TABULAR STATEMENT OF ACCOUNTS OF BANKS. FOLLOWING the practice commenced in the Supplement corresponding to this, and issued with the Number of the ECONOMIST of October 20th, 1877, we have added to our usual publica-tion of the Reports of Joint Stock Banks a Tabular Statement

containing the particulars of the Assets and Liabilities of the Joint Stock Banks whose accounts are printed in the Supplement itself. All Joint Stock Banks do not arrange their balance sheets on one uniform plan ; some publish no statement of accounts whatever. But in all those cases in which the figures have been supplied, they have been published.

As we stated on the last occasion on which this Supplement appeared, in arranging this summary, the figures have been separated under the various heads into which the statement has been divided as closely as the published accounts will permit. From the circumstances above named, that the Banks do not all follow the same plan, complete uniformity cannot be attained. It is hoped, however, that the statement will be of service, and that by continuing it from time to time, a considerable amount of useful information will be laid before those interested in the conduct of Banking business, in a clear and compact form, convenient for ready reference.

From the causes which have just been mentioned, it has been impossible to draw this statement up with the complete accuracy which might otherwise have been attained; and for the same reasons, it affords but an imperfect idea of the amount of capital wielded by the Banks of England and Wales as a whole. While some, indeed many, English Joint Stock Banks are not in the practice of publishing their accounts, no Private Banks in England ever publish their accounts at all. This remark will hardly be needed by the readers of the ECONOMIST in this country, but it is desirable to make it for the service of our readers in foreign countries, who are not likely to be conversant with this custom of English Bankers. This fact must also be borne in mind while comparing the statement of the position of the Banks in England collectively, with those of Scotland and Ireland.

It will be observed that Scotland is the only part of the United Kingdom of which we can publish a complete Banking balance sheet.

Accounts of this description do not, and cannot give any information as to the inner working of a Bank. The higher qualities of Banking, the skill, the care, the caution with which a business is carried on, these points cannot be shown on paper in a mere statistical form. Still there is a great deal which may be learned from statements of accounts. They tell us what deposits a Bank holds ; and though they cannot tell us completely how those deposits have been employed, they enable an estimate to be formed in a rough way of the amount of the floating capital of the country, and of the re-serve available to meet any sudden emergency. The main-tenance of a suitable reserve is one of the points which should continually be borne in mind. It is essential to ensure stability, which is the first consideration in Banking business.

The Reports which follow have been printed, as usual, from the statements supplied by the Banks themselves, and every endeavour has been made to place the accounts included in them before the reader in a clear and convenient form. In looking the accounts over, and observing in what different forms the balance sheets are made out, the question suggests itself whether it would be possible to arrive, by agreement among the Banks themselves, at a form of statement to be generally employed in making up their accounts. An arrangement of this kind would enable a far clearer statement of the position of Banking in the country to be drawn up, than is at present attainable.

gratulated the proprietors on maintaining an average dividend. In reply to Mr J. Jones, the chairman said the directors were always anxious to give all the information to the proprietors they could consistently with the interests of that body. Mr Jones was in error in supposing that there was as much as 1,000,000*l* unclaimed dividends every quarter claimed by the Government, the arrangements being that if after ten years any persons did not claim their dividends, the sum should go to the Commissioners of the National Debt, to be recovered on proper application. As to the question whether the public were treated with the same consideration as the Government, that might be safely answered in the affirmative. The Bank never advanced to anybody unless they chose to do so. The power was permissive, and they were only anxious to render assistance to their best customers. With respect to individuals reserving the question of security, the Bank was always glad to afford them any facilities.—Mr Jones remarked that the letter of Sir Stafford Northcote merely said, "As it may be necessary to

The Bank might have been suddenly asked for the 6,000,0001.-The chairman : And probably we might have been inclined to advance it. -A proprietor, in reference to the 43 dividend, urged that in the interest of some of the shareholders having only a life interest, the dividend should be made a little closer, for the extra 2s 6d was a consideration to some shareholders .- The chairman said that the usual practice had been adhered to, and he trusted that shareholders possessing only a life interest might live till next quarter. The motion was then put, and carried unanimously; but as the proposed rate of dividend exceeded that of the last declared, it was necessary, in accordance with the Act of Parliament, to have it confirmed by a ballot, and on the motion of the chairman it was arranged that the ballot should take place on March 19.

#### BANK OF WHITEHAVEN, LIMITED.

The following report of the directors was submitted to the shareholders at the forty-first annual meeting, held February

The directors have pleasure in submitting to the shareholders their report of the operations of the bank for the year ended December 31, 1877. The accounts have been carefully audited by Messrs Stead, Taylor, and Stead, of Liverpool. Including the balance-1,268/7s-brought from the preceding year, the net profits for the past year, after deducting current expenditure, the payment of income tax, and making provision for bad and doubtful debts, amount to 19,945/16s. The interim dividend, at the rate of 15l per cent. per annum, and bonus at the rate of 21 10s per cent. per annum, paid on August 5 last, absorbed 8,6211 7s 6d, leaving at present available 11,3241 8s 6d. This sum the directors now recommend should be appropriated by the payment of a dividend for the half-year at the rate of 20l per cent. per annum, which will absorb 9,853l, and leave the sum of 1,471l 8s 6d to be carried to the profit and loss account of the present year.

### BARNSLEY BANKING COMPANY.

The following report of the directors was presented to the shareholders at the forty-sixth annual meeting, held February 14:--

The directors report to the shareholders that the balance to be disposed of this year, including the sum of 1,1261 13s 8d brought forward from last year, is 11,5 28/ 18s 3d, and it is proposed to appropriate the amount in the following manner :-Income tax, 1571 6s 7d; board of directors, 5001; reserve surplus fund-1 of 10,402l 4s 7d-1,300l 5s 7d ; dividend at 3l per share, 8,8441: leaving balance to carry forward, 7271 6s 1d. Trade having been in a very depressed state during the whole of the past year, the directors consider the result of the bank operations fairly satisfactory. The reserve fund, after this report is adopted, will amount to the sum of 50,551l 2s 5d, and it will be necessary to alter the deed of settlement to enable your directors to continue increasing the fund. Subjoined to this report will be found a resolution to be proposed to the meeting for making such alteration. The directors recommend the payment of a dividend of 3l per share.

### BIRMINGHAM JOINT STOCK BANK, LIMITED.

At the sixteenth annual meeting of the proprietors, held February 4, the following report of the directors was unanimously adopted :-

The directors have to report the following audited statement of the affairs of the bank to December 31 last. All bad debts have been written off, and ample provision made for doubtful debts. After deducting the rebate of interest on bills discounted not yet due, and payment of all charges and expenses, the accounts show a net profit of 52,0991 4s 4d. An interim dividend at the rate of 20 per cent. per annum, free of income tax, amounting to 20,390l, was paid for the half-year ending June 30 last. It is now proposed to pay a similar dividend on the old and on the new shares, which will absorb 22,253l 16s 8d, to add 100l (as usual) to the bank premises redemption fund, and to carry the balance of 9,355l 7s 8d to the reserved surplus fund. The recent increase in the paid-up capital has realised every expectation of the board. The subjoined accounts show that nearly all the additional shares have been allocated. The directors have to record the resignation of George Frederick Muntz, Esq., which they received with very great regret, as he had zealously co-operated with them for sixteen years, with equal ability and courtesy. The directors have the pleasure to state that they have filled up two vacancies at the board by the election of John Cartland, Esq., and Henry Wiggin, Esq.

### BRADFORD BANKING COMPANY.

The following report of the directors was submitted to the shareholders, January 25 :-

The directors congratulate the shareholders on the bank's having completed its fiftieth year. Its prosperity, like that of the town, has been considerable; and, notwithstanding the depression of trade in the district during the past year, the directors have again the pleasure of presenting a favourable balance sheet. After making provision for all bad and doubtful debts, rebating the interest on bills not due, and paying the income tax, the net profits of the past year amount to 70,9591 1s 7d, which, added to the surplus brought from the year 1876, 8,6681 16s 6d, make a total of 79,6271 18s 1d. The directors recommend the appropriation of this sum as follows, viz.:-To payment of a dividend of 10l per share on 6,800 shares, 68,0001; and the surplus to the credit of profit and loss for the current year, 11,627/ 18s 1d-total, 79,627/ 18s 1d. In order to provide for the increasing business, the directors have the satisfaction of stating that they have made arrangements for another enlargement of the bank premises.

CR. Balance brought down .....

The following report of the directors was presented to the proprietors at the half-yearly ordinary meeting, held January 28 :

The directors have to report that the profits for the half-year. after providing for had and doubtful debts, amount to 33,271*l* 14s 9d, this, with the balance of 6,322*l* 0s 11d brought forward from last account, makes a total of 39,593*l* 15s 8d, which, after the deduction of 373*l* 2s 6d for income tax, leaves a sum of 39,220l 13s 2d to be dealt with by this meeting. The directors recommend that a dividend of 1l 12s 6d per share, clear of income tax, be paid (which, with the dividend of 117s 6d paid at midsummer, makes the dividend for the year 3l per share), leaving a balance of 4,806l 8s 2d to be carried forward to next account. The directors regret to announce that, in consequence of continued ill health, their highly valued manager, Mr Eastwood, who has occupied the post since the formation of the bank, and by his care and judgment has contributed largely to its success, now finds it necessary to seek temporary rest from the arduous duties of his position. They are hopeful that the step which he is taking will prove successful, and that he will return to a post of active superintendence in the affairs of the bank. They propose that he shall take a seat at the board of directors, which course, they feel sure, will meet with the hearty support of the shareholders; and they have appointed as manager, Mr James Gordon, who has for several years occupied an important position in the Cumberland Union Bank, Carlisle.

#### BUCKS AND OXON UNION BANK, LIMITED.

At the thirteenth ordinary general meeting, held January 25, the following report was submitted to the meeting :

The directors have the pleasure to report that, after having made full provision for rebate of bills, all other expenses and contingencies, the profits of the company for the year ending December 31, 1877, amount to 18,791l 7s 4d. To this must be added 662l 19s 11d, the amount brought forward to the credit of profit and loss in January, 1877. The directors recommend that 2,000l be added to the reserve fund, which will then amount to 23,000l; and that a dividend of 7s 6d per share and a bonus of 5s per share be declared, making, with the dividend of 7s 6d per share declared in July, a total distribution for the year at the rate of 20 per cent. The balance of 1,454/78 3d they recommend to be carried to the credit of profit and loss new account.

### CARLISLE AND CUMBERLAND BANK.

The following report was presented to the proprietors at the forty-first annual general meeting, dated February 13th :-

The directors have the pleasure to report, after payment of expenses, providing for bad and doubtful debts, and paying the income tax, the net profits for the year 1877 amount to 19,037l 15s 3d. A dividend of 10 per cent. for the half-year ending June 30 last has been paid. The directors now propose to declare a further dividend of 10 per cent., with a bonus of 2 per cent. on the paid-up capital, and to write off 1,000l from the bank buildings account; there will then remain a balance of 1,5371 15s 3d, which, with 5,4841 13s 3d brought from 1876, leaves as a disposable balance 7,0221 8s 6d. The directors have come to the conclusion that the time has now arrived when the remaining 5,000 unissued 201 shares of the capital of the company (with 5l each paid up) may be advantageously allocated amongst the shareholders, whose names are on the register at the date of this report, in the proportion of one share to every three held by each proprietor. For this purpose, they propose to appropriate 5,000l of the above balance, and 20,000l of the reserved surplus fund, making together the sum of 25,0001-thus increasing the paid-up capital of the bank to 100,000l, and the subscribed capital to 400,000l, in accordance with the provisions of the deed of settlement, and without making any call on the proprietors. The new shares will participate in the next midsummer dividend. The reserved surplus fund will then stand at 80,000l, and there will be a balance of 2,022l Ss 6d to carry forward to the next account. The directors also propose that power shall be taken to enable proprietors to increase their number of shares in the bank to 400 each.

#### CENTRAL BANK OF LONDON, LIMITED.

At the twenty-eighth ordinary general meeting, held at the City Terminus Hotel, Cannon street, January 17, the following report was presented :-

The directors submit the result of the operations of the bank for the half-year ended December 31, 1877. The annexed accounts show a gross profit, including the sum brought forward from the previous half-year, of 28,084l 15s 8d, and, deducting therefrom the charges at head office and branches, directors' remuneration for the past half-year, and interest to customers, and writing off an adequate sum from the amount expended on bank premises, there remains a balance of 14,141/16s 3d. The directors, therefore, recommend that a dividend be paid at the rate of 8*l* per cent. per annum, free of income tax, that 5,000*l* be added to the reserve fund, which will thereby be raised to 18,000*l*, and that the surplus, amounting to 5,141*l* 16s 3d (including rebate) be carried forward to profit and loss new account.

# CONSOLIDATED BANK, LIMITED.

The following is the report of the directors to the shareholders at the half-yearly meeting, held January 17 :-

The directors beg to submit for the information of the shareholders the accounts and balance sheet for the half-year ending December 31, 1877. After payment of all expenses, and making provision for bad and doubtful debts, there remains a net profit for the half-year of 43,0411 5s 6d, to which has to be added the balance from last half-year 6,0841 4s 9d, making a total of 49,1251 10s 3d. This sum the directors propose to appropriate as follows :- To payment of a dividend at the rate of 10 per cent. per annum, free of income tax, 40,000l; to reserve fund (making with interest 5,000l for the half-year), 2,825l; to carry forward to next account, 6,300l 10s 3d. After the above appropriation, and including interest thereon for the last six months, the reserve fund will amount to 150,000/.

### CUMBERLAND UNION BANKING COMPANY, LIMITED.

The following report of the directors was presented at the forty-ninth ordinary general meeting, held at Carlisle, February 4:-

The directors herewith submit their report for the year ending December 31, 1877. The books and accounts have been audited by Messrs Quilter, Ball and Co., and a copy of the statement of accounts certified by them is annexed hereto. The net balance at the credit of profit and loss account for the year, after making provision for bad and doubtful debts, is 46,649/15s 9d. The directors have the satisfaction of recom-mending the usual dividend of 1*l* per share, and a further divi-dend of 5s per share by way of bonus, making, together with 1*l* ner share paid in July last 2155 the star and a further diviper share paid in July last, 21 5s for the year 1877. The dividend and bonus to be payable at the head office and branches, dend and bonus to be payable at the near once and directors free of income tax, on Tuesday, February 5. The directors further recommend that 5,000l be taken from the surplus profits, and added to the reserve fund, making that fund 90,000l. These and added to the reserve fund, making that fund 90,0001. dividends, together with income tax, and the appropriation to the reserve fund, absorb 45,981l 16s 6d, leaving the balance of 6671 19s 3d to be carried forward to the next account.

