PEOPLE ARE STILL PANIC STRICKEN

MANY PREPARING TO LEAVE THEIR HOMES

If the Disturbances Continue in Southern California—Stories of Havoc in the Hills.

Los Alamos, Cal., Aug. 1.—Although no more severe earthquake shocks have been experienced here since 7.30 last night, the people are still panic-stricken.

Parties from Loupoc and outlying districts have reached Los Alamos with stories of great havoc in the hills.

A great landslide, carrying down hundreds of tons of earth, occurred near the Hoover ranch. The road from Loupoc was torn for fifty feet.

John R. Drum, a mountain farmer, reports a road destroying landslide in Brown canyon. The hills are charged with noises which he describes as the most terrifying sounds he ever heard.

San Francisco, Cal., Aug. 1.—B. H. Cowley, who has made a life study of the geology of this country, has announced that the seismic disturbances in this state are in no way due to volcanic activity, but to local conditions.

Relief Promised. Toronto, July 31.—The Ontario government is to send a commissioner to Stoughton and Dundas counties to enquire into the loss sustained by the residents of that section by the tornado of two weeks ago. A grant is to be made to them.

Claim Land. In response to its offer to give old soldiers grants of land in New Ontario, the Ontario government has received 18,000 claims.

The Toronto Mystery. While the police are reticent in respect to the Evans Sons' drug warehouse mystery, it is known that they are now busily engaged collecting facts which go to show that both Whalley and Green were murdered.

Domestic Alliance. The Dominion Alliance in annual session yesterday adopted a resolution seeking amendments at next session of the Dominion parliament to the Scott Act in order to extend its scope.

Extradition Refused. The attorney-general's department has been notified that the Hon. Commissioner Logan, sitting at Port Wayne, Ind., to hear applications of the department for the extradition of Benjamin Riley and W. Akor, accused of a series of robberies and frauds upon farmers in Kent county, has refused extradition on the ground that the men proved an alibi.

Imperial Bank. An announcement was made last night that an allotment of \$200,000 capital of the Imperial Bank of Canada will be made to shareholders of the record list to-day, at 185, one share of the new stock going to the holder of the old.

Land Sales. Winnipeg, July 31.—The Canadian Pacific land department closed for the month of July, just closed, were 155,344 acres for \$564,822, as compared with 49,080 acres for \$156,040, in July, 1901.

Clearing House Returns. The Free Press says to-night: "Winnipeg bank clearings for the past week and the month ending to-day are the most satisfactory of the whole year. The big increase is partially accounted for by the fact that exhibition week was one week later than in 1901.

CITY IS QUIET

Miners Incensed Over Calling of Troops to Sault Ste. Marie.

Shenandoah, July 31.—The city is guarded by state militia, and all quiet at last night's rioting. The nine workers are greatly incensed over the calling out of the troops. They assert that this action was entirely unwarranted, and is an unjustifiable expense of the state.

Official Statement. Most of the wounded strikers claim that they were merely onlookers. The district attorney and the sheriff are prosecuting an investigation with a view of placing under arrest all those who participated in the riot.

Willebarre, Pa., July 31.—Shortly after noon President Mitchell, of the United Mine Workers, issued the following statement: "Complete and authentic reports furnished by National officers of our organization located at Shenandoah show that the stories of the riot at Shenandoah were greatly exaggerated and the facts much distorted.

Capetown's Gift Presented at a Dinner in London.

London, July 31.—Amid tremendous enthusiasm, Lord Kitchener was to-night presented with a sword of honor, the gift of Capetown, the South African Mayor of London, made the presentation in the course of a South African dinner, which was attended by many notable persons.

San Louis Obispo, Cal., July 31.—A strip of country fifteen miles long by four miles wide, rent with gaping fissures and dotted with hills and knolls that sprang up during the night, a village in ruins and hundreds of people fleeing for their lives, are the results of last night's seismic disturbance in the valley of Los Alamos, in the northern part of Santa Barbara county.

With the first warning of the approaching disaster, the terror-stricken people rushed into the streets and sought places of safety in vacant lots and roads, while many fled towards the neighboring hills.

When the earthquake had sufficiently subsided for Lord Kitchener to make himself heard, he modestly returned thanks for the gift, and expressed his confident hope that in South Africa, at any rate, the sword would not again be drawn from its scabbard.

There is an excellent harbor at Esquimaux, and it has been utilized, good advantage for naval purposes, as on either side of the bay command the entrance, and it would be almost impossible for vessels to gain entrance without the approval of the guns here mounted.

Outside the harbor, the British flagship of the north Pacific squadron was at target practice, and we were afforded the fine opportunity of seeing a ship's battery belch forth its smoke and flame, hear the deep roar and intonations of the water miles away when the shell struck.

The people of Victoria are a liberal-minded and generous people, and have business ideas, and we were afforded the opportunity of seeing a ship's battery belch forth its smoke and flame, hear the deep roar and intonations of the water miles away when the shell struck.

 The resignations of J. P. Nimmo and W. G. Alcock as justices of the peace have been accepted.  
 Coronation Day, August 9th, is proclaimed a general holiday.  
 Lace-collars have changed their style: they are equal and purely of the 1899 period. All sorts of new laces are making their appearance every day. Netted lace, colored silk lace, dyed to match the new fabrics, are among these most admired.

Gray is a favored shade. Silvery gray that combine nicely with black, whether of velvet, chiffon, lace or moiré, are selected by some. Others add touches of orange, violet, heliotrope or greens of soft or vivid hue.

