processing firms). In July 1950, purchases may be from cooperative organizations, which took title to the turkeys in 1949, or from dealers (including processing firms). Vendors must agree to furnish certifications in accordance with paragraph (b) of this section.

(b) Vendors contracting for a particular plant shall, unless they are producers, certify that producers received prices on all turkeys purchased by such vendors from producers, not less than the announced prices for live turkeys of the grade and weight, and for the month purchased, from August 1 to the contract delivery date, and for the plant under contract. Vendors, offering turkeys which were purchased from other than producers, shall have available certificates of the prices producers received. If the vendor contracting for a particular plant is a cooperative organization which took title to turkeys when acquiring them from producers, it shall certify that in 1949 it paid advances or gave credit to producers on its records for a total amount which was not less than the announced producer prices for live young turkeys of the grade and weight, and for the month in which the cooperative acquired the turkeys. If the turkeys are purchased by the vendor from producers on a dressed basis, then the

vendor shall certify that the producer received prices which reflected the announced live prices.

§ 649.105 Eligible turkeys. Any fresh frozen New York dressed young turkeys produced in the continental U. S. of U. S. wholesale Grade B or better, packed in approved wooden boxes, and which were procured from producers after July 31, 1949, but not later than December 31, 1949, will be purchased under this program.

§ 649.106 Approved forms. The approved forms consist of "Purchase Conditions of Frozen Dressed Young Turkeys, PY-53a;" "Offer of Sale, PY-53b;" "Certificate of Ownership, PY-53c;" "Standard Contract Conditions, PMA-100," except articles excluded by PY-53a; which, together with Announcement PY-53, "Purchase of Frozen Dressed Young Turkeys" and any supplements and amendments thereto, govern the rights and responsibilities of the vendor. All necessary forms can be obtained from the Poultry Branch, Production and Marketing Administration in Washington, or from the Poultry Branch Area Representatives as listed in § 649.114.

§ 649.107 Preparation of forms. Form Number PY-53b "Offer of Sale" is to be prepared by the vendor. An original and 4 copies will be submitted to the Operations Division, Poultry Branch, PMA, U. S. Department of Agriculture, Washington, D. C. not later than noon e. s. t. Wednesday, August 3, 1949, or any Wednesday thereafter until December 28, 1949, and on July 5, 12, 19 and 28, 1950. Offers will be subject to acceptance not later than midnight e. s. t. of the Friday immediately following the Wednesday offering date, by the filing of a telegram. An executed copy of Form PY-53b will be subsequently mailed to the vendor.

§ 649.108 Liens. If liens or encumbrances exist on the turkeys, proper waivers must be obtained.

§ 649.109 Purchase and delivery. (a) Purchases of all turkeys will be made directly by CCC at announced prices on a written offer and acceptance basis. Purchases will be made for delivery at approved public or private warehouses with all storage cost, including in and out handling charges, paid by the vendor up to and including the next expiration date subsequent to the contract delivery date or the date of transfer of title, whichever is later. All deliveries will be in carlot quantities. More than one grade and class may be delivered in each carlot, but each carlot shall contain not more than 30 percent U. S. wholesale Grade B turkeys by weight, exclusive of any tolerance of individual Grade B turkeys in the U. S. wholesale Grade A lots.

(b) During the period August 1 through December 31, 1949, CCC will purchase from vendors turkeys procured from producers during this period. Between July 1 and July 31, 1950, CCC will purchase young turkeys in storage which were procured from producers between August 1 and December 31, 1949. All contracts will provide for cancellation within 10 days of the contract delivery date at the option of the vendor.

§ 649.110 Inspection. All dressed turkeys purchased in accordance with this program shall be graded after the birds have been frozen, by authorized Graders of U. S. Department of Agriculture, and the grades and weights shall be evidenced by Terminal Market Poultry Grading Certificates issued by them and dated no earlier than 30 days prior to the contract delivery date, that is, the date on which the turkeys must be ready for delivery.

§ 649.111 Transfer of title. On, or not later than 7 days after the contract delivery date, the vendor will be notified by the appropriate PMA commodity offices to transfer title to CCC during a 10-day period beginning on the date of the "Notice to Deliver".

DERIVATION: AFR 36-15, July 25, 1949.

§ 885.1 *Purpose.* The regulations contained in §§ 885.1 to 885.8 prescribe the procedure whereby distinguished military graduates of the Air Force Reserve Officers' Training Corps may be commissioned as second lieutenants in the Regular Air Force.

