

NEEDLEWORK PARTY

MRS. W. E. EVANS ENTERTAINS IN HONOR OF MRS. ALBERT PEARCE AND MRS. LEWIS

Mrs. W. E. Evans of North Orange Street entertained Friday afternoon with a delightful needlework party at which Mrs. Albert Pearce was guest of honor. The hostess had beautifully decorated her home with spring flowers, pink and lavender predominating in her color scheme. She had prepared the work with which the ladies were to busy themselves, which was brought into the room in a doll's perambulator propelled by her daughter, Catherine Evans. A lavender tulle bow and pink accessories fitted the perambulator into the color scheme of the afternoon and the little maid efficiently distributed the work.

After the ladies had devoted an hour to stitching and conversation, Mrs. H. R. Boyer and Mrs. L. N. Hagood entertained with some snappy piano duets. Dainty refreshments were served at the close of the afternoon, the hostess being assisted by Mrs. Walter Stamps, Mrs. H. P. Goodwin presiding over the coffee urn. The ladies entertained were: Mrs. Albert Pearce, her mother, Mrs. Charles Lewis; Mesdames Walter Stamps, H. P. Goodwin, A. W. Tower, Lucius Phillips, Warren Roberts, Charles H. Temple, Harry Lockwood, H. R. Boyer, Douglas Newell, Walker Moren, W. W. McElroy, M. Ewell Smith, Merrill Russell, Alfred Priest, H. H. Martin, A. M. Hunt, Lou Sherman, J. G. Huntley, L. N. Hagood and Misses Lucile Tholen and Bertha Peterson.

DEATH OF MISS COTTON

The sympathy of the community goes out to Mr. and Mrs. John W. Cotton of 1137 San Rafael Avenue who today are mourning the death of Mr. Cotton's sister, Emma Jane Cotton who, with her sister, Mrs. Minnie E. Buntain, came from Toronto, Canada, about two months ago to spend the winter in the Cotton home. About a week ago she was attacked by influenza and from the first was seriously ill. A weak heart prevented resistance to the disease and she passed away Thursday evening at the age of fifty-eight years. The attachment between Miss Cotton and her widowed sister, Mrs. Buntain, was particularly close, as they have been together from the babyhood of the younger sister. To her death this sister is an almost insupportable blow. Other brothers are W. H. Cotton of Chicago, H. A. and R. M. Cotton of Toronto.

Funeral services, which were private, were held this morning at 11 o'clock at the parlors of the Jewel City Undertaking Company, and the body of Miss Cotton will be shipped to Toronto for interment.

DOINGS AT ASTRA STUDIO

The usual routine of production work is going forward at the Astra Studio on Verdugo Road. The third and fourth episodes in the new serial, "Broadway Bab," in which Ruth Roland is featured, are being made. An airplane has figured considerably in these episodes. The studio is still making a few comedies and the past week has been using four lions obtained from the Universal Company. They are used without anxiety, as two trainers accompany and handle them. Mae Marsh, who is an Astra star, is at present working at the Brunton Studio. The next Lou Cody picture will be started in about two weeks.

NEW RESIDENTS

MR. AND MRS. J. LANDERS STEPHENS LOCATE IN GLENDALE

Mr. and Mrs. J. Landers Stevens and family have taken up their residence at 604 North Louise Street, Glendale. Mr. Stevens, who is a well known leading man of the theatrical stage, recently came to the Southland from San Francisco. He has accepted a position with a motion picture company and in the future will be seen only on the screen. Mrs. Stevens who, as a child, was one of the first interpreters of the role of Little Lord Fauntleroy, and afterward gained prominence in light opera and the drama, also is about to go before the camera. Mrs. Stevens, whose maiden name was Georgie Cooper, is the eldest daughter of Fred Cooper for whom the Burbank Theatre was built. He named that theatre and was its first manager, being in charge of it for seven years.

DRANSFIELD FAMILY

FORMER GROCER MOVING TO BURBANK AND RETIRING FROM ACTIVE BUSINESS

Mr. and Mrs. William Dransfield have leased their house at 1303 S. Glendale Avenue to Mr. Gordon, the new proprietor of The Smart Shop on North Brand Boulevard. The Dransfields and their daughter, Miss Metta Dransfield, who came home to assist them, are very busy this week packing their belongings to be moved to Burbank, where they own property and where they will make their headquarters for the summer. They are planning to retire from business for a while and to enjoy themselves after the weather gets warm touring the country with an automobile.

Mrs. Dransfield has had a recent letter from one of her married daughters, Mrs. R. E. Hay, who with her husband is engaged as a missionary in the southern part of Luzon, Philippine Islands, conveying the news that a little daughter has been born into their home who has been named Mary Eleanor. As they have three boys, the little sister is very welcome.

Another married daughter, Mrs. Mildred Pearson and her husband, are conducting a hospital at Universal City.

INTER-CHURCH WORLD MOVEMENT

All of Glendale's ministers were in Los Angeles Friday attending the second and final day's session of the Inter-Church World Movement. There were 542 preachers present, representing the 24 denominations and communions taking part in it. The five-year program outlined by the national executive committee, of which Robert Lansing, ex-Secretary of State, is the head. This provides for the raising of \$1,300,000,000 in cash and pledges all due by the end of the five-year period. The work, as outlined after an exhaustive survey of the entire world, in which the needs of every nation were ascertained, contemplates a program of comprehensive nature under four departments—Stewardship, Spiritual Resource, Financial and Life Work Recruit. The drive to raise the billion dollars and more for carrying on the work is to be put on in all the communions April 25 to May 2.

BIRTHDAY DINNER

Mrs. A. T. Dobson and Mrs. Wm. T. Wallace gave a birthday dinner and party in honor of their brother, Harry Woodthorpe, at the Dobson residence, 311 Vine Street, last Thursday evening. Among those present were Mr. and Mrs. Sydney Payne, Mr. and Mrs. James W. Horne, Mr. and Mrs. Chas. Ruddell, Miss Etta Condon, Mrs. Chas. F. Carrere, Mrs. Elizabeth Plummer, Mr. Harry Cooper.

FOR WELFARE COUNCIL

CONGREGATIONAL LADIES MEET AT HOME OF MRS. PHILLIPS TO SEW FOR LOCAL WORK

A group of Congregational ladies under the supervision of Mrs. Harry Spalding, who is greatly interested in the work of the Glendale Welfare Council and has given much time to it, met Friday at the home of Mrs. R. A. J. Phillips, 363 W. Ivy Street, to prepare rags for rugs, the proceeds from the sale of the rugs to be donated to the Welfare Council.

Mrs. Phillips proved a delightful hostess and served her guests with a bountiful mid-day luncheon. Mrs. Greer, house guest of Mrs. Spalding, was one of the interested workers, as well as the guest of honor. The full guest list included Mrs. E. D. Yard, Mrs. George Adams, Mrs. Minnie Patterson, Mrs. Pierre V. Potter, Mrs. Eliza Goldthwaite, Mrs. E. H. Willisford. California poppies were used by the hostess in the decoration of her home for this pleasant philanthropic function.

MACHINE DAMAGED IN COLLISION

D. L. Hanson of 106 East Chestnut reported to the police Friday that he was driving west on Broadway when C. A. Adair of 323 1/2 Sunset Boulevard, Los Angeles, who was in front of him, turned in on Howard so suddenly that he, Hanson, could not stop in time, so his car ran into Adair's, with the result that Hanson's car had the right front fender damaged, several spokes in the right front wheel were broken and the steering apparatus damaged.