**THE BEHRING SEA OPEN TO SEALERS**  
 HUNTING SEASON UP  
 NORTH BEGINS TO-DAY

A Total of Twenty-one Schooners Are Now Out—Hunting in Atlantic.  
 To-day the sealing-season opens in Behring Sea, and if reports of some sealers reaching the Sound can be taken as a criterion, the hunting operations will be commenced under auspicious weather.  
 The fleet which left the Coast a few weeks ago are probably all ready to enter the sea to-day. But a number are short in their complements of men, owing to the reluctance of the Indians in shipping along the Coast, and though the weather is favorable during the season, they are not expected to make any records for themselves. There are 12 of these vessels, a similar number as cruised on the Japan coast this year. Three of the latter, however, are now home, so that the entire fleet now at sea total 21—schooners—twelve which have just sailed north and nine still on the Asiatic coast. All will probably have a cruise in the sea before starting home, and it can be expected that those which have explored the grounds off the southern coast, the Japan and Cooper Island coasts, and in Behring Sea, will have the biggest results for the season.  
 The sealers which are to-day in all probability running through Umanak Pass, or which should be in that locality, are the Oscar and Hattie, Director, Florence M. Simons, Trumpp, Geneva, Casey, Dora Seward, Saucy Lass and South Bend.

The schooner on the Asiatic coast are the Victoria, Endeavor, C. D. Rana, Zillah May, Arietta, Umbra, Ainoka, Favorite, Enterprise, Diana, Annie E. Point and Carrie C. W.  
 Those which went down the Coast in the hope of getting crews, but which had to return because of their inability to get men, were the Sadie Turpel, Tessa, Leatrice, Lillie, Oceana Belle, Allie L. Alger and Otto. The latter latter took stores aboard, but did not clear.  
 Information comes from the Atlantic that the Victoria owned schooner, Edward Roy and Bessie Le Cornet, which sailed from Halifax, and which have been hunting off the Falkland Islands, has secured a catch of 2,000 skins, and the Roy, Capt. Gilbert, 1,700 skins. Capt. Spratt Baleam, of this city, has present voyage in the Alaskan excursion, the steamer will proceed south after reaching the Sound.

**SPOKANE'S LAST EXCURSION.**  
 It has not yet been announced to what service the steamer Spokane is to be applied when she returns from the north next week. On the completion of her present voyage in the Alaskan excursion business, the ship will have made her fifth and last trip of the season in that service, so far as plans have thus far been made.  
 The steamer is due from Alaska on Tuesday, and following the rule of her predecessor in the business, the steamer will proceed south after reaching the Sound.

**MARINE NOTES.**  
 Where the Colonist states this morning that the fine imposed by the collector of customs for a breach of the shipping regulations has been refunded the paper is in error. The fine has not been remitted and will not be in toto. As a matter of fact, the collector of customs, by the collector of customs, but by the customs department.

**WEDDING AT PEACHLAND.**  
 Marriage of Dr. W. C. McKechnie, late of Nanaimo, and Miss Zella Robinson.  
 The home of Mr. and Mrs. W. Robinson, Beach avenue, Peachland, B. C., was the scene of a lovely wedding when their youngest daughter, Zella, the well known soloist, was led to the hymeneal altar by Dr. W. C. McKechnie, late of Nanaimo, but now of Portland, Oregon. The interesting event was solemnized by Rev. C. W. Whyte, of Peachland.  
 The bride was dressed in cream tulle, silk trimmed, with applique chiffon and loops of pearls, and the usual bridal veil, fastened with orange blossoms. Miss Isabel Smith, of Winnipeg, who has been visiting in the Coast cities, gracefully performed her part as maid of honor. Miss Genevieve Robinson, niece of the bride, looked pretty in her steps de champagne, trimmed with applique and all-over lace. Mr. C. G. Elliott, M. A., of Peachland, officiated at the ceremony.  
 A few hours after the ceremony the party set out for their future home in Portland.  
 A beautiful array of costly presents evinced the popularity of the bride. The gift of the groom was a handsome watch and chain; to the maid of honor a bracelet. A beautiful present from Dr. Grant's choir girls was also greatly appreciated.  
 The small-arms factories at Peabody are no longer working at the highest pressure. The estimate for the current year provides for \$27,000 less in wages than the year allowed for the purpose—\$1,000,000, a probable decrease in the number of workmen. A rare victory in the battle of the sexes, Bephalus in 1727, will not be taken by the creditors of Arnold Dolmetsch, a Windsor musician, now in bankruptcy, because Mr. Justice Wright has decided on evidence that the instrument belonged to Miss Helena Dolmetsch—his daughter—residing at Streatham.

**THE SUMMER GARDENS.**  
 New Biograph Pictures and a Good Programme for To-night.  
 The popularity of the musical evenings provided by the Fifth Regiment Band in the Douglas summer gardens increases steadily, and there was a very large attendance last night. The musical programme is changed every night, and during this week the attractions of the gardens are added by the biograph exhibition. The new biograph pictures are expected to arrive to-day and will be put on the screen this evening. To-night's programme is as follows:

