GERMANS IN OCCUPIED REGION KILLED TWO BELGIAN SOLDIERS

Men Who Lost Their Lives Were Attempting to Search Two Germans; Sugar Factories Seized By French; Death Sentence Imposed On German Confirmed.

Essen, June 21.—A Belgian corporal and a private were killed and one private was wounded at Marl, near Recklinghausen, today when they endeavored to search two Germans at a control post.

Aix-la-Chapelle, June 21.—Germans attacked a Belgian cyclist detachment at Siskingmuehlen, near Dorsten, in the occupied territory, according to a dispatch received here. It is stated the attacking party used firearms, but the details as to the outcome are lacking.

Ludwigshafen, June 21.—The sugar factories at Frankenthal and the neighboring villages of Friedensau and Offstein have been occupied by the French.

Dusseldorf, June 21.—The superior court martial of the French army on the Rhine has rejected the appeal of Paul George, agricultural engineer, employed in the Baden Aniline and Soda Works at Ludwigshafen, convicted of sabotage. The court confirmed the sentence of death pronounced recently by the lower court.

A German Estimate.
Cologne, June 21.—Approximately 23,500 German railwaymen and members of the railways and other employees were driven from their homes by the French and Belgians in the newly occupied areas from the time the troops entered the Ruhr to the present according to figures given out in German quarters.

START NEW WAR UPON DANGEROUS MOTORISTS HERE

Police Board Plans Campaign to Protect Pedestrians and Drivers

No More Corner Cutting and Careless Parking; Must Use Arm Signals

Stirred by reports of 578 automobile accidents here in the last six months, the City Police Commission to-day announced a new and drastic campaign to enforce motor regulations and protect pedestrians. Starting next Monday city police will enforce to the letter city by-laws which govern the parking of cars, forbid motorists to "cut" corners, force the use of arm signals when turning and stopping and limit the speed of automobiles in the Fort Street "Dardanelles" to fifteen miles an hour.

"There will be no exceptions to the rules," Police Commissioner W. E. Stansfield declared to-day in announcing the Police Board's plans. "Every motorist failing to obey the regulations will be fined. We intend to bring about a different attitude on the part of motorists to the law here. At present the motorists' laxity in this regard is an absolute disgrace. Visiting motorists pay much more attention to our regulations than our own citizens."

ASKS \$100,000 FOR IMMIGRANTS

Salvation Army Heads in Britain Plan Extended Settlement Work

London, June 21 (Canadian Press Cable).—In a pamphlet entitled "Transportation," issued by the Salvation Army, General Bramwell Booth, head of the organization, explains his proposals for the extension of his "Empire migration work" and appeals for £100,000 to assist him in carrying out the scheme.

DUCHESS OF ROXBURGH DIED IN LONDON

London, June 21.—The Duchess of Roxburghe, widow of the Seventh Duke, is dead. She was the fourth daughter of the Seventh Duke of Marlborough and Queen Victoria's Mistress of the Robes and Lady of the Bedchamber from 1895 to 1901. Her husband died in 1892.

PLAN FIGHT TO BLOCK CHURCH UNION SCHEME

Presbyterian Church to Remain, Says Dr. Clay, Back From Assembly

Non-Unionists Buckle On Armor to Prevent Serious Disruption

"The Presbyterian Church in Canada will continue. It will not close its doors," Rev. Dr. Leslie Clay, pastor of the St. Andrew's Presbyterian Church and a leading figure in the Presbyterian General Assembly, declared when he returned here today from the Assembly's recent Port Arthur convention and announced plans for fighting the present move to unify the Presbyterian, Methodist and Congregational Churches.

Organization of the Presbyterian forces antagonistic to the present union scheme will proceed rapidly, and is well under way now. Dr. Clay announced when he returned here today from the Assembly's recent Port Arthur convention and announced plans for fighting the present move to unify the Presbyterian, Methodist and Congregational Churches.

All Presbyterian churches, under the present union scheme, are given the privilege of voting to decide whether they shall join the new union or remain outside it, Dr. Clay explained. This vote must be taken within six months after the passage of the union bill by Parliament. Dr. Clay said he would oppose an immediate vote on the subject here and would urge that nothing of this kind be done until Parliament had acted one way or the other.

The scheme provides that a church may vote to withdraw from the union," he went on. "But to what shall we withdraw? Under the law it could not even be the name of the Presbyterian Church in Canada."

Would Cause Disruption. In cases where a congregation is split over the question of union, Dr. Clay foresees great difficulties in the disposal of church property. "I admitted in the Assembly for the sake of the union advocates were true," he said, "but I contended that to force the bill as drafted through at this time would not accomplish the object proposed."

MARKETING OF B. C. FRUIT ARRANGED

Vernon, B. C., June 21.—It is announced by the Associated Growers that the crop of the Creston Fruit Growers' Union will be directed in marketing by the Associated Growers. Negotiations to this end were completed at Calgary a few days ago when representatives of the two organizations, together with growers, sat at a conference and completed the arrangement. This brings under the control of one head nearly all the interior tree fruit crop.

NEW ZEALAND TO DOUBLE AMOUNT FOR NAVAL WORK

Wellington, June 21.—(Canadian Press Cable via Rester's).—Hon. C. J. Parr, Minister of Education, stated in Parliament yesterday that the New Zealand Government proposed to double its naval subsidy and to offer the British Admiralty £200,000 as a contribution toward the establishment of a naval base at Singapore.

TEN IN CHICAGO BURNED TO DEATH

Unidentified White Man and Nine Negroes Perished

Thirty Negroes Injured When Fire Swept Tenement

Chicago, June 21.—Ten persons, nine of them negroes and one unidentified white man, were burned to death and about thirty negroes were injured when fire swept through a three-story tenement here containing twenty-four flats occupied by nearly 160 tenants early to-day at Twenty-second and Federal Streets, on the South Side. Firemen suspect the fire started from a moonshine still in the basement.

The building was virtually a fire trap, according to firemen who, with police, rescued half a hundred of the tenants, who while panic-stricken leaped from windows and a fire escape which failed to swing down as it should have done.

Four bodies were identified as those of negroes, but the others remained unidentified.

Left Gas Burning. Joseph Smith, a furniture dealer in the building, was taken into custody for questioning and admitted according to the police, that he had operated a still in the basement and had left the gas jet burning. He said the gas flame was about four inches from the plaster ceiling. The gas jet was under the front stairs and is believed to have set fire to the building. The stairs were in flames when firemen arrived and cut off escape for many of the tenants, who jumped from windows in the panic.

The burned tenement was in the heart of the negro district, near Chicago's Chinatown.

HEAT WAVES CAUSE OF DEATHS

Twenty-Two in Ohio Have Lost Their Lives

Seventeen in Chicago; Five in New York

Columbus, Ohio, June 21.—The death toll of the heat wave which has held Ohio in its grip since Monday stood to-day at twenty-two. Continuation of the scorching weather for the remainder of the week is predicted by weather bureau officials.

Temperatures as high as 92 prevailed in many sections of the state yesterday. Concrete pavement east of Fremont, expanding under the heat, "exploded" just as an automobile driven by Leo Jeffrey, of North Adams, Mich., was passing. The machine was ditched and damaged, but Jeffrey escaped serious injury.

Opposes Quick Vote. All Presbyterian churches, under the present union scheme, are given the privilege of voting to decide whether they shall join the new union or remain outside it, Dr. Clay explained. This vote must be taken within six months after the passage of the union bill by Parliament. In the picture Mr. Lawson is on the left and Sir George Fuller on the right.

UNION BANK MAKES PROVISION TO COVER LOSSES ON EXCHANGE

Winnipeg, June 21.—The Union Bank of Canada to-day issued a statement to its shareholders regarding its affairs as follows:

"Dear Sir or Madam,

"Shortly before the last annual general meeting, your then general manager reported to the president and directors the discovery of certain unauthorized transactions in foreign exchange from which a considerable loss resulted to the bank, which loss had then been fully provided for. Having regard, however, to all the surrounding circumstances, and in view of change of the general management of the bank, a thorough examination and revaluation of the bank's assets was later decided upon.

This has been conducted by the present general manager, the chief executive of the bank and the auditors of the bank, and in addition a high executive officer of the Bank of Montreal, loaned for the purpose.

Adequate Provision. "The ordinary losses inseparable from commercial and agricultural transactions have been conservatively and carefully taken care of by the usual provision had it not been for the unexpected and abnormal items above referred to, which have been provided for by adequate provision for such risks in the current business of the bank."

Funds Transferred. "To provide amply for the foregoing losses and risks, it has been deemed advisable to transfer from the rest account to contingent reserve account the sum of \$4,250,000. This taking into account the sum of \$3,800,000. Previous to 1918 dividends of nine per cent. were paid. In that year they were increased to ten per cent. In 1920 a bonus of two per cent. was paid.

With Confidence. The president, the directors and executive officers, said Mr. Allan, were looking forward with confidence to the future of the institution. The Union Bank was founded in 1845 in Quebec. It had, according to the 1922 financial review, an authorized capital of \$15,000,000, and a subscribed and paid-up capital of \$3,800,000. The reserve fund was \$4,250,000. Previous to 1918 dividends of nine per cent. were paid. In that year they were increased to ten per cent. In 1920 a bonus of two per cent. was paid.

MEMBER OF CURB MARKET EXPELLED

New York, June 21.—The first development in the Wall Street crisis to-day was suspension for a year of the New York Curb Market of one member and expulsion of another.

Benjamin Alexander was the member expelled. A. B. Morley, of A. B. Morley & Company, was suspended.

Alexander was expelled for "an act inconsistent with the Curb's principles of trading." He was connected with the J. Schenck firm.

Morley was suspended for "an act detrimental to the best interests of the Exchange."

POLICE TOLD BODY FOUND IN BUSH

The Saanich police were called to-day to investigate the reported finding of a body in the bush near Saanich.

GERMAN LEADERS WISH CONVERSATIONS DIRECT WITH PARIS

London, June 21.—Developments of great importance are impending in the Franco-German relations, says an article printed in The Daily Telegraph to-day. The writer asserts the German Government has taken practical steps to determine a method, which, without prejudicing the interests of Great Britain, would lead to direct conversations between Paris and Berlin.

PRAIRIE CYCLONES SHAKE PRICES

Island Fruit Shipments to Be Curtailed

Large Strawberry Tonnage Will Go Into Jam

A special boat has been chartered by the Empress Manufacturing Company, of Vancouver, which will take its first load of strawberries from Saanich to the mainland to-day. The growers here believe that an average of ten tons daily will be sent to the jam manufacturers in Vancouver. Altogether they will ship 250 tons of berries, according to present contracts, but they may sign agreements to supply more. At present, H. E. Tanner, manager of the Saanich Fruit Growers' Association, believes that the growers of the Island will not take any more contracts until such time as they feel their position more secure.

The Prairie people have a difficult task, in fact almost an impossible one, which they are trying to overcome. This is the distribution of strawberries in districts at some distance from the railway routes. Road blocks, bridges are out, and generally bad conditions exist where traffic is concerned, owing to the damaging storms which have visited the Prairie provinces.

RAIN NEEDED TO END FOREST FIRES

Situation in Ontario Reported Slightly Improved

People Returning to Homes in Timmins

Toronto, June 21.—The Ontario Department of Lands and Forests announced to-day that the forest fire situation was slightly improved, although fires were still burning fiercely in some places.

There was a heavy rain in the Rainy River district which was sufficient to extinguish the fires there, the department has been informed. There was a considerable rain also in the Kenora district.

MANY WITNESSES AT DELORME TRIAL

Over Fifty Will Be Called By Prosecution Alone

Jury Half English-Speaking and Half French-Speaking

Montreal, June 21.—When the trial of Rev. Adelard Delorme was resumed before Chief Justice Sir Francois Lacombe to-day, evidence was heard before a jury composed half and half of English-speaking and French-speaking Canadians. Over fifty witnesses will be heard for the prosecution.

At the joint request of both the prosecution and the defence, all the witnesses in the case were excluded from the court room, to be called one by one.

R. L. Calder, K.C., crown prosecutor, addressed the jury and referred to the deluge of newspaper articles, which he said had contributed largely toward prejudicing public opinion in the case. He warned the jurors to forget Delorme's clerical rank and not permit this condition to influence them into giving a verdict of "not guilty" if they really believed him guilty.

Reviewed Events. Step by step, Mr. Calder reviewed various phases of Delorme's personal and family history and the events which immediately preceded the death of Raoul Delorme on January 6-7, 1922.

GOLD CUP WON BY HAPPY MAN

Silurian Second in English Horse Race; Flechois Third

Ascot Heath, Eng., June 21.—Fred Hardy's Happy Man, by Desmond out of Happy Child, at 7 to 4 against, won the Gold Cup of £500 with 2,550 second, run here to-day. Lord Deby's Silurian, at 9 to 7 against, was second, and Mario Perrone's Flechois, at 100 to 8 against, was third. Eight horses ran.

SLIGHT DECREASE IN VIOLENCE OF ETNA ERUPTION REPORTED

Explosions Within Crater of Great Volcano Now Less Frequent; With Premier Mussolini About to Arrive At Scene, Peasants Take Courage.

Catania, June 21.—Reports from the Mount Etna region early to-day said there had been a slight decrease in the intensity of the eruption, while the explosions within the crater were less frequent.

With the arrival of Premier Mussolini in prospect, the peasants, who had hourly been expecting the destruction of their homes by the lava flow, became more cheerful, for such is the prestige of the Premier that many of the ignorant and superstitious peasants literally believe he will only have to bring his will to bear on the volcano—Etna is to them almost a living person—for the eruption to decrease, even to stop.

AMERICANS WILL SEIZE SHIP LIQUOR

Secretary Mellon Announces Government's Policy

Washington, June 21.—Secretary Mellon announced late to-day that it had been decided to seize all ship liquor brought into United States waters, even though it is aboard foreign ships and under the seal of foreign Governments.

Berengaria. Southampton, June 21.—The Cunard liner Berengaria, which sailed for New York last Saturday, is carrying sufficient alcoholic liquors for her return voyage under the same kind of lock and seal as those employed on the White Star liner Olympie, which sailed yesterday, it was learned to-day.

A show-down on the question whether British ships can satisfy the thirst of their passengers on the trips from the "dry" United States therefore seems likely to come sooner than expected.

The first challenge will probably be thrown down tomorrow, when the Berengaria is due to pass the Statue of Liberty.