§ 885.2 *Definitions.*—(a) *Distinguished military student.* For definition of distinguished military student, see § 862.18 (13 F. R. 7639).

(b) *Distinguished military graduate.* For definition of distinguished military graduate, see § 862.19 (13 F. R. 7639).

(d) *Approved candidate.* A candidate whose application has been approved by the Secretary of the Air Force and forwarded to the President for approval, and nomination to the Senate under the provisions of §§ 885.1 to 885.8.

(e) *Commanders.* Commanders of the geographical air forces of the Continental Air Command in the Zone of Interior and the senior United States Air Force commander in each oversea command.

§ 885.3 *Applications.*—(a) *By whom submitted.* Under the provisions of §§ 885.1 to 885.8, applications for appointment may be submitted only by distinguished military students and distinguished military graduates.

(b) *Applications from distinguished military students.* Applications from distinguished military students will be submitted to the professors of air science and tactics not later than October 15th of each year. Applications of midyear graduates will be submitted not later than April 15th of each year. (Midyear distinguished military students will be designated at the beginning of their last academic year.) At the time of application, candidates must have one school year or less remaining until graduation from a college or university which confers a baccalaureate degree. Appointments may either be accepted or declined at time of tender, and no obligation is assumed by filing the application.

(c) *Applications from distinguished military graduates.* Applications from distinguished military graduates will be submitted direct to the Director of Military Personnel, Headquarters United

States Air Force, Attention: Officer Procurement Branch, Washington 25, D. C.

(d) *Completion of applications.* Applications will be submitted on Air Force Form 17, Application for Commission in the United States Air Force, in duplicate, together with a photograph of the candidate, not less than three by five inches in size, with the candidate's name and institution on back. The date that the candidate will be graduated from the institution will be shown in the application under "Education". Each candidate must submit a loyalty statement in accordance with the provisions of current directives. In order that contact may be maintained with the candidate at all times, up to and including the appointment date, the address of the candidate will be shown in the application under "Remarks". Any change to this address will be reported expeditiously to the professor of air science and tactics. Candidates who have completed the advanced course, Air Force Reserve Officers' Training Corps, will attach to the application a copy of the letter which designated them distinguished military students. Candidates may select as first or second choice, service in the Department of the Army in which event they will indicate the arm or service in which they desire to serve. Candidates who indicate a first and second choice of service will list their selections in order of preference under the "Remarks" section (17) of Air Force Form 17.

§ 885.4 *Delayed applications.* Persons who were designated distinguished military graduates and who either failed to apply for appointment in the Regular Air Force or at the time of graduation declined a tendered Regular appointment, may request consideration for such appointment by letter of application direct to the Director of Military Personnel, Headquarters United States Air Force, Attention: Officer Procurement Branch, Washington 25, D. C. Requests of this nature must be submitted not later than 30 days after the date of designation as a distinguished military graduate, since an appointment tendered under the provisions of §§ 885.1 to 885.8 must be accepted within 60 days after the applicant has been designated a distinguished military graduate. Those persons whose requests are approved, if accepted for appointment, will take rank and precedence in the Regular Air Force behind their graduating classmates from a date to be established by the Department of the Air Force.

§ 885.5 *Eligibility.* Each candidate, at time of appointment, must meet the following requirements:

(a) Be a distinguished military graduate.

(b) Be at least 21 years of age. This is a statutory requirement. However, this requirement will not preclude application by persons prior to attaining 21 years of age. During the present emergency, a selected candidate who has not reached the age of 21 years on or prior to the scheduled date of appointment will be appointed a second lieutenant in the Air Force Reserve and, upon application, ordered to extended active duty.

Inasmuch as present statutory authority for the appointment of persons under 21 years of age as commissioned officers in the Air Force Reserve is effective only during an emergency, candidates approved for appointment after termination of the present emergency may not be appointed as commissioned officers in the Regular Air Force, or in the Air Force Reserve, until attainment of 21 years of age. A person appointed a Reserve officer under the above provisions will, upon attainment of his 21st birthday, normally be appointed in the Regular Air Force if he is at that time physically qualified.

(c) Not have passed his 27th birthday on date of appointment in the Regular component, except that an applicant who served in the Armed Forces of the United States prior to September 2, 1945, and who will not exceed the 30th anniversary of his birth on July 1st of the calendar year in which he submits his application for a Regular commission may request a waiver of this maximum age requirement.

(d) Be found to be physically qualified for active military service by meeting the physical standards prescribed for the Regular service by current directives, as determined by a final type physical examination.