HITCHCOCK-BORAH ALLIANCE CHARGED

SENATOR KELLOGG SAYS HITCHCOCK IS OUT TO DEFEAT TREATY WITH REPUBLICAN VOTES IF HE CAN

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 28.—Senator Kellogg of Minnesota today charged that Senator Hitchcock, democratic leader, has formed an alliance with Senator Borah, leader of the republican "bitter enders" to defeat the peace treaty. In a speech to the Senate Kellogg said that Hitchcock is trying to kill the treaty with the aid of republican votes if he can, and democratic votes if he cannot get republican ones. After charging that Hitchcock had allied himself with Borah, Kellogg said:

"I congratulate both senators on their alliance. I do not wish them success but I hope they get out of it all the pleasure they can."

RECOGNITION OF SOVIET RUSSIA

FAVORABLE ACTION BY ALLIES IN TEN DAYS PREDICTED BY SENATE LEADERS

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 28.—Recognition of Soviet Russia by the United States in the near future, was predicted today by Senate leaders. Senator Hitchcock, of Nebraska, administration spokesman, declared that resumption of relations with Russia "is very near." Senator Borah of Idaho, republican, predicted the recognition of Russia by the allies within ten days and action by the United States soon afterwards. All sides declared the situation is being rapidly brought to a climax by the "feelers" which the soviet government is now throwing out.

AUGUSTUS MORRILL KILLED BY BANDITS

FORMER U. S. CONSUL MURDERED FEB. 26 NEAR COLIMA, MEXICO, LEAVING AGED WIFE

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 28.—Augustus Morrill, an American citizen and formerly U. S. Consul at Manzanillo, was killed by Mexican bandits February 26 near Colima, State of Colima, the State department was advised today.

The State Department has instructed the United States Ambassador at Mexico City to call for the arrest and punishment of the murderers and the consul at Manzanillo has been directed to make similar representations to the local authorities.

Children of Morrill are living at San Francisco, Oakland and San Rafael, California. His widow, who is eighty years old, lives at Colima.

Morrill was appointed Vice Consul at Manzanillo February 26, 1869, and was made consul there on August 5, 1872.

The State Department was also advised that Barry Hogarty, an American citizen who was recently kidnaped by Mexican bandits, returned to his home February 24, and that he arrived there safe and well.

FEDERAL STATUTE TO BE ENFORCED

SO DECLARES INTERNAL REVENUE COMMISSIONER IN DISCUSSING NEW JERSEY LEGISLATION

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 28.—"Persons found guilty of the manufacture or sale of three and one-half per cent beer are guilty of violating the federal statutes and will be proceeded against to the limit of the law," Internal Revenue Commissioner Roper warned today.

Roper's statement was in answer to inquiries as to what would be his course if the New Jersey legislature passed a measure permitting the manufacture of 3 1/2 per cent beer.

EXCITEMENT IN BISBEE CASES

CHARGES OF PERJURY AND PRO-GERMANISM INCREASE TENSION AT TOMBSTONE

(Special Service to Glendale Evening News)

TOMBSTONE, Ariz., Feb. 28.—Threats of a surprise for alleged "German sympathizers who seem so anxious to do their bit for the Fatherland," was the answer today of J. A. Burgess, chief counsel for the defense, to the charge of perjury brought against Defense Attorney Bruce Stevenson by William Beaton. Burgess issued a statement declaring:

"They have started something this time that we are going to finish and finish in a manner that will be satisfactory to every American in Cochise County."

The charge was made that the prosecution was trying to get pro-Germans on the jury. Exception to the defense's claim that the prosecution was responsible for the charge against Stevenson was taken by the county attorney's office which declared that it was William Beaton who swore to the complaint after his wife's veracity had been questioned. Wild excitement has been aroused by the turn the case has taken.

HIGH SCHOOL BONDS

PROPOSITION LOST BY LARGE MAJORITY, THERE BEING 1408 AGAINST

The results of Friday's election for High School bonds were as follows:

GLENDALE	
For	802
Against	1230
Majority against.....	428
EAGLE ROCK	
For	101
Against	125
Majority against.....	24
GLORIETTA	
For	5
Against	31
Majority against.....	26
LA CRESCENTA	
For	7
Against	22
Majority against.....	15
Total majority against.....	493

At the Glendale polling place 13 ballots had to be thrown out on account of being mutilated and three persons signed the voting register and then failed to cast their ballots.

The election was very quiet and orderly, though both sides were intensely in earnest and worked hard. Little if any ill feeling was engendered, however, each side realizing that the other was actuated by the best motives. The election board at the Glendale polling place consisted of J. E. Henderson, Mrs. J. H. Henry and Miss Cora Hickman.

There were 2323 votes cast that could be counted, of which 915 were for and 1408 against, giving a clear majority of 493 against. As a two-thirds majority was necessary to carry, the defeat was very decisive.

It was demonstrated very clearly yesterday that the present school law of governing the opening the polls at 8 a. m. and closing at 6 p. m. bars many people who are employed all day in Los Angeles and elsewhere from the opportunity of voting. The law should be amended to allow the polls to open at 6 a. m. and close at 7 p. m. Every citizen should be encouraged to use his right of franchise at all elections.

DEATH OF A. E. LANDMAN

The sympathy of the many friends of Mrs. A. E. Landman will go out to her in the death of her husband, who passed away at the La Vina Sanitarium in Pasadena Thursday, February 27, 1920, after several years of acute suffering. For five years he and Mrs. Landman resided at 460 Myrtle Avenue and made many friends here. Mr. Landman was very well known in automobile circles, as for a number of years he was sales manager for the Don Lee Agency. Funeral services will be held Monday afternoon at the Little Church of the Flowers in Forest Lawn Memorial Park at 2 p. m. Mrs. Landman is now at the home of her old neighbor, Mrs. Reed Heustis, at 378 Myrtle Avenue.

LOYAL WOMEN HOLD MONTHLY MEETING

Members of the Loyal Women's Bible Class of the Central Christian Church were entertained at the home of Rev. and Mrs. C. A. Cole, 132 South Kenwood, Friday afternoon.

At the conclusion of the usual business session the program committee, Mrs. Peters, Mrs. Jodon and Mrs. Crawford, took charge. The ladies enjoyed particularly the reading of their class paper, "The Loyal Spiel," edited by Mrs. Learned. They were then favored with a piano solo by Miss Fern Peters, a reading by Miss Garnet Peters and a violin solo by Miss Beatrice Bolen, accompanied by Miss Fern Peters.

Light refreshments were served and a social hour enjoyed. The decorations were of National colors in honor of George Washington's birthday, and were artistically arranged giving a beautiful effect.

Those present were: Mesdames Crawford, Weisling, Learned, Duffer, Best, Archer, Wasson, Elliott, Peters, Daugherty, Shropshire, Jodon, Cole, Stem, Scott, Bolen, Huton, Bennet and Misses Chester, Forrest, Garnet and Fern Peters and Beatrice Bolen.

Henry Pahland, who robbed a Japanese at 516 Riverdale Drive last Saturday night, was given his preliminary examination before Judge Lowe Friday, Deputy Glover of the District Attorney's office coming out to represent the state. Pahland was bound over to the Superior Court.

WEATHER FORECAST: Unsettled tonight and Sunday.

MUSIC SECTION

ORATORIOS, THE SUBJECT OF THE DAY, ANALYZED AND INTERPRETED

Twenty-five or thirty members of the Music Section of the Tuesday Afternoon Club met at the home of the curator, Mrs. Charles Parker, at 212 North Orange Street, where a delightful program was enjoyed Friday afternoon, followed by delicious refreshments of cake and tea.

"The Oratorio" was the subject of the day, a fine paper on the theme being read by Mrs. Le Roy Bosserman.