**DR. HALL'S PRIVATE HOSPITAL.**  
 Victoria Enterprise Will Give Vancouver an Excellent Institution.  
 The doctor's residence in connection with the private sanitarium to be established at Vancouver by Dr. Ernest Hall, of this city, is now completed, and the main structure will be commenced early next month.  
 According to the Province, the site for the new hospital will be one that is well adapted for that purpose and quite central in its location. The building which will be erected on the lot immediately to the west of the new Wesley church on Georgia street, will be in the form of two wings joined by a connecting passage, and will be capable of accommodating about twenty patients. The building will face on Georgia street, and will extend back fifty feet. The structure will be frame, two and a half stories high, and will contain all the latest improvements in surgical and hygienic appliances. One of the buildings will be devoted to female patients exclusively, while male patients will be treated in the other. All the cooking and ordinary work will be done in the building connecting the two wings, which will leave the two main structures entirely free for the patients. In the right-hand wing will be the surgical and operating room and sterilizing room, and in the other wing will be the electrical and X-ray room, which will be equipped with the latest improved apparatus in that line.  
 The staff will consist of Dr. Ernest Hall, of this city, and Dr. Robert Teiford, late of Chemainus. Dr. Ernest Hall will go over from Victoria every week to attend to surgical cases. He will make a specialty of electrical treatment and the use of the X-ray. Dr. Robert Teiford, upon his return to Vancouver from a trip through the East, will continue his practice to gynecology almost exclusively, as he is a well known authority in that branch of practice.  
 White fans, with sticks of finely carved ivory, are fashionable for evening use, and the most beautiful designs in lace are brightened by colored spangles in the smallest size. Buttery earrings are especially attractive.

**THE NEW SHERIFF.**  
 F. G. Richards Rescues His Appointment to That Office Yesterday.  
 Frank G. Richards has received the commission sent to Quebec for the signature of the Lieut. Governor appointing him sheriff of Victoria in the place of J. E. McMillan, who retires on a superannuation allowance.  
 Mr. Richards came here with his parents in '02, and has resided here and in New Westminster ever since. He entered the civil service as a lad and rose to the position of chief draughtsman of the lands and works department. He left the service to go into business, and has recently had a real estate and insurance office on View street.  
 The retiring sheriff, Mr. McMillan, has held the position for about 18 years, and acted for many years as returning officer at Provincial and Provincial elections. Owing to age and declining health, a special mention allowance was voted Mr. McMillan at the close of the last session of the legislature, when his services were most ably recognized by the city authority of the House.  
 H. S. Suddell, who has been assistant sheriff since February, 1899, has tendered his resignation of that office, and is going into business for himself at No. 14 Clannery lane, as a commission agent and hair dresser. During his twelve years' service Mr. Suddell has earned the esteem of the public.  
 Somewhere in the West Indies a native custom is to have a native band play the "whistling tree." It has, he says, a peculiarly shrill and soft note, and the notes of the breeze through which it is heard at a great distance.

THE ONLY REMEDY

The shrewdest business minds in Canada have for several years been wrestling with the problem of the conservation of the Yukon trade for Canada and the pieces still remain upon the board with the game all in favor of our rivals. They had the advantage of the first move by reason of the carelessness or indifference, or lack of foresight which permitted them to squander Canadian territory without a protest. As long as the boundary question remains unsettled and we have no practical inlet to the source of wealth save across a strip of foreign territory, it is assumed that there can be no change. Mr. Anderson, the Dominion trade commissioner, is a practical, capable man. When he has surveyed the field and made his report, no doubt the government will act promptly upon his suggestions, because the matter will not be allowed to rest until territory belonging to Canada is lifted from the anomalous position of being practically a province of the United States. But no matter what action we may take, the fact will still remain that our trade advantages have the advantage of position. And this will remain with them until we execute a complete flank movement and find an inlet into our own possessions over our own territory. The tariff under ordinary circumstances would be an effective weapon. But the tariff is a mere cypher in comparison with the tolls exacted by the transportation companies which convey goods to the Yukon. Preference rates may be given, and as a matter of fact are given, which offset many times over the advantages of the duties. Probably the White Pass & Yukon Railway Company if left to its own devices would be inclined to act fairly and honestly by all its patrons. But the screws are upon its thumbs also. Its terminus is in the disputed territory in possession of the United States. Therefore it is beyond the power of the Dominion government to effectively regulate its rates. At present the charges are so adjusted as to favor the powerful business houses of the United States. It is of no concern to those houses how high the rates are so long as they have the advantage. The consumers must pay the cost of transportation in enhanced prices of goods. This is not only bad for Canadian merchants. It retards development and confines mining operations entirely to the very rich ground. There is apparently only one way to secure a reform. That is by the construction of an all-Canadian road, in the absence of any prospect of the settlement of the boundary dispute. Hitherto the construction of a road from a north-then port in British Columbia has been chiefly advocated. That would be the quickest way of settling our difficulties and the first cost would be insignificant compared with the remedy suggested by the Toronto Globe, which is as full of faith in regard to the prospects of the West as the most optimistic of Western people. Our contemporary says: "A railway running north and south through British Columbia will carry Canadian wheat, beef, salmon and fruit to the Yukon, and the Americans, gazing with longing eyes at that fat trade, will consent to arbitrate the boundary question. Railways will tap the rich mineral lands of northern British Columbia and the wheat fields of the Peace River valley. Occasionally the farmer in that region

will take a steamboat ride up the chain of rivers and lakes that lead to the Arctic. Tupper's prophecy of 440,000,000 bushels of wheat will be realized, and admirers of that stout leader will say: 'I told you so.' A hundred members from the West will sit in the Dominion parliament and discuss measures for the improvement of conditions in the 'far East.' Perhaps they will desire to move the national capital to Hat Portage. The weakness of the Globe's remedy lies in its remoteness. The West would prefer to see something done immediately, whereas the picture drawn, whilst very alluring and altogether charming and cheering, is so very far in the background that some of us may not live to view it in all its grandeur.

VICTORIA AND THE BOOM.

