EXECUTIVE ORDER 9227

AMENDMENT OF EXECUTIVE ORDER NO. 4314 OF SEPTEMBER 25, 1925, ESTABLISHING RULES GOVERNING THE NAVIGATION OF THE PANAMA CANAL AND ADJACENT WATERS

By virtue of and pursuant to the authority vested in me by section 9 of title 2 of the Canal Zone Code, approved June 19, 1934, Executive Order No. 4314 of September 25, 1925, as amended, establishing rules governing the navigation of the Panama Canal and adjacent waters, is hereby further amended as shown below:

1. Rule 30 in Chapter IV of the said Executive order is amended to read as follows:

"Rule 30. *Status and function of pilot.* The pilot assigned to a vessel shall have control of the navigation and movement of such vessel."

2. Chapter VII of the said Executive order, consisting of Rules 89 to 101 thereof, is amended, in accordance with the provisions of section 10 of title 2 of the Canal Zone Code, as amended by section 1 of the act of June 13, 1940, c. 358, 54 Stat. 387, to read as follows:

"CHAPTER VII—ACCIDENTS AND CLAIMS

"Rule 89. *Injuries to vessels, etc., by reason of passage through locks.* The Governor of The Panama Canal shall promptly adjust and pay damages for injuries to vessels, or to the cargo, crew, or passengers of vessels, which may arise by reason of the passage of such vessels through the locks of the canal under the control of officers or employees of The Panama Canal: *Provided, however,* that no such damages shall be paid in any case wherein the Governor shall find that the injury was proximately caused by the negligence or fault of the vessel, master, crew, or passengers: *Provided further,* that in any case wherein the Governor shall find that the negligence or fault of the vessel, master, crew, or passengers proximately contributed to the injury, he shall diminish the award of damages in proportion to the negligence or fault, as determined by him, attributable to the said vessel, master, crew, or passengers: *And provided further,* that damages shall not be allowed and paid for injuries to any protrusion beyond the side of a vessel, whether such protrusion is permanent or temporary in character. The amounts of the respective awards of damages under this Rule may be adjusted, fixed, and determined by the Governor by mutual agreement, compromise, or otherwise, and such amounts shall be payable promptly out of any moneys appropriated or allotted for the maintenance and operation of the Panama Canal; and acceptance by any claimant of the amount awarded to him shall be deemed to be in full settlement of such claim against the Government of the United States.

"Rule 90. *When vessel deemed passing through locks.* For the purposes of Rule 89, a vessel shall be considered to be passing through the locks of the canal, under the control of officers or employees of The Panama Canal, from the time the first towing line is made fast on board before entrance into the locks and until the towing lines are cast off upon, or immediately prior to, departure from the lock chamber.

"Rule 91. *Action upon claim by claimant who considers himself aggrieved.* With respect to any claim for damages for injuries arising by reason of the passage of any vessel through the locks of the canal, as provided in Rules 89 and 90, any claimant for damages who considers himself aggrieved by the findings, determination, or award of the Governor, in reference to his claim, may, as provided in section 10 of title 2 of the Canal Zone Code, as amended as aforesaid, bring an action on such claim against The Panama Canal in the United States District Court for the District of the Canal Zone; and in any such action the provisions of said section 10 of title 2, as amended, and the regulations of the President authorized under section 9 of title 2 of the Canal Zone Code, applicable to the determination, adjustment, and payment of such claims for damages, by the Governor, shall be applicable; and any judgment obtained against The Panama Canal shall be paid promptly out of any moneys appropriated or allotted for the maintenance and operation of the Panama Canal.

"Rule 92. *Injuries to vessels, etc., in Canal Zone waters other than locks.* The Governor shall promptly adjust and pay damages for injuries to vessels, or to the cargo, crew, or passengers of vessels which may arise by reason of the presence of such vessels in the waters of the Canal Zone, other than the locks, when the Governor shall find that the injury was proximately caused by negligence or fault on the part of any officer or employee of The Panama Canal acting within the scope of his employment and in the line of his duties in connection with the operation of the canal: *Provided, however,* that when the Governor shall further find that the negligence or fault of the vessel, master, crew, or passengers proximately contributed to the injury, he shall diminish the award of damages in proportion to the negligence or fault, as determined by him, attributable to the said vessel, master, crew, or passengers: *Provided further,* that in the case of any vessel which is required by or pursuant to regulations heretofore or hereafter prescribed under section 9 of title 2 of the Canal Zone Code to have a Panama Canal pilot on duty aboard, no damages shall be adjusted and paid for injuries to any vessel, or to the cargo, crew, or passengers of any such vessel, incurred while the vessel is under way and in motion, unless at the time such injuries are incurred the navigation or movement of the vessel is under the control of a Panama Canal pilot: *And provided further,* that the Governor shall not adjust and pay under this Rule any claim for damages for injuries in case the amount of the claim exceeds $60,000, but shall submit such claim to the Congress by a special report containing the material facts and his recommendations thereon. The amounts of the respective awards of damages under this Rule may be adjusted, fixed, and determined by the Governor by mutual agreement, compromise, or otherwise, and such amounts shall be payable promptly out of any moneys appropriated or allotted for the maintenance and operation of the Panama Canal; and acceptance by any claimant of the amount awarded to him shall be deemed to be in full settlement of such claim against the Government of the United States.

"Rule 93. *Prohibition of certain actions upon claims.* Except as otherwise provided in Rule 91, no action for damages for injuries arising in connection with the operation of the canal and by reason of the presence of a vessel in the waters of the Canal Zone shall lie in any court against the United States or The Panama Canal, or against any officer or employee of The Panama Canal: *Provided, however,* that nothing in this Rule shall be construed to prevent or prohibit actions against officers or employees of The Panama Canal for damages for injuries resulting from acts of such officers or employees outside the scope of their employment and not in line with their duties, or from acts of such officers or employees committed or performed with intent to injure the person or property of another.

"Rule 94. *Investigation of accidents involving potential claims.* Whenever, within the waters of the Canal Zone, including the locks of the canal, a vessel, or its cargo, crew, or passengers, meets with an accident or sustains any injury which may be the basis of a claim against The Panama Canal, or inflicts any injury upon any structure, plant, or equipment of The Panama Canal, the Board of Local Inspectors of The Panama Canal, or a member thereof, shall promptly conduct an investigation of such accident or injury, including all the facts and circumstances surrounding it and bearing upon its proximate causation, the nature and extent of the injury, and the amount of the damages, if any, occasioned by such injury, and shall promptly, upon the conclusion of such investigation, transmit to the Governor, for his consideration in connection with any claim which may arise, a transcript of the record of such investigation, together with its findings and conclusions respecting the accident or injury. All matters pertaining to such investigation shall be completed before the vessel concerned leaves Canal Zone waters, and no claim shall be considered unless the basis therefor has been laid before the Canal authorities prior to the vessel's sailing.

CROSS-REFERENCE

Compelling attendance and testimony of witnesses and production of books and papers before members of board, see Canal Zone Code, title 2, sections 42 and 43.

"Rule 95. *Measure of damages in determining award.* (a) *General.* In determining the amount of the award of damages for injuries to a vessel for which The Panama Canal is found or determined to be liable, there may be

included: (1) actual or estimated costs of repairs; (2) charter hire actually lost by the owners or charter hire actually paid, depending upon the terms of the charter party, for the time the vessel is undergoing repairs; (3) maintenance of the vessel and wages of the crew, if such are shown to be actual additional expenses or losses incurred outside of the charter hire; (4) other expenses which are definitely and accurately shown to have been incurred necessarily and by reason of the accident or injuries: *Provided, however*, that there shall not be allowed agent's fees or commissions or other incidental expenses of similar character, or any items which are indefinite, indeterminable, speculative, or conjectural. The Comptroller of The Panama Canal shall be furnished such vouchers, receipts, or other evidence as may be required by him in support of any item of a claim.

(b) *Where vessel not operated under charter.* If a vessel is not operated under charter but by the owner directly, evidence shall be secured, if available, as to the sum for which vessels of the same size and class can be chartered in the market. If such charter value cannot be determined, the value of the use of such vessel to its owner in the business in which it was engaged at the time of the injuries shall be used as a basis for estimating the damage for the vessel's detention; and the books of the owner showing the vessel's earnings about the time of the accident or injuries shall be considered as evidence of probable earnings during the time of detention. If the books are unavailable, such other evidence shall be furnished as may be required by the Comptroller of The Panama Canal.

"Rule 96. *Delays for which no responsibility assumed.* The Panama Canal shall not be responsible, nor consider any claim, for demurrage or delays occasioned by landslides or other natural causes, by necessary construction or maintenance work on canal locks, terminals, or equipment, by obstructions arising from accidents, by time necessary for admeasurement, by congestion of traffic, or by any other cause except as may be specifically set forth in these Rules.

"Rule 97. *Handling of wrecked, injured, or burning vessels.* When a vessel in Canal Zone waters goes aground, or is wrecked, or is so injured that it is liable to become an obstruction in such waters, or is on fire, the Canal authorities shall have the right to supervise and direct, or to take complete charge of and conduct, all operations which may be necessary to float the vessel, to clear the wreckage, to remove the injured vessel to a safe location, or to extinguish the fire, as the case may be. The Canal authorities may, when necessary, take such action without awaiting the permission of the owner or agent of the vessel, and may require the master of the vessel and all persons under his supervision and control to place the vessel, and all equipment on board, at the disposal of the Canal authorities without cost to the Canal. In the event the vessel is subsequently found and determined to be responsible for the accident or the condition necessitating action by The Panama Canal, the necessary expenses incurred by the Canal in carrying out the provisions of this Rule shall be a proper charge against such vessel.