The musical portion of the program for the most part was illustrative of the theme and from the more celebrated oratorios. It included:

Piano duet by Mrs. Bosserman and Mrs. L. N. Hagood—selection from "Athalia," by Mendelssohn. Vocal solo, "O, Rest in the Lord," from "Elijah," by Mrs. Charles Parker, with piano accompaniment by Miss Gertrude Champlain.

Cello solo played by Miss Peggie Scott, who was the house guest for the day of the hostess, her selection being "Perceuse," by Joslyn, her mother, Mrs. Scott, furnishing piano accompaniment.

Piano solo, "Hallelujah Chorus," from "The Messiah," played by Miss Champlain.

Vocal Trio, "Lift Up Thine Eyes," Mrs. G. D. Roach, Miss Champlain and Mrs. Parker.

Piano solo, First Polonaise by Chopin, Mrs. Wright.

LIFE ENLISTMENT CONFERENCE

Presbyterian Churches of the District are uniting in a service to be held at the First Presbyterian Church of Covina Sunday afternoon, February 29, for the purpose of enlisting as many young people as possible in some form of life service for the Kingdom. The program will open at 2:45 p. m. with devotional exercises conducted by Rev. S. F. Shiffler of Covina followed by addresses—"The World's Needs," by Rev. Herbert E. Hays of Hollywood; "The Church Program," by Rev. M. P. McClure of Hollywood; "Impelling Motives," by Don Donnan, Frank Nelson and Rev. W. E. Edmonds of Glendale.

NEW RESIDENTS FROM OHIO

Property owned by Mr. and Mrs. A. Casano at 309 East Elk Street, having an eighty-foot frontage, has just been bought by Mrs. Margaret Tennant, a new comer from Ohio. The purchase was made through Mr. Bourne of the Glendale Realty Company who resides on the property adjoining. Mrs. Tennant, who has brought from her Ohio home her old gardener, has taken possession and is now occupying it with her son and daughter. She plans to remodel the house along Colonial lines and to have the alterations effected before her husband arrives from Ohio. Mr. and Mrs. Casano are moving to their ranch at Artesia.

DEATH OF BABY DAUGHTER

Mr. and Mrs. Will E. Wilbur of 128 North Everett Street are mourning the loss of their little two-year-old daughter, Emily Ethel Wilbur, who died after a brief illness. Funeral services are being held this afternoon at the parlors of the Jewel City Undertaking Company at 2:30 o'clock with interment at Forest Lawn Memorial Park.

COME FROM ALHAMBRA

MR. AND MRS. BAER BUY BARTOW PROPERTY ON WEST LEXINGTON FOR HOME

The property of Charles W. Bartow at 352 West Lexington Drive has been sold to Mr. and Mrs. Baer of Alhambra. Mr. Baer, who is connected with the Citizens Trust and Savings Bank of Los Angeles, is an enthusiastic gardener and expects to do great things with his grounds. He is delighted with the friable quality of the soil, rejoicing in the fact that it will no longer be necessary to use a pick in his gardening operations. To the members of the Glendale Realty Company, who effected the sale, he made great predictions of the things he expects to accomplish in the beautifying of his purchase.

Mr. Bartow, who is the head of the transit department of the Citizens National Bank of Los Angeles, has no idea of leaving Glendale and will buy another home here. Mr. and Mrs. Baer will take possession of their purchase next week.

HIGH EXCHANGE NETS U. S. BIG P. O. PROFITS

BY RALPH F. COUCH
(United Press Staff Correspondent)
WASHINGTON, Feb. 27.—An over-charge of approximately 30 per cent now is being levied against persons who buy U. S. Postal money orders to send money to England, France and Italy.

The over-charge will amount to approximately \$5,000,000 for the present fiscal year, it was indicated today by Postoffice Department records. This is borne directly by persons who use the Postoffice Department to transmit cash abroad.

Since 1912 the Postoffice Department has averaged a profit of approximately \$1,000,000 on its foreign postal money transactions, reports show, all of it having come directly from the pockets of purchasers of money orders, many of them persons of small means. Business men use express concerns, banks and other private concerns for transmitting money.

The Postoffice Department now makes a profit approximately of \$1.75 on each person who sends the equivalent of one British pound sterling to England. For a one-pound check the department charges \$1.57 on each person who sends the pound now actually is worth only about \$3.30 according to prices paid in the New York financial markets. The actual price in New York varies from day to day. Recently the prices have ranged from \$3.19, the lowest record in history, to \$3.50.

The present rate of 4.87 charged by the Postoffice Department was fixed in 1880. No change has been made in it since, although the British pound has been worth less than that since soon after August, 1914, when England entered the war.

The postoffice rates for money orders to France and Italy also are proportionately far above the actual market value of the franc and lira.

Postmaster General Burleson has made no attempt to open negotiations to alter the rate on England, so far as can be learned. The rate is fixed by a treaty, called a postal convention, entered into between the British and United States postal departments. Under U. S. law, the postmaster-general may propose to open negotiations to change the rate at any time on his own responsibility.

There is every reason why England, France and Italy should wish to alter the rate, officials said here today, although it no doubt would be a blow to British pride to take such formal notice of the depreciation of the value of the pound sterling. All

three countries stand to lose millions in issuing postal orders to their citizens to send to America. The British postoffice, however, makes up the loss by charging a large fee for issuing the check.

Express companies now are taking most of the business from the postoffice departments of all four countries. American express companies have been selling checks for a pound sterling for about \$3.50. They make no charge whatever for the service of writing the check. The United States Postoffice, however, makes a charge of five cents for this service in addition to the profit it makes as a result of its high exchange rate.

To the American resident who wishes to pay an obligation of two pounds in London, the situation works like this: He goes to the nearest postoffice and buys a check for two British pounds which he may mail to England. It is payable at any English postoffice for two pounds. At the U. S. Postoffice, however, the American purchaser pays in \$9.74 to cover the order plus 10 cents for the check. At the express company, he may get the check for nothing and need pay only \$7 to cover it.

The U. S. Postoffice Department takes the \$9.84 and need spend only about \$6.60 for the two pounds sterling which it must place at the disposal of the British postoffice which pays the check. The profit to the postoffice, therefore, amounts to \$3.24 for this transaction alone. Approximately 1,000,000 persons sent postoffice orders to France, England and Italy last year.

TIME SAVERS—WANT FILLERS

Have you ever used the classified columns of the Glendale Evening News? If you haven't you can employ them profitably. If you have you know that there are many more demands that classified advertising can meet.

A classified advertisement is small, but it is a great time-saver and powerful want-filler. The world is moving so rapidly these days that the average person can not take the time to go about hunting a house, a used automobile, second-hand furniture, chickens, etc. They insert an advertisement in the classified columns of the daily paper, if they don't already find there what they are looking for.

Do you want to buy or sell real estate; rent a house or a room; find a boarder; buy or sell a used automobile; sell a superfluous piece of furniture that is stored or in your way; would a used article fill the bill just as well when the price of the new is prohibitive; do you want a position or are you looking for help; have you lost something you value; do you want chickens or want to sell them; do you want to loan money or borrow it; have you something you want to exchange for something else? Try a little want ad in the Evening News.

Some people say it's no use to

DAMAGED FORD CAR FOUND

A Ford was found in the bed of the Wash by the side of Verdugo Road Friday morning and brought to the Ford Agency here, where an investigation disclosed that it belonged to Cecil Manderville of Sanger, Cal. The wheels had been removed from the car and considerable other damage done. The owner was notified, but has not been heard from yet.

place an advertisement in the classified columns. Nobody reads them. They are mistaken. A large per cent of the readers of a paper do read the classified section. It is the newsiest part of the paper. Some read it habitually, for the news it contains, some make a practice of looking for bargains there.