#### DEVON AND CORNWALL BANKING COMPANY.

The following report of the directors was presented to the forty-sixth annual meeting of the proprietors, held at Plymouth, February 15 : -

The directors have pleasure in meeting the shareholders on this the forty-sixth anniversary of the bank, and presenting to them the balance sheet and profit and loss account for the year ending 31st December last. The net profit for the year, after ending 31st December last. The net profit for the year, after making the usual provision for bad and doubtful debts and giving gratuities to the officers of the bank, amounts to 31,0651 12s 4d. The directors recommend the payment of a dividend of 2l 2s 6d per share upon the capital of the bank (now 34l per share paid up), in addition to the 2l per share paid on 1st September last, being at the rate of 12½ per cent. per annum, free of income tax, and the transfer of the balance of 14,565l 12s 4d to the accumulating fund account, which, with the balance of 3,139l 19s 3d brought forward last year, makes this account, Cr. 17,705l 11s 7d. From this fund the directors have taken 14,000*l* to be appropriated in accordance with the special resolution of last year in the following manner: 7,000*l* to be added to the guarantee fund (making that fund 103,009*l*), and 7,000l to be paid the shareholders as a bonus of 12 15s per share, in addition to and at the same time as the half-yearly dividend, carrying forward to the credit of the accumulating fund account a balance of 3,705/ 11s 7d. The directors consider this result to be satisfactory, the same rate of dividend, upon the increased capital of the bank being maintained in a period when the depression both in agriculture and trade has exceeded that alluded to in the report of last year. The directors have as usual carefully inspected the various branches of the bank, the business of which continues satisfactory. The company consists of 393 shareholders, holding 4,000 shares.

# EXCHANGE AND DISCOUNT BANK, LIMITED, LEEDS.

The following report of the directors to the shareholders is dated Leeds, December 31, 1877 :-

In submitting the twenty-third report to the shareholders, your directors have to state that the net profit made by the head office for the six months ending to-day amounts to 6,220l 14s, but as the Bradford branch has made a loss upon its trading during the same period of 1991 9s, it becomes necessary to draw from the fund laid aside for the purpose of equalising dividends, a sum of 228/ 15s, in order to meet the usual dividend of 124 per cent., free of income tax, which the directors recommend should be paid. The bad and doubtful debts made by the head office amount to 355/ 11s 6d, whilst those of the Bradford branch are 1,2651 6s 5d for the past six months. No douceur has been presented to the clerks of the bank, either at Leeds or Bradford this half-year. The bank consists of about 350 partners, whose names are registered at the Stamp Office. The table below furnishes at a glance the progress and present position of the bank :-

#### HALIFAX JOINT STOCK BANKING COMPANY.

The following report of the directors was presented to the proprietors at their forty-eighth annual general meeting, held January 30 :-

The directors have pleasure in meeting the shareholders on this the forty-eighth annual general meeting, and have to present to them the following report of the operations of the bank for the year ending December 31, 1877. After making provision for bad and doubtful debts, and for rebate on bills not yet due, the net profits for the year, including 1,269/16s brought forward from the preceding year, amount to 38,504/3s 9d. The directors propose that this sum be appropriated as follows, namely :---That 15,000*l*, the interim dividend for the first half-year ( $7\frac{1}{2}$  per cent.) be confirmed, and that a further dividend of 21,000*l* be now paid, being dividend at the rate of 101 per cent. for the second half-year, making 18 per cent. for the year, clear of income tax. That 5211 los be taken for the purchase of land adjoining the bank at Halifax; that 4391 6s be reserved for income tax, and that 1,543/ 7s 9d be carried to next account. The directors have much pleasure in stating that they are enabled to make another addition to the reserve fund, by the transfer of 10,000*l* from the bad and doubtful debts account; the reserve fund will therefore now stand at 190,000%. The directors still feel desirous of increasing this fund, and they are confident that the step they have taken will meet with the approval of the shareholders. The directors are happy to report that the business of the bank, both at the head office and branches, continues to progress; and they congratulate the shareholders on the satisfactory result of the past year's business.

### HAMPSHIRE AND NORTH WILTS BANKING COMPANY.

The following eighty-seventh report of the directors was presented to the shareholders at the general meeting.

The directors have pleasure in presenting to the shareholders the following statement of the accounts of the bank, made up to December 31, 1877, including profit and loss account for the six months ending at that date. The gross profit for the six months, after making ample provision for bad and doubtful debts, and deducting relate at 5 per cent on bills correct deducting rebate at 5 per cent. on bills current, amounts to

#### IMPERIAL BANK, LIMITED.

The following thirty-first report to the shareholders was read at an ordinary general meeting, held January 15 :---

The circular convening the meeting having been read, and the minutes of the previous ordinary meeting held on Tuesday, July 17, and the report of the directors and auditors, and balance sheet for the half-year ending December 31 last, having been taken as read, the minutes of the previous meeting were signed by the chairman, and impressed with the corporate seal. Report—The directors beg to submit to the shareholders a statement of the accounts of the bank for the half-year ending December 31 last. Upon reference to the annexed balance sheet, it will be seen that after payment of interest on the deposit and current accounts, and providing for bad and doubtful debts, the balance of profit amounts to 44,7661 18s 1d; deducting from this amount the current expenses and rebate of interest on bills discounted not yet due, there remains for appropriation 28,7111 16s 3d, which it is proposed to apply in the following manner, viz., 20,2501 to the payment of a dividend at the rate of 6 per cent. per annum, free of income tax, to transfer 5,0001 to the reserve fund, and the balance of 3,4611 16s 3d to be carried to the credit of profit and loss new account.

### LANCASHIRE AND YORKSHIRE BANK, LIMITED.

The following report was presented to the shareholders at the fifth annual general meeting, held at Manchester, January 23:-

The directors now present the statement of accounts for the year ending December 31, 1877, from which it will be perceived that the net profits of the bank, including a balance of 3,450l 12s 10d brought forward from the previous year, and after payment of all ordinary interest, expenses, and income tax, making provision for bad debts and allowance for rebate, amount to 31,9251 3s. An interim dividend, at the rate of 8 per cent. per annum, clear of income tax, was paid out of this sum in July last; and the directors now propose to pay a further similar dividend. This dividend of 8 per cent. for the whole year requires a sum of 20,000*l*. Interest to December 31 last, at 6 per cent. per annum on calls paid on the new allotment of shares, absorbs a sum of 1,461l 13s 1d. The directors further propose to add 6 500l out of profits to the reserve fund, and to carry forward 3,963l 9s 11d to next account. For the purpose mainly of augmenting the bank's constituency of shareholders and customers, the directors decided in April last to issue, at 5l premium, 5,000 of the shares left unissued of the original creation. Under a provision of the articles of association, they were offered to the then existing shareholders pro rata upon their holdings. The operation appeared to be duly appreciated by the shareholders and the public, and was entirely successful. The shares allotted rank for dividend with the rest from the 1st instant. The directors refer with pleasure to the state of the reserve fund. With the addition of 23,798l from premiums on shares allotted, and of 6,500l from the profits of the year, this fund now amounts to a total of 75,298l. Under existing commercial conditions the directors have not thought the last year a suitable period for extension in the way of opening branches; but a sub-branch has been opened at Lymm, under the manage-ment of Mr Ellison, of the Warrington branch, and in Decem-ber a branch was established at Bowdon, managed for the present from the head office. It is with deep regret that the directors announce the retirement of Mr Joseph Fildes from the board on account of failing health. He has from the first given assiduous and effective service to the bank, and continues to take a warm interest in its progress. The two directors retiring by rotation are Mr Joseph Davies and Mr Samuel Rigby, of Warrington, both of whom, being eligible, offer themselves for re-election. Mr Halliday, having retired from the profession of public auditor, resigned his duties with this bank in June last, and the directors elected Mr David Smith, accountant, as the bank's auditor, subject to confirmation by the shareholders.

### LEEDS AND COUNTY BANK, LIMITED.

The following thirtieth half-yearly report of the directors was presented to the general meeting of shareholders, held at Leeds, January 23:-

The directors, in submitting to the shareholders the balance sheet for the past half-year, have to report that the profits for the half-year ending December 31, 1877, are 18,120l 13s 11d, out of which the directors propose to declare a dividend of 1l 5s per share, free of income tax, being at the rate of 10 per cent. per annum on the shares issued, numbered 1 to 9,200 inclusive, which will absorb 11,500l; rebate of interest on bills not due, 1,546l 13s 8d, leaving a balance of 5,074l 0s 3d, which the directors propose to carry to the contingent fund. The directors have thought it desirable to reduce the reserve fund 15,000l to meet losses which have accrued; at the same time they have pleasure in reporting that the general business of the bank continues satisfactory.

#### LEICESTERSHIRE BANKING COMPANY.

The report of the directors to the forty-eighth annual general meeting of the shareholders, held at Leicester, February 13th, was adopted :--

The directors have pleasure in submitting to the proprietors the balance sheet for the year ending December 31 last. After making provision for bad and doubtful debts, and paying the income tax, the net profit of the bank for the past year amounts to 46,536l 2s 8d. This sum, added to 3,757l 2s 11d (the unappropriated balance of the preceding year), makes a total of 50,293l 5s 7d. The directors paid a dividend of 2l per share on the 100l shares, and 10s per share on the 25l shares for the halfyear ending June 30, amounting to 15,000l, and they now declare a dividend of the same amount for the half-year ending December 31 last. After the payment of these dividends, a balance of profit amounting to 20,293l 5s 7d will remain. Out of this sum the directors recommend the payment of a bonus of 1l 12s per share on the 100l shares, and 8s per share on the 25l shares, making in all a total distribution of 14 per cent. on the paid-up capital; also that 4,000l be transferred to the guarantee fund, and that the balance (4,293l 5s 7d) be carried forward to the current year. The profit and loss account will then stand thus :--

In connection with the Ashby branch, the directors have to report that at the desire of their friends in the locality, they have opened an office daily at Swadlincote, and have also arranged to give a weekly attendance at Coalville. The directors are gratified in stating that such increased facilities have given great satisfaction to their cus-tomers transacting business in these districts, and they believe the result will prove very advantageous to the bank. The cost of the new building at Leicester having been gradually written down out of profits to the sum of 16,010l 5s 1d, that amount has now been charged to bank premises account, which item in the balance sheet now includes the whole of the valuable freeholds of the head office and branches. ### LIVERPOOL COMMERCIAL BANKING COMPANY, LIMITED.

The following report of the directors was submitted to the proprietors at the annual general meeting, held at Liverpool, January 30:---

The forty-fifth annual general meeting of the proprietors of the Liverpool Commercial Banking Company, Limited, is held in terms of the deed of settlement, to receive a report of the affairs of the company, and to elect two directors. The net profits for the year ending December 31 last, after payment of income tax and expenses of management, as well as providing for all bad and doubtful debts, were 44,771l 8s 1d; add balance at credit of profit and loss account, 1876, 485l 13s 11d; remaining to be disposed of, 45,257l 2s. Out of this sum two halfyearly dividends of 5 per cent. each have been made on the paid-up capital of 350,000l, amounting to 350,000l; likewise a bonus of 5s per share on 35,000 shares, amounting to 8,750l, leaving a balance at credit of profit and loss account of 1,507l 2s. The directors, in submitting to the shareholders the usual annual statement, have to report that the position and prospects of the business continue to be in every way satisfactory.

The retiring directors are Mr Bushell and Mr A. R. Cox. Mr Bushell offers himself for re-election; but the directors regret that Mr Cox, having left the district, is unable to continue his services to the bank, and they recommend that Mr Henry Cox be elected in his room. The directors opened a branch of the bank in July, at No. 112 Bold street, for the convenience of their customers in the southern district.

### LLOYD'S BANKING COMPANY, LIMITED.

The following report of the directors was presented to the shareholders at the twentieth ordinary general meeting, held at

the Queen's Hotel, Stephenson place, Birmingham, February 7:-Your directors present herewith a statement of liabilities and assets of the company on December 31 last. The available profit for the past year, including the amount brought forward from the previous year, after payment of all charges and ex-penses, carrying forward the amount necessary for rebate of bills, and making full provision for bad debts and contingencies, is 92,0551 10s 10d. Out of this an interim dividend at the rate of 20 per cent. per annum, free of income tax, amounting to 40,000%, was declared for the half-year ending June 30 last. Your directors recommend that a dividend of the same amount be now declared; that 10,000l be added to the reserved fund, and that the balance, 2,055l 10s 10d, be carried forward to the profit and loss account of the present year. In view of the increase of the business of the company, your directors think that some ad-dition should again be made to the share capital and reserved fund. They will submit, accordingly, to the extraordinary general meeting, at the close of this meeting, proposals for this purpose which, if approved, will enable them, by an immediate issue of 5,000 shares, to offer to every proprietor who was on the register when the transfer books were closed on the 24th inst., one new share in ten, in proportion to his holding, on payment of 23*l*, being 8*l* capital and 15*l* premium per share. From the premium on this issue your directors propose (after clearing the balance of the purchase account of Messrs Wright's business at Burton-on-Trent) to raise the reserve fund to 300,0001, the capital being at the same time increased to 440,000%. The past year has been one of great trade depression, and unfavourable to banking profits. Your directors have to regret the loss, by death, of their esteemed colleague, Mr Henry Williams, who for the past twelve years gave much valuable attention to the business of the company. Mr Joseph Chamberlain, M.P., under pressure of many public engagements, has retired from the board; and Mr James Moilliet, on account of the state of his health, has likewise retired. In conformity with the articles of association, Mr Hanbury Barclay, Mr J. Arthur Kenrick, and Mr John S. Wright, have been elected to fill the vacancies thus caused. The business at Burton-on-Trent, purchased from Messrs Wright a year ago, shows satisfactory progress and results.

### LONDON AND COUNTY BANKING COMPANY.

At the annual general meeting of shareholders, held February 7, the following report of the directors was read :---

The directors have pleasure in submitting to the proprietors the balance sheet of the bank for the half-year ended December 21 last, which shows that after paying interest to customers and all charges, allowing for rebate, and making provision for bad and doubtful debts, the net profits amount to 152,904l 19s 7d, which, added to 14,056l 0s 1d brought forward from last account, produces a total of 166,960l 19s 8d. Out of this sum the directors have added 25,000l to the reserve fund, raising that fund to 725,000l. They recommend the payment of a dividend of 9 per cent. for the half-year, which will absorb 135,000l, leaving a balance of 6,960l 19s 8d to be carried forward to profit and loss new account. The present dividend, added to that paid to June 30, makes 17 per cent. for the year 1877. The directors regret to announce the decease, on January 26, of their esteemed colleague, James Morley, Esq., who had been a director of the bank for upwards of nine years.

# LONDON JOINT STOCK BANK.

The following eighty-first report was presented to the shareholders at the general meeting, held January 17 :--

The directors have much pleasure in presenting to the shareholders the annexed statement of the liabilities and assets of the bank and of the profit and loss account for the half-year ended on the 31st ultimo. After providing for rebate of interest on bills discounted not yet due, and crediting the guarantee fund with 8,2661 10s 0d for six months' interest, a net profit has been realised of 109,3371 6s 0d. Of this amount the directors have appropriated the sum of 90,000l to the payment of the dividend at the rate of 15 per centum per annum on 1,200,000l, the present paid-up capital of the bank, and 18,000l as a bonus of 4s 6d per share on 80,000 shares, together 1l 7s per share, equivalent to 9 per centum for the half-year, leaving a balance of 1,3371 6s 0d, which is transferred to the credit of the guarantee fund. The guarantee fund account, with its accrued interest, now stands at 560,7031 2s 6d.

