BRITISH DEBATE GERMAN SITUATION

Germans Hand Over Two Battleships to the Allied Powers

Nassau and Ostfriesland Now in Firth of Forth; Remaining War Vessels Called For by the Treaty of Versailles Are to Be Handed Over.

London, April 8.—The German battleships Nassau and Ostfriesland arrived in the Firth of Forth yesterday, this constituting the commencement of the surrender of the remainder of the German warships under the terms of the Treaty of Versailles.

Ultimately the Ostfriesland will be turned over to the United States.

The dreadnought Ostfriesland was completed in August, 1911. Her normal displacement is 22,800 tons, her length 546 feet and her beam 93 feet. Her complement is about 1,100 men. She was armed with twelve 12-inch guns and smaller weapons and six torpedo tubes.

The dreadnought Nassau, completed in October, 1909, has a displacement of 13,900 tons, being 472 feet in length, with a beam of 89 feet. Her complement is 963 men. She was armed with twelve 11-inch guns and smaller weapons and six torpedo tubes.

NO OPPONENT FOR SIR H. GREENWOOD

New Irish Secretary Alone in By-election Field in Sunderland

London, April 8.—(Canadian Press)—No opponent to Sir Hamar Greenwood, the new Chief Secretary for Ireland, has yet appeared. The Liberal Association's chairman says that since Sir Hamar is willing to risk being shot in Ireland he ought not to run the risk of being politically knifed in Sunderland.

GOLD TO STATES

New York, April 8.—Ten million dollars in gold bullion arrived in New York last night from Liverpool on the Cunard liner Carmania.

PRINCE OF WALES SPENDS QUIET DAY

Reception This Afternoon Aboard Battlecruiser Renown at San Diego

San Diego, Cal., April 8.—Quiet and solitude appealed to the Prince of Wales to-day as a contrast to the proceedings of yesterday, in which he turned himself over to the direction of a local committee before lunch and wound up the day by dancing with a score or more of San Diego maidens at a ball which continued far beyond midnight.

There will be a reception aboard the battlecruiser Renown at 3 o'clock, but no other function is planned. It was believed that the Prince might either take an automobile ride over some of the California roads, concerning which he made inquiry yesterday, or might visit the Coronado Hotel and take some land exercise after his three weeks aboard ship.

To Honolulu. Late to-day the Renown will steam for Honolulu, from where she will go to the Fiji and to New Zealand, with Australia as the ultimate destination.

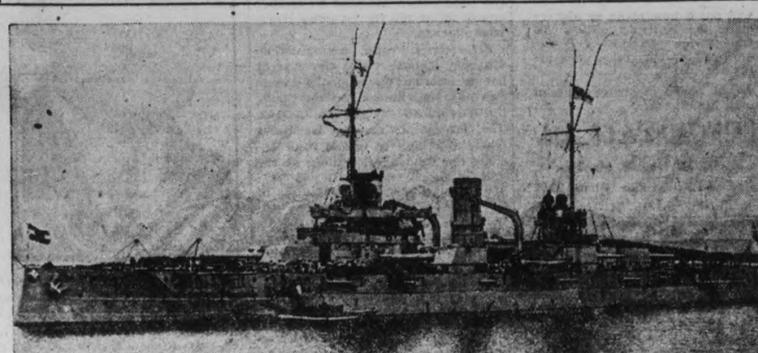

The return will be made through the Panama Canal, according to present plans.

A feature of interest to Americans was the predominance of young officers of rank in the Prince's party. While there are a few middle-aged men in responsible positions, the aides and many of the higher officers are almost as young in looks as the Prince himself, who has the appearance of a lad of eighteen although he is somewhat older.

STRIKE CALLED BY MARINE UNION AT ALL FRENCH PORTS

Paris, April 8.—A strike of maritime workers has been ordered by the Marine Union in all parts of France. The strike is already in effect at Marseilles.

NOW IN ALLIES' HANDS; FORMER GERMAN DREADNOUGHT NASSAU

The German dreadnought Nassau, completed in October, 1909, has a displacement of 13,900 tons, being 472 feet in length, with a beam of 89 feet. Her complement is 963 men. She was armed with twelve 11-inch guns and smaller weapons and six torpedo tubes.

GERMAN BATTERY FOUND INTACT BY FRENCH OFFICERS

Mayence, April 8.—Agents of the French Control Commission discovered at Duisburg on Tuesday a battery belonging to the 62nd Regiment of German regular troops, which the Berlin Government declared disbanded six weeks ago.

BOAT WITH EIGHT MEN IS MISSING

Halifax, April 8.—(Canadian Press)—Another marine disaster occurred off the Nova Scotia coast early on Tuesday morning when the steam trawler M. F. B. sprang a leak, and was abandoned in a sinking condition by her crew. Two boats came ashore at Peteswick to-day, but a third, containing eight men, is missing. While it is thought that they lost their lives, the rescued men are hopeful that their shipmates were picked up, as they report seeing some lights where the third boat became separated from the other two.

PEACE RESOLUTION WILL BE ADOPTED

Washington, April 8.—Adoption of the Republican peace resolution to-morrow by the House was indicated to-day when the rule limiting debate on the measure to nine hours was adopted, with some Democrats joining the Republicans in supporting it. The vote was 213 to 155.

SOME BIG LABOR DEMONSTRATIONS IN FRANCE ON MAY 1

Paris, April 8.—Labor demonstrations of an imposing nature are expected here on May 1, and it is declared extremists may seek to foment serious trouble. An effort may be made to start a nation-wide walkout on that date.

School Cost to Mount Higher, Teachers Told

The cost of education in the municipal and rural schools of British Columbia, which has been mounting rapidly of late years to the alarm of taxpayers, has not yet reached its highest point, S. J. Willis, Superintendent of Education for B. C., told Mayor Porter, E. B. Paul, City Superintendent of Schools, and four hundred teachers from all over the Province attending the opening session of the B. C. Teachers' Federation in the Victoria High School to-day.

"You and I have every sympathy with the mayors and councillors who have to provide the money, but we can't sacrifice school efficiency and all that means," said Mr. Willis turning to the teachers.

100 Per Cent Efficient. "Let us strive to create and maintain a school system 100 per cent efficient. The only solution of the educational problem of B. C. is to have a well-trained permanent teacher in every class-room in the Province. When this is attained we will hear less about the cost of education. A poor school is dear at any price."

Mr. Willis said he was sorry to hear of the proposals of Saanich to rob their school course of domestic science and manual training because of the increasing costs.

"I hope the Board will not find it necessary to make such a radical change," he said.

University Summer Courses. Mr. Willis announced that arrangements have been made to provide Summer courses for teachers at the University of British Columbia. For second class teachers Summer courses are proposed with supervised courses of reading during the Winter. In time it is planned that the University will be able to develop these teachers' courses so that the work will count for regular university work for a degree.

Mr. Willis also announced that the Department of Education has decided to increase the minimum salary of teachers on the Island by \$120, to \$900 a year. He hoped that the time will soon come when the Province will be able to pay at a rate which will help to make the rural school what it should be to its community.

Dr. Sedgwick, of the University of British Columbia, attacked the idea of direct teaching of ethics, morality and conduct in the public schools and patriotism through such performances as saluting the flag every morning.

BRITISH PAPERS MAKE NO PROFITS. London, April 8.—(Canadian Associated Press).—Newspaper circles here are largely interested in the Canadian newspaper shortage. It is pointed out that the price here is five pence three farthings a pound and is still rising. The trouble is not only the price, but in the actual shortage. It is asserted that not a single English newspaper is making a profit on present prices. Many journals have raised their prices more than once.

FIRST ARCHBISHOP OF WALES ELECTED. London, April 8.—(Canadian Associated Press).—Bishop Edwards, of St. Asaph's, yesterday was elected first archbishop of the recently disestablished Church of England in Wales. Bishop Edwards has been head of the diocese for thirty years and made a vigorous defence of the Canadian soldiers at the time of the disturbances at Kinnel camp, which was in his diocese.

UNCONFIRMED REPORT TELLS OF CLASH IN THE RHINE AREA. Paris, April 8.—It is reported from Coblenz that there has been a collision of French and German patrols between Bad Nauheim and Nieder Wollstadt, north of Homburg. In the exchange of shots a German officer was wounded. The report is not confirmed from other sources.

STOCKS DEPLETED BY LABOR STRIKE AND JOBBERY ACTS

Legislative Committee Now Makes Report on Sugar Investigation

Findings Hold But Little Hope For Housewives of Lower Prices

Legislative Press Gallery, Afternoon Sitting, April 8. It is understood that the housewives of British Columbia will find very little consolation in the report of the Legislature's "sugar committee," which will be presented to the House this afternoon. The voluminous defence tendered during the many hours of its deliberations is reviewed in detail in the official document and a number of conclusions of a very general nature are arrived at.

Blarney. One important feature of the report, however, is the Committee's expressed opinion that the narrative of large supplies of yellow sugar having been in existence in the eastern market last Fall was the concoction of interested parties who were seeking to convince the Dominion Government that sufficient supplies were on hand to take care of the domestic market, and that the product of Eastern refineries might be exported without causing any hardship to the home consumer.

The report will indicate, it is understood, that the nature of the replies received by those retailers and wholesalers who took the trouble to direct their inquiries eastwards suggested a clever plot to baffle the authorities at Ottawa into a relaxation of export regulations in order that full advantage might be taken while demand and price were on the top level.

PREMIER TO SPEAK ON PROHIBITION ACT. Premier Oliver will continue the debate on the second reading of the bill to amend the British Columbia Prohibition Act at tomorrow (Friday) evening's sitting of the Legislature. He will take occasion to reply to the address delivered by the Leader of the Opposition last night, and deal with the various charges levelled by Mr. Bowser against the Government in general and the Attorney-General's Department in particular in relation to the enforcement and general administration of the British Columbia Prohibition Act.

DUKE OF DEVONSHIRE TO MAKE CHATSWORTH, ENGLAND, HIS HOME. London, April 8.—(Canadian Press).—The Duke of Devonshire, speaking to a gathering of his tenants at Chatsworth, who had made a wedding gift to Lady Dorothy Cavendish, said he had another eighteen months to serve as Governor-General in Canada and intended on his return to settle down at Chatsworth.

SUGAR HERE HIGHER THAN IN VANCOUVER. Prices in West Have Jumped Since Regulations Were Removed, Says Report. Winnipeg, April 8.—(Canadian Press).—Retail sugar prices have mounted in Western Canada since price restrictions were removed a short time ago. Quotations gathered from Western cities show that Vancouver has the cheapest sugar supply at 18 to 20 cents, according to quantity, and that Calgary and Edmonton pay the highest price for granulated sugar, merchants in those cities asking 19 to 22 cents and 20 to 22 cents, respectively. Winnipeg pays 19 cents, Prince Albert, Regina and Moose Jaw 20, Saskatoon 19 1/2 and Lethbridge 21.

THREE MORE WOMEN PICKETS ARRESTED. "Irish Republic" Women Appeared Before British Embassy in Washington. Washington, April 8.—"Irish Republic" pickets appeared at the British Embassy again to-day and were promptly arrested by the police on charges of violating a Federal statute.

The pickets arrested were Misses Mary Galvin, Philadelphia; Maura Quinn, Jamaica Plains, Mass., and Katherine McKee, Philadelphia. The women did not furnish bail and were taken to the House of Detention to await preliminary trial before United States Commissioner Richardson. They probably will be heard Monday along with the other four arrested earlier in the week.

Machine Gun Used. A French officer ordered the crowd to disperse and when the order was ignored a machine gun was brought into play.

The firing attracted a great crowd to the square, encircling the troops. The French then began to bring up reinforcements, four tanks between solid columns of soldiers rolling in ready for action.

German Troops Shoot Gas Shells Into Dusseldorf. Berlin, April 8.—Fierce fighting took place in the Town Hall square in Bochum when, as the Red Guard troops approached, the citizens took the executives of the Red Guards prisoner, says a dispatch to The Mittag Am Zeitung.

The Red Guards attempted to liberate their leaders and in the fighting which followed seven Reds were shot.

Spartans plundered the farms in the vicinity of Bochum, slaughtering cattle and invading Besterhohe Castle, where the countess of that name was alone. She was ill-treated and forced to cook and serve meals to the invaders, among whom were a number of low class women who are described as having been "veritable furies" and who are said to have demolished furniture and art works.

Before quitting Dortmund, the Reds, according to the same source, took from the branch of the Reichsbank 1,000,000 marks. They also seized 750,000 marks from private persons and also took fifty foreign passports.

BOLOGNA, ITALY, TIED UP BY STRIKE. Bologna, Italy, April 8.—This city is tied up by a general strike. All theatres, factories and shops are closed and no newspapers are being published. Gas, water and electric services, which were suspended for a time, have been re-established.

British Cabinet is Making Decision on Course it Will Take

Lloyd George and Ministers Meet and Discuss French-German Situation; Allied Premiers Probably Will Hold Conference To-morrow.

London, April 8.—Premier Lloyd George and his Cabinet will meet to-day, presumably to determine the attitude Great Britain will take respecting the occupation of German cities east of the Rhine by the French. For this reason the conference of Allied Premiers and Foreign Ministers which had been arranged for to-day and at which the German situation was to have been discussed has been postponed. It probably will be held to-morrow.

London, April 8.—Both the Central News and the Exchange Telegraph Company stated to-day that the British and associated Governments have been opposed throughout to French occupation of German towns and that France acted on her own initiative.

London, April 8.—Baron Scialoja, the Italian Foreign Minister, who is here for the conference of Allied Premiers and Foreign Ministers, expressed the opinion to the Associated Press to-day that there was no possibility of the Franco-German situation bringing about serious differences between the Allies.

Intimations that there is danger of such a situation arising within the councils of France and her former comrade powers are entirely unjustified, the Foreign Minister said. "I have every confidence that there is nothing in the present state of affairs that will make it difficult for the Allies to reach a common understanding and maintain a solid front," he added.

ORDER RESTORED AT FRANKFORT

Municipal Officials Post Bills Requesting People to Keep Calm

Mayence, April 8.—Complete order has been restored at Frankfort, the authorities having succeeded in quieting the students.

The municipality has posted bills requesting the people to keep calm. The security Police who were made prisoners at Frankfort will be removed from the occupied territory to-day.

Display of Force. Frankfort, April 7.—Via London, April 8.—(Associated Press)—This afternoon's clash in the Schillerplatz between French troops and the population, resulting in the killing of six Germans and the wounding of some two score others, was followed by a strong display of French military force which brought the restoration of order by the time darkness had set in.

It was a rumor that the French had been forced by the pressure of the Allies and the United States to withdraw from the city that started the trouble. The crowd jeered and taunted the troops, yelling "You've got to get out."

Machine Gun Used. A French officer ordered the crowd to disperse and when the order was ignored a machine gun was brought into play.

The firing attracted a great crowd to the square, encircling the troops. The French then began to bring up reinforcements, four tanks between solid columns of soldiers rolling in ready for action.

