TOWN MEETING

Annual Town Meeting, March 4, 1901

WARRANT

ESSEX, SS.: To either of the Constables of the Town of Andover.

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Andover qualified to vote in town affairs, to meet and assemble in the Town House, in said Andover, on Monday, the fourth day of March 1901, at 8 o'clock, A. M., to act on the following articles:

Article 1st.—To choose a Moderator to preside at said meeting.

Article 2nd.—To choose Town Clerk, Treasurer, Collector of Taxes, three members of the Board of Selectmen, Assessors and Overseers of the Poor for one year, one member of the Board of Health for three years, three members of the School Committee for three years, and one for two years, five Trustees of the Punchard Free School for three years, one Trustee of the Memorial Hall for seven years, one Trustee of the Cornell Fund for three years, one Park Commissioner for three years, and one for two years, two members of the Board of Public Works for three years, Tree Warden for one year, one or more Auditors of Accounts, Constables,

Fence Viewers, Field Drivers, Surveyors of Lumber, a Pound Keeper, Fire Wards, and any other officers the Town may determine to choose.

Article 3rd.—To take action on the following question: "Shall licenses be granted for the sale of Intoxicating Liquors in this town?"

Article 4th.—To determine what sums of money shall be appropriated for Schools, School-houses, School-books and Supplies, Highways and Bridges, Macadamized Roads, Sidewalks, Removing Snow, Horses and Drivers, Street Lighting, Town Officers, Public Works, Sinking Fund for Memorial Hall Notes, Fire Department, Town House, Almshouse, Repairs on Almshouse, State Aid, Military Aid, Relief out of Almshouse, State Tax, County Tax, Abatement of Taxes, Interest on Bonds, Funds, and Notes, Redemption of Bonds, (Voted Oct. 21, 1889,) Notes payable, Printing and Stationery, Miscellaneous, Memorial Day, Insurance, Spring Grove Cemetery, Hay Scales, Park Commission, Tree Warden, Public Dump, and other town charges and expenses.

Article 5th.—To hear the report of the Committee on Improvements at the Town House and, if advisable, appropriate a sum of money for the same.

Article 6th.—To see if the Town will accept the street as laid out by the Selectmen from Walnut avenue to Carmel Woods and appropriate a sum of money for constructing the same.

Article 7th.—To see if the Town will accept the street, Tyrian Way, so called, also the street on the northerly side of Tyrian Way, so called, as laid out by the Selectmen, both streets being now private ways.

Article 8th.—To see if the Town will accept the street as laid out by the Selectmen from a point on Elm street near Wm. S. Lawson's to a point on Summer street near Maurice Collins' and appropriate a sum of money for constructing the same, and for land and fence damages.

Article 9th.—To see if the Town will choose a committee to consider the High School question in Andover. Said committee to consult with the Trustees of the Punchard Free School, regarding the same and make a report and recommendations to the next annual meeting.

Article 10th.—To see if the Town will vote to purchase a steam roller to use on the roads and appropriate a sum of money therefor.

Article 11th.—To see if the Town will appropriate a sum of money for a steam fire engine on petition of the Engineers of the Fire Department.

Article 12th.—To see if the Town will locate and maintain lights on Lowell street between the Frye Village Schoolhouse and the West Parish Centre and appropriate a sum of money therefor, on petition of Anthony Ward and others.

Article 13th.—To see if the Town will appropriate one hundred dollars for the further marking and designation of graves of revolutionary patriots under the direction of the Phoebe Foxcroft Phillips Chapter D. R.

Article 14th.—To see if the Town will accept Chapter 309 of the Acts of 1885 authorizing towns to license groves to be used for picnics and other lawful amusements.

Article 15th.—To see if the Town will authorize the Board of Public Works to petition the legislature for

authority to issue Water Loan Bonds to an amount not exceeding (\$40,000) forty thousand dollars in addition to those already issued.

Article 16th.—To see if the Town will make a contract with the Andover Electric Company for Street Lighting.

Article 17th.—To see if the Town will vote to build a sidewalk from Peter D. Smith's to the West Church and appropriate a sum of money therefor, on petition of Arthur T. Boutwell and others.

Article 18th.—To see if the Town will adopt the grades of streets as recommended by the Board of Public Works.

Article 19th.—To see if the Town will amend its By-laws by requiring junk dealers and dealers in second hand articles to be licensed.

Article 20th.—To see if the Town will vote to make necessary sanitary improvements at the Stowe School Building, connect the same with the town sewer and appropriate (\$4,000) four thousand dollars therefor on petition of the School Committee.

Article 21st.—To see if the Town will authorize the Town Treasurer to give a bond of three hundred dollars to the Andover Savings Bank to protect said bank in paying over to the Town all money remaining in said bank to the credit of Ann McAveney, deceased.

Article 22nd.—To see if the Town will vote to install a storage battery for the Fire Alarm and appropriate a sum of money therefor, on petition of the Engineers of the Fire Department.

Article 23rd.—To see if the Town will locate and maintain a fire alarm box, at some convenient point, at or near the Holt District School-house, and appropriate a sum of money therefor.

Article 24th.—To see if the Town will locate and maintain an incandescent light on Lowell street, Ballardvale, near Charles H. Kibbee's and appropriate a sum of money therefor.

Article 25th.—To see if the Town will direct its School Committee, or those having authority, to reopen the Holt District School and provide a suitable teacher therefor on petition of George W. Harnden and fifteen others.

Article 26th.—To see if the Town will locate and maintain a fire alarm box on Andover street near James J. Abbott's and appropriate a sum of money therefor.

Article 27th.—To act on the reports of the Town officers.

Article 28th.—To see if the Town will revise and accept the list of names of Jurors prepared and posted by the Selectmen.

Article 29th.—To fix the pay of the Firemen for the ensuing year.

Article 30th.—To determine the method of collecting the taxes for the ensuing year.

Article 31st.—To determine what disposition shall be made of unexpended appropriations.

Article 32nd.—To authorize the Treasurer to hire money for the use of the town in anticipation of Taxes, upon the approval of the Selectmen.

Article 33rd.—To determine the amount of money to be raised by taxation the ensuing year.

Article 34th.—To transact any other business that may legally come before the meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands at Andover, this sixteenth day of February, in the year nineteen hundred and one.

 $\begin{array}{c} \text{WM. G. GOLDSMITH,} \\ \text{SAMUEL H. BOUTWELL,} \\ \text{JOHN S. STARK,} \end{array} \right) \begin{array}{c} \textit{Selectmen} \\ \textit{of} \\ \textit{Andover.} \end{array}$

ANDOVER, March 4, 1901.

Essex, ss:

Pursuant to the foregoing Warrant, I, the subscriber, one of the Constables of the Town of Andover, have notified the inhabitants of said town to meet at the time and place, and for the purposes stated in said Warrant by posting a true and attested copy of the same on the Town House, on each School house, and in not less than five other public places, where bills and notices are usually posted, said Warrants have been posted two Sundays.

