

The McClean Ear Cap

THIS INVENTION supplies a long-felt want at a moderate cost. It is a noticeable fact, that many otherwise pretty infants and children are permanently disfigured by their large and prominent ears. All mothers and nurses are aware that if a child sleeps with its ears crumpled forward it is hard to correct the blemish after the cartilage of the ear has hardened. By wearing the McCLEAN EAR CAP in the nursery the ears must grow close to the head and disfigurement in after life is effectually prevented. The hair is kept from tangling during the night even on a most restless sleeper, and the strings being tied under the chin cause the child to unconsciously acquire the healthy habit of breathing through the nose in sleep, instead of through the open mouth, and consequently snoring. It is perfectly comfortable to the child, and elastic is inserted at certain places to insure its fitting any shaped head.

SEISMOLOGICAL OBSERVATORY PLANS

Board of Trade Heartily Approves of Station Being Placed Here

The special committee of the Board of Trade appointed to draw up a memorial and report for presentation to the Dominion Government in regard to the proposed observatory for Victoria reported to the council of the Board yesterday in the following terms:

"Whereas, Mr. Napier Denison has made certain researches, particularly into the phenomena of seismicological disturbances;

"And whereas, the result of Mr. Denison's work has been submitted to Dr. Knott, Professor of Natural Philosophy at Edinburgh University; to Sir George Darwin, of Cambridge, and to a recent meeting of the British Association for the Advancement of Science at Winnipeg and has been favorably commented on;

"And whereas there is reason to believe that if these researches laboriously carried on by Mr. Denison for twelve years under onerous conditions were continued under more favorable circumstances and with the control of suitable equipment very important and practical results might be attained;

"Therefore the Victoria board of trade urges upon the Dominion Government that an observatory for research into seismicological and solar phenomena be established at or near the City of Victoria;

"In support of the foregoing application your petitioners would respectfully urge the importance of such research work as is contemplated and in doing so would direct your attention to the following paragraphs in the March number of the Bulletin of the Seismological Society of America, page 8-9:

"It is evident that as the seismograph is developed further, we shall acquire extensive and detailed knowledge of what is going on in the earth's crust near the surface at all centres of activity. In other words, the Seismological observatory of the future promises to become a repository of data concerning the earth as a whole. Such data will be of direct value to man in his daily life. . . . Indeed, it is not looking far ahead to conceive of central observatories with a tri-sided organization whereby modern developments in geology, astronomy and meteorology can be co-related. These three fields are becoming more and more closely allied and there are certain problems pressing for solution to-day, especially in connection with planetary atmospheres, which require work in all three fields, astrophysics and aerophysics great advances have been made within the past five years and we have the promise of a glorious future in these directions.

"One can have little hesitation in saying that a modern geophysical observatory at some point on the Pacific Coast would mean a wonderful development of knowledge that in a certain sense would be of more direct value for the welfare of mankind than even knowledge of the stars or of the air."

"Dr. C. D. Walcott, the secretary of the Smithsonian Institute, in his last annual report, especially emphasized the great advantage to the United States and to the world which would result from the establishment of a Natural Seismological Laboratory under the direction of the Smithsonian Institute."

"He referred to the great earthquake in California in 1906 and said that "accurate surveys of the coast and a geodetic survey in California would demonstrate that the earthquake was due to forces set up by slow movements of the land which have probably been going on for a hundred years."

"A reference to Dr. Denison's chart upon which he recorded the earth disturbances of this period actually shows that for one month prior to what is known as the San Francisco earthquake there was a continuous period of earth unrest, and this period also embraced volcanic eruptions at Vesuvius and the great earthquake at Formosa.

"Undoubtedly a reference to these data furnishes conclusive evidence of the most important steps so far taken towards the prediction of earthquakes.

"Commenting upon the best means of carrying on research work in this important department, Dr. Walcott further says: "Seismological work is too large to be prosecuted successfully by the universities, but requires some central office under government supervision to encourage theoretical and observational studies and to collect and study information from all available sources. The seismological laboratory would serve as a clearing house of the whole country."

"The work of the laboratory would thus be: (1) Collection and study of all information regarding earthquakes in the United States and in its possessions, the preparation of maps showing the distribution of earthquakes and their relation to geological structure. (2) The study of special regions which are subject to frequent earthquakes, to deter-

mine, as far as possible, where future earthquakes are likely to occur. (3) The study of the origin of earthquakes occurring under the neighboring oceans. (4) An organization of commissions to study in the field the effects produced by large earthquakes. (5) The study of the proper methods of building in regions subject to earthquakes. (6) The improvement of instruments for the recording of earthquakes. (7) Other theoretical studies. (8) The dissemination of information regarding earthquakes by bulletins or otherwise."

"A study of Mr. Denison's charts show that already it has been possible to demonstrate a connection between seismic frequency extreme pendulum movements and the occurrence of colliery explosions in Europe and America. The occurrence of these phenomena would seem to indicate that there is some connection between the extreme pendulum movement and chains of territorial magnetism, from which the suggestion naturally springs that atmospheric electricity and electrical earth currents play an important part in colliery explosions has been greatly modified during the past twenty years. Many of the great explosions of the past have never been accounted for, but were always attributed to gas. Scientific research has demonstrated that coal dust is at least as important a factor in bringing about these catastrophes; but there have been explosions which are not explained on the 'coal dust' or 'gas' theory, but which would be accounted for if the logical conclusion of Mr. Denison's researches could be demonstrated, viz., that there is another agent in operation.

"A third practical result which might reasonably be expected to follow a close study of seismology would be such an understanding of electrical currents as would be invaluable to cable and telegraph companies in connection with impending disturbances and interference with their operations."

"For the purpose of such important research work as is briefly outlined above, your petitioners believe that Victoria occupies the most favorable situation, for the following reasons: (a) It is situated in the vicinity of one of the great zones of seismic intensity and upon the Pacific ocean, which, taken as a whole comprises the region of maximum seismic activity throughout the world. (b) The facility with which Mr. Denison has been able to make the necessary observations and to obtain definite results demonstrates the suitability of Victoria for this purpose. (c) Victoria enjoys special advantages for such work on account of its large percentage of sunshine and the absence of extreme changes of atmosphere.

"Approximate cost of observatory and instruments for special research: Instruments: Two Mills' seismographs at \$250, \$500; 2 Bosch Omori seismographs at \$350, \$700; 2 recorders for pendulums at Nanaimo colliery, for one on surface and one 900 feet below, \$100; suitable instruments for measuring atmospheric electricity and electrical earth currents, \$200; a moderate sized equatorial telescope of studying sun spots, \$3,000; probably extras, \$500; total, \$5,000.

Buildings necessary: Seismograph room, office, laboratory and suitable quarters for telescope, including dome, ect., all in one, \$10,000; residence, etc., \$5,000; sum total, \$20,000.

ARTHUR W. MCCRURY,
WILLIAM BLAKEMORE,
CHAS. H. LUGRIN.

The report was adopted and the committee thanked.

Other business which came up at the meeting was that in regard to the rules governing the importation for a limited period of the automobiles of tourists travelling in Canada. Some six months ago representatives of the board waited on Hon. William Templeman in connection with the matter. The secre-

tary now reported that he had received word from Ottawa to the effect that a new law had become effective on February 28 under which the period for which such cars and their outfits may remain in Canada is extended to six months. After having crossed the line they may return temporarily to the United States and will not be obliged re-entry for the purpose of completing the half-yearly visit that is allowed them.

The statement drew forth comments of satisfaction from the members of the board.

It was reported by the trade and commerce committee in regard to the declaration of London, that they were not in a position to make any recommendation to the council. They suggested that the matter should go to Ottawa for consideration. It was also reported that the application made to the department of trade and commerce at Ottawa for lists of trade inquiry addresses referred to in the department's weekly report had been granted. The lists will be lodged with the secretary, and all requests for information must be made in writing.

PROMENADE CONCERT.

Fifth Regiment Band Plays in Drill Hall This Evening.

This evening the Fifth Regiment band will give the third of its series of promenade concerts in the drill hall, assisted by several local artists and No. 1 troop Boy Scouts. All Boy Scouts in uniform will be admitted free this evening. The following is the programme:

March—Neibelungen Wagner
Overture—Light Cavalry Suppe
Vocal Solo Mrs. Jesse Longfield
American Sketch—By the Swanee
River Myddleton
Scouts' War Song, No. 1 Troop Boy Scouts
Grand Selection—Reminiscences of Scotland Mr. Godfrey
Vocal Solo Mrs. A. A. Codd
Serenade—Philippine Bagley
Vocal Solo Mr. Brooks
Waltz of Concert—Adlyn Boyen
March—The Annihilator
God Save the King.

A public dance will be held at the Royal Oak hall, commencing at 8 o'clock this evening.

Saturday next, April 22nd, opening day for Victor department, Hicks & Lovick Piano Co., opposite post office.

The B. Williams & Co. clearance sale of high class clothing, hats and furnishings is certainly a great boom to the men of Victoria, and they are taking advantage of it.

The regular meeting of the Natural History Society will be held to-morrow evening at the Friends' hall, when J. Howard Chapman will show his fine views of the Rockies and Banff National park.

Remember date, Saturday, April 22nd; remember place, opposite post office, opening Victor department. Every record and machine perfectly new from factory. Hicks & Lovick Piano Co., 809 Government Street.

The members of Western Star Lodge, No. 7, A. O. U. W., will present the four act drama, "A Noble Outcast," in Semple's hall, Victoria West, to-night and to-morrow night. There will be a dance at the close of to-morrow night's performance.

A successful social of Columbia Lodge, I. O. O. F., was held last night at the Odd Fellows' hall, when the cup won in the recent team contest was presented by the acting grand master, W. H. Cullin, and was received on behalf of the lodge by the noble grand, E. Forneri. The cup will be competed for twice a year. Refreshments were served and an enjoyable evening was spent.

HON. F. OLIVER ON RECIPROCITY

MINISTER ADDRESSES MEETING AT EDMONTON

Resolution Passed Approving
Agreement With the
United States

Edmonton, Alta., April 20.—Five
thousand people thronged the Thistle
rink last night to hear Hon. Frank
Oliver, minister of the interior, and
member for Edmonton, were unani-
mously carried. There were a few in-
terruptions during the progress of the
meeting on the part of opponents of
the agreement, and on the part of some
few opposed to Mr. Oliver personally.

Charles May, ex-mayor of Edmonton,
was chairman, and the meeting was
closed with three rousing cheers for
Mr. Oliver.

In opening Mr. Oliver said it was
declared that the reciprocity proposals
of the Liberal government were of a
revolutionary character, but this was
not so. The proposals were but a con-
tinuation of the policy of the govern-
ment since 1896. The Liberal govern-
ment had stood and was standing to-
day for lower taxes and the develop-
ment of the markets for the people of
the country. He said his contention
was that the greatest danger in a
country like Canada, which was as big
as Europe, and whose population was
only as large as the smallest country
in Europe, was sectionalism. It had
been said that this arrangement was
for the sole benefit of the west.

"I am a westerner," he said, "and
you are western people, but neither of
us want anything that alone will bene-
fit the west."

He declared he was at a loss to un-
derstand the opposition of the financial
and manufacturing interests in the
largest cities of eastern Canada. This
was particularly true of Montreal and
Toronto. Just why any financial in-
terest should oppose the agreement he
could not see. If expansion was to be
expected, as every manufacturer un-
doubtedly hoped for, it would be by
the reason of the increase in the coun-
try's population. The greatest factor in
this development would be the lowering
of the tariff walls and the widening of
the markets.

The government had been accused of
failing to consult the interest of these
high financiers who fattened illegiti-
mately on legitimate industry and en-
terprise. It was true that the govern-
ment did not consult these interests—
it did not have to.

He referred to the negotiations of the
British preference by which the trade
of Canada had been enormously in-
creased, and to various revisions down-
ward in the tariff, contending that the
reciprocity proposals were but a con-
tinuation of that policy, and that the
policy of the Liberal government was
the same in 1911 as it was in 1896—
namely, lower tariffs and a develop-
ment of the markets for the country's
produce.

"I think," he said, "that we in Can-
ada are face to face with a period of
most marvelous development of any
country in the known world, and the
government which did not make pro-
vision for this development would be
falling far short of its duty. The Lib-
eral government claims for the people
of Canada the best available and the
greatest number of markets obtainable
for the disposal of the products of the
country."

In conclusion he said the measure
now before the people of Canada was
the most important for many years, not
so much because of the measure itself,
as by the reason of the opposition
which had been offered it by the inter-
ests.

ATTORNEY SENT TO JAIL FOR FIVE DAYS

Was Implicated in Kidnapping
of Two Children by
Their Mother

San Francisco, Cal., April 20.—Super-
ior Judge Morgan pronounced judg-
ment yesterday in the case of all prin-
cipals concerned in the kidnapping of
the two children of Mrs. Albert J.
Henry by their mother, James W.
Cochrane, attorney for Mrs. Henry, was
found guilty of contempt of court and
sentenced to five days in the county
jail; Mrs. Henry was found guilty but
sentence was suspended; S. Foster
Kelly, in whose company Mrs. Henry
was discovered, was found guilty and
given five days in the county jail. The
court determined that Peter Doane, ac-
cused of furnishing the house that gave
shelter to the kidnapped children,
should be acquitted because of testi-
mony he furnished. Four chauffeurs
who were charged in the complaint
were acquitted.

WRECKED BY EXPLOSION.

Everett, Wash., April 20.—With a roar
which started the business section of
Everett and a concussion which broke
windows in the vicinity, the Everett
Oxyacetylene Company's plant, 238 Buck-
er avenue, was torn to pieces by an ex-
plosion. The cause of the explosion is
not known. No one happened to be in
the plant at the time of the explosion.

CHINESE GOLD IN ENGLAND.

London, April 20.—It is reported here
by cable from Peking that gold bars
valued at \$20,000,000, a part of the
wealth of the ex-Dowager Empress,
have been sent secretly to England.

THINKING THEMES BY DR. FRANK CRANE.

There is a time for everything, said
Solomon; and the remark is the
quintessence of wisdom.

Truth is often a matter of time.

What was true at
five o'clock is no longer
true at half past
seven; hunger,
for instance,
What was true to
Mahomet is not
so to us. And
there are some
fundamental axi-
oms of society to-
morrow will be
considered
fiction; as, for ex-
ample, the in-
alienable right of
inheriting prop-
erty.

Goodness is fre-
quently a question of adjustment.

Morality itself cannot be composed of
set rules, as if a wall built of eternal
bricks; so that the most deeply moral
man is not one who has and keeps
certain unbending rules, but one who
moves according to certain great prin-
ciples. Real morality is infinitely flex-
ible. It can bend and be molded to
fit circumstances, not because it is weak,
but because it is tough.

Most of all, Beauty is an affair of
the clock and calendar. Whether it
be the prettiness upon a girl's cheek,
the fullness of her lip and the shine
of her eye, or the blush upon the
petal of the rose, or the shattering
glory of the western sky when the
sun has set, the beauty of one and all
lies in their transience. To seek to
grasp and to hold it, is to clutch at
length-ashes. Says the Comte de
Segur, "A Cato twenty years of age,
and an Adonis fifty years of age, are
equally ridiculous."

Of the 4,000 bakeries in the city, the
investigators visited 145 selected at
random, in various parts of the prin-
cipal boroughs. The report says in part:
"The greater part of the city bakeries
are located in cellars or basements,
many of which have been converted
from other uses without surrendering
the original purpose for which the cellars
were planned. Ventilation is in-
adequate and windows often open into
fitty back yards. More than half of
the bakeries visited had broken or lit-
tered floors and filthy walls. In half of
the bakeries visited the flour and other
materials were stored without regard
to cleanliness. Open barrels of materi-
als were found close to rubbish and
old rags. Most of the places have no
provision for the clothing of the em-
ployees and the investigators found
shoes in mixing vats, coats and trousers
on mixing benches and in some cases
in the rising dough itself.

Two bakers were found asleep on the
mixing board, cats were found reposing
on rising dough and in barrels of
flour, one baker acknowledged that he
had never cleaned his tins and one-
third of the bakeries contained animals
of some kind.

In some places chickens were running
about while one baker allowed his
rabbits the freedom of the mixing
room, according to the report.

CONSECRATION SERVICES.

Impressive Ceremony in New York Cath-
edral of St. John the Divine.

New York, April 20.—With solemn cere-
mony and in the presence of a notable
gathering of clergy and laity, the com-
pleted portions of the Cathedral of St.
John the Divine, on Morningside Heights,
were consecrated yesterday, according to
the rites of the Roman Catholic Church.
The high altar and the choir were pre-
sided over by the Right Rev. David H.
Greer, Bishop of the diocese of New York.

Among the guests invited to witness the
function were Archbishop Farley, repre-
senting the Roman Catholic church; Arch-
bishop Landon, of the Greek church, and
the representatives of many other com-
munities, presidents of universities and
officers of city, state and nation.

The ceremonial was begun with the pro-
cession of ecclesiastics preceded by the
choir of boys across the walk from the
south door to the huge mass of gray
stone, still outwardly crude, but repre-
senting an important step in the work of
making the Cathedral of John the Divine
the fourth largest cathedral in the world.

Within the structure, where many
beauties of decorations have already been
erected, the procession passed under the
great dome, and with many impressive
ceremonies the presentations of the chapel
of St. Saviour and St. Columba and of the
altar organ and choir were formally made
and the consecration ceremony performed
music from the great organ and choir
played a notable part in the ceremony.

Bishop Greer preached the sermon of the
day, dwelling on the value of the present
day cathedrals, a force for righteousness
in modern life.

STOLEN JEWELRY

Former Teacher Sent to Prison for Rob-
bing Woman Who Befriended Her.

Vancouver, Wash., April 20.—For yield-
ing to an impulse to take jewelry amount-
ing to possibly \$125 from the woman who
had befriended her, Miss Sybil Wolfe, 22
years old, and a former school teacher,
was sentenced to serve from six months
to fifteen years in the state penitentiary
by Judge McMaster of the Superior court.
She confessed grand larceny. Miss Wolfe
arrived in Vancouver last week and went
to the home of Mrs. L. B. McClane and
prevailed upon her to take her in and
care for her while she was looking for
work. Mrs. McClane kept her for three
days. Last Monday she disappeared, tak-
ing with her a gold watch and chain,
bracelet, diamond ring, amethyst brace-
let, a silk waist and other apparel.

—Lucas and Sweeney will be
pleased to look after their guests in
first class style at the Strathcona
hotel, Shawigan Lake, the ideal
summer resort.

Owing to the rapidly increasing circulation of the Times and the growing demands for space, it has become absolutely necessary to place a limit upon the time at which changes for advertisements will be accepted and guaranteed publication.

TEACHERS' CONVENTION.