5,000,000 GERMANS RECEIVING DOLES

Berlin, June 21.—Five million Germans at present are receiving Government unemployment relief.

MANITOBA TO VOTE ON LIQUOR FRIDAY

People's Decision On Government Control To Be Made To-morrow

Winnipeg, June 21.—With the final mass meeting of the Moderation League, whose petition asking for Government control of the sale of liquor for beverage purposes will be voted on by men and women of Manitoba, featured by a characteristic fiery address by Dr. Michael Clark, of Red Deer, Alberta, here last night, the campaign of the "wet" forces will close to-night after two months of active work.

It has been a campaign of quiet meetings, where those for and against the issue debated, and of striking newspaper advertising.

The polls will open at 8 o'clock Friday morning and close at 8 p. m. There is only one of two paths to follow—force or freedom. Dr. Clark told his Winnipeg audience of 5,000 men and women who had met under the auspices of the Moderation League, "On Friday you will vote for service or domination."

Says Enforcement Impossible. Winnipeg had voted "wet" last time, the speaker declared, "but was being taken care of by the United Farmers of Manitoba." If the vote "went wrong" this time nothing would be settled, debated, and of striking newspaper advertising.

FOSTER GAVE VIEWS ON B. C. LIQUOR BILL

Senator Questioned Authority to Take Plebiscite in Province

Canada Temperance Act Amendment Discussed by Senate

Ottawa, June 21.—In the Senate, when the Canada Temperance Act Amendment was again discussed in committee yesterday afternoon, Sir George Foster questioned the authority of the Lieutenant-Governor-in-Council to take a plebiscite in British Columbia. He also drew attention to the situation which would arise in Manitoba in event of that province, where the people are to vote tomorrow, declaring for government control.

Senator Beaubien contended that the proposed bill would create an extraordinary situation in Manitoba and that the people there should have the same opportunity of declaring on the right of private importation as in any other province.

Senator Beane declared that this was not a hardship on British Columbia as the Legislature in British Columbia is to meet next autumn in any case.

It was agreed to remodel the amendment calling for a plebiscite in British Columbia on the right of private importation.

Amendments Failed.

Two amendments offered by Sir George Foster were defeated. The first proposed an amendment to the Canada Temperance Act by which "it shall be unlawful to export any intoxicating liquors to any foreign country until a consul or proper consular officer of such foreign country has issued a certificate clearing the customs officer at the port at which it is proposed to export such intoxicating liquor certifying that such intoxicating liquor may, under the laws in force in that foreign country, be lawfully imported therein."

Sir George used that no obstacle should be put in the way of the export of liquor to any foreign country, but that Canada should not allow facilities that would make Canada a base for lawlessness in another country.

Dare Unnecessary.

Senator Dandridge said the object of the legislation was to protect the United States against imports of liquor from Canada. This was unnecessary, as no one could legally import liquor into the United States. He objected to it on the ground that it was a self-imposed impediment to Canadian trade, and also that to prevent exports to the United States, Canada would interfere with its own trade with seventy-five other countries, more than half of which had no consular representatives in Canada.

Senator Griesbach drew attention to the fact that all goods over the value of \$100 exported to the United States had to have a consular certificate, and that the present proposal was no stronger than what was in effect.

Sir James Loughheed said Canada legalized the manufacture and exportation of liquor and Sir George Foster's proposal was to handicap this industry.

Urged Proof of Delivery.

Sir George's other amendment had as its object the forfeiture of the license of any distilleries twice convicted of infraction of any law of Canada relating to the prohibition and control of liquor, and making it unlawful to export liquor in any vessel which had previously been used for this purpose without a certificate that its former cargo had reached its port of destination. He strongly urged that these regulations should be given effect and quoted from a letter from Mr. Hales, of the Ontario Liquor Commission, that large quantities of liquor were being shipped to the United States from Cuba and Mexico when they were really for the United States or to be smuggled back into Ontario. The Ontario Liquor Commission had applied for the cancellation of the licenses of three brewers who had persistently violated the law, but no action had been taken by the Government in Ottawa.

This amendment, like the other, was lost.

A grass fire at Belmont Avenue occasioned a run by the fire engines at 4 p. m. yesterday. The blaze was extinguished without difficulty.

The Ladies' Auxiliary to the Boys' Naval Brigade will meet this evening at 7:30 at the home of Mrs. Harris, 121 Robertson Street, P.O. Box 737. The short business session will be followed by a whist game. Refreshments will be served.

CITIES REFUSE TO PAY HIGHER DUES TO UNION

Victoria, Vancouver and New Westminster Threaten Withdrawal

If the Union of British Columbia Municipalities should insist on drastic increases in its membership dues it may have to carry on without three of its leading members—Victoria, Vancouver and New Westminster.

This became clear to-day when City Council members were informed that the two mainland cities share a flat opposition to the Union's new rates, which call for higher dues than ever before.

Vancouver has written to the Union declaring that it will not meet the new rates. Under this clause, it is pointed out by the Vancouver City Council, Vancouver is expected to provide about thirty per cent. of the Union's total revenue. Rather than pay the increased rates, the city will withdraw from the Union if it is understood.

New Westminster also has declined to pay the Union's new fees, and is willing to see what the Union is going to do about it.

Victoria's fees under the new scale are raised from \$100 to \$700 a year on a population basis.

SAYS COMPRESSOR SPARK CAUSED FIRE

Appeal Court Hearing Deals With Loss of Cedar Post By Fire

Opening to-day in the Court of Appeal, Frank Coryn, lumberman of Grand Forks, commenced an appeal from a judgment of Judge Brown in the County Court of Yale, B.C., in which he was awarded \$3,000 for cedar posts alleged to have been destroyed by fire through the defendant's negligence.

The plaintiff's expert sets up that 4,950 round posts and 3,468 split posts were destroyed by fire on July 13, 1922, in a forest blaze, which, he claims, was caused by a compressor operated by the defendant-responder. The forest fire was along the line of the Kettle Valley road near Spring Creek, where the defendant, Bertha Consolidated Gold Mining Company of Lynch Creek, deny that the fire originated as a result of any negligence on their part. Judge Brown dismissed the action in the lower court. The hearing continues with E. C. Mayers for the appellant and G. W. Hetherington for the respondent company.

Concluding to-day Their Lordships reserved judgment in the appeal of Gov. versus MacInnes and Arnold. The appeal was one by the defendants-appellants, barristers of Vancouver, from a judgment of Judge Ruggles who awarded \$200 in respondent damages on a claim for professional services as a barrister in the Calgary courts.

The peremptory list includes Coryn versus Bertha Mining Company (at bar), Estate E. H. Grunder versus Successors, Duty, Act, and B. C. Mills and Trading Company versus Taxation Act.

The Department of Finance acknowledges receipt of \$100 consolation money, received in an envelope post-marked Victoria, B. C., June 2, a note signed "anonymous" was also enclosed stating that this amount was to cover Government stationery that had been used at different times for private purposes.

At a meeting of the Canadian Legion last night it was decided to hold an election of officers some time in July. These men will hold office for six months, but the constitution of the organization is such that a new election is necessary in January. Consequently officers for the ensuing year will not be elected until after Christmas. It was further decided that a notice of candidature should be sent by the family of the late Mrs. Margaret Jenkins, whose untiring work and genuine sympathy for returned men has not gone unnoticed and appreciated by ex-service organizations.

Visiting Masons were taken for a drive around the city to-day. On Friday the plant of the Western Canada Co. at Sapperton, Fraser Mills and Langley Prairie will be visited. The Grand Lodge communication will close on Friday.

PRETTY WEDDING AT SIDNEY CHURCH

A very pretty wedding took place in St. Paul's Union Church, Sidney, on Tuesday evening, at seven o'clock, the principals being Mr. James Vincent Work, son of Mr. and Mrs. Work of Patricia Bay, and Miss Gertrude Louisa Watts, third daughter of Mr. Watts of Sidney. Rev. T. Griffiths officiated. The bride wore a dress of blue tulle, trimmed with old lace and a white hat, her only ornament being a string of pearls. She carried a bouquet of bridal roses and sweet peas. The bridesmaid, Miss A. Watts, sister of the bride, was dressed in a pretty dress of ecru silk and a blue hat, and carried a bouquet of Opheila roses. The bridegroom was supported by Mr. J. Dunn. The church had been prettily decorated by Mrs. Morris, Miss McClure and Miss P. McKillop with roses, carnations and pink and white sweet peas. The flowers had all been sent by friends of the bride. Mrs. Griffiths played the organ. Miss Gertrude Watts has been a member of the Union Church choir ever since it was organized. A teacher in the Sunday school, and an active member of the Sewing Circle. She was a relief operator to the B. C. Telephone Co. After the ceremony there was a reception at the home of Mr. and Mrs. Cowell. The dinner table was decorated in pink and white in the centre of the table being the two-tiered wedding cake. Mr. Work and Miss R. Matthews sang. Mrs. Work, the bridegroom's mother, was attired in a handsome black satin dress, trimmed with lace, and the hostess, Mrs. Cowell, wore a pretty dress of black satin with over dress of tulle, trimmed with pink rosettes.

The happy couple left for Victoria to catch the night boat for Vancouver, where the honeymoon will be spent. On their return they will reside in Victoria.

START NEW WAR UPON DANGEROUS MOTORISTS HERE

local motorists do." Mr. Staneland asserted, "instead of setting visiting cards on the pavement, the street motorists openly disregard the street rules."

Parking rules which are openly disregarded in all parts of the city will be enforced strictly next week.

Stop Corner Cutting.

"There is no excuse for failure to obey the rules of the road. As for cutting corners, it has become a general custom here. The white spots painted in the centre of street intersections are quickly obliterated by tires passing over them. We have under way as well plans for placing in the middle of intersections a sort of raised, round table. If a motorist drives over it he will know he has hit something, and will be careful after that to go around it."

Arm Signals Obligatory.

The new arm signals brought into effect by the Provincial Government recently must be used by everyone. Mr. Staneland said. This provides that a motorist must raise his arm at right angles to his body when about to turn to the left, raise it above his head when turning to the right and lower it when slowing down or halting.

"Conditions in the Fort Street Dardanelles are getting bad again," Mr. Staneland remarked. "We shall have a policeman there again now to see that the speed of motors is cut down to the legal fifteen-miles an hour. Motorists ought to realize that there is no speed in excess of that is safe in this street."

POPULAR COULE LEAVE

Mr. and Mrs. D. M. Grant have left Nanaimo for San Francisco, where they intend to make their home. Their friends are sorry to see them leave, and gave a farewell party to the popular couple on the golf links Monday afternoon. D. M. Grant is a sportsman who has won popularity and distinction in many lines. His rugby, cricket and golf have earned him a reputation that it would be hard to equal. President J. W. Coburn, on behalf of the golf club of Nanaimo, expressed his regret that Mr. and Mrs. Grant were leaving the city.

COLWOOD INSTITUTE

Special to The Times

Colwood, June 21.—The monthly meeting of the Colwood-Luxton and Happy Valley Women's Institute, held at Colwood on Wednesday afternoon, proved a very interesting and enthusiastic one.

The chair was taken by the president, Mrs. E. Peatt.

During the afternoon's business it was decided to hold a flower show on July 25, for which upwards of 30 prizes are offered, including a special prize for the best sweet peas grown from government tested seed. Other classes for which prizes are offered include sweet peas (other than government tested) best bowl of roses, and special prizes for pot plants flowering and otherwise.

An address was given by Miss H. G. Kelly, nurse in charge of the Esquimalt Rural Nursing Service, who spoke on the value of the public health movement, dealing particularly with the teeth of the children of school age and under.

There will be a special exhibit of art drawings by the school children of the district, and a special prize will be offered for the best drawn health poster by any child in the district, which prizes are offered in cooperation by the Nursing Association.

Miss Kelly's remarks were very well received by the meeting, who assured her of their sympathy and support in her great work in the district, and tendered their heartfelt thanks at the conclusion of her remarks.

Tea was served by Colwood members of the Institute.

JAMES ISLAND NEWS

Special to The Times

James Island, June 20.—The recreation ground, presented a lively scene last Saturday on the occasion of the annual school sports. The grounds were crowded with parents and friends of the contestants, and the long programme of events was run off in good style. A mixed doubles tennis tournament was held in the morning for the senior schools, six teams taking part and each playing four games. Vera Luff and Thompson were the winners with fifteen games to their credit, three of them tied for second place with thirteen games.

Started promptly at 2 o'clock with plenty of competition in each event, with a number of very close finishes. The results of the various events follow:

Boys' 50-yard dash—1, W. Thompson; 2, Frank Rowbottom; 3, E. Ford.

The scholars who did not win in any event, also the children who are not attending school, were awarded consolation prizes.

At the close refreshments were served from well filled tables placed under the trees, and the children presented with their prizes. A dance was held in the assembly hall in the evening, Miss Bradley and E. Rivers, and Miss Bowker and D. Lake supplying the music, which was greatly enjoyed.

Miss Myrtle Crewe, of Nanaimo, has been visiting her aunt for the past three weeks, and intends staying on for the summer months.

Mrs. Rodgers, of Vancouver, with her son and daughter, have been spending several days visiting Mr. and Mrs. E. Nicks.

Mr. and Mrs. J. Malcolm, who have been spending a vacation in Seattle and Portland, returned home last Sunday.

Mr. and Mrs. N. Moore and daughter, have returned home from Victoria, where they have been visiting for the past ten days.

PLAN FIGHT TO BLOCK CHURCH UNION SCHEME

desired result but would simply cause disruption, as a section of Presbyterians would be bound to remain outside the union."

Dr. Clay stated that, following the Assembly's recent conference, the Presbyterian Church Association, formed to oppose the present union scheme, had been re-organized and greatly strengthened for the coming fight over the union question. A strong movement against the union scheme also had started among the women of the church all over Eastern Canada under the auspices of the Women's League, he said.

"You can assure the people that the Presbyterian Church in Canada will remain," Dr. Clay told The Times. It is not going to close its doors."

Dr. Clay recalled that, while opposing the union scheme as it stands, he had supported a federation plan proposed by Dr. Drummond, of Hantsport, Chairman of the General Board of the Presbyterian Church. Under this plan the churches would join in a federation which, when the time was ripe, could grow into a union. According to Dr. Drummond, Dr. Clay said, the church could not wipe out its large deficits while torn into factions by the present union scheme.