(e) Have a record free of conviction by any type of military or civil court for other than a minor traffic violation. Request for waiver may be made in the case of other minor violations which are nonrecurrent and which are not considered prejudicial to performance of duty as an officer. The granting of a waiver will not be considered in the case of any individual who has been convicted of a crime involving moral turpitude. Appropriate commanders are authorized to take final action on such requests.

(f) Not be nor have been a conscientious objector.

(g) Not be nor have been a member of any foreign or domestic organization, association, movement, group, or combination of persons advocating subversive policy or seeking to alter the form of Government of the United States by unconstitutional means.

§ 885.6 *Interviewing boards.* Commanders will appoint boards of officers to interview candidates and to supervise execution by the applicant of WD AGO PRT 710, Reserve Officers' Training Corps Senior Self-Description Blank Answer Sheet. Each board will be composed of a minimum of three Air Force officers, a majority of whom will be Regular officers. No officer who is a professor of air science and tactics or a member of the military staff of a particular institution will be utilized as a member of the board appointed to interview candidates at that institution.

§ 885.7 *Physical qualification.* Approved candidates will be advised to appear at a specified medical installation for a final type physical examination as required by § 885.5 (d), not later than January 20th for candidates whose appointments will be effective on or about March 1st, and not later than April 20th for candidates whose appointments will

be effective on or about July 1st. Determination of physical qualification or disqualification will be made by Headquarters United States Air Force.

§ 885.8 *Appointments.* Appointments will be made semiannually; persons to be graduated at the end of the normal school year will be appointed on or about July 1st and persons to be graduated during the middle of the normal school year will be appointed on or about March 1st. In order that each candidate may know, as far in advance as possible before graduation, of his acceptance or rejection for appointment, candidates who will be graduated at the end of the normal school year will be notified of acceptance or rejection on or about January 31st; candidates who will be graduated during the middle of the school year will be notified on or about November 10th. Those distinguished military students who complete the summer camp after graduation from a college or university will be designated distinguished military graduates on the day of completion of camp and will be tendered Regular appointments upon receipt of the letters designating them distinguished military graduates. Official tender of appointment will be made by the Director of Military Personnel to approved candidates after designation as distinguished military graduates and determination of physical qualification.

(iii) *Container.* Same requirements as for containers for fragile records, except when gross weight exceeds 50 pounds, a 275 pound test outer container shall be used.

(iv) *Closure.* Same requirements as for closure for fragile records, except when individual containers are packed in an outer container, only the center seams of the individual containers need be sealed with gummed paper tape.

(v) Albums shall be packed in the same manner.

(vi) Records should not be packed too tightly together nor should edges be tight against the container.

(vii) As an exception to the foregoing, a good quality heavy kraft envelope may be used in lieu of a fiberboard container for not to exceed seven 15 inch records cushioned on top and bottom by a pad of 200 pound test corrugated fiberboard with cross dimensions the same or slightly larger than the diameter of the records and with corrugations in one board running at right angles to corrugations in the other board. The flap end of the envelope shall be reinforced with a strip of three inch kraft gummed paper tape extending at least two inches on each side of the front of the envelope.

SUBPART I—PROCEDURES RELATIVE TO FAIR EMPLOYMENT PRACTICES

§ 150.5005 *Procedures relative to fair employment practices*—(a) *Regulations applicable*—(1) The regulations and di-

rectives duly promulgated by and under the authority of the Fair Employment Board, in accord with the provisions of Executive Order 9880, constitute the basic and controlling regulations to govern all fair employment procedures in the Post Office Department.

(2) All fair employment procedures in the Post Office Department shall adhere to the policies, regulations, and directives set forth in the documents and their revisions cited above, to pertinent material in the Federal Personnel Manual, and to the provisions of this statement of procedure issued by order of the Postmaster General.

(b) *Fair employment officer.* The Director of Personnel, with respect to departmental personnel, and an Assistant Postmaster General to be designated by the Postmaster General, with respect to all field personnel, are hereby designated as fair employment officers with full operating responsibility, under the immediate supervision of the Postmaster General, for carrying out the provisions of the documents and their revisions cited in paragraph (a) of this section.

(c) *Deputy fair employment officer.* The head of each unit (see paragraph (g) of this section) is the Deputy Fair Employment Officer for all employees under his jurisdiction.

(d) *Investigations.* When necessary, investigations required by the Department in cases of alleged discrimination shall be conducted by the post office inspection service.

(e) *Appointments.* In making appointments, appointing officers shall make selections solely on the grounds of the merit and the fitness of the eligibles in accord with the rule of three.