"Rule 98. *Penalty for injuring or obstructing canal.* As provided by section 821 of title 5 of the Canal Zone Code, any person who by any means or in any way injures or obstructs or attempts to injure or obstruct any part of the Panama Canal or the locks thereof or the approaches thereto, shall be punished by imprisonment in the penitentiary for not more than twenty years, or by a fine or not more than $10,000, or by both. And as provided by section 255 of title 5 of the said Code, if any act in violation of the foregoing provisions of this Rule shall cause the death of any person within a year and a day thereafter, the person so convicted shall be guilty of murder and shall be punished accordingly.

"Rule 99. *Liability of vessel for injury to Canal structures or equipment.* A vessel, or its owner or operator, shall be held liable for any injury to any structure, plant, or equipment of or pertaining to The Panama Canal when such injury is proximately caused by the negligence or fault of the vessel or its master or crew. No vessel shall make fast, or run any line, to any marker, buoy, beacon, or other aid to navigation; and a vessel shall so navigate as not to strike such aids in passing.

"Rule 100. *Spark and smoke hazard.* While within Canal Zone waters, vessels shall take necessary precaution to avoid the issuance of sparks or excessive smoke, and vessels shall be held liable for injuries caused by the issuance therefrom of sparks or excessive quantities of smoke.

"Rule 101. *Collection of damages from vessel owner.* In case of injury to any Canal structure, plant, or equipment occasioned by a vessel under the circumstances specified in Rules 99 and 100, the matter of damages shall be adjusted by mutual agreement when practicable between The Panama Canal and the owner, agents, or underwriters of the vessel; and in case of disagreement, the vessel or its owner or operator shall be proceeded against in the United States District Court for the District of the Canal Zone."

To: The people within the States of Washington, Oregon and California, and to the Public Generally:

Whereas by Public Proclamation No. 1, dated March 2, 1942, this Headquarters, there were designated and established Military Areas Nos. 1 and 2; and

Whereas the armed forces of the enemy have made attacks upon vessels of the United States traveling along the Pacific Coastal waters and upon land installations within said Military Areas, and it is expected that such attacks will continue; and

Whereas it is necessary to provide maximum protection for war utilities, war materials and war premises located within the States of Washington, Oregon and California against enemy attacks by sea and by air;

Now, therefore, I, J. L. DeWitt, Lieutenant General, U. S. Army, by virtue of the authority vested in me by the President of the United States and by the Secretary of War and my powers and prerogatives as Commanding General of the Western Defense Command, do hereby declare that:

§ 102.1 *Zone of restricted lighting; Washington, Oregon, and California.* (a) The present situation requires as a matter of military necessity that a Zone of Restricted Lighting be established within Military Areas Nos. 1 and 2, and that illumination within said Zone of Restricted Lighting be extinguished or controlled in such manner and to such extent as may be necessary to prevent such illumination from aiding the operations of the enemy.

(b) Pursuant to the determination and statement of military necessity in paragraph (a) hereof, a Zone of Restricted Lighting, as particularly described in Exhibit A hereof,[1] and as generally shown on the map made a part hereof and marked Exhibit B,[1] is hereby designated and established. Illumination within the entire area of said Zone of Restricted Lighting shall be extinguished or controlled at all times at night from sunset to sunrise as follows:

(1) *Signs, commercial floodlighting, display lighting and amusement places.* Illuminated signs and ornamental lighting of every description which are visible out-of-doors, and floodlighting which illuminates buildings or signs, including but not limited to all exterior advertising signs, billboards, display lighting, theatre marquee signs, building outline lighting, and interior signs and ornamental lighting immediately within unobscured window areas, shall be extinguished. This provision is not intended to prohibit ordinary store show-window lighting of normal intensity, except as provided for in paragraph (c) of this Proclamation.

(2) *Ground areas and industrial illumination.* Illumination of outdoor areas shall be controlled as follows:

(i) Subject to the exceptions hereinafter stated, illumination on all outdoor ground areas, including but not limited to automobile service station yards, outdoor parking areas, recreation areas, and entrances to buildings, shall not exceed one foot candle at any point, and all outdoor light sources shall be so shielded that no light is emitted upward. The foregoing sentence shall not apply to street and highway lights nor to the ground areas illuminated solely thereby, nor to the class of illumination referred to in the next subparagraph hereof.

(ii) All light sources for industrial and protective purposes, and light from industrial processes, shall be shielded or revised to as great an extent as may be practicable in order to eliminate or reduce to a minimum the amount of light which is emitted upward.

(3) *Traffic signs and signals.* All illuminated signs or signals which are authorized or maintained by governmental authority for the purpose of controlling street or highway traffic shall remain in operation, but shall be so shielded that no light is emitted upward.

(4) *Navigation lights and railroad signals.* Authorized lights to facilitate air or water navigation, and authorized railroad signal lights, are hereby excepted from all the provisions of this Proclamation.

(c) In addition to the restrictions hereinbefore imposed, illumination within that part of the Zone of Restricted Lighting which is visible from the sea, as hereinafter defined, shall be further diminished or obscured at all times at night from sunset to sunrise as follows:

(1) *Street and highway lights.* Street and highway lights in areas which are normally visible from the sea shall be so shielded that they are not visible from the sea at night and so that no light is emitted upward. It is contemplated that street and highway lights in other areas within the Zone of Restricted Lighting shall be governed and controlled by such subsequent orders or proclamations as the exigencies of military necessity may determine.

(2) *Residential, commercial and industrial windows.* No lighting shall be permitted behind windows or glazed doors visible from the sea unless they are covered by drapes or shades.

(3) *Street and highway traffic.* Within areas from which normal automobile headlamps are visible from the sea all vehicles shall be subject to the following regulations:

No vehicle shall operate during the night hours between sunset and sunrise with more than two lighted driving lamps, regardless of the direction of travel. Each such lamp shall provide a maximum of not more than 250 beam candlepower.

(4) *Industrial fires.* All light from industrial processes, and from industrial fires, such as light from refuse burners, kilns, and furnaces, which are visible from the sea, shall be so shielded that they are not visible from the sea at night, and so that no light is emitted upward.

(5) Except for the lights referred to in subparagraphs (b) (3), and (b) (4) hereof, all other lights visible from the sea are prohibited at night, including but not limited to light from fires, bonfires, parked cars, flashlights and lanterns.

(6) The phrase "visible from the sea," as used herein, is intended and shall be construed to mean and include that which is visible from the waters of the Pacific Ocean and from all the portion of the waters of the Straits of Juan de Fuca extending inland from the Pacific Ocean to a line running due north and south through the easternmost point on the easterly boundary line of the City of Port Townsend, Washington.

(d) Any person violating any of the provisions of this Proclamation, or orders issued pursuant thereto, is subject to immediate exclusion from the territory of the Western Defense Command, and to the criminal penalties provided in Public Law No. 503, 77th Congress, approved March 21, 1942, entitled "An Act to provide a penalty for violation of restrictions or orders with respect to persons entering, remaining in, leaving, or committing any act in military areas or zones."

PART 27—CANNED FRUIT: DEFINITIONS AND STANDARDS OF IDENTITY; QUALITY AND FILL OF CONTAINERS

CANNED FRUIT COCKTAIL

Corrections

The second undesignated paragraph of Finding 34, appearing in the third column of page 6459 of the issue for Tuesday, August 18, 1942, should read as follows:

Upon the basis of the foregoing detailed findings of fact, it is found that the promulgation of the following regulation fixing and establishing a standard of quality for canned fruit cocktail, canned cocktail fruits, canned fruits for cocktail, and specifying the manner and form of a label statement of substandard quality, will promote honesty and fair dealing in the interest of consumers; and that it gives consideration to and makes due allowance for the differing characteristics of the several varieties of the fruits present in canned fruit cocktail.

A line is missing in subparagraph (2) § 27.041 (a), appearing in the first column of page 6460. Subparagraph (2) should read as follows:

(2) Not more than 10 percent of the grapes in a container containing ten grapes or more, and not more than one grape in a container containing less than ten grapes, is cracked to the extent of being severed into two parts or is crushed to the extent that their normal shape is destroyed.

Subparagraph (7) of § 27.041 (a), appearing in the first column of page 6460, should read as follows:

(7) If the cherry ingredient is artificially colored, the color of not more than 15 percent of the units thereof in a container containing more than six units, and of not more than one unit in a container containing six units or less, is other than evenly distributed in the unit or other than uniform with the color of the other units of the cherry ingredient.

In the last sentence of the first undesignated paragraph of Finding 7, appearing in the third column of page 6460, the word "are" should read "is".

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 338.2 (*Code member price index*) is amended by adding thereto Supplement T–I, and § 338.21 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof.

Petitioner proposes a minimum price of $2.35 per ton for the coals of the Snowdrift Mine in Size Group 16 (railroad fuel) for shipment by truck, and by a footnote limits the proposed price to apply only to coals 8" x 0 in size. However, no minimum prices have heretofore been established for the coals in Size Group 16, produced from other mines in Subdistrict 4 of District No. 18, for shipment by truck, nor does the original petition in this matter contain facts sufficient to warrant the establishment of the minimum price requested therein for the coals of the Snowdrift Mine in that size group. Accordingly, since no clear showing has been made that the granting of such relief is necessary, no minimum price is established herein for the coals of the Snowdrift Mine in Size Group 16.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 15, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 338, Minimum Price Schedule for District No. 18, and supplements thereto.

