DISINCORPORATION MOVEMENT.

At the meeting of the Board of Trustees Wednesday evening a petition to disincorporate Glendale was presented, bearing the signatures of 63 alleged Glendale voters.

The idea of disincorporation is no surprise, in fact nothing that is ridiculous and intended to impede the future growth of Glendale, originating from the source that this disincorporation petition does, will be a surprise to those of our citizens who are honestly interested in the welfare of Glendale and are keeping themselves informed as to who the "knockers" are. The originator of this petition, who is forever scheming to keep himself before the public, no matter in what attitude he may appear, seems to have influenced a few decent citizens to sign his petition, but the probabilities are that when these citizens fully understand the character of their leader they will refuse to further be made "monkeys" of. This leader would be a "King" indeed could he enforce his idiotic ideas upon the public.

The board very wisely instructed the city attorney to prepare a resolution calling an election at the earliest possible date. The calling of this election will probably have the effect of blocking improvements until the matter is definitely settled and the calling of the election will be quite an expense, and what these petitioners expect to gain by their action, no matter what may be the final outcome, is a mystery to all sane thinking people. Certainly some of those whose names appear on the petition would resent being classed with the leader of this movement against Glendale's welfare and it is to be hoped that they may have the manhood to repudiate this trouble maker before they receive the ignominious turning down that is sure to come to this fellow and his tools.

Come out in the open, citizens, and let's have no sulking. The future of Glendale is too important a matter to be entrusted to a few scoundrels. The leaders of this movement are men who have sought special privileges and been turned down and some of them have not even the courage to put their names to the petition which they are asking other people to sign. Some of the people whose names appear on this disincorporation petition are being woefully misled and undoubtedly should Glendale become disincorporated, they will come to a full realization of their unwise action.

Geo. C. MELROSE.

Geo. C. Melrose of Tropic, the regular Republican nominee for Justice of the Peace of Burbank township, has been a resident of this township for the past six years and has resided in Los Angeles county during the past sixteen years. Mr. Melrose has been a trustee of the Glendale District High School for four years, in fact ever since the school was first incorporated. He has been engaged in mining, farming and cattle raising for many years, and has large realty interests near Glendale and is one of the leaders in promoting electric railroad extension to Verdugo Park.

Besides Mr. Melrose's interests in the valley, he has wide and successful business experience and would make the district an able and unbiased justice should he be elected, as no doubt he will be. Mr. Melrose has not made an active canvass for the office. He is the present incumbent and has an excellent record so far and can be depended upon to transact all official business in an impartial manner.

MILTON K. YOUNG

Non-Partisan Candidate for Superior Judge

Milton K. Young, Non-Partisan candidate for Superior Judge, is a native of the State of Illinois, and is now thirty-eight years of age. He was admitted to practice law before the Supreme Court of the State of California in San Francisco in 1892.

Mr. Young located in the City of Los Angeles in 1886, and has since resided there, with the exception of four years while he was in San Francisco pursuing the study of law. He has been connected with many important cases in both the State and Federal Courts, and has sustained a practice during his professional career in Los Angeles which has not only been lucrative, but has also given him a wide experience, well preparing him for the duties of a Superior Judge.

Mr. Young has at all times taken an active interest in politics, and during the last two years has been an ardent advocate of non-partisanship in local affairs. Four years ago he was a candidate for Superior Judge on the Democratic ticket, and at that time received 1600 more votes than his party ticket.

He has always taken an active interest in civic matters, and is now a member of both the Civil Service Commission and the Consolidation Commission, the latter body being appointed for the purpose of bringing about a consolidation of the city and county offices. As a result of the work of this commission, the boundaries of Los Angeles are about to be extended to San Pedro.

Mr. Young's well-established reputation at the bar is a sufficient guarantee that he is fully qualified to perform the duties of Superior Judge, and in this year, when the people seem disposed to cut away from party ties and support candidates more by reason of their fitness for office than their party affiliations, his chances of election seem excellent.

IMPORTANT MEETING.

In response to a call for a mass meeting about 150 citizens assembled at the Glendale skating rink on Tuesday evening last. The meeting was called for the purpose of discussing ways and means whereby the injunction granted by Judge Gibbs may be deferred until the case can be finally settled in the courts of final hearing. Much information in regard to the status of the case and what the well owners propose to do to fight the unjust decision was given by Messrs. Radcliff and Pomeroy of Burbank. Wilmot Parcher was elected chairman of the meeting and E. M. McClure was elected secretary.

The chair appointed E. D. Goode, H. P. Coker and E. M. McClure a committee of three from Glendale to act in conjunction with committees from other sections of the valley to consult with the Municipal League and other bodies in Los Angeles and try and get assurance that the injunction will not be enforced until the case has had its final hearing. A collection of \$19.65 was taken to help defray the expense of a representative who will go to Washington to lay the matter before the President.

The most delightful part of the evening's program was the beautiful music which was rendered by Miss Ward and Mr. Fred C. Kezmalhaleh, who so kindly donated their services for the good of the cause. Messrs. F. W. and J. F. McIntyre and L. Nelson showed their sympathy by donating the use of the rink for the meeting and the I. O. O. F. furnished chairs for seating the assemblage, the Glendale News defraying the expense of transferring the chairs.

Another mass meeting is to be held at Logan's Hall, Tropic, on Monday evening, Oct. 29. Everybody should come out and attend the Tropic meeting. Don't be afraid to attend these meetings, for if you are a property owner in this valley it is your duty to attend and take part in the proceedings.

GRAND FLOWER SHOW.

The coming chrysanthemum show to be given in Blanchard Hall, beginning October 31st and continuing three days, will prove of vital interest to the residents of Southern California.

There is probably no location possible for tourists to reach that is more adapted to the cultivation of plants and flowers than is this country. Some years ago it was hard to find a nurseryman who could make a livelihood by raising flowers, but today in Southern California there are over one hundred men more skilled in this line than can be found anywhere, and the products of their endeavors will be shown in a great measure at the coming exhibition in Los Angeles.

Not only will chrysanthemums be shown of every kind and color, but also palms and ferns, rare and beautiful flowers, and a special display of foliage plants.

One of the interesting features of this show will be the voting coupons, which will be given to everyone entering the hall. They may then select that exhibit which in their judgment is best and most pleasing, and they will have an opportunity to vote for their choice upon leaving the hall. This will give a stimulus as well as encouragement to the growers.

Both Blanchard and Symphony Halls have been engaged for this exhibition, and one ticket admits to both exhibits.