WILLIAM L. FRYE,

Constable of Andover.

At a legal meeting of the inhabitants of the Town of Andover qualified to vote in town affairs, convened at the Town House in said Andover on the 4th day of March, 1901, at eight o'clock in the forenoon, agreeably to the requirements of the foregoing Warrant, and after reading part of the same by the Clerk it was

Voted, to dispense with the further reading of the Warrant.

Took up Article 1st.

Chose George H. Poor Moderator, by ballot, he receiving all the votes cast.

The Moderator appointed, Wm. G. Goldsmith, John S. Stark and Samuel H. Boutwell tellers of votes for town officers, and Barnett Rogers teller on the liquor license question.

The polls opened at 8.05 o'clock A. M.

Took up Article 15th.

Voted, That the town authorize the Board of Public Works to petition the legislature for authority to issue Water Loan Bonds to an amount not exceeding forty thousand dollars in addition to those already issued, and that the application be made to the present legislature. The vote was unanimous.

Took up Article 16th.

Voted, That the matter of street lighting be left with the Street Lighting Committee to make Contract with the Andover Electric Company or others for a term not exceeding three years.

Took up Article 17th.

Voted, To build a sidewalk from Peter D. Smith's to West Church and that three hundred dollars be appropriated therefor.

Took up Article 18th.

Voted, To accept the grades of streets as recommended by the Board of Public Works, as shown by plans 1 to 13 prepared by the Engineer Mr. John E. Smith.

Took up Article 19th.

Voted, To amend the By-Laws of the town by adding to Article 5th three sections in regard to licensing junk dealers and dealers in second hand articles: the three sections added to be designated respectively section 16th, 17th and 18th; section 16th in the present By-Laws to be designated section 19th, so that the section of Article 5th, beginning with section 16 shall be as follows:

Section 16th. Every person owning or having the care or driving of any wagon or other vehicle which shall be used in the Town of Andover for the collection of Junk, old metals, second hand clothing, or second hand articles, shall before using the same be licensed by the Selectmen; and all of said vehicles shall have placed upon the outside, and upon each side of the same, the number of the license, in plain legible figures of not less than three inches in size so that the same may be distinctly seen and read; and any person owning, having the care or driving of any of the vehicles above described shall also wear a badge on his hat or cap with the number of his license thereon in brass or plated figures of not less than one inch in size and so placed that the number may be distinctly seen and read.

Section 17th. Any person who shall collect Junk, old metals, or second hand articles without a wagon or other

vehicle, shall before collecting the same be licensed by the selectmen, and shall wear a badge, as described in section 16 above.

Section 18th. Every person licensed under either of the two preceding sections shall for the license pay two dollars to the Treasurer of the Town and each license shall continue in force until the first day of May then next ensuing unless sooner revoked by the selectmen.

Section 19th. Every violation of any of the foregoing By-Laws shall be punishable by a fine of not less than two nor more than twenty dollars.

Took up Article 20th.

Voted, To make necessary sanitary improvements at the Stowe School Building, connect the same with the town sewer and appropriate four thousand dollars therefor, the same to be spent under direction of the School Committee.

Took up Article 21st.

The foregoing is a true copy of the Warrant and of the officer's return thereon, also a true copy of the doings of the meeting.

Attest:

ABRAHAM MARLAND,

Town Clerk.

Special Town Meeting, Oct. 21, 1901.

WARRANT

ESSEX, SS: To either of the Constables of the Town of Andover.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the town of Andover qualified to vote in town affairs, to meet and assemble in the Town House, in said Andover, on Monday, the 21st day of October, 1901, at 7.30 o'clock P. M., to act on the following articles:

Article 1st.—To choose a Moderator to preside at said meeting.

Article 2nd —To see if the town will raise and appropriate the sum of thirty-five hundred (\$3500.00) dollars to macadamize Main Street on the westerly side from near the top of Andover Hill to Elm Square.

Article 3rd.—To see if the town will raise and appropriate the sum of twenty-five hundred (\$2500.00) dollars for catch basins and a storm sewer on Main Street from the junction of School Street to Rogers Brook.

Article 4th.—To see if the town will raise and appropriate the sum of one thousand (\$1000.00) dollars for maintenance of Public Works on petition of the Board of Public Works.

Article 5th.—To transact any other business that may legally come before the meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk at the time and place of meeting.

Given under our hands at Andover, this tenth day of October, in the year nineteen hundred and one.

WILLIAM G. GOLDSMITH JOHN S. STARK

Selectmen of Andover

Officer's Return.

ANDOVER, October 21, 1901.

Essex, ss:

Pursuant to the foregoing Warrant, I, the Subscriber, one of the Constables of the Town of Andover have notified the inhabitants of said town to meet at the time and place and for the purposes stated in said Warrant, by posting a true and attested copy of the same on the Town House, on each school house, and in not less than five other public places where bills and notices are usually posted, said Warrants have been posted two Sundays.

WILLIAM L. FRYE,

Constable of Andover.

At a Special Meeting of the inhabitants of the Town of Andover, qualified to vote in town affairs, convened at the Town House in said Andover agreeably to the requirements of the foregoing Warrant, and after the reading of the Warrant and Officer's Return by the Town Clerk, Article 1st was acted upon

Voted, That the Town Clerk deposit one vote in the ballot box for George H. Poor for Moderator, and George H. Poor was chosen Moderator.

Took up Article 2nd.

Voted, To indefinitely postpone.

Took up Article 3rd.

Voted, To indefinitely postpone.

Took up Article 4th.

Moved, That the sum of one thousand dollars be appropriated for maintenance of Public Works, the money to be taken from receipts of the Waterworks.

This vote was not carried.

Voted, To reconsider the above vote and on reconsideration, it was

Voted, To appropriate One thousand dollars as above.

Took up Article 5th.

Voted, To adjourn.

The meeting adjourned at 8.40 P. M.

The foregoing is a true copy of the Warrant and the Officer's Return on the same, also a true record of the doings of the Meeting.

Attest:

ABRAHAM MARLAND,

Town Clerk.

HIGHWAY SURVEYOR'S REPORT

To the Selectmen of the Town of Andover-

Gentlemen: I herewith present my report on Highways and Bridges.

In January and February, I built a sidewalk through the hollow south of the Beard place, on Main street. Nearly 1000 feet was gravelled on Porter street, east of the Bailey farm. Later we finished this east on Main street.

Early in March we had a severe washout caused by the overflow of Roger's Brook at Brook street. This, and other washouts on different streets, required the work of several days to make right. March 18, we commenced work on the West Parish sidewalk, beginning at the parsonage and we finished it as far as Buchan's corner, with the exception of the hollow, from Williamson's to the Lawson gravel bank. This remaining portion will require a retaining wall about 5 feet high, taking 200 perch of stone. The estimated cost of stone and labor is \$400.

