Lloyd's Register of Shipping.

Port Vancouver, B. C.

April 1st, 1940

This is to Certify that I have

Surveyed the ~~Boiler~~ and Machinery of the S.S. "SALVAGE KING" 1164 tons gross of Victoria on dry dock. Sea connections and fastenings examined. Screw shaft drawn and examined,

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have Recommended that the record of L.M.C. be retained and notation C. L. 3,40

be made in the Register Book in the case of this vessel. ~~when~~
~~the survey has been completed.~~

Parts now examined:—

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
