Syria – Conflict

- Fighting continues between ISIL and Kurdish forces, displacing 1 000 families that took refuge in Al Hassakeh and Qamishli.
- In Aleppo and Dar'a, water and electricity have been denied to over 2 million people, while only 304 out of 212 000 people in besieged areas received food assistance in January. In Raqqa and Deir ez-Zor, 600 000 people have not received food assistance since December 2014.
- Efforts continue to ensure provision of relief assistance throughout the country.

26 February, 21.59 UTC
 Magnitude: 5.4 M
 Depth: 29 km

Affected countries

- Floods
- Severe weather
- Population displacement
- Conflict
- Snow avalanche
- Snowfall
- Conflict
- Heavy rainfall
- Earthquake
- River overflow
- Population displacement

Chad – Population displacement

• Over 1 300 people, including Nigerians, Cameroonians and Chadian returnees, arrived in Mayo-Kebbi East, fleeing Boko Haram attacks in Nigeria. The situation is currently under assessment.

([ECHO](#))

Iraq – Conflict

- More than 2.4 million people are displaced throughout Iraq. The Governorates of Baghdad, Kirkuk and Diyala have witnessed the largest waves of displacement in recent weeks. In al-Anbar, Ninewa, Salah Al-Din, Diyala and Kirkuk, civilians have virtually no access to basic services and assistance reaches them only sporadically.
- The protection of Christians and Sunni Arabs in the Kurdistan Region of Iraq is also a serious concern.

([ECHO](#), [IOM](#), [NGOs](#))

Afghanistan – Severe weather

• The death toll due to the recent snow avalanches is standing at 209 as of 26 February and continues increasing. Worst affected is central Panjshir. NOAA forecasts mostly dry weather for the country over 27 February – 5 March.