(f) *Applicants.* Persons who fail to be appointed may present a signed complaint in writing within 30 days after learning of the alleged act of discrimination but not later than 6 months from the date of the personnel action complained of, unless failure to submit the complaint within these time limits was due to unusual circumstances beyond the control of the complainant. The applicant may file his complaint in writing either with the unit head or with the Fair Employment Officer, Post Office Department, Washington 25, D. C. In all other respects complaints of applicants will be handled in the same manner as complaints of employees.

(g) *Line of appeal and procedure; employees.* A complaint should first be presented to the first line supervisor or the supervisor next higher in authority, not later than 30 calendar days after the complainant learns of an alleged act of discrimination, and not later than 6 months from the date of the personnel action complained of unless failure to submit the complaint within these time limits was due to unusual circumstances beyond the control of the complainant. If the complaint is not satisfactorily adjusted, it should then be presented in writing, signed by the complainant, to the official in charge of the unit who shall endeavor to obtain a prompt and satisfactory understanding and adjustment, if possible, within the scope of his authority. For this purpose the following units are designated:

Unit	Official in charge
Post Office	Postmaster.
Railway Mail Service Division.	General superintendent.
Post Office Inspection Service Division.	Inspector in charge.
Division, Post Office Department.	Director.

(h) *Initial written complaint or appeal.* Any initial written complaint or appeal must be signed by the complainant and include information regarding the specific personnel action complained of, the approximate date thereof, reasons in support of the alleged discrimination, a statement as to when the complainant first learned of the discrimination, and whether he desires a hearing on the complaint. Upon receipt of the complaint or appeal, the unit head should promptly make, or cause to be made, such investigation as is necessary to ascertain the facts at issue on the complaint. He should endeavor through informal negotiation to effect a satisfactory settlement of the complaint and if necessary take, or cause to be taken, corrective action. All interested parties should be advised of the settlement of the complaint and any corrective action which may be taken. If a hearing is requested he will hear the complainant, his chosen representatives, or both, and may call such witnesses as deemed necessary.

(i) *Action by unit head.* In the event the unit head is not able to effect a satisfactory settlement of the complaint by informal negotiation, he shall furnish the complainant with a statement of the pertinent facts disclosed by the investigation of the complaint and shall afford him an opportunity to reply thereto in writing or personally by authorized representative or accompanied by such representative. The complainant shall be permitted to present by witnesses or otherwise any pertinent facts not disclosed by the investigation. The unit head may call such other witnesses as he may deem necessary. Where practicable, a transcript of the testimony shall be made. If a verbatim transcript is not practicable, a full summary of the oral testimony shall be made, or caused to be made, by the unit head. The summary may be agreed to and signed by the complainant and the unit head or his representative. If the complainant does not agree with the summary, he may note and sign his exceptions which will become a part of the summary. Any transcript or summary shall be available for inspection by the complainant or his authorized representative and by interested postal officials. The complainant will be advised in writing of the decision of the unit head within 20 days from the date the complaint is presented or notified as to the additional time which will be required to render such decision.

(j) *Appeal from unit head to departmental bureau head.* When in the complainant's opinion, a complaint has not been satisfactorily adjusted by the unit head, he shall have a right of appeal in writing to the appropriate bureau head in the Post Office Department within 30 days from the receipt of the unit head's decision, or if no decision is rendered

within 30 days from the date such decision was due, or the complainant may request the unit head to refer the complaint to the bureau head for review. Furthermore, a complainant may, if he feels the circumstances warrant, present a complaint initially to the departmental bureau head. However, the bureau head will return all complaints which in his judgment should have been presented to the unit head.

(k) *Form of appeal to bureau head.* An appeal to the bureau head should contain a complete statement, or a copy of the complaint if it was submitted in writing, of the circumstances presented to the unit head, the date the complaint was presented, a copy of the decision rendered, or a statement that no decision could be obtained. The complainant should also advise the bureau head whether he desires a hearing on the complaint. In order to expedite departmental action, it is desirable that the unit head be notified by the complainant when appeal is made to the Department.

(l) *Transmission of record to bureau head.* When the unit head is advised that an appeal will be made to the bureau head or when the complainant makes a request that the decision be forwarded to the bureau head for review, the unit head should promptly transmit through proper channels copies of all papers relating to the complaint, with appropriate comment, to the bureau head in the Department.

