TO THE TRADE.

IN presenting this, our Third Annual Catalogue of Folding Beds, to the trade, we wish to thank our patrons for the very gratifying success we have enjoyed the past season, in consequence of which we have greatly enlarged our facilities for the production of these goods, and will be prepared to fill large or small orders promptly.

We respectfully invite your attention to our latest novelties in Mantel and Upright Folding Beds. Every style is attractive, new and original, having been specially designed for us by one of the best furniture designers in this country.

The BOYINGTON FOLDING BED is so constructed that it is nicely balanced without the use of weights (the tension of the fabric furnishing the required power), which is an important item in freight as well as in moving them.

The ARGYLE FOLDING BED has the weights so adapted with adjusting screws that any one in a moment can adjust it to a perfect balance, after adding or taking away bedding.

A first-class woven wire spring is included with every bed.

All beds are well-made from thoroughly kiln dried stock, and have a first-class finish and are polished.

They can be easily and quickly taken apart without the use of tools. See directions on each bed.

The bedding is thoroughly ventilated in our beds when closed.

Our beds measure, open—Inside Measure, 50x72 in.; Outside Measure, 55x80 in. Closed:—Height, 78 in.; width, 55 in.; depth, 24 to 26 in.

Mattresses will be furnished at market price. The size should be 4-0x6-0.

We make no charge for Crating or Cartage.

Burlaps must be paid for at prices charged or returned to us per express, with all charges prepaid.

We give personal attention to obtaining low rates of freight and to the collection of excessive charges, but *do not guarantee rates and are not responsible* for over charges, delays, damage to goods in transit, or for loss.

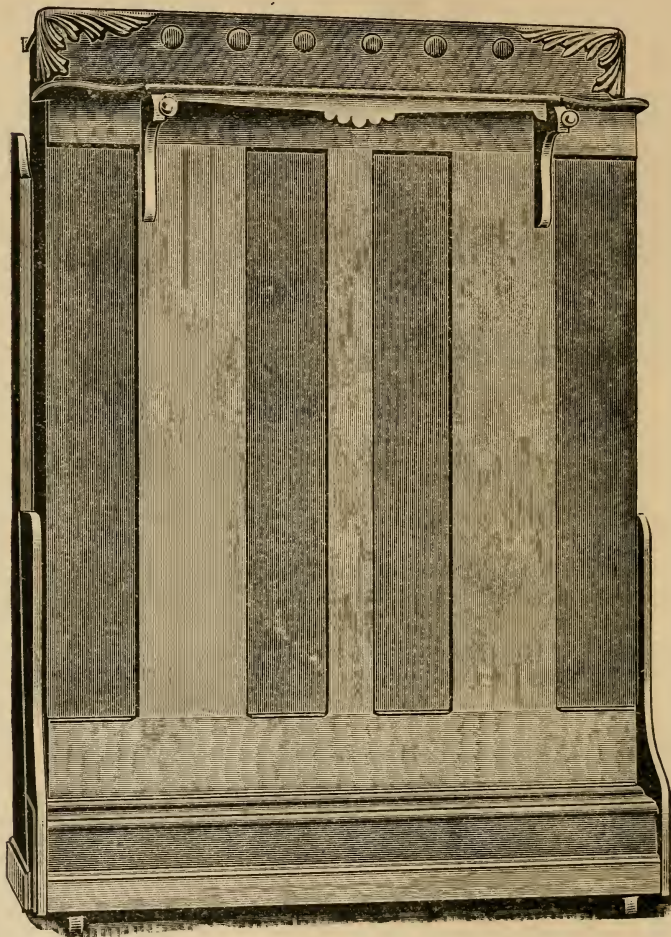

TERMS:—Net 60 days. 10 per cent off if paid within 10 days from date of invoice. Positively no discount after 10 days.

N. B.—Our customers will please note that they *must remit* for the accounts in Chicago or New York Exchange, P. O. Money Order, or currency by express prepaid, within the time specified in order to get the discount. We cannot conveniently draw for these 10 day accounts unless by special request. If not paid in 10 days, we shall, at the end of 60 days, draw for the full amount.

We invite a careful perusal of this Catalogue and comparison of styles, quality and prices with others, and hope to merit a share of your patronage.

Yours truly,

AMES & FROST COMPANY.