Those who are accustomed to using the classified columns are not discouraged if one advertisement does not bring results. Cases where an advertisement failed on the first insertion and did bring results later could be produced in infinite number. Three, four, five or six insertions is a fair trial. If you have something that is salable and are not asking an exorbitant price for it you should get results in that time.

Advertise in the Evening News.

Business in the Home

The business man is quick to install all kinds of labor-saving appliances in his office, knowing that anything that saves his time or that of his employes is saving money.

The up-to-date housewife adopts business methods in her home. She knows that her health and strength are above money value to her family and that anything that lightens her labors is worth more than it costs.

That is why women are turning to electricity and adding all manner of electrical appliances to their housekeeping equipment.

Wouldn't an electric washer or a Vacuum Cleaner add a lot to the pleasure of your life by taking the drudgery and the unpleasant features out of wash day and sweeping day?

EASTERN MOTORIST'S CRITICISMS

A gentleman from Boston, F. M. Scott, has this to say regarding our lack of "road courtesy" and our violation of the laws of good manners on the highways:

"Last Sunday I took my first trip over the famous Ridge Route, and it is really a very beautiful trip. But, alas, how soon are the promises, resolves and warnings forgotten! We have been repeatedly assured we must stick to 'fifteen per'—and, like a good soldier, I obeyed orders.

"What result? Everything on the road squawked, bellowed and squealed at me to get out of the way. Cars passed me going all the way from 20 to 30 miles an hour. Those 'cussed nuisances,' the stages, bowled along at 25 per and no one said them Nay. I came up to one of

those stages near the summit and, while the passengers were inside, talked with the brigand who was piloting the craft. In reply to my question as to how fast one could really drive and be safe from arrest, he informed me it 'was all right up to 25 miles an hour.'

"Great stuff! It goes with the climate, I guess. I could write a book on the violations of the law I have seen in this state in the past two months. No signals of intent to stop or turn—cutting corners—passing on wrong side—lights out—no legal lens—etc., etc., world without end!

"As a visitor to your very wonderful state from Boston, I am compelled to say there is the most utter disregard here for the laws—both of the State and of decency—of any place I have ever visited. The 'road

hog' is here developed to the highest standard of any part of the world.

"This is not good advertising for your state and it is not an incentive for Eastern motorists to come here. Wake up and put a few of these out-laws in jail and possibly we of the 'safe and sane' type may feel secure in bringing our cars and friends with us."

Arrests are reported from nearly every large city of the country by Federal authorities acting under the National Motor Vehicle Theft Act. Conviction carries with it a penalty of a \$5000 fine or five years in prison or both. A wholesale falling off in the number of motor vehicles stolen and transported across state lines to be sold is predicted. Twenty-seven thousand automobiles were stolen in 1918.

NEW OAKLAND

MAX GREEN ANTICIPATING ARRIVAL OF MODEL 34-C MARCH 1

Max L. Green is announcing the new model Oakland which will have its first showing March 1. This is the Sensible Six Model 34-C. Mr. Green says he is going to enjoy showing this new car to prospective purchasers for all of the good points of the present models and a number of new ones are going to be embodied in the new car.

GLENDALE, CALIFORNIA, SATURDAY, FEBRUARY 28, 1920.

HIGH SCHOOL PROBLEM NOW UP TO THE VOTERS

Now since the school election on the bond question has been held and there was cast a very large majority against the bond issue of \$425,000 to be used as outlined by the Board of Trustees, it is up to the people of the school district to assist the Board in every way possible to decide upon a plan that will be the best for the Glendale Union High School. The success of this great institution is wished for by every good citizen of the community. It is a well known fact that it is difficult to do good school work when the class rooms are overcrowded. When boys and girls cannot find seating room they are bound to be to some extent disorderly and all disorder detracts from a high standard of efficiency in school work.

It is undoubtedly true that the negative vote at yesterday's election was cast by people who have many ways of remedying the present lack of school accommodations. However much those people may differ in their views, they are a well-meaning class of citizens and when any feasible proposition is presented to them in an intelligent manner, they will be willing to listen and then act according to their best judgment. When the question of location came up more than two months ago the Evening News took a very decided stand against having school buildings of any kind placed upon Brand Boulevard and the suggestion was made by the Evening News at that time that for the sake of harmony in the district it would be best to abandon the Brand Boulevard location entirely. It seemed for a time that the Board of Trustees would follow this course but influences were brought to bear that caused them to think it a better plan to submit the question to the people. Now the voters of the district have spoken clearly on the question and the Board of Trustees will undoubtedly recognize the will of the people, and from now on the purchasing of the Brand Boulevard frontage will not be considered in the location of new school buildings.

In conferring with the voters of the district the Evening News has learned that a bond issue of \$425,000 will not meet with the approval of the voters at any election at the present time. The amount is too near the bonding capacity limitations. So it is for the best interests of the school to avoid calling an election for so large a bond issue. As to the better method to pursue in the way of purchasing the block east of the present school grounds and in this way securing the additional needed land or the purchasing of entirely new grounds in a location to be selected by the voters of the district, the people will differ. The Union High School Welfare association, the purpose of whose members is to work along the lines that will be of the most good to the Glendale Union High School have previously outlined the course of this association which, briefly stated, is the enlarging of the present buildings for temporary relief for the next few years and the purchasing of sufficient acreage in a place in the district to be selected by the voters, the land purchased to be used as athletic grounds until it is deemed best to begin the erection of an entirely new group of high school buildings. The plan of the association also proposes that when the new buildings are completed the present grounds and buildings be disposed of for the highest price obtainable, which price will likely be sufficient to defray a large part of the cost of the new buildings.

There is nothing whatever arbitrary about the suggestions as given above and it is not within the power of any association or Board of Trustees to take snap judgment on any of these propositions presented or upon any other proposition that may be later presented. The deciding of a location is entirely in the hands of the voters of the district, and whatever the voters decide upon should be and must be final.

In the meantime it is the duty of every one who has the welfare of the schools at heart to refrain from saying unpleasant things and accusing his fellow citizens of having selfish motives and not being good citizens. All people do not look at questions from the same viewpoint and it is a good thing that they do not. It is only by the presentation of logical argument in an honest and convincing manner that will finally tend to crystallize opinion and bring about a co-operation that will result in what is best for the present and future of the Glendale Union High School district.

It is the wish of the Evening News that harmony and co-operation may henceforth govern the deliberations of the people of the district. To get the very best results in school it is a well established fact that parents, teachers and the Board of Trustees must have the utmost confidence in one another.

Personals

A. B. Clements of 1321 North Pacific Avenue is absent on a visit to Lindsay, Calif.

W. Chatman, cesspool digger, is building him a five-room California house at 615 East Maple to cost \$1000.

C. A. Clough and wife of 120 S. Jackson returned home last evening from an auto trip to Visalia to visit relatives.

R. H. Kimball and wife have two children down with influenza at their home, 315 West Garfield Avenue, but neither case is serious.

A lady on Lomita Avenue sold \$43.50 worth of chickens from a 30-cent ad in the Evening News and the calls for them are still coming in.

There has been commenced at 646 North Orange a six-room residence for Frank A. Webster. The cost is given in the permit at \$5000.

J. F. Stanford has just contracted for and taken out a permit for the erection of a five-room bungalow at 519 North Maryland Avenue, to cost \$3000.

Attorney W. E. Evans, Mrs. Evans, Mrs. M. Ewell Smith and little Catherine Evans were dinner guests of Mr. and Mrs. Walker Moren Friday evening.

Clarence O. Smith, who has built several fine bungalows in the past few months, some of which he has sold, has just commenced another of six rooms at 312 North Kenwood, to cost \$5200.

