PARLIAMENT TO BE DISSOLVED

ANNOUNCEMENT BY CABINET ON WEDNESDAY

Retirement of Hon. R. W. Scott
—Will Be Succeeded by
Charles Murphy.

(Special to the Times).

Ottawa, Sept. 11.—On Wednesday there will be a cabinet council in Ottawa which will be followed by the announcement of the dissolution of parliament.

The retirement of Hon. R. W. Scott, secretary of state in the Laurier administration since 1896, will be announced on Wednesday, together with the appointment of his successor, Charles Murphy, barrister, of Ottawa, who will be the government candidate in Russell county.

The new railway commissioners provided for in the act passed last session will also be appointed on Wednesday. Hon. Thomas Greenway and Mayor Darcy Scott, Mayor of Ottawa, will be two of the commissioners. No definite decision has yet been reached as to who the third commissioner will be, but W. Gallagher is prominently mentioned as likely to be named as British Columbia's representative on the commission.

BRITAIN TO WATCH GERMAN MANOEUVRES

London Will Be Posted on Movement of Kaiser's Warships.

Copenhagen, Sept. 11.—The British government has sent a diplomatic mission to Frederica in Jutland, whose special mission is to observe the manoeuvres of German ships in Danish waters. The British Vice Consuls in Denmark, most of whom are Danes, received instructions recently to report to the home government all the movements of German warships.

It is reported here on good authority that the British government proposed to send a naval mission to Esbjerg, but Germany refused an escort on the grounds that the British consul at Kiel was a Dane.

NOT TO BE SACRIFICED.

(Special to the Times).

Nanaimo, Sept. 11.—The secretary of the local Socialist party to-day, on the authority of J. Hawthornthwaite, denies that the Socialist leader is to retire from the federal campaign for Nanaimo district.

SECRETARY STRAUSS TO DISCUSS LABOR ISSUE

Will Take Stump on Behalf of Republican Ticket.

Cincinnati, Sept. 11.—After an extended conference with Judge Taft on Saturday Secretary Oscar Strauss, of the department of commerce and labor, said he should take the stump for the Republican ticket and make as many speeches as the duties of his office will permit.

He is to speak in New York, Chicago, and perhaps other cities, and will dwell particularly on the labor issue in the campaign.

Secretary Strauss gave an intimation as to the character of the speeches he will make by saying:

"I was once a Cleveland Democrat and am proud of it. I believed then, and until my dying day shall advocate that the highest aim of popular government is not to multiply millions, but to promote the welfare and happiness of the millions. And when the party to which I belong was misled by Bryanism I became an advocate and follower of Mr. McKinley, Roosevelt and Taft."

"Shall the people rule?" Mr. Strauss declared to be the most dangerous of Bryan fallacies, "for every one of his leading doctrines is a denial of that rule."

"Government ownership of railroads," he added, "would mean adding a thousand million dollars to the country's debt and increasing the number of government officials by 1,500,000. Is this democratic? No. It is the Russian form of government."

REDUCTION IN PRICE OF OIL.
New York, Sept. 11.—The Standard Oil Company has reduced the price of refined standard white oil 3 cents to 32 1/2 per barrel, and refined oil at Philadelphia 2 cents to 32 1/2.

PETITION TO HIS MAJESTY.

Church of England Congregations in Vancouver Object to Wearing of Roman Catholic Vestments.

THRONGS VIEW BIG PROCESSION

HOST IS NOT CARRIED THROUGH LONDON

Remarkable Scene in England —Rome's Comment on Protestant Action.

London, Sept. 11.—A great procession of great Catholic clergy which brought the Eucharist to an end, was held yesterday afternoon amid scenes such as the English churchmen who planned it never saw. Cardinal Vanuetti, the Pope's legate, walked at the head of the procession, wearing his scarlet robes and hat, but not carrying the host. He was accompanied by a body-guard of English peers of whom the Duke of Norfolk was the most prominent, and a concourse of cardinals, archbishops and bishops, who also were attired in sacerdotal robes instead of vestments, which originally it had been proposed they should wear.

No such throngs of people have been seen in London since Queen Victoria's funeral. The route of the procession was laid through the quiet streets adjacent to the cathedral, and but for the unexpected partisan strife which a discussion of this ceremony brought on, it probably would have been solemnized quietly and in a reverent atmosphere. The great majority of those who attempted to witness the spectacle, however, apparently were attracted by curiosity, and a small party were openly and demonstratively hostile. The Catholic element cheered heartily, while the procession passed by and through the route, but there was heard also considerable "booming" such as the English people use in theatres to express displeasure at any of the plays.

The people began to flock toward the cathedral hours before the hour set for the ceremony. Long before the hour set for the ceremony it was impossible to get near the line of march. All the streets leading in that direction were packed with the windows overlooking the procession, which were rented at high prices, were filled with a number of persons fainting in the crush and were carried off by the ambulances.

After the procession had re-entitled the cathedral Cardinal Vanuetti appeared on the high balcony in gorgeous robes, and elevated the host, while thousands of Catholics outside the building reverently knelt.

The last day of the congress opened with pontifical mass in the cathedral, which was celebrated by the pope legate, and at which all the cardinals, archbishops and bishops, and many members of the clergy assisted. The great edifice was crowded, the audience following with rapt attention the sermon of Cardinal Gibbons, who preached eloquently.

Inspired Comment.
Rome, Sept. 11.—The Correspondencia Roma, a Catholic organ, published the following communication which evidently is inspired by the Vatican, concerning the carrying of the Host in the Eucharistic procession in London yesterday:

"Although regretting this omission we wish to point out and we appreciate the liberty and respect which surrounded the Eucharistic congress under the shadow of the British flag. It has been said that the procession could not be allowed as such processions are forbidden by a law passed in the sixteenth century. This is not a serious matter as everybody knows that such a law became automatically obsolete through religious liberty granted later to British subjects. A few Protestant societies aspiring to archeological fame by exhibiting past proscriptions were merely the proverbial fly, trying to drag the coach. Had the fly been alone the anti-Eucharistic coach of the sixteenth century would never have left the museum of religious persecution. What moved the coach was the intervention of certain politicians who depicted the procession as a manifestation of intolerance to the French 'Régime' and thus hurled to the interests of the Anglo-French entente, as to see the French prelates participate in London send them to prison in their own French country, would have given umbrage to Paris."

PROFESSION VS. PRACTICE.

the Catholic world as well as a proof of British liberty and hospitality. The omission of the procession will serve to show to the public from which quarters come directly or indirectly all sectarian declarations against the Catholic church.

"Insult" to Catholics.
London, Sept. 11.—It is evident that the Catholics because of the refusal to permit the host to be carried in the procession yesterday consider that they have been badly treated. Father Sprankling, administrator of St. George Catholic cathedral in this city, in all masses yesterday referred to Premier Asquith's action as one that would go down to posterity as an insult to millions of Catholics.

AUSTRALIA WANTS BIG BRITISH FLEET

Melbourne, Sept. 11.—The Australian premier, Alfred Deakin, is taking steps to induce the British government to dispatch a fleet to Australia as soon as that can be conveniently done. In his communication to the British government the premier urges that the fleet be as large as that which represented the United States at this port.

DANISH PREMIER YIELDS UP OFFICE

Showed Sympathy Towards
Fraudulent ex-Minister—
Forced to Resign.

Copenhagen, Sept. 11.—The Danish premier, J. C. Christensen, last night handed to the king the cabinet's resignation in accordance with the latter's demand. The order for the cabinet's resignation was issued this afternoon, in consequence of the strong public opinion against the ministers which was compromised by the premier's guarantee of M. Albert's honesty and integrity.

Premier Christensen's resignation had been loudly demanded by the public and the newspapers ever since the downfall of M. Albert, the ex-minister of justice, who recently surrendered himself to the police and confessed to widespread frauds. It was only last spring that the premier publicly affirmed Albert's honesty and a few months later, through public channels, borrowed \$400,000 for the former minister.

Situation Complicated.
Copenhagen, Sept. 11.—(Later)—The king has accepted the resignation of the cabinet which was handed to him on Saturday by Premier Christensen in accordance with his demand, on condition that the ministers continue to perform their duties until parliament reassembles on September 25th. The situation is a very complicated one, neither the Conservatives nor the coming Socialists and radicals being considered strong enough to take office.

FRANCO-SPANISH ACTION IN MOROCCO

Germany Receives Identical
Notes Relative to Recognition
of Mulai Hafid.

Berlin, Sept. 11.—The French ambassador, Jules Cambon, and the Spanish Charge d'Affaires to-day handed identical notes relative to the recognition of Mulai Hafid, the vanquisher of Abd-el Aziz, as Sultan of Morocco to Herr Stemrich, the acting secretary of the German foreign office. The contents of the note have been telegraphed to Chancellor Von Buelow, who is now at Nordney, and the German foreign office will await guidance from there before intimating the general impression the note has made upon the government.

REAR-END COLLISION DUE TO HEAVY MIST

Twelve Persons Injured in Accident Near Chicago—Four May Die.

Chicago, Sept. 11.—Twelve persons were injured, four of them so seriously that they are expected to die, in a wreck on the Lake Shore and Michigan Southern railroad at Chesterton, a small town forty miles from Chicago. Shortly after midnight a suburban train from Chicago crashed into the rear end of an excursion train bound for Indianapolis, from Chicago, over the Lake Erie and Western, while the latter was standing at the station. The rear of the excursion train was badly wrecked. The collision was due to a heavy mist which hid the excursion train from view of the engineer of the suburban train.