German Troops Shoot Gas Shells Into Dusseldorf. Berlin, April 8.—Fierce fighting took place in the Town Hall square in Bochum when, as the Red Guard troops approached, the citizens took the executives of the Red Guards prisoner, says a dispatch to The Mittag Am Zeitung.

The Red Guards attempted to liberate their leaders and in the fighting which followed seven Reds were shot.

Spartans plundered the farms in the vicinity of Bochum, slaughtering cattle and invading Besterhohe Castle, where the countess of that name was alone. She was ill-treated and forced to cook and serve meals to the invaders, among whom were a number of low class women who are described as having been "veritable furies" and who are said to have demolished furniture and art works.

Before quitting Dortmund, the Reds, according to the same source, took from the branch of the Reichsbank 1,000,000 marks. They also seized 750,000 marks from private persons and also took fifty foreign passports.

BOLOGNA, ITALY, TIED UP BY STRIKE. Bologna, Italy, April 8.—This city is tied up by a general strike. All theatres, factories and shops are closed and no newspapers are being published. Gas, water and electric services, which were suspended for a time, have been re-established.

REPORT INSPIRED BY GERMAN AGENTS

Britain and France Did Not Suggest Withdrawal From Frankfurt

Paris, April 8.—Reports that Great Britain and the United States had called upon France to withdraw her troops from Frankfurt are entirely unfounded, it was announced in an official note issued to-day.

"Certain agencies inspired by Germany," reads the note, "spread the report in Germany and some neutral countries that Britain and the United States had asked France to remove her troops from Frankfurt. This report, which evidently was intended to be misleading and which produced a certain effervescence in the newly occupied regions yesterday, is absolutely without foundation."

On Cordial Terms. Mayence, April 8.—A report was spread here yesterday that the United States had sent an ultimatum to France about the occupation of Frankfurt. French and American officers and men, however, are on most cordial terms and Major General Henry T. Allen, commander of United States troops at Coblenz, is coming here to-day to take luncheon with General de Gouttes.

FIERCE FIGHTING SEEN IN BOCHUM

German Civilians Seized Red Guard Executives; Seven Reds Shot

Berlin, April 8.—Fierce fighting took place in the Town Hall square in Bochum when, as the Red Guard troops approached, the citizens took the executives of the Red Guards prisoner, says a dispatch to The Mittag Am Zeitung.

The Red Guards attempted to liberate their leaders and in the fighting which followed seven Reds were shot.

Spartans plundered the farms in the vicinity of Bochum, slaughtering cattle and invading Besterhohe Castle, where the countess of that name was alone. She was ill-treated and forced to cook and serve meals to the invaders, among whom were a number of low class women who are described as having been "veritable furies" and who are said to have demolished furniture and art works.

Before quitting Dortmund, the Reds, according to the same source, took from the branch of the Reichsbank 1,000,000 marks. They also seized 750,000 marks from private persons and also took fifty foreign passports.

BOLOGNA, ITALY, TIED UP BY STRIKE. Bologna, Italy, April 8.—This city is tied up by a general strike. All theatres, factories and shops are closed and no newspapers are being published. Gas, water and electric services, which were suspended for a time, have been re-established.

## BOSTOCK SPEAKS OF TREATY DUTIES

Liberal Senate Leader Says Canadians Do Not Realize Responsibilities

Ottawa, April 8.—(Canadian Press)—That the Canadian people do not fully realize the responsibilities they are assuming in becoming parties to peace treaties, and thus making themselves liable to participate in measures for the enforcement of such treaties, was a statement made by Senator Bostock in the Upper Chamber yesterday afternoon when the Bulgarian treaty resolution was ratified.

Canada had signed a treaty with Germany, he said, and since this had been done conditions in Europe had gone worse than they were at the close of the war. British and French forces had been sent into Germany to compel the acceptance of the terms of the treaty. The character of the frontiers and the nationalities about Bulgaria were such that trouble might easily arise there, and Canada should have a full realization of what this meant to her.

## CITY OF ESSEN WAS PLUNDERED BY REDS

The Hague, April 7.—Via London, April 8.—The Nieuwe Courant, describing the plundering of Essen by the Reds before the occupation of the city by German Government troops, says: "Part of the retreating Red troops gathered during the morning in Essen, captured all the arms which they had delivered, plundered shops and finally left the town in automobiles, firing at the inhabitants. The Red army commander ordered the mines blown up, but the mine guards succeeded in repelling the Reds, although great damage was done to the mines."

## DEARER PASSPORTS.

Washington, April 8.—Canada is one of the countries not affected by increased passport fees agreed on yesterday by a committee of the House and Senate. The fees for passports to all countries except Canada, Mexico, Bahama Islands, Bermuda, Cuba, Panama, Newfoundland and the islands of St. Pierre and Miquelon, are to be increased from \$2 to \$3 to bring an estimated added revenue of \$6,000,000.

## TO SPEND MILLIONS.

Spokane, April 8.—Nine million dollars will be expended on maintenance of way repairs and replacements on the Great Northern Railway from Williston, N. D., to the coast, and about \$18,000,000 to \$19,000,000 will be expended on the entire system for maintenance of way work this year, J. R. W. Davis, chief engineer of maintenance of way on the system, announced here yesterday.

## WINNIPEG CAR BARN DESTROYED BY FIRE

Winnipeg, April 8.—In a spectacular fire, the Main Street South barns, the central barns of the Winnipeg Electric Railway Company, were destroyed, resulting in damage estimated by the company's officials to run about \$400,000.

The principal item in the loss was the rolling stock, which included twenty cars, four sweepers and two work cars. The loss on the building is placed at \$50,000, and the total loss is covered by insurance.

## OTTAWA CONSIDERS HEARST PAPERS

But Government Has Not Barred Them Yet, Says Foster

Ottawa, April 8.—(Canadian Press)—At question time in the Commons yesterday afternoon 151 questions were put to the Government.

Dr. Edwards, Frontenac, asked if the Government intended to exclude any or all of the Hearst publications from Canada. Sir George Foster, Acting Prime Minister, replied: "The Government has no record of the names of papers and magazines known as Hearst publications which circulate in Canada. The Government has no legislative power sufficient to enable it to exclude the Hearst publications at the present time. The matter has been and is now engaging the attention of the Government."

Taxes. In answer to a question by J. E. Provost, Hon. A. L. Sifton stated that the 7 1/2 per cent. custom war tax had yielded \$10,580,316 during the fiscal year ended on March 31 last. War taxes collected by the Bank and Revenue Department on commercial paper and patent medicines totalled \$1,327,163. Liquor duties collected during the year amounted to \$5,461,283 and tobacco duties were \$5,510,249. No special stamps were issued by the Post Office Department but it was estimated that a revenue of about \$6,838,000 was derived from the war tax of one cent each on letters and postcards.

Employees. Sir George Foster informed R. J. Manion that the number of employees in manufacturing plants of Canada in December, 1917, was 706,456. There were 12,013 employees in the boot and shoe industry in that year.

Bank Act. Joseph Demers, St. Johns and Havelock, presented a bill during the afternoon to amend the Bank Act so as to require banks to pay 4 per cent. interest on deposit accounts.

The bill would further require banks to pay interest during the whole time money is deposited.

Opium Bill. Ottawa, April 8.—Prohibitions in the bill to amend the Opium and Drugs Act now before the House, were the subject of representations made to Hon. N. W. Rowell, President of the Privy Council, by a large delegation of druggists yesterday.

The druggists objected to provisions in the bill which prevented them from selling mixtures containing small quantities of opium, morphine and other narcotics unless a medical prescription had first been obtained. They claimed that many household remedies, cough mixtures and other preparations, contained small quantities of narcotics, which are harmless in their effect but necessary, and they asked for such amendment to the bill as would permit them to use narcotics in small quantities in mixtures of their own make, as they have been in the habit of doing.

Consideration of the representations made were postponed.

## Cars in States.

Ottawa, April 8.—In the House of Commons yesterday afternoon the Minister of Railways informed Joseph Archambault that of the 59,716 Canadian cars in the United States, 19,840 belonged to the Canadian National Railways, 15,482 to Canadian Pacific, 21,028 to the Grand Trunk Railway and 12,366 to other Canadian Railways.

## Government Losses Men.

Ottawa, April 8.—In the Senate yesterday Senator Casgrain raised the question of officers of the Geological Survey and Department of Mines resigning in large numbers to accept larger salaries from private concerns.

Senator Bostock said this was causing a disturbance among the mining interests of British Columbia, and also pointed out that the Government of the province had appreciated the work of the geologists by urging that the Federal authorities should stop further depletions in the staff.

Senator Turritt declared it would be impossible for the Government to compete with private companies in the matter of salaries.

Senator Loughheed said the matter of salaries of experts was now in the hands of the Civil Service Commission and the recommendations were to be ratified by Parliament. It there was a general exodus from the Department it might be possible to fill the vacancies from voluntary applications.

## Night Coughs Prevent Sleep WEAR OUT THE SYSTEM

The dry, hacking cough, cough, day and night is very wearing on the system. The cough loosens and disturbs the rest and keeps the lungs and bronchial tubes in such an irritated and inflamed condition they get no chance to heal.

You will find in Dr. Wood's Norway Pine Syrup a remedy without an equal for curing coughs and colds. It soothes the lungs, loosens the phlegm, strengthens and healing the breathing organs and fortifying them against serious pulmonary disease.

Mrs. Fred Fairburn, Copper Cliff, Ont., writes:—"I caught a heavy cold, got a sore throat and had a terrible hacking cough that I could not get rid of. The cough loosened and I had tried quite a few remedies, but they did not seem to do me much good until I took Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles my cough was all gone. It seemed to loosen the cough right away so that I could spit up the phlegm gathered in my throat, and also took that hot, raw, burning fever out of my bronchial tubes. I feel that Dr. Wood's has no equal. Price 25c and 50c, at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont."

JOSEPH A. YORK, well-known business man of Portland, Me., who says he feels twenty years younger and has gained sixteen pounds on four bottles of Tanlac. Declares he can now eat three square meals a day.

"I am now able to eat three square meals a day for the first time in two years," was the emphatic statement made recently by Joseph A. York, well-known business man and highly respected citizen of Portland, Maine.

"I am now sixty-nine years of age, and in all my life I have never run across a medicine that I consider in a class with Tanlac. I have just finished my fourth bottle and this medicine has benefited me even beyond my greatest hopes. Besides gaining sixteen pounds in weight, I have been built up and strengthened until I feel all of twenty years younger. "For the past two years I have been in a miserably run-down condition, and was compelled a short time ago to give up all idea of business as I was too weak to look after anything. I was nervous, worn-out, had no appetite, and suffered most all the time with indigestion. Some days I would eat scarcely anything; in fact I was afraid to eat because I knew I would suffer afterward. Sometimes I had such severe cramping pains after eating that I would almost die. My nerves were all unstrung and the least thing would worry me and I never could get a good night's sound sleep. In fact I just lost interest in everything, and was greatly discouraged over my condition.

"The ordinary treatment failed to do me any good, and as I had read so many statements from people I know here in Portland who had been benefited by Tanlac, I decided to give it a trial. And now I know for myself what it will do, for I have simply taken a new lease on life. I am now able to look after my work as usual, and never feel better in my life. I am able to eat three hearty meals a day and everything agrees with me perfectly. I eat anything I want and never feel a touch of indigestion. I never thought there was a medicine that could do me so much good, and I am only too glad to have the facts about my case given to the public."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

## LIBERAL CANDIDATE ELECTED IN MONTREAL; F. RINFRET NEW M.P.

Montreal, April 8.—(Canadian Press)—Fernand Rinfret, official Liberal candidate, was the choice of the electors of the St. James division of Montreal in the by-election held yesterday. A majority of 1563 votes over the Labor candidate, Alpheus Mathieu, there are still five polls to hear from because the deputy returning officers of these polls locked up their reports in the ballot boxes instead of bringing them down to the division returning officer. It will be three days before the complete figures are available. The figures from 74 polls proved so convincing that there is no possible doubt of the result.

## LAND SETTLEMENT EVENT AT SASKATOON

Saskatoon, April 8.—Saskatoon will have a giant land settlement convention May 26, 27 and 28, was decided at a meeting of the Board of Trade and prominent Saskatchewan real estate men.

"A settler on every farm within five years" is the slogan adopted for the congress, which will be addressed by those outstanding Americans and Canadians most capable of dealing with the problems facing the Western Canada farmer. Among the speakers already secured for the convention are Alfred Atkinson, president of the University of Montana; Professor Linfield, American crop expert; R. T. Waldron, expert on Durum wheat and sweet clover; A. M. Porter, of the United States Government service in North Dakota; H. J. Hughes, former editor of the "Stock and Home," and other prominent men.

## ALBERTA AND E. D. AND B. C. RY.

Edmonton, April 8.—Premier Stewart launched in the Legislature yesterday a relief bill to provide \$1,000,000 for aid to the Edmonton, Dunvegan and British Columbia Railway. The money, he said, would be expended only upon the province coming into full operating control of the line and it was not proposed that the bill should displace the interests of the present owner, J. D. McArthur and his associates. The intention of the Government, as explained by Mr. Stewart, was to arrive at an arrangement with the McArthur interests by which the Government might take the place of the bondholders, appoint a receiver and operate the line until such time as McArthur can sell the line to the Dominion Government or some other purchaser.

## THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.  
Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neuroathenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.  
Eminent specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.  
Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks.  
CAUTION—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

## A WINNIPEG DEATH.

Winnipeg, April 8.—Nathaniel Green, president of the United Cigar Stores, Winnipeg, Regina and Moose Jaw, died suddenly yesterday while on a business trip in the East, according to word received by his brother, S. Hart Green, a barrister of this city.

### BOARD DOES NOT CONTROL NEWSPRINT

Ottawa, April 8.—The Board of Commerce has announced that it will not henceforth claim or exercise any control whatever over newsprint paper in Canada.

The announcement follows the decision of the Supreme Court in the Price Brothers case that newsprint paper was not a necessity of life within the meaning of that expression as used in the Combines and Fair Prices Act, and that the powers exercised by the Board of Commerce as Newsprint Controller were without jurisdiction. The Board points out that the effect of the Supreme Court's decision is to render inoperative the Orders-in-Council constituting the Board of Commerce controller of newsprint paper in Canada, and for this reason the Board announces its intention of abandoning the control of newsprint, unless the Board is subsequently invested, if that be legally possible, with competently granted powers.

The Board's announcement adds that the Supreme Court's decision does not involve the general powers of the Board of Commerce except in so far as it, to some extent, limits the interpretation which the Board may place on the expression "necessity of life." The general powers, it is added, will be pronounced upon in a subsequent decision of the court. This decision will follow a rehearing in the Supreme Court on May 4 next, of certain points in the recent argument heard in the court to test the powers of the Board of Commerce as a price-fixing tribunal.

