## COMMISSION PLAN OPPOSED BY FRANCE

### Paris Awaits Statement By British Premier To-morrow

Number of Germans Expelled From Ruhr By Germans

Paris, July 11.—The report again printed here this morning that the statement of reparations which Premier Baldwin is to make in the British House of Commons to-morrow will include acceptance of the German proposal for an impartial international commission to examine into Germany's capacity for payment is treated in French official circles as "incredible." The argument is once more advanced that no reason exists to supplant the Reparations Commission by another body. Beyond that, official circles prefer to keep silent until the British declaration is made.

**Germans Expel Germans.**  
Essen, July 11.—The Germans in some sections of the occupied territory have adopted nocturnal raiding party methods towards the British fellow countrymen as having dealings with the French, riding them out of the country in automobiles and on horseback, often with threats. The French authorities say they have kidnapped two of them from Pommern and three from Witten.

## VOTERS' LIST NOT HIS ONLY GUIDE

### Ontario Deputy Returning Officer Allowed Unregistered Persons to Vote

Owen Sound, Ont., July 11.—Believing he was elected to permit any one to vote whom he knew had the proper qualifications, whether his name appeared on the voters' list or not, the deputy returning officer at Poll No. 2, Koppel Township, allowed nine such people to vote in the recent Ontario general election, according to a note found in the ballot box when it was opened for the recount of the ballots cast in North Grey. Taylor, the Farmer candidate, was elected by a majority of fifty, according to the official count, over Bessie, Conservative.

## WORDS OF DELORME GIVEN IN EVIDENCE

### Statements to Detectives About Automatic Not Ruled Out

Lily Delorme, half sister of accused, testifies  
Montreal, July 11.—When the trial of Rev. Adolphe Delorme on a charge of having murdered his half-brother, Raoul, opened this morning, Sir Francis Lamont, the judge, rendered a decision on an objection yesterday by the lawyers for the defence to Detective Pidgeon being permitted to repeat statements made to him and fellow detectives by the accused about his gun and other things when searches of the Delorme house were being made. The judge overruled the objection.

The objection was based on the ground that Father Delorme had not been warned that anything he might say might be used in evidence against him. The Chief Justice, reviewing the arguments, said:

"It is held in English court proceedings, that a coronable may ask for an explanation as to property found on a person not yet charged with an offence."  
**Lily Delorme Recalled**  
Mr. Calder then carried out his promise to recall Lily Delorme, half-sister of the accused, and examine her as to the statement Detective Pidgeon swore she had made that she was not at home on the afternoon of the murder, January 6, whereas in her evidence early in the trial, the impression was given that she was in the house all day.

"Did you declare to Detectives Pidgeon, Lajoie and Desrochers on the afternoon of January 7, when they went to your house to investigate, that you went out at 10 o'clock on the previous day?" Mr. Calder asked.

The witness denied that she had made that statement at the time, at that place and to those persons.

## FIRING OF GUN WAS DISCUSSED

London, July 11.—(Canadian Press Cable)—There was a good deal of amusement in the House of Commons yesterday over the question of the proposed discontinuance of the firing of a gun at Edinburgh Castle at one o'clock every day on the ground of economy. A recent official statement of the cost placed it at \$1 daily.

## MARQUIS SAYS HIS BANK ACCOUNT IS OVERDRAWN

London, July 11.—(Canadian Press Cable)—The Marquis of Hartington, heir to the Duke of Devonshire, Colonial Secretary, in reply to an appeal for a subscription in the West Derbyshire district where he was the unsuccessful candidate for the Conservatives in the last general election, wrote as follows:

"The fact is I am very heavily overdrawn at the bank, largely owing to the recent election and the vast sum of appeals to me for subscriptions, and am absolutely compelled to cut any expenditure in this direction."

## NAVAL TREATY AND FOUR-POWER PACT RATIFIED BY FRANCE

Paris, July 11.—The French Senate this afternoon ratified the Washington Treaty for the Limitation of Naval Armaments without reservations by a vote of 287 to 3.

The Chamber of Deputies ratified the treaty last Saturday by a decisive vote, and to-day's action by the Senate completes the parliamentary process necessary to ratification.

The adoption of the treaty by the Senate was in the same form as the approval given in the Chamber.

The Senate also ratified the Four-Power Pacific Treaty, the vote being unanimous. This treaty also has been ratified by the Chamber of Deputies and therefore likewise becomes effective.

## ARMAMENT QUESTION REVIVED IN JAPAN

### G. Bowles, Missionary, Says Japan Ready to Complete Part of Bargain

The revival of armament talk by Western Powers comes as a great blow and a big disappointment to Japan, who has been conscientious in her carrying out of the limitations set down at the Washington Disarmament Conference," stated Rev. Gilbert Bowles, general missionary of the Friends Mission, Tokio, Japan, and for the past 22 years a resident of that country, who returned from the Orient to-day aboard the S. S. Alabama Maru.

Mr. Bowles, besides being connected with the Friends Mission, also took considerable interest in educational and social work. He is a trustee of the Girls' Friend High School, a member of the International Service Bureau at Tokio, a member of the foreign section of the League of Nations Association, in Japan, and also a member of the Japanese Association for International Education, whose president is Dr. Sawayama, former president of Kyoto Imperial University.

**Japan Attitude.**  
"On June 1, I visited Yokosuka Naval Station near Yokohama," stated Mr. Bowles, "and there I saw some of the Japanese dreadnoughts, which was under construction at Kobe at the time, in the Washington Conference on limitation of naval armaments. When this limitation of navy armaments was agreed to, Japan stopped work on battleships under construction. The work was broken up when her signature had been attached to the agreement," Mr. Bowles asserted.

"Japan passed through many experiences prior to and during the Washington conference," the missionary stated. "Although the delegates sent to the conference had been educated in international affairs, the general public were very skeptical about the whole affair."

**Were Surprised.**  
"The people were at first surprised and somewhat skeptical. They thought that it might be a trap, but those who had studied international affairs and desired peace managed to explain to the public in a language agreeable to the plans. There were some, however," the missionary asserted, "who did not want to see disarmament. And it is to these people that the renewed talk on disarmament amongst Western Powers is favorable."

**Great Blow.**  
"If the Powers under the conference work it will be the greatest blow to Japanese confidence in the Western Powers," Mr. Bowles declared.

## MINISTER IN SPOKANE DIED IN HIS PULPIT

Spokane, July 11.—While his wife was playing the organ for the morning service here last night, Rev. S. P. Eggwill died suddenly in his chair in the pulpit. About fifty persons were in the congregation. Mr. Eggwill, who was seventy-three years of age, had been in the ministry of various denominations for more than thirty years.

## SUNDAY GAMES

London, July 11.—(Canadian Press Cable)—A proposal to the long-standing controversy in the province about Sunday playing in the local parks, the London County Council yesterday decided to continue to allow games in the parks on Sunday as introduced last year.

## SIR GEORGE FOSTER WILL SPEAK HERE ON SEPTEMBER 18

Members of the Canadian Club will be pleased to learn that Senator Sir George Foster, who has accepted the invitation of the Executive Committee of the Association of Canadian Clubs here in September, will deliver an address on "The League of Nations." The veteran parliamentarian will speak in the evening of the second day of the conference, September 18. His eloquence, long parliamentary experience, and close attention to international affairs promise to make the address of particular interest.

## EXPECTS TO TRY FLIGHT AGAIN

When Lieut. Russell Maughan was attempting a dawn-to-dusk aeroplane flight from New York to San Francisco last Saturday he had an accident at Avenue City, Missouri, breaking his landing gear in coming down. He is expected to make another attempt. Above is a glimpse of the aeroplane he used and inset is a picture of Lieut. Maughan.