"TO AFRICA"—AFTER ELECTING TAFT

Oyster Bay, N. Y., Sept. 11.—President Roosevelt took time on Saturday afternoon to spend an hour at a garden party and fair given at John A. Weeks's country home, "Tranquillity" for the benefit of the Nassau hospital at Mineola, L. I. With his son Theodore he rode down from Sagamore Hill dressed in khaki and soon he was mingling with the many society people present.

Some one remarked to him that it was very good of him to come to the fair at a time when he must be a very busy man.

G. H. COWAN GOES EAST.

(Special to the Times).

Vancouver, Sept. 11.—Geo. H. Cowan, Conservative candidate in Vancouver, left this morning for the East to be absent a month. He will attend the Anglican synod at Ottawa and will consult with R. L. Borden regarding campaign issues. Attorney-General Bowser will leave for the East on Thursday.

LIBERAL'S EASY TASK.

(Special to the Times).

Winnipeg, Sept. 11.—F. H. Keefer, of Port Arthur, has been nominated by the Conservatives to oppose Mr. Conmee in Thunder Bay, Rainy River seat. Mr. Conmee will have an easy victory.

BRITISH MECHANICS REPLACING STRIKERS

(Special to the Times).

Winnipeg, Sept. 11.—Strikers in the Canadian Pacific shop troubles received their first strike pay this morning, some \$42,000 being distributed.

QUARREL LEADS TO MURDER AND SUICIDE

Albany, N. Y., Sept. 11.—What appears to the authorities of Albany as a murder and suicide occurred early this morning on the Troy road, just outside of Albany. The dead body of Michael J. O'Leary, aged about 45, a saloon keeper of Albany, was found lying on the floor of the kitchen in the home of H. A. Wilkinson, his brother-in-law. Nearby in a chair was the dead body of Mrs. O'Leary. Both received bullet wounds in the head.

The police believe that following a quarrel O'Leary shot his wife and then killed himself. Mr. and Mrs. O'Leary visited Mr. and Mrs. Wilkinson yesterday. According to Mrs. Wilkinson chicken thieves have been active in the vicinity of their home. Her brother told her he and his wife would remain for the night and watch for the thieves. Mrs. Wilkinson retired about 10 o'clock, leaving Mr. and Mrs. O'Leary in the kitchen. Before she fell asleep Mrs. Wilkinson said she heard her brother pleading with his wife to give him a revolver which the wife had in her possession. Mrs. Wilkinson was later awakened by the sound of two shots fired in rapid succession. Rushing to the kitchen she found the bodies of her brother and his wife. On the floor beside his body was a 32-caliber revolver. Further East, Mr. O'Leary was later married about a year ago.

CALIFORNIAN FOREST FIRES.

Outbreaks Are Quelled After Burning Over Area of Twenty Square Miles.
Los Angeles, Cal., Sept. 11.—After burning over twenty square miles the forest fires in the mountains near La Canada, above Pasadena, were finally put out yesterday. Watchers on the mountain last night stated that not a trace of smoke could be seen.

CANADA TO BE REPRESENTED

EXHIBIT WILL BE
MADE AT SEATTLE FAIR
Dominion Government Acts on
Recommendation of Hon.
W. Templeman.

The Dominion of Canada will be represented at the Alaska-Yukon fair to be held in Seattle next year, when it is expected there will be a vast gathering from all parts of the United States to the exhibition.

Representation there will, it is felt, be of immense advantage, especially to British Columbia, when the products of the province can be displayed to advantage to the many visitors who will attend, and who may accordingly become interested in the resources of this part of the continent. The Seattle fair, it is generally felt here, will be of great importance to this city and to the province as a whole, as many of those who attend it can readily be induced to visit Victoria and other parts before returning.

The question of Canada participating in the Alaska-Yukon exhibition, to be held in Seattle next year, was determined last week, when the Hon. Wm. Templeman, having carefully enquired into the matter reported to the minister of agriculture that it was practically the unanimous opinion of the business men of British Columbia that Canada should be represented thereat.

ROOSEVELT AND HUGHES.

(Special to the Times).

Oyster Bay, N. Y., Sept. 11.—President Roosevelt's position on the question of the renomination by the Republican convention, which convenes at Saratoga this afternoon, of Gov. Hughes, was set forth in an official statement given out at the executive offices to-day.

The president has been in communication with Secretary Root, and Congressman Cocks in reference to the gubernatorial situation, and has advised them to state while he had no intention of dictating, yet to all his friends who have spoken to him on the matter he has said in the strongest possible terms that he favored the renomination of Governor Hughes.

DRAMATIC SUICIDE.

Horror-Stricken Spectators Watch Woman Hanging From Cornice of Arc de Triomphe.
Paris, Sept. 11.—As a woman suicide jumped from the Arc de Triomphe yesterday her dress caught on a cornice and she hung suspended for several minutes in full view of the horror-stricken spectators below and the eight-hundred on the platform. The latter tried to rescue her, but before any one could get to the place where she was, her dress gave way, and she was dropped to the pavement below, where she was crushed to death. Her identity has not yet been established. She was dressed expensively, and well.

KILLED IN WILD RUSH.

Pittsburg, Pa., Sept. 11.—Wallace Wilson, aged 27 years, was killed, Stanley Dingo and Frank Goarla were severely injured, when a passenger train, carrying 100 persons, including the victims, made a wild rush to board a moving train at Fairhaven, Pa., near here, on the Castle Shannon railroad.

1,000,000 ACRES SETTLED.

Ottawa, Sept. 11.—It is announced that since the opening of the odd-numbered sections of the Canadian North-west settlement on September 1st, and since the going into effect of the pre-emption clause of the new Dominion Lands act, about 1,000,000 acres of land have been taken up as pre-emptions and as homesteads.

BRANCH BANKS IN KOOTENAY.

Vancouver, Sept. 11.—W. Elson Macpherson, president, and John Elliott, general manager of Molson's bank, are here specially for the purpose of touring the Kootenay with a view to establishing new branch banks there.

NIGHTMARE OF GERMAN INVASION

VON BUELOW SCOUTS IDEA OF WARLIKE POLICY

Fatherland Does Not Aim at Challenging British Naval Supremacy.

London, Sept. 11.—The Standard this morning prints a long interview with Prince Von Buelow, the German chancellor, who is now at Nordney. It deals mainly with the relations between Great Britain and Germany and with Prince Von Buelow's opinion on British pacifism which recently appeared in the British press.

With reference to British apprehensions in the matter of German naval aggression, the chancellor thinks that it would be more excusable if the Germans were apprehensive of being attacked, pointing out that Great Britain has not been invaded since the time of William the Conqueror.

Continuing Prince Von Buelow says: "I can assure you that no one of any sense in Germany dreams of peering a quarrel with England, much less is there any insane idea of invading England. But for Germans there are far more tangible reasons for apprehensions through our geographical position; let alone a dark historical background. So far as the idea of Germany's power being a menace to other countries is concerned, Germany as you well know is the only one of the great powers which has waged no war during the last thirty-seven years."

The chancellor discussed a great variety of subjects in European politics but mainly of academic interest. First he scouted the notion that Germany is aiming to be the greatest naval power in the world or is likely to within a couple of years challenge British naval superiority.

WINSTON CHURCHILL MARRIED IN LONDON

One of Beauties of Metropolis as Bride—Society Event of Season.

London, Sept. 11.—Winston Spencer Churchill, president of the Board of Trade in the Asquith cabinet, was married on Saturday afternoon to Clementine, daughter of Sir Henry and Lady Blanche Hoizer, one of the most beautiful women in London. The wedding attracted the most intense interest in society circles, although it was one of the quietest social events of the season.

Mr. Churchill is the fourth member of the Asquith cabinet to be married in office, and Saturday's ceremony was considered the society event of the season.

Mrs. Churchill is 23 years-old and one of the most charming of London's younger set. She is an accomplished musician and speaks several languages. Her father became Secretary of Lloyd's after a distinguished military career.

A couple left for a honeymoon in Europe to be gone until October 12th, when parliament opens.

BOOKS OF BANKRUPT FIRM ARE FALSIFIED

Strange Revelations in Connection With Chicago Fish Company.

Chicago, Sept. 11.—Revelations of a sensational nature were made public on Saturday regarding the failure of A. Booth & Co., the \$12,000,000 fish, game and seafood corporation, which was placed in the hands of a receiver Thursday. That the company's books have been juggled with for a period extending back at least three years is charged in a circular sent out by the interested bankers, who also set forth that in the company's statements \$1,300,000 has been deducted from the liabilities and the books made to balance by a similar juggling in the asset column. By reason of this manipulation it is alleged the corporation has been enabled to float paper that otherwise might not have been accepted by the purchasers.

Some of the most serious charges that it was predicted the failure would find an echo in the criminal courts. Members of the Booth family, however, are said to be no way involved in any questionable transactions. They are said to have been the heaviest losers by reason of the mismanagement of affairs, in whom they had imposed confidence.

The statement of the bankers here, the following signatures: The First National Bank of Chicago, by F. O. Wetmore, vice-president; the Corn Exchange National Bank of Chicago, by Ernest Hamill, president; the Continental Bank of Chicago, by Alexander Elbertson, vice-president; the Commercial National Bank of Chicago, by Joseph T. Talbot, vice-president. It was declared other members of the committee that through the inaccurate statements every bank that has bought Booth & Co.'s notes in the last year has been misled. There are now more than one hundred banks throughout the country that hold the company's paper.