If the business of the Dominion continues to expand at the present rate, Canada will be in danger of getting a swollen head. "Bride goeth before a fall." Frosts may come and hail descend, and ruin the prospects which are now so rosy. But the chances are very largely in our favor, and the twenty thousand voters-men required to reap the harvest of the West will soon be at work. There can be no doubt that the expansion of the great fertile belt has begun in earnest. The rush, which usually wanes at the end of the year approaches and the cold, dreary winter looms up, is increasing this year instead of declining. Winnipeg is booming in a manner such as was never dreamt of during the days of the first unfortunate inflation. It boasts that it will before many years be the second city in Canada in point of population and trade. We should not be surprised if it becomes the first. New towns are springing up all over the prairies. The growth is of the same character as that which filled up the Western States almost in a single decade. The influence of the movement in the West is being felt in all parts of the Dominion. It is inspiring to contemplate the situation from this distance. We in British Columbia should gather our share of the riches of that great western country, although we have not hitherto been moved to much more than contemplation. If we cannot compete with the prairies in the growth of grain we have here all that they lack in fruit and fish. The one section of the country is the natural complement of the other. There the earth has waxed so fat in its accumulations of thousands of years that it produces fortunes annually, and its beneficiaries lie themselves to climes in which it is pleasant for man to dwell. Even now many of this class are finding their way to Victoria. In a clime where the sun smites not in summer, the atmosphere is for the greater part of the year genial and kindly, and strains of sweet music ripplingly in the sweet, quiet hours of every evening, the weary worker should find the peace and rest he is in search of. The concerts of the Fifth Regiment and in the beautiful grounds of the old Douglas homestead have done much to add to the attractiveness of Victoria. That movement was the one thing needful to complete the list of the city's fascinations. May the venture be a great success, whether it be the conception of the Tourist Association or a business suggestion on the part of Prof. Finn. People who grumble now will not be satisfied with anything on this side of the grave.

"PRESERVING" SALMON.

If Canadians purpose going into the salmon trapping business, the experience of their neighbors should be of some benefit to them. On the other side disputes have arisen and there may be serious trouble in regard to where the preserves of the trappers begin and the operations of the ordinary fishermen should end. The trappers complain that the fishermen have been encroaching on their preserves and taking fish from the entrance to their enclosures or preserves. As would be expected, there is only one way of settling the controversy—with streams. Orders are said to have been issued to shoot the poachers. Precautions should be taken to avoid any disputes of that kind in case traps be permitted in Canadian waters, and we do not see how such a resort can be avoided, because while it is claimed traps have proved destructive in Alaska and there has been some talk of destroying them, there are no indications of a disposition to take any such radical measures across the Sound. Why should any regard be paid to the conservation of Canadian fish or the preservation of a Canadian industry? Whatever the opinion may be among the fishermen of the Sound, one thing seems to be clear, no attempt is made to enforce regulations calculated to minimize the alleged destructiveness of traps. The destruction of the fish would mean the ruin of one of the most important industries of the state of Washington, yet no provision is made for the opening of the traps say for one day in the week in order to allow a reasonable number of fish to reach the spawning grounds. Such action might increase the catch of the Canadians farther up. Clearly that would be a foolish thing to do. Like their forebears in the East who killed off all the game birds and the same fish, they would keep on killing at all times and all seasons while there remains a fin or a feather. Regulations, we understand, have been issued by the state as to the depth of water in which traps shall be permitted to be planted. But these are disregarded. The depth is only regulated by the length of piles which can be secured and handled. When we enter into competition with the Sound canners will it be of any use for us to make and abide by regulations unless our competitors consent to be governed by the same? Would it be a reasonable thing for us to cease business at certain seasons in order that the fish might pass into American traps instead of finding their way to the place to which nature would guide them? For the sake of the permanence of this important industry it is to be hoped

there will be mutual concurrence and adherence to fair and reasonable regulations. Now that matters have settled down in South Africa, the inhabitants of Capetown have determined to prove the value of the country by holding an exhibition of its products. It is to be a summer fair, extending over the four months from November, 1903, to February, 1904. South Africa promises to become one of the finest markets in the world for canned salmon and lumber, so it is said. Complaints have been made that American canners get ahead of us once in that market. There is no reason why they should do so again. But our competitors never sleep. This exhibition should be an opportunity for our salmon merchants and lumber producers. All the necessary funds to make the exhibition a success have been guaranteed. The site and buildings will be in a most charming spot, only five minutes from the Town Hall. The number of applications received from various parts of the Empire and the comments are sufficient guarantee of its popularity and ultimate success.

Man can school himself to regard almost anything with equanimity except an upheaval of the earth. There is no appeal not one who is accustomed to them. He can meet them and rise and fall with them in his comparatively weak appliances. But when the earth gets into motion the individual feels how completely helpless he is when confronted by the forces of nature. The heart is well as the stomach becomes sick. The more of such experiences you encounter, it is said, the more you dread their recurrence. May the earth quake anywhere but in British Columbia.

The commander of the Condor, which operated before Alexandria, looks like a young man—until he takes his hat off. He took to the sea in 1890. He was then a delicate lad and was in fact put on board the warship Marlborough for his health. When he first set foot on board he heard a sailor say: "Poor little chap, he ain't long for this world." Lord "Charlie" has seen many lively times since then and is still sturdy and vigorous. His batteries are now directed against the admiralty he so long served.

The latest report of the British Registrar-General shows that the natural increase in population in the United Kingdom during the three months ended on March 31st last was 95,011. The birth rate during that quarter was 28.1 and the death rate 18.9 per 1,000.