## SIR T. WHITE MAY BE NEW ONTARIO FINANCE OFFICIAL

Toronto, July 11.—"Outstanding among the names of the men who are being mentioned in financial circles for the important post of Financial Controller for the Province of Ontario is that of Sir Thomas White," The Globe says to-day.

## CONCESSIONS ARE NOT EASILY FLOATED

Trouble in Arrangement of Chester Turkey Scheme Reported

Differences Between Canadian and U. S. Investors

New York, July 11.—(Canadian Press)—Because of friction between Canadian investors and United States investors involved in the scheme to develop the Chester Concessions in Anatolia, the huge enterprise, reported to be worth \$2,000,000,000, may be a failure. This assertion was made to-day by officials of the Ottoman American Development Company, which controls the grant. They declare that because of international difficulties virtually no progress has been made toward financing the project since it was authorized by the Turkish National Assembly April 30 last.

The sum of \$300,000,000 is required for financing the enterprise, which, under the terms of the grant, must be under way by April 30, 1925, and to date no bankers or financial groups have been approached to underwrite the concession.

**Arbitration.**  
When the differences between the opposing factions first manifested themselves, two arbitrators were appointed and given until September 5 to find a solution. These arbitrators are Fred S. Blackall, vice-president and general manager of the company, and Rear-Admiral H. H. Rousseau, of the United States navy. Although the period allotted for the arbitration will not expire for nearly two months, the arbitrators are understood to be apprehensive over the uncompromising attitude adopted by the Canadian parties, viz., the Chester interests, represented by Rear-Admiral Colby M. Chester, in whose name the concession stands, and his two American investors, headed by Major Clayton Kennedy. Both groups have important holdings.

**Business Details.**  
Mr. Blackall explained the dispute was over business details, and that no broad policy would be worked out between Canadians and United States citizens as such, and it does not embody nationalistic rivalry.

The fight, he declared, "is not between Canadians and United States citizens as such, and it does not embody nationalistic rivalry."

## TWELVE LIVES WERE TOLL OF EXPLOSION

### Twenty-Three Injured in Accident at Cartridge Plant in Illinois

Alton, Ill., July 11.—Twelve employees, eleven of them women, were killed and twenty-three injured in the explosion at the plant of the Western Cartridge Company at East Alton yesterday.

Buildings within a radius of five miles were rocked by the blast, which occurred in a building at the plant where men and women were working at machines for decapping and re-priming powder from shells.

**Loose Powder Jammed**  
Loose powder jammed in the nockets of the machine was mentioned as a probable cause of the explosion.

Mrs. Warren, who was killed, was the mother of ten children and had just started to work at the powder plant.

**Two Boys Lost Lives by Drowning**  
Winnipeg, July 11.—Harold S. Ellison, aged seventeen, was drowned in the Red River here yesterday while bathing. About seven years ago the lad was the victim of a stray bullet and lay between life and death for some time.

## OTTAWA IS URGED TO RECALL STRIKE TROOPS AND HOLD AN INQUIRY

### If Other Methods to Settle Trouble in Nova Scotia Fail, Trades and Labor Congress of Canada Suggests a Special Session of Parliament

Ottawa, July 11 (Canadian Press)—Immediate recall of the troops from the Cape Breton strike area and, if necessary, the calling of a special session of Parliament to deal with the matter, is asked in a letter sent by the executive council of the Trades and Labor Congress of Canada to Premier King. A copy of the letter was sent to Hon. James Murdock, Minister of Labor.

The letter asks that a royal commission be immediately appointed, "with the widest possible powers fully to investigate every circumstance or condition in any way connected or leading up to the calling out of and the presence in Cape Breton at this time of military forces."

Representation of the workers is asked on the commission. The letter, signed by Tom Moore and T. C. Dyer, president and secretary of the Trades and Labor Congress respectively, recounts the progress of the strike to date and reads in part:

"In the interest of industrial peace we urge you immediately to establish a royal commission, truly representative of the people of Canada, with the widest possible powers to investigate fully every circumstance or condition in any way connected or leading up to the calling out of and the presence in Cape Breton at this time of military forces."

Following the precedent established by the Industrial Disputes Act we ask that in complying with this request the Government, as well as the employers, be given acceptable representation on such commission."

**Immediate Withdrawal Desired**  
Referring to the responsibility for calling troops, the letter says:

"After voting on the Militia Act to show the authority for calling Parliament together in such a case, the letter says:

"We quote this in the hope that if there is no other method by which it is possible to use this section by calling a special session of Parliament to recall the troops, it will be possible to do so."

**Session of Parliament**  
After voting on the Militia Act to show the authority for calling Parliament together in such a case, the letter says:

**Oppose Use of Force**  
The letter concludes by saying:

"We wish to emphasize that the Trades and Labor Congress has always vigorously opposed the use of force or violence in any trade dispute and stands today for the full enforcement of law and order and the upholding of constitutional principles. It is our belief that reasonable means should be used to settle the dispute."

**Murdock's Attitude.**  
Ottawa, July 11.—(Canadian Press)—In a telegram forwarded to Alex S. McIntyre, vice-president of the striking Cape Breton miners, last night, Hon. James Murdock, stated that the Department of Labor was endeavoring to induce the provincial authorities to ask withdrawal of the troops in the strike area. The telegram was made public yesterday.

**By Negotiation.**  
On Monday night the Department of Labor wired McIntyre, urging that his organization should call off the strike and leave its difference with the employers to be settled by negotiations. It was pointed out that the miners had violated an agreement which would have expired until January, and that it would be in the best position to decide.

**Meet To-day.**  
After stating that the executive of the miners' organization would meet to-day and consider the Minister's suggestions, McIntyre went on to say in his message:

"The strike has no reference to contract or wages, but it is against the policy of using armed force against workers in every industrial dispute in this province. I can guarantee that the men will return to work if the troops are withdrawn and the officers of the union released. Can you guarantee that they will withdraw?"

## CHICAGO STEEL HEAD IS IN CITY

### Expresses Views On Iron Smelting On Island

Believes Good Opportunity Exists

L. E. Block, vice-president of the Inland Steel Company, of Chicago, left Victoria for Seattle to-day, en route to California. He expressed himself as very greatly surprised at the commercial energy, and appearance of this city. Mr. Block is one of Chicago's leading business men, and when questioned relative to the iron smelting industry, stated to The Times that there was no reason why, with comparatively good markets in the Orient and in the United States, a blast furnace for smelting iron ore, but that once it was made, and suitable markets located, such a concern would be bound to increase its output, enlarge its plant and generally grow more prosperous. It would be essential for those who were interested in the steel industry to procure the services of engineers who knew Vancouver Island and be very careful to obtain information regarding the possibilities of access to good markets for the manufactured materials.

## HEAT AND STORMS CAUSED DEATHS

### Twelve Persons Lost Lives in United States

Chicago, July 11.—To lists of deaths caused by the excessive heat in many parts of the country were added to-day reports of casualties resulting from storms which brought relief to sections which had sweltered for the last two days. Twelve persons died from the heat and five deaths caused by lightning were reported.

In several sections records of several years' standing were broken by high temperatures. The mercury climbed to 105 degrees in Tulsa, Okla., and other points in Oklahoma reported temperatures of 101 to 102. Iowa had one death, with temperatures averaging close to the 100 mark. In Des Moines, where 98 degrees was registered, a new record was set. One man died in Michigan. Five deaths occurred in Nebraska.

**Five Deaths Occurred in Nebraska.**  
Lightning claimed three victims in Michigan and two in Iowa. A woman and a girl were killed at Cedar Rapids, Ia., when they took refuge under a tree struck by lightning.