GOODE A GOOD ONE.

(Los Angeles Times.)

One of the gratifying features of the legislative campaign is the readiness with which the voters are rallying to the cause of E. D. Goode of Glendale, Democratic and Non-Partisan candidate for the Assembly from the Sixty-seventh District.

Goode is one of the substantial citizens of his district where he has resided for nearly a quarter of a century, and where he has been one of the leading figures in everything that made for the good of the community. Although placed on the Non-Partisan ticket at the last minute, he has developed wonderful strength. Goode is doubly fortunate as a candidate. Of fine character and wide acquaintance, he would be an excellent match for the best man that might be put up by the opposition. Instead of being pitted against a strong candidate, he is called upon to defeat an unknown—the Republican candidate for the place having been nominated because he was practically the only seeker of the place. Even the organization managers of Pasadena, who stood for his nomination, admitted that he could be defeated without trouble, and Goode appears to be the man who will beat him.

THE JOLLY BACHELORS.

Invitations are issued for a "Jolly Bachelors Social Reunion" for Wednesday evening, Oct. 31st, to be held at the Glendale skating rink. The note included in the invitations read: "About eleven years ago a club was formed in the Glendale Valley, generally known as the 'Jolly Bachelors,' and a series of social dances were given. We, a few of the members of the club, have decided that a reunion with a program of one of the dances, would give pleasure." Those on committee are: C. R. Sternberg, R. C. Sternberg, Geo. Hibbin, Wm. P. Penn, I. W. Penn. The grand march occurs at 8:15. Music supplied by Grove's orchestra. Admittance by invitation only.

K. S. T. CLUB ENTERTAINS.

The K. S. T. Club, under the able direction of Miss Mabel Patterson, gave an entertainment and social on Wednesday night in the I. O. O. F. Hall. A well prepared program was presented and well received. One of the best features being a comical drill, "Looking Backward," well given readings and musical numbers completed the program, when ice cream and cake were served at tables uniquely decorated with white Margherites and scarlet geraniums.

Later Mrs. M. O. Ryan put the girls present through a lively grand march which they certainly thoroughly enjoyed.

HOW TO VOTE FOR JUDGES OF THE SUPERIOR COURT.

There are five full term Superior Judges to be elected on November 6, 1906. Each voter is entitled to vote for five candidates if he so desires. If you wish to vote for candidates for Superior Judge on different tickets, you must stamp a cross after the name of each of such candidates you wish to vote for, and this must be done in such cases whether you stamp the voting circle at the head of your party ticket or not.

This Paper is a Member of the Los Angeles County Press Association.

Unless Roosevelt should conclude to reconsider his declination to accept another presidential nomination it looks as though Mr. Bryan might have a chance.

If we are to believe what the three candidates for governor are saying about each other, none of them are fit to rule over the official destinies of our fair state. In the heat and bluster of campaign, however, considerable latitude is given to spread-eagle oratory.

It is announced that Mr. Hughes, the Republican candidate for governor of New York has commenced a "whirlwind" campaign. It is safe to predict that Hearst will now inaugurate a number ten earthquake campaign. Depend on Willie to be there with the biggest sensation.

The trouble that an incompetent judge can cause has been so expressly exemplified that it behooves our voters to exercise great care in selecting the judiciary. Judges should be nominated by a non-partisan convention, and honesty and ability should be the sole requisites considered.

We solicit and hope to receive the subscription of every public spirited citizen of Glendale. Improvements will soon be made in every department of the News and the paper will always keep stride in the progress of our beautiful little city. Remember that the News gives you your money's worth as a purveyor of news, and your subscription helps us to help the town.

Los Angeles city and county is connected by a continuous string of homes. This is the home-seekers paradise and even though we never hoped to secure a deep sea harbor, which we already have, the future of the city is assured. No city or section can be great without the home adorned by lawns and flower gardens such as distinguish Los Angeles county. Apartment and lodging houses are poor substitutes.

Samuel Hopkins Adams has performed a great public service in his exhaustive articles in Colliers Weekly laying bare the swindle and quackery of most patent medicines. The danger in the patent medicines is not confined to an imposition on your purse, for it is usually a deadly poison, like the cocaine and morphine of the so-called "catarrh cures," "soothing syrups" and "cough remedies" or a mixture largely alcoholic, as the "bitters," "sarsaparillas" and "tonics." By the use of these medicines many people who believe themselves to be leading temperate and exemplary lives are becoming drug-fiends and alcoholics unwittingly. Patent medicines are a good thing to let alone. If you don't feel well go and consult a good physician.

"PERSIA," A UNIQUE MEETING.

Perhaps nowhere in the valley could just such a meeting occur as that which took place on Tuesday afternoon at the "Manse" home of the Rev. and Mrs. S. L. Ward, on Second street. The attending ladies had been called to listen to private letters, five from Persia and one from Turkey, not printable on account of political reasons.

Mrs. Ward, in her low-voiced, decisive manner, read the letters like stories of intense interest, giving, from her knowledge of the language, the words. Discussion followed the close of the reading, when Mrs. Ward donned an Armenian costume, which could appear in no other way than ridiculous to American eyes. Persian pictures were exhibited, and shawls, the kind of goods with which chudrahs are made and other interesting things brought from that far-away land. During the talk which followed, Persian tea and cakes were very daintily served.

During her remarks Mrs. Ward gave an account of how she came to purchase a little Kurdish girl for ten dollars. Apparently a very "heathenish thing," she said, "for a Christian to do." For two years she gave this un-south girl a home, then was obliged to let her go. Her descriptions of home life in Persia sounded like romance. Later Mrs. Ward told of their Kurdish robber, who though fierce and wild, became converted and was for a while their servant. All the world knows the Kurd's passionate love for horses. This man cared for and loved Mr. Ward's horse and when it died this wild Kurd threw himself upon the ground and sobbed.

Mr. and Mrs. Ward, sent by the Presbyterian Board, went out to Persia in 1876, as missionaries. Mr. Ward established a boy's school in Tabriz. After his return in 1884, he also organized a like school in Teheran. For a time Mrs. Ward was the only one there to act in the capacity of matron. She planned among other things the boys' clothing and called together the mothers in little sewing-bees, which were so much enjoyed, as opportunities are few for Armenian women to enjoy social times. Mrs. Ward's children intermingled freely with the Armenian children, and attended the school with them. A fine collection of Persian stamps, given as a parting gift, bespeaks the love these uncared for little ones had for Mr. Ward's sons. In 1895, on account of ill-health, Mrs. Ward returned to this country with her husband, who later went back and remained until 1897, when he resigned and came back to his family and his native land.