(m) *Action by bureau head.* Upon receipt of an appeal or a request to review the decision of the unit head, the bureau head will arrange for a complete review of the facts and set a date for a hearing if a hearing is desired. The bureau head will notify the complainant in writing of his decision and transmit a copy of it to the unit head.

(n) *Departmental bureau head or fair employment officer to Postmaster General.* When a decision of the bureau head or the fair employment officer is not considered satisfactory, it may be appealed to the Postmaster General within 30 days after the decision is rendered; through the departmental board of Fair Employment Appeals. Such appeals should be addressed to the Board of Fair Employment Appeals, Post Office Department, Washington 25, D. C., and should contain a full statement as to the reasons for appealing, copies of the decisions rendered, and the name of the employee who will represent the complainant on the Board of Fair Employment Appeals. It should also be stated whether or not a hearing is desired.

(o) *Departmental Board of Fair Employment Appeals.* The Board of Fair Employment Appeals will consist of the following members:

Director of personnel, chairman, or such alternate as the Postmaster General may designate (with respect to departmental cases), or

An Assistant Postmaster General, chairman, or such alternate as the Postmaster General may designate (with respect to all field cases),

An employee to be designated by the complainant,

An employee to be designated by the bureau head.

(p) *Functions of Departmental Board of Fair Employment Appeals.* The Board of Fair Employment Appeals will not hear any complaint that has not been previously considered by the bureau head or the fair employment officer. The board will hear the complainant, his chosen representatives, or both, and the departmental representatives, and will secure any information or additional statements necessary. If additional evidence is received, the board may refer the case to the bureau head concerned for reconsideration. The functions of the board will be advisory and it will furnish the Postmaster General full report with proper recommendations, together with the comment of the bureau head. The Postmaster General will make a final decision. He will advise the complainant in writing, in duplicate, of the decision on the appeal together with the reasons therefor and send a copy to the bureau head.

(q) *Appeals to the Fair Employment Board; Civil Service Commission.* In the event of an adverse decision by the Postmaster General, the complainant shall be informed in writing of his right to file a further appeal to the Fair Employment Board in the Civil Service Commission within 10 days of receipt by him of the adverse decision or within 20 days if he resides outside the continental United States. Appeals to the Fair Employment Board should contain a copy of the adverse decision.

(r) *Finding of discrimination.* Whenever a finding of discrimination is made, appropriate corrective and/or disciplinary action will be taken.

(s) *Election of appeal channel.* In order to prevent duplication of appeals arising out of the same personnel action any complainant who has the right of appeal to the Civil Service Commission under authority of law and also has a right of appeal under Executive Order 9980 may elect the channel through which he presents his complaint, but if he elects to appeal direct to the Civil Service Commission, he may not thereafter avail himself of the procedures under Executive Order 9980.

The foregoing rules of procedure shall be effective at once.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter C—Management of Wildlife Conservation Areas

PART 31—PACIFIC REGION

SUBPART—TULE LAKE NATIONAL WILDLIFE REFUGE, CALIFORNIA

PHEASANT HUNTING

Basis and purpose. On the basis of observations and reports of field representatives of the Fish and Wildlife Service and of the California Fish and Game Commission, it has been determined that there is an excess number of pheasants on the Tule Lake National Wildlife Refuge, California, which, in keeping with proper wildlife management, can best be removed by allowing public hunting on the public hunting area.

Since the following regulations will permit the hunting of pheasants at a time other than is specified in § 31.342 of the current regulations permitting hunting on the Tule Lake National Wildlife Refuge and thus constitutes a relaxation of existing regulations, the notice and public rule making procedure required by the Administrative Procedure Act (60 Stat. 237, 5 U. S. C., 1001 et seq.), are hereby found to be impracticable and the effective date requirement of the Administrative Procedure Act does not apply.

§ 31.346 *Pheasant hunting permitted.* The hunting of pheasants is permitted on the areas of the Tule Lake National Wildlife Refuge, California, specified in § 31.342 during the period November 18 to 27, inclusive, 1949, in accordance with the provisions of Parts 18 and 21 of this chapter and subject to the provisions, conditions, restrictions, and requirements of §§ 31.342 to 31.345.