**Damage estimated at several thousand dollars was caused by the storm to wires and orchards, throughout Illinois, Iowa, Michigan and Wisconsin.**

## CANNOT MAKE VERY LARGE LICENSE CUT

While Mayor Reginald Hayward was drafting plans for allowing Victoria merchants discounts on new business licenses, city officials said to-day that it would be impossible to make very large reductions if the new license by-law were to raise the revenue needed by the Council.

The Council will pass the license by-law finally at a special meeting to-morrow afternoon, but it will be some time before officials will be able to calculate definitely how much money will be raised by the new license scale. On that account it is felt if the Council decided to allow blanket percentage reductions the total receipts might be lower than the amount called for in the annual budget and even lower than the total for the first six months of the year.

Victoria business concerns are placed on an entirely new basis by the new by-law, it was explained at the City Hall to-day. While most firms will pay higher licenses some, with few employees, will be allowed a reduction. On account of this general shake-up in licenses it will take some time to calculate the exact effect of the new schedule.

The duty of paying licenses is placed with business houses by the new law. That it is not the duty of city officials to collect the fees. Failure to meet them is punishable under the by-law. Victoria merchants are now examining the by-law to see just how much they will have to pay for the last half of the year.

(Special to The Times.)  
Cowichan Lake, July 10.—Jean Piper, the four-year-old adopted daughter of Mr. and Mrs. Harry Piper, lost her life through drowning on Monday. The child went out to play and fell off the houseboat un-noticed by Mrs. Piper and her sister. When found the child was lying in five or six feet of water. Mrs. Piper and her sister jumped right in and with difficulty brought the child to the surface.

### IRISH BOUNDARY AGAIN DISCUSSED

Ulster's Position Outlined at Ottawa By Ness, Orange Leader

Ottawa, July 11.—About 1,500 Orangemen welcomed their leader, Rev. Dr. David Ness, of Glasgow, president of the Imperial Grand Orange Council of the World, here last night.

Rev. Dr. Ness, in his discourse, dealt with the significance of July 12 to Orangemen and the British Empire and with recent developments in Ulster and the Irish Free State more particularly in reference to the boundary dispute, which, he stated, seemed about to be a matter of dispute and about which he stated Orangemen of the world "are prepared to fight to the very last ditch."

The speaker devoted most of his address to discussion of present-day developments and conditions between Ulster and the Irish Free State, dealing more particularly with the question of the boundary, which is a matter of dispute between Ulster and the Free State Government.

"The Free State Government is beginning to agitate again for a change in the Free State boundary with Ulster, now that Ulster is making good her claim to govern her own territory," he said. "The Ulster people have remained true to their methods of civilization and principles of law, order and justice in spite of the determined attempts of Sinn Fein conspirators to establish a reign of terror within their boundaries. If these boundaries should now be broken down, anarchy would reign over Ulster. The loyalists of the North would share the fate of the loyalists of the South and Ulster would become a melancholy ruin of a once prosperous and peaceful province."

"If O'Higgins, Free State Minister of Home Affairs, was speaking for his colleagues of the Free State Government on May 12 last, we are likely soon to see some move in connection with the proposed boundary commission."

#### A Bargain.

"The future is clouded only by the fear of further Government betrayals in the attempt to conciliate the Sinn Fein forces. Ulster loyalists ask that there should be no tampering with their interests or a betrayal of them. They have kept their bargain to the full, and they ask now that the British Government keep its bargain to the people of Great Britain see to it that British honor is not to be tarnished by a betrayal of the best friends Great Britain has in Ireland."

"The North, armed and disciplined, is watching the South, which is armed but not disciplined. The great four-fifths of Ireland, having found here yesterday morning 'old' died a short time later in a hospital. The police arrested the widow, a French woman, on a charge of murder, and arraigned her in the Bow Street police court, where she was remanded eight days for a hearing."

### DAVID CAPLAN IS FREED FROM PRISON

Served Term in California for Dynamiting of Los Angeles Times

To Work As Barber in San Francisco

San Quentin, Cal., July 11.—David Caplan, who was convicted of second degree murder in connection with the dynamiting of the Los Angeles Times building in October, 1919, and sentenced to ten years' imprisonment, was released from San Quentin prison yesterday. He had served six and one-half years of his sentence. The reduction of three and one-half years was obtained for good behavior.

Shortly after his release Caplan departed for San Francisco, where, he told prison officials, he would engage in the barber business. He had acted as prison barber ever since he was incarcerated.

The Los Angeles Times dynamiting case occurred on the morning of October 1, 1919. The Times building was destroyed, twenty employees were killed and scores were injured. To ascertain the cause of the explosion a committee was appointed eight days later. In the committee's report the disaster was declared to have been caused by high explosives placed in the alleyway adjoining the Times building.

On October 10 indictments were returned against five persons, among whom was Caplan. He had disappeared and following a nation-wide search, he was arrested on February 19, 1916, on Bainbridge Island in Puget Sound, near Seattle. Caplan, together with Matthew Schmidt, was alleged to have transported the dynamite used in the explosion from Giant, Cal.

Caplan was placed on trial April 6, 1916. The first trial resulted in a jury disagreement. At the second trial he was convicted.

# Deliciously Crisp—and Laxative!

The immediate Dominion-wide acceptance of Post's Bran Flakes with Other Parts of Wheat has been due entirely to the fact that it is a delicious, appetizing laxative bran food. It took four years to perfect it. Four years of experiment and the expenditure of a tremendous sum of money.

Bran was made and sold before—but such bran! Harsh, dry, unappetizing—no wonder people balked at it. Post's Bran Flakes happily combine laxative qualities with delicious flavor. Thin, crisp, toasted flakes—and as far as taste goes you'd never know the bran was there. But it is! It does its work. It keeps you fit. Promotes regular body habits. Keeps you clear of poisons. Keeps you healthy—up on your toes.

Eat Post's Bran Flakes regularly. Give it to the whole family. Insist on genuine Post's Bran Flakes at your grocer's. Serve with cream or milk—or fresh fruit. A generous package for 18c.—2 for 35c.

### BOGUS ANTIQUES IN MUSEUMS

At Trial Frenchman Says Many American Buyers Deceived

Says Louvre Has Been Deceived for Twenty Years

Paris, July 11.—The United States is heavily loaded with bogus antiques and the Louvre in Paris and the Metropolitan Museum of Art in New York have been buying spurious pieces for years, Jean Vigoroux told the court yesterday at the opening of his trial on charges of diverting funds and art treasures, filed by George Joseph de Motte, a Parisian antiquarian, whose New York branch was formerly managed by Vigoroux.

The specific charges against Vigoroux are based on alleged diversion of \$7,000 of the branch's funds and the disappearance of a

Persian manuscript valued at \$1,000, 900 francs, later recovered by M. de Motte.

"For twenty years the Louvre has been buying bogus antiques," Vigoroux testified. He declared that the directors of the Metropolitan Museum in New York had about 3,000,000 francs' worth of spurious art objects.

Vigoroux cited a ceramic piece, reputed to be a Lucia Della Robbia, famous Florentine, which he sold to an official of the Metropolitan Museum for \$3,000, but which he declared in court was "not worth a single sou."

### UNUSUAL NEW YORK DOUBLE WEDDING

New York, July 11.—A double wedding in which one woman married her former stepson and thus became the daughter-in-law of her former husband, was performed at the marriage license bureau here yesterday.

The principals were Wilhelm Van Beck, a painter, who married Hendricka Stephenia Hoving, and Wilhelm Van Beck, Jr., a sculptor, who wedded Leonora Wilhelmina Breidenback.