Mrs. J. I. Wernette of 1330 North Louise Street is entertaining this week her old friend, Mrs. Louise Van Leuven, of Grand Rapids, Mich., who is spending the winter in Southern California.

Willard Learned, who had been at home for two weeks with a very serious attack of mumps, during which his temperature reached 104½, was able to return to Occidental College Thursday.

Robert Burns of 132 South Louise Street underwent a mastoid operation at the Westlake Hospital Thursday evening, Dr. T. C. Young being the surgeon in charge. He is resting comfortably at this writing.

Mrs. W. H. Verity of West Broadway entertained Thursday at luncheon and for a drive to Pasadena. Mrs. E. L. Johnson of St. Louis, Mo., and her mother-in-law, Mrs. Johnson of Cincinnati. They are spending the winter at Long Beach.

As showing the great and rapid advance in the price of building material, Nathan Rigdon, builder, states that a 2-8x6-8 hardwood door he bought four months ago for \$7 is now priced at \$25, and few can be had at even that price.

W. A. Braden of 1211 East Harvard has had more than his share of misfortune of late. He had an arm broken in cranking his truck recently and the family is now quarantined with influenza, one of the children having the disease in a mild form.

Mrs. E. D. Yard of North Maryland Avenue goes to Los Angeles today to attend a meeting of the Los Angeles Northfield (Mass.) Club, whose members gather at intervals to enjoy a luncheon together and talk over their school days together in Massachusetts.

Alvin T. Tuttle and wife of 725 South Maryland Avenue have sold their home to a Mr. Babcock of Boston, Mass. They will move Monday to a two-acre poultry ranch recently purchased at Inglewood, where they expect to go quite extensively into the raising of chickens.

Mrs. A. E. Patch of 125 North Belmont Street is leaving Monday for the Middle West to be gone all summer. Nebraska, which is her native state, will be her objective. There she grew to womanhood, spent her school days, married, and lived until she came to Glendale. She expects to travel all over the state before she returns to this city.

Chas. F. Carrere has returned to his home, 439 West Elk, which he recently purchased after a successful business trip through Iowa and South Dakota. Mr. and Mrs. Carrere came here for a visit at the Christmas holidays and were so pleased with Glendale that they purchased the home where they now live and it is their intention to reside here.

Ed Dungan and wife of Denver, Colo., came last Saturday to spend a few weeks with Dr. D. R. Dungan and wife. Rev. Bert Dungan and wife of San Bernardino were here a few days this week to visit the brother and father. Dr. Dungan is now in his eighty-fourth year and quite feeble. He was a minister of the gospel and a teacher in Christian colleges for nearly 60 years.

Mrs. Alida Sindle of Marseilles, Ill., is the guest of Mrs. Juliana B. Hayes of 1214 South Maryland Avenue, and accompanied her to a big dinner and meeting of the W. R. C. at G. A. R. Hall on Friday. Mrs. Sindle is a past president of the Marseilles Corps of which Mrs. Hayes was a member before coming to California. The two ladies are having a delightful visit reviewing old times.

The Best Way

Glendale, "City of Homes," is full of men who love their families and whose greatest desire is to leave them well-provided-for.

It has been shown that only 8 per cent of widows are able to take care of their insurance money or other inheritance, for any length of time. Monthly income-insurance solves the problem. As an expert puts it: "Leave your widow \$20,000—she may be in want in a few years; leave her \$1200 yearly—she may be short of money before the end of each year; leave her \$100 a month—she will prosper and take care of her obligations."

You can provide this income in no other way so surely and economically as by a Provident Income Policy. "It insures the insurance."

W. B. Kirk

Insurance and Income Advisor

Mysteries Continue

The study of the mysteries of the Bible, which has been arousing such great interest in the Men's Bible Class at the

PRESBYTERIAN CHURCH

still continues. In all there are 11 of these mysteries, as follows:

- 1—The incarnation.
- 2—The divine indwelling.
- 3—The Union of Jews and Gentiles in the church the body of Christ.
- 4—The seven stars and candlesticks.
- 5—The Kingdom of Heaven.
- 6—The translation of the Saints.
- 7—Israel's Blindness.
- 8—Mystery of iniquity.
- 9—Mystery of Babylon the Great.
- 10—Mystery of the bride of Christ.
- 11—The Restoration of all things.

One of the above will be under consideration tomorrow. The longer you put off visiting this class, the more regrets you will have when you do come. Come tomorrow.

The rain Friday noon, which it was hoped would develop into a downpour, failed to do so, and H. E. Bartlett tells the Evening News that he recorded it simply as a trace, there not being enough to measure.

Mrs. Jessie Cummings of 137 S. Adams Street had the pleasure of entertaining old friends from Michigan, her former home, the early part of the week in Mr. and Mrs. D. K. Royer. They have been residents of Oakland, Cal., for several months and came south especially to visit Mrs. Cummings.

Sam Brown and family are looking for the arrival of relatives from North Dakota whom Sam has not seen for thirty years. Mr. and Mrs. Woods. They are spending the winter in California and for the past two months have been guests of Mrs. Wood's sister at Corning, Cal. They are planning to be in Southern California for several more months and will probably be frequent visitors in the Brown home.

ATTENTION! DOG OWNERS

Dog License for the City of Glendale, was due and payable February 1st, 1920. All dogs regardless of age are subject to an annual tax of two dollars each. Please attend to the same at the office of the City Clerk.

NEAR EAST CAMPAIGN

SYSTEMATIC ORGANIZATION FOR HOUSE-TO-HOUSE CANVASS NEXT WEEK

A meeting of the Glendale Committee in the interest of the Near East Relief was held Friday afternoon. It was attended by representatives of practically all the religious organizations in the city. At this meeting plans for the house-to-house canvass which is to take place next Tuesday and Wednesday were completed. The valley was districted and one of these districts was assigned to each of the religious organizations. Literature, pledge books and collection envelopes were placed in the hands of the chairmen of the different districts and as far as possible all other preliminaries were arranged. It was announced that aside from the presentation of the cause in the services on Sunday, a citizens' meeting will be held in the auditorium of the High School Monday evening at eight o'clock at which Judge H. N. Wells, executive secretary for California, will speak, and at which stereopticon pictures will be shown.

Rev. E. H. Willisford, Glendale chairman, reported that the unsolicited subscriptions which were coming to him were most gratifying, one lady who had been ill for eleven weeks, part of the time in the hospital, had sent him a message to call for her subscription; another lady, a confirmed invalid, had sent a similar message and that a number of other entirely voluntary subscriptions had reached him. Mr. Willisford also stated that he wished the word to go forth that persons who had failed to connect with canvassers could leave subscriptions at any of the banks or if they would telephone his home, he would call and get them.

Most gratifying was the report from the south part of the city or what is known as the "Tropico District." Rev. O. P. Rider and his wife, who are actively pushing the work there, stated that already more than double the quota assigned the territory had been subscribed.

The West Glendale district has already reached its quota and expects to greatly exceed the amount assigned it.

MR. BUCHEN WELCOMES RELATIVES

Mr. and Mrs. G. C. Buchen of 417 North Jackson this morning welcomed a party of relatives from Canton, Ill., which included Mr. Buchen's mother, his sister, Miss Gertrude Buchen, his brother and sister-in-law, Mr. and Mrs. Buchen and their child. The brother and his wife are on their way to Oregon to make their home in the northern state and will be here but a few days. Mrs. Buchen and her daughter, Gertrude, will remain in Glendale. The Buchens have been in their present home about two months, having moved from 321 N. Kenwood.