The annual convention of the Provincial Teachers' Association will close this evening, having been in session since Tuesday morning. Although the association includes in its membership all the teachers in the employ of the government throughout the province, only those from the Island and a majority of those from the lower mainland were present.

Well intentioned as these conventions are, it is difficult to escape the observation that they are, after all, not as well attended nor as exhibitive of genuine interest as might be hoped.

The attendance, we are sorry to hear, was desultory. At one of the sessions, we are told, not more than a score were present.

ment since the agreement has come under discussion makes a single statement of his worthy emphatic. He said: "The present campaign of the opposition to reciprocity is financed by what are known as 'The Interests'—men of high finance. No objection has been voiced by any legitimate business interest in the Dominion."

Such a statement by the minister must be received with its universal and purposely comprehensive significance. All that plain language can be interpreted to mean, it was obviously intended to mean. And when that is said there is almost enough said. It narrows the whole question from the side of the opposition to the question of the pocket, and that pocket the purse interests of the rich and financially well-to-do in the Dominion.

Speaking of the farmers, Mr. Oliver said: "The government believes that it is the right policy that the farmer of the prairies should have the benefit of all the market he can get for all that he can produce."

This course is in splendid contrast to that of the opponents of reciprocity, who have relied almost solely on the magnifying of sectional interests and an exaggeration of threatened sectional grievances.

In dealing with the Imperialistic phase of the question Mr. Oliver argued that for the last half century Britain had been cultivating the friendship of the United States and to say that Canada, by entering into more friendly trade relations with the American states, would jeopardize Imperial interest and attachments was to take leave of common sense.

It may be satisfactorily concluded that the agreement under discussion is prospectively beneficial, whether viewed from an Imperialistic, a National or International point of observation.

IMPERIALISM AND TRADE.

The Canadian-American treaty governing the trade relations between these two countries is being regarded in Britain as the outward and visible sign of the dawn of a new era in Imperial politics.

ON ITS MERITS. The Minister of Interior, Hon. Frank Oliver, speaking at Calgary last week, stated that the case for the government on the reciprocity issue in a nutshell. In a few terse phrases he embodied the arguments which he afterward elaborated in his address lasting through a couple of hours and completely vanquishing the special pleadings of the opposition.

statements, has driven Canada to avail herself of trade advantages in other directions.

This has now become so obvious that even the most indifferent among British parliamentarians is forced to take notice. The way for a discussion of the broad question of the international situation will be opened at the forthcoming Imperial conference, according to the opinion of the London Times in its note of appreciation of a motion introduced in the House of Commons providing for such a feature.

The London Mail is even more emphatic and says that "the time has surely come to part from the tradition that the foreign affairs concern only Downing street."

The unequivocal insistence on the presence of Sir Wilfrid Laurier at the conference shows the importance which the British people attach to Canada's place in the deliberations.

The Fort George Herald, jealous always of the rising city in the very heart of British Columbia, contributes an interesting item to the general fund of information available as to how things can be done when one knows how to do them.

To show how helpless municipalities are in the presence of the liquor traffic the experience of the travelling public who stay over a night in Toronto may be cited.

we drink the more we pay—in Toronto.

Engineer Henry Childs of Syracuse, driving No. 43 on the N. Y. Central, a fast mail from New York, with seven all steel mail cars and two Pullmans, pulled into Buffalo on Wednesday afternoon after making the three miles between Bellevue and Lancaster in one minute and fifty-one seconds.

"House Hunting Season Closing. Many Flats Left; Supply of Cheaper Residences Much Larger Than Demand This Year." This is a scare headline appearing in a Montreal paper.

—Saturday next, April 22nd, opening day for Victor department, Hicks & Lovick Piano Co., opposite post office.

MAIL DELIVERY FOR GORDON HEAD PEOPLE

Postmaster - General Grants Request of Hon. Wm. Templeman and Ralph Smith

On the representation of Hon. William Templeman, minister of mines, and of Ralph Smith, M.P., the postmaster-general has decided to extend the rural mail delivery to the Gordon Head district which brings into effect the delivery of letters, etc., to all settlers residing in the district, under the regulations prescribed for rural mail delivery in Canada.

This arrangement will be placed within the reach of the residents of Gordon Head and Cedar Hill roads, Tyndal avenue and Petham road. The decision of the department will be received with satisfaction by all. This delivery will also be available to the residents on Quadra street from the city limits to the Lake Hill post office.

W. E. Hill and W. Poulter, prominent residents of the Gordon Head road, have already filed their application for rural mail boxes, and it is expected that a large number of the residents will take advantage of the system.

—Remember date, Saturday, April 22nd; remember place, opposite post office, opening Victor department. Every record and machine perfectly new from factory. Hicks & Lovick Piano Co., 409 Government Street.

CHINESE MISSION BAND.

Annual Concert in Fisgard Street Methodist Mission.

The annual concert of the Mission Band of the Chinese Methodist Mission will be held to-morrow evening in the mission building on Fisgard street.

The children have been well trained for the concert by Miss Smith and Mrs. Dever, and a most enjoyable programme will be the result. The admission is free but the friends of the Mission Band hope to receive a generous offering in aid of the mission funds.

The following most interesting programme will commence promptly at 8:15 p. m.:

1. Chorus "Carol Joyously"
2. Prayer
3. Questions and Answers on China
4. Motion Song "Our Flag"
5. Mission Band Report
6. Chorus "Swinging Song"
7. Bible Answers to Missionary Questions
8. Recitation "Six Little Daffodils" Six Girls
9. Recitation "Easter Lessons" Six Girls
10. Chorus "God is Love"
11. Recitation "Victory"
12. Singing "Seven Boys"
13. Collection
14. Chorus "Easter is Here"

Monday evening last there was an enjoyable programme given at the B. P. U. of Emmanuel Baptist church. The evening was passed very pleasantly by choruses, songs and one paper on "Easter," by Miss Nellie Wescott.

Building permits were issued yesterday by the building inspector to Mrs. C. A. Frost, for a dwelling to be erected on San Juan street to cost \$2,300; to G. J. Grimison, dwelling on Vancouver street \$2,500; Thomas Plimley, work shop on Johnson street, \$650; H. Winfield, dwelling on Mount Tolmie avenue, \$500; Thomas Kingsgate, two dwellings on Bay street, \$2,400 each; and W. H. Kettle, dwelling on Quadra street, \$1,800.

The attorney-general has decided that a change of venue shall be made in connection with the trial of strikers against Rupert against whom are charges of intimidation. The cases will be heard at the Assize court in Victoria next month when a special date will be set for its holding. The trial of Gungor Allen for the murder of Capt. Peter Elliston, the trial of two months for highway robbery and the trial of Capt. A. A. Sears, should be held at the present hearing, will comprise the docket, with the Prince Rupert cases added, J. A. Allman will represent the crown.

Mr. Justice Gregory has reserved judgment in the Supreme court action of the B. C. Orchard Lands, Limited, against Kilmer, in which is involved the ownership of a tract of land valued at \$75,000. The land was sold on a payment of \$2,000, the second payment to be made June 14, 1910, and to be \$5,000. The second payment was not made, and as the agreement contained a clause that in the event of default, the property reverted back to the company, the directors notified the defendant to the present action that the deal was off. The lands in question are in the Kamloops district. The case came for trial at Kamloops in November last year, defendant claiming he had spent large sums on the property. Mr. Justice Gregory took some evidence at Victoria yesterday and then reserved judgment.

EDUCATIONIST ON GET-RICH-QUICK CULT

Real Estate Versus Man's Estate—The Money Craze of the West

Many pregnant suggestions relative to the improvement of the social and physical life of the children in our schools were given utterance to yesterday at the convention of the B. C. Teachers' association. Perhaps one of the most interesting and suggestive of all the addresses on the subject was that delivered by Miss A. B. Jamieson. Dealing with the social life of the school she said that the whole question of modern education lay in the recognition of children as human beings, as future men and women on whom the welfare and responsibilities of the nation must ultimately fall. Politeness or civility was the acorn from which grew the oaks of strong character. She regretted that at present the children of the west were not so thoroughly instructed in the respect for their elders nor reverence for noble and lofty ideals. They were churlish, self-assertive and impatient of any restraint or discipline.

This was brought home forcibly to her when she was last in the Old Country and observed the very different conduct of children in the schools there. The causes for this evil were varied. In the first place our country of Canada was materialistic. Everyone wanted to get rich quick and seemed absorbed in "double corners," "inside lots" and "subdivisions" to the neglect of home life and home culture. The spirit of the west was keener on real estate than man's estate. This she hoped was, however, but a phase from which we should emerge into a saner and more wholesome manner of living. The physical side of the question was taken up by A. G. Smith, P. H. Elliot, H. P. Hope, J. T. Dunning, A. W. Ross, J. Henderson, E. B. Paul, and S. W. Matthews (the chairman). The general opinion of the speakers was that greater attention should be paid to the physical instruction of the school children, and that it was a necessary and important branch of education, and suggested that it ought to be placed on the curriculum along with the other branches of child study.

An instructive address on nature was delivered at the afternoon session by Principal H. H. McLennan. This was followed by an equally bright paper on Scott's "Lady of the Lake," by W. Burns. In the evening F. Napier Denison delivered an attractive lecture on "Earthquakes and other phenomena." This was illustrated with slides and proved to be a most interesting feature. Mr. Denison is thoroughly versed in the subject, and knows how to make it appeal to those who are not familiar with scientific matters.

PRESENTATIONS.

Members of Finch & Finch Staff Honored By Associates.

One of the most enjoyable affairs ever given at the Poodle Dog cafe was the dinner given last night by the employees of Finch & Finch, ladies' wear, in honor of Mrs. E. M. Power and Miss Flora Shore. The hostess was Mrs. T. H. Brown, assisted by the Misses Blake, Lindsay, Acton, Dyne, and Hall. Mrs. Power was for five years manager of the D. H. Holmes Co. in New Orleans, and came here last October to accept a similar position with the well known local firm. She is leaving shortly to become the bride of one of Vancouver's business men, Miss Shore leaves for Europe on May 6.

On behalf of the young ladies present Mrs. Brown presented Mrs. Power with a handsome cut glass fern dish and Miss Shore with a cut glass bon-bon dish, expressing the high esteem in which they are held by their co-workers.

DID TOPP BEAT VETO?

Committee Fails to State Whether He Started Work Before Veto or Not.

When did C. H. Topp commence work on the Sooke Lake watershed? That is the question that has been agitating the mind of Mayor Morley. It is also the question for the solution of which a special committee was appointed. That special committee held a meeting yesterday, but apparently found itself up against a stiff proposition, for no answer was forthcoming as a result of their deliberations and investigations.

The mayor, it may be recalled, held the view that Mr. Topp did not actually start work until after he had been vetoed, and that therefore he was not entitled to receive any payment for the work he had done after the veto. The bill representing the cash equivalent of Mr. Topp's services in connection with the work has not yet been submitted.

MORE ASPHALT PAVING.

At Friday night's meeting of the city council Alderman Humber will recommend that asphalt pavements with permanent walks and boulevards be constructed on Garbally road, from Gorge road to Douglas street, and on Topax avenue from Douglas street to Rose street, the owners to pay four-fifths of the cost, and Gorge road from Douglas street westerly to the city limits, the owners to pay two-thirds of the cost. Alderman H. M. Fullerton will recommend the paving with asphalt of Moss street, between the north side of Richardson street and the south side of May street, owners to pay four-fifths of the cost.

A. B. Oldershaw, jeweler, has removed to 1405 Douglas street, opposite P. Burns.

Remember date, Saturday, April 22nd; remember place, opposite post office, opening Victor department. Every record and machine perfectly new from factory. Hicks & Lovick Piano Co., 889 Government Street.

ST. MARGARET'S SCHOOL. Will Open After Holidays With Miss Barton as Head.

It is gratifying to be able to report that the St. Margaret's school will be continued after the holidays in the ordinary course of events. Miss Barton will assume charge of the school, appoint the necessary new teachers, and generally conduct the institution on the old lines.

A doubt had crept in as to the possibility of continuing the school, since the disaster to the Iroquois had taken off both the Miss Fenwicks, who were

formerly so closely associated with the school. Now, however, all doubt has been set at rest. The school will be continued on the old lines with Miss Barton acting in the capacity of head-mistress and executive head.

The following promotions have been made in the police department by the police commissioners. Inspector Thomas Palmer has been raised to the rank of assistant chief, while sub-inspector Redgrave has been given the rank of inspector. Detective Sergeant George Perdue also secures the rank of inspector, and Detective Harry O'Leary has been made detective sergeant.

HOUSEKEEPERS GENERALLY! THIS OUGHT TO INTEREST YOU! IT'S THE GROCERY AD. OF COPAS & YOUNG

"THE GROCERS" who "knocked" the Combine and brought Grocery Prices down and KEPT THEM DOWN. You are interested in SAVING MONEY, and the prices below will tell you how, for no doubt you still recollect what you used to have to pay. The history may be a little ancient, but, not so long ago the Combine reigned supreme. It was then a case of pay a "FIXED" price or go without. Now WE fix our prices, and you will always find them reasonable. When WE make a price, that's "the" price—nothing special about it, only that it's fair. The fight that we have put up has been a winner for the public. We ask your patronage for the store that made such conditions possible.

NEWS OF SPORT

LACROSSE SEASON OPENS THIS MONTH

Exhibition Game on April 29 and League Game May 6—Meeting Wednesday

At a meeting of the Victoria Lacrosse Association, held last night in the Victoria Sporting Goods store, it was decided to hold the first senior exhibition game on April 29 and the first league game on May 6. There are only two entries in this league, the Wards and Wests.

The arrangement of the full schedule of games for the senior teams will be deferred until after May 6. At the next meeting of the association, to take place next Wednesday, all entries for the intermediate and junior leagues must be sent in. The entry fees for the seniors, intermediates and juniors are \$5, \$3 and \$2 respectively. The schedules for the latter

two leagues will, at least, be partially drawn up on Wednesday. At the next meeting a selection committee will be appointed, who will be present at the first two senior games and pick the representative team. As soon as the twelve men are decided on, they will be kept working hard for the association thinking that Victoria should annex the championship of the province this season.

There are still four lacrosse players, Joe and Art Dakers, Ed. Brynjolfsson and Prevost, who are under the ban of the B. C. A. A. U. in order to prevent the lacrosse leagues being all tangled up owing to the intermingling of professionals and amateurs, a special meeting of the local amateur union will be called some time next week, possibly on Thursday, to have these men re-instated.

Those present at last night's meeting were: President, Ed. Christopher; secretary, Leo. Sweeney; Adair Cars and McEwen, Tait, Blake, McInnes, MacDonald and Brynjolfsson.

NORTHWESTERN LEAGUE

The New Western Theatre has secured the Western Union Telegraph best service of reports of all matches in the Northwestern Baseball League which will be announced in the theatre between 2 p. m. and 6 p. m., as they come in.

TABLES TURNED IN YESTERDAY'S GAME

Islanders Badly Beaten by Tigers Yesterday—Sage Was Hit Hard

In yesterday's game of ball at Tacoma the Islanders went the whole route in a rut of hard luck. Sage was in the box and, while his pitching was steady, the Bengals had not any great difficulty in solving his delivery and the result was nine hits, one of them a home run and two of them three-baggers. The game ended with the score 8 to 1 in the home team's favor. The strange part of it was that Victoria did almost as well, meeting Schmutz's benders for eight safeties altogether. But what was the use? The high sign had been passed. The gods of luck had conferred and unanimously decided to award the second game to the Bengals. If the same team wins to-day it will only be because they have a stand-in.

The number of hits allotted to each nine was almost equal but Victoria's were scattered, while those of the Bengals were well bunched and always counted for something. The Islanders' infield was fast and clean, with one or two exceptions, and those exceptions materially helped them to lose the game, for three errors, committed by Manos, Raymer and Sage, were very costly.

However, the weather during the last few days in Tacoma, has been so cold that it is extremely difficult for the infielders to avoid making slips occasionally. It is to a large extent a matter of luck whether they steer the ball across the diamond in the right direction or not. On Tuesday the Islanders had the luck and yesterday—well, they did not have it.

Devout, the Tacoma catcher, was a regular tower of strength, securing a pass all the way around the bases for putting the ball over the fence and not long after that taking a trip to

third on one of his drives. The detailed score is as follows:

Victoria				
A.	B.	H.	P.	O.
Davis, I. F.	4	0	0	2
Raymer, 2 b.	4	0	0	3
Millon, c. f.	4	0	2	1
Goodman, 3 b.	4	1	2	2
Householder, r. f.	3	1	3	0
Hedrick, 2. s.	3	0	0	2
Manes, 1 b.	4	0	12	0
Dashwood, c.	3	1	4	1
Sage, p.	3	1	0	0
Totals	32	1	24	9

Tacoma				
A.	B.	H.	P.	O.
Warren, r. f.	5	1	3	0
Passay, c. f.	4	0	1	0
Rockenfield, 2 b.	3	0	0	3
Coleman, 3 b.	3	1	1	3
Goodman, 1. f.	3	1	0	0
Hedrick, 2. s.	3	0	0	0
Fisher, 1 b.	3	1	16	1
Burns, s. s.	3	1	0	4
Devout, c.	3	2	2	3
Schmutz, p.	4	0	0	8
Totals	32	8	27	23

Stolen bases—Bassay (2), Coleman, Millon. Double plays—Goodman to Manes. Two base hits—Warren, Millon. Three base hits—Warren, Devout. Home run—Devout. Sacrifice hits—Bassay, Fisher, Devout, Burns. Struck out—By Sage, 5; by Schmutz, 2. Bases on balls—Off Sage, 1. Wild pitch—Schmutz. Hit by pitched ball—Rockenfield. Time of game—1:10. Umpire—Ward.

INDIANS SELFISH

The Spokane Indians have evidently made up their minds not to share the games with Portland. They had, however, a hard struggle to win out yesterday for with the score one-all the "Pippins" hung on until the 11th inning, when Frisk drove the ball into centre field and Netsel came in. Both Kraft and Bloomfield pitched splendid ball. The score was:

Portland				
A.	B.	H.	P.	O.
Mensor, s. s.	4	0	1	6
Spears, 1. f.	5	0	1	0
Stoval, c. f.	5	0	2	0
Williams, 1 b.	4	0	10	3
Casey, 2 b.	4	0	0	3
Thompson, r. f.	4	1	2	0
Irt, 2 b.	4	0	2	1
Harris, c.	4	1	0	2
Bloomfield, p.	4	0	1	3
Totals	38	1	7	16

Spokane				
A.	B.	H.	P.	O.
Netsel, 3 b.	5	1	2	3
Cooney, s. s.	5	0	4	4
Frisk, r. f.	5	0	5	0
Nordyke, 1 b.	4	0	12	1
Zimmerman, r. f.	4	0	1	0
Tauscher, 2 b.	4	0	1	0
Kippert, c. f.	4	1	3	0
Hasty, c.	3	0	7	4
Kraft, p.	3	0	0	1
Totals	35	2	35	16

Three base hit—Frisk. Sacrifice hit—Hasty. Stolen bases—Spears, Frisk, Zimmerman. Double play, Cooney to Nordyke; Casey to Williams. Struck out—

By Kraft, 5; by Bloomfield, 6. Bases on balls—Off Kraft, 1; off Bloomfield, 2. Hit by pitched ball—Frisk. Left on bases—Portland, 5; Spokane, 5. Time—2:20. Umpire—Loyanacker.