VALUABLE ADDITION TO POPULATION.

Mr. S. K. Crawford, who has just completed a \$7000 residence at corner of Second and C streets, has moved his family into their new home. Mr. Crawford is one of the leading real estate and loan agents of Los Angeles and has been a resident of Southern California for the past 27 years. Mr. Crawford owned a ranch in North Glendale fifteen years ago and has returned to the place of his choice to make his permanent home. Glendale is receiving as residents many substantial men like Mr. Crawford, and if our town will only hasten these public improvements which are so badly needed here, there will be a doubling of our present population before next spring.

CITY TAXES, DISINCORPORATION, ETC.

Mr. Editor:
 City taxes are now due and payable, and being much higher than heretofore are making some of our taxpayers feel sensitive and furnish a catch-hold for those persons who are trying to get Glendale disincorporated. But before lending any assistance to a step so manifestly against our interests, we ought to give the matter a little sober thought. First, it should be noticed that the county valuation has been raised generally throughout this whole section by one-half on account of the great increase in values. Is it not strange that we should be so glad to see values go up, no matter how much, but dislike to see valuations go up even partly in proportion? Have not your values gone up 50 per cent? Your taxes, therefore, would have gone up 50 per cent if there had been no incorporation at all.

Now let us see how much extra incorporation is costing us in the way of increased taxes. The county road tax is 60 cents per hundred dollars. This, instead of being paid to the county, is now paid to the city, and 15 cents per hundred dollars is being added for city purposes. Now what does your city tax amount to? If \$5, one-fifth only of that amount is extra on account of incorporation, or \$1. If your city tax is \$10, you are paying \$2 only extra on account of incorporation. If your city tax is \$15, there is \$5 extra for incorporation; if \$20, \$4 extra for incorporation, and so on. One-fifth only of our city tax is on account of incorporation. The remaining increase is owing to increase of real values and consequent increased valuation.

But, it is argued, we have been incorporated now since April, and we have seen no good of it yet.

A few other facts should be considered:

1. We had about 60 days of holidays in consequence of the San Francisco disaster, during which time the City Trustees could take no legal action.

1. When we became incorporated, we had absolutely no funds to use, and therefore could do nothing requiring funds whatever, except on personal credit, and our Board of Trustees, without asking help of anyone, went down into their pockets and put up several hundred dollars to meet the absolutely undeferrable bills. For doing this they have asked neither thanks nor interest, and seem likely to get neither. These Trustees serve entirely without pay, except the consciousness of trying to serve the common good. They have done work and given time that, if paid for, would run well into hundreds of dollars. They have gone abroad to observe the methods of other cities, and paid their expenses out of their own pockets. They believe in Glendale, and mean to make her a success as far as they can.

Certain formalities have to be observed in making ordinances and doing work that do not hamper an individual. If people knew all the ins and outs of this city business I believe they would be more patient and lenient in their judgments.

It is too soon to pass judgment. Plans are now under way which will show up finely. Wait two years, at least, then we can judge more justly than we can at present by the fruits of incorporation.

To call an election for disincorporation now is not only hasty and unfair, but it is costly, not only directly but indirectly, by shaking the confidence of newcomers and proposed comers in our stability and our future—not only costly, but I believe also useless, for I cannot believe that two out of every three voters, when they fairly consider all the pros and cons, will vote for disincorporation. If they do, it will deal Glendale a stagnating blow; she will come to a standstill. Far better for the dissatisfied ones to sell out while times are still good, if they cannot bear prosperity, and go where there is not enterprise enough to make property valuable, and consequently there are no taxes to pay. I believe it is the interest of every taxpayer, and everyone who has interests in Glendale, to oppose this proposed backward step; and if they have put their names to any petition for disincorporation, they should cancel it at once before further harm is done.

EDGAR LEAVITT.

PROPOSED KINDERGARTEN FOR GLENDALE.

There is a commendable effort being made by interested ladies to open a kindergarten in Glendale.

While the most advanced educators of Europe and America advocate and endorse kindergarten instruction for young children and our United States Commissioner of Education, W. T. Harris, lays great stress upon the desirability of this department and the larger cities of our country have adopted it as a part of the public school system, it is usually necessary to start the work in private, especially in small communities, where people are usually not enlightened in regard to the best and most approved educational methods. In view of this the present movement is additional evidence of the intelligence of our community.

Obviously there are few, outside of those who have spent from two to four years in special kindergarten training, who understand the depth and magnitude of this philosophical system upon which its founder, Friedrich Froebel, spent a lifetime and to attempt to elucidate it in a newspaper article of this scope would be as futile as to try to teach astronomy in the same space. Suffice to say that, as the German name implies the kindergarten is a child garden in which children are guided and trained in their unfoldment and development.

Froebel learned that through the child's activities in play he gained fundamental knowledge and by a deep psychological study of child nature he devised a perfect system, in the light of our present educational standard, for the development of the child's threefold nature. Under every line and design and geometrical form used lies continuity and in every step nothing is done illogically. The kindergarten must understand each child to such an extent that the weak points in each character or mentality or physique are made strong. This must necessarily be so in a system which aims to lay the foundation of noble character and for every trade and profession and possible walk in life.

However, the superficial observer in the kindergarten noting the pleasant play and congenial work of the little ones naturally concludes that it is a real nice sort of a day nursery where the children are amused and taken care of and the tuition of perhaps three or five dollars a month appears to them too much, while those who appreciate the importance of this training which the child will forever be defrauded of if he does not get it between the ages of three and seven years, would gladly pay more rather than deprive him of this essential feature of symmetrical training.

The ladies who are working up the matter plan to use the quiet, centrally located library room during the morning unoccupied hours and are circulating a subscription paper to obtain the necessary furniture, which is practically to belong to the town, for the use of its children, and no doubt they will meet with encouraging support in their efforts to at once inaugurate this system, which will here as in other places be ultimately sustained by taxation.

OCCIDENTAL NOTES.

Mrs. J. Kirkby of Lomita Park is expecting her sister, Miss Jane North, of Toledo, Ohio, to spend the winter.

Mr. R. D. Goss will entertain as guests this winter his brother, H. M. Goss, and wife. They may some day make Glendale their home.

Mr. A. H. Rockwell, wife and two children, of New Salem, Iowa, are expected Saturday of this week to visit Mrs. R. D. Goss of Fifth street.