Until last September Mrs. Van

Beck, Jr. was her present husband's step-mother and her present father-in-law's wife. The quartette applied a week ago for marriage licenses, but were told none would be granted until the divorce papers in the case had been examined thoroughly. All four arrived from Holland a week ago.

### GIRL ATTEMPTED RESCUE AND WAS HERSELF DROWNED

Indian Head, Sask., July 11.—When Gladys Hood fell into deep water on the Forestry Farm near here yesterday, Grace McKenzie, aged seventeen, although she could not swim, plunged in to save her. Miss McKenzie was drowned. The Hood girl was rescued.

MANITOBA VOTES TO-DAY.

By this time to-morrow we shall know how far the Province of Manitoba will be committed to the public sale of liquor in all its varied forms.

When one gets down to study the argument in favor of the open sale of beer in this Province, or in Manitoba, one is constrained to wonder where the strength of the case lies.

THE WORLD'S SHIPBUILDING.

Russia's economic stagnation and the effect of French policy in the Ruhr must be held responsible in large measure for the substantial falling off in shipbuilding activities in many lands.

The detailed statement reveals the fact that Great Britain and Ireland were leading with 1,338,000 tons although the slump in United Kingdom yards was nearly as great as all the other nations combined.

THE TOURIST AS A BUYER.

Those who sometimes wonder whether the tourist is really an economic asset to a community should mark the statement made by the Secretary of the Vancouver Retail Merchants' Association.

about ten times the population. But in a general sense the man and woman on holiday bent are cheerful individuals and recognize in practical form any consideration which they feel has been shown for their special benefit.

ELLIS ISLAND.

Only a little more than a week ago the Washington Government appointed a new Commissioner of Immigration at Ellis Island.

No doubt conditions at the portal through which all Uncle Sam's immigrants must pass is not all that could be desired.

While British people are rightly particular about the manner in which they are treated on their arrival in a new land, the Ellis Island controversy lends emphasis to the policy which the United States has adopted for many years.

Meanwhile, and in view of the new Commissioner's statement, it may be just as well to refrain from indulging in fiery criticism of methods and accommodation at the Island.

AMALGAMATION.

Ex-service men as a whole will welcome the approval of the Great War Veterans' Association for the amalgamation of all such organizations throughout Canada.

NOTE AND COMMENT

Manitoba is getting its fill of liquor votes.

British Columbians are naturally very proud of the fact that Phil Taylor kept the open golf championship of the Pacific Northwest in this Province.

Reports from Doorn state that there has been renewed activity around the house where William Hohenzollern is awaiting the call for a new term at Potsdam.

Ordinary mortals are apparently not alone in their troubles. The Marquis of Hartington, the heir to the Duke of Devonshire, has written in a Derbyshire organization which asked for a subscription to say that he is heavily overdrawn at the bank and feels obliged to curtail expenditures.

Everybody who heard Albert Chevalier sing his coxer songs will learn of his death in London to-day with profound regret.

POTATO GROWERS TO ORGANIZE NOW

First Meeting to Be Held in Chamber of Commerce July 13

Friday is the date set for a gathering of the supporters of the proposed Commercial Potato Growers' Association for the southern portion of Vancouver Island.

A committee has arranged for a luncheon at the Chamber of Commerce Cafe, after which a discussion will take place.

This is an important step for the potato growers to make, and their incorporation may be the means of forming a provincial body.

SAANICH METER RENTAL BY-LAW PASSES OBSTACLES

Council Refuses to Delay Action Until Election Time

The Saanich Council last night finally passed the new consolidated waterworks by-law after opponents of the measure had endeavored to give it a six months' hoist and, that failing, had tried to prevent Councilor Brooks, of Ward Six, from having a voice in the matter.

The session was specially called to dispose of the waterworks by-law, being the outcome of Councilor Vantreight's appeal for a week of delay.

Councilor Vantreight desired to speak on the comparative claims of police and fire departments on the general funds of Saanich, asserting that the "richer" property owners pay a school tax for no benefit received.

Councilor Vantreight wished to speak later during the evening, but was debarred on the ground that other councilors had not spoken.

Councilor Kirkham protested, and was joined by Councilors Robertshaw and Lehman in his attitude, while Reeve Watson reiterated his forecast of a deficit of from \$8,000 to \$12,000 by the year's end to be met from general revenue.

Councilor Brooks, of Ward Six, then arrived, and was promptly challenged by Councilor Macnicol, who held that the Ward Six seat should remain vacant until the by-law was disposed of, because the earlier discussion was unfamiliar to the late arrival.

The by-law then passed without further amendment, carrying into effect a series of meter rentals graduated from upwards of 15 cents monthly for household connections, and eliminating the sale of water to large consumers at lower prices than 10 cents per thousand gallons.

"He cooed to the boy, who came up from one of the lower shelves of the garden, and she followed him into the hall. He looked around him for a moment in perplexity."

"I wonder whether you would mind coming into my study?" he suggested. "I am here quite alone for the present, and it is the only room I use."

"You are like me," she said. "I keep most of my rooms shut up and live in a lonely person needs so much atmosphere."

"It is a most characteristic mess," she declared. "I am sure an interviewer would give anything for this glimpse into your tastes and habits. Golf clubs, all cleaned up and ready for action; trout rod, newly-waxed at the joints—you must try my stream; there is no water in yours; tennis racquets in a very excellent press—I wonder whether yours too good for school scholarship?"

"Really?" he exclaimed. "He or she?" "He—the honorable Anthony Palliser by name, son of the Secretary of the company, who was at Eton with me."

"I expect I know his mother. What exactly do you mean by 'disappeared'?" "Tallente was looking out of the window. A slight hardness had crept into his tone and manner. He had the air of one reciting a story."

Get Sunburned all you wish

Rub Campana's Italian Balm on your face and arms each day. It won't prevent you getting sunburned; in fact, it assists the sun in giving the skin a clear, healthy, bronzed tawny, instead of a coarse redness, but it will prevent the roughness and soreness and irritation that comes from sunburn, or excessive perspiration.

B.C. WOMEN ARE FEED AT PORTLAND

National Business and Professional Women's Club Have Rousing Welcome

Portland, Ore., July 11. — British Columbia women were central figures last night in a pleasing international ceremony at the National Business and Professional Women's Clubs' convention here.

Dean M. L. Bollert, of the University of B. C., spoke on behalf of the Washington State Federation, their honored choice as spokesman.

In the course of her address Miss M. L. Bollert said, in part, "I should like to remind you not that co-operation is the most wonderful driving and achieving human force in the world."

"There are many ways of co-operating. Men and nations will differ and have right to differ in their ideas regarding the best methods of fostering co-operation between individuals, communities and nations. But co-operation as an underlying principle of the economic, social, educational, spiritual and every other standpoint there must be, if individuals, communities and nations are to prosper."

"Unity Urgent Need." "There are many ways of co-operating. Men and nations will differ and have right to differ in their ideas regarding the best methods of fostering co-operation between individuals, communities and nations."

"Men are helpless creatures! Fancy a great politician unabashed write his own letters! What has become of your secretary?"

"I shall begin to think," he said, "a little queerly, that you don't read the newspapers. My secretary, according to that portion of the paper which guarantees to provide full value for the smallest copper coin, has 'disappeared'."

"Really?" he exclaimed. "He or she?" "He—the honorable Anthony Palliser by name, son of the Secretary of the company, who was at Eton with me."

"I expect I know his mother. What exactly do you mean by 'disappeared'?" "Tallente was looking out of the window. A slight hardness had crept into his tone and manner. He had the air of one reciting a story."

IS BACK FROM CONVENTION

Mrs. V. S. MacLachlan Attended Gathering at Fredericton, N. B.