### MINING CONVENTION COMMITTEE NAMED

Seattle, April 8.—The resolutions committee of the International Mining Convention, appointed yesterday by President Collins, is composed of J. M. Lay, Vancouver; B. C. Imperial Bank of Canada; William Godfrey, Vancouver; Bank of Montreal; J. T. Robinson, Kamloops; A. M. Whitesides, Vancouver; Fred Starkey, Nelson; J. L. Mulholland, Nelson; H. M. Parke, E. G. State, A. M. Swarthy and R. G. Amadon, Oregon; E. G. Crawford, Portland; B. F. Millard, J. L. McPherson and G. T. Jackson, Alaska; Governor Emmet D. Boyle, Nevada; Alex. Polson, Hoquiam; Sidney Warren, Spokane; John Clausen, Seattle; J. C. Ralston, Lewis and Clark, Spokane, and Frank A. Smith, Idaho.

### HUNGARIAN PRISONERS.

Vienna, April 7.—Via London, April 8.—Three young Hungarians are charged with having sent the package of sweetmeats to Bela Kun, the former Hungarian Dictator, through the eating of which Bela Kun and several other Communists were poisoned. One has been arrested. When taken into custody he had in his possession papers given to him by the Hungarian Baron Pronay, commander of the famous battalion of "White Terrorists." The papers recommended him to the Hungarian authorities here.

### SMALL NEWSPAPERS.

Rome, April 8.—The Government has decreed that from April 8 until further notice newspapers shall be restricted to two papers.

### WILLING TO PRESENT HOUSE WITH RETURNS

Adjustment on Administration of Mineral Laws in Railway Belt

Legislative Press Gallery, Afternoon Sitting, April 7. Explaining that an agreement is on the point of being reached between the Esquimalt & Nanaimo Railway Co. (the C.P.R.) in relation to the administration of laws affecting minerals in the E. & N. Railway belt on Vancouver Island, the Hon. William Sloan, Minister of Mines, pointed out this afternoon that there would be no objection to a return of correspondence in this regard, as requested in a motion introduced by H. C. Hall, Government member for Victoria.

Mr. Sloan said the Government controlled gold and silver in the belt, while the base metals were handled by the Railway Company. He said he had endeavored for years to reach some understanding with the Railway Company that would permit of prospecting. At present, he said, an agreement was almost completed whereby there could be a pooling of interests and a division of gross revenue. The Government is desirous of having one administration, said the Minister, and an offer was made to President Beatty whereby the Government would handle both base and precious metal administration and split the profits on an equal basis. This did not suit the company, said Mr. Sloan, claiming that the base metals were worth more than the gold and silver. However, said the Minister, there would shortly be a plan evolved which would satisfactorily settle the difficulty.

### FRASER RIVER TANNERY

Authority Will Be Given to Issue Timber Licenses to New Westminster Industry.

Legislative Press Gallery, Afternoon Sitting, April 7.

An Act respecting certain leases issued to the Fraser River Tannery, Limited was introduced to the Legislature this afternoon by the Hon. T. D. Pattullo, Minister of Lands. The measure in question confirms the authority of the Department of Lands to issue certain timber licences to the Fraser River Tannery by way of implementing the terms of leases already held by the company.

The bill was given its first reading.

"May I—er—kiss your hand, Miss Dolly?"  
"Oh, I suppose so. But it would be so much easier for me to remove my veil than my gloves."

### A SPRING TONIC AIDS EFFICIENCY

Lay Foundation of Good Health Now by Building Your Blood and Strengthening Your Nerves

The good old fashion of taking a tonic in the springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time, for those who are not in rugged physical health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny, summer months, and grow increasingly pale and languid as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor, or if you are listless and tired. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and running down organs and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Mrs. J. N. McNeil, Glace Bay, N.S., says: "For years past my home has never been without Dr. Williams' Pink Pills, and I have good reason to praise them highly. Following an attack of the grippe, I was left in a bad way. My nerves were all run down, and I had no appetite and felt so weak I could scarcely go about the house. I was taking medicine, but it was not helping me, and a friend advised me to try Dr. Williams' Pink Pills. I used them for a time with the most beneficial results. My appetite improved, my strength returned and I was soon able to do all my household work. I now use the pills every spring and find them a splendid strength bringing tonic. I have recommended the pills to other friends who have used them with good results."

Dr. Williams' Pink Pills are a tonic, not a stimulant. They build up the blood, and through their use not only the disastrous after effects of influenza but also troubles due to poor blood, such as anaemia, rheumatism, indigestion and the generally worn-out feeling that affects so many people, disappear. You can get these pills through any dealer in medicine, or by mail direct from the manufacturer, boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### STOCKS DEPLETED BY LABOR STRIKE AND JOBBY ACTS

(Continued from page 1.)

The report likewise is believed to express the opinion that the strike in Vancouver in July last, directly responsible for the shortage in British Columbia, for the simple reason that the local refinery hesitated to place its orders for its regular Fall supply owing to the possibility of failure in delivery on account of labor troubles. Therefore, when the local refinery did come into the market, the report will point out, it found that all its purchases had been bought up by French buyers who had disregarded the arrangement entered into by the various Allied nations to limit purchases so long as the shortage prevailed.

The energetic Frenchmen, however, had removed all barriers to their own activities and had gone into the market with open hands ready to buy any quantities at almost any price. As a consequence of this proceeding the committee finds that prices soared and full advantage was taken of the unlimited French demand. But the report suggests it had such an effect upon the local refinery that it decided forthwith to hold off its purchases pending a re-adjustment of the market at an early date. The break, however, failed to materialize in time.

### Worked Two Ways.

It will be further emphasized by the committee's report that the Dominion Government's action in taking sugar under its control worked two ways. It had the effect of stopping exportation, but in fixing the price it almost completely brought an end to importation because the importer was unwilling to trade without a margin. The committee, it is believed, is of the opinion that had the Dominion Government allowed the importation of the commodity for sale exclusively to the manufacturer at a higher price than the controlled figure, local stocks would have been available for sale to the domestic consumer at the controlled price.

### Local Refinery's Function.

Another point emphasized in the report is the fact that the local refinery was required to supply the whole of British Columbia, Alberta and a part of Saskatchewan as far as Regina. Eastern provinces being excluded from serving points further West by reason of the freight rate adjustment in respect of sugar transportation. Thus the refinery was pointed out that the local refinery possessing one-eighth of Canada's refining capacity, was required to devote it towards the supplier of the population of the country.

### East Got Cuban Supply.

Another point in the report is the committee's belief that when Canada received her allotment of Cuban sugar the whole of the sugar from the East and the local refinery was definitely informed to forage for itself.

### WITHDRAWS RESIGNATION.

Toronto, April 8.—Dr. A. S. Grant, who resigned his position on the Ontario Referendum Committee following a dispute with Ben Spence, secretary of the Ontario branch of the Dominion Alliance, has withdrawn his resignation.

### LETTERS

Letters addressed to the Editor and intended for publication must be short and clearly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes.

### THE OTHER SIDE.

To the Editor.—Some one has kindly mailed me two editorials from your columns referring to the Dolly Varden case.

Your assumption that there is only one side to the case is unwarranted, and in an appeal to your sense of fairness, I enclose you copies of the three telegrams to the Minister of Justice, on which the application for disallowance is founded.

In regard to the suggestion of a lobby at Ottawa, you have herewith my unqualified assurance that the application is based on valid and specific legal authorities and that no other argument has been made at Ottawa.

Room 10, Vancouver Hotel Annex, Vancouver, B. C., April 5, 1920.

(Telegram.)  
Chicago, 4th January, 1920.  
Honorable Secretary of Justice, Department of Justice, Ottawa, Ont.

As solicitor for Dolly Varden Mines Company may I respectfully bring to your attention that the Dolly Varden Mine Railway Act Amendment Act, 1919, passed by British Columbia Legislature is ultra vires and in derogation from the conflict with provisions of Dominion Winding-Up Act. Dolly Varden Mines Company was a trading company carrying on business in Canada within interpretation sections of Dominion Winding-Up Act. British Columbia Legislature proceeds to create statutory liability, beyond the amount of any surplus assets whatever. In view of undoubted breach of Constitution by British Columbia Legislature and in view of fact that forcible seizure is occurring may I respectfully urge that immediate action to nullify Act be brought about by Dominion Governmental action.

May I respectfully refer you to Ontario versus Canada, 1894, Appeal Cases 189, and Cushing versus Dupuy, five Appeal Cases 415.

My address is Hotel Vancouver Annex at Vancouver, British Columbia. Am leaving Chicago for Vancouver to-day.

(Sgd.) R. T. ELLIOTT.

Hotel Vancouver Annex, Vancouver, B. C., 14th January, 1920.

The Honorable The Minister of Justice, Ottawa.

Sir: I have the honor to acknowledge the letter under date of 7th inst., from the Deputy Minister of Justice with respect to the Dolly Varden Mines Railway Amendment Act, 1919, of British Columbia.

In the second place the enactment taken as a whole constitutes bankruptcy and insolvency legislation beyond the amount of any surplus assets or possibility of argument. No other purpose or object can be read into any of its provisions than a purpose and object to make a complete compulsory disposition of the assets and properties real and personal of the Dolly Varden Mines Company in the Province of British Columbia.

In the third place, the administration of the assets and properties is entrusted to the Taylor Engineering Company, Limited, and the resulting beneficial estate and interest, after payment off of all obligations created by statute, is vested in Taylor Engineering Company, Limited, instead of reverting to the shareholders, Dolly Varden Mines, Limited.

In the third place, pursuant to the enactment, forcible possession has been taken of all the assets and properties of the Dolly Varden Mines Company, and valuable assets have been appropriated and converted into money without regard to the rights of the owners. The titles to the properties have been transferred to some nominal purchaser and Taylor Engineering Company, Limited, is in the hands of trustees for creditors.

Under these circumstances it is respectfully submitted that to suggest the taking of legal proceedings by Dolly Varden Mines Company is to make a mockery of justice. The company's opponents would fight the company with moneys obtained from unlawful conversion of company's own assets and when litigation resulted successfully in theory the fact would be that company could only recover its own properties together with any remaining remnants of its convertible assets and with right to recover damages and costs from a nebulous legal entity without any financial standing or existence.

Without any disposition whatever

Here one finds in conveniently arranged groups scores of attractive styles featuring high, low and convertible collars. Some styles boast clusters of tucks and pearl buttons. Sizes 34 to 44.

A New Shipment of Women's New Flannelette Nightgowns

Just received a splendid shipment of Women's White Flannelette Nightgowns, in medium, large and O. S. sizes, fashioned with high neck, long sleeves and slipover styles, with short sleeves, at \$2.50, \$2.90, \$3.25, \$3.50 and \$3.90

### The Nervous Strain of Office Work

"BRAIN FAG," is the name usually applied when the nervous system of the office worker gets run down.

The brain demands an abundant supply of rich red blood. Once this is lacking, the thinking machinery slows down. Concentration of the mind becomes almost impossible and headaches are frequent.

At this season, as at no other, stenographers, bookkeepers and office managers feel the ill-effects of months spent in the vitiated air of super-heated offices.

The blood has got thin and watery, the nervous system is starved, efficiency is lowered and nature begins to give warning of nervous troubles.

The tired feelings tell you of the weakened condition of the nervous system and point to the need of rest. An hour or two earlier

to bed and the regular use of Dr. Chase's Nerve Food will soon restore your energy and vitality.

It is well to remember that from a physical point of view you are approaching bankruptcy. To overcome this condition it is necessary to stop the waste of nervous energy as well as to add to the supply by the use of Dr. Chase's Nerve Food.

As the appetite is sharpened and digestion improved by this treatment you will soon feel the benefit of this building up treatment. Headaches will disappear, you will sleep naturally and feel again the vigor and energy of health.

When purchasing Dr. Chase's Nerve Food look for the portrait and signature of A. W. Chase, M.D., on the box. 50 cts. all dealers or Edmanson, Bates & Co., Ltd., Toronto.

That Shortcake Recipe Again

We neglected to mention that Mrs. Masterson wants the old-fashioned kind of strawberry shortcake—and one she can make with Pacific Milk.

Since coming to Canada she has never tried cooking with fresh milk.

Some good cook will help this Scotch lassie.

Pacific Milk Co. LIMITED 332 DRAKE STREET Vancouver, B. C. Factory at Ladner, B. C.

to indulge in heroics may I respectfully point out to you that breach of constitution is absolutely clear; that our right to invoke the nearest and strongest avenue of relief is assured above set forth and to prevent further wastage and conversion of assets and that to leave us to result of litigation is to deny us justice as only possible fund for conduct of litigation would be our own assets. In conclusion may I respectfully urge upon your consideration the fact that there must be on your office some positive duty to uphold and protect the constitution of Canada and to prevent despoilment of victims under illegal forces of ultra vires legislation.

Solicitor for Dolly Varden Mines Company.

January 14, Honorable Minister of Justice, Ottawa.

May I add to my telegram this explanation of why the Dolly Varden Railway Amendment Act 1919 was ultra vires the Legislature of British

Columbia by reason of derogating from provisions of section 96 of British North America Act. While in questions directly between Crown in right of Province and subject the Provincial Legislature may have full powers possibly extending even to confiscation when disputes arise between subject and subject it is the constitutional right of each party to such dispute to receive adjudication at hands of judge appointed by Dominion.

If any modification of this principle be allowed any Provincial Legislature can hear and determine any action or suit arising in Province completely usurping functions of judiciary precisely what happened in Dolly Varden case.

R. T. ELLIOTT.

INSURANCE PREMIUMS AND EXCHANGE.

To the Editor.—The latest thing in exchange manipulation is now being worked on the Canadian people.

An American life insurance company, with its Head Office on the

other side of the line, informs its Canadian policyholders that it wants its premiums in United States dollars. This is no small item with exchange from ten to fifteen per cent. The worst feature of this is that the money comes out of those who can least afford it—men with families who are struggling to meet the high cost of living and carry from \$1,000 to \$5,000 in life insurance for their protection.

As Canadians I think it is up to us to tell the solicitors for these American Companies that we have in Canada insurance companies that are just as safe and reliable as theirs.

Canadian money has behind it resources that are equal to any in the world. If our Canadian money at par is not good enough for these gentlemen, let them get their business on the other side of the line. We should build up our own life insurance companies and keep our money at home.

"CANADIAN." Victoria, March 21, 1920.

Did you ever try seeking happiness by making others less unhappy.

TEACHERS' FEDERATION.

The relationship between the teaching profession and the public welfare is so close that anything which tends to help the first in any way must intimately concern the second.

The purpose of the B. C. Teachers' Federation, which opened its convention here to-day, is to promote the standard of the teaching profession and a proper appreciation on the part of its members of their status and importance in the scheme of human progress.

MR. BOWSER'S ADVICE.

During the course of his speech on the amendments to the British Columbia Prohibition Act last night the Leader of the Opposition informed the House that he would favor the taking of a referendum on the liquor question simultaneously with the Government's appeal to the country at the next general election.