TRIBUTE PAID TO THE AGED

UNIQUE SERVICE IN
 METROPOLITAN CHURCH

Ven. Bishop Cridge Sends Fraternal Greeting Which is Replied to

In the Metropolitan Methodist church yesterday morning a most interesting service was held, conducted by the pastor, Rev. E. L. Collins. It was intended as a tribute to old age and steps had been taken to have very many of the aged present. During the service a message was read from the Ven. Bishop Cridge, of the Reformed Episcopal church, who is so well beloved by all classes in this city. The message was as follows:

Marfield, September 11, 1908.
 To the Congregation of the Metropolitan Church.

Very Dear Brethren and Friends—Having promised to preach at my own church on Sunday morning I am unable to be present at your proposed service and so gladly embrace the opportunity suggested by your esteemed pastor to express in pen and ink my sympathy with its truly benevolent object. Surely the Lord will accept and bless this effort on your part to enable the infirm and aged members to enjoy their old privilege of worship in your midst and that many will arise and call you blessed. And may we also hope and believe that your own souls will be enriched in return through the prayers of those who are the objects of your loving care. More than this, we may well believe that the labor bestowed on this loving experiment will accentuate the importance of God's people meeting together on the Lord's day to praise His name, and by common prayer to obtain relief for the common warfare. If in earthly affairs men appreciate the advisability of meeting together for a common cause how much more we in the heavenly. The weekly recurring season of worship is surely for the Christian hosts a great field of revival and review under the Captain of our Salvation, who is not only over them but who also in their midst as one of them, joins in praising the God and Father of all mercies. May the blessing of God abundantly rest upon this congregation, old and young, in the prayer of your brother and fellow-servant in Christ,
 EDWARD CRIDGE.

Following this the congregation endorsed the sending of the following reply:

Moved by D. Spencer, seconded by A. Lee. "That this congregation having received the affectionate greeting and heard the inspiring message from the Right Rev. Bishop Cridge, desires to thank God for the long life of service that Bishop Cridge has been permitted to render to the Kingdom of Christ in Victoria. We rejoice in having him still with us. We recognize him as belonging to all the churches of the city. We assure him of our respect and love, and pray that the evening of his life may be filled with the light of God's smile and the joy of God's presence."
 Rev. Mr. Holling's sermon dealt specially with old age. He said the Gospel of the Lord Jesus Christ was intended to come as a message to all ages. It seemed necessary at the present time to have special societies for young people. Sometimes it seemed that the claims of those who were first on the threshold were not so well recognized. He had hoped to have had the Ven. Bishop Cridge present. Some of the most delightful moments he had had since coming to the city were those spent with the bishop. He had asked him to be present at this service, but the bishop had previously arranged to be in the pulpit of his own church. He had sent a message, however, to be read at the service, which appears above.

It seemed appropriate, said the preacher after reading the bishop's message, that a reply should be sent to Bishop Cridge. He had drafted a reply, which was read. This was endorsed by the congregation rising.
 Addressing himself to the subject Rev. Mr. Holling said that while tribute was given to Timothy the services of the aged should not be forgotten.
 While Dr. Osler had gained for himself some notoriety by his advocacy of the chloroforming of those who had passed 50, yet he was glad to say that had not received very much endorsement. Reference was made to the work of John Wesley, who after passing the age of 80 was enabled to preach several sermons a day. The most impassioned appeal of William Gladstone was that for Armenia after he had reached 85 years of age. Other instances of the wonderful work done by men who had reached very advanced years were given. "The righteous shall flourish like the palm tree . . . he shall bring forth fruit in his old age," said the preacher was the promise given in the Psalms. The world could not do without old age. Imagine the world governed alone by mercurial youth. It had been well said "none of us are always perfect, not even the youngest." The Bible's reference to old age was of the most tender character, and many of these were quoted.
 Napoleon honored his old veterans by calling them his Old Guard. "Thank God for the veteran in the Christian warfare," said the speaker. Those who had done valiant service in the work of the church might not be expected to do much more active work, but they were wanted with the workers. "In Victoria he had found that honor was given to old faces. He had been struck by the practical way in which provision was made in this city for the old. This was not limited to words but was made practical. New Zealand has led the way in the matter of old age pensions. It is said that since that provision was made a different aspect was noticed on the faces of the working men. Great Britain had followed in this matter. This late act passed by Great Britain was one of the wisest pieces of legislation. Britain has acted nobly in providing for the men who made her great. This movement he felt was bound to spread. The Methodist church had always had its superannuation fund. Never was this on a better basis than at the present time. This brought to mind the great work that the aged preachers had done. He felt as though he stood on holy ground remembering the labors of the honored men who had preceded him in this church, men like Rev. Mr. Russ, Rev. Dr. Robson, Rev. Mr. Browning and others.
 The old should be honored not only because the Bible says so but because they were nesting the shores of glory. He and his fellow workers of the former years. Many could remember the blessing which the attendance of some of these aged persons at church had been. He would say to these aged persons not to give up Christian work too soon. Do not give up public worship too soon.
 Above all keep in touch with Jesus Christ. Old age had its perils as well as youth. To be secure they should cling close to Christ at every hour of the day.
 Addressing himself to any of an advanced age who were not quite clear in their experience, the preacher urged

Everything Ready-to-Wear for Ladies and Children

The Home of the Dress. Beautiful and Exclusive

DIRECTOIRE COSTUMES

A celebrated Parisian costumer, delving among old engravings, is struck by the possibilities of the Directoire Dress. In a few days Paris is electrified by the sight of a bevy of beautiful women gowned in the robes of long ago. Even the smart set of Paris is aghast at the audacity, but with equal audacity seizes on the inspiration, modifies the out-appear-ance and evolves that magnificent creation, the Directoire Costume, the twin queen of fashionable frocks, awaiting your selection in hundreds of exclusive designs in our showrooms.

SHEATH COSTUMES

The Sheath Costume is simply the Directoire Costume with the more severe outlines softened by the classic, sheath-fitting shape. It shares with its twin queen, the Directoire, the supreme rule in the world of fashion. Sheath motifs are apparent in all this season's productions, but we have secured the most exclusive, classic and true sheath models because we know the lady who buys her gowns at Campbell's demands and appreciates absolute correctness in dress down to the minutest detail, especially when she pays no more for perfection than for imperfection.

LAKELSE HATCHERY IS NOW FULL UP

About Four Million and a Half Eggs Are Taken.

Reports from the Lakelse hatchery in the Skeena district, conducted by the Dominion government, announces that there has been a very large run of Sockeye salmon this season. Thomas Whitwell, the officer in charge, has the hatchery filled up to its capacity with sockeye ova. There are about 4,500,000 eggs in the building in splendid condition, and by next April it is expected that the most successful year in the history of the cannery will be able to be reported.

The weather at Lakelse has been very fine this month, the thermometer going as high as 109 degrees at mid-day.

The Victoria Photographic Society will meet on Tuesday evening at 8 o'clock for the purpose of making final arrangements for the photographic exhibit at the fair. The exhibit, the first of its kind to be shown in Victoria, will be entirely non-competitive, and besides a large number of exquisite examples of the photographers' art will also include some examples of color photography.

STRAWS WHICH SHOW THE DIRECTION OF THE WIND.

The political campaign is in full swing in the East. Ten thousand people attended the first meeting of Sir Wilfrid Laurier. Fifteen hundred turned out to hear Mr. Borden make his initial appeal. Which just about represents the difference in the attractive power of the two leaders. As an independent weekly journal says, the Premier has his audience with him before he opens his mouth. It is the magnet of his personality that does it. Mr. Borden, on the other hand, is handicapped, not by his personality, which externally is attractive enough, but by lack of the subtle, intangible force which brings his great opponent into immediate sympathy with his audience. Laurier inspires, nay compels enthusiasm; Borden repels. That is the difference between the two leaders. In the one case it makes for solidarity in the party from colleagues in the administration down to the last follower in the ranks; in the other it creates division and discontent, manifested in concrete examples, of which the cases of G. E. Foster and Sir Herbert Tupper are the most conspicuous. Both these gentlemen believe that by reason of length of service and ability they have greater claims to the leadership than Mr. Borden. One ignores his commander entirely both in the House of Commons and in the campaign now proceeding. He is conducted a guerrilla political warfare of his own down in Nova Scotia. He refuses to serve under the banner of his commander. It may of course be that Mr. Borden is content to be rid of such a lieutenant, because that lieutenant's record is not all that could be desired. In the case of Sir Herbert Tupper, Achilles sulks in his tent. The probability is that if he observed any signs of success for the Conservative party under Mr. Borden, Sir Herbert would come forth and take an active part in the contest. But he is a shrewd observer, an expert at discerning the signs of the political times. Even if assured of a seat in the House of Commons, he has no desire to sit there as a private member. The Tupper has always been known as keen pursuer of the main chance. When deprived of an opportunity to serve either in Ottawa or London in highly lucrative public positions, they elected to pursue fortune in their private capacities. To sit in Parliament at Ottawa for the latter half of the year would be a great pecuniary loss to Sir Herbert Tupper. Consequently, the observer of current events who is in search of a sign indicative of the results of the coming general election has an infallible portent in the fact that Sir Herbert Tupper is for the present in retirement.

SOME ISSUES.

