Contracts Subject to Crop Out-turn.

**N. L. Willet Seed Co.**

**GEORGIA GROWN SEED.**

Wholesale Contractors; and Manufacturers Soil  
Inoculating Bacteria.

**Augusta, Ga. October, 1905.**

—WE PREPARE—

## **NITROGEN FIXING BACTERIA.**

For Cow Peas, Velvet Beans, Sojas, Alfalfa, Garden  
Peas, Garden Beans, Red Clover, Crimson  
Clover, Vetches, etc.

1-acre package \$1.50; 2-acre package \$2.50; 3-acre package  
\$3.00, less 33 $\frac{1}{3}$ % to wholesale seed trade.

Also  $\frac{1}{2}$ -acre packages for GARDEN PEAS and GARDEN  
BEANS at \$1.00, less 33 $\frac{1}{3}$ % to the trade. On \$25 lots order  
net to us deduct extra 10%.

Our Bacteriologist, trained in Europe and America, with com-  
pletest Bact. Laboratory, and with hot house for growing his host  
plants, is equipped as few men in the world are for growing cultures.

**Spring Seed Catalogues**—Devote a page to Nitrogen  
Fixing Bacteria and put same page in your **Spring Catalogue**. Use  
the one-page matter enclosed. Omit our name and insert yours. Will  
furnish also, if desired, the culture—packages with our name omitted,  
and ready for your own firm's stamp.

The profit to you is good, and these cultures, now commercial and  
portable, constitute possibly the greatest discovery of modern science.  
Many most excellent results now being reported from our spring inoc-  
ulations. Postage, seed rates, about 3c. per acre package.

## **Georgia Grown Seeds.**

### **Present and Future Shipment Quotations.**

2. GA. CABBAGE COLLARDS—1905 crop in; 500 lbs. at 25c;  
250 lbs. at 26c; 100 lbs. at 27c; less amounts 30c. August 1906 de-  
livery 1c. a lb. less than foregoing.

(OVER.)

3. **GA. ASPARAGUS SEED**—PALMETTO, FRENCH, GIANT ARGENTEUIL, BARR'S, CONOVER at 12c. **Winter delivery, all kinds, 500 lbs.** at 11c; 250 lbs. at 12c; 100 at 12½c.

4. **GA. ASPARAGUS ROOTS**—**Fall or Spring delivery; 1½** years old, 100,000 at \$2 50; 2 years old at \$2.75. Less amounts \$3.00 1½ or 2 years old.

5. **GA. OKRA**—DWF. G; WH. VELVET; LADY FINGER; PERKINS' MAM., TALL G., at 14c. **Winter delivery, all kinds; 1000 lbs.** at 10½c; 250 to 500 lbs. at 11c; 100 at 12c; **less amount 13c.**

6. **IMPORTED VETCHES** (60 lb.)—We import in car lots through Southern ports. VICIA SATIVA at 4c. lb.; VICIA VILLOSA at 8c. lb. Large stock just in.

7. **GA. MUSTARD**—OSTRICH PLUME; G. S. CURL; CHINESE; 100 lbs. at 12c. Large amounts 11c.

8. **GA. COTTON SEED**—**Short Staple Cotton** (30 lbs.) special car lot prices. **King's, Russell's, Excelsior, Peterkin, Toole, Jackson Limbless, Culpepper, Truitt, Hawkins'**—all 60c. a bushel. **Willet's Red Leaf** \$1.00 a bushel. **LONG STAPLE**—**Syms, Doughty, Allen's** and **Cook's**, all 70c. a bushel (30 lbs.); **Floradora** 75c; **Sea Island** (42 lbs.) \$1.25 a bushel.

9. **GA. MELONS**—Not akin to cheap Florida or Western stock. **Rattlesnake, Triumph, Eden, Cleckley Sweet, Sugar Loaf, Florida Favorite, Bradford** at 50c. **Blue Gem, Kolb Gem, Jones**, all at 40c. **Fall delivery 1906, all at 35c. lb.**

10. **GA. BRANCH'S RATTLESNAKE MELON**—His growing at 70c. lb.

11. **GA. TURNIPS**—SOUTHERN PRIZE, SEVEN TOPS—crop failure, 20c. lb. **Summer 1906 delivery, 500 lbs.** 12c; 100 lbs. at 12½c; less amounts 13c.

12. **IMPORTED TURNIP**—All kinds. We import through Southern ports; compete with all points. **State amounts wanted, type for 1906 spring delivery, and get prices.**

13. **GA. CAT-TAIL MILLET**—6c. lb. **Winter 1906 delivery, 1,000 lbs.** 5¼c, 250 lbs. at 5½c; 100 lbs at 6c.

# SOIL INOCULATING BACTERIA

(Or Nitrogen fixing Bacteria.)

The Legumes, through nodule forming bacteria that infest the plants' roots (making warty excrescences) are supplied (thus) with nitrogen not available to most other plants—nitrogen being the principal component part of the great free air, and yet the costliest food, when mined, of the plant.

The successful artificial inoculation of soils deficient in these bacteria, is of recent date and is in its infancy. The outcome may show this to be one of the greatest Scientific Agricultural discoveries of the age.

Out of 3,540 tests reported to a certain date to United States Agricultural Department, there were 79% of successful experiments—all showing increase, and some to a marvelous degree. The exhibits of plants grown from inoculated seed in pure sand, and the large foliage and great network-mass of warty roots of same produced by inoculated Seed, and all shown besides the dwarfed plants minus the nodules from non-inoculated seed,—these seem almost the work of magic.