[50 CFR, Part 8]

PROTECTION OF MIGRATORY BIRDS

DESIGNATION OF CERTAIN LANDS AND WATERS IN VICINITY OF MALHEUR NATIONAL WILDLIFE REFUGE, OREGON, AS A CLOSED AREA

Pursuant to section 4 (a) of the Administrative Procedure Act, approved June 11, 1946 (60 Stat. 238, 5 U. S. C. 1003), and the authority contained in section 3 of the Migratory Bird Treaty Act of July 3, 1918 (40 Stat. 755, 16 U. S. C. 704), as amended, notice is hereby given that the Secretary of the Interior intends to take the following action:

Adopt a regulation designating a closed area, in which the pursuing, hunting, taking, capturing or killing of migratory birds or attempting to take, capture or kill migratory birds will not be permitted, on certain lands and waters adjacent to, or in the vicinity of the Malheur National Wildlife Refuge, Harney County, Oregon, said lands and waters being generally described as follows:

The amended regulation will again place restrictions on the area, at the westerly end of Malheur Lake extending easterly from the Narrows, from which area such restrictions were removed by Amendatory Regulation of October 5, 1948, approved by Proclamation No. 2318 of October 29, 1948, and will remove existing restrictions from an area in the northerly part of Malheur Lake lying east of the Silvies River and west of Cole Island Dike.

The aforesaid amended regulation is to become effective on October 21, 1949, or as soon thereafter as approved by the President, and to continue in effect until further notice.

Interested persons are hereby given an opportunity to present their views with reference to said proposed amendatory regulation. In view of the fact that the season for hunting of migratory waterfowl in Oregon opens on October 21, 1949, and to provide the necessary protection for the migratory waterfowl frequenting part of the above-described area, the afore-mentioned regulation must become effective not later than October 21, 1949. However, in order to allow a reasonable time for such presentation, all persons are hereby given an opportunity to participate in formulating the proposed regulation by submitting their views, data, or arguments in writing to Albert M. Day, Director, Fish and Wildlife Service, Washington 25, D. C., on or before October 15, 1949, and the normal 30-day period between the publication of such regulation and its effective date will be shortened to permit consideration of said submissions.

POLITICAL ACTIVITY OF FEDERAL EMPLOYEES IN FAIRFAX COUNTY, VA.

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the United States Civil Service Commission has under consideration a proposed amendment to its rules issued under section 16 of the act of August 2, 1939, as amended July 19, 1940 (54 Stat. 767; 5 U. Persons desiring to express their views in favor of or in opposition to the proposed amendment may submit statements in writing. Such statements shall be submitted to the Commission attention Mr. William C. Hull, Executive Assistant, and must be received prior to 5:15 p. m., October 24, 1949.

DEPARTMENT OF COMMERCE

Office of International Trade

[Case No. 65]

AMERICAN FIRSTOLINE CORP. AND ALLAN ADOLPH LUBITZ

ORDER SUSPENDING LICENSE PRIVILEGES

In the matter of American Firstoline Corporation and Allan Adolph Lubitz, President, 420 Lexington Avenue, New York 17, New York; Case No. 65.

This proceeding was instituted on June 28, 1949, by the transmission of a charging letter to the above-named respondents, wherein the Office of International Trade charged respondents, together with certain others, with having violated the provisions of the Export Control Act of 1949 (Pub. Law 11, 81st Cong.) and section 6 of the act of July 2, 1940 (54 Stat. 714), as amended, and the regulations promulgated under said statutes, by attempting to export, between February 8, 1949, and April 5, 1949, between 500 and 650 tons of carbon black from the United States to Belgium or Holland, or both, through Mexico, without having obtained or holding a validated export license therefor but under the false representations and declarations that such shipments were being made to a named person in Mexico who was not the true ultimate consignee, with Mexico as the country of ultimate destination, and so were permissible under general license.

More particularly it was alleged in said charging letter that respondents entered into an arrangement with an importer in Mexico pursuant to which (1) the Mexican importer agreed to, and did in fact, procure in the United States, ship to Mexico, and turn over to respondents at a Mexican port the above-named commodity for transshipment to Holland or Belgium, or both; (2) respondents and the Mexican importer engaged a forwarding agent at the Mexican border to handle

the movement of said commodity from the United States to the port in Mexico and to prepare and file with United States Customs officials shipper's export declarations covering such commodity; (3) said forwarder did clear said commodity through Customs by the filing of shipper's export declarations showing the forwarder as exporter, the Mexican importer as ultimate consignee, and Mexico as the ultimate destination and representing that exportation was being made under general license "GO" as authorized by the Office of International Trade; (4) such commodity was moved into Mexico and transported to the Mexican port under bond "in transit" and was loaded aboard vessel for shipment to Holland under bills of lading naming the Mexican importer as shipper and consignee. Respondents, together with said forwarder and Mexican importer, were thus charged with having attempted to make such exportation with knowledge that the commodity was in fact not being exported to the named consignee in Mexico or to Mexico as the country of ultimate destination but with the intention that it would be transhipped from Mexico to Holland and with full knowledge of the falsity of the representations contained in said shipper's export declarations.