### LONDON AND PROVINCIAL BANK, LIMITED.

The annexed report was presented to the shareholders at the ordinary general meeting, held at the City Terminus Hotel, Cannon street, January 30:--

The directors have pleasure in submitting to the shareholders the half-yearly statement of accounts and balance sheet to December 31 last. The gross profits for the half-year, after making provision for bad and doubtful debts, and including the amount brought forward from last account, are 58,156l 3s 9d, and after deducting all current expenses, income tax, directors' remuneration, auditors' fees, and interest to customers, there remains a balance of 22,949/3s. The directors recommend that this amount be appropriated in the following manner, viz.: 12,500l to the payment of a dividend at the rate of  $12\frac{1}{2}$  per cent. per annum, free of income tax; 500l in further reduction of freehold and leasehold premises account; 3,290l 12s 2d to rebate on bills; 6,658l 10s 10d carried forward. In August last the Earl of Dunraven intimated that his other engagements prevented his giving the necessary time to the affairs of the bank, and he therefore thought it right to retire from the board. The vacancy thus created in the direction was filled up by the appointment of Thomas Collett Sanders, Esq., a duly qualified shareholder, and the board congratulate the shareholders on having secured the services of a very able colleague. Mr Charles Edward Lewis, M.P., who has terminated a long professional connection with the bank as its solicitor, has recently expressed a wish to join the board. The directors could not vary from their resolution to invite the proprietors to re-elect the directors retiring by rotation, as this re-election is looked on by the directors as a mark of the confidence of the proprietors in the general policy of the board, a policy which has had the assent of all the members of the direction, and has, the directors believe, given satisfaction to the proprietors and conduced to placing the affairs of the bank in a prosperous and continually improving condition. But as the articles of association provide that the proprietors may at a general meeting increase the number of the directors, the board recognising the value of Mr Lewis's cooperation, and being informed that several proprietors would see with pleasure Mr Lewis forming one of the board, thought that the proprietors might, under the circumstances, be properly asked to increase the number of the directors and to elect Mr Lewis to the place thus created. The board, therefore, will submit to the meeting the following resolution:—" That the maximum number of the directors of the company be increased from eight to nine." And in the event of this resolution being carried, the board will submit to the meeting the following resolution:—" That Charles Edward Lewis, Esq., M.P., be elected a director of the company."

The following twenty-ninth report was presented to the shareholders at the ordinary general meeting, held at the City Terminus Hotel, Cannon street, February 5:---

The directors have the pleasure to submit to the proprietors their report and statement of accounts for the six months ending December 31 last. The gross profits, after making a provision for bad and doubtful debts, and including balance brought forward from previous half-year, amount to 34,371l 15s 3d, and after deducting the usual current expenses, interest paid, &c., there remains an available balance of 12,245l 17s 9d. The directors recommend the payment of a dividend at the rate of 8 per cent. per annum, free of income tax; and that the sum of 1,000l be added to the reserve, which, with 4,000l received for premiums on shares issued during the balf-year, will increase that fund to 30,000l; a balance will remain of 3,245l 17s 9d (including rebate), to be carried forward to the next account. Since their last report the directors have alloted 500 shares, thereby increasing the capital to 200,000l.

At the annual general meeting, held at the bank in Lothbury, January 16, the following report of the directors to the proprietors was read :--

The directors report that, after providing for all bad and doubtful debts, paying the income tax, setting apart 2,000*l* towards the buildings of the bank, and making the necessary provision towards the pension fund and life insurance, the net profits for the last half-year amount to 186,650*l* 9s 10d. The rest, or surplus fund (with this sum added), will then amount to 994,722*l* 1s 11d. The directors out of this fund now declare a dividend to the shareholders of 7 per cent. for the half-year upon the paid-up capital of 2,000,000*l*. After this payment is made, the rest, or surplus fund, will be 854,722*l* 1s 11d. The vacancy in the direction, caused by the resignation of David Plenderleath Sellar, Esq., has been filled by the nomination of John Nutt Bullen, Esq.

LONDON AND YORKSHIRE BANK, LIMITED. The following report was presented to the shareholders at

now submitted to the shareholders, show that, after payment of expenses, allowance for rebate on bills not due, and provision for bad and doubtful debts, there remains (including the balance brought from last account) a net profit of 4,019l 17s 11d, out of which the directors propose to declare a dividend for the half-year at the rate of 4 per cent. per annum on the capital paid-up at June 30 last, free of income tax. This will absorb 2,867/ 14s 7d, leaving 1,152/ 3s 4d to be carried forward to next account. The two calls of 7s each per share made during the half-year (in accordance with the announcement in the last report, and with the view of closing the capital account for the present) have been well met, and the additional resources thus placed at the disposal of the bank have materially strengthened its position. The directors having called in certain advances which involved a deadlock of money, have invested a portion of the same, together with the calls, in various first-class market-able securities, thereby forming a substantial banking reserve. In carrying out this policy the directors have temporarily reduced the bank's profits, but they anticipate that this will be more than compensated by the increased confidence which the bank will thereby acquire.

#### MANCHESTER JOINT STOCK BANK, LIMITED.

The annexed report of the directors was presented to the shareholders at the ordinary half-yearly meeting, held January 22 :

The directors, in presenting the ninth half-yearly balance sheet and profit and loss account to the shareholders, have to report that after paying all current expenses and interest to customers, allowing for rebate on bills not matured, and making provision for bad and doubtful debts, the net profits amount to 8,604l 17s 11d. This amount, together with 5,207l 5s 7d brought forward from last half-year, shows a disposable balance of 13,812l 3s 6d. The directors recommend the payment of a dividend for the half-year ending December 31, 1877, at the rate of 111 per cent. per annum, free of income tax, which will absorb 5,860/ 13s 9d, leaving a surplus balance of 7,951/ 9s 9d. It is proposed to add 2,000l to the reserve fund, thus increasing it to 51,000l, and to carry forward the balance of 5,951l 9s 9d to the profit and loss account of present half-year. The reserve fund, with the balance carried forward, will then amount to 56,9511 9s 9d.

debts, is 332,116/11s 11d. From this have to be deducted total expenses of the fifty-four establishments, including salaries, stationery, taxes, &c., 102,296/2s 4d; sinking fund for bank property, 5.000/; income tax, 2.291/1s 4d; annual percentage bonus to officers of the bank, 3,562/16s 4d; together, 113,150/, leaving a net profit of 218,966/11s 11d. The dividend of 154 a share, and bonus of 5s a share, declared by the half-yearly meeting in July, amounted to 90,500/. The directors recommend this meeting to declare a further dividend of 15s a share, and a bonus of 5s a share, which will require 90,500/, and leave a balance of 37,966/11s 11d, which is not carried to the permanent reserve funds, but placed to a special suspense account as a reserve against an expected loss on two accounts in course of liquidation, and possible bad debts which may result from the present depressed state of trade.

#### MANCHESTER AND SALFORD BANK.

At the annual general meeting of the proprietors, held Feb-

ruary 13, the following report was presented by the directors :--The past year has been marked by continued depression of trade, by a bad harvest, by strikes at home, and by war and famine abroad. With a brief interval, caused by a drain of bullion, the Bank of England minimum rate of discount has been low, and in the outside market it has been unusually difficult to find profitable employment for money. The directors of the Manchester and Salford Bank have, however, the pleasure to report that the past year has shown a growth in the business, with a general result which they trust will be satisfactory to the proprietors. After making allowance for bad and doubtful debts, for rebate of interest upon bills in hand, and adding 1,200*l* to buildings depreciation fund, the net profits for the year amount to 87,830l 15s 10d. Out of this amount and the balance in profit and loss account, they have entered to the redemption of the purchase of the St Ann's street business 20,9291 4s 7d, and have declared a bonus of 2s per share, amounting to 7,500?, in addition to a dividend of 10 per cent. per annum, 60,000?, making a division for the year of 111 per cent., and leaving a balance in hand to cover income tax, of 1,636/ 11s 4d. Special general meetings of the shareholders were called by the board of directors, and were held on the 9th and 30th days of August last, at which the capital of the bank was increased by the creation of 25,000 shares, which the directors were empowered to issue and call up in the manner deemed by them to be most conducive to the interests of the company. Acting upon this authority, the directors have issued 12,500 shares at a premium of 10/ per share. The new stock was taken up on December 31 last, and will participate in the distribution of profits in July next. The issue of these shares increased the reserves of the bank by 125,000?, and in conformity with a very generally expressed feeling of the proprietors at the recent special general meetings, the directors have appropriated this sum to the liquidation of the St Ann's street purchase account, which has been closed by a transfer of 9,000l from guarantee account. After a careful revision of the accounts, the directors have transferred to the reserved surplus fund the balance remaining in guarantee account, which is now closed. The paid-up capital of the bank is now 700,000*l*, and the reserved sur, lus fund 240,0001. Since the last annual meeting branches of the bank have been opened in Ardwick, Chorlton-upon-Medlock, Moss Side, Openshaw, Strangeways, and Stretford. Premises have also been taken for a branch in Smithfield Market. The directors have to report with regret the retirement from the direction of Mr Charles James Heywood. The meeting will hear with satisfaction that in response to the invitation of the directors, Mr Henry Lee, of the firm of Tootal Broadhurst, Lee, and Co., has accepted a seat at the board.

### MERCHANT BANKING COMPANY OF LONDON, LIMITED.

Report of the directors presented to the shareholders at their fifteenth ordinary general meeting, held March 7:--

The directors have to report that, after providing for bad and doubtful debts, the profits, including the sum of 9,1171.5s 10d, carried forward from December 31, 1876, amount to 68,4771 16s 2d. This amount the directors apportion as follows, viz. :--

#### METROPOLITAN BANK, LIMITED.

The following report and statement of accounts was presented to the shareholders at the twenty-first ordinary general meeting, held January 23:---

The directors have the pleasure to present to the proprietors their report and a statement of accounts for the half-year ending at the 31st of December last. The net profit made by the bank during the six months now under review, including the balance of 1,0951 2s 2d, brought forward from the last account, amounts to 5,5771 2s 9d. The directors recommend the payment of a dividend, for the half-year ending at the 31st of December last, on the paid-up capital represented by the "A or preferred shares" (both original and new issue) of the bank, at the rate of 8 per cent. per annum, free of income tax, which will require the sum of 4,090l 17s 2d, and leave a balance of 1,486l 5s 7d to be carried forward to the credit of the next account.

### MOORE AND ROBINSON'S NOTTINGHAMSHIRE BANKING COMPANY, LIMITED.

At the forty-first annual general meeting, held at Nottingham, November 15, the following report was read and adopted :-

In meeting the shareholders at the forty-first annual general meeting of the company, the directors are well satisfied at being able, notwithstanding the continued and deep depression which has marked the past year, to report so favourably of the financial position of the bank. Notwithstanding the extremely low rate of discount, the contraction in the local industries, and the sensitive state of the money market, the business of the bank has been w ll maintained; and the directors feel justified, after providing for expenses, rebate upon bills and doubtful debts, and making the usual allowance to the clerks, in recommending a dividend of 10 per cent., together with a bonus of 2½ per cent., making, with the interim dividend, a total of 12½ per cent. for the year, free of income tax, which will absorb a sum of 25,435*l*, and after appropriation of a further sum of 250*l* to the building fund, will leave a balance of 1,168*l* 10s 4d to be carried to the next year's account.

#### NATIONAL BANK OF LIVERPOOL, LIMITED.

The following twenty sixth report of the directors was submitted to the proprietors on January 18 :--

The directors of the National Bank of Liverpool, Limited, now present to the proprietors their twenty-sixth report for the half-year ending December 31, 1877. The following are the duly audited accounts of the bank :---

The above accounts show a net profit for the past half-year of 18,185l 5s 5d, to which must be added 5,612l 19s 4d brought forward from last account, making an available balance of 23,798l 4s 9d. From this amount the directors have transferred 5,000l to the reserve fund, and they recommend that out of the remainder a dividend be declared at the rate of 7 per cent. per annum, or 10s 5d per share, leaving a balance of 3,048l 4s 9d to be carried forward to new account. The reserve fund now amounts to 115,000l. The figures will stand thus :-To transfer to reserve fund, 5.000l; dividend of 10s 6d per share, free of income tax, 15,750l; profit and loss new account, 3,048l 4s 9d.

### NATIONAL PROVINCIAL BANK OF ENGLAND.

The annexed forty-fifth annual report of the directors is dated May 9:--

The directors have pleasure in submitting to the proprietors for their approval the forty-fifth annual report of the bank. The Bank of England rate has varied seven times during the year, the average having been 2l 18s, as against 2l 12s 1d for the year 1876. The general stagnation in trade alluded to in the last annual report has continued, caused no doubt in some measure by the war between Russia and Turkey, and the political uneasiness consequent thereon. Notwithstanding the continued progress in the business of the bank, together with a slight improvement in the average value of money, enables the directors to recommend that the dividend and bonus now to be declared be 11 per cent. for the half-year, being the usual 4 per cent. dividend, with a bonus of 7 per cent., making, with the distribution in January last, 21 per cent. for the year, leaving a balance of 33,905/ 12s 5d

of undivided profits to be carried forward to the account of the current year. It will be satisfactory to the proprietors to observe that the dividend, with bonus, amounting together to 21 per cent., will be paid on the whole of the increased capital. During the year 3,635 new current accounts have been opened. The increase of deposits has not been so large as usual, the dulness of trade and the less profitable returns from agricultural pursuits having led, as might reasonably have been expected, to an absorption, in many cases, of money that would in ordinary times have remained on deposit. The following is the summary of the operations for the year, submitted in the form hitherto in use :—

At the commencement of the present year negotiations were concluded with the Bank of Leeds, Limited, for a transfer of its business, and thanks to the cordial support of the directors, proprietors, and customers of that bank, there is every prospect of the new branch becoming one of great importance. Mr William Ferguson, the late manager of the Bank of Leeds, Limited, has been appointed to the management. The business of Whittlesea branch has been incorporated with that of Peterborough, arrangements having been made to suit the convenience of the bank's connection in the former place.

### NORTH-EASTERN BANKING COMPANY, "LIMITED.

The following eleventh report was submitted to the shareholders at the half-yearly meeting, held at Newcastle-on-Tyne, February 2:-

The directors, in submitting the result of the bank's operations for the past half-year, have to report that the prospects of the bank continue to be satisfactory. The annexed accounts show that, after making the customary allowances, the balance of profit is 5,614l 15s 10d; of this amount it is recommended that 4,915l 12s 6d be appropriated to the payment of a dividend upon the ordinary shares for the half-year of 2s 6d per share, free of income tax, being at the rate of 4l 3s 4d per cent. per annum, and that the balance of 699l 3s 4d be carried forward. The directors thought it advisable to close on November 30 last the branch at Barrow-in-Furness, as the business done there was insufficient to justify its continuance at so great a distance from the bank's field of operations. The premises have been sold at a fair profit.