Mr. Barnard intimates that his party will conduct a clean fight and eschew personalities. He starts out badly in his first message. It is also noteworthy that just at the time when Conservatives make the loudest professions of purity, that is the time they ought to be most closely watched, their methods most rigidly scrutinized. Mr. Stansfeld, the man who won the Colchester bye-election, appealed to his opponent for a clean fight. Yet cases of "very choice tomatoes" and packets of bills were distributed with a free hand in that one Conservative constituency of Nova Scotia. If Mr. Barnard is going to conduct a campaign which will appeal to the reason and the intelligence of Victorians, what are the issues with which he proposes to deal? Does he subscribe to the Conservative policy of increased protection for the manufacturers of the East? Does he believe that such a policy could be carried out without adding to the burdens of the consumers of the West? Does he believe that the manufacturers are so badly off from a worldly point of view compared with the condition of their neighbors that it is incumbent upon consumers to tax themselves additionally in order to put more money in the pockets of this already prosperous class of the community? He will probably complain that British Columbians are contributing millions of dollars more to the Dominion treasury than they are receiving in return. Does he believe that the conditions against which he will com-

plaint would be ameliorated, by compelling the people of British Columbia to contribute still more heavily to the federal treasury as well as to the pockets of the manufacturers? There is the question of Oriental immigration. And there is the record of the Laurier government in dealing with that question, of fundamental importance to the people of British Columbia. Will Mr. Barnard, in the light of the attempts of the Conservative party to handle that problem, in the House of Commons and the Senate at Ottawa and in the local legislatures, and in consideration of his associations and interests, candidly contend that he and his party could be expected to deal with that question in a more satisfactory manner than the Liberals have done? It would be a sublime sight to see Mr. Barnard upon a public platform wrestling with the Oriental question and to hear him candidly and emphatically denouncing the Liberal government for failing to deal with the question as drastically as he would like to have it dealt with.

A DISINGENUOUS PLEA.

Mr. Barnard, the candidate who has been set up by the Conservatives, pleads for an abstention from personalities during the approaching contest. Mr. Barnard is wise when he says that personal allusions should be buried by both parties. It is indeed low and despicable to try and build-up one man by dragging another's reputation in the mire, and Mr. Barnard delivers a stinging blow to his own friends when he says that much. But is he earnest? Or is he assuming to be virtuous and amiable, while his friends revel in the mire of scandal and detraction with his consent? Read the recent speeches of the Conservative speakers at Victoria and Vancouver. Did they not abound in vicious and foundationless slander? From start to finish the speeches of Mr. McBride and Mr. Bowser were a disgrace to the province. They should cause even these sinners to blush if they were not so hardened, and so their hearers had to blush for them. Even Mr. Burrell of Grand Forks caught the infection. Better things were expected of him, but like the smallpox, the pestilence of slander is catching. Evil communications had corrupted his manners and he joined in the general howl of detraction and abuse. Mr. McBride was at both meetings and was in a very bad humor, for he had not just been disappointed by the nomination of Mr. Cowan, the turning down of his own candidate and the upsetting of his and Mr. Green's plans at Kootenay by the nomination of Mr. Goodeve? Those who heard the premier at Vancouver could see that he was suffering under feelings of great depression and that his promise that he would deliver this province over to Mr. Borden was an idle and silly boast that emanated from a man who now feels that his influence and power are slipping through his hands and that he has hopelessly compromised his party and his government. None will be surprised to hear that Mr. Bowser is already junking, and fearing to face the Gotoh Japanese charges, that he is about to take unto himself the wings of the morning and fly to the uttermost parts of the Dominion to avoid meeting Mr. Duncan Ross on the platform and dispute the validity of his own signature. If ever a public man's reputation trembled in the balance it is Mr. Bowser's. If ever a public man owed a duty to his constituency or the province at large by at least trying to refute the damaging accusation of having allowed a bill to be so altered as to make lawful what the province demanded should be made unlawful and of having drawn a contract with a Japanese labor man for the importation of coolies, while on the platform he denounced their importation, that man is William Bowser. And yet he runs away on the pretence that Mr. Borden wants his help. It must indeed be a weak cause that needs Mr. Bowser to prop it up with his vitriolic speeches and his arrogant demeanor. But there is one consolation—what will be to the advantage of the province will be a weakness to the Conservatives in the East.

At liberty Harry K. Thaw created trouble for himself and for other people in the pursuit of his pleasures. In the course of his career he killed a man. Then he was sent to jail, was "convicted" as a brain storer, and removed from jail to an asylum. His wealth, or the wealth of his relatives, procured his release from the asylum and transfer to jail again. But his propensity to create trouble stayed with Harry wherever he went. It followed him to prison and from prison to madhouse. At liberty he was a nuisance and a menace to society. Shorn of his liberty, he is none the less a pest, all because his wealth has enabled him to purchase a preferred position from the state, which is supposed to be ultra democratic and no respecter of persons. Which has called forth a protest from an American newspaper, which says: Harry Thaw's jail life is an increasing scandal. He has a whole floor to himself, with thirteen cells for bedrooms, the hall for a smoking and dining room, with a private

entree, flowers, books and magazines. It is against jail rules to put him either in the women's or the boys' department, and since he is confined as "a dangerous lunatic with homicidal tendencies" no men prisoners may be with him. He enjoys excursions from time to time to referees' offices in Fishkill and Poughkeepsie and to court proceedings at White Plains. Naturally, as the State Prison Commissioner reports, Thaw's treatment is demoralizing to the other prisoners. Sheriff Chanler is strongly opposed to it and tried to obtain permission of the court to send Thaw back to the Matteawan Insane Asylum. This motion has been adjourned pending the habeas corpus proceedings to test Thaw's sanity. No poor man could have these privileges and luxuries, which are secured only by the use of money. That Thaw has them is as demoralizing to the notions of justice among the mass of the community as it is to the other inmates of the Dutchess County jail and of Matteawan.

Canada will be represented, and represented in keeping with the extent of her territory and the importance of her position on the continent, at the Alaska-Yukon Exhibition to be held in Seattle next year. The business men of British Columbia believed the occasion too important to be neglected. The exhibition will be visited by millions of visitors, a large proportion of whom will be ignorant, in a considerable degree, of the nature of the resources of Canada, and especially of the resources of the Pacific Slope of Canada. When the desires of the Victoria Board of Trade and of the merchants of other sections of the province were called to the attention of Hon. Sidney Escher, Canadian Minister of Agriculture, by the Minister of Inland Revenue, the response was prompt. Immediate measures will be taken to prepare an exhibit and buildings in which to house it. The publicity given ought to prove of great benefit to the province of British Columbia.

Full of years and honors, Hon. R. W. Scott, Secretary of State, is about to retire from the Laurier government. Mr. Scott has served his country for a great many years, and has rendered good service. His career has been as honorable as it has been long. Political friends and opponents alike will wish the Secretary of State many more years of usefulness in the senate, the chamber in which he has so ably and so successfully led the government forces.

President Roosevelt has been under fire, according to the New York World. There was not a great deal said about the attempt of an assassin upon the life of the president, which is somewhat remarkable, if the effort to remove Mr. Roosevelt was a bona fide one, not a bogus set up for political effect. In any case the would-be assassin did not succeed. The president simply waved his Big Stick defiantly and regarded the affair as a joke.

The Dominion Parliament will be dissolved on Wednesday of this week. The prospects are that the campaign will be short. The new House will meet towards the end of November with the opposition in the place for which it is best adapted but to which it hates to adapt itself.

Mr. G. H. Barnard tells the people that Victoria always was a Conservative town until Senator Riley was elected in 1901 at a bye-election. The Conservative candidate did not mention that Senator Riley defeated a Barnard.

What Other People Think

Pronunciation and Fruit.

To the Editor:—As a rule it is hardly worth while giving time and attention to anything a "press man" happens not to know. But exceptions will crop up. In an interesting editorial in the Colonist upon "pronunciation" it is stated "America is a pronunciation we have never heard."

A few hours after I had read this in the Colonist I had the pleasure of a casual interview with a genuine specimen of the genus Yankee. He was "guy" (very) "pleased to meet me." And in speaking of the great loss fruit growers "out Cedar Hill side" suffered by being compelled to destroy their fruit indiscriminately by the fruit inspector, entailing great loss, he said: "You are too much governed in this country. In America, I guess, we would shoot him." In fact this is a pronunciation I am quite familiar with throughout Canada as well as America.

A CONSERVATIVE'S REASONS FOR OPPOSING BARNARD.

To the Editor:—In a previous letter I promised to give some reasons why the Christian men and women of this city should oppose Mr. Barnard, the Conservative candidate, in the forthcoming Dominion election. As it is impossible to deal with all these reasons in one letter, I shall have to write several letters, dealing with one point at a time. And firstly, it may be asked what the women have to do with it. Very much, it seems to me, as I shall endeavor to show. It is not necessary to repeat here the history of last winter's legislation by which the women of our city were deprived of certain rights which they had held under the Municipal Franchise Act; some of them for over twenty years, among others that of voting for school trustees. It is known that this amendment to the Franchise Act, which passed last winter was inspired by the so-called Property Owners' Association, that it was drafted by Mr. Barnard, and was by him carried over to the Attorney-General, and that he persistently day after day lobbied to secure its passage. In this latter action he was aided by Mr. Green and others of that "set." While that amendment was pending in the House a petition was presented signed by over one thousand women of our city. This petition was ignored, indeed, it was regar-

DON'T BLAME HER

For she cannot help it. Women are often cross, irritable, hysterical, and declare they are driven to distraction at the slightest provocation. Men cannot understand why this should be so. To them it is a mystery because in nine times out of ten this condition is caused by a serious feminine derangement. A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Mrs. Henry Clark, Glandford Station, Ont., writes to Mrs. Pinkham: "I have taken Lydia E. Pinkham's Vegetable Compound for years, and never found any medicine to compare with it for sick women. 'I had ulcers and a displacement of the female organs, and doctors did me no good. I suffered dreadfully until I began taking Lydia E. Pinkham's Vegetable Compound for years, and never found any medicine to compare with it for sick women. 'I had ulcers and a displacement of the female organs, and doctors did me no good. I suffered dreadfully until I began taking Lydia E. Pinkham's Vegetable Compound for years, and never found any medicine to compare with it for sick women.'