Mr. N. F. Reynolds is building a fine cement walk along his property and that of C. C. Norton on C street. The walk will be 150 feet long, and will be ready for use during the coming week.

Miss Mary M. Moessner, matron of the Emergency Hospital, Waterloo, Iowa, arrived in Glendale on Tuesday, October, 23d. She is entertained as house guest of Mrs. C. W. Burkett at her home on Fifth street.

Mr. Burt Frye of Ocean Park was a guest over Sunday of Mr. Will Kirkby, Lomita Park. After a delightful day in the hills, the young people enjoyed a fine dinner party upon their return, to which a few friends had been invited.

The program for the John Willis Baer inaugural is in charge of Rev. Hugh K. Walker, Hon. Thomas R. Bard, Frank P. Flint, W. C. Patterson and Rev. William S. Young. Preparations for the affair were quite extensive. In order to accommodate those who expected to attend, a large tent, capable of seating about 2,000, was erected on the campus.

President Baer of Occidental College has so felt the strain of overwork that recently he has been obliged to cancel many social engagements, as well as drop many college duties. For this reason he did not speak at the Synod of California in San Rafael. It is earnestly hoped he will fully recover before the inauguration and banquet, Friday, October 26th.

Three new members have been added to the faculty at Occidental College. L. H. Wescott has been engaged as instructor in mechanical drawing; Miss Amy P. Gordon, who has been professor of English for two years, will be assistant Bible professor; Miss Jeanette Thompson of the University of California, will occupy the Spanish chair, Professor Behnke hereafter devoting his entire time to German classes.

Mr. Ezra Parker, wife and daughter Lucile, have recently returned from a very pleasant sojourn in the East, principally in Chicago and Peoria, Ill. They report a fine visit with friends and relatives. During their stay there was an unbroken spell of hot weather for five weeks, at the end of which they were visited with a scourge of mosquitoes. They enjoyed their trip, but were happy to again occupy their beautiful home on Lomita avenue, and revel in the cool breezes and lovely mountain views seen from their home. Mrs. Parker says, "Glendale the beautiful is just exactly true."

Will, before leaving here, send you the dailies of Mexico, so that you will know more thoroughly the news than I could tell you in this short communication. Would say that friends here express great anxiety for your well-being, and covet your society again.

TOLUCA.

The Toluca postoffice will be changed to Lankershim the first of the year.

The Republicans had a rally last Friday evening at the school house.

It has been rumored that the Orphans Industrial School would not be built but such is not the case.

Ward Sallee is having his home remodeled. His mother, Mrs. R. F. Sallee, will make her home here now.

We are going to have a big mass meeting on the water fight in the very near future. Speakers from Burbank and Glendale will be in attendance and perhaps a program of some sort will be rendered. Get ready for it. Keep your eyes open for the date. Tell your neighbors about it. Let's have one a rousing big crowd. Wake up! It's to your interest to attend.

The several real estate transfers of the past two weeks are worthy of note: The Shaw estate has sold to E. Schroeder 20 acres of orchard lands which he in turn has resold at a nice profit. F. Neiderhofer and E. Stenicke being the purchasers. These gentlemen have lived here for several months and knew what they were buying, which speaks well for our productiveness. A. P. Hoffman sold to Aug. Mascotti a 10 acre orchard on E. Third street. A. R. Walcott, a non-resident, has sold his ranch on Sixth street to J. S. Ledford of Los Angeles, who will make his home here. J. Olson has purchased the Thwing place of 9 acres. C. M. Wilcox has disposed of his 10 acres on Fourth to Ernest Schroeder, who will set it to nursery.

By what we can hear, E. D. Goode will poll a large vote in this neighborhood, although we would like to know how he stands on consolidation, our water controversy and several other points.

E. D. Goode is all right on the water question, consolidation and all other questions of importance to the people of this valley. [EDITOR.]

The first month of school has passed and a very successful one it has been. The attendance was the largest in the history of the school, there being an enrollment of 119 pupils and several more yet to come in. It has been necessary to purchase more seats and rearrange the classes. Four teachers will be employed next year.

We would like to know the "who, when and where" in regard to the Pasadena, Verdugo and San Fernando Railway Co. The San Fernando part of it sounds good but we are unable to find out anything definite about it and it makes us feel uneasy.

Regarding the road, we are somewhat uneasy here as there are so many rumors to the effect that roads are to be built that we are spending sleepless nights in anticipation. The valley should certainly get something in the way of a railroad after all the talk that has been indulged in by railroad people. However, we will telephone you when the road leaves Glendale and we will see that it is headed for Burbank and Toluca. [EDITOR.]

Fall is really here. The wind and sand last week proved it as well as a heavy frost that killed pumpkin and tomato vines galore. Tuesday morning was a record breaker for coolness—26 degrees if you please.

We are sole agents for the Walker Cottage. Chas E. Stanley & Co.

At Rest.

"Twilight and Evening Bell,
And after that—the dark;
And may there be no sadness of farewell
When I embark.

The flood may bear me far,
I hope to see my Pilot's face
When I have crossed the bar.
—Tennyson.

Sarah Chidsey Baldwin, daughter of Wm. Chidsey, an old and prominent citizen of Cincinnati Ohio, passed into rest on Wednesday afternoon, October 24th, at half after four o'clock, at the home of her daughter Mrs. Richard Dell Lamson, on Third street. At the bedside were Mr. and Mrs. Lamson, Mrs. Wilson Chapman, jr., and Miss Helen and Harold Lamson.

Mrs. Baldwin possessed most wonderful vitality, as death had hovered over the home for many weeks, which seemed long and weary to her, for being well prepared to go, she longed for peace and release from pain.

The devotion of her daughter was beautiful and complete and Mrs. Lamson has the sympathy of the many friends who have known and loved her and her beautiful mother since their arrival in Glendale. Just one year ago, Mrs. Baldwin accompanied her daughter from Chicago to lovely old Santa Barbara, where a pretty wedding took place, for there Mr. Lamson met and claimed his bride and brought her, with her mother, to his home on Third street.

In one short year Mrs. Baldwin had greatly endeared herself to the many new friends she made. She at once identified herself with church work, and soon was made vice-president of St. Mark's Guild.