### NORTHERN COUNTIES BANK, LIMITED.

Annexed is the fourteenth report, read and approved of at the meeting, held February 4 :-

The directors beg to present the annexed statement of accounts, showing the results of the operations of the company for the past half-year. The gross profit, including 500l brought forward from last account, amounts to 2,733l 16s 3d, and, after payment of all charges, including interest to depositors and rebate of interest on bills not yet due, and setting aside for doubtful debts, there remains a net profit of 786l 18s 3d. Of this sum the directors recommend a dividend at the rate of 5 per cent. per annum on the paid-up capital, the carrying forward of 200l to next half-year's account, and the balance to reserve fund, which will then be increased to 2,3551 1s. Mr Wm. Henry Darnell having retired, the directors have appointed Mr Henry John R bson, Jesmond road, Newcastle-on-Tyne, to fill the vacancy at the board. Mr James Taylor was re-elected and appointed chairman.

The following forty-first annual report of the directors was submitted to the shareholders at their annual general meeting, held February 7 :-

The net profits of the bank for the past year, after providing for bad debts and rebate on bills, amount to 36,478/ 178 11d. The directors applied the net earnings for the first six months—

The result of these appropriations is that the guarantee fund will be raised to 140,985/ 17s 7d, and the reserve fund for new capital to 9,226l 13s 11d, and the total of capital and guarantee fund will be 309,212l 1s 6d. It will be seen by the shareholders from the above statement and the abstract of accounts sent herewith, that the policy which the directors adopted in reference to the gradual increase of capital out of surplus profits, has proved, and is proving, of very great advantage to the bank, so that with the steady growth of the business some addition has been made to the working capital, It being necessary to provide more accommodation at Wellingborough, the directors have resolved to rebuild the banking premises at that branch, and they propose to provide for the cost by appropriating each half-year a moderate sum out of the profits of the bank. On the present occasion, as shown above, they have set aside 500l as the first instalment. The directors have requested the firm of London accountants, Messrs Price, Waterhouse, and Co., Gresham street, to audit the balance sheet, and their certificate is annexed thereto. The directors suggest that the shareholders, at the general meeting, shall appoint that firm auditors of the bank for the current year. The directors, during the last year, have lost by death their esteemed colleague, Mr T. J. Starling; and they have also greatly to regret the decease of their late chairman, Mr H. B. Whitworth, who was always anxious to assist them, and ever ready to do his best to strengthen the position of the bank. Annexed is an abstract of the accounts for the last six months :

#### NORTH AND SOUTH WALES BANK.

The following report was presented to the proprietors at their forty-second annual meeting, held at Liverpool, January 22 :-The directors have pleasure in submitting to the proprietors the following report :- The value of money during the past year, as measured by the minimum rate of discount at the Bank of England, has averaged 2l 18s per cent., but, if measured by the market rate, the value would be indicated by a lower figure; hence a movement has recently been made by the London banks to regulate their interest on deposits by the market rate instead of by the Bank rate, a movement which has been followed by the Scotch banks, and will probably have to be adopted by English provincial banks generally, inasmuch as the market rate of discount in London has frequently, during late years, ruled at a lower rate than London and country banks were at the time allowing on their deposits. In their last report the directors stated that arrangements had been concluded with the directors and liquidators of the Bala Bank, Limited, subject to confirmation by the court, for a transfer of the business of that bank to this company, on equitable terms. The confirmation of the court was obtained soon afterwards, and business has since been carried on at Bala with satisfactory results. Since last meeting of shareholders, a new branch of the bank has been opened in Rodney street, Liverpool, and another at Seacombe, Cheshire. The following is the statement of profit and loss for the year ended 31st ultimo :-Gross profits, including a balance of 8,300/ 4s 8d from last account, atter deducting interest due to depositors, rebate on bills not due, purchase money of Bala Bank, and making provisi in for losses... #### One of the oldest members of the board. Mr Richard Bryans, who became a director in 1861, found himself obliged, in consequence of the state of his health, to retire from the board in June last, to the sincere regret of all his colleagues. The vacancy caused by his retirement has been filled by the appointment of Mr Thomas Brocklebank, of the firm of Messrs Molyneux, Taylor, and Co. Deputations of the directors, accompained by the country manager, have in the course of the year visited every branch of the bank, and examined the accounts, bills, and securities, on the spot, in each case with the usual satisfactory results. In consequence of the enlarged business of the bank, the directors have found it necessary to appoint a sub-inspector to assist the chief inspector in his audit of the branch accounts, which will now be continuous throughout the year. The share register shows an increase of 112 shareholders during the year. The total number is now 1,494.

#### NORTH-WESTERN BANK, LIMITED.

The following report of the directors was submitted to the proprietors at the fourteenth ordinary general meeting, held at Liverpool, January 14:---

The accounts show that the net profits of the year, with the balance of 2,029l 18s 9d brought forward from the previous year, amount to 46,841l 15s; from this, deducting the dividend paid in July, 16,200l, and income tax, 469l 8s 9d, there remains a balance now available of 30,172l 6s 3d, which your directors propose to appropriate as follows, viz.:—To dividend for six months at the rate of 8 per cent. per annum, free of income tax, 6s per share, 16,200l; to reserve fund, thereby increasing the amount to 120,000l, 10,000l; to directors' remuneration, 2,000l; to profit and loss account, 1878, balance carried forward, 1,972l 6s 3d. Mr William Henry Clemow, formerly district manager of the Birmingham, Dudley, and District Bank, has been appointed manager of the bank. Mr Clemow entered upon his duties on March 1 last, and the directors have since had every reason to be satisfied with his appointment.

#### NOTTINGHAM JOINT STOCK BANK, LIMITED.

The following report by the directors was submitted to the thirteenth ordinary general meeting of shareholders, held at Nottingham, January 22 :--

The directors beg to present to the shareholders the annexed duly audited statement of accounts to December 31, 1877. It will be seen that after after deducting all expenses, and interest paid and due, and making provision for bad and doubtful debts, the net profits of the year, including the balance of 1,405l 13s 4d brought forward from the previous year's accounts, amount to 6,741l 7s 3d. The interim dividend, at the rate of 5 per cent. per annum, for the half-year ending June 30 last, absorbed 2,500l, and the directors recommend a dividend at the same rate for the half-year ending December 31, carrying forward the balance of 1,741l 7s 3d to the profit and loss account for the present year. The directors have to report that the new bank buildings at Eastwood are making progress, and when complete the erection will give greatly improved facilities in carrying on the business there. The directors are glad to report that the business of the bank continues in a sound and promising condition. It is nitural that, as a comparatively young institution, it should feel more severely than an old one the very unusual and universal depression of trade, which the whole country is called to suffer. But the directors have every reason to believe that as soon as this has passed away, the bank will show a large increase in the return it makes to the proprietors.

PARES'S LEICESTERSHIRE BANKING COMPANY.

At the forty-second general annual meeting of proprietors, held at Leicester, February 6, the following report was adopted :---

The directors, in submitting to the consideration of the proprietors the forty-second annual report of the business of the bank, have pleasure in being able to show a satis'actory result, considering the low value of money which has so long prevailed, and that another year has passed without having brought any improvement to the trade of this town or of the country generally. After deducting expenses and losses, and making ample allowance for doubtful debts, the profits of the year amount to 45,586l 3s, which, with the balance of 6,600l 3s 4d, left on December 31, 1876, will make a total of 52,186l 6s 4d, to be disposed of by this meeting. The directors recommend the payment of the same dividend as last year, 1l per share on the old shares, and 8s per share on the new shares, free of income tax, being at the rate of 8 per cent. for the half-year, and which, with the dividend of 6 per cent. paid in August last, will make a total of 14l per cent. for the year then stand as follows:—Dividend paid in August last, 18,600l; dividend now recommended, 24,800l; allowed for income tax, 550l; added to the reserve fund, 3,000l; carried to profit and loss for 1878, 5,236l 6s 4d—together, 52,186l 6s 4d. The reserve fund, with the above addition, will amount to 153,000l. The paid-up capital of the bank remains the same, viz., 310,000l, and consists of 20,000 shares of 12l 10s each, fully paid, and 12,000 shares of 12l 10s each, fully paid, and 12,000 shares of 12l 10s each, fully paid, and 12,000 shares of 12l 10s each, on which 5l per share has been paid. John Atkins Wykes, Esq., was elected a director in the place of William Billson, Esq., resigned; and William Evans Hutchinson. Esq., and William Unwin Heygate, Esq., M.P., were re-elected directors.

### PARR'S BANKING COMPANY, LIMITED.

At the thirteenth ordinary general meeting, held January 25, the following report was read :---

The directors in submitting to the shareholders the annual balance sheet, certified by the auditor, have to report that the position and prospects of the business continue to be in every way satisfactory. Including 5,933l 2s 10d brought from the previous account, the net balance of profits, after providing amply for all bad and doubtful debts, and rebating the current bills at 5 per cent., is 87,134l 13s 5d. The distribution of this sum, recommended by the directors, is as follows :--Interim halt-yearly dividend, at 15 per cent. per annum, declared July 27th, 29,362l 10s; dividend to be now paid at the rate of 15 per cent. per annum, free of income tax, 29,467l 10s; bonus of 10s per share, free of income tax, 9,822l 10s--39,290l; to increase the reserve fund to 193,000l, 10,130l; to property account, 3,000l; balance to next account, 5,352l 3s 5d--total, 87,134l 13s 5d. Mr Widdrington, one of the directors, who retire at this time by rotation, has for some years resided cut of the district, and he has therefore placed his resignation in the hands of the board. They accept it with regret; and to fill the vacancy they recommend the election, as a director, of Mr George McCorquodale. The Willows, Newton-le-Willows, who is duly qualified. The other retiring directors are Mr T. P. Parr, Mr Edward Greenall, Lord Delamere, and Sir Gilbert Greenall, all of whom are eligible, and are recommended for re-election. A branch has been opened at Leek, where the directors have purchased the business of the Leek Bank, successfully carried on by Mr F. W.

#### SHEFFIELD BANKING COMPANY.

The following report of the directors and statement of accounts was adopted at the forty-sixth annual meeting of the shareholders, held January 25:-

Although the state of trade throughout the district has been far from good during the past year, the demand for banking accommodation has been considerable, and the result of the year's working has been a net gain to the bank of 50,250l 11s 9d. This sum the directors have appropriated as follows, viz. :--In payment of a dividend of 16 per cent. on the paid-up capital of the bank, 46,905l 12s; in payment of income tax, 603l 12s 8d; in provisior for bad and doubtful debts, 487l 3s 5d; in addition to the surplus fund, 2,254l 3s 8d; together, 50,250l 11s 9d. This dividend, clear of income tax, and deducting the interim dividend of 5 per cent. paid in July last, will be payable on the 31st inst. The directors have only further to report that they have every reason to be satisfied with the management of the bank and its branches, under their respective officials in the various departments.

The following report and balance sheet was submitted to the proprietors at the forty-second ordinary general meeting, held at Sheffield, Februar; 6:-

Your directors have much pleasure in presenting to the shareholders the result of last year's transactions. The profit and loss account, after payment of all the expenses of management

and income tax, and presenting a gratuity of 10 per cent. on their salaries to all the officers of the bank, shows a net gain of 32,944l 13s 3d. Out of this sum your directors have written off for losses 586l 4s 3d, and they now declare a dividend out of profits for the year ending December 31, 1877, after the rate of 12½ per cent. per annum, together with a bonus of 2l per share on the 100l shares, and 10s per share on the quarter shares, making 18¾ per cent. The proprietors, in August last, received on account, and in anticipation of this dividend, an instalment of 5 per cent. The balance, together with the bonus, will be payable at the banks of the company on and after the February 12. The remaining sum of 2,226l 9s has been carried to the credit of the reserved fund, which, after payment of one thousand guineas voted to the directors at the last annual meeting, will amount to 88,586l 4s 2d.

### SOUTHPORT AND WEST LANCASHIRE BANKING COMPANY, LIMITED.

The following report and statement of accounts is to December 31, 1877:---

The directors have pleasure in presenting the following balance sheet and statement of accounts up to December 31, 1877, showing that, after deducting expenses of management, rent, taxes, auditors' fees, rebate of bills not due, and after amply providing for bad and doubtful debts, there is, including 2,100l 2s 3d brought from last account, and 10,000l premium on new issue of shares, an available balance of 23,183l 1s 4d. Out of this sum an interim dividend amounting to 2,166l 13s 4d has been paid, and the remainder the directors propose to appropriate as follows, viz. :--To pay a dividend at the rate of 5<sup>1</sup>/<sub>2</sub> per cent. per annum, free of income tax, amounting to 3,130l 8s 9d, to place 15,000l to credit of reserve fund, to make a reduction of 1761 13s 7d on bank furniture account, and of 2501 on preliminary expenses account, and to carry forward the balance of 2,4591 5s 8d to next year. Notwithstanding the great depression in trade, the business of the bank continues to progress satisfactorily, and the directors congratulate the shareholders on the result of the year's business. The directors have the pleasure to inform the shareholders that they have purchased the freehold site in Lord street, Southport, adjoining the Atkinson Free Public Library, and that they propose erecting suitable premises, which will enable them to carry on the business of the bank with greater facility. They have also secured premises at St Helens, and a branch will be opened there immediately, under the management of Mr Edward A. Houghton. The directors regret to report the death of Mr Richard Ainscough, but are glad to be able to announce that his brother, Mr Hugh Ainscough, has consented to fill his place at the board. His election will have to be confirmed by the shareholders. They also report that Mr Wm. Froane has resigned his seat at the board.

At the forty-sixth annual general meeting of the shareholders, held on February 5, the following report of the directors was unanimously adopted :-

The net profits of the year 1877, after providing for all bad and doubtful debts, and presenting gratuities to the officers of the bank, are 41,1411 16s 10d; to this add the unappropriated profits of the year 1876, v.z., 4,5112 16s, making 45,6532 12s 10d ; and, deducting from this the interim dividend of 5 per cent. paid in August last, viz., 12,500/, a balance is left of 33,153/ 12s 10d ; out of which the directors propose to declare a dividend of 12 per cent., making in all 17 per cent for the year, amounting to 30,0001; and to carry forward 3,1531 12s 10d. The capital of the bank stands at 250 000l, and the reserved surplus fund at 150,000*i*, the latter being specially and separately invested in 3 per Cent. Consols. The directors congratulate the shareholders upon the profits made during the pist year, which enable them to maintain the rate of dividend upon the increased capital in a period when the depression both in agriculture and trade has exceeded that alluded to in the report of last year.

#### SWANSEA BANK, LIMITED.

The following report is for the half-year ending December 31 :--

The directors beg to submit to the shareholders their report for the half-year ending 31st ultimo. After payment of all expenses, allowing for interest and rebate, and making provision for bad and doubtful debts, there remains an available balance of 8,3751 38 11d, out of which the directors recommend payment of a dividend at the rate of 71 per cent. per annum, free of income tax, or 7,546l 7s, leaving a balance of 828l 16s 11d to be carried forward to profit and loss new account. The directors are of opinion that it is expedient to dispense with the half-yearly meetings in July, and that one yearly ordinary general meeting only, be held for the future; and they recommend the following resolutions

for the approval of the shareholders, viz. :-" That in future there shall be one ordinary general meeting in each year, instead of two as heretofore, and that such meeting shall take place on the last Monday in the month of January in each year, at the head office of the bank in Swansea, at noon." And (special resolution), "That article 133 of the articles of association be rescinded, and that the following article be substituted in its place, viz:- '133. The company in ordinary meeting may declare a dividend or bonus, or both a dividend and bonus, to be paid to the members in proportion to their shares, but no dividend or bonus shall exceed the amount recommended to the meeting by the directors; and if, and as long as, ordinary meet-ings are held once a year only, the directors may, without the sanction of the company in ordinary meeting, declare half-yearly dividends for those half-years during which an ordinary meeting is not held."