David L. Hanson, son-in-law of Gordon L. Smith, in whose grocery store at 527 South Brand he worked since coming here from New York, has taken charge of the new oil station at Kenwood and Brand.

Lewis Amend and Albert Nickle, two substantial business men of Rocky Ford, Colo., were guests of L. W. Babcock and Dr. Warner, former fellow townsmen, this week. They went from here to Imperial Valley to see about buying cantaloupe acreage. They expect to look at Coachella Valley land, also, with a view to purchasing.

BOTH FRENCH AND BRITISH DISCOVERED THE TANK

WASHINGTON, Feb. 28.—(United Press).—When Great Britain in the early days of the war began the manufacture of that valuable instrument of war, the "Tank," it was allowed to leak out from the British war office that the plants where the machines were being made were manufacturing large numbers of oil tanks for Russia. This ruse to foil German spies gave the allied tanks their nom de guerre, the War Department has announced in a brief history of the tank.

Early in 1915, the use of great numbers of machine guns made attacks impossible without great losses in men. An answer had to be found, and the allied armies began working on the problem. A solution was offered in the tank, and by a coincidence the French and British, each working separately and secretly, hit on the same idea at the same time.

The French and British ideas differed, however. The latter's plan was the more practicable, and was the one finally adopted. The British decided to produce a machine which in effect would be a moving fort. The duties of the men in the tank would only be to use the tank and its guns against the enemy—cross shell-torn ground between two positions, crush the enemy's barbed wire, force the enemy to keep down in his trenches while the allied infantry advanced and took them, and crush their machine gun nests.

The French planned to construct a machine which would not carry so much armament, but in which would be placed an infantry platoon which, after the successful crossing of "No Man's Land," would debouch from the tank and attack the enemy infantry hand-to-hand. The first tanks of the French, therefore, had a small caterpillar tread underneath to allow plenty of room for carrying infantry. Because of this small tread they were found to be unable to cross very difficult ground and had to be abandoned.

USES DYES TO FIND TUBERCULOSIS CURE

PHILADELPHIA, Feb. 28.—(United Press).—American dyes are being used on an extensive scale in the laboratories of the Henry Phipps Institute here in an effort to discover a cure for tuberculosis. By introducing dyes into the blood, Dr. Paul A. Lewis, director of the institute's laboratory, says it is possible to stain diseased lung tissue.

Experiments are now under way to carry to the diseased tissue along with the dyes other chemical substances which have what Doctor Lewis calls "a favorable test-tube reaction" against tuberculosis germs, and the experiment is proceeding so well that all indications point to eventual success in finding a specific for the disease.

Mechanical Excellence
Grace of Body
Riding Comfort

are features that are brought to a high state of perfection, and place in the front rank of America's motor cars, the

NASH SIX

If any doubt was ever felt that the Nash Six would stand up under all conditions, time and the performance of the car in the hands of thousands of drivers in every part of the country, has dispelled it.

The perfected Valve-in-Head motor which is the special feature of the Nash Six is conceded to be the most powerful type of motor known, and the growing tendency of other manufacturers toward the use of important features of the Nash Six Valve-in-head is proof of this.

The graceful design, careful construction and luxurious finish of the Nash Six body makes this car popular with those who desire grace and beauty as well as mechanical perfection in the car they drive.

The riding comfort of the Nash Six appeals to the prospective car owner. The ease in steering due to its low construction, the conveniently placed controls, the deep broad seats and the roominess of the car are points that should not be overlooked.

TO CURB AUTO THEFTS

AUTO CLUB WILL RECOMMEND DRASTIC MEASURES UNLESS CONDITIONS IMPROVE

Every parked automobile found on streets or highways without being locked to be impounded by the police like a dog and held for ransom.

Every private garage owner to be compelled to report all rentals or sub-leases or leases of same whether rented to friends or strangers.

Every public garage owner compelled to take precautions to prevent looting of customer's cars of accessories.

California state laws changed to make possible heavier jail sentences for auto thieves.

These recommendations and more are likely to be made by the Automobile Club of Southern California if motor car stealing in the southern part of the state does not take a sudden turn for the better.

This is the time of year when visiting auto thieves are marking their prey for the great spring drive during which they steal the cars they intend to drive East with the coming of the first warm weather. No auto thief who has wintered in Southern California ever returns to his native haunts on the railroad, declare Auto Club detectives. He will steal your car first and drive East in that, then sell it when he gets home.

If your car is slated to be stolen you can depend upon it that the thieves have put their mark on it already, and unless you take unusual precautions you might as well kiss it good-bye, say the club officials.

Lenient jail sentences made imperative by the present laws of California make auto thieving a pastime here, it is pointed out, and for that reason the greatest "spring drive" in history is anticipated for the next three months. At the present, the penalty for grand larceny (stealing an auto) is an indeterminate sentence of from one to ten

years. It is usually one year and then the thief is free again—unless he has been paroled at the end of six months. This sort of a sentence does not deter a thief from stealing a car any more than the bite of a cootie kept the Marines from going over the top, state officials of the Automobile Club.

Connecticut, according to recent dispatches, is the first state to provide for auto theft sentences. In New Haven an auto thief known as Peter Walters, and the acknowledged leader of a theft gang, was sentenced by a brave judge to not less than nine and a half years or more than twenty-four years, with the accent on the twenty-four. The brave judge's name was Greene, and what he said about auto thieves burnt up the paper it was written on.

Buffalo, New York, has made it a hard and fast law that every automobile parked on the streets of that city must be locked. If the police find a car which is not locked, they drive or tow it to a public "pound" and hold it until the owner pays a heavy fine for not locking it. Furthermore, the cars must be so locked that they can be moved in case of fire.

Auto stealing in Buffalo has taken a sudden turn for the better and the thieves are avoiding the city like it has the plague, which it has, in the way of locked cars.

Private garages continue to shelter large numbers of stolen autos, say the police and the club theft bureau. Unless private garage owners report the storage of strange cars in these garages it will be impossible to recover thousands of dollars worth of valuable cars, it is pointed out.

There is an epidemic of accessory stealing in public garages throughout the southern part of the state at this time. Spot-lights, tools and even carburetors are being reported stolen from cars left in public garages at the rate of a score a day, says the Auto Club theft bureau. Something must be done to remedy this situation, too, state the authorities.

MILLER ENDS ITS BIGGEST TIRE YEAR

The passing of the year of 1919 marked the conclusion of the biggest tire year in the history of the Miller Rubber Company, from the standpoint of production and sales, according to F. C. Millhoff, who is General Sales Manager of that big Akron concern.

But, in spite of the healthy 1919 showing, Miller appears to have by no means finished its growing stage. The company, it is pointed out, has already added much new factory space and equipment which will make possible a still greater growth in 1920 than that of 1919.

"The growth that we anticipate and are planning for," said Mr. Millhoff, "will be strictly due to an increased demand for our products. For example, the demand for our tires in 1919 went away ahead of our production facilities. However, we have been constantly building to answer that demand."

When the General Sales Manager was asked what he considered the biggest factors in the sales growth of Miller Tires, he answered: "The quality of the tire itself; a wider and more comprehensive sales policy; highly efficient distribution arrangements and a definite course of fair treatment in all cases."

\$2,000,000 STOLEN CARS IN PA.

Highway Department reports show that 2049 motor cars were stolen in Pennsylvania during 1919, of which only 272 were recovered. The automobile code of 1919 provides for reports to the state authorities of all cars stolen. It is estimated that the value of the stolen cars was approximately \$2,000,000. Of the cars reported stolen, 1352 were taken after the approval of the new law, which established a penalty of \$5,000 fine and ten years in prison as the maximum. In addition to the 272 cars recovered, the state is holding under advisement seventeen cases wherein proof of ownership has not been established. —Motor Age.