While the union scheme is still in the melting pot, Dr. Clay announced,

berries a day from British Columbia points, and most of these are from Vancouver Island. But they are not able to consume all this fruit, with the result that the markets have been glutted, and the prices have fallen considerably. A Vancouver report stated that the Vancouver Island growers would receive \$1.75 per crate, f. o. b. When Mr. Tanner heard this news he remarked that although the first shipments this year brought over \$2 per crate, yet in 1921 growers only netted \$1.48 per crate.

The situation among up-Island growers is more acute than it is here, it was stated by Mr. Tanner this morning. Cowichan growers are begging the Association here to place their fruit. This fruit is sent with local berries to mainland points and is utilized as far as possible. The Island growers' associations and the B. C. Growers' Co-operative Union on the mainland both are co-operating in the restricting of the prairie shipments.

TELEGRAPH BRIEFS

Montreal, June 21.—Bishop Budka of the Ruthenian Rite, Winnipeg, returned to Canada on the liner Empress of France after a visit to Poland. He was accompanied by five Polish priests who will transfer to charges in Western Canada.

Ottawa, June 21.—(Canadian Press).—An enormous increase in divorces throughout Canada in recent years and particularly since the war, is shown by a bulletin just issued by the Dominion Bureau of Statistics. In 1911, divorces granted in Canada numbered 59. In 1915 the number was 90. In 1919, the first year of peace, the number jumped to 276 and in 1922 there were 514. British Columbia with 138 had the highest number of divorces in 1922, Alberta coming next with 129. Manitoba had 97, Ontario 90, and Quebec only 6.

MANY WITNESSES AT DELORME TRIAL

(Continued from page 1.)

"What I will aim to prove to you," proceeded Mr. Calder, "is that Father Delorme was a defaulter to the extent of \$12,000, which he took from his brother's estate to make up his own defalcations."

Argument Failed.

At yesterday's opening session of the trial hours were devoted to the argument by Gustave Monett, representing the Association, that fresh insanity proceedings should be held before the murder trial should proceed. The plea was labelled by Chief Justice Lemieux as "plausible to any person not knowing the law." The trial was then ordered to proceed.

The selection of the jury required four hours to complete and was featured by wholesale rejections on the ground of prejudice as a result of newspaper articles on the case.

Yesterday afternoon in Superior Court Mr. Justice Bruneau authorized Adelaire Tetreault, curator of Abbe Delorme, to proceed against the Sauge Guard Insurance Company and the London Guaranty and Accident Insurance Company, in the collection of two insurance policies on the life of Hanoi Delorme.

Counsel for Mr. Tetreault urged that the court allow time to sue the Sauge Gardes for \$25,000 and the other company for \$1,000. It was necessary to obtain legal permission to sue because the twelve months allowed by law in which to proceed in actions of this kind had elapsed.

Both companies contested the request on the grounds that the action was proscribed.

CIVIL SERVICE ACT REPORT IS TO BE PRESENTED

Ottawa, June 21.—(Canadian Press).—The special committee which has been inquiring into the working of the Civil Service Act has, it is understood, completed its report. It is stated that the report does not provide for any further exemptions from the scope of the act, and that superannuation is recommended, including half-rates for widows.

The St. Andrew's Branch of the Senior W. A. met at the home of Mrs. J. Matthews, Sidney, on Wednesday afternoon. The president, Mrs. Critchley, was in the chair and opened the meeting. The treasurer, Mrs. Philip, read the financial report which was adopted. There were eleven members present.

HARDING NOW ON WAY TO ALASKA

U. S. President Will Board Ship at Tacoma To Speak in Vancouver on Return Trip

Washington, June 20.—President Harding left Washington shortly after noon today on the longest trip of his administration—the trip that will take him across the continent, to Alaska, into Canada, along the Pacific coast to the Panama Canal zone and to Porto Rico, and will keep him away from the capital for at least two months.

The vast territory of Alaska, never before visited by a President, is Mr. Harding's goal. The itinerary the President has prepared provides for fourteen formal addresses en route to Tacoma, where he will board a vessel for Alaska, and for five speeches on the Pacific coast on his return.

After his visit to Alaska the President will speak in Vancouver, B. C.; Seattle, San Francisco, Los Angeles and San Diego, which will be the port of embarkation for the water trip through the Panama Canal to Porto Rico and thence to New York.

HAMILTON IS "DRY"

Hamilton, Ont., June 21.—"Hamilton is the driest city in Ontario," said License Inspector James Blackley, when questioned yesterday regarding present Ontario Temperance Act conditions here.

FLOOD LOSSES IN MONTANA TOWN

Destruction in Great Falls Following Cloudburst Over \$100,000

Great Falls, Mont., June 21.—Damage to private and municipal property estimated from \$100,000 to \$250,000 was done here late yesterday afternoon by a flood resulting from a cloudburst. Two inches of rain fell in an hour and a half, turning the streets into rivers and flooding large sections of the south side residence and warehouse districts.

Property damage consisted principally of destroyed block paving.

REVISION OF LORD'S DAY ACT IS URGED

Winnipeg, June 21.—Despite the decision of Magistrate Sir Hugh John Macdonald that the Lord's Day Act is of no effect in Manitoba, theatres and places of business will not be permitted to open Sundays, in the opinion of Hon. R. W. Craig, Attorney-General.

Following a conference yesterday between Mr. Craig, Crown Prosecutor R. B. Graham and John Allen, Deputy Attorney-General, Mr. Craig issued a statement that places of amusement which attempted to remain open Sundays would be liable to have their licenses cancelled and their employees would be open to prosecution under an English Law of the time of Charles II. Storekeepers opening Sundays would also be liable under the old law.

Mr. Craig urged complete revision of the Federal law after a decision is handed down by the Privy Council on the appeal from the ruling of the Manitoba courts that Sunday trains to the beaches are legal in Manitoba.

TO WASHINGTON

Atlanta, Ga., June 21.—Mr. and Mrs. Asa G. Candler, Sr., have gone to Washington, where the seventy-two-year-old Atlanta capitalist and his bride of thirty-five will spend a short honeymoon. The new Mrs. Candler until her marriage here yesterday to the Coca Cola Company founder was Mrs. May Little Ragin, who for more than two years was a public stenographer.

BERGDOLL CASE

Kansas City, Kas., June 21.—Grover C. Bergdoll, who is said to have fled to Germany to escape trial in the United States as an alleged draft evader, will surrender if he is guaranteed a civil trial, Edwin R. Bergdoll, his brother, who was freed yesterday from the United States disciplinary barracks at Fort Leavenworth, declared. Edwin Bergdoll asserted his brother was unwilling to submit to a military trial.

NO INVESTIGATION

The fourth called for an investigation of the collapse of the Merchants' Bank and its merger with the Bank of Montreal and was moved by T. W. Bird, Progressive, Nelson, Manitoba. This was defeated by ninety-two to forty-five. W. F. Macleod, A. W. Neill, Independent, Comox-Alberni, and T. G. McBride, Progressive, Cariboo. In the minority vote the Progressives and Laborites were with W. F. Macleod, Conservative, South York.

THE FIFTH AND LAST AMENDMENT

was proposed by J. S. Woodsworth, Labor, Winnipeg Centre, and sought to place in the Bank Act a declaration that bank clerks had the right of "association for all lawful purposes." It was voted down, 74 to 46.

SAYS PUBLIC DISSENTIFIED

E. J. Garland, Progressive, Bow River, Alberta, said the public was not satisfied with the concentration of capital in the hands of a few individuals not actuated by the public interest of the country, but rather by commercial interests. The danger was obvious.

HON. A. K. MACLEAN

Liberal, Halifax, said the Government did not approve of mergers simply because they were mergers.

MEIGHEN'S VIEW

Rt. Hon. Arthur Meighen said the attitude of the Government toward the merging of banks should be, while not antagonistic to the possibility of amalgamation, it should be to antagonism. He did not think it right that every bank fearing insolvency should be able to merge. In some cases insolvency would be a better process. The fewer the mergers and the more adverse the attitude of the Minister of Finance, the better for the country, added Mr. Meighen.

WHILE ADMITTING THERE MIGHT BE CASES WHEN A MERGER WOULD PREVENT HARDSHIP TO SHAREHOLDERS

Mr. Meighen thought it should only be done as a "rescue from inevitable disaster."

HON. W. S. FIELDING

thought it rather a strong statement to say that banks should not merge until they were near insolvency. Dealing with his amendment for a one-year extension of the bank charters, Mr. Fielding said fundamental matters involved in the bill had not been given adequate consideration. He maintained that economic circumstances made it highly desirable that charters should not be extended for ten years. He felt that a necessary discussion had been choked off or that an attempt had been made to "choke it off."

FULLY DISCUSSED

Mr. Meighen thought the matter had been gone into very fully. It required no further discussion that a proposal for one-year extensions of bank charters would not be in the House unless there were strong reasons. Members who proposed the one-year extension had in contemplation the establishment of rural credit banks by competing systems. The ten-year extension would not prevent this. There was nothing to prevent depositors from transferring their funds to these rural credit banks.

COMMONS APPROVES BANK MEASURE

Revision of Act Given Third Reading at Ottawa Bill Was Brought Down After Middle of March

Ottawa, June 21.—The bill giving the Bank Act of Canada its decimal revision was put through third reading in the Commons last night.

The measure was introduced shortly after the middle of March and was given to the Banking and Commerce Committee before Easter. It re-emerged from that committee the middle of last week and was taken up in the House on Monday.

After two days of debate this week, during which a baker's dozen of amendments were moved by Progressive members, it was given third reading last night.

ONE ACCEPTED

Five of the total number of amendments were moved when third reading of the bill was under consideration and divisions were taken on four of them. The other eight were moved while the bill was in committee and only one was accepted by the Government. This one exception was personal to the member, Progressive, Edmonton, to exempt from seizure by a bank as security personal property which is exempt from seizure by process of execution under provincial law.

The first division in the third reading proceedings was on a motion by W. C. Good, Progressive, Brant, for extension of the bank charters for a year only instead of ten years. This was defeated by ninety-five to forty-eight. The majority was composed of Liberals and Conservatives and A. W. Neill, Independent, Comox-Alberni, and T. G. McBride, Progressive, Cariboo. In the minority vote the Progressives and Laborites were with W. F. Macleod, Conservative, South York.

THE SECOND DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

G. G. Cootie, Progressive, Macleod, moved the third amendment. It was to the same effect as Mr. Shaw's, except that the rate of interest was fixed at eight per cent. This amendment was voted down by eighty-nine to forty-four. On this vote, A. W. Neill and T. G. McBride, W. F. Macleod and E. J. McMurray, Liberal, Winnipeg North, voted for the amendment.

THE FOURTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE FIFTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE SIXTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE SEVENTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE EIGHTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE NINTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE TENTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE ELEVENTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE TWELFTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE THIRTEENTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE FOURTEENTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE FIFTEENTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE SIXTEENTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

THE SEVENTEENTH DIVISION

was on a motion by J. T. Shaw, Labor, Calgary, to allow borrowers to recover interest paid in excess of seven per cent. This was declared lost on the same division.

ON THE PART OF FERNAND RINFRET, LIBERAL, ST. JAMES, MONTREAL, AS TO WHETHER HE HAD ANYTHING NEW TO SAY, MR. COOTE WANTED TO KNOW IF THE MEMBER FOR ST. JAMES HAD HEARD THAT A CERTAIN MAJOR CHARTERED BANK HAD BORROWED TO THE EXTENT OF SOME MILLIONS OF DOLLARS OF MORGAN & CO. OF NEW YORK. IT WAS TRUE, BUT IT WAS NOT A FACT THAT A SITUATION HAD ARISEN AMONG THE BANKERS WHICH WAS NOT TAKEN CARE OF BY THE PRESENT ACT.

The amendment was defeated.

SAYS CONFIDENCE SHAKEN

Supporting the amendment for a Merchants' Bank investigation, J. T. Shaw referred to the place the Merchants' Bank had occupied in the affairs of Western Canada. It had stood third in the number of its branches in the West and had made special effort to minister to the needs of the farmers. The losses that had led to its collapse had not materialized in the West, but in the East.

Mr. Shaw said the appalling insufficiency of security held by the bank in connection with two big loans called for a statement more than "adventurous banking" as it had been called by the president of the Bank of Montreal. The effect of the drama had been to shake public confidence in connection with the banking system. The facts had been "shrouded in mystery and the public held divergent views on what was the truth. Many persons thought a small section of the directors had yielded to the directors of the Bank of Montreal in a moment of panic without exercising their judgment.

WEAK REASON

Mr. Fielding asked a list of all the reasons given for delaying the revision of the Bank Act, this last one calling for an investigation of the Merchants' Bank was the weakest. There was no connection between the Merchants' Bank failure and the Bank Act.

Mr. Meighen failed to see that members supporting the amendment had given the committee any arguments which would warrant holding up the revision of the Bank Act in order to wait for an investigation into the Merchants' Bank failure.

THE DIVISION ON THIS AND THE WOODSWORTH AMENDMENT

followed quickly and then came the third reading, which was approved without a division.

AGRICULTURISTS MEET IN SASKATOON

Experts Hold Convention; Fine Livestock Exhibits

Saskatoon, June 21.—Advanced lectures on soils and forage crops and a livestock show were features of yesterday afternoon's programme of the first day of the convention of the Canadian Society of Technical Agriculturists, being held at the University of Saskatchewan. Dr. F. J. Alway, of the University of Minnesota, lectured on "The diagnosis of the unproductivity of soils," and A. J. Peters, of the United States Department of Agriculture, Washington, dealt with "some of the forage crop problems in the northern states." The show of the University livestock exhibit caused comment from the delegates.

PRESIDENT L. S. KILNEK

of the University of British Columbia said: "No college in Canada has a string of horses to be compared with those shown this afternoon."

The large numbers and the high average quality of the other kinds of stock also impressed the visitors.

The University of Saskatchewan tendered the convention a banquet last evening.

ONTARIO ELECTION CAMPAIGN NOW NEARING ITS END

Toronto, June 21.—(Canadian Press)—The political campaign throughout Ontario was conducted in thorough weather yesterday, the temperature at most points being above the ninety mark. Outdoor meetings and picnics were favored by the electors, in many cases gatherings in halls being poorly attended.

The leaders of the three parties were again away from their own constituencies. Premier Drury, concluding his second Western Ontario tour, spoke in Petrolia and Dresden, while Wellington Hay, Liberal leader, paid a flying visit to Peterboro. G. H. Ferguson carried the Conservative battle into Barrie.