The Opposition Leader's attitude is easy to understand. He feels the lack of recognized political stock-in-trade with which to tour the country for election purposes and he sees the opportunity for an elastic imagination in platform orations on the subject of Prohibition and the Government's administration of the Act.

British Columbia's first experiment with prohibitory legislation should be a reasonably good

guide for the future. Two years and a half with the existing law has provided an opportunity for adequate heartsearching on the subject.

ALLIES PARTING?

If the German Government's purpose, in sending troops into the Ruhr Valley is to test the quality of the cement which is holding the Allies together, as the French Government declares it is, the result must have been highly satisfactory to it.

The Supreme Military Council of the Allies has at last authorized Greek troops to advance in Asia Minor east of Smyrna in anticipation of an attack by Mustapha Kemal.

When the Minister of Agriculture yesterday said the criticism directed at him by Opposition members regarding the sale of infected cattle was intended for political purposes, a number of Mr. Bowser's followers jumped to their feet and demanded apologies.

When the great war began in 1914 some statesmen predicted that it would last twenty-five years in one form or other. That prediction has not yet been falsified.

All Central and South America has subscribed to the covenant of the League of Nations, six more states, including Venezuela, having given notice of their adhesion to the League yesterday.

The Dominion Government's expenditure for 1920 will amount to \$75 per head against an estimated revenue of \$30 per head.

SCHOOL COST TO MOUNT HIGHER, TEACHERS TOLD

"Flag saluting!" said Dr. Sedgewick, "if that is the notion of teaching patriotism, it is mighty shoddy. It produces the cynic."

declared had been brought about by a number of bigoted fanatics and biased persons who could not stand to have the truth taught. He declared such sheer ignorance was disheartening.

teachers you needn't discuss these outward external means." Dr. Sedgewick said that there was never a good poem or story written that had not a moral value, but there are few good poems or stories written that started out to teach a moral.

DR. HENRY SUZZALLO

President of the University of Washington, who will address the Canadian Club to-morrow at luncheon at noon at the Empress Hotel.

ORDER RESTORED IN FRANKFORT

A French staff officer deplored the happening in conversation with the correspondent to-night. "The French authorities extremely regret this occurrence," he said.

The city appeared to be continuing its normal life, although crowds were not allowed to gather. Journals decided not to publish even if permitted to do so.

In mid-afternoon some of the French detachment marched out to take up positions in the suburbs and the report immediately gained circulation that Great Britain and the United States, and Italy as well, had disapproved the occupation and that the French had been hurried to clear out.

A well-authenticated report, however, states a force of 200 Moroccan soldiers was surrounded by a threatening mob about 1.30 o'clock in the afternoon.

Stores Closed. In Frankfort were open yesterday morning as usual, but were closed when groups of young men gathered throughout the town.

Not All to Blame. It is insisted that responsibility for the disorders does not lie with the whole population of Frankfort.

Civil Commissioners. London, April 8.—A dispatch received here says that the new German Minister of Defence, Groener, announced yesterday in an interview that in the event it should become necessary to proclaim a state of exceptional law in any district special civil commissioners and not military commanders would be invested with executive power.

No Mails. Berlin, April 7.—In London, April 8.—A special dispatch to "The Tagesschau" says the interruption of rail traffic between Frankfort and other south German cities is proving a great hardship.

VANCOUVER BANK CLEARINGS. Vancouver, April 8.—The past week's bank clearings here were \$13,570,479.

WESTMINSTER CLEARINGS. New Westminster, April 8.—The bank clearings here for the past week were \$147,194.

For Thousands of Years

It rested in the heart of old Mother Earth. All through the years men sought it, for well they knew its worth.

CORRESPONDENT'S POSITION CHANGED

Sir William Maxwell Compares Past and Present War Correspondence

Sir William Maxwell, veteran traveler, publicist, and war correspondent, who arrived at the Empress Hotel yesterday en route to Japan on the business of a company of which he is a director, says there is a great difference between the war correspondent of to-day, and the man who held that position in past years.

"The war correspondent of the past," he said to "The Times" "is no more. He was a specialist, going everywhere, seeing everything, and having the confidence of the real war leaders. To-day I speak of the Great War—it is different, the man is spoon fed in many respects, and transmits the information he receives. The war correspondent in the past occupied quite a different position than the correspondent did on the various fronts in the recent war in his freedom of action.

Gold Watch and Chain Given to Wm. Atkins on Retiring From Service. On his retirement from the Customs Service after many years' service, William Atkins was presented with a gold watch and chain, on his withdrawal from the position of chief clerk.

Veteran Correspondent. Most of Sir William's work was done for the Daily Telegraph, the Daily Mail, and the defunct Standard. There is another side to his character, one which has taken him throughout the world, and that is as recorder

DATES OF FAIRS TO BE ADJUSTED

House Was Engaged on Estimates For Lengthy Period. Legislative Press Gallery. Evening Sitting, April 7. Although an hour and a half was consumed in disposing of the balance of the Agricultural Department's estimates last night, no changes were made in the amounts as set out.

The Minister, however, promised consideration of the question of Government grants to Fall fairs, and said he would endeavor to eliminate friction through conflicting dates. The Vancouver Exhibition was said to close a week before the opening of the New Westminster fair and David Whiteside pressed the matter of arranging better dates.

ADDRESS PRESENTED TO CUSTOMS OFFICIAL. Gold Watch and Chain Given to Wm. Atkins on Retiring From Service.

On his retirement from the Customs Service after many years' service, William Atkins was presented with a gold watch and chain, on his withdrawal from the position of chief clerk.

Mr. Atkins made a suitable reply, expressing his pleasure at receiving this mark of their esteem, and regret at the severance of the ties of many years' standing.

"We, the members of the Customs Staff of the Port of Victoria, British Columbia, desire to express to you our sincere regret at your retirement from the service. It is with genuine pleasure and pride that we look back over the many years of faithful and devoted service you have rendered in the various capacities you have filled as a member of the Customs Department."

**CHARGES CONSPIRACY  
BY ALDERMAN TO  
"DEFAUD WORKERS"**

Labor Discusses Sargent  
Scheme Quietly to Tax  
Wages and Rents

"A deep-seated conspiracy on the part of the City Council to defraud the workers of their wages" has just been exposed to the public, President E. S. Woodward informed the Trades and Labor Council last night.

Mr. Woodward told of the taxation proposals introduced by Alderman Sargent, and brought up at the City Hall last Saturday, which included a tax of one per cent. of the salaries of all persons receiving wages of \$75 and more a month. Another feature of the Sargent scheme, he said, is to take ten per cent. of rental incomes. This, it was explained, would be heavily hit by the Trades and Labor Council in its holding of the Knights of Pythias Building.

**Secrecy Plot.**  
"Extraordinary steps were taken to keep the proposals quiet before they were to have been put through," said Mr. Woodward. He stated that notices for the meeting at which these proposals were to have been rushed through, were sent out only on the morning of the meeting. A number of the aldermen opposed to the schemes did not receive their notices as they had left home before they were sent out.

**Council a Menace.**  
Mr. Woodward attributed the defeat of the Sargent proposals last Saturday to the action of Aldermen Todd and Fullerton withdrawing from the meeting and breaking up the quorum when they discovered what was being put over.

"The City Council as at present constituted is a menace to the working class of this city, and will bear close watching," said Mr. Woodward.

**WANT PAID LABOR AGENT**

Trades Council to Have Official to  
Strengthen and Extend Organiza-  
tion in Victoria.

Victoria labor is to attempt to carry a paid and full-time organizer to strengthen and extend labor organizations in this city.

This was decided at the Trades and Labor Council meeting last night on the recommendation of the executive committee. The committee pointed out that "it is highly desirable that the Council place a business agent at the disposal of the affiliated organizations."

"The necessity for such an officer is all the more urgent at the present time, as some of the affiliated organizations find themselves by reason of the reduced industrial activity, unable to carry the cost of such an officer who the need for attending to the interests of membership is even greater now because of more precarious employment," the report added.

It was explained that this business agent and his office will cost at least \$175 a month. To pay this it is proposed to levy five cents a month on all union members.

Some delegates opposed the move, fearing they would not be able to carry it through as members might not prove to be enthusiastic over the assessment.

Delegates Sivertz, Herd, Byers and Pike were chosen to make arrangements for inaugurating the office and putting it before all locals.

**TO WATCH LIQUOR MOVE**

Labor Men to Keep Eye on Prohibition  
Legislation and Government  
Campaign Fund.

Victoria labor is to take no stand on the new liquor legislation proposals until the bill is brought down in the Legislature, the Trades and Labor Council decided last night.

Delegates declared that liquor legislation is a question the labor organization should discuss and take a stand on.

"The workers want to get their beer without going to the doctor," said Delegate Waugh.

Delegate Stewart declared that the liquor trade should be under the Government.

President Woodward said that the Government and its liquor moves would have to be closely watched if there was to be any attempt "to soak the land with liquor to raise a campaign fund" for the election next year.

**THEFT CHARGE.**

Edmonton, April 8.—One of the most daring thefts that has taken place from an Edmonton bank in recent years occurred between 2 and 2.30 o'clock yesterday afternoon, when a negro, alleged to be James Payne, snatched a roll of bills amounting to \$495 from the wicket of the teller's cage at the Dominion Bank and walked out into Jasper Avenue, without any attempt being made to stop his exit. The cashier had passed the money out to Alex. Chornick in payment of a cheque.

Payne was arrested within an hour.

**Adler-i-ka  
Stops All  
Trouble!**

"I suffered from gas on the stomach and constipation for years. Took Adler-i-ka three weeks and have gained in weight and am FREE from ALL trouble." (Signed) J. A. Williams.

**SALE OF WORK**  
Ladies of St. Barnabas Church Raised \$100 Through Successful Affair Yesterday.

The ladies of St. Cecilia Guild of St. Barnabas Church held a very successful sale of work yesterday afternoon in the schoolroom of the church and as a result of their efforts realized \$100, which will be devoted to the funds of the church.

The sale was opened at 2.30 o'clock by Rev. A. G. Wells, rector of Cedar Hill Church. He made reference to the splendid work being accomplished by the ladies and their many efforts to raise funds for the carrying on of the church's activities.

The musical programme was provided by Mrs. Foot's juvenile orchestra and Mrs. Ward.

Tea was served at daintily appointed tables centred with daffodils, Misses Know, R. Watson, Anderson, James Watson and Bryant being in charge of the tea arrangements. Mrs. Bassett and Mrs. Bootley presided over the home cooking and candy stalls and Mrs. Albert Jones, Mrs. Shorholt and Mrs. Bosstow had charge of the table of fancy work and plain sewing, while added attractions were the are gallery conducted by Mrs. Shade and Mrs. Newcombe, and a spinning Jenny in charge of the Misses Posustow.

### MARRIED AT NEW WESTMINSTER TO-DAY

L. Sweeney, Well-known Victoria Business Man, Weds Miss M. Gregory

At St. Peter's Church, New Westminster, at ten o'clock this morning the marriage was solemnized of Leo Sweeney, manager of the Sweeney Co-operative Ltd., and son of Mr. and Mrs. M. Sweeney, 528 Trutch Street, to Miss Mary Gregory, eldest daughter of Mr. and Mrs. Leo Gregory, 335 Eighth Street, New Westminster. The church was beautifully decorated with Easter lilies, carnations and palms, the central aisle being further beautified with bridal arches

LEO SWEENEY

of palms and lilies. The ceremony was performed by the Rev. Father Beck, O.M.L.I., assisted by the Rev. Father Boyle, O.M.L.I., in the presence of a big congregation.

The bride, who entered the church on her father's arm, was handsomely attired in her traveling suit of midnight blue velour broadcloth, with becoming white picture hat and white fox furs. She carried a bouquet of white roses. The one bridesmaid, Miss H. Gregory, sister of the bride, wore a suit of navy blue gabardine with picture hat en suite, white fox

MRS. L. SWEENEY

furs and carried a bouquet of pink carnations. Frank L. Sweeney, brother of the groom, officiated as best man, and Messrs. L. J. Pumphrey and N. Hanly acted as ushers.

The wedding music was played by Miss Elizabeth Gregory at the organ, and during the ceremony solos were sweetly rendered by Mrs. G. B. Sills and the Misses L. Sullivan and Margaret Lewis, schoolgirl friends of the bride. During the signing of the register Canon's "Ave Maria" was sung by Miss Sullivan.

After the ceremony a reception was held at the home of the bride's parents, where an elaborate wedding breakfast was served. The young couple were the recipients of many beautiful gifts. The bridegroom's gift to the bride was a diamond and pearl lavalliere, to the bridesmaid a diamond bar pin, to the best man a scarf pin. Mr. and Mrs. Sweeney have left on an automobile tour of Oregon and Washington via the Pacific Highway and on their return will be at home at 1170 Chapman Street after April 17.

The bridegroom is a popular member of the younger business community of Victoria and an all-round sportsman, having been for many years an active member of the Victoria "rep" lacrosse and rugby teams, All B. C. rugby team and the J. B. A. A. and the V. I. A. A. The bride is a native daughter of New Westminster, where she has a wide circle of friends.

### FINE MASQUERADE DANCE

Pythians Social Club Held Very Enjoyable Affair at K. of P. Hall Last Evening.

One of the most interesting masquerade dances of the year was held in the Knights of Pythias Hall last night. Nearly 200 dancers gathered at the invitation of the Pythian Social Club and spent a most enjoyable time. Dancing commenced at 9 o'clock to the strains of Newitt's orchestra and continued until an early hour this morning. A very pretty and merry scene was presented by the many varied costumes of the dancers. Mayor Porter attended the dance and officiated as one of the judges. He was assisted by Mrs. Rita Smith, Mrs. Sands, Mrs. J. Grant, David Spencer, D. T. Barnhart and R. H. Walker. After a lengthy delibera-

### MARINE OFFICIAL WED TO EX-SERVICE NURSE

Miss M. J. Mawhood Becomes Bride of W. G. Brown, Gas Buoy Inspector

The marriage of Miss M. J. Mawhood, daughter of Mr. and Mrs. J. W. Mawhood, of Ascot Vale, West Melbourne, Australia, to Lieut. W. G. Brown, son of James Brown, Rutherglen, Glasgow, Scotland, a nephew of J. G. Brown, of this city, was celebrated at the residence of the latter, 1205 Fernwood Road, yesterday afternoon at 2 o'clock, the Rev. J. G. Ingham officiating. The wedding was a military one. Miss Mawhood was attired in the uniform of a nurse, she having served during the early period of the war at Allahabad and other stations in India; was transferred to Mesopotamia, serving in the hospital at Amara for two years, after which she served for some time at Lahore, India, including the time also of the serious rioting returning to her home in Australia last May.

Lieut. Brown, who is the Dominion Government Inspector of gas buoys in the Marine Department, Victoria, enlisted in the Inland Water Transport Service, and was for a time employed in the Channel service out of Dover. He received his commission and was sent to Mesopotamia, where he served for three years, returning to Victoria last November.

