

Reference to Suisun Naval Arsenal

was closed by Japanese authorities of their own initiative pursuant to ODS & OI, on or near 5 March 1946. The reasons were that airplane machine guns and turret were produced here during wartime.

This information was given to Major Turnbull by 1st Lt. Officer, this Regt, by a telephone conversation and 1st Lt. Officer also recommended that if further information was needed it should be requested by letter. The information was given on 12 June 1946.

SUBJECT: Disposition of Suzuka Naval Arsenal, Mie Prefecture

TO : Commanding Officer, 107th Military Government
Company, APO 660

1. It has come to our attention that Nagoya Imperial University made application sometime ago for utilization of certain buildings of the subject naval installation.

2. The matter was submitted for investigation to the 25th Division and the report has now been returned stating only that the subject arsenal was turned back to the Home Ministry, under date of 12 Jan 46.

3. The arsenal is on the list appended to Operational Directive No. 5.

4. It is requested that you cause an investigation to be made which will determine the following points:

a. Has Nagoya Imperial University actually taken possession of any part or all of the arsenal?

b. If not, has permission been granted by the Home Ministry to the University for use of the property?

c. If so, what disposition has been made of machinery and does utilization by the University endanger the preservation of machinery and equipment in any way?

5. In any event the University should be notified that since the installation is on the restricted list, formal application for its use must now be made through Military Government channels.

SUBJECT: List of Capital Equipment in Naval Arsenal, Ishikawa Prefecture.

TO: Commanding Officer, 30th Military Government Company, APO 25.

1. The enclosed list of machinery, located in the Taishoji Shop of the Suzuka Naval Arsenal, is transmitted for your information. Suzuka Arsenal is located in Aichi Prefecture but the branch shop is in Ishikawa.

2. Apparently this partial inventory was submitted to Headquarters I Corps through the Kyoto Liaison Office in response to a memorandum from Headquarters Eighth Army to the Central Liaison Office, in which the Japanese Government was requested to submit to the "local U.S. Commanders" by 23 Feb 46, a list of all machinery belonging to military installations listed by Operational Directive No. 5, but dispersed to outlying areas.

3. Operational Instruction No. 1 from this headquarters requires that a complete inventory of the equipment owned or controlled by all such installations be submitted to this headquarters by 15 March. The enclosed inventory is transmitted to your headquarters in order that it may be included in the composite inventory submitted for Suzuka Arsenal in response to instructions contained in Operational Instruction No. 1.