Sir Adam Beck, who is running in London, is slightly indisposed as a result of his election activities, and has been ordered to take a complete rest for a day or two.

Next Monday will be polling day.

HARDING ORDERS RELEASE OF NUMBER OF U. S. PRISONERS

Washington, June 21.—Immediate release of more than a score of Federal prisoners convicted of violating war laws, and continued detention of almost as many more, was ordered by President Harding before he left Washington yesterday on his trip to Alaska.

He acted in 158 pardon and commutation cases, a record-breaking number, in the opinion of the Department of Justice officials. He granted thirty conditional and fourteen unconditional commutations and one full pardon, restored civil rights to twenty-seven former prisoners and denied eighty-four applications for pardons or commutations. He also ordered remission of fines in two cases.

The President denied applications in twenty-one cases, including a group of twenty alleged members of the Industrial Workers of the World con-

DECLARES POLICE COSTS TOO HIGH

Yorkton, Sask., June 21.—Declaring he did not think Canadians were such people as to need three police forces, and one of the big things for the convention to deal with was the expense to which the people of the Dominion were being subjected in the maintenance of these forces, Lieutenant-Governor W. Neelands formally opened the meeting of the Union of Saskatchewan Municipalities here yesterday afternoon.

"We have three kinds of police forces—municipal, provincial and town police—and if these were consolidated the people would be just as well looked after with considerable less expense," he declared.

One hundred delegates are in attendance at the convention, which will continue until tomorrow.

In every part of Canada it's the same story:—"Dunlop is the 'boy' for Big Mileage!"

DUNLOP TIRES
CORD and FABRIC
Resilient, Rugged, Reliable

Say to your garage man:—"I want the Cord Tire all Motordom is talking about." He'll hand you a "DUNLOP."

This attractive rug in rich blue and brown, No. 306, costs only \$13.50 in the 9'x9' ft. size.

Gold Seal CONGOLEUM ART-RUGS

Indoors, or out, in summer or winter, you'll find no floor-covering so satisfying and so economical as a Gold-Seal Art-Rug.

Out on the porch it stays the whole season through. Showers beat in on it, the hot sun glares down on it, feet scuff over it. But sun and rain, wind and wear, mean little to a Gold-Seal Congoleum Rug.

These popular rugs are made all in one piece with a smooth, sanitary surface that is durable and labor-saving. In the strongest wind they lie flat without fastening—never ruffle at the edges.

And Gold-Seal Congoleum Rugs are just as desirable indoors as out. Their rich colorings add cheer and good looks to every room in cottage or camp.

They're so easy to clean, too. A few strokes of the mop is all they need. How

much better that is than the tiresome, dusty sweeping that woven rugs require.

Gold-Seal Congoleum By-the-Yard

The same durable, waterproof material as the rugs, but in roll form, 2 yards wide, for use over the entire floor. Lies flat without fastening. 85c square yard.

Prices Winnipeg and points West proportionately higher to cover extra freight.

Ask your dealer to show you these beautiful seamless rugs. If he does not carry the genuine, guaranteed Gold-Seal Rugs and Floor-Covering, we shall be glad to see that you are supplied. Write us for folder, "Modern Rugs for Modern Homes," which reproduces all the beautiful designs in full colors.

SENATORIAL DICTATION.

On two occasions the Legislature of British Columbia has passed a resolution praying for Federal legislation that would give this Province the sole right to import intoxicating liquor.

The main point about these resolutions is that they reflect the wishes of the people of the Province. If they did not the elected representatives who supported them would have soon found out after their return to their constituencies at the conclusion of the 1921 session.

WOEFULLY WRONG.

Some enterprising gentleman who resides at Kaslo, B. C., has been writing to The Daily Mail in London to the effect that the Gulf Islands and the coast of this Province generally boast of one of the wettest climates of the globe.

It would be a waste of space to elaborate upon meteorological records in defence of the climate of the Islands and of this community.

The point we wish to make is that people who write such nonsense to Old Country newspapers should take the trouble to obtain correct information.

"SQUARE DEAL" CALDER?

Canada's ex-service men who are interested in the legislation which has arisen out of the report of the Royal Commission which recently toured the country will have the support of the majority of the Canadian people in any effort to persuade the Government to keep Parliament in session until Dr. Beland's bill becomes the law of the land.

Just why there should be any delay, or any necessity for a special committee to take a week off to study something that ought to be fairly common property by this time, will be inexplicable to most people.

said at that particular meeting: "Let me tell you that Canada is in danger at the very present moment of time." Have we done our utmost? Are you satisfied? There were cries of "no." More men went to France from Victoria to swell the depleted ranks.

And if Senator Calder will look over that speech of his he will find that he said the people of this country were demanding a different standard in their public men.

THAT CANTEN FUND.

Would it not be possible to persuade the Dominion Government to allocate a substantial amount of the balance of the canteen fund to the Red Cross workshops?

KEEP LIQUOR OUT OF POLITICS.

If the Senate remains adamant in its attitude towards British Columbia's request for the sole right of importing liquor and insists that the people shall settle the question by plebiscite, the matter should be referred to the electorate as early as convenient.

NOTE AND COMMENT

We wonder how the people of British Columbia will take continued dictation from the Conservative members of the Senate.

New York's mayor and New York's comptroller indulged in a few pleasantries yesterday. They called one another liars and the comptroller invited His Worship to settle the argument in fisty fashion.

Canadian tobacco is popular in Britain. One expert says it is the best grown in the British Empire.

Some time ago we argued that the nation which would bring on "the next war" would be the nation capable of springing the biggest and most disastrous surprise.

OUR CONTEMPORARIES

ONTARIO, TOO.

Halifax Chronicle—We are now happily able to offer the motoring tourist good roads on most of the main thoroughfares of the Province.

A NEW PROBLEM.

Kingston Whig—A recent prediction of "dollar gasoline" fell flat, because the public had the sense to understand that an uneconomic rise in the price of motor fuel would defeat the avarice that prompted it.

WHY DID HE RUN?

Edmonton Bulletin—Mr. Malcolm Bruce has finally given himself up to the authorities of Glace Bay, for the reason it is supposed that the police were hot upon his trail and that concealment was no longer possible.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of its appearing.

DAYLIGHT SAVING.

To the Editor—Now that Vancouver has turned down Daylight Saving by a vote of two to one in spite of active propaganda all over their city, what are we going to do about it?

MANSON AND LIQUOR IMPORTS.

To the Editor—Referring to the action very properly taken by the Senate of Canada in refusing to accede to Manson's request that the right of individuals to import liquor be stopped, it seems to the writer that the Attorney-General is still going out of his way to insult the Senate, as according to your issue of yesterday he writes about it saying "the bootlegging interests were very powerful."

CANADIAN.

To the Editor—I am undoubtedly the "irresponsible" person, or one of them, referred to by Reeve Lockley at Monday night's council meeting.

BAND CONCERTS.

To the Editor—As a member of the committee charged with the arrangements for providing a band concert each day in this city during the summer months, may I be permitted to speak through your columns the active and practical co-operation of all true citizens.

FINANCES.

The finances necessary are being raised partly by a civic grant, but mainly by contributions from our business men and prominent citizens.

ON BEHALF OF THE BAND COMMITTEE.

On behalf of the Band Committee, may I appeal to all who can assist in making this function a great financial success to do so.

MANY HUNDREDS AT FETE AT "ARRAN"

Lady Douglas Chapter Funds Augmented By Successful Affair

An idyllic setting, ideal weather and a host of additional attractions drew large crowds to the garden party at "Arran" Oak Bay, the beautiful home of Judge and Mrs. McIntosh yesterday afternoon, and ensured for the Lady Douglas Chapter, I. O. D. E., a substantial addition to its funds. Mrs. C. de V. Schofield in opening the affair commented on Victoria's good fortune in the possession of many beautiful gardens and hospitable owners, and at the close of her graceful little speech was presented by Miss Betty McIntosh with a lovely bouquet.

The various stalls were arranged upon the lower lawns, while afternoon tea was served at tables on the terraced lawn under the shade of the oaks, with the Summer house, as the centre of the culinary activities. Many of the guests wandered through the lovely rock garden with its unexpected nooks and pools or enjoyed the magnificent view obtainable from the terraces.

The hostess was assisted in receiving the guests by a reception committee, including Mrs. R. B. McMickling, regent of the Chapter, Mrs. R. F. Green, Mrs. J. D. Gordon, Mrs. L. Phillips, Mrs. S. F. Toomey, Mrs. W. J. Goepel and Mrs. W. J. H. Holmes.

Unusually lovely wares found ready purchasers at the following stalls:

Plain work table, Miss Gill, assisted by Mrs. Webster, Mrs. Willis Dean, Mrs. Braze, fancy work, Mrs. W. Burton, Mrs. Chisholm, Mrs. E. Macdonald and Miss Jean Coddington; home cooking, Mrs. Suddaby and Mrs. R. L. Miller and Mrs. Burgess; candy, Mrs. Chisholm, assisted by Mrs. J. S. Brown and Mrs. Edwards; flowers and plants, Miss Mary Rattenbury, assisted by Mrs. Mellin and Miss Mary McBride; fish pond, Mrs. H. H. Smith and Mrs. J. D. MacLean; butterfly painting, Mrs. Puckie; ice cream, Mrs. Bengough, assisted by Mrs. R. H. Green, the Misses Puckie, Helen McIntosh and Audrey Tooley.

A cake-guessing competition was in charge of Miss Kathleen Roberts, and the cake kindly donated by Mrs. W. H. Logan; palmistry and tea cup reading, Miss Humphries and Mrs. J. Young; Mrs. Elliott won the cake guessing contest, and Mrs. Sharpe the basket of vegetables.

Tea and strawberries were served by Mrs. Christie, assisted by Mrs. H. Scott, Mrs. S. W. Walker, Mrs. W. Wilson, Miss Allen, and the tea tickets were in charge of Mrs. E. Patterson, Mrs. A. A. Meharey, Mrs. Dexter Allen, Mrs. Nickerson, Mrs. McIlre, Mrs. Colin Cummins and Mrs. Sharpe were in receipt of customers. Mrs. Dennis Harris and her demonstration of the cottage woolen industry attracted many interested visitors. Miss Etie Macpherson was at the spinning wheel.

Although the lovely gardens were in themselves sufficient attraction, the patrons found much pleasure in the programme of selections given by Miss Thain's orchestra, the graceful fancy dancing of Miss Hilda Langton and little Adeline Grant and the singing of Mrs. Horace Hamlet and Mrs. Stykes Sehl.

ST. JOHN'S GUILD HELD SUMMER FETE

At Charming Residence of Mrs. Drummond-Hay

In the picturesque old gardens at the "Dingle," Gorge Road, the home of Mr. and Mrs. Drummond-Hay, a delightful Summer fete was held yesterday afternoon under the auspices of the Women's Auxiliary of St. John's Church, the same being formally opened by Mrs. Walter C. Nichol. Dotted at advantageous spots were the various stalls, all of which were well patronized by the many guests. On a screened stage erected in front of the conservatory, a delightful programme was given by the following pupils of Miss Clare Powell: Miss Mary Pease, who recited and also danced a minuet, the Misses Theima McFadden and Helen Parkinson, who cleverly rendered nature poems with dancing, and Master Ashfield Walker, whose recitations were heartily applauded. In the evening orchestral music enhanced the enjoyment of those present.

In the spacious rooms of the home and on the veranda gay with brilliant fuschias the tea was served, while in the den an art exhibition cleverly catalogued, was held under the supervision of Messrs. Hallam and Hawkins. Much pleasure was also derived from viewing the interesting collection of curios, engravings and pictures of St. Helena, owned by Mr. Drummond-Hay. Clock, golf and croquet were also among the afternoon attractions. To Mrs. David Ker, who was convener-in-chief, with the assistance of many willing workers, is due the credit for the success of this charming garden party as well as to the combined efforts of Mr. and Mrs. Drummond-Hay who were most assiduous in looking after the welfare of their guests. In charge of the various stalls were: Home cooking, Mrs. Fuller, convener, assisted by Mrs. Hallam, Mrs. Moorhead; Golf work stall, Mrs. Rideout, Miss Cullum and Mrs. Fulton; balloons and soft drinks, Miss M. Wilson and Miss Q. Graves; candy stall, the Misses Warren and Miss Gray; Junior W. A. fancy work stall, Mrs. Huddleston; ice cream and strawberries, Mrs. Hall, Miss Pardee, assisted by the Misses Duke; Mother Hubbard, Mrs. Rosskelly; fortune telling, Miss A. B. Cooke; clock golf, Mrs. Price; "hot dogs," Miss J. Carter; game of "Fort," Mrs. G. D. Edworthy.

Tea was served under the direction of the ladies of the W. A., the Ladies' Guild, the convener being Mrs. Kirk and Mrs. Richards.

PRETTY WEDDING AT WILLIAM HEAD

A very pretty wedding was solemnized at the residence of Dr. and Mrs. C. F. Brown of the William Head Quarantine Station on Wednesday afternoon, when Miss Margery Grace, eldest daughter of Mr. and Mrs. Tumilty, of William Head, became the bride of Mr. George Schofield, of Victoria.

The bride looked lovely in white silk with a large white picture hat, and carried a bouquet of beautiful tea roses and maidenhair fern. She was given away in marriage by her father.

Miss Annie Tumilty attended her sister as bridesmaid, and was charmingly attired in Elizabeth blue silk. Mr. Ranier acted as best man. After the ceremony, which was conducted by the Rev. F. Comley, the happy couple received the congratulations of the many guests who attended the reception and who were received on the lawn by the bride's mother. Luncheon was served to the guests, and a magnificent cake was cut by the bride and eaten with the customary good wishes.

The young couple were the recipients of many beautiful gifts, which were on view during the afternoon. Mr. and Mrs. Schofield left on the afternoon boat for Seattle and Tacoma, where their honeymoon will be spent. The bridegroom is member of the William Head quarantine staff.

At "Breadalbane" on Wednesday

afternoon, Rev. Dr. Campbell celebrated the marriage of Miss Mabel Agnes Eve and Mr. George Herbert Jones, both of Victoria. The bride was charming in a becoming blue traveling suit, and carried a bouquet of Ophelia roses. She was attended by her sister, Miss Eda Eve, who carried Ophelia roses, and Mr. Frank Jones, brother of the bridegroom, who acted as best man. The parents of the principals were present at the ceremony. The young couple received many handsome gifts including a dinner-service from their friends. The bridegroom is employed by Spencer, Ltd. The bridegroom's gift to the bride was a string of pearls, and to the bridesmaid an onyx ring and the groomsmen gold cuff-links.