Mrs. Baldwin was born in New York, where she lived to the age of five years, moving then with her parents to Cincinnati, Ohio, where she lived for fifty years. Going then to Chicago, she made her home there for five years, when she started for the Golden West. All her life she proved a most devoted Episcopalian, doing her church work always cheerfully and well. In Chicago, she was for years chairman of the work committee in Christ's Church, Woodlawn, and took an active part in all Guild work there. One week ago, the Rev. Eley, her devoted pastor, was called to administer communion and religious comfort. She passed fully prepared to meet her dear Savior whom she had loved and labored for always. She would have been sixty-nine years of age on the eighth of November.

Services were quietly held at two o'clock on Thursday afternoon at the home, with the grand old Episcopal service, conducted by the Rev. Eley.

The party included Dr. and Mrs. Conrad, Mr. and Mrs. Riel, Mr. and Mrs. Seaman, Mr. and Mrs. Wm. Harvey, Jr., Miss Chandler, Mr. and Mrs. Peckham, Mr. Merrill, Mr. Clay Seaman, Miss Margaret and Will Kirkby, Mr. Hancock, Mrs. Ed. Ayres and daughter Evalina.

Beautiful Church Wedding

At St. Mark's Episcopal Church on Wednesday evening at half past eight, Rosalind, daughter of Rev. and Mrs. Eley, of Glendale, became the bride of Earl George Douglas.

The lights were low as the guests assembled, while Miss Whittaker, organist, discoursed sweet music. Mr. Wm. P. Penn acted as usher. Upon the arrival of the bridal party, brilliant light flooded the church, displaying the artistic decorations in a most effective manner. Broad white satin ribbon marked off the place reserved for the family.

The lovely white marble font was crowned with a dainty shower of pink chrysanthemums. At the side were grouped masses of pale pink geraniums; over the carved rood screen were twined ropes of smilax, starred with white blossoms, as was the low chancel rail, while back of the soft candelights on the altar reposed snowy masses of white chrysanthemums.

To the sweet strains of the wedding march the bridal party entered.

With Miss Rosalind, the dainty young bride, walked her mother, who gave her away. They were followed by Miss Jessie Clarke, her bridesmaid, and the matrons of honor, Mrs. S. Thomas and Mrs. Addison Ely. They were met at the chancel rail by the groom and the bride's father. The bride's father conducted the impressive Episcopalian marriage ring service, to the low strains of sweet music.

After the ceremony a reception took place at the home in Lomita Park, where also the floral decorations were carried out in pink and white, and where friends and relatives hastened to shower blessings and congratulations upon the happy couple, who later left for the north.

Many of the guests present at the church were from Los Angeles, and others, belated on account of the car, arrived in time to witness the homecoming of the bridal party.

The wedding march will long be remembered as a very beautiful picture.

The lovely bride was charmingly gowned in white silk mull and dainty lace, the misty wedding veil, fastened with sprays of orange blossoms completely enveloped her. She carried lilies-of-the-valley.

Mrs. Ely was effectively gowned in black silk and wore a most charming bonnet of palest gray and pink.

Miss Clarke added a fine touch of color in delicate blue silk mull, carry-

ing white carnations intermingled with greenery.

Completing the perfect effect, were the matrons of honor, gowned in airy floating white, with showers of white blossoms in their arms.

POULTRY NEWS.

Coal oil and lard are excellent for scaly legs.

Don't overfeed your hens if you expect them to lay eggs.

Wholesome feed for hens adds greatly to the flavor and quality of the eggs they lay.

Hens kept in flocks of from thirty to forty, with about two males, produce the best results.

Fresh water, plenty of it for poultry is a necessity if you want healthy chickens and good meat.

Lee on hens means no eggs. Crude petroleum spread freely on the roosts is an excellent exterminator of such pests.

It is an acknowledged fact that a basket of large eggs will sell quicker than a basket of small eggs. Hens usually lay eggs of uniform size. Each fall the flock must be looked over and the hens that lay the small eggs disposed of.

Win. H. Savage of San Pedro, the regular Republican nominee for State Senator from the 34th Senatorial district, paid this office a friendly call last Wednesday.

Miss Sadie Hawley has returned to her home in South Pasadena. Many of the Glendale mothers had the pleasure of meeting her while she was here. Miss Hawley's specialty is kindergarten work.

On account of the accident encountered by Mr. Hopping, who had been asked to supply the Presbyterian pulpit during the pastor's absence, the Rev. Mr. Hill of Los Angeles occupied the pulpit last Sunday.

W. A. Sinclair of Boston, Mass., brother to Superintendent of Streets F. R. Sinclair, arrived in Glendale Saturday last, and is the guest of his brother and family. Mr. Sinclair is very favorably impressed with Southern California, and will probably make his home here.

Mr. and Mrs. J. A. Terrell of B street this week entertained Mr. Terrell's aunt, Mrs. E. M. Huckins, who has been stopping with Capt. Estes and wife, at the Presidio, Monterey. Mrs. Huckins has engaged apartments at the Haywood, Los Angeles, for the coming two months.

On Sunday-afternoon Mrs. Fred Hezmalhalch and her two pretty children returned from Los Angeles, where they have been visiting the past two weeks. While Mrs. Hezmalhalch thoroughly enjoyed her visit with her mother and the city life, she was glad to be among her many friends and admirers once more in Glendale, Queen of the Valley, which is home.

Saint Mark's Guild met at the home of Mrs. Alex. Mitchel, North Glendale, on Thursday afternoon. The Guild has very attractive meetings on the first and second Thursdays of each month at the homes of the members. The ladies accomplish a great deal of regular church work, and enjoy a social hour as well. Newcomers are made very welcome at these gatherings.

The Rev. Theodore Hopping, Grand View Tract, met with a rather painful accident recently when he wrenched his left foot by striking it against an old grape-vine root. At first no attention was paid to it, but later there was fear of blood poisoning. Mr. Hopping suffers more from inactivity than from actual pain and puts in the time hoping for a speedy recovery of the use of his foot.

The pastor of the Presbyterian Church expects to occupy his own pulpit next Sunday and will preach in

the morning on "The Sent Man," and in the evening upon "The Strong Young Man." Mr. Ward has enjoyed the Missionary Conference at Oakland. The Synod at San Rafael and the Ministerial Retreat at San Anselmo as well as the beauties of the country north of San Francisco bay, and the reunion with old friends.

FUN AND FUDGE.

On Saturday afternoon from 2:30 till 5, Miss Almee Barager entertained a few of her young girl friends with a very prettily planned candy party. Big aprons had been included in the invitations, and candy making inaugurated the fun. Great plates of delicious confections proved the success of this part of the program. Later music and light refreshments were enjoyed. Souvenirs consisted of dainty hand-painted bon-bon boxes, well filled and tied with bebe ribbon.