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it? Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

than ignored. It was made the subject of coarse jokes in the lobbies and restaurant of the parliament, building by Mr. Barnard's friends. Everybody knows what took place while that bill was before the House. The "legislative committee" of the provincial W. C. T. U., in pursuance of their duty, attended the sessions daily to watch the progress of the bill. These ladies were kept waiting for nearly a month, and then at the very end of the session the bill was sneaked through without discussion. Afterward, when these ladies asked those responsible for this legislation to meet them and explain the reason why they had been disfranchised, the request was refused, and up till this time neither the speaker nor any of his friends have had the manliness to meet these ladies and defend this legislation, or to give one substantial reason, either in parliament, in the press or elsewhere, for its passage. Mr. Barnard's amendment took from the women householders the right to vote even for school trustees. It disfranchised and disqualified the lady members of the present school board, who were elected in January last at the head of the poll. He evidently thinks that the women of our city are not fit to vote of set, that they have no business to do either in the legislature or in their God-given influence, and he ought to be made to feel the full force of that in the forthcoming election. Senator Burroughs, of Michigan, one of the oldest and most experienced members of the United States Senate, not long ago said: "The more interest we can get the women to take in the management of our public schools the better. No one is so much interested in our schools as the mothers of our land." Mr. Barnard evidently thinks otherwise. He certainly is not in touch with our public schools, and he has never given any evidence of being in sympathy with them. In fact, his sympathies appear to be mostly confined to the Property Owners' Association, the Union Club and the particular interests which packed the late convention and voted solid for his nomination.

The regular meeting of the Natural History Society will be held at eight o'clock this evening, being the first meeting since their summer vacation.

Work has commenced on the new Oak Bay school, the contract for which was let recently. The work will be rushed through to completion in order that the building may be ready to fit up and open immediately after the Christmas holidays. It is expected that the annual meeting of ratepayers, which is always held at the close of the year, will be held in the new hall which is over the school.

A musical treat is assured to all those attending the organ and sacred recital which takes place to-morrow evening at St. Andrew's Presbyterian church. A very varied and interesting programme has been prepared, in which a number of prominent vocalists and instrumentalists will take part. There will also be choruses by forty voices. For further particulars see advertising column, this issue.

An ancient E. & N. locomotive has been lying at the Esquimalt road crossing in process of reconstruction or repair for so long that it has become a part of the landscape, and has had a roof built over part of it to protect the workmen from the weather. Some one has chalked the following legend on the side of the tender: "This engine will leave on its trial trip to Nanaimo on Saturday at 1 p. m. Fare 25c. No return guaranteed. Accident insurance, premium \$1,000."

The Fernwood Five Hundred Club has organized for the winter, and a strong committee has been formed to make all the general arrangements. The club will meet every Thursday night in the Oddfellows' hall, Spring Ridge. About thirty members have already joined, and there is the prospect that a very enjoyable winter programme will ensue. The managing committee consists of E. A. Gallop, W. Wriglesworth, W. Peden, T. Watson and W. P. Marchant.

The week during the 4th and 11th days of October inclusive has been allotted for the Laymen's Missionary movement meetings in Vancouver and Victoria. The local representatives are desirous of having the last four days given to this city. The outside speakers will be J. Campbell White, general secretary; J. W. Spur and J. R. Mott, all of New York. Mr. J. Campbell White is spending a seven-weeks' holiday in Canada and is addressing the meetings which are being held in weekly succession from Halifax and Victoria.

The funeral of the late Capt. Murray Thain took place yesterday afternoon at 2 o'clock from the residence of his sister, Mrs. Langley, Quebec street, where the Rev. Mr. Clinton, of Vancouver, conducted a short service, and later at Christ church cathedral. The following hymns were sung, "Book of Ages" and "Let Saints on Earth in Concert Sing." G. Pauline officiated at the organ. There was a large attendance of friends and many beautiful floral offerings were sent. The following acted as pallbearers: Chas. E. Redfern, Baynes Reid, Capt. Smith, Capt. Gaudin and Capt. George.

By-law Will Be Recommended to Council This Evening.

Mayor Hall will recommend to the council meeting to-night that a by-law be introduced authorizing the raising by way of loan of \$150,000 for the installation of a system of surface drainage. This by-law will shortly be submitted to the ratepayers for their sanction.

If the work is approved it will be an extensive and important one. The largest item in it is the extension of the Cook street drain, which now extends from View street to Fairfield road. This is a six-foot drain, but its usefulness is reduced by the fact that it empties into an ordinary sewer. It is proposed to extend it through to the seashore, thus providing drainage for the portion of lower Cook street, which suffers from flooding in the rainy season.

The surface drains from Spring Ridge, along King's road to the harbor, will be extended easterly to drain the Work Estate district. Included in the general plan are main surface drains for Victoria West and along the Foul Bay road, with lateral drains on thoroughfares where surface drainage is a necessity.

The preliminary details and estimates have been drawn up by the city engineer's department, and the subject has been under consideration for some time by the streets, sewers and bridges committee. Ratepayers representing more than the required one-tenth of the assessed valuations have petitioned for the submission of a by-law.

Other matters to come before the council to-night are a recommendation for the boulevarding of both sides of Trutch street, from Richardson street to Fairfield road, and an amended dog by-law.

SUGGESTION FOR FAIR.

Mayor Hall Proposes Method For Handling Crowds.

Now that fall week is close at hand, the problem of handling the crowds which will be larger than ever this year—revives. With only one direct line to the grounds, and that a single track from the hospital on, it is never an easy matter to accommodate the people, especially when there is a rush.

To avoid the crush which is made to board each car as it comes up, Mayor Hall makes a timely suggestion. This is that a temporary spur track might be laid along side the permanent line, on which half a dozen cars could be placed. Into these people returning to town could get at their convenience, and an outward car arrived its crew could change over and come in with a full car. This plan would certainly prevent the crowding which takes place when every one of some hundreds of passengers tries to get into one car, while others are struggling to get off the car. It is said to prove successful in other cities.

It is only a question of a short time until a second line will have to be provided in that district, either as a new route or an extension of one of the present lines.

Owing to lack of accommodation at the penitentiary at New Westminster ten prisoners were last week transferred to the provincial jail in this city, and another batch of prisoners is expected over in the course of a few days.

In an intoxicated condition and with two full bottles in his pockets as a reserve, John A. Howard, an Indian, was gathered in by the police on Saturday night on Broad street. Although drunk he was loyal to the flag, and waved a Union Jack, to which he clung tightly when arrested. The patrol had been called out to get him to the station. There he insisted on keeping the flag even in the cells, and his wish was respected. This morning he appeared before Magistrate Jay and was fined \$5 and costs. Two other drunks completed the docket, one of whom was out-on-bail and did not appear.

ACTIVITY SHOWN IN REAL ESTATE CIRCLES

Suburban Lands Are Being Taken Up at Present.

The development of the fruit lands around Victoria is still going on apace. That is shown by the lands which are constantly being purchased for the purpose of setting out fruit trees. Most of the smaller lots are taken by people who are retiring from business but yet wish to have something to do. A five acre suburban plot is just the thing for these people, especially when it is situated in a picturesque neighborhood.

Among the numerous subdivisions which have been placed on the market and practically all sold is the Peer estate. This contains two hundred acres and is situated on Portage inlet and the Burnside road. It was subdivided by McPherson and Fullerton Brothers into small waterfront lots and slightly larger residential lots averaging about five acres each. All of these have now been sold except one waterfront lot and one five acre plot.

While a few of the lots were purchased for speculation purposes and have been resold, the majority are held by people who are making homes there. Six houses are to be built there this autumn and a number of orchards planted. This district is one of the most picturesque in the neighborhood of this city, and those who have bought lots there may congratulate themselves on having something that is valuable. The cleaning up of the subdivision is simply one instance among many of the ways in which people have been investing in local realty.

The St. John's guild are meeting this afternoon for the purpose of electing officers.

SOCCER GAMES ON TWO GROUNDS

VICTORIA WEST BEAT FIFTH REGIMENT MEN

Esquimalt Wins a Fast Game on Hard Ground by One Goal.

Table with 2 columns: Team, Goals. Esquimalt 2, J. B. A. A. 2, Victoria West 10, Fifth Regiment 0.

By a score of three goals to two and with a majority of corners and through the agency of some pretty combination play forward which registered two of their goals, Esquimalt won on the centennial ground one of the two first games of the soccer season from the James Bay Athletic Association team on Saturday afternoon and provided a fast game on a hard ground which proved exceptionally exciting throughout and more especially so when the J. B. A. A. men put on their second goal fifteen minutes from time and required one to tie with the winners.

together, for from their showing with a poor team Saturday they will make a bid for the cup as the season lengthens. Victoria West Win.

It was practically a scratch team that was mustered by the Fifth Regiment on Saturday afternoon at the Royal Athletic grounds to open the soccer season with a league match against Victoria West. The result was that the latter team had it all its own way, winning out by a score of ten goals to nil. Seven of these goals were added during the first half, and so far as could be seen from the side lines it might have been more.

Victoria West—Goal, Beane; backs, White and Prevost; half backs, Bailey, Kinloch and Cowper; forwards, Okell, Sedger, Krueger, Pettitew, and Brydon.

PRACTICES HELD. Rugby and soccer men were out Saturday afternoon and yesterday morning for practice, and their trainers at the close of the season were all pleased with the early showing.

SEAGIRT CHAMPIONSHIP.

Seagriff, N. J., Sept. 12.—The big shoot closed here to-day with the Seagriff championship match, which was won by Capt. Harry Simon, of Ohio, with a score of 12. The firing was at 200, 300, 500 and 1,000 yards.