The following roads were repaired, using the road machine: From the Luscomb place to the Lawrence line. From Barnard's corner to Drisko's. From Moody's corner to the Vale. From Mr. Shaw's across the plains to the Weld place and to the Wilmington line. From the foot of Job Abbott's hill to Woburn street. River street to the Wilmington line. From North Andover line on Highland road to Salem street. From Highland Road past the Roach place to Nathan F. Abbott's corner. Last year I repaired with the machine more than one-half of the outlying districts intending to finish them this year had I the opportunity. The appropriation for repairs was cut down \$1000, so the plan for this year could not be fulfilled. I think this is a mistake, for if the remaining portion could have been done this year, afterwards four horses could do the work of six, provided the scraping in

each section was done every other year. The road machine keeps the gutters clean, consequently severe storms do not cause any washouts where the road is so repaired. The gutters had their usual cleaning and stones were raked as often as needed.

On Lowell street we gravelled from Cutler's hill past the Hunt place. From the foot of Trow's hill to the top of the hill west of Ward's. Also we gravelled the hill near Peter Smith's. The entire length of Stevens street. From the West church to Cunningham's. The entire length of Brook street. On School street we began near Mr. Leach's, gravelling what was not macadamized south to the depot. On High street we repaired from Elm street nearly to Mr. Bliss's. We began near the fountain at James Abbott's, gravelling as far as the guide boards.

In Ballardvale we gravelled a third of a mile north of Drisko's. From Moody's corner to Palmer's. On River street, Tewksbury street, Chester street and on the plains. This was done by the pair of horses kept at the vale and the town receives considerable praise for the neat and faithful work of their driver, Mr. Haggerty. A catch basin was put in near John Dearborn's and over 200 feet of 10 inch pipe was laid underground leading into Clarke's brook. This was a long needed want. A strip of macadam road, 701 feet long was built on Lowell street near the West Cemetery. In Frye Village, near the house of George Ward, 748 feet was laid toward the east. I built 1046 feet down Essex street from the electric car track at the square toward the west. On Main street we began at the terminus of the State Highway lav out, building 1300 feet toward town. In Abbott Village, 230 feet was built opposite the house of Mr. Craig on Mineral street. The money was spent, so this last was left unfinished. A catch basin and 50 feet of pipe will complete the job. In all, this makes a little over 4000 feet of macadam road built this year.

I repaired Park street from the engine house past Bartlet

street, making it as good as new. The culvert there was taken up and cleaned out. It was built of stone 2 1-2 feet square. The south end joins the land purchased by Mr. Howell and he laid 192 feet of 8 inch pipe entering it into Roger's Brook. This failed to carry off the water so in order to make it right I have taken the 8 inch pipe out and put in 12 inch at the cost of \$85. This same condition of drainage is found in other parts of town: on Main street near Mr. George Foster's and near Dr. Leitch's. Here, from an 18 inch culvert a small pipe was laid entering the brook that runs under School street near Mrs. Blunt's. This has caused quite a lot of trouble to neighboring cellars, and always will until a larger pipe is laid to take the overflow. Now it seems to me that when a man covers over a natural waterway, he ought to be compelled to put in a pipe of ample dimensions to carry all the flow of water. A 12 inch culvert was put in across Lowell street, west of Buchan's road.

I repaired the driveway of Mrs. Chase at Haggett's Pond, she bearing the expense.

Some old junk has been sold and the dealer settled with the town treasurer.

We have laid concrere sidewalks as follows: 459 yards on south side of Central street, from Campion's corner across Chestnut street, connecting it with the concrete at Tyer's corner; 370 yards on the north side of Central street; 341 yards on Locke street; 334 yards on Chestnut street; 66 2-3 yards on Morton street; 269 yards on west side of School street; a crossing from the Tyer residence to the Episcopal church. Gutters were concreted near Judge Bell's on Bartlet street, 40 yards; 236 yards on Phillips street; 56 yards on Main street at the foot of Harding street. Repairs were made on the old concrete walks and gutters where needed. The concrete sidewalks were built under the betterment act which necessitates being laid out by the selectmen. On Main street I built a concrete walk from the brick walk near Wakefield's to Valpey's corner, 49 yards. The new street

laid out by the selectmen from Walnut avenue to Carmel Woods, 50 feet wide, has been completed with a sidewalk on each side. A 12 inch pipe was put in underground through the hollow. The full amount has been expended and the road finished with the exception of a pebble near the Grout residence. It is estimated that it will cost \$125 to remove this. I think it will be cheaper to put an electric light on top of it and let it remain there.

At Haggett's Pond, 720 feet of railing was built and painted between Dixon's corner and the depot. New rails were placed on Mineral street, south of the gravel pit. A guard picket fence has been put on both sides of the river bridge at Frye Village. In Ballardvale, 100 feet of railing was built on Chester street and 752 feet on the swamp road near Lowell Junction. These ought to be painted this spring. All old rails received a new coat of paint.

Roger's Brook has been cleaned out. In one place we got nearly a load of grape baskets. The steam roller has been used on all the macadam road built during the past few years on the River Road and at Haggett's Pond, and it resurfaced them nicely. We received \$40 from the State Highway Commission, \$80 from Lawrence Gas Co., \$285 from Loring Farnum, \$5 from Michael Stack for use of roller. In building a piece of macadam under the old system, we never could get enough stone dust to surface the road. With the aid of the steam roller we have a surplus left at the springs. Of this I have sold 25 tons to Loring Farnum for \$30; to Prof. Smith loads amounting to \$9; \$9 worth to Prof. Taylor; to Peter D. Smith and Henry Barnard, each \$3. We also did work amounting to \$75 for the Smith & Dove Co., which we should not have done if we had not owned the steam roller. This makes the earnings of the roller outside our own town work over \$500. I stated at town meeting that the roller was the best plow team on the top of the earth. I am of the same opinion today, for we plowed 1300 feet of road and it never balked once.

Ever since the frost came out of the ground in the spring, the Lawrence Gas Co., has had from 60 to 107 men at work digging up the streets to put in gas pipes. The New England Telegraph and Telephone Co., have left a ridge from Tewksbury to the Lawrence line. With these difficulties to contend with it has been rather hard to keep the water where it belongs and it will be some time before the ridges settle back into place.

I have been asked why the town teams were not kept at work later in the season. The money was all spent, the town treasurer refused to pay any more bills and the town counsel advised me to stop short. Then again, there was \$1000 less on repairs and \$1000 less on macadam than in either of the two previous years. We did not receive any appropriation from the State Highway Commission. This was \$5000 in each of the two previous years. I think this explanation ought to be satisfactory.

Earnings of the Town Teams.