Plans are being formulated for a number of society events in the near future.

On Friday evening, October 26th, Miss Waite entertains the new whist club. On Saturday evening, October 27th, Mr. and Mrs. W. C. Fraley and Mr. and Mrs. F. G. Taylor will entertain with a Hallowe'en party at the home of Mrs. Fraley, on Glendale avenue. Altogether, fun-and-frolic will gather about the time of Hallowe'en, and jolly times are anticipated by those who expect to participate.

One of the pleasant week-end events was the dinner given by Miss Ida M. Waite to Mr. and Mrs. H. E. Gulvin and family, at 6 o'clock on Saturday evening. Flowers and candle-light enhanced the beauty of the pretty rooms, and candles with crimson shades sent a warm glow over the snowy damask, where were spread, among shining glass and silver, just such delicious viands as this hospitable hostess knows how to prepare.

Go to Chas. E. Stanley & Co., for bargains in real estate.

TUESDAY AFTERNOON CLUB.

The new chairs having arrived, the club held its regular meeting in the library-room as planned. As it was a business meeting the time was occupied with reports, the admission of new members, committee work, the kindergarten question, and that one of vital importance, the library question.

Important affairs of the club were discussed and disposed of, to be made public in the near future. Many were disappointed that Miss Sadie Hawley of South Pasadena was unable to be present, to discuss organized kindergarten work.

NOTICE OF SALE OF ELECTRIC RAILROAD FRANCHISE.

Notice is hereby given that application has been made to the Board of Trustees of the City of Glendale, in the County of Los Angeles, State of California, for a certain franchise granting the right to construct, maintain and operate, for the term of fifty years, an electric railroad upon certain public streets in the said City of Glendale, hereinafter described, together with certain appurtenant and incident rights hereinafter mentioned, and that it is proposed by the said Board of Trustees to grant the same upon the terms and conditions hereinafter mentioned; that said franchise is described as follows, to-wit:

A franchise to construct, maintain and operate for the period of fifty years an electric railroad for the transportation of passengers, to be single or double-track in whole or in part at the option of the grantee thereof, or his or its successors or assigns, over the route and along and upon the streets or portions of said streets in said city described as follows, to-wit:

Commencing at the intersection of Fourth Street and Brand Boulevard in the City of Glendale; thence easterly along Fourth Street to Glendale Avenue.

Together with the right to construct curves and switches, and spur tracks into private property, also connections at street intersections, power houses and all other appliances, property, structures and attachments that may be necessary for the purpose of operating said road and enabling it to be as effective as the best electric railroad; provided, however, that no spur track into private property shall be built within five hundred (500) feet of any spur track already constructed under said franchise without first securing proper consent of the Board of Trustees of the City of Glendale.

That the terms and conditions upon which said franchise will be offered for sale and granted are the following, to-wit:

First. That the railroad to be constructed and operated under said franchise shall be used for the transportation of passengers, baggage, United States mail, express matter and such other commodities as can be conveniently handled by an electric railroad, provided that cars other than closed ones of a neat and attractive design shall only be conveyed over said road between the hours of 10 p.m. of each day and 6 a.m. of the following day; also such material as is used in the construction and maintenance of railways.

That the tracks to be laid under said franchise shall be placed as near equidistant from the center of the street as possible, and where said road is double-tracked, as near each other as a proper regard for safety will allow.

Second. That said grantee or his or its successors and assigns shall use good material in the construction of said road, and said road shall be built in a good and workmanlike manner, and that said grantee and his or its successors and assigns shall at his, its or their own cost and expense oil and re-oil, pave or macadamize the said road between the rails, between the tracks and for two feet on each side thereof, with the same material used for the city and under the same specifications and in the same manner as upon the streets over which said roads are respectively, and shall keep the same constantly so paved or macadamized and in repair flush with said streets and provided with suitable crossings, and shall make the roadbed conform at all times to the established grade of said streets; provided, however, that where any of the above-named streets have been graded or otherwise improved prior to the granting of said franchise, said roadbed and rails shall conform to and be flush with the surface of said graded or otherwise improved street or streets, whether such surface be above or below the official grade of said street or streets, and on all other street or streets the said roadbed and rails shall conform to such official grade as aforesaid.

In case the said grantee or his or its successors and assigns, shall fail to comply with the instructions given for said repairs for ten days after service of notice thereof upon the Superintendent or Manager of said electric rail-

road, then the Board of Trustees of the City of Glendale may, with suitable assistance, enter upon said electric railroad, or any portion thereof, and do the work and furnish the proper material and keep an itemized account of the cost thereof, which said grantee, or his or its successors or assigns, by the acceptance of this franchise agrees to pay immediately to the Treasurer of the City of Glendale upon the presentation of the account to the Superintendent or Manager of said electric railroad.

Provided, further, that cars shall be run over the road constructed under said franchise every day, unless prevented by the elements, riots, strikes, or unavoidable causes; provided, also, that cars shall be run over and upon said road at intervals of not more than one (1) hour from 7 o'clock a. m. until 10 o'clock p. m. of each day, and as much oftener as may be necessary to properly accommodate all persons who apply for transportation over said road, except in times of extraordinary and unforeseen amounts of travel.

Provided, further, that said grantee and his or its successors and assigns shall have the right to excavate and remove portions of said streets necessary to properly construct said road and to erect needful apparatus, boilers, engines and other appliances to properly equip and run said road; provided further, that the City of Glendale, in granting said franchise, expressly reserves the right to pave, macadamize, renew or sewer any of said streets, or to lay gas, water or other pipes therein; said work to be done so as to injure said road as little as possible.

It is further provided that said grantee, and his or its successors and assigns, shall construct all necessary flumes and culverts for the free passage of water under the tracks of said railroad whenever and wherever necessary, and that all such flumes, and culverts shall be constructed in accordance with plans and specifications approved by the City Engineer.

Third. That the grantee of said franchise and his or its successors or assigns, shall and will at all times upon and after the completion of said road, during the operation of the same, and without extra charge, issue to and receive from passengers going in one direction, transfers good for one continuous passage over and upon any and every other line and lines or any other road or roads operated entirely within the said city, which said grantee or his or its successors or assigns does now, or may hereafter, own, control, operate or have a controlling interest in, and provided, as further condition, that said grantee, and his or its successors or assigns, shall and will at all times as aforesaid, issue, or cause to be issued to said passengers, without extra charge, a similar transfer from any and every other line or lines operated entirely within the said city, which said grantee, or his or its successors or assigns, does now or may hereafter own, control, operate or have a controlling interest in, as aforesaid, to, over, and upon the road operated and maintained under said franchise.