### WAKEFIELD AND BARNSLEY UNION BANK.

The following is the report of the directors for the year ending December 31 :-

The following statement is very satisfactory to your directors as it shows that, notwithstanding the long-continued heaviness which has weighed down nearly every branch of business, their profits for the past twelve months have all but maintained the level of their best years. After making provision for all bad and doubtful debts, the gross profits for the year ending December 31, 1877, are 28,393*l* 5s 3d; the working expenses are 6,079*l* 5s 9d-22,313*l* 19s 6d; to this must now be added the balance from last year, 1,098*l* 2s 6d; leaving for present distribution, 23,412l 2s. This sum the directors propose to divide as follows :- Io dividend at the rate of 10 per cent. per annum, paid in August last, 5,000l; dividend at the rate of 10 per cent., per annum, now declared, 5,000l; bonus of  $7\frac{1}{2}$  per cent., now declared, 7,500l; amount added to the reserve fund (raising that fund to 100,000l), 5,000l; carried to next account, 912l 2s—total, 23,412l 2s. The reserve fund having now been raised to the amount of the paid-up capital, 100,000*l*, the directors will proceed to carry out the resolution passed at the annual meeting held January 26, 1874, and confirmed February 23, 1874, by which they were authorised to increase the paid-up capital and the reserve fund to 125,000l each, by alternate contributions from the annual surplus profits, after a dividend has been paid to the shareholders of not less than 15 per cent. per annum. The new bank premises at Wakefield, the foundation stone of which was laid by the chairman, Mr Stewart, after the last annual meeting, are now rapidly approaching completion. The structural portion of the handsome buildings is entirely finished, and the interior fittings are being rapidly proceeded with. It is hoped that the new bank will be opened for business in the early part of the present summer. The sum invested in Consols remains at 30,000l.

### WEST OF ENGLAND AND SOUTH WALES DISTRICT BANK.

The following report of the directors was presented to the proprietors at the forty-third annual general meeting, held at Bristol, January 25:-

The directors regret that in consequence of the continued depression of trade their present report must be necessarily of the same character as that of last year. At the head office and the English branches generally the business has continued large, but in the industries of South Wales there has been no recovery. In addition to this, the West of England Bank, in common with other banks, has found its profits affected by the low rate of interest prevailing through a great part of the past year. Still there are indications that on the return of peace, of which there is now strong hope, trade will gradually revive. At the close of the half-year ending June 30, a dividend at the rate of 8 per cent. per annum, free of income tax, was paid; and the directors now declare a dividend at the same rate for the half year ending December 31, also free of income tax, on the paid-up capital of 750,000l, adding 3,714l 15s 6d to the reserve fund. The directors who retire by rotation are Mr Joseph Coates and Mr George Hare Leonard. Mr Coates offers himself for re-election. Mr Leonard's engagements, unfortunately, render him unable to continue on the board. The proprietors will regret that one who has served the bank so ably, faithfully, and efficiently during seventeen years, at length retires. The directors have in view for the vacancy, at an early period, a gentleman who they believe will command the full confidence of the company and the public. The statement of account is as follows :--

WEST LONDON COMMERCIAL BANK, LIMITED. The following twelfth annual report of the directors was adopted at the ordinary general meeting of shareholders, held February 12 :-

The directors, in submitting to the shareholders the twelfth annual balance sheet certified by the auditors, have to report that the business of the past year has been most satisfactory, the accounts showing an increase of about 10 per cent. on the busi-ness of the year 1876. Both branches continue to show a steady increase in the amount of business done, and there is every prospect of the hopes expressed in previous reports respecting their ultimate success being fully realised. The profit and loss account shows an increase in the gross profits of the year of about 10 per cent., but though the directors do not consider it prudent to recommend the increase of the dividend to a higher rate than 5 per cent. per annum, they feel that the very material increase in the business of the bank justifies the payment therewith of a special bonus of 1 per cent., thus raising the return for the past year to the amount of 6 per cent. These payments will be made free of income tax. It is with deep regret the directors have to record the decease of one of their number, in the person of Mr Samuel Sharman Dancocks, to whose deep interest in, and energetic exertions on behalf of, the bank from its very commencement they have much pleasure in bea ing testimony. The vacancy thus caused has been filled up by the appointment of Mr George Deal, a member of the well-known firm of Messrs John Weeks and Co. Mr John Tatam Stanesby, being unable longer to undertake the duties of secretary, the directors, in order to retain the benefit of his valued co-operation, elected him a director in the place of the late Mr William Arnum, whose death was recorded in a previous report. The office of secretary has been filled up by the appoint-ment of Mr William Samuel Walker.

### WOLVERHAMPTON AND STAFFORDSHIRE BANKING COMPANY.

The following report was presented at the forty-sixth annual general meeting, held February 4 :-

Your directors have again the satisfaction of reporting to the shareholders the continued success of the bank. The assets and books of the bank have been audited and found to be correct. After providing for all ascertained bad debts, the profits of the year amount to 15,122l 4s 3d, out of which a dividend and bonus of 10s per share was paid to the shareholders in August last, and it is recommended that a dividend of 7s 6d, with a bonus of 5s per share, be paid on February 15 next, and that the balance, 2,300/ 1s 11d, be added to the guarantee fund. The directors cannot conclude their report without expressing their sense of the loss they have sustained in the death of their esteemed colleague, Richard Warner, Esq. John Underhill, Esq., has been elected to fill the vacany caused by Mr Warner's death.

The directors regret that the unparalleled continuance of the depression of the general trade of the country has affected the profits of the past half-year.

#### YORK CITY AND COUNTY BANK.

The following report of the directors to the proprietors was presented at their forty-eighth annual meeting, January 17 :--

The directors beg to report that the profits of the year 1877, after making provision for bad and doubtful debts, amount to 33,3851 108 9d, which, including the sum of 8761 15s 3d brought from the last account, makes 34,2621 6s. The directors recommend a dividend at the rate of 20 per cent. per annum, free of income tax, or 5l per share, of which sum 2l per share was paid in July last as an interim dividend, leaving 3l per share now to be paid. The year's dividend amounts to 32,500l, leaving a balance of 1,762l 6s to be carried to profit and loss new account. The reserved surplus fund remains at 151,000l. The directors have arranged with the old-established firm of Messre Harding and Co., bankers, of Bridlington, Bridlington Quay, and Driffield, for the transfer of their business at those places to this bank, which took effect on January 1. This forms a desirable extension of the operations of the bank, and the directors believe it will prove advantageous to its interests.

#### YORK UNION BANKING COMPANY.

The forty-fourth annual report of the directors to the meeting

directors have to state that, after providing for bad and doubt-ful debts, the profits of the bank for the past year amount to the sum of 31,047l 13s 1d, exclusive of 2,853l 17s 6d interest on the guarantee fund. The usual interim dividend of 5 per cent. was paid to the shareholders in August last; and your directors now declare a further dividend of 10 per cent., with a bonus of 3 per cent., making 18 per cent. for the year, free of income tax, leaving a surplus of 1,347l 13s 1d to be carried to the guarantee fund, raising that fund, with the interest thereon, from 69,581l 18s 9d to 73,783l 9s 4d. Your directors have to regret that declining health and failing sight have led to the resigna-tion of Mr Francis Taylor, the late manager of the bank, after forty-four years of zealous and faithful service. In his place they have elected Mr A. W. North, the head cashier of the bank, who, by his efficiency in that department, and his general intelligence, has shown himself well qualified for the appointment. The Scarborough branch was opened under the manage-

## JOINT STOOK BANKS OF THE ISLE OF MAN.

ISLE OF MAN BANKING COMPANY, LIMITED.

At the twenty-fifth half-yearly ordinary general meeting, held at Douglas, February 4, the following report of the directors was read :-

In submitting their twenty-fifth half-yearly report, the directors beg to refer the shareholders to the annexed balance sheet and statement of profit and loss account as on December last (with the auditors' report thereon), from which it will be seen that the net profits for the half-year, after deducting current expenses, amount to 3,000/ 5s 2d. This sum, added to 9577 13s 10d, the unappropriated balance from the preceding account, makes available a total of 3,9577 19s, out of which the directors recommend 2,4007 to be applied to the payment of a dividend for the half-year, at the rate of 20 per cent. per annum, 500l to the reserve fund, thus increasing the amount to 21,000l, and the balance of 1,057l 19s to be carried forward to profit and loss new account. At the fifty-third annual general meeting, held March 5, the following report was submitted to the shareholders :-

The annexed statement of the liabilities and assets of the bank shows that the net profits for the year ended January 31 last, after deducting all charges of management, income tax, &c., and making provision for all bad and doubtful debts, amount to 37,286/ 10s 7d. To that amount there falls to be added the sum of 3,042/ 19s 2d, being the amount brought forward from the previous year's profit and loss account, making altogether tha sum of 40,329193 9d of profits to be dealt with on the present occasion. The directors have appropriated these profits as follows :--

The guarantee fund of the bank remains, as before, at 126,000l; and the amount of the bank buildings account has been increased by the cost of the bank's new premises at Fraserburgh, Keith, Udny, and Ballater. The directors have had under their consideration, during the bygone year, the suggestion, which was made at the last annual general meeting of the company, to enlarge the capital of the bank by the issue to the proprietors of a portion of the unappropriated shares of the bank's stock till remaining at the dispersion of the bank's stock still remaining at the disposal of the board; and, after giving the subject their fullest and best consideration, they came to the resolution that the proper time for making such an issue had not arrived. The directors regret the loss which the board has recently sustained by the death of their esteemed colleague, Mr James Crombie, who, for the space of nineteen years, was an active and very useful member of the board; and they recom-mend for election in his stead Mr John Crombie, manufacturer, Grandholm Wile, the bother of the dearend continuous. Grandholm Mills, the brother of the deceased gentleman. The

other members of the board offer themselves for re-election, with the exception of Mr Stronach, who wishes to retire after a service of over fifty years as a director of the bank, during which long period he always had the interests of the company most warmly at heart, and contributed much to the prosperity of the bank. Mr Littlejohn, having on the 31st ultimo retired from the office of manager of the bank, has been succeeded in that office by Mr George L. Rorie, who acted as assistant-manager since December 1, 1875. In consideration of Mr Littlejohn's long and faith-ful services to the bank, the directors have granted him a retiring allowance of the amount of his full salary, subject to the approval of the shareholders, an arrangement which the directors trust the meeting will confirm. The directors have pleasure in recommending Mr Littlejohn for election as a member of the board.

#### BANK OF SCOTLAND.

The following annual report by the directors was presented to the proprietors at the general meeting, held at Edinburgh, March 26 :-

The directors submit to the proprietors their usual statement of the assets and liabilities of the bank as at the close of its financial year on February 28, and report that the net profits of the past year, after payment of all expenses, allowing for rebate on bills discounted not yet due, and making full provision for bad and doubtful debts, amount to 183,326? Is 11d; the last annual report exhibited a balance at the credit of the profit and loss account of 14,580l 19s 4d, making together 197,907l 1s 3d. The half-yearly dividend, at the rate of 14 per cent. per annum, paid in October last, amounted to 87,500l, leaving 110,407l 1s 3d. From this sum the directors have applied in reduction of the heritable property in the bank's occupation, 5,000/. They have now to recommend that a dividend, for the half-year ending the 28th ultimo, at the rate of 14 per cent. per annum, be declared, which will require 87,5001; there will then remain 17,907/ 1s 3d to be carried forward at the credit of the profit and loss account, and making, with the reserve fund, undivided profits amounting to 767,907l 1s 3d. meeting of the partners, held February 6 :-The annual statement of the affairs of the bank for the year ending December 31 last is now submitted by the directors.

THE ECONOMIST.

# May 18, 1878.

These accounts show a net profit for the year, after all necessary deductions have been made, of 142,168/ 19s 5d; the amount brought forward from the previous year was 5,915/ 0s 11d, making together, 148,084/ 0s 4d. The directors recommend that the same dividend as paid last year, viz., 14 per cent., free of income tax, should now be declared—payable one half on Tuesday, the 12th inst., and the remaining half on Friday, August 2 next. The amount required for these purposes will be 141,750/, leaving a balance of 6,334/ 0s 4d to be carried to next year's account. The directors have long been of opinion that it would be necessary to open a branch of the bank in London, and a favourable opportunity having presented itself, a branch was opened there on December 1 last. A motion will be submitted to this meeting to alter a resolution adopted at the annual meeting on July 14, 1841, whereby the two retiring directors each year are ineligible for re-election for one year. It is proposed that only one director should be so ineligible. The directors who retire by rotat on at this time are Messrs Hugh Brown and John Brown, jun., and the board unanimously recommend that Mr James Reid Stewart, ironmaster, and Mr Robert Orr, thread manufacturer, Glasgow, be elected in their room.

The free rest, after applying 3,000<sup>l</sup> in reduction of the cost of properties, and providing for the half-year's dividend and bonus above-mentioned, amounts to 421,332<sup>l</sup> 138 2d, being 4,787<sup>l</sup> 18s 11d in excess of the amount at the corresponding period last year.

### NATIONAL BANK OF SCOTLAND.

At the fifty-second annual meeting of the proprietors, held December 21, the following report was read :--

The ordinary profits of the bank's official year, owing to the low value of money, were stated as being under the usual average; the losses on the other hand, as being unusually small; and a variety of casual profits were reported to have fallen in during the year. After making ample provision for all bad or doubtful debts, depreciation of the bank's property, or other contingencies, the net balance of profit was reported to be 189,115l 5s 5d, out of which it was resolved to declare the usual dividend of 13 per cent., and an extra dividend or bonus of 2 per cent. leaving 39,115l 5s 5d, which was added to the lank's rest.

To the rest was further added 30,000l, taken from the ordinary provisions made from year to year for losses, and which had proved more than was required; and 2,884l 14s 7d was taken from the balance carried forward from last year, thus raising the bank's rest (after providing for both the half-yearly dividends now declared), to 500,000l, besides 13,465l 6s 9d carried forward to next account. The dividends to be payable, as usual, in equal portions, on the second Tuesdays of January and July, 1878, free of income tax. The foll wing is the statement of the bank's liabilities and assets at November 1, 1877:—

NORTH OF SCOTLAND BANKING COMPANY. The following report by the directors was submitted to the forty-first annual general meeting of the shareholders, held November 2 :--

The reserved fund amounts to 202,001<sup>1</sup>. The directors have had the satisfaction of receiving 3,209<sup>1</sup> 12s, being payment in full of old balances which had been discharged, and long ago written off. These are not included in the above accounts, and the directors now recommend that the amount (3,209<sup>1</sup> 12s) be set spart to form the nucleus of a fund for the benefit of officials of the bank, to be applied in assisting them to provide guarantees, insurances, or otherwise, as may be deemed most advantageous. By the death of Mr James Forbes Beattie in January last, the board lost the co-operation of a gentleman whose extensive acquaintance with the district, and general business experience, were for many years of value to the bank. Mr Ferguson, of Kinmundy, is not eligible for election this year, and for the two vacancies thus occasioned, the directors respectfully recommend that their former colleague, Mr Angus and Mr George James Walker (of Messrs Walker and Beattie), land surveyor, Aberdeen, be chosen. The other members of the board, who are eligible for re-election, again offer their services. At the meeting, Mr G. J. Walker and Mr Angus were elected as directors.