OVERSEERS OF POOR

The town is fortunate in still retaining the services of Mr. and Mrs. Burnham. The house is in good condition. As you will see on Page—fourteen of the inmates are over sixty years of age, which necessitates on the part of Mrs. Burnham a great deal of care and attention. Some of these old. people are bed-ridden and almost entirely helpless. These unfortunate ones look on Mrs. Burnham as their best friend. The house every year receives a visit from the State Inspectors, and in the printed report of the State Board of Charities the Andover Almshouse stands second to none in the condition of the house and the care of the patients. The expense is only \$1.69 per week for each inmate and the inmates are well clothed and fed, and with Mr. Burnham's good management the receipts from the farm are \$3016.32.

We invite the people of the town, both men and women, to visit the Almshouse and note its condition and the provision made for the care and comfort of the inmates.

Almshouse Expenses

| Appropriation, Mar. 4, 1901, | | | \$5000 | 00 |
|------------------------------------|--------|----|--------|----|
| George L. Burnham, superintendent, | \$750 | 00 | | |

GEORGE L. BURNHAM, SUPT.

Andover, Mass., Jan. 18, 1902.

FIRE DEPARTMENT

REPORT OF CHIEF ENGINEER

TO THE BOARD OF SELECTMEN:

Gentlemen—In compliance with the regulations of the Fire Department, I submit the following report:

The force consists of three engineers, eighteen members of Steamer Co. No. 1 and Hook and Ladder Truck, and ten members of the J. P. Bradlee Co. No. 1.

The apparatus consists of two third-class steam fire engines, two two-horse hose wagons, one one-horse hose wagon, two hook and ladder trucks. There are about five thousand feet of hose in good condition.

Schedule of Property

| Two Engine houses and shed, | \$16000 | 00 |
|---------------------------------------|--------------|----|
| Two steam fire engines and apparatus, | 5000 | 00 |
| Eight horses and harnesses, | 800 | 00 |
| One ladder truck, | 250 | 00 |
| One ladder truck, | 14 00 | 00 |
| Three hose wagons, | 800 | 00 |
| Hand engine, | 200 | 00 |
| Total, | \$24450 | 00 |

There have been eighteen bell alarms, eight false alarms and four still alarms the past year.

Jan. 8. House, Geo. W. Tucker, North Andover. Value \$1200; Loss \$300; Insurance \$1000.

Jan. 19. House, John O. Collins. No loss.

Feb. 15. House, David Cunningham.

Value \$1700; Loss \$1450; Insurance \$2700.

Feb. 28 House, J. H. Kibbee. Value \$2000; Loss \$23; Insurance \$2000.

Mar. 19. Brush fire.

Mar. 30. House, Wm. M. Wood.

Value \$1600; Loss \$400.

Apr. 10. Hedge, Mrs. M. Foster.

Apr. 13. Tool house, Catholic cemetery.

Apr. 14. False alarm.

Apr. 19. False alarm.

Apr. 28. House, Dr. Pevey.

Value \$3000; Loss \$700; Insurance \$2500.

May 7. Brush fire.

May 15. Coal shed, F. E. Gleason.

May 29. Laundry, W. H. Gibson.

June 10. Brush fire.

June 25. False alarm.

June 30. Still alarm.

July 4. False alarm.

July 4. Still alarm.

Aug. 30. Dance hall, Dixon's Grove.

Sept. 25. False alarm.

Sept. 25. Still alarm.

Oct. 9. False alarm.

Oct. 16. False alarm.

Oct. 31. False alarm.

Nov. 10. House, James C. Parsons.

Dec. 24. Still alarm, John O. Collins.

Totals Value \$9400; Loss \$2873; Insurance \$8200.

I recommend an appropriation of \$3800 for the running expenses and care of fire alarm for the ensuing year.

Respectfully submitted,

LEWIS T. HARDY,

Chief Engineer.

POLICE DEPARTMENT

REPORT OF CHIEF OF POLICE

Andover, Jan. 1st, 1902.

54

TO THE BOARD OF SELECTMEN:

Respectfully submitted,

WILLIAM L. FRYE,

CHIEF OF POLICE.

CEMETERY COMMITTEE

The Committee of Spring Grove Cemetery herewith submit their report of the receipts and expenditures for the year ending January, 1902.

The regular work has been performed in the matter of keeping the grounds in proper condition and new lots have been plotted for burial purposes.

As many of the lots are not provided with deposits, the income therefrom to be used for the perpetual care of said lots, and as the appropriation made by the town should not be applied to private lots, your committee would suggest that owners of lots avail themselves of the statute provision in regard to deposits of funds for the care of cemetery lots. This seems advisable, as families move from town and the burial places of friends and relatives are neglected. Sunken ground, growing weeds and fallen headstones are unpleasant sights in a cemetery and there are several notable examples of this neglect in the Spring Grove Cemetery. Your committee desires to concrete gutters and waterways in the cemetery and contemplates the building of a stone bridge over Central Avenue, connecting the east with the west plotted ground.

As there is much work to be done in the cemetery in the matter of new walks, etc., your committee would ask for the usual appropriation of \$300, and the proceeds of sale of lots for the care of the cemetery for the coming year.

JOHN L. SMITH, F. G. HAYNES, CHAS. GREENE, GEO. W. FOSTER, OLIVER W. VENNARD, GEORGE D. MILLETT, JOHN W. BELL,

Cemetery Committee.

Feb. 20, 1902.

FRANKE. GLEASON, JOSEPHEA. SMART, CHARLES GREENE,

Andover, Mass., February, 1902.

PARK COMMISSIONERS' REPORT

In order to take the proper care of the unexpected quantity of gravel, stones and soil taken from Main street and turned over to the commissioners for grading purposes on the Common, we overdrew the appropriation, knowing that thereby we were saving the town more than double the amount overdrawn.

Eighty dollars and fifty cents was expended on Carmel Woods for cutting brush, raking leaves, clearing up and burning same, and making some repairs on the driveway.

Respectfully submitted,

CHARLES L. CARTER, JOHN N. COLE, WILLIAM MARLAND,

Park Commissioners.

Park Commissioners' Account

 Appropriation, March 4th, 1901,

 \$371 18

Overdrawn, \$171 18

TREE WARDEN

The Tree Warden makes the following report:

Work was begun near Henry E. Gould's place and trees were trimmed on Main street and South Main street as far as Henry Haywood's; also some on Porter street, North Main street and High street. About seventy maple trees were set out on Washington avenue, Bartlet street, Chestnut street, Summer street and in Ballard Vale. Wire protectors were put around many trees.

Respectfully submitted,

CHARLES L. CARTER, Tree Warden.

GEO. A. PARKER,

TREASURER.

ANDOVER, Jan. 14, 1901.

AUDITORS' CERTIFICATE

We have examined the accounts of the several Town Officers and find them correctly cast, with vouchers for all payments, except that eight receipts were missing or had not been returned up to the time of our examination. As these bills were all recorded on the books of the Auditors, Selectmen and Treasurer, the correctness of the accounts is not in the least affected.

