THE BIRTHPLACE OF FASHION NEW YORK CITY

Yes, Madam, it is **HERE**, in New York City, that the new styles are created each season for the women of America.

And never before have we had such good news to send to you about the new styles as we have this season.

Thanks to the overpowering influence of American women, and thanks to their insistent demand for sensible, comfortable and rational styles—the narrow, tight skirt has been done away with.

Once more we have garments that are stylish, beautiful, becoming — designed in America and made in America for the American women, without the freaky, extreme influence that Paris for so long a time has tried to exert upon our fashions.

Everyone upon our Board of Selection has been delighted to see this radical change in the styles, and we have all taken more pleasure and more real joy in our work the last few months than for many seasons past.

We could not help feeling the keen satisfaction with which these beautiful new-style garments will be hailed by the American women.

This book shows the very newest-style garments made in New York this season, and is a true fashion guide to what the fashionable New York women are wearing.

Be sure to read page 30, telling you how the new styles are created. This will prove intensely interesting to you, for there are many style points there that you will be glad to learn.

Do you **KNOW**, of your own experience, the satisfaction and pleasure there is in shopping by mail from Perry, Dame & Co.?

Let us tell you: You secure the very latest New York Styles—garments fresh from the maker's hands, material and workmanship guaranteed—at prices that mean a distinct saving to you.

You run absolutely no risk. If for any reason whatever you are not pleased with your selection, it may be exchanged or your money will be refunded promptly without one cent of expense to you.

Read the Bank Letter of Reference on the opposite page. We advertise in the leading Women's Fashion Magazines, each and all of whom will vouch for our standing.

Send us your orders, safe in the knowledge that you will be promptly, honestly and pleasantly served, and that every employee of Perry, Dame & Co. has your interests and your welfare at heart.

Treasurer and General Manager.

A Triple Saving in Perry-Dame Clothes

Miss A. Morgan, of Cometa, Okla., writes:

"I am delighted with my Perry-Dame Dress; it fits me perfectly. You have saved me TIME, WORRY AND MONEY on this beautiful garment. I need never worry about my clothes after this, as I am certainly delighted with all Perry-Dame Clothes. I will send you another order soon."

Yes, Madam, just as Miss Morgan tells you in her letter quoted above, there are three things you save by wearing Perry-Dame Clothes—three very important items for you—namely, TIME, WORRY and MONEY.

And in addition to this saving, what a pleasure and satisfaction it is for you to know that when you get your clothes from Perry, Dame & Co., they are going to fit you perfectly, they are going to be well-made and finished in every detail, and that they are going to be stylish New York Clothes, that you will be proud to wear.

This is one of the most important points about Perry-Dame Clothes. You KNOW that they are the very latest style, designed and made in this country's great fashion center—NEW YORK CITY.

E-21—Here is a Dress we are indeed proud to offer you. Madam, and one that you will take the greatest pride in wearing, for it combines the richness and beauty and charm you would expect to find in a regular \$200.00 Dress. It is made of the quality lustrous Satin in Messaline, and we have designed it especially for our friends who wish a beautiful Dress, suitable for every occasion, and one that will, too, give splendid service.

The waist is lined with white lawn, and made with a chic yoke into which the front is gracefully gathered, as pictured. The dainty collar is made of tulle, exquisitely embroidered with delicately colored silk and gold threads, and the chemise is made of embroidered Silk Chiffon trimmed with crystal buttons and a pointed tab of corded silk. The stylish three-quarter length sleeves are prettily tucked and gathered, and finished with plaited embroidered net frills. The small trimming buttons at each side of the waist in front are covered with self-material, and add a very rich and effective touch.

The skirt is the new "Circular" model, made with the new-style graceful flare that is so very becoming. It is fashionably trimmed with two bias folds of self-material all around, and self-covered buttons are applied on the lapped seam in front. An exquisite silk cord encircles the waist-line, tying in front, as pictured, and finished with beautiful silk tassels. Invisible front closing. **COLORS:** This Dress comes in the season's newest and prettiest shades of Peacock Blue, Arizona Silver Grey, or "Sand color," which is a soft, rich shade of greyish tan; also in navy blue, or black. **SIZES:** 32 to 46 bust; Skirt Length about 40 inches with 3-inch basted hem for easy adjustment.

Madam, before you buy your new Dress, take our advice and just send for this exquisite Perry-Dame model. We just want you to try it on in front of your mirror, and see how rich and beautiful and how wonderfully becoming it is. Value, \$10.75

satin messaline. (Note small back view.) Solid color satin messaline girdle. Closes invisibly in the front of the waist, and at the left side of the skirt. COLORS: black, with narrow white stripes, trimmed with black; or navy blue, with narrow white stripes, trimmed with navy blue.

The Tremendous Advantage of Shopping by Mail from Perry, Dame & Co.

Would you like to know something, Madam, of how the new styles are created in a large Mail Order establishment?

Our Style and Fashion Experts have been at work for weeks and months, in order that the very newest and best styles may be gathered together for YOU.

Every single Perry-Dame Tailored Suit has been selected from as many as twenty or thirty *similar* models, because it had some SPECIAL FEATURES about it that we knew would appeal to YOU.

Every Suit is tried on not only one but many living models, so as to make sure it is universally becoming. So you may select any Suit you like the best and KNOW that it is bound to be becoming to YOU.