Miss McCormick, of New Westminster, who supported the bride, was also attired in her nurse's uniform, having been associated with the bride in the capacity of nurse at Amara, Mesopotamia, and is now Victorian Order Nurse at New Westminster.

The wedding was a quiet affair, a very pretty one, the bride receiving many beautiful wedding gifts. The happy couple will spend their honeymoon in the neighboring cities of the Sound, returning to Victoria to make their home.

### PORT ALBERNI MAYOR IS MARRIED HERE

Nursing Sister Victoria L. Erout Becomes Bride of E. Exton

On Wednesday afternoon at St. Mary's Church, Oak Bay, a very pretty wedding took place, when Lieut.-Col. the Rev. G. H. Andrews officiated at the marriage of Edward Exton, Mayor of Port Alberni, and Miss Victoria L. Erout, Nursing Sister, who saw four years' service overseas, and is a daughter of Mrs. M. G. Lowes, of 2922 Donald Street, Victoria.

The bride who was given away by her brother, Chas. T. Erout, wore a travelling suit of navy blue gabardine with a picture hat of navy blue and a corsage bouquet of cream roses and carried a white-bound prayer book. She was attended by Miss Marion K. Jones, niece of the bride, and a member of the nursing staff of St. Joseph's Hospital, who was prettily attired in a navy blue serge suit and wore a charming rose hat, and carried a lovely bouquet of pink carnations and rosebuds. The bridegroom was supported by J. T. Jeffrey, of Victoria. As the bride and groom walked down the church steps, G. H. Andrews played the wedding march.

After the ceremony the bridal party, relatives, and a few friends assembled at the home of Mr. and Mrs. C. T. Erout, of 16 Lewis Street, where a delicious buffet luncheon was served. The groom's gift to the bridesmaid was a lovely crescent brooch of pearls, and to the best man a pearl tie pin in fleur-de-lis shape. The bride and groom were the recipients of many beautiful presents. They left for their home in Port Alberni this morning.

### Mrs. Ralph Smith Will Speak To-morrow On Mothers' Pensions

The Mothers' Pension Bill—a measure in which all individual women as well as the various women's organizations throughout the Province have been concentrating their attention—will come before the Provincial Legislature for its second reading to-morrow (Friday) afternoon at 2.30.

The Bill will be formally introduced by Dr. J. D. MacLean, the Minister of Education, who has charge of the Bill, and will be spoken to by Mrs. Ralph Smith, M. P. P. A big delegation of women will come over from Vancouver in the morning to attend the reading, and it is anticipated that every woman with the welfare of the community at heart will show their appreciation of the measure and their support of the sponsors by attending to-morrow's session.

# Striking Values in Boys' Spring Suits

THE VERY LATEST ENGLISH MODELS

FOR BOYS OF 7 TO 14 YEARS

They're Tweed Suits with the Norfolk Style coats with yoke back, pleats and buttoned belt. The knickers have straight knees with belt loops, watch and hip pockets.

Every suit made in superior quality, hard-wearing tweed—the kind of material that offers the most resistance to rough usage.

These suits will hold their shape; will please the boy and always look well on him. They come in light greys, green and brown mixtures.

Each suit is positively the best value ever offered at its price and the price range is **\$22.50 to ... \$19.50**

Also we are showing other style suits at different prices for boys up to 18 years of age, and at equally as good values as the above.

### ASKS GOVERNMENT TO SUBMIT CLAUSE FOR TABLE SALES

Brewery Delegation Wishes Provision Made For Sale of Beer and Light Wines

With a request that the proposed referendum on prohibition should be extended to give the people an opportunity to express their views on the sale of beer and light wines under table license, a delegation of brewery men waited on the Executive this morning.

F. A. McDiarmid, appearing as counsel, said it was not their wish to add a third question to the referendum ballot, but that the matter of beer and light wines might be added to the second question on the sale of liquor under Government control.

He said further that he feared that if the single question of sale of liquor under Government control were submitted as opposed to the present prohibition law, the case of importation from other provinces might be preferred to sale under Government control, and the present prohibition law would carry. Again if they put three questions it would split the vote and neither might have a clear majority. On the other hand if the people had some assurance that in addition to the sale of liquor in sealed packages the sale of beer with meals in licensed premises would be allowed, they believed the proposal would carry. They were in favor of the Quebec Act, except that they were not interested in light wines which were available in Quebec. They wished to have that put on the ballot and yet to keep the ballot down to two questions.

Another Sentence.  
"How are you going to do it?" asked Premier Oliver.

Mr. McDiarmid said they would simply add to the second question: "Are you in favor of the sale of liquor in sealed packages under Government control?" a sentence asking if with that they were also in favor of the sale of beer in restaurants.

The Premier said he understood that they wished them to combine the two questions in one vote.

Mr. McDiarmid said that was their wish as the sale of hard liquor in sealed packages might be quite consistent with the sale of beer and wine in restaurants. As under the Quebec Act there was to be no bar, but it might be sold under license with meals. If this were not done, owing to the fact that it would be a year at least before importation from other provinces could be done away with, it would mean that the present Prohibition Act would carry.

The Premier said he understood that they wanted the second question to be "Are you in favor of the Government sale of liquor in sealed packages, and the table sale of beer and light wines?"

Mr. McDiarmid said that was what they asked, and believed that if put to the people it would carry two to one.

Many Petitions.  
The Premier said they had been receiving numerous signed petitions in favor of table licenses for both beer and light wines. He promised that in considering the questions to be put to the people, the Government would bear in mind the representation that had been made.

The delegation included S. L. Prenter and H. A. Reif, Vancouver; Nels Nelson, New Westminster, and the Rev. C. G. Macdonald, Victoria.

### HERBALIST MAKES GREAT DISCOVERY

Gives Formula to World Which Affords Relief For Indigestion and All Stomach Troubles

Sufferers from the very common and yet exceedingly troublesome complaints arising from stomach troubles and indigestion will read with interest the formula of a great Scotch herbalist which promises relief, even in cases of the most acute character. This herbalist has discovered in the leaves and blossoms of several rare herbs the properties which, taken in proper doses, give quick relief for all such ailments.

The remedy is different from the ordinary remedies for indigestion, stomach bitters, etc., in that it contains not a trace of alcohol or drug of any character. It is nothing but the distilled essence of herbs. The medicinal properties are absorbed by the blood and carried to every organ forming part of the digestive system. Here it relieves the disorder in condition, giving prompt relief and also corrects the operation of the organs so as to permanently remove the cause of the trouble.

This formula, which is now on the market, has been thoroughly tested and even in cases of an acute character, has afforded relief in a matter of hours. Mrs. J. Hoey, of 308 Seventh Avenue W., Calgary, found it in relief from a case of chronic dyspepsia and stomach troubles of over 20 years standing. When she started taking it she was under the advice of physicians about to go to the hospital for an operation for ulceration of the stomach, could not eat and was a physical wreck. She has since distributed her wonderful recovery solely to Wonder Health Restorer.

Wonder Health Restorer is now offered in Victoria at the offices of the Distributors, The W. Y. McCarter-Burr Co., 646 Hillside Avenue, phone 2841R, as well as at Ivel's Pharmacy, 1219 Douglas Street. It is also for sale at leading drug stores throughout the Province. Any person suffering from stomach troubles or having indigestion, or who has any complaints are advised to call or send for literature, which fully explains the wonderful work of this unequalled remedy for the relief of one of the most troublesome complaints to which the human flesh is heir.

with, it would mean that the present Prohibition Act would carry.

### PUBLIC UTILITIES COMMISSION NOW ABOLISHED BY BILL

Legislative Press Gallery, Afternoon Sitting, April 8.

The Hon. J. W. de B. Ferris, Attorney-General and Minister of Labor, will introduce a bill this afternoon providing for the abolition of the Public Utilities Commission of British Columbia. The measure also gives power to the Lieutenant-Governor-in-Council to deal with situations which may arise as a result of the creation and discontinuance of the office in question. Another feature of the bill is the intention to divide on an equal basis the trust fund of \$50,000, which came into being by reason of the odd cent fare charged in Vancouver by the British Columbia Electric Railway Company, between the Vancouver General Hospital and the latter.

ing acted as pallbearers: Wm. Murray, Andrew Murray, Archibald Murray and T. Alexander.

The funeral of the late Joseph Hillon, whose death occurred last Sunday at his home, Colquhoun district, took place yesterday afternoon at 3:30 o'clock from the San's Funeral Chapel. The service, which was conducted by the Rev. J. G. Inkster, was largely attended by relatives and friends, and the casket was covered with a profusion of beautiful flowers. The hymns sung were "Rock of Ages" and "Jesus, Lover of My Soul." The pallbearers were Messrs. Steele, Odgers, Barker, King, Gillis and Langworth. Interment was made at Ross Bay Cemetery.

### THREE PLAYERS TIED IN ROTARY GOLF TOURNAMENT

Trium Turn in Net Score of Seventy-eight During Conference Competition

Howe H. Smith, of Salem, with a net score of 78; V. C. Martin and Frank Thorne, of Victoria, with a net score of the same number, are the leading competitors in the Northwest Rotary Golf Tournament, which was held at the Colwood links yesterday afternoon, so the local Rotarians and the Rotarians from the Oregon City divide the honors on yesterday's play.

Sixty players took part in the tournament, and the scores of the Colwood came in for a lot of admiration. The privileges of the Colwood Golf and Country Club had been extended to the visitors during the time of the conference in the city, and the Rotarians had not been slow to avail themselves of the advantage to play on what many of the Colwood golfers and their visitors declare is as fine a course as any in Canada.

Contest was for 18 holes (stroke competition or medal play). The competitor who held the round of 18 holes in the fewest strokes, less his handicap, was the winner.

Results were as follows:  
Walla Walla.

### For the Little Ones

### To Keep Their Digestion Perfect Nothing is So Safe and Pleasant as Stuart's Dyspepsia Tablets

An experienced observer in charge of a large office said it was a waste of words to tell most people to eat plain food. They prefer the food that delights the eye. Checking up on the after effects of the usual distresses of gasiness, sour risings, water brash, loquacity and so on may be avoided by following the lead with one or two Stuart's Dyspepsia Tablets. These supply the stomach with an alkaline effect thus promoting normal conditions as in health. This puts the O. K. on so-called rich food. Men and women are but children of a larger growth when it comes to eating the foods that satisfy, even though they may cause indigestion. Indigestion is not necessarily confined to those who live high. It may follow so simple a process as the favor of a

bay leaf, thyme, garlic, sage or any of the other savory flavorings so universally used in soups, roasts, dressings, etc. As a rule if the stomach balks at such things, it will be disturbed by cheese, milk, coffee, pie and almost anything that most people like so well. Such conditions as these are met quite adequately by following the meal with one or two Stuart's Dyspepsia Tablets. They digest food and at the same time supply the stomach with an alkaline effect that prevents gasiness, heartburn, sour risings, drowsiness after eating and such distresses so familiar to those susceptible to indigestion or dyspepsia. Get a box of these tablets at any drug store in the United States or Canada, price 50 cents, and then note how comfortable the stomach feels. Your most excellent cook may use garlic without a protest.

## Speaking of SERVICE

We have this to say

"If You Get It at Plimley's It's All Right"

The word "Service" as defined here means that YOU, above all, must be satisfied. Regardless of what make you are using, or where you bought it, battery service here means that we will do our best to see that your battery gives you the utmost in performance. We will endeavor to give you such excellent service that when it comes time to buy a battery you will not consider going elsewhere.

Distilled water free. Repairs of the best.

### WAITEMATA PASSES UP.

The steamship Waitemata, of the Canadian-Australia line, has passed

up to Vancouver from the South Seas. She will go to Powell River to load paper for the return trip to Australia.

## IMPORTANT ELECTRIC WELDING CONTRACT

Steamship Tactician Will Undergo Rudder Repairs at Yarrows, Ltd.

To have repairs effected to her rudder and rudder-stock, the Harrison Direct Line steamship Tactician is due at Yarrows, Ltd., Esquimalt, at the end of the week. The steamship is now at Genoa Bay, B. C., loading a cargo of lumber for the United Kingdom. When the Tactician arrives here she will be drawing 24 feet 6 inches of water astern, and owing to the fact that the ship is fully loaded it will be out of the question to place her in drydock.

Yarrows, Ltd., have undertaken to effect repairs to the rudder without drydocking the vessel. Both the rudder and rudder stock are defective. The rudder will be unshipped by means of a powerful crane and repaired by the electric welding process, the plant of Yarrows, Ltd., being specially equipped for this class of work. The rudder-stock will also be electrically welded. It is a big job and is the first work of its kind and on such a scale to be done at Esquimalt. The Tactician will be here for some days, and when the repairs have been completed she will put to sea on her homeward voyage via San Francisco. The Tactician was here a few weeks ago with freight from the United Kingdom.

### VESSELS' MOVEMENTS

San Francisco, April 7.—Arrived: Strs. Lurline, Honolulu; Rose City, Astoria; Pasadena, Alton. Sailed: Strs. Wilhelmina, Honolulu; Dillwyn, Philadelphia; Acme, Brandon. Tacoma, April 7.—Arrived: Queen, San Francisco. Sailed: Strs. Queen, San Francisco via ports; Alta Maru, Yokohama; motorship Boobyalla, Vancouver, B. C. Portland, April 7.—Arrived: Nome City, San Francisco; Oleum, Port San Luis. Sailed: Str. Multnomah, San Francisco.

### PRÉSIDENT ARRIVES.

The liner President, of the Pacific Steamship Company, made port this afternoon from San Francisco. She has 38 tons of general California freight for discharge here.

### AN ENDLESS CHAIN.

Here is the endless chain of recommendations for Lydia E. Pinkham's Vegetable Compound. There is hardly a town or village in the United States from which women have not written letters telling of health restored by Lydia E. Pinkham's Vegetable Compound. If you are suffering from some female trouble, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. In many cases you will find that she has regained health by its use and will recommend it to you.

## NEURITIS

So many have Neuritis, that painful passing inflammation of the nerves. Do not suffer another day. If you are a victim, try

### Templeton's Rheumatic Capsules

Nothing else brings relief so quickly and so surely. Send for free sample to Templeton, 142 King St. W., Toronto.

For sale at reliable drug-stores for \$1.04 a box. Vancouver, the J. W. Dr. H. Street, Victoria, D. H. Mitchell, Port Couillard, W. J. Tucker, Port Mear, Graham Knight.

### S.S. PRINCE JOHN FLOATED

The G.T.P. steamship Prince John was floated this morning from the beach near Dead Tree Point. News of the successful salvage of the Prince John was received late this afternoon by the Pacific Salvage Company.

The vessel is proceeding to Aliford Bay for additional repairs and will arrive at Prince Rupert on Sunday.

## PASSENGER RATES ON ATLANTIC TO SOAR

Increase of 20 Per Cent. on All Accommodation Above Minimum

Steamship fares on Atlantic lines covering first, second and one-cabin rates, above the minimum, will be advanced approximately 20 per cent. immediately, according to advices received by local steamship agents. No transfers will be made except at the new rates.