### ROYAL BANK OF SCOTLAND.

The following report was presented by the court of directors to the general court of proprietors, held at Edinburgh, November 27 :--

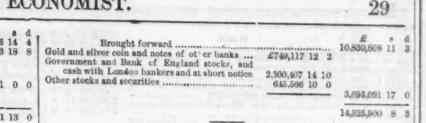

The directors now submit to the proprietors the annexed abstract statement of the affairs of the bank at the annual balance on September 21, 1877:—

The gross profits of the year, after deducting rebate of interest on bills current, and income tax, and providing for all bad and doubtful	£	8	d
debts amounted to	313,975	16	8
salaries, directors' fees, pensions, rents and taxes, cost of circula- tion, and all expenses of management, we e	118,904	17	7
Net profits of the year The balance brought forward from last year was	195,170 36,680		
The Midsummer baif-year's dividend required	231,851	17	2

As the proprietors are aware, the bank has, by law, a lien over the bank stock held by its debtors. Mainly through the operation of this lien considerable amounts of stock have, since the establishment of the bank in 1727, and more particularly during the commercial troubles of the early part of this century, fallen into the hands of the bank ; and for many years a sum of about 190,000l of stock has in this way been held. The directors, after mature deliberation, see no object to be gained by longer holding this stock, and they have, as already announced, resolved to offer it to the proprietors who may stand on the register at the close of the transfer books on December 6, in the proportion of 10l stock to every 100l of stock then held, at the price of 220 per cent., payable at Christmas, with right to par-ticipate in all dividends to be thereafter declared. At the present market price of the stock of the bank, the proposed allocation will yield a substantial bonus to the proprietors; and as the stock to be allotted stands in the bank's books at 125 per cent., the directors will be enabled, from the increase in value to be now realised, to raise the bank's rest to about 700,000*l*. The directors recently received an offer for the property in Edinburgh known as the Douglas Hotel, which they thought it for the interest of the proprietors to accept, subject to conditions effectually securing the permanent amenity of the lank pre-mises; and the price of 50,000l has been paid since the close of the financial year. This exceeds the sum at which the property stood in the bank's books by about 20,000/, and the directors have appropriated this gain towards the cost of the new premises in London now approaching completion.

### UNION BANK OF SCOTLAND.

The annexed forty-eighth annual report is dated Glasgow, April 24 :-

The directors have again the pleasure to submit to the proprietors the abstract statement of the bank's affairs, made up as on 2nd instant. The profit and loss account of the year, after providing for rebate on bills discounted, and for all bad and doubtful debts, shows a balance at credit of 146,446l 3s 1d, to which there has to be added the sum of 9,528l 13s 4d, brought from the previous year, making a total of 155,974/ 16s 5d. Out of this sum the directors recommend that there be set aside for dividend, at the rate of 13 per cent. per annum, free of income tax, payable in equal proportions, on 10th May and 9th November next, 130,000*l*. That there be carried to rest account 15,000/. And that there be carried forward in profit and loss account, 10,974/ 16s 5d. The bank's rest or surplus profits will then stand at 330,000/, exclusive of the whole year's dividend and of the balance in profit and loss account, which together amount to 140,974l 16s 5d. The directors have to report, that on the 28th ultimo they opened a branch of the bank at 62 Cornhill, London, E.C., under the management of Mr John A. Fradgley, lately of the Discount Department of the Bank of England. A resolution of the board, by which the designation of the chief officer of the bank has been altered to that of general manager, will be submitted for the approval of the meeting. The directors record, with much regret, the death of Mr John Tennant, of St Rollox, who, for many years, has been one of the extraordinary directors of the bank, having formerly served as a member of the board of ordinary directors. The directors who retire by rotation at this time are Mr Alexander Crum and Mr Samuel Hay, and the board respectfully recommend that they be re-elected.

The profit and loss account of the bank for the past year leaves a balance available of 106,900l 11s 7d. The board have declared a dividend at the rate of 12 per cent. per annum, or 36s per share for the half-year, payable, free of income tax, on and after Saturday, the 26th inst. The dividend absorbs 90,000l, leaving a balance of 16,900l 11s 7d, of which amount 10,000l has been carried to rest or undivided profits, and 6,900l 11s 7d to profit and loss new account. The rest will now stand at 130,000l. The arrangements for the compromise of the sums awarded to the bank under the decree of the High Court of Justice in the share suit are now completed, as regards all the defendants, and this long-protracted litigation is at an end. The directors consider that the best interests of the bank have been consulted in these arrangements.

### FOREIGN AND BRITISH-COLONIAL JOINT STOCK BANKS.

#### AGRA BANK, LIMITED.

Report of the directors to the proprietors at the forty-fourth annual general meeting, held at London, March 19 :---

In submitting to the shareholders, as usual at this season, the balance sheet of the bank, made up on December 31, 1877, and the profit and loss account for the past year, it is satisfactory to the directors to be able to point attention to the fact that the former of these statements, which represents the financial position of the bank, exhibits progress in every department of business. There has been during the year a consistent increase in the number of the bank's constituents, and a corresponding addition to credit balances, under the head of current and deposit accounts, amounting to more than half a million sterling. These additional funds materially strengthen the bank's working power, and will thereby promote its means of usefulness, and at the same time the realisation of profit, as hitherto, on a sound basis. The profit and loss statement (including balance brought down from the previous year) shows, after making provision for contingencies, a net profit of 93,176/9s, made up of contributions from all the branches. In respect to this result of the bank's operations, the directors desire to express their appreciation of the earnest application and zeal which has characterised the management generally at the several establishments of the bank in furtherance of the bank's interest. The net surplus profits available for distribution, as above-mentioned, for the year 1877, the directors recommend should be appropriated as follows :-Intermediate dividend, paid on October 1, 1877, at the rate of 5 per cent. per annum, free of income tax, 24,779l 10s; further dividend recommended to be paid at the rate of 7 per cent. per annum, free of income tax, 34,807l 10s; apportionment to the reserve fund, which will then stand at 150,0001, 30,0001; balance to be carried forward to credit of present year, 3,5891 9s. The directors have felt themselves justified on the present occasion in recommending payment of a higher dividend than they have considered advisable for some years past. The profits admit of their doing so, and also of a substantial appropriation to the reserve fund, which, in their opinion, is a matter of essential moment. As stated in their last report to the shareholders, every addition hitherto made to this fund has been followed by enhanced confidence on the part of the public, evidenced by increased business connection; and, looking to the bank's position and the magnitude of its transactions, the directors consider it judicious and sound policy that material additions should continue to be transferred to it year by year out of profits as the same may permit. By the proposed eredit as above, the reserve fund will now amount to 150,000*l*. The directors regret to have

to announce the resignation of Mr H. J. Ebsworth, as a director, in consequence of other business engagements. In his place they have nominated Mr William Duncan, who is duly qualified as a shareholder, and whose appointment will be submitted for the confirmation of the shareholders at the ensuing meeting, in accordance with clause 87 of the articles of association. The directors have only to add, in concluding this report, that they regard the condition and prospects of the bank to be sound, healthy, and full of promise; and they are assured that in pursuing the same system of management which has produced these results, the bank will continue to prosper.

these results, the bank will continue to	prosper.					1

# ANGLO-AUSTRIAN BANK.

The following is an abstract of the report of the directors presented to the general meeting in Vienna, April 9, 1878, and adopted :-

In presenting the report for the past year, the directors beg, first, to refer to the larger operations in which the bank took part. The bank participated in the issue of 70 millions of florins of 4 per cent. Austrian gold rente, and the profit arising out of the same appears in the present balance sheet. The bank took an interest, partly firm and partly by way of option, in a 44 per cent. Swedish Government loan, and the whole of the bonds taken firm have been profitably disposed of. A share was bonds taken in in have been promably disposed of. A share was also accepted in the issue of  $4\frac{1}{5}$  per cent. Swedish Reichs Hypotheken Bank mortgage bonds, and the profit figures in the accounts for 1877. The bank took a participation in the syndicate for the issue of a 4 per cent. loan to the City of Augsburg, which has not been dissolved. Regarding the share taken by the bank in former years in different syndicate operations, the directors have to state that the syndicate for the lottery loan to the City of Vienna was dissolved at the commencement of the present year, since when the whole of the bonds, which had become the property of the bank, have been sold. The liquidation of the Vienna Credit Bank being nearly completed, the syndicate for the shares of this bank will probably be shortly wound up. During the past year no alteration of any moment has taken place in the engagements of the bank in the syndicates for the Austrian Journal Company, Donau Drau Railway, and for the Pilsen Priesen Railway, mention of which has been made in former reports. The bank also participated to the extent of 800,000fl in the balance of the advance business to Austrian Government. The wechselhaus of the bank showed very satisfactory results for the year 1877. As regards the current business, the directors have to report that, in comparision with the year 1876, the increase has been not inconsiderable, partly owing to the bank having taken over the business of the Oesterreichische Bank Gesselschaft. The transactions in commission business have amounted to 507, against 331 millions, and the cash turnover reached 347, against 281 millions. Reductions were effected during the year to the extent of 73,000fl in the expenses of the bank, and the whole outlay for expenses, salaries, &c., as compared with 1874, shows a reduction of 228,000fl. The amount invested by the bank in securities has been reduced by 1,600,000fl, as compared with that in 1876. The reduction in the bank's capital, resolved upon by the last general meeting, having been sanctioned by the Austrian Government, 10,000 more shares were purchased last year, making, together with those previously bought, 50,000 shares, which have been cancelled. With respect to the special reserve fund, the last annual meeting resolved that the sum of 781,015.06fl should be placed to the credit of this fund out of the ordinary reserve fund, and that the profit from the purchase of the 10,000 shares alluded to should also be credited to this special fund. The profit on the 10,000 shares was 444,732.87fl, thus making the special reserve fund 1,225,747.93fl. This fund was formed in accordance with the resolution adopted at the last general meeting for the purpose of meeting any possible losses arising out of the coal mines and out of the not yet liquidated syndicates, it has been charged with the sum of 253,427.62fl, the greater part of which has been applied in satisfaction of the loss incurred through the sale of the mine and buildings in the Falkenau district, and the rest has been written off from a participation in a syndicate operation. The special reserve fund amounted, consequently, at the end of 1877, to 972,320.31fl. The profit of the bank, after deducting all expenses, &c., amounted to 823,349.73fl. It is proposed to declare a dividend of 5fl per share, which, on 150,000 sbares, amounts to 750,000.00fl, leaving 73,349.73fl to be carried forward as balance of profit of 1877.

At the meeting, the report was adopted, and ordered to be printed and circulated among the proprietors. Edward Lord, W. B. Walford, and G. Neville Griffiths, Esquires, were elected directors. C. H. Myles and Albert A. Smith, Esquires, were elected auditors for the ensuing year. The motion for the alteration of Clause XXX. of the deed of settlement, with the view of making all retiring directors eligible for re-election, was not carried.

### BALLARAT BANKING COMPANY, LIMITED.

The following report was submitted to the proprietors, at the twenty-sixth ordinary general meeting, held February 1 :-

The directors have now to submit for the approval of proprietors their twenty-sixth half-yearly balance sheet and profit and loss statement as at the December 31 last. The gross profit realised during the six months amounts to 9,188/ 1s 2d, including a sum of 1,505/ 5s 9d brought forward from the previous half-year, from which has been allowed 1,251l 16s 7d, towards charges of management and expenses incidental thereto; also 2,250l 8s 1d, in satisfaction of all interest, paid and accrued, due to the depositors at close of the year. After making the foregoing deductions, an available balance amounting to the sum of 5,6851 16s 6d remains at credit of profit and loss account, which your directors propose to deal with in the following manner, viz :- Distribute the usual dividend on the present paid-up capital, 73,195l, at the rate of 10 per cent. per annum, amounting thereon to the sum of 3,6591 3s 1d; provide 100l in reduction of bank premises account; further increase the reserve fund 500l; and apply the unappropriated balance, 1,426l 13s 5d, to the profit and loss "new account." The undivided profit with the reserve fund, will then stand at 23,426l 13s 5d, nearly equivalent to a third of the paid-up capital. The results now returned are in a measure due to those shareholders who have and still continue to exert their local influence towards the kank, and to whom the directors desire to record acknowledgment, the average weekly deposits throughout the half-year being an improvement on its predecessor; also upon comparison it will be seen that the actual amount of deposits at close of period now under review has increased some 15,000*l*, notwithstanding the competition which has existed. In conclusion, your directors wish to mention. while the records of banking show that even with the greatest vigilance no wisdom can see or prevent losses by the fluctuations attending banking operations through their various channels, it must be matter for congratulation that after nearly thirteen years' operations the bank has gradually increased the reserve fund, and continues the usual dividend at the rate of 10 per cent. per annum.

### BANK OF AUSTRALASIA.

The annexed forty-fourth annual report of the directors is dated March 18 :-

The directors have the pleasure of submitting to the proprietors the accompanying statements which exhibit the profit account of the bank for the financial year ending October 15, 1877, and the balance sheet at that date: these they feel assured will be regarded as satisfactory. From the former of these statements it will be seen that the realised net profit was 169,599/9s 2d, out of which a sum of 6,000l has been appropriated in reduction of the cost of bank premises, and a further sum of 12,000l in augmentation of the reserve fund, which will then stand at 40,000*l*, irrespectively of the gua-rantee fund of 215,710*l*. The balance, 151,599*l* 9s 2d, is the sum available for the two dividends of the current year. After the usual review of the transactions during the past

year, the directors are able to renew the assurance given in their last report, that the business is sound and legitimate; from the balance sheet it will be seen that a steady increase in the operations of the bank has taken place during that period. The state of trade in the colonies. though dull, is reported to be healthy, and the resources of the bank continue to find full employment. In many districts, especially in Queensland and New South Wales, losses of stock are reported to have been unusually heavy owing to severe and protracted drought, but the latest advices report a general and sufficient rainfall throughout the colonies. The first series (now in progress) of colonial wool sales for the present year exhibits results which, considering the depressed state of the home trade, may be regarded as very satisfactory; competition has been brisk, and prices generally have been well maintained-best classes of wool showing even an advance on the rates at the corresponding period of last year. The proprietors will at this meeting be called upon to fill up the vacancy caused by the death of Mr James J. Falconer, which was announced in the statement presented at the half-yearly meeting in August last. The distribution of profits for the half-year will be at the rate of 12<sup>1</sup>/<sub>2</sub> per cent. per annum, viz., a dividend of 2*l* 10s per share, which has been declared and will be payable, free of income tax, in London and the colonies on and after April 9 next. This dividend will absorb 75,000l, leaving a balance of 76,599l 2s 2d available for future distribution.

BANK OF BENGAL.