BEAVERS DOWN GIANTS

Both the Canadian towns broke into this year's Northwestern League race with a victory. Yesterday at Seattle, the Vancouver "Beavers" defeated the Seattle "Giants" five to one. The Giants made more hits and less errors than the Beavers, but were unable to connect with Erickson's shoots at the crucial moments. The score was:

Seattle				
A.	B.	H.	P.	O.
Cocash, c. f.	4	1	1	2
Raymond, s. s.	4	0	3	8
Davidson, 1. f.	2	0	0	0
Bues, 3 b.	5	0	1	2
Weed, r. f.	4	0	2	1
Leard, 2 b.	4	0	1	3
Kadling, 1 b.	4	0	2	13
Shea, c.	4	0	3	4
Zackert, p.	2	0	0	1
Cruikshank	1	0	0	0
Skeels, p.	0	0	0	1
Totals	31	2	27	16

Two base hits—Bues, Swain, Lewis. Three base hit—Brinker. Home runs—Swain, Brashear. Hits—Off Zackert, 6; by Erickson, 5. Sacrifice hits—Leard, Brashear and Erickson. Stolen bases—Raymond. Struck out—By Zackert, 1; by Skeels, 1; by Erickson, 5. Bases on balls—Off Zackert, 4; off by Erickson. Double play—Streib to James. Left on bases—Seattle, 5; Vancouver, 4. Umpire—Kane behind the bat; Mr. Shackelford on the bases.

RACING IN FRANCE

Paris, April 20.—William K. Vanderbilt's horses had places in four events in the races run at Maisons Laiffite yesterday. His Express won the Prix de Gressillon's selling plate for three year olds of \$600, distance 1045 furlongs. In the Prix de Laraballais of \$1,200, distance one mile and four furlongs, Mr. Vanderbilt's Negofat came in second; his Brumme finished second in the Prix Penelope for three year old fillies, \$8,400; distance ten furlongs, and his Messidor III was second in the Prix de Moulins La Marche, a handicap of \$1,000, distance nine furlongs.

Baseball League.—Results of all matches given in New Express from 2 to 6.

There are about 500,000 more women than men in the German Empire.

ABOUT BASEBALL

It is rumored that the Capitals have rented the Royal Athletic baseball grounds for the evenings in the absence of the Islanders. It is not known exactly what the rental is, but it is steep enough to show that the Caps have high ambitions and are prepared to go to any length to attain the fulfillment of them. They are evidently comparing the seemingly easy life of a pro ball player with their own dull daily routine.

If it is a fact that Lane has seriously injured his arm, then the local fans have reason to groan. The losing of yesterday's game was nothing compared to having the star pitcher laid out.

The little hammers are at work already. Of all the horrors on earth the most horrible is the vacillating fan. With that kind, a twirler may pitch perfect ball for eight innings and, then, if he happens to walk one man he gets the term "rotten" hurled at his head. These knackers ought to be taken out into a back lot and dusted with the rough side of a slab.

The Islanders did almost as well as the "Tigers" as far as stinging goes, but the trouble was they did not send their sting in deep enough.

Little Ten Millon was there with a two-bagger, but the rest of the hits were all singles, whereas the Bengals have a home run and two three-baggers to their credit.

The intermediate Hill baseball team is playing practice game with the Bankers at the Beacon Hill park this afternoon, commencing at 4:30 o'clock.

Manes made one error yesterday. It is not like him to do that, but still his work was good, for he pushed out the ball for a base on one occasion.

Spokane, last year's pennant winner, has immediately taken the lead, with Vancouver just slightly behind and Tacoma and Victoria tie for third place. Give the Islanders a little advantage over the Bengals and you have them in the order they may quite likely finish.

The standing of the teams is:

	W.	L.	Pct.
Victoria	1	1	500
Tacoma	1	1	500
Spokane	0	0	1000
Portland	2	2	500
Vancouver	1	0	1000
Seattle	0	1	000

Baseball schedules for to-day are:

National League.—Boston at Brooklyn, 4 p. m.; rain. New York at Philadelphia, 3 p. m.; rain. Cincinnati at Pittsburgh, 3 p. m.; rain. Chicago at St. Louis, 3:30 p. m.; cloudy.

American League.—Washington at New York, 3:30 p. m.; rain. Philadelphia at Boston, 3 p. m.; rain. St. Louis at Cleveland, 3:30 p. m.; clear. Detroit at Chicago, 3 p. m.; clear.

Weather permitting, the baseball programme in New York city and in Jersey suburbs to-day was one calculated to smash all records for a day of baseball "openings." Four teams open their season on their home grounds in New York and vicinity to-day, the local National and American League teams and the Jersey City and Newark teams of the Eastern League. The early morning indications were for rain, but the baseball managers hoped at daybreak that clearing weather would enable them to stage their contests according to programme.

For once in the history of baseball a fan has come to the front with a suggestion which Manager John J. McGraw of the New York Nationals believes will be of practical use. A man named Wayburn, after watching the game for many years, has invented the "ragtime drop" which he maintains is virtually impossible to hit except by mere chance.

Guards

Keep Intruders From GOLD

Says World

The Vancouver Daily World is authority for the statement that many of the claims on Steamboat Mountain, the newly discovered and now famous mining camp, are so rich that, since the bushes have been cleared away, it has been necessary to employ guards to keep intruders from picking up and appropriating small nuggets. Samples brought to Vancouver from Steamboat have shown values staggering to both prospectors and assayers, many of them showing thousands of dollars to the ton, and not being specially selected, but fair average specimens.

The property owned by the Steamboat Central Mines, Ltd., is located in the very heart of this rich district. Experts say it is destined to become one of the greatest free milling camps on this continent. Assays taken from the surface show an average of \$19.60 in gold. The vein averages about ten feet, is well defined and has been traced for 3,000 feet. Experts say it should become one of the greatest dividend payers of the decade.

Practical Mining Men

Are at the head of the Steamboat Central Mines, Ltd. They spent much time in securing this property, situated in what they believe to be one of the greatest gold mining districts on the continent, and which, from every indication, known to the experienced miner will prove the equal in production of any of the gold mines of Colorado or Nevada.

They invite you to co-operate with them in this great enterprise, the development of which will mean a safe and sure production of dividends. They pledge to you honesty and ability of management, and the most energetic development of which human strength and skill is capable. For anyone who has the western spirit and a little capital, it would seem that here is a greater opportunity than was ever offered by the Kootenay or Yukon. Every investigation, from whatever standpoint you may take it, will but confirm our belief that in Steamboat Central Mines, Ltd., you are presented an unparalleled opportunity, and the best proof that we are not alone in this judgment is given in the immediate response and demand for these shares from the investing public, immediately following the offering of this stock on the market.

Buy in Steamboat Central and Buy Now

This is the best advice we can possibly give you if you are seeking the large, quick and sure profits which follow a judicious investment made in the right place at the right time. Steamboat Central is the place. Now is the time, when shares are going at 25c each. Par value \$1. Write today to be sure of getting some of this stock. Booklet, map and fullest information free, if you write quickly.

A ELLIOTT JACKS

Investment Broker
806 Bower Building, Vancouver, Canada.

Dear Sir:—Please send me at once your booklet and full information about Steamboat Central Mines, Ltd. I understand that should I decide to purchase shares I am to secure them at the present low prices of 25c. each, and on easy terms.

WEST ELEVEN MAKE VIGOROUS PROTEST

Amateur Soccer Team Proves Still in Running for Championship

Despite all reports to the contrary, the Victoria West amateur soccer eleven persist that they are still in the running for the Island championship and are determined to carry the struggle to the end.

Owing to the lateness of the season some of the officials thought it advisable to finish the series as quickly as possible and have the games for the provincial championship played off within the next two or three weeks. As the Foresters and the Wards were considered the only Island contenders, it was practically decided to have the game on Saturday between these two teams settle the local series. Now, however, the Wests have entered a vigorous protest and have produced the proof to show that their protest is well founded. As a result of the Wanderers dropping out all the games in which they took part are annulled, which means that the Wests have only lost two points in the series. They had two games with the Wards postponed, but they say they can claim the points for one of these as they had a team on the field, while the Wards did not. Accordingly, the Wards have four points against them, the Wests two, and the Foresters two. That looks as if the Wests had a very good chance.

The Foresters have three more games still to play, the Wards three and, counting the postponed one with the Wards, the Wests have four. The Wanderers have one less than the Wests, because their last game is scheduled with the Wanderers—and, consequently, will not be played. If the Duncan eleven drops out, as they seem likely to do, it will further complicate the situation, but at all events the Wests intend to be there when the scramble for the cup takes place.

Two games are scheduled for the coming Saturday, one between the Foresters and Wards at Beacon Hill, and the other between the Wests and Duncan on the same grounds. It is hardly likely that the latter will come off, as the Duncan football enthusiasts have evidently great difficulty in persuading the required number of men to make the trip.

VICTORIA DOGS

WIN AT TACOMA

Hickford and Withers Kennels Awarded Several Prizes in the Judging

The third annual bench show of the Tacoma Kennel Club opened yesterday at 10 o'clock in the Glide rink in that city. The best dogs in the Northwest, coming from all parts of British Columbia, the states of Washington, Oregon, Idaho and Montana are competing, and the collection is one of the best ever exhibited on the coast. About 300 dogs altogether have been entered. A. F. Henderson, the well known expert from Cincinnati, is judging.

Thomas Withers got a wire to-day notifying him that the Hickford and Withers kennels had won the following prizes:

- Pointers—Redwing, 3 first and winner; Fancy, 3 firsts and winner.
- Setters—Arbutus Bob, 1st in limit; Arbutus Roy, 3rd; Champion Arbutus Swallow, 1st in open and winner; Arbutus Winnie, 2nd in limit.
- Mr. Smith's golden setter Bountee Belle was 1st in limit and reserve winner.

SECOND SCHEDULE IS NOW DRAWN UP

Victoria Cricket Grounds Will Be in Continual Use—Club Growing

The Victoria Cricket club is this year putting two teams on the field, one to play at home while the other is visiting. As the school teams will also use the Jubilee Hospital grounds quite frequently, they will this season be in considerable demand.

The schedule of games for the A team was published some time ago and now that for B team has been drawn up. The letters do not signify any difference in class but are simply to distinguish the teams.

There are still games that can and will be filled in for team B. The secretary, C. Coates, would appreciate immediate action on the part of teams desiring games with the Victoria Cricket club, but who have, up to date, not made known their selection match days.

A practice pitch will be laid for Saturday and from that day on the nets will be in readiness for practice every day. The Collegiate school will practice on Tuesdays, Wednesdays and Fridays.

The list of members of the Victoria Cricket club is rapidly growing and some of them will undoubtedly prove valuable acquisitions. Any member desiring a game will be accommodated if he telephones to the secretary.

The associate membership bids fair to outstrip the male membership. Already it is nearing the one hundred mark. The Clock and Ladder golf greens have been prepared and it is rumored that at the next meeting more important features for entertainment will be discussed.

The dues of the Victoria Cricket club are: Senior members, \$10; Junior members, \$5.

The team B schedule to date is as follows:

- May 13—University School and Masters, Jubilee Hospital grounds.
- May 27—Esquimalt, at Hospital grounds.
- May 31—University School and Masters, University grounds.
- June 24—Albion 2nd, Beacon Hill.
- July 3—Esquimalt at Esquimalt.
- July 29—Albion 2nd, at Hospital grounds.

SPORT NOTES

The annual meeting of the Vancouver Island Soccer League (old) will be held in Nanaimo on Saturday night. All this season's business will be cleared up and officers elected for the ensuing year.

A meeting of the Victoria and District Association Football League will be held at the residence of J. G. Brown to-night at 8 o'clock, when officers will be elected and business arranged for the coming season.

On Saturday night in the J. B. A. A. club rooms the meeting of the B. C. Amateur Lacrosse Association will be held. Delegates from Vancouver, New Westminster and Victoria will be present. The important business to be brought up is the formation of the schedule for the lacrosse series between the three cities. The first game will, of course, take place, as usual, on May 24, in Victoria, and the opposing teams will be either Westminster or Vancouver, more probably the latter and Victoria. Starting from the 29th of this month the representative Victoria team will drill regularly and are going to go hot-foot after the championship from the word go.

Parker McFarland, the fast Chicago lightweight, won all the way in his 10-round fight with Tommy Murphy of Brooklyn at the Eglinton Athletic club. The Chicago boy out-boxed and out-fought Murphy.

Maud S., the famous trotter, owned by the late Geo. M. Starns of Springfield, Ky., was shot to death yesterday, as provided for in Starns's will. Maud S. was 35 years old and blind.

Admission that he was honestly beaten at Reno was made at New York yesterday by Jim Jeffries, who will sail from there May 4 for Germany. Jeffries says he knows no one now who can take Johnson's measure. He refused to talk much of the Reno "unpleasantness."

The aeronauts have been having lots of fun at Vancouver lately. On Monday Jack Manning flew—actually flew! The biplane came down the track like an affrighted bird of monster size and lifted clear into the air to the height of perhaps four feet, but the faithful 200 spectators had no time to say hurrah before it had settled to earth again. The would-be aviator again urged the biplane to its duty and this time it lifted about one wheel off terra firma and let its flight go at that.

Packey MacFarland will probably sign articles of agreement to-day to fight Matt Wells for the lightweight championship of England before the National Sporting Club of London on Derby Day, May 21.

Carl Morris, "hope," may have an easy one for his next picking. Dr. R. F. Roller, the Seattle wrestler, has challenged, winner to take all or to split the money any way Morris says. Morris is expected to insist that the bout take place at Spulpa, Okla., if it is arranged. It is believed he will agree to meet the grapple.

EPSOM RACES

Epsom, Eng., April 20.—The Hyde Park plate of ten sovereigns each, with 200 sovereigns added for two year olds, distance five furlongs, run here yesterday, was won by Charles Carroll's Melody. The Ore gelding was second and Mr. Pepper third. There were six starters.

Those Who Buy British Pacific Coal

Co. Shares at 25c will Make 10c a Share May 1

This Is Your Opportunity to Secure Maximum Gain From Minimum Investment.—100 Per Cent. Profit on May 1st—Initial Investment Only \$10.00—Ample Security.—Mr. Alex. Faulds, M.E. Inst., M.E., says That Back of Every Dollar Invested There Is an Asset of \$22.50

This advertising announcement will interest the man who prefers the investment proposition from which the element of chance is entirely eliminated and from which he does not expect fabulous returns from money invested, but rather a good substantial dividend from year to year for life and a gradual and continuous increase of the principal invested.

The British Pacific Coal Co., is an all Canadian Corporation, Chartered under the Joint Stock Companies Act of the Province of British Columbia.

The Company is now being formed by good solid business and professional men of this province for the purpose of mining great coal measures on Skidegate Inlet, Graham Island, but 80 miles from Prince Rupert.

The public are offered the opportunity of buying in on the ground floor.

Trustee T. R. Morrow will receive applications for shares in the British Pacific Coal Co., Ltd., in blocks of 100 shares (par value \$1.00 each) at 25 cents the share up till 10 p.m. Monday, May 1st, at his office, 617 Trounce avenue, Victoria, by wire or mail, but does not guarantee to fill the same as the block of stock to be sold at 25 cents a share is limited and may be absorbed by the purchasing public any day.

Mr. Morrow announces that on Tuesday morning, May 2nd, the hour of 9 a.m., a second issue of shares in the British Pacific Coal Co., will be offered to the public at 35 cents the share in blocks of 100 shares. He reserves the right, however, to announce the new price of 35 cents the share at an earlier date than May 2nd providing the balance of the 25 cent issue be fully subscribed before that date. This means that the 25 cent issue may be absorbed any day.

Mr. Morrow announces that on Tuesday morning, May 2nd, the hour of 9 a.m., a second issue of shares in the British Pacific Coal Co., will be offered to the public at 35 cents the share in blocks of 100 shares. He reserves the right, however, to announce the new price of 35 cents the share at an earlier date than May 2nd providing the balance of the 25 cent issue be fully subscribed before that date. This means that the 25 cent issue may be absorbed any day.

Your Profit is 100 Per Cent. on May 1st

You have the absolute guarantee that the next issue will be at 35 cents the share, an increase of 10 cents over the opening price of the shares.

All the cash required to buy shares is 10 cents the share down, balance in three equal monthly payments—the 10 cent advance is 100 per cent profit on your cash investment in a few days time—May 2nd.

We have advised our most intimate friends to buy at least double the amount of shares they intend to hold permanently and when the third issue is offered in about five weeks time at 50 or 60 cents the share, to sell half their holding at the increased price, retaining the other half absolutely free of cost to themselves—the stock will naturally be more active at 50 cents or 60 cents the share than when first put upon the market.

Work to Open in May

Work will be begun on the property about 10th May. Engineer Faulds says that coal can be shipped in 6 months' time.

Shares at 10 Cents Now Worth \$380

Do you know that shares in the Crow's Nest Pass Coal Company, which originally sold at 10 cents the share (par value \$1.00 each) in a few years time were absorbed by the Great Northern Railway at \$380 per share—so that the man who held 500 shares in the Crow's Nest Pass Coal Co., paying but \$50 for the shares, actually received when the property was shipping coal and was taken over by the Great Northern the handsome sum of \$190,000 from an initial investment of \$50. This is not a fairy story—there are far more startling facts concerning the great returns from Coal on Vancouver Island, but suffice to relate the same would be disclosing the private business of many residents of Victoria and elsewhere in the Island, suffice it to say that where Dollars were originally invested, in many of our local properties thousands and tens of thousands resulted. You are now offered a parallel proposition.

If you are interested make a few enquiries yourself. It's street talk the wealth of many men from coal.

The property controlled by the British Pacific Coal Company is as wealthy in coal measures as any of the great coal companies operating to-day.

The market of Prince Rupert, but 80 miles distant by water, will rival Vancouver, Portland or San Francisco.

Just as Vancouver became a mighty consumer of coal after the completion of the C. P. R. to Burrard Inlet so will Prince Rupert the Pacific terminal of one of the greatest railways in the world. The Grand Trunk Pacific in less than 18 months time will call for thousands of tons of coal for domestic, industrial, railway and steamboat supply—The British Pacific Coal Co. must

surely control this market, being but 80 miles distant and with an all water transportation system cannot be held up for cars or by excessive freight rates.