Shipping companies operating to the Orient and Australasia state that passenger and freight rate changes on the Atlantic will have no bearing on this coast as conditions are not similar. There is plenty of accommodation by the Australasian passenger lines to meet the demand and freight tonnage is equal to requirements. The Oriental lines state that though there may be a slight stiffening of freight rates it will be not eligible—perhaps 50 cents to \$1 a ton. If there is any increase on the Pacific it will take place in June or July, but no decision has yet been reached. The Canadian Pacific reports no contemplated change in rates to the Orient, passenger or freight. The freight situation is fairly easy, but the passenger business is heavy. The liners Empress of Russia and Empress of Asia are booked up to the latter part of the year, but berths can always be obtained on the Empress of Japan to the Montague.

### ROYAL TO OVERHAUL.

The C. P. R. steamship Princess Royal will be out of commission for about a week undergoing overhaul. Following her resumption the Princess Adelaide will be taken off the Gulf route to reef.

## EXPORTERS OBJECT TO BILLS OF LADING

Shipping Board Brands Alleged Action as Discrimination Against U.S. Vessels

Washington, April 8.—Reports that some exporters had notified their agents to book no further shipments from Pacific ports on vessels which requested inclusion of ocean rates in through bills of lading are being investigated by the United States Shipping Board, it was learned to-day. Chairman Benson is said to have called the attention of shippers to the fact that it was mandatory upon all ships of American registry to require this form of bill of lading and the alleged action of the exporters would be to "discriminate against American vessels, in favor of foreign ships."

## AGREEMENT REACHED IN DRYDOCK DISPUTE

Vancouver, April 8.—Settlement of the dispute between rival stockholders of the Prince Rupert Drydock & Engineering Company has been reached, it was stated last night. Newman Erb, New York financier, is buying out the interest of John L. Mullen, the Pittsburgh contractor who obtained from the Canadian Government contracts for two steel ships. Solicitors for Erb said that Mullen and his associates had accepted his offer to buy them out. No agreement has yet been signed. The case was to have come to trial yesterday, but hearing was deferred pending negotiations to purchase.

## Wonderful Remedy Establishes Regularity Cures Constipation

As you value life itself, never use medicine that racks the system. Costiveness is bad enough, but violent cathartics are the limit.

When the bowels are constipated and you have stomach trouble and headache, try Dr. Hamilton's Pills; they are so mild you can scarcely feel their action, yet so effective that the entire secretory apparatus is stimulated to healthy action.

Dr. Hamilton's Pills move the bowels gently. They tone the liver and kidneys. They renew the blood. Digestion is assisted. Headaches disappear. Stomach rumblings cease. Bilious turns are prevented.

Dr. Hamilton's Pills are more than a bowel medicine, for they act as a system cleanser and general tonic. For those who feel dull, heavy, and morose, for those who suffer frequently from colds, biliousness, and stomach disorders, there is no better medicine.

You risk nothing in using Dr. Hamilton's Pills because they are guaranteed to cure. Made according to the formula of one of the greatest physicians that ever lived, Dr. Hamilton's Pills are bound to give your system just the aid it requires. Sold by all dealers, 25c. per box.

## Mrs. Lilian Taylor Tells How Cuticura Healed Her Baby

"Our baby was two weeks old when his face became very red and terribly itchy, and he was fairly crazy rubbing and scratching the skin broke and bled. He could not sleep, and did nothing but cry. His face looked as though he might be disfigured for life."

"I thought I would give Cuticura Soap and Ointment a trial. I found the free sample so good that I bought more and two cakes of Cuticura Soap and a fifty cent box of Cuticura Ointment healed him." (Signed) Mrs. Lilian M. Taylor, Box 99, Bridge, Montreal, Que., Dec. 30, 1918. Cuticura Soap to cleanse and purify, Cuticura Ointment to soften and soothe and Cuticura Talcum to powder and perfume are ideal for daily toilet purposes.

See 25c. Ointment 25c. and 50c. Sold throughout the Dominion. Medicine Dept., Cuticura, Limited, St. Paul St., Montreal, Que. Cuticura Soap shaves without pain.

## LADY MINE TOUCHED OFF HOSPITAL POINT

Power Schooner Was Aground For Two Hours Yesterday Afternoon

While bound out of the Inner Harbor yesterday afternoon the power schooner Lady Mine touched bottom of Hospital Point, but was later towed off by the power schooner Bonita. The vessel was being out for a trial spin following the installation of power when her engine went out of commission temporarily and allowed her to drift aground. Adjustments to the engine were promptly made and within two hours the craft was released and returned to her berth at Idens wharf. No damage was suffered by the vessel. The Lady Mine has been outfitted here for the coastwise trade, and this morning left the harbor on her first trip as a power trading schooner. Famous as one of Victoria's sailing fleet the Lady Mine was purchased recently by Capt. W. H. Smith from Andy Bechtel, and in the meantime various structural changes have been carried out in addition to the installation of power. The Lady Mine Fishing & Trading Company, incorporated with a capital of \$20,000, are the owners of the craft.

## M'QUARRIE PROBING FISHING QUESTION

New Westminster Member Satisfied Fraser River Regulations Are Satisfactory

New Westminster, April 8.—W. G. McQuarrie, M.P., who has just returned from Ottawa for a brief visit, during which, it is stated, he wishes to get the opinion of his constituents in reference to fishing matters, is not, apparently, as fearful of dire results to the industry with the 1920 regulations in force as are most interests and public bodies in this district. He bases his attitude on the information acquired since going into the matter at Ottawa. He contends, so far as the Fraser River is concerned, the regulations are satisfactory because they contain the first definite step towards the elimination of the Japanese fisherman. They restrict the number of licences to be issued to the Japanese to the number issued last year.

## SOVIET NOTE NOT TAKEN SERIOUSLY

Peking, March 1.—Delayed.—(Associated Press)—Restoration to the Chinese without compensation of the Chinese Eastern Railway and all mining and forestry concessions and privileges seized by the former Russian imperial regime, Alexander Kerensky, General Horvath and Semenov and Admiral Kolchak, is announced in a note to the Chinese Government from Soviet authorities at Irkutsk. The note also renounces the Russian indemnity arising out of the Boxer rebellion. The Chinese Foreign Office is not inclined to take the communication seriously, doubting the authority of the Soviets to make renunciation.

## DECAY IN PAPER MAKING QUALITIES OF WOOD PULP

Clean groundwood pulp and pulp infected with molds and fungi have been used in recent comparative paper-making trials at the Forest Products Laboratory, Madison, Wisconsin. These trials showed that infected pulp was inferior to clean pulp in the following respects: The infected pulp produced a very dirty sheet. It required more sizing than the clean pulp. It stuck to the couch and press rolls and gave trouble from excessive foaming. Although groundwood pulp is usually considered too slow, the extreme greenness of the infected pulp caused difficulty in carrying the necessary amount of water on the paper machine to secure a good formation in the finished paper. Based on the percentage of groundwood, the infected pulp used in the experiments yielded 10 per cent less finished paper than the clean pulp.

Courses for Everybody. Special Rates. Don't Delay. Phone 28.

The strength of the finished paper was greatly reduced by the use of infected pulp. In a groundwood sulphite finish, this decrease in strength would necessitate the use of a larger percentage of the more expensive sulphite pulp.

## ADEQUATE SERVICE TO NORTHERN PORTS

G.T.P. Semi-Weekly Steamship Schedule Becomes Effective April 21

C. F. Earle, city passenger agent for the Grand Trunk Pacific, has been officially advised of the new semi-weekly schedule which becomes effective with the resumption of the steamship Prince George on April 21.

Running through to Stewart the Prince George, Captain D. Donald, will leave Victoria at 11 a.m. Wednesday, April 21, for Seattle. Sailing from Seattle at 11 p.m. the same day the steamship will proceed to Vancouver, arriving there at 8 a.m. Thursday and clearing at 8 p.m. same day for Prince Rupert and Stewart via Ocean Falls and Swanson Bay. Leaving Prince Rupert at 10 p.m. Saturday the Prince George will arrive at Stewart 6 a.m. Sunday, leaving again on the southbound trip at noon.

## UNION STEAMSHIP COMPANY

Regular sailings from Vancouver to all East Coast and Mainland Points. Logging Camps and Canneries, as far as Prince Rupert and Anxox. For detailed information apply GEO. McCREGOR, Agent, Tel. 1212, No. 1 Balmont Street.

## DAY STEAMER TO SEATTLE

THE S.S. "SOLDUC"

Leaves C. P. R. Wharf daily except Sunday and Monday at 10:30 a.m. For Fort Vancouver, Longue Pointe, Williams, Port Townsend, Port Blaine, arriving Seattle 7:15 p.m. Returns, leaves Seattle daily except Saturday and Sunday at midnight, arriving Victoria 1:15 p.m. Secure information and tickets from PUGET SOUND NAVIGATION CO.

## TRAVEL BY STEAMSHIP

PACIFIC STEAMSHIP CO. Sailings to California: Reduced Round Trip Fares. S. S. President, April 10, 8. S. Governor, April 17, from Victoria, 6 p.m., and from Seattle 5.5 p.m. Returns, leaves Seattle 12 noon, Tuesday and Thursday, 12 noon. R. P. RITHEK & CO., Agents, 1117 Wharf Street, Phone No. 4.

noon. Sailing from Prince Rupert at midnight Sunday the steamship arrives at Vancouver at 3 p.m. Tuesday, clearing from the mainland port at midnight and reaching here at 7 a.m. Wednesday.

Rupert's Schedule. The steamship Prince Rupert, Captain Duncan McKenzie, will leave Victoria at 11 a.m. Sunday for Seattle, leave Seattle 11 p.m. Sunday, arrive Vancouver 8 a.m. Monday, leave Vancouver 8 p.m. Monday, arrive Prince Rupert 10:30 a.m. Wednesday, leave Prince Rupert 10 p.m. Wednesday, arrive Anxox 7 a.m. Thursday, leave Anxox 3 p.m. Thursday, leave Prince Rupert 10:30 a.m. Saturday, arrive Vancouver midnight Saturday, arrive Victoria 7 a.m. Sunday.

It will be seen that the steamship Prince Rupert takes care of the Anxox service, while the Prince George will maintain the Stewart service.

To Queen Charlottes. The steamship Prince Albert will give connections with the Queen Charlotte Islands, touching at Massett, Port Clements, Buckley Bay, Sandspit, Skidegate, Queen Charlotte City, Cumshewa, Pacoft, Thurston, Atli Inlet, Lockeport, Sedgewick Bay, Jodyway and Ikeda. While the trip to Massett is shown from Prince Rupert April 14 to make the schedule uniform, the steamer will have to make the trip to Stewart that week and on the return will proceed direct to Massett.

## "Plus Service" Transmission Belting

Service, not price, should be the basis on which your purchases of transmission belting are made. The highest-priced belt is built to give maximum service and, in the final analysis, is the most economical. Low-priced belting is the most expensive, for it cannot be expected to wear for any length of time, and usually doubles its first cost in expensive repairs, power waste, idle machines and lost production.

Leaving price out of the question, no belt will prove economical unless it is the right size and construction to efficiently carry a given power load.

The possibilities of waste in buying and placing belts is so great that no one but a belting expert should ever be permitted to select a belt for even the most unimportant purpose. It isn't necessary that you maintain a belting expert. We have established a special service department in charge of belting engineers who will, without cost, gladly take the responsibility of making your transmission belting give Plus Service by keeping its cost at the minimum. They will specify

### MAY BE JAILED FOR CRITICIZING UNION GOVERNMENT

All in-Opposition Liable For Sedition, Trades Council Hears

### PROBITY OF WINNIPEG JUDGES QUESTIONED

Charges that anyone who dares to oppose the Ottawa Government in any of its policies can be arrested and jailed for sedition, that secret service spies are at work in every labor organization throughout Canada and that the conduct and result of the recent Winnipeg strike trials were such as to shake faith in the "probity of the judiciary and the rectitude of Ministers," were made at last night's meeting of the Victoria Trades and Labor Council.

### All Liable For Sedition.

"There is no law in Canada defining what sedition is," Mr. Siverts went on, "and in Winnipeg it was left to the weakness of the evidence to impress the jury with what sedition is."

### Mounted Police Raids.

"Any one of us who aims at the improvement of what exists in present Government comes under the head-line of sedition."

### Shake Faith in Courts.

The resolution which will be sent East is: "Resolved that this Trades and Labor Council, representative of organized labor in the City of Victoria, views with grave concern the strained, tortuous and devious methods adopted by the Government to secure the conviction of the Winnipeg strike leaders."

### Mr. Bowser's Brand.

Branding the eight-ounce clause in the proposed amendments as a "gratuitous insult to the physicians of the Province," Mr. Bowser proceeded to his theme. The Opposition Leader said the Province had witnessed a series of scandals since prohibition came into force.

### Sales.

"The Vancouver sales in January of last year amounted to \$48,476," he commented, "whereas in December they had risen to \$347,851. Victoria accounted for only \$11,808 worth of liquor in January, and \$62,130 in December, and even a small city like Nanaimo showed an increase from \$0.00 in January to \$500 in December."

### Prescriptions.

A total of 315,177 prescriptions had been issued, the speaker, while only nine doctors had been prosecuted. This, he declared, proved the "looseness" of the administration and resulted in the medical profession having a series of infractions thrust upon it.

### BOWSER ATTACKS ADMINISTRATION OF LIQUOR LAWS

Finds Fault With Enforcement of Prohibition Act by Attorney-General

### GALLERIES FILLED TO HEAR ONSLAUGHT

Legislative Press Gallery, Evening Sitting, April 7.

Well filled galleries and an expectant Legislature gathered this evening to hear the Leader of the Opposition deliver his address on the second reading of the bill to amend the British Columbia Prohibition Act.

For nearly an hour and three-quarters Mr. Bowser kept up a steady stream of criticism, very largely directed against the Department of the Attorney-General, whose executive head was absent from the House.

The ex-Premier reviewed the operation of the Act since it came into force in the Fall of 1917 up till the present time. The taking of the soldiers' votes, the Findlay episode, the "prescription evil" and the measure now before the House were dealt with in turn according to the speaker's view of their importance as individual phases bearing in lesser or greater degree to British Columbia's dry, or semi-dry, condition at the present time.

### Charges Lax Administration.

The Leader of the Opposition has no quarrel with the Act as it stands. He contends that it is capable of enforcement; but he charges the Government in general and the Department of the Attorney-General in particular with lax administration. Mr. Bowser is of the opinion that if a firm stand had been taken against refractory members of the medical profession liquor sales during the year 1919 would not have increased to the extent that they have.

### What Difference?

The Premier wanted to know what difference it made to the doctor's affidavit; what difference would it make in the case of prosecutions? The reply was that it might make little difference, but it would make a difference in the minds of the public. The Premier declared that the clause in the amendment mentioned gave every opportunity for law-breaking, since it was purely a temptation to unscrupulous doctors, and unfortunately for the medical fraternity and the public as a whole, there was a certain percentage of this kind of person.