[Conservation Order M–208]

PART 3049—SOFTWOOD LUMBER

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of softwood lumber for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3049.1 *Conservation Order M–208*—(a) *Definitions.* Wherever used in this order:

(1) "Softwood lumber" means any sawed lumber (except shingles or lath) of any size or grade, whether rough, dressed on one or more sides or edges, dressed and matched, shiplapped, worked to pattern, or grooved for splines, or any species of softwood, but not including plywood, veneer or used lumber.

(2) "Class 1 orders" means purchase orders or contracts for softwood lumber to which preference ratings of AAA, AA–1 or AA–2 have been or may hereafter be assigned.

(3) "Class 2 orders" means purchase orders or contracts for softwood lumber to which preference ratings of AA–2x or lower, but higher than A–1–a, have been or may hereafter be assigned (including purchase orders or contracts for softwood lumber for the uses listed on List A attached to this order, unless such orders bear preference ratings higher than AA–2x).

(4) "Class 3 orders" means purchase orders or contracts for softwood lumber to which preference ratings A–1–a or lower but not lower than A–1–k have been or may hereafter be assigned (including purchase orders or contracts for softwood lumber for the uses listed on List B attached to this order, unless such orders bear preference ratings higher than A–1–a).

(5) "Class 4 orders" means purchase orders or contracts for softwood lumber to which preference ratings lower than A–1–k have been or may hereafter be assigned (including purchase orders or contracts for softwood lumber for the uses listed on List C attached to this order, unless such orders bear preference ratings higher than A–2).

(b) *Assignment of ratings for particular uses of lumber.* (1) The following preference ratings are hereby assigned to deliveries of softwood lumber to which no higher preference ratings are specifically applied or extended:

(i) AA–2x for the uses specified in List A attached to this order.

(ii) A–1–a for the uses specified in List B attached to this order.

(iii) A–2 for the uses specified in List C attached to this order.

(2) The ratings assigned in subparagraph (1) of this paragraph (b) may be applied by the person requiring delivery of lumber for the uses specified by endorsement of purchase orders in the manner prescribed by Priorities Regulation No. 3 [1] and Priorities Regulation No. 12,[2] and the ratings may be extended by any person receiving such an endorsed purchase order in the manner and to the extent permitted by those regulations: *Provided, however,* That any other rating assigned to any delivery of softwood lumber by any preference rating order or certificate may be applied or extended in accordance with the provisions of Priorities Regulation No. 3 and Priorities Regulation No. 12 in lieu of the rating assigned in subparagraph (1) of this paragraph (b).

(3) The assignment of a preference rating in subparagraph (1) of this paragraph (b) shall not constitute authorization to begin construction under Conservation Order No. L–41, and shall not authorize the use or delivery of any material, or the application or extension of any preference rating in violation of the provisions of any conservation, limitation or other order or regulation heretofore or hereafter issued by the Director of Priorities, the Office of Production Management, or by the Director of Industry Operations or the Director General for Operations of the War Production Board.

(c) *Ratings applicable to softwood lumber.* On and after August 27, 1942, all orders bearing any rating falling within Class 1, Class 2, Class 3 or Class 4 shall be deemed to bear the highest rating included within the particular class, and shall be so treated for all purposes, including the acceptance of rated orders and the sequence of deliveries and extension of preference ratings thereunder, without any further action on the part of the person placing the order.

(d) *Restrictions on rerating.* On and after September 1, 1942, no force or effect shall be given to any revision in or rerating of a preference rating applied or extended to any purchase order or contract for softwood lumber except as specifically directed by the Director General for Operations: *Provided, however,* That with respect to purchase orders or contracts for softwood lumber to which ratings were assigned prior to September 1, 1942, such orders may be rerated prior to September 17, 1942, subject to the provisions of Priorities Regulation No. 12.

(e) *Restrictions on delivery of softwood lumber.* (1) No person shall accept delivery of softwood lumber for ultimate consumption, unless the lumber is required for use within 60 days after receipt, except that in the case of green lumber needing seasoning the period shall be enlarged to 120 days.

(2) No person shall accept delivery of any item of softwood lumber when his inventory is, or will be immediately after acceptance of such delivery, in excess of a 60 days' supply thereof.

(3) The foregoing restrictions apply to all orders for softwood lumber, including orders bearing preference ratings.

(f) *Restrictions on use of softwood lumber.* (1) On and after August 27, 1942, notwithstanding the terms of any contract or purchase order, and notwithstanding the fact that such an order may bear a preference rating, no person shall, except as specifically authorized by the Director General for Operations on Form PD–423, use, or purchase, order or accept delivery of (i) Southern pine, Douglas fir or Western larch sold as meeting specifications of 1800 or 2000 lbs. fiber stress per square inch, or 1300 or 1400 lbs. compression stress, except on Class 1 orders.

(ii) Southern pine, Douglas fir or Western larch sold as meeting specifications of 1200, 1400 or 1600 lbs. fiber stress per square inch, or 1000, 1100 or 1200 lbs. compression stress, except on Class 1 or Class 2 orders;

(iii) Southern pine, Douglas fir, West Coast hemlock, noble fir or Sitka spruce, of grades No. 1, No. 2 or any higher common grade (not including clears, selects, finish, shop or factory, and not including D or better flooring, ceiling, drop siding or partition in Southern pine), except on Class 1, Class 2 or Class 3 orders;

(iv) Idaho white pine, Northern white pine, Eastern white pine, Norway pine, Ponderosa pine, sugar pine, Lodgepole pine, Jack pine, white fir, tamarack, Eastern spruce, Engelmann spruce or Western white spruce, of Grades No. 2 or No. 3 common, except on Class 1, Class 2 or Class 3 orders.

(2) Notwithstanding the provisions of this paragraph (b), softwood lumber in transit on August 27, 1942, may be delivered to its immediate destination, and any person having softwood lumber in inventory on August 27, 1942, or who receives softwood lumber which is in transit on that date, may use it without regard to the restrictions of this paragraph (f).

(g) *Further restrictions on delivery.* No person shall sell, deliver, or cause to be delivered any item of softwood lumber which he knows or has reason to believe will be received or used in violation of the provisions of paragraph (e) or paragraph (f) of this order.

(h) *Extension of preference ratings to softwood logs.* On and after August 27, 1942, no preference rating shall have any force or effect with respect to deliveries of softwood logs (whether to be used for lumber or any other purpose.)

(i) *Allocations.* The Director General for Operations may allocate specific quantities of softwood lumber to specific persons. He may also direct the specific manner and quantities in which delivery shall be made to particular persons, and direct or prohibit particular uses of softwood lumber, or the production by any person of particular items of softwood lumber. Such allocations and directions will be made to insure the satisfaction of war requirements of the United States, both direct and indirect, and they may be made, in the discretion of the Director General for Operations, without regard to any preference ratings assigned to particular purchase orders or contracts. The Director General for Operations may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill war and essential civilian requirements.

(j) *Applicability of priorities regulations.* All transactions affected by this order are subject to the provisions of Priorities Regulation No. 1 [3] (Part 944), Priorities Regulation No. 3 [4] (§ 944.23) and all other applicable priorities regulations except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(k) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal by addressing a letter to the Chief of the Lumber and Lumber Products Branch, War Production Board, Washington, D. C.

(l) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false informatiton to any depart-

PART 1388—DEFENSE-RENTAL AREAS

[Maximum Rent Regulation 45]

HOUSING ACCOMMODATIONS OTHER THAN HOTELS AND ROOMING HOUSES

In the judgment of the Administrator, rents for housing accommodations within each of the Defense-Rental Areas and the portion of the Eastern Massachusetts Defense-Rental Area set out in § 3188.8051 (a) of this Maximum Rent Regulation No. 45, as designated in the designations and rent declarations issued by the Administrator on April 28, 1942, as amended May 22, 1942, May 30, 1942, August 1, 1942, and August 12, 1942, and on May 26, 1942, have not been reduced and stabilized by State or local regulation, or otherwise, in accordance with the recommendations set forth in the said designations and rent declarations.

It is the judgment of the Administrator that by April 1, 1941, defense activities had not yet resulted in increases in rents for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area inconsistent with the purposes of the Emergency Price Control Act of 1942. The Administrator has therefore ascertained and given due consideration to the rents prevailing for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area on or about March 1, 1942. The Administrator has made adjustments for such relevant factors as he has determined and deemed to be of general applicability in respect of such housing accommodations, including increases or decreases in property taxes and other costs.

In the judgment of the Administrator, the maximum rents established by this maximum rent regulation for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

Therefore, under the authority vested in the Administrator by the Act, this Maximum Rent Regulation No. 45 is hereby issued.

(1) Housing accommodations situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon;

(2) Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part;

(3) Rooms or other housing accommodations within hotels or rooming houses, or housing accommodations which have been, with the consent of the Administrator, brought under the control of the maximum rent regulation for hotels and rooming houses pursuant to the provisions of that regulation: *Provided,* That this maximum rent regulation does apply to entire structures or premises though used as hotels or rooming houses.

(c) The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with this maximum rent regulation.