INCORRECT GAME CHARTS EXHIBITED

Illegal Taking of Grouse Brings Protest—Good Week-end Sport Obtained.

There are in circulation at the present time several old editions of the provincial game laws chart which are likely to lead to trouble and misapprehension in regard to the laws as they exist for the island and the mainland. As regards the mainland the charts are correct with the exception of the fact that the license fee is set down in the old chart at \$2.00 for foreigners, while by an amendment to the act brought into force last March the license has been increased to \$10.00.

Grouse Shooting.

The question is being asked and protests are being made in this city among sportsmen regarding the shooting of grouse at the present time in the Highland district. Last week the Times published the fact that a well known business man of this city had been out shooting grouse during the holidays and had left evidence in the shape of a grouse's leg and a business card in the camp.

NEW HURDLE RECORD.

Chicago, Sept. 12.—A world's record for the 120-yard high hurdles was established to-day at the annual meet of the Central Amateur Athletic Association on Marshall field. The meeting was an easy victory for the Chicago Athletic Association, which scored 89 points, compared with 19 points for its nearest rival, the University of Chicago.

on the drivers that several of the teams had to call in a third man as a relay.

At 11 o'clock, when the completion of the 24 hours was sounded, the nine survivors were running in this order: Mulford-Cobe, American, 1,107 miles; Michener-Lynch, American, 1,092 miles; Copra-Parker-Hawley, Italian, 1,074 miles; Laurent-Margolis, American, 1,055 miles; Robertson-Lescault, American, 1,049 miles; Crane-Depelina-Rippling, American, 978 miles; Robert-Martin, American, 955 miles; Jeldesen-Jupass, France, 645 miles.

WONDERFUL WEIGHT THROWING

New York, Sept. 12.—John J. Flanagan, of the Irish-American A. C., a three-time Olympian winner, was the only athlete to establish a new record in this year's A. U. senior championship games of the Metropolitan association, which were held at Traversa island to-day.

WINS 100-MILE WALK.

London, Sept. 12.—The English pedestrian, T. E. Hammond, made a record for the 100-mile walk to-day and also won the twenty-four-hour walk which started at the Stadium at 5 o'clock last evening under the auspices of the Middlesex Walking Club.

NEW HURDLE RECORD.

Chicago, Sept. 12.—A world's record for the 120-yard high hurdles was established to-day at the annual meet of the Central Amateur Athletic Association on Marshall field.

LACROSSE. JUNIOR CHAMPIONSHIP.

Vancouver, Sept. 12.—The provincial intermediate lacrosse championship was won here this afternoon by the New Westminster team from the Vancouver team in a game played at Brockton Point. The score in favor of New Westminster was six goals to four.

CORNWALLS BEATEN.

The Tecumsehs are sure now of the National Lacrosse Union championship as they defeated the Cornwallis at Montreal on Saturday by 6 goals to 2. At Ottawa, the Capitals downed the Shamrocks by 7 goals to 5 after a hard game.

RUGBY SEASON STARTS WELL IN CALIFORNIA

Vancouver Opens Year in Both Rugby and Soccer Games Successfully.

Palo Alto, Cal., Sept. 12.—The Rugby season of 1908 was formally opened by Stanford this afternoon. Three matches were played on the varsity field, a holiday crowd was in attendance, and tonight the whole undergraduate body is happy in the knowledge that the Stanford teams of 1908 will be made up of the same sturdy timber as of old.

Vancouver Games.

Vancouver, Sept. 12.—After a very interesting struggle the "B" team defeated the Eighteen in the trial Rugby match at Brockton Point yesterday afternoon by a goal and a try (8 points) to a try (2 points).

Victor Levy Complimented for His Playing on Board Liner.

In a postal card received by A. Levy from his son, Victor A. Levy, written on board the Empress of Ireland just before landing at Liverpool, is conveyed news of the trip across the Atlantic. The postal note, which is accompanied by a photo, says: 'Will be in Liverpool in one hour's time. I met and practised with a young lady named in Vienna to study with Leoschitzky. The gentleman in the photograph marked with an 'X' is Professor Carl Bach, the conductor of a band in Washington, D. C., who played my accompaniment at the concert on board. One gentleman, the nephew of Sir Walter Pater, wrote a letter of introduction and recommendation to my uncle and Sir Frederick Cowen, the great musical conductor. I played in the concert on board and since then have been overladen with cards of people who wish me to correspond with them. I was heartily complimented on my performance.'

NANAIMO WINS FIRST PACIFIC COAST GAME

Two Goals to Nothing Over Vancouver at Nanaimo Yesterday.

The first game in the Pacific Coast soccer league was played at Nanaimo yesterday and resulted in a win for Nanaimo against Vancouver by two goals to nothing. The winners, who are last year's Island champions, scored one goal in each half, and had a strong eleven out to do battle for the island title. The game as described by Alex. Lockley, president of the Victoria District Association football league, who was chosen as referee for the occasion, was a clean one which gave satisfaction to all members of both teams. One case of rough play occurred but once cautioned, the player recognized that Lockley intended to run the game to suit himself and subsided into playing straight football. The teams were: Nanaimo—Goal, Rogers; backs, Graham (captain), Hewitt, Harley, McEwan and Farmer; forwards, Bundell, Hurren, Mitchell, Frickshank and Locke. Vancouver—Goal, Forrest; backs, Saul, Strange (captain), Knorr, McKenna, Wilson; forwards, Shaxson, Cameron, Robertson, Nanson and Jones.

The Nanaimo backs were a strong contingent and successfully repulsed attack after attack on their goal, while the forwards kept the Vancouver back line in trouble throughout the game. Harley put up a rattling game but was obliged to retire during the first half, owing to his ankle giving out. In the second half he attempted the game again but was unfortunately in receipt of a kick on the knee which disabled him for the balance of the day. Hewitt at left full back is credited with a sterling game of vigorous football, while of the younger and new man, McEwan, of Nanaimo, made his debut in the soccer field in splendid style and won the praise of the spectators for the forward line was responsible for the two goals. For Vancouver, Saul put up a great game, but without the assistance of two good men, who were ejected to Sunday football, the mainland aggregation were somewhat weakened. A report from Nanaimo this morning in confirmation of the statement that Lockley requisited himself in good style as referee for the match, and at the meeting held last night of the Pacific Coast League he was selected as referee for the Seattle-Ladysmith match at Seattle on the 17th. The game was played before a large attendance of Ladysmith and Nanaimo people.

METALLIC IRON STRIKE REPORTED

AMUR BRINGS NEWS OF UNIQUE DISCOVERY

Hill of Almost Pure Metal Said to Exist on Douglas Channel.

According to a report brought by the steamship Amur, Capt. Locke, which returned from northern British Columbia ports yesterday, a hill of almost pure iron has been discovered on the Douglas channel, north of the Gardner canal, which, if expectations are realized, will be the first of its kind located in this continent. The situation of the claim is about twenty miles from the Gardner channel, north of the Gardner canal, and is about twenty miles from the Gardner channel, north of the Gardner canal, and is about twenty miles from the Gardner channel, north of the Gardner canal.

more valuable than a quartz gold mine and there is considerable excitement in the vicinity of the strike. The Amur experienced heavy weather in Hecate strait upon leaving the Claxton cannery for Skidegate. When several hours out a heavy gale was encountered and the steamship finally put back to Banks Island and sheltered under the lee of this land until the weather conditions improved. This was done on account of it being impossible to make Skidegate over the bar while the sea was high. After clearing the Queen Charlotte southbound the Amur ran into dense fog which lasted until she was close to Seymour's narrows. About 65 passengers came south to Vancouver, including many mining men from Moresby Island. The Amur's cargo was mainly composed of salmon from the Naas and Skeena and fifty drums of fish-oil from the Skidegate oil works. According to advices from Collinson bay a strike has been made on the Black Prince property, good ore having been struck twenty feet in. The Sillingsham-Copper Company's workings have been temporarily closed down at the bay pending a re-organization of the company. The Amur will sail north again tomorrow night.

British Ship Scottish Moors Returns to Montevideo Again For Repairs.

San Francisco, Sept. 14.—Word has been received here that the British ship Scottish Moors, bound from Hamburg to this port, and which put into Montevideo on the 27th of July last in a damaged condition and which sailed August 27th, has again returned for repairs.

After leaving Montevideo the vessel struck heavy weather just before reaching the Straits of Magellan, which developed into a storm of unusual severity. In the contest with the elements the vessel fared badly and when the storm was over she had lost many of her spars and most of her rigging. The return was then made to Montevideo. She will be delayed several weeks while the refitting is going on.

HAZELTON HAS ROUGH TRIP FROM WRANGEL

Eight Days Reaching Prince Rupert—Kitselas Canyon is Again Navigable.

Prince Rupert, Sept. 11.—The Hudson's Bay Company's steamer Hazelton, Captain Bucey, reached port on Tuesday morning after a long and stormy passage from Wrangel, Alaska, taking over eight days to make the trip, which, under ordinary conditions, would have been made in two.

After leaving Wrangel the stern-wheeler encountered strong southeasterly gales, which continued all the way to Prince Rupert, and against which she could make little or no headway. At times the wind developed into almost a hurricane, and the Hazelton was forced to seek shelter on several occasions until the storm abated. Phil Oberlander, the Bohemian sportsman, and his hunting party were safely landed at Telegraph Creek, where guides and pack horses were waiting to convey them to the hunting grounds at the headwaters of the Stikine river. The hunt will last about six weeks, and Mr. Oberlander expected to reach Telegraph Creek again about the middle of October, when the party will be conveyed by canoe, manned by Indians, down the Stikine to Wrangel, where connection will be made with the G. P. H. steamship Princess Beatrice en route to Vancouver.