Furthermore: This inoculation it is known sets free and stores nitrogen in the soil available for other crops of varied kinds following after.

This inoculation succeeds best on poor soils; on land producing otherwise good crops but poor legumes; on land where a given legume has not been previously grown.

This inoculation may not be an aid on land where a leguminous crop has been successfully successively grown;

or on a soil rich in nitrogen; or on lands acid or alkaline (the bacteria cannot survive in such); or where commercial guanos come largely and directly in contact in planting with the inoculated seed. No guarantee, therefore, as to outcome goes with the sales of the Bacteria.

We offer these Dry Cultures for seed inoculation. The parent Bacteria are taken directly from infected host plants, and reproduced and prepared by one of the most experienced bacteriologists in America with long experience here and in Europe, and with completest Bacteriological Laboratory and Hot House for testing; the cultures are equal to any American product.

This is sent out commercially in a small box (postage 3c) that contains three packages, two of certain salts and one of absorbent cotton saturated with the culture and dried and all good and potent for six months or more.

**Directions** for seed inoculation—a simple process—in each box.

We offer Cultures for the following Legumes:

**Alfalfa, Vetches, Cow Peas, Red Clover, Crimson Clover, Velvet Beans, Garden Peas, Garden Beans, Soja Beans.**—Others will be added to the list. A separate and distinct box and bacteria for each type of Legume.

**Price**—1 acre package (for inoculating seed for planting 1 acre) \$1.50; 2 acre package \$2 50 and 3 acre package \$3.00 postpaid.

ADDRESS,

**N. L. WILLET SEED CO., (Jobbers.)**

**AUGUSTA,**

**309  
Jackson Street.**

**GEORGIA.**

14. **GA. COW PEAS**—UNKNOWN, SPECKLE, WHIPP'S, IRON, BLACK, B. EYE WHITE, MIXED PEAS. **Dec. 1905 delivery; no quotations yet.**

15. **GA. BEARDLESS BARLEY** (48 lbs.) \$1.15 a bushel. **Jan. 1906 delivery \$1.25**

16. **TEOSINTE** 27c. lb. **Jan. 1906 delivery** 200 lbs. 27c; 100 lbs. at 28c; **less amounts** 29c.

17. **ONIONS—Seeds and Sets**—GEORGIA WHITE MULTIPLIER OR POTATO (36 lb.) at \$1.30 a bushel. **Jan. 1906 delivery** at \$1.40; **Aug. 1906** at \$1.25. **YELLOW MULT. SHALLOTS** (32 lb.) None. **Aug. 1906 delivery** at \$1.30 bushel. **RED BERMUDA SETS** (32 lb.) Grown from Teneriffe Seed at \$1.50 a bushel. **BERMUDA SEED** just from Teneriffe. **RED** \$1.65 lb; **WHITE** \$1.75.

18. **GA. BUR. CLOVER** (10 lb.) in hulls at \$1.25 bushel. **Aug. 1906 delivery \$1.25** bushel.

19. **BERMUDA GRASS SEED**—Our direct import, fresh, 39c. **GA. BERMUDA GRASS ROOTS** 25 bushels (7½ lbs. bushel) for \$3.50.

20. **JAPAN CLOVER SEED**(25 lb.)—**Winter 1905 delivery** \$3.50 bush.

21. **GA. CHUFAS**—(44 lb) **Dec. 1905 delivery, \$2.75** bushel. After December, \$3.00 a bushel.

22. **PEANUTS, Spanish**—(28 lb) \$1.15 bush. **Dec. 1905 delivery, \$1.10**; **MAMMOTH** (22 lb) **Dec. 1905 Delivery, \$1.10**; **NEW BUNCH MAMMOTH, Dec. 1905 Delivery, \$1.25.**

23. **JOHNSON GRASS**—(28 lb) 6½c lb.

24. **AMBER SORGHUM and ORANGE**—(50 lb) \$1.15 bush, **Jan. 1806 delivery, \$1.00** a bushel.

25. **VELVET BEANS**—(60 lb) \$2.25 bush. **Jan. 1906 delivery. Get Prices.**

26. **GA. APPLER OATS**—80c bush. **BURT OATS, GRAZING OATS, TEXAS AND OKLA.** Get prices.

(OVER.)

27. **GA. UPLAND RICE**—(44 lb) \$1.30 bush. **Winter** 1905, at \$1.30 bush.
28. **GA. SOJA BEANS**—(60 lbs) **Winter** 1905, \$1.40 bush.
29. **GA. MEX. JUNE CORN**—**Spring** 1906 at \$1.35 bush.
30. **BEGGAR WEED**—**January** 1906 18c lb.
31. **GA. FALL BLACK RYE**—(56 lbs) at \$1.15 bush.
32. **GA. SWEET POTATOES**—(60 lbs) PUMPKIN YAM, WILLET'S RED SKIN, VINELESS, **February** 1906 **delivery** at \$1.25 bush. POTATO DRAWS OR SETS, Spring delivery, \$1.50 per 1,000.
33. **GA. PEACH STONES**—\$1.00 a bushel.
34. **GA. MEL. ALBA**—(30 lb) \$1.75 bushel.
35. **GA. PAPER SHELL PECANS**—**Winter** 1905, 75c lb.
36. **Bean and Pea Contracts**—We are overstocked on our buying contracts, December delivery—HOPKINS' VALENTINES; ALASKA, FIRST AND BEST, CHAMPION OF ENGLAND. Will sell out part of contract low.
37. **SOUTHERN LAWN GRASS**—Made for the South; six ingredients, 14c lb.
38. **CASSAVA CANES**—1000 feet for \$5 for one acre. February delivery.