(d) An agreement by the tenant to waive the benefit of any provision of this maximum rent regulation is void. A tenant shall not be entitled by reason of this maximum rent regulation to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of this maximum rent regulation.

§ 1388.8052 *Prohibition against higher than maximum rents.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive any rent for use or occupancy on and after the effective date of this Maximum Rent Regulation No. 45 of any housing accommodations within the Defense-Rental Area higher than the maximum rents provided by this maximum rent regulation; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. Lower rents than those provided by this maximum rent regulation may be demanded or received.

§ 1388.8053 *Minimum services.* The maximum rents provided by this Maximum Rent Regulation No. 45 are for housing accommodations including, as a minimum, services of the same type, quantity, and quality as those provided on the date determining the maximum rent. If, on the effective date of this maximum rent regulation, the services provided for housing accommodations are less than such minimum services the landlord shall either restore and maintain the minimum services or, within 30 days after such effective date, file a petition pursuant to §1388.8055 (b) for approval of the decreased services. In all other cases, except as provided in § 1388.8055 (b), the landlord shall provide the minimum services unless and until an order is entered pursuant to that section approving a decrease of such services.

§ 1388.8054 *Maximum rents.* Maximum rents (unless and until changed by the Administrator as provided in § 1388.-8055) shall be: (a) For housing accommodations rented on March 1, 1942, the rent for such accommodations on that date.

(b) For housing accommodations not rented on March 1, 1942, but rented at any time during the two months ending on that date, the last rent for such accommodations during that two month period.

(c) For housing accommodations not rented on March 1, 1942 nor during the two months ending on that date, but rented prior to the effective date of this Maximum Rent Regulation No. 45, the first rent for such accommodations after March 1, 1942. The Administrator may order a decrease in the maximum rent as provided in § 1388.8055 (c).

(d) For (1) newly constructed housing accommodations without priority rating first rented after March 1, 1942 and before the effective date of this maximum rent regulation, or (2) housing accommodations changed between those dates so as to result in an increase or decrease of the number of dwelling units in such housing accommodations, or (3) housing accommodations changed between those dates from unfurnished to fully furnished, or from fully furnished to unfurnished, or (4) housing accommodations substantially changed between those dates by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, the first rent for such accommodations after such construction or change: *Provided, however,* That, where such first rent was fixed by a lease which was in force at the time of a major capital improvement, the maximum rent shall be the first rent after termination of such lease. The Administrator may order a decrease in the maximum rent as provided in § 1388.8055 (c).

(e) For (1) newly constructed housing accommodations without priority rating first rented on or after the effective date of this maximum rent regulation, or (2) housing accommodations changed on or after such effective date so as to result in an increase or decrease of the number of dwelling units in such housing accommodations, or (3) housing accommodations not rented at any time between January 1, 1942 and such effective date,

the rent fixed by the Administrator. The landlord shall, prior to renting and in time to allow 15 days for action thereon, file a petition requesting the Administrator to enter an order fixing the maximum rent therefor. Such order shall be entered on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942. In cases involving construction due consideration shall be given to increased costs of construction, if any, since March 1, 1942.

If no order is entered on such petition within 15 days after filing, the landlord may rent such accommodations and the first rent therefor shall be the maximum rent. Within 5 days after so renting, the landlord shall report the maximum rent. The Administrator may order a decrease in such maximum rent as provided in § 1388.8055 (c).

(f) For housing accommodations constructed with priority rating from the United States or any agency thereof for which the rent has been heretofore or is hereafter approved by the United States or any agency thereof, the rent so approved, but in no event more than the rent on March 1, 1942 or, if the accommodations were not rented on that date, more than the first rent after that date.

(g) For housing accommodations constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State or any of its political subdivisions, and owned by any of the foregoing, the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942, as determined by the owner of such accommodations: *Provided, however,* That any corporation formed under the laws of a State shall not be considered an agency of the United States within the meaning of this paragraph. The Administrator may order a decrease in the maximum rent as provided in § 1388.8055 (c).

(h) For housing accommodations rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department, the rents established on the effective date of this maximum rent regulation by such rent schedule. The Administrator may order an increase in such rents, if he finds that such increase is not inconsistent with the purposes of the Act or this Maximum Rent Regulation.

§ 1388.8055 *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required. In those cases involving a major capital improvement, an increase or decrease in the furniture, furnishings or equipment, an increase or decrease of services, or a deterioration, the adjustment in the maximum rent shall be the amount the Administrator finds would have been on March 1, 1942 the difference in the rental value of the housing accommodations by reason of such change. In all other cases, except those under paragraphs (a) (7) and (c) (6) of this section, the adjustment shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942. In cases involving construction due consideration shall be given to increased costs of construction, if any, since March 1, 1942. In cases under paragraphs (a) (7) and (c) (6) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable housing accommodations during the year ending on March 1, 1942.

(a) Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable, only on the grounds that:

(1) There has been on or after the effective date of this Maximum Rent Regulation No. 45 a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) There was, prior to March 1, 1942 and within the six months ending on that date, a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, and the rent on March 1, 1942, was fixed by a lease which was in force at the time of such change.

(3) There has been a substantial increase in the services, furniture, furnishings or equipment provided with the housing accommodations since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(5) There was in force on March 1, 1942 a written lease, which had been in force for more than one year on that date, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942; or the housing accommodations were not rented on March 1, 1942, but were rented during the two months ending on that date, and the last rent for such accommodations during that two-month period was fixed by a written lease, which was in force more than one year prior to March 1, 1942, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(6) The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially higher rent at other periods during the term of such lease or agreement.

(7) The rent on the date determining the maximum rent was substantially lower than at other times of year by reason of seasonal demand for such housing accommodations. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(b) If, on the effective date of this Maximum Rent Regulation No. 45, the services provided for housing accommodations are less than those provided on the date determining the maximum rent, the landlord shall either restore the services to those provided on the date determining the maximum rent and maintain such services or, within 30 days after such effective date file a petition requesting approval of the decreased services. Except as above provided, the landlord shall maintain the minimum services unless and until he has filed a petition to decrease services and an order permitting a decrease has been entered thereon; however, if it is impossible to provide the minimum services, he shall file a petition within five days after the change of services occurs. The order on any petition under this paragraph may require an appropriate adjustment in the maximum rent.

(c) The Administrator at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) The maximum rent for housing accommodations under paragraphs (c), (d), or (g) of § 1388.8054 is higher than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942; or the maximum rent for housing accommodations under paragraph (e) of § 1388.8054 for which the rent was not fixed by the Administrator is higher than such generally prevailing rent.

(2) There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since the date or order determining its maximum rent.

(3) There has been a substantial decrease in the services, furniture, furnishings of equipment provided with the housing accommodations since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant and as a result was substantially higher than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(5) The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially lower rent at other periods during the term of such lease or agreement.

(6) The rent on the date determining the maximum rent was substantially

higher than at other times of the year by reason of seasonal demand for such housing accommodations. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(d) If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on petition of the landlord filed within 30 days after the effective date of this maximum rent regulation, or at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact; or if the Administrator is unable to ascertain such fact he shall enter the order on the basis of the rent which he finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(e) Where, at the expiration or other termination of an underlying lease or other rental agreement, housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant, the landlord may rent the entire premises for use by similar occupancy for a rent not in excess of the aggregate maximum rents of the separate dwelling units, or may rent the separate dwelling units for rents not in excess of the maximum rents applicable to such units.

Where housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant, the tenant may petition the Administrator for leave to exercise any right he would have except for this maximum rent regulation to sell his underlying lease or other rental agreement. The Administrator may grant such petition if he finds that the sale will not result, and that sales of such character would not be likely to result, in the circumvention or evasion of the Act or this maximum rent regulation. He may require that the sale be made on such terms as he deems necessary to prevent such circumvention or evasion.

§ 1388.8056 *Restrictions on removal of tenant.* (a) So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant shall be removed from any housing accommodations, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, unless:

(1) The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year but otherwise on the same terms and conditions as the previous lease or agreement except insofar as such terms and conditions are inconsistent with this Maximum Rent Regulation No. 45; or

(2) The tenant has unreasonably refused the landlord access to the housing accommodations for the purpose of inspection or of showing the accommodations to a prospective purchaser, mortgagee or prospective mortgagee, or other person having a legitimate interest therein: *Provided, however,* That such refusal shall not be ground for removal or eviction if such inspection or showing of the accommodations is contrary to the provisions of the tenant's lease or other rental agreement; or

(3) The tenant (i) has violated a substantial obligation of his tenancy, other than an obligation to pay rent, and has continued, or failed to cure, such violation after written notice by the landlord that the violation cease, or (ii) is committing or permitting a nuisance or is using or permitting a use of the housing accommodations for an immoral or illegal purpose; or

(4) The tenant's lease or other rental agreement has expired or otherwise terminated, and at the time of termination the housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons who occupied under a rental agreement with the tenant; or

(5) The landlord seeks in good faith to recover possession for the immediate purpose of demolishing the housing accommodations or of substantially altering or remodeling it in a manner which cannot practicably be done with the tenant in occupancy and the plans for such alteration or remodeling have been approved by the proper authorities, if such approval is required by local law; or

(6) The landlord seeks in good faith to recover possession of the housing accommodations for immediate use and occupancy as a dwelling by himself, his family or dependents; or he has in good faith contracted in writing to sell the accommodations for immediate use and occupancy by a purchaser, who in good faith has represented in writing that he will use the accommodations as a dwelling for himself, his family or dependents; or the landlord seeks in good faith not to offer the housing accommodations for rent. If a tenant has been removed or evicted under this paragraph (a) (6) from housing accommodations, such accommodations shall not be rented for a period of six months after such removal or eviction without permission of the Administrator. The landlord may petition the Administrator for permission to rent the accommodations during such six month period, and the Administrator shall grant such permission if he finds that the action was in good faith and not for the purpose of evading any provision of the Act or this maximum rent regulation.