Full of enthusiasm and optimism over the results of the co-operation between the Red Cross and the Public Health Departments in the eastern provinces, in their work of maintaining the health of the people, Mrs. V. S. MacLachlan, secretary of the B. C. Women's Institutes, arrived home today from the biennial conference of Federated Women's Institutes of Canada held last month in Fredericton, N. B.

En route both ways she attended provincial conferences in Alberta, Nova Scotia and Quebec, interviewing the public health departments of all provinces except those of Quebec and Prince Edward Island. She found the provinces at different stages of progress in this work, but New Brunswick was in the most satisfactory position, because of the splendid co-operation between the Red Cross and the Provincial Health Department. Dr. W. F. Robertson, Minister of Health for that province, stated that with the \$20,000 grant from the Red Cross and the splendid co-operation of this department expects to place two public health nurses in each of the fifteen counties, in addition to six whole time district health officers.

Nova Scotia, Mrs. MacLachlan stated, was fortunate in its public health and Red Cross officials. British Columbia has the best public health policy in Canada today, declared Mrs. MacLachlan. By the amendment to the School Act districts engaging a public health nurse become self-supporting, and carry on the public health nursing independent of any assistance from outside agencies. This fact was generally recognized throughout the other provinces that the British Columbia system is on the soundest basis.

At the biennial conference, there was the greatest interest and sympathy in regard to the immigration problem in British Columbia. This sentiment prevailed also in the conferences at Truro, N.S., and St. Anne de Bellevue, Quebec. The women of Canada, stated Mrs. MacLachlan, need only information on the situation to stand solid in their support for any restrictive legislation.

Mrs. MacLachlan returned by way of Ottawa, and visited the public health department. She hopes to have Dr. Helen MacMurchie visit the West, to obtain material for a book. Mrs. Johnston and her two sons, of Shovel Bay, Manitoba, are visiting in Victoria. Mrs. Johnston is the wife of Captain Johnston, after a lapse of some years, is enjoying a reunion with his two sisters, Mrs. Hector MacKenzie and Mrs. H. St. J. Montclair, Capt. Johnston, who enlisted with the 16th (Winnipeg) B. N. Engineers, has a distinguished war record as veteran of both the South-Africa and the Great War. Mentioned in despatches for gallant and valuable services for some time under machine gun fire, he was awarded his decoration for bravery in a Great-Quant line in September, 1918, and though severely wounded at Passchendaele insisted on returning later to France. On his return to Manitoba he was made a member of the Order of the British Empire. Capt. Johnston is returning to his home in ten days' time but Mrs. Johnston will visit in Victoria and other places before the termination of her holiday.

DISTINGUISHED IN RAILWAY AND BANKING CIRCLES

Mr. and Mrs. William Benson Storey, of Chicago, arrived in Victoria yesterday on a brief visit. They will leave to-night for Alaska on the S.S. Princess Louise. They spent some time in Banff and Lake Louise on their way here. Mr. Storey is well known as the president of the Santa Fe Railroad since 1920. He is an expert civil engineer who transferred to the management side of railway work some years ago. Mr. Joseph Andrews of New York, now spending a vacation here, is president of the Board of the New York. His party will be on the island some days.

VICTORIAN ORDER OF NURSES

The regular monthly meeting of the local branch of the V.O.N. was held yesterday afternoon at 113 Colliemore Street. During the month 576 visits of which 219 were free, were paid by the three nurses on duty. One nurse is away on holiday. Donations of clothing were received from Mrs. James Moore, Wilson, food supplies from Mesdames Curta, Williams, and Mrs. A. J. Miller, Mrs. A. J. Miller, rubber cushions and sheet from Mrs. Baugh Allen. There will be no meeting of the committee during August.

MRS. W. C. NICHOL AT GUIDE MEETING

Mrs. W. C. Nichol, who holds the appointment of Provincial Commissioner for Girl Guides, was present this morning at a conference of commissioners at the Summer training school for Girl Guide officers at Crofton House, Vancouver. B.C. The commissioners, who were received by the commandant, Mrs. Kinloch, deputy commissioner for the Province, included Mrs. L. L. Mackenzie of the mainland; Mrs. Tyrell Godman, of Vancouver Island; Mrs. Brock, of British Columbia; Mrs. Denny, of the Geoghegan, deputy for the Cowichan district in the absence of Miss Denny.

After the meeting Mrs. Nichol spoke a few words to the students, reminding them that, in addition to being their commissioner, she had passed her tests and was, like themselves, an enrolled guide. She remarked on the spirit of happiness and good will which prevailed in the camp.

Several of the visitors stayed to lunch and appeared much impressed both with the excellence of the fare and the justice it received. A party of the students took advantage of the kind invitation of Mrs.

Brook to visit her on Sunday afternoon at her residence in Point Grey, and were there regaled with tea and strawberries and cream on the lawn afterwards indulging in canoeing and other pastimes. Representatives of the school were also present at the G.W.V.A. memorial service.

CAPITOL CARIBBOO GOLD SEEKER PASSES

John Read, Who Tramped the Trail of '62, Ends Long Life Here

John Read, one of the pioneer Cariboo prospectors who helped to make Barkerville, Windy Dam, Van Winkle and other little-known mining towns in the heart of northern British Columbia into one of the most romantic spots in the West, died at the Jubilee Hospital last night at the age of seventy-nine years.

Mr. Read was a well known figure in Victoria West where, after failing to find the gold he sought in the Cariboo, he carried on his trade of shoemaking.

On the way back John decided to travel to the coast by way of Yale. While his brother prospectors were usual route through Lillooet.

MR. POSSUM'S ESCAPE—Part I.

One night Mr. Possum was going through the woods trying to make up his mind whether he would go over to a farm he knew of some distance away or stay in the woods and hunt for something to eat nearer home.

No, Mr. Fox was not at home, so Mr. Possum began to look along the pantry shelves for something to eat. But there was nothing there but only a few bones and a piece of dry bread he had found.

Well, well, and Mr. Possum lighting a candle

He did not have long to think what to do and the chimney seemed to be the quickest way of escape, for he would have to pass the door which Mr. Fox was at that second opening to reach the pantry.

### Experts Pick Willard to Win To-morrow Night

#### End of Training Grind Sees Swing of Sentiment in Favor of Willard

New York, July 11.—Jess Willard and Luis Angel Firpo, who meet at Jersey City to-morrow night in a bout for the right to become a challenger for Jack Dempsey's title, had a day of rest to-day. Early to-day promoter Rickard had prospects of a sell-out of all reserved seats. The \$100,000 mark in receipts was in sight when the sale opened this morning.

The fighters are declared by their handlers to be in the proverbial pink of condition for their battle at Boyle's Thirty Acres Thursday night. The end of the conditioning grind brought with it a marked swing in sentiment among boxing experts toward Willard, the forty-year-old Kansas giant who is attempting one of the most unusual "come-backs" in ring history.

In Five or Six

Los Angeles, July 11.—Jack Dempsey, heavyweight champion, arrived in Los Angeles yesterday for a two weeks' visit with relatives and friends. He said he was "feeling fine" and that he was ready to meet anyone his manager, Jack Kearns, picked for him.

Dempsey said he was sorry he would be unable to attend the bout between Jess Willard and Luis Angel Firpo at Jersey City Thursday night. However, he said, Kearns would be at the ring.

Dempsey refused to try to pick the winner of the Willard Firpo bout and said he never attempts to guess the winner of any fights where the principals are possible contenders for the championship. However, he did say he believed Firpo would have to beat Willard inside of five or six rounds if he expected to win.

"To my mind the South American will have to win in a hurry if he beats that huge Kansas fighter," Dempsey said, "and I do not think he will win at all. Willard is a pretty smart old fighter and the longer he goes with him the better the man mountain gets."

