WILDLIFE LEAFLET

Wildlife Leaflet BS-186

Washington, D. C.

April 1941

AVAILABLE PUBLICATIONS ON WILDLIFE

Compiled in the Division of Public Relations

The publications listed herein include contributions by the Bureau of Biological Survey both before and after its transfer from the Department of Agriculture to the Department of the Interior in 1939 and contributions on wildlife subjects by the Fish and Wildlife Service, which was formed in 1940 by consolidation of the Bureau of Biological Survey and the Bureau of Fisheries. Lists of available publications on fishery subjects can also be obtained from the Fish and Wildlife Service.

Sale Copies

Publications preceded by a star (\*) can be obtained only by purchase from the Superintendent of Documents, Government Printing Office, Washington, D. C., at the prices stated. Remittances should be sent direct to the Superintendent of Documents--NOT to the Department or the Service.

Free Copies

The publications of the Department of Agriculture listed without a star can be obtained free from the Office of Information, Department of Agriculture, Washington, D. C.

The publications of the Department of the Interior listed without a star and the processed leaflets beginning on page 4 can be obtained from the Fish and Wildlife Service, Department of the Interior, Washington, D. C.

The supply for free distribution of the publications and processed leaflets is limited, hence no more than 10 copies may be sent free in response to an individual request. Publications in excess of 10 may be purchased, and for convenience in purchasing, the price of each is indicated. In all requests, please mention the series, the number, and the title of the publications desired and list them in numerical order by series.
