SITE TO SUPERING HE CITIES OF NOW Orleans that they have returned, and re-seemed their Writing Extablishment, (this day.) at heir former location, (48) Canal street,) where they have quinerous specificals, exhibiting the improvement of their pupils, in this and other Cities, which they will be happy to present to their friends and public generally. Those persons who did not complete their lessons previous to the sighty against the distribution of the distribution that the sickly season, are invited to all and do no now, with our extra charge. Ladies with prefer, can receive lessons at their own residence. The following testinonials are inserted for the sall faction of those transient

persons who have not yet has an opportunity of witnessing the result of their method of instruction.

From His Excellency Governor Roman. There examined with anterior, the system of avrining taught by Mr. Dolbear and it is with pleasure that I certify to its apperiarie over any other method with which I am acquinted Mr. Dolbear, having given private lessons in my samily. I consider it but justice to add, that I believed him as much worthy of public patronage on account of the correctness and mildness of his character. From account of the rapid improvement of those who is given his lessons.

New Ocleans, July 2, 18 4. A. B. ROMAN

New Orleans, 12th May, 1832 On the invitation of Mr Dollar, a teacher of Pea-tanship in our city, upon the Carstairian system; have carefully examined speciment of the writings of his pupils, whose ages range from 8 to 50 years, written through an entire course of instruction; and after having done so, it is with the highest satisfaction that we can testify to the rapid if not unparalled pro-

The proter master a first supportant and the most reasonable charges. Also PORCELAIN TRETH, from a single one to a whole set on the strain time reach the most of the teeth, and they will in a short time reach the roots of the teeth, and they will eventually fall out; and by attending to them in season they may be restored, at a trifling expense, to their original beauty.

The operation of plugging and filing the Teeth when decayed, is so truly important that it is impossible to resonmend it too carnessly to the attention of the public. Thousands of the most useful Teeth, which otherwise would, on account of their painfulness, be sacrificed by extending the process of pental Surgery for many years.

From a practice of Dental Surgery for many than twenty years, he hopes to merit a continuation of public parter years, he hopes to merit a continuation of public parters.

PROSPECTUS OF 30. LOVIS UNIVERSITY,

THIS Literary Establishment was incorporated by an Act of the Legislators of the State, on the 28th of December, 1832, under the same and stude of the "St Louis University", and established a stude of the "St Louis to University", and established a stude of the "St Louis to University", and established a stude of the "St Louis to University", and established a stude of the "St Louis to University", and established a stude of the "St Louis to the property of the same state of the student of the same state of the same of communication with all the places estated of the same state ly devoted to the education of youth, in virtue and seiand spare no pains to inprove the hearts and inform the minds of their pupils. They are si le l in this undertaking by five Assistant Tutors.

PLAN OF INSTRUCTION. Course of instruction embraces both a Mcreanfile and a Classical education, but so conducted, that the Sta-dent may apply himself to either or both of these, accor-ding to his destination, or the desire of his Parents. rung to me destination, or the desire of his Parents.

The Mercantle Deparation, embraces Reading.
Writing, the English and French Languages, Poetry, Rhetoric, History, Geography, Mithology, Book-keeping, Arithmetic, Algebra, Geometry, the use of the Globes, Trigonometry, Mensuration, and Surveying.

The Classical Department, besides the above spacefiel subjects, comprises the Latin and Greek Languages.

fiel subjects, comprises the Lath. and Greek Languages Logic, Metaphysics, Morat and Natural Philosophy, and the Legic, Metaphysics, Moral and Natural Panasping, such higher branches of the Mathematics.

The Spanish, if required, is, taught to the Students of both Departments, without my additional charge.

The English is the ordinary language of commun cation in all the classes, the French and the Spanish exception. od; but the Students speak French and English, indiscriminately, during the hours of recreation.

The Scholastic of commences on the first day of September, and ends on the thirty first of july, on which day a public Exhibition, and a Distribution of Premums taxe place; and those who have finished their classical course; if there are the scholastic to the desired course; it found qualified, are admitted to the degree of A. B. it tound qualified, are admitted to the degree of A. 15. As general Examination of all the clusters is made on the day's immediately preceding the Exhibition. The degree of A. M. will be given to Students, who, after having completed their course, shall have devoted at least two years to some literary pursuit. Other Academical hours will be granted to merit and distinction in the I rained Prof. scions. granted to merit and distinction in the Lained Prof ssions. During the annual vacations, in August, the Studenta are allowed towasts their Purents, ir to enjoy the amusements of the country, in the healthy neighborhood of the City of St. Louis. On the first Monday of every month, the different places obtained by the pupils in their respective classes, are publicly announced, and modals and ribands are given, as badges of distinction, to the most deserving, in each class. The following day is a general recreation day, and so is every Thursday in the year; on these days the Stulents are permitted to amuse themselves by walking, fishing, bathing, fee. Hunting is allowed to a vacations in August. The pupils are, at all times, unler the superistendence of one or more of the Professors.

perior breed, from me many designation as are disposed to their breed of Cattle.

Also soveral very valuable Milk Cows with young calves, highly valuable for their milking quidities.

To show what great improvements have been made since this breed who introduced into Kohtucky, Mr. S. has brought down the fine fat Ballocks that took the premium and the last userting of the Lexington Agricultural Society.