My bout with Tommy Gibbons taught me one thing, and that is that I must keep fighting. No more long lay-offs for me. It makes no difference whether Kearns signs Harry Willard, Willard or Firpo to box me. They all look alike to me—but I want to fight one of them on Labor Day."

### PORTLAND PILOT IS SUSPENDED AND FINED

San Francisco, July 10.—Manager Jimmy Middleton, of the Portland Beavers, to-day was fined \$100 and suspended for five days by President William H. McCarthy, of the Pacific Coast League, as a result of a heated argument Middleton had with Umlie Edward Woodard, manager of the Portland team last Sunday afternoon.

Fans were threatening the umpire, it is said, when Carl Sawyer, Vernon coach, had a fight with Woodard in the stands and placated them.

### FINAL GAMES IN SPENCER'S TENNIS

#### Athletic Association Proudly Displays Array of Trophies at Craigdarroch Courts

To-day was a big day for the tennis players of Spencer's Athletic Association, in that they were wearing the final games in the successful tournament staged on the Craigdarroch courts.

The beautiful array of cups, of which, through the generosity of Messrs. J. W. and D. S. Spencer and The Times Printing and Publishing Company, Limited, were wearing the final games in the fortunate and proud possessor, were on display at the courts during the afternoon.

The final of the men's singles and the mixed doubles were down for decision, in addition to some good afternoon games to mark the half holiday.

The results of last night's matches and the draw for this afternoon follow:

**Ladies' Singles (Semi-Finals).**  
Miss B. Campbell beat Miss Humphreys, 6-2, 6-1.  
Miss Mercer beat Miss Smith, 6-2, 6-2.

**Men's Doubles (Semi-Finals).**  
H. Barnes beat Laver, 6-0, 6-4, 6-1.

**Mixed Doubles (Semi-Finals).**  
Miss Mercer and Westcott beat Miss Flucke and Willie Grant, 6-2, 6-2.

**Men's Consolation Singles.**  
William Taylor beat David Spence, 6-0, 6-0.

**Draw for Wednesday.**  
At 2:30 p.m.—Williams plays Harper.  
Mrs. Scott plays Miss Eve.  
Mrs. Sumner plays Miss Raven.  
At 3:15 p.m.—Miss B. Campbell plays Miss Mercer (ladies singles final).  
List and Laver play Nixon and Falkner (semi-final, best of five sets).  
At 4:15 p.m.—Miss Pritchett and Miss Flucke play Miss H. Turner and Miss Humphreys (semi-final).  
At 6:00 p.m.—Miss Mercer and Westcott play Miss B. Campbell and Knapman (mixed doubles final).  
At 6:45 p.m.—H. Barnes plays List (men's singles final, best of five sets).  
It is planned to further, if possible, to play off the following consolation in the course of the evening: Miss Pritchett vs. Miss Grant; Miss Flucke vs. Miss Brown; R. Tomlinson vs. Tashman; Neary vs. McCloy.

### WINNER AT PORTLAND

MISS MARJORIE LEEMING

She played in the Pacific Northwest championship games at Portland, and yesterday defeated Mrs. W. M. Henry of Los Angeles, Inland Empire and Idaho state champion, in a hard fought three-set match.

### SPARK PLUGS THROW SCARE INTO C. P. R.

#### It Looked at First As If the Automen Would Tounce the Haughty Leaders

The C. P. R. ball nine advanced farther into the lead of the senior amateur league when they trimmed the Automen to the tune of 8-6 at the Stadium last night. The spark plugs threw a scare into the haughty rallymen, and it looked at the first of the battle as if the mechanics were going to pull through with a win. In the third frame the Automen advanced into the lead when they ran the bell three times on as many hits and one bobbie. In the fourth the C. P. R. tallied once and in the fifth four runs trickled across the rubber, when, with two men out, Harry Copas filed out to Larsen who hooked onto the ball, but Beek thought that he would like to feel the pill, he between the two of them the globe was dropped, setting two to run hit safely, scoring two more runners.

In the seventh the railroaders were given three more tallies on five miscues by the motormen. When the gas men came to bat in the seventh the fun started. They scored three tallies when Moser walked, Eddie Hall was knocked on the dome, Gandy was safe on a bungle Moser scoring. The next two batters regressed by whiffing the air for the count of three. Featherstone did the trick when he doubled to left scoring Hall and Hap. Featherstone was the third man out when he was caught stealing to the third sack.

McIntyre pitched an airtight game for the C. P.'s allowing only six hits and retiring seven men via the strikeout rule.

Moser pitched a nice brand of ball for the mechanics but he was let down by his teammates in the eighth. McIntyre's next lead game will be on Thursday night when the spark plugs will lock horns with the Eagles.

### SEVERAL UPSETS AT SEATTLE IN NORTHWEST GOLF

#### Come Thick and Fast in First Round of Amateur Championships

Seattle, July 11.—Talk about your upsets—they came thick and fast in the first round of play for the Northwest amateur championship at the Seattle Golf Club yesterday. First, Clarke Griswold, Oregon state champion, came in one down to Bill Noonan, of Tacoma, and shortly after that W. M. Henry of Los Angeles, defeated by the same score, to Theron Rongrud, former North End caddy. Thus two former champions were eliminated in the first match play.

Forest Watson, of Spokane, lost to Lee Steel, of Seattle, in one of the two feature matches, both of which went to extra holes. The North End club champion won at the nineteenth with a par four to Watson's five. Both had overrun the hole and been short on their chip shots, but Steel dropped his first putt after Watson had missed his.

### TO FIGHT VILLA

Who has signed to fight Bencho Villa, new flyweight champion of the world, in an eight-round no-decision bout at Philadelphia July 30.

### KID WILLIAMS

Who has signed to fight Bencho Villa, new flyweight champion of the world, in an eight-round no-decision bout at Philadelphia July 30.

### BELIEVE WILLS IS BEST DRAWING CARD

#### Rickard and O'Rourke Count Firpo Or Willard Second to the Negro Boxer

New York, July 11.—Tex Rickard and Tom O'Rourke, ring boxing promoters, have buried the hatchet sufficiently deep to meet for a discussion of a bout between Jack Dempsey and Harry Wills, Negro boxer. It was disclosed yesterday that O'Rourke, who claims to have Wills under contract for his next appearance, and Rickard, who lays claim to Dempsey's services in the east, indicated the match was probable, provided Jack Kearns, the champion's manager, could be induced to see the light.

Both promoters professed to believe the bout would prove a better drawing card than a match between Dempsey and either Firpo or Willard.

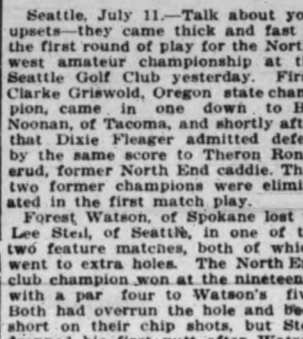

### EVERYTHING READY FOR HENLEY REGATTA

St. Catharines, Ont., July 11.—Things are beginning to round into shape for the Canadian Henley regatta here July 27 and 28. The local management received word yesterday from the Philadelphia Barge Club which wished to enter a four-man crew.

Detroit Boat Club has sent word that it will be represented. Word received by officials indicates that all the big Canadian clubs are sending large representations.

### Victoria Times Point Winners at Police Sports

#### Back row—A. Jones, G. W. Jones, Sid Hopkins, Jim McConnell and George Gedrim, trainer. Front row: Cyril Connon, Cyril Ivings and Bob Adde.

Back row—A. Jones, G. W. Jones, Sid Hopkins, Jim McConnell and George Gedrim, trainer. Front row: Cyril Connon, Cyril Ivings and Bob Adde.