The Town Treasurer has on deposit in the Andover National Bank and cash on hand \$1,397.90. Also \$40.00 to the credit of the Water Loan and \$8,784.12 to the credit of the Sewer Loan.

GEORGE A. HIGGINS, CHARLES B. JENKINS, NESBIT G. GLEASON,

Auditors.

NAMES OF STREETS

Recommended by the Board of Selectmen

The selectmen in obedience to the vote of the town at the last annual meeting herewith submit their report in regard to revising the names of the streets, recommending the following names:

- ELM SQUARE. The area between J. W. Barnard's, John H. Flint's, Musgrove Block, Carter's Block and Memorial Hall.
- NORTH MAIN STREET. (Formerly the Essex Turnpike) from the Lawrence line to Elm square.
- MAIN STREET. From Elm square to the North Reading line.
- POST OFFICE AVENUE. From Main street past south side of Musgrove block.
- ELM STREET. From Elm square past Plato Eames's to the North Andover line.
- ELM COURT. From Elm street, near B. B. Tuttle's, to E. E. Trefry's.
- CENTRAL STREET. From Elm square past the South church to the "railroad bridge" near J. J. Abbott's.
- ESSEX STREET. From Elm square past the railroad station to the stone bridge over the Shawsheen river.
- BAKER'S LANE. From the north side of Essex street to Patrick Donovan's.
- HOWARTH COURT. From Essex street past the B. &. M. R. R. station to the Howarth house.

- HIGGINS COURT. From Essex street, opposite Baker's lane, past the brick block.
- HIGH STREET. From Elm square past John L. Smith's to the old location of the B. & M. R. R., thence on said location to the North Andover line.
- TEMPLE PLACE. From High street nearly opposite Harry Wright's.
- RAILROAD STREET. From North Main street past the Free church, crossing Essex street, past the Electric Light station to Central street.
- SCHOOL STREET. From Railroad street, near the railway station, crossing Central street near the South church, past Abbot academy to Main street on "the Hill."

- BUXTON COURT. From Lewis street past Ira Buxton's.

WILLIAM G. GOLDSMITH SAMUEL H. BOUTWELL Of Andover

MEMORIAL HALL

THIRTIETH ANNUAL REPORT OF THE BOARD OF TRUSTEES

The statistical report of the Librarian may be found on another page, and that of the Superintendent of the Cornell Art Collection is given below:—

Number of visitors: adults, 1096; children, 2484; total, 3580; average daily attendance, 35. The collection of stereoscopic views has been increased by the gift of fifty pictures from Miss Agnes Park. These views, aside from being used in the Art Room, have been loaned, in limited numbers, to teachers in the higher grades of the public schools and in the Punchard School, for use in their classes.

JULIA E. TWICHELL.

Little need be added to these reports to indicate the constant and beneficent usefulness of the Memorial Hall Library in its different departments — circulation of books, reading room, reference room, art room. No one feature has been more satisfactory than the enthusiastic interest taken by children and youth in the examination of the stereoscopic views, both in the Art Room, and as shown them in their class-rooms. One item in the Superintendent's report above may suggest to citizens to add to the stereoscopic collection such domestic or foreign views as they have no further use for in their homes.

It is also suggested that published discourses, together with printed matter or written records of any kind, bearing on the earlier or later history of the town, might properly be sent to the Library for careful preservation. All such material will be invaluable in years to come:

The attention of patrons of the Library is called to the opportunity of quiet examination of works of reference, in various departments, in the Cornell Reference Room. To these are now added the monthly Cumulative Book Index, and Poole's Index to Periodical Literature, the several annual volumes of which have been consolidated into one.

The number of books purchased during the past two years has fallen below the usual average on account of the necessity of using a part of the fund in printing the new catalogue. The funds available for the purchase of books are at best insufficient to secure many works which the Trustees would gladly add to the list. It will be remembered, too, that a considerable sum is spent every year in replacing the books worn out by circulation.

Respectfully submitted:

JOSEPH W. SMITH, FRANCIS H. JOHNSON, E. KENDALL JENKINS, JOSEPH A. SMART, C. C. CARPENTER, GEO. W. FOSTER, FREDERIC S. BOUTWELL,

TRUSTEES.

ANDOVER, Feb. 11, 1902.

REPORT OF LIBRARIAN.

PUNCHARD FREE SCHOOL

Report of Special Town Committee

To the Citizens of the Town of Andover:

At the last annual town meeting it was voted that a committee of five be chosen to consider the high school question in Andover, said Committee to consult with the Trustees of the Punchard Free School regarding the same and make a report and recommendations at the next annual meeting and that this committee be authorized to expend, not more than two hundred dollars, for legal advice in the matter. It was also voted that the following persons serve as that committee: John L. Brewster, T. Frank Pratt, George Ripley, George T. Eaton, Colver J. Stone.

In accordance with the above vote your committee met and organized March 21st, 1901. The reasons for the appointment of your committee and the questions upon which they were to report and make recommendations, are discussed and fully set forth in the opinion of Judge Wardwell and in the report of the sub-committee, which report and opinion are herewith presented in full and made a part of this report.

Your committee held several meetings at which they very carefully examined and discussed the different plans under which numerous schools were working, whose relations with the Town in which they were located were at all similar to those existing between the Punchard Free School and the Town of Andover. In the opinion of your Committee no one of these plans was feasible; hence more than to allude to them in this report would be neither wise nor profitable.

At a joint meeting of the Punchard Trustees and your committee of five a sub-committee was appointed to take legal advice in their consideration of the relations between the Punchard Free School and the Town of Andover. The committee consulted Judge Henry Wardwell of Salem and submitted a report to the joint committee containing a plan based upon the opinion received from Judge Wardwell. This report was accepted by the joint Committee.

Your committee submit Judge Wardwell's findings and the report of the sub-committee to the voters of the Town with confidence that the plan suggested therein with such modification of details as may be deemed wise by the Town School Committee and the trustees of the Punchard Fund will furnish to the Town all the educational facilities of a permanent and well equipped High School.

The following is the opinion of Judge Henry Wardwell of Salem:

To Mr. John L. Brewster, Chairman of Committee of Town of Andover:

You ask my opinion as to the powers of the Town and the Trustees of the Punchard Free School in reference to making arrangements for the maintenance of a high school. The power of the Town to appropriate money for such a school is limited by the Provisions of the 18th Article of amendment in the Constitution which requires that "all moneys raised by taxation in the Towns and Cities for the support of Public Schools shall be applied to and expended in no other school than those which are conducted according to law under the order and superintendence of the authorities of the Town or City in which the money is to be expended."