Read what the eminent coal engineer says about the property.

It's a guarantee that you cannot afford to overlook.

Appraisal
Your properties are very valuable, being of adequate commercial assemblages and magnitude, and excellently located, with their transportation facilities the potentialities of which, from the estimated quantities of coal they are likely to contain, are very vast and practically unlimited in depth.

The value of 36,000,000 tons of bituminous coal in your properties for one coal seam 6 feet thick should be not less than \$120 per acre, and anthracite not less than \$180 per acre, the mean average of which would be \$150 per acre, exclusive of agricultural and timber value.

These are most important facts, absolutely essential to the appraisal of these properties towards industrial enterprises.

These 8,320 acres, or thereby, are an excellent and adequate commercial assemblage for colliery operations capable of producing a daily output of 1,000 tons for about 144 years.

Taking the capitalization at \$1,500,000 at 16-2-3 per cent gives \$250,000 per annum, and taking an output of 1,000 tons daily, or 250,000 annually, at a profit of \$1 per ton, would produce \$250,000 per annum, or the capital recouped in six years, adding another year for contingencies, making seven years, or say, altogether, at the utmost, a period of 8 years.

Taking the estimated tonnage of 36,000,000 during the life of the mine at \$1.00 per ton, would give a clear profit of \$36,000,000, or \$22.50 for every dollar invested.

The assembled area of about 8,320 acres reported upon are held under licenses from the Provincial Government, which includes the coal rights and surface, with unpurchased or unleased timber thereon.

The coal in the property of the British Pacific Coal Company, Limited, is commonly known as anthracite, which is the character of the coal mined in Pennsylvania, and in a number of the old country mines.

San Francisco imports 300,000 tons annually from Australia, British Columbia and Japan.

How to Apply For Shares

Don't wait until the eleventh hour, write in or wire your reservation and send by first mail the cash to cover.

No application received for less than 100 shares—price 25 cents each; terms 10 cents per share cash and balance in three equal monthly payments.

Address your application and make your cheques payable to T. R. Morrow, Trustee.

The offices of the Trustee, T. R. Morrow, are situated at 617 Trounce Avenue, Victoria, B. C., and open daily from 9 a.m. to 9 p.m., Saturday till 10 p.m.

MILLING COMPANIES TO BE CONSOLIDATED

Holding Company Will Be Formed With Authorized Capital of \$3,500,000

Montreal, April 30.—A. J. Nesbitt, managing director of the Investment Trust Company, yesterday confirmed the report that he had concluded arrangements for the consolidation of the International Milling Company, Limited, of Saskatchewan and Minnesota, and the Canadian Cereal & Milling Company. Nesbitt stated that a holding company would be formed, to be known as the International Milling Company of Canada, with authorized capital of \$3,500,000 of 7 per cent. cumulative preferred stock and \$2,500,000 of common, of which there will now be issued for the acquisition of shares of the International and Canadian Cereal and Milling companies \$2,500,000 preferred and \$1,500,000 common. There will also be an authorized bond issue of \$2,000,000, of which \$1,500,000 will be outstanding. Of this latter amount \$1,225,000 will be held in escrow to retire present outstanding bonds of the International Milling Company, Ltd., and the Canadian Cereal & Milling Company, Limited, the latter having arranged to retire \$125,000 bonds this year.

ORGANIZED LABOR AND THE MILITIA

Resolution Opposing the Defence Force Voted Down by Trades Council

The Victoria Trades and Labor council met last night for its regular bi-monthly meeting. President J. C. Walters in the chair.

A communication was read from the local union of street car employees, intimating their desire for re-affiliation with the central labor body. The delegates from the union were duly seated.

Secretary C. Sivertz reported on behalf of the executive that they had made investigations in the case of a certain workman who was victimized by an employment agency in Vancouver for a contractor on the C. N. R. construction, and stated that an affidavit had been signed in the presence of a notary public.

A general discussion took place on the methods used by employment agencies in this city and in the United States, during which condemnation was expressed that such a condition of affairs should exist. It was decided that the executive be asked to take up the case with the Attorney General to have justice meted out to the offenders.

Delegate Martin introduced a resolution in accord with a similar resolution passed some time ago by the Vancouver Trades and Labor council as follows: "That we, the members of the Victoria Trades and Labor council regard any man who joins the militia, as dangerous to the working class; and be it further resolved, that in addition to the resolution being recorded

on the minutes of this meeting, that it be made public to the greatest possible extent."

After a prolonged and heated discussion pro and con the resolution was lost.

A delegate lodged a complaint regarding the fact that the chief of the fire department made it necessary for a certain steam engineer, duly qualified with a certificate, to possess a recommendation from Mr. Aitken, secretary of the Stationary Engineers Association, before an application for engineer would be accepted. It was decided that the legislative committee interview the city council in regard to the matter.

The president announced that a new union has been formed, the cement workers, and the charter will arrive in time for the next meeting, which will

be next week. He added that in all probability the delegates would be present at the next meeting of the council.

The secretary drew the attention of those present to the strike now in force on the Dallas Road sea wall.

Delegate Sivertz spoke in glowing terms of the success that the Labor Temple Association has recently been meeting with, and urged continued support. After which the meeting closed.

WAS EASY MONEY.

Coins and crumpled bills to the amount of \$2,485 greeted the eyes of Peter J. Pitts, a teamster, when his horse backed a wagon over a discarded lounge which had been thrown out into an east Boston street. Pitts was

loading the refuse when a wheel of the wagon broke the lounge and disclosed the money. His shouts brought a crowd of workmen to whom he gave a share of the treasure and a holiday was at once declared. No clue to the owner has been found.

Esquimalt and Nanaimo Railway Company CLEARED LANDS

The cleared lots at Qualicum Beach, Newcastle District, are now on the market in tracts of from thirty to forty acres.

For plans and prices apply to L. H. SOLLIS, Land Agent, Victoria, or E. E. ALLIN, Local Agent, Parksville.

B. Williams & Co. CHANGE OF BUSINESS.

Accounts owing to this firm may be paid at 614 Yates street, Victoria, to Mr. Sydney C. Thomson, accountant, or to Messrs. Mason & Mann, at 1112 Langley street.

Trading accounts may be forwarded to Mr. Thomson and will be discharged by him in due course. April 12, 1914.

BURNSIDE ROAD

WILL LAY OUT NEW TOWNSITE

NEW HAZELTON WILL
BE DIVISIONAL POINT

Party Will Go North Shortly
to Begin Work of Surveying Land

Vancouver, April 20.—Early in May a survey party will start laying out a town, New Hazelton, at the head of navigation on the Skeena river, which may become the commercial and railway centre of that district to which the rich agricultural areas of the Bulkley valley and the gold, copper and coal wealth of the Hazelton, Telkwa and Kliselas sections are tributary. This new town will be the divisional headquarters of the Grand Trunk Pacific railway for the first section of the line east of Prince Rupert and yards and terminal facilities will be located on twenty-seven acres of land which has been transferred to the railway company. The land occupied by the future townsite is declared to be the only large tract in the vicinity of the head of navigation on the Skeena river which is suitable for townsite purposes. The line of the Grand Trunk Pacific railway, which does not touch the present town of Hazelton, will run directly through the centre of New Hazelton.

The land on which the townsite of New Hazelton will be laid, consisting of 440 acres, is owned by Robert Kelly of Vancouver. He purchased the property some time ago. Yesterday Mr. Kelly concluded arrangements with Surveyor Green, of Victoria, for the platting of the townsite and the next steamer for the north will carry a party of surveyors to carry out this work. As soon as the land has been subdivided streets will be graded and all preparations made for the placing of the townsite on the market during the present year.

One of the first large accessions of population of the new town will come with the removal of the headquarters of Foley, Welch and Stewart, contractors for the construction of the Grand Trunk Pacific railway between Prince Rupert and Hazelton, from Prince Rupert to New Hazelton. This change of base on the part of the contractors will occur because of the necessity of keeping their headquarters in the proximity of the work which now largely centres within easy striking distance of the head of Skeena river navigation. The new town will be situated three miles from the present town of Hazelton.

SEPARATION OF CHURCH AND STATE

Final Action Taken by the
Portuguese Cabinet
Charge Against Bishop

Lisbon, April 20.—The cabinet has finished the decree of separation of church and state. This will be promulgated on Friday or Saturday.

The state concedes entire liberty of all creeds, the Catholic creed ceasing to be the state religion from the date of the promulgation. Henceforth all churches will be maintained by the faithful. The benefited clergy will continue to receive stipends until July 1, after which they will be paid pensions. The property necessary to the celebration of public worship will be ceded to the clergy free of cost. All the Portuguese and foreign clergy engaged in religious work will continue as hitherto, but all others must obtain authorization. All the religious property which is proved to belong to private individuals, either Portuguese or foreign, will be respected. British and other foreign seminaries will be allowed to remain, but persons connected with the seminaries will not be allowed in the streets in clerical garb.

As the Catholic will no longer be the state religion, priests may marry. In case of death, pensions will revert to the parents, widow or children. The separation of church and state was announced in a decree issued by the provisional government last October. Details of the separation were left for the consideration of the cabinet.

The announcement by Foreign Minister Machado last January that the decree would be promulgated within a month led to the issuance of a pastoral letter signed by the patriarch of Lisbon to the archbishops and bishops of Portugal. This letter, while it acclaimed the government for certain measures, criticized it harshly because of the dissolution proposal. The government ordered the provincial governors to forbid the reading of the pastoral letter, and the arrest of several priests followed for disobeying.

The official journal will publish a decree suppressing the bishopric of Beja and ordering judicial proceedings against the bishop on the charges of embezzlement. The Bishop of Beja was among those expelled from Portugal by the provisional government. After his expulsion he remained in hiding and then departed to Spain.

Shiloh's Cure
Quickly stops coughs, cures colds, soothes the throat and lungs.

REPORT ON BOVINE TUBERCULOSIS

International Commission Issues Valuable Compend on Control of White Plague

The issue of the report of the international commission on the control of bovine tuberculosis is of significant interest at the present time, particularly in view of the active public demand for some definite and authoritative pronouncement in consideration of the whole situation as regards bovine tuberculosis in its relation to the welfare of the live stock industry and to its influence on public health. The economic importance of the subject has occasioned a great deal of discussion in scientific and agricultural circles, and has led to the adoption by various legislative and municipal bodies of measures for the suppression and eradication of this great scourge of domesticated animals and the protection of the people against infection through the consumption of diseased meat or polluted milk. It has long been felt, however, that for the North American continent a really efficient and satisfactory programme could only be arranged and undertaken with any prospect of uniform and permanent success through concerted action on the part of the governments of both the United States and Canada; and only also when the legislation enacted or policy adopted was in substantial agreement with the expressed views of representative authorities of both countries.

The report referred to embodies the deliberate conclusions of just such an official and representative delegation, and both farmers and the public generally are to be congratulated in having now placed before them in most concise and readable form a statement containing an epitome of the researches of the commission and of the recommendations which it has at length determined to make. The decisions which have been reached are eminently conservative in their nature, and for this reason, if for no other, they will exercise a much stronger appeal than would otherwise be possible, particularly in the case of those who may for any reason be prejudiced against legislative interference. The prevalence of the disease and the consequent loss to breeders, as well as the now acknowledged danger to public health, are not minimized but gravely acknowledged and seriously considered.

In the recommendations which have been made, however, due regard has been given to the great practical difficulties which must of necessity be encountered in the conscientious carrying out of any policy likely to be of use in combating the malady.

Compulsory slaughter of infected animals is not advocated, though the destruction of those showing clinical symptoms of the disease is advised. Compulsory testing even is not insisted on, except in herds where the disease is known to exist, though the usefulness of tuberculin, as a reliable diagnostic agent, when properly administered, is confidently affirmed. The commission bases its great hope of ultimate success in accomplishing the intention of whatever legislation may be enacted on the co-operation of the breeders of live stock in the policy of rearing healthy herds by protecting the young from contagion of any sort. A sufficient explanation is given of the methods advocated, and in order to safeguard the interests of those now possessing clean herds and of those making an honest effort to establish such herds, stringent precautionary measures are recommended regarding the shipment, sale and interchange of stock. The policy as presented is in every way reasonable and cannot but commend itself to any fair-thinking man.

It is unnecessary to enter into a further discussion of the details of the report of the commission, as a copy may be easily obtained by any reader. The fact that this report is likely to form the basis of a new policy shortly to be adopted by the department of agriculture at Ottawa should give its contents a special interest for Canadian owners of cattle and swine. The time is evidently ripe for such a departure, and the minister's hands will no doubt be strengthened by the steady-growing sentiment on the part of the public in favor of such action. In the meantime, and until a definite policy is announced, a careful study of this publication should be made by every farmer and breeder in the country. Whether or not it may be to his advantage to lay his plans forthwith, will remain for him to decide, but the information which the report contains is of immediate practical value and should not be neglected. It may be obtained by addressing the Veterinary Director General, Department of Agriculture, Ottawa, Ont.

KING'S POSTAL SERVICE.

Elaborate Care Taken of Communications for His Majesty's Household.

The headquarters of the head post-office are at Buckingham Palace, but a temporary office is established wherever the King may be staying, under the direction of Mr. Hiley, who always travels with the court.

The post office at Buckingham Palace consists of three large apartments; one is fitted up with a telegraphic gallery, another as a sorting-room and a third as a general office. There is also a telephone exchange attached to the post office, where three operators are employed.

The letters for the King and Queen and members of the household are delivered to Buckingham Palace from the general post office six times a day, the first delivery being made at 4 o'clock in the morning.

The mail, on its arrival at the post office, is at once sorted (there are four sorters on duty throughout the day) and made up into separate packets for the King, Queen, members of the Royal family, resident officials in the household, and the servants.

The whole mail is carefully counted before it is sorted, and the number of letters received is entered in a book labelled "Mails In."

After the packets for delivery throughout the palace have been made up the number of letters in each packet is counted and entered in a book labelled "Mails Out," and the numbers in both books must, of course, be the same.

As soon as the mails have been sorted they are given to two of the palace postmen, who deliver them to their respective departments. The letters for the King and Queen are delivered to the equestrian department and are placed in the secretaries' rooms by an equerry.

Urgent dispatches for the continent are sent to the foreign office, from

whence the King's messengers are instructed as to their delivery.

The bulk of the telegraphic messages for the King are, as a matter of fact, sent in code, and have to be transcribed by the operators with the greatest care, for the least mistake in the wording of the transcription might alter the white meaning of the message.

When the King travels anywhere, the sovereign's suite always includes the court postmaster and two assistants, who make arrangements for dealing with the King's mail matter whenever his majesty may stay. All the royal residences are fitted with a private post office and supplied with telegraphic and telephone wires, but when the sovereign becomes a guest at a private house the King's postmaster has to

arrange to have it connected by a temporary wire with the nearest telegraph office. The temporary is removed at the end of the King's visit.

The telephone department at Buckingham Palace is also under the control of the court postmaster. There are three operators on duty when the King is in London, all of whom can take messages in French and German as well as English. His majesty has certain telephone privileges, by the way, which are not granted to any other person in the kingdom—not even to the Queen or members of the royal family.

When a call is made by the King, or on behalf of the King, the required line is at once cleared of all other

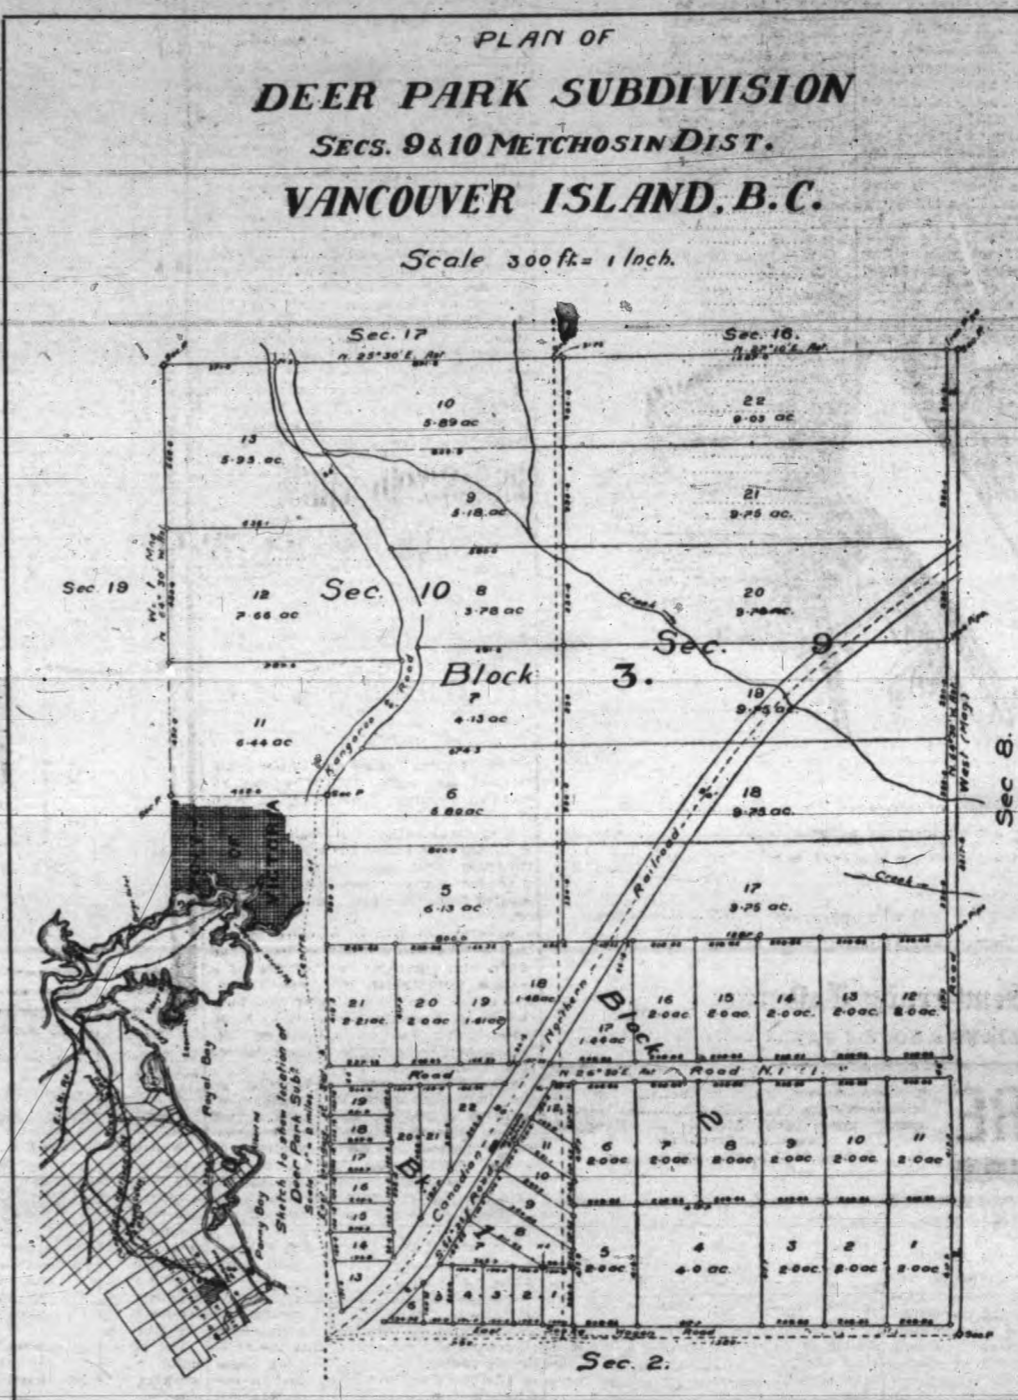

traffic and the royal call is put through at once.