It appears that after respondents had received the above-mentioned charging letter and had filed a general denial and requested an oral hearing, and after the date of such hearing had been fixed, counsel for respondents made a proposal for the entry of a consent order and, together with counsel for the Office of International Trade, came before the Compliance Commissioner and discussed with him the bases of the charges, the nature and volume of respondents' business, and the propriety and reasonableness of various proposed periods of suspension. Respondents thereupon, by agreement with the Enforcement Staff of the Office of International Trade, submitted to the Compliance Commissioner, with the advice of counsel and through such counsel, a letter stating that they do not desire to contest said charges and consent to the entry of an order revoking all outstanding export licenses issued to them and denying to them the right to export to any destination for a period of one year from the

date of such order any commodity included in the Positive List of Commodities promulgated by the Office of International Trade as such Positive List exists at the time of any proposed shipment, and, further, that such order shall extend to any person, firm, corporation, or other business organization in which said respondents or either of them shall have a controlling interest or hold a position of responsibility in connection with export trade, except that, with respect to Bendix Chemical Corporation (a corporation controlled by respondents), such suspension shall continue for only nine months from the date of such order and shall extend only to exports for which a validated export license is required at the time of any proposed shipment. It is further stipulated in said letter of consent that said Bendix Chemical Corporation will not, during the period of suspension applicable to respondents, export to any destination any commodities of the kinds which it has not heretofore exported but which have been exported by respondents and which are included in the Positive List as then existing and, further, that respondents will submit to the Office of International Trade monthly reports of all exports (commodity, quantity, and destination) made by them and by Bendix Chemical Corporation during the period respondents remain under suspension. It is represented that respondents' export business has been primarily in the fields of pigments, heavy chemicals and solvents, and that Bendix Chemical Corporation's export business has been in the fields of drugs, pharmaceuticals, intermediates and fine chemicals. Finally, it is stipulated in said letter of consent that, after six months from the date of such order, respondents may apply for a modification thereof.

It further appears that the above-mentioned letter of consent together with evidence in the possession of the Office of International Trade has been submitted to the Compliance Commissioner and reviewed by him; that he has found that such evidence appears to support the charges and that the terms and conditions of the proposed order as consented to by respondents are fair and reasonable; and that he has recommended that such proposal be adopted and such order issued but without prejudice to the pending Customs seizure proceeding relating to the commodity involved herein or to any other proceeding against respondents and any proceeding against any other parties to the attempted exportation above described.

The findings and recommendations of the Compliance Commissioner have been carefully considered, together with the above-mentioned letter of consent and the evidence in the possession of the Office of International Trade, and it appears that such findings are reasonable and that such recommendations should be adopted.

Now, therefore, it is ordered as follows:

(1) All outstanding export licenses issued to respondents or either of them (or to Bendix Chemical Corporation) are hereby revoked and shall be returned at

once to the Office of International Trade for cancellation.

(2) Respondents and each of them are hereby denied, for a period of one year from the date of this order, the privilege of obtaining or using, or participating directly or indirectly in the obtaining or using of export licenses, including general licenses as well as validated licenses, for shipment (regardless of destination) of any commodities included in the Positive List of Commodities as promulgated by the Office of International Trade, as such Positive List exists at the time of any proposed shipment.

(3) Such revocation and denial of export license privileges shall extend not only to respondents but also to any other person, firm, corporation, or other business organization in which either of said respondents shall have a controlling interest or hold a position of responsibility in connection with export trade: *Provided, however*, That, with respect to Bendix Chemical Corporation (a corporation controlled by respondents) such denial of export license privileges shall continue for only nine months from the date of this order and shall extend only to exports for which validated export license is required at the time of any proposed shipment.

(4) Bendix Chemical Corporation shall not, during the year following the date of this order, export to any destination any commodities of the kinds which it has not heretofore exported but which have been exported by respondents and which are included in the Positive List as then existing.

(5) Respondents shall by the 10th of each following month, submit to the Office of International Trade (Enforcement Staff) a report of all exports (showing commodity, quantity and destination) made by them and by Bendix Chemical Corporation during each calendar month while this order remains in effect.

(6) Respondents may apply to the Office of International Trade for a modification of this order at any time after the expiration of six months from the date thereof.