The will of Benjamin H. Punchard proved in 1850 gave fifty thousand dollars (\$50,000) to the Town of Andover "for the purpose of founding a free school." This bequest is in the 6th clause of the will which is as follows:—"The

residue of my property, not exceeding fifty thousand dollars I give and bequeath to the Town of Andover for the purpose of founding a free school, forty thousand dollars for a permanent fund for the support of said school and ten thousand dollars for the necessary buildings, etc. providing that at my decease, if there should not be the said amount of fifty thousand dollars after paying the amounts first devised, then the said balance to be kept at interest till the amount is fifty thousand dollars. Said school shall be under the direction of eight trustees of whom the rector of Christ's church to be one, also the Ministers of the South Parish and West Parish, Congregational societies to be members also, the remaining five to be chosen by the inhabitants of Andover in Town Meeting to serve for three years, two of whom to be taken from Christ Church Parish, two from the South Parish Society and one from the West Parish Society: said school to be free for all youths resident in Andover under the restrictions of the trustees as to age and qualifications: no sectarian influence to be used in the school: the Bible to be in daily use and the Lord's prayer in which the pupils shall join audibly with the teacher in the morning at the opening: the said trustees to have the sole direction and power also to determine and decide whether the school shall be for males only or for the benefit of both sexes: said school to be located in the South Parish of Andover but free for all the Parishes equally." Under other provisions of the will other moneys have come to the Town for the same purpose so that the trust fund is now about seventy-five thou-The eight trustees, three designated in sand dollars. the will and five chosen by the Town were by Chapter 7 of the Acts of 1851 made a corporation under the name of the Trustees of the Punchard Free School. By this Act "the possession, control and management of the fund bequeathed to the Town of Andover by said will in the corporate name of said Trustees for the purposes and uses therein expressed is hereby confirmed to said trustees and

their successors forever" and the corporation is to "exercise all the powers and perform all the duties" given to and imposed upon the trustees by the will. The provisions of the Punchard Will and the question of the authority of the Town in this matter came before the Supreme Judicial Court in 1869 in the case of Jenkins vs. Andover, 103 Mass., 94. It was in this case decided that this School is designed to stand for the Town of Andover as a part of the system of common school education; that money raised by taxation for its support would be money raised for the support of public schools, that the school is not under the control of the Town authorities, that money raised by taxation for the support of common schools cannot be applied to the support of this school and that the "Statute of 1869, Chapter 396 is unconstitutional and invalid so far as it purports to authorize the Town of Andover to raise by taxation and appropriate money to aid the trustees of the Punchard Free School to build a school house to be used and occupied in place of a high school for said Town and to aid in defraying the annual expenses of said school." Any arrangement between the town and the trustees cannot therefore include the appropriation to the support of the Punchard Free School of any money raised by taxation. The terms of the 6th clause of the Punchard Will as to the character and management of the school are broad and general and deal very little with matters of detail. The limitations that the law will place upon the powers of the trustees are more elastic than those affecting the town. The income of the trust fund is not now sufficient to alone support such a school as has heretofore been maintained or such as the town needs and desires. A school must, however, be maintained by the trustees "free for all youths resident in Andover" and such as is required by the not very numerous provisions of the will.

The terms of the trust must be substantially complied with and the purpose of the will essentially carried out. Keeping within these general requirements the trustees

would have a great deal of latitude as to details. By Chapter 77 of the Acts of 1856 the Town is relieved from th necessity of maintaining a high school but the same act reserves to the town the right to establish one if it shall vote to do so. The Town cannot appropriate money to aid in supporting a school managed by the Trustees and the Trustees have not the right to turn their income over to the Town or its school committee to be expended for the support of a school managed by the Town authorities. A solution of the difficulty would be found if the Town should establish a High school and the Trustees continue to maintain a school, the branches to be taught being apportioned between the two schools so that they may together furnish Such a course isfeasible ande all desirable instruction. justifiable both from the standpoint of the Town and that of the Trustees. The fact that a majority of the trustees are elected by the Town makes it improbable that there would be any difficulty in carrying out such an arrangement. There is no reason why the same persons might not be elected trustees and members of the school committee, why the same persons might not be teachers in the two schools or the two schools occupy the same building. The same person could and naturally and for mutual convenience would be chosen head master by the School Committee, and employed by the Punchard Trustees as their head master. The two schools would go on together and virtually constitute one school.

The provisions of Public Statutes, Chapter 14, Section 2, as to subjects required to be taught in high schools and those which may be taught but are not compulsory would make it easy to apportion the branches of study and teachers between the two schools. Salaries of teachers employed in both schools could be adjusted with consideration of the fact of such joint employment. Relieving the Town from the expense of instruction in certain branches would be a fair compensation for the use by the trustees' school of the school-

house owned by the Town and justify the Town in permitting such use.

The provisions of the will and those of Public Statutes, Chapter 44, Section 32, as to the use of the Bible are not materially different.

HENRY WARDWELL.

Dec. 27, 1901.

Report of the Sub-Committee

The sub-committee appointed to take legal advice in their consideration of the relations between the Punchard Free School and the Town of Andover beg leave to report that they have consulted Judge Henry Wardwell of Salem and have received from him an opinion herewith presented in full. This opinion advises the maintenance of two schools, one to be established, maintained and directed by the Town of Andover and the other maintained and directed by the trustees of the Punchard will; that the two aim, not to compete with, but to supplement each other so that the result will be to furnish to the town the educational facilities of a well equipped high school; and that the sources of instruction and the appointment of teachers be arranged by mutual agreement. The opinion also suggests that the salary of one or more of the teachers in such schools be paid in part by the trustees and in part by the Town.

Your committee are pleased to find that the course which they recommended before taking legal advice is thus confirmed by the opinion of Judge Wardwell. They therefore make the following recommendations:

That a high school, to be called the Punchard High School, be established and maintained by the Town of Andover under the direction of its school committee.

That the course of instruction in this school be so arranged as to embrace the major part of the studies necessary

for pupils proposing to pursue their education in more advanced institutions of learning and to embrace the literary study regarded as necessary for those desiring a high school course only.

That the trustees of the Punchard will as heretofore maintain and direct the Punchard Free School. That its course of instruction be so arranged as to embrace the mathematical and scientific study requisite for higher institutions and in addition such courses in manual training and in preparation for business as may be necessary in a well equipped high school.

That each school accept the certificate of the other in case of studies which it does not itself teach and that such certificates shall be counted towards a diploma as if given by the school granting the diploma. And that the number of courses and the marks in each course requisite for a diploma be the same in both.

That the two schools at the beginning may well employ seven teachers; of whom three assistant teachers or their equivalent may be employed by the Town School Committee and three by the trustees. That in case the two parties, the school committee and the trustees, agree upon the same person as head master his salary shall be paid in equal proportions by each, but in case of failure to agree each party shall be at liberty to withdraw from this arrangement and conduct its school independently of the other, and either party may withdraw at any time by giving notice to the other on or before the first day of February in any year but the separation shall take place only at the end of a school year.