Interesting Points About the New Styles

Fashion authorities agree that Serge is even more popular this season for Tailored Suits than ever before, and Poplin Suits are also very much in demand. Gabardine is one of the new Suit materials, very rich and dressy, and is being used for many of the very highest-priced Suits.

The new colors, too, that Dame Fashion decrees, are charming. "Covert Color" and "Sand Color", which are the new shades of greyish tan, are universally becoming and extremely popular. The new shade of navy blue called "Labrador Blue" is an exquisite color a little on the order of Copenhagen blue, and very beautiful. "Apple Green" and "Arizona Silver Grey" suggest at once the soft shade of green and the rich silver grey that their names imply.

Send for samples of these new materials and colors, just to see for yourself how rich and beautiful they are. They will be sent you entirely free.

Just study carefully these beautiful new-style Suits we show you on this and the following ten pages. These are the models you will see shown in the March, April and May Magazines of Women's Fashions, for they are New York's newest and very best styles—only they are offered to you here at typically low Perry-Dame prices.

No. 2. WE PAY ALL MAIL OR EXPRESS CHARGES

Always remember that PERRY, DAME & Co. pay all mail or express charges to all parts of the world. You can readily understand that this means a wonderful saving to you, and is also a great convenience, because you do not have to sit down and figure out how much the express charges or mail charges are going to be. All you have to do is send the amount that is quoted under each catalogue number. We do not, however, pay delivery charges on goods sent C. O. D., as explained in Paragraph 5 on this page.

No. 3. YOUR GUARANTEE

PERRY, DAME & Co. guarantee that every article you buy from them must please you in every way, and if for any reason whatever you are not thoroughly pleased and even delighted with your order, you may return the goods at once at our expense, and we will exchange them for other goods or refund your money without one cent of expense to you.

No. 4. THE BEST WAY TO SEND MONEY

Enclose with your order the amount the order calls for. The best way is to get a Postal Money Order from your Postmaster, or an Express Money Order from your Express Agent, or else a New York Bank Draft, which you can easily get at any Bank in your town. If you have to send cash, enclose it in a strong envelope and be sure to have your letter registered. If you put cash in with your order and have it registered it will reach us safely, but do not send cash unless you register your letter. We cannot be responsible for money lost in the mail that is NOT registered. Remember, PERRY, DAME & Co. pay all mail or express charges on everything you order from them, so you do not have to think about adding anything for delivery.

No. 5. OUR TERMS FOR C. O. D. SHIPMENTS

PERRY, DAME & Co. will ship C. O. D. any order amounting to \$5.00 or more to any address in the United States, if a remittance of one-quarter the amount of the goods accompanies the order. But on C. O. D. shipments the customer must pay the delivery charges, and also the Fee for sending the balance of the money to us. We do not ship C. O. D. without the required remittance. Our only object in asking our customers to send the full amount of money with their orders is that we can handle the business with less expense, and therefore you get the benefit of it by buying your clothes for less money. We can not, in any case, ship goods C. O. D. to any point outside of the United States.

No. 6. CORRESPONDENCE

PERRY, DAME & Co. have a corps of expert women correspondents to answer all letters from our customers, and we are glad to answer every question, but it will save you time and unnecessary expense if you make sure before writing us that the information you desire is not covered in this Style Book. Remember, however, we are always glad to receive your letters and will answer them promptly. Please date your letters and always write your name the same way. If you are married, use your husband's name like this: Mrs. William H. Foster. If you change your address please write us giving your old as well as your new address.

No. 7. TIME REQUIRED TO FILL ORDERS

PERRY, DAME & Co. always fill all orders promptly and take a great deal of pride in the prompt service we give our customers. It is easy for you to figure out just about how long it will take for our package to reach you from the time you have mailed your order, but it is always well to wait a day or two before writing us about it, as there might be some slight delay on the part of the transportation companies. You may be sure every order you send us will receive prompt attention.

No. 8. IMPORTANT

If you wish to return anything to us for exchange or refund, please DO NOT SEND IT C. O. D., as it will cause delay in the adjustment and mean additional expense for us. Send it in the regular way, either by Parcel Post or Express, and we will refund your money at once, if you so desire, together with any money you have spent for the forwarding charges. Please, do not, under any circumstances, send anything to us by Parcel Post C. O. D.

PERRY-DAME GARMENTS ARE SURE TO FIT YOU PERFECTLY

PERRY-DAME CLOTHES always fit you perfectly if you order the right size garment. And it is a very easy matter for you to find out just what size garment you should wear,—that is, by actually taking your measure with an accurate tape-measure. This is true of underwear as well as outer garments.

You may think you wear size 38, in fact some garment which is marked with this size may fit you, whereas if you take your measure you may find that your size is really 36 or 40.

So be sure to take your measure, then send us the size, and you will receive a perfect-fitting garment.

To find your correct Bust Measure, take an accurate tape measure and your size will be the number of inches over the largest part of bust, taken over your shirtwaist. (See illustration.) Be sure the tape-measure does not slip up or down in the back, and do not take this measurement too tight. Make no allowances whatever.

To find your correct Waist Measure, take this measurement all around your waist, making no allowances.

When ordering skirts, either with regulation waist-band or girdle-top, give your waist measure taken around your waist, making no allowances; and also give front length, taken from top of skirt band to desired length. (See illustration.) For petticoats, order by front length only.

Be sure to order petticoats two inches shorter than the front length of your skirt, as this is just the right length in order to get the best effect and the greatest amount of service.