After a honeymoon in Vancouver Mr. and Mrs. Jones will make their home in Victoria.

Hon. John Hart and Mrs. Hart will celebrate the fifteenth anniversary of their wedding on June 29 on which date they expect to leave on a trip to England. In anticipation of the anniversary a number of their friends paid them a surprise visit last evening at their charming home on Fairfield Road, conveying a number of lovely gifts in the shape of crystal vases, silver and gold. The guests enjoyed, Heaton's orchestra, supplying the music. Among the self-invited guests were the Hon. Dr. and Mrs. Sutherland, Hon. E. D. H. Goward, Mr. and Mrs. P. C. Abell, Mr. and Mrs. Geo. Brady, Mr. and Mrs. C. E. Wilson, Mr. and Mrs. P. J. Sehl, Mr. and Mrs. Stykes Sehl, Mr. and Mrs. D. O'Connell, Mr. and Mrs. H. P. Hodges, Mr. and Mrs. C. E. Denham, Mrs. J. W. Harvey, Mr. and Mrs. Kay, Mr. and Mrs. Ernest Greenwood, Mr. and Mrs. Ernest Greenwood, Mrs. A. Oates, Miss Furneaux, Miss Sehl, Dr. George Hall, Dr. M. J. Keys, Dr. Moore, Messrs. Ryan, Smith and V. S. Macan, and others.

YOUR HOME AND YOU

Summer Sandwiches

Summertime is sandwich time in our family. There is hardly a day during the entire Summer when the bread knife isn't sawing back and forth, making thin slices that are later to be combined with delectable combinations of meats, green stuff, vegetables, fish and sweets. For the only way to eat a sandwich meal is that you can take it up in your hands instead of having to be equipped with a pocket knife and fork and spoon.

Luncheon always spells sandwiches with us, especially when it is served, out on the veranda, under the trees, over by the tennis court, or out in the woods on a motor picnic. Here are a few sandwich secrets that may help housewives to satisfy even the masculine appetites of their household on warm Summer days.

To begin with, always cut the bread very thin—very little bread and much filling, may circle insists. Spread it with sweet butter for salty spreads, such as anchovies, corned beef, sardines, or olives. For salad sandwiches, using lettuce, tomatoes, cucumbers or cold chopped vegetables, spread the bread with mayonnaise or its new sister, "yeggonaise." For sandwiches filled with peach or apple butter; cheese and jelly, marmalade and similar sweet concoctions, regular salted butter is good, as it offsets the excessive sweetness of the filling.

Sandwiches spread with cheese and then with souffled prunes are delicious. Tuna fish, chopped celery and nuts, mixed with mayonnaise, make a fine substitute for chicken sandwich. Cream, cheddar cheese, blended with chili sauce makes a savory sandwich that baffles analysis. Delicate ham sandwiches sprinkled with a very little powdered sugar and cloves make one think he has run across a bit of the edge of a baked ham.

Water cress, chives, and shreds of chopped carrots make a snappy green sandwich, and chopped parsley or mint make it even better. Mint jelly, East Indian chutney or pimento, combined with thin slices of cold meat, makes sandwiches of tantalizing taste which are nourishing as well. In fact, one can make as hearty a meal via the sandwich as by way of the platter, the salad bowl, and the dessert plate.

New Beauty for Dainty Fabrics

and much longer wear

The two worries you have in washing fine fabrics, dainty garments, are removed. You can launder them now with full confidence that fabric will not be harmed, or delicate colorings dulled.

Silks, satins, crepes, and dainty, expensive cottons come from the wash with new brilliance and beauty. In thousands of homes women are using PALMOLIVE PRINCESS SOAP FLAKES.

These pure white, crinkly flakes give a wonderful, "whipped cream" lather that dissolves dirt magically.

And save money in two ways: By giving longer wear from fine fabrics; and, being nothing but pure soap, they last longer—cutting soap cost.

You can't find anything better for use in the washing machine—nor, in fact, for all laundry or household use.

In handy one-pound packages or bags. Order some today and begin saving next time you wash.

JUDGMENT FAVORS COMPANY TRUSTEE

Important Ruling in Supreme Court in Shipowners' Case

Judgment for plaintiff in the sum of \$5,000 was awarded at the close of the Supreme Court hearing of Griffiths versus the Cameron Lumber Company and J. O. Cameron, yesterday afternoon. In giving judgment at the end of the two-days hearing, Mr. Justice D. A. McDonald held that the defendant company was liable to the extent of \$5,000 on account of unpaid shares in the Victoria, B. C., Shipowners, Limited.

Suit for \$17,000 was brought by the authorized trustee in bankruptcy, Albert F. Griffiths, but the court ruled that the defendants had contracted to enter into subscription on their own basis, and that the liability stopped at the amount mentioned in the judgment. The defendant, James O. Cameron, continued his lordship, was liable if the Cameron Lumber Company went out, but that point did not arise.

The judge found that Mr. Cameron and the defendant company had subscribed for the shares in the basis set up in the defence, that was to an extent of \$5,000 for each ship, completed for sea; and in proportion to the progress made in construction. Only one ship had been finished and two other keels laid down. Against this the defendants had already paid in \$5,000 on account, in lots of \$1,000 each, as each keel was laid. F. C. Elliott appeared for the plaintiff, and H. A. Maclean, K. C., for the defendant.

The judgment is of more than usual interest in that, say barristers who heard it delivered, its terms may hold liable some twenty others who, it is claimed, may have been delinquent in meeting the full extent of their subscriptions. The Cameron case was distinct from the others in that Mr. Cameron had acted on a special agreement as to a progressive payment basis on the stages of construction reached, and not on share applications as is held to have been the case with other shareholders.

JUDGMENT RESERVED

At the close of the hearing of Rex versus Hunter in the County Court yesterday, judgment was reserved by His Honor Judge Lampan. The case was one by the Crown, in the person of the Department of Customs and Excise, against an acquittal of Archibald Hugo Hunter, proprietor of a bakery on Port Street, who was released in the Police Court on a charge of neglect to pay excise tax. William Straith, Crown counsel, contended that the defendant respondent was a manufacturer within the meaning of the Special Revenues Act dealing with the matter, and as such liable for the tax on certain classes of pastry. Frank Huxton, K. C., for the respondent, held that Mr. Hunter did not come within the meaning of the term "manufacturer" and was not liable for the tax, assessed at \$49.50 in this case. The case is in the nature of a test case upon which much rests.

TOM MIX AS MODERN KNIGHT

Stars in "Romance Land" at the Columbia
 The principal evils which confronts society to-day. Rather, it was selected because it permitted an excellent opportunity for Miss Phillips to display her rare emotional qualities. However, the indictment of gossiping was already in the script when it reached Director is Holubar's hands, and he has taken advantage of every opportunity to show what idle tongues can do to a woman's reputation.

Miss Phillips is supported by an admirable cast. The picture was produced in Los Angeles and the California mountains, and contains some of the most superlative outdoor scenes that have ever been photographed.

HILARIOUS FUN RULES IN COMEDY
"The New Boy" is Now Being Presented at Playhouse

Possessing all the qualities and aptitude for farcical plays, which made their London theatre such a success, the Compton players last night cemented their popularity with the theatre going public, and at the same time provided one of the most inimitable comedies that has ever been produced in this city, with the exception of "Charley's Aunt."

"The New Boy" is the name of the comedy now being presented at the popular Yates Street playhouse, and judging from the vociferous reception conceded the play at the conclusion of last night's performance, the production certainly must have been a success.

For the opening night the largest attendance that the theatre has had for some time turned out to witness and obtain one of the most laughable evenings of their lives. Every minute of the play was full of fun and humorous complications. Like "Charley's Aunt" the play is set at a boys' college. The plot is a well thought-out one, but provides scope for an almost indefinite supply of comedy.

There are more laughs crammed into one minute of the play than one can imagine, while the humorous situations created by the impersonation of a fourteen-year-old boy by a staid man of maturity, is refreshingly hilarious. Sparkling, full of clean comedy and ready wit, Francis Compton took the leading comedy role, that of the impersonation, while Mrs. Burton, who in the play is supposed to be his wife, but later has to witness the behaviour of her husband as her fourteen-year-old son, plays her part in a most remarkable manner.

George Durham, who when first appearing here took a number of minor roles, was given a part which displayed his abilities at their best. As a dignified school master with a rather authoritative manner, especially for the "new boy." Mr. Durham only added to the comical situation. Herbert Leslie carries out his role admirably. Clifford Winterston is as popular as ever, and as a French master proved delightful to the fair sex. Peggy Dundas, in her usual dainty and charming manner, won the hearts of all the patrons and had a prominent part in the play. Every part was equally well carried out, and it was the conscientious manner in which everyone realized his or her responsibility in making the play a real success that resulted in "The New Boy's" uproarious reception by the largest audience that the Playhouse has yet had on its first appearance.

It might interest motion picture enthusiasts to know that Fay Compton, who is now playing at the Capitol Theatre, is a sister of Francis Compton.

ROYAL VICTORIA

To-day, when "A Sister to Assist 'Er'" plays at the Royal Victoria Theatre, the public of Victoria will see the cheery side of London life as it is lived over there by those justly famed jolly blokes and coves of Whitechapel, who, with the aid of an odd drop of the "faithful" every now and then, manage to snare and choke and see only the joyous side of life and at the same time shed joy over the whole world, who read about them in books and see them on the stage and in motion pictures.

The characters in "A Sister to Assist 'Er'" Mrs. May, Daisy, Alf and Jim 'Arris, are famed over on the other side as fun-romancers beyond compare, and we have yet to find an audience that would fail to go into ecstasies of joy over their cheery antics.

Supporting Katherine MacDonald in her latest picture, "Refuge," a B. P. Schulberg-First National attraction, are such sterling players as Hugh Thompson, Arthur Edmund Carewe, Fred Malatesta, Eric Mayne, Mathilde Brundage, Grace Morse, Victor Fotel, J. Gordon Russell and J. Gunnis Smith. "Refuge" is being shown at the Royal in addition to the above feature.

DOMINION

Scoring a sensation at its premier, Betty Compton's latest motion picture, "The White Flower," now at the Dominion Theatre, proves to be unusually interesting. The scenes of this great story by Julia Crawford and transpire in the Hawaiian Islands. Miss Compton, in the role of Konia Markham, a half American, half Hawaiian girl, does the best work of her screen career. She is ably supported by Edmund Lowe, who has the leading male role of Bob Ruthertford. Arline Frey, Edward Martin, Leo Barry and others.

There have been many pictures of the South Seas and Hawaiian Islands, but never has there been one like "The White Flower" in which the plot, as well as the photography, is most praiseworthy. These two features are happily combined in this charming production.

CAPITOL

"Diana of the Crossways" is the best English picture that Fay Compton, the celebrated English actress, has ever appeared in on this side of the Atlantic. The story is a book form, from the pen of George Meredith, was one of his best and most popular works, having been widely read the world over. The story, commencing at "the Crossways," a rambling old English home, and dearest of all places on earth to Diana Maion because of its childhood memories, shifts into glittering state ball rooms and high society functions. The betrayal of an important state secret and the accusation of Diana in the story, the thrilling incidents of the picture. How Diana's character was finally cleared and her reinstatement in London's society forms an unusually absorbing story. It will be shown at the Capitol all week.

"SLANDER THE WOMAN" IS COMING TO ROYAL

"Slander the Woman." Allen Holubar's First National release, starring Dorothy Phillips, which will be shown at the Royal Theatre for six days, beginning next Monday, is one of the strongest indictments of gossip and gossiping that has ever been produced.

When it was first selected as Miss Phillips' starring vehicle, it was not picked because it portrayed one of

SEATTLE CREW HELD BY SOVIET

Siberian Commissars at East Cape Seize Trading Schooners

Seattle, June 21.—Soviet commissars at East Cape, Siberia, have seized the Seattle trading schooner Blue Sea and have arrested the officers and crew, including three Seattle men, the seizure and arrests following closely on the capture of three American vessels by the East Cape authorities.

The Seattle men under arrest are: Capt. Alfred H. Anderson, master, 2010 Westlake Avenue N.; Paul Hansen, member of crew, 518 East 71st Street.

The Blue Sea is owned by Olaf Swenson & Company, of Seattle. She is a power schooner. The power schooner Chukotk, also owned by Olaf Swenson & Company, which was in East Cape waters a few days ago and in danger of seizure, arrived in Nome, having escaped molestation.

The three American vessels previously seized by the East Cape commissars are the power schooner Silver Wave, owned by Capt. Jacob R. Hammer of Seattle and Nome; the Iskum, owned by the Phoenix Northern Trading Company, of Tacoma, and the Belinda, owned by Arnold Costell, of Nome.

The schooner Iskum was formerly owned at this port.

Some men do nothing on time except quit work.

From Patricia next door—NO doubt when unexpected guests arrive in unexpected numbers, you, too, are obliged to borrow silverware—or to set your table with odd and unattractive pieces. But this annoyance is unnecessary!

The sensible thing is to have enough silverware of your own. And in 1847 Rogers Bros. Silverplate you can provide that enough quite reasonably. Six tea spoons in the beautiful new Anniversary Pattern cost only \$3.75.

But, for all its inexpensiveness, 1847 Rogers Bros. Silverplate is both beautiful and durable. Its quality has been recognized through three-quarters of a century.