### Anticipating Accidents.

"This permit system meant," said Mr. Bowser, "that a man could get a quart in the morning for the 'accident' which was to happen in the afternoon, and if further meant that men were securing liquor through permits when they were hundreds of miles from the plant where their supposed employees were working."

### Anticipating Accidents.

"This permit system meant," said Mr. Bowser, "that a man could get a quart in the morning for the 'accident' which was to happen in the afternoon, and if further meant that men were securing liquor through permits when they were hundreds of miles from the plant where their supposed employees were working."

lifting of the war regulations once more permitting importation.

"And now," continued Mr. Bowser, "the permits are to be cut out. But not until June 1, which gives 'the boys' plenty of time to fill up."

Why Not Before?  
"Why was the Act not amended before? Why pass through the session of 1918 without amending it? Why were there no checks on permits? And why were there no checks on prescriptions?" queried the speaker, who maintained that the amendments were only being brought in on the eve of an election.

The Opposition Leader referred to statements he had been credited with making regarding "higher-ups" being implicated in the prohibition scandals. He said he wished to say the same thing again, and to repeat that there were men higher up than Findlay connected with illicit importation. He had his own ideas of names, but said he was too wary to make charges. He said the Opposition had hoped to find out a great deal about this through the public accounts of last year, but were informed that the matter was connected with the Attorney-General's department and the information could not be secured.

The Contract.  
Mr. Bowser denied that he had made the statement from the public platform that Mr. Farris had signed a contract with the Hudson's Bay Company for \$31,000 worth of liquor for his personal use.

Mr. Pattullo spoke up and said that such had been the inference left by the Opposition Leader in up-country places. The Minister of Lands referred to the affidavit produced by the Attorney-General in substantiation of the statement. Mr. Bowser said he knew the party quite well who had made the affidavit. He had assaulted one doctor and had been fined. He had invited the Crown officials to settle the matter in another way. If the Government officials had to stoop to getting affidavits from this type of man there wasn't much to fear from anything contained therein, he added.

Had Own Ideas.  
Regarding his views on prohibition, the Opposition Leader said he had his own ideas, but did not intend to express them. He maintained, however, that he would carry out the law, whatever it was. He was interrupted by Government members who asked him for enlightenment upon statements made at Revelstoke regarding the hearing of a case where a man was charged with violation of the liquor act. Mr. Bowser said he had quoted from information given him, but admitted he sometimes made mistakes.

Premier Oliver felt that a definite statement had been made regarding the propriety of the Revelstoke prosecution.

As Mr. Bowser resumed his seat George Bell, Government member for Victoria, asked if it were not true that the Conservatives had been asked to send a man to England on the commission which went to investigate the counting of the soldier vote.

Mr. Bowser said the member had no right to ask, but upon being asked by Mr. Speaker Keen if he would answer, he did so in the affirmative.

Premier Oliver moved the adjournment of the debate.

**Morgan and Baker Victors Over Seattle Boxers at Crystal Show**

**Nessman, of Vancouver, Loses to Quinn After Extra Round; Excellent Card Produced by Victoria Boxing Club.**

Only one of the three clean cut Seattle boxers who came over yesterday for the Victoria Club's tournament at the Crystal Theatre last night went away with a decision. Elmer Quinn, in the 135-lb. class, shaded Joe Nessman, of Vancouver. Roy Baker and Johnny Morgan, in the 125-lb. class and 145-lb. class respectively, and looked upon as the best performers on the Island, both secured the verdict. Morgan beat Claud Scott and Baker beat Jess Cooper.

Baker had little difficulty in beating Cooper. Cooper was out of training, not having had on a glove for three months, according to his friends, but for his gameness he was cheered as cordially as the victor as he left the ring. The first round was fought warily and was fairly even, but in the second Roy opened up with everything he had. The Seattle man had a good defence and a good punch with either hand. Baker, however, forced him to the ropes several times, and uncorked one or two of his terrific body punches. He also got in a right on the point of the jaw which made his opponent sag against the ropes ready for assistance to his corner and the minute rest. The game Seattle boy came back for more in the third round and opened well, but half way through the bout he was ended the bout with another stiff jab.

**Morgan Has Improved.**  
Johnny Morgan and Claud Scott in the 145-lb. class were fast and clever. Morgan, a greatly improved lad from when he first made his appearance in Victoria with a lot more ring generalship, had a slight edge in every round. The Seattle man showed beautiful footwork, a department in which the tip-Islander fighter himself is no slouch and both were ready to swap hard punches. The fans were well pleased with the work of both boys.

**Seattle Man's Punctures.**  
The rugged Joe Nessman, of the Gilmore Athletic Club, was as willing as ever but in Elmer Quinn, of Seattle, he met a more experienced ringman, who won out on account of his cleverness. Nessman's aggressiveness was well handled by the Sound fighter. He stepped inside of Nessman's wide swings in the first round and administered a lot of punishment. He looked like a winner after the first stanza. Nessman, often a winner on account of his ability to take punishment, came up full of enthusiasm for the second round, but his swinging blows seldom found a mark in the Seattle man's well-directed punches sent in often. In the third round Nessman continued on the aggressive, although he had stopped a lot of fierce punches. An extra round was called for, although most of the audience were prepared to give the Seattle fighter the verdict. With the remark "you have to kill that man to beat him," Quinn stepped in and jabbed with both hands at Nessman's jaw and body without stopping him. When Joe's friends disputed the decision he leaned on the ropes and in-

**COMRADES AND WESTS ARE SOCCER FINALISTS**

Last night's meeting of the B. C. F. A. resulted in the decision of the B. C. F. A. at Vancouver being reversed, and the Comrades of the Great War and the Victoria Wests will play the Jackson Cup final for the Island championship Saturday. The Knights of Columbus are eliminated by the latest decision.

A delegate from every club was asked if he thoroughly understood the conditions under which the clubs took part in the Brown Cup competition, and replied in the affirmative. In view of this fact the local executive's ruling was upheld. The final will be played at Royal Athletic Park on Saturday, commencing at three o'clock.

**VANCOUVER WILL BE STRONG IN POM CLASS AT DOG SHOW**

Lady Fanciers of British Columbia Are Noted For Splendid Specimens

The cream of Vancouver dogdom will compete at Victoria's annual show April 13 and 14. Pomeranians will probably be the largest class, the lady fanciers of British Columbia being noted for their splendid specimens of the breed. Amongst the prominent breeders and exhibitors entered are Mrs. Melville Elsted of the Strathroy Kennels with Strathroyal Tommy Atkins and Strathroyal Rhadah, two well-known winners. Mrs. Elsted will have under her parental care Bessie Hutchinson, the well-known child exhibitor, who takes her winning Chinese chow "Mickey Boy" and "Norwood Roy," a black midge spaniel with which she expects to add to her laurels. Mrs. Elcock's "Little Tich," the winner of best pom in show locally, Mrs. Dorrell, Mrs. Elston, Mrs. T. Briggs, Miss Roberts and many other ladies who have shown at winter parlor shows, will make the competition keen. The show will be held at the Victoria Hotel, with Mrs. Elcock as breeder and exhibitor are Dr. T. E. Sleeth, Norman McConnell, Archie Hogg and many others.

**STRENUOUS GAMES IN SCHOOL BASKETBALL**

Seniors—Metropolitans, 41; St. Marys, 37.  
Ladies—St. Andrews, 26; Metropolitans, 9.  
The "Metropolitan Malachukins" defeated the "St. Marys Mogus" in a strenuous game at the Y. M. C. A. last night. Mets had a slight lead all through, Stan Moore being in particularly good shooting form, netting 24 points. St. Marys made things lively towards the finish. Monsieur "Tiny" Marshall and Signor Louis Fatt doing some remarkable scoring, which nearly tied the score several times. Signor "Louis" scored 13, and Monsieur "Tiny" 12 points for St. Marys. Final—Mets, 41; St. Marys, 37.

Ladies.  
"St. Andrews" girls won from the "Mets" in a hard game, in which the "Mets" were checked too hard to do much scoring.

Jean Burridge scored 13 points for the winners, the Met girls failing to score.

St. Andrews—B. Hamilton, M. Martin, D. Melville, H. Boice, J. Burridge.  
Mets—I. Porter, M. Bell, D. Jenkins, Ella Lewis, B. Barnett.

**To-Night's Games.**  
At the Y. M. C. A. gymnasium Crusaders and Belmonts meet in a championship game at 8 p. m. to-night.

Crusaders can win the league by defeating Belmonts this evening, which nearly ties the score several times. Signor "Louis" scored 13, and Monsieur "Tiny" 12 points for St. Marys. Final—Mets, 41; St. Marys, 37.

**NO WAITING FOR LATE COMPETITORS**

Runners in James Bay Road Races Are Asked to Be On Time

Seven runners turned out last night for a practice run from the J. B. A. A. for the James Bay road races Saturday. Some new comers were out and showed surprisingly good form. The J. B. A. A. look forward to having quite a number of runners entered in the races and already over half a dozen have sent in their entry forms. Several more are yet to come.

A very good practice run was held over the course last night, and with a short run to be taken this evening will wind up the training for the J. B. A. A. boys for the races.

The races are to be held Saturday afternoon and will start and finish at the corner of Menzies and Quebec Streets, in order to be out of the way of any traffic at the C. F. R. wharf. The club premises will be thrown open to all competitors, and full use of the dressing rooms and baths can be obtained.

R. F. Taylor, president of the club, will present the prizes to the successful competitors at the conclusion of the races. This presentation will take place in the lounge room of the club, and all competitors and their friends are invited.

The name of the successful club and competitor will be engraved on shields and put on the challenge cups which will remain in the possession of the J. B. A. A. until won outright by any club.

The junior race will commence at 3:30 sharp and the senior race will commence at 4:15 sharp. All competitors are asked to be on hand in plenty of time, as Dan O'Sullivan, who will start the races, says that there will be no waiting for any late comers.

**ROYAL OAK GIRLS HOLD PAPER CHASE**

After a morning spent in outdoor sports—high jump, long jump, vaulting, recognizing footmarks and judging unknown distances, games, etc., by the St. Michael's Royal Oak group of Canadian Girls in training Tuesday, followed by lunch at the Vicarage, a paper chase was held by the girls. The hares, Marjory Litter and Kathleen Griffin, led the hounds over an intricate and uneven path, through woods and over rocks and streams. The hounds reached home 14 hours after the hares, and it was only after a wild search that they at last found the hares lodged comfortably high up in the branches of a large fir tree.

Tea was then served and three girls, Phyllis Cummins, Kathleen Griffin and Kathleen Jackson, were presented with their physical and sewing badges which they had won. After a few more games the girls left for their homes, most of them three and four miles distant.

Phyllis Cummins and Kathleen Griffin, who were chosen by the girls as captains, selected their teams for the season's work.

**HOPE TO ENCOURAGE JUNIOR LACROSSE**

Among other important matters to be discussed at to-night's meeting of the Victoria Lacrosse Association at the James Bay Club will be plans for encouraging lacrosse in the schools.

President Ed. Christopher states that this year, besides the regular inter-city series, it is hoped to start a city lacrosse league and a junior lacrosse league. The junior league will consist either of players under eighteen or of school teams.

To-night's meeting promises to fulfill the president's expectations of a lacrosse rally. There is every indication that there will be representative teams of clubs as well as of the school sports organizations and others interested in the game in the city.

**BETTING ON SUBURBAN**

London, April 8.—(By Canadian Press)—Bet on the City and Suburban follows:  
Viceroy, 15 to 2; Furious Brigand, 10 to 8; Cyceronetta, 20 to 1.  
Derby betting to-day was: Tetramata, 10 to 3; Prince Galahad, 5 to 1; Suridon, 9 to 1; Archibald, 100 to 8; and Orpheus, 100 to 9.

**SEATTLE CLUB GETS TWO**

Seattle, April 8.—Jimmy Shannon, infielder, and J. H. Cunningham, pitcher, have been signed by the Seattle club of the Pacific International Baseball League. Both tried out this Spring with a Seattle team of the Pacific Coast League. Shannon was sent to the Rainiers by the Chicago club.

**ALBION ARE VICTORS.**

London, April 8.—(By Canadian Associated Press)—In a Scottish Cup semi-final replay yesterday, Rangers were defeated by Albion, 2 to 0.

The final of the rugby union army cup series resulted in a victory for the second V. I. A. club, while nothing over the Second Life Guards.

Montreal, April 8.—Eugene Broseux, Canadian middleweight champion, has been offered a fight with Jack Britton, welterweight champion in Toronto at the end of next month.

**TEN ROUND DRAW.**  
Detroit, Mich., April 8.—Ritchie Mitchell, of Milwaukee, and Mel Coogan, of Brooklyn, fought a ten-round draw here last night, according to a newspaper verdict.

# at the Theatre

## DOMINION

Marguerite Clark's new picture, "A Girl Named Mary," now showing at the Dominion Theatre, is an example of the constant and astounded search for suitable screen material for their stars. Large corps of readers are employed, combining not only the current output of the book publishers, the magazines, and the mass of original matter that is received daily, but also the French, English, and other foreign literary markets. The staff of a prominent New York company includes people who can read every European language in existence. It is the duty of these readers to make short synopses of stories which they consider at all available. These are in turn referred to the scenario editor who selects a small percentage of them to be reproduced in scenario form by skilled writers. The library of one film company alone, consisting of books read and found wanting as far as the screen is concerned, at the present time numbers over 10,000.

"A Girl Named Mary" was adapted from the magazine story by Juliet Wilbor Tompkins. It is considered

mount-Artcraft pictures. Miss Novak is by birth a St. Louis girl, where she was educated in a convent. Her dramatic talent manifested itself early and even while she was in the convent she participated in stock plays unbeknown to her instructors. After leaving school she went to Los Angeles, where she found the opportunity to play in pictures, starting as an extra girl, but soon attracting attention by her grace and wonderful expression. She first won recognition when she played opposite to William S. Hart in "Selfish Yates," and since that time she appeared in "The Tiger Man" with Mr. Hart and in "The Claws of the Hun" and "A Nine o'Clock Town" with Charles Ray.

## ROMANO

Even Broadway will obtain some new ideas about New Year's Eve celebrations from the New Paramount-Artcraft photoplay, starring Dorothy Dalton, "The Market of Souls," which will be on view at the Romano Theatre for the rest of the week. A scene of lavish revelry, unsurpassed in screen presentation, is shown in this picture.

Clever to dancers, Egyptian maidens and ballet girls mingle with the guests in the big ballroom of the Broadway restaurant. A great push ball is tossed among them, and a girl dances on top of it while competing sides of dress-suited diners strive to reach her. Then a huge replica of the earth rolls into the room and spins on its axis. Suddenly it stops and parts into hemispheres, the upper half rising, while pigeons flutter from the centre of the earth, and by among the guests are emblems of peace.

Out of a mound of fire appears a silken-clad dancer, and the intersection of the earth becomes the dial of a clock, its hands pointing to the hour of midnight. The New Year's scene is only one of the many features of this superb picture, which is said to be the best in which Dorothy Dalton has yet appeared.