### WESTERN NET STARS ARE FAVORITES IN TORONTO TOURNAMENT

Toronto, July 11.—(Canadian Press)—Western players are regarded as favorites in the majority in their matches in the Canadian Lawn Tennis play here to-day. C. W. Allman, Alberta champion, and M. Schultz, Toronto, meeting the men's open singles.

One of the best matches of the day should result when Richards, of Vancouver, and Art Ham, Brantford, meet. P. E. Wright, western sectional champion, goes against H. H. Hays, New York, and Waugh, Winnipeg, will meet the winner of the two Toronto ranking players, Coyne and Foley.

### TWENTY-TWO BOUTS ON CARD TO-NIGHT

A card of twenty-two bouts is offered at the United Service boxing tournament at the Drill Hall to-night and on account of the length of the programme the starting time has been changed from 8.30 to 9 o'clock. The fights will be under the rules of the Services Boxing Association with two judges and a referee outside the ring. The service men promise that the card will be carried out in expeditious manner with no tireome waits.

Judging by the advance sale of tickets the Esquimalt sailors hope, for which the tournament is being staged, should receive a good sum. No competitor has been found for Al. Davies, the ocean bantamweight, the prospective competitor from the ship having passed out of that class.

Fred Harge, the Pacific Northwest featherweight champion will be on hand for an exhibition bout, but the length of the programme may make it impossible to stage anything of the regular programme.

### NOVICES' COMPETITION

**Fight No. 6—Winner of No. 3 vs. winner of No. 4.**  
**Fight No. 7—Winner of No. 5 vs. winner of No. 6.**

### OXFORD OVERHELMS CAMBRIDGE CRICKETERS

London, July 11.—The match at Lord's between cricket eleven representing Oxford and Cambridge Universities, which was commenced Monday came to an abrupt conclusion yesterday. Oxford overwhelmed their opponents by an innings and 227 runs. Winning the toss, Oxford compiled 212 on a perfect wicket, but a terrific thunderstorm left Cambridge with an extremely difficult wicket to play on. Oxford dismissed their opponents for 89 runs in the first innings and 158 in the second. Taylor obtained 109 runs for Oxford.

The West Indies touring team defeated Leicester on the first innings. West Indies, 295 and 109 for four wickets, declared; Leicester, 242 and 170 for seven wickets; Fernandes 110.

### BECKETT-CARPENTIER BOUT IS POSTPONED

London, July 11.—The meeting between Joe Beckett and Georges Carpentier has been definitely postponed until September, says Sporting Life, which gives the promoters of the bout as its authority for the statement.

### GIANTS WIN First Game From Pirates

#### Are Four and a Half Games in Lead As Result of Victory; Yankees Climbing

New York, July 11.—The New York Giants are in the van by four and one-half games as a result of their victory over the Pittsburgh Pirates yesterday in the first game of the most important mid-season series. The Giants kicked in with five home runs.

Cincinnati's victory over the Phillies brought Moran's team within one game of the second place Pirates. "Dutch" Henry pitched his second game for Brooklyn, scoring a 9-0 victory over the Chicago Cubs. It was Henry's second shutout.

Recollections of Joe McGinnity and the days when he earned the sobriquet of "Iron Man" by pitching the New York Giants to two victories in an afternoon was brought to mind in Boston when the St. Louis Cardinals sent John Stuart against the Braves. Stuart held the Braves to three hits in the first game and then went back in a second game to win by 6-3.

The participation of the New York Yankees in the next world series came a little closer to being more than conjecture when the Huggins captured a 2-2 pitching duel from the Chicago White Sox.

Cleveland maintained its runner-up position by taking the Athletics into camp 4-3.

Washington fell an easy victim to the St. Louis Browns by a score of 9-1.

### TRACK TITLE AT STAKE LABOR DAY

#### Big Championship Event of Season Will Probably Be Held in Victoria

Provincial track and field championship will probably be decided at Victoria Labor Day in sixteen events, according to present plans, and will prove one of the outstanding athletic events of the year. At present all the events are confined to seniors, but it is possible that the programme may be added to include one or two junior events and possibly some bicycle events. Bicycle racing is coming into its own again, as demonstrated by the enthusiasm shown at the police sports when Chuck Staples, the unbeatable Victoria flash, outdistanced all opposition amid great enthusiasm in two fine races.

The interest being shown in the race for The Colophon Cup is another instance of the importance of the Victoria flash. The list of present drawn up includes the following championship events: 100 yards, 44 yards, one mile, 220 yards, 880 yards, five miles, three mile walk, pole vault, high jump, broad jump, hop, step and jump, throwing the 16 pound hammer, 56 pound weight, putting the 16 pound shot, discus throwing and the 120 yards hurdle.

### CANADIAN CHAMPION IN LEAD IN INWOOD

Inwood, N. Y., July 11.—Al Watson, Canadian open champion, led the field in the third day's qualifying play of the national open golf championship, with a card of par 77 for the 18 holes.

### JUNIOR BASEBALL

All roads lead to the Royal Athletic Park to-night, where the Pirates and Oakland clash in an important league game. If the Pirates win they take the Junior League championship. If Oakland wins it will create a three-corner tie for first place in the second half. Each team will field its best line-up in an endeavor to win. Tommy Kay will work on the mound for the Pirates, and can be depended on to make the Oakland nine step lively. Oakland will probably use Laird in the box in an attempt to keep the Pirates sluggers in check. The game starts at 8:45 p. m.

### COLWOOD GOLF CLUB

The ladies' monthly medal competition will be played to-morrow on the Colwood course.

### HOOPER HOPES TO REPRESENT STATES

London, July 11.—Walter Hoover, Duluth, who last week lost his title to the Diamond Scullis, was quoted by Sporting Life as saying that he hoped to represent the United States in the Olympic sculling on the Seine in 1924.

### MISS MARJORIE LEEMING BEATS Idaho Champion; Verley Also Victorious

Portland, June 11.—Results in yesterday's play in the Pacific Northwest championship tournament included: Miss Marjorie Leeming, Victoria, B. C., 7-5, 6-3, defeated J. B. Kierley, Victoria, B. C., 6-2, 6-1. J. B. Biderback, Portland, 6-2, 6-1. J. K. Verley, Victoria, defeated T. C. Smith, 6-2, 6-2.

McCall and Pears, of Vancouver, defeated Goss and Norris, of Portland, 6-2, 6-2, in the women's singles. In the state championship tournament there were no upsets in the men's singles. Leeming, Verley, and Pears won their matches easily. In the women's singles the only surprise occurred when Miss Marjorie Leeming, of Victoria, B. C., defeated Mrs. W. H. Henry of Los Angeles, Inland Empire and Idaho State champion, in a hard fought match, 6-2, 6-2.

Van Dyke Jones, of Seattle, and Wallace Scott, of Tacoma, will play for the Pacific Northwest sectional championships Thursday on the Multnomah Club courts. By playing consistently since the tournament started Monday the two Northern players eliminated the cream of the West. Verley and Pears in their scramble for the championship.

New York, July 11.—A fine of nearly 1,000 fight fans was on hand to-day at Madison Square Garden when the ticket sale for the Willard-Luis Firpo match was resumed, with indications that Promoter Tex Rickard's prophecy of a record crowd would be fulfilled. The fight would be held at the big arena at Boyle's Thirty Acres, Thursday night.

On the basis of the increasing demand for seats in the past few days, Rickard predicted that the attendance would eclipse the 90,000 figure set at the Dempsey-Carpentier bout two years ago.

The "gate" at a scale of \$1 to \$15, is expected to exceed \$500,000.