KAISER AS MARKSMAN.

According to German papers, the German Emperor has since his first command to shoot killed to his own weapons 23,637 pheasants, 17,863 hares, 8,290 wild boars, 2,447 rabbits, 1,282 red deer stags and 99 birds, 178 fallow hucks and 91 does, 80 roobucks, 223 cormorants and herons, 29 foxes, 121 chamois, 108 capercaillies, 25 grouse, 17 ducks, 21 blackcocks, 12 geese, 8 blons, 2 badgers, 4 woodcock, 2 bears, 1 wild turkey, 3 reindeers, 2 guinea fowl, 2 snipe, 1 white, 1 pike, 1 martin and 54 various.

The entire plumage of an owl weighs only 14 ounces.

DEER PARK

Here it is, in the heart of METCHOSIN.
The district so highly spoken of in the Colonist editorials of April 11.
DEER PARK Subdivision is the most ideal spot in this beautiful district.
METCHOSIN STATION of the Canadian Northern Pacific railway will be built in the heart of the subdivision.
The POST OFFICE and GENERAL STORE are now located within it.
TELEPHONE STATION alongside, SAWMILL close by. The STRAITS not half a mile away, yet it is protected from the strong sea breezes.
The SMALLEST LOT in the subdivision is larger than THREE CITY lots; all are cleared, cultivated, and so arranged that they may be subdivided by purchasers and money doubled.

STATION is close to each.
The SOIL is good, and the BEST water in the district is on the property.
Wanted immediately—A good BOARDING HOUSE, HOTEL, BLACKSMITH, BUTCHER and DOCTOR, with these established a smart little town is assured.
DON'T miss the opportunity of securing a MONEY making investment in the district which will soon be the leading Victoria suburb.
CLIMATE surpasses Victoria by several degrees.
FRUITS ripen earlier, assuring the highest prices.
ONE of the lots properly cared for will return a good living.
If you don't know the spot, let's auto you out before the best are sold.
For size of lots see plan.

Prices of Townsite Lots from \$350 to \$700, according to size and Location. Wooded Lands from \$200 per acre and up.

A Business Poultry Farm

All those interested in the poultry industry on Vancouver Island should read with much interest the following project which is shortly to be put before the public.

A Limited Company, with a capital of \$25,000, is now being formed in Victoria for the purpose of starting an up-to-date poultry farm.

It is a well recognized fact that the climate of Vancouver Island is for the most part better suited than any other part of the United States or Canada for the successful carrying on of this industry.

An ideal location, 100 acres in extent, has been secured on the 10 mile circle from Victoria, at a very reasonable figure.

The services of two gentlemen, thoroughly experienced in the raising and fattening of poultry for the table have been secured.

With regard to the market, everything is favorable. Demand far exceeds supply, and it is constantly growing.

Prospects at the present time for this industry could not be brighter, and it is estimated that within one year the company will be able to produce 500 table birds per week, and orders for this amount have already been secured. Eggs will also prove an important item.

The capital, after careful consideration, has been placed at \$25,000 in 250 shares of \$100 each. Of this amount \$20,000 will be offered for sale on the following terms: 10 per cent on application; 20 per cent on allotment; 10 per cent in 30 days from allotment; balance on call at intervals of not less than three months, and no call to exceed 10 per cent.

There is no promoter's stock or other impairment of capital, and it is not anticipated to call up more than 50 per cent of the subscribed capital.

Investors, interested in subject, are invited to call at our office when we shall be pleased to give them full particulars.

REPORTED RISING OF INHABITANTS OF FEZ

Rumors of Pillaging of City Have Not Yet Been Confirmed

Paris, April 20.—Dispatches from Tangier and Rabat say rumors are current that Fez has been pillaged in a rising of residents. The rumors have been received with all reserve. Recent dispatches from Fez, delayed in transmission indicated there was much idleness, misery and discontent there, and trouble within the walls feared. The situation was causing great alarm to the authorities a week ago. Fez is surrounded by adherents of various tribes and the city is threatened by famine. The situation in Morocco resulting from the rebellion against Sultan Mulai Hafid has led to talk of French intervention by sending an army to the gates of Fez. The French government, however, has not any decision of this nature. At the moment France will merely reinforce her troops in the Chaouha district. This government adheres strictly to the Algerian conference agreement. Spain Criticized. Madrid, April 20.—Persistent reports of difficulties between Spain and France relative to the handling of the Moroccan situation are emphasized by various reports which criticize the Franco-Spanish entente regarding Morocco and foreshadow rapprochement and even accord between Spain and Germany. This is the attitude of the admin-

stration, the Conservative paper Mundo and the Catholic debate. On the other hand the Republican El Pais expresses the opinion that an understanding with Germany would be fatal as a certain cause of reprisals on the part of France and Great Britain. With the revolt in Morocco threatening the security of the Sultan's government and the preparations of Spain and France to protect their interests in the event that order were not soon restored, have come rumors that the two countries were at odds over the measures to be taken and that Germany had intimated to Madrid that it was not in sympathy with the French plan. In January 1906, the representatives of thirteen governments met at Algiers and consequently adopted international agreement concerning reforms in Morocco.

ON SUSPENDED SENTENCE. St. Thomas, Ont., April 20.—In the Oxford county graft cases last evening, M. T. Buchanan pleaded guilty to three indictments for accepting illegal commissions and misrepresenting the value of the toll road sold to the county. Buchanan will make a full restitution to the county for all sums unlawfully received. The crown counsel favored leniency, and Justice Middleton let Buchanan off on a suspended sentence.

—Saturday next, April 22nd, opening day for Victor department, Hicks & Lovick Piano Co., opposite post office.

STOLEN CATTLE. Vancouver, B. C., April 20.—A sentence of two years in the penitentiary was meted out yesterday afternoon by Judge McInnes to the Allman brothers, who pleaded guilty to stealing two cows from W. McLeod's ranch, Lulu Island, on March 19. The accused were butchers.

—Remember date, Saturday, April 22nd; remember place, opposite post office, opening Victor department. Every record and machine perfectly new from factory. Hicks & Lovick Piano Co., 899 Government Street.

STOLEN TOWN FUNDS. Pembroke, Ont., April 20.—Ex-Chief of Police Mattson, of Armprior, pleaded guilty here yesterday to a charge of having stolen town funds amounting to \$11,245, and was sentenced to twelve months in the county jail. —Remember date, Saturday, April 22nd; remember place, opposite post office, opening Victor department. Buying Right Plus Newspaper Advertising Builds Business

The business that does not advertise, like the sail boat without any wind, will never break any speed record—Rusty Mike's Diary

The Antedihvian Doubter

A ROUND every city and town there is at least one business oracle, who will smoke tobacco, spit and tell you that advertising does not pay. It seems that "The way it used to be done" germ gets into this man's system and creates such havoc with his ideas of business methods that he simply won't listen to a heart to heart talk about this, the greatest of all business building forces.

Recently there was celebrated the first trip of the first successful steamboat in the history of the world. One can, in fancy, almost hear the comments of the doubters and the gossips of that time, and yet Fulton did run that steamboat, and to-day its improvement is the recognized method of transportation of the world. It is a fact that Fulton's achievement was the basis of argument for every promoter of a perpetual motion machine for years to come, and those who picked the steamboat and rejected the perpetual motion machine merely showed the same kind of good business judgment that the man of to-day displays when he picks the genuine advertising and scorns the spurious article.

The Women's Trade

THE women folks have learned to watch the papers. Funny magazines, lecturers, would-be humorists have belittled the woman in her effort to make the weekly allowance go as far as it will, but the fact is constantly before the student that the woman is the real economist. When once you start your advertisement in the paper, the women of the community become your best friends or your worst enemies. Your first announcement, if it contains prices, brings them to inspect quality, and if your advertisement is truthful, to buy—but woe unto him who insinuates through his newspaper advertising that women are fools.

A Lesson in Proportion

The merchant who sells an article at a profit of 10c and sells twenty of them, makes more money than the merchant who sells four articles at a profit of 25c. Certainly it is easier for a merchant to sell twenty articles at a profit of 10c than it is for a merchant to sell four at a profit of 25c if the first merchant lets the whole town know of the bargain.

The Right Medium

THERE is a time, certainly when a man must decide for himself whether he is merely a sheep following a bell, or keeping to a well defined, successful business career. The bill-board, the programme, etc., are condemned and frowned upon by successful advertisers of to-day. Yet there are men who use these forms of advertising occasionally, and because of failure to get profitable returns, deery advertising, advertising men and those who use it to build up their business.

More and more is the wonderful value of newspaper advertising becoming known and the almost unbelievable successes due to its use are being brought to light. Think, if you can, of a dozen of the world's greatest mercantile successes, and in that number you will find twelve users of newspaper advertising—a remarkable record, when you stop to think about it, regarded from two standpoints; one, that the public should be hoodwinked at times by the wailing of the non-advertiser that owing to the fact that he did not advertise, he could sell his goods cheaper; and the other that any merchant should attempt to do business without taking up one of the most essential helps in business building, newspaper advertising.

IN VIEW of these facts, which are very apparent, what argument can be made in favor of any advertising medium that it even distantly competes with the daily Newspaper? The store-keeper who has enough business ability to buy goods right, and keep store profitably, must see the light, and realize that the telling of these facts to the people through the daily newspaper must bring success

Are Your Kidneys Working Properly?

It Will Pay You Well to Make Sure There's been a lot of "guessing" about rheumatism and rheumatic pains generally, but you can be dead sure that little pain across your back came from decreased kidney action. The kidney's duty is to filter the blood—take out the impurities collected by the returning blood stream—do it just like absorbent cotton in a funnel filters the impurities from polluted water. When the kidneys are not working you are bound for one of two courses—Diabetes and Bright's Disease or Rheumatism, Lumbago and Sciatica. The former course is usually fatal, and the latter always painful, but you need not have either, as they both can be easily prevented. The very best prescription for all kidney troubles is Nyal's Stone Root Compound. It is no "patent" medicine, but a scientific prescription composed of Stomeroot, Buchu, Juniper and other remedies of proved value. More than that, it has been proved by thousands who have had glad relief from its use. There's nothing quite so miserable as the dragging results of sick kidneys. You are trifling with your own future when you neglect so simple a precaution, as a pleasant home treatment with Nyal's Stone Root Compound when results are so certain. It soothes bladder irritation, gives you rest and comfort at night, and makes life once more enjoyable. The kidneys, liver and bladder are all dependent upon one another, and Nyal's Stone Root Compound is particularly designed to help them all.

Nyal's REMEDIES One for each everyday ailment

Dr. Martel's Female Pills Eighteen Years the Standard Prescribed and recommended for women's ailments, a scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.

ARE YOU A KEEN BUSINESS MAN?

The keen business man always has an agent to look after his property. The reasons for this are obvious. One reason is that a good agent saves money for his client. A second is that neither the man of leisure nor the man of affairs will be bothered with the detail incident to the care of a piece of property.

If you have property which you are looking after yourself we venture to say that it is a source of more or less worry to you. Why not turn it over to us? We will rent it for you, collect the rents, insure the property, keep the books, assume the worry of complaints and all that you will have to do will be to receive the dividends.

LOCAL WHARFAGE FOR STEAMSHIPS LIMITED

Five Liners Docked at Outer Wharves Yesterday—Delay Was Caused

That Victoria's docking space for deep sea liners is too small, and that more wharves should be constructed in order to cope with the ever increasing steamship traffic, was easily seen yesterday when a number of big liners inward and outward bound tied up at the outer docks.

Alongside the new pier the Blue Funnel liner Antiochus, which arrived two days ago, discharging 2,000 tons of cargo for this port. She left Queen's wharf at 10 o'clock, and proceeded to Seattle at 11 o'clock.

WIRELESS REPORTS

April 20, 8 a. m. Point Grey—Clear; calm; misty seaward; 30.21; 48; sea smooth. Cape Lazo—Clear; wind N. W. 30.16; 15; sea smooth.

INAUGURATION OF SUMMER SCHEDULE

Prince George Leaves Port Commencing Semi-Weekly Service to North

Inaugurating the semi-weekly summer service of the G. T. P. S. S. Co. to Prince Rupert, the steamer Prince George, Capt. Geo. Robertson, left port this morning.

Alongside the new pier the Blue Funnel liner Antiochus, which arrived two days ago, discharging 2,000 tons of cargo for this port. She left Queen's wharf at 10 o'clock, and proceeded to Seattle at 11 o'clock.

SHIPPING INTELLIGENCE

Godfrey, Peapack; Elizabeth Fifield, Coquille river. Sailed: Steamer Kariuk, whaling cruise; Watson, Seattle; ship Star of Italy, Bristol Bay; barque B. P. Cheney, Bristol Bay; schooner Henry Wilson, Bristol Bay; Bertie Miner, Bristol Bay; Muriel Manulona.

DREDGE NOW READY TO UNDERGO TESTS

Mastodon Will Probably Commence To-morrow in Harbor Continuing for Six Days

After having been in the hands of the B. C. Marine Railway for over a month, the new bucket dredge Mastodon has been pronounced as ready for service and it is expected that she will leave Esquimalt some three to-morrow for the inner harbor to undergo her six-day test, which she must perform satisfactorily before she is accepted by the Dominion authorities from the builders.

The overhauling of the Mastodon has been most extensive owing to the fact that during the trip out from the Old Country considerable damage was done to the many exposed fixtures on her. It is expected that she would have been ready to report for duty about two weeks ago when she was christened the Mastodon, but she slipped her bucket chain and much time has been consumed in repairing it.

MARINE NOTES

Carrying a full cargo of general freight and many passengers, the C. P. R. steamer Tees, Capt. Gillam, will leave port to-night for Holberg and way points. Word was received by the C. P. R. steamship officials yesterday that the Montague left Hongkong at 1 o'clock Tuesday afternoon, and that the Empress of China left Yokohama Sunday afternoon, bound for this port.

LOCAL NEWS

Saturday next, April 22nd, opening day for Victor department, Hicks & Lovick Piano Co., opposite post office. A meeting of the British Campaigners' Association will be held to-night at the A. O. F. hall, Broad street.

THE CURSE OF THE NATION IS CONSTIPATION

"FRUIT-A-TIVES" ALONE CURES THIS DISEASE

A famous scientist states that Constipation, or non-action of the bowels, causes more deaths than all other diseases combined. Constipation inflames the Kidneys, ruins digestion, is the foundation of Rheumatism, poisons the blood, causes Headaches, Neuralgia, Nervousness and Insomnia.

Remember date, Saturday, April 22nd; remember place, opposite post office, opening Victor department. Every record and machine perfectly new from factory.

BOY SCOUT PARADE IN BEACON HILL PARK

The Lieut.-Governor Will Inspect the Victoria Troops on Saturday Afternoon

Capt. H. H. Woolson, district commissioner, issued the following general orders to-day: Victoria Boy Scouts will parade on Saturday next, 22nd inst., at Beacon Hill park, to take part in rally and inspection by the Lieut.-Governor.

Among the paving contracts which the city council is about to let is that for the permanent paving of Ross street from Dalhousie to Richards street. There is a feeling among the residents and property-owners between the latter street and Fort street that the paving should be carried right through to Fort street and a petition to this effect, asking that the whole be undertaken at the same time, is in circulation.

NEW ROUND HOUSE AND MACHINE SHOP

C. O. R. Will Build Between Alberni and Port Alberni—Mining Operations

(Special Correspondence.) Alberni, April 19.—Thomas Paterson met with a painful accident on the 9th inst., when his arm was badly crushed and broken just above the elbow. Mr. Paterson, in company with Mr. McGraw, were going down the canal to Cape Beale, and when off the mouth of Grande creek met Johnnie Williams, the government line repairer, coming up the canal in his launch, and hailed him. Owing to the choppy water it was hard for him to get alongside the launch, and in an endeavor to prevent the two launches from bumping together Mr. Paterson got his arm caught between the two, with the above mentioned result. Mr. McGraw immediately put back to Port Alberni at full speed, where Dr. Hilton attended to Mrs. Flint, who has been visiting her daughter, Mrs. Phil Watson, left for home on the Tees on Thursday.

MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here with the picture of my fifteen-year-old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. CORRIAN, 1108 Rutland Street, Baltimore, Md.

Write to Mrs. Pinkham, Lynn, Mass., for advice, free. PREPARING FOR INFLUX OF SETTLERS Dominion Government to Erect Temporary Immigration Building

CITY OF VICTORIA

A complete list of Local Improvement Works, authorized by By-Law, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

STREET CLOSED

Notice is hereby given that Fort street between Yates street and St. Charles street will be closed to traffic until further notice.

Paving Tenders

Sealed tenders, marked Pavement Tenders, will be received by the undersigned up to 4 p. m., Friday, April 28th, 1911, for constructing approximately 6,000 square yards of 36 miles of asphalt pavement. Plans, specifications and form of tender may be procured at the office of the undersigned. The lowest or any tender not necessarily accepted.

Tenders for Switchboard and Poles

Separate Tenders will be received by the undersigned up to 4 p. m. on Friday, April 28th, for the following supplies: A.—1 20-circuit Arc Switchboard. B.—150 Cedar Poles. Specifications can be seen at the Purchasing Agent's office. The lowest or any tender not necessarily accepted.

Re Subdivisional Plans

Persons desiring to obtain the approval of the City Council to subdivisional plans, are hereby notified to submit said plans in the first instance to the Chairman of the Street Committee, Alderman W. A. Gleason, and the City Engineer.

TENDERS For Valves and Pig Lead

Separate tenders will be received by the undersigned up to 4 p. m. on Friday, the 28th day of April, 1911, for the following: 250 4-inch Double Gate Valves. 100 6-inch Double Gate Valves. 10 12-inch Double Gate Valves. 15 tons best Blue Pig Lead. Specifications to be seen at the Purchasing Agent's Office. The lowest or any tender not necessarily accepted.