The annexed report by the directors is for the half-year ended December 31 :---

During the past six months there was no marked activity in any of the ordinary branches of trade, but from the middle of July to the end of September, owing to the failure of the summer rains in the famine districts, the shipments of grain to the Madras coast were largely increased, causing a strong and continuous demand for accommodation at increasing rates of interest, as well as heavy withdrawals of the bank's public and private In the latter half of September, and throughout deposits. October, there was abundance of rain in the distressed districts, and the shipments of grain for the remainder of the year were consequently on a much smaller scale. The bank's minimum rate of interest at the beginning of the half-year was 6 per cent., which was reduced on July 5 to 5 per cent. During the months of August and September the rate was gradually raised until it reached 10 per cent., at which it stood from September 27 until October 25. After the latter date money was in less demand, and as large remittances of silver were imported from England, the bank's reserve gradually increased, and before the close of the year the minimum rate was reduced by successive steps to 5 per cent., at which it still remains. The net profits at head office and branches, including 1,23,763rs 15a 4p brought from the previous half-year, amount to 10,07,739rs 1a 7p, which the directors have appropriated as follows: 1, in payment of a dividend at the rate of 8 per cent. per annum, 8,00,000rs; 2, transfer to credit of Government securities on account of depreciation in investments, 83,377rs; 3, transfer to reserve fund, 1,00,990rs; 4, carried forward to profit and loss account of next half-year, 23,372rs 1a 7p-together, 10,07,739rs 1a 7p. It will be observed that the reserve fund now stands at 20,00,000rs. The directors have pleasure in stating that on a careful scrutiny of all outstandings, the provision previously made is considered adequate for all bad and doubtful debts. The results of the operations of the branches continue to be satisfactory. The usual half-yearly statements of accounts and the auditors' report are annexed.

#### BANK OF EGYPT.

The following report was presented at the twenty-second annual general meeting of shareholders, held February 8:-

The directors of the Bank of Egypt submit to the shareholders at this, their twenty-second annual general meeting, the annexed balance sheet and profit and loss statement for the halfyear which ended on December 31, 1877. The net profits for the last six months, after providing for bad and doubtful debts, rebate of interest, current expenses in London and Egypt, income tax, &c., amount to 6,673l 9s 11d. This, added to 1,882l 15s 10d, the balance of undivided profits brought forward from the previous half-year, makes a total of 8,556l 5s 9d available for appropriation. The directors recommend that a dividend be declared at the rate of 6 per cent. per annum for the half-year (7,500l), free of income tax, leaving a balance of 1,056l 5s 9d to be carried forward to the next account. The dividend will be payable on Saturday, February 9. The Treasury bonds referred to in the last annual report have been converted into Unified bonds, and the Daira acceptances into Daira Sanieh bonds. The depreciation in these securities, after setting off the profit on other investments of the bank, has been debited to the reserve fund, which now stands at 50,000l.

BANK OF SOUTH AUSTRALIA. The following report was presented to the shareholders at the half-yearly general meeting, held May 2 :-

The accounts to December 31 last, duly audited, are submitted as early as possible after a careful examination of the bank's affairs. From the increased amount to the credit of profit and loss account, the court of directors recommend a dividend at the rate of 12 per cent. per annum, being 1/ 10s per share on the shares fully paid up, and a proportionate amount on the new shares, payable by instalments. The undivided profits being 44,232*l* 2s 7d, the dividend and interest for the half-year amounting to 36,981*l* 15s, there' remains a balance of 7,250*l* 7a 7d. 7,2501 7s 7d. From this amount the court of directors propose a vote of 5,000l (five thousand pounds) as the foundation of a provident fund for the officers of the bank, which is to be hereafter placed on a self-supporting principle, and made available for old age, sickness, and other contingencies to which a large establishment of this character is naturally subject. The court of directors are convinced that the condition of the bank is more than ever equal to the increasing claims on its resources arising out of the progress of South Australia.

### CHARTERED BANK OF INDIA, AUSTRALIA, AND CHINA.

At the twenty-fourth ordinary general meeting, held April 17, the following report of the directors was adopted :---

The directors submit to the shareholders the general balance sheet and profit and loss account for the year ended December 31, 1877, showing that the net profits, with the addition of 6,307l 0s 9d brought forward, amount to 99,310l 11s 4d. The interim dividend declared in October last, absorbed 24,000l of that sum, and after appropriating 5,000l to reduction of premises account, there now remains an available balance of 70,310l 11s 4d, out of which the directors propose that a dividend be declared for the past half-year at the rate of 6 per cent. per annum, free of income tax, and that 40,000l be added to reserve fund, raising it to 150,000l. The balance to be carried forward will then be 6,310l 11s 4d.

of the sugar market, referred to in their last report, has not been maintained. The market is at present seriously depressed, whilst the large importations, especially of beet root sugar from the continent, have led to a considerable increase in the stocks on hand. Although the profit for the half-year now under review is not so large as usual, it exceeds that of the two previous half-yearly periods. The position of the bank, however, is generally satisfactory, and the directors have pleasure in

recommending that, out of the profit shown above, amounting, after providing for bad and doubtful debts and for income tax, after providing for bad and doubtful debts and for income tax, to 45,637l 16s; an ordinary dividend of 6 per cent., and an extraordinary dividend of 1 per cent. on the paid-up capital, be made for the half-year ending June 30 last, which will require 42,000l, leaving 3,637l 16s; add balance from last half-year, 578l 17s 2d, makes 4,216l 13s 2d of which it is proposed to carry 2,000l to the reserve fund, increasing it to 88,000l, and the balance of 2,216l 13s 2d forward to next half-year.

### COLONIAL BANK OF NEW ZEALAND.

At the seventh half-yearly meeting, held at Dunedin, January

30, the following report and balance sheet was read:— The directors have pleasure in laying before the proprietors the accompanying statement of accounts for the half-year end-ing December 31, 1877. The net profit for the half-year, after deducting interest prid and accrued on fixed deposits, all salaries deducting interest prid and accrued on fixed deposits, all salaries and expenses of management, rent, and other charges, and amply providing for bad and doubtful debts, amounts to 13,930l 5s 2d; the balance of profit and loss carried over from June 30 last was 2,038l 17s 3d, thus making a total of 15,969l 2s 5d to be appropriated by the meeting. The directors recommend its distribution as follows:—4,000l to reserve fund (which will then amount to 13,000l); to pay a dividend of 6 per cent. per annum on the paid-up capital at December 31 last, 9,857l 8s, leaving a balance of 2,111l 14s 5d to be carried forward to next half-year. Should the proprietors confirm the foregoing recommendations, the dividend will be payable at head office on and after February 12, and at the branches upon receipt of the dividend warrants, which will be duly notified by advertisement. dividend warrants, which will be duly notified by advertisement. The figures in the accompanying balance sheet will show that the business at head office and branches continues to make satisfactory progress. The directors lost no time, after getting possession, in pushing on the alteration of the bank's new pre-mises; but they will not be able to transfer the staff and business to them at so early a date as was anticipated; they hope, however, to do so during the month of March. Richard Oliver, Esq., was elected to a seat on the board in the place of Mr John Reid, who retires.

#### DEUTSCHE BANK, BERLIN.

The following is an analysis of the directors' report, presented to the shareholders at the eighth ordinary general meeting, held in Berlin, April 12:--

The net profits for the year 1877, amounting to Reichsmarks.

3,539,033.54 represent 7.86 per cent. on the capital. Of this sum, 500,000.00 has been carried to special reserve funds, leaving

3,039,033.54 available for appropriation as follows :----

Reichsmarks.

78,903.35 to ordinary reserve.

215,815.07 to Directors and officers.

- 12,000.00 to superannuation fund.
- 2,700,000.00 to yearly dividend of 6 per cent. to shareholders. 32,315.12 carried forward to now account.

3,039,033.54

During the past year the general business of the bank has continued to increase, chiefly in Berlin, where the number of current accounts has risen from 1,384 to 1,538. The head office has successfully taken part in the bringing out of the German, Prussian, Saxon, Wurtemburg, Swedish, and Russian State Loans, Austrian Gold Rentes, Municipal Loans of the Cities of Berlin, Elberfeld, and Ostend, Obligations of the Right-Bank-Oder Railway, Obligations of the East-Prussian Southern Railway, and the Gold Obligations of the Austrian North-Western Railway. The working of the branches in Bremen, Hamburg, and London has been regular and satisfactory. The shares in the German Bank of London, Limited, held by the bank, have yielded a dividend of 5 per cent. The Government of Uruguay has continued to pay interest on the advances received from the Deutsch-Belgische La Plata Bank, thus improving the position of that institution, in which this bank is interested. Messrs Weisweiller and Goldschmidt, of Paris, repaid on the 31st December, 1877, a further francs 500,000, and from the date named the bank's interest in that firm has ceased. On 1st October, 1877, the bank took a share of florins 750,000 in the newly established business of Messrs Güterbock, Horwitz, and Co., Vienna. Out of the profits realised by these two firms the bank has participated to the extent of reichsmarks 63,040. The agreement with Messrs Knoblauch and Lichtenstein, New York, which expired in 1877, has been renewed until 15th October, 1882, and opportunity has been taken of the occasion to reduce the interest held by the bank in this firm from currency dollars 500,000 to gold dollars 400,000. In consequence of the failure of various petroleum export houses, and of the firm of Poppenhusen, in New York, the otherwise remunerative operations in that city resulted in a loss of reichsmarks 165,000, which amount has been written off. The managers of the "Wech-stelstube," an Exchange Office attached, under separate management, to the Hamburg Branch, having, in contravention of the rules, and without the knowledge of the directors, embarked in speculative Stock Exchange transactions, have

been dismissed, the office closed, and the consequent heavy loss, amounting to reichsmarks 478,133.34, passed to the debt of profit and loss account, less profits, with reichsmarks 432,433.09. As a provision for differences which may perhaps arise in the liquidation of two old accounts in New York and St Petersburg, the sum of reichsmarks 170,000 has been placed to the credit of guarantee account. The former special reserve funds, having been diminished by unforeseen claims and losses sustained on current accounts in Berlin, a new special reserve has been formed, amounting to reichsmarks 500,000. The directors recommend the declaration of a yearly dividend of 6 per cent., which, on 75,000 shares representing at reichsmarks 600 each, a paid-up capital of reichsmarks 45,000,000, will absorb reichsmarks 2,700,000, the surplus profits of reichsmarks 78,903.35 being added to the ordinary reserve, which will then stand at reichsmarks 1,025,197.45 (£51,260); whilst the special reserves amount to reichsmarks 3,832,232.00 (£191,611) — total, reichsmarks 4,857,429.45 (£242,871). The total amount turned over in 1877 is reichsmarks 7,325,231,849, as compared with reichsmarks 7,134,497,078 in the preceding year.

### ENGLISH, SCOTTISH, AND AUSTRALIAN CHARTERED BANK.

At the forty-ninth ordinary meeting, held February 5, the following report was read :--

The directors have to submit to the proprietors the annexed half-yearly summary of the accounts of the bank, which exhibits a satisfactory increase in its operations, as will be seen on comparing it with the statement presented in July last. The profit and loss account, after writing off bad and doubtful debts, and including the sum of 3,2591 9s 9d brought forward from last halfyear, shows an available balance of 34,400l 12s 7d, which the directors propose to appropriate as follows, viz. :- To the pay-ment of a dividend at the rate of 8 per cent. per annum, free of income tax, on 600,000l, the paid-up capital of the bank, 24,000l; to the reduction of bank premises and furniture accounts, 1,000l; to the reserved fund, raising it to 76,000/, 6,000/; and to carry forward the balance of 3,400/ 12s 7d. The directors, having in view the continuous extension of their business, by reason of the increased trade and population of the Australian colonies, have decided to recommend to the proprietors an increase of the capital of the bank to the extent of 120,000l, by the issue of 6,000 new shares of 20l each, at a premium of 4l per share, to be offered pro ratâ to the shareholders whose names shall appear on the register on the January 28, 1878.

### GERMAN BANK OF LONDON, LIMITED.

At the seventh ordinary general meeting, held at the offices of the bank, Bartholomew lane, February 28, 1878, the following report was presented to the shareholders :-

The directors beg to submit to the shareholders the general balance sheet of the bank, and the profit and loss account to December 31, 1877. The gross profits of the bank for the year 1877, including the balance of 2,766l 138 6d carried to profit and loss account at the close of the preceding year, and after making provision for bad and doubtful debts, amount to 49,339l 3s 10d, from which have been deducted rebate of interest and all charges, leaving an amount of 36,696l 14s 10d as profit available for appropriation to the reserve fund and for division. After making provision for an appropriation of 1 per cent. upon the paid-up capital according to the articles of association, amounting to 6,000*l*, to be carried to the credit of reserve fund, there remains the sum of 30,696*l* 14s 13d for distribution, and the directors now recommend that a dividend of 10s per share, free of income tax, equal to 5 per cent. per annum, amounting to 30,000/, be declared and paid, leaving a balance of 696/ 14s 10d, which it is recommended to carry to profit and loss new account. No change has been made in the valuation of certain securities held by the bank, and alluded to in the two last reports to the shareholders. On the whole, their position is improved, but their liquidation to advantage has not been practicable during the pass year. The paid-up capital of the bank stands at 600,000l, in 60,000 shares of 10l each. The reserve fund now amounts to 49 0001

CORPORATION. Annexed is the twenty-fifth report of the court of directors to the ordinary yearly general meeting of shareholders, held at Hongkong, February 14 :-

The directors have now to submit to you ageneral statement of the affairs of the bank, and balance sheet for the half-year ending December 31 last. The net profits for that period, including \$14,027.45 brought forward from last account, after paying all charges, 'deducting interest paid and due, making provision for all bad and doubtful debts, and for difference in exchange between the rate at which the dividend is declared and the current rate of the day, amount to \$553,086.44, of which, after taking out rebate on bills not yet due, and remuneration to directors, there remains for appropriation \$539,012.50. From this sum the directors re-commend the payment of a dividend of 1l sterling per share, which will absorb \$177,777.78. The directors recommend placing \$350,000 to credit of reserve fund, which will then stand at \$1,000,000, and carrying forward the balance, \$11,234.72, to

credit of new profit and loss account. The directors congratulate the proprietors on the above favourable results, and have much satisfaction in pointing out the steady development of the bank's resources and the increase of its business, as is shown by com-paring the principal items of the balance sheet with the accounts published six months ago. A special agent of the bank has been appointed at Singapore. Mr A. McIver, having decided to remain absent from the colony until the end of the present year, the directors have invited Mr A. Lind to join the board in his stead. The directors have to regret the death of Mr Edward Mr H. L. Dalrymple has been appointed to the vacant Tobin. seat. These appointments require confirmation by the shareholders. Mr F. D. Sassoon has been appointed chairman for the year 1878, and Mr Wm. H. Forbes deputy-chairman. #### INTERNATIONAL BANK OF HAMBURG AND LONDON, LIMITED.

The following report of the directors was presented to the shareholders at the seventh ordinary general meeting, held February 25 :--

The directors submit to the shareholders the balance sheet and profit and loss account for the year ending December 31, 1877. The net profits, after making allowance for bad and doubtful debts, amount to 37,8781 2s 2d. The operations of the year have been somewhat affected by the low rate of interest that has existed so long, and the consequent difficulty of employ-ing balances remuneratively. The directors recommend the payment of a dividend at the rate of 5 per cent. per annum on the paid-up capital, which will absorb 29,250l, and after placing 5,000l to the reserve fund (which will thereby be increased to 55,000l) to carry forward the balance of 5,428l 19s 10d to profit and loss new account. These figures show a satisfactory increase in the business as compared with the previous year, con-sidering that the amount then distributed included the profits brought forward from 1875, pending the settlement of the affairs of the Deutsch Brasilianische Bank.