(7) This order shall be without prejudice to the pending Customs seizure proceeding relating to the commodity involved herein or to any other proceeding against respondents and any proceeding against any other parties to the attempted exportation above described.

Dated: October 4, 1949.

1. Do the interests of Cook Cleland in Cook Cleland Catalina Airways, Inc., Cook Cleland's Air Services, Inc., and Air Messages, Inc., result in the acquisition of control of an air carrier by a person con-

trolling another air carrier or by a person engaged in any other phase of aeronautics within the meaning of section 408 (a) (5) of the act, or result in the acquisition of control of any person engaged in any phase of aeronautics otherwise than as an air carrier by a person controlling an air carrier, within the meaning of section 408 (a) (6) of the act, so as to require the approval of the Board pursuant to section 408 (b) of the act?

2. If said interests require the Board's approval, pursuant to section 408 (b) of said act, is it consistent with the public interest or will it create a monopoly and thereby restrain competition or jeopardize another air carrier not a party thereto?

3. Are the interlocking relationships resulting from the holding of positions by Cook Cleland with Cook Cleland Catalina Airways, Inc., Cook Cleland Air Services, Inc., and Air Messages, Inc., or resulting from the holding of positions by William W. Cleland, Ora Lee Cleland, and William S. Burton with Cook Cleland Catalina Airways, and Cook Cleland Air Services, Inc., adverse to the public interest because such relationships have been entered into and continued without prior approval of the Board?

4. Are the interlocking relationships resulting from the holding of positions by Cook Cleland with Cook Cleland Catalina Airways, Inc., Cook Cleland Air Services, Inc., and Air Messages, Inc., or resulting from the holding of positions by William W. Cleland, Ora Lee Cleland, and William S. Burton with Cook Cleland Catalina Airways, Inc., and Cook Cleland Air Services, Inc., adverse to the public interest because there may be a conflict in the interests of Cook Cleland Catalina Airways, Inc., Cook Cleland Air Services, Inc., and/or Air Messages, Inc.?

5. If the foregoing acquisition of control and interlocking relationships are approved, should the Board impose reasonable terms and conditions to protect the public interest, and, if so, what terms and conditions?

COMMISSION

[File No. 70-1881]

COLUMBIA HIGHLANDS CO.

ORDER PERMITTING DECLARATION TO BECOME
EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 30th day of September A. D. 1949.

Columbia Highlands Company ("Columbia"), a non-utility subsidiary of Washington Irrigation & Development Company ("Washington"), a non-utility subsidiary of American Power & Light Company, a registered holding company, having filed a declaration and an amendment thereto pursuant to the Public Utility Holding Company Act of 1935, particularly sections 12 (c) and 12 (f)

thereof and Rules U-42 and U-46 thereunder, with respect to the following transactions:

Columbia, prior to November 21, 1947, had outstanding \$32,375 principal amount of 6% demand notes and 1,000 shares of \$100 par value capital stock, including 450 shares partially paid. Washington held all of the 6% demand notes and 250 shares of the capital stock which were fully paid. On November 21, 1947, Columbia consummated the sale of all of its property consisting of uncultivated land, and paid its outstanding 6% notes at principal amount plus accrued interest. On May 20, 1948, Columbia's stockholders voted to dissolve the company and to distribute its remaining net assets, consisting of cash, to the holders of the capital stock in the proportions that the amounts paid in on their respective shares bore to the total amount of paid-in capital. Such distribution has not yet been made to Washington or to certain other stockholders whose certificates have not been presented for distribution.

The payment by Columbia of its demand notes held by Washington and the distribution of a portion of Columbia's remaining net assets to certain of its stockholders other than Washington were made without a request for authorization of this Commission for the stated reason that counsel for Columbia did not believe that the Public Utility Holding Company Act of 1935 and the rules thereunder were applicable to such transactions. Columbia now requests that these transactions and the distribution of its remaining cash be authorized by the Commission pursuant to sections 12 (c) and 12 (f) of said act and Rules U-42 and U-46 thereunder.

Said declaration having been filed on June 23, 1948, and an amendment thereto having been filed on August 24, 1949, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act and the Commission not having received a request for hearing with respect thereto within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration, as amended, that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and deeming it appropriate that said declaration, as amended, be permitted to become effective without the imposition of terms and conditions other than those hereinafter ordered, and the Commission also deeming it appropriate to grant declarant's request that the order herein become effective forthwith upon issuance thereof:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

(2) The donation and transfer by York to Penn Corp of 120 shares of capital stock of Penn-Western with a par value of \$10 per share.
