205 AULI GELII NOCTES ATTICÆ, FIRST EDITION, VERY RARE,  
Romæ, per SWEYNHEYM ET PANNARTZ, in domo Petri  
De Maximis, MCCCCLXIX.

\* \* \* " All the Editions printed at Rome by Sweyn-  
heym and Pannartz, (especially before the year  
1470) are considered as particularly valuable by  
the curious in Bibliography; and the present work,  
of which only 275 copies were struck off, is es-  
teemed among the rarest and most precious of the  
Editiones Principes. Gronovius doubted its ex-  
istence." Dr. Dibdin.

Prefixed is a most interesting Letter from the  
Bishop of Aleria to Paul II. stating the reasons of  
his selecting Aulus Gellius, and the difficulties he  
had in the publication from the corrupted state of  
the text, especially of the Greek Quotations. This  
Letter has not been reprinted.

\*\*\* The Author of this extremely rare Work was of the noble family of De Burgh, Earls of Clanricarde. He was Abbot of Clare and Vicar Apostolic "*nel regno sempre Cattolico d'Irlanda.*" The first 180 pages of vol. 1 are devoted entirely to events in the time in which the Author was engaged in Ireland, and contain many particulars relating to Oliver Plunkett and other Catholics, who suffered on account of their religion in the time of Charles II. De Burgo was himself imprisoned and persecuted for exercising his Apostolic functions. Among the curious matters will be found, "*Morte de Gio. De Burgo delli Baroni di Castel Connel. Vita e morte dell' Illustrissimo Galfrido Barone, Nobile Irlandese. Elucidatio Orthodoxæ Fidei ac Nobilitatis in persona D. Abbatis Joannis Baptistæ De Burgo pro se, et suis Antecessoribus per sex centos annos in Regno Hiberniæ pro titulo Equitis Aurati S. Sepulchri.*" It is the pride of Ireland that no venomous reptiles are to be found in that country. It appears the Kingdom was formerly overrun with them, but that they were removed for ever at the intercession of St Patrick. See vol. 1, p. 61. *I never saw another perfect copy.* The two first volumes were sold in Mr. Rennie's sale for six guineas. They are dedicated to Mary Beatrice, Queen of James II. The second dedication, prefixed to vol. 2, is very curious, it recounts the Author's persecutions, and solicits the restitution of his Ecclesiastical Property, and Fine of five hundred pounds. Vol. 3, which must have been published later, as the Tour was made in 1686, 7, and 8, is dedicated to Cardinal D'Este, "*Protettore del Regno d'Inghilterra.*" The Author says, he was Cousin to the Earl of Clanricarde, Viceroy of Ireland

THE HISTORY OF THE  
CITY OF BOSTON  
FROM THE FIRST SETTLEMENT  
TO THE PRESENT TIME  
BY  
NATHANIEL BENTLEY

The history of the city of Boston is a subject of great interest and importance. It is a city which has been the seat of many of the most important events in the history of the United States. It is a city which has been the birthplace of many of the most important principles of our government. It is a city which has been the center of many of the most important movements of our people. - \* \* This curious little volume is of *very rare occurrence*. Mr. Crofts had written in his copy, "Liber rarissimus, quippe cujus apud Bibliographos nullibi fit mentio." But that accurate Italian scholar does not appear to have been acquainted with the contents of the volume, or he would probably have stated that it contained the first edition in Italian of the Travels of Carpini, who went through Poland and Russia to Tartary, in the year 1247. Col. Stanley's copy was sold for £19, and it is believed no other copy has occurred since.

MEDALS.

716 A VERY VALUABLE AND MOST EXTENSIVE COLLECTION OF SULPHUR IMPRESSIONS FROM THE MOST CELEBRATED GREEK AND ROMAN MEDALS, IN THE CABINET OF THE KING OF FRANCE, AND OTHER DISTINGUISHED COLLECTIONS, PUBLIC AND PRIVATE, EXECUTED UNDER THE DIRECTION OF MIONNET, one of the Keepers of the King of France's Collection.

120 15

\* \* This most Valuable Collection is arranged Geographically. It consists of Sulphur Impressions of more than 20,000 Greek and Roman Medals, arranged in 88 Boxes, each box indorsed with the name of the Cities, Colonies, Emperors, or Kings, it contains. It is considered the most extensive and complete Series ever formed. It was purchased from Mionnet by the late Earl of Guilford. The value and utility of this Collection is greatly enhanced by the celebrated Descriptive Catalogue published by Mionnet, in 7 vol. 8vo. entitled "*Description de Medailles Antiques Grecques et Romaines, ouvrage servant de Catalogue à une suite de plus de vingt mille Empreintes en Souffre prises sur les Pieces Originales.*" This Collection forms an invaluable Medallie Commentary on the Histories of Greece, Rome, and their Colonies. It would form an inestimable body of reference in any Collection, Public or Private. It may also be added, that it is believed that this is the first opportunity which has been offered to the British Public of obtaining so complete a Collection.

Sir

The result of Lord Guilford's Sale was brilliant & proves that when articles of real value united with rarity & curiosity occur, the Public is willing to pay a liberal price. I maintain however that no man could anticipate a result so advantageous & with the exception of a few Greek Manuscripts the other MSS. never would have fetched more in the dearest times. I presume you to have preserved the Catalogue & therefore refer me to it.