LONDON CHARTERED BANK OF AUSTRALIA. The following report of the directors will be presented at the

ordinary meeting on May 24 :-In conformity with the directions contained in the charter of incorporation and deed of settlement of the company, the directors now place before the proprietors their twenty-sixth annual report, accompanied by the accounts, duly audited, showing the position of the bank's affairs to December 31 last. The direc-tors are gratified to be able to report that during the past year the bank's business had been well maintained, ample employment having been found for all its available funds. In order to meet the considerable demands arising out of the extension of the bank's business, the directors, adopting the course recently taken by other Anglo-Australian banks, recommend that the capital of the corporation be increased to the extent of 200,000l by the creation of 10,000 new shares. A resolution to this effect will, therefore, be submitted for the approval of the shareholders. The new shares will, in pursuance of the terms of the deed of settlement, be offered in the first instance rateably to the proprietors on such terms as may be deemed by the directors to be for the interests of the bank, and the premium realised will be carried to the reserve fund. The latest letters received from Mr Brett, the bank's representative in the colonies, extend to March 20. Much anxiety had been occasioned by the con-tinuance of an unusually severe drought; it will, however, be satisfactory to the shareholders to learn that recent advices report copious rains throughout the colonies, and that all fears of further ill consequences of drought were then at an end. With extreme regret the board have to report the resignation of their esteemed colleagues, Mr R. H. Browne and Mr R. Blaney Wade, the former owing to failing health, and the latter from want of sufficient time at his disposal to devote to the business of the bank. To supply the place of Mr Browne the directors, in conformity with the terms of the deed of settle-ment, have elected Mr Thomas Dyer Edwardes, junior, a gentleman closely connected with the colonies; and to supply the place of Mr Wade, they have, under the same powers, elected Mr Henricus elected Mr Henriques, one of the auditors and deputychairman of the Colonial Bank, to seats on the direction, and the board cordially recommend them for re-election. The accounts for the past year are annexed to this report, from which it appears that after the usual deductions, including income tax, and also after making allowance for bad and doubtful debts, there remains to the credit of profit and loss the sum of 56,542 8s 1d, out of which the directors recommend—Firstly, that a dividend be declared for the half-year at the rate of 8 per cent. per annum, free of income tax, which will absorb 40,000l; secondly, that a bonus of 1 per cent., also free of income tax, be added to the above dividend, which will absorb 10,000l; leaving to be carried over to next account, 6,542l 8s ld. The following report was presented to the shareholders at the sixth ordinary general meeting, held February 14 :--The directors have the pleasure of submitting to the shareholders the balance sheet to December 31, 1877. The net |

profits of the past year, including the sum of 1,0901 7s 9d carried forward from the previous year, amount to 25,4571 7s 7d, of which 5,827l 10s were absorbed by the payment of the interim dividend of 3s 6d per share, leaving a balance of 19,629l 17a 7d to be dealt with. The directors recommend the payment of a dividend for the second half-year at the rate of 10 per cent. per annum, or 7s per share, free of income tax, making with the interim dividend 10s 6d per share, or 7<sup>1</sup>/<sub>2</sub> per cent. for the year. The final dividend will amount to 11,6551, and the directors further propose to place the sum of 6,000l to the reserve fund, increasing the same to 33,000l, and to carry forward to new account the remaining 1,974l 17s 7d.

### LONDON AND RIVER PLATE BANK, LIMITED.

At the fifteenth annual general meeting, held at the City Terminus Hotel, Cannon street, December 17, the following report was submitted :-

The directors have pleasure in presenting their fifteenth annual report of the affairs of the company. Last year it was found necessary to place a sum to a depreciation account from the reserve fund, and assurance was given that the amount so provided would be ample. It is satisfactory to state that these anticipations have been fulfilled, and, as will be seen by the balance sheet, the sum of 10,000l is now returned from the depreciation account to the reserve fund. It is also hoped that the final liquidation of this account will yield some further amount. Buenos Ayres-The state of affairs in that important market is more encouraging. Trade has increased in activity, and confidence is gradually gaining ground. Money is very abundant, and can only be employed at low rates. Rosario-This branch's operations are still of a very limited character, but the directors feel hopeful as to the future. Beyond a repeal of the provincial Government decree ordering the forced liqui-dation of the branch, no further satisfaction has been given. Montevideo-The improved condition of affairs mentioned in our last report has been maintained, as also peace and better security for life and property, under the existing administration of Governor Latorre; and a good season having stimulated all country enterprises, the board feels every confidence that this improvement will be still further developed. The directors are enabled, after making full provision for bad and doubtful debts, to recommend a dividend of 4 per cent. for the half-year ended September 30, 1877, being, with the interim dividend paid in June,  $6\frac{1}{3}$  per cent. for the year. This will leave a balance of 5,7971 6s 8d to be carried forward to the profit and loss account of the current year. The directors have great regret in announcing the death of Mr H. A. Wyatt Smith, who was for some time consulting director at Buenos Ayres, and on his return to England was elected to a seat at your board. To replace this gentleman and the late Mr H. V. East, whose death was announced at our last meeting, the directors have elected Mr Joaquin de Mancha, of Messrs Mancha and Co., and Mr James Anning, of Messrs Anning and Cobb, to seats at the board.

# LONDON AND SAN FRANCISCO BANK, LIMITED. The following report was presented to the ordinary general meeting of shareholders, held 5th March :--

The directors beg to submit to the shareholders the general balance sheet of this bank to the 31st December last, and the profit and loss account for the year 1877. The gross profits, after allowing for bad and doubtful debts, amount to 119,540/ 16s 5d, and including the balance brought forward from the previous year of 1,872l 18s 6d, to 121,413l 14s 11d, from which are deducted rebate of interest and all charges at the head office and the branch at San Francisco, leaving an amount of 72,312/6s 4d as the ascertained net profit for the year 1877. From this amount there has been paid the sum of 15,400l, by which pay-ment (with the 12,100l previously paid) the bonus to the founders has been extinguished, in conformity with the resolutions of the estraordinary general meetings of shareholders, held on 6th and 27th March of last year, and the sum of 6,000l has been carried to the reserve fund (making that fund 96,000l), leaving an available balance of 50,912l 6s 4d. A dividend on account of 8s per share, amounting to 24,000l was paid in September last, and it is now recommended to pay a further dividend of 8s per share, amounting to 24,000l, making the dividend for the year 1877, 16s per share, or 8 per cent. on the paid up capital of the bank, free of income tax, and it is further recommended to carry the balance of 2,912l 6s 4d to profit and loss new account. The capital of the bank amounts to 600,000l, in 60,000 shares of 10l each, fully paid. The reserve fund now stands at 96,000l.

### NATIONAL BANK OF AUSTRALASIA.

The annexed thirty-eighth report of the directors is dated Melbourne, October 18

The balance sheet of the bank on September 30 last, and the usual statements showing the result of the half-year's operations, are now submitted to the shareholders. The net profits, after deducting expenses of management, and providing for the other items enumerated in the profit and loss account, amount to 59,4471 7s 5d. Recoveries were made in connection with old dependencies amounting to 2,9351 0s 7d; balance from previous half-year, 8,8531 6s 7d; together, 71,2351 14s 7d; deduct bonus to officers, 5,0001; note tax in Victoria, 1,40219s 3d; leaving for distribution, 64,83315s 4d. The directors recommend that this sum should be appropriated as follows, viz .:- Dividend to shareholders at rate of 121 per cent. per annum on the paid-up capital of 750,000*l*, 46,875*l*; to bank premises account, 10,000*l*; balance carried forward. 7,958*l* 58 4d. In accordance with the recommendation of the shareholders present at the last annual meeting, and themselves fully agreeing that the services of the staff called for some such special recognition, the directors have lately distributed a bonus of 5,000l among the officers of the bank, as shown above. The board, after due consideration, have arrived at the conclusion that the time is near at hand when it will be expedient to issue the remaining 12,500 shares of the bank's capital, and the terms and conditions on which such issue is to be made will be notified to the shareholders by circular at an early date. During the half-year a branch has been opened at Kerang, in this colony.

### ORIENTAL BANK CORPORATION.

The following is the twenty-seventh annual report of the directors to the proprietors :-

The directors beg to submit to their co-proprietors the general statement of the corporation's affairs and balance sheet for the year 1877, which has been duly audited. The accounts sho v, as the result of the year's business, a profit of 155,758l 12s 1d ncluding 8,3291 9s 9d brought forward from the last account). after defraying all current expenses. It is, however, with much regret that the directors announce that they have felt compelled to recognise and take into account losses at various branches to a most unusual extent. These losses have mainly arisen under circumstances of exceptional character, and active and practical measures have been taken to prevent the recurrence of similar misfortunes. To provide for the deficiency, the directors have, after much consideration, decided to withdraw the sum of 175,000l from the reserve fund, which will then stand at 325,000l. They consider that one main object of a reserve fund is to meet such exceptional losses, and they have adopted this course in

preference to interfering with the current dividend, having every reason to hope that a few years of ordinary prosperity will erable them, while maintaining the present dividend, to restore the fund to its former amount. An interim dividend of 75,000/ having been paid in November last, it is, therefore, now proposed to pay a like amount of 75,000l (making a dividend of 10 per cent. for the year); and after thus providing for the pre-sent payment of 1l 5s per share, there will remain a balance of 5,758/ 12s 1d to be carried to the credit of next account. The directors have to report that Mr J. S. Collmann retired from the board at the end of the year, in consequence of increasing calls upon his time in connection with his own business, and that they have filled up his place by appointing, as a director, Mr Henry John Jourdain, of the firm of Messrs Blyth, Green, Jourdain, and Co.

#### QUEENSLAND NATIONAL BANK, LIMITED.

At the eleventh half-yearly meeting of the shareholders, held at Brisbane, on January 14, the following report and balance sheet was presented :-

The directors now beg to lay before you their eleventh halfearly report, with the balance sheet certified by the auditors. The net profits for the six months ended on December 31 last, after making provision for rebate on bills current, interest accrued on deposits, and bad debts, amount to 18,4412 19s 10d; balance from previous half-year, 3,1271 4s 7d-21,5691 4s 5d; less amount of tax on note circulation, 1,683/ 17s 11d-19,8851 6s 6d, which the directors propose to appropriate as follows: to dividend, at the rate of 8 per cent. per annum, 10,0001; bonus of 1s per share, equivalent to 2 per cent. per annum, 2,500l; reserve fund (making 32,000l), 4,000l; balance to next half-year, 3,385l 6s 6d. Mr S. Hodgson having resigned his appointment as auditor, the directors convened an extraordinary general meeting of shareholders, in conformity with clause 136 of the articles of association. Mr A. B. Webster was duly elected to fill the vacancy. At the same meeting, held on December 24, special resolutions were passed, altering clauses 81, 104, 135, and 141 of the company's articles of association. The directors are gratified at being enabled by the con-tinued improvement in the bank's business, to recommend a bonus in addition to the usual dividend. ### STANDARD BANK OF BRITISH SOUTH AFRICA, LIMITED.

company for the half-year ending December 31, 1877, showing a profit-after payment of charges, appropriation to bank premises and furniture accounts in South Africa, making full provision for all bad and doubtful debts, and inclusive of the balance of 4,236l 13s 11d brought from the previous account of 91,947/ 17s 11d, which they recommend should be disposed of as follows, viz. :--Rebate on bills discounted, 33,497/15s; dividend of 25s and bonus of 5s per share on 24,000 old shares (being at the rate of 12 per cent. per annum), 36,000l; dividend of 8s 4d and bonus of 1s 8d per share on 10,000 new shares (being at the rate of 4 per cent. per annum), 5,0001; reserve fund (making it 180,000l), 10,000l; officers pension fund, 2,500l; balance carried forward to profit and loss new account, 4,950l 2s 11d. The directors have to announce, with much regret, the death, since the last ordinary meeting, of two of their colleagues, Messrs John Thomson Rennie and Samuel Hyde. It has been decided, for the present, to fill up only one of the vacancies at the board thus created, and the directors have now to report that to carry this into effect, they have appointed Sir Henry Barkly, K.C.B., G.C.M.G., recently governor of the Cape of Good Hope, to the vacant seat, which appointment the shareholders are asked to confirm. As the articles of association, hitherto in use, contain many clauses which, although applicable at the time of the company's incorporation, have become obsolete, while various alterations and additions have been made, the board have considered a revision of the whole desirable, so as to meet the present circumstances of the company, and they have caused to be sent to each shareholder a print of such revised articles, which will be recommended for adoption at a special general meeting, convened to be held immediately after the ordinary meeting on the 26th inst., so that if approved they may become the regulations of the company.

# UNION BANK OF AUSTRALIA.

The following supplementary report of the directors was presented to the proprietors at the special general meeting, held January 14:-

The directors have much pleasure in reporting that the accounts of the bank now presented have admitted, after ample provision for every bad and doubtful debt, of the declaration of a dividend of 7 per cent. for the half-year, and of a bonus of 5s per share, being together at the rate of 16 per cent. per annum ; and further, of the transfer of the sum of 25,000l to the reserve funds, in pursuance of the policy adopted at the annual general meeting in July last. This gratifying result of the half-year's operations will sufficiently assure the proprietors of the highly prosperous position of the bank's affairs. Notwithstanding serious drawbacks, arising from severe and protracted droughts, from a diminished gold yield, and a dull state of trade generally, the various industries and enterprises of the colonies continue to be steadily developed, and to afford an excellent field for the employment of bank capital. The valued exertions in the bank's interest of the general manager, of the other principal officers, and of the staff generally, at home and abroad, entitle them to the best thanks of the directors and proprietors. The annexed balance sheet presents a net amount of profit of 131,800/ Os 1d, out of which the sum of 25,000l has been transferred to the reserve funds, and the balance, viz., 106,800l 0s 1d, is available for division. Of this the dividend and bonus will absorb 100,000*l*, leaving 6,800*l* 0s 1d to be carried forward. The dividend warrants will be transmitted by post on 21st inst., and the dividend and bonus will be payable in the colonies, at such time as the general manager shall fix after receipt of telegram. The directors have now to refer to the important measure which, after much consideration, they have resolved upon and communicated by circular to the proprietors, viz., the issue of 10,000 new shares at a premium of 33l per share. By this mea-ure 250,000l will be added to capital, which will bring the total paid up to 1,500,000l, and the transfer of the premium to the reserve funds will increase those funds to 780,000l, thus permanently strengthening the position of the bank and the security of the proprietors. Since the capital was last added to, fourteen years ago, the deposits and circulation have risen from 2,946,000l to 6,721,000l, and the local bills and other advances from 4,067,000l to 7,708,000l. Having regard to these facts; to the continued growth of colonial industries, which are constantly extending into new localities; and to the wide area over which the bank's operations are spread, the directors consider that the additions to capital and reserves now proposed are necessary for the present and prospective business of the bank, and they therefore earnestly and confidently recommend the measure to the adoption of the proprietors.