That the plan here proposed be carried into operation at the beginning of the school year next September; and that the Town be requested to appropriate sufficient money to carry this plan into operation. That in accordance with the recommendation of Judge Wardwell the suggestion be made to the Town that one or more of the Trustees might well be elected to the School Committee. These recommendations your committee present. And further in order to exhibit the line of division which they deem desirable they suggest the following list of studies for each school.

PUNCHARD HIGH SCHOOL

Latin, Greek, English (Literature and Composition), French, German, History (of the United States, Greek, Roman, General), History and Theory of Government, Drawing (Free hand and Mechanical), Music.

PUNCHARD FREE SCHOOL

Algebra, Geometry, Book-keeping, Botany, Chemistry, Physics, Manual Training, Cooking, Sewing, Stenography, Type-writing, Business Arithmetic, Business Law.

Your committee present this sketch of two schools working each on an independent basis but with a common aim, not imagining that it is complete in its details, recognizing that many modifications will be tound necessary when in operation, but believing that it affords a ground for a legal and satisfactory agreement between the Trustees of the Punchard will and the Town of Andover.

| Hay Scales, | 50 | 00 |
| Park Commissioners, (survey of park, etc.,) | 700 | 00 |
| Public Dump, | 50 | 00 |
| Tree Warden, expenses, | 200 | 00 |
| \$111 | 735 | 85 |
| The committee also recommend favorable consideration of the following articles in the Town Warrant: | | |
| Article 6th, remodeling Town House, \$1 | 700 | 00 |
| Article 7th, constructing street, etc., | 700 | 00 |

The Committee recommend to the town the appointment of a committee to act with the selectmen, upon the advisability of building a new barn at the Almshouse, including cost, and report at the next annual town meeting.

The Committee recommend for remodeling the town house an appropriation of \$8500, to be paid in five equal annual payments, the payment this

year to be \$1700, as indicated above.

For the committee,

WM. G. GOLDSMITH, Chairman FRED. S. BOUTWELL, Sec'y

\$3400 00

TOWN WARRANT

ESSEX, SS.: To either of the Constables of the Town of Andover.

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Andover qualified to vote in town affairs, to meet and assemble in the Town House, in said Andover, on Monday, the third day of March, 1902, at 8 o'clock, A. M., to act on the following articles:

Article 1st.—To choose a Moderator to preside at said meeting.

Article 2nd.—To choose Town Clerk, Treasurer, Collector of Taxes, three members of the Board of Selectmen, Assessors and Overseers of the Poor for one year, one member of the Board of Health for three years, three members of the School Committee for three years, one Trustee of Memorial Hall for seven years, one Trustee of the Cornell Fund for three years, one Park Commissioner for three years, two members of the Board of Public Works for three years, one Tree Warden for one year, three Auditors of Accounts, one or more Constables, Fence Viewers, Field Drivers, Surveyors of Lumber, Fire Wards, a Pound Keeper, one or more Surveyors of Highways if the town so votes, and any other officers the town may determine to choose.

Article 3rd.— To take action on the following question: "Shall licenses be granted for the sale of Intoxicating Liquors in this town?"

Article 4th.—To determine what sums of money shall be appropriated for Schools, School-houses, School-books and Supplies, Highways and Bridges, Macadamized Roads, Sidewalks, Removing Snow, Horses and Drivers, Street Lighting, Town Officers, Public Works (Maintenance, Construction and Sinking Funds), Sinking Fund for Memorial Hall Notes, Fire Department (Maintenance and Fire Alarm), Town House (Maintenance), Almshouse, Repairs on Almshouse, State Aid, Military Aid, Relief out of Almshouse, State Tax, County Tax, Abatement of Taxes, Interest on Bonds, Funds, and Notes, Redemption of Water Bonds (Voted Oct. 21, 1889), Notes Payable (Park Loan), Printing and Stationery, Miscellaneous, Memorial Day, Insurance, Spring Grove Cemetery, Hay Scales, Park Commission, Public Dump and other town charges and expenses.

Article 5th.— To hear the report of the special committee of conference with the Trustees of the Punchard Free School in reference to the high school question for the town of Andover and to act thereon.

Article 6th.— To hear the report of the committee on improvements at the Town House and, if advisable, appropriate a sum of money for the same.

Article 7th.—To see if the Town will accept the street as laid out by the Selectmen from a point on Elm street near Wm. S. Lawson's to a point on Summer street near Maurice Collins's and appropriate a sum of money for constructing the same and for land and fence damages.

Article 8th.— To see if the Town will vote to dispose of the surface water on Main street, from School street to Elm Square, and macadamize the westerly side of the street in accordance with plans of the State Highway Commission and appropriate a sum of money therefor.

Article 9th.— To see if the Town will vote to build a shed for the use of the J. P. Bradlee Engine Company at Ballard-vale and appropriate a sum of money therefor, on petition of Chas. H. Shattuck and others.

Article 10th.—To see if the Town will vote to rebuild the Scotland District schoolhouse and appropriate a sum of money therefor, on petition of the School Committee.

Article 11th.—To see if the Town will accept the bequest of the late David Middleton.

Article 12th.—To see if the Town will appropriate one hundred dollars for the further marking and designation of graves of revolutionary patriots, under the direction of the Phoebe Foxcroft Phillips Chapter, D. R.

Article 13th.—To see if the Town will appropriate a sum of money to construct a sidewalk on the westerly side of the street from Main street past Prof. Forbes's to Samuel H. Bailey's, and to widen the travelled way at the junction of these streets, on petition of H. Bradford Lewis and others.

Article 14th.—To see if the Town will vote to macadamize the road known as the River Road, beginning at the Lawrence line, thence westerly to the corner of the road leading to Warren Bailey's, and appropriate a sum of money for the same, on petition of John Maddox and others.

Article 15th.—To see if the Town will amend its By-laws by requiring that no building more than eight feet in length, breadth and height shall be erected in the town, unless a special permit in writing is granted therefor by a majority of the Selectmen, and is recorded in the records of the town.

Article 16th.—To see if the Town will authorize the issue of thirty thousand (\$30,000) dollars of Water Bonds on petition of the Board of Public Works.

Article 17th.—To act upon the report of the Selectmen in regard to the names of the streets of the town.

Article 18th.—To act on the reports of the Town officers.

Article 19th.—To see if the Town will revise and accept the list of names of Jurors prepared and posted by the Selectmen.

Article 20th.—To fix the pay of the Firemen for the ensuing year.

Article 21st.—To determine the method of collecting the taxes for the ensuing year.

Article 22nd.—To determine what disposition shall be made of unexpended appropriations.

Article 23rd.—To authorize the Town Treasurer to hire money for the use of the town in anticipation of taxes, upon the approval of the Selectmen.

Article 24th.—To determine the amount of money to be raised by taxation the ensuing year.