TENDERS For Insulators, Line Wire and Flexible Cable

Separate Tenders will be received by the undersigned up to 4 p. m. on Friday, 21st of April, for the following supplies: A.—1000 or more Locks, No. 15 Triple Potticoat Glass Insulators. B.—3000 lbs. Line Wire, No. 6, B. & S. C.—1000 lbs. Flexible Cable. Specifications can be seen at the Purchasing Agent's office. The lowest or any tender not necessarily accepted.

Re Local Improvement Works

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:—

- 1. To grade, drain and pave with an asphaltic pavement Pembroke Street from Quadra Street to Chambers Street, and to construct permanent sidewalks, with curbs, gutters and boulevards (including maintenance), on the south side thereof, from Quadra Street to Chambers Street, and to construct a permanent sidewalk on the north side of said Street from Quadra Street to Vancouver Street, and to construct curbs, gutters and boulevards (including maintenance) on the north side of said Street from Quadra Street to Cook Street, including sewer, surface drain and water laterals, and moving of poles, if necessary.

ROSSLAND BASEBALL CLUB.

Rossland, April 19.—A meeting of baseball players and fans was held at the Allan hotel parlors here. Dan Thomas presided until the election of officers, which resulted as follows: President, F. S. Peary, vice-president, H. C. Bowers; secretary-treasurer, Robert Anderson; manager, M. J. Quigley; assistant-manager, W. Costello. In addition to this list several committees were appointed to look after various matters, one of the chief of which was the grounds. The grand stand was blown down recently, and this will have to be replaced, and funds must be raised to defray the cost. For this a dance will be held, and other means taken. An effort will also be made to act in conjunction with the lacrosse and football clubs, among whom the cost may be shared equally.

SUNDAY SCHOOL CONVENTION.

Fernie, April 19.—The third annual district Sunday school convention, which was held here, closed its last session in Knox church, when Rev. I. W. Williamson, of the Sunday school camp who are excellent players, and there is every prospect of a first class team being placed in the field.

NEW PASTOR WELCOMED.

Armstrong, April 19.—The members of the Baptist churches of Armstrong and Enderby met at Enderby and at Armstrong to formally welcome their new pastor, Rev. J. R. Blunden, to his pastorate in this district. For the present Mr. Blunden will assume the pastoral oversight of both churches, although it is expected that he will not be very long before the places have to be provided with a pastor for each field.

UNCLE WALT

The Poet-Philosopher

A LITTLE WHILE.

A little while we'll put up grass, and toll among the garden aas, and fill with sighs the summer air, and groan about the griefs we bear. And when life's day is waxing old, and evening draws in, gray and cold, we'll backward look through mists of tears to all these tolling, plodding years, and to our ancient eyes they'll seem as golden as a summer dream. A little while our friends we'll meet in daily walks upon the street; and we, intent upon our chores, will say that friends are often bores. And when life's little day's near done, and we behold the sinking sun, and evening winds are drear and cold, we'll think about the friends of old and wish they might come back once more, from out the shadows of death's shore. A little while we'll scheme and plan to get the best of 'other man. And when life's little day is old, we'll look back in the search for gold; and murmur, with a doleful sigh: "We let the best of life go by!"

NEW CHURCH AT NANAIMO.

Nanaimo, April 19.—The Baptists of Nanaimo have sold the edifice in which they have worshipped for many years, and have completed arrangements for the construction of a new church on the corner of Albert and Pridoux streets. Building operations are to be commenced forthwith.

CANNON ATTACKS RECIPROCITY BILL

AGREEMENT DANGEROUS
TO AMERICAN TRADE

Denies Pact Will Reduce the
Cost of Living in the
States

Washington, D. C., April 20.—In the House of Representatives yesterday formally speaker Cannon vigorously attacked Canadian reciprocity. Aided by a large map of the United States and Canada, he played the role of a schoolmaster to a crowded floor and filled galleries. His remarks followed those of Representative Gudgeon. Mr. Cannon assailed the proposed agreement as dangerous to American trade, inimical to the best interests of American farmers and certain to result in depreciation of American farm lands. Not since the war with Spain and all that followed it, has there been considered by the House of Representatives so important a bill as the one now pending, he declared. On the action of the House rests the well-being and prosperity of all the people of the United States. Is it proper on the slightest consideration to vitiate into law an agreement that affects the prosperity of the home land?

Mr. Cannon declared that the treaty had been made in secret. The country, the senate and the house had actually nothing to do with the preparation of the agreement with Canada. Mr. Cannon reviewed the development of middle and western America during the last century. Immigration and development had brought rich new lands into cultivation, the railroads had made cheap freight rates that had placed them in touch with the great eastern markets and the value of New England and New York farm lands had gone steadily down, unable to meet the competition. The opening of new Canadian lands with American markets open to their produce, would have the same effect on the west he believed. Mr. Cannon declared that the influence of Canadian lands would be felt as keenly in the south as elsewhere if tariff restriction on farm products were removed.

What is this bill going to do to us? he asked. They say there is no danger to our wheat for market open to Canada. The president says it will reduce the cost of living without impairing the farmers' market. The president is a great map. I have great respect for him, but I should like to

see him demonstrate how it will not impair the farmers' prices—and yet will reduce the cost of living.

Representatives Hanna, of North Dakota; Nelson, Wisconsin; and Sloan, Nebraska, also attacked the Canadian reciprocity agreement. Mr. Sloan referred to the House supporters of the reciprocity bill as "a Tammany and Dixie combination against the welfare of the country." Representative Hubbard, Iowa, spoke in favor of reciprocity.

Sir Joseph Ward's Views.
New York, April 20.—Sir Joseph Ward, prime minister of New Zealand, and his family sailed on the Lusitania yesterday for the coronation of King George. Sir Joseph said that seventeen years of woman suffrage had worked well in New Zealand. He said he was heartily in favor of reciprocity between Canada and the United States, and an arbitration treaty between America and Great Britain.

YOU CAN CURE CHEST COLDS

And Bronchitis by Using Dr.
Chase's Syrup of Linseed
and Turpentine If You
Get the Genuine

The mere mention of pneumonia and consumption causes a person to shudder, but a cold is such a common thing that it is too often left alone until these other ailments develop from it. You can readily cure throat and chest colds, croup and bronchitis, by using Dr. Chase's Syrup of Linseed and Turpentine. This medicine is both thorough and far-reaching in its influence on the system. For this reason its merits are well-known and its sales enormous.

But there are at least four imitations of Dr. Chase's Syrup of Linseed and Turpentine. And imitations are always a little cheaper, how else would they sell. They are never sold on their own merit, but on the merit of the article they imitate.

Their likeness is in name only, and when you are in need of medicine you don't want to depend on a name of imitation. Every bottle of the genuine don't want to depend on a name or a W. Chase, M.D. the famous Recipe Book author. 25 cents a bottle, family size 50 cents; all dealers, or Edmanston, Bates & Co., Toronto.

A girl representing a judgment debtor at the Woolwich court, referred to her father as "dad." Judge Willis—Don't say "dad," say "father." It is one of the most beautiful words in the English language. If you look at the old poets you will see that it has been used for six centuries.

When tea was first introduced into England it sold for from \$20 to \$50 the pound.

WOULD FOSTER EMPIRE TRADE

Royal Colonial Institution. Ad-
vocates Industrial Con-
ferences

For some time past the Royal Colonial Institution has had under consideration the question of identifying itself in a more active manner with the furtherance of Empire trade and industrial interests, and at the last meeting of the council it was agreed to form a representative committee of men of affairs to carry out the institute's work in this connection. The committee will include amongst others, Sir J. Bevan Edwards, K.C.M.G.; Sir Godfrey Laingden, K.C.M.G.; Sir Daniel Morris, K.C.M.G.; Hon. Sir Conyngham Rason, Mr. Henry Birchbrough, C.M.G.; Mr. Richard Jebb, Mr. Ben H. Morgan, Colonel John Denny, Major Archer Shee, M.D.; Mr. Hugo Hurst, chairman Manufacturers' association; Mr. Stanley Machin, chairman, London Chamber of Commerce; Mr. Edward Melville, chairman, Society of Motor Manufacturers and Traders; Sir Thomas Lewis, and Mr. R. K. Morcom. The work of this committee at the outset will include the arranging of industrial conferences with a view of regulating and co-ordinating empire trade conditions, and, by means of lectures at the institute itself and before the Chamber of Commerce and other trade bodies and institutions throughout the country, to make more widely known the opportunities that exist in the overseas dominions for British trade and capital, and, on the other hand, to place the British merchant and manufacturer in touch with the sources that are available within the empire for the supply of raw materials and other products. It is hoped in this way to find an increased market for British goods in the colonies, and, on the other hand, to increase the demand in Great Britain for empire products. British manufacturers, merchants, shippers, brokers and others interested in the work of this committee are invited to communicate with the secretary of the Institute at Northumberland avenue, London, W.C.

DIAMOND ROBBERY.
Two Men Enter Store and Steal \$1,100 Worth of Gems.

Portland, Ore., April 20.—While hundreds of people were passing in plain view, and not over fifteen feet away, two robbers entered the Crown Jewelry Company's establishment on Washington street, between Sixth and Seventh, at 8.20 last night and held up the proprietor, R. E. Cowie. They secured, according to Cowie, about \$1,100 worth of diamond rings and loose diamonds. The two men, on entering, called Cowie

from the rear of the place, the foremost exhibiting a large revolver, which he held steady by his coat lapel. The robber ordered Cowie's hands up, but told him not to put them so high that he would attract attention of people in the street. At the same time the other robber went behind the counter, and lifting the diamond tray from the showcase took about a dozen of the larger stones. Just at this moment two women stopped in front to look in the show window, and the robbers, evidently disconcerted, shoved the tray of diamonds back into the case and went to the show window. Reaching inside, he took out several diamond rings. He then called to his companion and both escaped.

The robbery occurred in the heart of the retail district, and almost directly across the street from the store of the Diamond Palace, which was robbed in mid-afternoon on February 14 last of nearly \$5,000 worth of diamonds. Last night's affair follows within two days of the hold-up of the United Cigar Company's store at Fourth and Stark streets, where a lone robber secured \$100. Cowie gave a complete description of the pair to the detectives.

FALLS SEVEN STORIES.

Tacoma Laborer Escapes With a Few Bruises.

Tacoma, Wash., April 20.—Falling seven stories to a concrete floor and in his descent crashing through a platform of inch boards, Lief Knutson, a laborer employed in the construction of a Tacoma building, rose to his feet, shook himself, smiled and said: "Gee, wasn't that a lucky fall!" Then he sat quietly in a chair for 15 minutes waiting for an ambulance to take him to the Fannie Paddock hospital. Physicians at the hospital announced after a searching examination that Knutson had escaped with a few bruises.

Knutson is 25 years old and employed as a laborer on the building which is being erected for the Wyerhauser Timber Company and the Tacoma Commercial Club. He had a barrow on the sixth floor. There are two passenger elevators in the structure and one of them is used for hoisting material in a temporary elevator. The handles of Knutson's wheelbarrow protruded over the latter shaft and was struck by the temporary elevator as it was going up. Knutson was thrown off his balance and fell into the other elevator shaft. He dropped six stories without a break and then struck a tempo-

rary landing constructed at the first floor. He fell through this frame work to the concrete floor of the basement. Laborers in the basement in a panic of fear rushed toward him, but he rolled over on his side, rising to his feet slowly and greeted them with the remark quoted. He wanted to take a walk, but his fellow-workmen made him sit on the chair until the arrival of the ambulance.

WEEKLY WEATHER SYNOPSIS.

Victoria Meteorological Office.
April 12th to 18th, 1911.
Victoria—Bright sunshine, 55 hours; highest temperature, 63 on 15th; lowest, 28 on 12th; rain, .23 inch.
Vancouver—Bright sunshine, 50 hours; highest temperature, 63 on 15th; lowest, 30 on 13th; rain, 1.30 inches.
New Westminster—Highest temperature, 68; lowest, 28; rain, 1.29 inches.
Kamloops—Highest temperature, 68 on 15th; lowest, 28 on 12th; rain, .10 inch.
Barkerville—Highest temperature, 42 on 15th; lowest, 12 on 13th and 17th; precipitation, .20 inch.
Prince Rupert—Highest temperature, 48 on 14th; lowest, 25 on 12th; rain, 2.69 inches.
Atlin—Highest temperature, 44 on 16th; lowest, 2 on 12th; precipitation, .02 inch.
Dawson—Highest temperature, 48 on 14th and 17th; lowest, 4 below zero on 12th; no precipitation.

TO TRACE WAR RUMORS.

The Peace Society of American Residents in Japan held a meeting in Yokohama last month, at which a sub-committee was appointed to prosecute the work mapped out by the society and a definite programme was adopted. The Japan Times reports as a means to clear up misunderstandings between the United States and Japan that may arise from time to time. The matter of the false reports, groundless rumors and mischievous publications which continually seek to agitate the public mind both here and abroad will receive special attention by this sub-committee which will enter into correspondence with the American Peace Society in the United States. The local organization will seek to co-operate with the society in America in tracing the wild rumors to their source for the purpose of exposing the disseminators of the untruths.

SUCCESS WITH SUNBERRIES.

Geo. Highley, of Winnipeg, is a firm believer in sunberries, which he claims is one of the few berry-producing plants that can be grown to perfection in the west. This berry is a sport from the elderberry, and is one of the creations of Luther Burbank, the famous horticulturist, and brought to a commercial basis by Chiles, of New York. Last spring Mr. Highley imported some seed which he sowed in his garden towards the end of May. From 32 plants that grew he obtained 200 pounds of fruit. The berry is somewhat larger than a blue-berry, and of the same shape, and although while fresh is slightly more acid in taste, yet Mr. Highley claims that it takes less sugar to the pound to preserve than the blueberry. The preserved berries and jam made from them keep well and is very palatable.
Prior to 1885 all women's shoes were made without heels.

TO PLAY IN STAFFORD HOUSE.

Famous London Mansion Will Be Scene of Theatrical Experiment Next Month.

London, April 20.—"The finest situation in London," as Stafford House is not unjustly styled, is to be the scene of a theatrical experiment on May 11. A one act play by an unnamed author will be produced on the historic staircase of the Duke of Sutherland's residence, the landing being utilized as a stage and the

audience viewing the production from the great hall. The players are to make their entrances and exits by walking up and down the stairs. This staircase is the most remarkable feature of Stafford House. The broad marble steps, branching right and left from the hallway landing, lead to the gallery which runs around three sides of the hall, and out of which open the state-reception rooms, including the famous picture gallery. Opening on to the landing is a large double glass door, which is never unlocked save when the Duke or Duchess of Sutherland are

receiving a Royal visit, or on the occasion of a marriage from Stafford House.

A recently opened shop in the Rue de Chateaudun, Paris, modestly informs visitors from across the Channel that "a little English is spoken here."

CHICAGO INSURANCE COMPANIES DEFRAUDED

Owners of Barns Burned to Death in Order to Collect Money

Chicago, April 20.—Investigation has been made by Fire Attorney Frank J. Hogan and Hugo Krauss, superintendent of the Anti-Cruelty Society, into frauds against insurance companies on the north side Black Hand district.

According to Krauss the horses originally insured are not turned to death, but worn out nags are substituted for them. The barn is set on fire by the owners and the horses perish in the flames. The charred carcasses of the horses are pointed out to the insurance companies' claim agent as those of the animals insured and the money due on them is collected. Instances of horses being burned to death and insurance being collected on them have come to Krauss's attention from all parts of the city.

WILL NOT AGREE TO ARMISTICE

(Continued from page 1.)

The insurgents last night, according to Gonzalez Garza, secretary general of insurrecto party, who declared that he had forwarded the demand to General Navarro. Navarro last night denied having received the demand.

The insurgents, it is believed, must attack soon after the expiration of the 24 hour respite given in their demand for surrender, as they are said to be out of food.

A small band of insurgents appeared on the river front near 23rd Pass smelter early to-day coming down to the water to wash their faces. The rest of the army is back in the hills nearby, waiting until this evening to see if Navarro will surrender.

Citizens with nothing else to do spent most of yesterday on top of tall buildings with field glasses, and every time a whirlwind carried the dust skywards on Mexican soil, they called down to friends that the battle had opened.

The town is now fortified inside and out with masked batteries commanding its approaches. On top of the priests' house, adjoining the old mission in the centre of the city, is a mortar that will sweep the main street. Across the railroad yards, which were cleared to-day of six box cars and locomotives, lumber fortifications have been built. Lookouts have been cut in the walls of Cowboy Park, commanding several streets.

Gonzalez Garza says he has received passports permitting him to cross the line to visit Francisco I. Madero and lay before him the plans of Dr. Gomez, at Washington, for the armistice to discuss peace terms.

Move Against Insurgents.
Chihuahua, April 20.—One thousand federal cavalry left here for the relief of Ojinaga yesterday. They will proceed by train to Palomas, thence 90 miles overland to Ojinaga. The insurrecto activity in the north found most of the available federal troops here. Now there is a general outward movement to meet the 'insurrectos.'

It developed here yesterday that 14 American prisoners on their last day's march to Chihuahua had nothing to eat. For thirty-six hours they were without food, as they marched on the hot desert through blinding sand storms.

This was due entirely to the exigencies of war, and not to any neglect. All the prisoners were in excellent health, and they arrived here in good spirits.

United States Consul Letcher interviewed the men individually, and saw that they obtained all necessary supplies.

INTEREST INCREASING DAILY.

The greatest opportunity that has ever come to the people of Victoria to buy high class clothing, hats and furnishings, at a fraction of their real value, is that opened by the B. Williams & Co.'s going out of business sale.

The high class stock carried by this firm is too well known to the people of this city and surrounding country to need any other recommendation.

While the firm expected a ready response to the announcements of this sale the rush has been far beyond their expectations, but they have a large staff of competent, obliging and experienced salesmen who are seeing that everybody who gains admission to the store are having their wants properly and satisfactorily attended to. It becomes necessary at times to lock the doors to prevent the store from becoming overcrowded and uncomfortable, as the firm is determined that the shopping done at this sale shall be satisfactory.

The bargains being offered are unprecedented. The sale hours are 9:30 a. m. to 1 p. m.; 2:30 to 6 p. m.; evenings, 7:30 to 9 o'clock.

This stock must be cleared by May 7th when J. N. Harvey, Limited, will take possession of the premises.

"Oh," said the daughter, as she turned her gaze skyward again. "I'm looking for Jack, he said he would be down this evening."

