ELON COLLEGE, NORTH CAROLINA

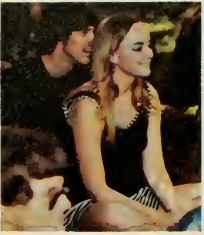

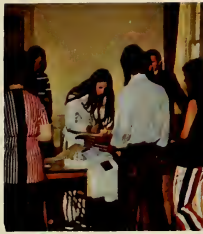

Different types of fun

have become a part of me.

The crazy things I do link my emotions

and I realize that  
someone knows just  
what I am feeling.

My straining  
inner emotions  
blend and  
tear until . . .

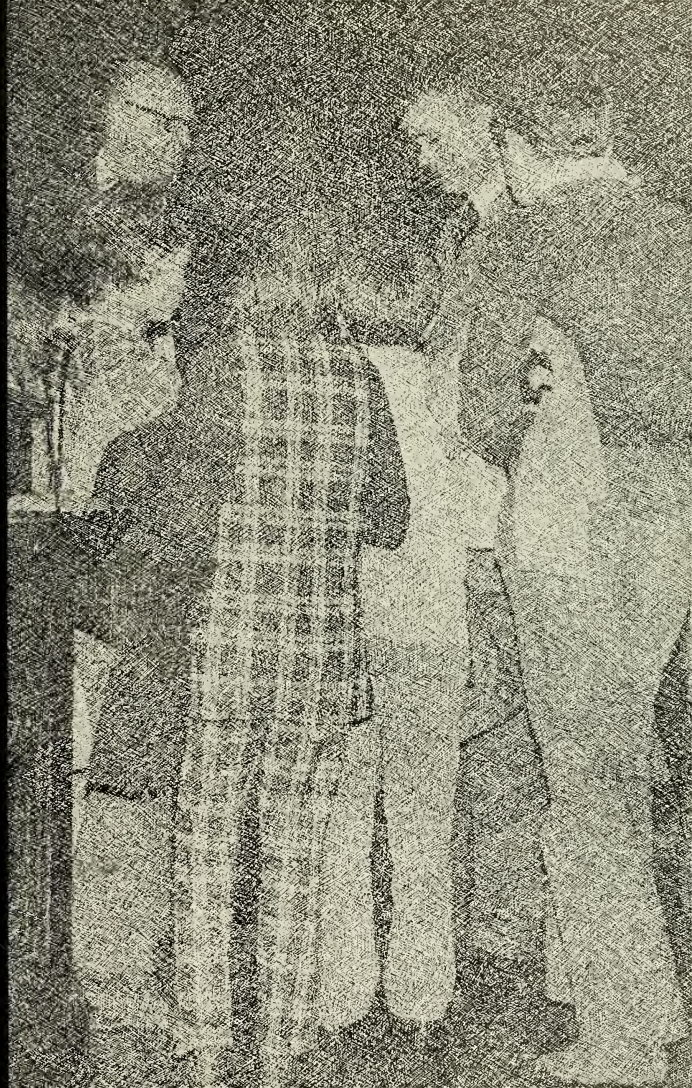

the stealthy,  
creeping night  
bestows a  
calm upon  
my senses.

The Sigma Rho Chapter of Alpha Phi Omega National Service Fraternity was founded here at Elon on June 10, 1967. This year the brothers in Elon's chapter have put more of an emphasis on the service over the social aspects of APO. Some of the service projects for the year included: assistance at Elon's registration, collecting for muscular dystrophy, helping in the mailroom, working with the cub scouts and boy scouts, and participation in clean-up drives. Perhaps APO's biggest project this year was its active involvement in the "Big Brother Program" at the Elon College Children's Home. This was very rewarding not only to the children, but to the APO brothers as well. Sigma Rho of APO hopes it can continue to broaden its service to Elon and the community in the future.

**GREEKS**

The Inter-Greek Council is a group of delegates representing the four sororities and the six fraternities on the Elon College campus. The main purpose of the group is to coordinate all Greek activities. During Rush, a special committee was formed again this year to enforce the rules set up by the Council for this particular period.

**INTER-GREEK COUNCIL:** Buster Ingold, Dale Denton, Lisa Chapin, Elizabeth Skipsey, Chips Chapman, Linda Reynolds, Vickie Stunderbek, Kerry Gilliland, Lois Matheny, Marianne Moore, Steve Ragsdale, Mark Smith, Paul Caruso, Judy Goodin, Beverly Brendle, Bill Bond, Gordon Williams.

The Inter-Greek Council tries cases of sororities and fraternities which do not abide by the rules set up by the Council. The President, Kerry Gilliland, is responsible for the actions of the council. Vice-President Marianne Moore works closely with the president. Secretary-Treasurer, Lois Matheny is responsible for the minutes and takes care of all bills incurred by the Inter-Greek Council.

The National Panhellenic Council was organized in 1970 and is now in its second year on the Elon College campus. The Panhellenic Council governs the functions of the four sororities throughout the year, putting main emphasis on Fall and Spring Rush activities.

Beth Brinkerhoff, a Tri Sigma, is President; Carol

Leone, a Zeta Tau Alpha, is Vice-President and Rush Chairman; Susan Corbit, a Beta Omicron Beta, is Recording Secretary; Suzanne Deloach, a Zeta Tau Alpha, is Corresponding Secretary; and Carol Shamel, a Phi Mu, is Treasurer.

