Decisions**

## DEPARTMENT OF LABOR

## Employment Standards Administration

MINIMUM WAGES FOR FEDERAL AND  
FEDERALLY ASSISTED CONSTRUCTIONArea Wage Determination Decisions,  
Modifications, and Supersedeas Decisions

*Area Wage Determination Decisions.* Area Wage Determination Decisions of the Secretary of Labor specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the localities specified therein.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24-70) containing provisions for the payment of wages which are dependent upon determinations by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138), and of Secretary of Labor's Orders 12-71 and 15-71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as described in that section, because the necessity to issue construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

Area Wage Determination Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR, Parts 1 and 5. Accordingly, the applicable decision together with any modifications issued subsequent to its publication date shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR, Part 5. The wage rates contained

therein shall be the minimum paid under such contract by contractors and sub-contractors on the work.

*Modifications and Supersedeas Decisions to Area Wage Determination Decisions.* Modifications and Supersedeas Decisions to Area Wage Determination Decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since the decisions were issued.

The determinations of prevailing rates and fringe benefits made in the Modifications and Supersedeas Decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24-70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138), and of Secretary of Labor's Orders 13-71 and 15-71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in foregoing Area Wage Determination Decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Modifications and Supersedeas Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR, Parts 1 and 5.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Office of Special Wage Standards, Division of Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rule making procedures prescribed in 5 U.S.C. 553 has been set forth in the original Area Wage Determination Decision.

*Set forth below in this document are the following.* New Area Wage Determination Decisions numbers AP-420, AP-277 and AP-494 for the States of New Hampshire, Oregon, and Virginia, respectively.

Modifications to Area Wage Determination Decisions for the following States

(the numbers of the decisions being modified and their dates of publication in the FEDERAL REGISTER are listed with each State):

Alabama:

**Building Construction**

**POWER EQUIPMENT OPERATORS**  
On building sites and includes roads, parking lots, storm sewer systems, railroads, drain fields, settling basins, pipelines (concrete and/or clay), land cleaning, bulk heads and sea walls, and site preparation exclusive of excavation for buildings.

**HEAVY DUTY EQUIPMENT OPERATORS**  
Cranes, shovels, draglines, pile-drivers (all types), concrete paving machines, ditching machines, mechanics, finish, motor graders, front end loaders, hoist (two drums or more), cherry pickers

**MEDIUM DUTY EQUIPMENT OPERATORS**  
Motor patrols, bulldozers, rubber tired scrapers (all types), winch trucks, stabilizers, asphalt spreaders, rollers, asphalt rock crushers, concrete mixers (changer pan), light duty hydraulic tractor backhoe, and wellpoint pumps

**LIGHT DUTY EQUIPMENT OPERATORS**  
Finishing machine, bull floats, spray machines, subgraders, rollers on subgrade, pull cats (all types), form grader, bituminous distributor, hoist (less than two drums) and fireman

LABORERS (cont'd)

GROUP IV  
HOD CARRIER, Mason Tender Plaster Tender, Mason Tender (Concrete), Terrazzo-Tile Tender

GROUP V  
HIGHSCALER, Wagon Drill, Gunite Nozzleman, Diamond Drill

GROUP VI  
DRILLERS on Drills with manufacturers rating 3" or over, Powderman

GROUP VII  
REBOUNDMAN, Chucktender, Mipper, Dumpman, Vibrator (less than 4"), Brake-man, Buckers, Bullgang

GROUP VIII  
FORM SETTER and Mover; Vibrator (4" and over)

GROUP IX  
MINERS, Machinemen, Timbermen, Steelmen, Drill Doctors, Spaders and Tuggers, Spilling and/or Caisson Workers

GROUP I  
GENERAL LABORERS, Sloper, Clearing and Grading, Form Stripper, Concrete Crew, Concrete Curing Crew, Carpenter Tender, Asphalt Laborer, Hopper Tender, Heater Tender, Stake Jumper, Choker Setter, Spreader and Weighman, Power Wheelbarrow, Scouring Concrete, Rip Rap Man (hand placed), Fence Erector and Installer - manual or mechanical (includes the installation and erection of fences, guard rails, median rails, reference posts, guide posts and right-of-way markers), Crusher Helper, Cribbing and Shoring (in open ditches), Machinery and Parts Cleaner, Leverman Manual or Mechanical, Demolition - Salvage, Landscafer, Tool Room Man

GROUP II  
CHUCK TENDER, Driller Helper, Air Tampers, Gunite Nozzleman Tender, Pipe Wrapper, Tar Pot Tender, Concrete Sawyer, Signalman, Handling Cement, Dumpman, Steam Nozzleman, Air and Water Nozzleman (Green Cutter, concrete) Grade Checker, Vibrator (less than 4"), Pumcrete and Grout Pump Crew, Hydraulic Monitor

GROUP III  
PIPELAYER including sewer, drainage, sprinkler systems and water lines, Free Air Caisson, Jackhammer, Paving Breaker, Powderman Helper, Asphalt Raker, Gasoline Powered Tamper, Electric Ballast Tamper, Sand Blasting, Form Setter - Airport Paving, Gunman (Gunite), Manhole Setter, Hand Guided Machines, such as Rotor Tillers, Trenchers, Post Hole Diggers, Walking Garden Tractors, etc., Form Setter (Highway-Curb and Gutter), Vibrator (4" and over), Timber Faller and Bucket, Metal Pan Installer

SUPERSEDES DECISION

STATE: Pennsylvania  
COUNTY: Westmoreland  
DATE: Date of Publication  
Supersedes Decision No. AN-1,864, dated August 20, 1971, in 36 FR 16326.

DESCRIPTION OF WORK: Building Construction, (excluding single family homes and garden type apartments up to and including 4 stories), Heavy and Highway Construction.

BUILDING CONSTRUCTION

Leathers  
Lead burners  
Line Construction:  
Lineman  
Cable splicers  
Groundman  
Winch truck operators  
Marble setters  
Millwrights  
Painters:  
Painters, commercial  
Painters, industrial  
Piledrivermen  
Plasterers  
Plumbers  
Roofers:  
Composition  
Slate and tile  
Sheet metal workers  
Soft floor layers, carpet cutters  
Sprinkler fitters  
Stemfitters  
Terrazzo workers  
Terrazzo workers dry grinding  
Terrazzo workers' helpers  
Tile setters  
Tile setters' helpers  
Welders - receive rate prescribed for craft performing operation to which welding is incidental.