The Hazelton went on to Port Eastington, and after loading there will leave at once for Hazelton, as good steamboat water is now reported from the Kitselas canyon. The Hudson's Bay steamer Port Simpson, which left Eastington on Tuesday, will probably also go through to Hazelton, and at the present stage of water there should have no difficulty in navigating the canyon.

The G. P. H. steamer Distributor left here on Wednesday loaded with freight for Hazelton and interior ports. These will be the first through steamers on the upper Skeena for some weeks, and will again relieve the warehouses, which were becoming somewhat crowded.

ESTEVAN WILL HAVE CONCRETE LIGHTHOUSE

First Tower of Kind on Coast—Marine Department Expert Here.

Work will shortly be commenced upon the first reinforced concrete lighthouse on the North Pacific coast at Estevan point. The expert who superintends reinforced concrete work for the Dominion government's department of marine, Mr. De Mifflon, arrived in the city on Saturday, and preparations are being made for the commencement of construction. The tower of the lighthouse will be from 80 to 100 feet high, and will be surrounded by a very powerful light which should prove one of the finest and most useful on the coast. To-morrow the G. S. Quadra, when she leaves for the north, will stop at Trial Island to land the new double-flash incandescent light which is replacing the fixed light now operating at Trial Island. This new light will have distinctive flashes, and will be very much more powerful than the present light.

IMPORTANT

San Francisco, Sept. 14.—The largest single shipment of salmon ever received at this port, amounting to 165,000 cases, was brought down from the canneries on Bristol Bay, Alaska, by the American ship Manga Reva, which arrived a few days ago. Owing to the high price now prevailing this cargo of salmon is valued at \$400,000. The fishing season in Northern waters has been very successful and all vessels arriving are heavily laden.

CHIPPEWA AND SENTINEL CRASH

ACCIDENT ON ELLIOT BAY IN THICK FOG

Sentinel's Bows Damaged—Passengers Transferred Safely.

Steaming slowly from her dock at Seattle on her usual trip to Victoria last Saturday morning, the Inland Navigation Company's steamship Chippewa collided with the little wooden steamer Sentinel when half-way between the end of the Colman dock and the bell buoy in Elliot Bay. The Sentinel's starboard bow was crushed in for a distance of about eight feet from the stem, and some water was shipped, but, after an efficient pump had been put on both vessels, the Sentinel's passengers, 17 in all, were quickly transferred to the Chippewa and safely landed at Seattle. From the varying accounts of passengers and members of the crew on both vessels, it appears that the collision was one such as might happen at any time between two vessels in thick fog. The Chippewa, according to her officers, was clearing the busy waters off Seattle under a slow bell, with her whistle sounding, according to regulations, when the Sentinel showed up before her bows. Both crews had heard the other whistling, but when the two sighted each other it was too late to avert an accident. Engines were reversed on both and the helm swung around, but the steel stem of the Chippewa caught the Sentinel on the starboard bow, smashing in the thin woodwork as if it were cardboard. Something approaching a panic was occasioned on the Sentinel, but was rapidly overcome by the assurances of the officers and the cooler men aboard, and steps were at once taken to transfer the passengers to the Chippewa. The Sentinel was lashed to the other vessel's side and a gang-plank run to her deck. In a few minutes the passengers were aboard the larger steamship, which headed for Seattle, while the Sentinel steamed to West Seattle and was beached. The Chippewa placed on the King & Winge dry dock for repairs, which will probably take a week. The Chippewa resumed her passage to Victoria, arriving considerably after her schedule time. The Chippewa, which is owned by the Inland Navigation Company and its allied concerns, was commanded by Capt. McAlpine, and the Sentinel, which belongs to the Kitsap County Transportation Company, was on her way from Logans Bay to Seattle at the time of the accident, was commanded by Capt. H. Hendrickson. There will probably be a marine inquiry to determine whether either vessel is to blame. The Chippewa escaped without injury. Representatives of both the Kitsap County Transportation Company and the Inland Navigation Company state that the mishap was unavoidable, and both are pleased at the good work done by their officers and crews, who are also highly commended by the passengers. The steamer Relief is taking the Sentinel's run while the latter is being repaired.

PRESIDENT CROWDED: PUEBLA IS SOLD OUT

Rush of South-bound Traffic Fills Steamships—Governor in Port.

South-bound traffic on the San Francisco steamship from the Sound and Victoria has grown, during the past three weeks, to such proportions that all accommodation on the City of Puebla, sailing south on the 18th, was sold out last Friday. While the steamship Governor, which sailed last night, had every room full and many passengers sleeping on all kinds of improvised beds. The President was delayed leaving Seattle on account of heavy fog in the Sound. She carried a full cargo. Last night the steamship Governor arrived from San Francisco with 180 passengers, of whom the following landed here: Miss G. Balfour, J. C. Reeves, D. G. Tetty, Mr. and Mrs. E. Urquhart, F. A. Purser, Miss J. Tracy, Mrs. and the Misses Perry, George C. Penick, P. F. Greenbaum, C. J. Poole, J. R. Doody, F. D. Kinisella, G. R. Littleton, G. G. Pearson, J. McCall, Mrs. McCall, H. Tonswell, Miss E. Adair and nine second-class.

The new schedule for the Pacific Coast Company's fleet, just inaugurated, shows that the steamship City of Puebla will make her last trip north on September 20th, arriving at Seattle on the 3rd, and going to Nome and St. Michael on October 10th. The Umattila will run during the winter in her place on the San Francisco route, and the Governor and President will be retained on that route. The two latter steamships are scheduled for this run until the end of November, but it is stated that they will not be withdrawn this year. The steamship Princess Ena is loading freight at Vancouver for Seattle.

Among the passengers on the Nippon Yusen Kaisha liner Aki Maru, which is due from the Orient to-morrow, is Capt. T. H. James, the London representative of the big Japanese steamship concern. Capt. James is accompanied by Mrs. James and two daughters and is on his way to London again after visiting Japan. Accompanying him is a son of President Kondon, of the N. Y. K., who is on a pleasure trip to England. The N. Y. K. liner Tango Maru is scheduled to sail from here to-morrow evening for Hongkong, via ports.

SEAMAN DROWN

Sloop Rhododendron Wrecked Five Miles West of Port Angeles. Port Angeles, Sept. 12.—While en route down the straits to-day on a trading expedition, the well-known sloop Rhododendron, of this port, Capt. Hall in command, was driven ashore at the mouth of the Elwha river, five miles west of Port Angeles and totally wrecked. Almost by miracle Capt. Hall was rescued, but an Irish fisherman who accompanied him was drowned. During a stiff breeze which prevailed the tiller of the little craft was carried away, leaving her helpless. The man who accompanied Capt. Hall, Miltge by name, attempted to make shore in a small boat, but was caught in the heavy surf and was drowned when his boat was overturned. Farm hands from a neighboring ranch, who witnessed the accident to the Rhododendron, came to the rescue. They were too late to save the seaman, but after much difficulty succeeded in rescuing Capt. Hall. The body of Miltge was not recovered. The man is said to have been a recent deserter from the British bark Baltimore, which recently towed from Port Townsend to Tacoma to load grain for the United States. The sloop is a total loss.

MINSTRELS ARE HERE

Richards and Pringle Will Give Entertainment This Evening.
At the Victoria theatre to-night Richards & Pringle's Famous Minstrels will appear.
This is the last chance to see this dusky band of entertainers for some time, as they go abroad next season for an extended tour.
The personnel of the company this season includes such well known names as Clarence Powell, Pete Woods, Happy Beauregard, Fred Simpson, William Robson, Billy King, J. W. Cooper, Alma Moore, Sidney Kirkpatrick, Charles Scott, Marsh Craig, Ben Johnson and a host of others. The beautiful new electrical First Prize "The Meeting of the Alumni," is a radical departure in minstrelsy, scene and scenes beyond anything attempted by competitors, really it is the scene of perfection. There is a big singing and dancing act, "Plantation Pastimes," in which the full strength of the company appear. Cooper and his wooden headed family keep the audience in roars of laughter. Clarence Powell, the corpulent comedian, who talks about his family, has several new ones for you to think over.
Moore, a Hindu Impertation, has an act like of which you have never seen before. Craig is as big a mystery as ever, and the beautiful and screamingly funny musical burlesque, "When the Troop Struck Town," is along entirely new lines.

THE NEW GRAND

The Offering of Manager Jamieson This Week is a Good One.
Opening at the New Grand to-day are the great Abdalah troupe of whirlwind Arabian acrobats; Loughlin's wonderful performing dogs; Maie Scheffels, the English song bird; O'Connor, Saunders & Jennings in their rural comedy, "The Thoroughbred and the Lady"; the Lyndons in "The Prima Donna and the Cook"; Thos. J. Price, singing the illustrated song, "Just You and I"; new moving pictures, entitled "In Atrabani" and "Drama in Tyrol," and Gazzo-Ladra, by Rossini, as an overture by the orchestra.

Y. M. C. A. WILL HOLD ANNUAL MEETING

Good Programme Will Be Given in Addition to Business.