FORD TRUCKS

TRUCK USERS ARE LEARNING THAT LIGHT TRUCKS ARE SOLVING SHIPPING PROBLEM

More and more firms are becoming converts to the use of the Ford trucks as more economic and quicker in the matter of handling their deliveries. The local Ford Branches are receiving orders almost daily from individuals and firms who are becoming convinced that the Ford

truck is the solution of local shipping problems.

Firms who for years have maintained large fleets of heavy and expensive trucks and had to pay repair and upkeep bills that staggered them have decided that the lighter truck would save them much money.

One reason that the Ford trucks are less expensive to maintain is that their parts are interchangeable and easy to secure. If one breaks down there is no waiting of weeks to secure the necessary part. There are Ford dealers everywhere now and it is but a matter of hours before the truck has resumed its work.

If one maintains a fleet of trucks, no two of which are of the same manufacture, the cost of repairs will necessarily be greater than if they are all of the same manufacture. Mechanics who are able to take care of such a fleet must be trained and skilled to handle all makes of cars. If the fleet is made up of a single kind of cars, the mechanic does not necessarily need to be so versatile, but he must be an expert on that one car.

These are but a few of the reasons that are making more and more converts daily to the use of the Ford truck.

NASH QUADS

RESCUE 17,000 HEAD OF SNOW-BOUND CATTLE FOR WYOMING RANCHERS

Heroic measures resorted to in Wyoming cattle country and in which the famous Nash Quad played the principal role have been rewarded by the saving of 17,000 head of snow-bound cattle from what seemed certain death by starvation, according to Thomas G. Widmeyer, local Nash distributor. The value of the cattle saved to their owners by the Nash Quad is approximately a million and a half dollars.

Because of the unusually heavy snow storms this winter the cattle found it impossible to burrow for food and a storm which swept that section several weeks ago made the situation desperate. Efforts to carry food across the snow-bound ranges to the cattle proved futile, it being impossible for rear-driven trucks or horse-drawn vehicles to make any progress.

Finally bankers and business men at Lawton, Wyo., formed a pool of \$200,000 with which to purchase a large quantity of food and the governor of Wyoming was appealed to by them for assistance. In response to the appeal the governor authorized F. P. Allen, Superintendent of the Wyoming State Highway Motor Transport to place in rescue service twelve Nash Quads. The Quads were loaded with two tons of baled alfalfa and a determined "drive" was made for the imperiled cattle.

The storm had left from eighteen inches to three feet of snow which had formed drifts from six to eight feet in depth. Sheepmen from the surrounding country rounded up one hundred head of horses and drove them into drifts ahead of the cavalcade of Quads. With the opening thus made the Quads plunged into the heavy banks of snow and the struggle to reach the ranges was begun.

Those who participated in the rescue were amazed at the ability of the Quads to progress in the face of conditions that had heretofore proved insurmountable. The work of rescue occupied a number of days, and throughout the ordeal the Quads performed feats which those in the party had believed impossible of accomplishment.

THE "DERNIER CRI"

Clothes are the means by which a woman expresses the artistic side of herself. The correct motor outfit is as essential to her as is evening attire for formal occasions, and the motor coat is the key to the whole outfit. Hat, scarf and gloves are accessories which add tone to the costume, but the motor coat makes or mars the smartness of her appearance. And London decrees that leather is the "dernier cri" for this important garment.—Motor News.

OFFICERS RE-ELECTED

OFFICIALS OF AUTOMOBILE CLUB RETURNED AT ANNUAL ELECTION

At the annual election of the Automobile Club of Southern California just held, all officers of the organization during the past year were returned to office.

Fred L. Baker, prominent in Los Angeles business activities, was re-elected president of the club. This is the tenth consecutive year in which Mr. Baker has held the position as head of the largest motoring organization in the world.

Standish L. Mitchell continues as secretary of the organization, with Ralph Reynolds and S. H. Ellis, Jr., as assistant secretaries. Ralph Reynolds continues as manager of the Inter-Insurance Exchange with J. Clark Buchanan as assistant manager.

Directors for the coming year are W. L. Valentine, Horace G. Miller, A. C. Balch, H. W. Keller, E. T. Off, Harry Chandler, Fred L. Baker and Edward D. Lyman, all of whom are well known throughout Southern California.

The exceptional growth and development of the Automobile Club is in no small measure accounted for by the remarkable executive ability of the business men at its head and President Baker's expressed desire that he be chief executive when the organization reaches the 50,000 membership mark appears about to become a realization.

It is also announced that J. B. Lippincott continues as consulting engineer and David R. Paries as general counsel. Mr. Valentine is first vice-president and H. G. Miller second vice-president. Each county is represented by the same advisory board as last year.

WORLD'S BUSIEST STREET

Which is the world's greatest thoroughfare? Fifth Avenue, New York City, claims the honor. A check was recently taken of the number of motor vehicles passing down this artery between nine in the morning and seven in the evening. During these ten hours 15,977 cars went by, averaging 27 per minute. The busiest hour was from eleven to noon, when 1806 cars passed at the rate of 30 per minute. If all the cars passing along Fifth Avenue during these ten hours were placed end to end they would reach from New York to Chicago—a distance of nearly 900 miles.—Exchange.

PARIS CROWDS SEE AUTOS

All attendance records have been broken at the Paris Automobile Show last week. The official figures have not been published, but it is known that on the first Sunday the show was open 96,000 people passed through the gates and more than 90,000 of these paid admission. As the price on that day was 20 cents, the receipts totaled \$18,000. This record was beaten on the second Sunday, when the price of admission was increased to 40 cents, and about 50,000 people paid to get inside the Grand Palais, allowing the cashier to take home about \$20,000.—Motor.

Advertise it, or advertise for it in the Evening News.

CUSTER BATTLEFIELD HIGHWAY

Newest among the proposed motor roads of the country is the Custer Battlefield Highway, to extend from Omaha, Neb., to Glacier National Park.

The organization will immediately petition Congress to make complete the proposed highway by the construction of a road through the Blackfeet Indian reservation to connect with the Glacier park road.—American Motorist.

Roads Seem Pressed Flat By Wonderful New Triplex Springs

THE wonderful Triplex Springs of Overland 4 effect such a change in riding comfort that bad roads now seem to ride like good roads.

Overland 4 has the steadiness of larger cars of long wheelbase, with the light weight,

ease of control and low fuel and tire expense of 100-inch wheelbase.

Equipment, including Auto-Lite starting and lighting and three-speed transmission, is high class, in keeping with the general character of the car.

Ford

THE UNIVERSAL CAR

Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary garage service, and why it is more profitable to patronize the Authorized Ford Dealer. The Ford Dealer is a part of the Big Ford Family. He carries a stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them, and he uses only genuine parts because he knows the imitation parts aren't dependable and don't wear.

He has a thoroughly equipped up-to-the-minute garage with tools that enable his Ford mechanics to efficiently and properly make any repairs—from a minor adjustment to a complete overhaul. And when the work is finished, his bill represents the reasonable, standard Ford prices.

Now, we are authorized Ford Dealers—a part of the great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equipped to render prompt, careful Ford service. Drive in or 'phone and we'll come after your car.

GATHERS DOORS AS SOUVENIRS

SHANGHAI. (By Mail).—Dann Ah-oh is a business man. He owns houses and lots and grave mounds and lucky burying places and all sorts of things, such as hongz—which is Shanghai for stores—and godowns, known to the newer generation as warehouses.

Sing Fok-tze isn't rich but he has ambition.

Dann rented a house to Sing. But Sing didn't like the place and moved. And when he departed seven windows and three doors from the Dann residence followed him.