Fourth. That the rate of fare for any distance within the city limits over said road or its branches one way in the same direction shall not exceed five cents per one passenger, that persons under the age of eighteen years who attend the public schools of said city shall be required to pay but half fare; provided that said pupils shall purchase their tickets in quantities of at least one dollar's worth at a time, such tickets to be available only between the hours of eight a.m. and six p.m., in actual passage to and from school and the said grantee and his or its successors and assigns, shall sell such tickets whenever requested so to do, when schools are in session, by a pupil who shall present a certificate from a teacher, approved by the principal of such school, that he or she is a pupil of the said school; provided, further, that said grantee, his or its successors or assigns shall carry free on said cars the City Marshal and deputies, and all regular police officers, and firemen of said city, when on duty, and the Board of Trustees and letter carriers, subject at all times to the rules of the road.

Fifth. That the person, partnership, or corporation to whom said franchise is granted or awarded, his or its successors or assigns, shall, during the

life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of said grantee and his or its successors and assigns, arising from the use, operation, or possession of said franchise, but no percentage shall be paid for the first five years succeeding the date of this franchise, but thereafter such percentage shall be payable annually, and said franchise is to be forfeited by failure to make the payments provided for, and it shall be the duty of the grantee of said franchise, his or its successors and assigns, to file with the City Clerk of the City of Glendale, at the expiration of six years from the date of granting of said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of said grantee, his or its successors or assigns, and by the oath of the manager or presiding officer of said grantee, or his or its successors or assigns, showing the total gross receipts or gross earnings collected or received by the said grantee, his or its successors or assigns, during the preceding twelve months, and within ten days after the time for filing such statement it shall be the duty of said grantee, his or its successors or assigns, to pay to the City Treasurer of the said City of Glendale the aggregate sum of said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise.

Provided, that if the road for which said franchise is granted shall be an extension of an existing system of railroad, then the gross receipts shall be estimated to be one-half of the proportion of the total gross receipts of said system which the mileage of such extension bears to the total mileage of the whole system, and said estimate shall be conclusive as to the amount of the gross receipts of said extension.

Sixth. That the work of constructing said road shall be commenced in good faith within not more than four months from the date of the granting of said franchise, and shall be prosecuted thereafter in good faith and without unnecessary or avoidable interruption or delay, and that said work of construction shall be completed within not more than three years thereafter, and if said work be not so commenced, prosecuted and completed within the times, or in the manner specified, such franchise shall be forfeited.

Seventh. That all poles used in the construction and operation of said electric road shall be placed within the curb line of the streets herein designated as officially established by the Board of Trustees of the City of Glendale, and the outer edge of poles shall in all cases be set as near the inner edge of the curb as practicable, when not otherwise directed by said Board of Trustees, and the wires suspended from said poles shall not at any point be less than nineteen (19) feet above the top of the rail; said poles shall be smooth, straight, and painted in uniform color.

That any neglect, failure or refusal to comply with any of the conditions of said franchise, shall thereupon immediately, ipso facto, effect a forfeiture thereof, and the said city, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee, or his or its successors and assigns, from further use of the streets of said city, under said franchise, and said grantee and his or its successors and assigns, shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is also hereby given that sealed bids in writing will be received for said franchise up to 7:30 o'clock p.m. on the 5th day of December, 1906; that the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm, or corporation who shall make the highest cash bid therefor; provided, only that at the time of opening said bids any responsible person, firm, or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bids so made may be raised not less than ten per cent by any

other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold, and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States. Each sealed bid must be accompanied with cash or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith, and the successful bidder must deposit, at least ten per cent of the amount of his bid with the City Clerk before said franchise will be struck off to him, and if he shall fail to make such deposit immediately, his bid will not be received, and will be considered as void, and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold, and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid as herein provided. Said successful bidder shall deposit with the City Clerk, within twenty-four hours after the acceptance of his bid, the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited, and no further proceedings for the sale of said franchise will be had until the same shall be re-advertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him, or it, file with the Board of Trustees, a bond running to said city in the penal sum of fifteen hundred dollars, with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid herefor will be forfeited.

By order of the Board of Trustees of the City of Glendale made at a regular meeting of said Board on the 10th day of October, 1906.

DESTRUCTIVE FIRE AT SOMERSET FARM.

Owing to a combination of small boy and matches, the bungalow at Somerset Farm, occupied by Mr. C. E. Parker and family was entirely burned to the ground at noon Tuesday.

Fortunately, a large pepper-tree protected the nearby home of J. C. Sherrer from the sparks and the kind and ready assistance of the neighbors doubtless saved it from a like destruction. The loss was almost total, as very few personal effects were saved.

JAMES A. WELLS' RESIDENCE THREATENED BY FIRE.

As early as 12:30 on Monday morning Mr. James A. Wells and son, James were turned out to fight flames that were roaring and crackling up the hill back of their home. It was rumored on the street that the beautiful home had been destroyed, but it was learned later that the report was unfounded and only the sage-brush and other wild growth on the hill-top were consumed.

Loyalty and Efficiency }

 } Lies and Buncombe }
 } Bragg and Bluster }

1. The assessed valuation of Cook County, Illinois, including Chicago, is Four hundred forty-two million (\$442,000,000.00) Dollars; actual value thereof on a loan valuation basis is over two Billion (\$2,000,000,000.00) Dollars.

Ben Ward's assessed valuation of this County is over Three hundred and five million (305,000,000.00) Dollars, while its actual value on a loan valuation basis, does not exceed Five hundred million (\$500,000,000.00) Dollars.

2. Ward has increased assessments on private property in this County over One hundred sixty million (160,000,000.00) Dollars, and on corporation property (including Eleven million (\$11,000,000.00) Dollars assessed on new electric lines) only Twenty-five million (25,000,000.00) Dollars.

3. The increase of assessed valuation in this County during Ward's administration has been 160 per cent. and in the remainder of the State outside of this County but 10 per cent. The assessed valuation in this County has increased 16 times as fast as in the balance of the State, and in as much as the State rate is the same in all the Counties of the State it is a self evident fact that the property owners of this County are being robbed of large sums of money by reason of the excessive valuation placed upon their property by Ben Ward.