(b) No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the Act or this maximum rent regulation and would not be likely to result in the circumvention or evasion thereof.

(c) The provisions of this section do not apply to a subtenant or other person who occupied under a rental agreement with the tenant, where removal or eviction of the subtenant or other such occupant is sought by the landlord of the tenant, unless under the local law there is is a tenancy relationship between the landlord and the subtenant or other such occupant.

The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

(d) At the time of commencing any action to remove or evict a tenant (except an action based on nonpayment of a rent not in excess of the maximum rent) the landlord shall give written notice thereof to the Area Rent Office stating the title and number of the case, the court in which it is filed, the name and address of the tenant and the grounds on which eviction is sought.

(e) No provision of this section shall be construed to authorize the removal of a tenant unless such removal is authorized under the local law.

§ 1388.8057 *Registration.* Within 45 days after the effective date of this Maximum Rent Regulation No. 45, or within 30 days after the property is first rented, whichever date is the later, every landlord of housing accommodations rented or offered for rent shall file in triplicate a written statement on the form provided therefor to be known as a registration statement. The statement shall identify each dwelling unit and specify the maximum rent provided by this maximum rent regulation for such dwelling unit and shall contain such other information as the Administrator shall require. The original shall remain on file with the Administrator and he shall cause one copy to be delivered to the tenant and one copy, stamped to indicate that it is a correct copy of the original, to be returned to the landlord. In any subsequent change of tenancy the landlord shall exhibit to the new tenant his stamped copy of the registration statement, and shall obtain the tenant's signature and the date thereof on the back of such statement. Within five days after renting to a new tenant, the landlord shall file a notice on the form provided therefor, on which he shall obtain the tenant's signature, stating that there has been a change in tenancy, that the stamped copy of the registration statement has been exhibited to the new tenant and that the rent for such accommodations is in conformity therewith.

No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

When the maximum rent is changed by order of the Administrator the landlord shall deliver his stamped copy of the registration statement to the Area Rent Office for appropriate action reflecting such change.

The foregoing provisions of this section shall not apply to housing accommodations under § 1388.8054 (g). The owner of such housing accommodations shall file a schedule or schedules, setting out the maximum rents for all such accommodations in the Defense-Rental Area and containing such other information as the Administrator shall require. A copy of such schedule or schedules shall be posted by the owner in a place where it will be available for inspection by the tenants of such housing accommodations.

The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including any civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

§ 1388.8058 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of housing accommodations and any tenant shall permit such inspection of the accommodations by the Administrator as he may, from time to time, require.

§ 1388.8059 *Evasion.* The maximum rents and other requirements provided in this Maximum Rent Regulation No. 45 shall not be evaded, either directly or indirectly, in connection with the renting or leasing or the transfer of a lease of housing accommodations, by way of absolute or conditional sale, sale with purchase money or other form of mortgage, or sale with option to repurchase, or by modification of the practices relating to payment of commissions or other charges, or by modification of the services furnished with housing accommodations, or otherwise.

§ 1388.8060 *Enforcement.* Persons violating any provision of this Maximum Rent Regulation No. 45 are subject to criminal penalties, civil enforcement actions and suits for treble damages as provided for by the Act.

§ 1388.8061 *Procedure.* All registration statements, reports and notices provided for by this Maximum Rent Regulation No. 45 shall be filed with the Area Rent Office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Procedural Regulation No. 3 (§§ 1300.201 to 1300.247, inclusive).

§ 1388.8062 *Petitions for amendment.* Persons seeking any amendment of general applicability to any provision of this Maximum Rent Regulation No. 45 may file petitions therefor in accordance with Procedural Regulation No. 3 (§§ 1300.201 to 1300.247, inclusive).

PART 1388—DEFENSE RENTAL AREAS

[Maximum Rent Regulation 46A]

HOTELS AND ROOMING HOUSES

In the judgment of the Administrator, rents for housing accommodations within each of the Defense-Rental Areas and the portion of the Eastern Massachusetts Defense-Rental Area set out in § 1388.9001 (a) of this Maximum Rent Regulation No. 46A, as designated in the designations and rent declarations issued by the Administrator on April 28, 1942, as amended May 22, 1942, May 30, 1942, August 1, 1942, and August 12, 1942, and on May 26, 1942, have not been reduced and stabilized by State or local regulation, or otherwise, in accordance with the recommendations set forth in the said designations and rent declarations.

It is the judgment of the Administrator that by April 1, 1941, defense activities had not yet resulted in increases in rents for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area inconsistent with the purposes of the Emergency Price Control Act of 1942. The Administrator has therefore ascertained and given due consideration to the rents prevailing for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area on or about March 1, 1942. The Administrator has made adjustments for such relevant factors as he has determined and deemed to be of general applicability in respect of such housing accommodations, including increases or decreases in property taxes and other costs.

In the judgment of the Administrator, the maximum rents established by this maximum rent regulation for rooms in hotels and rooming houses within each such Defense-Rental Area and the said portion of the Eastern Massachusetts

Defense-Rental Area will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

Therefore, under the authority vested in the Administrator by the Act, this Maximum Rent Regulation No. 46A is hereby issued.

AUTHORITY: §§ 1388.9001 to 1388.9014, inclusive, issued under Pub. Law 421, 77th Cong.

(b) This Maximum Rent Regulation No. 46A does not apply to the following:

(1) Rooms situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon;

(2) Rooms occupied by domestic servants, caretakers, managers, or other employees to whom the rooms are provided as part of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the rooms are a part;

(3) Rooms in hospitals, or rooms of charitable or educational institutions used in carrying out their charitable or educational purposes;

(4) Entire structures or premises used as hotels or rooming houses, as distinguished from the rooms within such hotels or rooming houses.

(c) The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with this maximum rent regulation.

(d) An agreement by the tenant to waive the benefit of any provision of this maximum rent regulation is void. A tenant shall not be entitled by reason of this maximum rent regulation to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of this maximum rent regulation.

(e) Where a building or establishment which does not come within the definitions of a hotel or rooming house contains one or more furnished rooms or other furnished housing accommodations rented on a daily, weekly or monthly basis, the landlord may, with the consent of the Administrator, elect to bring all housing accommodations within such building or establishment under the control of this maximum rent regulation. A landlord who so elects shall file a registration statement under this maximum rent regulation for all such housing accommodations, accompanied by a written request to the Administrator to consent to such election.

If the Administrator finds that the provisions of this maximum rent regulation establishing maximum rents are

better adapted to the rental practices for such building or establishment than the provisions of the maximum rent regulation for housing accommodations other than hotels and rooming houses, he shall consent to the landlord's election. Upon such consent, all housing accommodations within such building or establishment which are or hereafter may be rented or offered for rent shall become subject to the provisions of this maximum rent regulation, and shall be considered rooms within a rooming house for the purposes of the provisions relating to eviction.

The landlord may at any time, with the consent of the Administrator, revoke his election, and thereby bring under the control of the maximum rent regulation for housing accommodations other than hotels and rooming houses all housing accommodations previously brought under this maximum rent regulation by such election. He shall make such revocation by filing a registration statement or statements under the maximum rent regulation for housing accommodations other than hotels and rooming houses, including in such registration statement or statements all housing accommodations brought under this maximum rent regulation by such election. Such registration statement or statements shall be accompanied by a written request to the Administrator to consent to such revocation. The Administrator may defer action on such request if he has taken or is about to take action to decrease the maximum rents of any housing accommodations within such building or establishment. If the Administrator finds that the revocation so requested will not result in substantial increases in the maximum rents of housing accommodations affected by such revocation, he shall give such consent. Upon such consent, all housing accommodations affected by such revocation shall become subject to the provisions of the maximum rent regulation for housing accommodations other than hotels and rooming houses.

§ 1388.9002 *Prohibitions.* (a) Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive any rent for use or occupancy on and after the effective date of this Maximum Rent Regulation No. 46A of any room in a hotel or rooming house within the Defense-Rental Area higher than the maximum rents provided by this maximum rent regulation; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. Lower rents than those provided by this maximum rent regulation may be demanded or received.

(b) No tenant shall be required to change his term of occupancy if that will result in the payment of a higher amount per day than the maximum rent established for his present term of occupancy. Where, on June 15, 1942, or between that date and the effective date of this maximum rent regulation, a room was regularly rented or offered for rent for a weekly or monthly term of occupancy, the landlord shall continue to offer the room for rent for that term of occupancy, unless he offers another term of occupancy for a rent which results in the payment of an amount no higher per day.

§ 1388.9003 *Minimum services.* The maximum rents provided by this Maximum Rent Regulation No. 46A are for rooms including, as a minimum, services of the same type, quantity, and quality as those provided on the date or during the thirty-day period determining the maximum rent. If, on the effective date of this maximum rent regulation, the services provided for rooms are less than such minimum services, the landlord shall either restore and maintain the minimum services, or within 30 days after such effective date, file a petition pursuant to § 1388.9005 (b) for approval of the decreased services. In all other cases, except as provided in § 1388.9005 (b), the landlord shall provide the minimum services unless and until an order is entered pursuant to that section approving a decrease of such services.