### TRACK TITLE AT STAKE LABOR DAY

#### Big Championship Event of Season Will Probably Be Held in Victoria

Provincial track and field championship will probably be decided at Victoria Labor Day in sixteen events, according to present plans, and will prove one of the outstanding athletic events of the year. At present all the events are confined to seniors, but it is possible that the programme may be added to include one or two junior events and possibly some bicycle events. Bicycle racing is coming into its own again, as demonstrated by the enthusiasm shown at the police sports when Chuck Staples, the unbeatable Victoria flash, outdistanced all opposition amid great enthusiasm in two fine races.

The interest being shown in the race for The Colophon Cup is another instance of the importance of the Victoria flash. The list of present drawn up includes the following championship events: 100 yards, 44 yards, one mile, 220 yards, 880 yards, five miles, three mile walk, pole vault, high jump, broad jump, hop, step and jump, throwing the 16 pound hammer, 56 pound weight, putting the 16 pound shot, discus throwing and the 120 yards hurdle.

# THE TIMES DAILY PICTURE PAGE

**BOOTLEGGERS MAKE 'EM PINK.**—In order that the sacred ritual of the Hopi snake dance may not pass, Indians have initiated a select number of whites into its mysteries. These neophytes, prominent business men of Prescott, Ariz., made up to resemble Hopi, call themselves the Smoki People. Only old-timers can detect the masquerade. This photo was taken at Prescott, the taboo against cameras having been reluctantly lifted.

**DON'T WE GOT FUN?**—While it's cool out here on the Pacific Coast and particularly in Victoria with the refreshing breezes from the water and mountains, it's a sizzler these days in the East and in the big cities there's not a breath of air to ease it up. This picture shows how they treat traffic police who stand out in the broiling sun. This is a young society girl, Miss Pearl Carter, who goes around distributing cooling drinks to the officers. For this work she dresses herself in the coolest costume she could find. The cop likes it too.

**ROTARIANS, HO!**—Guy Gundaker of Philadelphia, restaurateur, has been elected president of the International Rotary Club. The 14th annual convention was held in St. Louis. Gundaker succeeds Raymond Havens of Kansas City.

**TO QUELL SYDNEY STRIKERS.**—With steel helmets and other war equipment, more than 200 soldiers from Stanley Barracks have left Toronto for the east. The unit composed of the Royal Canadian Dragoons, will form part of the force to maintain law and order during the British Empire Steel Company's strike.

**PHOTOGRAPHED THE DANISH KING.**—Firie Macdonald, the well-known New York photographer, traveled 3,800 miles to photograph Christian X., King of Denmark, and pronounces him to be a man of men, a man of heart and gentleness, but strong both in a physical and mental sense. The photograph shown above was one of those taken by Mr. Macdonald in the king's palace at Amalienborg. The New Yorker found the Danish king very democratic. "He came forward with his hand toward me and a grasp that was good to feel. He took me by the elbow to the door—then stepped to one side for me to precede him."

**VOTED FOR FIRST TIME.**—There have been Canadian citizens living at the little Hudson Bay post of Moose Factory on James Bay for several scores of years, but it was not till the recent Ontario provincial elections that they were able to have their share in saying who should govern the country. Two election officers flew to the post in an aeroplane and opened a polling booth. The above shows the factor himself, with his family. Life is not as uncivilized as one might think. They have everything from ukuleles to fashion magazines.

**J. EDGAR COULTER** has been appointed assistant to the vice-president and general manager Dominion Express Company.

**MISSING FROM HOME.**—Police have been asked to locate Eadie Viola Gibbons, missing from Edmonton since June 24. Miss Gibbons is described as twenty-three years of age, five feet three inches, fair complexion, light brown hair, wearing dark green suit with a three-quarter-length coat heavily embroidered with grey chenille, with beaver collar.

**AUTOS PLUNGE INTO CROWDED STREET.**—A freakish accident occurred in an uptown New York street, just off Broadway, when two automobiles tumbled out of the second story window of a garage. Passing crowds returning from theatres narrowly escaped death when a mechanic tried to move one machine and it rammed into another so hard that both were propelled through the window. Picture shows the first machine overturned and the second lying on its side.

**J. E. RAY**, Canadian Trade Commissioner, who has arrived in Canada from Manchester, Eng., to interview exporting firms on trade conditions.

## SCHOOL DAYS By DWIG

**"MOTHERS" TO FIFTY ORPHANS.**—Mrs. M. Smythe and Mrs. Hugh Kidd are in charge of the Georgetown colony, where fifty Armenian orphans are to be taught to be Canadian farmers. The lads have just arrived in Toronto.

**HE KNEW IT WOULD HAPPEN.**—So the photographer set up his camera at Hairpin Bend on the Isle of Man and waited for one of the motorcyclists in a recent race to make too sharp a turn. The fellow he caught in this picture is Ben Kershaw, of London.

**SHOWING A FAMILIAR FIGURE IN A STEEL PLANT.**—The puddler, he takes the white-hot ball of iron from the turnace to the squeezer. These balls weigh 500 pounds and throw off tremendous heat and light.

**HERE IS A GERMAN PHOTO, SHOWING "BIG BERTHA"** which shelled Paris from behind the German lines during the war. The photo was recently seized by officers of the French army of occupation in the Ruhr.

ARTHUR GORDON PACHENA LIGHT KEEPER PASSES

### Leading Chicago Broker Sums Up Impressions of Tour

The people of western Canada are entitled to take to themselves credit for making the life of the tourist a cheerful and helpful one. Uniform courtesy is commendable, and is found in quarters in the West where it is not general among other peoples of a corresponding status in society. You ought to develop the natural resources of your island more expeditiously. Business will improve in Western Canada as it has in the Eastern United States, but care must be taken to see there is no skyrobbing in investments like the last boom. These were salient observations of an interview by The Times yesterday afternoon with S. J. T. Straus who is identified with the well known brokerage house of S. W. Straus & Co. of Chicago.

Mr. Straus has, with his family, just completed a Canadian tour, and left on the afternoon boat for Seattle en route South. He declared that he found business conditions far better than he had been led to expect, and a substantial revival in conditions generally since he left Chicago.

What I would like to impress in leaving a message for the Canadian people, and particularly for residents of Vancouver Island, is that you must do more to develop your own resources. There appears to be a policy of waiting for someone to act on your behalf, instead of a personal effort, which is prejudicial to all parties. The fact was impressed upon me in a visit to the provincial museums of natural history and minerals here. I was shown fine marble from an excellent quarry on the West Coast, which was told was dormant. That would not be the case with us. Then there are so many waste products to your industries which ought to be made of service. Why? A most prosperous business has been built up in Chicago by a man who buys old motor cars, not merely to refit for second hand ones, but to tear the pieces asunder, and re-manufacture. He has one profitable department alone out of leather from the seats, which is made up into suspenders and belts for men, and few are any the wiser. There are a multitude of articles which would make profitable industries, if your natural resources were developed. I could enumerate many ways in which industries could be evolved from your natural resources. Mr. Straus expressed his regret that time prevented him seeing a whaling fleet in action, a thing he particularly desired to see.

#### RABBIT-BREEDERS' MEET

Further plans for the September show were made at the meeting of the Victoria Rabbit Breeders' Association held last night at the Y.M.C.A. Building. C. Wooley, president of the organization, was in the chair. John Needham, of Seattle, a Class A National Judge, will award the prizes at the show, which will be held in connection with the Fall fair at the Willows. Eight special ribbons are being given by the National Fanciers' Association.

#### TO SPEAK ON NOOTKA.

The regular quarterly meeting of the B. C. Historical Association will be held in the Provincial Archives on Friday next at 8 p.m. The subject for the evening will be Nootka Sound, accompanied by exhibits, pictures, photographs and documents. All interested are invited to attend.