MEXICO REPLIES TO U. S. DEMANDS

(Continued from page 1.)

the streets of Douglas yesterday and was subsequently arrested. The situation all along the border is such that such occurrences tend to aggravate international difficulties. In the present emergency anyone who wilfully aggravates the situation dishonors his country and puts our government at a disadvantage with Mexico. Such acts cannot be too strongly condemned, and I call upon the citizens of Douglas to assist in every possible way in preventing repetition.

"Thus far the conduct of the people of Douglas has been admirable, so that I have reason to believe this appeal will be effective and meet with acquiescence. Particularly I trust that all officers of the law, will see to it that neutrality is observed so far as may lay within their power to maintain it. Good citizens should be more concerned in upholding the honor of their own country than in showing their sympathy for or against the government of a neighboring country." (Sgd.) RICHARD A. SLOAN, "Governor of Arizona."

In small hotels in Russia each guest is expected to bring his own bed clothing.

"Silver Plate that Wears"

The Evening Chit-Chat

BY RUTH CAMERON

To show that you are eager to have a guest-depart is unpardonable rudeness. Everybody knows that. To insist by urse a guest to prolong his stay when it is evident that staying would be inconvenient and against his will is almost as great a discourtesy. And by no means everybody seems to know that.

There are homes where I actually dread to go—and I know everyone has much the same experience—because my going away is made so difficult.

I ought to be pleased to know that I am so much wanted, you say? I am—very much so—having quite the common share of vanity.

But I am also made very uncomfortable by the insistence which I have to fight before I am allowed to depart.

I am often made to feel almost rude in going when they urge me so emphatically to stay.

New to put another in a position where he feels that he is appearing rude—surely that is as ill-bred as to be rude yourself.

From one point of view, more so. At least it seems so to me.

"I often find myself going back to Darwin's saying about the duration of a man's friendship being one of the best measures of his worth."—Anna Thackeray Ritchie.

A few weeks ago I wrote upon the subject suggested by that quotation, pointing out that it would be an interesting experiment for all of us to apply that test to ourselves, and, expressing my fear that many would

be found sadly wanting if tried by that standard.

In answer I received this interesting little note, which I thought quite interesting enough to pass on:

"Perhaps, it may interest the Woman Philosopher to be told that one of her readers is in frequent correspondence with a friend of seventy-

MEAT Carvers

The most objectionable feature in a carving knife is one that neither takes or gets an edge. Ours are not of that kind. C. & M.'s Carvers are all manufactured from the finest hand-forged English sheer steel with solid buckhorn, ivory or imitation ivory handles, ranging in price from, per set of three pieces, in

five years' standing, with two others of seventy-three years' standing, and two more of fifty years' standing. Perhaps seven or eight permanent friendships may be rather an unusual bit of fortune for one man to be grateful for. He ventures therefore to mention it to Miss Cameron."

"In making purchases in some of the larger stores of this city, as well as the smaller ones, I find it quite the custom for salesladies to address the patrons in this fashion: 'Now dearie, don't you think that lovely?' or 'Dearie, take this one,' or 'Girlie, this and that.'

"Such familiar terms as these to a total stranger are certainly disgusting and wholly out of keeping under the circumstances. Invariably I seek another saleslady or walk out of the shop. I have heard other women complain in the same way. Would you kindly say something about this in your columns?"

To quote our unforgettable friend, "Dee-lighted."

Only I think the lady's clever little characterization of this irritating habit of cheap familiarity has left little for me to say except "Them's my sentiments, too."

SOCIAL AND PERSONAL

G. E. Wilkerson is in Seattle on business.

Miss McAllister and Miss Gladys McAllister, Vancouver, spent Easter with friends here.

Mrs. William Emery is spending a week in Ladysmith with her sister, Mrs. H. Coulter.

Mrs. P. de Noe Walker, Dallas road, returned to town yesterday after a visit to Chilliwack.

Mr. and Mrs. W. F. Irwin, Vancouver, who spent the Easter holiday here, have returned home.

Mrs. J. B. McKilligan returned yesterday from Seattle, where she had been visiting friends.

Major W. R. Wingfield Digby left yesterday via C. P. R. and Allan liner Victorian for the old country.

Mr. and Mrs. Edward Holland Lees, who were married in Vancouver on Saturday, are spending the honeymoon here.

Mrs. Newton Burdick will return from Seattle at the week end, and will be at home to her friends on Tuesday next.

The Misses Violet Speed and Beatrice Bennett have returned from their Easter holiday, after visiting Seattle and Tacoma.

Mr. and Miss Sorby have returned from a visit to Portland, where the former went to study wharf, railway and bridge conditions.

Mrs. M. S. Withers, Seattle, who has been the guest of her aunt, Mrs. Gordon, Beacon Hill, for Easter, left yesterday on her return home.

Mrs. C. C. Welch, "Cumberland," Oak Bay, will be at home to her friends on Friday, previous to leaving for an extended trip to the old country.

Miss Martin has come over from Vancouver to join her mother, who has been the guest of Mrs. Wulfsaehn for the past week. They will remain for two weeks longer.

Invitations have been issued for the marriage of Miss Phyllis Hughes, daughter of Mr. and Mrs. G. H. Hughes, Tennyson avenue, to Mr. John Sarslat, to take place at St. Mark's church on Wednesday, the 26th instant.

A very enjoyable time was spent on Tuesday evening at the home of Miss Maude Webster, Colubour street, when her friends gave her a pleasant sur-

prise party. Among those present were: Misses L. Moore, S. Ives, R. Miller, G. Miller, E. Hunter, L. Keilway, C. Kelway, A. Earnshaw, A. Smillie, E. Clark, H. MacQuarrie, N. Cameron, L. Dawe; Messrs. H. Clark, H. Hunter, H. Moore, C. Burton, A. Pynn, C. Kelguard, S. Haggert, T. Payne, W. McNeil, F. Climo, T. Climo, J. Fuller and W. Cave.

Dr. George A. Greaves, Victoria, was married to Miss Gladys Dale, eldest daughter of the late Frederick Dale and Mrs. Dale, Sherbrooke, Que., on April 4 in Shawmut Congregational church, Boston. Rev. A. A. Berle performed the ceremony.

At the Ladies' Musical Club's concert in the Cathedral schoolrooms on Saturday afternoon, there will be placed on each seat a printed slip containing a list of all the compositions sung or played during the season. Each member of the audience will be asked to place a vote against the nine items he or she liked best, and from those receiving the most votes the programme for the concluding concert of the season will be arranged. Every member of the club is particularly requested to be present at this concert that a representative vote may be obtained.

The Saturday Dancing Club has completed arrangements for its final dance of the season, to be held in the A. O. U. W. hall to-morrow. All the latest dance music will be given by the orchestra, under the direction of Miss Cochrane. The following programme of dances have been arranged by the committee: 1, waltz; 2, two-step; 3, three-step; 4, waltz; 5, two-step (Polarization); 6, Schottische; 7, Carmenita waltz; 8, two-step; 9, three-step; 10, waltz; extra; 11, waltz; 12, Gavotte; 13, two-step; 14, three-step; 15, waltz; 16, two-step; 17, Schottische; 18, Minuet; 19, two-step; 20, waltz. A buffet supper will be served during the evening.

The second annual ball of the Shawmigan Lake Athletic Club will be held in the club's room to-morrow evening, and will be attended by a large number of Victorians. Only a limited number of tickets are being issued, and al-

TWO-TONE LINEN FROCK

Many of the summer wash frocks show a strong tendency toward one-color redingote with shortened front in color and material, and this waist line is plain white linen, with a chiefly noticeable in new gingham, never shaped collar, belt and cuffs of linen. For example, this model illustrates a frock whose skirt borders all around as shown.

ready the majority of these have been purchased. A special train will leave the E. & N. station at 7:45 p.m., returning after the dance. The ball room floor, which has already earned high praise as one of the best in the province, is being put into first class condition for the entertainment, and an up-to-date musical programme will be rendered by Bantley's orchestra. Tickets for the event can be obtained from Alderman Peden or from V. K. Gray.

On Tuesday evening a very enjoyable party was given at the home of Mr. and Mrs. John Creed, 1621 Fernwood road, in honor of Mrs. Charles Emfield, Mrs. Creed's niece, of Northport, Wash., who is visiting here. The house was prettily decorated with flowers. The evening was spent in dancing and games. At midnight a dainty supper was served. Those present were: Mrs. and Mrs. John Creed, Sr., Mr. and Mrs. Charles Taylor, Mr. and Mrs. G. Creed, Mr. and Mrs. J. A. Creed, Mr. Chas. Emfield, Miss Florence Hobbs, Miss Rosabella Crouther, Miss Weitia Alex, Miss Lizzie Stevens, Miss Edith Creed, Miss Winnifred Creed; Messrs. Reed, R. Anker, W. Creed, P. Warnell, Le Page, H. Jarvis, Fred Emery, S. Creed, Bert Jones, McFaden, O. Crouther, Bert Emery.

His Honor the Lieutenant-Governor, who is president of the Victoria Amateur Dramatic Club, hopes to be present at the dramatic "at home" at the Alexandra Club at 8:15 p.m. on Friday. The following attractive programme has been arranged: Pianoforte solo, Mrs. S. McClure; song, Mrs. D. E. MacLaren; reading, D. D. Dewar; song, Mrs. D'Oyley Rochfort; monologue, "I and My Father-in-Law," Mrs. Sheridan-Bickers; song, "Melissande in the Wood," Colin B. Hogg; reading, Capt. J. F. Foulkes; songs, "Silent Witnesses," "Silent Greetings," Mrs. Hickey; recitation, "The Ride of Johnny McNeil," Mrs. M. Hallward; songs, R. B. MacKenzie; duologue, "Villain and Victim," Mr. and Mrs. H. Sheridan-Bickers. Members are requested to bring their friends to the preliminary reception at 8 o'clock. Refreshments will be served during the intermission in the programme.

Mischa Elman To-night.
Mischa Elman, the violinist marvel of the present generation, who appears at the Victoria theatre to-night under the auspices of the Musical Society, in the most notable concert of the present season, was only four-and-a-half years old when he started staid musicians by his precocity. Six months later the Princess Ursulof, a distinguished patron of music in the Russian empire residing at Odessa, heard the boy play, becoming so enthusiastic over his gifts that she asked leave of Elman's parents to adopt him, but without success. Very soon Mischa was awarded a scholarship at the conservatory of music and became a pupil of Professor Alexander Fiedelmann.

Six years later, in 1902, Professor Auer, director of the violin department of the St. Petersburg conservatory, heard Elman play and instantly prepared to secure the boy's admission to the institution of which he was a faculty member. Two years afterward, at the close of a concert given in St. Petersburg by a remarkable "child" violinist, several teachers and public performers were discussing the merits of the visitor when Professor Auer exclaimed: "I don't consider him the greatest I have heard. I have a pupil who is his superior."

Auer's colleagues were astounded and demanded that the youngster be produced. Though Professor Auer had at the time intended that Elman should not make his debut until he was eighteen, there seemed no other way out of the matter. It was under remarkable conditions that Mischa Elman was brought forward to show his abilities. Determined that his pupil's playing should cause as much sensation as possible, Professor Auer decided upon a daring plan to make the most of the opportunity. He had always played at the opening concert of the Deutscher Liedertafel (St. Petersburg's most important musical society) and when the president announced to the assembly, on the October night in 1904, that Professor Auer had sent his youngest pupil, a boy of thirteen, to play in his place, there was a gasp of half-indignant surprise. A few minutes after, when the newcomer had concluded the Mendelssohn concerto, he was acclaimed a genius.

From that time on Mischa Elman played in all music centres of Europe before coming to America. His career, thus far, has been an uninterrupted series of brilliant successes. This season he returns to this new world for the most extensive tour any violinist has ever made and there is every indication that it will be a financial as well as an artistic record-maker.

There is only one Mischa Elman, and when this brown-haired youth steps before an audience and poses his five-feet-two physique ready for the first sweep of the bow, it is time to take notice, because the violin master of all is at hand.

"The Squaw Man."
In "The Squaw Man," which comes to the Victoria theatre on Saturday next, Edwin Milton Royle has written a drama in which there is much stirring incident, and has mingled the tragic and lighter shades of life in the right proportions. The play tells a story that is full of throbbing interest that often becomes intense. Its glimpses of English life in the upper circles is followed by a picture of ranch life in the West that is breezy and natural. Its action is spirited, without being overdrawn, and generally its lines are meaty, and nowhere does it become "talky" or tame. Much of its incidents are new, and in theme and treatment it is far above many of the latter-day successes, so far as morality is concerned.

The leading role of "The Squaw Man" is admirably suited to Mr. Westfield, and there is every indication of the part being one of his greatest successes. H. E. Pierce and company, the managers of the enterprise, have given Mr. Westfield an exceptionally strong supporting company.

ORE SHIPMENTS.

Nelson, April 19.—The following are the returns of the ore production and movement for the past week, and for the year to date:

The total receipts at the smelters for the week, including concentrates, were 46,352 tons, and for the year to date, 559,483 tons.

VOLIVA FORCES WIN.

Religious Fight Elects Voliva First Mayor of Zion City.

Zion City, Ill., April 20.—After a day of the wildest excitement, in which there was much stoning and many voters were stung, Wilbur Glen Voliva, successor of John Alexander Dowie as chief of the Zionists, claims to have been elected mayor over K. S. Goudie, candidate of the "wide open" faction here. Waiting at the polls the adherents of Voliva and of the "independents" squabbled for places in the line when the polls opened, and 40 imported guards from Chicago strove on one side with Sheriff Green's deputies from Waukegan on the other, to protect the separate factions from each other. Four of Voliva's adherents were arrested by the deputies, and Voliva in retaliation caused the arrest of Chief of Police Hoover, one of the "independent" faction.

When the police clubbed John G. Arrett, a Voliva man, at the polls, a big crowd attacked the officers, who were forced to use their clubs freely to restore order.

The "independents" quote Voliva as saying he would be elected even if it were necessary to use force to keep his hold on the city. Gray apprehensions of trouble is felt, through statements that the Voliva men have prepared regular arsenals, and threats are freely made that if the "independents" are shown to have won at the polls when the count is completed bloodshed will ensue.

Special Policemen Meagles, Grant, Meyers and Kerr were locked up by order of Voliva, charged with beating Garrett. They were released later.

BALFOUR SPEAKS ON EDUCATION

Outlines Possible Solution of England's Problem of Religion in Public Schools

Mr. Balfour was the principal speaker at a meeting held at the Mansion House, London, to commemorate the approaching centenary of the National Society.

When the society began its labors in the great work of education, Mr. Balfour said, they were, if not the only agency, undoubtedly, the greatest agency working in that cause. Those who founded and carried on the work of the society in 1811, and subsequently thought, as we think now, that it was folly to divide education into secular and religious education as if they were two quite separate things. "To think that these things can be divided is to misunderstand the true way in which the molding of character is to be carried out.

"Gradually the state began to see that education could not be left entirely to private enterprises, to philanthropy or to the action of churches," continued Mr. Balfour. "Then came the real difficulty of the situation, because in this country we have long since abandoned the idea that it is the business of the community to see that its citizens are all brought up in the religious belief held by the community as a whole. That way of looking at things is, of course, wholly alien to modern modes of thought, and the state finds itself in a difficulty not easy to deal with.

"There are people who believe that the difficulty might be comfortably settled if the state looked after secular education and left religious education to the parents. But if you make education compulsory, you cannot say to the parents: 'We will look after your children as regards reading, writing and arithmetic, but you must look after their religion.'

"To do this would be to use a vain formula. The idea that you can meet the religious needs of the country by setting parliament to work to compose what is called a non-dogmatic theology is really the wildest of dreams. I look forward to the time when it will be found possible to give in our public elementary schools that religious teaching to every child which the parents of that child desire. This is the only solution which seems to me perfectly consistent with our ideas of religious liberty, our ideas of parental responsibility and with the fundamental doctrine that it is a misfortune for any child to be brought up without any knowledge of religion whatever."

AN EXECUTIONER'S HEART.

Just an Incident Speaks More Than Tongue Could Tell.

The Toronto News prints this story without comment: A ragged little urchin was torturing a young sparrow at the corner of Elizabeth and Elm streets. He had a string tied around its leg and was pulling it along the road.

A man walking down the street saw the poor bird pitifully uttering in its efforts to escape. He approached the child. Placing his hand on his head he said: "Now, sonny, don't you know that it is only heathen people that torture anything? You should be kind to everyone and they will be kind to you."

The kindness of his voice reassured the urchin, and taking a five-cent piece from his pocket he gave it to the boy, saying: "Now, give me the bird and promise not to do such a cruel act again."

The boy willingly did so, and the man climbed a neighboring porch and placed the little sparrow so that it was beyond capture by any boys again. He then went on his way whistling merrily.

That man was Arthur Ellis, the official executioner for the Dominion of Canada, spoken of more familiarly as "the hangman."

Happy Valley for Fruit Growers

CLOSE TO VICTORIA ON C. N. RAILWAY

The following results in fruitgrowing near Victoria are authenticated:

Four acres of strawberries produced 28,126 pounds of fruit, which sold for \$2,598 net, or \$92 per acre.

Half an acre produced 2,826 pounds, giving a net return of \$301.

Another grower raised 12,546 pounds of berries on one and a half acres, which sold for \$1,333.60 net, or over \$800 per acre.

Other results are: 1,070 crates of cherries and plums, or 20,416 pounds, from 90 trees; 25 olive trees yielded 230 crates of 26 pounds. You can reproduce these results on Happy Valley Lands. Price, \$200 to \$350 per acre. Terms, one-third cash, balance 1 and 2 years. Get illustrated booklet.

THE SIDE TO LIE ON.

To the Editor:—Having been a sufferer from insomnia for many years I can earnestly sympathize with all who are so afflicted. A learned doctor prescribes lying on the right side as an infallible remedy for insomnia, and both the Times and Colonist have concisely reviewed this simple mode of luring back nature's sweet restorer.

I venture to suggest it might have a soothing effect in banishing unrest, and be a useful example for Liberals and Conservatives if the organs of those parties would for the nonce lie together on the same side, until next general election, when they can lie as in 1908.

Remember date, Saturday, April 22nd; remember place, opposite post office, opening Victor department. Every record and machine perfectly new from factory. Hicks & Lovick Piano Co., 899 Government Street.

INSTRUCTIVE TALK ON PRIMARY WORK

Mrs. Mackenzie lectures on Junior Arithmetic at the Teachers' Convention.

The teachers' convention continued this morning in the George Jay and South Park schools. In the George Jay the junior grade and manual training school teachers were in session. The assembly room of the school was packed to the doors with teachers and children who listened to Mrs. Mackenzie's lecture on Junior arithmetic. Mrs. Mackenzie, who is at present teaching in the North Ward school, has had many years of experience with the younger children, and is an authority on work in the junior grades. At the conclusion of her lecture, congratulations were poured on her from all sides and everyone present unanimously voted it an extremely interesting and instructive lesson.