§ 1388.9004 *Maximum rents.* This section establishes separate maximum rents for different terms of occupancy (daily, weekly or monthly) and numbers of occupants of a particular room. Maximum rents for rooms in a hotel or rooming house (unless and until changed by the Administrator as provided in § 1388.9005) shall be:

(a) For a room rented or regularly offered for rent during the thirty days ending on March 1, 1942, the highest rent for each term or number of occupants for which the room was rented during that thirty-day period, or, if the room was not rented or was not rented for a particular term or number of occupants during that period, the rent for each term or number of occupants for which it was regularly offered during such period.

(b) For a room neither rented nor regularly offered for rent during the thirty days ending on March 1, 1942, the highest rent for each term or number of occupants for which the room was rented during the thirty days commencing when it was first offered for rent after March 1, 1942; or, if the room was not rented or was not rented for a particular term or number of occupants during that period, the rent for each term or number of occupants for which it was regularly offered during such period.

(c) For a room rented for a particular term or number of occupants for which no maximum rent is established under paragraphs (a) or (b) of this section the first rent for the room after March 1, 1942 for that term and number of occupants, but not more than the maximum rent for similar rooms for the same term and number of occupants in the same hotel or rooming house.

(d) For a room constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State or any of its political subdivisions, and owned by any of the foregoing, the rent generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942, as determined by the owner of such rooms; *Provided, however,* That any corporation formed under the laws of a State shall not be considered an agency of the United States within the meaning of this paragraph. The Administrator may order a decrease in the maximum rent as provided in § 1388.9005 (c) (1).

(e) For a room with which meals were provided during the thirty-day period determining the maximum rent without separate charge therefor, the rent apportioned by the landlord from the total charge for the room and meals. The landlord's apportionment shall be fair and reasonable and shall be reported in the registration statement for such room. The Administrator at any time on his own initiative or on application of the tenant may by order decrease the maximum rent established by such apportionment if he finds that the apportionment was unfair or unreasonable.

Every landlord who provides meals with accommodations shall make separate charges for the two. No landlord shall require the taking of meals as a condition of renting any room unless the room was rented or offered for rent on that basis on June 15, 1942.

(f) For a room rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department, the rents established on the effective date of this maximum rent regulation by such rent schedule. The Administrator may order an increase in such rents if he finds that such increase is not inconsistent with the purposes of the Act or this Maximum Rent Regulation.

§ 1388.9005 *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required. Except in cases under paragraphs (a) (7) and (c) (4) of this section, every adjustment of a maximum rent shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942: *Provided, however,* That no maximum rent shall be increased because of a major capital improvement or an increase in services, furniture, furnishings or equipment, by more than the amount which the Administrator finds would have been on March 1, 1942, the difference in the rental value of the accommodations by reason of such improvement or increase. In cases involving construction due consideration shall be given to increased costs of construction, if any, since March 1, 1942. In cases under paragraphs (a) (7) and (c) (4) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable rooms during the year ending on March 1, 1942.

(a) Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable, only on the grounds that:

(1) There has been, since the thirty-day period or the order determining the maximum rent for the room, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) There was, on or prior to March 1, 1942 and within the six months ending on that date, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, and the rent during the thirty-day period ending on March 1, 1942 was fixed by a lease which was in force at the time of such change.

(3) There has been a substantial increase in the services, furniture, furnishings or equipment provided with the room since the thirty-day period or the order determining its maximum rent.

(4) The rent during the thirty-day period determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant, or by an allowance or discount to a tenant of a class of persons to whom the landlord regularly offered such an allowance or discount, and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942.

(5) There was in force on March 1, 1942 a written lease, which had been in force more than one year on that date, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942.

(6) The rent during the thirty-day period determining the maximum rent was established by a lease or other rental agreement which provided for a substantially higher rent at other periods during the term of such lease or agreement.

(7) The rent during the thirty-day period determining the maximum rent for the room was substantially lower than at other times of year by reason of seasonal demand for such room. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(b) If, on the effective date of this maximum rent regulation, the services provided for a room are less than those provided on the date or during the thirty-day period determining the maximum rent, the landlord shall either restore the services to those provided on the date or during the thirty-day period determining the maximum rent and maintain such services or, within 30 days after such effective date, file a petition requesting approval of the decreased services. Except as above provided, the landlord shall maintain the minimum services unless and until he has filed a petition to decrease services and an order permitting a decrease has been entered thereon; however, if it is impossible to provide the minimum services, he shall file a petition within five days after the change of services occurs. The order on any petition under this paragraph may require an appropriate adjustment in the maximum rent.

(c) The Administrator at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) The maximum rent for the room is higher than the rent generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942.

(2) There has been a substantial deterioration of the room other than ordinary wear and tear since the date or order determining its maximum rent.

(3) There has been a substantial decrease in the services, furniture, furnishings or equipment provided with the room since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent for the room was substantially higher than at other times of year by reason of seasonal demand for such room. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(d) If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on petition of the landlord filed within 30 days after the effective date of this Maximum Rent Regulation No. 46A, or at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact; or if the Administrator is unable to ascertain such fact he shall enter the order on the basis of the rent which he finds was generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942.

§ 1388.9006 *Restrictions on removal of tenant.* (a) So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant of a room within a hotel or rooming house shall be removed from such room, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, unless:

(1) The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year but otherwise on the same terms and conditions as the previous lease or agreement except insofar as such terms and conditions are inconsistent with this maximum rent regulation; or

(2) The tenant has unreasonably refused the landlord access to the room for the purpose of inspection or of showing the room to a prospective purchaser, mortgagee or prospective mortgagee, or other person having a legitimate interest therein; *Provided, however,* That such refusal shall not be ground for removal or eviction if such inspection or showing of the room is contrary to the provisions of the tenant's lease or other rental agreement; or

(3) The tenant (i) has violated a substantial obligation of his tenancy, other than an obligation to pay rent, and has continued, or failed to cure, such violation after written notice by the landlord that the violation cease, or (ii) is committing or permitting a nuisance or is using or permitting a use of the room for an immoral or illegal purpose; or

(4) The landlord seeks in good faith to recover possession for the immediate purpose of demolishing the room or of substantially altering or remodeling it in a manner which cannot practicably be done with the tenant in occupancy and the plans for such alteration or remodeling have been approved by the proper authorities, if such approval is required by local law; or

(5) The landlord seeks in good faith not to offer the room for rent. If a tenant has been removed or evicted from a room under this paragraph (a) (5), such room shall not be rented for a period of six months after such removal or eviction without permission of the Administrator. The landlord may petition the Administrator for permission to rent the room during such six month period, and the Administrator shall grant such permission if he finds that the action was in good faith and not for the purpose of evading any provision of the Act or this maximum rent regulation.

(b) No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the Act or this Maximum Rent Regulation No. 46A and would not be likely to result in the circumvention or evasion thereof.

(c) At the time of commencing any action to remove or evict a tenant (except an action based on non-payment of a rent not in excess of the maximum rent) the landlord shall give written notice thereof to the Area Rent Office stating the title and number of the case, the court in which it is filed, the name and address of the tenant and the grounds on which eviction is sought.

(d) The provisions of this section do not apply to:

(1) A subtenant or other person who occupied under a rental agreement with the tenant where removal or eviction of the subtenant or other such occupant is sought by the landlord of the tenant, unless under the local law there is a tenancy relationship between the landlord and the subtenant or other such occupant; or

(2) A tenant occupying a room within a hotel on a daily or weekly basis; or a

tenant occupying on a daily basis a room within a rooming house which has heretofore usually been rented on a daily basis.

(3) Rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

No provision of this section shall be construed to authorize the removal of a tenant unless such removal is authorized under the local law.

§ 1388.9007 *Registration.* (a) Within 45 days after the effective date of this Maximum Rent Regulation No. 46A, every landlord of a room rented or offered for rent shall file a written statement on the form provided therefor, containing such information as the Administrator shall require, to be known as a registration statement. Any maximum rent established after the effective date of this maximum rent regulation under paragraphs (b) or (c) of § 1388.9004 shall be reported either on the first registration statement or on a statement filed within 5 days after such rent is established.

(b) Every landlord shall conspicuously display in each room rented or offered for rent a card or sign plainly stating the maximum rent or rents for all terms of occupancy and for all numbers of occupants for which the room is rented or offered for rent. Where the taking of meals by the tenant or prospective tenant is a condition of renting such room, the card or sign shall so state. Should the maximum rent or rents for the room be changed by order of the Administrator the landlord shall alter the card or sign so that it states the changed rent or rents.

The foregoing provisions of this paragraph shall not apply to rooms under § 1388.9004 (d). The owner of such rooms shall post a copy of the registration statement in a place where it will be available for inspection by the tenants of such rooms.

(c) No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(d) The provisions of this section shall not apply to rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

PART 1389—APPAREL

[Maximum Price Regulation 208]

STAPLE WORK CLOTHING

In the judgment of the Price Administrator it is necessary and proper to establish prices for staple work clothing which differ in some respects from the prices established by the General Maxi-

mum Price Regulation.[1] The prices established by the following regulation, in the judgment of the Price Administrator, are fair and equitable, and will effectuate the purposes of the Emergency Price Control Act of 1942.

A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the said act, Maximum Price Regulation No. 208 is hereby issued.

Sec.