NEWS IN BRIEF At St. Paul's Presbyterian Church this evening there will be a Mass Prayer Meeting, at which deputations will attend from the Metropolitan and Wesley Methodist Churches. Rev. Dr. Sippell and Rev. J. E. Dimmick will be the speakers. The second carload of tomatoes shipped by local growers to prairie points left here yesterday for Regina. It was shipped by Victoria Hothouse Association and included 1,200 crates of tomatoes and a small quantity of cucumbers. These products, it is explained, are competing successfully on the prairies with local vegetables and shipments from the Southern States. Eight casts of prehistoric petroglyphs or old British Columbia Indian pictures carved in rock have been presented to the Provincial Museum by the Victoria Memorial Museum at Ottawa. They were sent here on the instructions of Harlan I. Smith, Dominion Archaeologist, who discovered the original carvings near Bella Coola. The pictures must be very ancient, as they were covered with thick layers of moss and tree roots. The Esquimalt School Choir concert recently announced for June 22 has been postponed until Thursday, June 28. It will be held in the assembly room of the Lamson Street School and the school choir will be assisted by Mrs. Jesse Longfield, Messrs. Drury Pryce and Ira Dilworth. F. Waddington, the conductor of the choir, will join Mr. Longfield in several duets. The choir, in spite of a number of serious handicaps, has made tremendous progress and has prepared an interesting program. Four Bay residents will make another attempt to get the authorities to change the "u" to a "w" according to a decision which was reached at last night's meeting of the recently-formed Community League. About fifty members were present. In the retirement from the secretaryship of C. P. Moriarty, H. L. Robertson was elected to the office, Mr. Moriarty remaining on the executive. The meeting also decided to take up with the city authorities the matter of the acquisition of a plot of ground bounded by Robertson, Mills and Wolsely Streets as a children's playground. A programme is being prepared for the next meeting.

ALLEGED MURDER AT HINDU DAIRYMAN GOVERNOR HART VISITS THE CITY Washington Chief and Party Spends Few Hours Here Hon. L. F. Hart, Governor of the State of Washington, accompanied by C. L. Babcock, State Auditor, and C. W. Clausen, State Auditor, arrived in Victoria today from Olympia by way of Port Angeles, and left for Bellingham on the Motor Princess this afternoon. These three high officials are leaving in a few days to inspect the State Highway Commission, and once a year about this time they cross the boundary line to inspect our own highways which are closely connected with their own system. Messrs. Babcock and Clausen visited the Chamber of Commerce this morning and conversed for a short time with several members of the directorate. Mr. Babcock is enthusiastic over the prospective development of tourist travel to the Northern Pacific states and this Province. He has been in the territory since its infancy. We are drawing more and more from California, and with the development of our system of highways there will be a tremendous growth in this business. The members of the Washington Highway Commission are anxious to see a large representation from British Columbia at the Good Roads Convention to be held in Olympia in the latter part of September or early in October. The occasion also will mark the completion of the Washington section of the Pacific Highway, and it is planned to celebrate it as an unusual event.

ODD FELLOWS HOLD SESSIONS IN TORONTO Toronto, June 21.—Odd Fellowship occupies the stage in Toronto this week, for in addition to the sixty-sixth annual session of the Grand Lodge, the thirty-third annual session of the Rebekah Assembly and the seventeenth annual session of the Department of the Council of the Patriotic Militant, a conference attended by 750 delegates from all over Canada and a wide area in the United States, is being held at which national and general matters affecting the well-being of the order are being discussed. A civic reception was tendered by Mayor Maguire at the Odd Fellows Temple yesterday.

WHITE SAUCE FOR CREAMING VEGETABLES OR MEATS 1/2 cupful Borden's St. Charles Milk 1/2 cupful water 1 1/2 tablespoonfuls butter or butter substitute 1 1/2 tablespoonfuls flour 1 scant half teaspoonful salt High seasoning of pepper or paprika. Melt the butter substitute in a small saucepan, stir in the pepper and salt mixed with the flour and stir until well blended, away from the heat. Then gradually stir in the milk and water, stirring constantly with a wire whisk, and taking care that all of the liquid is thickened before a further amount is added. Let boil one or two minutes with the vegetable and let stand over hot water for ten minutes to become thoroughly heated. Serve with asparagus, string beans, peas, brussels sprouts or potatoes. Eggless Mayonnaise 3 tablespoonfuls Borden's St. Charles Milk, undiluted 1/2 teaspoonful salt 1/2 teaspoonful mustard 1/2 teaspoonful sharp vinegar 2 cupful salad oil—any kind. 2 teaspoonful pepper. Combine the seasonings, add the milk and gradually beat in the oil with an egg beater. Then whip in the vinegar. Use as any Mayonnaise. Transfer to a covered jar. This will keep indefinitely in a cool place. If too thick, thin with Borden's St. Charles Milk. (Adv.)

On July 5 he will go to Tacoma to meet the presidential party and arrange the programme for the visit on his return from Alaska on July 28. Premier Oliver will represent the Province at the opening of the famous scenic road, the Banff-Windermere Highway, on June 30. Dr. King will also be present, coming West next week in order to be present at the function.

TRANSFER REPORT IS DENIED HERE Rumor Associates Bishop Macdonald With New Appointment An emphatic denial was given from the Bishop's Palace this morning to the report that Bishop Macdonald had resigned from the See of Victoria to become associated with a theological college in Rome. The Bishop is now making a periodical visit to Rome in accordance with the regulations of the church. He recently had the honor of being presented to the King and Queen during Their Majesties' visit to the Vatican. Dr. Macdonald left Victoria on April 2, and sailed April 15 to Naples from New York. He completed his education in Rome and has had three visits there since, in 1900, 1908, and in 1914. He was not due to go until next year, under the ten year rule, but received a special summons from the Archbishop of Toronto this Spring.

BASEBALL, CRICKET, GOLFING, SWIMMING

Compact Stroke Is Essential—Sarazen

Gene Advocates Open Stance, "Not Too Much Back Swing and When in Doubt Use Longer Club" For Iron Shot

By Gene Sarazen.
Copyright 1923 by the Bell Syndicate.

In playing a mid-iron shot I address the ball with a slightly open stance. The distance between my feet is approximately 20 inches. From the right toe to the ball the distance measures about 24 inches, and from the left toe to the ball the distance is 24 inches.

These are the approximate figures for the stance on this shot, and if you use I am sure you will find the stance quite comfortable when you are addressing the ball with a mid-iron.

Of course I am rather short in stature and others may find a wider stance better. But in any event be sure your stance is comfortable.

In taking the club back you follow principally the same line and directions as you would in driving. But first of all you must grip the club more firmly than you would the driver or brassie with the right hand well on top of the shaft and the right forefinger and thumb doing most of the gripping.

The wrists should start the back-swing as they do with the driver. Take the club back slowly and along an inside plane, but remember to keep the right elbow down and in close to the body. To keep the stroke compact, and to hit your irons firmly, you must swing from the inside.

The moment you swing the club outside or away from the body, you will cut across the ball and a bad slice will result. Therefore, throughout the stroke, remember to keep the arms in close to the body.

As you take the club back, the left foot pivots and the left knee is turned in towards the ball in the same manner as when driving. But no matter how long the distance is to the hole, never bring the hands back higher than the right shoulder on the back-swing, nor the club beyond the horizontal.

The horizontal is that line directly above and across the shoulders. If you swing the club back further than that you lose control; you are then swinging loosely and blindly, so to speak.

Take a Little Turf.

The idea is to keep the stroke as compact as possible, to have perfect control of the club at all times. You will find too that you do not get a better punch into the shot if you do not swing back so far. If you feel your arms make the required distance with your iron, take the wood, but never try to press the shot for that kind invariably results in the club striking the ball in doubt use the longer club.

In my last article I said that an iron shot was different from the driver in that it was direct, hit rather than a sweep. That does not mean you are to bring the club down

Boston Braves Put Fear Into Pittsburg Nine

Hand Out 14 to 8 Drubbing; Cincinnati Move Up; Tigers Move Back

New York, June 21.—If the Boston Braves continue to-day to frighten the Pirates of Pittsburg, Cincinnati will go into second place in the National League to-night of their own deadweight. The Braves yesterday doled out a 14-8 defeat to the Pirates.

Cincinnati came up another notch by taking another game from Brooklyn 4-1.

Chicago managed to take a game from Philadelphia 12-1 and are within one point of St. Louis, which again lost to New York 7-5.

Elmer Smith, Yankee pinch hitter, delivered a crisis again, clinching with the bases filled and enabling the Yankees to tie the score with three runs in the ninth inning, and won 3-7, and as Philadelphia beat Chicago 4-3 in eleven innings, the American situation resolved back to its day-before yesterday.

The Tigers went back into the first division as Boston beat St. Louis 3-1, while Cleveland won from Washington 5-1.

Tracey Wants to Alleviate Fears That Money Will Not Be Ready for Dempsey

With Brother Mike Superintending Tommy Gibbons In New York Stacked Up Against the Hardest Sluggers For \$150 Purses

Shelby, Mont., June 21.—Another shift was made to-day in the new personnel in charge of the Dempsey-Gibbons championship fight. July 4, when Fred R. Searles of Great Falls, an expert accountant, assumed office as assistant treasurer to Mayor Jim Johnson of Shelby, treasurer of the American Legion committee promoting the fight.

It had been previously announced that Frank C. Fogarty, also of Great Falls, who had been acting as treasurer, the new business executive, would be assistant treasurer. It was revealed to-day that Searles was the choice of Mayor Johnson, and that Fogarty contributed in the payment of the second \$100,000 of Dempsey's guarantee. Tracey has launched a campaign to raise the third \$100,000 which must be paid the champion by July 2. He hopes to secure the money within three or four days and place it in escrow, to allow any fears that it would not be ready when needed.

NO BETTING.

Chicago, June 20.—No betting will be allowed at the racing meet at Hawthorne track June 30, Richard Crowe, state's attorney, announced to-day. Bets, oral, written or in the form of coupons, of any amount, will come under the ban where detectives will be assigned to arrest offenders, he said.

Hard Life for Sparring Mates With Dempsey

Seven Foot Two Cowboy Is Latest Arrival at Camp As Champion's Victim

Great Falls, June 21.—Working in his indoor gymnasium during the fury of a driving hail and rain storm, Jack Dempsey yesterday engaged in a shortened workout under orders of Manager Jack Kearns, who believes the champion has reached the peak of his training for his title contest with Tommy Gibbons just two weeks away.

Dempsey limited his boxing to four rounds, but indulged in the usual round of bag punching and shadow boxing. Boxing experts agreed the champion displayed much more over yesterday, as he punched more accurately with greater speed and appeared to have more drive back of his blows.

CRICKETERS NAME INTER-CITY ELEVEN FOR GAME IN JULY

The following is the team selected to represent Victoria in the cricket match against Vancouver, to be played at the University School grounds:

Captain F. E. Noble (captain), Major M. R. N. Coburn, S. Watson, Sholto Gillespie, G. C. Grant, S. A. Sparks, R. Wenman, H. Burton, G. Wilkinson, W. A. Anderson, P. Wells, G. R. Taylor, and J. R. H. Langfield.

The captain has called for practice games on Monday for Monday and Friday of next week at 5 o'clock, at the Jubilee Grounds.

Fourth on the list was Millard Rosenblatt, of Tualin, with 151. From there on the scores increased considerably.

There were 165 entrants for the qualifying round, a number so great that the course was swamped and the calendar demoralized.

LACROSSE LEADERS MEET ESQUIMALT AT BARRACKS TO-NIGHT

The United Services and Esquimalt lacrosse teams will meet in a city league game to-night at Work Barracks. Both teams are confident of winning and a close game should be seen. The United Services are present leading the league while Esquimalt is holding down the cellar position. The teams will be picked from the following: United Services, Harry Benjamin, Moore, Weir, Kirk, McGregor, Russell, Nobbs, Huseton, Coulter, Delhomme, Peterson and Wingert. Esquimalt: Pascoe, Huxtable, Popham, Passmore, Jones, MacMillan, Stewart, Ross, H. Hicks, Stewart and Jenkins. "Bob" McInnes will handle the whistle and the game will start sharp at 7 o'clock.

PORTLAND GOLFER LOW MEDAL MAN

Portland, Or., June 21.—Rudolph Wilhelm, an ex-Oregon state golf champion, shot the low medal score of 74 in the final round of the Willamette Valley Golf Club, making the 36 holes in 148 strokes. Par for 18 holes at Waverly is 72, so Wilhelm was only one stroke above par in each round. His score was two strokes better than that of Dr. O. T. Willing, present state champion. Dr. Willing shot the qualifying round in 148. His score was third, for second honors went to Johnny Rebstok, the brilliant young golfer who earned his first tournament spurs on the East Moreland municipal links. Rebstok shot, 36 holes in 147. He is a Portland club entry.

EAGLES WILL MEET AUTOMEN TO-NIGHT

The Eagles and the Automen will provide the fun at the Stadium this evening in the scheduled senior amateur ball game. It is expected that the game to-night will be a battle royal as the feathered folk are out to secure revenge for the setback that they were handed by the Automen at their last meeting. However, the Automen are confident that they will be able to again trim the league leaders.

The Eagles are at present leading the league with a two game lead over the C. P. R. team and another win this evening would give a good margin of advantage over the railroaders so they are anxious to chalk up a win to their credit.

Zaccarelli will most likely be on the mound for the Automen, while the lodger will most likely use either Noble or Kerr.

The game will be called at 6.30 o'clock sharp with Alie McGregor arbitrating.

Saturday's Game.

On Saturday afternoon the Eagles will be hosts to the crack Seattle team from the West Seattle Athletic Club.

SHELBY GETS READY FOR BIG FIGHT

Shelby, Mont., June 21.—Preparations to handle the influx of fight fans expected here July 4 to witness the Dempsey-Gibbons championship contest between Jack Dempsey and Tommy Gibbons were nearing completion to-day under the direction of Chamber of Commerce and officials of the boom town.

An automobile tourist camp of 157 acres with accommodations for 3,000 cars is being laid out.

The town has approximately 2,000 residents living in tents, several thousand more in tiny one and two-room shacks, and a few hundred in the substantial residences built before Shelby experienced its oil boom.

To curb the activities of miscreants July 4, sheriffs from surrounding counties have been requested to aid Sheriff Harry Benjamin of Shelby, in policing the town. In case the jail, which has a capacity of ten persons becomes crowded, the overflow will be incarcerated in a stockade now under construction which 200 may be imprisoned if necessary.

Gibbons' workout yesterday consisted of bag punching and turning contests with his sparring mates. He has some cold sores on his lip and decided against any boxing for that reason.

JESS FACES DOCTORS BEFORE FIRPO BATTLE

Trenton, N. J., June 21.—State Comptroller Busbee, director of the New Jersey Boxing Commission, has ordered Jess Willard to report for physical examination before next Wednesday to prevent a last-minute slipup in the Willard-Firpo bout at Jersey City, July 12.

Lodgers Anxious to Secure Revenge for Setback at Last Meeting

RAILROAD NINE TO TACKLE BELLINGHAM ON U.S. DIAMOND

On Saturday the local C.P.R. baseball team will journey to Bellingham to meet the crack Eagle team. From news received from up Island the C.P.R. are going to have a pretty stiff game, but Manager Copas expects to bring back the honors. The following players are asked to be at the C.P.R. wharf, Belleville Street, at 3.15 (city time): R. Copas, Jackoff, "Poke" Gravin, McIntyre, Forbes, Webster, Saunders, "Bob" Whyte, Minnie Moffat, F. Campbell and C. Campbell.