THE OBJECT OF THE COMMERCIAL COLLEGE. It is not to provide a rudimentary education, as this field is covered by the public schools. Not to provide a higher education, the High School covers that ground better than we can; not to bring out the moral character, the Sunday schools are well able to take care of that. Our object is to provide what the above cannot provide; a thorough training in business methods. We give our young people a trade, an earning capacity and we have to do this in as short a time as possible in order to save them the cost of living expenses while they study. The number of young people we have trained and are earning their own living approaches a thousand. You see, we never let go of a student until we succeed in obtaining that object, that is until we have placed the student into a self-supporting position. Some learn with less facility than others, but we, nevertheless, do not flinch them for this by extra charges. We have only one rate, which, when paid, entitles the student to graduation. We have placed eight students into offices in the week beginning June 30th and ending July 7th at salaries from \$25 to \$45 according to the mental ability of the student. On the other hand regardless of this, a business education is an absolute necessity for every one and it is the best investment anyone can make.

City News in Brief.

China town was in fête last night, illuminated with many colored lanterns and adorned with flags, in honor of the birthday of the Emperor of China.

The following will comprise the Victoria eleven in the match with the Fernwoods eleven at Beacon Hill to-morrow: L. B. Trimm, captain; C. B. Deaville, E. V. Hodwell, B. B. Bingham, P. Richardson, R. G. Monteith, B. H. Hurst, F. W. Ashley, H. G. Walker, J. M. Healy and W. T. Williams.

Those who are interested in the work of the W. C. T. U. for the helping of men, have, during the month of July, kindly sent in the following gifts to the reading room, for which the ladies tender their grateful thanks: Magazines, Mrs. Hurdess Clark, Mrs. Brown, and the Junior Epworth League; papers, Mrs. Williams, Mr. Shakespeare, and Mr. Burnett; Times and Colonist, also the Vancouver, Ashcroft and Nelson papers; Family Herald from Montreal; flowers, Mr. Sprague, Mrs. Yoe, Mrs. Wilson, and Mrs. Robert Wilson; flower vases, Mrs. Ubrich.

A colored gentleman, well-known throughout the States, was in the city a few days ago, leaving for the East via Vancouver after a stay of a day or so. He is H. L. Scott, and has been lecturing in various parts of the country, his subject being the "South African war. He was in Ladysmith during the siege, and as a souvenir of that trying occasion carries a pair of spurs made out of one of the latest shells fired into the beleaguered city. His spurs, which were all with the British in the war, the ill-treatment meted out to the natives in South Africa by the Boers having aroused his indignation. While here he was a guest of George Carter.

The eighty-seventh drawing for an appropriation in the Victoria Building society, held on Monday evening, August 1, at 8 o'clock, was held by Duncan Stewart, A and B withdrew; 40B, James Stewart, the rest of the series being withdrawn; 194C and D, executors of the late John Ward; A and B withdrew; 42A and B, Otto Weller, C and D withdrew; 290C and D, Mrs. Bornstein, A and B withdrew; 140D Geo. Brown, rest of series withdrawn; \$10,000 in all was appropriated. The half-yearly report and balance sheet were presented at Wednesday night's meeting and considered very satisfactory. A resolution was passed permitting members who have repaid loans to commute these shares at 10 per cent. less than formerly.

The steamer Closet, Captain Gerding, which was sent by Superintendent Scharschmidt, on July 18th to explore the route from White Horse to Mush creek, has returned to Dawson, having performed the duty, and the report is altogether favorable. The Yukon river was ascended by the Closet, and was found to be eighty miles from Fifty-mile river to Arkel. There is good water, except a rapid of fifty yards, which is easily navigated by lining up stream. It is eight miles across Arkel lake, and approximately thirty-five from Lake Arkel to Mush creek. The country is well wooded and an easy trail could be located without difficulty. The total distance from White Horse to Mush creek is 130 miles.

The annual croquet tournament of the Vancouver Lawn Tennis Club will be held during the week beginning Monday, August 11th. The list of events will include open singles (ladies and gentlemen), cup championship; open ladies' doubles; open mixed doubles; open men's doubles; handicap singles (ladies and gentlemen); handicap ladies' doubles; handicap mixed doubles; handicap men's doubles.

Str. Jeanie is back from Seattle from Nome, and while not so badly injured as the Portland, also shows evidence of Arctic experience, which, during the weeks it lasted, kept the friends of those aboard in painful suspense. She is leaking much around her rudder sleeve. Several of the ladies of the propeller are about bent. The water is coming in at the rate of about six inches an hour, and one pump is running at half speed continually.

Fred Sherbourne, the contractor who is erecting the Tye smelter at Ladysmith, was in the city yesterday. He reports satisfactory progress in the work of construction. The walls are rapidly going up and everything points to an early completion of the task. Several carloads of machinery for the establishment are on the way to Ladysmith, and where the facilities for landing it and other material required are of the most favorable order.

R. Bombough, who left this city in February last, intending to take up land near Calgary, N.W.T., has returned to Victoria after having had quite an experience while there with snow, rain and mud. He has decided to locate permanently in Victoria again, having purchased yesterday, through Messrs. P. C. MacGregor & Co., the property corner Lamson and Craigflower road, where he will commence the erection of a building at once.

A dispatch from Skagway, dated July 29th, says: "Joseph Genelle arrived here this morning on his way to Dawson, and left for White Horse on the White Pass road. He was accompanied by Mrs. Genelle. The three Northwest Mounted Police, who were supposed to accompany him to Dawson, did not appear to take any great interest in his charge. They left him to his own devices, and they party did not have any trouble here at all. Mr. Genelle appeared anxious to reach Dawson as soon as possible."

The White Horse Star of July 23rd says: "On the last trip of the steamers Dawson and Yukon the following amounts of gold dust were shipped out in charge of the Alaska Pacific Express Co.; Canadian Bank of Commerce, \$305,000 to Seattle; Bank of B. N. A., \$240,000 to Selby smelter; Richard Koelliker, \$9,500 to Seattle. Besides the above \$57,800 were sent out in small shipments, making a grand total on the two boats of \$673,420. The total amount of gold dust shipped out from Dawson via White Horse since the opening of navigation has been \$5,375,436.