The Y. M. C. A. members will hold their annual general meeting to-morrow evening in the auditorium on Broad street. There will be a general review of the work of the past year, and the policy discussed for the coming season. This will be done by President McCurdy, after which the various committees will report somewhat in detail. Besides the business which will be considered, there will be a good programme of musical and literary selections. Among the performers will be Miss Marguerite Evans, who has recently arrived from Toronto, and who has a high reputation as an acrobaticist. D. C. Reid and Tom Dabell, both of whom are well known locally, will sing.
It is thought that the president's report will contain a recommendation to go ahead with the new building campaign. The erection of a hundred thousand dollar building has been talked about for some time, but hitherto no determined effort has been made to set the ball a-rolling. It is thought by many that the present is an auspicious time, and that the coming year will see the association in a fine new home. So far no site has been secured, the one that had been thought of in this connection having been sold. A strong building committee will, however, be chosen and the work pushed ahead.
Five new directors will be elected on Tuesday evening. These are: J. H. Macpherson, following on the expiration of the term of office, and besides those there are three directors who find it impossible to be present in the city to attend the meetings of the board. The retiring directors are: S. Johns, W. Sewcroft, A. W. McCurdy, Dr. S. G. Clemence and A. Robertson, while the following new men have been nominated to fill their places: W. Scowcroft, A. W. McCurdy, Captain D. McArthur, H. L. Drury and P. D. Hillis. Arthur Bell and Dr. Graham have resigned as they do not intend to be in the city, so to fill their places C. A. Field and Dr. H. J. Wasson have been nominated. A. T. Frampton has been named to fill the place of E. M. Whyte, the latter of whom is now in Montreal, the city that he finds it impossible to continue in office. All these nominations were posted before last Tuesday, and as there were no others they will on Tuesday next be declared elected by acclamation. The officers for the coming year will be chosen by the directors.
The secretary and treasurer are hopeful that the year will be closed with a surplus of five thousand dollars asked for at the beginning of the year having been practically all raised.

SHALL WOMEN HAVE A VOTE?

Every issue of the Times last week contained a coupon for signature by those who are in favor or opposed to Woman Suffrage. I have received quite a number of replies, but it is surprising that some of the most ardent advocates of Woman Suffrage have not taken the trouble to vote.
It is only fair to say the same request was made of the Colonialist editor and the letter and form of coupon sent to that paper, but no word from the editor has been received or any reference made thereto. I leave Colonialist readers to draw their own conclusions, and beg here to thank the editor of the Times for his courtesy and the friends of Woman Suffrage who have sent in their votes. I have asked one of the officials of the Times to count the votes "yes" and "no." They are:
For Woman Suffrage 77
Against Woman Suffrage 7
Total 84
If the general public were canvassed it is safe to suppose that the demand for Adult Suffrage independent of sex would be overwhelming. This advocate may start the discussion of the subject. Let the governments take notice. It must come to the discomfiture of the opponents.

PANTAGES THEATRE

Some Good Features at Johnston Street House This Week.
Two features will appear at the Pantages theatre to-night. The three Herman's in a track and fancy bicycle act, and Francesco Maracci, "The Venetian Violinist."
The Herman's Trio are entertaining and give an unequalled exhibition of fancy and trick bike riding. Their feats are gracefully performed and comically clever. They conclude with a one-mile race which is a genuine novelty.
Francesco Maracci has the talent and appearance of Paderewski and enjoys a great reputation as a gifted and talented violinist.
Maracci will render different selections throughout the week.
The Australian trio will present a sketch much out of the ordinary, introducing two baritone and a tenor dancer during their time allotment. Mae Clark, a classy vocalist, has an abundance of popular ballads to entertain with; while Billy Cullen, the singing comedian, will amuse all with new jokes.
The biograph will show some clever subjects in motion photography.
A most enjoyable dinner was given at the Emperor hotel on Saturday evening by Mr. Joe. Bosowitz, at which covers were laid for fifteen. Mr. Bosowitz had on his right Mrs. Duff and Hon. Wm. Templeman, and on his left Mrs. Templeman and Hon. Mr. Justice Duff. The other guests were: Judge and Mrs. Lampson, Col. and Mrs. Jones, Mr. Pike, Mr. Vernon, Mrs. Rithet, Mr. Fortie, Vernon, Mr. Fowell and Mr. Dalg.

SACRED CONCERT TO BE GIVEN TO-NIGHT

Talented Musicians Visit City Unexpectedly and Will Give Entertainment.

This evening in the Congregational church, Pandora street, lovers of good music will have an opportunity of hearing Leon Louis Rice, a tenor, of New York, who has a wide reputation as a singer of sacred music. Assisting him will be Miss Jenie Caesar, a pianist, and Miss Amanda Caesar, a violinist, both of whom have a wonderful talent.
It is by chance that an opportunity is afforded of hearing these artists. On a tour of the Coast, they happened to come to Victoria. Yesterday Mr. Rice was heard in the Congregational church, where he delighted all who heard him. His rendering of "The Ninety and Nine," by Campion, which was sung by request, was very much enjoyed. Miss Caesar assisted also at the service, rendering a violin solo.
The presence of these musicians in the city has been taken advantage of to have a concert given this evening.
Mr. Rice has been engaged for the winter to sing in one of the large churches of Houston, Texas. To-night he will, by request, sing "The Holy City."

MARRIED ON ROOF OF SEATTLE HOTEL

Poulsbo Bride Chooses High Altitude, and Victoria for Honeymoon.

Married on the roof is the latest from Seattle, and the two participants in the unique ceremony as soon as the knot was tied at the end of last week came across from Seattle to spend a few days of the honeymoon in this city, and registered Saturday afternoon at the Dominion hotel, where they are spending a few days. The two parties to the contract were F. J. Burke and Miss Josephine Wagner, both residents of Poulsbo, Washington, where the groom carries on business as a merchant. The bride planned the arrangements and decided that she would like to be married in busy Seattle, and her whim was that she should also be married by a pastor from her home town. So the willing groom interviewed the clergyman and requested him to make ready for a trip to Seattle with the bride party to perform the ceremony. Friday morning the party arrived at Seattle and went to the Hotel Lincoln, where the bride inspected the premises and decided that the ceremony should take place on the roof in the open air, where the management have a roof garden. At 11:30 a. m. Rev. Chris. Mohr, pastor of the Free Lutheran church of Poulsbo, performed the ceremony in the presence of a large party of friends from the home town of the couple. A wedding dinner was served in the banquet room of the hotel after the ceremony, and the newly-wedded pair then left for Victoria to spend the honeymoon.

Picturesquely situated at the foot of the magnificent Harrison Lake, surrounded by mountains from 2000 to 10,000 feet in height, within three hours' run from the Pacific Coast, this celebrated resort, whose Springs have been found by the pioneer explorers since the pioneer days of British Columbia, offers unequalled attractions to both pleasure and health seekers. A beautiful drive from Agassiz station, seventy miles from Vancouver on the main line of the Canadian Pacific Railway, brings the tourist to the St. Alice Hotel. The view from the hotel verandas are unrivalled. Many delightful walks through the woods, mountain trails to climb, tennis courts, croquet lawns, baseball grounds, good fishing and hunting in season, and boating surroundings anywhere, afford unlimited outdoor entertainment, while for indoor amusement there are ping-pong and billiard tables and a large dancing pavilion. One of the attractions of the locality is the Government Experimental Farm at Agassiz, many guests spending pleasant afternoons in visiting this interesting institution.
The efficacy of the Harrison waters in rheumatism, kidney and liver diseases, etc., etc., has long since made these springs the most noted of the Pacific Northwest. Well fitted baths in the hotel are supplied with the mineral water. Those requiring medical advice may consult the resident physician, and baths may be taken under his superintendence. The St. Alice Hotel is open all the year round. Terms, \$1.50 per day and upward. American plan, bath, etc., extra. Special terms to parties staying a week or longer. Address all inquiries to the manager.

Weiler Bros. The Largest and Best In the Whole Wide West Established 1862

TO THE FAIR

WE mean our fair visitors—the ladies, who, when attending the Victoria Exhibition, will combine the pleasant duty of thoroughly inspecting the stores and their contents—to one and all we bid a very hearty welcome, and venture a few hints on the wealth of most useful high-class and exclusive furnishings collected at this season for their special inspection and delectation in the greatest furnishing store of the great West.

IN CARPETS they will find miles of fine fabrics—useful Tapestry, long-wearing Brussels, sumptuous Wiltons, luxurious Axminsters, fashionable Art Squares, Hygienic Fibres, to which can be added Linoleums (inlaid and printed), Oilcloths and Mattings—all bearing the Hall Mark of the most famous manufacturers, and priced at figures bringing them easily within the reach of all pockets.

IN LINEN we have made special importations of the finest Irish weaves—the sort our ancestors were proud to possess on account of its durability, fine texture and exquisite finish. To enumerate a few items, there are: Tablecloths of all sorts and sizes, Serviettes, Runners, Sheets, Pillow Slips, Bedspreads, etc., etc. In addition, in the same department they will find a splendid stock of Blankets, including our famous Scotch Blankets, from \$6.50 per pair; Counterpanes, McClintock Down Quilts, Towels, etc., etc.

IN THE FURNITURE DEPARTMENT we draw special attention to our magnificent display of Early English Oak Suites, Mahogany Suites and the most useful and very low-priced suites in Empire oak finish. It is an education to see these beautiful goods.

IN THE DRAPERY DEPARTMENT we found a splendid aggregation of materials for Casement Curtains, Challis Cloth, Cut Linens, etc., Liberty Art Goods, Beautiful Nottingham and Swiss Curtains, Rich Muslins, French Brocades and every fabric necessary to make the home beautiful. Our experts will explain and assist when required; we make no charge.

IN HOUSEHOLD and Art China, Silverware, Cutlery, Cut Glass, Pictures, Souvenirs, Copper, Brass and Wrought Iron Fenders, Kerbs and Fire Irons, we have a sumptuous display awaiting all visitors.