RETIREMENT HART WAKE PRO'S PLAY

Press Taylor and Gravin Hard in One of Best Games of Season at Uplands

One of the best four-ball matches of the season was played yesterday at the Uplands Golf Course, when "Phil" Taylor and "Walt" Gravin defeated Jack Rithet and the Hon. John Hart 1 up. The game was very close, being decided on the last green.

Messrs. Rithet and Hart made the professional step all the way, having them 2 down and 4 to go, and if it had not been for a disastrous hole on the 16th, the story would have read differently.

Both Messrs. Rithet and Hart played great golf and the pros had to use all the shots they carried. The best ball score was one of the best ever made at the Uplands, being as follows: Taylor and Gravin—Out—3-2-4-3-4-4-4-4—22
Rithet and Hart—Out—2-5-5-5-5-5-4—25
Hart—Out—4-2-4-3-5-4-5-4—23

SMITH GOES DOWN

Pueblo, Colo., June 21.—Bud Hamilton, Denver bantamweight, won the newspaper decision over Midget Smith, of New York, at the end of their ten-round fight here last night.

POLICE SET DATE FOR RACKEEET

Thirty-Three Events on Programme for July 4

The list of events on the programme for the Police Sports set for July 7 at the Willows indicates that the meet this year will be well up to the usual standard. There are thirty-three events, including two open handicaps, one hundred yard dash and the two-twenty. It is necessary for entrants for these feature events to fill in a British Columbia Amateur Athletic Union form.

Some of the events and the handsome prizes offered should prove a magnet to well known names of the northwest. The last day of entry is not until July 4, so it is early to make any forecast on the number but early reports indicate that there will be plenty of competition.

The ten-mile road race, to finish with one lap around the Willows course, the four hundred and forty yards open race and the three mile and one mile open bicycle races are among the outstanding features. The complete list is as follows:

Revolver shooting competition (5 men team) for police teams only.

Ten mile road race (to finish with one lap around course)—open.

One hundred yards race (handicap)—open to boys 9 to 12 and under.

One hundred yards race (handicap)—open to girls 9 to 12 and under.

One hundred yards race (handicap)—policemen's boys under 16.

One hundred yards (girls 14 and under)—two from each school in City.

Seventy-five yards race (handicap)—policemen's girls under 14 and under.

One hundred yards race (handicap)—open.

Sixteen pound shot—open.

One hundred yards race—policemen.

High jump—open.

Egg and spoon race—policemen's wives.

One hundred yards race—Vancouver Island policemen in uniform.

Sixteen pound hammer—open.

Half mile race—open.

Broad jump—open.

Seventy-five yards back race—policemen.

One hundred yards race—policemen over 220 lbs.

Four hundred and forty yards race—open.

Police Chiefs' race (100 yards), Tug-of-War (smooth sole and level heel) eight men and captain—open.

Five-ten pound weight—open.

One mile race—open.

Hurdle race (low hurdles)—open.

Two hundred and twenty yards race—policemen.

CONNAUGHT SOCCER

The final British Columbia football game of the Connaught Cup series will be played at Ladysmith on Saturday, June 23, between Nanaimo City and Cumberland, Secretary Fred Hart of the Nanaimo City Football Club having received official notification to the effect yesterday from the B.C.F.A.

SPECER'S NINE WALKUP SIDNEY

Spencer's ball nine took the Sidney team into camp at the Central Park last evening and trimmed them to the tune of ten to seven in a Commercial League fixture. As a result of their win last night Spencer's are still holding down the second berth in the league.

Givens started on the mound for the department store team but was yanked in the second inning after four runs had trickled across the plate. He was replaced by Joe Smith, who pitched straight ball for the remainder of the tussle.

Spencer's advanced into the lead in the second inning and were never overtaken during the rest of the battle. In the ninth Sidney staged a rally and scored two runs on a pass ball and two hits.

The feature of the game was Jimmy Givens' home run to right field in the second, scoring three runs.

Score by innings:
Spencer's..... 1 5 0 2 0 2 0 2
Sidney..... 0 1 0 2 0 0 0 0

The team were as follows:
Spencer's—Mack, Post, Richards, Esler, Bentley, Givens, Robinson, Smith and Donaldson.
Sidney—May, Humber, McIlmoyl, Nelson, Crossley, Vogler, McNeill, Williams and Lines.

Sons to Play

On Friday night at the Central Park the Native Sons of Canada, league leaders, will clash with the Hudson's Bay nine.

WAS GUN RUNNING TO CUBAN COAST Sugar Planter Here Had Picturesque Career in "Nineties"

"Porto Rico has made steady progress under American administration, yet there is a strong sentiment towards independent, self-government," said R. C. Cooley to The Times last evening.

Mr. Cooley has been a sugar planter in the island with headquarters at Agurro, on the south coast, for fifteen years. However, his interest in the West Indies goes back many years to the long struggles for independence from Spanish domination. In fact he was engaged in the highly picturesque but risky career of gun running from Florida for the revolutionaries before the Spanish-American war. The adventurous story of the runners from the ports of Florida to Cuba has frequently been the subject of fiction, and according to Mr. Cooley fact often was as thrilling as the narrative of the novelist.

The practice was for the chartered steamers to bring "hardware" composed of arms and ammunition to the selected port off the Florida coast, under charter from some Atlantic port, and then to meet off the three-mile limit by sea-going tugs loaded with "immigrants" who were insurgents waiting an opportunity to join their compatriots in the Spanish warfare against the Spanish military forces. Off the coast the men would be united to their arms, and then a descent would be made on some harbor where the official protection was limited. Often two or three places had to be tried, until it was safe to make a landing. On one occasion Mr. Cooley, whose duty it was to charter the steamers, spent three days and nights in a vessel off the Cuban coast, waiting for an opportunity to slip in and make a landing. Of all his experiences he looks back on the landing of a machine gun under great hazard for the insurrectionary leaders as his best achievement, the details of the landing reading like a motion picture thriller. Singularly he located the gun again after the American occupation, for General Garcia gave it to the owner of the first plantation where Mr. Cooley was employed after he went to the island sugar planting, and there it reposed on the veranda of the hacienda where he visited.

Mr. Cooley says the American Government has not been judiciously represented in some of its representatives in high official posts since the transfer of sovereignty, and that has caused some friction, but there has been steady progress made. He believes there is a strong sentiment for independence in Porto Rico, though being of a different type to most of the West Indians, the Porto Ricans do not show quite the same sentiment as elsewhere to foreign rulers.

Mr. Cooley gave considerable attention to the archaeology of the Caribbeans during his residence in the island. He is now a guest at the Dominion Hotel.

RETAIL MERCHANTS HAVE AMALGAMATED Branches of Esquimalt and Victoria Agree to Fusion

The Victoria and Esquimalt branches of the Retail Merchants' Association have amalgamated. At a meeting of these organizations last night a resolution was passed to unite the two retailers' associations, thus making a much stronger central organization. J. Cook, president of the Esquimalt branch, presided over the meeting.

The object of the amalgamation is to strengthen the branches and bring the business of the two organizations under one secretaryship. In this manner a much more powerful organization will be represented at any meeting or delegation, while expenses of conducting the organization will be considerably reduced. The branch will be known as the Greater Victoria Retail Merchants' Association.

Automatically with the resolution of amalgamation is the regulation that two members of the Esquimalt branch act on the Victoria executive.

TABLE TO MARK NOOTKA LANDING Historic Sites Board to Commemorate Vancouver's Landing On Island

Nootka, site of the first white settlement on Vancouver Island, will shortly be marked by a stone tablet which will be erected by the Historic Sites and Monuments Board of Ottawa, according to Judge F. W. Howay, of New Westminster, who has just returned from the East after completing important historical research work. The tablet at Nootka will commemorate the landing of Captain George Vancouver.

It is planned also to erect a similar tablet near Port George to mark the journey of Sir Alexander Mackenzie through Central British Columbia, and one at the terminus of the Cariboo road at Yale, Judge Howay states.

On the site of the old Spanish fort at Nootka, a small granite monument was erected to the memory of Vancouver and Cochrane. It bears the inscription: "Vancouver and Cochrane met here in August, 1792, under the treaty between Spain and Great Britain of October, 1790. Erected by the Washington University State Historical Society, August, 1907."

Judge Howay announced that the Historic Sites Board will assist Langley people in preserving the old Hudson's Bay post at Fort Langley as a relic of the early fur-trading days of British Columbia. If the site and buildings are donated to the Historic Sites Board, that Dominion body will rehabilitate the old post turn it into a museum, and maintain it as a monument to early pioneering effort in the Lower Mainland. At the next meeting of the Langley Board of Trade His Honor will lay the proposals of the Historic Sites Board before the members.

THE TIMES DAILY PICTURE PAGE

AMONG THE DELEGATES in attendance at the annual meeting of the Canadian Manufacturers' Association are, left to right: Sir Alex. Bertram, Montreal; W. S. Fallis, Montreal; J. M. Sinclair, Toronto; Alex. Saunders, Goderich; Arch. Hutchinson, Port Credit.

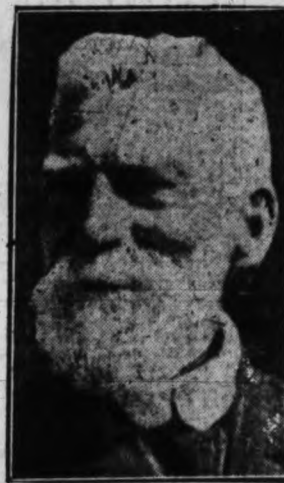

IN DANGER—Fears are entertained for the safety of Sir Herbert Samuel, British high commissioner in Palestine, following an attack made by brigands upon his bodyguard.

USED COMMON SENSE AND SAVED TWO LIVES.—When Mrs. Arthur Connolly, of Toronto, saw an auto with two men in it crash through a wire fence and fall down an embankment to the G. T. R. tracks, she grabbed a bottle of peroxide with one hand and a pillowslip off the clothes line with the other and rushed to the rescue. After bandaging the men's cuts she flagged an approaching train with the remnants of the cloth. The photos above show Mrs. Connolly, and the spot where the accident occurred.

CONFESSED MURDERER.—Eulogia Lozada, Filipino (right), has confessed to strangling Miss Blossom Seelye Martin (left), a New York nurse, to death, because she refused to marry him. He was arrested while attempting to dispose of the body at Staten Island.

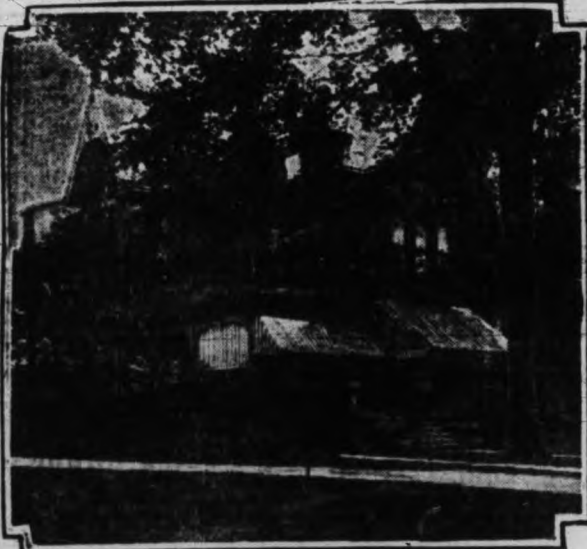

C. BLACKETT ROBINSON, veteran editor and publisher, is dead in Ottawa, aged 86.

HEADS KIWANIS — Edmund F. Arras, of Columbus, O., who was elected international president of Kiwanis clubs at the international convention in Atlanta, Ga.

CAPT. DONALD B. MacMILLAN, Arctic explorer, will sail on June 23 for a two-year's voyage in the far north.

EARL UNABLE TO WED IN U. S. MAY TRY CANADA.—Refused a license in New York and followed by her former husband, Cyrille Witt Reinhard, who declares that her divorce is not legal, Miss Jessica Brown, upper left, former Polish girl, of Buffalo, may come to Canada to marry the Earl of Northesk, upper right. Below is Miss Brown's home, 750 Delaware Avenue, Buffalo.

A KING GOES WOOL-GATHERING.—The king of Italy, Premier Mussolini and the Italian cabinet attend the first sheep market in Rome. Above you see His Majesty in close attention to the quality of a ram's wool as the attendant exhibits it.

HO-HUM! ANOTHER!—Pictures of the "most beautiful" girl in various parts of the universe stream in. This is Miss Lena Relli, elected as the most beautiful of her type in Italy.

VOROWSKI FUNERAL IN BERLIN.—Thousands jammed the streets of Berlin to witness the funeral procession of Vorowski, Soviet delegate assassinated at Lausanne. Among those who followed the hearse were (1) Krestinski, Soviet republic minister to Germany, and (2) Radeck, secretary of the Soviet delegation to Lausanne.

AURORA SHAKES WITH AUDRIE.—Aurora Borealis (that's the St. Bernard) is rather heavy-handed with his greeting to Audrie Northridge, so Audrie extends both hands to him, like a lady to an old-time fella.

LORD AYLMER, former inspector-general of the Canadian military forces, is dead at Queen's Bay, Lake Kootenay.

INTERNATIONAL SUFFRAGE CONGRESS.—Mrs. Carrie Chapman Catt, American woman leader, photographed as she addressed the Congress of the International Women's Suffrage Alliance in Rome. Premier Mussolini presided at the meeting and promised to extend suffrage with certain limitations to the women of Italy.

Butter and Cheese On Decline; Local Vegetables and Berries Plentiful

According to information received from wholesalers row this morning, prices have fluctuated considerably in the butter section, the quotations indicating a steady decline during the past week, reductions have also been made in cheese. Local strawberries and gooseberries are now quoted at favorable prices, and there is no doubt but that the time has arrived for the general public to buy their requirements of strawberries and gooseberries for preserving purposes. California apricots, peaches, plums and cantaloupes are much lower in

price this week than they have been for some time.

Victoria is very fortunate in being well supplied at the present time with local hothouse cucumbers and hothouse tomatoes, lettuce, radishes, green onions, green peas and spinach. New bunch beets, carrots, turnips and new potatoes are also being offered at a reasonably low quotation for this season of the year.