WATER REGULATIONS.

Commissioner Gives Notice That They Have Been Rescinded. The water question now stands where it did before the war, or rather, agitation. The twice-a-week regulations are now chalked down on the blackboard of history after an existence of a little more than a fortnight. But in that brief term they attained a degree of celebrity which seldom falls to the lot of municipal ordinances. They also failed to accomplish the object for which they were intended, so they were wisely withdrawn.

The idea, as is well known, was to give a better water supply to the higher levels by limiting the use of it to twice a week throughout the city, each of three districts being allowed two days. It was found, however, that this did not benefit the higher levels as was expected, and it caused a vigorous kick from the other part of the city as well. A notice under the signature of the water commissioner, therefore, appears in the press announcing the rescinding of the much mooted regulations and the revival of the old order, the hours of which are from 5 to 9 a. m., and 5 to 10 p. m.

CRICKET.

FERNSWOODS v. VICTORIANS. The Fernwoods and Victoria second eleven will play at Beacon Hill to-morrow afternoon, commencing at 2 o'clock. Each team has won a game, and to-morrow's result should therefore prove more than ordinarily interesting. The Fernwoods are as follows: E. A. Gallop, C. Berkeley, J. H. Griffiths, capt., A. St. John, J. H. Condit, A. Wheeler, H. Claydon, W. H. Binn, H. Dunnell, J. G. Brown and H. Wilson.

VICTORIA v. GARRISON. The Victoria senior eleven and the Garrison cricket team will try conclusions at Work Point to-morrow afternoon.

LACROSSE.

TO-MORROW'S GAME. The Victoria West and James Bay lacrosse teams will cross sticks in the Caledonia grounds to-morrow afternoon at 3.15 p. m., in what promises to be a fast game. The game will be a decisive one, as the teams are tied in the intermediate series. Both aggregations, recognizing that much is expected of them to-morrow, have been devoting considerable time to practice and should be in the best form for the struggle. There should be quite a large attendance of enthusiasts representing both sections of the city whose youthful champions will be on the field. The Victoria West team is as follows: Goal, J. St. John; 1st defence, C. P. Baker; 2nd defence, H. Crocker; cover point, H. Jacobson; 1st defence, C. Fairall; 2nd defence, C. Taylor; 3rd defence, R. Doolittle; centre, F. Baker; 3rd home, H. Monteith; 2nd home, D. Sinclair; 1st home, T. Cessford; outside home, W. Fairall; inside home, H. Stevens; spare men, Hattersley, Russell and Fesliffe.

JUNIOR MATCH.

The Capital City and South Park lacrosse teams will have another go at it in the Caledonia grounds to-morrow afternoon, commencing at 2 o'clock. As everybody can easily understand, the rivalry that must exist between these youngsters, it goes without saying, is a very interesting one. The Capital City team will play as follows: Goal, Pike; point, F. Doolittle; cover point, Fawcett; 1st defence, W. Ross; 2nd defence, Scott; 3rd defence, Johnson; centre, Stawley; 3rd home, Mulcahy; 2nd home, W. Cullin; 3rd home, J. McDonald; 1st home, Simpson; inside home, Kinsey.

BASEBALL.

THE GAME WITH NANAIMO. Nanaimo will be the Victoria's next opponents, the game being played on Saturday at Oak Bay park.

This year's Nanaimo side is a much stronger team than that which represented the Coal City last season, several new players having been added to the team. Ziegler, who plays third base, is a very new man, he having formerly played in one of the Sound semi-professional teams. Heavily lost year Vancouver's victory is also with Nanaimo this year. Korke, who played with the Victoria for several seasons, is one of the best players in the team. He is an exceptionally fine fielder, a splendid base runner, and a good batter. In the minor league between Vancouver and the Coal City a couple of weeks ago, he was the only Nanaimo man to secure a safe hit off Holness, a no-bagger the first time up. Greenwood will be pitching for the visitors and Aiken the receiving.

For the locals, Schwenger will most likely do the pitching and Smith the catching. This will be Schwenger's second attempt at pitching, and if he is as successful this time as he was last time, the visitors will have but little chance of winning the game. The balance of the team will be the same as last year. The line-up of the Nanaimo team is: Greenwood, p.; Aiken, c.; Aiken, 1b.; Ashman, 2b.; Ziegler, 3b.; Crocker, a. c.; Culligan, r. f.; Graham, c. f.; Ross, l. f. Geo. Smith will act as umpire. The game will be called sharply at three o'clock. The transit company will provide plenty of extra cars to handle the crowd. Tickets will be on sale at the usual prices.

JOINS BOSTON CLUB.

Chicago, Aug. 1.—Charles Dexter, the utility man recently released by the Chicago National League, has signed with the Boston club of the National League. He will play the outfield.

MEDIATORS.

A good game is expected at Beacon Hill to-morrow afternoon between the Fernwoods and the Victoria Intermediate. Both sides are in satisfactory condition and confident of making their opponents work hard for victory. The Fernwoods were chosen after practice last night as follows: R. Peden, p.; G. Clarke, c.; W. Malcolm, 1b.; H. Macmillan, 2b.; C. Handford, 3b.; H. Jamieson, a. c.; J. Macmillan, c. f.; W. Macmillan, r. f.; S. Nason, l. f.; F. Merrifield, and A. Ash, reserves. The Victorians will play as follows: S. Smith, p.; H. Ierd, c.; A. Shanks, 1b.; J. Woods, 2b.; S. Shanks, 3b.; A. Gray, a. c.; W. Buckle, r. f.; J. C. Brown, l. f.; R. Schnoter, c. f. The match will be played at 3 o'clock sharp, and the umpire will be selected on the grounds.