For it was a lesson in every sense of the word for the teachers as well as the children. As regards the former, Mrs. Mackenzie gave them a clearer insight into the work which may be done with the junior pupils and the manner of going about it. She had a class of children on the platform and put them through a drill in arithmetic, in which they acquitted themselves splendidly.

A hearty vote of thanks was accorded Mrs. Mackenzie by the chairman, T. Leth, inspector of schools. In the manual training session those present devoted the morning to a chatty discussion of yesterday's work and the many innovations which it had been proposed to introduce into the schools. Harry Dunnell, superintendent of the provincial manual training sessions, presided.

This afternoon a general session of the delegates is being held at the George Jay school. Miss Ravenhill, a well known lecturer from London, is speaking on "Some Requirements of Healthy School Life."

BIJOU THEATRE. This evening the old Pantages, later the Lyceum, on Johnson street, will re-open as the Bijou theatre, having been leased by Mr. Nichols, Vancouver, and Edward Clark, late of Duluth. They have expended a large sum on the house and it presents a most comfortable appearance.

The new lessees promise a clean, wholesome, entertaining show, catering at the matinee especially to ladies and children. They have engaged ten artists, and open with two farce-comedies, interspersed with high-class vaudeville and motion pictures.

ARBITRATION BOARD. Fernie, B. C., April 20.—Messrs. Carter and MacLeod, the two commissioners appointed to act on the new board of conciliation, held a meeting this morning to canvass names for the position of chairman, and a second meeting is taking place this afternoon, but so far no progress is reported towards getting together upon that question. The feeling continues here that no choice will be arrived at by the two members and that the minister of labor will have to select the presiding officer of the board.

DEBATE NOW DRAWS TO CLOSE

ONLY FOUR MORE LIBERALS TO SPEAK

Effort Will Be Made to Complete Business of Session Next Month

(Special to the Times.)

Ottawa, April 20.—At a largely attended Liberal caucus this morning it was decided on the suggestion of Sir Wilfrid Laurier that the debate on reciprocity from the Liberal side of the House could now be wisely cut short in the firm belief that the agreement needs little further vindication before the country.

The onset of continuing the debate, and thus delaying the prorogation, will be left with the opposition speakers, but it is expected they will not continue the fight much longer. A vigorous effort will be made to reach a vote on the issue early next month and wind up the remaining business of the session before May 24. There will only be three or four additional Liberal speakers, the final conclusion of the debate being left to Hon. W. E. Fielding.

There was no question as to dropping the agreement for this session and the members present were enthusiastically in favor of forcing the vote to the issue at the earliest possible moment. There was some discussion on the question of a renewal of the bounties on iron and steel rods for 18 months from July 1, when, according to present legislation, they will expire. Nova Scotia members were strongly in favor of this extension, in view of the fact that under the reciprocity agreement no tariff protection is possible, and with a view to meeting what they believe is a reasonable request of the iron and steel companies for a short extension of the bounties until arrangements can be made by the companies for continuing the business in their wider rod plants on a permanent basis of profit. The question was left to the government for a decision, and it is not improbable some measure of temporary assistance will be granted along the lines suggested.

The question of leasing branch lines for the I. C. R. and the construction as part of the Intercolonial system of new branch lines, particularly a line through the eastern portion of Nova Scotia, connecting Halifax and Pictou, were also discussed, and a recommendation of the minister of railways giving effect to these proposals was endorsed. The construction of the Hudson Bay railway by the government, as already foreshadowed by Hon. G. P. Graham, was also announced.

TO-DAY'S BASEBALL

NORTHWESTERN LEAGUE. Tacoma, April 20.—First innings, no runs. Batteries—Thomas and Dashwood; McCammet and Devost. Second innings, no runs. Seattle, April 20.—Scores of two innings: Vancouver, 0; Seattle, 0. Batteries—Vancouver: Cates and Fournier; Seattle: Fouchner and Shea.

NATIONAL LEAGUE. At Pittsburgh—R. H. E. Cincinnati..... 1 3 3 Pittsburgh..... 9 11 3 Batteries—McQuillen, Keefer and McLean, Clarke; Campitt and Gihson.

Philadelphia, April 20.—New York Philadelphia game postponed on account of rain. Brooklyn, April 20.—Brooklyn-Boston game postponed on account of rain.

AMERICAN LEAGUE. Cleveland, O., April 20.—The 1911 baseball season, opened here this afternoon with a game between the St. Louis and the local clubs of the American League. The weather was clear and brought out an immense crowd. Krapp for Cleveland and Powell for St. Louis were selected to pitch the game.

Chicago, April 20.—Detroit opposed Chicago in opening the new Chicago American baseball league park to-day. The warm clear day filled the new south side ball park to the limit. Ed. Walsh was selected to pitch for Chicago and Mullin for Detroit. Score: Detroit..... 6 14 2 Chicago..... 3 4 2 Batteries—Taffite and Starnage; Walsh and Sullivan, Payne.

New York, April 20.—Washington-New York game postponed on account of rain. Boston, April 20.—Philadelphia-Boston game postponed on account of wet grounds.

AMERICAN ASSOCIATION. Toledo, April 20.—Kansas City 5, Toledo 2. Louisville, April 20.—Minneapolis 1, Louisville 0. Columbus, April 20.—Milwaukee 3, Columbus 0. Indianapolis, April 20.—St. Paul 5, Indianapolis 1.

GOVERNMENT SHIPYARDS.

(Special to the Times.) Melbourne, April 20.—The government of the Commonwealth is forthwith establishing ship building yards at Williamstown. They will be large enough eventually to handle warship contracts.

GRAND TRUNK MEETING.

London, April 20.—At the semi-annual meeting to-day of the Grand Trunk Railway Company of Canada, unanimous assent was given to the Grand Trunk Railway Act of 1911, and the directors were authorized to exercise the powers conferred on them by this law, including the raising of a mortgage of \$30,000,000 on the Grand Trunk Western railway, the interest on which will be guaranteed by the Grand Trunk.

ACQUITTED.

Stettler, Alta., April 20.—Discharged for lack of evidence sufficient to warrant commitment for trial, Alex. Soderberg, arrested in connection with the murder of William Lennox on March 23, yesterday stepped from the court free. Throughout the preliminary trial great interest had been displayed in the proceedings of the court, and as the final scene was enacted intense excitement prevailed.

LOSING CATTLE.

Goldfield, Nev., April 20.—Through the opening of wide gaps in the ground in the eastern part of White Pine county, cattlemen report losses that are assuming serious proportions. In Jake's Valley Captain Morgan has already lost forty calves. The gaps in the range vary from eighty to twenty feet in width and there is no explanation of the phenomena except the fact that the country is of volcanic formation. Stock owners have applied to the government for permits to fence the dangerous district, but as the ground is not in the forest reserves nothing can be done to protect stockmen.

MARRIED.

Graevens-Dale—in Shawmut Congregational church, Boston, Mass., by the Rev. A. A. Berlin, on Tuesday, April 4, Miss Gladys Dale, eldest daughter of the late Frederick and Mrs. Dale, Sherbrooke, Que., to Dr. George A. Graevens, Victoria, B. C.

TEACHERS, remember that Judge Lampan in his judgment told Premier McBride that Anton Henderson, a public school pupil of Victoria, had done his work fairly and honestly. He was thus informed that his Education Department had been guilty of misdeeds and slander that pupil, Teachers, remember that Premier McBride's government, after Judge Lampan's decision, suspended for three years the certificate of the teacher who took the risk and has the honor of vindicating the character of the school. Teachers, remember that the name of that teacher has not appeared in the list of certificated teachers in the Province of British Columbia during the past two years, although entitled to be there. Teachers, remember that such treatment from the McBride government may avail you also. If you dare to stand up, even successfully, for the rights of your pupils and school, you are going to receive a reward. Teachers, remember that Premier McBride has failed to induce his Education Department to oblige the Council of Public Instruction, although he himself as a member of that council imposed it upon the Education Department. Teachers, remember that Premier McBride has failed to carry out that regulation although requested to do so by a resolution passed in 1907 and again in 1908 by the Provincial School Trustee Convention. Teachers, remember that Premier McBride has not yet secured the Government's approval of his bronze medals for those pupils who were early entitled to one according to his Education Department's own regulations. Teachers, remember that it is a pity that talk is cheap, but actions speak louder than words, when listening to Premier McBride's address. J. N. Muir.

WANTED—By two young women, two or three furnished rooms, suitable for high housekeeping, Box 53, Times.

DENDRYKE STREET—2 lots, 50x120 ft., no rock, \$700 each. Northwest Real Estate, 704 Yates street.

In the Supreme Court of British Columbia. IN PROBATE: IN THE MATTER OF THE ESTATE OF LOUIS GREGORY McQUADE, late of the City of Victoria, in the Province of British Columbia, Ship Chandler, deceased.

NOTICE is hereby given that all persons having claims against the Estate of the said deceased who died on the 12th day of March, 1911, at the City of Victoria, B. C., are required to send to M. J. Johnston, No. 618 Broughton Street, Victoria, B. C., one of the Executors of the said Estate, on or before the 24th day of May, 1911, their names and addresses and full particulars in writing of their claims and statements certified, if any, held by them; and all persons indebted to the Estate of the said deceased are hereby required forthwith to pay their indebtedness to the said Executors.

AND TAKE NOTICE that after the said 24th day of May, 1911, the said Executors will proceed to distribute the assets of the said Estate among the persons respectively entitled thereto, having regard only to the claims of which said Executors shall then have had notice, and the said Executors will not be liable for any claims of which they shall not have received notice the time of such distribution. DATED this 20th day of April, 1911.

MORESBY & O'REILLY, Of Imperial Bank Chambers, Corner of Yates and Government Streets, Victoria, B. C., Solicitors for the said Executors.

In the matter of the "Navigable Waters of the River" (being Chapter 115 of the Revised Statutes of Canada, 1906).

TAKE NOTICE that William John Cave of the City of Victoria, in the Province of British Columbia, in pursuance of Section 7 of the above Act has deposited the plans of a wharf and a description of the proposed site thereof, to be constructed upon Lots 1 or 9, 1, 2 and 3 Line Bay, Victoria West, Esquimalt District, in the Province of British Columbia, with the Minister of Public Works at Ottawa, and a duplicate of each in the office of

CONVICTS OBTAIN LEASE OF LIBERTY

Vancouver Prisoners in Jail Take Afternoon Off—Constable Beckton Intervenes

Ross Turner, serving twelve months for theft, and Charles Pearson, a colored man, serving fifteen months for burglary, broke jail from the Hillside avenue lock-up yesterday afternoon, and obtained a lease of liberty which lasted for a couple of hours only, when Mounted-Constable Beckton, of the city police force, compelled the pair to right-about-face at the point of a revolver, and march back to the jail, from the Royal Oak neighborhood, where they had arrived when sighted and chased by the constable. Both prisoners are from Vancouver. Working in the quarry at the rear of the Hillside Avenue Jail between 2 and 3 o'clock yesterday afternoon Turner asked permission to get a drink of water, and obtaining leave, Pearson accompanied him. There were two guards with a number of men, and Turner and Pearson being some distance away recognized an opportunity to scale a low wall by aid of jumping on the roof of a shed used for the storage of powder, and thence into the fields at the north of the jail. Their absence being noted, the authorities sent out search-parties, and notified the city police. Mounted-Constable Beckton took up the chase in the northerly direction, and making a detour out on the Saanich road, overtook the pair near the Royal Oak hotel. They agreed to come back when covered with a revolver, and were handed over to the guards of the provincial jail who were met on the return journey. Mounted-Constable Beckton was complimented very highly by Major Mutter, warden of the jail, for his capture. The two criminals will be presented on charges of breaking jail.

PRETTY FLOWER SHOW. King's Daughters Hold Successful Functions in Palm Room of Empress.

The annual daffodil and spring flower show of the King's Daughters, which was held in the palm room of the Empress hotel yesterday, proved a most attractive and successful affair. The following are the names of those who succeeded in winning prizes in the competitions for exhibits, several classes having no entries:
Class 1—1st prize, Mrs. Hugo Beaven; 2nd prize, Mrs. W. Scott; Mrs. L. H. Hardie, highly commended; Mrs. L. H. Hardie, Class 2—1st prize, Mrs. E. G. Prior.
Class 3—1st prize, Mrs. Hugo Beaven; 2nd prize, Mrs. W. Scott; highly commended, Mrs. Biggerstaffe Wilson.
Class 4—1st prize, Mrs. Hugo Beaven; Mrs. Streetfield, consolation prize.
Class 10—1st prize, Mrs. L. H. Hardie.
Class 11—1st prize, Mrs. L. H. Hardie.
Class 15—1st prize, Mrs. Shalcross.
Class 16—1st prize, Mrs. Biggerstaffe Wilson.
Class 18—1st prize, Miss Lillian Mackenzie; 2nd, Clarence Caldwell.
Class 20—1st prize, Mrs. David Leeming; 2nd prize, Helen and Betty Streetfield.
Class 21—1st prize, Granville Matthews.
Decorated tables—1st, Mrs. Dundas Morton. Prize presented by Mrs. H. D. Helmcken. 2nd, Miss Lucy Angus. Prize presented by Mrs. T. W. Paterson.

Much of the success of the show was due to the ladies who had charge of the stalls, and also to the little daffodil girls. Mrs. Rattenbury had charge of the cut flower stall, and was most ably assisted by Mrs. Harper, Mrs. Oscar MacMicking, Miss Gladys Grey, Miss Roberts and thirteen little daffodil girls, daintily garbed in daffodil. Miss N. Grey Donald, Doris Harper, Margaret Tillie, Alice Nash, Mary Rattenbury, Faith Leeder, Madge McGregor, Phyllis Barton, Nora Gibson, Millie Hibben, Beryl Nelson, Jean Donald and Barbara Gibson.

COUNCIL IN CAMERA. Meets To-Night to Further Discuss Salary Increases For City Officials.

The city council at its meeting to-night will again tackle the question of salary increases. As the council went into committee of the whole for the purpose of this discussion at the last meeting the resumption of the debate will again be held in private. In several cases increases were granted officials at the last meeting, although in no case was the council unanimous. The varying abilities of the officials are frankly criticized at these private sessions, and not infrequently fiery language flows freely between their respective champions on the aldermanic board.

The Dawn of To-morrow

If you do not see these special values in baby carriages and go-carts it will "dawn on you to-morrow" that you have made a big mistake and missed a chance to get something you really are in need of at the most reasonable price that has ever been offered. Get a Go-Cart for the warm spring days-coming. These are Go-Cart days when ever baby in the city ought to be outside breathing health. If you have a little baby in your home and you haven't a comfortable Go-Cart, come down here right away and choose from the splendid stock we offer. To make the matter of owning one easy we have some of these priced specially to suit you and they are very stylish carriages, too. We illustrate three here. You will find that the "Whitney" name is on every one of them, the mark of highest quality. The illustration give but a faint idea of the stylish appearance of these. Come in and inspect at close quarters. Dozens of others at all prices. We have them priced from \$3.50 to \$60.00.

Here are Three Specially Good Values

FOLDING GO-CART
This folding Go-Cart is exceptionally fine value with four ten-inch wheels and half-inch rubber tires, extending hood, reclining back, steel frame, collapsible in one motion. In blue or green, same as illustration. Special value \$12.00

BABY GO-CART
This Go-Cart has a wooden body reclining back with 4 12-inch wheels, 3/4-inch rubber tires, full coil springs, steel frame with wooden handle. The gear of the Go-Cart is collapsible. In green or blue with hood. Same as illustration. Special value \$18.00

ENGLISH BABY CARRIAGE
An English Baby Carriage at this price. With four 16-inch wheels, 3/4-inch rubber tires, strap gear with large hood, upholstered in green or blue leatherette. Strong steel springs, and the body of wood. Same as illustration. Special value \$22.50

Baby Carriage Robes from \$2.25

You must certainly have a Baby Carriage Robe to have a complete baby carriage. We have a splendid variety for you to select from on our second floor. They are all pure wool, white, fleecy, light, warm and easily washed. Really, one of these Robes is an absolute necessity, and we would advise you to see them to-day. Without doubt they are indispensable to the well equipped baby carriage and by coming and seeing these you will admit that the prices are very small. Prices \$3.25, \$2.75 and \$2.25

See Our Great Variety of House-Cleaning Helps

Do not try to do things by halves. When house-cleaning you want to do it thoroughly and that is perfectly impossible unless you have the right tools. You will find that the cost is very little and the quality of these articles which we sell will not only help you this year but will last to help you in the years to come. By giving us a call you will be able to see that everything to help you is here in a nice assortment. Come and choose your articles from the scrub brush to our famous washing machine.

These are Days for one of Our Curtain Stretchers

It's no use talking, you have got to do your lace curtains up in the new way. The old fashioned way you know especially of drying and stretching curtains was to lay them flat on the carpet. This hard work will make any back ache and give sore fingers. Many a time the curtains after being washed were soiled all over again by this old way of drying them. Now that this new way has been found that lets you have fresh, clean curtains all the time, use it; it costs little. You will realize how easy it is when you

USE THE NO-PIECE CURTAIN STRETCHER

It has a frame of clean, white basswood made so as to take any size of curtain. It takes no time to put the curtains in this stretcher, it is simple and easy. If you have very delicate curtains it will just do as good work for you. There will be no kinks or wrinkles in them. What you save on laundry bills for curtains alone will pay for your stretcher in very short time, and it makes your curtains last nearly four times as long. You need this stretcher for your spring cleaning. Come in to-day and see it. It's an article that lasts for years and the price is easy. Three styles, priced at \$1.75, \$2.50 and \$3.50

Come Where the Most Furniture is Shown and Sold

Think Again When You Think of Others. WEILER BROS. Those Who Read and Act Will Profit.

caught sixteen automobiles exceeding the speed limit on the country roads. The officers being prepared with stop watches took note of place, distance and time. On report to the office they were told to intimate by letter to each offender the fact that he had broken the law. The instructions were to write a letter giving time, place and other particulars of the speed, and ask the offenders not to do it again. Should they do it again—and be caught—the penalties prescribed in the act will be applied. It was intimated. The instruction that the new law shall be administered for the future in the way described has been intimated to the provincial police by the attorney-general.

PLUGGING RESERVOIR HOLES. Diver Falls to Discover Any More Holes—Only Three Serious. The continued operations of the diver employed to discover the cause of the tremendous leakage in the Smith's Hill reservoir have failed to locate any further holes, so that the record remains stationary at the respectable figure of 88. Only three of that number, however, are regarded as very serious, the others being but loose joints. It is now the intention of the authorities to have these three apertures plugged, and the diver will stay with his task until that is completed. The provincial police officers recently

PLANT YOUR LAWN NOW