But Dann didn't mind that so much, he told the court. But he was peeved, excited, angry and everything when he found that Sing had taken even the street number from the front door.

Sing's song is to be heard in jail for the next six months.

A DEPARTMENT OF EDUCATION

An increase of wages is not all that is needed to put the teaching profession back on its feet and to stem the tide of resignations from school positions. Many teachers are already being heard from in regard to hours of work, working conditions and definition of duties.

The school teacher is generally supposed to spend two hours a day—outside of the classroom—on outlines for class work and on schedule-making. Also, the teacher is supposed to wield an influence in the community and to keep well informed and show an intelligent interest in public affairs. All this, in addition to classroom teaching, frequently necessitates more than an eight-hour day.

The school teacher is expected to do good work and inspired teaching in spite of overcrowding. If school needs have outgrown a building, it is nothing strange to expect two teachers to occupy the same desk during alternate periods. Pupils may have to pile their books on window ledges and to use extra chairs crowded into the room. The ventilation may be worse than is permitted in factories, but no complaint is supposed to be made by either teacher or pupil concerning the conditions under which they work.

When it comes to the teacher's duties, there is room for a good deal of improvement. Crowded rooms and insufficient locker space do more than hamper instruction. They increase disciplinary difficulties. That, and endless red tape in record-keeping, reduce the teacher to a combination of policeman and clerk. This might be endured by the long-suffering profession, were it not for the fact that it does lessen their ability as teachers, and to many truly conscientious teachers this is intolerable.

The problem seems to have assumed more than local dimensions and requires a better and more lasting solution than individual communities can offer. If the establishment of a National Department of Education seems to offer the surest hope, teachers and public alike should unite in an effort to secure such action.—Long Beach Telegram.

NOTICE TO CREDITORS
No. 45436

Estate of Joseph R. Whiles, deceased. Notice is hereby given by the undersigned Administratrix of the Estate of Joseph R. Whiles, deceased, to the Creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said Administratrix at the office of Ray L. Morrow, 718 Union Oil Bldg., 214 W. 7th St., City of Los Angeles, County of Los Angeles, State of California, which said office the undersigned selects as a place of business in all matters connected with said estate, or to file them with the necessary vouchers, within four months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California in and for the County of Los Angeles. Dated February 13, 1920.

BELLE WHILES,
RAY L. MORROW,
Attorney for Administratrix.

LORD HANGS OUT S. R. O.

LONDON, Feb. 19.—(By Mail).—If the creation of new Peers continues apace the way it is doing now, the House of Lords will soon be putting the showman's sign outside—"S. R. O."

Unless some sort of reform is proceeded with soon, the housing question at Westminster will be as serious as it is in all other parts of the country.

As many as twenty-four names have been added to the roll since New Year's Day.

Peers in their own right are not to be admitted to the sacred precincts until the whole House of Lords has been reconstructed and reorganized. They may stand for election to the House of Commons, but as a matter of fact the benches in the elected house are already unpleasantly crowded—and frequently when an important debate is announced the members overflow to the galleries, where they are precluded from speaking.

The London clergyman who predicts the end of the world by January 1, 1920, will confer a great favor upon coal consumers by arranging, if possible, to have it take place before cold weather sets in.

Builders' Show in Detroit

DETROIT, Feb. 28.—(United Press).—Detroit's second annual builders' show was to open here today and last through March 7, inclusive.

With double the amount of floor space available, officers today promised the show will be a "builders products exposition" in truth.

Switzerland

Switzerland is marking up the rent of chalets equipped with secret subterranean chambers for fugitive emperors, field marshals, doktoradmirals, staatssekretars and other Huns who can't wait for the League of Nations.

Income Tax Blanks

Call at office of James F. McBryde, Room 18, 103-A North Brand Blvd., for income blanks. Experienced help in filling them out can also be obtained at same address.

Internal Revenue Collector at City Hall

John H. Wussow, Deputy Collector of U. S. Internal Revenue, will be at the City Hall, Council Chamber, from 10 a. m. to 4:15 p. m. each day for the balance of the week to receive reports and assist taxpayers as much as possible in the filing of their reports.

That guarantee is strongest that has the best service to make it good.

EVEREADY BATTERY
GUARANTEED SERVICE STATION

It SERVES—that's the peculiar thing about our service

Service!

THAT poor little word—everybody's using it. It's so underfed and overworked nowadays, it looks like a famine in India.

But we've plumped it up—here at our place—till it really stands for something big. With us, battery service actually means "the service that serves."

The Eveready Storage Battery is guaranteed to give a year and a half of ever ready starting, igniting and lighting service

And we're here to make that guarantee good.

James Smith

SOUTHERN CHEF IS SELLING HIS Golden Gate Cook Pamphlet

—193 new, economical and practical tried recipes on pastry and meats and salads.

OLD TIME COOK HERE
(From the Mercury-Herald)

James Smith, one of the real old-time Southern colored cooks, is in San Jose, introducing his cook book. Smith, who is 70 years old, has worked as a professional cook in many of the famous hotels of the country, and the book is the result of his years of experimenting with good things in the edible line. The cook book contains some hundreds of recipes, from a three-egg angel cake to the latest fancies in salads.

FAMED MISSISSIPPI CHEF IS VISITING STOCKTON
(From the Daily Evening Record)

James Smith, veteran Mississippi river chef is in Stockton, presenting his "Golden Gate Cook Pamphlet." "Prepare your own food" is the slogan of this renowned artist, who has been at the range since before the Civil war. He has testimonials from many well-known women, and his book is filled from cover to cover with suggestions and recipes that will inspire the cook and delight the diner.

Notice—I do not let anyone handle my pamphlet before buying it. (Over four weeks in your city).
Recipes Guaranteed Practical.
16 Page Pamphlet, 50c.
No Book Store Cook Book.

JAMES SMITH'S ORIGINAL RECIPES

J. Smith, located at Broadway and Brand Blvd., from 7:30 to 8:30 p. m. Will start selling on March 1 and continue until March 13. Mail orders, checks, only 55c. Send to James Smith, 107 Wellington Street, Los Angeles, Calif.

Do You Know
that if you give \$5.00 to the

NEAR EAST RELIEF

You provide food for one starving baby for a whole month?

Or that a \$50 gift supplies one warm meal a day for a year for a grown person?

Here Is What Your Money Buys When You Give It To The Near East Relief:

- \$5, food for an orphan for a month.
- \$10, food and clothing for one orphan for a month.
- \$15, entire care of orphan for a month.
- \$20, care of girl in a rescue home.
- \$25, bed and clothing for onerefugee.
- \$50, one warm meal a day for one adult a year.
- \$75, provides hospital bed for a year.
- \$100, provides pay roll for factory where 50 Armenian women are employed.
- \$180, cares for one orphan for one year.
- \$240, cares for one girl rescued from harem for one year.
- \$500, pays freight on 100 tons of flour to Armenia (350,000 tons are needed.)
- \$1000, sends clothing for 5000 Armenians from this country.
- \$5000, equips orphanage for 100 children.

There Are No Pockets In Your Shroud!

Can you spend \$5 needlessly—or hoard it for yourself—when you know it might buy food for a whole month for a little, starving child in Armenia?

Christ said "Inasmuch as ye do it unto one of the least of these, my little ones, ye have done it unto me." What have you done for one of the least of these hungering babes across the seas?

Give and give now for those pitiful, hungry, love-starved orphans over there.

Glendale's Quota \$3642

Appeals presented in every Church and religious service Sunday.

MONDAY—Church canvass.

TUESDAY AND WEDNESDAY—House-to-house canvass.