AUTHORITY: §§ 1389.201 to 1389.219, inclusive issued under Pub. Law 421, 77th Congress.

§ 1389.201 *Prohibition against dealing in staple work clothing above maximum prices.* On and after August 26, 1942, regardless of any contract or other obligation: (a) No person shall sell or deliver any staple work clothing (defined in § 1389.217) at a higher price than the maximum price established by this Maximum Price Regulation No. 208;

(b) No person in the course of trade or business shall buy or receive any staple work clothing at a price higher than the maximum price established by this Maximum Price Regulation No. 208;

(c) No person shall agree, offer, solicit or attempt to do any of the acts set forth in paragraphs (a) and (b): *Provided*, That contracts which were entered into on or before May 4, 1942, at prices which conform to the General Maximum Price Regulation may be carried out at contract prices.

§ 1389.202 *Maximum prices for staple work clothing sold at retail.* Maximum prices for staple work clothing sold at retail shall be determined under the General Maximum Price Regulation, including the amendment thereto made in Appendix C (§ 1389.219) of this Maximum Price Regulation No. 208, which is incorporated by reference in Supplementary Regulation No. 14 (§ 1499.73)[2] to the General Maximum Price Regulation.

§ 1389.203 *Maximum prices of sellers other than at retail.* Except as otherwise provided in this Maximum Price Regulation No. 208, the maximum price of a seller other than at retail for staple work clothing shall be the base price, determined under paragraphs (a), (b) or (c) of this section, less the amount indicated in paragraph (e).

(a) *List prices.* The base price for sale of a garment to a purchaser of any class shall be the price for such a sale shown on the last issued written price list:

(1) which was generally circulated among the seller's customers or representatives, during or before March 1942; and

(2) pursuant to which the seller delivered one or more garments of the same classification to a purchaser of the same class during or before March 1942.

(b) *Discounts.* The base price for sale of any garment to purchasers of a class to whom such garment was not offered on any such list shall be a base price for the same garment, determined under paragraph (a), less the seller's established percentage discount to purchasers of such class, determined as provided in this section.

(c) *Formula prices.* The base price for sale of a garment to a purchaser of any class by a manufacturer, in cases in which the same garment was sold by the manufacturer during or before March 1942 but cannot be priced under paragraph (a) or (b), shall be a price determined as follows:

(1) *Pricing formula.* To establish a maximum price for a garment to a purchaser of any class, the manufacturer shall:

(i) Determine the unit direct cost of the garment being priced.

(ii) Select from garments of the same classification for which the base price to a purchaser of the same class can be determined under paragraph (a) or (b), the one which has a unit direct cost immediately higher and the one which has a unit direct cost immediately lower than the unit direct cost of the article being priced. If all such garments are either above or below, the one closest in unit direct cost shall be selected, and if any such garment has the same unit direct cost as the article being priced, it shall be selected in addition to the garments immediately above and below.

(iii) Determine the average percentage mark-up over unit direct cost included in the maximum prices of the garments selected.

(iv) Add to the unit direct cost of the article being priced this average percentage mark-up.

The result shall be the base price.

Example

Unit direct cost of garment being priced: $9.00.

(1) Unit direct costs of other garments of same classification	(2) Maximum prices of such garments	(3) Calculation of mark-up	
$10.00	$11.50	Total maximum prices — (from (2))	$19.70
7.00	8.20	Total unit costs (from (1))	17.00
17.00	19.70	Total mark-up	2.70

Divide 2.70 (total mark-up) by 17.00 (total cost), and find average percentage mark-up of 15.9%

Multiply $9.00 (unit direct cost of garment being priced) by 15.9 and find dollar mark-up of $1.43. Add $9.00 and find maximum price $10.43

(2) *Computation of unit direct costs.* To establish the unit direct cost, the manufacturer shall add costs per unit of materials and direct labor, determined as follows:

(i) Material costs shall be calculated at the maximum prices which the manufacturer could lawfully be charged for such materials if purchased on his customary terms from the source of supply most used by him during the six months ending March 31, 1942, under the terms of schedules and regulations of the Office of Price Administration in effect on August 26, 1942, including Amendment No. 5 to Revised Price Schedule No. 35, and Amendment No. 8 to Maximum Price Regulation No. 127.

(ii) Wage rates shall be calculated at the rates paid by the seller on March 31, 1942, plus any increase subsequent thereto made pursuant to a collective bargaining contract or other wage agreement which was entered into on or before April 27, 1942, and which provides for an unconditional increase in wage rates of a fixed amount or percent.

(iii) Amounts of labor and material used shall be calculated on the basis of the manufacturer's most recent cost records of the manufacture of each garment during and before March 1942, and labor costs shall be confined to labor used in cutting, sewing, assembling, and inspecting the garment.

(d) *Meaning of terms for the purposes of this section*—(1) The "sellers established percentage discount" to any class of purchasers shall be the average of discounts allowed to purchasers of such class on orders accepted during the six months ending December 31, 1941, on the same material and labor cost basis, for the garment being priced, or if data are not available for that garment, for the most closely comparable garment of the same classification for which data are available.

(2) "Purchasers of the same class" shall be purchasers to whom the seller

during the six months ending December 31, 1941, customarily charged the same prices.

(3) A garment shall be considered the "same" as another when:

(i) The garment belongs to the same classification (as defined in § 1389.217);

(ii) The garment contains body material which is the same with respect to (*a*) construction, (*b*) weight and thread count within the tolerances of the Worth Street Rules, (*c*) finish, including shrinkage treatment, and (*d*) color fastness;

(iii) The garment consumes substantially the same average yards per dozen and has substantially the same body dimensions;

(iv) The garment contains trimmings of fairly equivalent serviceability;

(v) The garment is constructed and assembled with the same standards of workmanship and inspection. Differences in color which are not ordinarily the basis of differences in price shall be disregarded.

(4) A simplified model (defined in § 1389.218) of any garment shall be considered the "same" as such garment before simplification, except when such simplified garment becomes the same, under paragraph (d) (3) of this section, as a lower priced garment in which the seller dealt during March 1942.

(e) *Deductions.* The deduction to be made from the base price of any garment, as determined under paragraphs (a), (b) and (c) of this section, in order to determine the maximum price, shall be the product which results from multiplying the number of yards of cloth used in the garment for which such base price was determined, before simplification (if any), by the number of cents indicated in the following Table I, according to the body material of which such garment was made.

§ 1389.204 *Maximum prices for staple work clothing which cannot be priced under § 1389.203*—(a) *Special size and special order garments.* The maximum price of any garment of staple work clothing which cannot be priced under § 1389.203 by reason of its unusual size or dimensions shall be the maximum price of the most closely comparable garment of regular size priced under that section plus the percentage premiums:

(1) Which the seller customarily obtained for such garments during March 1942; or

(2) If the seller obtained no such premiums, which he customarily demanded for such garments during March 1942; or

(3) If the seller neither obtained nor demanded such premiums, which were customarily demanded during March 1942 by the most closely comparable seller who did demand such premiums.

(b) *Imperfect garments, or seconds.* The maximum price of any garment of staple work clothing which cannot be priced under § 1389.203 by reason of its substandard quality in any respect shall be the maximum price of the most closely comparable garment of standard quality priced under that section less the percentage discount:

(1) Which the seller customarily allowed for such garments during March 1942; or

(2) If the seller allowed no such discounts, which he customarily offered for such garments during March 1942; or

(3) If the seller neither allowed nor offered such discounts, which were customarily offered during March 1942 by the most closely comparable seller who did offer such discounts.

(c) *Maximum prices in other cases.* The maximum price of a garment of staple work clothing which cannot be priced by the provisions of § 1389.203 or of paragraphs (a) and (b) of this section, shall be a price determined by the seller pursuant to specific authorization from the Office of Price Administration. A seller who seeks an authorization to determine a maximum price under the provisions of this paragraph shall file with the Office of Price Administration in Washington, D. C., an application setting forth (a) a description in detail of the garment for which a maximum price is sought, and (b) a statement of the facts which differentiate the garment from others dealt in by the seller or by competitive sellers of the same class during March 1942, and shall furnish such further relevant information as may be required by the Office of Price Administration.

§ 1389.205 *Less than maximum prices.* Lower prices than the maximum prices established by this Maximum Price Regulation No. 208 may be charged, demanded, paid or offered.

§ 1389.206 *Evasion.* (a) The price limitations set forth in this Maximum Price Regulation No. 208 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to staple work clothing, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying agreement or other trade understanding, or otherwise.

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) No person shall use as a highest price charged during March 1942 to a purchaser of any class a price at which garments were delivered as samples, excepting garments delivered pursuant to an order in the ordinary course of business, under a firm commitment calling for later deliveries at the same price.

(2) No seller shall so change the allowances, discounts or other price differentials which he customarily made during March 1942 as to require any purchaser to pay a higher net price.

§ 1389.207 *Relation of this regulation to other Maximum Price Regulations.* (a) *General Maximum Price Regulation.* This Maximum Price Regulation No. 208 shall apply, and the General Maximum Price Regulation shall not apply, to sales and deliveries of staple work clothing other than at retail. The General Maximum Price Regulation shall apply, and this Maximum Price Regulation No. 208 shall not apply, except as provided in § 1389.219, to sales and deliveries of staple work clothing at retail.