OFFICERS ELECTED.

After practice, a meeting of the Fernwood Baseball Club was held last night, when George Clarke was elected captain and W. P. Merchant vice-captain.

Sergeant W. Callow, the jovial master tailor of the Royal Garrison Artillery, with his wife and six children, left here yesterday for Montreal in a message on the Lake Ontario for England. Sergt. Callow is proceeding to the depot at Scarborough to take his discharge, which will entitle him to a pension, on completing a total of 22 years' service. He has served abroad at St. Lucia, Bermuda, Halifax, N. S., and Victoria, B. C. During his stay here he has made a large circle of friends, both civil and military, who deeply regret his departure. On leaving Work Point barracks, Sergt. Callow and family received a farewell oration, and a large number of men on the wharf to see them off.

Hon. Senator Templeman visited the range during the morning and took occasion to congratulate the association on the excellent arrangements made for the prize meeting, and expressed his pleasure that all the useful improvements applied for had been granted. Lieut. Col. Holmes, D. O. C., was also an interested spectator, but to the general regret of all could not find time to take part in the shooting.

The D. O. C. is an old shot, and some years since won a place on the Wimbledon team. The range was graced by the presence of Miss Dorothy McTavish, who came on the scene during the firing in the Helmcken match, the first prize in which is the "Dorothy" medal, and who expressed much interest in the keen shooting for this coveted trophy, which was brisk and exciting throughout.

The result was known by lunch time, and when the scores were figured up Pte. W. Miller, of New Westminister, was declared the winner, with the score of 99 out of a possible 105. The following is the result of the Helmcken match: Ranges 200, 500 and 600 yards, 7 shots at each range.

200—Pte. W. Cuckow, Vancouver, 14
200—Pte. W. Dunham, Victoria, 13

The B. C. Electric Railway cup, fired by teams representing the various cities of the province, was won by Vancouver, with 507 points, Victoria second, 505; New Westminister 576, comprising aggregate scores in the above match.

**CITY NEWS IN BRIEF.**

Nearly the entire section of Government street, between Yates and Johnson streets, has been paved, and in a manner which has evoked much favorable comment.

The remains of the late Jas. Campbell were laid to rest this afternoon. The funeral took place from the parlors of W. J. Hanna. Rev. Dr. Campbell conducted appropriate services at the parlors, and a grave service. Many beautiful floral offerings were presented.

The funeral of the late Henry C. Marr took place this afternoon from the parlors of W. J. Hanna. There was a large attendance and many beautiful floral offerings. Rev. Dr. Campbell and Rev. J. P. Vichet conducted the services. The pallbearers were Messrs. Robt. Mowat, A. B. Reg, H. C. Gray, H. L. Salmon, E. E. Welsh, and A. Brendenley.

The James Bay lacrosse team, which will cross sticks with the Victoria West players in the Caladonia grounds tomorrow afternoon, will be composed of the following: J. Richmond, F. W. H. Pike, C. Pike, A. Haughton, G. Simpson, J. Finlayson, M. Schoter, C. White, A. Proctor, C. Whyte, J. Lorimer, J. Lowridge, and McDonald. Ladies will be admitted free.

Tomorrow afternoon and evening the choir of the First Presbyterian church will hold their annual picnic at Big Kanaka ranch, Esquimalt, leaving the corner of Johnson and Government streets by the 1:30 p. m. Esquimalt car. Big Kanaka ranch is an ideal spot for a small picnic party, and the choir and invited friends expect to have a delightful outing. Sports and games and other amusements have been arranged for.

The Chinese gambling case was dropped in the police court yesterday afternoon. F. Higgins, counsel for the prosecution, withdrew because, as he said, the informant told him an altogether different story to what he had told in court. On the witness stand he would not swear positively that L. G. J. DeWitt was the proprietor of the place. The informant also desired to withdraw the information, which was done.

An offer of a position in the Grand Forks school at a salary of \$200 per year has been accepted by Miss Winter, primary teacher in Spring Ridge School. Miss Winter's specialty is primary work, and during her term of service at this city she has been exceptionally successful. Certainly Victoria's loss will be grand Forks' gain. It is probable that the school board will meet next week to fill the vacancies caused by the resignation of Miss Winter and Miss McKenzie.

The J. B. A. A. smoking concert, to be held to-night in honor of the champion crew, W. Wilson, C. B. Kennedy, H. Briggs and L. A. Gill, promises to be a very enjoyable affair. An athletic programme will be rendered, and no effort has been spared which could conduce to the enjoyment of all present. It is to be hoped that there will be a large attendance, to show conclusively that Victoria heartily appreciates and admires the work of the four—who brought to this city two Northwest championships.

An effort is being made by a number of fish dealers in the city to have the fish exhibit here, including aquaria, which will exhibit different varieties might be accommodated during the show. This would be an unique attraction and would, it is contended, be comparatively inexpensive. The fish can readily be secured for the purpose, and with the machinery in operation on the grounds, such as was employed last year in pumping fresh water to no purpose except to demonstrate its working ability, a fresh supply of salt water might be kept continuously on hand with little difficulty from Oak Bay to the Agricultural buildings. The distance is very short and this fact would, it is claimed, make the exhibition a perfectly feasible one. The whole matter has been brought to the attention of the authorities of the exhibition and is now under consideration.

**McADAMS RELEASED AFTER APOLOGIZING**

**SEVERE LECTURE IS GIVEN TO OFFENDER**

Jurisdiction of the Court in Cases of Contempt—Authority Cited by Chief Justice.