Working together, the Panhellenic Council, officers and delegates, strive towards uniting the four sororities.

**PANHELLENIC COUNCIL:** (Row 1) Suzanne Deloach, Celeste Brady, Susan Corbit; (Row 2) Janet Leigh, Sue Boyer, Dean June Looney, Beth Brinkerhoff, Carol Leone, Carol Shamel, Julie Smith.

## ORIENTATION

The whole day was a blur. I thought how easy college had sounded at first. People were nice but I still felt lost. There were so many rules and important things to remember. Everything hit me all at once. The situation was so ironic. As a senior in high school, I was at the top. I was the one who people looked up to. And now, here I am down at the bottom starting that uphill climb again. I am the confused, bewildered freshman.

We entered here alone and we were strangers to everything and everyone. Gradually our thoughts were no longer ours but belonged to those we chose to share them with. Our sympathies and experiences became merged with our surroundings. Now, a ceremony signifies an end to this. A phase of life is past and never to be experienced again. Will the happiness of this day become the irony of the future? Later, when memories will be a form of comfort, we will remember GRADUATION.

It is the beginning of a whole new way of life.

What are the advantages? What does the student hope to gain from this experience?

Working with the faculty, through instruction and guidance, and sharing life with his peers, the student combines two basic needs — academic and social knowledge.

As a result of this learning process, the finished product emerges . . .

A mature, intellectual adult, prepared to step out on his own —  
And apply the knowledge he has spent four years of his life obtaining.

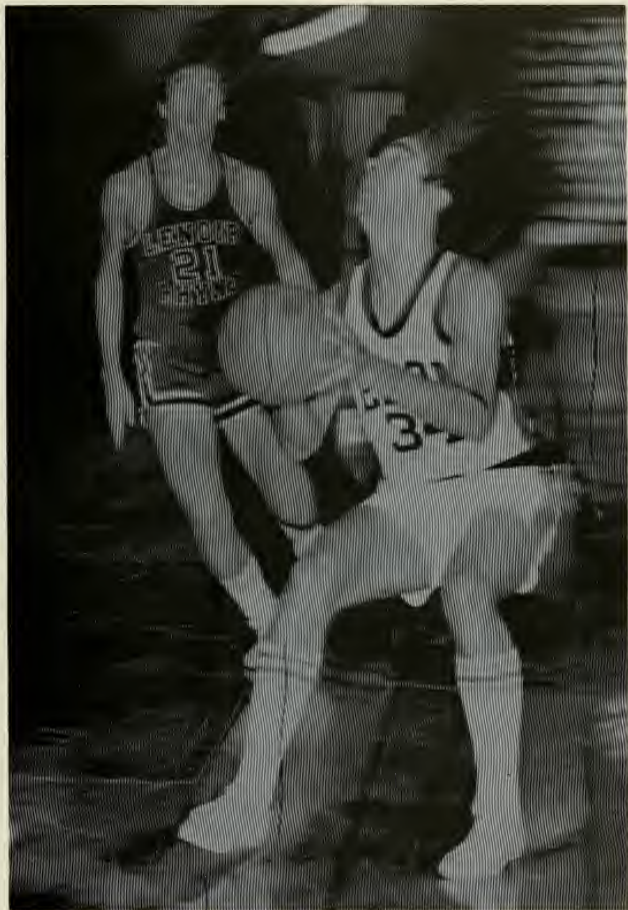

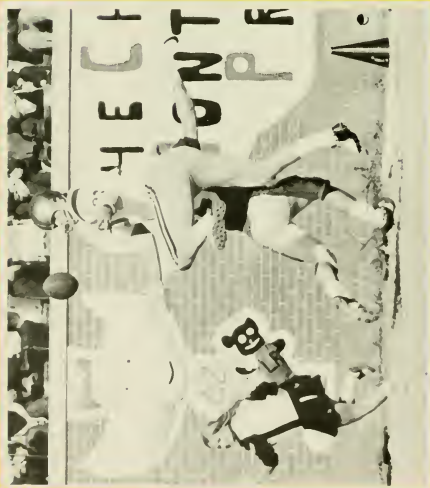

## EPILOGUE

Could I share  
with you a  
moment of my  
memory? Let  
yourself slip from  
the seriousness  
of life into the  
fleeting glimpses  
of the year which  
make the struggle  
become secondary.

All battles are hard fought. Whether the struggle is faced individually or in a group makes no difference. The outcome often leaves one speechless and without the energy to even think. From here, the silence of facial expressions and the common felt emotions need no words of explanation.

If anybody were to  
ask me to  
explain my actions,  
I am not certain  
whether I would like  
to share that  
spontaneous burst  
of mischief.

After twenty-five years of serving Elon, Doctor and Mrs. W. W. Sloan have terminated their teaching careers. The Sloans have not only helped further development of students but they have given generously to the support of Elon. The unselfish giving and sharing of one's life is a quality which is unique to a certain few. To the Sloans, who exemplify this quality, the Phi Psi Cli is so dedicated.

God, if I can share  
my problems as  
well as my smiles,  
then let me  
leave in happiness  
with my memories.