(b) *Maximum Price Regulation No. 157.*[3] Maximum Price Regulation No. 157—Sales and Fabrication of Textiles, Apparel and Related Articles for Military Purposes—shall apply, and this Maximum Price Regulation No. 208 shall not apply, to sales and deliveries for which maximum prices are established by Maximum Price Regulation No. 157.

(c) *Maximum Price Regulation No. 172.*[4] Maximum Price Regulation No. 172—Charges of Contractors in Apparel Industry—shall apply, and this Maximum Price Regulation No. 208 shall not apply to transactions for which maximum prices are established by Maximum Price Regulation No. 172.

(d) *Export sales.* The maximum price at which a person may export staple work clothing shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[5] issued by the Office of Price Administration.

§ 1389.208 *Transfer of business or stock in trade.* If the business, assets or stock in trade of any seller of staple work clothing have been or shall be transferred on or after April 28, 1942, and the transferee shall carry on the business, or continue to deal in staple work clothing, in an establishment separate from any other establishment previously owned or operated by him, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no such transfer had taken place, and his obligations to keep, make available, prepare and file records shall be the same. The transferor shall either prepare and make available, or

turn over to the transferee all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions of this Maximum Price Regulation No. 208.

§ 1389.209 *Federal and State taxes.* Any tax upon, and incident to, the sale or delivery of staple work clothing, imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows in determining the seller's maximum prices for staple work clothing, and in preparing the records of such seller with respect thereto:

(a) *As to tax in effect during March 1942.* (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price during March 1942 the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such case shall include such amount in determining the maximum price under this Maximum Price Regulation No. 208.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased and in such case the seller shall not include such amount in determining the maximum price under this Maximum Price Regulation No. 208.

(b) *As to a tax or increase in a tax which becomes effective after March 31, 1942.* If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

§ 1389.210 *Informational requirements*—(a) *Records to be kept.* Every person selling staple work clothing otherwise than at retail shall keep and make available for examination by the Office of Price Administration:

(2) Records of the kind he has customarily kept relating to the prices charged for such clothing on and after April 28, 1942;

(b) *Statements to be filed.* Every person selling staple work clothing otherwise than at retail shall prepare and file with the Office of Price Administration, Washington, D. C., on or before October 1, 1942:

(1) The latest written price list, generally circulated among the seller's customers or representatives, pursuant to which the seller delivered during March 1942, any garment of each classification to each class of purchasers, with a statement showing the date of issuance of such list, to whom circulated, and the name and address of a purchaser of each class to whom a garment of each classification was delivered.

(2) A statement which shall show the maximum prices to all classes of purchasers under this Maximum Price Regulation No. 208 for all garments offered for sale on or after August 26, 1942.

(3) A description of each garment referred to in subparagraphs (1) and (2), identifying it by classification and by lot number, and furnishing such details as may be required in report forms to be prescribed by the Office of Price Administration.

On or before the tenth day of each month after September 1942, every such person shall file a supplementary statement containing the information referred to in subparagraphs (2) and (3) with respect to any offering made during the preceding calendar month and not previously listed.

(c) *Notification of retailers.* Every person delivering staple work clothing to a purchaser for sale at retail shall, within ten days after the first delivery to such purchaser made on or after August 26, 1942, notify such purchaser that he is required to price such staple work clothing under the provisions of the General Maximum Price Regulation and shall supply such purchaser with the text of §§ 1389.217, 1389.218, and 1389.219 to serve as a guide in pricing under the provisions of the General Maximum Price Regulation: *Provided,* That if such first delivery is made prior to September 1, 1942 the text of such sections may be supplied within ten days of September 1, 1942.

(d) *Disclosure of maximum prices.* Every person selling or delivering staple work clothing otherwise than at retail shall within ten days after receipt of a written request from any person to whom such clothing shall have been sold, delivered or offered for sale on or after August 26, 1942, disclose in writing to such person the maximum prices established for such sale, delivery or offer.

(e) *Identification of garments.* Every person selling, delivering or offering to sell or deliver a garment of staple work clothing shall have attached thereto a label containing the manufacturer's lot number for the garment. If the garment has been simplified as provided in § 1389.218, the lot number shall be the number used in March 1942, prefixed by the symbol "S–". No person shall use on any garment a lot number which he used in March 1942 for a different garment.

§ 1389.211 *Registration and licensing.* The registration and licensing provision of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person subject to this Maximum Price Regulation No. 208 selling staple work clothing at wholesale or at retail.

§ 1389.212 *Enforcement.* Persons violating any provision of this Maximum Price Regulation No. 208 are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for the suspension of licenses provided by the Emergency Price Control Act of 1942.

§ 1389.213 *Applications for adjustment.* The Office of Price Administration, or any duly authorized officer thereof, may by order adjust the maximum prices established under this Maximum Price Regulation No. 208 for any seller other than a seller at retail in any case in which such seller shows:

(a) That such maximum price causes him substantial hardship and is abnormally low in relation to the maximum prices established for competitive sellers of the same or similar garments; and

(b) That establishing for him a maximum price, bearing a normal relation to the maximum prices established for competitive sellers of the same or similar garments, will not cause or threaten to cause an increase in the level of retail prices.

Applications for adjustment under this paragraph (b) shall be filed in accordance with Procedural Regulation No. 1.[6]

§ 1389.214 *Petitions for amendment.* Any person seeking a modification of any provisions of this regulation, or an adjustment not provided for in § 1389.213, may file a petition for amendment in accordance with the provisions of Procedural Regulation No. 1[6] issued by the Office of Price Administration.

§ 1412.51 *Maximum prices for acetone.* (a) On and after September 3, 1942, regardless of any contract, agreement, lease or other obligation, no person shall sell or deliver acetone, and no person shall buy or receive acetone in the course of trade or business, at prices higher than the maximum prices set forth in Appendix A (§ 1412.66); and no person shall agree, offer, solicit, or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of acetone to a purchaser, if prior to September 3, 1942, such acetone had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

(b) Any sales or deliveries of acetone not specifically referred to in Appendix A (§ 1412.66) shall be subject to the provisions of the General Maximum Price Regulation.[3]

§ 1412.53 *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery. In an appropriate situation, where a petition for amendment or for adjustment or exception requires extended consideration, the Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1412.54 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 36 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to acetone alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1412.55 *Records and reports.* (a) Every person making purchases or sales of acetone for which maximum prices are established by this Maximum Price Regulation No. 36, on and after September 3, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the prices paid or received, and the specifications and quantity, including the size of the containers, of such acetone purchased and sold.

Persons affected by Maximum Price Regulation No. 36 shall submit such other reports to the Office of Price Administration as it may, from time to time require.

(c) Every person selling synthetic acetone for which upon sale by that person maximum prices are established by this Maximum Price Regulation No. 36, shall:

(1) Preserve for examination by the Office of Price Administration all his existing records relating to the prices which he charged for such of said synthetic acetone as he delivered during March 1942, and his offering prices for delivery of such synthetic acetone during such month; and

(2) Prepare on or before September 18, 1942, on the basis of all available information and records, and thereafter keep for examination by any person during ordinary business hours, a statement showing:

(i) The highest prices he charged for such of said synthetic acetone as he delivered during March 1942, and his offering price for delivery of such synthetic acetone during such month, together with an appropriate description or identification of such synthetic acetone delivered or offered for delivery; and

(ii) All his customary allowances, discounts and other price differentials.

Any person, other than a person selling at retail, who claims that substantial injury would result to him from making such statement available to any other person may file it with the appropriate field office of the Office of Price Administration. The information contained in such statement will not be published or disclosed unless it is determined that the withholding of such information is contrary to the purposes of this Maximum Price Regulation No. 36. "Appropriate field office of the Office of Price Administration" means the district office for the district (or in the absence of such district office, the State office for the State) in which is located the seller's place of business from which his sales are made.

§ 1412.56 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 36 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 36 or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest District, State, Field, or Regional Office of the Office of Price Administration, or its principal Office in Washington, D. The term "selling at retail" shall have the meaning given it by § 1499.20 (o) of the General Maximum Price Regulation.

§ 1412.59 *Federal and State taxes.* Any tax upon, or incident to, the sale, delivery, processing, or use of acetone, imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows in determining the seller's maximum price for such acetone and in preparing the records of such seller with respect thereto.

(a) *As to a tax in effect during the thirty day period ending October 3, 1942.* (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price during the thirty day period ending October 3, 1942, the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such case shall include such amount in determining the maximum price under this Maximum Price Regulation No. 36.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased, and in such case the seller shall not include such amount in determining the maximum price under this Maximum Price Regulation No. 36.

(b) *As to a tax or increase in a tax which becomes effective after September 3, 1942.* If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

§ 1412.60 *Applications for adjustment.* Any person seeking relief from a maximum price established under this Maximum Price Regulation No. 36 may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1 and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 36 to eliminate the danger of inflation.

§ 1412.61 *Petitions for amendment.* Persons seeking any modification of this Maximum Price Regulation No. 36 or an adjustment or exception not provided for herein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1 issued by the Office of Price Administration.

Such an application shall be filed in accordance with Procedural Regulation No. 1 and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 37 to eliminate the danger of inflation.

§ 1412.111 *Petitions for amendment.* Persons seeking any modification of this Maximum Price Regulation No. 37 or an adjustment or exception not provided for herein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1 issued by the Office of Price Administration.

Important. The apportioned classified Civil Service includes central offices physically located in Washington, D. C., or elsewhere. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his state of original residence. Certifications of eligibles are first made from states which are in arrears.
