

Bridgewater Dec. 24. '46

Dear Madam

I understand that a letter, address, or communication of some sort, has been made from some friends (Anti-Slavery, I presume) from Bridgewater in England, to their friends in Bridgewater, Mass.; & that 2 gentlemen have lately been here for the purpose of making Enquiry about the proper persons ~~to~~ to receive it. I did not see the gentlemen, but a friend that did - a prominent Anti-Slavery man, here, has requested me to write you, & make some further Enquiry respecting the communication, understanding it was in your hands. Please let me know what <sup>steps</sup> you or <sup>?</sup> wish or suggest to be taken respecting it, or, if you think proper, you could send it - or immediately by mail, addressed to me, & we will consult together here on the best mode of replying to it. - Mrs. Bead- had her just returned from the Fair, & might have seen & conversed with you about it, but had not heard about it before she went.

Her sister, the Bradfords of Dunbury, I be-  
lieve, you are acquainted with.

Yours truly & respectfully

Claudio Bradford.