4. Ward's unjust assessments have cost our tax payers over \$1,000,000.00 more than their proportion of State taxes, they paying one-fifth of the total thereof. The Assessor should protect us absolutely from the imposition of more than our share of State taxes. Ben Ward utterly ignores our interests in this respect. He declares his intention to continue his present policy, and if re-elected will undoubtedly wring from the tax payers of this County other millions, more than their just share.

5. Ward raised this year's assessments more \$71,000,000.00 over last year's excessive valuations; 80 per cent. of this being against small owners, and but \$500,000 thereof being on corporation franchises.

6. In 1903 and again in 1905 the Board of Supervisors in order to overcome Ben Ward's vicious assessment, sent its Chairman, Supervisor Longden, to Sacramento to appeal to the State Board of Equalization for a reduction in our assessment; and Ward went to Sacramento both times, fought like a tiger against any reduction, and succeeded in preventing Mr. Longden from securing justice for the tax payers of this County.

7. Through favoritism or incompetency many neighboring lands equal in value have been assessed at vastly different valuations.

For example—Praeger Park, 8 acres on the North side of Washington street, Ward assessed at \$99,125; while Chutes Park, 13.61 acres on the South side of Washington street and having a frontage of one block on Main street, worth at least three times as much as Praeger Park, is assessed for \$90,000. Many hundreds of such glaring inequalities in both large and small assessments can be cited.

8. Taxpayers calling on Ward to adjust grievances are usually treated with discourtesy and often insult.

9. Ben Ward has served 8 years, the result of three elections as a republican. He was always a strict partisan until he became fearful that he could not be renominated. He then bolted, set up a great cry in favor of "Non-Partisanship," and in conducting his campaign has made many false charges against the Republican leaders.

10. Ben Ward's great anti-corporation farce is intended to distract attention from the facts.

11. Ward's assessments hit the small property owners hardest of all. Mr. Voter do not be deceived by Ward's bluster about the "Machine" and the corporations. You are wise enough to decide for yourself. Ascertain your assessment for this year, compare it with the market value of your property, and with the assessment on other properties in your neighborhood. Think and decide for yourself.

THE PACIFIC ELECTRIC RAILWAY

"AT HOME."

Glendale Chapter, L. P. E. O.

An affair that will long be remembered in social circles was the charming "at home" given on Saturday afternoon, October 20th, at the Masonic Hall, Brand Boulevard.

Mrs. Emma Burkett, as president of Chapter L, in her energetic and progressive manner carried plans for the affair to a successful climax, with the able and willing assistance of those called upon to help, every lady doing her best gladly and cheerfully.

Guests were received and made welcome in a happy manner by Mesdames Emma Burkett, R. D. Goss, Dr. Chase, Frank Campbell, Geo. U. Moyses, C. E. Russell and Miss Ednah Ballentyne. Mrs. Fred Hezmalhalch, also upon this committee, was unavoidably absent.

Upon entering the rooms, guests were delighted with the transformation wrought by the decorating committee—Mrs. C. E. Russell, Ruth Byram, Mary Blackburn, Charlotte Blaisdell and Bertha Fuller.

Thick rugs covered the floors; cozy corners and divans piled with cushions suggested comfort and ease, while scattered about the room were show-
~~ers of gorgeous chrysantheums in~~
artistic bowls and jardinières on pedestals. On the platform were lovely ferns and masses of snowy cosmos, nodding in fairy-like beauty, while about the walls was the graceful greenery of pepper boughs, and among them there shone many gold stars, emblematic of P. E. O.

The beautiful gowns of the ladies who scattered themselves about while visiting and chatting in happy groups completed a perfect picture.

The guests, undeterred by the wind-storm, having arrived, Mrs. Burkett mounted the platform, and was greeted with the applause which she well deserved, for the lady is very much wrapped up in her work as president of the local chapter. To her strong personality, convivial spirit, quick perception and tact is due in a large measure the happy condition of things in Chapter L.

In her bright manner she welcomed all, and introduced those members of other chapters who were to participate in the program. She said in part:

"It has been our earnest desire to have our friends meet socially with us, and we are delighted that this has been accomplished. We meet here today as sisters and friends. Let the afternoon be as informal as possible, using every opportunity to become acquainted with those about you, and this will make the time pass pleasantly for all."

The program was opened with a spirited duet by Mrs. Burkett and Mrs. Moyses. Miss Ida Oaks of Escondido, president of California Grand Chapter, gave a happy greeting, but on account of a severe cold could not follow with her speech. Happy and appropriate were responses given by Mrs. Huldah Miller of Los Angeles, past president California Grand Chapter and vice president of the Supreme Grand Chapter of P. E. O.

Miss Stella Carver of Los Angeles gave in an interesting manner the history of P. E. O. She also told the ladies that in the future, on the fourth Friday of every month, a dining table would be reserved for P. E. O. shoppers and their friends at Coulter's. This means that ladies from chapters in Los Angeles and surrounding towns might meet and visit while discussing the luncheon. Miss Carver for years was at the head of the University of Southern California Conservatory; she also acted as accompanist during the afternoon.

Mrs. Conklin gave a vocal solo in round, full tones that vibrated throughout the room. She gracefully responded to applause with an encore.

One of the best features on the program was a short talk on "What Constitutes True Culture," by Mrs. Eszen of Los Angeles.

Mrs. Addie Sexton of Los Angeles gave a laughter-provoking original poem, written during her vacation in the mountains of Colorado.

The program was completed with a vocal solo and encore by a sweet singer from Alhambra, Mrs. Ramsey.

Then followed the buffet luncheon. The table was attractive with snowy damask, cut glass and silver. Among festoons of asparagus plumosis were fastened yellow and white chrysanthe-

mums, a mass of the same flowers filling the center of the board, as yellow and white constitute the colors of the P. E. O.

The refreshment committee, under the able chairmanship of Mrs. Dr. Bryant, consisted of Mesdames Frank Campbell, Josephine Burkett, H. P. Smith and Frank Albright. These ladies can be excused if they were proud of the result of their efforts.

The serving committee consisted of a bevy of pretty girls: Miss Ednah Ballentyne, Bertha Fuller, Charlotte Blaisdell, Mary Blackburn and Frances Hendershott, who acted as chairman. Miss Ruth Byram presided over the punchbowl, which occupied a place by itself among a bower of blossoms.

There were about one hundred and twenty-five present, a goodly number for the seventeen members of the P. E. O. to entertain, but they did it beautifully and well.