Tom Mix has a stirring new play of the gold mining West in William Fox's "Six Shooter Andy." Andy Crawford (Tom Mix) is making for Bannack, Nevada, where he hopes to get rich by panning gold. Near the town he finds Susan Allenby (Enid Markey) with her eight brothers and sisters. Susan's father is lying in the road dead, having been killed by one of the "gang" of Bannack whose leader was no less a man than Sheriff Tom Slade (Sam De Grasse). All go into the town. Andy fights for everything that is decent. He proves to be quicker with his gun than the wicked sheriff and in the end turns Bannack into a place where men get their just dues. He even balks the sheriff's designs on Susan. To do all this, however, needs some clever acting, some quick gun play. Tom Mix, man of the plains, does some hair-raising stunts in winning the girl and clearing up Bannack. Susan's eight brothers and sisters prove a big help to Tom.

## PANTAGES

Headlining the bill at the Pantages Theatre this week is the world-famous Asahi and his company of novelty entertainers, who have only recently concluded a two years' tour of the Eastern hemisphere. It is their first appearance on this continent. Asahi was recognized immediately as the cleverest magician and illusionist from Japan. With the assistance of his troupe he presents a series of tricks each one of which is more amazing than the one before. Another feature attraction is a bright miniature musical comedy, "Girls Will Be Girls." Four other enterprising acts of outstanding merit, a weekly news film and a comedy picture, complete the current bill.

## PRINCESS

Upwards of sixty costumes are being specially designed and made for the production of the "Pirates of Penzance," which is being staged at the Princess Theatre commencing with a matinee on Saturday next at 2.30 p. m.

All these costumes are being made by and under the supervision of Mrs. Taylor (whose genius in this branch of theatrical art was so well exemplified in the production of "Alice in Wonderland" at Christmas) and no expense is being spared in this regard. The costumes are, in one sense, historical following closely the

early "Mid-Victorian" period, a period during which the daintiness and quiet delicacy of the ladies' costumes were well set off by the rather severe grotesqueness of the men's clothes.

The chorus of Policemen have been the subject of particular care in this sartorial particular, their costumes being the uniform designed by the founder of the force, Sir Robert Peel, whose name was incorporated in the nick-name that was immediately applied to them, "Peelers."

There will be two Matinees, on each Saturday, April 10 and April 17, at 2.30 p.m., to which children will be admitted half price. The evening performances will commence with Saturday evening, and will continue throughout the following week (including Monday evening).

The Box Office is now open.

## "HELLO! VICTORIA" GALAXY OF BEAUTY COLOR AND TALENT

First Performance Last Night  
 Netted \$2,100; Final Show  
 This Evening

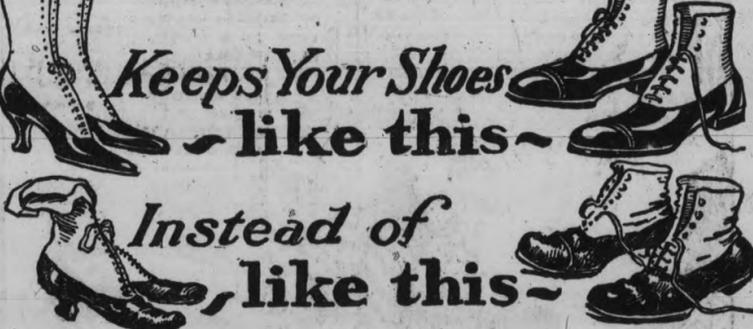

Bizarre and beautiful gowns, the loveliest of Victoria's lovely young actresses, original and tuneful numbers, graceful dancing and delightful singing, with settings which are a riot of wonderful color rivaling the hues of the rainbow—such are the principal ingredients which have been blended with artistic touch into the delightful pot-pourri known as "Hello, Victoria." Produced for the first time at the Royal Victoria Theatre last night, the revue was greeted with acclaim by a house filled to the top-most row of the gallery and the spontaneous applause which greeted each number testified in no uncertain manner to Victoria's appreciation of talent and beauty.

Brilliant Function.  
 Socially, the performance was one of the most brilliant functions of the past few years, reminiscent of pre-war days. Among those who occupied boxes were the Lieutenant-Governor and Mrs. Prior, with Mr. and Mrs. Max Reid, of Vancouver, and Mr. and Mrs. Despard Twigg; Mrs. James Dunsuir and party, Mr. and Mrs. D. J. Angus, Mr. and Mrs. J. S. H. Matson, Mr. and Mrs. R. Marpole, Mr. and Mrs. Forrest, Capt. and Mrs. J. W. Troup, Mr. and Mrs. Harold Eberts, Hon. J. H. and Mrs. King, and Mr. and Mrs. Arthur Coles, while the stalls were filled with leading members of the social set.

Two much praise cannot be given to Mrs. John Hope, who organized the revue; to Mrs. W. F. Brougham and Mrs. Selden Humphries, who were responsible for the production, and to Major Bullock-Webster, for his excellent stage management. If the financial result of the revue be concomitant with its success as a brilliant production, a substantial sum should be available for the beneficiary, the Maternity ward of the Provincial Jubilee Hospital. Last night's "house" represented the splendid sum of \$2,100.

Striking Gowns.  
 The rise of the curtain revealed an

## Wearing RUBBERS in Bad Weather

Keeps Your Shoes like this—  
 Instead of like this—

Rubbers are a wise economy. They protect the shoes as well as the health. They prevent the shoes from becoming saturated on wet days—make shoes wear longer and hold their shape better—and enable you to wear old shoes on stormy days, thus saving the new shoes for the fine days to come.

## Dominion Rubber System Rubbers

are made in styles and sizes to perfectly fit the shoes of every member of the family. And their sturdy quality assures long and comfortable wear. You can get dependable Rubbers by asking your dealer for any of the Dominion Rubber System brands.

The best dealers sell Dominion Rubber System Rubbers.

Interior hung with soft dark blue curtains, against which three huge vases filled with blossoms made an effective splash of color. Into this swept Mrs. Harry Pooley, her magnificent sheath gown of silver sequins worn with a huge picture hat of silver adorned with a sweeping feather fantasy and her brilliant studded Directoire cane, forming a striking picture which elicited a gasp of admiration from the audience. Her gay little song served to introduce a procession of lovely mannequins, each garbed in a triumph of the couturiers' art, the charms of which awoke envy in the breast of every woman present.

In the next scene Miss Muriel Dunsuir wore a lovely creation of pale pink tulle massed with feathers and worn with a huge feather headdress, the whole being an exact copy of one worn by the late Gaby Delys. Miss Dunsuir appeared with Lionel Tucker in a graceful waltz, both dancers sharing in the generous applause which greeted the conclusion of the charming number "Wild Thyme," a light list song, afforded Mrs. Selden Humphries the opportunity of wearing an adorable gown of pastel shades with a becoming hat of tulle, wreathed with flowers. Her singing was most effective and the male chorus of seven "Johnnies" enhanced the attractiveness of the number.

A clever little sketch, "A Marriage Has Been Arranged" (Alfred Sutro) furnished Miss Billy Street and Major Bullock-Webster with an opportunity for the display of their histrionic ability. Both acted with finished ease and convincing realism, and the introduction of the clever little comedy was a happy feature of the first half of the programme.

A Dainty Valentine.  
 It is, perhaps, invidious in an entertainment of this nature to single out any artist for special mention, but particular tribute must be paid to Miss Mona Misener, who, in her vision of dainty old-world loveliness in "A Valentine." Attired in an adorable gown of early Victorian design, with pale pink be-ruffled and crinoline-trimmed frock worn over white pantalettes, a demure little blue velvet cape and becoming poke bonnet, she was framed in a heart of roses and was the true personification of one of the dainty Valentines beloved of our grandfathers. Her daintiness and youthful charm found reflection in her singing and won for her an outburst of spontaneous and enthusiastic applause.

This winsome singer also took the leading part in a song-scene entitled "In Tulp Time." A typical Dutch windmill with the sea in the background and, in the foreground, hundreds of waving pink and yellow tulips, formed an alluring setting for Miss Misener in a charming Dutch gown of pink, with lace caps and apron of lace, and the chorus of eight Dutch boys and girls, the girls in frocks of Delft blue with white caps and aprons, the boys in yellow blouses, voluminous trousers and quaint caps.

Kirschner Girls.  
 A distinctly original flavor characterized the number, "Winnie, the Window-Cleaner," sung by Mrs. Selden Humphries with much charm and vivacity. A chorus of six girls in business-like but becoming overalls, carrying ladders and pails demonstrated the pleasant possibilities of this hitherto despised occupation. The visions of feminine loveliness

immortalized by the French artist, Raphael Kirschner, came to life last night in the number, "The Kirschner Girl," sung by Miss Mamie Fraser. This dainty little comedienne sang and danced with consummate grace, while in the background a series of mural decorations showed some of Victoria's loveliest young girls in poses representative of the artist's well-known pictures.

Dancing of a high order marked the "Eastern Fantasy," in which Miss Betsy Merritt and Lionel Tucker were partners. Miss Merritt wore a striking costume of Leo Bakst persuasion, fashioned of shimmering silver and with an iridescent skirt suggestive of the wing of a firefly.

MRS. JOHN HOPE.

while her headdress was of diamonds with bird of paradise plumes. In this connection it may interest feminine readers to know that this costume was designed and made by Mrs. Selden Humphries. Mr. Tucker was garbed in an eastern costume of black, with a headdress of silver. Both danced with exquisite grace and abandon, the artists being recalled for an ovation. Mr. Tucker also figured in a distinctly striking Apache Dance, his partner being Miss Daphne Brougham. A scene representative of the interior of a Montmartre cafe, showed a group of apaches seated at the tables. With an entire absence of preliminary introductions, the Apache (Lionel Tucker) strode over to one of the women (Miss Brougham) seized her by the hair and whirled her around in a dance full of abandon and animal grace.

An Unbiased Jury.  
 Victorians were treated to a glimpse of the chaos likely to reign when women become members of a jury, for in a clever little sketch written by Mrs. H. J. Wasson, twelve Jury-women, led by Mrs. Chas. E. Wilson as the forewoman, treat the law and its majesty, as personified by B. Tyrwhitt Drake, with scant courtesy. The observations of the various women and their diversions into side-issues totally irrelevant to the case furnished most food for

laughter. The little sketch was splendidly acted, the little company being well-balanced.

The element of comedy in the musical numbers was furnished by D. Rushton and D. F. Cowie. The former gave a very acceptable rendering of "My Old Dutch," the song immortalized by Albert Chevalier, Mr. Cowie assuming the role of the "bride of forty years ago." Mr. Cowie appeared also in the latter half of the programme in a topical song, bristling with local allusions and current topics. The final number on the programme, "If You Could Care For Me," featured Raymond F. Castle, a singer new to Victoria, and a chorus of eight girls. Mr. Castle displayed considerable "savoir faire" and sang with ease, the number being one of the most popular on the programme.

Colorful Finale.  
 The entry of the whole company into a cabaret scene, showing the members dancing proved a fitting and kaleidoscopic finale to a feast of music and color. Tribute must be paid to the orchestra and to Mrs. A. Gibson, whose inimitable and artistic accompaniments imparted just the finishing touch to what will be unanimously voted the most delightful entertainment yet seen in Victoria.

The following assisted in the various choruses and by their charm contributed in no small measure to the success of the spectacle: Miss Laura Eng, Mrs. Corning, Mrs. D'Arcy Martin, Miss Betsy Merritt, Miss Billy Street, Miss Dorothy Stuart-Robertson, Miss Peggy Mc-Bride, Miss Kitty Fraser, Mrs. Houghton, Miss Mabel Eberts, Miss Lottie Carby, Miss Gwyn McPhillips, Mrs. Macdonald, Miss Humber, Miss Oliver, Miss Louise Durand, Miss Tommie Scott, Miss Edna Humber, Miss Brownie Bodwell, Miss Jean Macdonald, Miss Laura Audain, Mrs. Thomas, while Major Macdonald, D. V. Rushton, Jack Matson, J. W. Cudamore, Raymond Castle, Russell Ker and Carew Martin also assisted in the choruses. The Misses Vivian Matson, Daphne Barton, Davida Ker, Doris Wilson, Gladys Pitts, Laura Audain, Louise Durand, Doreen Smith, Gypsy Ward and Victoria Bromley assisted with the programmes.

A Kidney Remedy

Kidney troubles are frequently caused by badly digested food which overtaxes these organs to eliminate the irritant acids formed. Help your stomach to properly digest the food by taking 15 drops of Extract of Roots, sold at Mother Seigel's Curative Syrup, and your kidney disorder will promptly disappear. Get the genuine.

FINANCIAL NEWS

STOCKS WEAKEN TOWARD CLOSE

BONDS FOR SAFE INCOME
Conservative investors of both large and small capital who do not consider any project that favors the Bond because of the assurance of safety it gives. The variety of the Canadian issues with their different locations and maturity dates, present an ideal opportunity for the investment of investments so as to secure regular income at certain specified periods.

NATIONAL OIL
Offers you the best opportunity of getting into the Oil business. Holding over 2,000 acres in the Fraser Valley, 500 acres Graham Island, 640 acres Peace River, 320 acres Star County, Texas; 640 acres Katella, Alaska. These leases are all in the company and every shareholder is an owner in them. INVESTIGATE means INVESTMENT. YOU CAN'T AFFORD TO MISS THIS OPPORTUNITY.

Do not forget to file your

Income Tax Return on or before the 30th of April, 1920.

ALL persons residing in Canada, employed in Canada, or carrying on business in Canada, are liable to a tax on income, as follows:—
1. Every unmarried person, or widow, or widower, without dependants as defined by the Act, who during the calendar year 1919 received or earned \$1,000 or more.

Forms to be used in filing returns on or before the 30th of April, 1920.

General Instructions.
Obtain Forms from the Inspectors or Assistant Inspectors of Taxation or from Postmasters.
Read carefully all instructions on Form before filling it in.
Prepay postage on letters and documents forwarded by mail to Inspectors of Taxation.
Make your returns promptly and avoid penalties.

SAYS FEAR OF RACE RIOTS UNFOUNDED

Acting-Mayor of Vancouver Speaks of Chinese and Noxious Drugs
Vancouver, April 8.—Protesting that reports of raids and seizures by the police made it appear that Chinatown was the centre of the traffic in noxious drugs, and that the Chinese community provided the chief offenders, Koliang Yih, Chinese Consul, wrote a formal letter to Acting Mayor James Ramsay.

HENZOLLERN STAYS ON CASTLE GROUNDS

London, April 8.—A dispatch from Hohenzollern says that Wilhelm Hohenzollern, former Kaiser of Germany, is permitted to leave the castle at Amerongen only on urgent necessity. Since the Kapp outbreak he has only once visited his Doorn Castle estate, to give instructions concerning the work. During the stay of his daughter and son-in-law there he was not permitted to show his estate to his guests.