The McAdams case, which has attracted considerable attention for some little time past, reached another—and it is to be hoped the last—stage this morning, when the offending editor of the Standard Paystreak was lectured for his misdeeds and released, after signing a complete apology to the judges for his offence. An undertaking from A. E. McPhillips, K.C., that the apology should be published in the Paystreak and a copy of same filed in the court was also accepted by their Lordships as a condition of the release.

Wm. McAdams was brought from the provincial goal into the Full court by Solicitor-General J. W. Whyte, Westminister, the Chief Justice and Mr. Justice Drake, Mr. Justice Walkem being indisposed; and the deputy attorney-general, Mr. McLean, appeared for the crown, and Mr. Wootton represented Mr. McPhillips, attorney for McAdams.

The deputy attorney-general opened the proceedings by addressing the court. "Your Lordships will remember that a short time ago Wm. McAdams was brought before you charged with a gross contempt of court contained in an article published in the Standard Paystreak, of the 17th of May last, in which he not only interfered with the due administration of justice by seeking to prejudice a cause then before the courts as far as a contempt of court case was concerned, but also made an unjustified attack upon the members of the Supreme court bench of British Columbia. When this was brought before you, the accused made a qualified apology, which was not satisfactory to your Lordships, and you therefore sentenced him to a term of imprisonment in the common goal. Since then McAdams has signed a written apology to the court in regard to the matter complained of, and his counsel, Mr. McPhillips, who is represented here by Mr. Wootton, has undertaken to see that the apology is fully printed in the Standard Paystreak. The apology is as follows:

"The only motive present to my mind in writing the article was what I conceived to be the interest of the public. I wrote it on the impulse of the moment. In doing so I used language referring to the court in terms which were intended to be disrespectful and void of the respect due to the judges of the law and office. The expressions were deliberately intended to bring discredit on the bench, but were the outcome of my very strong feelings. I deeply regret the publication of the article, and the inexcusable and insulting language in which I referred to the judges of the Supreme court, and herewith withdraw and apologize for the same.

Mr. McPhillips' undertaking is as follows: "I hereby undertake that the written apology of Wm. McAdams for the article in question which was published in the Standard Paystreak of May 17th shall be duly published in the issue of the Paystreak of August 9, 1902, and that a copy of the same will be duly filed in the court with the records of the case." Signed A. E. McPhillips.

"Under these circumstances I shall move, if your Lordships think fit, that the accused be discharged from custody on condition that the terms of the apology are duly carried out. I am inclined to think that your Lordships now recognize that he acted wrongly in trying to prejudice a person who had been accused of the crime of contempt of court, and in trying to scandalize the court and in trying to bring discredit on the members of the bench. Mr. Wootton said that he represented Mr. McPhillips. He did not think that the release should be conditional, but that it should be an unconditional discharge.

The Chief Justice said: "The Court has agreed that the release will be conditional on the terms of the apology published in the Paystreak, otherwise the prisoner will be re-arrested. This case seems to have attracted considerable attention and during her term of service at this city she has been exceptionally successful. Certainly Victoria's loss will be grand Forks' gain. It is probable that the school board will meet next week to fill the vacancies caused by the resignation of Miss Winter and Miss McKenzie.

**COFFEE is king of the Breakfast Table.**

It can spoil a good breakfast; it redeems a bad breakfast. Food feeds the body; coffee feeds both body and wits. It stimulates and arouses! Six hundred years has found no substitute for it. But unless you drink extra pure coffee you lose the subtle invigoration and might as well drink water. There are many ways of missing pure coffee; there is one sure way of getting it. Ask your grocer for Chase & Sanborn's Coffee and refuse substitutes.

self upon the mercy of the court was fined \$100 and \$25 costs and ordered to be imprisoned until those sums were paid. I have noticed some comments in the newspapers concerning the sentence on McAdams which kept him in prison until securities were furnished for his good behavior, but that sentence was perfectly just and proper in order to enforce his due submission to the court. I communicated with the minister of justice in regard to that, and I have received an answer that the court has complete power to do as it pleases in the matter.

Addressing the prisoner, His Lordship said: "William McAdams, you have been found guilty of what was one of the gravest contempts of court ever recorded. I have searched the record of such cases, and I have found no case which approaches this. In such cases as this I cannot but exercise my jurisdiction, and the only reason the court will take a lenient course is because the press has not been checked up in such matters as might have been. Your ignorance of the liberties of one man's behavior to another man seems to be remarkable. I have perused these few issues of your paper which I have here, and I must say that a more disrespectful and atrocious paper I have never seen."

His Lordship then read a few extracts of a scandalous character, and concluded by saying that the Paystreak had been an absolute disgrace to British Columbia. Mr. Justice Drake concurred in the remarks of the Chief Justice. The prisoner was then ordered released, and the court adjourned.

Free Again. Wm. McAdams is again enjoying the air of freedom, and the flavor of a good cigar. He enjoyed the day calling on friends, and receiving congratulations on the happy termination of the affair. He has no fault to find with the hospitality of Victoria, especially of Warden Johns, who was the most considerate of hosts during the enforced visit of the young editor to the castle on Toimie avenue.

Rev. Elliot S. Rowe and Smith Curtis, M. P., interested themselves very much in the case of McAdams, both of them having had a previous acquaintance with him by his family, and had not a little to do with the steps which ended in his release. The liberated editor will spend a few days at the Capital, calling on friends before returning to Standard, where the Paystreak has continued to widen during his absence, under the pick of R. T. Lowery, of the New Denver Ledger.

A very enjoyable ice cream social was held last evening in connection with the above order in the Caladonia hall, Blanchard street, Bro. A. S. Smith, United States consul, occupied the chair.
