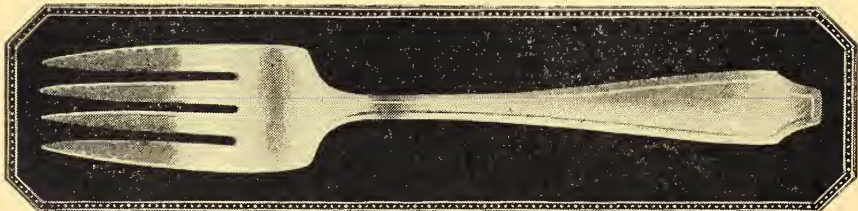

You may have wondered how your seedsman can be sure of the quality of the goods he sends you. It would be physically impossible for us to grow all our own seeds because seed production is an entirely different matter from growing flowers and vegetables. Some of our seeds are produced in European countries, some in Japan and in twenty-eight of the forty-eight states in this country.

It is important that we know the thorough, conscientious producers in all parts of the world. We must visit them now and then to note their ability to keep abreast of the best practice in seed production and we must make germination and purity tests on every lot of seeds we receive from each grower. Mr. Templin's fifty-two years of experience offers great possibilities to all our customers.

When your order arrives, it receives the most careful, methodical handling. In every department, specially trained men and women handle your orders. Our own growing establishment makes it possible to keep our prices low and to be just so much more certain of the quality of stock. To handle seventy-five hundred individual orders each day in the busy season requires the most modern, efficient equipment.

If you ever come to Cleveland in the busy spring months, be sure to visit us. You will marvel at the facilities we have. Why, even the Cleveland Post Office participates by keeping three of their own clerks in our plant, to cancel stamps and send the Parcel Post packages direct to the mail trains, instead of rehandling them in the Cleveland Post Office.