Article 25th.—To transact any other business that may legally come before the meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands at Andover, this fifteenth day of February, in the year nineteen hundred and two.

 $\begin{array}{c} \text{WM. G. GOLDSMITH,} \\ \text{SAMUEL H. BOUTWELL,} \\ \text{JOHN S. STARK,} \end{array} \right\} \begin{array}{c} \textit{Selectmen} \\ \textit{of} \\ \textit{Andover.} \end{array}$

Term expires 1903

SUPERINTENDENT

JOHN E. SMITH.

REPORT OF

BOARD OF PUBLIC WORKS

To the Citizens of the Town of Andover:

Your Board of Public Works herewith submits its third annual report embracing the thirteenth annual report of Water Commissioners and fifth annual report of Sewer Commissioners for the year ending Jan. 15, 1902.

42 buildings were connected with the sewer this year, making a total to date of 321.

| Cost of sewer maintenance, | \$828 79 |
|----------------------------|--------------|
| Cost of sewers to date, | \$122,245.94 |
| Sewer bonds outstanding, | \$125,000 00 |
| Amount of sinking fund, | \$40,458 66 |

With the exception of a short line of pipe laid on Porter street, no new work has been done, yet with the regular duties of this Board and the frequent calls for engineering work aside from this has kept the superintendent and his small force of men busy through the year. The whole system and its workings have thus far been entirely satisfactory, but all systems require more or less watchfulness and care to keep them in good running order.

The filter beds are all right and have given no particular trouble, and they are in some respects in better shape than ever.

Early last spring the waterpipe under Roger's brook was found to be broken (caused by the settling of the culvert) and in making preparations for its removal the whole culvert was found in such a dilapidated shape that it was apparent that something should be done to put it in fair con-

dition. In consultation with the authorities most interested, it was deemed advisable to rebuild the whole culvert at the time, rather than make temporary repairs with the prospect in view of soon being obliged to do it. With the approval of the Board of Selectmen and Superintendent of Streets, the work was commenced by this board.

In order to relieve the overflow at certain times of the year, the water course was widened to six feet and the foundations and walls lowered about four and one-half feet, so that when the time comes to lower the bed of the brook, it can be done without interfering with this culvert. The sewer and water pipes were lowered to correspond. The frequent and heavy rains which occurred at this time impeded the work and added materially to the cost which thus far has been borne by this department.

It was found that the pump in the pump house near Shawshin River would freeze in winter and that it would be necessary to keep a fire to prevent it, so the house was removed, the pump put under ground, similar to the one on Phillips street, thus saving the cost of fuel to heat and the services of a man to look after it.

WATER SYSTEM.

| Received from water rates, | \$8941.83 |
|--------------------------------------------|--------------|
| Net cost of maintenance, | 7955.34 |
| Number of applications for water this year | 21 |
| Number of service pipes put in, | 21 |
| Number of service pipes now in use, | 896 |
| Water bonds outstanding, | \$140,000.00 |
| Cost of system to date, | \$209,586.39 |
| Amount of sinking fund, | 10,422.48 |

Owing to the adoption of new water rates, which took effect Jan. 1st of this year, the receipts are less than the year previous, but next year they will come up to the former amount. Formerly this sum included advance payments which the new rates do not require. In future all bills will

be rendered quarterly for water actually used, and this change we think will be more satisfactory to all concerned.

A new boiler was purchased and placed in position in the early summer, the cost including setting was about \$1800.

At the last annual meeting your Board was authorized to apply to the legislature for permission to issue more water bonds. Application was made soon after and the request granted, but it being quite late in the season when notice was received, so late that the work contemplated could not have been finished before cold weather, it was not thought advisable to call an extra town meeting to authorize their issue, this matter will however be submitted to the town at the annual meeting, and if authority is given, part of the bonds will be issued and sold and the proceeds used to make some short extensions, but more particularly to carry out the proposition referred to in our last report, in regard to relieving the pump in some manner at the time of year when a large amount of water is being used.

The great friction encountered through the long line of pipe through which the water is pumped to the reservoir makes a great difference in the amount of water discharged there through the day. The pump is already doing about all that the safety of the present line will admit.

To obviate the necessity of running the pump at night which would require additional help, it is proposed to tap the force main near the station or at Barnard's corner and run an 8 inch or 10 inch pipe to Ballardvale, this would not only relieve the pump, which under these circumstances could be made to do more work but would give an additional line to the reservoir which could be utilized in case of accident to the main line to still keep a supply in the reservoir sufficient for all purposes This line will cost from \$15,000 to \$17,000, according to the size of pipe used and which route is taken.

The bad taste in the water late in the summer, subjected your board to considerable annoyance and extra expense in trying to remedy it. The water was drawn from the reservoir and the basin cleaned, the main pipes flushed and a diver was employed to examine the crib and suction pipe, (both of which were found in good condition). A filter was built across the brook in Bailey's meadow and numerous other things done which were thought at the time might be of some benefit; fortunately this condition of things did not last long and we have been assured by the State Board that although the taste was disagreeable, there was nothing in the water that was deleterious in the least degree.

This trouble cost at least five hundred dollars and as the appropriation for maintenance was reduced last spring a like amount, it was found that our funds were exhausted and that we should need one thousand dollars more to pay help and incidental expenses for the remainder of the year.

The town was asked at a special meeting held in September, to authorize the Treasurer to transfer one thousand dollars from the receipts of water rates to the waterworks maintenance account, and it was so voted.

The maintenance account includes all bills and ordinary expenses incurred for work done in this department excepting construction.

All office and incidental expenses which embraces this year about two months' service of the Superintendent and his helper, while engaged in outside work as engineers in connection with the electric R. R., on Main street and various other places.

SUPERINTENDENT'S REPORT.

To the Board of Public Works:

The only extension of water pipe made during the year was 96 feet of 6 inch pipe on Porter street.

The total length of mains in service is 25.84 miles.

Total number of public hydrants, 196.

Twenty-one applications for service were received and 21 pipes laid. The total number of applications received to date is 923. Total number of services in use, 897. Total number of meters, 670.

In addition to the ordinary maintenance of the works and construction as above, the following work has been done by this department:

The entire system of water pipes has been flushed and the reservoir has been cleaned. A filter basin has been built on one of the brooks flowing into Haggett's pond. An oil separating device has been constructed on the outboard delivery pipe from the vacuum pumps. Boiler No. 1 has been replaced by a 66 inch horizontal tubular boiler. A brick culvert 6 by 7 feet was built at Roger's Brook on Chestnut street and the water pipe, sewer and underdrain lowered at that point. The sewer pump house on Main street has been torn down and an underground house built. Owing to alteration of Main street caused by the laying of double tracks, four service pipes, three hydrants and seven sewer manholes were changed. A larger amount of engineering has been done for other departments during the past year than ever before.

Respectfully submitted,

JOHN E. SMITH.