OPERATION ON STRONG MARKET

(By Burdick Bros., Ltd.)
New York, N. Y., June 21.—There was a rather heavy volume of selling orders that accumulated over night but the offerings were absorbed in rather impressive fashion, and immediately after the initial selling was completed prices began to improve gradually. In the afternoon dealings the market displayed considerable strength and signs were not lacking of the market being in rather well liquidated conditions. The severity of the decline of late, and the active liquidation which has taken place it is now believed has corrected the technical position so that an extent that warrants the belief that prices are probably resting on rather firm ground. It is not unreasonable to assume that there has also been quite a little selling by the professional element bearishly inclined. The market may be irregular for a while, but we are rather inclined to adhere to the view that price declines if any from now on will be less pronounced than heretofore with there being excellent possibilities of prices at various department recording recoveries in the near future.

MAY MAKE INSULIN HERE FROM DOGFISH

Major Martyn and Fisheries Department Already Interested

Diabetic Cure As Well As Liver Oil and Fertilizer Taken From Fish

Discovery by Dr. J. B. Collip, Professor of Biochemistry in the University of Alberta, that large quantities of insulin, wonderful diabetes cure, can be taken from dogfish of Puget Sound, will likely lead to more interest being taken in the dogfish of British Columbia waters, it was announced at the Parliament Buildings to-day. The Department of Industries under Major Don Martyn is already busy on the proposal. Dogfish have been captured and preserved in large numbers in the factories along this coast for years, it was explained by the fisheries department, of which Hon. William Sloan is Commissioner. Because of the high price of labor and the uncertain fertilizer market, the industry has not been booming lately. The demand for the high-priced insulin secretion will probably supply the needed stimulus for the industry, it was said. The fisheries department is showing interest in anything that will reduce the number of dogfish. "The supply of dogfish is inexhaustible," John P. Babcock, Deputy Commissioner of Fisheries, said. "To get them all you would have to fish the sea out. They are easily caught, too, and every part of them is commercially useful. The dogfish are destructive of our most useful fish, and a lessening of their number will help out the number of other fish in our waters."

FIRST FOREST FIRE NEAR CITY

Fire at Goldstream Burns Over Half Acre

The first forest fire of the season occurred on Tuesday in the Goldstream district. A. G. Mackie, of the General Store and P. O., Langford, received notification from a passer-by of a fire in the bush off the road leading to the hotel. Mr. Mackie immediately notified Fire Warden Leake, who mustered help and repaired to the scene. Notification was received at 6.30 p.m., and for four hours the men were fighting the fire, eventually succeeding in getting it under control. It is thought that the fire was started by a carelessly thrown cigarette end from a traveling motor car, as there is no dwelling house within a mile of the scene of the outbreak. Half an acre of bush land was destroyed.

GOLF COURSE FOR NEW HIGHWAY

Owing to the increased tourist travel from the United States this year some residents of Invermere, B. C., have grasped the opportunity of offering to the American visitors some entertainment while touring the country in and around the Banff-Windermere district. The Invermere Golf Club Limited has secured a charter from the Provincial Government with a capital of \$10,000 to open a new golf club in the district.

Non-Detonating

Neither the most powerful powder nor the most powerful gasoline detonates

There are two kinds of gasoline just as there are two kinds of powder. One detonates—explodes with a single crash. It pounds the piston down with a sledge hammer blow. Having a tendency to explode prematurely, it limits compression, decreasing power and efficiency. It often causes "knocking" on hills. And the crashing blows, repeated, increase vibration—which means more wear and tear. Detonating gasoline and dynamite are similar in that both detonate.

Even, Sustained Impulses

Union Gasoline is different. Like the smokeless powder, used in all big guns, it does not detonate. Its explosions are progressive and prolonged. They thrust the piston down with a steady, sustained impulse, just as the big gun thrusts out the projectile. These explosions permit higher compression, for compression is limited by the tendency of a gasoline to detonate, as all authorities know. You enjoy more power and efficiency from a gasoline like this.

New Speed

This additional, smoother power in your motor means a new "lift" on hills, new speed on the level and more snap in the pickup. These steady, sustained impulses decrease vibration, so save wear and tear. Detonating powder would be the ruination of big guns. And this increased, all-round efficiency means greater fuel economy. Thus Union Non-Detonating Gasoline is the fuel that gives you better service from your motor in several important ways. Union is always uniform. It doesn't disintegrate, thus doesn't deteriorate in storage. You get all the power when you want it that is put into it at the Union plants.

EXPORT NEWS EFFECTS MARKET

(By Burdick Bros., Ltd.)
Chicago, June 21.—There were export sales out of Chicago to-day of about 700,000 bushels of wheat with prices on a full shipping basis according to current reports. This business indicated more export trade in other positions as well and checked the view that wheat is fairly on the strength of this export business with the market evidently overvalued. Liquidation appears to have been pretty thorough and buying on the breaks to-day was regarded as of better class than the selling. It would be natural to expect a more two-sided market at this level inasmuch as there is still possibility of a wet harvest. Northwest crop conditions are now favorable, with rains pretty general over the Spring wheat belt in this country and also in Canada, but there were rains southwest, and any further precipitation probably would help to crystallize sentiment on the buying side, temporarily at least. On the other hand, there are predictions made that the movement will be earlier than expected. The corn market was strong most of the day and this did much toward stabilizing wheat. The cash demand was about the same as recently, and country sales have not been large enough to be significant as yet. The corn market resists all selling attacks, and news affecting other grains does not affect corn apparently, although limiting buying when wheat is weak. When wheat is strong corn is buoyant, requiring little buying to advance prices. Cattle crop news was about the same as recently, and the cash situation is fairly strong, but the imminent crop movement is modifying bullish sentiment to a great extent. The cash market was about steady, with a fair demand. Receipts were small. Primary arrivals are much smaller than a year ago. Lydia E. Pinkham's Vegetable Compound Brought Relief When Other Medicines Failed

Port Mann, B.C.—"I took Lydia E. Pinkham's Vegetable Compound because I was tired and run-down. I had headaches and no appetite and was troubled for two years with sleeplessness. I tried many medicines, but nothing did me any real good. While I was living in Washington I was recommended by a stranger to take Lydia E. Pinkham's Vegetable Compound. I am stronger and feel fine since then and am able to do my housework. I am willing for you to use these facts as a testimonial."—Mrs. J. C. GREAVES, Port Mann, B.C.

been given into the possession of Anna Maria Brentnall, of Ganges, as result of an Order-in-Council passed by the Government to-day.

Ten years previously Anderson had lived with Mrs. Brentnall, at that time Mrs. Lundy, and her late husband, Benjamin Lundy, and had given to them the certificate of title and deed to his land. Furthermore he had promised that in the event of his death the land should belong to Mr. and Mrs. Lundy. Anderson died intestate. He has no surviving relatives having any relatives, nor have any inquiries been made by anyone claiming kinship. Mr. and Mrs. Lundy, however, did not want the land, and for over twenty years have paid taxes on the land, valuation of which is placed at \$750.

Thirsty Visitor Finds Hayward's Bottle Kickless

A shiny, inviting bottle, filled with a dark crimson liquid stood upon Mayor Reginald Hayward's desk. Visitors to His Worship's office glanced at it in amazement. They were too polite to say anything but many of them thought a lot. The truth came out when the mayor left his office for a few minutes and returned to find that half the contents of the bottle had disappeared. Some thirsty soul evidently had removed it, thinking that he had found some seasoned wine. "He must have been disappointed," the mayor remarked. "It's only loganberry juice."
 And then he explained that the bottle was one of a dozen presented him on the eve of his "peace dinner" to the City Council by the Kershaw Manufacturing Company which makes the beverage out of Saanich loganberries. The loganberry juice apparently put the aldermen in such good humor that they forgot the difficulties which had separated them before and settled unanimously on a City Hall reorganization policy. The Mayor explained that he intended to keep a bottle of the juice around to help him preserve harmony. After this, however, it will be put beyond the reach of thirsty souls.

Without An Equal**

William Barber, a well-known carpenter living at 237 Horton St., London, Ont., still another of the thousands who have found the Tanlac treatment a safe and sure road back to health, strength and working efficiency, says:
 "Tanlac fixed me up in such fine shape a year ago that I haven't lost a day from work on account of sickness since. I gained nearly ten pounds in weight besides, and never felt better in my life than I do right now. I lost my appetite, got to where I often went all day without a bite of food, and lost a great deal of weight.
 "Well, when I got Tanlac I hadn't been able to strike a lick of work for several days, was pale and thin, and my face was broken out with boils, but Tanlac put me on my feet in a little while and purified my blood so I haven't even a pimple on my face since. I can't help talking about Tanlac."
 Tanlac is for sale by all good druggists. Accept no substitute. Over 27 million bottles sold.

**PROSPECTS GOOD
IN OKANAGAN**
 Fruit Growers Taking Up
Auxiliary Lines of Production
 Returning on Saturday from a trip through the Okanagan Valley, J. R. Terry of the poultry branch, Provincial Department of Agriculture, reports very encouraging indications for a splendid harvest of hay and grain, owing to the unusual heavy rains during the past three weeks. Old-timers at Vernon assert that this is the first year that the hills have shown green at this time of the year. Cattle men predict a very heavy first crop of alfalfa—termed the mortgage lifter.
 The wheat and rye has been beaten down in some parts of the valley by the terrific downpour, but the clovers and alfalfa have stood up well. All kinds of fruits look encouraging, and with many of the orchardists taking up dairying and poultry as a sideline, there would appear to be less chance of the district being short of such staples as obtained last year, when only fruit was produced on the majority of farms.
 The fruit men appear to be very optimistic now that they have consolidated their selling agencies, and with the news of a bumper grain crop on the prairies, in sight, they expect better prices for all kinds of produce.
 Well attended poultry meetings were held at Oryama—where the people are expecting the branch line of the C. N. R. to be opened shortly. Armstrong, Enderby and Vernon. At Armstrong and Vernon, the school children were addressed, and afterwards boys and girls poultry clubs were organized. At Armstrong over seventy children were enrolled and at Vernon over fifty.
 The poultrymen of the valley are now marketing their eggs co-operatively, having opened a branch of the provincial co-operation organization at Vernon, with a sub-collecting station at Kelowna. Over thirty thousand hens are now being raised by the members of the organization in and around the towns of Armstrong and Enderby, the ranches are of small size, and with poultry and small fruits the owners appear to be very successful. Here also possibly the best celery in Canada is grown on the muck soil.
SOOKE HARBOR NEWS
 Sooke, June 21.—On Friday evening the local committee of the Girl Guides will hold a dance in order to raise funds for their work. This is the first time the committee has asked the public for any support, and it is hoped that there will be good attendance at the dance. Ladies bringing cake will be admitted free.

STRAWBERRY CROP CONDITIONS GOOD

Cold Weather Has Done No
Damage in Saanich; No
Scarcity of Pickers

Berrygrowers of Saanich consider the crop situation an entirely satisfactory one. On the whole the prospects are better than usual, according to information gathered by The Times yesterday afternoon.
 Gordon Head berries have suffered to a certain extent, but not so greatly as reports would lead the public to believe. In the Keating district the fruit is splendidly developed and looks wonderfully healthy. Growers there are well satisfied with results of their crops. The fact that all berries that have been shipped to the prairies have drawn the attention of the public and controlled the market while they have lasted is in itself sufficient indication of the standard of the Vancouver Island berry.
Extent of Acreage
 As a matter of fact, there has been some loss of products through the cold; but this is not serious. The growers here can satisfy any demands that may come from the prairies, and have better controlled the market. There have been loyal responses to the call for workers in the fields of Keating and Gordon Head. Whole families have betaken themselves to the strawberry patches here to pick through the day. College girls, schoolgirls, men and women, old and young—all are working side by side and packing the crates for the daily shipment to the prairies.
Logans and Raspberries
 When questioned as to the situation in connection with the loganberry and raspberry crops, the growers are optimistic. From the appearance of the vines it may be taken that the logans will be particularly fine this year, however. The berries should be ready to pick in two weeks or even earlier.
 The growers expect to ship their raspberries and logans in half carload lots; that is, a single car will be loaded with nearly an equal proportion of both varieties of fruit. Raspberries will soon be ready to pick, and as these must be handled rather swiftly, there will be a demand for experienced pickers. For that reason it is hoped that many of the people who are at present aiding the growers in getting their crops off the land will remain with their work and gather raspberries as well as logans.
Should Start Preserving
 This is the best time of year for the intending preserver to start bottling fruit. At this time the fruit is not over ripe, but generally firm and with a splendid flavor. The jams and jellies which as a rule take first prizes in the country fairs are being made at the present time by housewives.
 Several acres of strawberries in the Keating district, generally along the East Saanich Road, are hardly ripe yet. The vines look healthy, and the berries are there in plenty, but they have not ripened. They are shaded by trees and no great amount of sunshine has reached them.

The Lieutenant-Governor has consented to visit the North Ward School on Friday evening at seven o'clock to present to the North Ward Cadet Corps the shield donated by him for annual drill competition among the school cadet corps of the city.
 The British Campaigners' Shield, forty silver medals and two basketball cups will also be presented.
 The manual training work of the boys for the year will be on exhibit and parents of the pupils and friends of the school are cordially invited to be present.

Arrangements are being completed by the American Legion of Bellingham for the welcome of the large excursion party from Victoria on July 2. The local branch of the G.W.V.A. has chartered the Princess Adelaide for this occasion, and will provide one of the most delightful excursions that has been held in years. The association even expects to surpass that last year to Seattle. Nine hundred are anticipated on this excursion, and because of this large number special concert programmes are being arranged. An orchestra band will provide plenty of music for dancing between decks, while the Pipe Band will provide a musical programme on the observation deck.
 A rousing reception will be accorded by the Victoria city as they disembark at Bellingham, and there will be something to do every minute of their sojourn in the Tulip City. The return trip will be just as delightful, and it is expected that many of the G.W.V.A. members will board the Vancouver boat on their return from Bellingham. A large number will go over on night boat to attend the Reunion of Veterans in the Terminal City.
 Officials from the big Reunion in Vancouver were in the city yesterday arranging for the excursion to Victoria which will follow the conclusion of business at the big convention. Nearly 35,000 people are attending this re-union, so that a large excursion is expected. A boat will be chartered and plans are already formulating to bring Eastern delegates here.
